Homoeopathic preparation.

Lymphaden N *Hevert, Ger.†.*
Homoeopathic preparation.

Lymphaden PE *Hevert, Ger.*
Homoeopathic preparation.

Lymphadenomtropfen N *Syxyl, Ger.†.*
Homoeopathic preparation.

Lymphazurin *Tyco, Canad.; US Surgical, USA.*
Sulphan blue (p.2394·2).
Adjunct in lymphography.

Lymphdiaral *Pascoe, Neth.; Pascoe, Ger.*
Homoeopathic preparation.

Lymphdiaral Aktiv *Pascoe, Ger.*
Homoeopathic preparation.

Lymphdiaral sensitiv *Pascoe, Ger.*
Homoeopathic preparation.

Lymphoglobulin *Genzyme, Ger.*
An antilymphocyte immunoglobulin (horse) (p.1817·3).
Aplastic anaemia; graft-versus-host disease; transplant rejection.

Lymphoglobuline *Aventis Pasteur, Braz.†; Imtix, Cz.†; Genzyme, Fr.; Gerolymatos, Gr.; IFET (ΙΦΕΤ), Gr.; Sangstat, Hong Kong†; Imtix Sangstat, Israel; Imtix, Ital.; Sangstat, Malaysia†; Genzyme, Neth.; Genzyme, Pol.; Aventis, S.Afr.; Pacific Biosciences, Singapore†; Sangstat, Singapore†; Genzyme, Switz.; Aventis Pasteur, Thai.†; Aventis Pasteur, Turk.*
An antilymphocyte immunoglobulin (p.1817·3).
Aplastic anaemia; graft-versus-host disease; immunosuppressant; medullary aplasia; transplant rejection.

Lymphomyosot *Peithner, Austria; Heel, Cz.; Heel, Ger.; Heel, Neth.; Heel, S.Afr.; Biotecnoquimica, Venez.†.*
Homoeopathic preparation.

Lymphomyosot N *Heel, Ger.*
Homoeopathic preparation.

Lymphoscint *Nycomed, Cz.†.*
Technetium-99m (p.2055·3) stannous sulfide.
Radionuclide imaging of the lymphatic system.

Lymphozil
Note. This name is used for preparations of different composition.
Cesra, Cz.
Thiamine hydrochloride; echinacea; fucus vesiculosus; lachesis mutus; silicii dioxidum; calcii carbonas; faex desenzymata (p.1922·1).
Tonic.

Cesra, Ger.; Cesra, Pol.
Echinaceae pallida (p.2298·1).
Tonic; upper respiratory-tract infection.

Lymphtropfen S *Cosmochema, Ger.†.*
Homoeopathic preparation.

Lyndan *LA, Arg.*
Lindane (p.2045·3); benzocaine (p.1854·1).

Lyndavel *Umeda, Philipp.*
Medroxyprogesterone acetate (p.2113·1).
Adjunct in hormone replacement therapy; endometriosis; menstrual disorders; progestogen-only injectable contraceptive.

Lyndiol *Organon, Neth.†; Organon, Thai.†.*
Lynestrenol (p.2112·3); ethinylestradiol (p.2101·3).
Combined oral contraceptive; menstrual disorders.

Lynoral *Organon, India; Organon, Indon.; Organon, Neth.*
Ethinylestradiol (p.2101·3).
Breast cancer; lactation inhibition; male hypersexuality; menopausal disorders; menstrual disorders; oestrogen deficiency; prostatic cancer.

Lyn-ratiopharm-Sequenz *Ratiopharm, Ger.*
7 Capsules, ethinylestradiol (p.2101·3); 15 capsules, lynestrenol (p.2112·3); ethinylestradiol.
Sequential-type oral contraceptive.

Lynx *Wallace, India.*
Lincomycin hydrochloride (p.293·2).
Bacterial infections.

Lyo-Bifidus *Zydus, Fr.*
Bifidobacterium bifidus (*Bacillus bifidus*) (p.2372·3).
Diarrhoea.

Lyoclar *Lyofin, Gr.*
Clarithromycin (p.248·2).
Bacterial infections.

Lyo-Cortin *Vianex (Βιανεξ), Gr.†.*
⊗ Hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Lyoderm *Proel, Gr.*
⊗ Chlorocresol (p.1640·1); urea (p.1620·2).
Keratolytic.

Lyo-drol *Vianex (Βιανεξ), Gr.†.*
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Lyofoam *Medlock Medical, UK.*
Polyurethane foam dressing (p.1611·1).
Ulcers; wounds.

Lyofoam C *Medlock Medical, UK.*
Activated charcoal (p.1435·2).
Malodorous wounds.

Lyogen *Lundbeck, Ger.*
Fluphenazine decanoate (p.998·1) or fluphenazine hydrochloride (p.998·1).
Psychoses.

Lyomer *Jaba, Port.†; Abdi, Turk.*
Sea water (p.1686·1).
Nasal congestion; nasal hygiene.

Lyomer Plus *Qualiphar, Belg.*
Sterile hypertonic sea water (p.1686·1).
Nasal congestion.

Lyoprovir *Biomedica-Chemica, Gr.*
Cefuroxime axetil (p.238·2).
Bacterial infections.

Lyorodin *Rodleben, Ger.; UCB, Ger.*
Fluphenazine decanoate (p.998·1) or fluphenazine hydrochloride (p.998·1).
Psychoses.

Lyotret *Biomedica-Chemica, Gr.*
Isotretinoin (p.1599·2).
Acne.

Lyovac Cosmegen *MSD, Belg.; MSD, Ger.; MSD, Neth.; MSD, Thai.*
Dactinomycin (p.707·2).
Malignant neoplasms.

Lyphocin *APP, Hong Kong; American Pharmaceutical, USA.*
Vancomycin hydrochloride (p.358·3).
Bacterial infections.

Lypholyte *American Pharmaceutical, USA.*
A range of electrolyte preparations (p.1667·1).
Fluid and electrolyte disorders.

Lyprinol *Blackmores, Austral.; Life Plus, UK.*
Green-lipped mussel extract (p.2317·2).
Inflammation.

Lypsyl Cold Sore Gel *Novartis Consumer, UK.*
Lidocaine hydrochloride (p.1862·3); zinc sulfate (p.1999·2); cetrimide (p.1634·1).
Herpes labialis.

Anxiety; epilepsy; fibromyalgia; generalised anxiety disorder; neuropathic pain; postherpetic neuralgia.

Lyrinel *Janssen-Cilag, Austria; Janssen-Cilag, Ger.; Medac, Ger.; IFET (ΙΦΕΤ), Gr.; Janssen-Cilag, Mex.; Janssen-Cilag, Port.*
Oxybutynin hydrochloride (p.2190·3).
Bladder instability; urinary incontinence.

Lyrinel XL *Janssen-Cilag, Irl.; Janssen-Cilag, UK.*
Oxybutynin hydrochloride (p.2190·3).
Formerly known as Ditropan XL in the *UK.*
Urinary incontinence.

Lyrsedin *Sons, Mex.*
Loratadine (p.583·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

LYS *Nutricia-Bago, Arg.*
Food for special diets (p.1922·1).
Hyperlysinaemia.

Lysadam *Filadams, Philipp.*
Vitamins; calcium lactate; lecithin; lysine hydrochloride (p.1922·1).

Lysagor *Kalbe, Indon.*
Pizotifen (p.624·2).
Vascular headache.

Lysalgo *SIT, Ital.*
Mefenamic acid (p.80·1).
Inflammation; pain.

Lysantin *Medic, Denm.*
Orphenadrine hydrochloride (p.812·1).
Drug-induced extrapyramidal disorders; parkinsonism.

Lysanxia *Pfizer, Belg.; Lynapharm, Fr.*
Prazepam (p.1019·3).
Alcohol withdrawal syndrome; anxiety.

Lysbex *Provita, Austria.*
Bibenzonium bromide (p.1552·2).
Coughs.

Lysedil *Vifor, Switz.*
Promethazine hydrochloride (p.588·2); belladonna (p.2263·3).
Coughs; gastrointestinal disorders; hypersensitivity reactions; sedative.

Lyseen
Note. This name is used for preparations of different composition.
Strathmann, Ger.
Lactic-acid-producing organisms (p.2372·3).
Vaginal infections.

Novartis Consumer, Ital.
Pridinol mesilate (p.1898·1).
Skeletal muscle spasm.

Lysetol FF *Schulke & Mayr, Ger.†.*
Glutaral (p.1645·2); ethylhexanal (p.1644·1).
Instrument disinfection.

Lysetol Med *Schulke & Mayr, Ger.†.*
Cocospropylendiguanidinacetat; phenoxypropanol (p.1657·2); benzalkonium chloride (p.1629·1).
Instrument disinfection.

Lysinotol *Viatris, Spain†.*
Lysine aspirin (p.79·1).
Fever; musculoskeletal, joint, and peri-articular disorders; pain; thromboembolism prophylaxis.

Lyso-6 *UCB, Fr.; Galenica, Gr.; UCB, Switz.†.*
Muramidase hydrochloride (p.2348·1); pyridoxine hydrochloride (p.1978·2).
Mouth and throat disorders.

Lysobact *Bosnalijek, Rus.*
Muramidase hydrochloride (p.2348·1); pyridoxine hydrochloride (p.1978·2).
Mouth disorders.

Lysocalmspray *UCB, Fr.*
Cetrimide (p.1634·1); lidocaine hydrochloride (p.1862·3).
Mouth and throat disorders.

Lysocline *Teofarma, Fr.*
Methacycline hydrochloride (p.298·2).
Bacterial infections.

Mitotane (p.753·2).
Adrenocortical cancer.

Lysodrop *Viatris, Belg.†.*
Acetylcysteine (p.1548·2).
Dry eyes.

Lysoform *Lysoform, Ger.*
Formaldehyde (p.1644·2).
Surface and linen disinfection.

Lysoform Killavon *Lysoform, Ger.†.*
Benzalkonium chloride (p.1629·1).
Disinfection of skin, mucous membranes, and surfaces; skin disorders.

Lysoformin *Lysoform, Ger.*
Formaldehyde (p.1644·2); glutaral (p.1645·2).
Surface disinfection.

Lysoformin 3000 *Lysoform, Ger.*
Glyoxal (p.1646·1); glutaral (p.1645·2); didecyldimethylammonium chloride (p.1642·2).
Disinfection of instruments and surfaces.

Lysoformin spezial *Lysoform, Ger.*
Guanidine derivative; didecyldimethylammonium chloride (p.1642·2).
Disinfection of surfaces.

Lysomucil *Zambon, Belg.*
Acetylcysteine (p.1548·2).
Paracetamol overdose; respiratory-tract disorders associated with viscous mucus.

Lysopadol *Boehringer Ingelheim, Fr.*
Ambroxol hydrochloride (p.1550·3).
Sore throat.

Lysopaine
Note. This name is used for preparations of different composition.
Boehringer Ingelheim, Fr.
Muramidase hydrochloride (p.2348·1); cetylpyridinium chloride (p.1635·1).
Formerly contained muramidase hydrochloride, papaya sap, and bacitracin.
Mouth and throat infections.

Olvos, Gr.; Boehringer Ingelheim, Switz.
Muramidase hydrochloride (p.2348·1); papain (p.2362·3); bacitracin (p.210·3).
Mouth and throat disorders.

Lysoplac *Pierre Fabre, Rus.*
Chlorhexidine gluconate (p.1635·3); sodium citrate (p.1673·3); borax (p.2268·1).

Lysoprin *Rafa, Israel†.*
Lysine aspirin (p.79·1).
Glycine (p.1947·3) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Fever; pain.

Lysosmin *Seiko Eiyo, Hong Kong.*
Muramidase hydrochloride (p.2348·1).
Haemorrhage; respiratory-tract congestion; sinusitis.

Lysotossil *Zambon, Belg.*
Cloperastine fendizoate (p.1554·3) or cloperastine hydrochloride (p.1554·3).
Coughs.

Lysovir *Alliance, UK.*
Amantadine hydrochloride (p.792·3).
Influenza A.

Lysox *Menarini, Belg.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders associated with viscous secretions.

Lyssavac N *Berna, Ital.†; Berna, Switz.†; Berna, Thai.*
A rabies vaccine (duck embryo) (p.2234·1).
Active immunisation.

Lysthenon *Nycomed, Austria; Nycomed, Ger.; Nycomed, Rus.; Unique, Rus.; Nycomed, Switz.; Fako, Turk.*
Suxamethonium chloride (p.1909·3).
Depolarising neuromuscular blocker.

Lystin *Biolab, Hong Kong; Biolab, Thai.†.*
Nystatin (p.543·2).
Fungal infections; vaginal candidiasis.

Lytacur *Dexa, Indon.*
Lysine hydrochloride; vitamins; curcuminoid (p.1922·1).
Nutritional supplement.

Lyteers *Fischer, Israel.*
Sodium chloride (p.1686·1); potassium chloride (p.1684·3).
Eye irritation.

Lyteprep *E-Z-EM, Canad.†.*
Electrolyte solution (p.1667·1).
Gastrointestinal lavage.

Lytos *Roche, Fr.*
Clodronate disodium (p.1095·3).
Malignant hypercalcaemia; malignant osteolysis.

Lytren *Mead Johnson Nutritionals, Canad.†; Mead Johnson, Fr.†.*
Glucose; potassium citrate; sodium chloride; sodium citrate; citric acid (p.1672·2).
Diarrhoea; oral rehydration therapy.

Lyzyme *Shin Poong, Singapore.*
Muramidase hydrochloride (p.2348·1).
Haemorrhage; respiratory-tract congestion; sinusitis.

M & M *Malam, UK.*
Dressing: Cod-liver oil (p.1935·2); purified honey (p.1948·2).

Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
These ingredients can be described by the British Approved Name Co-magaldrox.
Antacid; dyspepsia; gastric hyperacidity; gastritis; gastro-oesophageal reflux; heartburn; peptic ulcer.

Sanofi-Aventis, Cz.
Oral suspension: Algeldrate (p.1706·2); magnesium hydroxide (p.1743·2).
Gastric hyperacidity.

Sanofi-Aventis, Cz.
Tablets: Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Gastric hyperacidity.

Maalox Antacid with Anti-gas *Novartis Consumer, Canad.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).

Maalox Antacid/Calcium *Novartis, USA†.*
Calcium carbonate (p.1714·1).
Calcium supplement; hyperacidity.

Maalox Anti-Gas *Novartis, USA†.*
Simeticone (p.1770·2).
Excess gastrointestinal gas.

Maalox Anti-Gas Extra Strength *Novartis, USA†.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Antacid; flatulence.

Maalox Ballonnements *Sanofi-Aventis, Fr.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); dimeticone (p.1770·2).
Flatulence; gastric hyperacidity.

Maalox Childrens *Novartis Consumer, USA.*
Calcium carbonate (p.1714·1).
Antacid.

Vitamin B substances, ascorbic acid, and valerian (p.2410·1)(p.1922·1).
Dietary supplement; stress.

Macro B *Wyeth Consumer, Austral.†.*
Vitamin B substances and ascorbic acid (p.1922·1).
Dietary supplement.

Macro C *Wyeth Consumer, Austral.†.*
Ascorbic acid (p.1983·3); calcium ascorbate (p.1984·1); citrus bioflavonoids (p.2304·1); rutoside (p.2305·1); hesperidin (p.2304·3).
Vitamin C supplement.

Macro E *Wyeth Consumer, Austral.†.*
d-Alpha tocopherol (p.1992·2).
Vitamin E deficiency; vitamin E supplement.

Macro Garlic *Wyeth Consumer, Austral.†.*
Odourless Arizona garlic (p.2309·2).
Cold and influenza symptoms.

Macro M *Wyeth Consumer, Austral.†.*
Multivitamin and mineral preparation (p.1922·1).
Dietary supplement.

Macro Maxepa *Wyeth Consumer, Austral.†.*
Eicosapentaenoic acid (p.1362·1); docosahexaenoic acid (p.1362·1); *d*-alpha tocoferil acetate.
Omega-3 fatty acid supplement.

Macro Natural Vitamin E Cream *Wyeth Consumer, Austral.*
d-Alpha tocoferil acetate (p.1992·3); vitamin A palmitate (p.1973·1); panthenol (p.2362·1); allantoin (p.1588·1); avocado oil.
Dry skin; minor skin disorders.

Macro-Albumon *Medi-Radiopharma, Cz.*
⊗ Technetium-99m (p.2055·3) labelled human albumin macroaggregate.
Diagnosis of lung disorders; radionuclide imaging of veins.

Macrobee with Iron *Pharma Nutria, Philipp.*
Ferrous fumarate (p.1938·3); vitamin B substances; manganese sulfate; copper sulfate (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Macrobee with Lysine *Pharma Nutria, Philipp.*
Lysine hydrochloride; vitamins (p.1922·1).
Nutritional supplement; tonic.

Macrobid *Procter & Gamble, Canad.; Goldshield, Irl.; Goldshield, UK; Procter & Gamble, USA.*
Nitrofurantoin (p.308·1).
Urinary-tract infections.

Macrocal-D *Ventaglio, Chile.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D supplement; osteoporosis.

Macrodantin *Pfizer, Austral.; Alza, Canad.†; Goldshield, Irl.; Procter & Gamble, Israel†; Geymonat, Ital.; Boehringer Ingelheim, Philipp.; GSK, S.Afr.; Goldshield, UK; Procter & Gamble, USA.*
Nitrofurantoin (macrocrystalline) (p.308·1).
Urinary-tract infections.

Macrodantina *Mantecorp, Braz.; Boehringer Ingelheim, Chile; Boehringer Ingelheim Promeco, Mex.; Farma, Venez.*
Nitrofurantoin (p.308·1).
Bacterial infections of the urinary tract.

Macrodex

Torrex, Austria; Pharmalink, Ger.†; Meda, Hung.
⊗ Dextran 60 (p.1059·3) in sodium chloride.
Plasma volume expansion; thromboembolism prophylaxis.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Meda, Denm.; Pharmacia Upjohn, Israel; Pisa, Mex.†; Meda, Norw.; Alliance, S.Afr.; Meda, Swed.; Braun, Switz.†; Eczacibasi-Baxter, Turk.; Pharmacia, USA.
⊗ Dextran 70 (p.1059·3) in sodium chloride.
Hypovolaemic shock; plasma volume expansion; shock; thromboembolism prophylaxis.

Macrodoxine *Lagamed, S.Afr.†.*
Vitamin B substances with vitamin C (p.1922·1).

Macrofurin *Mavi, Mex.*
Nitrofurantoin (p.308·1).
Urinary-tract infections.

Macrol
Note. This name is used for preparations of different composition.
United American, Philipp.
Roxithromycin (p.331·1).
Bacterial infections; meningococcal meningitis prophylaxis.

Sanovel, Turk.
Clarithromycin (p.248·2).
Bacterial infections.

Macrolax *Chefaro, Ital.*
Docusate sodium (p.1725·1); sorbitol (p.1965·1).
Constipation.

Macrolid-S *SJA, Gr.*
Roxithromycin (p.331·1).
Bacterial infections.

Macromax *Valeant, Arg.; ICN, Pol.*
Azithromycin (p.207·1).
Bacterial infections.

Macromed *MedGen, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Macromicina *Frasca, Arg.*
Clarithromycin (p.248·2).
Bacterial infections.

Macromin *Macrophar, Thai.†.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Macro-P *Promefarm, Ital.*
Macrogol 4000 (p.2336·3); electrolytes (p.1667·1).
Bowel evacuation.

Macropen
Note. This name is used for preparations of different composition.
Menarini, Port.
Cefatrizine propylene glycol (p.221·3).
Bacterial infections.

KRKA, Rus.
Midecamycin (p.300·2).
Bacterial infections.

Xixia, S.Afr.
Amoxicillin trihydrate (p.202·2); flucloxacillin sodium (p.277·1).
Bacterial infections.

Macroral *Malesci, Ital.*
Midecamycin (p.300·2).
Bacterial infections.

Macrosan *Sanitas, Chile.*
Nitrofurantoin (p.308·1).
Bacterial urinary-tract infections.

Macrosil *Faes, Spain.*
Roxithromycin (p.331·1).
Bacterial infections.

Macrotec *GE, Cz.; GE, Port.; Amersham, Spain.*
⊗ Technetium-99m (p.2055·3) labelled human albumin macroaggregate.
Diagnostic agent; lung scintigraphy; radionuclide imaging of veins.

Macrox-5 *Liferpal, Mex.*
Thiamine (p.1976·3); vitamin B (p.1980·2); pyridoxine (p.1979·1).
Anaemias; neuritis.

Macroxam *Macropharma, Philipp.; SK, Philipp.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Macrozit *Liomont, Mex.*
Azithromycin (p.207·1).
Bacterial infections.

Macsoralen *Mac, India†.*
Methoxsalen (p.1605·1).
Vitiligo.

Mactex *Gynopharm, Chile.*
Norgestimate (p.2121·1); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Macugen *Pfizer, Braz.; Pfizer, Canad.; Pfizer, Cz.; Pfizer, Fr.; Pfizer, Gr.; Pfizer, Pol.; Pfizer, Port.; Pfizer, Singapore; Pfizer, UK; Eyetech, USA.*
Pegaptanib sodium (p.2364·1).
Neovascular (wet) age-related macular degeneration.

Macvit *Baif, Ital.*
Vitamin and mineral preparation (p.1922·1).

Madar *Teofarma, Ital.*
Nordazepam (p.1012·1).
Sleep disorders.

Madecassol *Bayer, Austria; Bayer, Belg.; Bayer, Chile; Bayer, Fr.; Nikolakopoulos (Νικολακόπουλος), Gr.; Roche Nicholas, Hong Kong; Corsa, Indon.; Roche Nicholas, Indon.; Serdex, Indon.; Sanofi Synthelabo, Mex.; Confar, Port.; Serdex, Thai.†; Roche, Turk.; Polinac, Venez.*
Centella (p.1592·3).
Burns; cicatrisation; haemorrhoids; keloids; phlebitis; scars; ulcers; venous insufficiency; wounds.

Madecassol C *Sanofi Synthelabo, Mex.*
Centella (p.1592·3); metronidazole (p.837·1); nitrofurazone (p.309·1).
Bacterial vaginosis; trichomoniasis.

Madecassol N *Sanofi Synthelabo, Mex.*
Centella (p.1592·3); nitrofurazone (p.309·1).
Vaginosis.

Madecassol Neomicina *Roche, Chile†.*
Centella (p.1592·3); neomycin sulfate (p.305·1).
Infected skin disorders; wounds.

Madecassol Neomycine Hydrocortisone *Bayer, Fr.†.*
⊗ Centella (p.1592·3); neomycin sulfate (p.305·1); hydrocortisone acetate (p.1535·2).
Infected skin disorders.

Madexin *Medic+Aid, Philipp.*
Cefalexin (p.218·2).
Bacterial infections.

Madicure *McNeil, Neth.*
Mebendazole (p.148·3).
Enterobiasis.

Madiplot *Takeda, Thai.*
Manidipine hydrochloride (p.1330·2).
Hypertension.

Madiprazole *Pharmadica, Thai.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Maditez *Medipharma, Arg.*
Terbinafine (p.546·3) or terbinafine hydrochloride (p.546·3).
Fungal infections.

Madlexin *Meiji, Indon.*
Cefalexin (p.218·2).
Bacterial infections.

Madol *Masa, Thai.*
Tramadol hydrochloride (p.130·3).
Pain.

Madola *Pharmaland, Thai.*
Tramadol hydrochloride (p.130·3).
Pain.

Madomine *Atlantic, Malaysia; Atlantic, Singapore†.*
Sulfadoxine (p.338·1); pyrimethamine (p.610·2).
Malaria.

Madonella *Kwizda, Austria.*
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3).
Triphasic oral contraceptive.

Madonna *Biolab, Malaysia; Biolab, Thai.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Levodopa (p.804·3); benserazide hydrochloride (p.796·3).
These ingredients can be described by the British Approved Name Co-beneldopa.
Parkinsonism; restless legs syndrome.

Madopark *Roche, Swed.*
Levodopa (p.804·3); benserazide hydrochloride (p.796·3).
Parkinsonism.

Madoxy *Pharmadica, Thai.*
Doxycycline (p.267·1).
Bacterial infections.

Madrox *Konimex, Indon.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Bloating; epigastric pain; flatulence; gastric hyperacidity; gastric pain; nausea; peptic ulcer.

Maelenoxyl *Foramen, Philipp.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Mafel *Raymos, Arg.*
Progesterone (p.2125·1).

Mafena *Maver, Mex.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and periarticular disorders; pain.

Maflurell *Sanorell, Ger.*
Homoeopathic preparation.

Maforan *Sriprasit, Thai.*
Warfarin sodium (p.1425·2).
Thromboembolic disorders.

Maformin *Sanofi Synthelabo, Hung.†; Pharmadica, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Mafusol *Biosynthesis, Rus.*
Sodium fumarate; sodium chloride; potassium chloride; magnesium chloride (p.1667·1).
Hypovolaemia; plasma substitute.

Mag *Cipla, India.*
Magnesium chloride (p.1679·1).

Mag-200 *Optimox, USA.*
Magnesium oxide (p.1744·1).
Magnesium deficiency.

Mag 2
Cooperation Pharmaceutique, Fr.
Magnesium carbonate (p.1743·1) or magnesium pidolate (p.1679·3).
Magnesium deficiency.

Galenica, Gr.; Sanofi-Aventis OTC, Ital.; Aventis, Switz.
Magnesium pidolate (p.1679·3).
Eclampsia; magnesium deficiency; magnesium supplement; muscular cramp; nervous disorders.

Mag 3 *Rez, Cz.*
Technetium-99m (p.2055·3) betiatide.
Kidney scintigraphy.

Mag 50 *Vitaplex, Austral.†.*
Magnesium amino acid chelate (p.1680·1).
Magnesium supplement.

Mag 77 *Osotspa, Thai.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Flatulence; gastric hyperacidity; gastritis; gastro-oesophageal reflux; peptic ulcer.

Mag Cit Prep *Medefield, Austral.†.*
Magnesium citrate (p.1743·2).
Bowel evacuation.

Mag 2 Junior *Cooperation Pharmaceutique, Fr.*
Magnesium carbonate (p.1743·1); magnesium oxide (p.1744·1).
Magnesium supplement.

Mag Kottas Krauterexpress Abfuhrtee *Kottas-Heldenberg, Austria.*
Frangula (p.1732·2); senna (p.1769·2); peppermint leaf (p.1761·2); fennel (p.2302·3); caraway (p.2276·3).

Verla, Switz.
Effervescent tablets; granules for oral liquid: Magnesium aspartate (p.1679·1).
Magnesium deficiency; magnesium supplement.

Verla, Switz.
Lozenges; tablets: Magnesium hydrogen glutamate (p.1680·1); magnesium citrate (p.1743·2).
Magnesium deficiency; magnesium supplement.

Magnesium Complexe *Vifor, Switz.*
Magnesium chloride (p.1679·1); magnesium hydrogen glutamate (p.1680·1); magnesium glycerophosphate (p.1679·2); magnesium orotate (p.2358·3); magnesium aspartate (p.1679·1).
Magnesium deficiency; magnesium supplement.

Magnesium compositum *OPW, Ger.†.*
Magnesium adipate (p.1680·1); magnesium nicotinate.
Circulatory disorders.

Magnesium Diasporal
Austroplant, Austria; Nycomed, Austria.
Magnesium citrate (p.1743·2), magnesium levulinate (p.1680·1); or magnesium sulfate (p.1679·3).
Magnesium deficiency.

Protina, Cz.†.
Magnesium citrate (p.1743·2) or magnesium sulfate (p.1679·3).
Magnesium deficiency.

Protina, Ger.
Magnesium citrate (p.1743·2), magnesium oxide (p.1744·1), or magnesium sulfate (p.1679·3).
Magnesium deficiency.

Protina, Hung.†; Protina, Switz.
Magnesium citrate (p.1743·2).
Magnesium deficiency; magnesium supplement.

Magnesium Naneli Lafar *Saba, Turk.*
Magnesium hydroxide (p.1743·2).

Magnesium Nutrimed *Nutrimed, Switz.*
Magnesium carbonate (p.1743·1).
Magnesium deficiency; magnesium supplement.

Magnesium Pharmavit *BMS, Cz.*
Magnesium oxide (p.1744·1); ascorbic acid (p.1983·3).
Magnesium deficiency.

Magnesium Plus *Cenovis, Austral.†; Vitelle, Austral.†.*
Magnesium orotate (p.2358·3); magnesium oxide (p.1744·1); magnesium amino acid chelate (p.1680·1); monobasic potassium phosphate (p.1682·2); calcium hydrogen phosphate (p.1676·1).
Mineral supplement.

Magnesium Pyre *Salvat, Spain.*
Magnesium bromide (p.1680·1); magnesium chloride (p.1679·1); magnesium fluoride (p.1955·2); magnesium iodide (p.1680·1).
Magnesium depletion.

Magnesium Sandoz *Novartis, Gr.*
Magnesium aspartate (p.1679·1); magnesium citrate (p.1743·2).
Magnesium deficiency.

Magnesium Tonil *APS, Ger.*
Capsules: Heavy magnesium oxide (p.1744·1).
Magnesium deficiency.

Magnesium Tonil mit Vitamin E *APS, Ger.*
Heavy magnesium oxide (p.1744·1); *dl*-alpha tocoferil acetate (p.1992·3).
Magnesium or vitamin E deficiency.

Magnesium Verla
Rowa, Irl.
Magnesium aspartate (p.1679·1).
Magnesium deficiency.

Verla, Ger.
Chewable tablets: Magnesium aspartate tetrahydrate (p.1679·1).
Magnesium deficiency.

Verla, Ger.
Effervescent tablets: Magnesium aspartate (p.1679·1).
Magnesium deficiency.

Verla, Ger.
Injection: Magnesium hydrogen glutamate (p.1680·1) or magnesium sulfate heptahydrate (p.1679·3).
Magnesium deficiency.

Magnesium Verla N
Verla, Ger.
Powder for oral solution: Magnesium aspartate (p.1679·1).
Magnesium deficiency.

Verla, Ger.
Tablets: Magnesium hydrogen glutamate (p.1680·1); magnesium citrate (p.1743·2).
Magnesium deficiency.

Magnesium Vital *Vifor, Switz.*
Magnesium aspartate (p.1679·1).
Magnesium deficiency; magnesium supplement.

Magnesium-B *Angelini, Port.†; Wassen, UK.*
Magnesium; vitamin B substances; vitamin C; betaine hydrochloride (p.1922·1).
Nutritional supplement.

Magnesium-OK
Note.This name is used for preparations of different composition.
Angelini, Ital.; Angelini, Port.†.
Magnesium; vitamins; minerals (p.1922·1).
Nutritional supplement.

Wassen, UK.
Magnesium oxide (p.1744·1); minerals; multivitamins (p.1922·1).

Magnesium-Plus-Hevert *Hevert, Ger.*
Magnesium oxide (p.1744·1); *d*-alpha tocopherol (p.1992·2).
Magnesium or vitamin E deficiency.

Magnesium-Sandoz *Sandoz, Switz.*
Magnesium aspartate (p.1679·1); magnesium citrate (p.1743·2).
Magnesium deficiency; magnesium supplement.

Magnesoide *Argenfarma, Arg.†.*
Magnesium (p.1678·3).
Magnesium supplement.

Magnesol *KRKA, Cz.†; KRKA, Pol.*
Magnesium citrate (p.1743·2).
Magnesium deficiency.

Magnesona *Vitoria, Port.*
Magnesium pidolate (p.1679·3).
Magnesium deficiency.

Magnesorot *Worwag, Ger.*
Magnesium orotate (p.2358·3).
Magnesium deficiency.

Magnespasmil *Grunenthal, Port.*
Magnesium lactate (p.1679·2).
Magnesium deficiency.

Magnespasmyl *Meuse, Belg.; Dexo, Fr.; Sanofi Synthelabo, Switz.†.*
Magnesium lactate (p.1679·2).
Magnesium deficiency; magnesium supplement.

Magnesulf *Austroplant, Austria.*
Magnesium sulfate (p.1679·3).
Arrhythmias; eclampsia; magnesium deficiency.

Magnetop *Grunenthal, Belg.†.*
Magnesium citrate (p.1743·2).

Magnetrans extra *Stada, Ger.*
Magnesium oxide (p.1744·1).
Magnesium deficiency.

Magnetrans forte *Stada, Ger.*
Magnesium oxide (p.1744·1).
Magnesium deficiency.

Magnevist *Schering, Arg.; Bayer, Austral.; Schering, Austria; Schering, Belg.; Berlex, Canad.; Schering, Cz.; Schering, Denm.; Schering, Fin.; Schering, Fr.; Schering, Ger.; Schering, Gr.; Bayer Schering, Hung.; Schering, Ital.; Bayer, NZ; Schering, Neth.; Schering, Norw.; Bayer, Port.; Schering, Rus.; Schering, S.Afr.; Schering, Spain; Schering, Swed.; Schering, Switz.; Bayer, UK; Hospira, USA.*
Meglumine gadopentetate (p.1479·2).
Contrast medium for magnetic resonance imaging.

Magnevistan *Schering, Braz.; Schering, Chile; Schering, Venez.*
Meglumine gadopentetate (p.1479·2).
Contrast medium for magnetic resonance imaging.

Magnevital *Bioextra, Hung.*
Magnesium oxide (p.1744·1); *d* tocopherol (p.1992·2).
Magnesium and vitamin E deficiency.

Magnezi Kalsine *Istanbul, Turk.*
Magnesium oxide (p.1744·1).
Dyspepsia.

Magnezin *Polfa Grodzisk, Pol.*
Magnesium carbonate (p.1743·1).
Arrhythmias; magnesium deficiency; tonic.

Magnezium *BMS, Hung.†.*
Magnesium oxide (p.1744·1); ascorbic acid (p.1983·3).
Magnesium deficiency.

Magnezytki *Sanofi-Aventis, Pol.*
Magnesium lactate (p.1679·2); wheat bran (p.1712·3).
Constipation; obesity.

Magnidicon *Tunggal Idaman, Indon.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Bloating; epigastric pain; flatulence; gastritis; peptic ulcer.

Magnidol *Streger, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Magnidol-Plus *Streger, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Magniferron *Filadams, Philipp.*
Ferrous sulfate (p.1939·3); vitamin B substances (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Magnil *Sons, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Magniton-R *Coup, Gr.*
⊗ Indapamide (p.1314·1).
Hypertension.

Magno Sanol *Sanol, Ger.; Schwarz, Ger.*
Magnesium oxide (p.1744·1).
Magnesium deficiency.

Magnocor *Viatris, Austria.*
Magnesium carbonate (p.1743·1); magnesium oxide (p.1744·1).
Coronary heart disease; magnesium deficiency.

Magnodor *Teuto, Braz.†.*
Metamizole magnesium (p.49·3).
Fever; pain.

Magnofit
Viatris, Ital.
Magnesium carbonate (p.1743·1).
Magnesium deficiency.

Viatris, Austria.
Magnesium citrate (p.1743·2); magnesium carbonate (p.1743·1).
Magnesium deficiency.

Magnogen *Baliarda, Arg.†.*
⊗ Buprenorphine hydrochloride (p.29·1).
Pain.

Magnogene
Note.This name is used for preparations of different composition.
Novartis Sante, Fr.; Interdelta, Switz.
Magnesium chloride (p.1679·1).
Magnesium deficiency; magnesium supplement.

Uriach, Spain.
Magnesium bromide (p.1680·1); magnesium fluoride (p.1955·2); magnesium hydroxide (p.1743·2).
Magnesium depletion.

Magnograf *Schering, Spain.*
Meglumine gadopentetate (p.1479·2).
Contrast medium for magnetic resonance imaging.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Magnokal
Note. This name is used for preparations of different composition.
Polfa Kutno, Pol.
Magnesium aspartate (p.1679·1); potassium aspartate (p.1684·2).
Magnesium and potassium deficiency.

Saba, Turk.
Magnesium hydroxide (p.1743·2).

Magnol *Atlantis, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Magnolat *Daudt, Braz.†.*
Magnesium pidolate (p.1679·3).
Magnesium supplement.

Magnolax *Pendopharm, Canad.*
Magnesium hydroxide (p.1743·2); liquid paraffin (p.2030·3).
Constipation.

Magnolex *Sante Naturelle, Canad.*
Magnesium chloride (p.1679·1) or magnesium glucep-tate (p.1679·1).

Magnolonas *Technobio, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Magnonorm *Generic on, Austria.*
Magnesium oxide (p.1744·1).
Magnesium deficiency.

Magnoplasm *Mayne, Austral.*
Glycerol (p.2314·2); magnesium sulfate (p.1679·3).
Poultice for abscesses, boils, and carbuncles.

Magnopyrol *Farmasa, Braz.; Rhein, Mex.*
Metamizole magnesium (p.49·3).
Fever; pain.

Magnoral *Medinfar, Port.*
Magnesium chloride (p.1679·1).
Magnesium deficiency.

Magnorol *Rolmex, Canad.*
Magnesium gluceptate (p.1679·1).

Magnosol *Viatris, Ital.*
Magnesium carbonate (p.1743·1); magnesium oxide (p.1744·1); potassium bicarbonate (p.1673·1).
Magnesium and potassium deficiency.

Magnosolv
Meda, Cz.; Meda, Hung.
Magnesium carbonate (p.1743·1); magnesium oxide (p.1744·1).
Magnesium deficiency.

Viatris, Austria.
Chewable tablets: Magnesium citrate (p.1743·2); magnesium carbonate (p.1743·1).
Magnesium deficiency.

Viatris, Austria.
Oral granules: Precipitated magnesium carbonate (p.1743·1); magnesium oxide (p.1744·1).
Magnesium deficiency.

Magnostase *Neo Quimica, Braz.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Magnoston *Ariston, Braz.*
Magnesium sulfate (p.1679·3).

Magnotab *Genericon, Austria.*
Magnesium oxide (p.1744·1).
Magnesium deficiency.

Magnox *Lennod, USA.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Hyperacidity.

Magnurol *Esteve, Spain.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Magnus *Sidus, Arg.*
Sildenafil citrate (p.2193·1).
Erectile dysfunction.

Magnyl *Nycomed, Denm.; SAD, Denm.*
Aspirin (p.20·3).
Magnesium hydroxide (p.1743·2) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Fever; inflammation; ischaemic heart disease; pain; thromboembolism prophylaxis.

Magocean *Proceane, Fr.*
Magnesium oxide (p.1744·1).
Magnesium supplement.

Magonate *Fleming, USA.*
Magnesium gluconate (p.1679·2); calcium hydrogen phosphate (p.1676·1).
Formerly contained magnesium gluconate.
Dietary supplement.

Magoral *ST, Thai.*
Magnesium oxide (p.1744·1).
Gastric hyperacidity; magnesium deficiency.

Mag-Oro *Eagle, Austral.*
Magnesium orotate (p.2358·3); magnesium aspartate (p.1679·1); magnesium amino acid chelate (p.1680·1); potassium aspartate (p.1684·2); pyridoxine hydrochloride (p.1978·2).
Magnesium, potassium, and vitamin B supplement.

Mag-Ox *Blaine, USA.*
Magnesium oxide (p.1744·1).
Hyperacidity; magnesium deficiency.

Cloxacillin sodium (p.256·1).
Bacterial infections.

Monocontin *Win-Medicare, India.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris.

Monocor *Biovail, Canad.; Wyeth, UK†.*
⊗ Bisoprolol fumarate (p.1234·1).
Angina pectoris; hypertension.

Monocorat *Armstrong, Mex.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris; heart failure; pulmonary hypertension.

Monocord *Dexxon, Israel.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris.

Monocordil *Baldacci, Braz.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris.

Monocrin *Pasteur, Philipp.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Monocrixo *Therabel, Fr.*
Tramadol hydrochloride (p.130·3).
Pain.

Monodin *Pfizer, Port.*
Amlodipine besilate (p.1214·1).
Hypertension; ischaemic heart disease.

Monodoks *Deva, Turk.*
Doxycycline (p.267·1).
Bacterial infections; malaria; oral herpes simplex infections.

Monodox *Oclassen, USA.*
Doxycycline (p.267·1).
Bacterial infections; intestinal amoebiasis.

Monodur *PMC, Austral.; AstraZeneca, Turk.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris.

Mono-Embolex *Novartis, Ger.*
Certoparin sodium (p.1242·3).
Depp-vein thrombosis; postoperative thrombosis prophylaxis.

Monofed *Garec, S.Afr.†.*
Pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract congestion.

Preparation for enteral nutrition in renal disease (p.1922·1).

Nefrol *Herbapol Krakow, Pol.*
Ammi visnaga (p.2256·1); petroselinum sativum; phaseolus vulgaris; solidago (p.2391·1); taraxacum (p.2395·1).
Renal calculi.

Nefrolactona *Vedim, Port.†.*
⊗ Spironolactone (p.1400·1).
Hepatic cirrhosis; hyperaldosteronism; hypertension of pregnancy; hypokalaemia; hypomagnesaemia; oedema.

Nefroplasmal *Braun, Port.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition in renal failure.

Nefroselamin *Biosel, Turk.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Nefrosept *Aflofarm, Pol.*
Bearberry (p.2263·3); solidago (p.2391·1).
Urinary-tract disorders.

Nefrotal *Roemmers Rowe, Venez.*
Losartan potassium (p.1326·1).
Heart failure; hypertension.

Nefrotal H *Roemmers Rowe, Venez.*
⊗ Losartan potassium (p.1326·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Nefro-Zinc *Medice, Ger.*
Zinc chloride (p.1999·1).
Zinc deficiency in dialysis patients.

Nefryl *Armstrong, Mex.*
Oxybutynin hydrochloride (p.2190·3).
Bladder instability.

Negaban *Eumedica, Belg.; Eumedica, UK.*
Temocillin sodium (p.347·1).
Gram-negative bacterial infections.

Negacef *Julphar, UAE.*
Ceftazidime (p.234·1).
Bacterial infections.

Negacne *Wierhom, Arg.*
Salicylic acid (p.1612·2); glycolic acid (p.1598·1); zinc sulfate (p.1999·2); coltsfoot (p.1555·1); aloe vera (p.1588·2).
Acne.

Negadix *CFL, India.*
Nalidixic acid (p.303·3).
Urinary-tract infections.

Negaflox *Cadila, Rus.*
Norfloxacin (p.309·2).
Bacterial infections.

Negalerg *ICN, Arg.†.*
⊗ Betamethasone (p.1518·2); loratadine (p.583·3).
Hypersensitivity reactions.

Negalerg L *ICN, Arg.†.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Negaporosis *Bajer, Arg.*
Calcium carbonate (p.1714·1); sodium monofluorophosphate (p.1964·3).
Osteoporosis.

Negatol *Altana, Fr.†; Altana, Ital.; Altana, Switz.*
Policresulen (p.1077·2).
Chilblains; furunculosis; gynaecological disorders; vaginitis; wounds.

Negatol Dental *Wild, Switz.*
Policresulen (p.1077·2).
Aphthous stomatitis; gingival haemorrhage.

Negazole *Julphar, UAE.*
Metronidazole (p.837·1) or metronidazole benzoate (p.837·1).
Anaerobic bacterial infections; bacterial vaginosis; dracunculiasis; inflammatory bowel disease; protozoal infections.

NegGram *Sanofi Synthelabo, Canad.†; Sanofi Winthrop, Israel†; Sanofi Synthelabo, Ital.†; Sanofi-Aventis, USA.*
Nalidixic acid (p.303·3).
Gram-negative urinary-tract infections.

Negortire *Armstrong, Mex.*
⊗ Epoetin alfa (p.1061·1).
Anaemias; autologous blood transfusion; chronic renal failure.

Negram *Sanofi-Aventis, Fr.†; Sanofi, Irl.; KRKA, Rus.; Sanofi-Aventis, UK†.*
Nalidixic acid (p.303·3).
Gram-negative urinary- and gastrointestinal-tract infections.

Negrustin *Hexal, Rus.*
St John's wort (p.422·3).
Anxiety; depression.

Nehydrin *Sanochemia, Austria.*
Dihydroergocristine mesilate (p.364·2).
Cerebrovascular disorders.

NeisVac *Baxter, Fr.*
A meningococcal group C conjugate vaccine (tetanus toxoid protein conjugate) (p.2224·1).
Active immunisation.

NeisVac-C *Baxter Immuno, Arg.; Baxter, Austral.; Baxter, Austria; Baxter, Belg.; ID Biomedical, Canad.; Baxter, Cz.; Baxter, Denm.; Baxter, Fin.; Baxter, Ger.; Baxter, Gr.; Baxter, Hung.; Baxter, Ital.; Baxter, Neth.; Baxter, Norw.; Baxter, Pol.; Baxter, Port.; Baxter, Spain; Baxter, Swed.; Baxter, Switz.; Baxter BioScience, UK.*
A meningococcal group C conjugate vaccine (tetanus toxoid protein conjugate) (p.2224·1).
Active immunisation.

Nekacin *New Research, Ital.*
Amikacin sulfate (p.200·3).
Gram-negative bacterial infections.

Nektol *Vamsler, Philipp.*
Paracetamol (p.108·1).
Fever; pain.

Nelabocin *Pharmathen, Gr.*
Cefuroxime axetil (p.238·2).
Bacterial infections.

Neladryl DMP *Galenium, Indon.*
Diphenhydramine hydrochloride (p.577·2); dextromethorphan hydrobromide (p.1555·2); phenylephrine hydrochloride (p.1568·1); ammonium chloride (p.1551·3); sodium citrate (p.1673·3); paracetamol (p.108·1).
Cough; fever; respiratory-tract congestion.

Neladryl Expectorant *Galenium, Indon.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Cough.

Nelapine *Littman, Philipp.; Berlin Pharm, Thai.*
Nifedipine (p.1350·1).
Angina pectoris; cardiac disorders; hypertension; Raynaud's syndrome.

Nelbinex *Pharmaten (Φαρματεν), Gr.†.*
Nimodipine (p.1357·2).
Neurological deficit following subarachnoid haemorrhage.

Nelconil *SJA, Gr.*
Nitrendipine (p.1358·2).
Hypertension.

Neldim *Vilco, Gr.*
Aciclovir (p.862·3).
Herpesvirus infections.

Nelex *Altana, Port.; Byk Madaus, S.Afr.†.*
Policresulen (p.1077·2).
Anogenital warts; cervical erosion; cervicitis; external urethral erosion; vaginal disorders; vaginitis.

Nelfilea *Elea, Arg.*
Nelfinavir (p.899·1).
HIV infection.

Nelicort *GMP, Indon.*
Fludrocortisone acetate (p.1530·1); polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); lidocaine hydrochloride (p.1862·3).
Inflammatory ear disorders; otitis externa.

Nelin *Biolab, Thai.*
Netilmicin sulfate (p.306·3).
Bacterial infections.

Neloren
Lek, Cz.
Lincomycin (p.293·1) or lincomycin hydrochloride (p.293·2).
Gram-positive bacterial infections.

Lek, Pol.
Lincomycin hydrochloride (p.293·2).
Bacterial infections.

Lek, Rus.
Lincomycin (p.293·1).
Bacterial infections.

Nelorpin *Ferrer, Spain.*
Pentoxifylline (p.1367·2).
Peripheral vascular disorders.

Nelsons Clikpak Series *Nelson, UK.*
A range of homoeopathic remedies.

Nelvir *Cipla, India; Cipla, Venez.*
Nelfinavir mesilate (p.898·2).
HIV infection.

Nemactil *Sanofi-Aventis, Spain.*
Pericyazine (p.1016·3).
Anxiety; behaviour disorders; psychoses.

Nemagran *Nestmann, Cz.†.*
Homoeopathic preparation.

Nemalin *Valetudo, Ital.*
Gentamicin sulfate (p.282·1).
Bacterial skin infections.

Nemapres *Kener, Mex.*
Mebendazole (p.148·3).
Worm infections.

Nemasol *ICN, Canad.†.*
Sodium aminosalicylate (p.201·2).
Tuberculosis.

Nemasole *Janssen-Cilag, Arg.*
Mebendazole (p.148·3).
Worm infections.

Nembutal *Abbott, Canad.†; Abbott, Hong Kong†; Abbott, Thai.†; Ovation, USA.*
Pentobarbital sodium (p.1016·1).
Epilepsy; insomnia; premedication; sedative.

Nemdyn *Hamilton, Austral.*
Neomycin undecenoate (p.305·2); bacitracin zinc (p.210·3).
Fungal or bacterial ear infections.

Nemegel *Medica, Arg.†.*
Sulfur (p.1614·1); resorcinol (p.1612·1); zinc oxide (p.1621·2); vitamin A palmitate (p.1973·1).
Acne.

Nemestran *Aventis, Arg.; Aventis, Cz.†; Aventis, Mex.; Aventis, Neth.; Aventis, Spain†; Aventis, Switz.*
⊗ Gestrinone (p.2106·1).
Endometriosis.

Nemexin *Torrex, Austria; Torrex Chiesi, Cz.; BMS, Ger.; Torrex, Hung.; BMS, Switz.*
Naltrexone hydrochloride (p.1455·2).
Opioid withdrawal.

Nemicina *Bunker, Braz.*
Neomycin sulfate (p.305·1).
Bacterial skin infections.

Nemocebral *Ivax, Arg.*
Idebenone (p.367·1).
Cerebrovascular disorders.

Nemocebral Plus *Ivax, Arg.*
Idebenone (p.367·1); nimodipine (p.1357·2).
Cerebrovascular disorders; mental function impairment.

Nemocid *Mexin, India; Ipca, Rus.*
Pyrantel embonate (p.155·1).
Worm infections.

Nemodine
Note. This name is used for preparations of different composition.
Diffucap, Braz.†.
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Kener, Mex.
Ketotifen fumarate (p.582·2).
Hypersensitivity reactions.

Dollder, Venez.
Nimodipine (p.1357·2).
Ischaemic neurological deficit; mental function impairment.

Nemoril *Gelpharma, Mex.*
Ginkgo biloba (p.2311·1).
Dietary supplement.

Nemotan *Medochemie, Rus.*
Nimodipine (p.1357·2).

Nemoxil *Neckerman, Braz.†.*
Amoxicillin (p.202·2).
Bacterial infections.

Nemozole *Ipca, India; Ipca, Rus.*
Albendazole (p.139·2).
Hydatid cyst; worm infections.

Nene Dent
Note. A similar name is used for preparations of different composition (see Nenedent, below).
Altana, Arg.
Benzocaine (p.1854·1); ethacridine lactate (p.1625·1); acriflavinium chloride (p.1625·1).
Mouth disorders.

Altana, Mex.
Lidocaine hydrochloride (p.1862·3); lauromacrogol 400 (p.1916·1).
Teething pain.

Nene Dent N *Nycomed, Braz.*
Lidocaine hydrochloride (p.1862·3); lauromacrogol 400 (p.1916·1); chamomile (p.2279·3).
Teething disorders.

Nene Dent NF *Altana, Arg.*
Chamomile (p.2279·3); lidocaine hydrochloride (p.1862·3); lauromacrogol 400 (p.1916·1).
Gingivitis.

Nenedent
Note. A similar name is used for preparations of different composition (see Nene Dent, above).
Zuoz, Venez.
Lidocaine hydrochloride (p.1862·3).
Mouth and throat disorders.

Nenegloss *Maver, Chile.*
Zinc oxide (p.1621·2); cod-liver oil (p.1935·2); vitamin A (p.1971·2); vitamin D (p.1986·1); allantoin (p.1588·1); with or without aloe vera (p.1588·2).
Cicatrisation.

Nenegloss Z *Maver, Chile.*
Zinc oxide (p.1621·2).
Barrier preparation.

Nene-Lax *Dentinox, Ger.*
Glycerol (p.2314·2).
Bowel evacuation; constipation.

Nenia *IBI, Ital.†.*
Zopiclone (p.1039·1).
Insomnia.

Neo Alertop *Laboratorios Chile, Chile.*
Levocetirizine (p.583·2).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders.

Neo Analsona *Casen Fleet, Spain.*
⊗ Benzocaine (p.1854·1); fluocinolone acetonide (p.1531·3); neomycin (p.305·1); ruscogenin (p.2382·2).
Anorectal disorders.

Neo Artrol *Abbott, Spain†.*
Flurbiprofen (p.61·2).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Neo A-V *Neo Dermos, Arg.*
Salicylic acid (p.1612·2).
Astringent.

Neo Axedil *Norma (Νορμα), Gr.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Neo Baby Cream *Neo Laboratories, UK.*
Cetrimide (p.1634·1); benzalkonium chloride (p.1629·1).
Nappy rash; skin irritation.

Neo Baby Gripe Mixture *Neo Laboratories, UK.*
Dill oil (p.2293·3); Strong Ginger Tincture BP (p.1732·3); sodium bicarbonate (p.1673·2).
Infant colic.

Neo Bacitrin
Note. This name is used for preparations of different composition.
Rottapharm, Spain.
Ointment: Bacitracin (p.210·3); neomycin sulfate (p.305·1); zinc oxide (p.1621·2).
Burns; skin infections; ulcers; wounds.

Rottapharm, Spain†.
Topical powder: Bacitracin (p.210·3); neomycin sulfate (p.305·1).
Burns; skin infections; ulcers; wounds.

Neo Bendazol *Neo Quimica, Braz.*
Albendazole (p.139·2).

Neo Benzil *Neo Quimica, Braz.†.*
Benzathine benzylpenicillin (p.212·1).
Bacterial infections.

Neo Borocillina *Wassermann, Ital.*
Dichlorobenzyl alcohol (p.1642·1); sodium benzoate (p.1630·2).
Mouth and throat disinfection.

Neo Borocillina Balsamica *Wassermann, Ital.*
Dichlorobenzyl alcohol (p.1642·1); terpin hydrate (p.1573·3); menglytate (p.1564·2).
Mouth and throat disinfection; respiratory-tract infections.

Neo Borocillina C *Wassermann, Ital.*
Dichlorobenzyl alcohol (p.1642·1); ascorbic acid (p.1983·3).
Mouth and throat disinfection.

Neo Borocillina Collutorio *Wassermann, Ital.*
Dichlorobenzyl alcohol (p.1642·1).
Mouth and throat disinfection.

Neo Borocillina Spray *Wassermann, Ital.*
Dichlorobenzyl alcohol (p.1642·1).
Mouth and throat disinfection.

Neo Borocillina Tosse Compresse *Wassermann, Ital.*
Dextromethorphan hydrobromide (p.1555·2); dichlorobenzyl alcohol (p.1642·1).
Coughs; mouth and throat disinfection.

Neo Borocillina Tosse Sciroppo *Wassermann, Ital.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Neo Butartrol *Sanitas, Chile.*
Ibuprofen (p.64·2); dipyrone (p.49·2); chlormezanone (p.968·3).
Headache; musculoskeletal and joint disorders.

Neo Butazol *Neo Quimica, Braz.*
Phenylbutazone calcium (p.117·1).

Neo Cal
Note. This name is used for preparations of different composition.
Golden Neo-Life, Canad.
Vitamin and mineral preparation (p.1922·1).

Neolab, Canad.
Calcium carbonate (p.1714·1).

Neo Cal D *Neolab, Canad.*
Calcium carbonate (p.1714·1); vitamin D (p.1986·1).

Neo Cardiol *Francia, Ital.*
Levocarnitine (p.1932·2).
Carnitine deficiency; myocardial ischaemia.

Neo Cebetil *Uniao Quimica, Braz.*
Vitamin B substances with vitamin C and fructose (p.1922·1).

Neo Cefadril *Neo Quimica, Braz.*
Cefadroxil (p.218·1).
Bacterial infections.

Neo Cefix *Neo Quimica, Braz.*
Cefixime (p.224·3).
Bacterial infections.

Neo Ceflex *Neo Quimica, Braz.*
Cefalexin (p.218·2).
Bacterial infections.

Neo Cepacol Pastiglie *Sanofi-Aventis, Ital.*
Cetylpyridinium chloride (p.1635·1).
Mouth and throat disinfection.

Neo Cerinutrina *Prospa, Port.†.*
Nutritional supplement (p.1922·1).

Neo Citran *Novartis, Austria; Novartis Consumer, Canad.†; Novartis Consumer, Hung.*
Paracetamol (p.108·1); pheniramine maleate (p.587·3); phenylephrine hydrochloride (p.1568·1); ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Neo Citran A *Novartis Consumer, Canad.†.*
Phenylephrine hydrochloride (p.1568·1); pheniramine maleate (p.587·3); ascorbic acid (p.1983·3).

Neo Citran Calorie Reduced *Novartis Consumer, Canad.†.*
Phenylephrine hydrochloride (p.1568·1); pheniramine maleate (p.587·3); paracetamol (p.108·1).

Neo Citran Chest Congestion & Cough *Novartis Consumer, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); paracetamol (p.108·1).

Neo Citran Cold & Flu *Novartis Consumer, Canad.†.*
Syrup: Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); doxylamine succinate (p.578·2); paracetamol (p.108·1).

Neo Citran Colds & Flu *Novartis Consumer, Canad.*
Oral powder: Pheniramine maleate (p.587·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).

Neo Citran Cough *Novartis Consumer, Canad.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Neo Citran Cough & Cold *Novartis Consumer, Canad.†.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2).

Neo Citran Cough Cold & Flu *Novartis Consumer, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2); paracetamol (p.108·1).

Neo Citran DM *Novartis Consumer, Canad.*
Phenylephrine hydrochloride (p.1568·1); pheniramine maleate (p.587·3); dextromethorphan hydrobromide (p.1555·2).

Neo Citran Extra Strength *Novartis Consumer, Canad.*
Phenylephrine hydrochloride (p.1568·1); pheniramine maleate (p.587·3); paracetamol (p.108·1).

Neo Citran Extra Strength Cold & Sinus *Novartis Consumer, Canad.*
Phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).

Neo Citran Grippe/refroidissement *Novartis Consumer, Switz.*
Paracetamol (p.108·1); pheniramine maleate (p.587·3); phenylephrine hydrochloride (p.1568·1); ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Neo Citran Nighttime Cold & Flu *Novartis Consumer, Canad.*
Phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1); diphenhydramine hydrochloride (p.577·2).

Neo Citran Nighttime Cough *Novartis Consumer, Canad.*
Diphenhydramine hydrochloride (p.577·2).

Neo Citran Non Drowsy Cold & Flu *Novartis Consumer, Canad.*
Dextromethorphan hydrobromide (p.1555·2); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).

Neo Citran Sinus *Novartis Consumer, Canad.*
Phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).

Neo Citran Sore Throat & Cough *Novartis Consumer, Canad.*

Neo Citran Total *Novartis Consumer, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2); paracetamol (p.108·1).

Neo Clodil *Neo Quimica, Braz.†.*
Clonidine hydrochloride (p.1247·1).
Hypertension.

Neo Clotrimazyl *Neo Quimica, Braz.*
Clotrimazole (p.530·1).
Fungal infections.

Neo Coltirot
Note. This name is used for preparations of different composition.
Roux-Ocefa, Arg.†.
Lozenges: Neomycin sulfate (p.305·1); gramicidin (p.286·1); benzocaine (p.1854·1).
Mouth and throat disorders.

Roux-Ocefa, Arg.
Topical spray: Neomycin sulfate (p.305·1); gramicidin (p.286·1); benzalkonium chloride (p.1629·1); benzocaine (p.1854·1).
Mouth and throat disorders.

Neo Coricidin *Schering-Plough, Ital.†.*
Chlorphenamine maleate (p.571·3); aspirin (p.20·3); caffeine (p.1116·3).
Cold symptoms.

Neo Coricidin Gola *Schering-Plough, Ital.†.*
Cetylpyridinium chloride (p.1635·1).
Mouth and throat disinfection.

Neo Cortofen *Biodue, Ital.*
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1).
Eczema; nasal mucosal inflammation; otitis externa; rhinitis.

Neo Davenol *Sunthi Sepuri, Indon.; Wyeth, Indon.*
Promethazine hydrochloride (p.588·2); dextromethorphan hydrobromide (p.1555·2).
Allergic disorders; cold symptoms; cough.

Neo Decabutin *Inkeysa, Spain.*
Indometacin (p.66·3).
Gout; inflammation; musculoskeletal, joint, and periarticular disorders; pain.

Neo Decapeptyl *Ache, Braz.*
⊗ Triptorelin embonate (p.2135·3).
Prostatic cancer.

Neo Diaform *Corsa, Indon.*
Kaolin (p.1738·1); pectin (p.2145·2).
Diarrhoea.

Neo Diastop *Armoxindo, Indon.*
Attapulgite (p.1709·1); pectin (p.2145·2).
Diarrhoea.

Neo DM *Laser, USA.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); brompheniramine maleate (p.569·2).
Cold symptoms; cough.

Neo Doxicilin *Neo Quimica, Braz.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Neo Eblimon *Guidotti, Ital.*
Naproxen (p.92·3).
Inflammation; musculoskeletal and joint disorders; pain.

Neo Emocicatrol *Bouty, Ital.*
Tannic acid (p.2394·3); benzalkonium chloride (p.1629·1).

Neo Emoform *Altana, Ital.†.*
Sodium monofluorophosphate (p.1964·3).
Gingivitis; oral hygiene.

Neo Entrostop *Kalbe, Indon.*
Activated attapulgite (p.1709·1); pectin (p.2145·2).
Diarrhoea.

Neo Esoformolo *Esoform, Ital.*
Sodium *o*-phenylphenol (p.1655·1).
Disinfection of waste materials.

Neo Fedipina *Neo Quimica, Braz.*
Nifedipine (p.1350·1).
Hypertension.

Neo Fenicol *Neo Quimica, Braz.*
Chloramphenicol (p.239·3) or chloramphenicol sodium succinate (p.240·1).
Bacterial infections.

Neo Fertinorm *Serono, Spain†.*
⊗ Urofollitropin (p.2136·3).
Female infertility; male infertility.

Neo Fluostomygen *Stomygen, Ital.*
Sodium monofluorophosphate (p.1964·3).
Dental caries prophylaxis.

Neo Folico *Neo Quimica, Braz.*
Folic acid (p.1940·1).
Anaemias.

Neo Formitrol *Mipharm, Ital.*
Cetylpyridinium chloride (p.1635·1).
Mouth disinfection.

Neo Fulvigal *Anfarm, Gr.*
Ticlopidine (p.1412·1).
Thromboembolic disorders.

Neo Furasil *Neo Quimica, Braz.*
Furazolidone (p.834·3).

Neo Gripe Mixture *Neo Laboratories, UK.*
Dill oil (p.2293·3); ginger (p.1732·3); sodium bicarbonate (p.1673·2).
Colic; teething.

Neo H2 *Boniscontro & Gazzone, Ital.*
Roxatidine acetate hydrochloride (p.1769·1).
Gastro-oesophageal reflux; peptic ulcer.

Neo HC *Laser, USA.*
Hydrocodone tartrate (p.63·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Cold symptoms; cough.

Neo Hidroclor *Neo Quimica, Braz.*
⊗ Hydrochlorothiazide (p.1307·3).
Diuretic.

Neo Hormoviton *Bode, Indon.; Tempo Scan Pacific, Indon.*
Yohimbe; damiana (p.2292·1); ginseng (p.2312·1); zinc; vitamin B ; royal jelly (p.2382·1) (p.1922·1).
Tonic for males.

Neo Hormoviton Greng *Bode, Indon.; Tempo Scan Pacific, Indon.*
Yohimbe; ginseng (p.2312·1); vitamin B ; royal jelly (p.2382·1) (p.1922·1).
Tonic for males.

Neo Hubber *Teofarma, Spain.*
⊗ Hydrocortisone acetate (p.1535·2); neomycin sulfate (p.305·1).
Ear disorders; rhinitis.

Neo Iloticina *Dista, Spain†.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Neo Iodine *Combiphar, Indon.*
Povidone-iodine (p.1659·2).
Mouth and throat disorders; skin disinfection; skin infections; wounds.

Neo Isocaden *Neo Quimica, Braz.*
Isoconazole nitrate (p.536·2).
Vaginal infections.

Neo Itrax *Neo Quimica, Braz.*
Itraconazole (p.536·3).
Fungal infections.

Neo Kaocitin *Erlimpex, Indon.*
Kaolin (p.1738·1); pectin (p.2145·2).
Diarrhoea.

Neo Kaolana *Sanbe, Indon.*
Kaolin (p.1738·1); pectin (p.2145·2).

Neomycin sulfate (p.305·1); benzocaine (p.1854·1).
Dental disorders.

Neocopan *Ducto, Braz.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).
Pain; skeletal muscle spasm.

Neocophen *Millimed, Thai.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3).
Cold and influenza symptoms; cough.

Neo-Cortef *Pharmacia, Canad.†.*
⊗ Hydrocortisone acetate (p.1535·2); neomycin sulfate (p.305·1).
Infected skin or eye disorders.

Neocorten *Sanli, Turk.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Neocortic *Ferron, Indon.*
⊗ Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); dexamethasone sodium sulfate.
Infected eye disorders.

Neocortin *Legrand, Braz.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye and ear disorders.

Neocortizul *Lersan, Arg.*
⊗ Chloramphenicol succinate (p.241·3); prednisolone (p.1540·3); phenylephrine hydrochloride (p.1568·1).

Neocristin *GSK, India.*
Vincristine sulfate (p.787·1).
Leukaemias; lymphomas.

Neo-Cromaton Bicomplesso *Menarini, Ital.*
Vitamin B substances (p.1922·1).
Deficiency states; macrocytic anaemias.

Neocrystepin *Zentiva, Cz.*
⊗ Chlortalidone (p.1243·3); dihydroergocristine mesilate (p.364·2); reserpine (p.1387·3).
Hypertension.

Neo-Currino *Fabra, Arg.*
⊗ Naphazoline hydrochloride (p.1565·2); neomycin sulfate (p.305·1).
Nasal congestion.

Neocutan *Medibrands, Israel.*
Dexpanthenol (p.2362·1).
Skin irritation.

Neocutan Silver *Medibrands, Israel.*
Dexpanthenol (p.2362·1); chlorhexidine gluconate (p.1635·3); silver chloride (p.2387·1); vitamin a (p.1971·2).
Minor burns.

Neo-Cutigenol *Centrapharm, Belg.*
Chlorhexidine acetate (p.1635·2); vitamin A palmitate (p.1973·1).
Burns; skin disorders; ulcers; wounds.

Neocutis *Pentaderm, Ital.*
Azelaic acid (p.1589·3); jaluramina.
Acne; seborrhoea.

Neo-Cystine *Sofex, Port.*
Cystine; vitamin A acetate (p.1922·1).
Hair and nail disorders.

Neo-Cytamen *Mayne, Austral.; UCB, Irl.; Teofarma, Ital.; GSK, NZ; UCB, UK.*
Hydroxocobalamin (p.1980·3).
Leber's optic atrophy; macrocytic anaemias; neuritis; tobacco amblyopia; vitamin B deficiency.

Neocyte *Biomedis, Philipp.*
Recombinant human granulocyte colony-stimulating factor.
Chemotherapy-induced neutropenia.

Neo-Davisolona *Davi, Port.*
⊗ Neomycin sulfate (p.305·1); prednisolone sodium phosphate (p.1541·2).
Infected eye disorders.

Neodazol *Neo Quimica, Braz.*
Secnidazole (p.846·3).
Amoebiasis; trichomoniasis.

Neo-Deca *CCM, Malaysia.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Allergic and inflammatory eye and ear disorders.

NeoDecadron *Merck, USA†.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Eye inflammation with bacterial infection; inflammatory skin disorders with secondary infection.

Neo-Decongestine *Sanopharm, Switz.*
Kaolin (p.1738·1); glycerol (p.2314·2); salicylic acid (p.1612·2); methyl salicylate (p.85·3).
Formerly contained kaolin, glycerol, guaiacol salicylate, and methyl salicylate.
Soft-tissue disorders; sore throat.

Neo-Delphicort *Dermapharm, Austria.*
⊗ Triamcinolone acetonide (p.1544·3); neomycin sulfate (p.305·1).
Ear or eye infection and inflammation.

Neoderm
Note. This name is used for preparations of different composition.
Adcock Ingram, S.Afr.
⊗ Hydrocortisone acetate (p.1535·2); neomycin sulfate (p.305·1).
Skin disorders.

Tai Guk, Singapore.
⊗ Betamethasone dipropionate (p.1518·3); clotrimazole (p.530·1); gentamicin sulfate (p.282·1).
Infected skin disorders.

Neoderma 47 *Neovita, Ital.*
Mallow (p.2337·2); vervain (p.2413·3); pansy (p.2415·2).
Barrier preparation.

Neoderm-F *Sons, Mex.*
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Neo-Desogen *Teleflex, Ital.*
Benzalkonium chloride (p.1629·1).
Instrument disinfection; skin, burn, and wound disinfection.

Neo-Destomygen *Stomygen, Ital.*
Chlorhexidine gluconate (p.1635·3).
Oral hygiene.

Neodetoxergon *Baldacci, Ital.*
Amino-acid, vitamin, and mineral preparation (p.1922·1).
Nutritional supplement.

Neodex
Note. This name is used for preparations of different composition.
Osoth, Thai.
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1).
Infected skin disorders.

Neo Quimica, Braz.
Cream: ⊗ Dexamethasone acetate (p.1526·1); neomycin sulfate (p.305·1).
Infected skin disorders.

Neo Quimica, Braz.
Tablets: ⊗ Dexamethasone acetate (p.1526·1).
Corticosteroid.

Neo-Dex (Improved) *Jean-Marie, Hong Kong.*
⊗ Dexamethasone sodium phosphate (p.1526·2); chloramphenicol (p.239·3).
Inflammatory eye infections.

Neodexa *Llorens, Spain.*
⊗ Dexamethasone phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye disorders.

Neodexa Plus *Novartis Ophthalmics, Arg.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1); naphazoline hydrochloride (p.1565·2).

Neo-Dexameth *Major, USA†.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Eye inflammation with bacterial infection.

Neodexasone *Medical Ophthalmics, USA.*
⊗ Dexamethasone phosphate (p.1526·2); neomycin (p.305·1).
Infected eye disorders.

Neodextril 40 *Fresenius Kabi, Port.*
⊗ Dextran 40 (p.1059·1) in glucose or sodium chloride.
Plasma volume expansion; thromboembolism prophylaxis.

Neodextril 70 *Fresenius Kabi, Port.*
⊗ Dextran 70 (p.1059·3) in glucose or sodium chloride.
Plasma volume expansion; thromboembolism prophylaxis.

Neo-Diaral *Roberts, USA.*
Loperamide (p.1741·3).
Diarrhoea.

Neo-Diophen *Hamilton, Austral.†.*
Mepyramine maleate (p.585·2); phenylpropanolamine hydrochloride (p.1569·3); dextromethorphan hydrobromide (p.1555·2); atropine sulfate (p.1219·3).
Asthma; bronchitis; coughs and cold symptoms; hay fever.

Neo-Disterin *Norma (Νορμα), Gr.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Neodol *Diba, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Neo-Dolaren *AF, Mex.*
Diclofenac diethylamine (p.44·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Neodolito *Diba, Mex.†.*
Paracetamol (p.108·1).
Fever; pain.

Neodolpasse *Fresenius Kabi, Austria; Fresenius Kabi, Cz.; Fresenius Kabi, Hung.*
Diclofenac sodium (p.44·3); orphenadrine citrate (p.812·1).
Inflammation; musculoskeletal and joint disorders; pain.

Neodor *Neo-Farmaceutica, Port.*
Capsicum oleoresin (p.2276·2).
Joint pain.

Neodox *Rosen, Ger.†.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Neo-DP *DP-Medica, Switz.†.*
Guaifenesin (p.1561·3); sodium benzoate (p.1630·2); althaea (p.2253·3); tolu balsam (p.1574·2); ribwort plantain (p.2379·1); thyme (p.2401·1); pini turionum; specierum pectoralium.
Coughs.

Neodrea *VHB, India†.*
Hydroxycarbamide (p.729·1).
Malignant neoplasms.

Neodrin *Neo Quimica, Braz.*
Dimenhydrinate (p.576·2).
Nausea and vomiting.

Neoduplamox *Procter & Gamble, Ital.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Neo-Duplofer *Hexal, Braz.†.*
Vitamins; minerals; liver extract; gastric mucosa (p.1922·1).

Neodur *Laborterapia, Port.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Neo-Durabolic *Hauck, USA.*
⊗ Nandrolone decanoate (p.2118·2).
Anaemia in renal disease.

Neodurasina *GSK Consumer, Spain†.*
Pseudoephedrine (p.1571·2).
Nasal congestion.

Neodyn *Carlo Erba OTC, Ital.†.*
Vitamin, mineral, and carbohydrate preparation with creatine (p.1922·1).
Nutritional supplement.

Neoefodil *Lafage, Arg.†.*
⊗ Naphazoline (p.1565·1); sodium citrate (p.1673·3); ephedrine (p.1558·1).
Nasal congestion.

Neo-egmol *Target, Gr.*
Ketoconazole (p.539·1).
Fungal scalp infections.

Neo-Emedyl *Montavit, Austria.*
Dimenhydrinate (p.576·2); caffeine (p.1116·3).
Motion sickness; nausea and vomiting; vestibular disorders.

Neo-endusix *Anfarm, Gr.*
Tenoxicam (p.128·2).
Gout; inflammation; osteoarthritis; pain; rheumatoid arthritis; spondyloarthropathies.

Neo-Enteroseptol *Specifar (Σπεσιφαρ), Gr.*
Loperamide (p.1741·3).
Diarrhoea.

Neo-Eparbiol *Ecobi, Ital.†.*
Inosine (p.2325·2); cyanocobalamin (p.1980·2).
Anaemias; tonic.

Neo-Eunomin *Grunenthal, Ger.*
Ethinylestradiol (p.2101·3); chlormadinone acetate (p.2084·3).
Acne; alopecia; biphasic oral contraceptive; hirsutism; seborrhoea.

Neofam *Silesia, Chile.*
Norgestimate (p.2121·1); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Neofarmiz *Neo-Farmaceutica, Port.*
Azithromycin (p.207·1).
Formerly known as Farmiz.
Bacterial infections.

Neofazol *Rubio, Spain†.*
Cefazolin sodium (p.222·1).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Neofed *Adcock Ingram, S.Afr.†.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3); codeine phosphate (p.37·2).
Coughs.

Neofedrin
Note. This name is used for preparations of different composition.
Neo Quimica, Braz.
Loratadine (p.583·3); pseudoephedrine sulfate (p.1571·2).

Akdeniz, Turk.
⊗ Ephedrine hydrochloride (p.1558·2); guaifenesin (p.1561·3).
Respiratory-tract congestion.

Neofel *Neolab, UK.*
Felodipine (p.1285·3).
Angina pectoris; hypertension.

Neofen *Ferron, Indon.*
Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); phenylephrine hydrochloride (p.1568·1).
Bacterial eye infections.

Neofenox *Boots Healthcare, Belg.*
⊗ Phenylephrine hydrochloride (p.1568·1); dichlorobenzyl alcohol (p.1642·1); naphazoline nitrate (p.1565·2).
Adjuvant in sinusitis; nasal congestion.

Neo-Fer *Neolab, Canad.*
Ferrous fumarate (p.1938·3).
Iron deficiency.

Neo-Fer CF *Neolab, Canad.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.

NeoFitolizyna *Herbapol Pruszkow, Pol.*
Couch-grass (p.2288·2); birch leaf (p.2266·3); equisetum (p.2299·3); petroselinum sativum; solidago (p.2391·1).
Urinary-tract disorders.

Neoflogin *Neo Quimica, Braz.*
Benzydamine hydrochloride (p.27·3).
Fever; inflammation; pain.

Neoflor *Altana, Mex.*
Enterococcus faecium (p.2372·3).
Diarrhoea; hepatic encephalopathy; irritable bowel syndrome; restoration of intestinal flora.

Neofloxin
Note. This name is used for preparations of different composition.
Neo Quimica, Braz.
Norfloxacin (p.309·2).
Bacterial infections.

Beximco, Singapore.
Ciprofloxacin (p.243·3).
Bacterial infections.

Neoflu *Organifar, Venez.†.*
⊗ Fluocinolone acetonide (p.1531·3).
Skin disorders.

Neoflu con Neomicina *Organifar, Venez.†.*
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Neofluor *Neocorp, Ger.*
Fluorouracil (p.722·2).
Malignant neoplasms.

Neofolin
Note. A similar name is used for preparations of different composition (see below).
Neocorp, Ger.
Calcium folinate (p.1943·3).
Adjunct to fluorouracil in colorectal cancer; folic acid deficiency; prevention of methotrexate toxicity.

Neofollin
Note. A similar name is used for preparations of different composition (see above).
Biotika, Cz.
Estradiol valerate (p.2097·3).
Menopausal disorders; menstrual disorders; oestrogen deficiency.

Neofomiral *Silanes, Mex.*
Fluconazole (p.532·1).
Fungal infections.

Neoform
Note. This name is used for preparations of different composition.
Pietrasanta, Ital.†.
Quercia marina (p.2384·2); frangula (p.1732·2); rhubarb (p.1768·3).
Constipation.

GX, Philipp.
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Neo-fradin *Pharma Tek, USA.*
Neomycin sulfate (p.305·1).

Neofrin *Ocusoft, USA.*
Phenylephrine hydrochloride (p.1568·1).

Neoftalm *Valeant, Arg.*
Trimethoprim (p.355·2); polymyxin B sulfate (p.317·3).
Eye infections.

Neoftalm Dexa *Valeant, Arg.*
⊗ Trimethoprim (p.355·2); polymyxin B sulfate (p.317·3); dexamethasone sodium phosphate (p.1526·2).
Eye infections.

Neofulvin *Chew, Thai.*
Griseofulvin (p.535·2).
Fungal infections.

Neo-Furadantin *Formenti, Ital.*
Nitrofurantoin (p.308·1).
Bacterial infections of the genito-urinary tract.

† This preparation may no longer be actively marketed
⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Neogadine *Raptakos, India.*
Iodised peptone; magnesium chloride; manganese sulfate; zinc sulfate; sodium metavanadate; vitamin B ; vitamin B ; nicotinamide (p.1922·1).
Asthenia; tonic.

Neogadine SG *Raptakos, India.*
Iodised peptone; sulfogaiacol (p.1573·2); magnesium chloride; manganese sulfate; zinc sulfate; vitamin B ; vitamin B ; nicotinamide (p.1922·1).
Chronic bronchitis.

neogama *Hormosan, Ger.*
Sulpiride (p.1028·3).
Depression; schizophrenia; vestibular disorders.

neogama D novo *Hormosan, Ger.†.*
Sulpiride (p.1028·3).
Depression.

Neogasol *Recalcine, Chile.*
Dimeticones (p.2032·1).
Aerophagia.

Neogastro *Douglas, Austral.†.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Neogecim *Gemballa, Braz.†.*
Neomycin (p.305·1).

Neogel *Masa, Thai.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Neogentin *Svizera, India.*
⊗ Urofollitropin (p.2136·3).
Female infertility.

Neogentrol *Wyeth Lederle, Denm.†.*
Ethinylestradiol (p.2101·3); levonorgestrel (p.2121·2).
Combined oral contraceptive.

Neogest *Schering, UK†.*
Norgestrel (p.2121·2).
Progestogen-only oral contraceptive.

Neo-Gilurythmal *Giulini, Israel†.*
Prajmalium bitartrate (p.1374·2).
Arrhythmias.

Neo-Gilurytmal *Solvay, Austria; Solvay, Cz.; Solvay, Ger.; Solvay, Hung.; Solvay, Indon.*
Prajmalium bitartrate (p.1374·2).
Arrhythmias.

Neoglandyna *Tymofarm, Pol.*
Borage oil (p.2267·3).
Atopic eczema; hepatitis; metabolic disorders; premenstrual syndrome.

Neogobion *Pharos, Indon.; Pharos, Singapore.*
Ferrous gluconate (p.1939·1); manganese sulfate; copper sulfate (p.1922·1); folic acid (p.1940·1); vitamin B (p.1980·2).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias; nutritional supplement.

Neo-Golaseptine *SMB, Belg.*
Chlorhexidine (p.1635·2); benzethonium chloride (p.1630·1).
Mouth and throat disorders.

Negranormon *Teva, Hung.*
Ergocalciferol (p.1987·1); vitamin A (p.1971·2); pancreas extract (p.2337·3); zinc oxide (p.1621·2).
Skin disorders.

Dropropizine (p.1557·3).
Coughs.

Neotrace *American Pharmaceutical, USA.*
Trace element preparation (p.1922·1).
Additive for intravenous total parenteral nutrition solutions.

Neotracin *Novartis, Switz.*
Neomycin sulfate (p.305·1); bacitracin (p.210·3).
Bacterial eye infections.

Neotren *Apotex, UK.*
Pentoxifylline (p.1367·2).
Peripheral vascular disease.

Neotretin *Cassara, Arg.*
Tretinoin (p.1618·1).
Acne; keratinisation disorders.

Neotrex *Serral, Mex.*
Isotretinoin (p.1599·2).
Acne.

Neotrexate *GSK, India.*
Methotrexate (p.745·2).
Malignant neoplasms; psoriasis; rheumatoid arthritis.

Neotri *Lilly, Ger.*
⊗ Xipamide (p.1434·1); triamterene (p.1417·2).
Hypertension; oedema.

Neotricin *Legrand, Braz.*
Neomycin sulfate (p.305·1); bacitracin zinc (p.210·3).
Eye infections.

Neotricin HC *Bausch & Lomb, USA.*
⊗ Neomycin sulfate (p.305·1); bacitracin zinc (p.210·3); polymyxin B sulfate (p.317·3); hydrocortisone acetate (p.1535·2).
Eye inflammation with bacterial infection.

Neotrim *Danlex, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Neo-Trim Fibre *GNLD, Austral.†.*
Fibre blend (from oat bran, barley bran, soy bran, orange gibre, acacia, ispaghula husk) (p.1712·3); methylcellulose (p.2145·1).
Obesity.

Neo-Trim Meal Replacement *GNLD, Austral.†.*
Food for special diets (p.1922·1).
Obesity.

Neotrin *Neo Quimica, Braz.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; protozoal infections.

Neo-Tuss *Neolab, Canad.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); sodium citrate (p.1673·3); guaifenesin (p.1561·3).
Coughs; respiratory-tract congestion.

NeoTussan *Novartis Consumer, Ger.*
Dextromethorphan polistirex (p.1556·1).
Coughs.

Neo-Ulcoid *Valdecasas, Mex.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Neourizine *Adelco, Gr.*
⊗ Reserpine (p.1387·3); chlorothiazide (p.1243·1).
Hypertension.

Neo-Ustiol *INTES, Ital.*
Sodium citrate (p.1673·3); sodium aminobenzoate (p.2388·3); procaine (p.1869·2); cod-liver oil (p.1935·2).
Ophthalmic burns.

Neovent *Interhealthcare, Philipp.*
⊗ Guaifenesin (p.1561·3); salbutamol sulfate (p.1131·3).
Respiratory-tract disorders associated with bronchospasm and excessive mucus.

Neovermin *Neo Quimica, Braz.*
Mebendazole (p.148·3); tiabendazole (p.156·2).
Worm infections.

Neovir *Pharmsintez, Rus.*
Cridanimod.
Candidiasis of the skin and mucous membranes; chlamydial infections; multiple sclerosis; radiation immunodeficiency; venereal lymphogranuloma; viral infections.

Neovis *Pharmacia, Ital.*
Vitamin, carbohydrate, and mineral preparation with creatine (p.1922·1).
Nutritional supplement.

NeoVisc *Stellar, Canad.*
Sodium hyaluronate (p.2320·1).
Replacement of synovial fluid following arthrocentesis.

Neovita
Savoy, Singapore.
Multivitamin and mineral preparation with ginseng (p.1922·1).
Tonic.
Wallace Mfg Chem., UK.
Multivitamin and ginseng preparation with or without minerals and lecithin (p.1922·1).

Neovlar *Schering, Braz.*
Ethinylestradiol (p.2101·3); levonorgestrel (p.2121·2).
Combined oral contraceptive.

Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Neoxane *Asta Oncologia, Braz.†.*
Doxorubicin hydrochloride (p.712·2).
Malignant neoplasms.

Neoxantron *Neocorp, Ger.*
Mitoxantrone hydrochloride (p.754·1).
Malignant neoplasms.

Neoxene *Finderm, Ital.*
Chlorhexidine gluconate (p.1635·3).
Disinfection of skin, wounds, burns, and vagina.

Neoxidil *Galderma, Belg.; Galderma, Braz.†; Galderma, Hong Kong†; Galderma, Israel; Galderma, Port.; Galderma, Singapore†.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Neoxil *Offenbach, Mex.*
Neomycin (p.305·1); kaolin (p.1738·1); pectin (p.2145·2); homatropine (p.1881·2).
Diarrhoea.

Neoxinal *Farmec, Ital.*
Chlorhexidine gluconate (p.1635·3).
Disinfection of skin, wounds, and burns.

Neo-Xylestesin *Espe, Austria.*
⊗ Lidocaine hydrochloride (p.1862·3).
Adrenaline hydrochloride (p.1203·3) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia in dentistry.

Neo-Xylestesin forte *Espe, Austria.*
⊗ Lidocaine hydrochloride (p.1862·3).
Adrenaline hydrochloride (p.1203·3) and noradrenaline hydrochloride (p.1360·2) are included in this preparation as vasoconstrictors to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia in dentistry.

NeOxyn *Richter, Philipp.*
Oxytocin (p.2015·2).
Incomplete abortion; third-stage labour; uterine atony; uterine curettage.

Neoyod *Grunenthal, Chile†.*
Povidone-iodine (p.1659·2).
Disinfection of mucous membranes, skin, and wounds; vaginal infections.

Neozentius *Pharma Investi, Chile.*
Escitalopram (p.391·1).
Depression.
