Calcium citrate (p.1675·3); colecalciferol (p.1986·2).
Calcium and vitamin D supplement; osteoporosis.

Calcibon D Magnesio *Novapharm, Venez.*
Calcium citrate (p.1675·3); colecalciferol (p.1986·2); magnesium oxide (p.1744·1).
Dietary supplement.

Calcibon D Soya *Novapharm, Venez.*
Calcium citrate (p.1675·3); colecalciferol (p.1986·2); magnesium oxide (p.1744·1); soya isoflavones (p.2391·2).
Dietary supplement.

Calcibon Natal *Novapharm, Venez.*
Calcium citrate (p.1675·3); colecalciferol (p.1986·2); folic acid (p.1940·1).
Dietary supplement for pregnant women.

Calcibronat *Teofarma, Ital.; Novartis, Mex.†; Granions, Mon.*
Calcium bromolactobionate (p.967·3).
Nervous disorders; sleep disorders.

CalciCaps *Nion, USA.*
Calcium with vitamin D and phosphorus (p.1922·1).
Calcium deficiency; dietary supplement.

CalciCaps with iron *Nion, USA.*
Calcium with vitamin D, phosphorus, and iron (p.1922·1).
Calcium deficiency; dietary supplement.

CalciCaps M-Z *Nion, USA.*
Calcium with vitamins A and D, and minerals (p.1922·1).

Calcicarb *Parma, Hung.*
Calcium carbonate (p.1714·1).
Hyperphosphataemia in renal dialysis patients.

Calcicard
Note. This name is used for preparations of different composition.
Pharma Dynamics, S.Afr.
Verapamil hydrochloride (p.1421·1).
Angina pectoris; arrhythmias; hypertension.

Ivax, UK.
Diltiazem hydrochloride (p.1265·1).
Angina pectoris; hypertension.

Calcichell *Ativus, Braz.*
Calcium amino acid chelate.
Calcium supplement.

Calci-Chew *Christiaens, Belg.; Nycomed, Neth.; R&D, USA.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement; hyperphosphataemia; osteoporosis.

Calcichew *Leiras, Fin.; Nycomed, Hong Kong†; Nycomed, Hung.; Shire, Irl.; Pharmacia, S.Afr.; Shire, UK.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement; hyperphosphataemia; osteomalacia; osteoporosis; phosphate-binder in renal dialysis.

Calcichew D_3 *BNS, Austria; Nycomed, Cz.; Nycomed, Denm.; Leiras, Fin.; Nycomed, Hong Kong†; Nycomed, Hung.; Shire, Irl.; Nycomed, Israel; Nycomed, Swed.; Shire, UK.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; calcium and vitamin D supplement; osteomalacia; osteoporosis.

Calci-Chew D3 *Nycomed, Neth.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calcicold3 *Fidia, Ital.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calcicontrol *Polychronus, Gr.*
Calcitonin (salmon) (p.1093·1).
Osteoporosis.

Calciday *Medisys, Philipp.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium supplement; osteoporosis.

Calcidef *Tecnofarma, Mex.*
Calcium (p.1675·2).
Calcium supplement.

Calcideron *Mediapharm, Gr.*
Calcitonin (p.1093·1).
Osteoporosis.

Calcidia *Bayer Sante, Fr.*
Calcium carbonate (p.1714·1).
Hypocalcaemia and hyperphosphoraemia related to kidney disorders; renal osteodystrophy.

Calcidin
Note. This name is used for preparations of different composition.
Otto, Indon.
Syrup: Calcium hydrogen phosphate (p.1676·1); calcium gluconate (p.1675·3); vitamins (p.1922·1).
Calcium supplement.

Otto, Indon.
Tablets: Calcium hydrogen phosphate (p.1676·1); calcium lactate (p.1676·1); vitamin C; colecalciferol (p.1986·2).
Calcium supplement.

Calcidina *Rafarm, Gr.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency.

Calcidine *Biofarma, Turk.*
Calcium magnesium fytate; calcium gluconate (p.1675·3); ergocalciferol (p.1987·1).
Calcium and vitamin D supplement.

Calcidol *Kimia, Indon.*
Vitamins; calcium; phosphorus; docosahexaenoic acid; lysine (p.1922·1).
Nutritional supplement.

Calcidon *Bayer, Ital.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency.

Calcidose *Opocalcium, Fr.*
Calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Calcidose Vitamine D *Opocalcium, Fr.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calcidrine *Abbott, USA.*
Codeine (p.37·2); calcium iodide (p.1553·2).
Coughs.

Calcidrops *Medilat, Gr.*
Alfacalcidol (p.1986·1).
Vitamin D deficiency.

Calcifar *Farcoral, Mex.*
Calcium carbonate (p.1714·1).
Calcium supplement.

Calciferol *Biotika, Cz.; Schwarz, USA.*
Ergocalciferol (p.1987·1).
Familial hypophosphataemia; gastrointestinal, liver, or biliary disease associated with malabsorption of vitamin D; hypoparathyroidism; refractory rickets; vitamin D deficiency.

Calciferol B12 *EMS, Braz.†.*
Ergocalciferol; vitamin B ; calcium chloride; calcium phosphate; sodium fluoride (p.1922·1).
Vitamin and mineral supplement.

Calcifix B12 *Cifarma, Braz.*
Calcium phosphate (p.1676·2); ergocalciferol (p.1987·1); sodium fluoride (p.1962·2); cyanocobalamin (p.1980·2).
Vitamin and mineral supplement.

Calcifix Irradiado *Cifarma, Braz.*
Calcium phosphate (p.1676·2); ergocalciferol (p.1987·1); sodium fluoride (p.1962·2).
Vitamin D and mineral supplement.

Calcifluol *Cimed, Braz.*
Calcium chloride; ergocalciferol; sodium fluoride; sodium phosphate; lysine (p.1922·1).
Nutritional supplement.

Calcifluor *Crinex, Fr.†.*
Calcium fluoride (p.1932·1).
Dental caries prophylaxis.

Calcifolin *Kleva, Gr.; Ibirn, Ital.*
Calcium folinate (p.1943·3).
Antidote to folic acid antagonists; folic acid deficiency; megaloblastic anaemia.

Calcifort *Labinca, Arg.†.*
Disodium calcium edetate; ergocalciferol; cyanocobalamin (p.1922·1).
Calcium and vitamin supplement.

Calciforte
Note. This name is used for preparations of different composition.
Grimberg, Fr.
Oral liquid: Calcium gluconate (p.1675·3); calcium lactate (p.1676·1); calcium gluceptate (p.1675·3); calcium chloride (p.1675·2); yeast (*Saccharomyces cerevisiae*) (p.1998·3).
Calcium deficiency; osteoporosis.

Grimberg, Fr.
Powder for oral solution: Calcium gluconate (p.1675·3); calcium lactate (p.1676·1); calcium gluceptate (p.1675·3); calcium chloride (p.1675·2); calcium carbonate (p.1714·1); yeast (*Saccharomyces cerevisiae*) (p.1998·3).
Calcium deficiency; osteoporosis.

Calciforte Vitamin D_3 *Grimberg, Fr.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2); yeast (*Saccharomyces cerevisiae*) (p.1998·3).
Calcium and vitamin D deficiency; osteoporosis.

Calcifox *Diba, Mex.*
Calcium phosphate (p.1676·2).
Calcium and phosphorus deficiency.

Calcigamma *Worwag, Ger.*
Calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Calcigard *Torrent, India; Steinbach, Philipp.; Torrent, Rus.; Torrent, Singapore; Torrent, Thai.*
Nifedipine (p.1350·1).
Angina pectoris; heart failure; hypertension; ischaemic heart disease; peripheral vascular disorders; Raynaud's disease.

Calcigen *Cadila, India.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).

Calcigen D *Opfermann, Ger.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calcigenol
Note. This name is used for preparations of different composition.
Sanofi-Aventis, Braz.
Calcium phosphate (p.1676·2); sodium fluoride (p.1962·2).

Korangi, Port.
Calcium phosphate (p.1676·2); ergocalciferol (p.1987·1).
Calcium and vitamin D supplement; osteoporosis; rickets; tetany.

Calcigenol B12 *Millet-Franklin, Arg.*
Calcium phosphate; calciferol; vitamin B (p.1922·1).
Osteoporosis; vitamin and calcium supplement.

Calcigenol Doble *Aventis, Mex.*
Calcium phosphate (p.1676·2).
Calcium supplement.

Calcigran
Note. This name is used for preparations of different composition.
Labomed, Chile.
Calcium carbonate (p.1714·1); calcium hydrogen phosphate (p.1676·1); ascorbic acid (p.1983·3); ergocalciferol (p.1987·1).
Calcium and vitamin D deficiency; osteoporosis.

Nycomed, Norw.
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D supplement; osteoporosis.

Calcigran D *Labomed, Chile.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteomalacia; osteoporosis; rickets.

Calci-Gry *Gry, Ger.*
Calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Calcihep *Aventis, Austral.†.*
Heparin calcium (p.1301·2).
Thromboembolic disorders.

Calcihexal *Hexal, Pol.*
Calcitonin (salmon) (p.1093·1).
Bone metastases; hypercalcaemia; osteoporosis; Paget's disease of bone.

Calciject *Omega, Canad.*
Calcium chloride (p.1675·2).
Calcium supplement.

Calcijex *Abbott, Austral.; Abbott, Austria; Abbott, Braz.; Abbott, Canad.; Abbott, Cz.; Abbott, Fin.†; Abbott, Hong Kong; Abbott, Hung.; Abbott, Indon.; Abbott, Irl.†; Abbott, Israel; Abbott, Ital.; Abbott, Malaysia; Abbott, Neth.; Abbott, Norw.; Abbott, Pol.; Abbott, Port.; Abbott, Singapore; Abbott, Spain; Abbott, Swed.; Abbott, Switz.; Abbott, Turk.; Abbott, UK; Abbott, USA.*
Calcitriol (p.1986·2).
Hyperparathyroidism; hypocalcaemia in dialysis patients; hypoparathyroidism; osteomalacia; renal osteodystrophy; rickets.

Calcilac KT *Jenapharm, Ger.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calciless *Sam-On, Israel.*
Dibasic sodium phosphate (p.1682·3); monobasic potassium phosphate (p.1682·2).
Calcium oxalate renal calculi.

Calcilo XD *Ross, USA.*
Low calcium, vitamin D-free infant feed (p.1922·1).
Hypercalcaemia; osteopetrosis.

Calcimag *Chance, Pol.*
Ascorbic acid; vitamin B substances; calcium gluconate; magnesium aspartate; potassium citrate (p.1922·1).
Dietary supplement.

Calcimagon *Orion, Ger.*
Calcium carbonate (p.1714·1).
Calcium deficiency; hyperphosphataemia; osteoporosis.

Calcimagon-D3 *BNS, Austria; Orion, Ger.; Nycomed, Switz.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calcimar *Aventis, Canad.; Rhone-Poulenc Rorer, USA.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone.

Calcimax
Note. This name is used for preparations of different composition.
Gador, Arg.
Calcium citrate (p.1675·3).
Calcium supplement; hypocalcaemia; osteoporosis.

Wallace Mfg Chem., UK.
Calcium levulinate (p.1676·2); calcium chloride (p.1675·2); vitamins (p.1922·1).

Calcimax D3
Gador, Arg.; Pasteur, Chile.
Calcium citrate (p.1675·3); colecalciferol (p.1986·2).
Calcium and vitamin D supplement; hypocalcaemia; osteomalacia; osteoporosis.

Basel, Turk.
Calcium (p.1675·2); colecalciferol (p.1986·2).
Calcium deficiency; calcium supplement.

Calcimax Magnesio *Gador, Arg.*
Colecalciferol (p.1986·2); pyridoxine hydrochloride (p.1978·2); minerals (p.1922·1).
Dietary supplement; osteoporosis.

Calcimed *Hermes, Ger.†.*
Calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Calcimed D_3 *Hermes, Ger.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calcimega *Solas, Indon.*
Calcium hydrogen phosphate (p.1676·1); docosahexaenoic acid; omega-3 fatty acids; vitamins (p.1922·1).
Calcium supplement.

Calcimex *Frisian Flag, Indon.; Dutch Lady, Malaysia†.*
Preparation for enteral nutrition (p.1922·1).
Calcium supplement; osteoporosis.

Calcimin *Mintlab, Chile.*
Calcium gluconate (p.1675·3).
Calcium supplement.

Calci-Mix *R&D, USA.*
Calcium carbonate (p.1714·1).
Calcium deficiency; dietary supplement.

Calcimon *Altana, Port.†.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteolytic bone pain; osteoporosis; Paget's disease of bone.

Calcimonio *SM, Venez.*
Oxolamine phosphate (p.1567·1).
Respiratory-tract disorders.

Calcimore *Taro, Israel.*
Calcium carbonate (p.1714·1).
Calcium supplement; gastritis; gastrointestinal hyperacidity; heartburn; peptic ulcer.

Calcimusc *Gedeon Richter, Hung.*
Calcium gluconate (p.1675·3).
Hyperkalaemia; hypersensitivity reactions; hypocalcaemia; inflammation; oxalic acid, citrate, fluoride, and sodium edetate poisoning; tetany.

Calcinatal *Pfizer Consumer, Spain†.*
Multivitamin and mineral preparation (p.1922·1).

Calcinol
Note. This name is used for preparations of different composition.
Raptakos, India.
Oral powder: Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium deficiency; calcium supplement.

Raptakos, India.
Syrup: Calcium lactate (p.1676·1); calcium gluconate (p.1675·3); colecalciferol (p.1986·2); vitamin B (p.1980·2); magnesium chloride (p.1679·1).
Calcium deficiency; calcium supplement.

Raptakos, India.
Tablets: Calcium carbonate (p.1714·1); calcium phosphate (p.1676·2); calcium fluoride (p.1932·1); magnesium hydroxide (p.1743·2); colecalciferol (p.1986·2).
Calcium deficiency; calcium supplement.

Calcinol Complexo *EMS, Braz.*
Calcium chloride (p.1675·2); calcium phosphate (p.1676·2); ergocalciferol (p.1987·1); sodium fluoride (p.1962·2); vitamin B (p.1980·2).
Vitamin D and mineral supplement.

Calcinor D *Medifarm, Venez.*
Calcium citrate (p.1675·3); vitamin D (p.1986·1); magnesium (p.1678·3).
Calcium and vitamin D supplement; osteoporosis; pre-eclampsia.

Calcio *Valma, Chile.*
Calcium carbonate (p.1714·1).

Calcio 20 *Madariaga, Spain†.*
Calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Calcio 520 *Knop, Chile.*
Calcium phosphate (p.1676·2); calcium gluconate (p.1675·3); calcium carbonate (p.1714·1); magnesium oxide (p.1744·1); alfalfa (p.2249·2) rose fruit (p.2381·2).
Calcium supplement; osteoporosis.

Calcio Acido *Biotenk, Arg.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement.

Calcio Cit *TRB, Arg.*
Calcium citrate (p.1675·3); colecalciferol (p.1986·2).
Calcium supplement; osteoporosis; renal calculi; renal osteodystrophy.

Calcio Cit Simple *TRB, Arg.*
Calcium citrate (p.1675·3).
Calcium supplement; osteoporosis; renal calculi; renal osteodystrophy.

Calcio Cm *Labomed, Chile.*
Calcium carbonate (p.1714·1); calcium phosphate (p.1676·2); magnesium sulfate; vitamin C (p.1922·1).
Calcium supplement; osteoporosis.

Calcio 20 Complex *Madariaga, Spain.*
Ascorbic acid (p.1983·3); calcium phosphate (p.1676·2); calcium pantothenate (p.1959·3); cyanocobalamin (p.1980·2); colecalciferol (p.1986·2); vitamin A palmitate (p.1973·1).
Calcium deficiency; osteoporosis.

Calcio D *Arkochim, Spain; Isdin, Spain.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calcio Day D *Silesia, Chile†.*
Calcium carbonate (p.1714·1); magnesium oxide (p.1744·1); vitamin D (p.1986·1).
Calcium, magnesium, and vitamin D supplement; osteoporosis.

Calcio Dobetin *Angelini, Ital.*
Cyanocobalamin (p.1980·2); calcium gluconate (p.1675·3); calcium gluceptate (p.1675·3).
Calcium and vitamin B deficiency.

Calcio 20 Emulsion *Madariaga, Spain.*
Calcium phosphate (p.1676·2).
Calcium deficiency; osteomalacia; osteoporosis.

Calcio 20 Fuerte *Madariaga, Spain.*
Calcium phosphate (p.1676·2); colecalciferol (p.1986·2).
Calcium deficiency; osteoporosis.

Calcio Masticable *AM, Arg.*
Calcium carbonate (p.1714·1); vitamin D (p.1986·1).
Calcium supplement.

Calcio Nil *Andromaco, Chile†.*
Calcium phosphate (p.1676·2); calcium lactate (p.1676·1); sodium chloride; magnesium oxide; calciferol (p.1922·1).
Calcium deficiency.

Calcio Nil Forte *Andromaco, Chile†.*
Calcium carbonate (p.1714·1); calcium citrate (p.1675·3); calcium lactate (p.1676·1); calcium phosphate (p.1676·2); ergocalciferol (p.1987·1); magnesium oxide (p.1744·1).
Calcium deficiency; osteomalacia; osteoporosis.

Calcio Ostelin *Farma, Venez.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency.

Calciobion *Ibefar, Braz.†.*
Calcium phosphate; ergocalciferol; vitamin B ; sodium fluoride (p.1922·1).
Nutritional supplement.

Calcioday-D
Eurodrug, Hong Kong; Eurodrug, Malaysia†; Eurodrug, Singapore†.
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2); magnesium oxide (p.1744·1).
Calcium, magnesium, and vitamin D supplement.

Eurodrug, Thai.†.
Calcium (p.1675·2); colecalciferol (p.1986·2); magnesium (p.1678·3).
Calcium, magnesium and vitamin D supplement.

Calciodie *SPA, Ital.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement.

Calciofar D *Elmor, Venez.*
Calcium citrate (p.1675·3); colecalciferol (p.1986·2).
Calcium supplement.

Calciofem *Biofarma, Mex.*
Calcium (p.1675·2); ergocalciferol (p.1987·1).
Osteoporosis.

Calcium; vitamin D; magnesium (p.1922·1).
Dietary supplement.

Calcion *Meyer, Venez.*
Calcium carbonate (p.1714·1).

Calcion D Plus *Meyer, Venez.*
Calcium citrate (p.1675·3); colecalciferol (p.1986·2).
Calcium supplement.

Calcional *Spedrog, Arg.*
Calcium carbonate (p.1714·1).
Calcium supplement.

Calcional Citrato *Spedrog, Arg.*
Calcium citrate (p.1675·3).
Calcium deficiency; osteoporosis.

Calcional D3 *Spedrog, Arg.*
Calcium citrate (p.1675·3); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calciopiu *Lafare, Ital.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement.

Calcior *Delta, Port.*
Calcium carbonate (p.1714·1).

Calcioral *Nycomed, Gr.; Novartis Consumer, Port.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement; hypoparathyroidism; osteomalacia; osteoporosis; pseudohypoparathyroidism; rickets.

Calcioral D3 *Nycomed, Gr.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency.

Calcior-D *Delta, Port.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D supplement.

Calciosint *Pulitzer, Ital.†.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone; reflex sympathetic dystrophy.

Calcioton *San Carlo, Ital.†.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone; reflex sympathetic dystrophy.

Calciovit Puro *Laboratorios Chile, Chile.*
Vitamin D (p.1986·1); calcium hydrogen phosphate (p.1676·1).
Hypocalcaemia; osteomalacia; rickets.

Calciozim *Balverda, Ital.†.*
Colecalciferol (p.1986·2); calcium gluconate (p.1675·3); calcium gluceptate (p.1675·3).
Bone metabolic disorders; calcium deficiency.

Calciparin *Sanofi Synthelabo, Ger.; Choay, Israel.*
Heparin calcium (p.1301·2).
Thromboembolic disorders.

Calciparina *Italfarmaco, Ital.; Sanofi Synthelabo, Port.†; Sanofi Synthelabo, Spain†.*
Heparin calcium (p.1301·2).
Thromboembolic disorders.

Heparin calcium (p.1301·2).
Disseminated intravascular coagulation; thromboembolic disorders.

Calci-Ped *Stiefel, Braz.*
Multivitamin and mineral preparation (p.1922·1).

Calcipen *Leo, Denm.; Leo, Norw.†.*
Phenoxymethylpenicillin calcium (p.314·2).
Bacterial infections.

Calciphar *Pharmex (Φαρμεξ), Gr.*
Calcitonin (p.1093·1).
Osteoporosis.

Calciphedrin *ICN, Hung.†.*
⊗ Calcium hydrogen phosphate (p.1676·1); calcium gluconate (p.1675·3); ephedrine hydrochloride (p.1558·2).
Hypersensitivity reactions.

Calcipiryna *Polpharma, Pol.*
Aspirin (p.20·3).
Calcium carbonate (p.1714·1) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal tract.
Fever; pain; thromboembolism prophylaxis.

Calciplex *Vitaplex, Austral.†.*
Mineral and vitamin D preparation (p.1922·1).
Calcium deficiency; osteoporosis.

Calciplus *Alvia (Αλβια), Gr.*
Calcitonin (p.1093·1).
Osteoporosis.

Calcipot *3M, Ger.*
Calcium citrate (p.1675·3); calcium hydrogen phosphate (p.1676·1).
Calcium deficiency.

Calcipot C *Kolassa, Austria.*
Vitamin C (p.1983·3); rutoside (p.2305·1); calcium citrate (p.1675·3); calcium glycerophosphate (p.1676·1).
Calcium and vitamin C deficiency.

Calcipot D_3 *Kolassa, Austria.*
Colecalciferol (p.1986·2); calcium citrate (p.1675·3); calcium glycerophosphate (p.1676·1).
Calcium and vitamin D deficiency.

Calciprat *IPRAD, Fr.*
Calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Calciprat D_3 *IPRAD, Fr.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Calci-Rav *Asta Medica, Israel.*
Calcium carbonate (p.1714·1).
Calcium supplement.

Calciretard *Kohler-Pharma, Ger.*
Calcium aspartate (p.1677·1).
Calcium deficiency.

Calcirol *Cadila, India.*
Colecalciferol (p.1986·2).
Osteomalacia; rickets.

Calcisan *Petrasch, Austria.*
Calcium hydrogen phosphate (p.1676·1); calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Calcisan B + C *Petrasch, Austria.*
Calcium hydrogen phosphate (p.1676·1); calcium carbonate (p.1714·1); ascorbic acid (p.1983·3); thiamine hydrochloride (p.1976·1).
Calcium, vitamin B , and vitamin C deficiency; osteoporosis.

Calcisan C *Petrasch, Austria.*
Calcium hydrogen phosphate (p.1676·1); calcium carbonate (p.1714·1); ascorbic acid (p.1983·3).
Calcium and vitamin C deficiency.

Calcisan D *Petrasch, Austria.*
Calcium hydrogen phosphate (p.1676·1); calcium carbonate (p.1714·1); ergocalciferol (p.1987·1).
Calcium and vitamin D deficiency; osteoporosis.

Calcisedron-D *Gedeon Richter, Hung.*
4 Tablets, alendronate sodium (p.1088·1) (Sedron); 28 tablets, colecalciferol (p.1986·2); calcium carbonate (p.1714·1) (CalciviD).
Osteoporosis.

Calcispren *Veltipharm, Gr.*
Calcitonin (p.1093·1).
Osteoporosis.

Calcit *Soho, Indon.; Zydus Cadila, Thai.*
Calcitriol (p.1986·2).
Hypoparathyroidism; osteoporosis; renal osteodystrophy; rickets.

Calcitab *ITF, Port.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement; osteoporosis.

Calcitab D *ITF, Port.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium deficiency; osteoporosis.

Calcitar *Sanofi-Aventis, Port.*
Calcitonin (salmon) (p.1093·1).

Calcite *Riva, Canad.*

Camphor (p.2273·2); juniper oil (p.2328·3); rosemary oil (p.2381·3); turpentine oil (p.2406·3); larch oil.
Musculoskeletal and joint disorders.

Caprisset *Solfran, Mex.†.*
Multivitamin and mineral preparation (p.1922·1).

Capritin *Atral, Port.*
Captopril (p.1239·2).

Caproamin *Rottapharm, Spain; Surgimed, Venez.*
Aminocaproic acid (p.1053·2).
Haemorrhage.

Caprofides Hemostatico *Rottapharm, Spain.*
⊗ Aminocaproic acid (p.1053·2); esculoside (p.2248·2); hesperidin methyl chalcone (p.2305·2); menadione (p.1995·2); creatinine sulfate.
Haemorrhage.

Caprolisin *Malesci, Ital.*
Aminocaproic acid (p.1053·2).
Haemorrhagic disorders.

Capros *Medac, Ger.*
⊗ Morphine sulfate (p.86·3).
Pain.

Capsalgine *Aroma, Turk.*
Salicylic acid (p.1612·2); capsicum oleoresin (p.2276·2); camphor (p.2273·2); turpentine oil (p.2406·3); eucalyptus oil (p.2301·2).
Musculoskeletal and joint pain.

Capsamol *Worwag, Ger.*
Capsicum (p.2276·2).
Musculoskeletal and joint pain.

Capsamol N *Worwag, Ger.†.*
Benzyl nicotinate (p.28·1); capsaicin (p.32·3).
Rheumatic disorders.

Capsella Complex *Mediherb, Austral.*
Shepherd's purse (p.2386·2); dong quai (p.2297·3); paeonia lactiflora; helonias (p.2318·3).
Female genito-urinary tract disorders.

Capsic *Pierre Fabre Sante, Fr.*
Capsaicin (p.32·3); methyl nicotinate (p.85·3).
Muscle cramp.

Capsicam *Tallinn, Rus.*
Benzyl nicotinate (p.28·1); vanillylnonamide (p.96·2); camphor (p.2273·2); turpentine oil (p.2406·3); dimethyl sulfoxide (p.2022·1).
Musculoskeletal and joint pain.

Capsicin *Vinas, Spain.*
Capsaicin (p.32·3).
Musculoskeletal and joint pain.

Capsicof *Gelcaps, Mex.*
Benzonatate (p.1552·1).
Cough.

Capsicolle *Chemopharma, Cz.*
Capsaicin (p.32·3); belladonna (p.2263·3).
Muscle pain.

Capsicum + Arthri-Cream *Homeocan, Canad.*
Homoeopathic preparation.

Capsicum Farmaya *Alacan, Spain.*
Capsaicin (p.32·3).
Musculoskeletal and joint pain.

Capsidol *Janssen-Cilag, Mex.; Vinas, Spain.*
Capsaicin (p.32·3).
Musculoskeletal and joint disorders; musculoskeletal and joint pain; pain.

Capsiflu *Gelcaps, Mex.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Coughs; nasal congestion.

Capsi-Gel *Biosel, Turk.*
Capsicum oleoresin (p.2276·2); methyl salicylate (p.85·3).
Musculoskeletal and joint pain.

Capsigel N *Herbapol Poznan, Pol.*
Camphor (p.2273·2); capsaicin (p.32·3); eucalyptus oil (p.2301·2); salicylic acid (p.1612·2); turpentine oil (p.2406·3).
Musculoskeletal and joint pain; neuralgia.

Capsin *Fleming, USA.*
Capsaicin (p.32·3).
Neuralgia; pain.

Capsina *Bioglan, Norw.; Bioglan, Swed.*
Capsaicin (p.32·3).
Postherpetic neuralgia.

Capsinat *Caprifarmindo, Indon.; Sanbe, Indon.*
Amoxicillin (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Capsion *CIS, Cz.; CIS, Neth.; CIS, Port.; Schering, UK.*
Iodine-131 (p.2054·3) as sodium iodide.
Hyperthyroidism; thyroid cancer.

Capso *RDC, Ital.*
Capsicum oleoresin (p.2276·2); aloe vera (p.1588·2).
Skin disorders.

Capsoid *Caps, S.Afr.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Clofranil *Sun, Rus.; Sun, Thai.†.*
Clomipramine hydrochloride (p.386·3).
Depression; narcoleptic syndrome; obsessive-compulsive disorder; phobic states.

Cloftal *Oftalmi, Venez.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Clogar *Self-Care Products, UK.*
Cod-liver oil (p.1935·2); garlic (p.2309·2).

Cloisone *Psicofarma, Mex.*
Levodopa (p.804·3); carbidopa (p.803·1).
Parkinsonism.

Clo-Kit *Indoco, India.*
Chloroquine phosphate (p.599·3).
Hepatic amoebiasis; lupus erythematosus; malaria; rheumatoid arthritis.

Clolar *Genzyme, USA.*
Clofarabine (p.701·3).
Acute lymphoblastic leukaemia.

Clomacin *Quimica y Farmacia, Mex.*
Clotrimazole (p.530·1).
Fungal vaginal infections.

Clomazen *Uniao Quimica, Braz.*
Clotrimazole (p.530·1).
Fungal skin infections.

Clomazol *Cifarma, Braz.; Multichem, NZ.*
Clotrimazole (p.530·1).
Fungal and bacterial skin infections; vulvovaginal candidiasis.

Clomazole *Idaman, Malaysia.*
Clotrimazole (p.530·1).
Fungal skin infections.

Cloment *Pharmaplan, S.Afr.*
Clozapine (p.981·1).
Schizophrenia.

Clomhexal *Hexal, Austral.; Hexal, Cz.; Hexal, Ger.*
⊗ Clomifene citrate (p.2086·1).
Female infertility; male infertility.

Clomicin *IQFA, Mex.*
Chloramphenicol (p.239·3).
Formerly contained dicloxacillin sodium.
Bacterial infections.

Clomid *Aventis, Austral.; Aventis, Belg.; Medley, Braz.; Aventis, Canad.; Sanofi-Aventis, Fr.; Aventis, Hong Kong†; Sanofi-Aventis, Irl.; Bruno, Ital.; Sanofi-Aventis, Malaysia; Aventis, Neth.; Duncan, Philipp.; Adcock Ingram, S.Afr.; Sanofi-Aventis, Singapore; Aventis, Switz.; Aventis, Thai.; Aventis, UK; Hoechst Marion Roussel, USA.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility; diagnosis of hypothalamic-pituitary function; male infertility.

Clomidep *Pharmaplan, S.Afr.*
Clomipramine hydrochloride (p.386·3).
Depression.

Clomifen *Leiras, Fin.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility; male infertility.

Clomifeno *Casen Fleet, Spain†.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility; male infertility.

Clomifil *Sunthi Sepuri, Indon.*
⊗ Clomifene citrate (p.2086·1).
Male and female infertility.

Clomihexal *Hexal, S.Afr.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility.

Clomin
Note. This name is used for preparations of different composition.
Medinova (Μεντινοβα), Gr.†.
Cefatrizine (p.221·3).
Bacterial infections.

Quatromed, S.Afr.†.
Dicycloverine hydrochloride (p.1722·3).
Smooth muscle spasm.

Clominal *Randall, Mex.*
Dicycloverine (p.1723·1).
Nausea and vomiting.

Clomipram *Casasco, Arg.†.*
Clomipramine hydrochloride (p.386·3).
Depression; narcoleptic syndrome; nocturnal enuresis; obsessive-compulsive disorder; pain; panic disorder.

Clomipran *Uniao Quimica, Braz.*
Clomipramine hydrochloride (p.386·3).
Depression; nocturnal enuresis; obsessive-compulsive disorder; pain; panic disorder.

Clomirex *Mipharm, Ital.*
Chlorhexidine (p.1635·2).
Vaginal infections.

Clomycin *Neo-Pharma, India.*
Clotrimazole (p.530·1); gentamicin (p.284·2).
Skin and nail infections.

Clonabay *Bayer, Arg.*
Clonazepam (p.478·2).
Epilepsy; panic disorder.

Clonac *Arrow, Austral.; Faran, Gr.†.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders; pain.

Clonazepam (p.478·2).
Anxiety; epilepsy; panic attacks.

Clonalgin *Chemopharma, Chile.*
Clonixin lysine (p.37·1).
Pain.

Clonalgin Compuesto *Chemopharma, Chile.*
Clonixin lysine (p.37·1); ergotamine tartrate (p.620·1).
Migraine and other vascular headaches.

Clonamox *PannonPharma, Hung.; Clonmel, Irl.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Clonamp *Clonmel, Irl.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Clonapam *ICN, Canad.†; Laboratorios Chile, Chile; ICN, Hung.*
Clonazepam (p.478·2).
Anxiety; convulsions; epilepsy; panic attacks; sleep disorders.

Clonaren *Metz, Philipp.*
Diclofenac sodium (p.44·3).
Fever; gout; inflammation; musculoskeletal and joint disorders; pain.

Clonarol *Merck, Austria.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Clonate *Hoe, Philipp.; Marketlink, Philipp.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Clonax *Beta, Arg.*
Clonazepam (p.478·2).
Epilepsy; panic attacks.

Clonazen 2 *Bouzen, Arg.*
Clonazepam (p.478·2).
Anxiety; epilepsy.

Clonazine *Clonmel, Irl.*
Chlorpromazine hydrochloride (p.969·2).
Hypothermia induction; premedication; schizophrenia; sedative; vomiting.

Clonazone *Lagepha, Belg.*
Tosylchloramide sodium (p.1665·1).
Disinfection.

Clonea *Alphapharm, Austral.*
Clotrimazole (p.530·1).
Fungal skin infections.

Cloner *Vannier, Arg.*
Clonazepam (p.478·2).
Anxiety disorders; epilepsy.

Clonesina *Teuto, Braz.†.*
Clonidine hydrochloride (p.1247·1).
Hypertension.

Clonex
Note. This name is used for preparations of different composition.
Saval, Chile; Teva, Israel.
Clonazepam (p.478·2).
Epilepsy; panic disorder; panic disorders.

Corsa, Indon.
Tranexamic acid (p.1080·3).
Fibrinolysis; haemorrhage; hereditary angioedema.

Clonfolic *Clonmel, Irl.*
Folic acid (p.1940·1).
Prevention of fetal neural tube defects.

Clonid-Ophtal *Winzer, Ger.*
Clonidine hydrochloride (p.1247·1).
Glaucoma; ocular hypertension.

Clonidural *Richmond, Arg.*
Clonidine (p.1247·1).
Hypertension.

Clonipres *Rowe-Fleming, Venez.†.*
Clonidine hydrochloride (p.1247·1).
Hypertension.

Clonistada *Stada, Ger.*
Clonidine hydrochloride (p.1247·1).
Hypertension.

Clonitia *Tunggal Idaman, Indon.*
Clotrimazole (p.530·1).
Fungal skin infections.

Clonix *Janssen-Cilag, Port.*
Clonixin (p.37·1).
Pain.

Clonixil *Richmond, Arg.*
Clonixin lysine (p.37·1).
Fever; inflammation; pain.

Clonnirit *Rafa, Israel.*
Clonidine hydrochloride (p.1247·1).
Menopausal flushing; migraine and other vascular headaches.

Clonocid *Clonmel, Irl.*
Clarithromycin (p.248·2).
Bacterial infections.

Clonodifen *Tecnofarma, Mex.*
Diclofenac sodium (p.44·3).
Inflammation; pain.

Clonogal *Biogal-Teva, Hung.†.*
Clonazepam (p.478·2).
Anxiety disorders; epilepsy.

Clonotril *Torrent, Braz.*
Clonazepam (p.478·2).
Epilepsy; panic attacks.

Clonovate *TO-Chemicals, Thai.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Clont *Infectopharm, Ger.*
Metronidazole (p.837·1).
Amoebiasis; anaerobic bacterial infections; giardiasis; trichomoniasis.

Clop *Quim-Far, Venez.†.*
Metoclopramide (p.1747·3).
Gastrointestinal disorders.

Clopact *Ipca, India.*
Clopidogrel bisulfate (p.1250·2).
Atherosclerosis.

Clopact A *Ipca, India.*
Clopidogrel bisulfate (p.1250·2); aspirin (p.20·3).
Atherosclerosis.

Clopamon *Pharmacare, S.Afr.*
Metoclopramide (p.1747·3) or metoclopramide hydrochloride (p.1747·3).
Gastrointestinal motility disorders; gastrointestinal radiography; nausea and vomiting.

Clopan
Note. This name is used for preparations of different composition.
Cristalia, Braz.
Clonazepam (p.478·2).
Epilepsy.

FIRMA, Ital.†.
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal disorders.

Clopes *Metiska, Indon.*
Aciclovir (p.862·3).
Herpesvirus infections.

Clopin *Ecosol, Switz.*
Clozapine (p.981·1).
Schizophrenia.

Clopina *Rowe-Fleming, Venez.†.*
Aluminium hydroxide (p.1706·2); dicycloverine hydrochloride (p.1722·3); magnesium oxide (p.1744·1).
Antacid.

Clopine *Mayne, Austral.; Douglas, NZ.*
Clozapine (p.981·1).
Schizophrenia.

Clopirim *Quimioterapica, Braz.†.*
Chloroquine phosphate (p.599·3).
Malaria.

Clopivas *Cipla, India.*
Clopidogrel bisulfate (p.1250·2).
Thromboembolic disorders.

Clopivas AP *Cipla, India.*
Clopidogrel bisulfate (p.1250·2); aspirin (p.20·3).
Thromboembolic disorders.

Zuclopenthixol acetate (p.1040·3), zuclopenthixol decanoate (p.1040·3), or zuclopenthixol hydrochloride (p.1040·3).
Aggression; agitation; behaviour disorders; bipolar disorder; dementia; mania; mental function impairment; psychomotor hyperexcitability; psychoses.

Lundbeck, Gr.
Zuclopenthixol (p.1040·3) or zuclopenthixol decanoate (p.1040·3).
Psychoses.

Lundbeck, Israel; Euro Registratie, Neth.; Lundbeck, Philipp.
Zuclopenthixol decanoate (p.1040·3), or zuclopenthixol hydrochloride (p.1040·3).
Behavioural disorders; bipolar disorder; dementia; psychoses.

Clopod *Biochem, India.*
Clopidogrel bisulfate (p.1250·2).
Thromboembolic disorders.

Clopod-A *Biochem, India.*
Clopidogrel bisulfate (p.1250·2); aspirin (p.20·3).
Thromboembolic disorders.

Clopra
Ortoquimica, Braz.†.
Metoclopramide (p.1747·3).
Nausea and vomiting.

Quantum, USA†.
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Clopram *Douglas, Austral.*
Clomipramine hydrochloride (p.386·3).
Depression; narcoleptic syndrome; obsessive-compulsive disorder.

Clopramel *Novell, Indon.*
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal disorders.

Clopreg *Kee, India.*
⊗ Clomifene citrate (p.2086·1).
Male and female infertility.

Clopress *Alphapharm, Malaysia†; Merck, Malaysia†; Pacific, NZ.*
Clomipramine hydrochloride (p.386·3).
Depression; narcoleptic syndrome; nocturnal enuresis; obsessive-compulsive disorder; pain; panic disorder.

Clopsine *Psicofarma, Mex.*
Clozapine (p.981·1).
Bipolar disorder; schizophrenia; tremor; withdrawal syndromes.

Cloptison *MSD, Norw.†.*
⊗ Clobetasone butyrate (p.1522·3).
Eye disorders.

Cloptison-N *MSD, Arg.†.*
⊗ Clobetasone butyrate (p.1522·3); neomycin sulfate (p.305·1).
Infected eye disorders.

Clorace *Cofasa, Venez.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3).
Influenza symptoms.

Cloracef *Ethica, Indon.*
Cefaclor (p.217·2).
Bacterial infections.

CloraCEF *Ranbaxy, S.Afr.†.*
Cefaclor (p.217·2).
Bacterial infections.

Clorad *ACS Dobfar, Ital.*
Cefaclor (p.217·2).
Bacterial infections.

Cloradex *Tubilux, Ital.*
⊗ Dexamethasone (p.1526·1); chloramphenicol (p.239·3).
Infected inflammatory eye disorders.

Clorafen *Merck, Mex.*
Chloramphenicol (p.239·3) or chloramphenicol palmitate (p.239·3).
Bacterial infections.

Clorafenil *Teuto, Braz.*
Chloramphenicol (p.239·3).
Bacterial infections.

Cloraldin *Medinfar, Port.*
Chlorhexidine gluconate (p.1635·3).

Cloram Zinc *Llorens, Spain.*
⊗ Chloramphenicol (p.239·3); naphazoline hydrochloride (p.1565·2); zinc sulfate (p.1999·2).
Formerly known as Cloranfenic Zinc.
Bacterial eye infections.

Cloramed
Note. This name is used for preparations of different composition.
Medimport, Mex.
Chloramphenicol (p.239·3).
Bacterial infections.

Medifive, Thai.
Dipotassium clorazepate (p.980·1).
Anxiety; insomnia.

Cloramfen *Nuovo ISM, Ital.†.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Cloramfeni *Sophia, Mex.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Cloramfesa *Organifar, Venez.†.*
Chloramphenicol (p.239·3).
Bacterial infections.

Cloramidina *Armoxindo, Indon.*
Chloramphenicol (p.239·3).
Bacterial infections.

Clorampast *Pasteur, Chile.*
Chloramphenicol (p.239·3).
Vulvovaginal infections.

Clorampler *Arlex, Mex.*
Chloramphenicol (p.239·3).
Bacterial infections.

Cloran *Grin, Mex.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Cloran Hemidex *Llorens, Spain.*
⊗ Boric acid (p.2268·1); chloramphenicol (p.239·3); dexamethasone phosphate (p.1526·2).
Infected eye disorders.

Cloran Otico *Grin, Mex.*
Chloramphenicol (p.239·3); benzocaine (p.1854·1).
Bacterial ear infections.

Clorana *Sanofi-Aventis, Braz.*
⊗ Hydrochlorothiazide (p.1307·3).
Diabetes insipidus; hypertension; oedema; renal calculi.

Cloranfenic *Laus, Spain†.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Cloranfenil *Sanval, Braz.†.*
Chloramphenicol (p.239·3).
Bacterial infections.

Cloranmicron *Alcon, Mex.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Cloranpectina *Basi, Port.†.*
Chloramphenicol (p.239·3); phthalylsulfathiazole (p.315·1); pectin (p.2145·2).
Gastrointestinal infections.

Cloranxen *Polfa Kutno, Pol.*
Dipotassium clorazepate (p.980·1).
Alcohol withdrawal syndrome; anxiety; epilepsy.

Cloraseptic *Legrand, Braz.*
Phenol (p.1656·1); sodium phenolate; borax (p.2268·1); thymol (p.1664·3); menthol (p.2340·1).
Mouth and throat disorders.

Clorasona *Oftalmi, Venez.*
⊗ Chloramphenicol (p.239·3); prednisolone acetate (p.1541·1).
Infected eye disorders.

Cloratadd D *EMS, Braz.*
Loratadine (p.583·3); pseudoephedrine sulfate (p.1571·2).

Cloraxene *TO-Chemicals, Thai.*
Dipotassium clorazepate (p.980·1).
Anxiety; insomnia.

Clorazer *ACS Dobfar, Ital.*
Cefaclor (p.217·2).
Bacterial infections.

Clorazin *Tecnofarma, Mex.*
Chloramphenicol (p.239·3).
Bacterial infections.

Clorcin-Ped *Stiefel, Braz.*
Cefaclor (p.217·2).
Bacterial infections.

Clorcorticil *Edol, Port.†.*
⊗ Chloramphenicol (p.239·3); hydrocortisone acetate (p.1535·2).
Bacterial eye infections with inflammation.

Clordil *Diba, Mex.*
Chloramphenicol (p.239·3).
Bacterial infections.

Clordilon *Vitapan, Braz.†.*
⊗ Chlortalidone (p.1243·3).
Hypertension; oedema.

Clordox *Teuto, Braz.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Cloretilo Chemirosa *Ern, Spain.*
Ethyl chloride (p.1861·2).
Local anaesthesia.

Clorexan *IMS, Ital.*
Chlorhexidine gluconate (p.1635·3); isopropyl alcohol (p.1650·3).
Wound disinfection.

Clorexan Ferri *IMS, Ital.*
⊗ Chlorhexidine gluconate (p.1635·3); alcohol (p.1625·2).
Instrument disinfection.

Clorfenil *Rayere, Mex.*
Chloramphenicol (p.239·3).
Bacterial infections.

Clorfibrase *Elea, Arg.*
Chloramphenicol (p.239·3); fibrinolysin (p.1287·3); dornase alfa (p.1557·1).
Wounds.

Clorfriol *Rayere, Mex.†.*
Paracetamol (p.108·1); chlorphenamine (p.572·2); ascorbic acid (p.1983·3); moroxydine hydrochloride (p.898·2).
Cold and influenza symptoms.

Clorhexitulle *Aventis, Austral.†.*
Chlorhexidine acetate (p.1635·2).
Burns; infected skin disorders; skin ulcers; wounds.

Cloriflox *TS, Ital.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Cloril *Atlantic, Thai.*
Clozapine (p.981·1).
Schizophrenia.

Clorimet-Z *Zafiro, Mex.*
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal motility disorders; nausea and vomiting.

Clorina *Lysoform, Ger.; BMS, Spain.*
Tosylchloramide sodium (p.1665·1).
Linen disinfection; skin and wound disinfection; surface disinfection.

Clorix *Pharma Dynamics, S.Afr.*
Moclobemide (p.411·1).
Depression; social phobia.

Clorizin *Cifarma, Braz.*
⊗ Hydrochlorothiazide (p.1307·3).
Cirrhosis with ascites; heart failure; hypertension; oedema.

Clor-K-Zaf *Zafiro, Mex.*
Potassium chloride (p.1684·3).
Hypokalaemia; potassium supplement.

Clorocil *Edol, Port.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Clorofunon *Parggon, Mex.*
Chloramphenicol (p.239·3).
Bacterial infections.

Clorom *Rowex, Irl.*
Clarithromycin (p.248·2).
Bacterial infections; Helicobacter pylori eradication.

Clorosan *Lachifarma, Ital.*
Chlorhexidine gluconate (p.1635·3).
Disinfection of skin, wounds, and burns.

Clorotan *Reuffer, Mex.*
Chloramphenicol (p.239·3).
Bacterial infections.

Clorotir *Biochemie, NZ; Novartis, NZ; Sandoz, Philipp.; Sandoz, Thai.*
Cefaclor (p.217·2).
Bacterial infections.

Cloro-Trimeton *Schering-Plough, Mex.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity.

Clorotrimeton *Schering-Plough, Venez.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Clorpactin WCS-90 *Guardian, USA.*
Oxychlorosene sodium (p.1655·1).
Disinfection; skin infections.

Clorpamina *Andromaco, Mex.†.*
Dopamine hydrochloride (p.1273·2).
Heart failure; shock.

Clorpax *Sandoz, Austral.*
Bupropion hydrochloride (p.383·1).
Aid to smoking withdrawal.

Clorpres *Bertek, USA.*
⊗ Clonidine hydrochloride (p.1247·1); chlortalidone (p.1243·3).
Hypertension.

Clorprimeton *Essex, Chile.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Clorpromaz *Uniao Quimica, Braz.*
Chlorpromazine hydrochloride (p.969·2).
Psychoses.

Clorpromini *Biofarma, Braz.†.*
Chlorpropamide (p.438·3).
Diabetes mellitus.

Clortalil *Legrand, Braz.*
⊗ Chlortalidone (p.1243·3).
Hypertension; oedema; renal calculi.

Clortanol *CT, Ital.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Clortil *Teuto, Braz.*
⊗ Chlortalidone (p.1243·3).
Hypertension.

Clortilen *Sankyo, Venez.*
Clotrimazole (p.530·1).
Fungal infections.

Clorton *Pharlab, Braz.†.*
⊗ Chlortalidone (p.1243·3).
Hypertension; oedema.

Clorxil *Pan Quimica, Spain†.*
Chlorhexidine gluconate (p.1635·3).
Disinfection of skin and wounds.

Cloryvil *Giempi, Venez.*
Aciclovir (p.862·3).
Herpesvirus infections.

Clorzin *Neckerman, Braz.†.*
Chlorpropamide (p.438·3).
Diabetes mellitus.

Closanasol *Jelfa, Hung.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Closcript *Ranbaxy, S.Afr.*
Clotrimazole (p.530·1).
Fungal skin and vulvovaginal infections.

Closderm *Yung Shin, Philipp.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Closin *Holsten, Ger.*
Promethazine hydrochloride (p.588·2).
Hypersensitivity reactions; psychoses; sleep disorders.

Closina *Aspen, Austral.*
Cycloserine (p.260·2).
Tuberculosis; urinary-tract infections.

Closol *Fahrenheit, Indon.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Clostedal *Silanes, Mex.*
Carbamazepine (p.471·3).
Alcohol and benzodiazepine withdrawal syndromes; bipolar disorder; diabetes insipidus; diabetic neuropathy; epilepsy; neuralgias; polydipsia; polyuria.

Clostet *Chiron Vaccines, UK†.*
An adsorbed tetanus vaccine (p.2240·1).
Active immunisation.

Clostil *Egis, Philipp.*
⊗ Clomifene citrate (p.2086·1).
Male and female infertility.

Clostilbegyt *Egis, Cz.; Egis, Hong Kong; EGIS, Hung.; Egis, Malaysia; Egis, Pol.; Egis, Rus.; Egis, Singapore.*
⊗ Clomifene citrate (p.2086·1).
Galactorrhoea; male and female infertility.

Clotam *Gea, Denm.†; Sandoz, Fin.; Faran, Gr.; Hexal, Neth.; Ecosol, Switz.†; koGen, UK.*
Tolfenamic acid (p.130·1).
Inflammation; musculoskeletal and joint disorders; pain.

Clotan *Grunenthal, Venez.†.*
Tolfenamic acid (p.130·1).
Dysmenorrhoea.

Clotassio *Bunker, Braz.*
Potassium chloride (p.1684·3).
Hypokalaemia.

Clotest *Bripharm, Irl.*
Test for *Helicobacter pylori* from biopsy specimens.

Clotidone *Apotex, Philipp.; Pharma 3, Philipp.*
Ticlopidine hydrochloride (p.1411·2).
Prevention of platelet loss during extracorporeal stenting; thromboembolic disorders.

Clotigen
Note. This name is used for preparations of different composition.
Vitapan, Braz.
Clotrimazole (p.530·1).
Fungal skin infections.

Dynamic, Philipp.
Menadione sodium bisulfite (p.1995·3).
Haemorrhage.

Cloton *TNP, Thai.†.*
Chlorphenamine maleate (p.571·3); ammonium chloride (p.1551·3).
Coughs; nasal congestion; rhinitis.

Clotramid *Molteni, Ital.†.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1).
Mouth disinfection.

Clotrason *Schering-Plough, Denm.*
⊗ Betamethasone dipropionate (p.1518·3); clotrimazole (p.530·1).
Fungal skin infections.

Clotrasone *Essex, Philipp.; Schering-Plough, Singapore†; Desarrollo, Spain; Schering-Plough, Thai.†.*
⊗ Betamethasone dipropionate (p.1518·3); clotrimazole (p.530·1).
Fungal skin infections.

Clotreme *Hexal, Austral.†.*
Clotrimazole (p.530·1).
Fungal skin infections.

Clotren *Teuto, Braz.*
Clotrimazole (p.530·1).
Fungal infections.

Clotri *Polipharm, Thai.†.*
Clotrimazole (p.530·1).
Vaginal candidiasis.

Clotricin *Seng, Thai.*
Clotrimazole (p.530·1).
Fungal vaginal infections; trichomoniasis.

Clotricina *Diba, Mex.*
⊗ Betamethasone dipropionate (p.1518·3); clotrimazole (p.530·1); gentamicin sulfate (p.282·1).
Infected skin disorders.

Clotri-Denk *Denk, Hong Kong.*
Clotrimazole (p.530·1).
Fungal and bacterial vaginal infections; fungal skin infections; trichomoniasis.

Clotriderm *Greenpharma, Braz.*
Clotrimazole (p.530·1).
Fungal skin infections.

Clotrigalen *Galen, Ger.*
Clotrimazole (p.530·1).
Fungal skin infections.

Clotrihexal *Hexal, NZ.*
Clotrimazole (p.530·1).
Vaginal candidiasis.

Clotrimaderm *Taro, Canad.; Taro, Israel; AFT, NZ.*
Clotrimazole (p.530·1).
Fungal skin infections; vulvovaginal candidiasis.

Clotrimin *Medipharm, Chile.*
Clotrimazole (p.530·1).
Fungal skin and vulvovaginal infections.

Clotrimin-B *Medipharm, Chile.*
⊗ Clotrimazole (p.530·1); betamethasone dipropionate (p.1518·3).
Fungal skin infections with inflammation.

Clotrimix *Eversil, Braz.†.*
Clotrimazole (p.530·1).
Fungal skin infections.

Inflammation.

Desintan P *Stafford-Miller, Port.†.*
Permethrin (p.2048·2).
Pediculosis.

Desintex *Richard, Fr.*
Sodium thiosulfate (p.1466·1); magnesium thiosulfate (p.1466·1).
Dyspepsia; rhinitis; rhinopharyngitis.

Desintex Infantile *Richard, Fr.*
Sodium thiosulfate (p.1466·1); magnesium thiosulfate (p.1466·1); calcium gluconate (p.1675·3); calcium carbonate (p.1714·1).
Dyspepsia; rhinitis; rhinopharyngitis.

Desintex-Choline *Richard, Fr.*
Sodium thiosulfate (p.1466·1); magnesium thiosulfate (p.1466·1); choline chloride (p.1934·2).
Dyspepsia.

Desinvag *Casen Fleet, Spain.*
Benzalkonium chloride (p.1629·1); furazolidone (p.834·3).
Vaginal antiseptic; vulvovaginal trichomoniasis.

Desirel *Codal Synto, Thai.*
Trazodone hydrochloride (p.424·3).
Anxiety; depression.

Desital *Desitin, Norw.†.*
Citalopram hydrobromide (p.385·3).
Depression.

Desiticlopidin *Declimed, Ger.*
Ticlopidine hydrochloride (p.1411·2).
Thromboembolic disorders.

Desitin
Note. This name is used for preparations of different composition.
Sigmapharm, Austria; Pfizer Consumer, Canad.; Desitin, Cz.†; Pfizer, Hong Kong; Pfizer, Israel; Pfizer Consumer, Mex.; Leeming, USA.
Cod-liver oil (p.1935·2); zinc oxide (p.1621·2).
Burns; nappy rash; skin disorders; skin irritation; wounds.

Pfizer, Philipp.; Pfizer, Rus.; Pfizer Consumer, Singapore†.
Zinc oxide (p.1621·2).
Formerly contained cod-liver oil and zinc oxide in *Singapore*.
Burns; cuts; nappy rash.

Desitin, Ger.
Ointment; topical spray: Cod-liver oil (p.1935·2); zinc oxide (p.1621·2).
Skin disorders; wounds.

Desitin, Ger.†.
Topical powder: Zinc oxide (p.1621·2).
Burns; skin disorders.

Desitin Clear *Pfizer, USA.*
Barrier preparation.
Nappy rash.

Desitin Creamy
Note. This name is used for preparations of different composition.
Pfizer Consumer, Singapore†.
Zinc oxide (p.1621·2); aloe vera (p.1588·2); vitamin E (p.1992·2).

Dexa-Rhinospray N *Boehringer Ingelheim, Arg.*
⊗ Tramazoline hydrochloride (p.1574·3); dexamethasone isonicotinate (p.1526·1).
Rhinitis.

Dexasalyl
Mayrhofer, Austria†.
⊗ Dexamethasone acetate (p.1526·1); salicylic acid (p.1612·2).
Skin disorders.

Medinova, Switz.
⊗ Dexamethasone (p.1526·1) or dexamethasone acetate (p.1526·1); salicylic acid (p.1612·2).
Skin and scalp disorders.

Dexasil *Silom, Thai.†.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye disorders.

Dexa-Sine *Alcon, Belg.; Liba, Turk.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Inflammatory eye disorders.

Dexa-sine *Alcon, Ger.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Eye disorders.

Dexa-Siozwo *Febena, Ger.*
⊗ Dexamethasone acetate (p.1526·1); peppermint oil (p.1761·2).
Catarrh; rhinitis; sinusitis.

Dexason
Teuto, Braz.
⊗ Dexamethasone (p.1526·1), dexamethasone acetate (p.1526·1), or dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

ICN, Cz.†.
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dexasone
Valeant, Canad.; Atlantic, Hong Kong; Cadila, India.
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Atlantic, Malaysia; Atlantic, Singapore; Atlantic, Thai.
⊗ Dexamethasone (p.1526·1) or dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Hauck, USA.
⊗ Dexamethasone acetate (p.1526·1) or dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dexasporin *Moore, USA; Rugby, USA; URL, USA.*
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Eye inflammation with bacterial infection.

Dexaton *Vianex (Βιανεξ), Gr.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Dexatopic *Organon, Arg.†; Organon, Indon.; Organon, Neth.†.*
⊗ Dexamethasone (p.1526·1); nandrolone decanoate (p.2118·2); chlorhexidine hydrochloride (p.1635·3).
Skin disorders.

Dexatotal *Paylos, Arg.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Dexatrim *Chattem, Canad.†.*
Benzocaine (p.1854·1); vitamins; iron.
Obesity.

Dexatrim Plus Vitamins *Thompson, USA.*
Multivitamin and mineral preparation (p.1922·1).

Dexatussin *Espefa, Pol.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Dexaval *Tecnifar, Port.*
⊗ Dexamethasone valerate (p.1526·3).
Skin disorders.

Dexaval V *Tecnifar, Port.*
⊗ Dexamethasone valerate (p.1526·3); clioquinol (p.254·1).
Infected skin disorders.

Dexaval A *Tecnifar, Port.*
⊗ Dexamethasone valerate (p.1526·3); chlorphenamine maleate (p.571·3).
Skin disorders with pruritus.

Dexaval N *Tecnifar, Port.*
⊗ Dexamethasone valerate (p.1526·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Dexaval O *Tecnifar, Port.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye and ear disorders.

Dexaven
Jelfa, Pol.
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Jelfa, Rus.
⊗ Dexamethasone phosphate (p.1526·2).
Corticosteroid.

Dexavison *Teuto, Braz.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye disorders.

Dexazen *Luper, Braz.†.*
⊗ Dexamethasone acetate (p.1526·1), dexamethasone phosphate (p.1526·2), or dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dexazol *Dexa, Indon.*
Ketoconazole (p.539·1).
Fungal infections.

Dexazona
Note. This name is used for preparations of different composition.
Bunker, Braz.
Eye drops: ⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Eye disorders.

Bunker, Braz.
Injection; syrup; tablets: ⊗ Dexamethasone phosphate (p.1526·2).
Corticosteroid.

Dexbroxine *Pharmasant, Thai.*
Bromhexine hydrochloride (p.1552·2); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dexchloramine *CCM, Malaysia; Beacons, Singapore.*
Dexchlorpheniramine maleate (p.572·1).
Allergic rhinitis; allergic skin disorders; hypersensitivity reactions.

Dexclor *Cristalia, Braz.†.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Dexcof *Cipla, India.*
Dextromethorphan (p.1555·2); phenylpropanolamine (p.1569·2); diphenhydramine hydrochloride (p.577·2).
Coughs.

Dexcon-DM *Cypress, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract disorders.

Dexcon-PE *Cypress, USA.*
Guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1); dextromethorphan hydrobromide (p.1555·2).
Cough; nasal congestion.

Dexcophan *Hovid, Malaysia; Hovid, Singapore.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dexcophan Cough *Hovid, Malaysia.*
⊗ Ammonium chloride (p.1551·3); dextromethorphan hydrobromide (p.1555·2); ephedrine hydrochloride (p.1558·2).
Coughs; nasal congestion.

Dexedrine *GSK, Canad.; UCB, UK; GSK, USA.*
⊗ Dexamfetamine sulfate (p.2153·1).
Attention-deficit hyperactivity disorder; narcoleptic syndrome.

Dexef *Dexo, Fr.*
Cefradine (p.233·1).
Bacterial infections.

Dexefrin *Fischer, Israel.*
⊗ Dexamethasone sodium phosphate (p.1526·2); phenylephrine (p.1568·1); neomycin sulfate (p.305·1).
Inflammatory eye disorders with infection.

Dexelle *ITF, Chile.*
Dexibuprofen (p.39·2).
Fever; pain.

Dexemel *ML, Neth.†; ML Laboratories, UK†.*
Icodextrin (p.1937·2) with electrolytes.
Vehicle for intraperitoneal drug administration.

Dexeryl
Note. This name is used for preparations of different composition.
Pierre Fabre Sante, Fr.
Glycerol (p.2314·2); white soft paraffin (p.2031·2); liquid paraffin (p.2030·3).
Dry skin disorders; minor burns.

Pascual, Hong Kong.
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Respiratory-tract disorders.

DexFerrum *American Regent, USA.*
Iron dextran (p.1951·1).
Iron deficiency.

DexFol *Rising Pharmaceuticals, USA.*
Vitamin B substances; vitamin C (p.1922·1).

Dexicam *OFF, Ital.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and peri-articular disorders.

Dexicar *Provit, Mex.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Dexide *Rottapharm, Spain.*
Colextran hydrochloride (p.1254·1).
Hyperlipidaemias.

Deximune *Dexcel, Israel.*
Ciclosporin (p.1822·2).
Atopic eczema; psoriasis; rheumatoid arthritis; transplant rejection; uveitis.

Dexion *Umeda, Thai.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dexipan *Julphar, UAE.*
Dexpanthenol (p.2362·1).
Skin irritation; wounds.

Dexir *BMS, Belg.; UPSA Conseil, Fr.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dexiron *Genpharm, Canad.*
Iron dextran (p.1951·1).
Iron deficiency.

Dexit *Leiras, Fin.*
Dexibuprofen (p.39·2).
Fever; pain.

Dexi-Tuss *3M, Austral.†.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dexium *Sanofi Synthelabo, Ger.*
Calcium dobesilate (p.2272·1).
Vascular disorders.

Dexiven *Rivero, Arg.*
Calcitriol (p.1986·2).
Hypocalcaemia in dialysis patients.

Dexlerg *Cazi, Braz.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Dexlin *Arlex, Mex.*
Nimesulide (p.95·3).
Inflammation.

Dexmene *Biofarma, Braz.†.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Dexmetha *Synco, Hong Kong.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Dexmethsone *Aspen, Austral.; Aspen, Hong Kong.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Dexmin
Note. This name is used for preparations of different composition.
Neckerman, Braz.†.
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Daewon, Hong Kong†.
⊗ Betamethasone (p.1518·2); dexchlorpheniramine maleate (p.572·1).
Allergic rhinitis; asthma; skin disorders.

Dexmolex *Molex Ayus, Indon.*
Dextromethorphan hydrobromide (p.1555·2); doxylamine succinate (p.578·2).
Cough; respiratory-tract allergic disorders.

Dexne
Note. This name is used for preparations of different composition.
Offenbach, Mex.
Ear drops: ⊗ Dexamethasone (p.1526·1); neomycin (p.305·1); lidocaine (p.1862·3).
Inflammatory ear disorders.

Offenbach, Mex.
Eye drops: ⊗ Dexamethasone (p.1526·1); neomycin (p.305·1).
Inflammatory eye disorders.

Offenbach, Mex.
Nose drops: ⊗ Dexamethasone (p.1526·1); neomycin (p.305·1); phenylephrine (p.1568·1).
Inflammatory nose disorders.

Dexnon *Kern, Spain.*
Levothyroxine sodium (p.2171·2).
Hypothyroidism.

Dexo *Dominguez, Arg.*
Ursodeoxycholic acid (p.2408·1).
Biliary-tract disorders; cholesterol gallstones.

Dexocort *Kimia, Indon.*
⊗ Desoximetasone (p.1525·2).
Skin disorders.

Dexodin *IQFA, Mex.*
Astemizole (p.567·2).
Hypersensitivity.

Dexofan *Nycomed, Denm.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dexofen *AstraZeneca, Swed.*
Dextropropoxyphene napsilate (p.40·1).
Pain.

Dexoket *Menarini, Cz.*
Dexketoprofen trometamol (p.73·1).
Pain.

Dexol
Note. This name is used for preparations of different composition.
SMB, Chile.
Borage (p.2267·3).
Barrier preparation; dry skin.

Andromaco, Mex.
Ambroxol (p.1550·3); dextromethorphan (p.1555·2).
Respiratory-tract congestion.

Dexolan *Streuli, Switz.*
⊗ Dexamethasone (p.1526·1); zinc oxide (p.1621·2).
Skin disorders.

Dexoline *Novartis, Ital.*
⊗ Chloramphenicol (p.239·3); dexamethasone sodium phosphate (p.1526·2); tetryzoline hydrochloride (p.1574·1).
Eye disorders.

Dexoltryn *Ultra, Mex.*
Dextromethorphan hydrobromide (p.1555·2); ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Dexolut *Dexa, Indon.*
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders with congestion.

Dexomon *Hillcross, UK.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, periarticular, and soft-tissue disorders; pain.

Dexon *General Drugs, Thai.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dexona
Note. This name is used for preparations of different composition.
Cadila, Cz.†; Cadila, India.
⊗ Dexamethasone (p.1526·1) or dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Jofrain, Mex.
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Cadila, Rus.
Ear/eye drops: ⊗ Dexamethasone phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected ear and eye disorders.

Cadila, Rus.
Injection; tablets: ⊗ Dexamethasone (p.1526·1) or dexamethasone phosphate (p.1526·2).
Corticosteroid.

Dexona Eye/Ear *Cadila, India.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Bacterial eye infections; inflammatory ear disorders.

Dexone *Keene, USA.*
⊗ Dexamethasone acetate (p.1526·1).
Corticosteroid.

Dexoph
Seng, Hong Kong.
⊗ Dexamethasone phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected ear disorders; infected eye disorders.

Seng, Thai.
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye and ear disorders.

DexOptifen *Spirig, Switz.*
Dexibuprofen (p.39·2).
Fever; gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Dexorange *Franco-Indian, India.*
Ferric ammonium citrate (p.1938·1); vitamin B (p.1980·2); folic acid (p.1940·1).
Anaemias.

Dexosyn Plus *Bell, India.*
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected inflammatory eye disorders.

Dexosyn-C *Bell, India.*
⊗ Chloramphenicol (p.239·3); dexamethasone (p.1526·1).
Corneal lesions; infected inflammatory eye disorders.

Dexosyn-N *Bell, India.*
⊗ Neomycin sulfate (p.305·1); dexamethasone (p.1526·1).
Corneal lesions; infected inflammatory eye disorders.

Dex-Otic *Teva, Israel.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected ear disorders.

DexPak *ECR, USA.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Dexphen M *Boca, USA.*
Dexchlorpheniramine maleate (p.572·1); hyoscine methonitrate (p.1734·2); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract disorders.

Dexpin *Greater Pharma, Thai.*
Dextromethorphan hydrobromide (p.1555·2); terpin hydrate (p.1573·3); chlorphenamine maleate (p.571·3).
Coughs.

Dexprofen *Polfa Kutno, Pol.*
Dexibuprofen (p.39·2).
Fever; inflammation; pain.

Dexprofeno *Richmond, Arg.*
Dextropropoxyphene (p.40·1); ibuprofen lysine (p.64·2).
Fever; pain.

Dexsal
Note. This name is used for preparations of different composition.
Reckitt Benckiser, Austral.
Oral granules: Sodium citrotartrate (p.1674·2); tartaric acid (p.2395·2); glucose (p.1945·3); sodium bicarbonate (p.1673·2).
Dyspepsia.

Reckitt Benckiser, Austral.
Oral liquid: Calcium carbonate (p.1714·1); simeticone (p.1770·2).
Dyspepsia; flatulence.

Dexsin *Christo, Hong Kong.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Cough.

Dexsol *Rosemont, UK.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dexsul *Parggon, Mex.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected eye disorders.

Dextafen *Otto, Indon.*
⊗ Dexamethasone (p.1526·1); dexchlorpheniramine maleate (p.572·1).
Allergic disorders.

Dextamine
Note. This name is used for preparations of different composition.
Cifarma, Braz.
⊗ Dexchlorpheniramine maleate (p.572·1); betamethasone (p.1518·2).
Hypersensitivity reactions.

Phapros, Indon.
⊗ Dexamethasone (p.1526·1); dexchlorpheniramine maleate (p.572·1).
Allergic disorders.

Dextasona *Blausiegel, Braz.†.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dexthasol *Olan-Kemed, Thai.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dexton *TP, Thai.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Dextone *Tocogino, Mex.*
⊗ Dexamethasone (p.1526·1); neomycin (p.305·1).
Infected eye disorders.

Dextonil *Plusandex, Venez.*
Dextromethorphan hydrobromide (p.1555·2); ammonium chloride (p.1551·3).
Cough.

Dextracin *Xepa-Soul Pattinson, Hong Kong; Xepa-Soul Pattinson, Malaysia; Xepa-Soul Pattinson, Singapore.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye and ear disorders.

Dextral *Molex Ayus, Indon.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); phenylpropanolamine hydrochloride (p.1569·3); chlorphenamine maleate (p.571·3).
Cough; influenza symptoms.

Dextramet *Hua, Thai.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dextramine *Camden, Singapore.*
Dexchlorpheniramine maleate (p.572·1).
Allergic rhinitis; allergic skin disorders; insect bites.

Dextrarine Phenylbutazone *Sanofi-Aventis, Fr.*
Dextran sulfate (p.2293·1); phenylbutazone (p.117·1).
Tendinitis.

Dextrevit *Valeant, Mex.*
Vitamin B substances; vitamin C; glucose (p.1922·1).
Neuritis; vitamin deficiencies.

Dextricea *Durban, Spain.*
Rice; gelatin tannate (p.2394·3); pectin (p.2145·2); wheat germ.
Diarrhoea.

Dextrifer *Intermed, Gr.*
Iron polymaltose (p.1953·1).
Iron-deficiency anaemia.

Dextrifer-Fol *Intermed, Gr.*
Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Anaemias.

Dextro *Osoth, Thai.*
Dextromethorphan (p.1555·2); guaifenesin (p.1561·3); chlorphenamine maleate (p.571·3).
Coughs.

Dextro BS *Osoth, Thai.*
Dextromethorphan (p.1555·2); terpin hydrate (p.1573·3); chlorphenamine maleate (p.571·3).
Coughs.

Dextro + Dipirona *Richmond, Arg.*
Dextropropoxyphene (p.40·1); dipyrone (p.49·2).
Fever; pain.

Dextro GG *Jean-Marie, Hong Kong.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Cough.

Dextro OG-T *Roche, Ger.*
Mono- and oligosaccharide mixture.
Glucose tolerance test.

Dextro Plus *Jean-Marie, Hong Kong.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Cough; nasal congestion.

Dextrocilla *Europharm, Hong Kong.*
Dextromethorphan hydrobromide (p.1555·2); cocillana (p.1554·3); senega (p.1572·3); squill (p.1573·1).
Cough.

Dextrodip *Drawer, Arg.*
Dextropropoxyphene (p.40·1); dipyrone (p.49·2).
Pain.

Dextrodyl *CCM, Malaysia.*
Dextromethorphan hydrobromide (p.1555·2); promethazine hydrochloride (p.588·2).
Coughs.

Dextrolyte *Unipharma, Gr.; Tablets, India.*
Sodium chloride; potassium citrate; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Dextrolyte-E *Tablets, India.*
Electrolyte infusion (p.1667·1).
Fluid and electrolyte imbalance.

Dextrolyte-G *Tablets, India.*
Electrolyte infusion (p.1667·1).
Forced diuresis; loss of gastric juice; mild alkalosis.

Dextrolyte-M *Tablets, India.*
Electrolyte infusion (p.1667·1).
Fluid and electrolyte imbalance; metabolic acidosis.

Dextrolyte-P *Tablets, India.*
Electrolyte infusion (p.1667·1).
Fluid and electrolyte imbalance; mild acidosis.

Dextrome *Christo, Hong Kong.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dextromethorphan Compound *Pharmaniaga, Malaysia.*
Dextromethorphan hydrobromide (p.1555·2); promethazine hydrochloride (p.588·2).
Formerly known as Metofen Compound.
Coughs.

Dextromine *General Drugs, Thai.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3).
Coughs.

Dextropirac *Montpellier, Arg.†.*
Dexibuprofen (p.39·2).
Fever; gout; inflammation; musculoskeletal and joint disorders; pain.

Dextroral *General Drugs, Thai.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dextroref *Chemical, Fr.*
Dextropropoxyphene hydrochloride (p.40·1); paracetamol (p.108·1).
Pain.

Dextro-Sal *Behrens, Venez.†.*
Glucose (p.1945·3); sodium chloride (p.1686·1).
Carbohydrate source; fluid and electrolyte disorders.

Dextrosin
Note. This name is used for preparations of different composition.
Otto, Indon.
Syrup: Dextromethorphan hydrobromide (p.1555·2); phenylpropanolamine hydrochloride (p.1569·3); diphenhydramine hydrochloride (p.577·2); guaifenesin (p.1561·3).
Respiratory-tract disorders.

Otto, Indon.
Tablets: Dextromethorphan hydrobromide (p.1555·2); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); guaifenesin (p.1561·3).
Respiratory-tract disorders.

Dextrosone *Quality, Hong Kong.*
⊗ Betamethasone (p.1518·2); dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions; inflammatory eye disorders.

Dextrostat *Shire Richwood, USA.*
⊗ Dexamfetamine sulfate (p.2153·1).
Attention deficit hyperactivity disorder; narcoleptic syndrome.

Dextrostix *Bayer, Arg.; Bayer Diagnostics, Mex.*
Test for glucose in blood (p.2314·1).

Dextrotos *Lafedar, Arg.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Dextrovitase *Ache, Braz.†.*
Vitamin B substances; ascorbic acid; glucose (p.1922·1).
Nutritional supplement.

Dex-Tuss CV *Cypress, USA.*
Codeine phosphate (p.37·2); guaifenesin (p.1561·3).
Cough.

Dex-Tuss DM *Cypress, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Cough.

Dexyclav *Dexa, Indon.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Dexycol *Dexa, Indon.*
Thiamphenicol (p.351·1).
Bacterial infections.

Dexylin *General Drugs, Thai.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye and ear disorders.

Dexymox *Dexa, Indon.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Dezabil *Alpharma, Mex.*
Albendazole (p.139·2).
Worm infections.

Dezacor *Faes, Spain.*
⊗ Deflazacort (p.1524·3).
Corticosteroid.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Dezartal *Andromaco, Chile.*
⊗ Deflazacort (p.1524·3).
Corticosteroid.

Dezcard *Siam Bheasach, Thai.*
Doxazosin mesilate (p.1275·1).
Benign prostatic hyperplasia; hypertension.

Dezepan *Klonal, Arg.*
Diazepam (p.986·3).
Anxiety.

Dezor *Hoe, Malaysia; Hoe, Singapore; Hoe, Thai.*
Ketoconazole (p.539·1).
Fungal skin and scalp infections; seborrhoeic dermatitis.

Dezoral *Hoe, Singapore†.*
Ketoconazole (p.539·1).
Fungal skin infections; seborrhoeic dermatitis.

Dezorol *Profarm, Pol.*
Methenamine (p.298·3); menthol (p.2340·1); salicylic acid (p.1612·2).
Hyperhidrosis of the feet.

DF 118 *GSK, Hong Kong; Galen, Irl.; GSK, Malaysia; Aspen, S.Afr.; Martindale Pharmaceuticals, UK.*
Dihydrocodeine tartrate (p.48·1).

Phenoxybenzamine hydrochloride (p.1369·3).
Neurogenic bladder; phaeochromocytoma.

Dibertil *Sandipro, Belg.*
Metoclopramide hydrochloride (p.1747·3).
Adjunct in gastrointestinal examination; nausea and vomiting.

Dibetam *Vitapan, Braz.†.*
⊗ Betamethasone (p.1518·2).
Corticosteroid.

Dibetasol *Shin Poong, Malaysia; Shin Poong, Singapore.*
⊗ Betamethasone dipropionate (p.1518·3); betamethasone sodium phosphate (p.1518·3).
Corticosteroid.

Dibetid *Arlex, Mex.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Dibetop *Davi, Port.†.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Dibetop Q *Davi, Port.†.*
⊗ Betamethasone dipropionate (p.1518·3); salicylic acid (p.1612·2).
Skin disorders.

Dibicor *Pik, Rus.*
Taurine (p.2395·2).
Diabetes mellitus; glycoside intoxication; heart failure.

Dibional *Rivero, Arg.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Dibistic *Elvetium, Arg.†.*
Didanosine (p.870·2).
HIV infection.

Dibizide *Eurodrug, Malaysia†.*
Glipizide (p.441·3).
Diabetes mellitus.

Diblocin *AstraZeneca, Ger.*
Doxazosin mesilate (p.1275·1).
Benign prostatic hyperplasia; hypertension.

Dibondrin *Montavit, Austria.*
Diphenhydramine hydrochloride (p.577·2).
Hypersensitivity disorders; prophylaxis against anaphylactic shock; sedative.

Dibose *Ranbaxy, Malaysia.*
Acarbose (p.436·2).
Diabetes mellitus.

Dibro-Be Mono *Dibropharm, Ger.*
Potassium bromide (p.2269·2).
Epilepsy.

Dibromol *Trommsdorff, Ger.*
Sodium 3,5-dibromo-4-hydroxybenzenesulphonate; bromchlorophen (p.1632·2); isopropyl alcohol (p.1650·3).
Skin disinfection.

Dibroxin *Tecnofarma, Mex.†.*
Bromhexine (p.1552·2).
Respiratory-tract congestion.

Dibtrigen *Diba, Mex.*
Vitamin and mineral preparation (p.1922·1).

Dibufen *Diba, Mex.*
Ibuprofen (p.64·2).
Inflammation; musculoskeletal, joint and peri-articular disorders; pain.

Dibunafon *Royal, Chile.*
Sodium dibunate (p.1573·1).
Formerly contained sodium dibunate, chlorphenamine maleate, paracetamol, and sodium benzoate.
Coughs.

Dibutasona *Diba, Mex.*
⊗ Dexamethasone (p.1526·1); phenylbutazone (p.117·1).
Inflammation; rheumatism.

Dical
Note. This name is used for preparations of different composition.
Grunenthal, Mex.
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; calcium and vitamin D supplement.

Abbott, USA.
Calcium with vitamin D and phosphorus (p.1922·1).
Calcium deficiency; dietary supplement.

Dicalcico *Etifar, Venez.†.*
Calcium hydrogen phosphate (p.1676·1); colecalciferol (p.1986·2); vitamin A (p.1971·2).
Calcium and vitamin supplement.

Di-Calci-Plex *Khandelwal, India.*
Multivitamin and mineral preparation with calcium (p.1922·1).
Calcium deficiency; vitamin deficiency.

Dicalcium *Abiogen, Ital.†.*
Vitamin A palmitate (p.1973·1); colecalciferol (p.1986·2); calcium carbonate (p.1714·1).
Vitamin or mineral deficiency.

Dical-D
Note. This name is used for preparations of different composition.
Abbott, Chile†.
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; hypocalcaemia; osteomalacia; osteoporosis; rickets.

Abbott, Hong Kong.
Calcium with vitamin D and phosphorus (p.1922·1).
Dietary supplement.

Dicalm *Vita Health, Switz.†.*
Valerian (p.2410·1); lupulus (p.2335·2); ballota; passion flower (p.2363·2).

Pinaverium bromide (p.2368·1).
Adjunct in gastrointestinal radiography; gastrointestinal and biliary-tract pain and spasm; gastrointestinal motility disorders; irritable bowel syndrome; smooth muscle spasm.

Dicfafena *IQFA, Mex.*
Diclofenac (p.44·2).
Inflammation; musculoskeletal and joint disorders; pain.

Dichlotride *MSD, Austral.†; MSD, Denm.†; MSD, Malaysia†; MSD, Port.†; M & H, Thai.*
⊗ Hydrochlorothiazide (p.1307·3).
Hypertension; oedema; premenstrual syndrome.

Diciclor *Spefar, Venez.†.*
Dicycloverine hydrochloride (p.1722·3).
Smooth muscle spasm.

Dicigel *Galeno, Venez.*
Dicycloverine hydrochloride (p.1722·3); aluminium hydroxide (p.1706·2); magnesium oxide (p.1744·1).
Antacid; smooth muscle spasm.

Dicigon *Parggon, Mex.*
Dicycloverine (p.1723·1).
Smooth muscle spasm.

Dicil *Royal, Chile.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Dicillin *Sandoz, Denm.*
Dicloxacillin sodium (p.265·2).
Bacterial infections.

Dicinone *Sanofi-Aventis, Braz.; Pensa, Spain.*
Etamsylate (p.1064·3).
Haemorrhage.

Dicitrate *Pharmascience, Canad.†; Pharmascience, Singapore.*
Sodium citrate dihydrate (p.1673·3); citric acid monohydrate (p.2284·1).
Acid aspiration; acidosis; gout; neutralising buffer; renal calculi; systemic alkaliniser.

Diclac
Investi, Arg.
Diclofenac (p.44·2) or diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Hexal, Austral.; Hexal, Austria; Hexal, Braz.†; Hexal, Ger.; Sandoz, Hung.; Rowex, Irl.; Sandoz, Mex.; Hexal, Pol.; Hexal, Rus.; Ecosol, Switz.
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; oedema; pain.

Dicladox *Ivax, Arg.*
Doxorubicin (p.712·2).
Malignant neoplasms.

Diclamina *Esteve, Spain.*
Cinnarizine (p.573·1); heptaminol acefyllinate (p.1123·2).
Vascular headache; vertigo.

Diclanil *Condrugs, Thai.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Diclax *Douglas, NZ.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders; pain.

Diclaxol *Hexal, Austria.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Diclectin *Duchesnay, Canad.*
Doxylamine succinate (p.578·2); pyridoxine hydrochloride (p.1978·2).
Nausea and vomiting of pregnancy.

Diclen *Lamsa, Arg.*
Clonixin lysine (p.37·1).
Inflammation; pain.

Dicleophen *Sons, Mex.*
Dicloxacillin (p.265·2).
Bacterial infections.

Diclex *Meiji, Thai.*
Dicloxacillin sodium (p.265·2).
Bacterial infections.

Diclo *1A, Ger.; ABZ, Ger.; Betapharm, Ger.; CT, Ger.; Carinopharm, Ger.; Kade, Ger.; Pinewood, Irl.; Camden, Singapore; Cophar, Switz.†.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Diclo P *Uniao Quimica, Braz.*
Diclofenac potassium (p.44·3).

Dicloabak *Thea, Port.*
Diclofenac sodium (p.44·3).
Inhibition of miosis during cataract surgery; prevention of inflammation and pain following ocular surgery.

Diclo-B *Lannacher, Austria.*
Diclofenac sodium (p.44·3); thiamine hydrochloride (p.1976·1); pyridoxine hydrochloride (p.1978·2); cyanocobalamin (p.1980·2).
Gout; musculoskeletal, joint, and peri-articular disorders; neuralgia; neuritis; pain.

diclo-basan *Sandoz, Switz.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain; soft-tissue injuries.

Diclobene
Ratiopharm, Austria.
Diclofenac potassium (p.44·3) or diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain; renal and biliary colic.

Merckle, Rus.
Diclofenac sodium (p.44·3).

Dicloberl
Berlin-Chemie, Pol.
Diclofenac (p.44·2).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Berlin-Chemie, Rus.
Diclofenac sodium (p.44·3).

Diclocil *BMS, Austral.; BMS, Denm.; BMS, Fin.; BMS, Gr.; BMS, NZ; BMS, Norw.; BMS, Port.; BMS, Swed.; BMS, Thai.; BMS, Venez.*
Dicloxacillin sodium (p.265·2).
Bacterial infections.

Diclocillin *TO-Chemicals, Thai.*
Dicloxacillin sodium (p.265·2).
Bacterial infections.

Diclocular *Angelini, Ital.*
Diclofenac sodium (p.44·3).
Pain and inflammation of the eye.

Diclodan *Pharmacodane, Denm.*
Diclofenac (p.44·2).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Diclo-Denk *Denk, Hong Kong; Denk, Singapore†.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders.

Diclodent *GS, Port.*
Diclofenac (p.44·2).

Dicloderm Forte *Decrox, Spain.*
⊗ Dichlorisone acetate (p.1529·1).
Skin disorders.

Diclo-Divido *Alpharma-Isis, Ger.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders.

Diclodoc *Docpharm, Ger.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders.

DicloDuo *BMS, Pol.*
Diclofenac sodium (p.44·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Diclof *Brasterapica, Braz.†.*
Diclofenac (p.44·2).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Diclo-F *Promed, Rus.*
Diclofenac sodium (p.44·3).
Cystoid macular oedema following surgery; inflammatory eye disorders; inhibition of miosis in cataract surgery.

Diclofan *Boniscontro & Gazzone, Ital.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders; pain.

Diclofast *Specifar, Gr.*
Diclofenac potassium (p.44·3).
Inflammatory disorders.

Diclofemed *Ethimed, Belg.*
Diclofenac sodium (p.44·3).

Diclofen
Pharmacia, Braz.†.
Diclofenac potassium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.
SVUS, Cz.; Berlin Pharm, Thai.†.
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.
Jean-Marie, Hong Kong.
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Diclofen P *SM, Venez.*
Diclofenac potassium (p.44·3).
Fever; inflammation; pain.

Diclofenacol *Hyperion, Rus.*
Diclofenac sodium (p.44·3); menthol (p.2340·1).

Diclofenax *Infabra, Braz.†.*
Diclofenac potassium (p.44·3).

Diclofenbeta *Betapharm, Ger.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Diclofetamol *Ducto, Braz.*
Caffeine (p.1116·3); carisoprodol (p.1894·1); diclofenac sodium (p.44·3); paracetamol (p.108·1).

Dicloflam
Molex Ayus, Indon.; Pharmacare, S.Afr.
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders; pain.
Santa, Turk.
Diclofenac potassium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Dicloflex *Dexcel, UK.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Dicloftal *Lepori, Port.*
Diclofenac sodium (p.44·3).
Inflammatory eye disorders.

Dicloftil *Farmigea, Ital.*
Diclofenac sodium (p.44·3).
Inflammatory eye disorders.

Diclogea *Gea, Denm.†.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Diclo-Gel *Sandoz, Ger.*
Diclofenac sodium (p.44·3).
Inflammation; soft-tissue disorders.

Diclogel *Polipharm, Thai.*
Diclofenac diethylamine (p.44·3).
Inflammation; pain.

Diclogenom *Genom, Braz.*
Diclofenac sodium (p.44·3).
Eye disorders.

Diclogenta *Centaur, India.*
Diclofenac sodium (p.44·3); gentamicin sulfate (p.282·1).
Bacterial eye infections with inflammation.

Diclogesic
TRB, Arg.
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Biliary and renal colic; gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.
Dar Al Dawa, Hong Kong.
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Diclogesic Forte *TRB, Arg.*
Diclofenac potassium (p.44·3); paracetamol (p.108·1).
Inflammation; pain.

Diclogesic Plus B12 *TRB, Arg.*
⊗ Diclofenac potassium (p.44·3); betamethasone (p.1518·2); cyanocobalamin (p.1980·2).
Musculoskeletal and joint disorders; neuropathy.

Diclogesic Relax *TRB, Arg.*
Diclofenac sodium (p.44·3); pridinol mesilate (p.1898·1).
Musculoskeletal and joint disorders.

Diclogrand *Ahimsa, Arg.*
Diclofenac (p.44·2).
Inflammation; pain.

Diclohexal
Hexal, Austral.; Hexal, NZ.
Diclofenac sodium (p.44·3).
Dysmenorrhoea; gout; inflammation; musculoskeletal and joint disorders; pain.
Hexal, S.Afr.
Diclofenac diethylamine (p.44·3), diclofenac potassium (p.44·3), or diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Diclokalium *Prati-Donaduzzi, Braz.†.*
Diclofenac (p.44·2).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Diclokin *Kinder, Braz.*
Chloroquine phosphate (p.599·3).
Malaria.

Diclolak *Grunenthal, Venez.†.*
Dicloxacillin sodium (p.265·2).
Bacterial infections.

Diclolan *Olan-Kemed, Thai.*
Diclofenac sodium (p.44·3).
Musculoskeletal, joint, and peri-articular disorders.

Diclomar *Mar, Arg.*
Diclofenac (p.44·2).
Inflammation; pain.

Diclomar Flex *Mar, Arg.*
Diclofenac (p.44·2); pridinol (p.1898·2).
Inflammation; muscle spasm; pain.

Diclomax *Provalis, Irl.; koGen, UK.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Haemorrhage; menorrhagia; metrorrhagia; vascular fragility.

Didamega *Larkhall Laboratories, UK.*
Multivitamin and mineral preparation (p.1922·1).

Didanox *Cristalia, Braz.†.*
Didanosine (p.870·2).
HIV infection.

Didasten *Landsteiner, Mex.*
Didanosine (p.870·2).
HIV infection.

Di-Delamine *Commerce, USA; Del, USA.*
Diphenhydramine hydrochloride (p.577·2); tripelennamine hydrochloride (p.592·2).
Pruritus.

Dideral *Sanofi Synthelabo, Turk.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; migraine; myocardial infarction; phaeochromocytoma; tremor.

Didor *Viatris, Port.†.*
Dihydrocodeine tartrate (p.48·1).
Pain.

Didrex *Upjohn, USA.*
⊗ Benzfetamine hydrochloride (p.2152·1).
Obesity.

Didrica *Pensa, Spain.*
Calcium chloride; potassium chloride; sodium chloride; sodium lactate; glucose (p.1672·2).
Oral rehydration therapy.

Didrocal *Pfizer, Austral.; Procter & Gamble, Canad.*
28 White tablets, etidronate disodium (p.1097·1); 76 blue tablets, calcium carbonate (p.1714·1).
Osteoporosis.

Didrogyl *IFET (IΦET), Gr.; Bruno, Ital.*
Calcifediol (p.1986·1).
Hypocalcaemia; hypoparathyroidism; osteomalacia; osteoporosis; renal osteodystrophy; rickets; vitamin D deficiency.

Didrokit *Procter & Gamble, Neth.*
Tablets, etidronate disodium (Didronel) (p.1097·1); tablets, calcium carbonate (Cacit) (p.1714·1).
Osteoporosis.

Didronat *Kocak, Turk.*
Etidronate disodium (p.1097·1).
Paget's disease of bone.

Didronate *Procter & Gamble, Denm.; Roche, Fin.; Roche, Swed.*
Etidronate disodium (p.1097·1).
Ectopic ossification; osteoporosis; Paget's disease of bone.

Didronate Calcium *Procter & Gamble, Denm.*
14 Tablets, etidronate disodium (p.1097·1); 76 tablets, calcium carbonate (p.1714·1).
Osteoporosis.

Didronate + Calcium *Roche, Fin.; Roche, Swed.*
14 Tablets, etidronate disodium (p.1097·1); 76 tablets, calcium carbonate (p.1714·1).
Osteoporosis.

Didronate + Calsium *Procter & Gamble, Norw.*
14 Didronate tablets, etidronate disodium (p.1097·1); 76 calcium tablets, calcium carbonate (p.1714·1).
Osteoporosis.

Sodium cyclamate (p.1936·3); saccharin (p.1960·2).
Sugar substitute.

Dietacil *IMA, Braz.*
Aspartame (p.1930·1).
Sugar substitute.

Dietamina *Neckerman, Braz.†.*
Aspartame (p.1930·1).
Sugar substitute.

Dietasal *Libbs, Braz.*
Sodium chloride; potassium chloride (p.1672·2).
Oral rehydration solution.

Dietene *Adcock Ingram, S.Afr.*
⊗ Cathine hydrochloride (p.2152·2).
Obesity.

Diethizine *Pond's, Thai.*
Diethylcarbamazine citrate (p.143·1).
Filariasis; loiasis.

Dietil *Trenker, Thai.*
⊗ Diethylpropion hydrochloride (p.2154·3).
Obesity.

Dietline *NPC, Fr.*
A range of dietary supplements (p.1922·1).

Dietmann *Zydus, India.*
Glucomannan (p.2312·3).
Constipation; diabetes mellitus; hyperlipidaemias; obesity.

Dietoman *Teofarma, Ital.; Armstrong, Mex.*
Glucomannan (p.2312·3).
Diabetes mellitus; lipid disorders; obesity.

Di-Eudrin *Biotech, Venez.*
⊗ Hydrochlorothiazide (p.1307·3).
Hypertension; oedema.

Diezime *Recordati, Ital.*
Cefodizime sodium (p.226·1).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Gram-negative bacterial infections.

Diezol Compuesto *Galeno, Venez.†.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).
Pain; smooth muscle spasm.

Dif Vitamin A Masivo *Roche, Spain†.*
Vitamin A acetate (p.1973·1).
Vitamin A deficiency.

Difadol *Polfa Warszawa, Pol.*
Diclofenac (p.44·2) or diclofenac sodium (p.44·3).
Gout; inflammatory eye disorders; musculoskeletal, joint, and peri-articular disorders; pain.

Difarben *Rayere, Mex.*
Pancreatin (p.2360·1); simeticone (p.1770·2).
Digestive disorders.

Difaterol *Bial, Spain.*
Bezafibrate (p.1232·1).
Hyperlipidaemias.

Difebril *Cifarma, Braz.*
Dipyrone (p.49·2).
Fever; pain.

Di-Fedril *Quim-Far, Venez.†.*
Diphenhydramine hydrochloride (p.577·2).
Hypersensitivity reactions.

Difelene *TNP, Thai.†.*
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Difemic *Pharmasant, Thai.*
Dicycloverine hydrochloride (p.1722·3); mefenamic acid (p.80·1).
Gastrointestinal spasm with pain.

Difen
Note. This name is used for preparations of different composition.
Allergan, Braz.
Pranoprofen (p.119·1).
Inflammatory eye disorders.

Stulln, Ger.; Nakorn, Thai.
Diclofenac sodium (p.44·3).
Eye inflammation; gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain; prevention of miosis in eye surgery.

Meyer, Venez.
Paracetamol (p.108·1); caffeine (p.1116·3); dihydroergotamine mesilate (p.618·2).
Migraine.

Difenac
Lafedar, Arg.; DHA, Hong Kong; DHA, Singapore; TP, Thai.
Diclofenac sodium (p.44·3).
Musculoskeletal and joint disorders.

Dollder, Venez.
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Difenac Forte *Lafedar, Arg.*
⊗ Diclofenac potassium (p.44·3); betamethasone (p.1518·2); cyanocobalamin (p.1980·2).
Musculoskeletal and joint disorders; neuritis.

Difenacol *Chemists Own, Austral.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Cold symptoms; cough.

Difenak *Terra, Turk.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Difenan *Royton, Braz.†.*
Diclofenac sodium (p.44·3).
Inflammation; pain.

Difenax *GX, Philipp.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders; pain.

Difend *Medicus, Gr.†.*
Diclofenac sodium (p.44·3).
Inflammatory disorders.

Difene *Fujisawa, Austria; Astellas, Irl.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain; renal colic.

Difenet *Nycomed, Denm.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Difengesic *Bangkok Lab & Cosmetic, Thai.*
Diclofenac diethylamine (p.44·3).
Musculoskeletal, joint, and peri-articular disorders.

Difenidrin *Cristalia, Braz.*
Diphenhydramine hydrochloride (p.577·2).

Difeno *Milano, Thai.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders.

Difenol *APT, Hong Kong.*
Diclofenac sodium (p.44·3).
Musculoskeletal and joint disorders.

Difensil *Humana, Ital.*
Sicillian red orange.
Tonic.

Diferbest *Best, Mex.*
Naproxen sodium (p.92·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Diferin *Grossman, Mex.*
Ampicillin (p.204·1).
Bacterial infections.

Difexon
Note. This name is used for preparations of different composition.
Bago, Chile.
Povidone-iodine (p.1659·2).
Burns; disinfection of mucous membranes and skin; skin infections; ulcers; vaginal infections; wounds.

Benzydamine hydrochloride (p.27·3).
Mouth and throat inflammation and pain; musculoskeletal, joint, and soft-tissue disorders; painful inflammatory disorders.

Difflam Anti-inflammatory Anti-Bacterial Lozenges *3M, Singapore.*
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1).
Mouth and throat disorders.

Difflam Anti-inflammatory Lozenges
Note. This name is used for preparations of different composition.
3M, Hong Kong.
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1).
Mouth and throat disorders.

3M, Malaysia.
Benzydamine hydrochloride (p.27·3).
Mouth and throat pain and inflammation.

Difflam Anti-inflammatory Lozenges with Cough Suppressant *3M, Austral.*
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1); pholcodine (p.1570·2).
Formerly known as Difflam Anti-inflammatory Cough Lozenges.
Coughs; sore throat.

Difflam Anti-inflammatory Lozenges (with Antibacterial) *3M, Malaysia.*
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1).
Mouth and throat disorders.

Difflam Anti-Inflammatory Lozenges (with cough suppressant) *3M, Malaysia.*
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1); pholcodine (p.1570·2).
Cough; mouth and throat disorders.

Difflam Anti-inflammatory Throat Spray *3M, Austral.*
Benzydamine hydrochloride (p.27·3).
Mouth and throat pain.

Difflam Cough *3M, NZ.*
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1); pholcodine (p.1570·2).
Coughs; mouth and throat disorders.

Difflam Lozenges *3M, Austral.*
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1).
Mouth and throat pain.

Difflam Mouth Gel *3M, Austral.; 3M, Hong Kong; 3M, Malaysia; 3M, NZ; 3M, Singapore.*
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1).
Mouth pain and inflammation.

Difflam Solution *3M, Austral.; 3M, Malaysia.*
Benzydamine hydrochloride (p.27·3).
Mouth and throat pain and inflammation.

Indometacin (p.66·3); caffeine (p.1116·3); prochlorperazine maleate (p.1020·1).
Headache; migraine.

Difnal
Ranbaxy, Malaysia.
Diclofenac potassium (p.44·3) or diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Ranbaxy, Singapore.
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Difnan *Hikma, Port.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Difonate *Pharmanel, Gr.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Diformil *Faes, Spain.*
Metaformaldehyde (Trioxane).
Formerly contained formaldehyde.
Mouth infections.

Diformiltricina *Faes, Spain.*
Cetrimonium bromide (p.1635·1); benzocaine (p.1854·1); metaformaldehyde (Trioxane); tyrothricin (p.358·2).
Formerly contained cetrimonium bromide, benzocaine, formaldehyde, and tyrothricin.
Mouth and throat disorders.

Diformin *Leiras, Fin.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

DiFortan *Emo-Farm, Pol.*
Naproxen cholinate.
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Difosfen *Omedir, Arg.; Rubio, Singapore; Rubio, Spain; Rubio, Thai.; TTN, Thai.*
Etidronate disodium (p.1097·1).
Ectopic ossification; osteoporosis; Paget's disease of bone.

Erythromycin (p.269·2).
Bacterial infections.

Eribiotic *Teuto, Braz.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Ericaf *Tempo Scan Pacific, Indon.*
Ergotamine (p.621·3); caffeine (p.1116·3).
Migraine.

Ericin *Chew, Thai.*
Erythromycin stearate (p.270·1).
Bacterial infections.

Eridamin *Brasmedica, Braz.†.*
Benzydamine hydrochloride (p.27·3).
Fever; inflammation; pain.

Eridosis *Orravan, Spain.*
Erythromycin (p.269·2).
Acne.

Eriflogin *Asta Medica, Braz.†.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Erifostine *Teva Tuteur, Arg.*
Amifostine (p.1436·3).
Reduction of haematotoxicity and nephrotoxicity associated with chemotherapy.

Eriglobin *Max Farma, Ital.*
Ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of the iron.
Iron-deficiency anaemia.

Erigon *Extractum, Hung.*
Codeine hydrochloride (p.37·2); sulfogaiacol (p.1573·2).
Coughs and cold symptoms.

Erigrand *Ahimsa, Arg.*
Erythromycin (p.269·2).
Bacterial infections.

Eriken *Kendrick, Mex.*
Cisapride (p.1720·3).
Gastro-oesophageal reflux; gastrointestinal motility disorders.

Eril
Note. This name is used for preparations of different composition.
Savio, Ital.†.
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Asahi, Jpn†.
Fasudil hydrochloride (p.1285·2).
Cerebral vasospasm following subarachnoid haemorrhage.

Erilon *Biotech, Venez.*
⊗ Desonide (p.1525·1).
Skin disorders.

Erimicin
Note. This name is used for preparations of different composition.
Cassara, Arg.; D & M, Chile.
Benzoyl peroxide (p.1590·2); erythromycin (p.269·2).
Acne.

Sanli, Turk.
Erythromycin (p.269·2).
Bacterial infections.

Erimicina *Globo, Braz.†.*
Erythromycin (p.269·2).
Bacterial infections.

Erimit *TP, Thai.*
Erythromycin estolate (p.269·3) or erythromycin stearate (p.270·1).
Bacterial infections.

Erimycin *Siam Bheasach, Thai.*
Erythromycin ethyl succinate (p.269·3) or erythromycin stearate (p.270·1).
Bacterial infections.

Erinol *Homeocan, Canad.*
Homoeopathic preparation.

Eriogem *Eriochem, Arg.*
Gemcitabine (p.728·1).
Malignant neoplasms.

Erios *Mepha, Switz.*
Erythromycin ethyl succinate (p.269·3) or erythromycin stearate (p.270·1).
Bacterial infections.

Eriox *Eriochem, Arg.*
Docetaxel (p.710·3).
Malignant neoplasms.

Erioxal *Eriochem, Arg.*
Paclitaxel (p.759·1).
Malignant neoplasms.

Eripan *Biofarma, Braz.†.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Erisine *Lafedar, Arg.*
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Erisol *Cassara, Arg.*
Erythromycin (p.269·2).
Acne.

Erispan *Maver, Mex.*
⊗ Betamethasone sodium phosphate (p.1518·3).
Corticosteroid.

Eristin *Atlas, Arg.*
Erythromycin lactobionate (p.270·1); colistimethate sodium (p.256·3).
Bacterial eye infections.

Erisuspen *Medifarma, Mex.*
Erythromycin (p.269·2).
Bacterial infections.

Erit *Duncan, Arg.*
Erythromycin (p.269·2).
Bacterial infections.

Eritax *Luper, Braz.†.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Eritimix *Etifar, Venez.†.*
Erythromycin (p.269·2).
Bacterial infections.

Eritina
Note. This name is used for preparations of different composition.
Cristalia, Braz.
⊗ Epoetin alfa (p.1061·1).
Anaemias.

Sanitas, Port.†.
Erythromycin propionate (p.270·1).
Bacterial infections.

Eritos *Biolab Sanus, Braz.*
Dropropizine (p.1557·3).
Coughs.

Eritrax *Luper, Braz.†.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Eritrazon *Cipan, Port.*
Erythromycin stearate (p.270·1).
Bacterial infections.

Eritrerba *Pfizer, Mex.†.*
Erythromycin (p.269·2).
Bacterial infections.

Eritrex *Ache, Braz.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Eritrex A *Ache, Braz.*
Erythromycin (p.269·2); azulene (p.2262·3).
Bacterial skin infections.

Eritril
Note. This name is used for preparations of different composition.
Northia, Arg.
Enalapril (p.1276·1).
Hypertension.

Ortoquimica, Braz.†.
Erythromycin (p.269·2).
Bacterial infections.

Eritrin *Hebron, Braz.†.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Eritro *Kocak, Turk.*
Erythromycin stearate (p.270·1).
Bacterial infections.

Eritrobron *Casasco, Arg.*
Erythromycin estolate (p.269·3); bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders.

Eritrocina
Abbott, Ital.
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Amdipharm, Port.
Erythromycin ethyl succinate (p.269·3) or erythromycin lactobionate (p.270·1).
Bacterial infections.

Eritroderm *Valeant, Arg.*
Erythromycin (p.269·2).
Acne.

Eritrofarm *Valeant, Arg.*
Erythromycin lactobionate (p.270·1).
Bacterial conjunctivitis.

Eritrofarmin *Rayere, Mex.†.*
Erythromycin (p.269·2).
Bacterial infections.

Eritrogen *Bioprofarma, Arg.*
⊗ Epoetin beta (p.1061·1).
Anaemias; autologous blood transfusion.

Eritrogobens *Normon, Spain.*
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Eritrolat *Liferpal, Mex.*
Erythromycin (p.269·2).
Bacterial infections.

Eritromax *Blausiegel, Braz.*
⊗ Epoetin (p.1061·1).
Anaemias.

Eritromed *Biocumed, Arg.*
Erythromycin (p.269·2) or erythromycin lactobionate (p.270·1).
Bacterial eye infections.

Eritroped *Abbott, Venez.†.*
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Eritropharma *Alpharma, Mex.*
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Eritropiu *Uno, Ital.*
Ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of the iron.
Iron-deficiency anaemia.

Eritroquim *Quimica y Farmacia, Mex.†.*
Erythromycin (p.269·2).
Bacterial infections.
