Adjunct in gastrointestinal surgery; cow's milk and soya protein intolerance; diarrhoea; digestive disorders; food allergy; food intolerance; malabsorption syndromes; malnutrition; milk protein intolerance.

Peptimax *Ashbourne, UK†.*
Cimetidine (p.1716·2).
Gastrointestinal disorders.

Peptinal
Note.This name is used for preparations of different composition.
Laboratorios Chile, Chile.
Oral suspension: Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Gastritis; gastro-oesophageal reflux; hyperphosphataemia; peptic ulcer.

Laboratorios Chile, Chile.
Tablets: Aluminium hydroxide (p.1706·2); magnesium carbonate (p.1743·1); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Gastritis; gastro-oesophageal reflux; hyperphosphataemia; peptic ulcer.

Peptinal Forte *Laboratorios Chile, Chile.*
Simeticone (p.1770·2); aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); magnesium carbonate (p.1743·1).
Flatulence; gastric hyperacidity; gastritis; gastro-oesophageal reflux.

Peptinex *Novartis Nutrition, Hong Kong; Novartis Nutrition, USA.*
Preparation for enteral nutrition (p.1922·1).

Peptisol *Kalbe, Indon.; Sanghiang, Indon.*
High-protein preparation for enteral nutrition (p.1922·1).

Peptisolv *Unison, Philipp.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Peptison *Support, Braz.†; Nutricia, Cz.†; Nutricia, Turk.*
Preparation for enteral nutrition (p.1922·1).

Peptisorb *Nutricia, Austral.†; Nutricia, Fin.; Nutricia, Ital.; Baxter, NZ; Nutricia, NZ; Nutricia, Pol.; Nutricia, Port.; Nutricia Clinical, UK.*
A range of preparations for enteral nutrition (p.1922·1).
Disorders of digestion; malabsorption syndromes.

Pepto Diarrhea Control *Procter & Gamble, USA.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Pepto-Bismol
Note.This name is used for preparations of different composition.
Procter & Gamble, Braz.; Procter & Gamble, Mex.; Procter & Gamble (H&B Care), UK; Procter & Gamble, USA; Procter & Gamble, Venez.†; Zuoz, Venez.†.
Bismuth salicylate (p.1711·1).
Adjunct in peptic ulcer; antacid; diarrhoea; dyspepsia; gastric hyperacidity; heartburn; nausea; peptic ulcer.

Procter & Gamble, Canad.
Caplets; oral liquid: Bismuth salicylate (p.1711·1).
Diarrhoea; dyspepsia; nausea; upset stomach.

Procter & Gamble, Canad.
Tablets: Calcium carbonate (p.1714·1); bismuth salicylate (p.1711·1).
Diarrhoea; dyspepsia; nausea; upset stomach.

Peptochol *Grossman, Mex.†.*
Magnesium sulfate (p.1679·3); boldo (p.2267·2); peptone.
Biliary-tract disorders.

Peptoci *Pharmasant, Thai.*
Famotidine (p.1730·1).
Peptic ulcer; Zollinger-Ellison syndrome.

Peptomet Remedica, Thai.†.
Domperidone (p.1726·2).
Delayed gastric emptying; gastro-oesophageal reflux.

Peptonorm Unipharma, Gr.
Sucralfate (p.1772·2).
Peptic ulcer.

Peptonum Linfar, Arg.
Bovine amino acids and polypeptides (p.1922·1).
Dietary supplement.

Peptopancreasi Arrow, Braz.
Pepsin (p.2365·1); pancreatin (p.2360·1).
Digestive system disorders.

Pepto-Pancreasi SIT, Ital.†.
Pepsin (p.2365·1); pancreatin (p.2360·1).
Digestive system disorders.

Peptosan Lafit, Braz.†.
Bismuth salicylate (p.1711·1).

Peptovit Vitapan, Braz.†.
Pantoprazole (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Peptrad Shin Poong, Philipp.
Tramadol hydrochloride (p.130·3).
Pain.

Peptulan Farmasa, Braz.
Bismuth citrate (p.1710·3).
Gastritis; gastrointestinal hyperacidity; peptic ulcer.

Pepzan Douglas, Austral.; Douglas, Malaysia; Douglas, NZ; Douglas, Singapore; Douglas, Thai.†; TTN, Thai.†.
Famotidine (p.1730·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Pepzitrat Berlin-Chemie, Ger.
Pepsin (p.2365·1); citric acid (p.2284·1).
Gastrointestinal disorders.

Pepzol APS, Port.†.
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Peracil Boniscontro & Gazzone, Ital.
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Peracin Pharmadica, Thai.
Piperacillin sodium (p.315·2).
Bacterial infections.

Peracon
Note. This name is used for preparations of different composition.
Recalcine, Chile.
Cyproheptadine hydrochloride (p.575·1); carnitine hydrochloride; lysine hydrochloride (p.1922·1).
Reduced appetite.

Solvay, Gr.†; Solvay, Indon.
Isoaminile (p.1563·3).
Cough.

Aventis, S.Afr.†.
Isoaminile cyclamate (p.1563·3).
Coughs.

Peracon Expectorant Noristan, S.Afr.†.
Isoaminile cyclamate (p.1563·3); ammonium chloride (p.1551·3).
Coughs.

Peragit Medic, Denm.
Trihexyphenidyl hydrochloride (p.820·2).
Drug-induced extrapyramidal disorders; parkinsonism.

Peralgin Infabra, Braz.†.
Phenylbutazone calcium (p.117·1).
Gout; musculoskeletal, joint, and peri-articular disorders.

Peraljin
Note. This name is used for preparations of different composition.
Aroma, Turk.
Caffeine (p.1116·3); paracetamol (p.108·1).
Fever; pain.

Aroma, Turk.
Caffeine (p.1116·3); dipyrone (p.49·2).
Fever; pain.

Perasafe Antec, Singapore; Du Pont, Singapore.
Peroxygen-generating system (p.1655·2).
Instrument sterilisation.

Perasian Asian Pharm, Thai.
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Perasint Mayne, Ital.
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Perative
Note. This name is used for preparations of different composition.
Giscard, Arg.
Ketoconazole (p.539·1).
Fungal infections.

Abbott, Austral.; Abbott, Braz.; Abbott, Chile; Abbott, Cz.†; Abbott, Fr.†; Abbott, Hong Kong; Abbott, Irl.; Abbott, Israel; Ross, Israel; Abbott, Ital.; Abbott, Mex.; Abbott, Philipp.; Abbott, Turk.; Abbott Nutrition, UK; Abbott, Venez.
Preparation for enteral nutrition (p.1922·1).

Peratsin Orion, Fin.
Perphenazine (p.1017·1), perphenazine decanoate (p.1017·1), or perphenazine enantate (p.1017·2).
Nausea and vomiting; psychoses.

Perazin Hasco-Lek, Pol.
Perazine dimaleate (p.1016·3).
Schizophrenia.

Perazyna Galena, Pol.
Perazine dimaleate (p.1016·3).
Psychoses.

Perbel Medipharma, Arg.
Benzyl benzoate (p.2036·1); permethrin (p.2048·2).
Pediculosis.

Perbilen Sanofi-Aventis, Spain.
⊗ Piretanide (p.1372·3).
Hypertension; oedema.

Perbrons Casel, Turk.
Oxolamine (p.1567·1).
Coughs.

Percapyl GSK, Arg.†.
Permethrin (p.2048·2).
Pediculosis.

Percas Ivax, Arg.
Etoposide (p.718·1).
Malignant neoplasms.

Perchloracap Mallinckrodt, USA†.
Potassium perchlorate (p.2174·3).
To reduce accumulation of pertechnetate by the choroid plexus, salivary glands, and thyroid.

Percital Piam, Ital.
Citalopram hydrochloride (p.385·3).
Anxiety disorders; depression.

Perclar Parke, Davis, Ital.†.
Mesoglycan sodium (p.2342·3).
Thrombosis prophylaxis.

Perclin Fortbenton, Arg.
Clindamycin phosphate (p.251·2); benzoyl peroxide (p.1590·2).
Acne.

Percocet BMS, Canad.; Taro, Israel; Endo, USA.
⊗ Oxycodone hydrochloride (p.106·2); paracetamol (p.108·1).
Fever; pain.

Percocyn Landson, Indon.
Lincomycin hydrochloride (p.293·2).
Bacterial infections.

Percodan
BMS, Canad.
⊗ Oxycodone hydrochloride (p.106·2); aspirin (p.20·3).
Fever; inflammation; pain.

Taro, Israel; Endo, USA.
⊗ Oxycodone hydrochloride (p.106·2); oxycodone terephthalate (p.106·2); aspirin (p.20·3).
Pain.

Percof Eurofarma, Braz.
Levodropropizine (p.1557·3).
Coughs.

Percoffedrinol N Passauer, Ger.†.
Caffeine (p.1116·3).
Fatigue.

Percogesic Medtech, USA.
Paracetamol (p.108·1); phenyltoloxamine citrate (p.588·1).
Fever; pain.

Percogesic Extra Strength Medtech, USA.
Diphenhydramine hydrochloride (p.577·2); paracetamol (p.108·1).
Pain.

Percolone Endo, USA†.
⊗ Oxycodone hydrochloride (p.106·2).
Pain.

Percucor Pharmaselect, Austria†.
Glyceryl trinitrate (p.1296·2); amyl nitrite (p.1437·3); ethyl nicotinate (p.52·1); camphor (p.2273·2).

Percutafeine Pierre Fabre Dermo-Cosmetique, Arg.; Asta Medica, Braz.†; Pierre Fabre Sante, Fr.
Caffeine (p.1116·3).
Cellulite; obesity.

Percutalfa Pierre Fabre Sante, Singapore.
Glycolic acid (p.1598·1); fatty acids.
Prevention of stretch marks.

Percutalgine
Note. This name is used for preparations of different composition.
Besins, Belg.; Piette, Thai.†.
⊗ Dexamethasone acetate (p.1526·1); salicylamide (p.121·2); glycol salicylate (p.62·3); methyl nicotinate (p.85·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Besins, Fr.
⊗ Dexamethasone (p.1526·1) or dexamethasone acetate (p.1526·1); salicylamide (p.121·2); glycol salicylate (p.62·3); methyl nicotinate (p.85·3).
Peri-articular and soft-tissue disorders.

Besins, Rus.†.
⊗ Dexamethasone acetate (p.1526·1); salicylamide (p.121·2).
Skin disorders.

Percutane Douglas, Austral.
Capsicum oleoresin (p.2276·2); lappa (p.2330·3); arnica (p.2260·2); aloe vera (p.1588·2).
Musculoskeletal and joint disorders.

Percutol Pliva, UK.
Glyceryl trinitrate (p.1296·2).
Angina pectoris.

Perderm Schering-Plough, Hong Kong; Schering-Plough, Hung.†; Schering-Plough, Indon.; Schering-Plough, Malaysia†; Schering-Plough, Singapore†.
⊗ Alclometasone dipropionate (p.1516·1).
Skin disorders.

Perdiem Novartis Consumer, USA.
Ispaghula (p.1737·1); senna (p.1769·2).
Constipation.

Perdin Merck, Port.
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; schizophrenia.

Perdiphen Spitzner, Ger.†.
⊗ Ephedrine hydrochloride (p.1558·2); paracetamol (p.108·1); diphenylpyraline hydrochloride (p.578·2).
Influenza symptoms.

Perdipina Astellas, Ital.
Nicardipine hydrochloride (p.1348·1).
Angina pectoris; heart failure; hypertension.

Perdipine Astellas, Indon.; Astellas, Jpn.
Nicardipine hydrochloride (p.1348·1).
Heart failure; hypertension.

Perdix Schwarz, Irl.†; Schwarz, Israel; Omnimed, S.Afr.; UCB, UK.
Moexipril hydrochloride (p.1343·2).
Hypertension.

Perdofemina Janssen-Cilag, Belg.
Ibuprofen (p.64·2).
Fever; pain.

Perdogrip Janssen-Cilag, Belg.†.
Paracetamol (p.108·1); vitamin C (p.1983·3).
Cold symptoms.

Perdolan Janssen-Cilag, Belg.
Paracetamol (p.108·1).
Formerly known as Perdolan Mono.
Fever; pain.

Perdolan Codeine Janssen-Cilag, Belg.
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Formerly known as Perdolan Duo.
Pain.

Perdolan Compositum
Note. This name is used for preparations of different composition.
Janssen-Cilag, Belg.
Suppositories (adult); Tablets: Aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3).
Formerly contained aspirin, paracetamol, caffeine, and codeine phosphate.
Fever; pain.

Janssen-Cilag, Belg.
Suppositories (infant and child): Aspirin (p.20·3); paracetamol (p.108·1); codeine phosphate (p.37·2).
Fever; pain.

Perdolan Mono Janssen-Cilag, Port.†.
Paracetamol (p.108·1).
Fever; pain.

Perdolan Mono C Janssen-Cilag, Belg.†.
Paracetamol (p.108·1); ascorbic acid (p.1983·3).
Fever; pain.

Perdophen Janssen-Cilag, Belg.
Ibuprofen (p.64·2).
Fever; pain.

Perdox PharmaConsult, Hung.
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; schizophrenia.

Perduretas Codeina Nupel, Spain.
Codeine phosphate (p.37·2).
Cough.

Perebron
Laboratorios Chile, Chile; Angelini, Ital.; Elmor, Venez.
Oxolamine citrate (p.1567·1) or oxolamine phosphate (p.1567·1).
Cough; respiratory-tract disorders.

Santa, Turk.
Oxolamine phosphate (p.1567·1).
Coughs.

Perebron con Miel Elmor, Venez.†.
Oxolamine (p.1567·1); honey (p.1948·2).
Cough.

Peremesin BMS, Ger.†; Meda, Norw.
Meclozine hydrochloride (p.584·3).
Nausea; vertigo; vomiting.

Peremesin N BMS, Ger.†.
Meclozine hydrochloride (p.584·3).
Nausea; vertigo; vomiting.

Peremid Etifar, Venez.†.
Metoclopramide (p.1747·3).
Vomiting.

Perenal Medicus, Gr.
Lisinopril (p.1325·2).
Heart failure; hypertension; myocardial infarction.

Perenan Sanofi Synthelabo, Hong Kong†; Sanofi Synthelabo, Thai.†.
Codergocrine mesilate (p.363·3).
Behavioural and psychological disorders in the elderly.

Perennia Wyeth Lederle, Austria.
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Perental BPL-Meizler, Braz.†.
Pentoxifylline (p.1367·2).
Cerebral and peripheral vascular disorders.

Perenterol UCB, Ger.; Biocodex, Switz.
Saccharomyces boulardii (p.2372·3).
Acne; diarrhoea.

Perenteryl Merck, Chile.
Saccharomyces boulardii (p.2372·3).
Diarrhoea.

Peresal Henkel, Ger.†; Ecolab, Ital.
Hydrogen peroxide (p.1647·3); peracetic acid (p.1655·2).
Disinfection of dialysis equipment; instrument disinfection.

Perfadex Vitrolife, Swed.
⊗ Dextran 40 (p.1059·1) in electrolytes.
Organ perfusion before transplantation.

Perfalgan BMS, Austral.; BMS, Austria; BMS, Cz.; BMS, Denm.; BMS, Fin.; BMS, Fr.; BMS, Ger.; IFET (ΙΦΕΤ), Gr.; BMS, Hung.; BMS, Irl.; Upsa, Ital.; BMS, NZ; BMS, Neth.; BMS, Norw.; BMS, Pol.; BMS, Port.; BMS, Rus.; BMS, S.Afr.; BMS, Spain; BMS, Swed.; UPSA, Switz.; BMS, UK.
Paracetamol (p.108·1).
Fever; pain.

Perfan Belpharma, Belg.; Carinopharm, Ger.; Myogen, Irl.; Biomedica, Ital.; Myogen, Neth.; Aventis, UK.
Enoximone (p.1278·2).
Heart failure.

Perfane OTL, Fr.†.
Enoximone (p.1278·2).
Heart failure.

Perfectil
Vitabiotics, Hong Kong.
Vitamin and mineral preparation with cystine, echinacea, and lappa (p.1922·1).

Vitabiotics, UK.
Multivitamin, amino-acid, mineral, and herbal preparation (p.1922·1).

Perfer Luper, Braz.†.
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Perfluoron Alcon, USA.
Perfluorooctane (p.2365·3).
Ophthalmic tamponade.

Perflux Fresenius Kabi, Austria.
Electrolyte infusion (p.1667·1).
Forced diuresis.

Perfocrat Phytofarm Kleka, Pol.
Crataegus (p.2289·1); St John's wort (p.422·3); melissa (p.2339·3).
Anxiety.

Perfocyn Bell, India.
⊗ Prednisolone (p.1540·3); chloramphenicol (p.239·3); benzocaine (p.1854·1); acetic acid (p.2244·2).
Ear infections.

Performer Piam, Ital.
Cefaclor (p.217·2).
Bacterial infections.

Perforomist Dey, USA.
⊗ Formoterol fumarate (p.1122·1).
Obstructive airways disease.

Perfracort Fortbenton, Arg.
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Perfudal Odin, Spain.
Felodipine (p.1285·3).
Angina pectoris; hypertension.

Perfudan Piam, Ital.†.
Buflomedil hydrochloride (p.1236·3).
Cerebral and peripheral vascular disorders.

Perfungol
Note. This name is used for preparations of different composition.
Montpellier, Arg.†.
Chlorocresol (p.1640·1); boric acid (p.2268·1); zinc oxide (p.1621·2).
Fungal skin infections.

Bago, Chile.
Ointment: Chlorocresol (p.1640·1); nicotinamide (p.1957·3); cholesterol (p.2029·1).
Fungal skin infections.

Bago, Chile.
Topical powder: Chlorocresol (p.1640·1); zinc oxide (p.1621·2); boric acid (p.2268·1).
Fungal skin infections.

Perfus Multivitaminico Rius, Spain.
Carbazochrome (p.1058·2); vitamins (p.1922·1); electrolytes.
Haemorrhage; skeletal muscle disorders.

Perfusalgan BMS, Belg.
Paracetamol (p.108·1).
Fever; pain.

Perfusion mixte Streuli, Switz.
Sodium chloride (p.1686·1) infusion with glucose.
Dehydration.

Perfusion de PAS Bichsel, Switz.†.
Sodium aminosalicylate (p.201·2).
Tuberculosis.

Pergalen Millet-Franklin, Arg.
Sodium apolate (p.1397·1); benzyl nicotinate (p.28·1).
Haematomas; skin ulcers; superficial thrombosis; thrombophlebitis.

Pergamid Pfizer, Arg.
⊗ Aniracetam (p.363·2).
Mental function impairment.

Perganit AstraZeneca, Ital.
Glyceryl trinitrate (p.1296·2).
Angina pectoris; hypertension; pulmonary oedema.

Pergidal Valeas, Ital.
Macrogol 4000 (p.2336·3).
Constipation.

Pergogreen *Faran, Gr.†*
⊗ Menotrophin (p.2109·3).
Male and female infertility.

Pergonal *Serono, Arg.†; Serono, Braz.; Serono, Canad.†; Novartis, Chile†; Faran, Gr.†; Serono, Hong Kong; Serum Institute, India; Teva, Israel†; Serono, Mex.†; Serono, Neth.†; Serono, Rus.; Serono, S.Afr.†; Serono, Spain†; Serono, Switz.†; Serono, Turk.; Serono, USA†; Serono, Venez.†.*
⊗ Menotrophin (p.2109·3).
Male and female infertility.

Pergotime *Serono, Belg.; Serono, Denm.; Serono, Fr.; Serono, Norw.; Serono, Swed.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility.

Pergoveris *Serono, Cz.; Serono, Port.; Merck Serono, UK.*
⊗ Follitropin alfa (p.2104·1); lutropin alfa (p.2112·2).
Female infertility.

Perhip *Hasco-Lek, Pol.*
St John's wort (p.422·3).
Depression.

Peri Solution *Otsuka, Indon.*
Electrolyte infusion with glucose (p.1667·1).
Renal insufficiency.

Periactin *MSD, Austral.; MSD, Austria; MSD, Belg.; MSD, Denm.†; MSD, Irl.; Avantgarde, Ital.; MSD, NZ; MSD, Neth.; MSD, S.Afr.; Sigma-Tau, Spain; MSD, Swed.; MSD, Switz.†; M & H, Thai.; MSD, UK; MSD, Venez.†.*
Cyproheptadine hydrochloride (p.575·1).
Allergic rhinitis; hypersensitivity reactions; migraine and other vascular headache; pruritus; reduced appetite; urticaria.

Periactine *MSD-Chibret, Fr.*
Cyproheptadine hydrochloride (p.575·1).
Hypersensitivity reactions.

Periamin *Fresenius Kabi, Spain†.*
Amino-acid, carbohydrate, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Periamin G *Fresenius Kabi, Austria; Baxter, Ger.*
Amino-acid, glucose, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Periamin X *Baxter, Ger.*
Amino-acid, xylitol, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Periatin *MSD, Braz.*
Cyproheptadine hydrochloride (p.575·1).
Hypersensitivity reactions; migraine and other vascular headaches; reduced appetite.

Pericaina *Senese, Ital.*
Mepivacaine hydrochloride (p.1866·3).
Local anaesthesia.

Perical *Besins, Fr.*
Calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Pericam *Clonmel, Irl.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal and joint disorders.

Pericate *Unipharm, Israel.*
Haloperidol decanoate (p.1000·2).
Psychoses.

Pericel *Pharmafar, Ital.*
Flavodate sodium (p.2304·2).
Vascular disorders.

Pericephal *Arcana, Austria.*
Cinnarizine (p.573·1).
Cerebral and peripheral vascular disorders; vestibular disorders.

Perichol *Pharmacodane, Denm.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Peri-Colace
Note. This name is used for preparations of different composition.
Wellspring, Canad.†.
Casanthranol (p.1715·1); docusate sodium (p.1725·1).
Constipation.

Purdue, USA.
Sennosides (p.1769·3); docusate sodium (p.1725·1).
Formerly contained casanthranol and docusate sodium.
Constipation.

Perida *Codal Synto, Thai.*
Haloperidol (p.1000·2).
Behaviour disorders in children; psychoses; stuttering; tics.

Peridal *Medley, Braz.*
Domperidone (p.1726·2).
Gastrointestinal motility disorders; nausea and vomiting.

Peridane *Columbia, Mex.*
Pentoxifylline (p.1367·2).
Cerebral and peripheral vascular disorders; thrombosis prophylaxis.

Perident *Master, Chile†.*
Chlorhexidine gluconate (p.1635·3).
Oral hygiene.

Peridex *Zila, Canad.†; Procter & Gamble, USA.*
Chlorhexidine gluconate (p.1635·3).
Gingivitis.

Peridil *Cryopharma, Mex.*
Azapetine phosphate (p.1222·1).
Peripheral vascular disorders.

Peridin-C *Beutlich, USA.*
⊗ Hesperidin methyl chalcone (p.2305·2); hesperidin complex (p.2304·3); ascorbic acid (p.1983·3).
Capillary bleeding.

Peridisol *Human, Hung.†.*
A range of glucose, sodium chloride, magnesium chloride, calcium chloride, and sodium lactate solutions with or without potassium chloride (p.1670·3).
Peritoneal dialysis.

Peridol *Technilab, Canad.†.*
Haloperidol (p.1000·2).
Behaviour disorders; psychoses; Tourette syndrome.

Peridom-M *Masa, Thai.*
Domperidone maleate (p.1726·3).
Delayed gastric emptying; nausea; vomiting.

Peridon *Lafedar, Arg.; Italchimici, Ital.*
Domperidone (p.1726·2).
Gastrointestinal disorders; gastrointestinal motility disorders.

Peridont *Oftalmi, Venez.*
Chlorhexidine gluconate (p.1635·3).
Gingivitis.

Peridor *Unipharm, Israel.*
Haloperidol (p.1000·2).
Hiccup; psychiatric disorders; Tourette syndrome; vomiting.

Peri-Dos Softgels *Goldline, USA†.*
Docusate sodium (p.1725·1); casanthranol (p.1715·1).
Constipation.

Peridys *Pierre Fabre Sante, Fr.*
Domperidone (p.1726·2).
Dyspepsia; gastro-oesophageal reflux; nausea and vomiting.

Perifas *Otto, Indon.*
Cinnarizine (p.573·1).
Motion sickness; peripheral vascular disorders; vestibular disorders.

Perifem *Organon, Spain.*
11 Tablets, estradiol valerate (p.2097·3); 10 tablets, estradiol valerate; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Perifer H1 *BA Farma, Port.†.*
Astemizole (p.567·2).
Allergic conjunctivitis; allergic rhinitis; urticaria.

Periflex *Braun, Ital.*
Amino-acid, glucose, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Perifusin *Fresenius Kabi, Gr.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Perigard *Glenmark, India.*
Perindopril (p.1368·2).
Heart failure; hypertension.

Perigard D *Glenmark, India.*
⊗ Perindopril (p.1368·2); indapamide (p.1314·1).
Hypertension.

Perigard DF *Glenmark, India.*
⊗ Perindopril (p.1368·2); indapamide (p.1314·1).
Hypertension.

Perika *VSM, Belg.; Schwabe, Spain.*
St John's wort (p.422·3).
Depression; tonic.

Perikabiven *Fresenius Kabi, Fr.*
Amino-acid, carbohydrate, lipid (from soya oil (p.1965·3)), and electrolyte infusion (p.1922·1).
Contains egg lecithin.
Parenteral nutrition.

Perikan *Austroplant, Austria.*
St John's wort (p.422·3).
Depression.

Perikliman *Kwizda, Austria.*
16 Tablets, estradiol (p.2097·2); 12 tablets, estradiol; norethisterone acetate (p.2119·3).
Menopausal disorders; osteoporosis.

Perikursal *Wyeth Lederle, Austria; Wyeth, Ger.†.*
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3).
Biphasic oral contraceptive.

Perilax *Nordic Drugs, Denm.; Pharmacare, S.Afr.*
Bisacodyl (p.1710·1).
Bowel evacuation; constipation.

Perilox *Drossapharm, Switz.*
Metronidazole (p.837·1).
Rosacea.

Perinace *CCM, Malaysia.*
Perindopril (p.1368·2).
Heart failure; hypertension.

Perinal
Note. This name is used for preparations of different composition.
Tempo Scan Pacific, Indon.
Vitamin and mineral preparation (p.1922·1).
Nutritional supplement in pregnancy and lactation.

Dermal Laboratories, Irl.; Dermal, Israel; Dermal Laboratories, UK.
⊗ Hydrocortisone (p.1535·2); lidocaine hydrochloride (p.1862·3).
Anal and perianal pain and pruritus.

Perindan *Medico Uno, Hung.*
Perindopril erbumine (p.1368·3).
Heart failure; hypertension.

Perindo *Alphapharm, Austral.*
Perindopril erbumine (p.1368·3).
Atherosclerosis; heart failure; hypertension.

Perinorm *Ipca, India; Ipca, Rus.; Nat Druggists, S.Afr.*
Metoclopramide hydrochloride (p.1747·3).
Dyspepsia; gastritis; gastro-oesophageal reflux; nausea and vomiting; postoperative gastric hypotonia.

Perio-Aid *Dentaid, Chile.*
Chlorhexidine gluconate (p.1635·3).
Oral hygiene.

Perio-Aid c Cloruro de Cetilpiridinio *Dentaid, Chile.*
Chlorhexidine gluconate (p.1635·3); cetylpyridinium chloride (p.1635·1).
Oral hygiene.

Periobacter *Naf, Arg.*
Chlorhexidine (p.1635·2); xylitol (p.1998·2).
Mouth infections.

Periobacter Prof Avio *Naf, Arg.*
Chlorhexidine acetate (p.1635·2); thymol (p.1664·3).

Periochip *Dexcel, Denm.; Arriani, Gr.; Dexcel, Israel; Dexcel, Neth.; Dexcel, Norw.; Dexcel, Port.; Vitaflo, Swed.; Dex Biotec, Switz.; Astra, USA.*
Chlorhexidine gluconate (p.1635·3).
Periodontal disease.

Periocline *Sunstar, Jpn.*
Minocycline hydrochloride (p.300·3).
Periodontitis.

Period Pain Relief *Herbal Concepts, UK.*
Alchemilla; motherwort (p.2347·3); valerian (p.2410·1); pulsatilla (p.2376·3); vervain (p.2413·3); helonias (p.2318·3).
Dysmenorrhoea; premenstrual syndrome.

Periodent *Grimberg, Arg.*
Chlorhexidine gluconate (p.1635·3); xylitol (p.1998·2).
Mouth disorders.

Periodentyl
Note. This name is used for preparations of different composition.
GSK, Mex.
Mouthwash: Triclosan (p.1665·2); zinc chloride (p.1999·1); vitamin E acetate (p.1992·3); xylitol (p.1998·2).
Oral hygiene.

GSK, Mex.
Toothpaste: Triclosan (p.1665·2); zinc citrate (p.1999·2); enoxolone (p.50·1); sodium monofluorophosphate (p.1964·3).
Oral hygiene.

Periodil
Note. This name is used for preparations of different composition.
Pharmatrix, Arg.
Dental gel: Chlorhexidine gluconate (p.1635·3).
Oral hygiene; periodontal disorders.

Pharmatrix, Arg.
Mouth spray; mouthwash: Chlorhexidine gluconate (p.1635·3); cetylpyridinium chloride (p.1635·1).
Oral hygiene; periodontal disorders.

Periodontil *Sanofi-Aventis, Braz.*
Spiramycin (p.333·1); metronidazole (p.837·1).
Bacterial infections; protozoal infections.

Periofem Ciclico *Beta, Arg.†.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Periofem Continuo *Beta, Arg.†.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Periogard *Colgate Oral, USA.*
Chlorhexidine gluconate (p.1635·3).
Mouth disorders.

Periogard Chlorohex *Colgate Oral Care, Austral.†; Colgate-Palmolive, Ger.†; Colgate-Palmolive, Ital.*
Chlorhexidine gluconate (p.1635·3).
Mouth disorders; oral hygiene.

Periogard Plus
Note. This name is used for preparations of different composition.
Colgate-Palmolive, Ital.
Oral drops: Cetylpyridinium chloride (p.1635·1).
Gum disorders.

Colgate-Palmolive, Ital.
Toothpaste: Zinc citrate (p.1999·2); sodium monofluorophosphate (p.1964·3).
Gingivitis.

Periokin *Pasteur, Chile.*
Chlorhexidine gluconate (p.1635·3).
Dental caries prophylaxis; oral hygiene.

PerioMed *Omnii, USA.*
Stannous fluoride (p.1967·3).
Dental caries prophylaxis.

Periosan *Vitae, Mex.*
Doxycycline (p.267·1).
Bacterial infections.

Periostat *Alliance, Irl.; Taro, Israel; CollaGenex, Neth.; Isdin, Port.; Karr, Switz.; Alliance, UK; CollaGenex, USA.*
Doxycycline hyclate (p.267·1).
Pperiodontitis.

Periotret *Verisfield, Gr.*
Metronidazole benzoate (p.837·1).
Bacterial mouth infections.

Perioxidin
Note. This name is used for preparations of different composition.
Andromaco, Chile†.
Chlorhexidine gluconate (p.1635·3).
Oral hygiene.

GSK, Mex.
Dental gel: Chlorhexidine gluconate (p.1635·3).
Mouth infections.

GSK, Mex.
Mouthwash: Chlorhexidine gluconate (p.1635·3); xylitol (p.1998·2).
Gingivitis; periodontitis.

Peripan *Mepha, Braz.*
Pentoxifylline (p.1367·2).

Periphramine *Braun, Spain.*
Amino-acid and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Periplasmal *Braun, Ger.; Braun, Hung.†; Braun, Pol.*
Amino-acid, glucose, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Periplasmal G *Braun, Spain.*
Amino-acid, carbohydrate, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Periplasmal XE *Braun, Ger.*
Amino-acid, xylitol, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Periplum
Note. This name is used for preparations of different composition.
Fortbenton, Arg.
Fluconazole (p.532·1).
Fungal infections.

Italfarmaco, Ital.
Nimodipine (p.1357·2).
Neurological deficit following cerebral vasospasm.

Peripress *Pfizer, Denm.†; Pfizer, Fin.†.*
Prazosin hydrochloride (p.1375·2).
Benign prostatic hyperplasia; heart failure; hypertension; Raynaud's syndrome.

Peripride *Ipca, India.*
Mosapride citrate (p.1750·3).
Dyspepsia; gastro-oesophageal reflux; gastroparesis.

Periset *Ipca, India.*
Ondansetron hydrochloride (p.1756·3).
Nausea and vomiting.

Perison *Strathmann, Ger.*
Escherichia coli; *Morganella morganii*; *Proteus mirabilis*; *Klebsiella pneumoniae*; *Enterococcus faecalis* (p.2372·3).
Urinary-tract infections.

Peristaltine *Novartis Sante, Fr.*
Cascara (p.1715·2).
Constipation.

Peritofundinas *Braun, Port.*
Glucose; sodium chloride; calcium chloride; magnesium chloride; potassium chloride; sodium lactate (p.1670·3).
Peritoneal dialysis.

Peritol *Egis, Cz.; Medphano, Ger.; EGIS, Hung.; Themis Chemicals, India; Egis, Pol.; Egis, Rus.*
Cyproheptadine hydrochloride (p.575·1).
Allergic skin disorders; angioedema; carcinoid syndrome; hypersensitivity reactions; insect bites; migraine and other vascular headaches; pruritus; reduced appetite; rhinitis.

Peritone *Blackmores, Austral.*
Aloes (p.1705·2); senna (p.1769·2); cascara (p.1715·2); ginger (p.1732·3); cardamom fruit (p.2277·1); peppermint oil (p.1761·2).
Constipation.

Peritoneal *Fresenius Kabi, Gr.*
Calcium; magnesium; sodium chloride; sodium acetate; glucose (p.1670·3).
Peritoneal dialysis.

Peritoneal Lactate *ANB, Thai.*
Anhydrous glucose; sodium chloride; sodium lactate; calcium chloride; magnesium chloride; sodium metabisulfite (p.1670·3).
Peritoneal dialysis.

Peritrast
Kohler, Ger.
Lysine amidotrizoate (p.1477·1).
Radiographic contrast medium.

Kohler, Hung.
Lysine amidotrizoate (p.1477·1) with or without sodium amidotrizoate (p.1475·3).
Radiographic contrast medium.

Peritrast comp *Kohler, Ger.*
Sodium amidotrizoate (p.1475·3); lysine amidotrizoate (p.1477·1).
Radiographic contrast medium.

Peritrast-Infusio 160/32% *Kohler, Ger.†.*
Lysine amidotrizoate (p.1477·1).
Radiographic contrast medium.

Peritrast-Infusio 180/31% *Kohler, Ger.*
Sodium amidotrizoate (p.1475·3); lysine amidotrizoate (p.1477·1).
Radiographic contrast medium.

Peritrast-Oral CT *Kohler, Ger.*
Lysine amidotrizoate (p.1477·1); sodium amidotrizoate (p.1475·3).
Contrast medium for computer tomography of the abdominal cavity.

Peritrast-Oral-GI *Kohler, Ger.*
Lysine amidotrizoate (p.1477·1).
Contrast medium for gastrointestinal radiography.

Peritrast-RE *Kohler, Ger.*
Lysine amidotrizoate (p.1477·1).
Contrast medium for rectal radiography.

Peritrate *Pfizer, India; Teofarma, Ital.; Pfizer, Thai.*
Pentaerithrityl tetranitrate (p.1366·3).
Angina pectoris.

Peritrol *Orapharma, Neth.*
Minocycline hydrochloride (p.300·3).
Periodontitis.

Perivar *Ipsen, Ger.†*
⊗ Troxerutin (p.2305·1); heptaminol hydrochloride (p.2319·1); ginkgo biloba (p.2311·1).
Haemorrhoids; venous insufficiency.

Perivar Rosskaven *Intersan, Ger.†*
Aesculus (p.2248·2).
Venous insufficiency.

Perivar Venensalbe *Ipsen, Ger.†*
Heparin sodium (p.1301·2).
Soft-tissue injury; vascular disorders.

Perivasc *Alphapharm, Austral.*
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Periven *Fresenius Kabi, Ital.*
Amino-acid, glucose, lipid (from soya oil (p.1965·3)), and electrolyte infusion (p.1922·1).
Contains egg phospholipids.
Parenteral nutrition.

Perkapil *Kurtsan, Turk.*
Dipyrithione (p.1595·1).
Seborrhoeic dermatitis of the scalp.

Perlane *Medicis, USA.*
Hyaluronic acid (p.2320·1).
Facial wrinkles.

Perlas De PMMA con Gentamicina *Merck, Chile.*
Methylmethacrylate methacrylate copolymer (p.2343·3); gentamicin sulfate (p.282·1).
Bone and soft-tissue infections.

Perlatos *Quesada, Arg.*
Levodropropizine (p.1557·3).
Coughs.

Perlea *Elea, Arg.*
Multivitamin and mineral preparation (p.1922·1).

Perlic *Guidotti, Spain.*
Frovatriptan succinate (p.622·3).
Migraine.

Perlice *Galderma, India.*
Permethrin (p.2048·2).
Pediculosis.

Perlinganit *Gebro, Austria; Schwarz, Cz.; Schwarz, Fin.; Schwarz, Ger.; Schwarz, Hung.†; Schwarz, Philipp.; Schwarz, Pol.; Schwarz, Rus.; Orion, Swed.†; Schwarz, Switz.; Adeka, Turk.*
Glyceryl trinitrate (p.1296·2).
Angina pectoris; controlled hypotension; heart failure; hypertension; hypertensive crisis; ischaemic heart disease; myocardial infarction.

Perlol *Asian Pharm, Thai.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension.

Perloxx *Athlon, USA.*
⊗ Oxycodone hydrochloride (p.106·2); paracetamol (p.108·1).
Pain.

Perludil *Collins, Mex.*
Algestone (p.2082·2); estradiol (p.2097·2).
Menstrual disorders.

Perlutal *Boehringer Ingelheim, Arg.; Boehringer Ingelheim Promeco, Mex.*
Algestone acetophenide (p.2082·1); estradiol enantate (p.2097·3).
Endometriosis; female infertility; injectable contraceptive; menstrual disorders.

Perlutan *Boehringer Ingelheim, Braz.*
Algestone acetophenide (p.2082·1); estradiol enantate (p.2097·3).
Injectable contraceptive.

Perlutex *Leo, Denm.; Leo, Norw.*
Medroxyprogesterone acetate (p.2113·1).
Endometriosis; menopausal disorders; progestogen; test of ovarian function; uterine cancer.

Permadoze *Alpharma, Port.*
Cyanocobalamin (p.1980·2).
Iron-deficiency anaemia; vitamin B deficiency.

Permafoam *Hartmann, Fr.*
Polyurethane foam dressing (p.1611·1).
Wounds.

Permapen *Roerig, USA.*
Benzathine benzylpenicillin (p.212·1).
Bacterial infections.

Permasol *Munir, Turk.*
Potassium permanganate (p.1659·1).
Suppurating eczematous reactions; wounds.

Permaton *Sanval, Braz.†*
Potassium permanganate (p.1659·1).

Permax *Aspen, Austral.; Lilly, Austria; Lilly, Belg.; Shire, Canad.; Lilly, Cz.; Lilly, Denm.; Lilly, Fin.; Lilly, Mex.; Aspen, NZ; Lilly, Neth.; Lilly, Port.; Lilly, S.Afr.; Lilly, Switz.; Lilly, Turk.; Athena Neurosciences, USA†.*
Pergolide mesilate (p.812·3).
Parkinsonism.

Permecil *Prieto, Arg.*
Benzyl benzoate (p.2036·1); permethrin (p.2048·2).
Pediculosis.

Permetel *Teuto, Braz.†*
Permethrin (p.2048·2).
Pediculosis.

Permetrix *Galenogal, Braz.†*
Permethrin (p.2048·2).

Permicaps *Bago, Arg.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Permidal *Liferpal, Mex.*
Loperamide (p.1741·3).
Diarrhoea.

Permitabs *Centrapharm, UK.*
Potassium permanganate (p.1659·1).
Wound cleansing.

Permite *Galderma, India.*
Permethrin (p.2048·2).
Pediculosis.

Permitil *Panalab, Arg.*
Sildenafil (p.2195·1).
Erectile dysfunction.

Permixon *Pierre Fabre, Arg.; Germania, Austria; Asta Medica, Braz.†; Pierre Fabre, Fr.; Pierre Fabre, Israel; Pierre Fabre, Ital.; Pierre Fabre, Mex.; Pierre Fabre, Pol.; Pierre Fabre, Port.; Pierre Fabre, Rus.; Pierre Fabre, Singapore; Pierre Fabre, Spain; Robapharm, Switz.; Pierre Fabre, Thai.; Leti, Venez.†.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia; prostatic adenoma; prostatitis.

Permod *Francia, Ital.*
Domperidone (p.1726·2).
Gastrointestinal disorders.

Permotil *Sofar, Ital.*
Domperidone maleate (p.1726·3).
Gastrointestinal disorders.

Permucal *Sankyo, Venez.*
⊗ A heparinoid (p.1305·2); prednisolone (p.1540·3); oxypolyethoxidodecane; hexachlorophene (p.1646·1).
Haemorrhoids.

Permut *Eurofarma, Braz.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Permvastat *Permatec, Arg.*
Cefalexin (p.218·2).
Bacterial infections.

Permyo *Ferron, Indon.*
Eperisone hydrochloride (p.1897·1).
Skeletal muscle spasm.

Pernamed *Medifive, Thai.*
Perphenazine (p.1017·1).
Nausea and vomiting; psychoses.

Pernazene *Sanofi Synthelabo, Thai.*
⊗ Tymazoline hydrochloride (p.1575·1).
Nasal congestion.

Pernazine *Atlantic, Thai.*
Perphenazine (p.1017·1).
Nausea and vomiting; psychoses.

Pernazinum *Labor, Pol.*
Perazine dimaleate (p.1016·3).
Anxiety disorders; obsessive-compulsive disorder; psychoses.

Pernexin *Schering, Ital.*
Iron succinyl-protein complex (p.1953·2).
Anaemias; iron deficiency.

Pernionin N *Krewel, Ger.†*
Methyl salicylate (p.85·3); sage oil (p.2382·3).
Circulatory disorders.

Pernionin Thermo Teilbad *Krewel, Ger.*
Benzyl nicotinate (p.28·1).
Formerly known as Pernionin Teil-Bad.
Bath additive; musculoskeletal and joint disorders; peripheral vascular disorders.

Pernionin Thermo Vollbad *Krewel, Ger.*
Benzyl nicotinate (p.28·1).
Pernionin Voll-Bad N formerly contained Norway spruce oil, benzyl nicotinate, and methyl nicotinate.
Bath additive; musculoskeletal and joint disorders.

Pernox *Westwood-Squibb, Canad.; Westwood, USA.*
Polyethylene granules (abrasive) (p.1585·3); sulfur (p.1614·1); salicylic acid (p.1612·2).
Acne.

Perocur
EciFarma, Chile†.
Saccharomyces boulardii (p.2372·3).
Diarrhoea.

Hexal, Ger.
Saccharomyces cerevisiae (p.1998·3).
Diarrhoea.

Perofen *Remedica, Hong Kong; Remedica, Malaysia; Remedica, Thai.†.*
Ibuprofen (p.64·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain; toothache.

Peroma *Vianex (Βιανέξ), Gr.*
Nilvadipine (p.1357·1).
Hypertension.

Perosall *Biomed Krakow, Pol.*
Pollen allergen extracts (p.2370·2) (p.2250·2).
Hyposensitisation.

Perospir *Slovakofarma, Cz.†*
Thyme (p.2401·1); sambucus (p.2383·1); achillea (p.2245·2); coltsfoot (p.1555·1); urtica (p.2409·3).
Respiratory-tract disorders.

Peroxacne *Isdin, Spain.*
Benzoyl peroxide (p.1590·2).
Acne.

Peroxiben *Isdin, Port.; Isdin, Spain.*
Benzoyl peroxide (p.1590·2).
Acne.

Peroxiben Plus *Isdin, Chile.*
Benzoyl peroxide (p.1590·2).
Acne; seborrhoea.

Peroximicina *LKM, Arg.*
Benzoyl peroxide (p.1590·2); erythromycin (p.269·2).
Acne.

Peroxx *Vianex (Βιανέξ), Gr.†*
Rofecoxib (p.121·1).
Inflammatory disorders.

Peroxy-Dental *Gemi, Pol.*
Hydrogen peroxide 30% (p.1648·1).
Periodontitis.

Peroxygel *Gemi, Pol.*
Hydrogen peroxide 30% (p.1648·1).
Wound disinfection.

Peroxyl *Colgate-Palmolive, Austral.; Colgate, Gr.; Colgate-Palmolive, Neth.; Colgate-Palmolive, UK; Colgate-Palmolive, USA.*
Hydrogen peroxide (p.1647·3).
Mouth disorders.

Perpector *Grossmann, Switz.†*
⊗ Codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2); potassium iodide (p.2169·2); primula root (p.2372·2); valerian (p.2410·1).
Coughs.

Perphenan *Taro, Israel.*
Perphenazine (p.1017·1).
Anxiety; nervous states; vomiting.

Persantin
Boehringer Ingelheim, Arg.; Boehringer Ingelheim, Austral.; Boehringer Ingelheim, Austria; Boehringer Ingelheim, Braz.; Boehringer Ingelheim, Chile; Boehringer Ingelheim, Cz.†; Boehringer Ingelheim, Denm.; Boehringer Ingelheim, Fin.; Boehringer Ingelheim, Gr.; IFET (ΙΦΕΤ), Gr.; Boehringer Ingelheim, Hong Kong; German Remedies, India; Boehringer Ingelheim, Indon.; Boehringer Ingelheim, Irl.; Boehringer Ingelheim, Ital.; Boehringer Ingelheim, Jpn; Boehringer Ingelheim, Malaysia†; Boehringer Ingelheim Promeco, Mex.; Boehringer Ingelheim, NZ; Boehringer Ingelheim, Neth.; Boehringer Ingelheim, Norw.; Boehringer Ingelheim, Philipp.; Unilfarma, Port.; Boehringer Ingelheim, Rus.; Boehringer Ingelheim, S.Afr.; Boehringer Ingelheim, Singapore; Boehringer Ingelheim, Swed.; Boehringer Ingelheim, Thai.; Boehringer Ingelheim, UK; Boehringer Ingelheim, Venez.
Dipyridamole (p.1268·1).
Angina pectoris; ischaemic heart disease; myocardial infarction; platelet function disorders; stress testing in myocardial perfusion imaging; thromboembolic disorders.

Boehringer Ingelheim, Spain.
Dipyridamole hydrochloride (p.1268·3).
Thrombosis prophylaxis.

Persantine *Boehringer Ingelheim, Belg.; Boehringer Ingelheim, Canad.; Boehringer Ingelheim, Fr.; Boehringer Ingelheim, USA.*
Dipyridamole (p.1268·1).
Ischaemic heart disease; thromboembolic disorders; vasodilator in myocardial perfusion imaging.

Persen *Lek, Cz.; Lek, Pol.; Lek, Rus.*
Valerian (p.2410·1); melissa (p.2339·3); peppermint leaf (p.1761·2).
Nervous disorders; sleep disorders.

Persidal *Mersifarma, Indon.*
Risperidone (p.1024·2).
Psychoses.

Persivate *Pharmacare, S.Afr.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Perskindol Classic
Note.This name is used for preparations of different composition.
Vifor, Switz.
Bath additive: Pine-needle oil (p.2368·2); orange oil (p.2357·2); lavender oil (p.2331·2); rosemary oil (p.2381·3); lemon oil (p.2332·3); eucalyptus oil (p.2301·2); sweet birch oil (p.86·2); jojoba oil.
Bath additive; cold symptoms; muscle and joint pain; superficial circulatory disorders.

Vifor, Switz.
topical fluid; Topical gel; topical spray; wipes: Menthol (p.2340·1); sweet birch oil (p.86·2); pine-needle oil (p.2368·2); lemon oil (p.2332·3); orange oil (p.2357·2); bergamot oil (p.2265·1); rosemary oil (p.2381·3); lavender oil (p.2331·2); terpineol (p.2396·1); isobornyl acetate.
Muscle and joint pain.

Perskindol Cool *Vifor, Switz.*
Menthol (p.2340·1).
Soft-tissue injury.

Perskindol Cool Arnica *Vifor, Switz.*
Arnica (p.2260·2); menthol (p.2340·1).
Soft-tissue disorders.

Perskindol Ibuprofen acute *Vifor, Switz.*
Ibuprofen lysine (p.64·2).
Fever; pain.

Persol *Wallace, India.*
Benzoyl peroxide (p.1590·2).
Acne.

Persol Forte *Wallace, India.*
Benzoyl peroxide (p.1590·2); sulfur (p.1614·1).
Acne.

Persolv Richter *Lepetit, Ital.†.*
Urokinase (p.1420·1).
Thromboembolic disorders.

Personnel *Therapex, Canad.*
Bismuth salicylate (p.1711·1).
Gastrointestinal disorders.

Personnelle Contre le Rhume *Therapex, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); paracetamol (p.108·1).

Pert Plus *Procter & Gamble, Canad.*
Pyrithione zinc (p.1611·2).
Seborrhoeic dermatitis.

Pertacel *Aventis Pasteur, Braz.†.*
A diphtheria, tetanus, and pertussis vaccine (p.2210·3).
Active immunisation.

Pertacilon *Elpen (Ελπεν), Gr.; Elpen, Singapore†.*
Captopril (p.1239·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Pertaxol *Kleva, Gr.†.*
⊗ Betaxolol hydrochloride (p.1231·2).
Glaucoma; hypertension; raised intra-ocular pressure.

Pertensal *Vinas, Spain.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension; Raynaud's syndrome.

Pertenso *Ivax, Arg.*
⊗ Clonidine (p.1247·1); bendroflumethiazide (p.1224·1).
Hypertension.

Pertenso N *Sanol, Ger.; Schwarz, Ger.*
⊗ Propranolol hydrochloride (p.1380·3); hydralazine hydrochloride (p.1305·3); bendroflumethiazide (p.1224·1).
Hypertension.

Perti *Reddy, Malaysia†; Reddy, Rus.; Biofarma, Venez.†.*
Pefloxacin mesilate (p.313·3).
Bacterial infections.

Pertil *AstraZeneca, Spain.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris.

Pertinar *Ivax, Arg.*
Glucosamine sulfate (p.2313·2).
Joint disorders.

Pertiroid *Piam, Ital.*
Potassium perchlorate (p.2174·3).
Hyperthyroidism.

Pertix-Solo-N, Pertix-T, Pertix-Z, and Pertix-L *Hommel, Ger.†.*
Pentoxyverine (p.1567·3) or pentoxyverine citrate (p.1567·3).
Coughs and associated respiratory-tract disorders.

Pertofran *Novartis, Austria; Novartis, Belg.†; Novartis, Fr.†; Novartis, Ger.†; Novartis, NZ†.*
Desipramine hydrochloride (p.387·3).
Depression; pain.

Pertranquil *Aventis, Belg.†.*
Meprobamate (p.1006·2).
Anxiety; insomnia; premedication.

Pertriptyl *Orion, Fin.*
Perphenazine (p.1017·1); amitriptyline hydrochloride (p.376·1).
Anxiety disorders; depression; schizophrenia.

Pertrombon *Gerot, Austria.*
Sodium nicotinate (p.1958·3); heparin sodium (p.1301·2).
Decubitus ulcer; promote resorption of excess fluid; soft-tissue injury; thrombophlebitis; ulcus cruris; varices.

Pertudoron *Weleda, Austria; Weleda, Fr.; Weleda, Ger; Weleda, S.Afr.*
Homoeopathic preparation.

Pertusan *Argenfarma, Arg.†.*
Centella (p.1592·3).
Haemorrhoids; venous disorders.

Pertussex Compositum *Uhlmann-Eyraud, Switz.*
⊗ Codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2); drosera; galeopsis; thyme; Iceland moss; cowslip.
Coughs and associated respiratory-tract disorders.

Pertussin
Note.This name is used for preparations of different composition.
Knop, Chile.
Homoeopathic preparation.

Medphano, Ger.
Thyme (p.2401·1).
Coughs.

Lewison, Philipp.
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

Pertussol *Rekah, Israel.*
⊗ Codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2); sodium benzoate (p.1630·2); sulfogaiacol (p.1573·2).
Coughs.

Peru Stick *Tentan, Switz.*
Lidocaine hydrochloride (p.1862·3); peru balsam (p.2365·3); camphor (p.2273·2); castor oil (p.2278·1).
Chapped and cracked skin; frostbite.

Perubare *Mayoly-Spindler, Switz.†.*
Peru balsam (p.2365·3); thymol (p.1664·3); thyme oil (p.2401·2); rosemary oil (p.2381·3); lavender oil (p.2331·2).
Upper respiratory-tract disorders.

Perubore
Note.This name is used for preparations of different composition.
ACP, Belg.
Peru balsam (p.2365·3); thyme oil (p.2401·2); rosemary oil (p.2381·3); thymol (p.1664·3).
Rhinitis; sinusitis.

Mayoly-Spindler, Fr.
Thyme oil (p.2401·2); rosemary oil (p.2381·3); lavender oil (p.2331·2); thymol (p.1664·3); peru balsam (p.2365·3).
Upper respiratory-tract congestion.

Peru-Lenicet *Athenstaedt, Ger.†.*
Aluminium diacetate hydroxide; aluminium hydroxide gel (p.1706·2); peru balsam (p.2365·3).
Skin disorders; wounds.

Perusliuos-K *Fresenius Kabi, Fin.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Perviam *Janssen-Cilag, Belg.*
Ibuprofen lysine (p.64·2).
Fever; pain.

Pervil *Vianex (Βιανέξ), Gr.*
⊗ Finasteride (p.2188·3).
Alopecia androgenetica.

Pervinox *Phoenix, Arg.*
Povidone-iodine (p.1659·2).
Skin, wound, and ulcer disinfection.

Pervinox Clorhexidina *Phoenix, Arg.*
Chlorhexidine gluconate (p.1635·3).
Skin disinfection.

Pervinox D *Phoenix, Arg.*
Povidone-iodine (p.1659·2); nonoxinol.
Genital-tract infections.

Pervinox Incoloro *Phoenix, Arg.*
Chlorhexidine gluconate (p.1635·3).
Wound disinfection.

Pervioral *Royal, Chile.*
Valaciclovir hydrochloride (p.911·1).
Herpesvirus infections.

Pervivo
Bittner, Austria.
Manna, camphor; zedoary; angelica; myrrh; gentian; rowan; nutmeg; liquorice; helenin; centaury; clove; galanga; ginger; cnicus benedictus; ivae moschatae; theriac; iridus; verbascum; bitter orange peel; calamus; absinthium; aloes; cubeb; star anise; sweet orange peel; menyanthes.
Gastrointestinal disorders; tonic.

Bittner, Pol.†.
Manna, camphor; curcuma; angelica; myrrh; gentian; nutmeg; dziewiecsilu root; liquorice; omanu root; centaury; clove; galanga; imbiru rhizome; cnicus benedictus; achillea; bitter orange; kosacca rhizome; verbascum; calamus; absinthium; pepper curracao fruit; aniseed; menyanthes leaf.
Dyspepsia; gallbladder disorders; infections; musculoskeletal and joint disorders.

Pervone *Sanofi Synthelabo, Gr.†.*
Dihydroergotamine mesilate (p.618·2).
Migraine; vascular headache.

Perzine *PP Lab, Thai.†.*
Perphenazine (p.1017·1).
Nausea and vomiting; psychoses.

Pesendorfer *Iso, Ger.*
Homoeopathic preparation.

Pesium *Flupal, Venez.*
Pancuronium bromide (p.1907·3).
Competitive neuromuscular blocker.

Pespire *Berman, Mex.*
Vitamin B substances (p.1922·1).

Pessarios Profilaticos Rendell *CIF, Braz.†.*
Nonoxinol 10 (p.1917·2).
Vulvovaginal infections.

Pestarin *Provit, Mex.*
Rifampicin (p.325·3).
Bacterial infections.

Petadolex *Weber & Weber, Ger.*
Butterbur (p.2271·1).
Smooth muscle spasms.

Petadolor *Bioforce, Switz.†.*
Butterbur radix (p.2271·1).
Migraine; smooth muscle spasm.

Petaforce V *Bioforce, Ger.*
Butterbur (p.2271·1).
Migraine; urinary-tract spasm.

Pe-Tam *Qualiphar, Belg.*
Paracetamol (p.108·1).
Fever; pain.

Petaxel *Biochem, India.*
Paclitaxel (p.759·1).
Malignant neoplasms.

Peteha
Note. This name is used for preparations of different composition.
Fatol, Hong Kong.
Protionamide (p.320·1).
Tuberculosis.

Fatol, Ger.†.
Injection: Protionamide (p.320·1); nicotinamide (p.1957·3).
Tuberculosis.

Fatol, Ger.
Tablets: Protionamide (p.320·1).
Tuberculosis.

Petercillin *Pharmacare, S.Afr.*
Ampicillin sodium (p.204·1) or ampicillin trihydrate (p.204·2).
Bacterial infections.

Peterkaien *Intramed, S.Afr.*
Lidocaine hydrochloride (p.1862·3).
Arrhythmias; local anaesthesia.

Peterphyllin *Intramed, S.Afr.*
Injection: Aminophylline (p.1114·2).
Obstructive airways disease.

Petibelle *Jenapharm, Ger.; Lusal, Port.*
Drospirenone (p.2095·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Petina Compound *Jean-Marie, Hong Kong.*
Cyproheptadine hydrochloride (p.575·1); vitamins (p.1922·1).
Appetite loss; tonic.

Petinimid *Gerot, Austria; Gerot, Cz.; Gerot, Pol.; Gerot, Switz.*
Ethosuximide (p.479·3).
Absence seizures.

Petinutin *Pfizer, Austria; Parke, Davis, Ger.; Pfizer, Switz.*
Mesuximide (p.490·1).
Absence seizures; epilepsy.

Petites Pilules Carters *Sofibel, Fr.*
Boldine (p.2267·3); aloes (p.1705·2).
Constipation.

Petnidan *Desitin, Ger.; Desitin, Hung.*
Ethosuximide (p.479·3).
Absence seizures.

Petogen *Medidata, Malaysia†; Pharmacare, Malaysia†; Bodene, S.Afr.*
Medroxyprogesterone acetate (p.2113·1).
Progestogen-only injectable contraceptive.

Petrasch-Anthozym N *Asconex, Ger.†.*
Rote beete; ascorbic acid; lactic acid (p.1922·1).
Tonic.

Petroleum Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Petsix *Ipca, India†.*
⊗ Furosemide (p.1292·1).
Hypertension; oedema.

Petylyl *Temmler, Ger.; AWD, Pol.*
Desipramine hydrochloride (p.387·3).
Depression.

Pevaryl
Note. This name is used for preparations of different composition.
Valeant, Austral.; Janssen-Cilag, Denm.; Janssen-Cilag, Gr.; Cilag, Hong Kong†; Janssen-Cilag, Hung.; Janssen-Cilag, Irl.†; Janssen-Cilag, Israel; Janssen-Cilag, Malaysia†; Pacific, NZ; McNeil, Neth.; Janssen, Philipp.; Janssen-Cilag, Pol.; Janssen-Cilag, Port.; Janssen-Cilag, Singapore†; Pensa, Spain; Janssen-Cilag, Swed.; Janssen-Cilag, UK; Janssen-Cilag, Venez.
Econazole nitrate (p.531·1).
Fungal skin, nail, and vaginal infections; Gram-positive bacterial infections.

Janssen-Cilag, Belg.; Janssen-Cilag, Cz.; Janssen-Cilag, Fin.; McNeil, Fr.; Janssen-Cilag, Ital.; Janssen-Cilag, Norw.; Janssen-Cilag, S.Afr.
Econazole (p.531·1) or econazole nitrate (p.531·1).
Fungal skin and nail infections; Gram-positive bacterial infections.

Janssen-Cilag, Mex.
Econazole (p.531·1).
Fungal skin infections.

Janssen-Cilag, Austria.
Cream; lotion; shampoo; topical solution; topical spray: Econazole (p.531·1) or econazole nitrate (p.531·1).
Fungal skin and nail infections; Gram-positive infections.

Janssen-Cilag, Switz.
Cream; lipogel; lotion; shampoo; topical powder; topical solution; topical spray: Econazole (p.531·1) or econazole nitrate (p.531·1).
Fungal skin and scalp infections.

Janssen-Cilag, Switz.
Paste: Econazole nitrate (p.531·1); zinc oxide (p.1621·2).
Fungal skin disorders.

Janssen-Cilag, Austria.
Topical powder: Econazole nitrate (p.531·1); zinc oxide (p.1621·2).
Fungal skin and nail infections; Gram-positive infections.

Pevaryl HP *Janssen, Philipp.*
Econazole nitrate (p.531·1); zinc oxide (p.1621·2).
Fungal skin infections.

Pevazol *Chema-Elektromet, Pol.*
Econazole nitrate (p.531·1).
Fungal skin, nail, and ear infections; mixed fungal and Gram-positive bacterial skin infections.

Pevison *Janssen-Cilag, Gr.*
⊗ Triamcinolone acetonide (p.1544·3); econazole nitrate (p.531·1).
Fungal skin infections with inflammation.

Pevisone *Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Denm.; Janssen-Cilag, Fin.; Janssen-Cilag, Fr.; Cilag, Hong Kong; Janssen-Cilag, Israel; Janssen-Cilag, Ital.; Janssen-Cilag, Malaysia†; Janssen-Cilag, Norw.; Janssen, Philipp.; Janssen-Cilag, Pol.; Janssen-Cilag, Port.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Singapore†; Janssen-Cilag, Swed.; Janssen-Cilag, Switz.; Janssen-Cilag, Thai.†.*
⊗ Econazole nitrate (p.531·1); triamcinolone acetonide (p.1544·3).
Fungal skin and nail infections with inflammation.

Pexeva *Synthon, USA.*
Paroxetine mesilate (p.414·2).
Depression; obsessive-compulsive disorder; panic disorder.

Pexola *Boehringer Ingelheim, S.Afr.; Boehringer Ingelheim, Turk.*
Pramipexole hydrochloride (p.814·1).
Parkinsonism.

Pexsig *Sigma, Austral.; Pharmaco, NZ.*
Perhexiline maleate (p.1368·2).
Formerly known as Pexid.
Angina pectoris.

Pezeta-Ciba *Sandoz, Indon.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pezide *Greater Pharma, Thai.*
Glipizide (p.441·3).
Diabetes mellitus.

PFD *Mead Johnson, Fr.; Mead Johnson, Hong Kong; Mead Johnson, Ital.*
Food for special diets (p.1922·1).
Amino-acid metabolic disorders; amino-acid metabolic disorders in infants and children.

Pfeiffer's Cold Sore *Pfeiffer, USA.*
Sumatra benzoin (p.2394·2); camphor (p.2273·2); menthol (p.2340·1); cineole (p.2282·3).
Oral lesions.

Pfeil *Stada, Ger.†.*
Ibuprofen (p.64·2).
Pain.

P-Fen *Millimed, Thai.*
Ibuprofen (p.64·2).
Fever; gout; musculoskeletal and joint disorders; pain.

Pfizer Obstetric Lotion *Pfizer Consumer, Singapore†.*
Chlorhexidine gluconate (p.1635·3).
Disinfection and lubrication during gynaecological or obstetric procedures.

Pfizerpen *Pfizer, USA.*
Benzylpenicillin potassium (p.213·1).
Bacterial infections.

Pflugerplex Arnica *Pfluger, Ger.†.*
Homoeopathic preparation.

Pflugerplex Gelsemium *Pfluger, Ger.*
Homoeopathic preparation.

Pflugerplex Lemna *Pfluger, Ger.*
Homoeopathic preparation.

PFT *Nicholas Piramal, India†.*
Simeticone (p.1770·2); magnesium hydroxide (p.1743·2); aluminium hydroxide (p.1706·2).
Dyspepsia; flatulence; gastritis; gastrointestinal hyperacidity; hiatus hernia; peptic ulcer.

PG/53 *Raymos, Arg.*
Fertility test (p.2372·1).

P-Glitz *Cipla, India.*
Pioglitazone hydrochloride (p.456·1).
Diabetes mellitus.

P-Glitz M *Cipla, India.*
Pioglitazone hydrochloride (p.456·1); metformin hydrochloride (p.453·2).
Diabetes mellitus.

pH4 *Biological E, India.*
Magaldrate (p.1742·3); simeticone (p.1770·2).
Flatulence; gastritis; gastrointestinal hyperacidity; peptic ulcer.

pH 550
Note. This name is used for preparations of different composition.
Restan, S.Afr.†.
Suspension: Dicycloverine hydrochloride (p.1722·3); aluminium hydroxide gel (p.1706·2); magnesium oxide (p.1744·1); calcium carbonate (p.1714·1); dimethicone (p.1770·2).
Flatulence; gastric hyperacidity; hiatus hernia; peptic ulcer.

Restan, S.Afr.†.
Tablets: Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1); magnesium trisilicate (p.1744·1).
Gastrointestinal disorders associated with hyperacidity.

pH Care *Biomedis, Malaysia.*
Glycerol; panthenol; cocamidopropyl betaine; bisabolol; chamomile; citric acid.
Vaginal hygiene.

PH 4 Plus *Sintesina, Arg.†.*
Paracetamol (p.108·1).
Fever; pain.

Phacobiotic *Bros, Gr.†.*
Cefatrizine propylene glycol (p.221·3).
Bacterial infections.

Phacocef *Bros, Gr.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Phacotrex *Bros, Gr.*
Cefaclor (p.217·2).
Bacterial infections.

Phacovit *Bros, Gr.*
Levocarnitine (p.1932·2).
Carnitine deficiency; myocardial ischaemia.

Phaeva *Schering, Fr.*
Gestodene (p.2105·2); ethinylestradiol (p.2101·3).
Triphasic oral contraceptive.

Phakan
Chauvin, Port.†.
White capsules, glycine (p.1947·3); glutamic acid (p.1947·1); pyridoxine (p.1979·1); blue capsules, cysteine (p.1936·3); vitamin C (p.1983·3).
Cataracts.

Chauvin, Fr.†.
Combination pack: Oral solution, glycine (p.1947·3); glutamic acid (p.1947·1); pyridoxine hydrochloride (p.1978·2); capsules, cysteine hydrochloride (p.1936·3); ascorbic acid (p.1983·3).
Cataracts.

Phakolen *Bausch & Lomb, Switz.†.*
Combination pack: White capsules, glycine (p.1947·3); -glutamic acid (p.1947·1); pyridoxine hydrochloride (p.1978·2); blue capsules, cysteine hydrochloride (p.1936·3); ascorbic acid (p.1983·3).
Prevention of cataract formation.

Phaltrexia *Pharos, Indon.*
Naltrexone hydrochloride (p.1455·2).
Opioid dependence.

Phamopril *Phamos, Ger.†.*
Captopril (p.1239·2).
Heart failure; hypertension.

Phamoprofen *Phamos, Ger.†.*
Ibuprofen (p.64·2).
Inflammation; musculoskeletal and joint disorders; pain.

Phamoranit *Phamos, Ger.†.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Phamoxi *Phamos, Ger.†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Phamuc *Phamos, Ger.†.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders with increased or viscous mucus.

Phanalgin *Rekah, Israel.*
Dipyrone (p.49·2).
Fever; pain.

Phanate *Pharmaland, Thai.*
Lithium carbonate (p.401·3).
Bipolar disorder; depression.

Phanatuss Cough *Pharmakon, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Coughs.

Phanerol *Apotex, Philipp.; Pharma 3, Philipp.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; hypertrophic subaortic stenosis; migraine; phaeochromocytoma.

Phapax *Lehning, Fr.*
Homoeopathic preparation.

Pharben *Gelpharma, Mex.*
Benzonatate (p.1552·1).
Coughs.

Pharbrix *Sons, Mex.*
1 Ampoule, tetracycline hydrochloride (p.347·2); 1 ampoule, lidocaine hydrochloride (p.1862·3); chlorphenamine maleate (p.571·3); sodium ascorbate (p.1984·1); guaifenesin (p.1561·3).
Bacterial infections.

Pharcilex *Pharmacos, Mex.†.*
Aciclovir (p.862·3).
Herpesvirus infections.

Pharcina *Pharmacos, Mex.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial eye infections.

Phardol mono *Kreussler, Ger.*
Glycol salicylate (p.62·3).
Musculoskeletal, joint, soft-tissue, and nerve disorders.

Phardol Rheuma *Kreussler, Ger.†.*
Glycol salicylate (p.62·3); pine silvestris oil (p.2368·2); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, soft-tissue, and nerve disorders.

Phardol Schmerz *Kreussler, Ger.*
Ketoprofen (p.73·1).
Peri-articular and soft-tissue disorders.

Phardol Warme-Balsam *Kreussler, Ger.†.*
Glycol salicylate (p.62·3); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, and soft-tissue disorders.

Pharemin *Pacific, Philipp.*
Vitamin preparation with iron (p.1922·1).

Pharepa *Pharmatex, Ital.*
Heparin sodium (p.1301·2).
Thromboembolic disorders.

Pharfed *Pharmaland, Thai.*
Brompheniramine maleate (p.569·2); pseudoephedrine (p.1571·2).
Respiratory-tract congestion.

Pharflox *Pharos, Indon.*
Ofloxacin (p.310·2).
Bacterial infections.

Pharken *Elanco, Spain.*
Pergolide mesilate (p.812·3).
Parkinsonism.

Pharlecon *Leovan, Gr.*
Glimepiride (p.441·1).
Diabetes mellitus.

Pharlemyron *Leovan, Gr.*
Clarithromycin (p.248·2).
Bacterial infections.

Pharmacaine *Quimpharma, Mex.*
Lidocaine hydrochloride (p.1862·3).
Local anaesthesia.

Pharmacard Family Douleurs & Fievre *Pharmacard, Switz.†.*
Paracetamol (p.108·1).
Fever; pain.

Pharmacard Family Maux de gorge *Pharmacard, Switz.†.*
Cetylpyridinium chloride (p.1635·1); lidocaine hydrochloride (p.1862·3); menthol (p.2340·1).
Mouth and throat disorders.

Pharmacard Family Toux seche *Pharmacard, Switz.†.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Pharmacen *Alpharma, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Pharmacetin *Olan-Kemed, Thai.*
Chloramphenicol (p.239·3).
Bacterial ear infections.

† This preparation may no longer be actively marketed ⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Pharmaceutix *Medipharma, Arg.†.*
Rifampicin (p.325·3).
Bacterial infections.

Pharmacists Creme *Reese, USA.*
Methyl salicylate (p.85·3); menthol (p.2340·1); capsicum oleoresin.

Pharmacists Lotion *Reese, USA.*
Methyl salicylate (p.85·3); menthol (p.2340·1); capsicum oleoresin.

Pharma-Col Junior *Pfizer Consumer, Austral.†.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Coughs and cold symptoms.

Pharmacort *Human, Philipp.*
⊗ Hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Pharmacycare Cough Expectorant *Douglas, NZ†.*
Choline theophyllinate (p.1119·3); guaifenesin (p.1561·3).
Coughs.

Pharma-Dentix *Germiphene, Israel.*
Chlorhexidine gluconate (p.1635·3).
Mouth disorders; oral hygiene.

Pharmadol *Pharmaland, Thai.*
Tramadol hydrochloride (p.130·3).
Pain.

Pharmadose alcool *Gilbert, Fr.*
⊗ Alcohol (p.1625·2).
Skin and wound disinfection.

Pharmadose mercuresceine *Gilbert, Fr.†.*
Merbromin (p.1652·1).
Wound and burn disinfection.

Pharmadose teinture d'arnica *Gilbert, Fr.*
Arnica (p.2260·2).
Ecchymoses.

Pharmafet *Ares, Mex.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Pharmafil *Alpharma, Mex.*
Theophylline (p.1140·1).
Obstructive airways disease.

Pharmaflam
Quimpharma, Mex.
Diclofenac resinate (p.46·1).
Fever; inflammation; pain.

Pharmador, S.Afr.†.
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders; pain.

Pharmaflex *Braun, Belg.†.*
Metronidazole (p.837·1).
Anaerobic bacterial infections; protozoal infections.

Pharmaflur *Pharmics, USA.*
Sodium fluoride (p.1962·2).
Dental caries prophylaxis.

Pharmafort *Boehringer Ingelheim, Arg.*
Ginseng; rutoside; vitamins; minerals (p.1922·1).
Tonic.

Pharmagin *Pharmasant, Thai.*
Metamizole.
Fever; pain.

Pharmagrip *Cinfa, Spain.*
Chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Cold and influenza symptoms; fever; pain.

Pharmakod expectorant *Sanofi-Aventis, Fr.*
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

Pharmakod toux seche *Sanofi-Aventis, Fr.*
Pholcodine (p.1570·2).
Coughs.

Pharmalgen *ALK, Belg.; ALK, Denm.; ALK, Neth.; Alk-Abello, Pol.; Trimedal, Switz.; ALK, UK; ALK, USA.*
Venom of *Apis mellifera* (p.2251·1) or *Vespula* spp. (p.2251·1) (p.2250·2).
Allergen immunotherapy.

Pharmalgen Albumin *ALK, Denm.*
⊗ Human albumin (p.1052·1); mannitol (p.1330·2).
Diluent for allergen extracts.

Pharmapress *Pharmacare, S.Afr.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension; left-ventricular dysfunction.

Pharmapress Co *Pharmacare, S.Afr.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Pharmatex
Note.This name is used for preparations of different composition.
Raymos, Arg.; Innothera, Cz.; Innotech, Hong Kong; Innotech, Hung.; Agis, Israel†; Sidefarma, Port.; Innotech, Rus.
Benzalkonium chloride (p.1629·1).
Contraceptive.

Innotech, Fr.
Pessaries; tampons; vaginal capsules; vaginal cream; vaginal tablets: Benzalkonium chloride (p.1629·1).
Contraceptive; skin hygiene.

Innotech, Fr.
Topical gel: Hymetellose (p.2143·3); benzalkonium chloride (p.1629·1); glycerol (p.2314·2).
Vaginal lubricant.

Pharmato Matruelle *Boehringer Ingelheim Promeco, Mex.*
Vitamins; minerals; omega-3 triglycerides (p.1922·1).

Pharmaton
Boehringer Ingelheim, Austral.†; Boehringer Ingelheim, Hong Kong; Pharmaton, Israel; Boehringer Ingelheim Promeco, Mex.; Boehringer Ingelheim, NZ†; Pharmaton, NZ†; Boehringer Ingelheim, Port.†; Abdi, Turk.; Boehringer Ingelheim Self Medication, UK.
Ginseng; vitamins; minerals (p.1922·1).
Age-related disorders; dietary supplement; nutritional supplement; tonic.

Boehringer Ingelheim, Arg.; Boehringer Ingelheim, Braz.; Boehringer Ingelheim, Chile; Boehringer Ingelheim, Irl.
Vitamins; minerals; ginseng; lecithin (p.1922·1).
Tonic.

Boehringer Ingelheim, Fr.†.
Deanol bitartrate; ginseng; vitamins and minerals (p.1922·1).
Tonic.

Boehringer Ingelheim, Ger.
Multivitamin and mineral preparation with ginseng and essential fatty acids (p.1922·1).

Pharmaton, Malaysia.
Vitamins; minerals; ginseng; lecithin; choline; inositol; linoleic acid; linolenic acid (p.1922·1).
Tonic.

Boehringer Ingelheim, Philipp.
Vitamins; minerals; ginseng; deanol tartrate; rutoside; choline; inositol; linoleic acid; linolenic acid (p.1922·1).

Boehringer Ingelheim, S.Afr.; Pharmaton, Singapore.
Multivitamins; minerals; ginseng; lecithin; rutoside (p.1922·1).
Tonic.

Pharmaton, Thai.
Ginseng; deanol bitartrate; rutoside; lecithin; vitamins; minerals (p.1922·1).
Tonic.

Pharmaton Activit *Boehringer Ingelheim, Cz.*
Ginseng; vitamins; minerals (p.1922·1).
Tonic.

Pharmaton Complex
Boehringer Ingelheim, Arg.; Boehringer Ingelheim, Spain.
Ginseng; deanol tartrate; rutoside; vitamins; minerals (p.1922·1).
Tonic.

Boehringer Ingelheim Promeco, Mex.
Vitamins; minerals; ginseng; rutoside; lecithin; deanol tartrate (p.1922·1).

Pharmaton Kiddi *Boehringer Ingelheim, Braz.*
Amino acids; vitamins; minerals (p.1922·1).

Pharmaton with Selenium *Pharmaton, Malaysia; Pharmaton, Singapore.*
Ginseng; vitamins; minerals; selenium (p.1922·1).
Dietary supplement.

Pharmaton Vital *Boehringer Ingelheim, Hung.*
Vitamins; minerals; ginseng; rutoside; lecithin; deanol tartrate (p.1922·1).
Tonic.

Pharmatovit
Boehringer Ingelheim, Austria.
Multivitamin and mineral preparation (p.1922·1).

Pharmaton, Israel†.
Multivitamin and mineral preparation with lecithin and rutoside (p.1922·1).

Pharmatovit Ginseng *Pharmaton, Switz.*
Multivitamin and mineral preparation with ginseng (p.1922·1).

Pharmavoyage Moustiquaires *Katadyn, Fr.*
Mosquito net impregnated with permethrin (Peripel) (p.2048·2) or deltamethrin (p.2040·1).
Insect repellent.

Pharmecort *Pharmex (Φαρμεξ), Gr.*
⊗ Mometasone (p.1540·1).
Skin disorders.

Pharmilin-DM *Therapex, Canad.†.*
Dextromethorphan hydrobromide (p.1555·2).

Pharminil DM *Therapex, Canad.*
Dextromethorphan hydrobromide (p.1555·2).

Pharmix *Apotex, Philipp.; Pharma 3, Philipp.*
⊗ Furosemide (p.1292·1).
Hypertension; oedema.

Pharmorat *Leti, Venez.*
Ginseng (p.2312·1); vitamins; minerals (p.1922·1).
Tonic.

Pharmorubicin *Pfizer, Austral.; Pfizer, Canad.; Pfizer, Hong Kong; Pfizer, Irl.; Pfizer, Malaysia; Pfizer, NZ; Pfizer, Philipp.; Pfizer, Singapore; Pfizer, Thai.; Pfizer, UK.*
Epirubicin hydrochloride (p.716·1).
Formerly known as Farmorubicin in *Thai.*
Malignant neoplasms.

Pharmotidine *Community Pharmacy, Thai.†.*
Famotidine (p.1730·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Pharmox *Greenpharma, Braz.*
Amoxicillin (p.202·2).
Bacterial infections.

Pharnax *Pharmaland, Thai.*
Alprazolam (p.960·1).
Mixed anxiety depressive states.

Pharnazine *Pharmaland, Thai.*
Fluphenazine decanoate (p.998·1).
Schizophrenia.

Pharodime *Pharos, Indon.*
Ceftazidime (p.234·1).
Bacterial infections.

Pharophyllin *Byk, Cz.†.*
Aminophylline (p.1114·2).
Obstructive airways disease.

Pharothrocin *Pharos, Indon.*
Erythromycin ethyl succinate (p.269·3) or erythromycin stearate (p.270·1).
Bacterial infections.

Pharquinon *Medipharm, Venez.†.*
Hydroquinone (p.1598·2).
Hyperpigmented skin disorders.

Pharyngor *Rappai, Switz.*
Potassium chloride; sodium chloride; magnesium chloride; calcium chloride (p.1667·1).
Dry mouth and throat.

Pharynx *DHA, Hong Kong; DHA, Malaysia; DHA, Singapore.*
Cetylpyridinium chloride (p.1635·1); benzocaine (p.1854·1).
Mouth and throat infections.

Pharysyx N *Syxyl, Ger.†.*
Homoeopathic preparation.

Pharzil *Pharmaland, Thai.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Phase O *Grunenthal, Chile†.*
A range of sunscreen preparations.

Phazyme *GSK Consumer, Canad.; GSK Consumer, USA.*
Simeticone (p.1770·2).
Flatulence.

pHCare *Biomedis, Philipp.*
Dexpanthenol (p.2362·1); glycerol (p.2314·2); chamomile (p.2279·3).
Feminine hygiene.

pH-Derm *Mediphar, Venez.*
A range of barrier preparations, emollients, and skin cleansers.

Phenadex *Dexa, Indon.*
⊗ Promethazine hydrochloride (p.588·2); sulfogaiacol (p.1573·2); sodium citrate (p.1673·3); ammonium chloride (p.1551·3); ephedrine hydrochloride (p.1558·2); ascorbic acid (p.1983·3).
Cough.

Phenadine *Quality, Hong Kong.*
Phenazopyridine hydrochloride (p.116·2).
Urinary-tract pain and irritation.

Phenadoz *Paddock, USA.*
Promethazine hydrochloride (p.588·2).

Phenaemal *Desitin, Cz.*
Phenobarbital (p.492·2).
Epilepsy.

Phenaemaletten *Desitin, Cz.*
Phenobarbital (p.492·2).
Epilepsy.

Phenahist *Universal, Hong Kong.*
Paracetamol (p.108·1); ascorbic acid (p.1983·3); caffeine (p.1116·3); phenylephrine hydrochloride (p.1568·1); diphenylpyraline hydrochloride (p.578·2).
Cold and influenza symptoms.

Phenameth DM *Major, USA.*
Promethazine hydrochloride (p.588·2); dextromethorphan hydrobromide (p.1555·2).
Coughs and cold symptoms.

Phenamin *Nycomed, Norw.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions; pruritus.

Phenapap *Rugby, USA.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Upper respiratory-tract disorders.

Phenapap Sinus Headache & Congestion *Rugby, USA.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Phenaseptic *Rugby, USA.*
Phenol (p.1656·1).
Minor mouth or throat irritation.

Phenate *Alphapharm, Malaysia; Pacific, NZ; Alphapharm, Singapore†; Merck, Singapore†.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility.

PhenaVent *Ethex, USA.*
Phenylephrine hydrochloride (p.1568·1); guaifenesin (p.1561·3).
Upper respiratory-tract disorders.

Phenazin *Mayne, Port.*
Fluphenazine decanoate (p.998·1).
Psychoses.

Phenazine *Pharmaland, Thai.†.*
Fluphenazine decanoate (p.998·1).
Psychoses.

Phenazo *Valeant, Canad.*
Phenazopyridine hydrochloride (p.116·2).
Urinary-tract pain.

Phenazopyridine Plus *Breckenridge, USA.*
Phenazopyridine hydrochloride (p.116·2); hyoscyamine hydrobromide (p.1736·1); secbutabarbital (p.1027·2).

Phencodin *Neopharm, Thai.*
Codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2).
Coughs.

Phencol *Christo, Hong Kong.*
Diphenhydramine hydrochloride (p.577·2); sodium citrate (p.1673·3); ammonium chloride (p.1551·3).
Respiratory-tract disorders.

Phendiridine *TP, Thai.*
Phenazopyridine hydrochloride (p.116·2).
Dysuria; urinary-tract pain.

Phenedrine *Medichem, Philipp.*
Theophylline (p.1140·1).
Asthma.

Phenerbel-S *Rugby, USA.*
Phenobarbital (p.492·2); ergotamine tartrate (p.620·1); belladonna (p.2263·3).

Phenergan
Sanofi-Aventis, Austral.; Sanofi-Aventis, Belg.; Columbia, Canad.†; Aventis, Denm.; IFET (ΙΦΕΤ), Gr.; Sanofi-Aventis, Gr.; Nicholas Piramal, India; Aventis, Indon.; Sanofi-Aventis, Irl.; Sanofi-Aventis, NZ; Aventis, Norw.; Aventis, S.Afr.; Aventis, Thai.; Aventis, UK; Wyeth-Ayerst, USA.
Promethazine hydrochloride (p.588·2).
Allergic rhinitis; anaphylaxis; hypersensitivity reactions; insomnia; motion sickness; nausea and vomiting; parkinsonism; postoperative pain (adjunct); premedication; pruritus; sedative; urticaria.

UCB, Fr.
Promethazine (p.588·2) or promethazine hydrochloride (p.588·2).
Hypersensitivity reactions; insomnia; pruritus.

Phenerine *Pharmacare, S.Afr.*
Orphenadrine hydrochloride (p.812·1).
Parkinsonism.

Phenetone *Cipla, India.*
Phenobarbital (p.492·2).

Phenex *Abbott, Austral.†; Ross, USA.*
Phenylalanine-free preparation for enteral nutrition (p.1922·1).
Hyperphenylalaninaemia; phenylketonuria.

Phenexpect *DHA, Hong Kong; DHA, Malaysia; DHA, Singapore.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3).
Coughs.

Phenexpect CD *DHA, Singapore.*
Diphenhydramine hydrochloride (p.577·2); codeine phosphate (p.37·2); ammonium chloride (p.1551·3).
Coughs.

Phenhist DH with Codeine *Rugby, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); codeine phosphate (p.37·2).
Coughs and cold symptoms.

Phenhist Expectorant *Rugby, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3); codeine phosphate (p.37·2).
Coughs.

Phenhydan
Phenytoin (p.495·2) or phenytoin sodium (p.495·2).
Arrhythmias; epilepsy; neuropathic pain; seizures associated with neurosurgery or head injury; trigeminal neuralgia.

Desitin, Cz.†.
Phenytoin (p.495·2).
Epilepsy; neuralgia.

Phenicol *Vitamed, Israel.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Phenilep *Prafa, Indon.*
Phenytoin sodium (p.495·2).
Epilepsy.

Phenimixin *Vitamed, Israel.*
Chloramphenicol (p.239·3); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Phenobarb *PP Lab, Thai.†.*
Phenobarbital (p.492·2).
Epilepsy; insomnia; sedative.

Phenobiotic *Bernofarm, Indon.*
Thiamphenicol (p.351·1).
Bacterial infections.

Phenocillin *Streuli, Switz.*
Benzathine phenoxymethylpenicillin (p.212·3) or phenoxymethylpenicillin (p.314·1).
Bacterial infections.

Phenodex *Vesco, Thai.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Phenokinon-F *Vesco, Thai.*
Progesterone (p.2125·1); estradiol benzoate (p.2097·2).
Menstrual disorders.

Pheno-M *Vesco, Thai.*
Medroxyprogesterone acetate (p.2113·1).
Dysfunctional uterine bleeding; endometriosis; progestogen-only injectable contraceptive.

Phenoptic *Optopics, USA†.*
Phenylephrine hydrochloride (p.1568·1).
Funduscopy; open-angle glaucoma; ophthalmic examination; pupil dilatation during surgery; refraction without cycloplegia; uveitis.

Phenoris *Germiphene, Canad.*
Clioquinol (p.254·1); allantoin (p.1588·1); phenol (p.1656·1).
Topical antiseptic.

Phenotal *Asian Pharm, Thai.*
Phenobarbital sodium (p.492·2).
Epilepsy; insomnia; sedative.

Phenotropil *Shchelkovskii, Rus.*
⊗ 4-Phenylpiracetam (p.368·1).
Chronic alcoholism; convulsions; depression; mental function disorders; metabolic and vascular cerebral disorders; obesity.

Phenpro *Ratiopharm, Ger.*
Phenprocoumon (p.1370·2).
Thromboembolic disorders.

Phenprogamma *Worwag, Ger.*
Phenprocoumon (p.1370·2).
Thromboembolic disorders.

Phensedyl
Note. This name is used for preparations of different composition.
Aspen, Austral.†.
Promethazine hydrochloride (p.588·2); pholcodine (p.1570·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs.

Nicholas Piramal, India.
Chlorphenamine maleate (p.571·3); codeine phosphate (p.37·2).
Coughs.

Aventis, Malaysia†; Aventis, Singapore†; Aventis, Thai.†.
Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2).
Cold symptoms; coughs.

Aventis, S.Afr.
⊗ Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2).
Coughs.

Phensedyl Dry Cough *Sanofi-Aventis, Malaysia.*
Promethazine hydrochloride (p.588·2); pholcodine (p.1570·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs.

Phensedyl Dry Family Cough *Aventis, NZ†.*
Promethazine hydrochloride (p.588·2); pholcodine (p.1570·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs.

Phensedyn *Quality, Hong Kong.*
⊗ Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2).
Coughs; nasal congestion.

Phensic *Merck Consumer, UK.*
Aspirin (p.20·3); caffeine (p.1116·3).
Fever; pain.

Phenybut-Anvi *Antiviral, Rus.†.*
4-Amino-3-phenylbutyric acid hydrochloride.
Alcohol withdrawal syndrome; anxiety disorders; insomnia; motion sickness; obsessive-compulsive disorder; premedication; stammer; ticks; vestibular disorders.

Phenydan *Medsan, Turk.*
Phenytoin sodium (p.495·2).
Epilepsy; trigeminal neuralgia.

Phenyl-Free *Mead Johnson, Chile; Mead Johnson, Fr.; Mead Johnson, Hong Kong; Mead Johnson, Israel; Mead Johnson, Ital.; Mead Johnson, NZ; BMS, Pol.; Mead Johnson, Pol.; Mead Johnson Nutritionals, USA.*
Food for special diets (p.1922·1).
Formerly known as Lofenalac in the *USA*.
Disorders of phenylalanine metabolism; phenylketonuria.

Phenylgesic *Goldline, USA.*
Phenyltoloxamine citrate (p.588·1); paracetamol (p.108·1).
Upper respiratory-tract symptoms.

Phenyl-T *Boca, USA.*
Phenylephrine tannate (p.1568·3).
Nasal congestion.

Phenyphrine-Azol *Vitamed, Israel†.*
⊗ Mepyramine maleate (p.585·2); naphazoline hydrochloride (p.1565·2); phenylephrine hydrochloride (p.1568·1).
Nasal congestion.

Phenytek *Bertek, USA.*
Phenytoin (p.495·2).
Epilepsy.

Pherazine with Codeine *Halsey, USA.*
Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2).
Coughs and cold symptoms.

Pherazine DM *Halsey, USA.*
Promethazine hydrochloride (p.588·2); dextromethorphan hydrobromide (p.1555·2).
Coughs and cold symptoms.

Pherazine VC *Halsey, USA.*
Promethazine hydrochloride (p.588·2); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract symptoms.

Pherazine VC with Codeine *Halsey, USA.*
Promethazine hydrochloride (p.588·2); phenylephrine hydrochloride (p.1568·1); codeine phosphate (p.37·2).
Coughs and cold symptoms.

pH5-Eucerin *Beiersdorf, Chile; BDF, Mex.†; Beiersdorf, Thai.; Beiersdorf, Venez.*
A range of skin cleansing and emollient preparations.

pH5-Eucerin Solar
Note. This name is used for preparations of different composition.
Beiersdorf, Chile†.
Cream SPF 15; Cream SPF 25; Gel SPF 8: Octinoxate (p.1608·2); avobenzone (p.1589·3); enzacamene (p.1597·1).
Sunscreen.

Beiersdorf, Chile†.
Gel SPF 16: Octinoxate (p.1608·2); amiloxate (p.1589·1); avobenzone (p.1589·3); enzacamene (p.1597·1); titanium dioxide (p.1617·3).
Sunscreen.

Beiersdorf, Chile†.
Lotion SPF 20; Lotion SPF 25: Octinoxate (p.1608·2); avobenzone (p.1589·3); enzacamene (p.1597·1); titanium dioxide (p.1617·3).
Sunscreen.

Phexin *GSK, India.*
Cefalexin (p.218·2).
Bacterial infections.

Phezam *Balkanpharma, Rus.*
Cinnarizine (p.573·1); piracetam (p.368·2).
Cerebrovascular disorders; mental function impairment; migraine; motion sickness; vestibular disorders.

Phicon *Williams, USA.*
Pramocaine hydrochloride (p.1868·1); vitamin A (p.1971·2); vitamin E (p.1992·2).
Local anaesthesia.

Phicon-F *Williams, USA.*
Pramocaine hydrochloride (p.1868·1); undecenoic acid (p.549·2).
Fungal skin infections.

Philenterol *Ipsen, Port.*
Macrogol 4000 (p.2336·3).

Philinal *Rekah, Israel.*
Diprophylline (p.1120·2); phenobarbital (p.492·2).
Obstructive airways disease.

Philinet *Rekah, Israel.*
Diprophylline (p.1120·2); phenobarbital (p.492·2).
Obstructive airways disease.

Philipon-S *SJA, Gr.*
Meloxicam (p.80·3).
Inflammatory disorders.

Phillips *GSK, Arg.†.*
Docusate sodium (p.1725·1).
Constipation.

Phillips' Chewable *Bayer, USA.*
Magnesium hydroxide (p.1743·2).
Hyperacidity.

Phillips' Magnesia Tablets *Bayer Consumer, Canad.*
Magnesium hydroxide (p.1743·2).
Constipation; hyperchlorhydria; peptic ulcer.

Phillips' Milk of Magnesia *Bayer Consumer, Canad.; Bayer, USA.*
Magnesium hydroxide (p.1743·2).
Constipation; dyspepsia; gastric hyperacidity.

pHisoDerm *Chattem, USA.*
Skin cleanser.

pHisoHex
Note. This name is used for preparations of different composition.
Sanofi Synthelabo, Canad.; Sanofi Winthrop, USA.
Entsufon sodium (p.2299·1); hexachlorophene (p.1646·1).
Skin cleansing; skin disinfection.

Sanofi-Aventis, Malaysia†.
Triclosan (p.1665·2).
Skin infections.

pHisoHex Face Wash *Aspen, Austral.*
Triclosan (p.1665·2).
Acne.

pHisoHex Reformulated *Sanofi Synthelabo, Hong Kong†.*
Triclosan (p.1665·2).
Acne; skin infections.

Phisohex Reformulated *Sanofi-Aventis, Indon.*
Triclosan (p.1665·2).
Skin cleansing.

pHisoHex Reformulated *Sanofi Synthelabo, Singapore†.*
Triclosan (p.1665·2); pyrithione zinc (p.1611·2).
Skin cleanser.

Phisomain *Anios, Fr.*
Octenidine hydrochloride (p.1654·3).
Hand disinfection.

P-Hist *Midlothian, USA.*
Dextromethorphan hydrobromide (p.1555·2); mepyramine maleate (p.585·2); dexchlorpheniramine maleate (p.572·1); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract disorders.

P-Hist DM *Midlothian, USA.*
Dextromethorphan hydrobromide (p.1555·2); brompheniramine maleate (p.569·2); pseudoephedrine hydrochloride (p.1571·2).
Cough.

Phlebodia *Innothera, Pol.; Innothera, Rus.*
Diosmin (p.2304·2).
Haemorrhoids; venous insufficiency.

Phlebodril
Note. This name is used for preparations of different composition.
Germania, Austria.
⊗ Butcher's broom (p.2270·3); hesperidin methyl chalcone (p.2305·2); ascorbic acid (p.1983·3).
Venous insufficiency.

Pierre Fabre, Ger.
Butcher's broom (p.2270·3); trimethylhesperidin chalcone (p.2305·2).
Vascular disorders.

Robapharm, Switz.
Butcher's broom (p.2270·3); melilot (p.2339·2).
Venous insufficiency.

Phlebodril mono *Pierre Fabre, Ger.*
Butcher's broom (p.2270·3).
Haemorrhoids; venous insufficiency.

Phlebodril N
Note. This name is used for preparations of different composition.
Pierre Fabre, Ger.
Butcher's broom rhizome (p.2270·3); melilot (p.2339·2); dextran sulfate (p.2293·1).
Vascular disorders.

Robapharm, Switz.
⊗ Butcher's broom (p.2270·3); hesperidin methyl chalcone (p.2305·2).
Haemorrhoids; venous insufficiency.

Phlebogel *Merck-Lipha, Fr.*
⊗ Aescin (p.2248·2); buphenine hydrochloride (p.2270·2).
Chronic venous insufficiency.

Phlebosedol *Lehning, Fr.†.*
Aesculus (p.2248·2); hamamelis (p.2318·2); viburnum (p.2267·1); alchemilla; red vine (p.2316·3).
Haemorrhoids; venous insufficiency.

Phlebostasin *Altana, Switz.*
Aesculus (p.2248·2).
Venous insufficiency.

Phlebostasin compositum *Klinge, Switz.†.*
Aescin (p.2248·2); heparin sodium (p.1301·2); glycol salicylate (p.62·3).
Oedema; phlebitis; soft-tissue disorders; venous insufficiency.

Phlegmol *MedGen, Philipp.*
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

Phlemasol *Littman, Philipp.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Phlemex-PE *Cypress, USA.*
Guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1); dextromethorphan hydrobromide (p.1555·2).
Cough; nasal congestion.

Phlexy *Scientific Hospital Supplies, Austral.; SHS, Fr.; Scientific Hospital Supplies, Irl.; Nutricia, Ital.; Nutricia, NZ; Scientific Hospital Supplies, NZ; SHS, UK.*
Food for special diets (p.1922·1).
Phenylketonuria.

Phlexy Vits *Scientific Hospital Supplies, Irl.*
Vitamin, mineral, and trace element preparation (p.1922·1).
Inborn errors of metabolism.

Phlexy-Vits *SHS, Fr.*
A vitamin, mineral, and trace element preparation (p.1922·1).

Phlexyvits *SHS, UK.*
Multivitamin and mineral preparation (p.1922·1).

Phloderm *Herbapol Poznan, Pol.*
Hamamelis (p.2318·2).
Skin disorders.

Phlogantin *Streuli, Switz.*
Camphor (p.2273·2); methyl salicylate (p.85·3); eucalyptus oil (p.2301·2); mint oil; kaolin (p.1738·1).
Burns; musculoskeletal and soft-tissue disorders; wounds.

Phlogenzym *Enzimas, Arg.†; Mucos, Austria; Mucos, Cz.; Mucos, Ger.; Mucos, Hung.; Romsa, Mex.; Mucos, Rus.; Mucos, Venez.*
Bromelains (p.2269·1); trypsin (p.2405·3); rutoside (p.2305·1).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; oedema; pain; thrombophlebitis; wounds.

Phlogont *Azupharma, Ger.†.*
Glycol salicylate (p.62·3).
Musculoskeletal, joint, and soft-tissue disorders.

Phlogont Rheuma *Azupharma, Ger.†.*
Glycol salicylate (p.62·3).
Musculoskeletal, joint, and soft-tissue disorders.

Phlogont-Thermal *Sandoz, Ger.*
Glycol salicylate (p.62·3); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, and soft-tissue disorders.

Phlogosam
Note. This name is used for preparations of different composition.
PannonPharma, Hung.
Ointment: Sodium sulfosalicylate samarate.
Burns; skin disorders; thrombophlebitis.

PannonPharma, Hung.
Topical foam: Dexpanthenol (p.2362·1) lidocaine (p.1862·3); sodium sulfosalicylate samarate.
Skin disorders; thrombophlebitis; wounds.

Phlogosol *PannonPharma, Hung.*
Sodium sulfosalicylate samarate; hexachlorophene (p.1646·1).
Mouth and throat disorders.

Phocium *Pharmasant, Thai.†.*
Calcium phosphate (p.1676·2); calcium carbonate (p.1714·1).
Calcium supplement.

Phocytan *Aguettant, Fr.*
Glucose-1-phosphate disodium, tetrahydrate.
Hypophosphataemia; parenteral nutrition.

Phoenix Lagrimas *Phoenix, Arg.*
⊗ Hypromellose (p.2144·2); dextran 70 (p.1059·3).
Eye irritation.

Pholcodex *Pinewood, Irl.*
Pholcodine (p.1570·2).
Coughs.

Pholcolin *Antigen, Irl.*
Pholcodine (p.1570·2).
Coughs.

Pholcolinct *Adcock Ingram, S.Afr.*
Pholcodine (p.1570·2).
Cough.

Pholco-Mereprine *OJG, Belg.*
Doxylamine succinate (p.578·2); pholcodine (p.1570·2); sulfogaiacol (p.1573·2); sodium benzoate (p.1630·2).
Respiratory-tract disorders.

Pholcones Bismuth *Cooperation Pharmaceutique, Fr.*
Guaifenesin (p.1561·3); bismuth succinate (p.1712·1); cineole (p.2282·3).
Respiratory-tract congestion.

Pholdyston *Krewel, Ger.*
⊗ Etilefrine hydrochloride (p.1284·1).
Hypotension.

Pholtex *3M, S.Afr.*
Pholcodine (p.1570·2).
Coughs.

Pholtex Linctus *3M, S.Afr.*
Pholcodine resin complex (p.1570·3); phenyltoloxamine resin complex (p.588·1).
Coughs.

Pholtrate *McGloin, Austral.†.*
Pholcodine (p.1570·2).
Coughs.

Phol-Tussil *Interdelta, Switz.*
Pholcodine (p.1570·2); sodium benzoate (p.1630·2); tolu balsam (p.1574·2).
Coughs.

Phol-Tux *Interdelta, Switz.*
Pholcodine (p.1570·2); ethylmorphine hydrochloride (p.52·2); sulfogaiacol (p.1573·2); belladonna (p.2263·3); senega root (p.1572·3); sodium benzoate (p.1630·2).
Coughs.

Phonal
Note. This name is used for preparations of different composition.
Reig Jofre, Spain.
Lozenges: Bacitracin (p.210·3); benzocaine (p.1854·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Mouth and throat disorders.

Reig Jofre, Spain.
Throat spray: ⊗ Benzalkonium chloride (p.1629·1); dexamethasone sodium phosphate (p.1526·2).
Mouth and throat disorders.

phono Arnica comp *Phonix, Ger.†.*
Homoeopathic preparation.

phono Chol *Phonix, Ger.†.*
Homoeopathic preparation.

phono Gripp *Phonix, Ger.†.*
Homoeopathic preparation.

phono Uren *Phonix, Ger.†.*
Homoeopathic preparation.

phono Ven *Phonix, Ger.†.*
Homoeopathic preparation.

Phor Pain *Goldshield, UK.*
Ibuprofen (p.64·2).
Muscle pain.

Phorpain *Goldshield, Irl.*
Ibuprofen (p.64·2).
Musculoskeletal, joint, and soft-tissue disorders; neuralgia.

Phos Kola *Phos-Kola, Braz.†.*
Calcium; medicinal plants (p.1922·1).
Nutritional supplement.

Phoscal *Armoxindo, Indon.*
Calcium carbonate; colecalciferol; vitamin K ; magnesium; phosphorus (p.1922·1).
Nutritional supplement.

PhosChol *American Lecithin, USA.*
Phosphatidyl choline (p.2367·1).
Nutritional supplement.

Phoscortil *Kolassa, Austria.*
⊗ Prednisolone metasulfobenzoate sodium (p.1541·1); aluminium phosphate (p.1707·3).

Phosetamin *Kohler-Pharma, Ger.*
Calcium, magnesium, and potassium salts of phosphorylcolamine.
Electrolyte disorders.

Phos-Ex *Brady, Austria; Nordiatech, Denm.; Vitaline, Fin.; Gry, Ger.; Cablon, Neth.; Vitaline, Norw.; Vitaline, Swed.; Say, Turk.; Vitaline, UK.*
Calcium acetate (p.1675·2).
Hyperphosphataemia.

Phos-Flur *Colgate Oral, USA.*
Sodium fluoride (p.1962·2).
Dental caries prophylaxis.

Phosfoenema *Cristalia, Braz.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Phosfomin *Sarabhai Piramal, India.*
Vitamin B substances; yeast extract; lysine hydrochloride (p.1922·1).
Vitamin B deficiency.

Phosfomin Iron *Sarabhai Piramal, India.*
Iron polymaltose (p.1953·1).
Iron-deficiency anaemia.

Phosforid *Sun, India.*
Calcium acetate (p.1675·2).
Hyperphosphataemia.

Phoslo *Pasteur, Chile.*
Calcium acetate (p.1675·2).
Hyperphosphataemia.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

PhosLo *Fresenius Medical, USA.*
Calcium acetate (p.1675·2).
Hyperphosphataemia.

Phos-NaK *Cypress, USA.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3); monobasic potassium phosphate (p.1682·2); dibasic potassium phosphate (p.1682·2).
Nutritional supplement.

Phosoforme *Monin, Fr.†.*
Phosphoric acid (p.2367·1).
Urinary-tract disorders.

Phosphalugel *Kolassa, Austria; Yamanouchi, Belg.†; Astellas, Fr.; Astellas, Ger.; Astellas, Port.; Yamanouchi, Rus.; Boehringer Ingelheim, Switz.†.*
Aluminium phosphate (p.1707·3).
Antacid; gastric hyperacidity.

Phosphate-Novartis *Novartis, Canad.*
Monobasic sodium phosphate (p.1682·3); potassium bicarbonate (p.1673·1).
Electrolyte supplement; hypercalciuria.

Phosphates *Pharmascience, Canad.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Phosphate-Sandoz
Note. This name is used for preparations of different composition.
Novartis, Austral.
Monobasic sodium phosphate (p.1682·3).
Hypercalcaemia; rickets.

Novartis, NZ; Novartis, S.Afr.; HK Pharma, UK.
Monobasic sodium phosphate (p.1682·3); sodium bicarbonate (p.1673·2); potassium bicarbonate (p.1673·1).
Hypercalcaemia; hypophosphataemia; rickets.

Phospho-Aio *ICN, Cz.†.*
Electrolyte infusion (p.1667·1).
Parenteral nutrition.

Phosphocalcina Iodada *ClF, Braz.†.*
Sodium carbonate; calcium hypophosphite; sodium hypophosphite; iodine; tannin (p.1672·2).
Oral rehydration therapy.

Phosphoclean *Phoinix Pharm (Φοινιξ Φαρμ), Gr.*
Dibasic sodium phosphate (p.1682·3); phosphoric acid (p.2367·1).
Constipation.

Phosphocol *Mallinckrodt, USA.*
Phosphorus-32 (p.2055·2) in the form of chromic phosphate.
Malignant neoplasms.

Phosphogliv *Farmstandart, Rus.*
Phospholipids; sodium glycyrrhizate.
Liver disorders; skin disorders.

Phospho-Lax *Sofar, Ital.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Constipation.

Phospho-Laxat *Pharma Line, Gr.*
Dibasic sodium phosphate (p.1682·3); phosphoric acid (p.2367·1).
Constipation.

Phospho-Laxative *RiC, Pol.*
Dibasic sodium phosphate (p.1682·3); monobasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Phospholine Iodide *Wyeth, Austral.†; Wyeth-Ayerst, USA†.*
Ecothiopate iodide (p.1881·1).
Convergent strabismus; glaucoma.

Phospholinjodid *Wyeth Lederle, Austria†.*
Ecothiopate iodide (p.1881·1).
Glaucoma.

Phosphoneuros *Bouchara-Recordati, Fr.*
Phosphoric acid (p.2367·1); calcium dihydrogen phosphate (p.2272·1); dibasic sodium phosphate (p.1682·3); magnesium glycerophosphate (p.1679·2).
Hypercalciuria; hypophosphataemic rickets.

Phosphonorm *Medice, Ger.; Salmon, Switz.*
Aluminium chlorohydrate (p.1588·3).
Hyperphosphataemia.

Phosphoprep *Pharmatel, Austral.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation.

Phosphor *Herbapol Lodz, Pol.*
⊗ Ammonium phosphate (p.2256·3); monobasic potassium phosphate (p.1682·2); dibasic sodium phosphate (p.1682·3).
Fractures; hypercalcaemia; hypercalciuria; hypophosphataemia; osteoporosis; renal calculi.

Phosphoral *De Witt, Denm.; Ferring, Fin.; De Witt, Neth.; De Witt, Norw.; Ferring, Swed.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Phosphore Medifa *Medipha, Fr.*
⊗ Monoammonium phosphate (p.2256·3); monobasic potassium phosphate (p.1682·2); manganese glycerophosphate (p.2315·2).
Hypercalciuria; rickets.

Phosphor-Homaccord *Peithner, Austria.*
Homoeopathic preparation.

Phosphorus Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Phospho-Soda *Fleet, Philipp.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Phosphosorb *Fresenius Medical, Cz.; Fresenius Medical, Port.*
Calcium acetate (p.1675·2).
Hyperphosphataemia.

Phosphovitam *Gap, Gr.*
A calcium and multivitamin supplement (p.1922·1).

Phostal *Stallergenes, Cz.; Stallergenes, Ger.; Stallergenes, Ital.; Stallergenes, Pol.; Trimedal, Switz.*
Allergen extracts (p.2250·2).
Allergen immunotherapy; hyposensitisation.

Phostarac *Pharmacia, Arg.†.*
Alendronate sodium (p.1088·1).
Osteolysis; osteoporosis.

Photakne *Bioderma, Fr.†.*
SPF 20: Bisoctrizole (p.1591·2); octil triazone (p.1608·1); avobenzone (p.1589·3); glycolic acid (p.1598·1); salicylic acid (p.1612·2).
Sunscreen for acne-type skin.

Photobarr
Axcan, Cz.; Axcan, Neth.; Axcan, Port.
Porfimer sodium (p.764·3).
Barrett's oesophagus.

Axcan, Fr.
Porfimer (p.764·3).
Barrett's oesophagus.

Photoderm
Note. This name is used for preparations of different composition.
Szama, Arg.
A range of sunscreens.

Bioderma, Venez.
SPF 20: Bisoctrizole (p.1591·2); avobenzone (p.1589·3); octil triazone (p.1608·1); octocrilene (p.1608·3).
Sunscreen.

Photoderm AKN *Bioderma, Venez.*
SPF 20: Glycolic acid (p.1598·1); salicylic acid (p.1612·2); benzoic acid (p.1630·2); dehydroacetic acid (p.1641·2); phenoxyethanol (p.1657·1).
Sunscreen for patients with acne.

Photoderm AR *Dispolab, Chile.*
SPF 50: Bisoctrizole (p.1591·2); avobenzone (p.1589·3); enzacamene (p.1597·1); octil triazone (p.1608·1).
Sunscreen.

Photoderm Flush
Note. This name is used for preparations of different composition.
Dispolab, Chile†.
SPF 50: Bisoctrizole (p.1591·2); avobenzone (p.1589·3); enzacamene (p.1597·1); octil triazone (p.1608·1).
Sunscreen.

Bioderma, Fr.†.
SPF 50: Bisoctrizole (p.1591·2); octil triazone (p.1608·1); avobenzone (p.1589·3); enzacamene (p.1597·1); ginkgo biloba (p.2311·1); enoxolone (p.50·1).
Sunscreen.

Photoderm Kid *Dispolab, Chile.*
SPF 40: Octinoxate (p.1608·2); bisoctrizole (p.1591·2); titanium dioxide (p.1617·3).
Sunscreen.

Photoderm Laser *Bioderma, Fr.†.*
SPF 100: Bisoctrizole (p.1591·2); octil triazone (p.1608·1); avobenzone (p.1589·3); enzacamene (p.1597·1); glabridine; enoxolone (p.50·1).
Sunscreen.

Photoderm Max
Note. This name is used for preparations of different composition.
Bioderma, Ital.
Cream: Octinoxate (p.1608·2); titanium dioxide (p.1617·3); avobenzone (p.1589·3); enzacamene (p.1597·1).
Sunscreen.

Bioderma, Venez.
SPF 60+: Bisoctrizole (p.1591·2); avobenzone (p.1589·3); octocrilene (p.1608·3).
Sunscreen.

Dispolab, Chile; Bioderma, Fr.†; Bioderma, Venez.
SPF 100: Bisoctrizole (p.1591·2); avobenzone (p.1589·3); enzacamene (p.1597·1); octil triazone (p.1608·1).
Sunscreen.

Bioderma, Ital.
Topical milk: Octil octanoate; octinoxate (p.1608·2); titanium dioxide (p.1617·3); avobenzone (p.1589·3); octocrilene (p.1608·3); zinc oxide (p.1621·2).
Sunscreen.

Photoderm Mineral *Bioderma, Ital.†.*
Octil octanoate; titanium dioxide (p.1617·3).
Sunscreen.

Photoderm SPE *Bioderma, Fr.†.*
SPF 40: UV-Pearls; bisoctrizole (p.1591·2); titanium dioxide (p.1617·3).
Sunscreen.

Photoderm Spot *Dispolab, Chile.*
SPF 100: Bisoctrizole (p.1591·2); avobenzone (p.1589·3); enzacamene (p.1597·1); octil triazone (p.1608·1).
Sunscreen.

Photoderm THP *Bioderma, Fr.†.*
SPF 30: Bisoctrizole (p.1591·2); octil triazone (p.1608·1); avobenzone (p.1589·3).
Sunscreen.

Photofrin *Axcan, Canad.; Meduna, Ger.; Galenica, Gr.; Axcan, Hung.; Axcan, Israel; Axcan, Neth.; Ferrer, Port.; Sanofi Winthrop, USA.*
Porfimer sodium (p.764·3).
Dysplasia associated with Barrett's oesophagus; endobronchial obstruction; non-small cell lung cancer; oesophageal cancer; papillary bladder cancer.

Photoplex *Allergan, Canad.*
SPF 15: Avobenzone (p.1589·3); octisalate (p.1608·2); octocrilene (p.1608·3); oxybenzone (p.1608·3).
Sunscreen.

Photoscreen
Note. This name is used for preparations of different composition.
Pierre Fabre, Arg.†.
SPF 60: Octinoxate (p.1608·2); octocrilene (p.1608·3); titanium dioxide (p.1617·3); zinc oxide (p.1621·2).
Sunscreen.

Ducray, Fr.
SPF 60 cream: Octinoxate (p.1608·2); octocrilene (p.1608·3); bemotrizinol (p.1590·2); bisoctrizole (p.1591·2).
Sunscreen.

Ducray, Fr.
SPF 30 gel-cream: Cinnamate; bisoctrizole (p.1591·2); octocrilene (p.1608·3).
Sunscreen.

Ducray, Fr.
SPF 60 milk: Cinnamate; bisoctrizole (p.1591·2); octocrilene (p.1608·3); titanium dioxide (p.1617·3).
Sunscreen.

Ducray, Fr.
SPF 30 spray: Cinnamate; bisoctrizole (p.1591·2); bemotrizinol (p.1590·2); octocrilene (p.1608·3); titanium dioxide (p.1617·3); zinc oxide (p.1621·2).
Sunscreen.

Phototrop *Tubilux, Ital.*
Acetylcarnitine; omega-3 marine triglycerides; ubidecarenone (p.1922·1).
Nutritional supplement.

Phrachedi *Millimed, Thai.*
Dimenhydrinate (p.576·2).
Motion sickness; nausea and vomiting in pregnancy; radiation sickness.

Phrachedi Balm *Millimed, Thai.*
Methyl salicylate (p.85·3); menthol (p.2340·1); eucalyptus oil (p.2301·2).
Insect bites; musculoskeletal pain; pruritus; sprains.

Phrenilin *Valeant, USA.*
Butalbital (p.967·2); paracetamol (p.108·1).
Tension headache.

Phrenilin w Caffeine and Codeine *Valeant, USA.*
Codeine phosphate (p.37·2); paracetamol (p.108·1); caffeine (p.1116·3); butalbital (p.967·2).
Pain.

Phthizoetham *Akrikhin, Rus.*
Isoniazid (p.288·1); ethambutol (p.275·2).
Tuberculosis.

Phthizopiram *Akrikhin, Rus.*
Isoniazid (p.288·1); pyrazinamide (p.320·2).
Tuberculosis.

Phycocyane *Labocean, Fr.†.*
Spirulina (p.2392·1).
Tonic.

Phygelin *Ivax, Mex.*
⊗ Polygeline (p.1077·2).
Plasma volume expansion.

Phylarm *Poen, Arg.; LCA, Fr.†.*
Sodium chloride (p.1686·1); borax (p.2268·1); boric acid (p.2268·1).
Dry eyes; eye irritation; eye wash.

Phyllocontin
Purdue, Canad.; Mahakam Beta, Indon.; Mundipharma, Indon.; Napp, Irl.
Aminophylline (p.1114·2).
Bronchospasm; heart failure; obstructive airways disease.

Pharmafrica, S.Afr.; Napp, UK.
Aminophylline hydrate (p.1114·3).
Asthma; chronic bronchitis; emphysema; heart failure; obstructive airways disease.

Phyllotemp
Mundipharma, Ger.†.
Aminophylline hydrate (p.1114·3).
Obstructive airways disease.

Mundipharma, Switz.†.
Aminophylline (p.1114·2).
Obstructive airways disease.

Phylobid *Wockhardt, India.*
Theophylline (p.1140·1).
Obstructive airways disease.

Phyloday *Wockhardt, India.*
Theophylline (p.1140·1).
Obstructive airways disease.

Phylorinol
Note. This name is used for preparations of different composition.
Schaffer, USA.
Mouthwash: Phenol (p.1656·1); methyl salicylate (p.85·3).
Minor mouth or throat irritation.

Schaffer, USA.
Topical solution: Phenol (p.1656·1); boric acid (p.2268·1); strong iodine solution (p.2169·2).
Oral wounds and infections.

Phymet DTF *GSK, Irl.*
⊗ Methadone hydrochloride (p.82·3).
Opioid addiction; pain.

Phymorax *Medica Korea, Singapore†.*
Hydroxyzine hydrochloride (p.581·2).
Alcohol withdrawal syndrome; anxiety; nausea and vomiting; premedication; skin disorders.

Phy-O *Zekides, Gr.*
Sodium chloride (p.1686·1).

Physeptone *GSK, Austral.; GSK, Hong Kong†; Wellcome, Irl.†; Aspen, S.Afr.; GSK, Singapore†; Martindale Pharmaceuticals, UK.*
⊗ Methadone hydrochloride (p.82·3).
. There is no connection between Martindale, The Complete Drug Reference and Martindale Pharmaceuticals.
Cough; opioid withdrawal syndrome; pain.

Physiodose *Ramini, Ital.; Tripharma, Turk.*
Sodium chloride (p.1686·1).
Eye and nose cleansing; nasal congestion.

Physiogel
Note. This name is used for preparations of different composition.
Stiefel, Fr.; Stiefel, Indon.; Stiefel, Ital.; Stiefel, Malaysia; Stiefel, Philipp.; Stiefel, Singapore; Stiefel, Thai.
Sodium cocoyl isetionate (p.2138·3).
Soap substitute; soap-free cleanser.

Braun, Switz.
⊗ Modified gelatin (p.1072·1) with electrolytes.
Hypovolaemia.

Stiefel, Hong Kong.
Cream; Lotion: Phytosterols (p.1373·1); ceramide; squalane (p.2032·3); phospholipids; triglycerides.
Emollient.

Stiefel, Hong Kong.
Skin cleanser: Sodium cocoyl isetionate (p.2138·3).
Soap substitute.

Physiogesic *Hebert, Canad.*
Diethylamine salicylate (p.47·2).

Physiogine *Organon, Fr.*
Estriol (p.2101·1).
Vulvovaginal disorders due to oestrogen deficiency.

Physioglau *Bausch & Lomb, Port.*
⊗ Carteolol hydrochloride (p.1241·1).
Glaucoma; ocular hypertension.

Physiologic *Vifor, Switz.*
Sodium chloride (p.1686·1).
Nasal irrigation.

Physiologica
Note. This name is used for preparations of different composition.
Qualiphar, Belg.
Sodium chloride (p.1686·1); sodium hyaluronate (p.2320·1).
Nasal congestion; nasal hygiene.

Qualiphar, Belg.; Gifrer Barbezat, Fr.
Sodium chloride (p.1686·1).
Eye wash; nasal irrigation.

Physiologica Gifrer *Abdi, Turk.*
Sodium chloride (p.1686·1).
Eye irrigation; nasal congestion.

Physiolyte *McGaw, USA.*
Electrolytes (p.1667·1).
Irrigation solution.

Physiomenthol *Hebert, Canad.*
Menthol (p.2340·1).

Physiomer *Sanofi-Aventis, Fr.; Sanofi-Aventis OTC, Ital.; Goemar, Philipp.*
Sea water (p.1686·1).
Nasal congestion; nasal hygiene; nasal irrigation.

Physiomycine *Zambon, Fr.*
Methacycline hydrochloride (p.298·2).
Bacterial infections.

Physioneal *Baxter, Austria; Baxter, Canad.; Baxter, Cz.; Baxter, Denm.; Baxter, Fin.; Baxter, Ger.; Baxter, Ital.; Baxter, Neth.; Baxter, Port.; Baxter, Swed.; Baxter, Switz.; Baxter, UK.*
Glucose; calcium chloride; magnesium chloride; sodium chloride; sodium bicarbonate; sodium lactate (p.1670·3).
Peritoneal dialysis.

Physioneal Glucosa *Baxter, Spain.*
Glucose monohydrate; calcium chloride; magnesium chloride; sodium chloride; sodium bicarbonate; sodium lactate (p.1670·3).
Peritoneal dialysis.

Physiorhine *Melisana, Belg.*
Sodium chloride (p.1686·1).
Cleansing of eyelids; nasal irrigation.

Physio-Rub *Hebert, Canad.*
Methyl salicylate (p.85·3); menthol (p.2340·1); cineole (p.2282·3).

Physiosoin *Chauvin, Fr.; Bausch & Lomb, Switz.*
Sodium chloride (p.1686·1)(p.1622·2).
Eye wash; nasal irrigation; rinsing solution for contact lens; wound irrigation.

PhysioSol *Abbott, USA.*
Electrolytes (p.1667·1).
Irrigation solution.

Physiotens *Solvay, Austral.; Solvay, Cz.; Solvay, Denm.; Solvay, Fin.; Solvay, Fr.; Solvay, Ger.; Solvay, Hong Kong; Solvay, Hung.; Solvay, Indon.; Solvay, Malaysia; Solvay, Norw.; Solvay, Philipp.; Solvay, Pol.; Solvay, Rus.; Schering, S.Afr.; Solvay, Singapore†; Solvay, Swed.; Solvay, Switz.; Solvay, UK.*
Moxonidine (p.1345·1).
Hypertension.

Physiotherm *Ferrier, Fr.†.*
Natural spring water of Berthemont-les-Bains (p.1667·1).
Nasal irrigation.

Physiotulle
Coloplast, Fr.; Coloplast, Ger.
Carmellose (p.2142·1).
Burns; ulcers; wounds.

Coloplast, UK.
Carmellose sodium (p.2142·1).
Wounds.

Physiotulle-Ag *Coloplast, UK.*
Carmellose (p.2142·1); sulfadiazine silver (p.337·2).
Burns; ulcers; wounds.

Phytacis *CIS, Neth.; CIS, Port.*
Technetium-99m (p.2055·3) fytate.
Liver scintigraphy.

Phytemag *Lesourd, Fr.*
Magnesium glycerophosphate; apium root; buchu leaf; equisetum; ginger (p.1922·1).
Tonic.

Phytex *Pharmax, Irl.; Forest Laboratories, UK.*
Tannic acid (p.2394·3); boric acid (p.2268·1); salicylic acid (p.1612·2); methyl salicylate (p.85·3); acetic acid (p.2244·2).
Fungal skin and nail infections.

Phytheol *Phytosolba, Fr.*
Zanthoxylum (p.2417·1); fenugreek (p.2303·3); shitake; salix (p.121·3); piroctone olamine (p.1610·1); salicylic acid (p.1612·2); ichthammol (p.1599·1).
Dandruff.

Phytic Acid *Mac, Ital.*
Fytic acid (p.1464·2); glycolic acid (p.1598·1).
Hyperpigmentation disorders.

Phyto Corrective Gel *Dispolab, Chile.*
Arbutin (p.1589·2); pepino; thyme (p.2401·1); bioflavonoids (p.2304·1).
Skin pigmentation disorders.

Phyto Soya
Arkomedika, Fr.; Arkochim, Spain.
Soya (p.1965·3).
Hyperlipidaemia; menopausal disorders.

Arkopharma, Hong Kong.
Soya isoflavones (p.2391·2).
Menopausal disorders.

Phyto Spot *Dispolab, Chile.*
Arbutin (p.1589·2); kojic acid (p.1603·3); thyme (p.2401·1); cucurbitacin.
Skin pigmentation disorders.

Phytobronchin *Steigerwald, Ger.*
Cowslip rhizome (p.2372·2); thyme (p.2401·1).
Cold symptoms.

Phyto-C *Steierl, Ger.*
Homoeopathic preparation.
Formerly known as Phyto-Hypophyson C.

Phytocalm
Note. This name is used for preparations of different composition.
UPSA Conseil, Fr.†.
Valerian (p.2410·1); ballota; crataegus (p.2289·1); passion flower (p.2363·2).
Insomnia; nervous disorders.

Arkopharma, UK.
Passion flower (p.2363·2).
Insomnia; stress and strain.

Phyto-Care *Gattefosse, Hong Kong; Marlyn, Hong Kong.*
Soya isoflavones (p.2391·2).
Menopausal disorders; osteoporosis.

Phytocean *Ido, Fr.†.*
Nutritional supplement (p.1922·1).

Phytocold *Arkopharma, UK.*
Echinacea (p.2298·1).
Colds.

Phytocor *Pharma Dynamics, S.Afr.*
Policosanol (p.1373·3).
Hypercholesterolaemia.

Phytocortal *Steierl, Ger.*
Homoeopathic preparation.

Phytoderm Compositum *Teva, Israel.*
Tolnaftate (p.548·3); salicylic acid (p.1612·2); benzoic acid (p.1630·2).
Fungal skin infections.

Phytodiet *Phytodiet, Fr.*
High protein food for special diets (p.1922·1).

Phytodolor *Flordis, Austral.; Madaus, Austria; Steigerwald, Cz.; Steigerwald, Ger.*
Populus (p.2371·1); ash (p.2262·1); solidago (p.2391·1).
Musculoskeletal and joint disorders; neuralgia.

Phytodorma *Hevert, Ger.†.*
Valerian (p.2410·1).
Nervous disorders; sleep disorders.

Phyto-Ease *Marlyn, Hong Kong.*
Soya isoflavones (p.2391·2); saw palmetto (p.2192·3); lycopersicon lycopersicum.
Benign prostatic hyperplasia; nutritional supplement.

Phyto-Embryonnaire *Recherche Botanique, Fr.†.*
Crataegus; birch; black currant; rosa canina; ginkgo biloba; juglans regia (p.1922·1).
Gastrointestinal disorders.

Phytoestrin *Usana, Hong Kong†; Usana, Singapore.*
Soya isoflavones (p.2391·2); dong quai (p.2297·3); cimicifuga (p.2282·1); agnus castus (p.2249·1); liquorice (p.1740·3).
Dietary supplement for women; menopausal disorders; menstrual disorders.

Phytoestrol N *Muller Goppingen, Ger.*
Rhapontic rhubarb (p.1768·3).
Menopausal disorders.

Phytogran *Grandel-Synpharma, Ger.†.*
Lupulus (p.2335·2); St John's wort (p.422·3).
Nervous disorders.

Phytohepar *Steigerwald, Ger.*
Milk thistle (p.1452·1).
Liver disorders.

Phytohustil *Steigerwald, Ger.*
Althaea (p.2253·3).
Coughs.

Phyto-L *Steierl, Ger.*
Homoeopathic preparation.
Formerly known as Phyto-Hypophyson L.

Phyto-Laxia *Phytopharma, Switz.*
Frangula bark (p.1732·2); senna (p.1769·2).
Constipation.

Phytolaxin *Hanseler, Switz.*
Aloes (p.1705·2); frangula bark (p.1732·2); senna (p.1769·2).
Constipation.

PhytoLife *Blackmores, Austral.*
Soya bean (p.1965·3); calcium hydrogen phosphate (p.1676·1).
Calcium deficiency; menopausal disorders.

Phytolife Plus *Blackmores, UK.*
Calcium (p.1675·2); soya (p.1965·3).
Menopausal disorders.

Phytolithe *Phytosolba, Fr.†.*
Ichthammol (p.1599·1); cajuput oil (p.2271·2); cade oil (p.1616·1); storax (p.2392·3).
Seborrhoeic dermatitis.

Phytolongbronze *Phytosolba, Fr.*
Betacarotene (p.1930·3); lycopene (p.2335·2); cucurbita (p.2290·2); vitamin E (p.1992·2); raspberry seed oil; wheat germ (p.2415·1).
Tanning aid.

Phytomed Cardio *Phytomed, Switz.*
Crataegus (p.2289·1); passion flower (p.2363·2); rosemary (p.2381·2).
Cardiac disorders.

Phytomed Gastro *Phytomed, Switz.†.*
Angelica (p.2258·1); centaury (p.2279·1); chamomile (p.2279·3); peppermint leaf (p.1761·2); caraway (p.2276·3); potato.
Digestive disorders.

Phytomed Hepato *Phytomed, Switz.†.*
Absinthium (p.2244·1); cynara (p.2291·2); peppermint leaf (p.1761·2); raphanus sativus var. nigra; milk thistle (p.1452·1); taraxacum (p.2395·1).
Digestive disorders.

Phytomed Nephro *Phytomed, Switz.†.*
Silver birch (p.2266·3); solidago virgaurea (p.2391·1); java tea (p.2328·2); juniper (p.2328·2); ononis (p.2357·1); taraxacum (p.2395·1).
Urinary-tract disorders.

Phytomed Nervo *Phytomed, Switz.†.*
Melissa (p.2339·3); passion flower (p.2363·2); bitter orange (p.2357·1); lupulus (p.2335·2).
Agitation; sleep disorders.

Phytomed Prosta *Phytomed, Switz.†.*
Echinacea purpurea (p.2298·1); poplar buds (p.2371·1); saw palmetto (p.2192·3); solidago virgaurea (p.2391·1).
Prostatic pain; urinary disorders.

Phytomed Somni *Phytomed, Switz.†.*
Valerian (p.2410·1); passion flower (p.2363·2); lupulus (p.2335·2); lavandula angustifolia.
Sleep disorders.

Phytomelis *Lehning, Fr.*
Hamamelis (p.2318·2); aesculus (p.2248·2).
Haemorrhoids; peripheral vascular disorders.

Phytonoctu *Steigerwald, Ger.*
Melissa (p.2339·3); passion flower (p.2363·2); valerian (p.2410·1).
Nervous disorders; sleep disorders.

Phytopause *Pharma Dynamics, S.Afr.*
Soya isoflavones (p.2391·2).
Dietary supplement; menopausal disorders.

Phytopause BSF *Pharma Dynamics, S.Afr.*
Soya isoflavones (p.2391·2); calcium (p.1675·2); magnesium (p.1678·3); colecalciferol (p.1986·2).
Calcium supplement; osteoporosis.

Phytophanere *Phytosolba, Fr.*
Wheat-germ oil (p.2415·1); carrot oil; borage oil (p.2267·3); rice-bran oil; salmon oil (p.1362·1); yeast (p.1998·3); antilles cherries; fish roe.
Fragile hair and nails.

Phytopharma Calcium *Phytopharma, Switz.*
Calcium hydrogen phosphate (p.1676·1); colecalciferol (p.1986·2).
Calcium and vitamin D supplement.

Phytopure *Lalco, Canad.†.*
Multivitamin and mineral preparation (p.1922·1).

Phytorelax *Arkopharma, UK.*
Valerian (p.2410·1).
Stress; tension.

Phytoslim *Arkopharma, UK.*
Kelp (p.2384·2).
Obesity.

Phytosolaire *Phytosolba, Fr.*
Betacarotene (p.1930·3); lycopene (p.2335·2); vitamin E (p.1992·2); selenium (p.1961·1); borage oil (p.2267·3); evening primrose oil (p.2302·1).
Tanning aid.

Phytosquame *Phytosolba, Fr.*
Hydnocarpus oil; melaleuca oil (p.2338·2); piroctone olamine (p.1610·1).
Dandruff.

Phytosyl Plus *Vita Health, Singapore†.*
Fibre; *Lactobacillus* species; aloe vera (p.1922·1).
Dietary fibre supplement.

Phytotherapie Titree *Boiron, Fr.*
A range of herbal preparations.

Phytotux *Lehning, Fr.*
Tolu balsam (p.1574·2); Desessartz syrup.
Coughs.

Phytotux H *Homeocan, Canad.*
Homoeopathic preparation.

Phytovein *Catarinense, Braz.*
Aesculus (p.2248·2).
Vascular disorders.

Phytovim *Sante Naturelle, Canad.†.*
Multivitamin and mineral preparation (p.1922·1).

Phyzidine *Europharm, Hong Kong.*
Famotidine (p.1730·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

PI Antiseptic Ointment *Hexal, Austral.†.*
Povidone-iodine (p.1659·2).

Piam *Denver, Arg.*
⊗ Tetryzoline (p.1574·1).
Eye disorders.

Piamfucin *Yamanouchi, Rus.†.*
Natamycin (p.543·1).
Fungal infections.

Piascledine
Bernabo, Arg.
Avocado (p.2262·2); soya (p.1965·3).
Arthroses.

Solvay, Braz.; Medicom, Cz.; Expanscience, Fr.; ABC, Ital.; Expanscience, Pol.; Expanscience, Rus.
Avocado oil; soya oil (p.1965·3).
Degenerative joint disorders; dental disorders; gum disorders; mouth disorders; osteoarthritis; phlebitis; skin disorders; skin ulceration.

Rhein, Mex.
Avocado oil; soya (p.1965·3).
Osteoarthritis; rheumatism.

Piat *Salus, Mex.†.*
Miconazole (p.541·2).
Fungal infections.

Pibaksin *Sanbe, Indon.*
Mupirocin (p.302·3).
Skin infections.

Picalm *Grunenthal, Port.*
Piketoprofen (p.117·2) or piketoprofen hydrochloride (p.117·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Picamic *Tropica Mas, Indon.*
Ketoconazole (p.539·1).
Fungal infections.

Picamilon *Akrikhin, Rus.*
Sodium N-nicotinyl-gamma-aminobutyrate.

Picapan *DHA, Hong Kong; DHA, Singapore.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Picaplin *Medic+Aid, Philipp.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Piccadilly Foot Ointment *Adco, S.Afr.*
Salicylic acid (p.1612·2).
Calluses; corns.

Picibanil *Chugai, Jpn.*
Picibanil (p.2367·3).
Malignant neoplasms.

Picillin *Laboratorio Farm., Israel†; CT, Ital.*
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) may be included in this preparation to alleviate the pain of injection.
Bacterial infections.

Pickles Antiseptic Cream *Pickles, UK.*
Dibrompropamidine isetionate (p.1642·1).
Burns; scalds; sunburn.

Pickles Chilblain Cream *Pickles, UK.*
Methyl nicotinate (p.85·3).
Chilblains.

Pickles Corn Caps *Pickles, UK.*
Salicylic acid (p.1612·2); colophony (p.2286·2).
Corns.

Pickles Foot Ointment *Ransom, UK.*
Salicylic acid (p.1612·2).
Calluses; corns.

Pickles Smelling Salts *Pickles, UK.*
Strong ammonia solution (p.2256·1); eucalyptus oil (p.2301·2); pine oil (p.2368·2).
Headache; nasal congestion.

Piclodin *Pharos, Indon.*
Ticlopidine hydrochloride (p.1411·2).
Thromboembolism prophylaxis.

Piclodorm *Binnofarm, Rus.*
Zopiclone (p.1039·1).
Insomnia.

Picolax
Note. This name is used for preparations of different composition.
Dendy, Austral.†.
Sodium picosulfate (p.1771·1); magnesium carbonate (p.1743·1); citric acid (p.2284·1).
Bowel evacuation; constipation.

Ferring, Braz.†; Neo-Farmaceutica, Port.
Sodium picosulfate (p.1771·1).
Constipation.

Ferring, Irl.; Ferring, UK.
Sodium picosulfate (p.1771·1); magnesium citrate (p.1743·2).
Bowel evacuation.

Picolaxine *Pharmacobel, Belg.*
Sodium picosulfate (p.1771·1).
Constipation.

Picolite *Picot, Fr.*
Maltodextrin; sucrose; sodium chloride; potassium citrate; citric acid (p.1672·2).
Diarrhoea; oral rehydration therapy.

Picolon *Medic, Denm.*
Sodium picosulfate (p.1771·1).
Constipation.

Picoprep *Pharmatel, Austral.; Pharmatel, Malaysia; Bamford, NZ.*
Sodium picosulfate (p.1771·1); magnesium oxide (p.1744·1); citric acid (p.2284·1).
Bowel evacuation; constipation.

Pico-Salax *Ferring, Canad.*
Sodium picosulfate (p.1771·1); magnesium oxide (p.1744·1); citric acid (p.2284·1).
Bowel evacuation.

Picot *Picot, Fr.†.*
Dextrin (p.1937·1); maltose (p.1956·1).
Sugar substitute.

Picot AR *Picot, Fr.*
Infant feed (p.1922·1).
Regurgitation.

Picot sans Gluten *Picot, Fr.†.*
Food for special diets (p.1922·1).
Coeliac disease.

Picot Sans Lactose *Picot, Fr.†.*
Infant feed (p.1922·1).
Lactose intolerance.

Picutex *Sertex, Arg.*
Quassia (p.2377·1).
Pediculosis.

Picyn *Bernofarm, Indon.*
Sultamicillin (p.344·1).
Bacterial infections.

Pidezol *EGIS, Hung.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Pidilat *Solvay, Ger.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Pidocal *Sanofi Synthelabo, Switz.†.*
Calcium pidolate (p.1676·3); calcium carbonate (p.1714·1).
Calcium deficiency; osteoporosis.

Pidomag *Baldacci, Braz.*
Magnesium pidolate (p.1679·3).
Magnesium deficiency.

Pidoxina *Parggon, Mex.*
Meclozine (p.585·1); pyridoxine (p.1979·1).
Nausea and vomiting; vertigo.

Pidrol *Gache, Venez.*
⊗ Ammonium acetate (p.1551·2); ephedrine hydrochloride (p.1558·2).
Formerly contained ammonium chloride, grindelia, ephedrine hydrochloride, and mepyramine maleate.
Respiratory-tract congestion.

Piecidex
Note. This name is used for preparations of different composition.
Andromaco, Arg.†.
Cream; topical powder: Undecenoic acid (p.549·2); zinc undecenoate (p.549·3); sodium propionate (p.545·3); salicylic acid (p.1612·2).
Fungal skin, scalp, and nail infections.

Andromaco, Arg.†.
Topical liquid; topical spray: Undecenoic acid (p.549·2); sodium undecenoate (p.549·3); sodium propionate (p.545·3); propionic acid (p.545·2).
Fungal skin, scalp, and nail infections.

Piecidex NF
Note. This name is used for preparations of different composition.
Andromaco, Arg.
Cream: Terbinafine hydrochloride (p.546·3).
Fungal skin infections.

Andromaco, Arg.
Lotion: Bifonazole (p.527·3); diphenhydramine hydrochloride (p.577·2).
Fungal skin infections.

Piel Vital *AM, Arg.*
Betacarotene; vitamins; minerals; methionine (p.1922·1).
Dietary supplement.

Pielograf *Schering, Chile†; Juste, Spain.*
Meglumine amidotrizoate (p.1475·3); sodium amidotrizoate (p.1475·3).
Radiographic contrast medium.

Pierami *Fournier, Ital.*
Amikacin sulfate (p.200·3).
Bacterial infections.

Piesital *Demo, Gr.*
⊗ Captopril (p.1239·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Pi-Fedrin *Flupal, Venez.*
⊗ Sodium benzoate (p.1630·2); ammonium acetate (p.1551·2); drosera (p.2297·3); ephedrine hydrochloride (p.1558·2); mepyramine maleate (p.585·2).
Respiratory-tract congestion.

Pifrol *Arlex, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Pigenil *Pharmafar, Ital.*
Pygeum africanum (p.2192·3).
Prostatic hyperplasia.

Pigitil *Dorom, Ital.*
Pidotimod (p.2367·3).
Immunostimulant.

Pigloss *Bajamed, Mex.*
Glipizide (p.441·3).
Diabetes mellitus.

Pigmal *Gramon, Arg.*
Pirolenoso acid.
Pediculosis.

Pigmanorm
Note. This name is used for preparations of different composition.
Widmer, Ger.
⊗ Hydroquinone (p.1598·2); tretinoin (p.1618·1); hydrocortisone (p.1535·2).
Skin hyperpigmentation.
Widmer, Switz.
⊗ Hydroquinone (p.1598·2); tretinoin (p.1618·1); dexamethasone (p.1526·1); dexpanthenol (p.2362·1); octinoxate (p.1608·2); avobenzone (p.1589·3).
Skin hyperpigmentation.

Pigmentasa *Vinas, Spain.*
Hydroquinone (p.1598·2).
Skin hyperpigmentation.

Pigmentum Castellani *Chema-Elektromet, Pol.*
Boric acid (p.2268·1); resorcinol (p.1612·1); magenta (p.1651·3); phenol (p.1656·1).
Eczema; fungal skin infections; impetigo.

Pigmet *Sandoz, Indon.*
Hydroquinone (p.1598·2).
Skin hyperpigmentation.

Pik Gel *Amnol, Ital.*
Centella (p.1592·3); ginkgo biloba (p.2311·1); peppermint (p.1761·2); devil's claw root (p.39·1); menthol (p.2340·1); aesculus (p.2248·2); pineapple; equisetum (p.2299·3); achillea (p.2245·2); ginger (p.1732·3); meadowsweet (p.2338·1); sesamum indicum; myrtillus (p.2349·3).
Circulatory disorders.

Pikovit *KRKA, Cz.; KRKA, Pol.; KRKA, Rus.; Ilsan, Turk.*
Vitamin preparation with or without minerals (p.1922·1).
Nutritional supplement.

Pil *Sophia, Mex.*
Pilocarpine (p.1884·3).
Ocular hypertension; production of miosis.

Pil Keluarga Berencana *Schering, Indon.*
21 Tablets, levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3); 7 tablets, inert.
Combined oral contraceptive.

Pilder *Quimifar, Spain.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Pildoras Zeninas *Puerto Galiano, Spain.*
Aloes (p.1705·2); cascara (p.1715·2).
Constipation.

Pileabs *Lane, UK.*
Slippery elm bark (p.2388·2); cascara sagrada (p.1715·2).
Haemorrhoids.

Pilelife *Yung Shin, Hong Kong.*
⊗ Lidocaine (p.1862·3); prednisolone acetate (p.1541·1); chlorhexidine hydrochloride (p.1635·3); tocopherol acetate (p.1992·3); alcloxa (p.1587·2).
Anorectal disorders.

Pilem *Uniao Quimica, Braz.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Pilensar *IMA, Braz.*
Lindane (p.2045·3).
Pediculosis; scabies.

Piletabs *Potter's, UK.*
Pilewort (p.2368·1); agrimony (p.2249·2); cascara (p.1715·2); stone root (p.2392·2).
Haemorrhoids.

Pilfood
Serra Pamies, Hong Kong.
Vitamins; methionine; cystine; protein hydrolysate; millet (p.1922·1).
Cedar Health, UK.
Vitamin E; riboflavin; vitamin B ; biotin; pantothenic acid; methionine; cysteine (p.1922·1).
Dietary supplement for healthy hair.

Pil-Food
Serra Pamies, Spain.
Vitamins; amino acids; panicum miliaceum (p.1922·1).
Hair, scalp, and nail disorders.
Vifor, Switz.
Multivitamins and amino acids (p.1922·1); protein hydrolysate; millet.
Hair and nail disorders.

Pil-G Uso *Finadiet, Arg.†.*
Glacial acetic acid (p.2244·2).
Pediculosis.

Pilison *Schering, Austria.*
⊗ Fluocortolone pivalate (p.1532·3); salicylic acid (p.1612·2).
Skin disorders.

Pilka *Novartis Consumer, Austria; Novartis Consumer, Israel; Ferrer, Spain; Novartis Consumer, Switz.†.*
Drosera (p.2297·3); thyme (p.2401·1).
Bronchitis; coughs; throat disorders.

Pilka F *Novartis Consumer, Port.†.*
Drosera (p.2297·3); wild thyme (p.2415·3); pinguicula.
Coughs.

Pilka Forte *Novartis Consumer, Austria.*
⊗ Drosera (p.2297·3); thyme (p.2401·1); ephedrine hydrochloride (p.1558·2).
Coughs.

Pill 72 *Cipla, India.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Pilo *Meda, Belg.; Chauvin, Fr.; Upha, Malaysia†; Grin, Mex.; Novartis, Norw.†.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; hernia of the iris; induction of miosis; reversal of mydriasis and cycloplegia.

Pilobloc *Farmila, Ital.*
⊗ Pilocarpine hydrochloride (p.1884·3); timolol maleate (p.1412·3).
Glaucoma; ocular hypertension.

Pilobloq *Thea, Fr.*
⊗ Pilocarpine hydrochloride (p.1884·3); timolol maleate (p.1412·3).
Glaucoma; ocular hypertension.

Pilocan *Latinofarma, Braz.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; production of miosis.

Pilocar
FDC, India.
Pilocarpine nitrate (p.1884·3).
Glaucoma; production of miosis.
Novartis Ophthalmics, USA; Oftalmi, Venez.
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; production of miosis; raised intra-ocular pressure; reversal of mydriasis.

Pilocarcil *Edol, Port.*
Pilocarpine hydrochloride (p.1884·3).
Ocular hypertension; production of miosis.

Pilocarpol
Lersan, Arg.
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; production of miosis.
Winzer, Ger.†.
Pilocarpine (p.1884·3).
Glaucoma; production of miosis.

Pilocollyre *Cooper (Κοπερ), Gr.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; production of mydriasis.

Pilodren *Farmila, Ital.†.*
⊗ Pilocarpine hydrochloride (p.1884·3); adrenaline acid tartrate (p.1203·2).
Open-angle glaucoma.

Pilofar *Farmedia, Gr.*
Pilocarpine hydrochloride (p.1884·3).
Xerostomia.

Pilogel *Alcon, Chile; Alcon, Cz.; Alcon, Hong Kong†; Alcon, Hung.†; Alcon, Irl.; Alcon, Ital.†; Alcon, Neth.; Alcon, S.Afr.; Alcon, Singapore; Alcon, Turk.; Alcon, UK.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; ocular hypertension.

Pilokarsol *Sanovel, Turk.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma.

Pilomann *Mann, Ger.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; reversal of drug-induced mydriasis.

Pilomann-Ol *Mann, Ger.*
Pilocarpine (p.1884·3).
Glaucoma; reversal of drug-induced mydriasis.

Pilomed *Bausch & Lomb, Arg.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; production of miosis.

Pilopil *Guardian, Indon.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Pilopine HS *Alcon, Canad.; Alcon, USA.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; production of miosis; raised intra-ocular pressure; reversal of mydriasis.

Piloplex *Davi, Port.†.*
Pilocarpine (p.1884·3).
Glaucoma; production of miosis.

Pilopos *Ursapharm, Cz.; Ursapharm, Ger.*
Pilocarpine nitrate (p.1884·3).
Glaucoma; reversal of drug-induced mydriasis.

Pilopt *Allergan, Austral.; Healthcare Logistics, NZ.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma.

Piloptic *Optopics, USA.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; reversal of mydriasis.

Pilopto-Carpine *Lebeh, USA.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; raised intra-ocular pressure; reversal of mydriasis.

Pilorcarpin Puroptal *Agepha, Austria.*
Pilocarpine hydrochloride (p.1884·3).
Intra-ocular hypertension.

Pilosed *Bilim, Turk.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma.

Pilostat *Bausch & Lomb, USA.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; raised intra-ocular pressure; reversal of mydriasis.

Pilostigmin Puroptal *Metochem, Austria.*
Neostigmine bromide (p.631·3); pilocarpine hydrochloride (p.1884·3).
Glaucoma; production of miosis.

Pilo-Stulln *Stulln, Ger.†.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; reversal of drug-induced mydriasis.

Pilosuryl *Pierre Fabre, Fr.*
Pilosella; phyllanthus.
Water retention.

Pilotim *Alcon, Arg.*
⊗ Timolol maleate (p.1412·3); pilocarpine hydrochloride (p.1884·3).
Glaucoma; ocular hypertension.

Pilotina *Genepharm, Gr.†.*
Pilocarpine nitrate (p.1884·3).
Glaucoma; production of mydriasis.

Pilotonina *Farmila, Cz.†; Farmila, Ital.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; ocular hypertension; production of miosis.

Pilovate *Cipla, India.*
⊗ Beclometasone dipropionate (p.1516·2); phenylephrine hydrochloride (p.1568·1); lidocaine hydrochloride (p.1862·3).
Skin disorders.

Piloxidil *Chemical Research, Pol.*
Minoxidil (p.1342·1).
Alopecia.

Piloxil *Golaz, Switz.†.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Pilulas Ross *GSK, Braz.*
Aloin (p.1705·3); capsicum (p.2276·2); ipecacuanha (p.1562·3); belladonna (p.2263·3).
Constipation.

Pilulas De Witt's *CIF, Braz.†.*
⊗ Bearberry (p.2263·3); methylthioninium chloride (p.1450·3); fabiana imbricata; juniper (p.2328·2); potassium nitrate (p.1658·3); parapetalifera betulina; cascara (p.1715·2); sodium salicylate (p.124·2).
Urinary-tract infections.

Pilules de Vichy *Omega, Belg.*
Sodium picosulfate (p.1771·1); electrolytes (p.1667·1).
Constipation.

Pilzcin *Kolassa, Austria; Merz, Ger.; Shionogi, Jpn.*
Croconazole hydrochloride (p.530·3).
Fungal skin infections.

Pima *Fleming, USA.*
Potassium iodide (p.2169·2).
Respiratory-tract congestion.

Pima Biciron N *S & K, Ger.*
Natamycin (p.543·1).
Fungal eye infections.

Pimafucin *Astellas, Cz.; Astellas, Fin.; Galderma, Ger.; Yamanouchi, Hung.; Astellas, Neth.; Astellas, Pol.; Yamanouchi, Rus.; Santa, Turk.*
Natamycin (p.543·1).
Fungal mucous membrane, nail, skin, and vaginal infections; trichomoniasis.

Pimafucort *Astellas, Cz.; Astellas, Fin.; Yamanouchi, Hung.; CSL, NZ; Astellas, Neth.; Astellas, Pol.; Astellas, Port.; Yamanouchi, Rus.*
⊗ Hydrocortisone (p.1535·2); natamycin (p.543·1); neomycin sulfate (p.305·1).
Infected skin disorders.

Pimidel *KRKA, Rus.*
Pipemidic acid (p.315·1).
Bacterial infections.

Pimiken *Kendrick, Mex.*
Magnesium valproate (p.511·3).
Epilepsy.

Pimoftal *Gerolimatos (Γερολυματος), Gr.†.*
⊗ Budesonide (p.1520·1).
Topical corticosteroid.

Pimple *Ingens, Arg.*
Minocycline (p.300·3).
Acne.

Pimplex *Konimex, Indon.*
Benzoyl peroxide (p.1590·2).
Acne.

Pinaclav *Pinewood, Irl.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Pinaclor *Pinewood, Irl.*
Cefaclor (p.217·2).
Bacterial infections.

Pinadone DTF *Pinewood, Irl.*
⊗ Methadone hydrochloride (p.82·3).
Opioid addiction.

Pinadrina *Pisa, Mex.*
⊗ Adrenaline (p.1203·2).

Pinal S *Atzinger, Ger.†.*
Zinc oxide (p.1621·2).
Skin disorders.

Pin-Alcol *Schoning-Berlin, Ger.*
Menthol (p.2340·1); Norway spruce oil.
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; neuralgia; neuritis; pruritus.

Pinam *Alian, Venez.*
Amlodipine besilate (p.1214·1).
Hypertension.

Pinamet *Pinewood, Irl.*
Cimetidine (p.1716·2).
Gastric hyperacidity; peptic ulcer; Zollinger-Ellison syndrome.

Pinamox *Pinewood, Irl.*
Amoxicillin (p.202·2).
Bacterial infections.

Pinazo *Gache, Venez.*
⊗ Naphazoline nitrate (p.1565·2); mepyramine maleate (p.585·2).
Nasal congestion.

Pinden *Unipharm, Israel.*
⊗ Pindolol (p.1372·1).
Heart failure; hypertension.

Pindione *Lipha Sante, Fr.†.*
Phenindione (p.1369·2).
Thromboembolic disorders.

Pindocor *Merck, Fin.*
⊗ Pindolol (p.1372·1).
Angina pectoris; arrhythmias; hypertension.

Pindol *Pacific, NZ.*
⊗ Pindolol (p.1372·1).
Angina pectoris; arrhythmias; hypertension.

Pineal *Laborest, Ital.*
Magnesium; nicotinic acid; tryptophan (p.1922·1).
Depression.

Pinedrin *Lisapharma, Ital.†.*
Pumilio pine oil (p.2376·3); thyme (p.2401·1).
Respiratory system disorders.

Pinetarsol
Note. This name is used for preparations of different composition.
Ego, Hong Kong; Ego, Malaysia; Ego, NZ; Ego, Singapore; Crawford, UK.
Tar (p.1616·2).
Eczema; psoriasis; skin disorders.
Ego, Austral.
Bar; Gel: Pine tar (p.1616·2).
Skin disorders.
Ego, Austral.
Bath oil: Pine tar (p.1616·2); light liquid paraffin (p.2031·1).
Skin disorders.
Ego, Austral.
Solution: Pine tar (p.1616·2); trolamine laurilsulfate (p.2138·3).
Skin disorders.

Pinex *Alpharma, Denm.; Alpharma, Norw.*
Paracetamol (p.108·1).
Fever; pain.

Pinex Comp *Alpharma, Denm.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Pain.

Pinex Forte *Alpharma, Norw.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Pain.

Pinex Major *Alpharma, Norw.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Pain.

Pinfetil *Novell, Indon.*
⊗ Clomifene citrate (p.2086·1).
Male and female infertility.

Pinifed *Pinewood, Irl.†.*
Nifedipine (p.1350·1).
Hypertension; ischaemic heart disease.

PiniHelix *Apipol, Pol.*
Ivy (p.2328·1); liquorice (p.1740·3); thyme (p.2401·1); pine.
Respiratory-tract disorders.

Pinikehl *Sanum-Kehlbeck, Ger.*
Homoeopathic preparation.

Piniment
Note. This name is used for preparations of different composition.
Austroplant, Austria.
Balsam: Camphor (p.2273·2); eucalyptus oil (p.2301·2); pine silvestris oil (p.2368·2); pumilio pine oil (p.2376·3); turpentine oil (p.2406·3); guaiazulene (p.2317·3).
Coughs; gastrointestinal spasm; musculoskeletal and joint disorders; respiratory-tract disorders.
Austroplant, Austria.
Nasal ointment: ⊗ Ephedrine hydrochloride (p.1558·2); camphor (p.2273·2); eucalyptus oil (p.2301·2); pine silvestris oil (p.2368·2); pumilio pine oil (p.2376·3); turpentine oil (p.2406·3); sage oil (p.2382·3); sunflower oil (p.1970·3).
Nasal congestion.
Austroplant, Austria.
Ointment; topical solution: Camphor (p.2273·2); menthol (p.2340·1); eucalyptus oil (p.2301·2); pine silvestris oil (p.2368·2); pumilio pine oil (p.2376·3); turpentine oil (p.2406·3).
Catarrh; cold and influenza symptoms; cough.

Pinimenthol *Piniol, Switz.†.*
Camphor (p.2273·2); menthol (p.2340·1); orange oil (p.2357·2); pine cone oil; eucalyptus oil (p.2301·2); pumilio pine oil (p.2376·3); turpentine oil (p.2406·3); pine-needle oil (p.2368·2).
Influenza; muscle and joint pain; neuralgia.

Pinimenthol Baby *Piniol, Switz.†.*
Eucalyptus oil (p.2301·2); pine-needle oil (p.2368·2); sage oil (p.2382·3); thyme oil (p.2401·2); juniper oil (p.2328·3); peru balsam (p.2365·3).
Respiratory-tract disorders.

Pinimenthol Erkaltungsbad *Spitzner, Ger.*
Camphor (p.2273·2); eucalyptus oil (p.2301·2); menthol (p.2340·1).
Bath additive; cold symptoms.

Pinimenthol Erkaltungsbad fur Kinder *Spitzner, Ger.*
Eucalyptus oil (p.2301·2).
Bath additive; cold symptoms.

Pinimenthol Erkaltungsbalsam mild *Spitzner, Ger.*
Eucalyptus oil (p.2301·2); Norway spruce oil.
Respiratory-tract congestion.

Pinimenthol Erkaltungsinhalat *Spitzner, Ger.*
Eucalyptus oil (p.2301·2); pine needle oil (p.2368·2).
Cold symptoms.

Pinimenthol Erkaltungskapseln *Spitzner, Ger.†.*
Eucalyptus oil (p.2301·2).
Cold symptoms.

Pinimenthol Erkaltungssalbe *Spitzner, Ger.*
Eucalyptus oil (p.2301·2); pine needle oil (p.2368·2); menthol (p.2340·1).
Cold symptoms.

Pinimenthol Liquidum *Spitzner, Ger.*
Eucalyptus oil (p.2301·2); pine needle oil (p.2368·2); menthol (p.2340·1).
Neuralgia; respiratory-tract disorders; rheumatic disorders; skin ulcer prophylaxis.

Pinimenthol Nasensalbe *Spitzner, Ger.†.*
Camphor (p.2273·2); eucalyptus oil (p.2301·2); pine needle oil (p.2368·2).
Nasal disorders.

Pinimenthol S *Spitzner, Ger.†.*
Eucalyptus oil (p.2301·2); pine needle oil (p.2368·2).
Bronchitis; cold symptoms.

Pinimenthol-N *Piniol, Switz.†.*
Eucalyptus oil (p.2301·2); pine-needle oil (p.2368·2); menthol (p.2340·1).
Cold symptoms; muscle and joint pain.

Pinimentol *Apotheca Pacis, Pol.*
Eucalyptus oil (p.2301·2); juniper oil (p.2328·3); peppermint oil (p.1761·2); pine oil (p.2368·2).
Neuralgia; respiratory-tract congestion; skeletal muscle pain.

Piniol Erkaltungsbalsam *Spitzner, Ger.†.*
Camphor (p.2273·2); eucalyptus oil (p.2301·2); pine silvestris oil (p.2368·2).
Neuritis; respiratory-tract disorders; rheumatic disorders.

Piniol Nasenspray *Spitzner, Ger.†.*
⊗ Naphazoline hydrochloride (p.1565·2).
Nasal congestion; rhinitis.

Piniol Pommade Speciale *Piniol, Switz.†.*
Pumilio pine oil (p.2376·3); salicylic acid (p.1612·2).
Musculoskeletal, joint, and soft-tissue disorders.

Pink Bismuth *Perrigo, Israel.*
Bismuth salicylate (p.1711·1).
Abdominal cramps; diarrhoea; dyspepsia; flatulence; nausea.

Pinklot *Stiefel, Arg.*
Sulfur (p.1614·1); resorcinol (p.1612·1); salicylic acid (p.1612·2); calamine (p.1591·2).
Acne.

Pinloc *Orion, Fin.*
⊗ Pindolol (p.1372·1).
Angina pectoris; arrhythmias; hypertension.

Pino-Cort *Bell, India.*
⊗ Atropine sulfate (p.1219·3); hydrocortisone acetate (p.1535·2).
Allergic conjunctivitis; corneal burns; pre- and post-medication in ocular surgery.

Pinorec *Novell, Indon.*
Tramadol hydrochloride (p.130·3).
Pain.

Pinorubin *Mercian, Cz.†.*
Pirarubicin (p.764·1).
Malignant neoplasms.

Pinosol
Note. This name is used for preparations of different composition.
Zentiva, Pol.
Cream: Eucalyptus oil (p.2301·2); pine oil (p.2368·2); thymol (p.1664·3); tocopherol acetate.
Upper respiratory-tract congestion.

Zentiva, Pol.
Inhalation/nose drops: Eucalyptus oil (p.2301·2); pine oil (p.2368·2); thymol (p.1664·3); tocopherol acetate; peppermint oil (p.1761·2); guaiazulene (p.2317·3).
Upper respiratory-tract congestion.

Zentiva, Cz.
Nasal cream: Pine silvestris oil (p.2368·2); eucalyptus oil (p.2301·2); thymol (p.1664·3); alpha tocoferil acetate.
Cold symptoms; nasal congestion; postoperative nasal packing.

Zentiva, Rus.
Nasal cream: Eucalyptus oil (p.2301·2); pine oil (p.2368·2); thymol (p.1664·3); tocoferil acetate.
Adjunct in surgery of nasal cavities; nasal congestion.

Zentiva, Cz.; Zentiva, Rus.
Nasal drops: Pine oil (p.2368·2); peppermint oil (p.1761·2); eucalyptus oil (p.2301·2); thymol (p.1664·3); guaiazulene (p.2317·3); alpha tocoferil acetate.
Adjunct in surgery of nasal cavities; nasal congestion; nasopharyngeal inflammation; postoperative nasal packing; respiratory-tract inflammation; rhinitis.

Zentiva, Cz.
Nasal ointment: Menthol (p.2340·1); pine silvestris oil (p.2368·2); eucalyptus oil (p.2301·2); thymol (p.1664·3); alpha tocoferil acetate.
Cold symptoms; nasal congestion; postoperative nasal packing.

Zentiva, Rus.
Nasal ointment: Eucalyptus oil (p.2301·2); pine oil (p.2368·2); menthol (p.2340·1); thymol (p.1664·3); tocoferil acetate.
Adjunct in surgery of nasal cavities; nasal congestion.

Zentiva, Pol.
Ointment: Eucalyptus oil (p.2301·2); pine oil (p.2368·2); thymol (p.1664·3); tocopherol acetate; menthol (p.2340·1).
Upper respiratory-tract congestion.

Pin-Rid *Apothecary, USA.*
Pyrantel embonate (p.155·1).

Pinselina Knapp *Montefarmaco, Ital.*
Benzocaine (p.1854·1); phenol (p.1656·1); thymol (p.1664·3); menthol (p.2340·1).
Mouth disorders.

Pintal *Alet, Gr.*
Butamirate citrate (p.1553·1).
Cough.

Pinvex *Cofasa, Venez.*
Anthraquinone oxymethyl glycosides (p.1768·3); salicylic acid (p.1612·2).
Mouth and throat disorders.

Pin-X *Penn, USA.*
Pyrantel embonate (p.155·1).
Worm infections.

Pin-Xol *Hoe, Malaysia.*
Tar (p.1616·2).
Cleanser for scaly skin; pruritus; skin irritation.

Piodermina *Farmachimici, Ital.*
Sodium fusidate (p.279·3); thyme (p.2401·1); mallow (p.2337·2).
Bacterial skin infections.

Piodrex *Bunker, Braz.*
Permethrin (p.2048·2).
Formerly contained lindane.
Pediculosis; scabies.

Pioglit *Phoenix, Arg.*
Pioglitazone hydrochloride (p.456·1).
Diabetes mellitus.

Piokil Plus *Novapharm, Venez.*
Permethrin (p.2048·2).
Pediculosis.

Pioktanina *Hasco-Lek, Pol.*
Methylrosanilinium chloride (p.1653·1).
Skin infections.

Pioletal *Delta, Braz.*
Permethrin (p.2048·2).
Formerly contained lindane.
Pediculosis.

Piolhol *Simoes, Braz.†.*
Permethrin (p.2048·2); piperonyl butoxide (p.2049·1).
Pediculosis; scabies.

Piolhol Plus *Simoes, Braz.†.*
Permethrin (p.2048·2).
Pediculosis.

Piomed *Ipca, India.*
Pioglitazone hydrochloride (p.456·1).
Diabetes mellitus.

Piomed M *Ipca, India.*
Pioglitazone hydrochloride (p.456·1); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Pioral Pasta *Teofarma, Ital.*
Chlorothymol (p.1640·1).
Oral disinfection.

Piorlis *Uriach, Spain.*
Cineole (p.2282·3); eugenol (p.2301·2); peppermint oil (p.1761·2); methyl salicylate (p.85·3); thymol (p.1664·3); tyrothricin (p.358·2).
Gingivitis; gum disinfection; mouth ulcers; pyorrhoea.

Piosafe *Otsira, India.*
Pioglitazone hydrochloride (p.456·1).
Diabetes mellitus.

Piosafe MF *Otsira, India.*
Pioglitazone hydrochloride (p.456·1); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Piostop *Hexal, Braz.†.*
Permethrin (p.2048·2).

Piotamax *Omedir, Arg.*
Pioglitazone (p.456·3).
Diabetes mellitus.

Piozil *Farmacoope, Port.*
Benzyl benzoate (p.2036·1).

Piozulin *Cadila, India.*
Pioglitazone hydrochloride (p.456·1).
Diabetes mellitus.

Pipacid *Farmanic, Gr.*
Omeprazole (p.1753·1).
Acid aspiration; eradication of Helicobacter pylori in combination with antimicrobials; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Pipcil *Wyeth Lederle, Belg.†.*
Piperacillin sodium (p.315·2).
Bacterial infections.

Pipeacid *Del Saz & Filippini, Ital.†.*
Pipemidic acid (p.315·1).
Urinary-tract infections.

Pipedac *Teofarma, Ital.*
Pipemidic acid (p.315·1).
Urinary-tract infections.

Pipedic *Pharmasant, Thai.†.*
Pipemidic acid (p.315·1).
Bacterial infections of the urinary tract.

Pipefort *Lampugnani, Ital.*
Pipemidic acid (p.315·1).
Urinary-tract infections.

Pipemid *Visufarma, Ital.*
Pipemidic acid (p.315·1).
Urinary-tract infections.

Pipera *Astrapin, Ger.†; Hameln, Ger.†.*
Piperacillin sodium (p.315·2).
Bacterial infections.

Piperac *Klonal, Arg.†.*
Piperacillin (p.315·2).
Bacterial infections.

Piperacyl *Tempo Scan Pacific, Indon.*
Piperazine hydrate (p.153·1).
Ascariasis; oxyuriasis.

Piperato *Ronava, Venez.*
Piperazine adipate (p.152·3); piperazine hydrate (p.153·1).
Worm infections.

Piperawitt DS *Columbia, Mex.†.*
Piperazine (p.152·3).
Worm infections.

Piperazil
Allen, Mex.
Piperazine (p.152·3).
Ascariasis; enterobiasis.

SM, Venez.
Piperazine hydrate (p.153·1).
Ascariasis; enterobiasis.

Piperdin *Etifar, Venez.*
Piperazine hydrate (p.153·1).
Worm infections.

Pipergress *Parggon, Mex.*
Piperazine (p.152·3).
Worm infections.

Piperital *IBI, Ital.*
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Pipermed *Medimport, Mex.†.*
Piperazine citrate (p.152·3).
Ascariasis; enterobiasis.

Pipermel *Basi, Port.*
Piperazine (p.152·3).
Ascariasis; enterobiasis.

Piperonil *Lusofarmaco, Ital.†.*
Pipamperone hydrochloride (p.1019·1).
Insomnia; psychiatric disorders.

Pipersal *Uno, Ital.*
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Pipertex *Pharmatex, Ital.*
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Pipertox *Codilab, Port.*
Piperazine (p.152·3).
Worm infections.

Piperzan *Quim-Far, Venez.*
Piperazine hydrate (p.153·1).
Worm infections.

Pipetecan *Richmond, Arg.*
Irinotecan (p.738·1).
Malignant neoplasms.

Pipetexina *Richmond, Arg.*
Piperacillin (p.315·2); tazobactam (p.344·3).
Bacterial infections.

Piplex *Mediderm, Chile.*
Isotretinoin (p.1599·2).
Acne.

Pipolphen *EGIS, Hung.; Egis, Rus.*
Promethazine hydrochloride (p.588·2).
Hypersensitivity reactions; motion sickness; nausea and vomiting; pain; sedative; vertigo.

Piportil
Sanofi-Aventis, Braz.; Sanofi-Aventis, Fr.
Pipotiazine (p.1019·2) or pipotiazine palmitate (p.1019·2).
Psychoses.

Sanofi-Aventis, Hung.; Sanofi-Aventis, Rus.
Pipotiazine (p.1019·2).
Psychoses.

Sanofi-Aventis, Irl.; Sanofi-Aventis, NZ; Aventis, Neth.†; Aventis, Singapore†; JHC Healthcare, UK.
Pipotiazine palmitate (p.1019·2).
Psychoses.

Piportil L4 *Aventis, Canad.; Aventis, Mex.*
Pipotiazine palmitate (p.1019·2).
Psychoses; schizophrenia.

Piportyl *Sanofi-Aventis, Chile.*
Pipotiazine palmitate (p.1019·2).
Psychoses.

Piportyl L4 *Aventis, Arg.*
Pipotiazine palmitate (p.1019·2).
Psychoses.

Pippen *Pharmaland, Thai.*
Ibuprofen (p.64·2).
Musculoskeletal and joint disorders.

Pipracil *Wyeth-Ayerst, Canad.†; Wyeth, Hong Kong†; Wyeth, India; Wyeth, Malaysia†; Wyeth-Ayerst, Thai.†; Lederle, USA†.*
Piperacillin sodium (p.315·2).
Bacterial infections.

Pipracin *Vitamed, Israel.*
Piperacillin sodium (p.315·2).
Bacterial infections.

Pipraks *Eczacibasi, Cz.†; Eczacibasi, Turk.*
Piperacillin sodium (p.315·2).
Bacterial infections.

Pipralen *Lennon, S.Afr.*
Piperazine citrate (p.152·3).
Ascariasis; enterobiasis.

Pipram *Sanofi-Aventis, Braz.; Aventis, Fr.; Teofarma, Ital.; Aventis, Neth.*
Pipemidic acid (p.315·1).
Urinary-tract infections.

Pipril *Wyeth, Austral.†; Wyeth Lederle, Austria; Wyeth, Cz.†; Lederle, Ger.†; Wyeth, Gr.; Wyeth, Hung.†; Wyeth, Irl.†; Lederle, Israel†; Lederle, NZ†; Lederle, Switz.†.*
Piperacillin sodium (p.315·2).
Bacterial infections.

Piprine *Be-Tabs, S.Afr.*
Piperazine citrate (p.152·3).
Ascariasis; enterobiasis.

Piprol *Elfar, Spain.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Piptal *Nicholas, Indon.*
Pipenzolate bromide (p.1762·2); phenobarbital sodium (p.492·2).
Colic; smooth muscle spasm.

Piptalin *Deva, Turk.*
Pipenzolate bromide (p.1762·2).

Pipurin *NCSN, Ital.*
Pipemidic acid (p.315·1).
Genitourinary-tract infections.

Pipurol *Zambon, Braz.*
Pipemidic acid (p.315·1).
Urinary-tract infections.

Pipzen *Degorts, Mex.*
Pipenzolate bromide (p.1762·2).

Pira *Omega, Arg.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Pirabene *Ratiopharm, Austria; Ratiopharm, Cz.; Ratiopharm, Hung.*
Piracetam (p.368·2).
Alcohol withdrawal syndrome; cerebrovascular disorders; mental function impairment; myoclonus; organic brain disorders; vertigo.

Piracalamina *Szama, Arg.*
Phenol (p.1656·1); mepyramine maleate (p.585·2); calamine (p.1591·2); zinc oxide (p.1621·2).
Contact dermatitis; lichen; pruritus; sunburn.

Piracebral *Hexal, Ger.*
Piracetam (p.368·2).
Mental function disorders.

Piracem *Alet, Gr.*
Piracetam (p.368·2).
Mental function disorders.

Piracemed *Ethimed, Belg.*
Piracetam (p.368·2).
Mental function disorders.

Piracetam Complex *Almirall, Spain†.*
Codergocrine mesilate (p.363·3); piracetam (p.368·2).
Cerebrovascular disorders.

Piracetop *Topgen, Belg.*
Piracetam (p.368·2).
Mental function disorders.

Piracetrop *Holsten, Ger.*
Piracetam (p.368·2).
Mental function disorders.

Piracezine *Minskinterkaps, Rus.*
Piracetam (p.368·2); cinnarizine (p.573·1).
Cerebrovascular disorders; cranial trauma; mental function disorders; migraine; motion sickness; vestibular disorders.

Piradro *Organifar, Venez.†.*
Dipyrone (p.49·2).
Fever; pain.

Piradrops Simple *Organifar, Venez.†.*
Dipyrone (p.49·2).
Fever; pain.

Pirafrin *Diba, Mex.*
Paracetamol (p.108·1); caffeine (p.1116·3); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Conjunctival congestion; fever; nasal congestion; pain; rhinitis.

Piraldina *Bracco, Ital.*
Pyrazinamide (p.320·2).
Tuberculosis.

Piraldyne *Medifarm, Turk.*
Rhubarb (p.1768·3); salicylic acid (p.1612·2).
Mouth disorders.

Piralen *Otto, Indon.*
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Piralgina
Note. This name is used for preparations of different composition.
Diba, Mex.
Oral solution: Paracetamol (p.108·1).
Fever; pain.

Diba, Mex.
Tablets: ⊗ Paracetamol (p.108·1); caffeine (p.1116·3); ephedrine hydrochloride (p.1558·2).
Fever; pain; respiratory-tract congestion.

Piralgina 650 *Diba, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Piralgina C *Diba, Mex.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Piralyn *Kener, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Piram *General Drugs, Thai.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Piramagno *Pharmacos, Mex.†.*
Dipyrone (p.49·2).
Fever; pain.

Piram-D *Pacific, NZ.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal and joint disorders; pain.

Pirament *Ipca, India.*
Piracetam (p.368·2).
Myoclonus.

Piramil *Sandoz, Cz.; Sandoz, Hung.; Sandoz, Pol.; Sandoz, Thai.; Sandoz, Venez.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Piramin *Elofar, Braz.*
Paracetamol (p.108·1).
Fever; pain.

Pirandall *Randall, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Pirantrim *Keton, Mex.*
Pyrantel embonate (p.155·1).
Worm infections.

Piraside *Upsifarma, Port.†.*
Pyrazinamide (p.320·2).
Tuberculosis.

Piraska *Supra Ferbindo, Indon.*
Pyrantel embonate (p.155·1).
Worm infections.

Pirasmin *Carlo Erba, Turk.*
Theophylline (p.1140·1).
Obstructive airways disease.

Pirasod *Parggon, Mex.*
Dipyrone (p.49·2).

Piratam *GSK, India†; Beacons, Singapore.*
Piracetam (p.368·2).
Alcoholism; behaviour disorders in children; cerebral trauma; cerebrovascular disorders; mental function impairment; senile dementia; sickle-cell disease; vertigo.

Piratin *Quality, Hong Kong.*
Piracetam (p.368·2).
Dementia.

Piratrof *Novell, Indon.*
Piracetam (p.368·2).
Cerebral infarction.

Piratropil *Jelfa, Rus.*
Piracetam (p.368·2).

Pirax
Note. This name is used for preparations of different composition.
Ecosol, Switz.
Piracetam (p.368·2).
Dyslexia; mental function impairment; myoclonus.
Pharmaland, Thai.
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Pirazinid *Kocak, Turk.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pirazinon *Sanval, Braz.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pirdolin *Dermadolin, Turk.*
Pyrithione zinc (p.1611·2); salicylic acid (p.1612·2).
Seborrhoeic dermatitis of the scalp.

Piremol *Loeffler, Mex.*
Paracetamol (p.108·1).
Fever; pain.

piren-basan *Schonenberger, Switz.†.*
Pirenzepine hydrochloride (p.1762·3).
Gastrointestinal disorders associated with hyperacidity.

Piretanyl
Note. This name is used for preparations of different composition.
Pasteur, Chile.
Syrup: Chlorphenamine maleate (p.571·3); dipyrone (p.49·2).
Cold and influenza symptoms.
Pasteur, Chile.
Tablets: Chlorphenamine maleate (p.571·3); dipyrone (p.49·2); caffeine (p.1116·3).
Cold and influenza symptoms.

Pirexin *Cantabria, Spain.*
Ibuprofen (p.64·2).
Fever; gout; musculoskeletal, joint, and peri-articular disorders; pain.

Pirexyl *Pasteur, Chile.*
Diclofenac sodium (p.44·3).
Fever; musculoskeletal and joint disorders; pain.

Pirfalin *Farmigea, Ital.*
Pirenoxine sodium (p.2368·3).
Cataracts.

Piridos *Omedir, Arg.*
Pyridostigmine bromide (p.633·3).
Myasthenia gravis.

Pirifur *Rudefsa, Mex.*
Phenazopyridine hydrochloride (p.116·2); nalidixic acid (p.303·3).
Urinary-tract infections.

Pirilene *Sanofi-Aventis, Fr.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pirimat *Duopharma, Hong Kong.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Pirimed *Medihealth, Mex.; Roemmers Medihe, Venez.*
Pyrithione zinc (p.1611·2).
Dandruff; psoriasis; seborrhoea; seborrhoeic dermatitis.

Pirimetan *Richmond, Arg.*
⊗ Propranolol (p.1381·1).

Pirimir *Sanofi Synthelabo, Mex.*
Phenazopyridine hydrochloride (p.116·2).
Urinary-tract infections.

Pirinace *Sidus, Arg.*
Aspirin (p.20·3); ascorbic acid (p.1983·3).
Influenza symptoms.

Pirinovag *Novag, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Piriteze *GSK Consumer, UK.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis.

Piriton *GSK, Hong Kong†; GSK Consumer, Irl.; GSK, Singapore; GSK, Thai.†; GSK Consumer, UK.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Piriton Expectorant *GSK, India; GSK, Thai.†.*
Chlorphenamine maleate (p.571·3); ammonium chloride (p.1551·3); sodium citrate (p.1673·3).
Cold symptoms; coughs.

Piritos *Biosintex, Arg.*
Bromhexine (p.1552·2); butetamate (p.1553·2).
Respiratory-tract disorders.

Pirium *Janssen-Cilag, Gr.*
Pimozide (p.1018·1).
Psychoses.

Piro *ABZ, Ger.*
Piroxicam (p.117·3).
Musculoskeletal, joint, and soft-tissue disorders.

Piro KD *Kade, Ger.*
Piroxicam (p.117·3).
Musculoskeletal, joint, and soft-tissue disorders.

Piroalgin *Lafedar, Arg.*
Piroxicam (p.117·3).
Inflammation; pain.

Pirobac *Koni-Cofarm, Chile.*
Benzoyl peroxide (p.1590·2).
Acne.

Pirobeta *Betapharm, Ger.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and soft-tissue disorders.

Pirobutil *Degorts, Mex.*
Dipyrone (p.49·2); butylhyoscine (p.1735·1).
Muscle spasm; pain.

Pirocal *Aliud, Austria.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal joint, and peri-articular disorders; pain.

Pirocam *Ratiopharm, Austria; Dexa, Indon.; Spirig, Switz.; Leti, Venez.†.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Pirodax *Lemery, Mex.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Pirodene *Medikon, Indon.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Pirofebran *Globo, Braz.†.*
Dipyrone (p.49·2).
Fever; pain.

Pirofel *Sanbe, Indon.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders; pain.

Pirofen *Deva, Turk.*
Paracetamol (p.108·1).
Fever; pain.

Pirofix *Hexal, Arg.†.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and soft-tissue disorders; pain.

Piroflam
Note. This name is used for preparations of different composition.
Medipharm, Chile.
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Inflammation; pain.
Lichtenstein, Cz.†; Winthrop, Ger.
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Piroflex *Betapharm, Ger.†.*
Piroxicam (p.117·3).
Musculoskeletal, peri-articular, and soft-tissue disorders.

Piroftal *Bruschettini, Ital.*
Piroxicam (p.117·3).
Eye inflammation; ocular oedema.

Pirogina *Teuto, Braz.*
Dipyrone (p.49·2).
Fever; pain.

Pirogreen *Greenpharma, Braz.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal and joint disorders.

Pirohexal-D *Hexal, Austral.; Hexal, NZ.*
Piroxicam (p.117·3).
Ankylosing spondylitis; osteoarthritis; rheumatoid arthritis.

Pirok *Husnu, Turk.*
Pyrvinium embonate (p.155·3).
Oxyuriasis.

Pirolam *Medana, Pol.*
Ciclopirox olamine (p.529·2).
Fungal and bacterial skin infections; fungal nail infections.

Pirom
Note. This name is used for preparations of different composition.
Sandoz, Denm.
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.
Solmer, Switz.
Balm: Camphor (p.2273·2); menthol (p.2340·1); methyl salicylate (p.85·3); eucalyptus oil (p.2301·2); cinnamon oil (p.2283·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.
Solmer, Switz.
Embrocation: Camphor (p.2273·2); menthol (p.2340·1); methyl salicylate (p.85·3); eucalyptus oil (p.2301·2); sweet birch oil (p.86·2); lemon oil (p.2332·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Piromax *Megat, Venez.†.*
Piroxicam betadex (p.117·3).
Inflammation; musculoskeletal and joint disorders.

Piromebrina *Degorts, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Piromed *3DDD, Belg.*
Piroxicam (p.117·3).

Pironal *Bago, Chile.*
Ibuprofen (p.64·2).
Fever; musculoskeletal and joint disorders; pain.

Pirophen *Pfizer, NZ.*
Aspirin (p.20·3); paracetamol (p.108·1); codeine phosphate (p.37·2).
Fever; pain.

Piro-Phlogont *Azupharma, Ger.†.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and soft-tissue disorders.

Pirorheum *Hexal, Austria; Hexal, Ger.†; Sandoz, Hung.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

PirorheumA *Hexal, Ger.*
Piroxicam (p.117·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Piros *Menarini, Ital.*
Paracetamol (p.108·1).
Fever; pain.

Pirosal *Saba, Turk.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Pirosol *Ecosol, Switz.*
Piroxicam (p.117·3).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Pirostad *Stada, Philipp.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Piroval *Valmor, Venez.†.*
Piroxicam (p.117·3).
Inflammation; musculoskeletal and joint disorders.

Pirox *Amat, Austria; Merckle, Cz.†; CT, Ger.; Cipla, India; Hexal, Mex.; Alpharma, Norw.; Medicine Products, Thai.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Piroxal *Alpharma, Fin.*
Piroxicam (p.117·3).
Dysmenorrhoea; musculoskeletal and joint disorders.

Piroxam *Globo, Braz.†; PP Lab, Thai.†.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal and joint disorders.

Piroxan *Diba, Mex.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal, joint and peri-articular disorders; pain.

pirox-basan *Schonenberger, Switz.†.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders; pain.

Piroxcin *Polipharm, Thai.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Piroxen *Codal Synto, Thai.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Piroxene *Solvay, Braz.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal, joint, and peri-articular disorders.

Piroxgel *Barcino, Spain.*
Coal tar (p.1616·2).
Seborrhoeic dermatitis.

Piroxica *Stada, Hong Kong.*
Piroxicam (p.117·3).
Musculoskeletal, joint, and soft-tissue disorders.

Piroxifar *Elofar, Braz.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal and joint disorders.

Piroxifen *Arrow, Braz.†.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal, joint, and peri-articular disorders.

Piroxiflam *Sankyo, Braz.†.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal, joint, and peri-articular disorders.

Piroxigea *Gea, Denm.†.*
Piroxicam (p.117·3).
Inflammation; musculoskeletal and joint disorders; pain.

Piroxil *Sanval, Braz.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal, joint, and peri-articular disorders.

Piroxin *Cifarma, Braz.; Ratiopharm, Fin.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal and joint disorders; pain; peri-articular and soft-tissue disorders.

Piroxinid *Ducto, Braz.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal and joint disorders.

Piroxiplus *Hebron, Braz.†.*
Piroxicam (p.117·3).
Dysmenorrhoea; gout; musculoskeletal, joint, and peri-articular disorders.

Piroxistad *Stada, Austria.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Piroxitop *Topgen, Belg.*
Piroxicam (p.117·3).

Piroxsil *Silom, Thai.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Piroxy *Duopharma, Hong Kong†.*
Piroxicam (p.117·3).
Ankylosing spondylitis; osteoarthritis; rheumatoid arthritis.

Piroxymed *Ethimed, Belg.*
Piroxicam (p.117·3).

Pirrolfungin *Esfar, Port.†.*
Pyrrolnitrin (p.545·3); salicylic acid (p.1612·2); diethyl sebacate (p.1613·1).
Skin infections.

Pirxane *Lisapharma, Ital.†.*
Buflomedil pyridoxal phosphate compound (p.1237·1).
Vascular disorders.

Pirzinol *Solfran, Mex.*
Piperazine (p.152·3).
Worm infections.

Pisacaina *Pisa, Mex.*
⊗ Lidocaine hydrochloride (p.1862·3).
Adrenaline (p.1203·2) is included in some injections as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia; ventricular arrhythmias.

Pisatrina *Pisa, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Piscis 3 *Vargas, Venez.*
Eicosapentaenoic acid (p.1362·1); docosahexaenoic acid (p.1362·1).
Hyperlipidaemias.

Pistofil *Rafarm, Gr.*
Norfloxacin (p.309·2).
Urinary-tract infections.

Pitiren *Savoma, Ital.*
Climbazole (p.529·3); strontium chloride (p.2393·1); lauromacrogol 400 (p.1916·1); levomenol (p.2333·3); menthyl lactate; benzyl alcohol (p.1631·3); vitamin E.
Seborrhoeic dermatitis.

Pitiriax *Cassara, Arg.*
Salicylic acid (p.1612·2); piroctone olamine (p.1610·1).
Dandruff.

Pitocin *Pfizer, India; JHP, USA; Pfizer, Venez.†.*
Oxytocin (p.2015·2).
Incomplete or inevitable abortion; induction of labour; postpartum haemorrhage; uterine inertia.

Pitogin *Ethica, Indon.*
Oxytocin (p.2015·2).
Incomplete abortion; labour induction and enhancement; postpartum haemorrhage.

Piton-S *Organon, Indon.; Organon, Neth.†.*
Oxytocin (p.2015·2).
Incomplete abortion; labour induction; lactation stimulation; postpartum haemorrhage; promotion of lactation; uterine haemorrhage.

Pitressin *Link, Austral.; Parke, Davis, Ger.†; IFET (ΙΦΕΤ), Gr.†; Goldshield, Irl.; Link, NZ; Goldshield, UK; Parke, Davis, USA.*
Argipressin (p.2411·3).
Aid in abdominal radiography; bleeding oesophageal varices; diabetes insipidus; postoperative abdominal distension; postoperative intestinal atony.

Pitrex *Taro, Canad.; Teva, Israel.*
Tolnaftate (p.548·3).
Fungal skin infections.

Pitrion *Rafa, Israel.*
Miconazole nitrate (p.541·3).
Fungal skin and nail infections.

Pitrisan
Note. This name is used for preparations of different composition.
Rekah, Israel.
Ointment: Undecenoic acid (p.549·2); zinc undecenoate (p.549·3); allantoin (p.1588·1).
Fungal skin infections.

Rekah, Israel.
Topical solution: Undecenoic acid (p.549·2); salicylic acid (p.1612·2); benzoic acid (p.1630·2); chlorobutanol (p.1639·2); resorcinol (p.1612·1).
Fungal skin infections.

Pityker *Roche-Posay, Fr.†.*
Piroctone olamine (p.1610·1); salicylic acid (p.1612·2).
Dandruff.

Pityol *Zentiva, Cz.*
Ichthammol (p.1599·1); boric acid (p.2268·1); zinc oxide (p.1621·2); guaiazulene (p.2317·3).
Skin disorders.

Pityval
Note. This name is used for preparations of different composition.
Roche-Posay, Arg.†; Roche-Posay, Braz.
Piroctone olamine (p.1610·1); iodopropynyl butyl carbamate (Glicacil) (p.2045·2).
Seborrhoeic dermatitis.

Roche-Posay, Fr.
Piroctone olamine (p.1610·1); iodopropynyl butyl carbamate (Glycacil); thermal water.
Skin irritation.

Roche-Posay, Irl.†.
Emollient.

Pival *Cafar, Venez.†.*
Mebendazole (p.148·3).
Worm infections.

Pivalephrine *Santen, Jpn.*
⊗ Dipivefrine hydrochloride (p.2295·3).
Glaucoma.

Pivalone *Pfizer, Fr.; Parke, Davis, Neth.†; Pfizer, Singapore; Uhlmann-Eyraud, Switz.*
⊗ Tixocortol pivalate (p.1544·2).
Nasal polyps; rhinitis.

Pivalone compositum *Uhlmann-Eyraud, Switz.*
⊗ Tixocortol pivalate (p.1544·2); neomycin sulfate (p.305·1).
Infected nasal disorders.

Pivalone Neomycin *Parke, Davis, Singapore†.*
⊗ Tixocortol pivalate (p.1544·2); neomycin sulfate (p.305·1).
Infected nasal polyps; rhinitis; sinusitis.

Pivanozolo *Medestea, Ital.*
Miconazole pivoxil chloride (p.542·2).
Fungal infections; Gram-positive bacterial superinfections.

Pixicam *Hexal, S.Afr.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Pixidin *Sanico, Belg.*
Chlorhexidine hydrochloride (p.1635·3).
Mouth and throat disorders.

Pixor Stick Anti-acne N *Doetsch, Grether, Switz.*
Salicylic acid (p.1612·2); triclosan (p.1665·2).
Acne.

Pixorid *Roemmers-Klinos, Venez.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders; pain.

Pyeloseptyl *Biofarma, Turk.*
Nitrofurantoin (p.308·1).
Urinary-tract infections.

Pizide *Pharmasant, Thai.*
Pimozide (p.1018·1).
Psychoses.

Pizomed *Medifive, Thai.*
Pizotifen malate (p.624·2).
Anorexia; migraine; reduced appetite.

PK Aid *Scientific Hospital Supplies, Austral.; Scientific Hospital Supplies, Irl.; Scientific Hospital Supplies, UK.*
Amino-acid preparation without phenylalanine (p.1922·1).
Phenylketonuria.

PK Max *Scientific Hospital Supplies, Irl.*
Food for special diets (p.1922·1).
Phenylketonuria.

PK-Levo *Merz, Ger.*
Levodopa (p.804·3); benserazide hydrochloride (p.796·3).
Parkinsonism.

PK-Merz *Kolassa, Austria; Grunenthal, Chile†; Merz, Cz.; Merz, Ger.; Pharmacare, Gr.†; Merz, Hong Kong; Merz, Hung.; Megapharm, Israel; Merz, Malaysia; Merz, Mex.; Merz, Philipp.; Merz, Switz.*
Amantadine sulfate (p.793·1).
Coma; drug-induced extrapyramidal disorders; influenza A; parkinsonism; postherpetic neuralgia.

PKU *Nutricia-Bago, Arg.; Support, Braz.†; Vitaflo, Irl.; Vitaflo, UK.*
A range of foods for special diets (p.1922·1).
Phenylketonuria.

PKU 2 and 3 *Milupa, UK.*
Food for special diets (p.1922·1).
Phenylketonuria.

PKU 1 Mix *Milupa, Ital.*
Food for special diets (p.1922·1).
Hyperphenylalaninaemia; phenylketonuria.

Plac Out *Bernabo, Arg.*
Chlorhexidine gluconate (p.1635·3).
Mouth and throat infections; oral hygiene.

Placatus *Noos, Ital.*
Nepinalone hydrochloride (p.1566·1).
Coughs.

Placentex *Mastelli, Ital.*
Polydeoxyribonucleotide (p.2292·3).
Inflammatory and degenerative disorders.

Placentrex
Note. This name is used for preparations of different composition.
David, India.
Injection; topical gel: Placenta extract (human) (p.2337·3).
Postphlebitic ulcer; scars; vitiligo.

David, India.
Topical lotion: Deoxyribonucleic acid (p.2292·3); ribonucleic acid (p.2379·1); tyrosine (p.1971·1).
Vitiligo.

Placidiax *Richmond, Arg.*
Clonazepam (p.478·2).
Epilepsy; panic disorders.

Placidox *Lupin, India.*
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety disorders; skeletal muscle spasm.

Placil *Alphapharm, Austral.*
Clomipramine hydrochloride (p.386·3).
Depression; narcoleptic syndrome; obsessive-compulsive disorder; phobic states.

Placinoral *Robert, Spain.*
Lorazepam pivalate (p.1004·3).
Alcohol withdrawal syndrome; anxiety; insomnia; nausea and vomiting; premedication.

Placis *Chiesi, Spain; Farma-Tek, Turk.*
Cisplatin (p.698·2).
Malignant neoplasms.

Placol *Bennett, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Placor *Rottapharm, Hung.*
Ticlopidine hydrochloride (p.1411·2).
Thromboembolic disorders.

Plactidil *Novartis, Ital.*
Picotamide (p.1371·2).
Thromboembolic disorders.

Plafonyl *Montpellier, Arg.†.*
Chlordiazepoxide dibudinate (p.968·2); desipramine dibudinate (p.387·3).
Anxiety; depression.

Plagex *Teuto, Braz.*
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Plagon *De Mayo, Braz.*
Metoclopramide (p.1747·3); vitamin B (p.1979·1).
Nausea and vomiting.

Plak Out *Altana, Austria; Altana, Ital.; Inibsa, Port.†; KerrHawe, Switz.*
Chlorhexidine gluconate (p.1635·3).
Mouth disorders; oral hygiene.

Plaketar *Biolab Sanus, Braz.*
Ticlopidine hydrochloride (p.1411·2).
Thromboembolism prophylaxis.

Plamet *Libbs, Braz.*
Bromopride (p.1713·3).
Aid in endoscopy; gastrointestinal disorders; nausea and vomiting.

Plamida *Prodotti, Braz.*
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Plamidasil *Delta, Braz.*
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Plamivon *Bunker, Braz.*
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Plamox *Vitarum, Arg.*
Amoxicillin (p.202·2).
Bacterial infections.

Plan *Craveri, Arg.*
Atorvastatin calcium (p.1218·3).
Hypercholesterolaemia.

Plan B *Paladin, Canad.; Duramed, USA.*
Levonorgestrel (p.2121·2).
Progestogen-only postcoital contraceptive.

Planak *Fahrenheit, Indon.*
21 Tablets, levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3); 7 tablets, inert.
Combined oral contraceptive.

Plander *Fresenius Kabi, Ital.*
⊗ Dextran 70 (p.1059·3) in sodium chloride.
Plasma volume expansion.

Plander R *Fresenius Kabi, Ital.*
⊗ Dextran 40 (p.1059·1) in sodium chloride.
Extracorporeal perfusion; plasma volume expansion; thrombosis prophylaxis.

Planibu *Fahrenheit, Indon.*
Medroxyprogesterone acetate (p.2113·1).
Injectable contraceptive.

Planitrix *Bros, Gr.†.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Planizol *Solfran, Mex.*
Metronidazole (p.837·1).
Amoebiasis.

Planocid *Pulitzer, Ital.†.*
Cefradine (p.233·1).
Bacterial infections.

Planor *Effik, Fr.†.*
Norgestrienone (p.2122·3); ethinylestradiol (p.2101·3).
Combined oral contraceptive; endometriosis; mastalgia; menstrual disorders; polycystic ovary syndrome.

Plant Spray *Dolisos, Canad.*
Homoeopathic preparation.

Planta Lax *Hoeveler, Austria.*
Senna leaf and pod (p.1769·2); frangula bark (p.1732·2); blackberry leaf; chamomile flowers (p.2279·3); coriander (p.2288·1); fennel (p.2302·3).
Constipation.

Plantaben *Altana, Arg.; Nycomed, Braz.; Biotoscana, Chile; Altana, Mex.; Madaus, Spain.*
Ispaghula (p.1737·1).
Constipation; diarrhoea; dietary fibre supplement; diverticular disease; hypercholesterolaemia; irritable colon.

Plantacard N *Madaus, Ger.*
Homoeopathic preparation.

Plantacid *Kalbe, Indon.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Bloating; epigastric pain; gastric pain; gastritis; peptic ulcer.

Plantactiv *Hochstetter, Chile†.*
Marine algae.
Obesity.

Plantagen *Gemi, Pol.*
Ribwort plantain (p.2379·1).
Respiratory-tract disorders.

Plantaguar *Madaus, Spain.*
Guar gum (p.442·3).
Diabetes mellitus.

Plantax *Farmion, Braz.†.*
Senna (p.1769·2); ispaghula (p.1737·1).
Constipation.

Planten *Whitehall, Israel†; Wyeth Consumer, Ital.*
Ispaghula (p.1737·1).
Constipation; irritable bowel syndrome.

Plantex *Lek, Rus.*
Fennel (p.2302·3); fennel oil (p.2303·1).
Colic; meteorism.

Plantifort *Hasco-Lek, Pol.*
Echinacea purpurea (p.2298·1); ribwort plantain (p.2379·1).
Upper respiratory-tract infections.

Plantiodine Plus *Blackmores, Austral.†.*
Bladderwrack (p.2384·2); alfalfa (p.2249·2); protibel yeast (p.1998·3); rose fruit (p.2381·2); lecithin (p.2332·2).
Tonic.

Plantival *Farmasa, Mex.*
Valerian (p.2410·1); melissa (p.2339·3).
Insomnia; nervous disorders.

Plantival Mono *Schwabe, Switz.†.*
Valerian (p.2410·1); passion flower (p.2363·2).
Nervous disorders; sleep disorders.

Plantival novo *Schwabe, Ger.*
Valerian (p.2410·1); melissa (p.2339·3).
Agitation; sleep disorders.

Plantivenol *Schwabe, Spain.*
Aesculus (p.2248·2).
Venous insufficiency.

Planturol *Farmasan, Ger.†.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Planum
Note. This name is used for preparations of different composition.
Pharmacia, Ger.
Temazepam (p.1030·1).
Sleep disorders.

Menarini, Ital.
Desogestrel (p.2093·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Plaqacide *Oral-B, Austral.†.*
Chlorhexidine gluconate (p.1635·3).
Oral disorders; prevention of dental plaque.

Plaquenil *Sanofi Synthelabo, Arg.; Sanofi-Aventis, Austral.; Sanofi Synthelabo, Austria; Sanofi-Aventis, Belg.; Sanofi Synthelabo, Canad.; Sanofi-Aventis, Cz.; Sanofi Synthelabo, Denm.; Sanofi Synthelabo, Fin.†; Sanofi-Aventis, Fr.; IFET (ΙΦΕΤ), Gr.; Sanofi Synthelabo, Hong Kong; Sanofi-Aventis, Irl.; Sanofi Winthrop, Israel; Sanofi-Aventis, Ital.; Sanofi-Aventis, Malaysia; Sanofi Synthelabo, Mex.; Sanofi-Aventis, NZ; Sanofi Synthelabo, Neth.; Sanofi Synthelabo, Norw.; Sanofi Synthelabo, Philipp.; Sanofi-Aventis, Rus.; Sanofi-Aventis, Singapore; Sanofi Synthelabo, Swed.; Sanofi Synthelabo, Switz.; Sanofi Synthelabo, Thai.; Sanofi Synthelabo, UK; Sanofi Winthrop, USA†.*
Hydroxychloroquine sulfate (p.604·2).
Juvenile idiopathic arthritis; lupus erythematosus; malaria; photodermatoses; rheumatoid arthritis; Sjögren's syndrome.

Plaquetal *Menarini, Port.*
Ticlopidine hydrochloride (p.1411·2).
Thrombosis prophylaxis.

Plaquetil *Rider, Chile.*
Ticlopidine hydrochloride (p.1411·2).
Thrombosis prophylaxis.

Plaquinol *Sanofi-Aventis, Braz.; Sanofi-Aventis, Chile; BioSaude, Port.; Sanofi-Aventis, Venez.*
Hydroxychloroquine sulfate (p.604·2).
Amoebiasis; lupus erythematosus; malaria; photodermatoses; rheumatoid arthritis.

Plardox *Lafedar, Arg.*
Oxeladin citrate (p.1567·1).
Cough.

Plas-Amino *Otsuka, Jpn.*
Amino-acid and glucose infusion (p.1922·1).
Parenteral nutrition.

Plasbumin *Cristalia, Braz.; Bayer, Canad.; Talecris, Canad.; Bayer, Chile; Bayer Biological, Hong Kong; Dipa, Indon.; Bayer, Israel†; Bayer, Ital.; Bayer, Malaysia†; Bayer, Philipp.; GenAsia, Philipp.; Talecris, Rus.; Bayer, Singapore†; Bayer, Spain; Biem, Turk.; Talecris, USA.*
⊗ Albumin (p.1052·1).
Acute liver failure; adult respiratory distress syndrome; burns; cerebral oedema; haemodialysis; haemolytic disease of the newborn; hepatic failure; hypoalbuminaemia; hypoproteinaemia; hypovolaemia; hypovolaemic shock; neonatal hyperbilirubinaemia; plasma volume expansion; shock.

Plasil
Sanofi-Aventis, Braz.; Kimia, Indon.; Lepetit, Ital.; Aventis, Mex.
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal examination; gastrointestinal motility disorders; nausea and vomiting.

Duncan, Philipp.; Aventis, Thai.
Metoclopramide (p.1747·3).
Gastrointestinal investigations; gastrointestinal motility disorders; nausea and vomiting.

Plasil Enzimatico *Sanofi-Aventis, Braz.; Aventis, Mex.*
Metoclopramide hydrochloride (p.1747·3); dimeticone (p.1770·2); pancreatin (p.2360·1); sodium dehydrocholate (p.2292·2); bromelains (p.2269·1).
Digestive disorders; gastrointestinal, biliary-tract, and pancreatic disorders.

Plasimine *Isdin, Spain.*
Mupirocin (p.302·3).
Bacterial skin infections.

Plaskine Neomicina *Ipsen, Spain.*
Lysine acexamate (p.2245·2); neomycin undecenoate (p.305·2).
Burns; ulcers; wounds.

Plasma du Dr Quinton *Chimicor, Fr.*
Sea water.

Plasmafusin *Fresenius Kabi, Fin.†; Baxter, Ger.†.*
⊗ Hetastarch (p.1065·1) in sodium chloride.
Hypotension; hypovolaemia; plasma volume expansion; shock.

Plasma-Lyte *Baxter, Austral.; Baxter, Cz.; Baxter, Port.; Baxter, Spain; Baxter, UK; Baxter, USA.*
A range of electrolyte infusions with or without glucose (p.1667·1).
Fluid and electrolyte disorders.

Plasma-Lyte IV *Baxter, NZ†.*
A range of electrolyte infusions with or without glucose (p.1667·1).
Fluid and electrolyte disorders.

Plasma-Lyte A *Baxter, Switz.*
An electrolyte infusion (p.1667·1).
Fluid and electrolyte disorders.

Plasma-Lyte Oral *Baxter, NZ.*
Glucose and electrolyte solution (p.1672·2).
Diarrhoea; oral rehydration solution.

Plasmanate *Dipa, Indon.; Bayer, Israel; Bayer, Malaysia†; Bayer, Philipp.; GenAsia, Philipp.; Talecris, USA.*
⊗ Plasma protein fraction (p.1076·2).
Haemorrhage; hypoproteinaemia; plasma volume expansion; shock.

Plasma-Plex *Armour, USA.*
⊗ Plasma protein fraction (p.1076·2).
Hypoproteinaemia; hypovolaemia.

Plasmarine *Pharmadeveloppement, Fr.*
Mineral preparation (p.1922·1).
Tonic.

Plasmasafe *Kedrion, Ital.*
Plasma (p.1075·2).
Haemorrhagic disorders; reversal of oral anticoagulant effects; thrombocytopenic purpura.

Plasmasteril *Fresenius Kabi, Austria; Fresenius Kabi, Ger.†; Fresenius Kabi, Switz.†; Fresenius Kabi, Turk.*
⊗ Hetastarch (p.1065·1) in sodium chloride.
Hypovolaemia; plasma volume expansion; shock.

Plasmax *Ranbaxy, Thai.*
⊗ Polygeline (p.1077·2) with electrolytes.
Extracorporeal circulation; maintenance of fluid volume during surgery; shock.

Plasminex *Sanbe, Indon.*
Tranexamic acid (p.1080·3).
Dental extraction in haemophiliacs; fibrinolytic haemorrhage; hereditary angioedema.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Plasmion *Fresenius Kabi, Fr.*
⊗ Gelatin (p.1072·1) with electrolytes.
Hypotension; shock.

Plasmodex *Meda, Norw.; Meda, Swed.*
⊗ Dextran 60 (p.1059·3) with electrolytes.
Plasma volume expansion.

Plasmoquine *Medchem, S.Afr.*
Chloroquine sulfate (p.599·3).
Lupus; malaria; rheumatoid arthritis.

Plasmotrim *Mepha, Braz.; Mepha, Thai.†.*
Sodium artesunate (p.598·2).
Malaria.

Plast Apyr Fisiologico *Fresenius Kabi, Spain.*
Sodium chloride (p.1686·1).
Fluid and electrolyte disorders.

Plast Apyr Glucosado *Fresenius Kabi, Spain.*
Glucose (p.1945·3).
Carbohydrate source; fluid and electrolyte disorders.

Plast Apyr Glucosalino *Fresenius Kabi, Spain.*
Glucose (p.1945·3); sodium chloride (p.1686·1).
Carbohydrate source; fluid and electrolyte disorders.

Plastenan *Sanofi Synthelabo, Arg.; Eumedica, Belg.; Kerapharm, Fr.†.*
Sodium acexamate (p.2245·2).
Burns; ulcers; wounds.

Plastenan con Neomicina *Sanofi Synthelabo, Arg.*
Sodium acexamate (p.2245·2); neomycin sulfate (p.305·1).
Ulcers.

Plastenan Neomicina *CPH, Port.†; Chooy, Port.†.*
Sodium acexamate (p.2245·2); neomycin sulfate (p.305·1).
Burns; ulcers; wounds.

Plastesol *CPH, Port.†.*
Acexamic acid (p.2245·2).
Burns; wounds.

Plastranit *UCB, Port.*
Glyceryl trinitrate (p.1296·2).
Angina pectoris; heart failure.

Plastubol *PannonPharma, Hung.†.*
Methylmethacrylate-butylacrylate-butylmethacrylate co-polymer (p.2343·3); di-isooctyl phthalate.
Burns; skin disorders; wounds.

Plastufer *Valeant, Ger.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Plastulen *Stada, Ger.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Plastulen N *Stada, Ger.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Iron and folic acid deficiency.

Plastules *Wyeth, India.*
Dried ferrous sulfate (p.1939·3); dried yeast (p.1998·3); folic acid (p.1940·1); vitamin B (p.1980·2); liver extract (p.2337·3).
Anaemias; iron deficiency.

Plasvit *Collins, Mex.*
Vitamin and mineral preparation (p.1922·1).

Platamine
Note. This name is used for preparations of different composition.
Pfizer, Arg.; Pfizer, Gr.; Pharmacia, Ital.; Pfizer, Philipp.
Cisplatin (p.698·2).
Malignant neoplasms.

Pfizer, Braz.
Carboplatin (p.693·1).
Malignant neoplasms.

Platenk *Biotenk, Arg.†.*
Oxaliplatin (p.757·3).
Malignant neoplasms.

Platiblastin-S *Pfizer, Switz.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platicarb *Eurofarma, Braz.†.*
Carboplatin (p.693·1).
Malignant neoplasms.

Platidiam *Pliva, Cz.; Pliva, Hung.; Pliva Lachema, Pol.; Lachema, Rus.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platigren *Sanofi Synthelabo, Cz.†.*
Ticlopidine hydrochloride (p.1411·2).
Stroke prophylaxis; thromboembolism prophylaxis.

Platin
Note. This name is used for preparations of different composition.
Cadila, India.
Cisplatin (p.698·2).
Malignant neoplasms.

Wockhardt, India.
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Platinex *BMS, Ger.; BMS, Ital.; BMS, UK†.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platino II *Filaxis, Arg.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platinol *BMS, Arg.†; BMS, Austria; BMS, Belg.; BMS, Denm.; BMS, Fin.; BMS, Gr.; BMS, Mex.; BMS, NZ; BMS, Norw.; BMS, Philipp.; BMS, Swed.; BMS, Switz.; BMS, Thai.; BMS Oncology, USA†.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platinostyl *Ivax, Arg.*
Oxaliplatin (p.757·3).
Malignant neoplasms.

Platinox *Sandoz, Indon.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platinoxan *Baxter, Philipp.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platinum *Colgate-Palmolive, Ital.*
Sodium monofluorophosphate (p.1964·3).
Dental caries prophylaxis.

Platinum Years *General Nutrition, Canad.*
Multivitamin and mineral preparation (p.1922·1).

Platinwas *Chiesi, Spain; Farma-Tek, Turk.*
Carboplatin (p.693·1).
Malignant neoplasms.

Platiran *BMS, Braz.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platistil *Pfizer, Mex.†; Kenfarma, Spain†.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platistin *Pfizer, Norw.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platistine *Pfizer, Belg.†; Pfizer, Braz.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platium *Rider, Chile.*
Vitamin and mineral preparations (p.1922·1).
Dietary supplement.

Plato *Pharmacare, S.Afr.*
Dipyridamole (p.1268·1).
Platelet function inhibition.

Platof *Sanbe, Indon.*
Pentoxifylline (p.1367·2).
Peripheral vascular disease.

Platosin *Nycomed, Austria; Teva, Belg.; Detsaves (Ντετσαβες), Gr.; Pharmachemie, Indon.; Kyowa, Jpn; Pharmachemie, Malaysia; Pharmachemie, Neth.; Pharmachemie, Philipp.; Pharmachemie, S.Afr.; Pharmachemie, Thai.; Teva, Thai.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platosin-S *Med, Turk.*
Cisplatin (p.698·2).
Malignant neoplasms.

Platox *Mayne, Cz.*
Oxaliplatin (p.757·3).
Colorectal cancer.

Platsul A
Note. This name is used for preparations of different composition.
Chobet, Arg.
Sulfadiazine silver (p.337·2); vitamin A (p.1971·2); lidocaine (p.1862·3).
Burns; infected skin disorders; ulcers; wounds.

Grunenthal, Chile.
Sulfadiazine silver (p.337·2); lidocaine (p.1862·3); vitamin A (p.1971·2); vitamin D (p.1986·1).
Infected burns and wounds.

Plaudit *SoSe, Ital.*
⊗ Flunisolide (p.1531·1).
Asthma; bronchitis; rhinitis.

Plaunac *Guidotti, Ital.*
Olmesartan medoxomil (p.1361·1).
Hypertension.

Plausitin *Carlo Erba OTC, Ital.*
Morclofone (p.1565·1).
Coughs.

Plavix *Sanofi Synthelabo, Arg.; Sanofi-Aventis, Austral.; Sanofi Synthelabo, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Braz.; BMS, Canad.; Sanofi Synthelabo, Canad.; Sanofi-Aventis, Chile; Sanofi Synthelabo, Cz.; Sanofi, Denm.; BMS, Fin.; Sanofi-Aventis, Fin.; BMS, Fr.; Sanofi-Aventis, Fr.; Sanofi Synthelabo, Ger.; Sanofi-Aventis, Gr.; BMS, Hong Kong; Sanofi Synthelabo, Hong Kong; BMS, Hung.; Sanofi-Aventis, Hung.; Sanofi-Aventis, India; Sanofi-Aventis, Indon.; BMS, Irl.; Sanofi-Aventis, Irl.; Sanofi Synthelabo, Israel; Sanofi-Aventis, Ital.; BMS, Malaysia; Sanofi-Aventis, Malaysia; Sanofi Synthelabo, Mex.; Sanofi-Aventis, NZ; BMS, Neth.; Sanofi Synthelabo, Neth.; Sanofi BMS, Norw.; Sanofi Synthelabo, Philipp.; BMS, Pol.; Sanofi-Aventis, Pol.; Sanofi-Aventis, Port.; Sanofi-Aventis, Rus.; Sanofi Synthelabo, S.Afr.; BMS, Singapore; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; BMS, Swed.; Sanofi Synthelabo, Swed.; BMS, Switz.; Sanofi, Switz.; Sanofi Synthelabo, Thai.; Sanofi Synthelabo, Turk.; BMS, UK; Sanofi Synthelabo, UK; BMS, USA; Sanofi-Aventis, Venez.*
Clopidogrel bisulfate (p.1250·2).
Atherosclerosis; myocardial infarction; stroke; thromboembolism prophylaxis; unstable angina.

Plax
Note. This name is used for preparations of different composition.
Pfizer Consumer, Canad.
Sodium benzoate (p.1630·2); sodium laurilsulfate (p.2138·3); sodium salicylate (p.124·2).

Colgate-Palmolive, Ital.†.
Triclosan (p.1665·2); sodium fluoride (p.1962·2).
Dental plaque prevention.

Pfizer Consumer, USA.
Sodium pyrophosphate (p.2390·3); sorbitol (p.1965·1).
Formerly known as Advanced Formula Plax.

Plazeron *Remedica, Hong Kong†.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Plecor *Teuto, Braz.†.*
Cefaclor (p.217·2).
Bacterial infections.

Plegicil *Pharmaxim, Denm.; Sanofi Synthelabo, Turk.*
Acepromazine maleate (p.959·2).
Agitation; anxiety disorders; hiccup; nausea and vomiting.

Pleginer *Farma Lepori, Spain.*
Soya (p.1965·3).
Menopausal disorders.

Plegisol *Abbott, Israel; Abbott, NZ; Hospira, Neth.; Abbott, Turk.; Hospira, USA.*
Electrolytes (p.1667·1).
Cardioplegia in open heart surgery.

Plegomazin *Egis, Cz.*
Chlorpromazine hydrochloride (p.969·2).
Agitation; anxiety; mania; nausea and vomiting; pain; premedication; schizophrenia.

Pleiamide *Sanofi-Aventis, Ital.*
Chlorpropamide (p.438·3); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Plemerid *Essenpharma, Philipp.*
Chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); phenylpropanolamine (p.1569·2); sodium citrate (p.1673·3).
Respiratory-tract disorders.

Plenacor
Note. This name is used for preparations of different composition.
Bago, Arg.; Bago, Braz.
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Armstrong, Mex.
⊗ Atenolol (p.1217·3); nifedipine (p.1350·1).
Angina pectoris; hypertension.

Plenacor D *Bago, Arg.*
⊗ Atenolol (p.1217·3); hydrochlorothiazide (p.1307·3); amiloride hydrochloride (p.1209·2).
Hypertension.

Plenactol *3M, Chile.*
Orphenadrine citrate (p.812·1).
Musculoskeletal pain.

Plenaer *Valeas, Ital.*
⊗ Salbutamol sulfate (p.1131·3); flunisolide (p.1531·1).
Obstructive airways disease.

Plenax *Merck, Braz.†.*
Cefixime (p.224·3).
Bacterial infections.

Plenaxis *Praecis, USA.*
Abarelix (p.2081·3).
Prostatic cancer.

Plendil *AstraZeneca, Arg.; AstraZeneca, Austral.; AstraZeneca, Austria; AstraZeneca, Belg.; AstraZeneca, Canad.; AstraZeneca, Cz.; AstraZeneca, Denm.; AstraZeneca, Fin.; AstraZeneca, Gr.; AstraZeneca, Hong Kong; AstraZeneca, Hung.; AstraZeneca, Indon.; AstraZeneca, Irl.; AstraZeneca, Ital.; AstraZeneca, Malaysia; AstraZeneca, Mex.; AstraZeneca, NZ; AstraZeneca, Neth.; AstraZeneca, Norw.; AstraZeneca, Philipp.; AstraZeneca, Pol.; AstraZeneca, Rus.; AstraZeneca, S.Afr.; AstraZeneca, Singapore; Beta, Spain; AstraZeneca, Swed.; AstraZeneca, Switz.; AstraZeneca, Thai.; AstraZeneca, Turk.; AstraZeneca, UK; Astra, USA; AstraZeneca, Venez.*
Felodipine (p.1285·3).
Angina pectoris; hypertension; ischaemic heart disease.

Plendur *Sandoz, Denm.*
Felodipine (p.1285·3).
Hypertension.

Plenidon *Drugtech, Chile.*
Zaleplon (p.1035·3).
Insomnia.

Plenifem *Schering, Arg.†.*
4 Patches, estradiol (p.2097·2); 4 patches, estradiol; levonorgestrel (p.2121·2).
Menopausal disorders.

Plenigraf
Justesa Imagen, Arg.
Meglumine amidotrizoate (p.1475·3); sodium amidotrizoate (p.1475·3).
Radiographic contrast medium.

Juste, Spain.
Calcium amidotrizoate (p.1477·1); meglumine amidotrizoate (p.1475·3); sodium amidotrizoate (p.1475·3).
Radiographic contrast medium.

Plenish-K *Pharmacare, S.Afr.*
Potassium chloride (p.1684·3).
Potassium deficiencies.

Plenitude Excell A-3 *L'Oreal, Canad.†.*
SPF 8: Octinoxate (p.1608·2).
Sunscreen.

Plenocedan *Makros, Braz.†.*
Dipyrone (p.49·2); papaverine hydrochloride (p.2191·3); homatropine methylbromide (p.1881·3).
Smooth muscle spasm.

Plenolyt *Madaus, Spain.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Plenosol *Madaus, Ger.*
Homoeopathic preparation.

Plenovid *Tecnofarma, Chile.*
⊗ Tibolone (p.2134·1).
Menopausal disorders; osteoporosis.

Plenovit *Dexter, Arg.*
A range of vitamin and mineral preparations with or without ginseng (p.1922·1).

Plenovit Melatonina *Phoenix, Arg.*
Melatonin (p.2338·3); vitamin B (p.1979·1).
Insomnia.

Plentiva *Wyeth, Malaysia†.*
28 Tablets, conjugated oestrogens (p.2087·2); 28 tablets, medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Plentiva Cycle 5 *Wyeth, Malaysia†.*
28 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Plenty *Medley, Braz.*
⊗ Sibutramine hydrochloride (p.2163·2).
Obesity.

Plenum *Duncan, Arg.*
Guaifenesin (p.1561·3).
Coughs.

Plenur *Faes, Spain.*
Lithium carbonate (p.401·3).
Bipolar disorder; depression; neutropenia.

Plenvisol *Diba, Mex.†.*
Vitamin preparation (p.1922·1).

Pleo Vitamin *Inibsa, Spain.*
Multivitamins and minerals (p.1922·1); orotic acid, diethylaminoethanol salt; adenosine phosphate.
Tonic.

Pleocortex B6 *Retrain, Spain†.*
⊗ Suprarenal cortex (p.1543·3); pyridoxine hydrochloride (p.1978·2).
Vomiting.

Pleomix-Alpha *Illa, Ger.†.*
⊗ Thioctic acid (p.2400·2) or trometamol thioctate (p.2400·2).
Diabetic polyneuropathy.

Pleomix-B *Trommsdorff, Ger.*
Thiamine hydrochloride (p.1976·1); pyridoxine hydrochloride (p.1978·2).
Nervous-system disorders.

Pleon *Lacer, Spain.*
Adenine; vitamin B substances; carnitine orotate; fructose diphosphate magnesium; potassium orotate; xanthine (p.1922·1).
Tonic.

Pleon RA *Sanofi Synthelabo, Ger.*
Sulfasalazine (p.1773·2).
Polyarthritis.

Pleosan *Spefar, Venez.†.*
Pyrantel (p.155·2).
Worm infections.

Plepat *Solfran, Mex.*
Vitamin B substances (p.1922·1).
Anaemias.

Plesmet *Link, Irl.; Link, UK†.*
Ferrous glycine sulfate (p.1939·1).
Iron-deficiency anaemia.

Plesonax *Neo Quimica, Braz.*
Bisacodyl (p.1710·1).
Constipation.

Pletaal *Janssen-Cilag, Arg.; Otsuka, Hong Kong; Otsuka, Indon.; Otsuka, Jpn; Otsuka, Malaysia; Otsuka, Philipp.; Otsuka, Thai.*
Cilostazol (p.1245·2).
Intermittent claudication; ischaemic symptoms in arterial occlusion; stroke prophylaxis.

Pletal *Otsuka, UK; Otsuka, USA.*
Cilostazol (p.1245·2).
Intermittent claudication.

Pletil *Pfizer, Braz.*
Tinidazole (p.848·3).
Anaerobic bacterial infections; protozoal infections.

Pletoz *Cipla, India.*
Cilostazol (p.1245·2).
Peripheral vascular disorders.

Pleumolysin *Ivax, Cz.*
Codeine phosphate (p.37·2); thyme (p.2401·1); gypsophila saponin; aconite (p.2246·1); bitter-orange peel (p.2357·1).
Coughs; respiratory-tract inflammation.

Plex B *Delta, Braz.*
Vitamin B substances (p.1975·1).

Plex Ton *Auad, Braz.†.*
Multivitamin and mineral preparation with lysine (p.1922·1).

Plexade *Etifar, Venez.†.*
Vitamin preparation (p.1922·1).

Plexion *Medicis, USA.*
Sulfur (p.1614·1); sulfacetamide sodium (p.335·3).
Acne.

Plexium *Lehning, Fr.*
Selenium (p.1961·1).
Muscular disorders; skin disorders.

Plexol *Sandoz, Arg.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Plexoton B12 *SoSe, Ital.*
Vitamin B substances (p.1922·1).
Anaemias; liver disorders; tonic.

Plexus
Note. This name is used for preparations of different composition.
Recalcine, Chile.
⊗ Betamethasone (p.1518·2); dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Senosiain, Mex.
Ambroxol (p.1550·3); dextromethorphan (p.1555·2).
Cough.

Plexxo *Desitin, Cz.; Desitin, Hung.; Desitin, Neth.†; Desitin, Pol.*
Lamotrigine (p.485·1).
Bipolar disorder; epilepsy.

Pleyar *Casasco, Arg.*
Clopidogrel bisulfate (p.1250·2).
Atherosclerosis.

Pliagel *Alcon, Austral.†; Alcon, S.Afr.*
Poloxamer 407 (p.1918·2) (p.1622·2).
Cleaning solution for contact lenses.

Pliaglis *Zars, USA.*
Lidocaine (p.1862·3); tetracaine (p.1871·2).
Local anaesthesia.

Plidan
Note.This name is used for preparations of different composition.
Roemmers, Arg.
Diazepam (p.986·3).
Anxiety; skeletal muscle spasm; spasticity.

Rhein, Mex.; Roemmers, Venez.
Pargeverine hydrochloride (p.1761·1).
Smooth muscle spasm.

Plidan Compuesto *Rhein, Mex.; Roemmers, Venez.*
Pargeverine hydrochloride (p.1761·1); clonixin lysine (p.37·1).
Smooth muscle pain and spasm.

Plidex *Roemmers, Arg.†.*
Diazepam (p.986·3); isopropamide (p.1736·3).
Anxiety; muscle spasm.

Plidex T *Roemmers, Arg.*
Diazepam (p.986·3); trimebutine (p.2404·3).
Gastrointestinal motility disorders.

Plimage *Pliva, Ital.*
Mesalazine (p.1745·1).
Inflammatory bowel disease.

Plimycol *Pliva, Cz.†.*
Clotrimazole (p.530·1).
Fungal skin infections.

Plinzene *Douglas, NZ.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder; premenstrual dysphoric disorder.

Plissamur *Ardeypharm, Ger.*
Aesculus (p.2248·2).
Venous insufficiency.

Plitican *Sanofi-Aventis, Fr.; Synthelabo, Port.†.*
Alizapride hydrochloride (p.1704·3).
Nausea; vomiting.

Plivamol *Pliva, Spain.*
Chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Cold and influenza symptoms.

Plivit C *Pliva, Rus.†.*
Ascorbic acid (p.1983·3).

Plixym *Pliva Krakow, Pol.*
Cefuroxime sodium (p.238·2).
Bacterial infections.

Plod Jalovce *Leros, Cz.†.*
Juniper (p.2328·2).
Digestive disorders; urinary-tract disorders.

Plofed *Polfa Warszawa, Pol.*
Propofol (p.1791·1).
General anaesthesia.

Plokim *Solara, Mex.*
Amikacin sulfate (p.200·3).
Bacterial infections.

Plokon *Shinyaku, Hong Kong†; Shinyaku, Thai.*
Piprinhydrinate (p.588·2).
Asthma; cold symptoms; hypersensitivity reactions; Ménière's disease; motion sickness; urticaria.

Plomurol *Valma, Chile.*
Lindane (p.2045·3).
Pediculosis.

Plorinoc *Klonal, Arg.*
Loperamide (p.1741·3).
Diarrhoea.

Plostim *Alcon, Arg.*
⊗ Timolol maleate (p.1412·3).
Glaucoma.

Plovacal *Medipharma, Arg.*
Paracetamol (p.108·1).
Fever; pain.

Plumarol *Lacer, Spain.*
Miglitol (p.454·3).
Diabetes mellitus.

Plumger *Fada, Arg.*
Pancuronium bromide (p.1907·3).
Competitive neuromuscular blocker.

Plurair *Libbs, Braz.*
⊗ Fluticasone propionate (p.1533·2).
Allergic rhinitis.

Pluravit *Bayer, NZ.*
A range of multivitamin and mineral preparations (p.1922·1).

Plurexid *UCB, Fr.*
Chlorhexidine gluconate (p.1635·3).
Disinfection of skin and mucous membranes.

Pluribios *Madariaga, Spain.*
Multivitamin preparation with cocarboxylase (p.1922·1).
Eye disorders.

Pluricefo *Northia, Arg.†.*
Cefoxitin sodium (p.230·2).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Pluridoxina *Sidefarma, Port.*
Doxycycline fosfatex (p.267·1).
Bacterial infections.

Plurilac *Alphrema, Ital.*
Acacia; inulin; lactulose; mannitol; dimethicone; fennel; mallow; peppermint (p.1712·3).
Dietary fibre supplement; gastrointestinal disorders.

Plurimen *Viatris, Spain.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Pluromineral *Support, Braz.†.*
Mineral preparation (p.1922·1).

Plurisalina *Grifols, Spain.*
Electrolyte injection (p.1667·1) with sodium lactate (p.1673·3).
Fluid and electrolyte disorders.

Plurisemina *Northia, Arg.*
Gentamicin (p.284·2).
Bacterial infections.

Pluritin *Globo, Braz.†.*
Permethrin (p.2048·2).
Pediculosis.

Pluriverm *Medley, Braz.*
Mebendazole (p.148·3).
Worm infections.

Plurivermil *Ibefar, Braz.†.*
Mebendazole (p.148·3).
Worm infections.

Pluriviron mono *Stegropharm, Ger.†.*
Yohimbine hydrochloride (p.2200·2).
Erectile dysfunction.

Plurivitamin *Support, Braz.†.*
Vitamin preparation (p.1922·1).

30 Plus
Note.This name is used for preparations of different composition.
Ajantha, Malaysia.
Ginseng (p.2312·1); ashwagandha.
Tonic.

Tanning Research, Canad.
SPF 30: Octinoxate (p.1608·2); octisalate (p.1608·2); titanium dioxide (p.1617·3).
Sunscreen.

45 Plus *Tanning Research, Canad.*
SPF 45: Octinoxate (p.1608·2); octisalate (p.1608·2); titanium dioxide (p.1617·3).
Sunscreen.

50 Plus *Quest, Canad.†.*
Multivitamin preparation (p.1922·1).

Plus Kalium retard *Amino, Switz.*
Potassium chloride (p.1684·3).
Hypokalaemia.

Plus & Plus *Wierhom, Arg.*
Copper oleate (p.2039·1); coconut diethanolamides; sodium laurilsulfate (p.2138·3).
Pediculosis.

30 Plus Sunblock *Tanning Research, Canad.†.*
SPF 30: Homosalate (p.1598·1); octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Plus & White *Wierhom, Arg.†.*
Hydrogen peroxide (p.1647·3); phosphoric acid (p.2367·1); methyl salicylate (p.85·3).
Dental whitener.

Plusabcir *Dosa, Arg.*
Abacavir (p.861·3).
HIV infection.

Plusage *Biosintetica, Braz.*
Soap substitute.
Seborrhoea.

Pluscal *Sanitas, Arg.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement; osteoporosis.

Pluscef *Baldacci, Port.*
Cefuroxime axetil (p.238·2).
Bacterial infections.

Pluscloran *Sintesina, Arg.*
Chloramphenicol (p.239·3).
Bacterial infections.

Pluscor *Bayer, Ital.*
⊗ Bisoprolol fumarate (p.1234·1).
Angina pectoris; hypertension.

Plusderm *BMS, Arg.†.*
Zinc undecenoate (p.549·3); sodium propionate (p.545·3); diiodohydroxyquinoline (p.832·1); boric acid (p.2268·1); zinc oxide (p.1621·2).
Eczema; ulcers; wounds.

Plusderm ATB *BMS, Arg.†.*
Rifamycin sodium (p.329·2).
Infected wounds; skin infections.

Pluseptic *Duncan, Arg.*
Ceftazidime (p.234·1).
Bacterial infections.

Plusflex *Braun, Ital.*
Amino-acid, electrolyte, and glucose infusion (p.1922·1).
Parenteral nutrition.

Plusgel
Note.This name is used for preparations of different composition.
Lagos, Arg.
Piroctone olamine (p.1610·1).
Scalp disorders.

Collins, Mex.
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); dimeticone (p.1770·2).
Aerophagia; dyspepsia; gastritis; meteorism; peptic ulcer.

Plusgin
Note.This name is used for preparations of different composition.
Asofarma, Arg.†.
Ciprofloxacin (p.243·3).
Bacterial infections.

Raffo, Chile.
Fluconazole (p.532·1).
Fungal infections.

Plusindol *Randall, Mex.*
Ketorolac trometamol (p.74·2).
Pain.

Plusofen *Reckitt Benckiser, Port.*
Ibuprofen (p.64·2).
Inflammation; musculoskeletal and joint disorders; pain.

Pluspiryna *Polpharma, Pol.*
Aspirin (p.20·3); caffeine (p.1116·3).
Fever; pain.

Plusplatin *Dosa, Arg.*
Oxaliplatin (p.757·3).
Malignant neoplasms.

Plustaxano *Dosa, Arg.*
Docetaxel (p.710·3).
Malignant neoplasms.

Pluston *Ferakon, Gr.*
Calcitonin (p.1093·1).
Osteoporosis.

Plusvent *Almirall, Spain.*
⊗ Salmeterol xinafoate (p.1135·1); fluticasone propionate (p.1533·2).
Asthma.

Plusvit *Ecofarm, Ital.*
Octacosanol; yeasts rich in calcium, magnesium, zinc, and iron (p.1922·1).
Tonic.

Pluvio *Lampugnani, Ital.*
Soya oil (p.1965·3); urtica (p.2409·3); avocado oil; saw palmetto (p.2192·3); vitamins.
Nutritional supplement.

Pluviton *Sam-On, Israel.*
Multivitamin and mineral preparation (p.1922·1).

Pluviton B *Sam-On, Israel.*
Vitamin B substances with lysine (p.1922·1).

PM
Note. A similar name is used for preparations of different composition (see below).
New Vision, Canad.†.
Multivitamin preparation (p.1922·1).

pM
Note. A similar name is used for preparations of different composition (see above).
Chiesi, Fr.
Aluminium chlorohydrate (p.1588·3).
Hyperhidrosis.

9PM *Cipla, India.*
Latanoprost (p.1882·1).
Glaucoma; ocular hypertension.

P-Mega-Tablinen *Winthrop, Ger.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

PMH *Aqualab, Fr.*
Sea water.
Nutritional supplement.

PML Crono
Note.This name is used for preparations of different composition.
Sifi, Canad.†.
Nicotinamide (p.1957·3); vitamin E (p.1992·2).

SIFI, Ital.; SIFI, Singapore†.
Nicotinamide; vitamin E; lutein (p.1922·1).
Nutritional supplement.

PMQ-INGA *Inga, India.*
Primaquine phosphate (p.608·1).
Malaria.

PMS *Homeocan, Canad.*
Homoeopathic preparation.

PMS L21 *Homeocan, Canad.†.*
Homoeopathic preparation.

PMS Support *Vitaplex, Austral.†.*
Vitamins; minerals (p.1922·1); viburnum; buchu (p.2269·3); ginger (p.1732·3); evening primrose oil (p.2302·1).
Muscular cramps; oedema.

PMS-Artificial Tears *Pharmascience, Hong Kong.*
Polyvinyl alcohol (p.2145·3).
Dry eyes.

PMS-Baximycin *Pharmascience, Hong Kong†.*
Bacitracin (p.210·3); polymyxin B sulfate (p.317·3).
Burns; wounds.

PMS-Dopazide *Pharmascience, Canad.*
⊗ Methyldopa (p.1334·1); hydrochlorothiazide (p.1307·3).
Hypertension.

PMS-Enemol *Pharmascience, Hong Kong†.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

PMS-Levazine *Pharmascience, Canad.*
Perphenazine (p.1017·1); amitriptyline hydrochloride (p.376·1).
Depression; psychoses.

PMS-Polytrimethoprim *Pharmascience, Canad.*
Trimethoprim sulfate (p.355·2); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

PMT Complex *Cenovis, Austral.†; Vitelle, Austral.†.*
Vitamins; minerals (p.1922·1); ginger (p.1732·3); viburnum; agnus castus (p.2249·1); cimicifuga (p.2282·1); bladderwrack (p.2384·2).
Premenstrual syndrome.

PMT Formula *Vitalia, UK.*
Evening primrose oil (p.2302·1); vitamins (p.1922·1); minerals; valerian (p.2410·1); passion flower (p.2363·2).
Premenstrual syndrome.

PMT Oral Spray *Brauer, Austral.†.*
Homoeopathic preparation.

Pneucid *Scipharm, S.Afr.*
Sodium citrate (p.1673·3); citric acid monohydrate (p.2284·1).
Buffering agent for increasing gastric pH before anaesthesia.

Pneumo 23 *Sanofi Pasteur, Arg.; Aventis Pasteur, Austria; Sanofi Pasteur, Belg.; Aventis Pasteur, Braz.†; Sanofi Pasteur, Canad.; Sanofi Pasteur, Chile; Sanofi Pasteur, Cz.; Sanofi Pasteur, Fr.; Vianex (Βιανέξ), Gr.; Sanofi Pasteur, Hong Kong; Sanofi Pasteur, Hung.; Sanofi Pasteur, Indon.; Pasteur Merieux, Israel; Sanofi Pasteur, Ital.; Sanofi Pasteur, Malaysia; Aventis, NZ; Sanofi Pasteur, Neth.; Aventis Pasteur, Philipp.; Aventis Pasteur, Pol.; Sanofi Pasteur, Port.; Sanofi Pasteur, Singapore; Sanofi Pasteur, Spain; Sanofi Pasteur, Swed.; Sanofi Pasteur, Thai.; Aventis Pasteur, Turk.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Pneumo Novum *Sanofi Pasteur, Denm.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Pneumodoron 1 *Weleda, Ger.; Weleda, S.Afr.*
Homoeopathic preparation.

Pneumodoron 2 *Weleda, Ger.; Weleda, S.Afr.*
Homoeopathic preparation.

Pneumodoron Nr 1 *Weleda, Austria.*
Homoeopathic preparation.

Pneumodoron Nr 2 *Weleda, Austria.*
Homoeopathic preparation.

Pneumol *Gerolymatos, Gr.*
Carbocisteine (p.1553·2).
Mucolytic.

Pneumol Plus *Gerolymatos, Gr.*
Carbocisteine (p.1553·2); sobrerol (p.1572·3).
Mucolytic.

Pneumopan
Note.This name is used for preparations of different composition.
Gebro, Austria.
Thyme (p.2401·1); equisetum (p.2299·3); ribwort plantain (p.2379·1); sulfogaiacol (p.1573·2).
Coughs.

GSK Sante, Fr.†.
Codeine (p.37·2); chlorphenamine maleate (p.571·3).
Coughs.

Pneumopect *Gebro, Austria.*
Noscapine (p.1566·2); thyme (p.2401·1); viola.
Coughs.

Pneumopur *Chiron Behring, Ger.†; Chiron, Ital.†.*
A pneumococcal vaccine (capsular polysaccharide, 23-valent) (p.2231·2).
Active immunisation.

Pneumorel *Eutherapie, Fr.; Servier, Hong Kong; Stroder, Ital.; Servier, Port.*
Fenspiride hydrochloride (p.1122·1).
Coughs; respiratory-tract disorders.

Pneumotussin *ECR, USA.*
Hydrocodone tartrate (p.63·1); guaifenesin (p.1561·3).
Coughs.

Pneumovax *Sanofi Pasteur, Denm.; Sanofi Pasteur, Fin.; Sanofi Pasteur, Ital.; Sanofi Pasteur, Norw.; Aventis Pasteur, Swed.†.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Pneumovax II *Sanofi Pasteur, Irl.; Aventis Pasteur, UK.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Pneumovax 23 *MSD, Arg.; CSL, Austral.; Aventis Pasteur, Belg.†; MSD, Braz.†; Merck Frosst, Canad.; Sanofi Pasteur, Ger.; Vianex (Βιανέξ), Gr.; MSD, Hong Kong; MSD, Hung.; MSD, Israel; MSD, Malaysia†; MSD, NZ; Sanofi Pasteur, Neth.; MSD, Pol.; Sanofi Pasteur, Port.; MSD, S.Afr.; MSD, Singapore; Sanofi Pasteur, Switz.; MSD, Thai.†; Merck, USA.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Pneumune *Wyeth Lederle, Belg.†.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

PNTWIN No 3 *Ajinomoto, Thai.†.*
Amino-acid, glucose, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Pnu-Imune *Wyeth Lederle, Austria†; Wyeth, Irl.†; Wyeth Lederle, Norw.†; Wyeth Lederle, Port.†; Wyeth Lederle, Swed.†.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Pnu-Imune 23 *Wyeth, Gr.†; Wyeth Lederle, Ital.†; Wyeth, Mex.†; Lederle, Switz.†.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Pnu-Inmune *Wyeth, Spain†.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

PO 12 *Boehringer Ingelheim, Fr.*
Enoxolone (p.50·1).
Skin irritation.

Po Antisseptico *Bunker, Braz.*
Boric acid (p.2268·1); salicylic acid (p.1612·2); benzoic acid (p.1630·2).
Skin disorders.

Po Sum On Medicated Oil *Zen, Israel.*
Peppermint oil (p.1761·2).
Cold symptoms; musculoskeletal, joint, and soft-tissue disorders.

Pobrax *Pharmasant, Thai.†.*
Chlordiazepoxide (p.968·1); clidinium bromide (p.1722·1).
Biliary dyskinesia; dysmenorrhoea; dyspepsia; irritable colon; peptic ulcer; ureteric spasm.

Pocin *Polipharm, Thai.†.*
Erythromycin stearate (p.270·1).
Bacterial infections.

Pocin G *CCM, Malaysia.*
Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); gramicidin (p.286·1).
Bacterial eye infections.

Pocin H *CCM, Malaysia.*
⊗ Hydrocortisone acetate (p.1535·2); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Otitis.

PocketScan *Lifescan, Irl.*
Test for glucose in blood (p.2314·1).

Poconeol *Dolisos, Fr.†; Plantes et Medecines, Fr.*
A range of homoeopathic preparations.

Pocophage *Pharmasant, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Pocyl *Lacer, Spain†.*
Ibuprofen (p.64·2).
Fever; pain.

Podactin
Note. This name is used for preparations of different composition.
Reese, USA.
Cream: Miconazole nitrate (p.541·3).
Reese, USA.
Topical powder: Tolnaftate (p.548·3).

Podakrin *Pharmasant, Thai.*
Miconazole nitrate (p.541·3).
Fungal skin infections.

Podase *Pose, Thai.†.*
Serrapeptase (p.2385·3).
Inflammation; oedema.

Pod-Ben-25 *C & M, USA.*
Podophyllum resin (p.1610·2).
Warts.

Podertonic *Inkeysa, Spain.*
Ferrocholinate (p.1938·2).
Iron-deficiency anaemia.

Podine *Pharmacare, S.Afr.*
Povidone-iodine (p.1659·2).
Burns; mouth and throat disinfection; mouth and throat infections; skin infections; wounds.

Podival *Valmor, Venez.†.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Podoben *Silva, Venez.†.*
Podophyllum resin (p.1610·2); benzoin tincture (p.2394·2).
Keratolytic.

Podocon *Paddock, USA.*
Podophyllum resin (p.1610·2).
Genital warts.

Podofilia *Bustillos, Mex.*
Podophyllum resin (p.1610·2).
Keratosis; verrucas; warts.

Podofilm *Paladin, Canad.; Enterprises Importfab, Hong Kong.*
Podophyllum resin (p.1610·2).
Warts.

Podofilox *Pharmalex (Φαρμαλέξ), Gr.†.*
Podophyllotoxin (p.1610·2).
Anogenital warts.

Podofin *Syosset, USA.*
Podophyllum resin (p.1610·2).
Epitheliomatosis; genital warts; keratoses.

Podomexef *Sankyo, Ger.; Sankyo, Switz.*
Cefpodoxime proxetil (p.232·1).
Bacterial infections.

Podoxin *Cassara, Arg.*
Podophyllotoxin (p.1610·2).
Anogenital warts.

Poen Efrina *Poen, Arg.*
Phenylephrine hydrochloride (p.1568·1).
Production of mydriasis.

Poenbioptal *Poen, Arg.*
Chloramphenicol (p.239·3); neomycin (p.305·1); phenylephrine (p.1568·1).
Bacterial eye infections.

Poenbioptal NF *Poen, Arg.*
Polymyxin B (p.318·2); neomycin (p.305·1); phenylephrine (p.1568·1).
Eye disorders.

Poenbiotico *Poen, Arg.†.*
Ampicillin sodium (p.204·1).
Bacterial eye infections.

Poencaina *Poen, Arg.; Roemmers Poen, Venez.*
Proxymetacaine (p.1870·2).
Local anaesthesia.

Poenfenicol *Poen, Arg.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Poenflox *Poen, Chile; Roemmers Poen, Venez.*
Ofloxacin (p.310·2).
Bacterial eye infections.

Poenglaucol *Poen, Arg.*
⊗ Carteolol hydrochloride (p.1241·1).
Glaucoma; ocular hypertension.

Poenglausil *Poen, Arg.†.*
⊗ Dorzolamide (p.1880·3).
Glaucoma.

Poenkerat *Poen, Arg.; Poen, Chile; Roemmers Poen, Venez.*
Ketorolac trometamol (p.74·2).
Cystoid macular oedema; eye inflammation; prevention of intra-operative miosis; uveitis.

Poentimol *Poen, Arg.*
⊗ Timolol maleate (p.1412·3).
Glaucoma; ocular hypertension.

Poentobral *Roemmers Poen, Venez.*
Tobramycin (p.354·1).
Bacterial eye infections.

Poentobral Plus *Poen, Chile; Roemmers Poen, Venez.*
⊗ Dexamethasone (p.1526·1); tobramycin (p.354·1).
Bacterial eye infections with inflammation.

Pofol *Dong Kook, Singapore†; Dong Kook, Thai.; Ilsan, Turk.*
Propofol (p.1791·1).
General anaesthesia; sedative.

Pogetol *Pharmasant, Thai.*
Chlorpromazine (p.969·1).
Nausea and vomiting; psychoses.

PO-HO bleu *Hanseler, Switz.*
Camphor oil (p.2273·3); eucalyptus oil (p.2301·2); peppermint oil (p.1761·2); turpentine oil (p.2406·3).
Headache; respiratory-tract disorders.

Poikicholan *Lomapharm, Ger.†.*
Milk thistle (p.1452·1).
Liver disorders.

Poikilocard Mono *Lomapharm, Ger.†.*
Crataegus (p.2289·1).
Cardiac disorders.

Poikiven T *Lomapharm, Ger.*
Homoeopathic preparation.

Point *Trima, Israel.*
Naproxen sodium (p.92·3).
Musculoskeletal, joint, and soft-tissue disorders; pain.

Point-Two *Colgate Oral, USA.*
Sodium fluoride (p.1962·2).
Dental caries prophylaxis.

Poison Antidote Kit *Bowman, USA.*
Combination pack: Syrup, ipecacuanha (p.1562·3); suspension, charcoal (p.1435·2).
Emergency treatment of poisoning.

Poison Ivy/Oak *Hylands, Canad.*
Homoeopathic preparation.

Polacel *Medikon, Indon.*
⊗ Betamethasone (p.1518·2); dexchlorpheniramine maleate (p.572·1).
Allergic disorders.

Polagen *Decomed, Port.†.*
Grass pollen extract (p.2250·2).
Allergen immunotherapy.

Polamec *Mecosin, Indon.*
Dexchlorpheniramine maleate (p.572·1).
Allergic disorders.

Polamin *Teuto, Braz.†.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Polamine
Note. This name is used for preparations of different composition.
Strand, Malaysia†.
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.
Pharmasant, Thai.
Brompheniramine maleate (p.569·2); pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion; rhinorrhoea.

Polantac *Polinac, Venez.*
Magnesium trisilicate (p.1744·1); magnesium oxide (p.1744·1); monobasic sodium phosphate (p.1682·3); carmellose sodium (p.2142·1); bismuth subcarbonate (p.1711·1).
Gastritis; oesophagitis; peptic ulcer.

Polar Ice *Scott, Canad.*
Menthol (p.2340·1).
Musculoskeletal and joint pain.

Polaramex *Schering-Plough, Venez.*
Dexchlorpheniramine maleate (p.572·1); pseudoephedrine sulfate (p.1571·2).
Allergic respiratory-tract disorders.

Polaramin *Aesca, Austria; Schering-Plough, Denm.; Schering-Plough, Ital.; Schering-Plough, Norw.; Schering-Plough, Swed.*
Dexchlorpheniramine maleate (p.572·1).
Allergic rhinitis; hypersensitivity reactions; insect bites; pruritus; sunburn; urticaria.

Polaramin Espettorante *Schering-Plough, Ital.*
Dexchlorpheniramine maleate (p.572·1); guaifenesin (p.1561·3); pseudoephedrine sulfate (p.1571·2).
Colds; coughs.

Polaramine *Schering-Plough, Austral.; Schering-Plough, Belg.†; Mantecorp, Braz.; Schering-Plough, Fr.; Schering-Plough, Gr.†; Schering-Plough, Hong Kong; Schering-Plough, Indon.; Schering-Plough, Malaysia; Schering-Plough, Mex.†; Schering-Plough, NZ; Schering-Plough, Neth.; Schering-Plough, S.Afr.†; Schering-Plough, Singapore; Schering-Plough, Spain; Essex, Switz.*
Dexchlorpheniramine maleate (p.572·1).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders; eczema; insect bites; pruritus; urticaria.

Polaramine Expec *Schering-Plough, Mex.†.*
Dexchlorpheniramine maleate (p.572·1); guaifenesin (p.1561·3); pseudoephedrine sulfate (p.1571·2).
Coughs; rhinitis.

Polaramine Expectorant *Schering-Plough, Belg.†; Schering-Plough, Hong Kong; Schering-Plough, Indon.; Schering-Plough, Malaysia†; Schering-Plough, Singapore; Schering, USA.*
Dexchlorpheniramine maleate (p.572·1); guaifenesin (p.1561·3); pseudoephedrine sulfate (p.1571·2).
Asthma; cold symptoms; cough; hay fever; respiratory hypersensitivity reactions; rhinitis.

Polaramine Expectorante *Mantecorp, Braz.; Schering-Plough, Spain.*
Dexchlorpheniramine maleate (p.572·1); guaifenesin (p.1561·3); pseudoephedrine sulfate (p.1571·2).
Upper-respiratory-tract disorders.

Polaramine Reformulado *Schering-Plough, Venez.*
Loratadine (p.583·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders.

Polaramine Topico *Schering-Plough, Spain.*
Allantoin (p.1588·1); dexchlorpheniramine maleate (p.572·1).
Cutaneous hypersensitivity reactions.

Polaratyne *Schering-Plough, S.Afr.†.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Polaratyne D *Schering-Plough, S.Afr.†.*
Loratadine (p.583·3); pseudoephedrine sulfate (p.1571·2).
Upper respiratory-tract congestion.

Polaren *Cifarma, Braz.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Polarist *Bernofarm, Indon.*
Dexchlorpheniramine maleate (p.572·1).
Allergic disorders.

Polaronil *Essex, Ger.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Polaryn *Teuto, Braz.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Polase *Wyeth Lederle, Ital.; Home, Port.*
Potassium aspartate (p.1684·2); magnesium aspartate (p.1679·1).
Potassium and magnesium deficiency.

Polase Sport *Wyeth Consumer, Ital.*
Potassium; magnesium; vitamins (p.1922·1).
Nutritional supplement.

Polcortolon
Jelfa, Pol.; Polfa Pabianice, Pol.
⊗ Triamcinolone (p.1544·2) or triamcinolone acetonide (p.1544·3).
Corticosteroid.
Jelfa, Rus.
Ointment: ⊗ Triamcinolone acetonide (p.1544·3).
Skin disorders.
Pabianice, Rus.
Tablets: ⊗ Triamcinolone (p.1544·2).
Corticosteroid.

Polcortolon TC *Medphano, Ger.; Tarchomin, Hung.; Polfa Tarchomin, Pol.; Tarchomin, Rus.*
⊗ Triamcinolone acetonide (p.1544·3); tetracycline hydrochloride (p.347·2).
Infected skin disorders.

Polcortolone *Pabianice, Hung.*
⊗ Triamcinolone (p.1544·2).
Corticosteroid.

Polcotec *Best, Mex.*
Metoclopramide hydrochloride (p.1747·3).
Acid aspiration; aid in gastrointestinal examination; gastrointestinal motility disorders; nausea and vomiting.

Polcrom *Polfa Warszawa, Pol.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis; allergic rhinitis.

Poldan *Sanbe, Indon.*
Paracetamol (p.108·1); aspirin (p.20·3); caffeine (p.1116·3).
Pain.

Poldanen *Herbapol Poznan, Pol.*
Pygeum africanum (p.2192·3).
Benign prostatic hyperplasia.

Poledin *Pfizer, Spain†.*
Sodium cromoglicate (p.1136·3).
Eye disorders.

Polenat *Natufarma, Arg.*
Pollen (p.2370·2).
Dietary supplement.

Polendiamina *Fada, Arg.†.*
⊗ Diphenhydramine (p.577·1); ephedrine (p.1558·1); guaifenesin (p.1561·3).
Coughs.

Polery
Note. This name is used for preparations of different composition.
Pierre Fabre Sante, Fr.
Paediatric syrup: Pholcodine (p.1570·2); erysimin.
Coughs.
Pierre Fabre Sante, Fr.
Syrup: Codeine (p.37·2); erysimin.
Coughs.

Polet *Wermar, Mex.*
Naproxen (p.92·3); paracetamol (p.108·1).
Fever; pain.

Polfenon *Polpharma, Pol.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Polfilin *Polpharma, Pol.*
Pentoxifylline (p.1367·2).
Cerebral and peripheral vascular disorders; Ménière's disease; vascular ear and eye disorders.

Polfungicid *ICN, Pol.*
Chlormidazole hydrochloride (p.529·1); salicylic acid (p.1612·2).
Skin and nail infections.

Polhumin Mix-3 *Polfa Tarchomin, Pol.*
⊗ A mixture of insulin injection (human) 30% and isophane insulin (human) 70% (p.443·2).
Diabetes mellitus.

Polhumin N *Polfa Tarchomin, Pol.*
⊗ Isophane insulin (human) (p.443·2).
Diabetes mellitus.

Polhumin R *Polfa Tarchomin, Pol.*
⊗ Neutral insulin injection (human) (p.443·2).
Diabetes mellitus.

Poli ABE *Lesvi, Spain.*
Pyridoxine hydrochloride; vitamin A palmitate; tocoferil acetate (p.1922·1).
Formerly contained pyridoxine hydrochloride, placenta extract, vitamin A palmitate, and tocoferil acetate.
Vitamin A and E deficiency.

Poli B Fuerte *Lamsa, Arg.*
Vitamin B substances (p.1922·1).

Poliacel *Sanofi Pasteur, Arg.†; Aventis Pasteur, Austral.; Aventis Pasteur, Braz.†; Aventis Pasteur, Turk.*
A diphtheria, tetanus, pertussis, poliomyelitis, and haemophilus influenzae vaccine (p.2212·1).
Active immunisation.

Poliacel-Act-Hib *Pasteur Merieux, Israel.*
A diphtheria, tetanus, acellular pertussis, poliomyelitis, and haemophilus influenzae vaccine (p.2212·1).
Active immunisation.

Polial *Ultrapharm, UK.*
Gluten- and lactose-free food for special diets (p.1922·1).
Gluten sensitivity.

Poliamin *Behrens, Venez.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Polibac *Hebron, Braz.†.*
Amoxicillin (p.202·2).
Bacterial infections.

Polibar *Infarmed, Belg.; E-Z-EM, Cz.; E-Z-EM, Neth.; E-Z-EM, Port.; E-Z-EM, UK.*
Barium sulfate (p.1477·2).
Contrast medium for gastrointestinal radiography.

Polibar ACB *E-Z-EM, Hung.; E-Z-EM, Israel; Bracco, Switz.*
Barium sulfate (p.1477·2).
Contrast medium for gastrointestinal radiography.

Polibar Rapid *E-Z-EM, Hung.; E-Z-EM, UK.*
Barium sulfate (p.1477·2).
Contrast medium for gastrointestinal radiography.

Polibatrin *Ivax, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Poliben *Auad, Braz.†.*
Mebendazole (p.148·3); tiabendazole (p.156·2).
Worm infections.

Polibeta B12 *Ceccarelli, Ital.*
Vitamin B substances (p.1922·1).
Vitamin B deficiency.

Polibimbi *Carlo Erba OTC, Ital.†.*
Electrolytes (p.1667·1).
Nasal irrigation.

Polibiotic *Ecobi, Ital.†.*
Bacampicillin hydrochloride (p.210·2).
Bacterial infections.

Polibroxol *Polipharm, Thai.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with increased or viscous mucus.

Polibutin *Juste, Spain.*
Trimebutine (p.2404·3) or trimebutine maleate (p.2404·3).
Gastrointestinal spasm; nausea and vomiting.

Policano *Rafarm, Gr.*
Isotretinoin (p.1599·2).
Acne.

Poli-Cifloxin *Polipharm, Thai.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Policitra *Flupal, Venez.*
Sodium citrate (p.1673·3); potassium citrate (p.1673·2); citric acid (p.2284·2).
Urinary alkalinisation.

Policlavumoxil *EMS, Braz.*
Amoxicillin (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Policol *Polipharm, Thai.*
Pseudoephedrine hydrochloride (p.1571·2); triprolidine hydrochloride (p.592·3).
Allergic rhinitis; cold symptoms; hay fever.

Policold *Polipharm, Thai.*
Pseudoephedrine hydrochloride (p.1571·2); triprolidine hydrochloride (p.592·3).
Cold symptoms; hay fever; hypersensitivity reactions; nasal congestion.

Policolinosil *Nupel, Spain.*
Amino acids (p.1922·1); liver extract (p.2337·3); pangamic acid (p.2362·1); ribonucleic acid (p.2379·1); thioctic acid (p.2400·2); inositol (p.2325·2); vitamin B substances (p.1922·1).
Liver disorders; tonic.

Policor
Note. This name is used for preparations of different composition.
Gador, Arg.
Cilostazol (p.1245·2).
Peripheral vascular disorders.

Herron, Austral.
Policosanol (p.1373·3).
Hypercholesterolaemia.

Poli-Cycline *Polipharm, Thai.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Polidan *Polydan, Rus.*
Sodium nucleospermate.
Leucopenia; thrombocytopenia.

Polidazol *Balldarassi, Braz.†.*
Mebendazole (p.148·3).
Worm infections.

Polideltaxin NF *Pharmacos, Mex.*
⊗ Dexamethasone (p.1526·1); neomycin (p.305·1).
Infected eye disorders.

Polidemisin *Sanbe, Indon.*
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected eye disorders.

Poliderms *Uniao Quimica, Braz.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Polienzim *Sanitas, Arg.*
Lipase (p.2360·3); protease; cellulase (p.2279·1); amylase (p.2256·3); simeticone (p.1770·2).
Digestive disorders; flatulence.

Poli-Fibrozil *Polipharm, Thai.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Polifix *Polinac, Venez.†.*
Sterculia (p.1772·1); borax (p.2268·1).
Denture adhesive.

Polifluidil *Balverda, Ital.†.*
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

Poli-Flunarin *Polipharm, Thai.*
Flunarizine (p.580·3).
Cerebral and peripheral vascular disorders; irritability; memory impairment; migraine; sleep disorders.

Poli-Formin *Polipharm, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Polifrisin *Sanbe, Indon.*
Polymyxin B (p.318·2); neomycin (p.305·1); phenylephrine hydrochloride (p.1568·1).
Bacterial eye infections.

Polifur *Organifar, Venez.†.*
Nitrofurazone (p.309·1).
Bacterial infections.

Poliginax *Solvay, Braz.*
Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); nystatin (p.543·2); tinidazole (p.848·3).
Vulvovaginal infections.

Poligot *Polipharm, Thai.†.*
Dihydroergotamine mesilate (p.618·2).
Hypotension; migraine and other vascular headache.

Poligot-CF *Polipharm, Thai.*
Ergotamine tartrate (p.620·1); caffeine (p.1116·3).
Migraine and other vascular headaches.

Poligram *Puebla, Arg.*
Polysaccharides from *Pseudomonas aeruginosa*.
Immunostimulant.

Polijodurato *Farmigea, Ital.*
Sodium iodide (p.2169·2); potassium iodide (p.2169·2); rubidium iodide (p.2382·2); calcium chloride (p.1675·2).
Cataracts.

Polik
Note. This name is used for preparations of different composition.
Meiji, Indon.
Haloprogin; enoxolone (p.50·1).
Fungal skin infections.

Leti, Venez.
Clotrimazole (p.530·1).
Fungal infections.

Polikos *Landson, Indon.*
Policosanol (p.1373·3).
Hypercholesterolaemia; intermittent claudication; platelet aggregation.

Polilevo *Monsanto, Ital.†.*
Arginine hydrochloride (p.1928·2); ornithine hydrochloride (p.1959·2); citrulline (p.1935·1).
Liver disorders.

Polilevo N *Taurus, Ger.†.*
Arginine hydrochloride (p.1928·2); ornithine hydrochloride (p.1959·2); citrulline (p.1935·1).
Liver disorders.

Polimerosa *Nutricia-Bago, Arg.*
Carbohydrate supplement (p.1922·1).
Nutritional supplement.

Polimisin *Kocak, Turk.*
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial eye and skin infections.

Polimod *Pharmanel, Gr.; Pharmacia, Ital.*
Pidotimod (p.2367·3).
Immunostimulant.

Polimoxil *Legrand, Braz.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Polimucil
Note. This name is used for preparations of different composition.
Byk, Arg.†; Pharmanel, Gr.
Carbocisteine (p.1553·2); sobrerol (p.1572·3).
Respiratory-tract disorders with excess mucus.

Chefaro, Ital.
Carbocisteine (p.1553·2).
Respiratory-tract disorders.

Polinazolo *Rottapharm, Ital.*
Econazole nitrate (p.531·1).
Fungal balanitis; vulvovaginal candidiasis.

Polinorm *AstraZeneca, Austria.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3); hydralazine hydrochloride (p.1305·3).
Hypertension.

Polio Sabin *GSK, Israel; GSK, Ital.†; GSK, Mex.; GSK, Philipp.; GSK, Pol.; GSK, Thai.; GSK, Turk.*
An oral poliomyelitis vaccine (p.2232·1).
Active immunisation.

Poliodine *Gifrer Barbezat, Fr.*
Povidone-iodine (p.1659·2).
Wound and skin disinfection.

polio-elan *Feldhoff, Ger.*
Pumilio pine oil (p.2376·3); rosemary oil (p.2381·3).
Bronchitis; musculoskeletal and joint disorders.

Polioftal *Valeant, Arg.*
⊗ Tobramycin (p.354·1); dexamethasone sodium phosphate (p.1526·2).
Infected eye disorders.

PolioHib *SBL, Swed.†.*
A poliomyelitis and haemophilus influenzae vaccine (p.2214·1).
Active immunisation.

poliomyelan *Feldhoff, Ger.†.*
⊗ Bovine testicular extract (p.2129·3); bovine placental extract (p.2337·3).
Musculoskeletal and joint disorders.

Polioral *Sclavo, Israel; Chiron Vaccines, Ital.†; Chiron Behring, Malaysia†; Ivax, Mex.; Chiron Vaccines, Philipp.; Biovac, S.Afr.; Chiron, Thai.*
An oral poliomyelitis vaccine (p.2232·1).
Active immunisation.

Poliorix *IFET (ΙΦΕΤ), Gr.; GSK, Philipp.; GSK, Switz.; GSK, Turk.*
An inactivated poliomyelitis vaccine (p.2232·1).
Active immunisation.

Poli-Otico *Roemmers Osmoph, Venez.*
⊗ Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); dexamethasone sodium phosphate (p.1526·2).
Infected ear disorders.

Poliovax-IN *Chiron Vaccines, Ital.*
An inactivated poliomyelitis vaccine (p.2232·1).
Active immunisation.

Polipectol *Fapromed, Arg.†.*
Mepyramine maleate (p.585·2); sulfogaiacol (p.1573·2); caffeine (p.1116·3); ammonium acetate (p.1551·2); tolu balsam (p.1574·2).
Respiratory-tract disorders.

Polipirox *Mayne, Ital.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Poliplex *Mead Johnson, Braz.*
Multivitamin and mineral preparation (p.1922·1).

Polipred *Allergan, Braz.*
⊗ Prednisolone acetate (p.1541·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected eye disorders.

Poli-Relaxane *Polipharm, Thai.*
Orphenadrine citrate (p.812·1); paracetamol (p.108·1).
Musculoskeletal pain; tension headache.

Polireumin *TRB, Braz.*
Sodium hyaluronate (p.2320·1).
Osteoarthritis.

Poliroxin *Polipharm, Thai.*
Roxithromycin (p.331·1).
Bacterial infections.

Polirreumin *TRB, Arg.*
Hydroxychloroquine sulfate (p.604·2).
Lupus erythematosus; malaria; rheumatoid arthritis.

Polisan *Milana, Ital.*
Benzalkonium chloride (p.1629·1).
Surface disinfection.

Polised *Chefaro, Ital.*
Sulfogaiacol (p.1573·2); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Poliseng *Teuto, Braz.*
Amino acids; mineral; vitamins; ginseng (p.2312·1) (p.1922·1).
Tonic.

Polisep *Drag, Chile†.*
Menthol (p.2340·1); thymol (p.1664·3); salol (p.122·1).
Mouth and throat disorders.

Polisilon *Upsa, Ital.†.*
Aluminium hydroxide (p.1706·2); dimeticone (p.1770·2).
Aerophagia; gastrointestinal disorders associated with hyperacidity.

Polisulfade *Sanobia, Port.*
Polymyxin B sulfate (p.317·3); bacitracin zinc (p.210·3).
Skin infections.

Politifen *Polipharm, Thai.*
Ketotifen fumarate (p.582·2).
Asthma; bronchitis; hypersensitivity reactions.

Politosse *Pharmacia, Ital.*
Levocloperastine fendizoate (p.1554·3).
Coughs.

Poli-Uretic *Polipharm, Thai.*
⊗ Amiloride hydrochloride (p.1209·2); hydrochlorothiazide (p.1307·3).
Hepatic cirrhosis; hypertension; oedema.

Polivit *Abdi Ibrahim, Indon.; Abdi, Turk.*
Vitamin preparation (p.1922·1).
Nutritional supplement.

Polivit C *Abdi, Turk.*
Vitamin B substances; vitamin C (p.1922·1).

Polivitam *Lafit, Braz.†.*
Cyproheptadine hydrochloride (p.575·1); vitamin B substances; ascorbic acid (p.1922·1).

Polivitaminas *Valmor, Venez.†.*
Vitamin preparation (p.1922·1).

Polivitaminico *CPH, Port.†.*
Multivitamin preparation (p.1922·1).

Polivitaplex con Minerales *Gache, Venez.*
Vitamin and mineral preparation (p.1922·1).

Polivitaplex Simple *Gache, Venez.*
Vitamin preparation (p.1922·1).

Poliwit *Fisiopharma, Ital.*
Multivitamin and mineral preparation (p.1922·1).

Polixan *Polipharm, Thai.*
Carisoprodol (p.1894·1); paracetamol (p.108·1).
Muscle pain and spasm.

Polixil B *Haller, Braz.†.*
Polymyxin B sulfate (p.317·3).
Bacterial infections.

Polixin
Note. This name is used for preparations of different composition.
Sophia, Mex.
Eye drops: Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); gramicidin (p.286·1).
Bacterial eye infections.

Sophia, Mex.
Eye ointment: Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); bacitracin (p.210·3).
Bacterial eye infections.

Polizep *Polipharm, Thai.*
Dipotassium clorazepate (p.980·1).
Anxiety; insomnia.

Polizine *Polipharm, Thai.†.*
Hydroxyzine hydrochloride (p.581·2).
Hypersensitivity reactions.

Pollen Royal *Ido, Fr.†.*
Pollen (p.2370·2); propolis (p.2373·3); royal jelly (p.2382·1).
Nutritional supplement.

Pollenase Allergy *Peach, UK.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis.

Pollenase Antihistamine *Peach, UK.*
Chlorphenamine (p.572·2).
Hypersensitivity reactions.

Pollenase Nasal *Peach, UK.*
⊗ Beclometasone dipropionate (p.1516·2).
Formerly known as Pollenase Hayfever.
Hypersensitivity reactions.

Pollenna *Nelson, UK.*
Homoeopathic preparation.

Pollenshield *Actavis, UK.*
Cetirizine hydrochloride (p.570·3).
Rhinitis; urticaria.

Pollentyme *Pharma Dynamics, S.Afr.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Pollergon *Motima, Fr.*
Pollen (p.2370·2).
Nutritional supplement.

Pollinex *Stallergenes, Belg.†; Allergy Therapeutics, Cz.; Artu, Neth.; Allergy Therapeutics, Pol.; Allergy Therapeutics, UK.*
Grass pollen extracts (p.2370·2)(p.2250·2).
Allergen immunotherapy; diagnosis of allergy.

Pollinex Quattro *Bencard, Ger.*
Pollen extracts (p.2370·2)(p.2250·2).
Allergen immunotherapy.

Pollinex-R *AllerPharma, Canad.*
Aqueous extract of short ragweed pollen (p.2370·2)(p.2250·2).
Allergen immunotherapy of ragweed pollen.

Pollingel *Bracco, Ital.*
Pollen (p.2370·2); royal jelly (p.2382·1).
Nutritional supplement.

Pollingel con Ginkgo Biloba *Bracco, Ital.†.*
Pollen (p.2370·2); ginkgo biloba (p.2311·1).
Nutritional supplement.

Pollingel Ginseng *Bracco, Ital.†.*
Pollen (p.2370·2); ginseng (p.2312·1); honey (p.1948·2).
Nutritional supplement.

Pollinil *Dolisos, Canad.*
Homoeopathic preparation.

Pollinosan *Bioforce, Ger.; Bioforce, Switz.*
Homoeopathic preparation.

Pollinose S *Alsitan, Ger.†.*
Pollen (p.2370·2) (p.2250·2).
Allergen immunotherapy.

Pollivita *Permamed, Switz.*
Butterbur (p.2271·1).
Allergic rhinitis.

Pollstimol *Strathmann, Ger.; Strathmann, Hung.*
Grass pollen extracts (p.2370·2).
Benign prostatic hyperplasia; prostatic disorders; urethritis.

Pollyferm *Nordic, Swed.*
Sodium cromoglicate (p.1136·3).
Allergic rhinitis.

Polmesilat *Polon, Pol.*
Pridinol mesilate (p.1898·1).
Skeletal muscle spasm; spasticity.

Polmofen *Yeni, Turk.*
Paracetamol (p.108·1).
Fever; pain.

Polmonin *Farmanic, Gr.*
Tolfenamic acid (p.130·1).
Inflammation; musculoskeletal and joint disorders; pain.

Polocaine *AstraZeneca, Canad.†; AstraZeneca, USA.*
⊗ Mepivacaine hydrochloride (p.1866·3).
Corbadrine (p.2287·3) or corbadrine hydrochloride (p.2287·3) is included in some injections as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Polocard *Polpharma, Pol.*
Aspirin (p.20·3).
Thromboembolism prophylaxis.

Polodina-R *Polon, Pol.*
Povidone-iodine (p.1659·2).
Disinfection of skin and wounds; skin and mucous membrane infections.

Polofar *Ifars, Indon.*
Dexchlorpheniramine maleate (p.572·1).
Allergic disorders.

Polol *Geolab, Braz.*
⊗ Propranolol (p.1381·1).
Angina pectoris; arrhythmias; hypertension; myocardial infarction; pain; phaeochromocytoma; subaortic hypertrophic stenosis; tremor.

Polol-H *Geolab, Braz.*
⊗ Propranolol hydrochloride (p.1380·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Polomigran *Polon, Pol.*
Pizotifen malate (p.624·2).
Migraine.

Polonit *Drovepat, Venez.†.*
Loperamide (p.1741·3).
Diarrhoea.

Polopiryna *Polpharma, Pol.*
Aspirin (p.20·3).
Fever; pain.

Polopiryna C *Polpharma, Pol.*
Aspirin (p.20·3); ascorbic acid (p.1983·3).
Fever; pain.

Polopiryna S *Polpharma, Pol.*
Aspirin (p.20·3).
Calcium carbonate (p.1714·1) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Fever; pain; thromboembolism prophylaxis.

Poloren *Loren, Mex.†.*
Dipyrone (p.49·2).
Fever; inflammation; pain.

Poloxane *Armoxindo, Indon.*
Aluminium hydroxide (p.1706·2); simeticone (p.1770·2).
Flatulence; gastralgia; gastric hyperacidity; gastritis; gastro-oesophageal reflux; heartburn; hiatus hernia; meteorism; pyrosis.

Polper B12 *Casasco, Arg.*
Amino acids; vitamin B (p.1922·1).
Dietary supplement.

Polper Calcio-Magnesio *Casasco, Arg.*
Vitamin B substances; vitamin C; calcium carbonate (p.1922·1).
Tonic.

Polper Ginseng *Casasco, Arg.*
Amino acids; cyanocobalamin; ginseng (p.1922·1).
Tonic.

Polper Vascular *Casasco, Arg.*
Dihydroergotamine mesilate (p.618·2); amino acids; vitamin B (p.1922·1).
Cerebrovascular disorders.

Polprazol *Polpharma, Pol.*
Omeprazole (p.1753·1).
Dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Polpressin *Polpharma, Pol.†*
Prazosin hydrochloride (p.1375·2).
Heart failure; hypertension; Raynaud's syndrome.

Polsen *Polfa Pabianice, Pol.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Polseptol *GSK, Pol.*
Povidone-iodine (p.1659·2).
Skin and vaginal infections; ulcers; wounds.

Polstigminum *Pliva Krakow, Pol.*
Neostigmine metilsulfate (p.631·3).
Myasthenia gravis; postoperative ileus; postoperative urinary retention; reversal of competitive neuromuscular blockade.

Poltax *Geolab, Braz.*
Diclofenac (p.44·2), diclofenac diethylamine (p.44·3), or diclofenac potassium (p.44·3).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Poltaxel *Polfa Tarchomin, Pol.*
Paclitaxel (p.759·1).
Breast cancer; non small-cell lung cancer; ovarian cancer.

Poltram *Polpharma, Pol.*
Tramadol hydrochloride (p.130·3).
Pain.

Poludan *Veropharm, Rus.*
Potassium polyriboadenylate-potassium polyribouridylate (p.2370·2).
Viral eye diseases.

Polvac *Teomed, Switz.*
Pollen allergen extracts (p.2370·2) (p.2250·2).
Allergen immunotherapy.

Polvertic *Medana, Cz.*
Betahistine hydrochloride (p.2265·1).
Ménière's disease.

Polviderm NF *Bajer, Arg.*
Zinc oxide (p.1621·2); benzalkonium chloride (p.1629·1); phenoxyethanol (p.1657·1).
Skin disorders.

Polvilho Antisseptico *Granado, Braz.†*
Salicylic acid (p.1612·2); sulfur (p.1614·1); boric acid (p.2268·1); zinc oxide (p.1621·2).

Polvir *ICN, Pol.*
Denotivir (p.870·2).
Genital herpes; herpes labialis.

Polvo Roge *Casasco, Arg.*
Magnesium oxide (p.1744·1); magnesium carbonate (p.1743·1).
Constipation.

Polvos Alcalinos *Volta, Chile.*
Calcium carbonate (p.1714·1); magnesium oxide (p.1744·1); sodium bicarbonate (p.1673·2); spearmint oil (p.2391·3).
Antacid.

Polvos Antibioticos *Silesia, Chile†.*
Bacitracin (p.210·3); neomycin (p.305·1); sulfathiazole (p.343·2).
Burns; infected skin disorders; wounds.

Polvos Wilfe *Perez Gimenez, Spain†.*
Sulfanilamide (p.343·1); sulfathiazole (p.343·2).
Skin infections.

Poly C
Note.This name is used for preparations of different composition.
Usana, Hong Kong†; Usana, Singapore.
Vitamin C (p.1983·3); flavonoids (p.2304·1).
Antoxidant; vitamin C supplement.

Usana, Mex.
Vitamin C (p.1983·3).
Dietary supplement.

Poly Gel *Alcon, Austral.*
Carbomer (p.2141·3).
Dry eyes; eye irritation.

Poly Pred *Allergan, Spain.*
⊗ Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); prednisolone acetate (p.1541·1).
Infected eye disorders.

Poly Visc *Alcon, Austral.*
Paraffin (p.2031·2); wool fat (p.2033·2).
Dry eyes.

Poly-Alkohol *Merz Consumer, Ger.*
Isopropyl alcohol (p.1650·3); 1,3-butanediol.
Skin disinfection.

Polyanion *Sigmapharm, Austria.*
Pentosan polysulfate sodium (p.1367·1).
Hyperlipidaemias; thromboembolic disorders.

Poly-B con Vitamina C *Grossman, Mex.*
Vitamin B substances; vitamin C (p.1922·1).

Polybamycin *Shin Poong, Singapore.*
Bacitracin (p.210·3); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Bacterial skin infections.

Polybe *Gedeon Richter, Hung.*
Vitamin B substances (p.1922·1).

Polybee *Chew, Thai.*
Vitamin B substances with yeast (p.1922·1).

Polybion *Merck, Fin.†; Merck, India; Oro, Turk.*
Vitamin B substances (p.1922·1).
Vitamin B and C deficiency; vitamin B deficiency.

Polybion Forte *Merck, Ger.*
Vitamin B substances (p.1922·1).
Vitamin B deficiency.

Polybion N *Merck, Ger.*
Vitamin B substances (p.1922·1).
Vitamin B deficiency.

Polybon *Pharmasant, Thai.*
Perphenazine (p.1017·1); amitriptyline hydrochloride (p.376·1).
Anxiety; depression.

Polycal *Nutricia, Austral.†; Nutricia, Hong Kong; Nutricia, Irl.; Baxter, NZ; Nutricia, NZ; Nutricia Clinical, UK.*
Carbohydrate supplement (p.1922·1).

Polycidin
Note.This name is used for preparations of different composition.
Novartis Ophthalmics, Canad.†.
Eye ointment: Bacitracin zinc (p.210·3); polymyxin B sulfate (p.317·3).
Eye infections.

Novartis Ophthalmics, Canad.†.
Eye/ear drops: Gramicidin (p.286·1); polymyxin B sulfate (p.317·3).
Eye and ear infections.

Polycilline *Mecom, Turk.*
Trimethoprim sulfate (p.355·2); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Polycin *Nakornpatana, Thai.*
Nitrofurazone (p.309·1).
Burns; skin ulcers; wound infections.

Polycin-B *Ocusoft, USA.*
Bacitracin zinc (p.210·3); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Polycitra *Alza, USA.*
Potassium citrate (p.1673·2); sodium citrate (p.1673·3); citric acid monohydrate (p.2284·1).
Chronic metabolic acidosis; urine alkalinising agent.

Polycitra-K
Note.This name is used for preparations of different composition.
Janssen-Ortho, Canad.
Potassium citrate (p.1673·2).
Hypokalaemia.

Alza, USA.
Potassium citrate (p.1673·2); citric acid monohydrate (p.2284·1).
Chronic metabolic acidosis; urine alkalinising agent.

Polycitra-LC *Alza, USA.*
Potassium citrate (p.1673·2); sodium citrate (p.1673·3); citric acid monohydrate (p.2284·1).
Chronic metabolic acidosis; urine alkalinising agent.

Polyclean *Alcon, Fr.*
Cleansing solution for contact lenses (p.1622·2).

Polyclens *Alcon, Austral.; Alcon, Braz.†; Alcon, Mex.; Alcon, NZ; Alcon, S.Afr.*
Cleaning liquid for contact lenses (p.1622·2).

Poly-Cof *Millimed, Thai.*
Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2).
Coughs.

Polycolvit *Pharmasant, Thai.*
Ferrous fumarate (p.1938·3); vitamin B substances; vitamin C; calcium phosphate (p.1922·1).
Anaemias; vitamin B and C deficiency.

Polycose *Abbott, Austral.; Abbott, Braz.†; Abbott, Canad.; Abbott, Hong Kong; Abbott, Israel; Ross, Israel; Abbott, Ital.; Abbott, Malaysia; Abbott, NZ; Abbott, Philipp.; Abbott, Singapore†; Abbott Nutrition, UK; Ross, USA.*
Glucose polymers (p.1922·1).
Nutritional carbohydrate supplement.

Polycrol
Note.This name is used for preparations of different composition.
Boots Piramal, India.
Simeticone (p.1770·2); magnesium hydroxide (p.1743·2); aluminium hydroxide (p.1706·2).
Gastric hyperacidity; peptic ulcer.

Nicholas, Indon.
Oral gel: Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Dyspepsia; flatulence; gastric hyperacidity; heartburn; peptic ulcer.

Nicholas, Indon.
Tablets: Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Dyspepsia; flatulence; gastric hyperacidity; heartburn; peptic ulcer.

Polycrol 400 *Nicholas, Indon.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Dyspepsia; flatulence; gastric hyperacidity; heartburn; peptic ulcer.

Polycutan *Agis, Israel.*
⊗ Clotrimazole (p.530·1); dexamethasone acetate (p.1526·1); neomycin sulfate (p.305·1).
Infected skin disorders.

Polydene *Socobom, Belg.*
Piroxicam (p.117·3).

Polyderm
Note.This name is used for preparations of different composition.
Taro, Canad.
Bacitracin zinc (p.210·3); polymyxin B sulfate (p.317·3).
Burns; minor wounds.

Chowgule, India†.
⊗ Prednisolone (p.1540·3); clioquinol (p.254·1); mesulphen (p.1604·3); salicylic acid (p.1612·2).
Infected skin disorders.

Polydex
Note. A similar name is used for preparations of different composition (see below).
Pharmasant, Thai.
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Poly-Dex
Note. A similar name is used for preparations of different composition (see above).
Ocusoft, USA.
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected eye disorders.

Polydexa
Therabel, Belg.; Bouchara-Recordati, Fr.; Bouchara-Recordati, Hong Kong; Neo-Farmaceutica, Port.; Bouchara, Rus.; Bouchara, Singapore; Bouchara, Switz.
⊗ Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); dexamethasone sodium metasulfobenzoate (p.1526·2).
Infected ear disorders.

Polydexa with Phenylephrine *Bouchara, Rus.*
⊗ Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); dexamethasone sodium metasulfobenzoate (p.1526·2); phenylephrine hydrochloride (p.1568·1).
Rhinopharyngitis; sinusitis.

Polydex-N *Aristopharma, Hong Kong.*
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Inflammatory eye disorders.

Polydiet *DHN, Fr.†.*
Preparation for enteral nutrition (p.1922·1).

Polydine
Note.This name is used for preparations of different composition.
Fischer, Israel; Century, USA.
Povidone-iodine (p.1659·2).
Skin and vaginal infections; skin disinfection.

Pharmasant, Thai.
Dextromethorphan hydrobromide (p.1555·2); brompheniramine maleate (p.569·2); phenylephrine hydrochloride (p.1568·1); ammonium chloride (p.1551·3).
Coughs.

Polydol *Pharmasant, Thai.*
Orphenadrine citrate (p.812·1); paracetamol (p.108·1).
Dysmenorrhoea; muscle pain; tension headache.

Polydona *Riemser, Ger.*
Povidone-iodine (p.1659·2).
Burns; skin ulcers; wounds.

Polydrop *Pharmasant, Thai.*
Brompheniramine maleate (p.569·2); phenylephrine hydrochloride (p.1568·1).
Nasal congestion; rhinorrhoea.

Polydryl *Pharmasant, Thai.*
Diphenhydramine (p.577·1); ammonium chloride (p.1551·3); sodium citrate (p.1673·3).
Cold symptoms; cough; nasal congestion.

Polyenzyme-I *Chew, Thai.*
Amylase (p.2256·3); papain (p.2362·3); pancreatin (p.2360·1); vitamin B substances (p.1922·1); diphenhydramine hydrochloride (p.577·2); homatropine methylbromide (p.1881·3); simeticone (p.1770·2); activated charcoal (p.1435·2).
Digestive disorders.

Polyenzyme-N *Chew, Thai.*
Pancreatin (p.2360·1); simeticone (p.1770·2).
Digestive disorders.

Polyerga *HorFerVit, Ger.*
Polypeptides derived from spleen.
Adjuvant tumour therapy.

Polyfax *GSK, Hong Kong†; Intra Pharma, Irl.; Pliva, UK.*
Polymyxin B sulfate (p.317·3); bacitracin zinc (p.210·3).
Bacterial infections of the skin and eye.

Polyfed *Biolab, Thai.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; cold symptoms; hay fever; nasal congestion.

Polyflam *Socobom, Belg.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Polyfra
Note.This name is used for preparations of different composition.
Alcon, Fr.
Eye drops: ⊗ Framycetin sulfate (p.279·1); polymyxin B sulfate (p.317·3); oxedrine tartrate (p.1364·3).
Bacterial eye infections.

Alcon, Fr.
Eye ointment: Framycetin sulfate (p.279·1); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Polygam *NBI, S.Afr.; American Red Cross, USA.*
A normal immunoglobulin (p.2225·3).
Hypogammaglobulinaemia; idiopathic thrombocytopenic purpura; Kawasaki disease.

Polyglobin *Bayer, Ger.; Bayer, Swed.†.*
A normal immunoglobulin (p.2225·3).
Guillain-Barré syndrome; hypogammaglobulinaemia; idiopathic thrombocytopenic purpura; Kawasaki syndrome; passive immunisation.

Polygot *Pharmasant, Thai.*
Ergotamine tartrate (p.620·1); caffeine (p.1116·3).
Migraine and other vascular headaches.

Polygynax
Raymos, Arg.; UCB, Belg.†; Innothera, Cz.; Innotech, Fr.; Innotech, Hong Kong; Innotech, Rus.; Innotech, Singapore.
Neomycin sulfate (p.305·1); nystatin (p.543·2); polymyxin B sulfate (p.317·3).
Vulvovaginal and cervical infections.

UCB, Ger.†.
Neomycin (p.305·1); nystatin (p.543·2); polymyxin B sulfate (p.317·3).
Vulvovaginal infections.

Polygynax Virgo *Innotech, Fr.*
Neomycin sulfate (p.305·1); nystatin (p.543·2); polymyxin B sulfate (p.317·3).
Vulvovaginitis.

Polyhadon *Pharmasant, Thai.*
Haloperidol (p.1000·2).
Alcoholism; schizophrenia.

Poly-Histine *Sanofi Synthelabo, USA†.*
Phenyltoloxamine citrate (p.588·1); mepyramine maleate (p.585·2); pheniramine maleate (p.587·3).
Allergic rhinitis.

Polyionique *AGEPS, Fr.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Poly-Iron *Cypress, USA.*
Polysaccharide-iron complex (p.1960·2).
Iron deficiency.

Poly-Iron Forte *Cypress, USA.*
Polysaccharide-iron complex (p.1960·2); folic acid (p.1940·1); cyanocobalamin (p.1980·2).
Iron-deficiency anaemia; megaloblastic anaemia.

Poly-Joule *Nutricia, Austral.*
Dextrin (p.1937·1).
Nutritional supplement.

Poly-Karaya *Sanofi-Aventis, Fr.*
Sterculia (p.1772·1); povidone (p.2146·1).
Constipation; diarrhoea; meteorism.

Polymagma *Wyeth, Philipp.*
Attapulgite (p.1709·1).
Diarrhoea.

Poly-Micron *Alcon, Mex.*
Neomycin (p.305·1); gramicidin (p.286·1); polymyxin B (p.318·2).
Bacterial eye infections.

Polyminerol *Lavena, Rus.*
Electrolytes (from Pomeranian lakes) (p.1667·1).
Gingivitis; periodontitis.

Polymox *Hormona, Mex.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Polymycin
Note.This name is used for preparations of different composition.
Medical Ophthalmics, USA.
Eye drops: Neomycin (p.305·1); polymyxin B (p.318·2); gramicidin (p.286·1).
Eye infections.

Medical Ophthalmics, USA.
Eye ointment: Neomycin (p.305·1); polymyxin B (p.318·2); bacitracin (p.210·3).
Eye infections.

Polynadim *Synthesis, Rus.*
⊗ Diphenhydramine (p.577·1); naphazoline (p.1565·1).
Allergic eye disorders.

Polynase *YSP, Malaysia†.*
Dexchlorpheniramine maleate (p.572·1); pseudoephedrine hydrochloride (p.1571·2).
Allergic conjunctivitis; allergic skin disorders; rhinitis.

Polynerv *More, Philipp.*
Vitamin B (p.1976·3); vitamin B (p.1980·2); vitamin B (p.1979·1).
Hyperemesis gravidarum; neuritis; neuropathy; vitamin B deficiency.

Polynerv-E with lecithin *More, Philipp.*
Vitamin and mineral preparation with ginseng, lecithin, betacarotene, lutein, lycopene, omega-3, and ubidecarenone (p.1922·1).
Nutritional supplement; tonic.

Polynovate *Pharmasant, Thai.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Polyod *Drogsan, Turk.*
Povidone-iodine (p.1659·2).
Oral hygiene; skin disinfection.

Polyoph *Seng, Hong Kong; Seng, Thai.*
Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); gramicidin (p.286·1).
Bacterial eye infections.

Polyoxidin *Biosynthesis, Rus.*
Macrogol 20 000 (p.2336·1).
Plasma substitute; plasma volume expansion.

Polyoxidonium *Immapharma, Rus.*
Polyoxydonium.
Burns; hypersensitivity reactions; infections; inflammation; reduction of antineoplastic toxicity; rheumatoid arthritis; secondary immunodeficiency; ulcers.

Polypen
Combiphar, Indon.
Ampicillin trihydrate (p.204·2).
Bacterial infections.

YSS, Philipp.
Ampicillin sodium (p.204·1).
Bacterial infections.

Polyphed *Pharmasant, Thai.*
Theophylline (p.1140·1); guaifenesin (p.1561·3).
Obstructive airways disease.

Polypirine *Lehning, Fr.*
Aspirin (p.20·3); caffeine citrate (p.1116·3); meadowsweet (p.2338·1).
Fever; pain.

Polyplex *Phoenix, Arg.*
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1); polymyxin b sulfate (p.317·3).
Bacterial eye infections.

Polypred
Note. A similar name is used for preparations of different composition (see below).
Pharmasant, Thai.
⊗ Prednisolone (p.1540·3).
Skin disorders.

Poly-Pred
Note. A similar name is used for preparations of different composition (see above).
Allergan, USA.
⊗ Prednisolone acetate (p.1541·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Eye inflammation with bacterial infection.

Polypress
Note.This name is used for preparations of different composition.
Pfizer, Ger.†.
⊗ Prazosin hydrochloride (p.1375·2); polythiazide (p.1373·3).
Hypertension.

Pharmasant, Thai.
Prazosin hydrochloride (p.1375·2).
Hypertension.

Polyquin *Tai Guk, Singapore.*
Hydroquinone (p.1598·2).
Skin hyperpigmentation.

Polyrhinium *Ferrier, Fr.*
Homoeopathic preparation.

Polyrinse *Alcon, Fr.; Alcon, S.Afr.*
Sodium chloride (p.1686·1) (p.1622·2).
Rinsing and soaking solution for contact lenses.

Polysept *Dermapharm, Ger.; Rekah, Israel.*
Povidone-iodine (p.1659·2).
Burns; skin and mucous membrane disinfection; skin ulcers; wounds.

Polyseptol *Qualiphar, Belg.*
Filtrate from culture of: *Staphylococcus aureus, Streptococcus pyogenes, Pseudomonas aeruginosa*, and *Escherichia coli*; sulfanilamide (p.343·1); cod-liver oil (p.1935·2).
Infected skin and mucous membrane disorders.

Polysianes
Note.This name is used for preparations of different composition.
Pierre Fabre Dermo-Cosmetique, Arg.
SPF 10; SPF 15; SPF 20: Bisoctrizole (p.1591·2); octocrilene (p.1608·3); cinamate.
Sunscreen.

Pierre Fabre Dermo-Cosmetique, Arg.
SPF 40: Bisoctrizole (p.1591·2); bemotrizinol (p.1590·2); octocrilene (p.1608·3); cinamate; titanium dioxide (p.1617·3).
Sunscreen.

Polysianes Autobronceante *Pierre Fabre Dermo-Cosmetique, Arg.*
Titanium dioxide (p.1617·3); octocrilene (p.1608·3); cinamate; dihydroxyacetone (p.1594·1).
Sunscreen; tanning aid.

Polysilane
Note.This name is used for preparations of different composition.
Sanofi Synthelabo, Hong Kong†; Sanofi Synthelabo, Malaysia†; Sanofi Synthelabo, Singapore†; Sanofi Synthelabo, Thai.
Aluminium hydroxide (p.1706·2); dimethicone (p.1770·2).
Dyspepsia; flatulence; gastritis; heartburn; pyrosis.

UPSA, Switz.
Dimeticone (p.1770·2).
Flatulence; meteorism.

Pharos, Indon.
Oral granules: Dimeticone (p.1770·2); ceratonia (p.2143·2).
Flatulence; gastritis; heartburn; pyrosis.

Pharos, Indon.
Oral suspension; tablets: Magnesium hydroxide (p.1743·2); aluminium hydroxide (p.1706·2); dimeticone (p.1770·2).
Flatulence; gastritis; heartburn; pyrosis.

Polysilane Delalande *Sanofi-Aventis, Fr.*
Aluminium hydroxide (p.1706·2); simeticone (p.1770·2).
Gastrointestinal disorders.

Polysilic III *Beacons, Singapore.*
Aluminium hydroxide (p.1706·2); magnesium trisilicate (p.1744·1); simeticone (p.1770·2).
Dyspepsia; flatulence; gastritis; gastro-oesophageal reflux; meteorism; peptic ulcer.

Polysorb
Note.This name is used for preparations of different composition.
Polisorb, Rus.
Silicon dioxide (p.2146·2).
Food and drug allergy; intestinal infections; poisoning.

Fougera, USA.
Emollient and moisturiser.

Polyspectran
Note.This name is used for preparations of different composition.
Alcon, Ger.
Eye and ear drops: Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); gramicidin (p.286·1).
Bacterial infections of the eye and ear.

Alcon, Ger.
Ointment: Polymyxin B sulfate (p.317·3); bacitracin (p.210·3); neomycin sulfate (p.305·1).
Bacterial infections of the eye, ear, and nose.

Polyspectran G *Alcon, Neth.†.*
Neomycin sulfate (p.305·1); gramicidin (p.286·1); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Polyspectran Gramicidine *Alcon, Belg.*
Gramicidin (p.286·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Polyspectran HC *Alcon, Ger.*
⊗ Polymyxin B sulfate (p.317·3); bacitracin (p.210·3); hydrocortisone acetate (p.1535·2).
Bacterial and inflammatory eye, ear and nose disorders; skin disorders.

Polyspor *Teva, Hung.*
Polymyxin b sulfate (p.317·3); gramicidin (p.286·1).

Polysporin
Note.This name is used for preparations of different composition.
Pfizer, Braz.
Polymyxin B sulfate (p.317·3); bacitracin zinc (p.210·3); neomycin sulfate (p.305·1).
Skin infections.

GSK, Fin.
Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); gramicidin (p.286·1).
Eye infections.

Pfizer Consumer, S.Afr.
Polymyxin B sulfate (p.317·3); bacitracin zinc (p.210·3).
Burns; skin infections; ulcers; wounds.

Monarch, USA†; Warner-Lambert, USA†.
Polymyxin B sulfate (p.317·3); bacitracin (p.210·3) or bacitracin zinc (p.210·3).
Eye infections; skin infections.

Pfizer Consumer, Canad.
Cream; eye/ear drops: Polymyxin B sulfate (p.317·3); gramicidin (p.286·1).
Bacterial contamination prophylaxis; eye and ear infections; infected skin disorders.

Pfizer Consumer, Canad.
Eye ointment; ointment: Polymyxin B sulfate (p.317·3); bacitracin zinc (p.210·3).
Eye and ear infections; infected lesions.

Polysporin Complete Antibiotic *Pfizer Consumer, Canad.*
Polymyxin B sulfate (p.317·3); bacitracin zinc (p.210·3); gramicidin (p.286·1); lidocaine (p.1862·3).
Burns; itching; wounds.

Polysporin Itch Relief *Pfizer Consumer, Canad.*
Pramocaine hydrochloride (p.1868·1); zinc acetate (p.1999·1).
Formerly known as Polysporin Pain & Itch.
Insect bites; minor cuts and abrasions; skin irritation.

Polysporin For Kids *Pfizer Consumer, Canad.*
Polymyxin B sulfate (p.317·3); gramicidin (p.286·1); lidocaine hydrochloride (p.1862·3).
Burns; wounds.

Polysporin Plus Pain Relief *Pfizer Consumer, Canad.*
Polymyxin B sulfate (p.317·3); gramicidin (p.286·1); lidocaine hydrochloride (p.1862·3).
Infected burns and wounds; skin pain.

Polysporin Triple Antibiotic *Pfizer Consumer, Canad.*
Polymyxin B sulfate (p.317·3); bacitracin zinc (p.210·3); gramicidin (p.286·1).
Burns; minor wounds.

Polystafana *Sevapharma, Cz.*
A staphylococcal vaccine (p.2239·3).
Active immunisation.

Polysteron 250 *Organon, Venez.*
⊗ Testosterone propionate (p.2130·1); testosterone phenylpropionate (p.2130·1); testosterone isocaproate (p.2130·1); testosterone decanoate (p.2130·1).

Polytab *Pharmasant, Thai.*
Cyproheptadine hydrochloride (p.575·1).
Hypersensitivity reactions; pruritus; reduced appetite.

Polytabs-F *Major, USA.*
Multivitamin preparation with fluoride (p.1922·1)(p.1962·2).
Dental caries prophylaxis; dietary supplement.

Polytamin *Brench, Ger.†.*
Vitamins; rutoside; adenosine; aminobenzoic acid; linoleic acid; yeast; minerals; procaine hydrochloride (p.1869·1) (p.1922·1).
Atherosclerosis; tonic.

Polytanol *Pharmasant, Thai.*
Amitriptyline hydrochloride (p.376·1).
Depression; mixed anxiety depressive states.

Polytar
Note.This name is used for preparations of different composition.
Stiefel, Austral.; Stiefel, Braz.; Stiefel, Cz.; Stiefel, Hong Kong; Stiefel, Hung.; Stiefel, Indon.; Stiefel, Irl.; Stiefel, Israel; Stiefel, Malaysia; Stiefel, Mex.; Stiefel, NZ; Stiefel, Philipp.; Stiefel, Port.; Stiefel, S.Afr.; Stiefel, Singapore; Stiefel, Thai.
Tar (p.1616·2); cade oil (p.1616·1); coal tar (p.1616·2).
Scalp disorders; skin disorders.

Stiefel, Canad.
Wood tar (p.1616·2); mineral tar (p.1616·2).
Seborrhoeic dermatitis.

Stiefel, Pol.; Stiefel, USA.
Coal tar (p.1616·2).
Skin and scalp disorders.

Stiefel, Spain.
Tar (p.1616·2); juniper oil (p.2328·3); coal tar (p.1616·2).
Skin and scalp disorders.

Polytar AF
Note.This name is used for preparations of different composition.
Stiefel, Canad.
Coal tar (p.1616·2); dipyrithione (p.1595·1); salicylic acid (p.1612·2); menthol (p.2340·1).
Scalp disorders.

Stiefel, Cz.; Stiefel, Hung.; Stiefel, UK.
Tar (p.1616·2); cade oil (p.1616·1); coal tar (p.1616·2); pyrithione zinc (p.1611·2).
Scalp disorders.

Stiefel, Pol.
Coal tar (p.1616·2); pyrithione zinc (p.1611·2).
Scalp disorders.

Polytar Emollient *Stiefel, Hong Kong; Stiefel, Irl.†; Stiefel, NZ; Stiefel, UK.*
Tar (p.1616·2); cade oil (p.1616·1); coal tar (p.1616·2); liquid paraffin (p.2030·3).
Aid to ointment and paste removal in psoriasis; skin disorders.

Polytar Liquid *Stiefel, UK.*
Tar (p.1616·2); cade oil (p.1616·1); coal tar (p.1616·2).
Aid to ointment and paste removal in psoriasis; scalp disorders.

Polytar Plus
Note.This name is used for preparations of different composition.
Stiefel, Austral.
Coal tar (p.1616·2).
Scalp disorders.

Stiefel, NZ; Stiefel, UK.
Tar (p.1616·2); cade oil (p.1616·1); coal tar (p.1616·2).
Aid to ointment removal in psoriasis; scalp disorders.

Poly-Tears *Alcon, Austral.; Alcon, NZ.*
⊗ Hypromellose (p.2144·2); dextran 70 (p.1059·3).
Dry eyes.

Polytonyl *UPSA Conseil, Fr.†.*
Vitamin, mineral, and amino-acid preparation (p.1922·1).
Tonic.

Polytopic
Note.This name is used for preparations of different composition.
Sandoz, Canad.
Cream: Polymyxin B sulfate (p.317·3); gramicidin (p.286·1).

Sandoz, Canad.
Ointment: Polymyxin B sulfate (p.317·3); bacitracin (p.210·3).
Infected lesions.

Polytracin *Medical Ophthalmics, USA.*
Bacitracin (p.210·3); polymyxin B (p.318·2).
Eye infections.

Polytrim
GSK, Austria; GSK, Belg.; GSK, Neth.; GSK, S.Afr.†; Pliva, UK†; Allergan, USA.
Trimethoprim (p.355·2); polymyxin B sulfate (p.317·3).
Bacterial infections of the eyes and skin.

Allergan, Canad.; GSK, Turk.
Trimethoprim sulfate (p.355·2); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Poly-Tussin *Pharmakon, USA.*
Hydrocodone tartrate (p.63·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract disorders.

Polyvaccinum *Biomed Krakow, Pol.*
Staphylococcus aureus; *Staphylococcus epidermidis*; *Streptococcus pyogenes*; *Streptococcus salivarius*; *Streptococcus pneumoniae*; *Escherichia coli*; *Klebsiella pneumoniae*; *Haemophilus influenzae*; *Corynebacterium pseudodiphtheriticum*; *Moraxella catarrhalis*.
Catarrh; neuralgia; respiratory-tract inflammation; urogenital inflammation.

Polyvalent Snake Antivenom *CSL, Austral.*
A snake antiserum of king brown snake, tiger snake, brown snake, death adder and taipan (p.2238·2).
Passive immunisation.

Poly-Vi-Flor *Mead Johnson, Philipp.; Mead Johnson Nutritionals, Thai.; Mead Johnson Nutritionals, USA.*
Fluoride (p.1962·2) and vitamin preparation with or without iron (p.1922·1).
Dental caries prophylaxis; dietary supplement.

Poly-Vi-Fluor *Mead Johnson, Braz.*
Multivitamin preparation (p.1922·1) with fluoride (p.1962·2).
Dietary supplement.

Poly-Visc *Alcon, NZ.*
Liquid paraffin (p.2030·3); white soft paraffin (p.2031·2).
Eye lubrication and protection.

Poly-Vi-Sol *BMS, Arg.; Mead Johnson Nutritionals, Canad.; Mead Johnson, Hong Kong; BMS, Mex.; Mead Johnson, Philipp.; Mead Johnson Nutritionals, Thai.†; Mead Johnson Nutritionals, USA; Mead Johnson, Venez.*
Vitamin preparation (p.1922·1).
Formerly known as Enfalac Poly-Vi-Sol in *Canad.*
Dietary supplement.

Polyvit
Note.This name is used for preparations of different composition.
Pharmasant, Thai.
Ferrous fumarate (p.1938·3); riboflavin; vitamin C; folic acid; citric acid (p.1922·1).
Anaemias; vitamin supplement.

Taro, Israel.
Oral drops: Multivitamin preparation (p.1922·1).

Taro, Israel†.
Tablets: Multivitamin and mineral preparation with ginseng (p.1922·1).

Polyvit 30 Plus *Taro, Israel.*
Multivitamin and mineral preparation with ginseng and rutoside (p.1922·1).

Polyvitaplex *Sanofi-Aventis, Hung.*
Vitamin preparation (p.1922·1).
Vitamin deficiency.

Polyxan-Blau N *Ritsert, Ger.*
Homoeopathic preparation.

Polyxan-Blau N comp *Ritsert, Ger.*
Homoeopathic preparation.

Polyxan-Gelb N *Ritsert, Ger.*
Homoeopathic preparation.

Polyxan-Gelb N comp *Ritsert, Ger.*
Homoeopathic preparation.

Polyxan-Grun N *Ritsert, Ger.*
Homoeopathic preparation.

Polyxan-Grun N comp *Ritsert, Ger.*
Homoeopathic preparation.

Polyxen *Pharmasant, Thai.*
Naproxen (p.92·3).
Gout; musculoskeletal and joint disorders.

Polyxicam *Pharmasant, Thai.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Polyxit *Pharmasant, Thai.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Polyzalip *Pharmasant, Thai.*
Bezafibrate (p.1232·1).
Hyperlipidaemias.

Polyzym
Note.This name is used for preparations of different composition.
Alcon, Austral.†; Alcon, Braz.; Alcon, Fr.†; Alcon, S.Afr.
Pancreatin (p.2360·1) (p.1622·2).
Contact lens cleaner.

Alcon, NZ.
Cleaning of soft and gas-permeable contact lenses (p.1622·2).

Pomacetin *Neckerman, Braz.†.*
Neomycin (p.305·1); bacitracin (p.210·3).

Pomada Antibiotica *Desma, Spain.*
Bacitracin (p.210·3); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Burns; skin infections; ulcers; wounds.

Pomada Antihemorroidal *Drag, Chile†.*
Zinc (p.1999·1); lidocaine (p.1862·3).
Haemorrhoids.

Pomada Heridas *Asens, Spain†.*
Benzalkonium chloride (p.1629·1); phenazone (p.116·1); sulfanilamide (p.343·1); zinc oxide (p.1621·2).
Skin infections.

Pomada Infantil Vera *Labitec, Spain†.*
Bismuth subnitrate (p.1711·2); boric acid (p.2268·1); talc (p.1615·2); zinc oxide (p.1621·2).
Skin irritation.

Pomada Minancora *Minancora, Braz.*
Benzalkonium chloride (p.1629·1); zinc oxide (p.1621·2); camphor (p.2273·2).
Skin disorders.

Pomada Vitaminica *Pasteur, Chile.*
Vitamin A palmitate (p.1973·1); colecalciferol (p.1986·2); dexpanthenol (p.2362·1); zinc oxide (p.1621·2).
Skin disorders; wounds.

Pomada Wilfe *Perez Gimenez, Spain.*
Sulfanilamide (p.343·1); sulfathiazole (p.343·2).
Skin infections.

Pomaderme *Legrand, Braz.*
Theobroma oil; boric acid (p.2268·1); zinc oxide (p.1621·2); talc (p.1615·2).
Skin disorders.

Pomadom *Pharmasant, Thai.*
Dipotassium clorazepate (p.980·1).
Anxiety; epilepsy.

Pomag *KG, Ital.*
Magnesium citrate (p.1743·2); potassium aspartate (p.1684·2); potassium phosphate (p.1682·2).
Magnesium and potassium supplement.

Pomat Ichthyole *Aroma, Turk.*
Ichthammol (p.1599·1).
Eczema.

Pommade au Baume *Zeller, Switz.*
Baume Zeller (sumatra benzoin (p.2394·2), tolu balsam (p.1574·2), myrrh (p.2349·2), red-poppy petal (p.1472·3), absinthium (p.2244·1), achillea (p.2245·2), guaiacum resin (p.2317·3), tormentil (p.2403·2), incense); peru balsam (p.2365·3); camphor (p.2273·2); zinc oxide (p.1621·2); turpentine oil (p.2406·3).
Minor burns and abrasions; skin irritation.

Pommade Congo *Thaler, Switz.†.*
Zinc oxide (p.1621·2).
Minor burns and wounds.

Pommade Ichthyole *Gunsa, Turk.*
Ichthammol (p.1599·1).
Eczema.

Pommade Lelong *Zambon, Fr.†.*
Peru balsam (p.2365·3); vitamin A (p.1971·2).
Skin disorders.

Pommade Maurice *Cooperation Pharmaceutique, Fr.*
Yellow mercuric oxide (p.2341·2).
Eye infections.

Pommade Mo Cochon *Tradiphar, Fr.*
Salicylic acid (p.1612·2).
Callus; corns; verrucae.

Pommade nasale de Nager *Streuli, Switz.*
Camphor oil (p.2273·3); mint oil (p.2345·2).
Nasal congestion.

Pommade Nasale Radix *Streuli, Switz.†.*
Lavender oil (p.2331·2); mint oil (p.2345·2); camphor (p.2273·2); hamamelis (p.2318·2); sea salt (p.1686·1).
Nasal dryness.

Pommade nasale de Ruedi *Streuli, Switz.*
Camphor oil (p.2273·3); mint oil (p.2345·2).
Nasal congestion; nasal dryness.

Pompaton *Nufarindo, Indon.*
Famotidine (p.1730·1).
Pathological hypersecretory disorders; peptic ulcer.

Ponac *Continental Ethicals, S.Afr.*
Mefenamic acid (p.80·1).
Musculoskeletal, joint, and soft-tissue disorders; pain.

Ponalar *Godecke, Ger.†; Coronet, Indon.*
Mefenamic acid (p.80·1).
Inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Ponalgic *Antigen, Irl.*
Mefenamic acid (p.80·1).
Menorrhagia; musculoskeletal and joint disorders; pain.

Ponaris *Panalab, Arg.*
Fluconazole (p.532·1).
Fungal infections.

Poncodryl *Armoxindo, Indon.*
Ammonium chloride (p.1551·3); diphenhydramine hydrochloride (p.577·2); menthol (p.2340·1); sodium citrate (p.1673·3).
Cough.

Poncodryl DMP *Armoxindo, Indon.*
Diphenhydramine hydrochloride (p.577·2); dextromethorphan hydrobromide (p.1555·2); phenylephrine hydrochloride (p.1568·1); ammonium chloride (p.1551·3); sodium citrate (p.1673·3).
Cold symptoms; cough.

Poncofen *Armoxindo, Indon.*
Mefenamic acid (p.80·1).
Pain.

Poncoflox *Armoxindo, Indon.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Poncohist *Armoxindo, Indon.*
Cyproheptadine hydrochloride (p.575·1).
Allergic skin disorders; rhinitis.

Poncolin *Armoxindo, Indon.*
⊗ Chlorphenamine maleate (p.571·3); ephedrine hydrochloride (p.1558·2); sodium citrate (p.1673·3); guaifenesin (p.1561·3).
Cough.

Poncolin D *Armoxindo, Indon.*
⊗ Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3); ephedrine hydrochloride (p.1558·2); sodium citrate (p.1673·3).
Cough; respiratory-tract congestion.

Ponconeuron *Armoxindo, Indon.*
Vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Neuralgia; neuritis; vitamin B deficiency.

Poncoquin *Armoxindo, Indon.*
Ofloxacin (p.310·2).
Bacterial infections.

Poncosolvon *Armoxindo, Indon.*
Bromhexine hydrochloride (p.1552·2).
Cough.

Pondactil *Pond's, Thai.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; cold symptoms; hay fever; nasal congestion.

Pondactone *Pond's, Thai.*
⊗ Spironolactone (p.1400·1).
Aldosteronism; ascites; hypertension; oedema.

Pondarmett *Pond's, Thai.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Pondera *Eurofarma, Braz.*
Paroxetine hydrochloride (p.414·2).
Depression.

Pondex *Dexa, Indon.*
Mefenamic acid (p.80·1).
Fever; pain.

Pondicilina *Nycomed, Braz.*
Cetalkonium chloride (p.1634·1); cetylpyridinium chloride (p.1635·1).
Mouth and throat disorders.

Pondnacef *Pond's, Thai.*
Cefalexin (p.218·2).
Bacterial infections.

Pondnadysmen *Pond's, Thai.*
Mefenamic acid (p.80·1).
Pain.

Pondnoxcill *Pond's, Thai.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Pondocillin *Leo, Canad.; Leo, Denm.; Leo, Norw.; Leo, Swed.*
Pivampicillin (p.316·3).
Bacterial infections.

Pondperdone *Pond's, Thai.*
Domperidone (p.1726·2).
Dyspepsia; gastrointestinal disorders; nausea and vomiting.

Ponds Prevent *Unilever, Canad.†.*
SPF 15: Octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Pondtroxin *Pond's, Thai.*
Levothyroxine sodium (p.2171·2).
Hypothyroidism.

Pondusvitam *IQB, Braz.*
Buclizine (p.570·1); vitamin B substances (p.1922·1).
Reduced appetite; tonic.

Ponflu *Armoxindo, Indon.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); phenylpropanolamine hydrochloride (p.1569·3); guaifenesin (p.1561·3).
Cough; influenza symptoms.

Pongesic *Pharmaniaga, Malaysia†; Raza, Malaysia†.*
Mefenamic acid (p.80·1).
Pain.

Ponmel *PannonPharma, Hung.; Clonmel, Irl.*
Mefenamic acid (p.80·1).
Pain.

Ponnesia *Asian Pharm, Thai.*
Mefenamic acid (p.80·1).
Pain.

Ponostop *Ni-The, Gr.*
Diethylamine salicylate (p.47·2); camphor (p.2273·2); capsaicin (p.32·3).
Topical relief of rheumatic and other pain.

Ponotex *Adelco, Gr.*
Aspirin (p.20·3); aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Pain.

Ponoxylan *Aventis, NZ†.*
Polynoxylin (p.1658·3).
Skin infections.

Ponsamic *Guardian, Indon.*
Mefenamic acid (p.80·1).
Fever; pain.

Ponser *Medhaus, Philipp.*
Mefenamic acid (p.80·1).
Pain.

Ponsolit *Biomedica-Chemica, Gr.*
Tenoxicam (p.128·2).
Gout; inflammation; osteoarthritis; pain; rheumatoid arthritis; spondyloarthropathies.

Ponstan *Pfizer, Austral.; Pfizer, Braz.; Pfizer, Canad.†; Pfizer, Fin.; Pfizer, Gr.; Pfizer, Hong Kong; Pfizer, India; Pfizer, Indon.; Chemidex, Irl.; Pfizer, Malaysia; Pfizer, Mex.; Pfizer Consumer, NZ; Pfizer, Philipp.; Pfizer, Port.; Pfizer, S.Afr.; Pfizer, Singapore†; Pfizer, Switz.; Pfizer, Thai.; Pfizer, Turk.; Chemidex, UK; Pfizer, Venez.*
Mefenamic acid (p.80·1).
Dysfunctional uterine bleeding; dysmenorrhoea; fever; inflammation; menorrhagia musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain; premenstrual syndrome.

Ponstel *Adcock Ingram, S.Afr.; Parke, Davis, USA.*
Mefenamic acid (p.80·1).
Fever; menorrhagia; pain.

Ponstelax *Combiphar, Indon.*
Mefenamic acid (p.80·1).
Pain.

Ponstil *Elea, Arg.*
Mefenamic acid (p.80·1).
Fever; inflammation; menorrhagia; pain.

Ponstil Mujer *Elea, Arg.*
Ibuprofen (p.64·2).
Fever; musculoskeletal, joint, and peri-articular disorders; pain.

Ponstin *Elea, Arg.*
Ibuprofen (p.64·2).
Fever; musculoskeletal and joint disorders; pain.

Ponstinetas *Elea, Arg.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Ponstyl *Pfizer, Fr.*
Mefenamic acid (p.80·1).
Pain.

Pontacid *Duopharma, Hong Kong.*
Mefenamic acid (p.80·1).
Pain.

Pontalon *YSP, Malaysia; Yung Shin, Singapore.*
Mefenamic acid (p.80·1).
Pain.

Pontalsic *Bayer, Spain.*
Tramadol hydrochloride (p.130·3); paracetamol (p.108·1).
Pain.

Pontaser *Roddensers, Philipp.*
Mefenamic acid (p.80·1).
Pain.

Pontef *Tolmann, Philipp.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Pontefix *Fimo, Ital.*
Zinc phosphate (p.2000·1).
Cement in dentistry.

Ponti *Sophia, Mex.*
Tetracaine (p.1871·2).
Local anaesthesia.

Pontin *Hexal, Braz.†.*
Mefenamic acid (p.80·1).
Fever; inflammation; pain.

Pontiride *Psicofarma, Mex.*
Sulpiride (p.1028·3).
Anxiety disorders; depression; lactation disorders; movement disorders; obsessive-compulsive disorder; peptic ulcer; schizophrenia; vertigo.

Pontizoc *Nufarindo, Indon.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Pontocaine
Hospira, Canad.; Sanofi Winthrop, Israel†.
Tetracaine hydrochloride (p.1871·3).
Local anaesthesia.

Hospira, USA.
Tetracaine (p.1871·2) or tetracaine hydrochloride (p.1871·3).
Local anaesthesia.

Pontuc *Novartis, Austria.*
Codergocrine mesilate (p.363·3); nifedipine (p.1350·1).
Hypertension.

Pontyl *Malaysia Chemist, Singapore†.*
Mefenamic acid (p.80·1).
Inflammation; pain.

Pool 8 *Fiori, Ital.*
Amino-acid preparation (p.1922·1).
Nutritional supplement.

Popis *Med-Care, Turk.*
Barrier cream.

Po-Pon-S *Shionogi, USA.*
Multivitamin and mineral preparation (p.1922·1).

POR 8 *Ferring, Austral.; Ferring, Austria; Pharmaco, NZ; Ferring, S.Afr.*
Ornipressin (p.2358·2).
Reduction of bleeding during surgery; variceal haemorrhage.

Poral *Sons, Mex.*
⊗ Chloramphenicol (p.239·3); hydrocortisone (p.1535·2).
Infected eye disorders.

Porazine *Pharmasant, Thai.*
Perphenazine (p.1017·1).
Anxiety; nausea and vomiting.

Porcelana Daytime Formula *Schwarzkopf, Canad.†.*
Hydroquinone (p.1598·2); octinoxate (p.1608·2).

Porcelana Nighttime Formula *Schwarzkopf, Canad.†.*
Hydroquinone (p.1598·2).

Porcoll *MBP, Ger.†.*
Collagen (p.2286·1).
Haemorrhage.

Poremax-C *Orion, Fin.*
Ascorbic acid (p.1983·3).
Vitamin C deficiency; vitamin C supplement.

Porfirin 12 *Teofarma, Ital.*
Haematoporphyrin dihydrochloride (p.2318·1); cyanocobalamin (p.1980·2); inositol (p.2325·2).
Tonic.

Pork Actrapid *Novo Nordisk, UK†.*
⊗ Insulin injection (porcine, highly purified) (p.443·2).
Diabetes mellitus.

Pork Insulatard *Novo Nordisk, UK†.*
⊗ Isophane insulin injection (porcine, highly purified) (p.443·2).
Diabetes mellitus.

Pork Mixtard 30 *Novo Nordisk, UK†.*
⊗ Mixture of neutral insulin injection (porcine, highly purified) 30% and isophane insulin injection (porcine, highly purified) 70% (p.443·2).
Diabetes mellitus.

Pormus *Unison, Thai.*
Orphenadrine citrate (p.812·1); paracetamol (p.108·1).
Peri-articular disorders; skeletal muscle pain; tension headache.

Poro *YSP, Malaysia; Yung Shin, Singapore.*
Paracetamol (p.108·1).
Fever; pain.

Porosal *Alian, Venez.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Porphin *Crawford, UK.*
5-Aminolevulinic acid (p.679·2).
Available only on a named patient basis.
Precancerous skin disorders; skin cancer.

Porphyrocin *Medochemie, Hong Kong†.*
Erythromycin stearate (p.270·1).
Bacterial infections.

Porpovan *Cristalia, Braz.*
Propofol (p.1791·1).
General anaesthesia.

Portagen *Mead Johnson, Austral.; Mead Johnson Nutritionals, Canad.; Mead Johnson Nutritionals, Fin.†; Mead Johnson, Fr.; Mead Johnson, Hong Kong; Mead Johnson, Irl.†; Mead Johnson, Ital.; Mead Johnson, Malaysia†; BMS, Pol.; Mead Johnson, Pol.; Mead Johnson, Port.†; BMS, S.Afr.; Mead Johnson, Singapore†; Mead Johnson Nutritionals, USA.*
Preparation for enteral nutrition (p.1922·1).
Disorders of fat absorption and digestion; lactose intolerance.

Portal *Lek, Cz.; Lek, Hung.; Lek, Rus.*
Fluoxetine hydrochloride (p.391·2).
Anorexia nervosa; bulimia nervosa; depression; obsessive-compulsive disorder; panic disorder.

Portalac *Belupo, Rus.*
Lactulose (p.1738·2).
Constipation; hepatic encephalopathy.

Portamin *Darrow, Braz.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Portia *Barr, USA.*
Ethinylestradiol (p.2101·3); levonorgestrel (p.2121·2).
28-Day packs also contain 7 inert tablets.
Combined oral contraceptive.

Portiron *Gedeon Richter, Hung.*
Losartan potassium (p.1326·1).
Diabetic nephropathy; heart failure; hypertension; stroke prophylaxis.

Portiv *Buxton, Arg.*
Pramipexole (p.814·2).
Parkinsonism.

Portolac *Novartis Consumer, Austria†; Novartis Consumer, Belg.; Novartis Consumer, Ital.; Shinyaku, Jpn.*
Lactitol (p.1738·2).
Constipation; hepatic encephalopathy; hyperammonaemia.

Poruxin *Vianex (Βιανεξ), Gr.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Posalfilin *Norgine, Austral.; Norgine, Hong Kong†; Norgine, Irl.; Norgine, Malaysia†; Norgine, NZ; Norgine, S.Afr.; Norgine, Singapore†; Norgine, UK.*
Podophyllum resin (p.1610·2); salicylic acid (p.1612·2).
Warts.

Posanin *Pose, Thai.*
Dipyridamole (p.1268·1).
Ischaemic heart disease; thrombosis prophylaxis.

Posdrink *Catarinense, Braz.*
Aspirin (p.20·3); mepyramine maleate (p.585·2); caffeine (p.1116·3).
Aluminium hydroxide (p.1706·2) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Fever; pain.

Pose-Bac *Pose, Thai.*
Benzalkonium chloride (p.1629·1).
Disinfection.

Pose-Crequat *Pose, Thai.*
Phenolic compound; quaternary ammonium compound.
Disinfection.

Pose-Cresol *Pose, Thai.*
Phenolic compound (p.1656·1).
Hand disinfectant.

Posedene *Pose, Thai.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Pose-Iodophore *Pose, Thai.*
Iodine (p.2169·2).
Disinfection.

Posene *Pose, Thai.*
Dipotassium clorazepate (p.980·1).
Anxiety; insomnia.

Posequat *Pose, Thai.*
Quaternary ammonium compound.
Disinfection.

Posequat with GA *Pose, Thai.*
Glutaral (p.1645·2); quaternary ammonium compound.
Disinfection.

Posicycline *Alcon, Fr.*
Oxytetracycline hydrochloride (p.312·3).
Bacterial eye infections.

Posid *Cadila, India; Pharmachemie, Philipp.*
Etoposide (p.718·1).
Malignant neoplasms.

Posidol *Pharmaland, Thai.*
Mebhydrolin napadisilate (p.584·3).
Hypersensitivity reactions.

Posidon *Darrow, Braz.*
Etoposide (p.718·1).
Malignant neoplasms.

Posifenicol *Ursapharm, Ger.*
Azidamfenicol (p.206·3).
Bacterial eye infections.

Posifenicol C *Ursapharm, Ger.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Posiformin *Ursapharm, Ger.*
Bibrocathol (p.2266·1).
Inflammatory eye disorders.

Posiject *Boehringer Ingelheim, Irl.†; Alliance, S.Afr.†; Boehringer Ingelheim, UK†.*
Dobutamine hydrochloride (p.1271·2).
Cardiac stress testing; heart failure.

Posine *Alcon, Fr.†.*
⊗ Oxedrine tartrate (p.1364·3); chlorhexidine gluconate (p.1635·3).
Conjunctival irritation.

Posinova *Orion, Fin.*
Aspirin (p.20·3); caffeine (p.1116·3); ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Posipen *Sanfer, Mex.*
Dicloxacillin sodium (p.265·2).
Gram-positive bacterial infections.

Positivum *Sanova, Austria.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Positon *Iquinosa, Spain.*
⊗ Neomycin sulfate (p.305·1); nystatin (p.543·2); triamcinolone (p.1544·2) or triamcinolone acetonide (p.1544·3).
Infected skin disorders.

Posivil *Orion, Fin.†.*
Aspirin (p.20·3); caffeine (p.1116·3); noscapine hydrochloride (p.1566·3); ascorbic acid (p.1983·3).
Cold and influenza symptoms; coughs.

Posivyl *Laboratorios Chile, Chile.*
Paroxetine hydrochloride (p.414·2).
Depression.

Poslov *Cifarma, Braz.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Posnac *Pose, Thai.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders.

Posorutin *Ursapharm, Ger.; Ursapharm, Pol.*
Troxerutin (p.2305·1).
Haemorrhoids; vascular eye disorders; venous insufficiency.

Pospargin *Kalbe, Indon.*
Methylergometrine maleate (p.2011·1).
Lochiometra; postpartum haemorrhage; third-stage labour management; uterine atony.

Postacne *Dermik, Canad.†.*
Colloidal sulfur (p.1614·1).
Acne.

Postadoxin N *Rodleben, Ger.*
Meclozine hydrochloride (p.584·3).
Motion sickness; nausea; vomiting.

Postadoxine
Note. This name is used for preparations of different composition.
UCB, Philipp.
Meclozine hydrochloride (p.584·3).
Nausea and vomiting.

UCB, Turk.
Meclozine hydrochloride (p.584·3); vitamin B (p.1978·2).
Motion sickness; nausea and vomiting.

Postafen
Note. This name is used for preparations of different composition.
Sanofi-Aventis, Braz.
Buclizine hydrochloride (p.570·1).
Reduced appetite.

UCB, Cz.†; UCB, Denm.; UCB, Fin.; UCB, Norw.; UCB, Swed.
Meclozine hydrochloride (p.584·3).
Allergic rhinitis; motion sickness; nausea; urticaria; vertigo; vomiting.

UCB, Ger.†.
Meclozine (p.585·1) or meclozine hydrochloride (p.584·3).
Hypersensitivity reactions; nausea; vomiting.

Postafene *UCB, Belg.; UCB, Gr.†; UCB, Hong Kong.*
Meclozine hydrochloride (p.584·3).
Motion sickness; nausea and vomiting; vertigo.

Postafeno *UCB, Port.†.*
Buclizine (p.570·1).

Postap *Pose, Thai.*
Brompheniramine maleate (p.569·2); phenylephrine hydrochloride (p.1568·1).
Coughs; hypersensitivity reactions; nasal congestion.

Postap Expectorant *Pose, Thai.*
Guaifenesin (p.1561·3); brompheniramine maleate (p.569·2); phenylephrine hydrochloride (p.1568·1).
Coughs; hypersensitivity reactions; nasal congestion.

Postarax *Pose, Thai.†.*
Hydroxyzine hydrochloride (p.581·2).
Anxiety; nausea and vomiting; pruritus.

Post-Day *Investigacion, Mex.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Postec *Apsen, Braz.*
⊗ Hyaluronidase (p.2321·1); betamethasone valerate (p.1519·1).

Posterine *Kade, Ger.*
Hamamelis (p.2318·2).
Anorectal disorders.

Posterine Corte *Kade, Ger.†.*
⊗ Hydrocortisone acetate (p.1535·2).
Anorectal disorders.

Posterisan *Mayrhofer, Austria†; Kade, Ger.; Kade, Hong Kong; Kade, Philipp.; Kade, Pol.; Kade, Rus.; Kade, Thai.†.*
Escherichia coli.
Anorectal disorders.

Posterisan cort *Kade, Ger.*
⊗ Hydrocortisone acetate (p.1535·2).
Anorectal disorders.

Posterisan Forte *Kade, Ger.†; Kade, Hong Kong; Kade, Hung.; Kade, Rus.*
⊗ Cell components and metabolic products of *Escherichia coli*; hydrocortisone (p.1535·2).
Anorectal disorders.

Posterisan H *Kade, Pol.*
⊗ *Escherichia coli*; hydrocortisone (p.1535·2).
Anorectal disorders.

Posti N *Kade, Ger.†.*
Rutoside (p.2305·1); esculoside (p.2248·2).
Haemorrhoids; venous insufficiency.

Postinor *Medimpex, Austria; Mithra, Belg.; Gedeon Richter, Cz.; Medimpex, Denm.; Schering, Fin.†; Schering, Gr.; Gedeon Richter, Malaysia; Medimpex, Neth.; Medimpex, Norw.; Schering, Port.; Gedeon Richter, Rus.; Gedeon Richter, Singapore; Schering, Spain; Schering, Swed.; Gedeon Richter, Thai.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Postinor-2 *Gobbi, Arg.; Schering, Austral.; Ache, Braz.; Grunenthal, Chile†; Gedeon Richter, Hong Kong; Tunggal Idaman, Indon.; Gedeon Richter, Israel; DNA, Mex.; Schering, NZ; Medimpex, UK; Aciprosalud, Venez.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Postinor Uno *Ache, Braz.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Postinor-Duo *Richter, Pol.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

PostMI *Focus, UK†.*
Aspirin (p.20·3).
Angina; ischaemic heart disease; myocardial infarction.

Postop *Sensomed, Philipp.*
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected eye disorders.

Postopyl *LED, Fr.†.*
Fluoridated polymer; aloe vera (p.1588·2).
Minor skin damage.

Postotic *Sensomed, Philipp.*
⊗ Dexamethasone (p.1526·1); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected ear disorders.

Postoval
Note. This name is used for preparations of different composition.
Wyeth, Braz.†; Wyeth, Chile†.
11 Tablets, estradiol valerate (p.2097·3); 10 tablets, estradiol valerate; levonorgestrel (p.2121·2).
Menopausal disorders; menstrual disorders.

Akromed, S.Afr.
11 Tablets, estradiol valerate (p.2097·3); 10 tablets, estradiol valerate; norgestrel (p.2121·2); 7 tablets, inert.
Menopausal disorders; menstrual disorders.

Postuitrin *Ulagay, Turk.*
Oxytocin (p.2015·2).
Caesarean section; incomplete abortion; labour induction; postpartum haemorrhage.

Posture *Whitehall, USA.*
Calcium phosphate (p.1676·2).
Calcium supplement.

Posture D *Wyeth, Mex.*
Tribasic calcium phosphate (p.1676·2); colecalciferol (p.1986·2).
Calcium and vitamin D supplement; osteomalacia; osteoporosis; rickets; tetanus.

Posture-D *Whitehall, USA.*
Calcium phosphate (p.1676·2); vitamin D (p.1986·1).
Calcium supplement.

Posyd *Pharmachemie, Indon.*
Etoposide (p.718·1).
Malignant neoplasms.

Potaba *Glenwood, Austria; Glenwood, Canad.; Glenwood, Ger.; IFET (ΙΦΕΤ), Gr.; Glenwood, UK; Glenwood, USA.*
Potassium aminobenzoate (p.2371·1).
Dermatomyositis; morphoea; pemphigus; Peyronie's disease; polymyositis; scleroderma.

Potable Aqua *IBIS, UK; Wisconsin Pharmacal, USA.*
Tetraglycine hydroperiodide (p.1663·3).
Disinfection of drinking water.

Potacol-R *Otsuka, Indon.; Otsuka, Jpn.*
Electrolyte infusion with maltose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders; metabolic acidosis.

Potasalan *Lannett, USA.*
Potassium chloride (p.1684·3).
Hypokalaemia; potassium depletion.

Potasi *Eagle, Austral.*
Dibasic potassium phosphate (p.1682·2); potassium citrate (p.1673·2); potassium aspartate (p.1684·2); potassium orotate (p.2358·3).
Potassium supplement.

Potasico *Bieffe, Spain.*
Potassium chloride (p.1684·3); sodium chloride (p.1686·1).
Diabetic ketoacidosis; hypokalaemia.

Potasio C *Dominguez, Arg.*
Potassium chloride (p.1684·3); sodium ascorbate (p.1984·1).
Electrolyte supplement.

Potasion *Sanofi-Aventis, Spain.*
Potassium chloride (p.1684·3).
Potassium depletion.

Potasion Solucion *Sanofi-Aventis, Spain.*
Potassium gluceptate (p.1685·1).
Hypokalaemia.

Potasoral *Armstrong, Mex.*
Potassium gluconate (p.1684·3).
Hypokalaemia.

Potassion *Miba, Ital.*
Potassium succinate (p.1685·1); potassium malate (p.1685·1); potassium citrate (p.1673·2); potassium acid tartrate (p.1764·1); potassium bicarbonate (p.1673·1).
Acidosis; potassium deficiency.

Potassium Iodide and Stramonium Compound *McGloin, Austral.†.*
⊗ Potassium iodide (p.2169·2); stramonium (p.2392·3); lobelia (p.2157·2); liquorice (p.1740·3).
Coughs; respiratory-tract congestion.

Potassium MG *Miba, Ital.†.*
Potassium gluconate (p.1684·3); magnesium hydroxide (p.1743·2).
Magnesium and potassium supplement.

Potassium-Rougier *Rougier, Canad.†.*
Potassium gluconate (p.1684·3).
Potassium supplement.

Potassride *General Drugs, Thai.*
Potassium chloride (p.1684·3).
Hypokalaemia.

Pota-Vi-Kin *Collins, Mex.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Potazen *Medikon, Indon.*
Diclofenac potassium (p.44·3).
Inflammation; pain.

Potcit *CCM, Malaysia; Beacons, Singapore.*
Potassium citrate (p.1673·2); citric acid (p.2284·1).
Alkalinisation of urine; potassium supplement; urinary-tract infections.

Pot-Citra *Hoe, Malaysia.*
Potassium salts (p.1684·2).
Acidosis; alkalinisation of urine; gout; potassium supplement.

Potekam *Dosa, Arg.*
Topotecan (p.780·2).
Malignant neoplasms.

Poten-Cee *Pascual, Philipp.*
Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Potenciator *Iquinosa, Spain.*
Arginine aspartate (p.1928·2).
Tonic.

Potencil *Sanitas, Arg.*
Cyproheptadine hydrochloride (p.575·1); arginine hydrochloride; cobamamide (p.1922·1).
Anabolic; reduced appetite.

Potencort *Julphar, UAE.*
⊗ Fluticasone propionate (p.1533·2).
Skin disorders.

Potensium gelule *Arkopharma, Fr.*
Potassium bicarbonate (p.1673·1).
Potassium supplement.

Potensium sel de table *Arkopharma, Fr.*
Potassium bicarbonate (p.1673·1); sodium chloride (p.1686·1).
Table salt substitute.

Potensone *Pharmasant, Thai.†.*
Fluphenazine hydrochloride (p.998·1).
Anxiety.

Potentol *Orion, Fin.†.*
⊗ Methyltestosterone (p.2117·1); meprobamate (p.1006·2); yohimbine hydrochloride (p.2200·2).
Erectile dysfunction.

Potenzia *Lifeplan, UK.*
Vitamins; minerals; saw palmetto; pygeum africanum; urticaria; bearberry; curcumin; tomato (p.1922·1).
Dietary supplement for men.

Potesept *ICN, Hung.†.*
Sulfadimidine (p.338·1); trimethoprim (p.355·2).
Bacterial infections.

Potional *Kleva, Gr.*
Nitrendipine (p.1358·2).
Hypertension.

Potklor *Bushnell, India.*
Potassium chloride (p.1684·3).
Hypokalaemia.

Po-Trim *Polipharm, Thai.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Potsilo N *Stark, Ger.*
Bisacodyl (p.1710·1); calcium pantothenate (p.1959·3).
Constipation.

Potter's Catarrh Pastilles *Ernest Jackson, UK.*
Pine silvestris oil (p.2368·2); pumilio pine oil (p.2376·3); eucalyptus oil (p.2301·2); menthol (p.2340·1); thymol (p.1664·3); althaea (p.2253·3).
Cough and cold symptoms.

Potters Children's Cough Pastilles *Ernest Jackson, UK.*
Ipecacuanha (p.1562·3); squill (p.1573·1); citric acid (p.2284·1); honey (p.1948·2).
Formerly known as Jacksons Childrens Cough Pastilles.
Coughs.

Potters Decongestant Pastilles *Ernest Jackson, UK.*
Menthol (p.2340·1); eucalyptus oil (p.2301·2).
Coughs; nasal congestion.

Potters Gees Linctus *Ernest Jackson, UK.*
Camphorated opium tincture; squill (p.1573·1); cinnamic acid (p.1640·3); benzoic acid (p.1630·2); glacial acetic acid (p.2244·2); honey (p.1948·2).
Coughs.

Potters Strong Bronchial Catarrh Pastilles *Ernest Jackson, UK.*
Menthol (p.2340·1); benzoin tincture (p.2394·2); anise oil (p.2258·2); peppermint oil (p.1761·2); capsicum oleoresin (p.2276·2).
Catarrh; coughs and cold symptoms.

Potters Sugar Free Cough Pastilles *Ernest Jackson, UK.*
Liquorice (p.1740·3); menthol (p.2340·1); benzoin tincture (p.2394·2); anise oil (p.2258·2); clove oil (p.2285·1); peppermint oil (p.1761·2); capsicum oleoresin (p.2276·2).
Catarrh; cold symptoms; coughs.

Potussan *Pharmasant, Thai.*
Dextromethorphan (p.1555·2).
Coughs.

Poudre du Marcheur *Laphi, Fr.*
Irgasan (p.1665·2); lavender oil (p.2331·2); lemon oil (p.2332·3); pine oil (p.2368·2); zinc oxide (p.1621·2); talc (p.1615·2); starch (p.1968·1).
Foot hygiene; hyperhidrosis.

Poudre Velours *Eurogenerics, Belg.*
Ichthammol (p.1599·1).
Skin disorders.

Povadine *Hua, Thai.*
Povidone-iodine (p.1659·2).
Burns; wound disinfection.

Povanil *Pharmasant, Thai.*
Clonazepam (p.478·2).
Epilepsy.

Povanyl *Omega, Fr.*
Pyrvinium embonate (p.155·3).
Enterobiasis.

Povi Complex *Hexa, Arg.*
Povidone-iodine (p.1659·2).
Skin, mucous membrane, and instrument disinfection.

Povibac *Sertex, Arg.*
Povidone-iodine (p.1659·2).
Skin infections; skin, mucous membrane, wound, and burn disinfection.

Povicler *Monserrat, Arg.*
Povidone-iodine (p.1659·2).
Disinfection.

Poviderm *Farmec, Ital.; Hoe, Malaysia.*
Povidone-iodine (p.1659·2).
Burns; skin and wound disinfection; skin infections; wounds.

Povidine *Stadmed, India; Phoenix, Philipp.; Pharmacia, Venez.†.*
Povidone-iodine (p.1659·2).
Burns; mouth infections; mucous membrane, skin, and wound disinfection; skin infections; vaginal infections; wounds.

Povin *Andromaco, Chile.*
Vitamin A (p.1971·2); vitamin D (p.1986·1); pantothenilic alcohol; zinc oxide (p.1621·2).
Skin disorders.

Poviral *Roemmers, Arg.*
Aciclovir (p.862·3).
Herpesvirus infections.

Poviseptin *Cagdas, Turk.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Povitiol *Biosintex, Arg.*
Povidone-iodine (p.1659·2).
Disinfection.

Powdered C *GNLD, Austral.*
Ascorbic acid and other vitamin C substances (p.1922·1).
Vitamin C deficiency.

Power Orot *Worwag, Ger.*
Magnesium orotate (p.2358·3).
Magnesium deficiency.

Power plus power *Ipca, India†.*
Multivitamin and mineral preparation (p.1922·1).

Powercef *Wockhardt, India.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Powercort *Glenmark, Singapore.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Powergel *Menarini, UK.*
Ketoprofen (p.73·1).
Soft-tissue injury.

Powergyl *Cipla, India.*
Norfloxacin (p.309·2); metronidazole (p.837·1).
Bacterial infections.

PowerMate *Green Turtle Bay Vitamin Co., USA.*
Vitamins; minerals; green tea extract; ginkgo biloba extract; glutathione; acetylcysteine; echinacea; golden seal root; pine bark extract (p.1922·1).
Tonic.

PowerSleep *Green Turtle Bay Vitamin Co., USA.*
Vitamins; minerals; passion flower; valerian; oxitriptan; melatonin (p.1922·1).
Tonic.

PowerVites *Green Turtle Bay Vitamin Co., USA.*
Vitamins; minerals; aminobenzoic acid; inositol; bioflavonoids; bee pollen; folic acid (p.1922·1).
Tonic.

Pozapam *Pharmasant, Thai.*
Prazepam (p.1019·3).
Anxiety.

Pozato *Libbs, Braz.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Pozhexol *Pharmasant, Thai.*
Trihexyphenidyl hydrochloride (p.820·2).
Parkinsonism.

Pozitron-Scan-FDG *Pozitron, Hung.*
Fluorine-18 labelled fludeoxyglucose (p.2053·3).
Radionuclide for detection of malignant neoplasms by positron-emission tomography.

PPB *Medisys, Philipp.*
Phenylpropanolamine hydrochloride (p.1569·3); phenylephrine hydrochloride (p.1568·1); brompheniramine maleate (p.569·2).
Nasal congestion.

PPG *Bago, Chile.*
Policosanol (p.1373·3).
Hypercholesterolaemia.

PPS *Baxter, Ital.*
⊗ Plasma protein fraction (p.1076·2).
Burns; hypovolaemia; shock.

PPSB Conc SD *CAF-DCF, Belg.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

PPSB Konzentrat S-TIM *Baxter BioScience, Ger.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

PR21 *Sigma, Arg.*
Saw palmetto (p.2192·3); pollen (p.2370·2); tomato.
Benign prostatic hyperplasia.

PR Freeze Spray *Crookes Healthcare, UK.*
Dimethyl ether (p.1689·2); dimethoxymethane (p.2294·1).
Muscular pain and stiffness.

PR Heat Spray *Crookes Healthcare, UK.*
Methyl salicylate (p.85·3); ethyl nicotinate (p.52·1); camphor (p.2273·2).
Bruises; muscular and rheumatic pain; sprains.

Pra-Brexidol *Pharmacia, Ger.†.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and soft-tissue disorders.

Pracap *Darrow, Braz.*
⊗ Finasteride (p.2188·3).
Alopecia.

Pracem *Novag, Mex.*
Dipyridamole (p.1268·1).

Pracne *Grunenthal, Chile.*
Minocycline (p.300·3).
Bacterial infections.

Practazin *Pfizer, Fr.*
⊗ Spironolactone (p.1400·1); altizide (p.1209·1).
Hypertension; oedema.

Practil *Organon, Ital.*
Desogestrel (p.2093·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Practin *Merind, India.*
Cyproheptadine hydrochloride (p.575·1).
Hypersensitivity disorders; migraine.

Practiser *Serral, Mex.*
Diclofenac (p.44·2).
Inflammation; pain.

Practizol *Collins, Mex.*
Astemizole (p.567·2).
Hypersensitivity.

Practo-Clyss *Braun, Belg.; Fresenius Kabi, Ger.; Braun, Switz.†.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Practomil *Braun, Switz.*
Glycerol (p.2314·2).
Bowel evacuation; constipation.

Practon *Pfizer, Fr.*
⊗ Spironolactone (p.1400·1).
Hyperaldosteronism; hypertension; myasthenia; oedema.

Pradamin *Valmor, Venez.†.*
Metoclopramide (p.1747·3).

Pradaxa *Boehringer Ingelheim, Cz.; Boehringer Ingelheim, UK.*
Dabigatran etexilate mesilate (p.1254·3).
Thromboembolism prophylaxis following orthopaedic surgery.

Pradente *Dinafarma, Braz.†.*
Procaine hydrochloride (p.1869·1); phenol (p.1656·1).
Mouth and throat disorders.

Pradex *Merck, Mex.*
Metoclopramide hydrochloride (p.1747·3).
Aid in gastrointestinal examination; gastrointestinal motility disorders; nausea and vomiting.

Pradif *Boehringer Ingelheim, Gr.; Boehringer Ingelheim, Ital.; Boehringer Ingelheim, Port.; Boehringer Ingelheim, Switz.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Pradinolol *Ducto, Braz.*
⊗ Propranolol hydrochloride (p.1380·3).
Arrhythmias; hypertension.

Praeciglucon *Pfleger, Ger.†.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Praecineural *Pfleger, Ger.*
Aspirin (p.20·3); codeine phosphate (p.37·2).
Glycine (p.1947·3) is included in the tablets in an attempt to limit adverse effects on the gastrointestinal mucosa.
Pain; rheumatism.

Praecordin S *Altana, Ger.†.*
Strong camphor oil (p.2273·3); menthol (p.2340·1); benzyl nicotinate (p.28·1).
Cardiac disorders.

Praedex *Fresenius Kabi, Austria.*
⊗ Dextran 1 (p.1058·3).
Prevention of anaphylactic reactions to infusions of dextrans.

Praedyn *Leciva, Cz.†.*
⊗ Chorionic gonadotrophin (p.2085·1).
Cryptorchidism; male and female infertility.

Praefeminon plus *Cesra, Ger.†.*
Ferric ammonium citrate (p.1938·1); pulsatilla pratensis; valeriana officinalis.
Gynaecological disorders.

Prafamoc *Prafa, Indon.*
Amoxicillin (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Pragesol *Novell, Indon.*
Dipyrone (p.49·2).
Fever; pain.

Pragmatar
Note. This name is used for preparations of different composition.
GSK, India.
Benzoic acid (p.1630·2); salicylic acid (p.1612·2); menthol (p.2340·1); camphor (p.2273·2).
Dandruff; fungal skin infections; seborrhoeic dermatitis.

Alliance, Irl.; Alliance, UK†.
Coal tar (p.1616·2); sulfur (p.1614·1); salicylic acid (p.1612·2).
Dandruff; scalp disorders; skin disorders.

Pragmaten *Sanofi-Aventis, Chile.*
Fluoxetine hydrochloride (p.391·2).
Depression; mixed anxiety depressive states.

Prairie Gold *Larkhall Laboratories, UK.*
Vitamin E (p.1992·2).

Praize *Ipca, India.*
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer.

Praize-D *Ipca, India.*
Pantoprazole (p.1760·1); domperidone (p.1726·2).
Gastro-oesophageal reflux.

Prakten *Ilsan, Turk.*
Cyproheptadine hydrochloride (p.575·1).
Hypersensitivity reactions; migraine.

Pralax *Pratapa Nirmala, Indon.*
Lactulose (p.1738·2).
Constipation.

Pralenal *Opus, UK†.*
Enalapril maleate (p.1276·1).
Angina pectoris; heart failure; hypertension.

Pralexin *Prafa, Indon.*
Cefalexin (p.218·2).
Bacterial infections.

Pralifan *Inibsa, Spain.*
Mitoxantrone hydrochloride (p.754·1).
Malignant neoplasms; multiple sclerosis.

Pralol *Pharmasant, Thai.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety; hypertension; migraine; myocardial infarction; tremor.

Pralotam *Mediapharm, Gr.*
Citalopram (p.385·3).
Depression.

Pram *Lannacher, Austria; Lannacher, Cz.; Lannacher, Rus.*
Citalopram hydrobromide (p.385·3).
Anxiety; depression; obsessive-compulsive disorder; panic disorder.

Pramace *AstraZeneca, Swed.*
Ramipril (p.1385·3).
Atherosclerosis; diabetic nephropathy; heart failure; hypertension.

Pramalon *Merck, S.Afr.*
Metoclopramide hydrochloride (p.1747·3).
Gastric hypomotility; gastrointestinal examination; nausea and vomiting.

Pramcil *Medipharm, Chile.*
Citalopram hydrobromide (p.385·3).
Depression; panic disorder.

PrameGel *Medicis, Canad.; Bioglan, USA.*
Pramocaine hydrochloride (p.1868·1); menthol (p.2340·1).
Pruritus.

Pramet *Abbott, Port.†.*
Multivitamin and mineral preparation (p.1922·1).

Pramet FA *Abbott, Hong Kong†.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).

Pramexyl *Epifarma, Ital.*
Citalopram hydrobromide (p.385·3).
Anxiety disorders; depression.

Pramidal *Probiomed, Mex.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Pramidalin *Ducto, Braz.*
Chlorpropamide (p.438·3).
Diabetes mellitus.

Pramide
Note. This name is used for preparations of different composition.
Winthrop, Port.
Pyrazinamide (p.320·2).
Tuberculosis.

Galeno, Venez.
Metoclopramide (p.1747·3).
Gastrointestinal disorders.

Pramidin *CSC, Austria; Medicom, Cz.†; Sirton, Ital.; Crinos, Pol.*
Metoclopramide hydrochloride (p.1747·3).
Diabetic gastroparesis; gastrointestinal disorders; nausea and vomiting.

Pramigel *Carnot, Mex.*
Metoclopramide hydrochloride (p.1747·3); aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Gastrointestinal disorders; migraine.

Pramil *Greenpharma, Braz.*
Metoclopramide (p.1747·3).
Gastrointestinal disorders; nausea and vomiting.

Pramilem *Lemery, Mex.*
Metoclopramide (p.1747·3).
Gastrointestinal motility disorders; nausea and vomiting.

Pramilet *Abbott, Malaysia.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).
Dietary supplement during pregnancy and lactation.

Pramilet FA *Abbott, Singapore; Abbott, Thai.†.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).

Pramin *Alphapharm, Austral.; Rafa, Israel.*
Metoclopramide hydrochloride (p.1747·3).
Adjunct in gastrointestinal examination; dyspepsia; gastroparesis; hiccups; nausea and vomiting; peptic ulcer.

Praminal *Merck, Indon.*
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal disorders.

Praminan *Cazi, Braz.*
Imipramine hydrochloride (p.400·3).
Depression.

Pramino *Janssen-Cilag, Cz.; Janssen-Cilag, Ger.*
Norgestimate (p.2121·1); ethinylestradiol (p.2101·3).
Acne; triphasic oral contraceptive.

Pramolan *Polpharma, Pol.*
Opipramol hydrochloride (p.414·1).
Depression; menopausal disorders; neurosis; sleep disorders.

Pramosone *Ferndale, USA.*
⊗ Hydrocortisone acetate (p.1535·2); pramocaine hydrochloride (p.1868·1).
Skin disorders.

PramOtic *Hawthorn, USA.*
Chloroxylenol (p.1640·2); pramocaine hydrochloride (p.1868·1).
Bacterial infections of the external ear.

Pramotil *Pisa, Mex.†.*
Metoclopramide (p.1747·3).
Nausea and vomiting.

Pramox *Isdin, Spain; Hawthorn, USA.*
Pramocaine hydrochloride (p.1868·1).
Pruritus; skin irritation.

Pramox HC *Dermtek, Canad.*
⊗ Hydrocortisone acetate (p.1535·2); pramocaine hydrochloride (p.1868·1).
Skin disorders.

Pramur *Prafa, Indon.*
Ursodeoxycholic acid (p.2408·1).
Cholesterol gallstones; hypercholesterolaemia; liver disorders.

Pranadox *Pisa, Mex.*
Zidovudine (p.913·3).
HIV infection.

Pranalip *Hexal, S.Afr.*
Pravastatin sodium (p.1374·3).
Coronary heart disease; hypercholesterolaemia.

Prandase *Bayer, Canad.; Agis, Israel.*
Acarbose (p.436·2).
Diabetes mellitus.

Prandin *Medley, Braz.; Novo Nordisk, Cz.; Novo Nordisk, Neth.; Novo Nordisk, Port.; Menarini, Spain; Daiichi Sankyo, UK; Novo Nordisk, USA.*
Repaglinide (p.457·2).
Formerly known as NovoNorm in the *UK*.
Diabetes mellitus.

Prandin E_2 *Pharmacia, S.Afr.*
Dinoprostone (p.2007·1).
Labour induction.

Pranex *Bayer, Venez.*
Acemetacin (p.15·1).
Inflammation; pain.

Pranix *Liferpal, Mex.*
Lansoprazole (p.1739·2).
Peptic ulcer.

Pranofen *Alcon, Gr.*
Pranoprofen (p.119·1).
Inflammatory eye disorders.

Pranoflog *SIFI, Ital.*
Pranoprofen (p.119·1).
Anterior eye inflammation.

Pranolal *Cazi, Braz.*
⊗ Propranolol hydrochloride (p.1380·3).
Arrhythmias; hypertension.

Pranolol *Alpharma, Norw.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; migraine; myocardial infarction; phaeochromocytoma; tremor.

Pranoral *Keyerson, Mex.†.*
⊗ Propranolol (p.1381·1).
Hypertension.

Pranosine *Sanfer, Mex.*
Inosine pranobex (p.884·2).
Viral infections.

Pranox *Meda, Belg.*
Pranoprofen (p.119·1).
Eye inflammation.

Prantal *Schering-Plough, Austral.; Schering-Plough, Ital.†; Schering-Plough, NZ.*
Diphemanil metilsulfate (p.2295·2).
Hyperhidrosis.

Pranzo *Vinas, Spain.*
Cyproheptadine hydrochloride (p.575·1); carnitine hydrochloride (p.1933·1); lysine hydrochloride (p.1955·1).
Anorexia; tonic.

Praoz *Actavis, Port.*
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer.

Praquantel *Atlantic, Thai.*
Praziquantel (p.153·3).
Trematode infections.

Prareduct *Sankyo, Belg.†; Sankyo, Spain.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; hypercholesterolaemia.

Prascolend *Ivax, Mex.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; hypercholesterolaemia.

Prasepine *Pfizer, Thai.*
Prazepam (p.1019·3).
Anxiety; skeletal muscle spasm.

Prasig *Sigma, Austral.†.*
Prazosin hydrochloride (p.1375·2).
Benign prostatic hyperplasia; heart failure; hypertension; Raynaud's syndrome.

Prasikon *Polipharm, Thai.*
Praziquantel (p.153·3).
Trematode infections.

Prasiver *Maver, Mex.*
Pravastatin (p.1375·1).

Prasterol *Lusofarmaco, Ital.*
Pravastatin sodium (p.1374·3).
Cardiovascular disorders; hypercholesterolaemia.

Prastin *Teva, Hung.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Pratazine *Sedabel, Braz.†.*
Sulfadiazine silver (p.337·2).
Skin infections.

Praten *Prafa, Indon.*
Captopril (p.1239·2).
Heart failure; hypertension.

Praticef *Caber, Ital.*
Cefonicid sodium (p.226·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Praticilin *Prati-Donaduzzi, Braz.†.*
Ampicillin (p.204·1).
Bacterial infections.

Pratiflip *Tiefenbacher, Neth.†.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pratropil *Fahrenheit, Indon.*
Piracetam (p.368·2).
Cerebral trauma; intellectual improvement in children; mental function impairment.

Pratsiol *Douglas, Austral.; Orion, Fin.; Douglas, NZ; Pharmacare, S.Afr.; Orion, Thai.†.*
Prazosin hydrochloride (p.1375·2).
Benign prostatic hyperplasia; heart failure; hypertension; Raynaud's syndrome.

Praux *Fabop, Arg.*
Metoclopramide (p.1747·3).
Gastrointestinal disorders.

Prava
Note. This name is used for preparations of different composition.
BMS, S.Afr.
Pravastatin sodium (p.1374·3).
Hypercholesterolaemia.

BMS, Switz.
Lomustine (p.741·1).
Malignant neoplasms.

Prava Basics *Basics, Ger.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravabeta *Betapharm, Ger.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravachol *BMS, Austral.; BMS, Austria; BMS, Canad.; BMS, Denm.; BMS, Fin.; BMS, Gr.; BMS, Hong Kong; BMS, Indon.; BMS, Malaysia; BMS, NZ; BMS, Norw.; BMS, Singapore; BMS, Swed.; BMS, Turk.; BMS, USA.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia; transplant rejection; unstable angina pectoris.

Pravacol *BMS, Arg.; BMS, Braz.; BMS, Chile; BMS, Mex.; BMS, Port.; BMS, Venez.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Pravadual *BMS, Fr.*
Aspirin (p.20·3); pravastatin (p.1375·1).
Cardiovascular risk reduction.

Pravafact *AG Therapy, Gr.*
Pravastatin (p.1375·1).
Hyperlipidaemias.

Pravagamma *Worwag, Ger.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravahelp *Help, Gr.*
Pravastatin (p.1375·1).
Hyperlipidaemias.

PravaLich *Winthrop, Ger.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravalip
Mibe, Ger.; Lavipharm, Gr.
Pravastatin sodium (p.1375·1).
Cardiovascular risk reduction; hypercholesterolaemia.

Trima, Israel.
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravalipem *Qualitec, Spain†.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; hyperlipidaemias.

Pravalong *Faran, Gr.*
Pravastatin (p.1375·1).
Hyperlipidaemias.

Pravalotin *Mepha, Switz.*
Pravastatin sodium (p.1374·3).
Hypercholesterolaemia; myocardial infarction; unstable angina pectoris.

Pravamel *Clonmel, Irl.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia; post-transplant hyperlipidaemia in patients on immunosuppressive therapy.

Pravandrea *Ratiopharm, Neth.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravanox *Verisfield, Gr.*
Pravastatin (p.1375·1).
Hyperlipidaemias.

Pravaselect *Menarini, Ital.*
Pravastatin sodium (p.1374·3).
Cardiovascular disorders; hypercholesterolaemia.

Pravasin *BMS, Ger.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravasine *BMS, Belg.*
Pravastatin sodium (p.1374·3).
Hypercholesterolaemia.

Pravasta eco *Ecosol, Switz.*
Pravastatin sodium (p.1374·3).
Hypercholesterolaemia; myocardial infarction; unstable angina pectoris.

Pravastar *Apotex, Hung.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravat *Pinewood, Irl.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Pravatine *Spirig, Switz.*
Pravastatin sodium (p.1374·3).
Coronary heart disease; hypercholesterolaemia.

Pravator *Stancare, India.*
Pravastatin (p.1375·1).
Cardiovascular risk reduction; hyperlipidaemias.

Pravedol *Biomedica-Chemica, Gr.*
Pravastatin (p.1375·1).
Hyperlipidaemias.

Pravidel *Novartis, Ger.; Novartis, Swed.*
Bromocriptine mesilate (p.798·1).
Acromegaly; amenorrhoea; female infertility; galactorrhoea; hyperprolactinaemia; lactation inhibition; parkinsonism.

Pravidine *Arlex, Mex.*
Stavudine (p.907·1).
HIV infection.

Pravigard PAC *BMS, USA†.*
Tablets, aspirin (p.20·3); tablets, pravastatin sodium (p.1374·3).

Pravil *Duncan, Arg.*
Omeprazole (p.1753·1).
Peptic ulcer.

Pravin *Farmanic, Gr.*
Pravastatin (p.1375·1).
Hyperlipidaemias.

Pravitin *Rowex, Irl.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia; post-transplant hyperlipidaemia in patients on immunosuppressive therapy.

Pravlon *Prafa, Indon.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1).
Skin disinfection.

Pravostin *Minerva (Μινέρβα), Gr.*
Pravastatin (p.1375·1).
Hyperlipidaemias.

Prax *Ferndale, USA.*
Pramocaine hydrochloride (p.1868·1).
Local anaesthesia.

Praxedol *Probiomed, Mex.*
Naproxen (p.92·3).
Inflammation; pain.

Praxel *Laboratorios Chile, Chile; Lemery, Mex.; Lemery, Thai.*
Paclitaxel (p.759·1).
Breast cancer; ovarian cancer.

Praxilene *Merck, Belg.; Merck-Lipha, Fr.; Remek, Gr.; Merck, Hong Kong; Merck, Indon.; Merck, Irl.; Formenti, Ital.; Merck, Philipp.; Merck, Port.; Merck, Singapore; Faes, Spain; Merck, Switz.; Merck, Thai.; Merck, UK.*
Naftidrofuryl oxalate (p.1346·2).
Cerebral and peripheral vascular disorders; chronic venous ulcer; senile dementia.

Praxinor *Merck-Lipha, Fr.*
⊗ Theodrenaline hydrochloride (p.2400·1); cafedrine hydrochloride (p.1238·2).
Hypotension.

Praxion *Pharos, Indon.*
Paracetamol (p.108·1).
Fever; pain.

Praxis *Ivax, Arg.*
Simeticone (p.1770·2); domperidone (p.1726·2); pancreatin (p.2360·1).
Gastrointestinal disorders.

Praxiten *Wyeth Lederle, Austria; Teofarma, Ger.*
Oxazepam (p.1014·2).
Anxiety disorders; sleep disorders.

Praxona *Roemmers Rowe, Venez.*
Carisoprodol (p.1894·1); dipyrone (p.49·2); salicylamide (p.121·2).
Muscle spasm; pain.

Prayanol *Sanitas, Chile.*
Amantadine hydrochloride (p.792·3).
Influenza; parkinsonism.

Prazac *Orion, Denm.*
Prazosin hydrochloride (p.1375·2).
Heart failure; hypertension; Raynaud's syndrome.

Prazam *Royal, Chile; Grunenthal, Port.*
Alprazolam (p.960·1).
Anxiety; mixed anxiety-depressive states; panic disorder; premenstrual syndrome; sleep disorders.

Prazen *Delta, Braz.*
St John's wort (p.422·3).
Depression.

Prazene *Pfizer, Ital.*
Prazepam (p.1019·3).
Anxiety disorders; psychoneurotic disorders.

Prazentol *Tecnimede, Port.*
Omeprazole (p.1753·1).
Dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prazex *Sofex, Port.*
Omeprazole (p.1753·1).

Prazidec *Tecnofarma, Mex.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prazina *Armoxindo, Indon.*
Pyrazinamide (p.320·2).
Tuberculosis.

Prazine
Note. This name is used for preparations of different composition.
Wyeth Lederle, Belg.†; Wyeth, Switz.
Promazine hydrochloride (p.1021·2).
Behaviour disorders in children; nausea; psychoses; sedative; vomiting.

IFET (ΙΦΕΤ), Gr.†.
Levomepromazine hydrochloride (p.1002·3).
Severe anxiety and agitation.

Prazinil *Pierre Fabre, Fr.*
Carpipramine hydrochloride (p.968·1).
Anxiety; psychoses.

Prazite *Asian Pharm, Thai.*
Praziquantel (p.153·3).
Trematode infections.

Prazitral *LA, Arg.*
Praziquantel (p.153·3).
Worm infections.

Prazocip *Cipla, India.*
Prazosin hydrochloride (p.1375·2).

Prazohexal *Hexal, Austral.†.*
Prazosin hydrochloride (p.1375·2).
Hypertension.

Prazol
Note. This name is used for preparations of different composition.
Medley, Braz.
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Polfa Pabianice, Pol.; Rowe-Fleming, Venez.†.
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prazolan *Liomont, Mex.*
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prazolene *Tecnimede, Port.*
Omeprazole (p.1753·1).
Dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prazolex *Greenpharma, Braz.*
Omeprazole (p.1753·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prazolin *Pharmanel, Gr.*
Omeprazole (p.1753·1).
Peptic ulcer.

Prazolit *Ivax, Mex.*
Omeprazole (p.1753·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prazolo *Mintlab, Chile†.*
Omeprazole (p.1753·1).
Peptic ulcer.

Prazonil *Sanval, Braz.*
Omeprazole (p.1753·1).
Peptic ulcer.

Prazotec *Fahrenheit, Indon.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Prazotom *Tomnus, Braz.†.*
Omeprazole (p.1753·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Pre Calent *Wierhom, Arg.*
Pine oil (p.2368·2); eucalyptus (p.2301·2); methyl salicylate (p.85·3); camphor (p.2273·2).
Musculoskeletal disorders.

Pre Clean Mom *Candioli, Ital.*
Permethrin (p.2048·2).
Pediculosis.

Pre Clor *Grin, Mex.*
⊗ Chloramphenicol (p.239·3); prednisone (p.1542·3).
Infected eye disorders.

Pre Dopa *Kyowa, Jpn.*
Dopamine hydrochloride (p.1273·2).
Shock.

Pre Natal *Cenovis, Austral.†.*
Omega-3 marine triglycerides (p.1362·2); folic acid (p.1940·1).
Fatty-acid supplement; prevention of neural tube defects.

Pre Nutrison *Nutricia, Ital.*
Preparation for enteral nutrition (p.1922·1).

Preabor *Sanbe, Indon.*
Allylestrenol (p.2082·2).
Premature labour; threatened and recurrent miscarriage.

Preastig *Alfa Intes, Ital.*
Multivitamin and mineral preparation with glutathione (p.1922·1).
Nutritional supplement.

Pre-Attain *Sherwood, USA.*
Lactose-free preparation for enteral nutrition (p.1922·1).

Pre-Baby *Avanderm, Mex.*
Pregnancy test (p.2372·1).

Prebutix
Note. This name is used for preparations of different composition.
Pierre Fabre Sante, Fr.
Cream; gel: Ethyl butylacetylaminopropionate (p.2043·1); allantoin (p.1588·1); sunscreen.
Insect repellent.

Pierre Fabre Sante, Fr.
Lotion: Ethyl butylacetylaminopropionate (p.2043·1).
Insect repellent.

Pierre Fabre Sante, Fr.
Topical milk: Ethyl butylacetylaminopropionate (p.2043·1); dextran sulfate (p.2293·1).
Insect bites and stings; insect repellent.

Precaptil *Tecnofarma, Mex.*
Captopril (p.1239·2).
Hypertension.

Precar *Galeno, Venez.†.*
Dipyridamole (p.1268·1).
Heart failure.

Precardin *Farmedia, Gr.*
Amlodipine (p.1214·2).
Angina pectoris; hypertension.

PreCare *Ther-Rx, USA.*
Multivitamin and mineral preparation (p.1922·1).

Precedex *Bago, Arg.; Abbott, Austral.; Abbott, Braz.; Abbott, Cz.; Abbott, Hong Kong; Abbott, Israel; Abbott, Malaysia; Abbott, Mex.; InterMed, NZ; Abbott, Pol.; Abbott, Singapore†; Abbott, Thai.; Abbott, Turk.; Hospira, USA; Abbott, Venez.†.*
Dexmedetomidine hydrochloride (p.986·2).
Insomnia; postoperative sedation; sedation during surgery; sedation in intubated and mechanically ventilated patients.

Precef
Note. This name is used for preparations of different composition.
BMS, Belg.†.
Ceforanide (p.227·3); -lysine.
Bacterial infections.

Apothecon, Spain.
Cefprozil (p.232·2).
Bacterial infections.

Precicol *Liferpal, Mex.*
Hyoscine butylbromide (p.1734·1); paracetamol (p.108·1).
Smooth muscle spasm and pain.

Precidona *Precimex, Mex.*
Dipyrone (p.49·2).
Fever; inflammation; pain.

Precifen *Precimex, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Precifenac *Precimex, Mex.*
Diclofenac (p.44·2).
Inflammation; pain.

Precileucin *Precimex, Mex.*
Calcium folinate (p.1943·3).
Megaloblastic anaemia; reduction of folic acid antagonist toxicity.

Precirux *Nafar, Mex.*
Ondansetron (p.1756·3).
Nausea and vomiting.

Precision *Sandoz Nutrition, USA.*
A range of lactose-free preparations for enteral nutrition (p.1922·1).

Precision Plus *Abbott, Arg.; Medisense, Austral.†; Medica, NZ†.*
Test for glucose in blood (p.2314·1).

Pre-Clar *Laboratorios Chile, Chile.*
Clarithromycin (p.248·2).
Bacterial infections; peptic ulcer.

Preconceive *Lane, UK.*
Folic acid (p.1940·1).
Prevention of neural tube defects in pregnancy.

Precortalon aquosum *Organon, Swed.*
⊗ Prednisolone sodium succinate (p.1541·2).
Corticosteroid.

Precortil *Cazi, Braz.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Precortisyl *Aventis, UK.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Precortivit *Menarini, Gr.†.*
⊗ Prednisolone (p.1540·3); neomycin (p.305·1); vitamin A (p.1922·1).
Topical corticosteroid with antimicrobial.

Precosa *Biocodex, Denm.; Biocodex, Fin.; AstraZeneca, Swed.*
Saccharomyces boulardii (p.2372·3).
AIDS-related diarrhoea; antibiotic-associated colitis; antibiotic-associated diarrhoea.

Precose *Duopharma, Malaysia; Bayer, USA.*
Acarbose (p.436·2).
Diabetes mellitus.

Precosol *Wolfs, Belg.†.*
Macrogol 4000 (p.2336·3); electrolytes (p.1667·1).
Bowel evacuation.

Prectal *Infectopharm, Ger.†.*
⊗ Prednisolone acetate (p.1541·1).
Bronchitis; hypersensitivity reactions; laryngotracheal stenosis.

Precyclan *Lisapharm, Fr.*
⊗ Meprobamate (p.1006·2); bendroflumethiazide (p.1224·1); medroxyprogesterone acetate (p.2113·1).
Premenstrual syndrome.

Pred
Note. This name is used for preparations of different composition.
Grin, Mex.
⊗ Prednisolone acetate (p.1541·1) or prednisolone sodium phosphate (p.1541·2).
Inflammatory eye disorders.

Prosel, Philipp.
⊗ Prednisone (p.1542·3).
Corticosteroid.

Allergan, Singapore; Alcon, USA.
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Pred Fort *Allergan, Braz.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Pred Forte *Allergan, Belg.; Allergan, Canad.; Allergan, Chile; Allergan, Fin.; Allergan, Hong Kong; Allergan, Irl.†; Allergan, Israel; Allergan, Malaysia; Allergan, NZ; Allergan, Neth.; Allergan, Philipp.; Allergan, Spain; Allergan, Switz.; Allergan, Thai.; Abdi, Turk.; Allergan, UK; Allergan, USA.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Pred G *Allergan, Chile†; Allergan, USA.*
⊗ Prednisolone acetate (p.1541·1); gentamicin sulfate (p.282·1).
Infected eye disorders.

Pred Mild *Allergan, Braz.; Allergan, Canad.; Allergan, Chile†; Allergan, Hong Kong; Allergan, Irl.; Allergan, Malaysia; Allergan, NZ; Allergan, S.Afr.; Allergan, Switz.; Allergan, Thai.; Allergan, USA.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Pred Oph *Seng, Thai.*
⊗ Prednisolone sodium phosphate (p.1541·2); gentamicin sulfate (p.282·1).
Infected eye and ear disorders.

Preda *Kalbe, Indon.; Sanghiang, Indon.*
Infant feed (p.1922·1).
Malabsorption.

Predalon *Organon, Ger.*
⊗ Chorionic gonadotrophin (p.2085·1).
Cryptorchidism; delayed puberty; female infertility; hypogonadism.

Predalone *Forest Laboratories, USA†.*
⊗ Prednisolone acetate (p.1541·1).
Corticosteroid.

Pred-Clysma *Schering, Denm.; Schering, Norw.; Schering, Swed.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Crohn's disease; proctosigmoiditis; ulcerative colitis.

Predcor *Hauck, USA.*
⊗ Prednisolone acetate (p.1541·1).
Corticosteroid.

Predeltin *Quatromed, S.Afr.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Predenema *Forest Laboratories, Hong Kong; Forest, Irl.; Forest Laboratories, UK.*
⊗ Prednisolone metasulfobenzoate sodium (p.1541·1).
Ulcerative colitis.

Predesic *Pred, Fr.†.*
⊗ Articaine hydrochloride (p.1854·1).
Adrenaline acid tartrate (p.1203·2) is included in this preparation as a vasoconstrictor to limit its absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Predex *Takeda, Thai.†.*
⊗ Neomycin sulfate (p.305·1); prednisolone (p.1540·3).
Skin disorders.

Predfoam *Forest Laboratories, Hong Kong; Forest, Irl.; Forest Laboratories, UK.*
⊗ Prednisolone metasulfobenzoate sodium (p.1541·1).
Proctitis; ulcerative colitis.

Pre-Dial *Silanes, Mex.*
Metformin (p.453·3).
Diabetes mellitus.

Predicor *Pisa, Mex.†.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Predicorten *Stiefel, Braz.†.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Predictor *Organon, Braz.; Omega, Fr.; Chefaro, Israel; Angelini, Ital.; Chefaro, UK.*
Pregnancy test (p.2372·1).

Predisole *PP Lab, Thai.†.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Predison *Cristalia, Braz.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Predisyr *Phoenix, Philipp.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Predmetil *Eurofarma, Braz.*
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Predmicin
Note. A similar name is used for preparations of different composition (see below).
EMS, Braz.
⊗ Polymyxin B sulfate (p.317·3); prednisolone (p.1540·3); benzocaine (p.1854·1); clioquinol (p.254·1).
Skin disorders.

Predmix *Aspen, Austral.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Corticosteroid.

Predmycin
Note. A similar name is used for preparations of different composition (see above).
Allergan, Thai.†.
⊗ Prednisolone acetate (p.1541·1); polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1).
Bacterial eye infections.

Predmycin P *Allergan, Belg.*
⊗ Prednisolone acetate (p.1541·1); polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1).
Infected eye disorders.

Predmycin-P *Allergan, Philipp.; Allergan, Singapore†.*
⊗ Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); prednisolone acetate (p.1541·1).
Infected eye disorders.

Prednabene *Merckle, Ger.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Musculoskeletal, joint, and peri-articular disorders.

Prednax *Geolab, Braz.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Prednecort *Yung Shin, Philipp.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Prednefrin
Note.This name is used for preparations of different composition.
Allergan, Arg.; Allergan, Austral.
⊗ Prednisolone acetate (p.1541·1); phenylephrine hydrochloride (p.1568·1).
Inflammatory eye disorders.

Allergan, Venez.†.
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Prednefrin SF *Allergan, Mex.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Prednersone *General Drugs, Thai.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Prednesol *Phoenix, Irl.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Corticosteroid.

Pred-NF *Grin, Mex.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Predni *Winthrop, Ger.*
⊗ Prednisolone acetate (p.1541·1).
Parenteral corticosteroid.

Predni Azuleno *Lacer, Spain.*
⊗ Chloramphenicol (p.239·3); guaiazulene (p.2317·3); prednisolone (p.1540·3).
Infected skin disorders.

Predni H *Winthrop, Ger.*
⊗ Prednisolone (p.1540·3) or prednisolone acetate (p.1541·1).
Corticosteroid.

Predni M *Winthrop, Ger.*
⊗ Methylprednisolone (p.1538·1).
Oral corticosteroid.

Predni Tablinen *Winthrop, Ger.*
⊗ Prednisone (p.1542·3).
Oral corticosteroid.

Prednicort
Note.This name is used for preparations of different composition.
Continental Pharma, Belg.†.
⊗ Prednisone (p.1542·3).
Corticosteroid.

Otto, Indon.
⊗ Methylprednisolone (p.1538·1).
Corticosteroid.

Behrens, Venez.
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Prednicortelone *Continental Pharma, Belg.†.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Predniderma *Caldeira & Marques, Port.†.*
⊗ Prednisolone (p.1540·3); neomycin sulfate (p.305·1).
Skin disorders.

Prednidib *Diba, Mex.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Prednifarma *Valeant, Arg.*
⊗ Prednisolone acetate (p.1541·1); phenylephrine hydrochloride (p.1568·1).
Inflammatory eye disorders.

Predniftalmina *Davi, Port.*
⊗ Chloramphenicol (p.239·3); prednisolone (p.1540·3).
Infected eye disorders.

Prednigalen *Galen, Ger.*
⊗ Prednisolone acetate (p.1541·1).
Corticosteroid.

Prednihexal
Hexal, Austria.
⊗ Prednisolone (p.1540·3) or prednisolone acetate (p.1541·1).
Corticosteroid.

Hexal, Ger.
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Prednilem *Lemery, Mex.*
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Predniocil *Edol, Port.*
⊗ Prednisolone acetate (p.1541·1).
Eye disorders.

Predni-Ophtal *Winzer, Ger.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Prednipirine *Lafage, Arg.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Predni-POS *Ursapharm, Cz.; Ursapharm, Ger.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Prednisil
Note.This name is used for preparations of different composition.
Silom, Thai.
Cream: ⊗ Prednisolone (p.1540·3).
Skin disorders.

Silom, Thai.†.
Eye drops: ⊗ Prednisolone sodium phosphate (p.1541·2); neomycin sulfate (p.305·1).
Infected eye disorders.

Prednisil-N *Silom, Thai.*
⊗ Prednisolone (p.1540·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Prednisol *Pasadena, USA.*
⊗ Prednisolone tebutate (p.1541·2).
Corticosteroid.

Prednisolon J *Gedeon Richter, Cz.†; Gedeon Richter, Hung.*
⊗ Prednisolone (p.1540·3); clioquinol (p.254·1).
Infected skin disorders.

Prednisolut *Jenapharm, Ger.*
⊗ Prednisolone hydrogen succinate (p.1541·1).
Parenteral corticosteroid.

Prednisona Neomicina *Alcon Cusi, Spain.*
⊗ Neomycin sulfate (p.305·1); prednisone (p.1542·3).
Infected eye disorders.

Prednisonal *Klonal, Arg.*
⊗ Meprednisone (p.1538·1).
Corticosteroid.

Prednitop *Aventis, Austria; Dermapharm, Ger.; Abbott, Switz.*
⊗ Prednicarbate (p.1540·2).
Eczema; skin disorders.

Prednitracin *Novartis Ophthalmics, Hong Kong†; Novartis, Switz.†.*
⊗ Prednisolone acetate (p.1541·1); neomycin sulfate (p.305·1); bacitracin (p.210·3).
Infected eye disorders.

Prednocris *LKM, Arg.*
Ranitidine (p.1766·1).
Peptic ulcer.

Prednol
Note.This name is used for preparations of different composition.
Nevzat, Turk.
Cream; ointment: ⊗ Prednisolone (p.1540·3).
Skin disorders.

Nevzat, Turk.
Injection; tablets: ⊗ Methylprednisolone (p.1538·1) or methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Prednol-A *Nevzat, Turk.*
⊗ Prednisolone (p.1540·3); clioquinol (p.254·1).
Skin disorders.

Prednox *Pyridam, Indon.*
⊗ Methylprednisolone (p.1538·1).
Corticosteroid.

Predon *LBS, Malaysia.*
⊗ Prednisolone acetate (p.1541·1).
Corticosteroid.

Predone *Cipla, India.*
⊗ Prednisolone (p.1540·3) or prednisolone acetate (p.1541·1).
Corticosteroid.

Predonium *Servier, Austria; Servier, Hong Kong; Servier, NZ; Servier, Neth.; Servier, Port.*
⊗ Perindopril erbumine (p.1368·3); indapamide (p.1314·1).
Hypertension.

Pred-Phosphate *Medical Ophthalmics, USA.*
⊗ Prednisolone phosphate (p.1542·1).
Eye disorders.

Predsim *Mantecorp, Braz.*
⊗ Prednisolone (p.1540·3) or prednisolone sodium phosphate (p.1541·2).
Corticosteroid.

Predsol *Sigma, Austral.; UCB, Irl.; GSK, S.Afr.†; UCB, UK.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Crohn's disease; inflammatory disorders of the ear or eye; proctitis; ulcerative colitis.

Predsolets *SMB, Chile.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Predsol-N *UCB, UK.*
⊗ Prednisolone sodium phosphate (p.1541·2); neomycin sulfate (p.305·1).
Inflammatory disorders of the ear or eye with bacterial infection.

Predsolone *Aspen, Austral.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Predsone *Lennon, Austral.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Predual *BMS, Arg.†.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Formerly contained paracetamol, clofedanol hydrochloride, pseudoephedrine sulfate, and astemizole.
Respiratory-tract disorders.

Predual DI *Andromaco, Chile†.*
Paracetamol (p.108·1); ibuprofen (p.64·2).
Fever; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Predual *Andromaco, Chile.*
⊗ Pamabrom (p.1365·3); paracetamol (p.108·1); mepyramine maleate (p.585·2).
Premenstrual syndrome.

Predual Descongestivo
Note.This name is used for preparations of different composition.
BMS, Arg.†.
Syrup: Pseudoephedrine sulfate (p.1571·2); chlorphenamine maleate (p.571·3).
Rhinitis; sinusitis.

BMS, Arg.†.
Tablets: Pseudoephedrine sulfate (p.1571·2); astemizole (p.567·2).
Rhinitis; sinusitis.

Predualito *BMS, Arg.†.*
Paracetamol (p.108·1).
Fever; pain.

Preductal *Servier, Cz.; Servier, Hung.; Anpharm, Pol.; Servier, Pol.; Servier, Rus.*
Trimetazidine hydrochloride (p.1419·2).
Angina pectoris; ischaemic eye and ear disorders; vestibular disorders.

Predval *Sanval, Braz.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Predxal *Armstrong, Mex.*
Telmisartan (p.1409·2).
Hypertension.

Predxal Plus *Armstrong, Mex.*
⊗ Telmisartan (p.1409·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Preface *Centaur, India.*
Ramipril (p.1385·3).
Heart failure; hypertension; myocardial infarction.

Prefagyl *Oberlin, Fr.†.*
Magnesium chloride (p.1679·1); sodium bicarbonate (p.1673·2); anhydrous sodium sulfate (p.1771·3); dibasic sodium phosphate (p.1682·3).
Gastrointestinal disorders.

Prefamone *Dexo, Switz.†.*
⊗ Diethylpropion hydrochloride (p.2154·3).
Obesity.

Prefem *Labomed, Chile.*
Aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3).
Premenstrual syndrome.

Prefemine *Zeller, Switz.*
Agnus castus (p.2249·1).
Premenstrual syndrome.

Preferid *Astellas, Ital.*
⊗ Budesonide (p.1520·1).
Skin disorders.

Preferred Remedies Aches & Pains *Reese, USA.*
Homoeopathic preparation.

Preferred Remedies Allergy *Reese, USA.*
Homoeopathic preparation.

Preferred Remedies Antacid *Reese, USA.*
Homoeopathic preparation.

Preferred Remedies Cold & Flu *Reese, USA.*
Homoeopathic preparation.

Preferred Remedies Detoxin *Reese, USA.*
Homoeopathic preparation.

Preferred Remedies Fatigue *Reese, USA.*
Homoeopathic preparation.

Preferred Remedies Sinus *Reese, USA.*
Homoeopathic preparation.

Preferred Remedies Sleep *Reese, USA.*
Homoeopathic preparation.

Preferred Remedies Stress *Reese, USA.*
Homoeopathic preparation.

Prefest *Janssen-Cilag, Arg.; Janssen-Cilag, Braz.; Janssen-Cilag, Mex.; Monarch, USA.*
15 Tablets, estradiol (p.2097·2); 15 tablets, estradiol; norgestimate (p.2121·1).
Formerly known as Ortho-Prefest in the *USA*.
Menopausal disorders; osteoporosis.

Prefesta *Janssen-Cilag, S.Afr.*
Pink tablets, estradiol (p.2097·2); white tablets, estradiol; norgestimate (p.2121·1).
Menopausal disorders.

Prefin *Key, Spain†.*
⊗ Buprenorphine hydrochloride (p.29·1).
Pain.

Preflam *Cipla-Medpro, S.Afr.*
⊗ Prednisolone (p.1540·3).
Inflammation.

Preflex Daily Cleaner *Alcon, USA.*
Cleansing solution for soft contact lenses (p.1622·2).

Prefolic *Zambon, Ital.*
Calcium mefolinate pentahydrate (p.1932·2).
Antidote to folic acid antagonists; folate deficiency; reduction of aminopterin and methotrexate toxicity.

Prefrin *Allergan, Arg.; Allergan, Austral.; Allergan, Canad.; Allergan, Hong Kong; Allergan, Israel†; Allergan, Malaysia†; Allergan, NZ; Allergan, S.Afr.; Allergan, Singapore†; Allergan, USA†.*
Phenylephrine hydrochloride (p.1568·1).
Eye congestion; eye irritation.

Prefrin A *Allergan, Canad.; Allergan, Malaysia†; Allergan, Singapore†.*
Mepyramine maleate (p.585·2); phenylephrine hydrochloride (p.1568·1).
Allergic eye disorders; eye inflammation; eye irritation.

Prefucet *Rafarm, Gr.*
Citalopram (p.385·3).
Depression.

Pregab *Torrent, India.*
Pregabalin (p.502·2).
Epilepsy; neuropathic pain.

Pregaday *UCB, UK.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1).
Prophylaxis of iron and folic acid deficiency in pregnancy.

Pregamal *GSK, S.Afr.*
Folic acid (p.1940·1); ferrous fumarate (p.1938·3).
Anaemias in pregnancy.

Pregestimil *BMS, Arg.†; Mead Johnson, Austral.; Mead Johnson, Braz.; Mead Johnson, Chile†; Mead Johnson Nutritionals, Fin.; Mead Johnson, Fr.; Mead Johnson, Hong Kong; Mead Johnson, Irl.; Mead Johnson, Israel; Mead Johnson, Ital.; Mead Johnson, Malaysia†; Mead Johnson, Port.†; Mead Johnson, Singapore†; Mead Johnson Nutritionals, Thai.; Mead Johnson Nutritionals, UK†; Mead Johnson Nutritionals, USA; BMS, Venez.†.*
Infant feed (p.1922·1).
Cow's milk intolerance; cystic fibrosis; diarrhoea; disaccharidase deficiency; disaccharide intolerance; food intolerance and allergy; galactokinase deficiency; galactosaemia; inflammatory bowel disease; lactose intolerance; malabsorption syndromes; milk protein intolerance; pancreatic insufficiency; protein intolerance; soya protein intolerance; steatorrhoea; sucrose intolerance.

Preglandin *Ono, Jpn.*
Gemeprost (p.2010·2).
Termination of pregnancy.

Preg-Less *Sigma, Braz.*
Algestone acetophenide (p.2082·1); estradiol enantate (p.2097·3).
Combined injectable contraceptive.

Pregmag *ICN, Hung.*
Magnesium citrate (p.1743·2); folic acid (p.1940·1); pyridoxine hydrochloride (p.1978·2).
Magnesium and folic acid supplement.

Pregnacare
Note.This name is used for preparations of different composition.
Vitabiotics, Cz.; Vitabiotics, Hung.; Vitabiotics, Indon.; Nobel, Turk.; Vitabiotics, UK.
Vitamin and mineral preparation (p.1922·1).
Nutritional supplement in pregnancy and lactation.

Vitabiotics, Hong Kong.
Capsules: Vitamin and mineral preparation (p.1922·1).
Dietary supplement in pregnancy and lactation.

Vitabiotics, Hong Kong.
Cream: Calendula (p.2273·1); evening primrose oil (p.2302·1); aloe vera (p.1588·2); vitamin C (p.1983·3); vitamin E (p.1992·2); carotenoids; dexpanthenol (p.2362·1).
Skin care during and after pregnancy.

Pregnacare Plus *Vitabiotics, UK.*
Vitamins; minerals; omega-3 DHA (p.1362·1) (p.1922·1).
Dietary supplement in pregnancy and lactation.

Pregnamin *Blooming Fields, Philipp.*
Vitamin and mineral preparation (p.1922·1).
Nutritional supplement for pregnant and breast-feeding women.

Pregnancy Formula *Eagle, Austral.†.*
Multivitamin, mineral, and amino-acid preparation with bioflavonoids, ginger and lecithin (p.1922·1).
Nutritional supplement.

Pregnasea *Kalbe, Indon.*
Ginger (p.1732·3); vitamin B (p.1979·1).
Nausea and vomiting.

Pregnatal *Scanpharm, Hong Kong.*
Multivitamin and mineral preparation (p.1922·1).
Dietary supplement in pregnancy and lactation.

Pregnavit *Ratiopharm, Austria; Ratiopharm, Cz.; Ratiopharm, Hung.; Merckle, Rus.*
Multivitamin and mineral preparation (p.1922·1).

Pregnavit F *Merckle, Ger.†; Merckle, Rus.*
Multivitamin preparation (p.1922·1).

Pregnazon *Pharmadass, UK.*
Multivitamin, mineral, and trace element preparation (p.1922·1).

Pregnesin *Serono, Ger.†.*
⊗ Chorionic gonadotrophin (p.2085·1).
Delayed puberty in males; infertility in females and males.

Pregnidoxin *UCB, India.*
Meclozine hydrochloride (p.584·3); caffeine (p.1116·3).
Ménière's syndrome; nausea and vomiting.

Pregnorm *Win-Medicare, India.*
⊗ Menotrophin (p.2109·3).
Male and female infertility.

Pregnosis *Key, Austral.; Roche, USA.*
Pregnancy test (p.2372·1).

Pregnospia Duoclon *Bio Merieux, UK†.*
Pregnancy test (p.2372·1).

Pregnosticon *Organon, Israel.*
Pregnancy test (p.2372·1).

Pregnyl *Organon, Arg.; Organon, Austral.; Organon, Austria; Organon, Belg.; Organon, Braz.; Organon, Canad.†; Organon, Chile; Organon, Cz.; Organon, Denm.; Organon, Fin.; Organon (Οργανον), Gr.; Organon, Hong Kong; Organon, Hung.; Organon, Indon.; Organon, Irl.; Organon, Israel; Organon, Ital.; Organon, Malaysia; Organon, Mex.; Organon, Neth.; Organon, Norw.; Organon, Philipp.; Organon, Pol.; Organon, Port.; Organon, Rus.; Donmed, S.Afr.; Organon, Singapore; Organon, Swed.; Organon, Switz.; Organon, Thai.; Organon, Turk.; Organon, UK; Organon, USA; Organon, Venez.*
⊗ Chorionic gonadotrophin (p.2085·1).
Controlled ovarian hyperstimulation; cryptorchidism; delayed puberty; hypogonadotrophic hypogonadism; male and female infertility; metrorrhagia.

Pregobin *Drugtech, Chile.*
Pregabalin (p.502·2).
Epilepsy; neuralgia; neuropathic pain.

Pregomin *Support, Braz.†; Milupa, Switz.*
Infant feed (p.1922·1).
Carbohydrate malabsorption syndromes; cow's-milk-protein intolerance; digestive system disorders; soya-milk-protein intolerance.

Pregomine *Diele, Fr.*
Nutritional supplement (p.1922·1).
Gastrointestinal disorders.

Pregtenol *Fahrenheit, Indon.*
Allylestrenol (p.2082·2).
Premature labour; threatened and recurrent miscarriage.

PregVit *Duchesnay, Canad.*
Multivitamin and mineral preparation (p.1922·1).
Nutritional supplement during pregnancy and lactation.

Pregvomit *Fahrenheit, Indon.*
Parathiazine teoclate; pyridoxine hydrochloride (p.1978·2).
Motion sickness; vomiting.

Prehist *Marnel, USA.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Prehist D *Marnel, USA.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); hyoscine methonitrate (p.1734·2).
Upper respiratory-tract symptoms.

Prejomin *Milupa, Irl.†; Milupa, UK.*
Gluten-free preparation for special diets (p.1922·1).
Galactokinase deficiency; galactosaemia; lactose, sucrose and fructose intolerance; protein intolerance; protein sensitivity.

Prelafal *Akromed, S.Afr.*
Multivitamin and mineral preparation (p.1922·1).

Prelat *Yung Shin, Philipp.*
Captopril (p.1239·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Prelectal *Stroder, Ital.*
⊗ Perindopril erbumine (p.1368·3); indapamide (p.1314·1).
Hypertension.

Prelertan *Asofarma, Arg.†.*
Losartan (p.1327·2).
Hypertension.

Prelis *Mibe, Ger.*
⊗ Metoprolol tartrate (p.1338·1).
Arrhythmias; hypertension; ischaemic heart disease; migraine; myocardial infarction.

Prelis comp *Mibe, Ger.*
⊗ Metoprolol tartrate (p.1338·1); chlortalidone (p.1243·3).
Hypertension.

Prelisin *Cosmopharm, Gr.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Prelloran *Novartis, Hong Kong†; Novartis Consumer, Switz.†.*
A heparinoid (p.1305·2); glycol salicylate (p.62·3).
Musculoskeletal pain and inflammation; phlebitis; soft-tissue disorders; venous insufficiency.

Preloc *Unison, Thai.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Prelon *Faran, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Prelone
Ache, Braz.
⊗ Prednisolone (p.1540·3) or prednisolone sodium phosphate (p.1541·2).
Corticosteroid.

Asta Medica, Hong Kong†; Muro, Israel†; Adcock Ingram, S.Afr.; Aero, USA.
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Prelu-2 *Boehringer Ingelheim, USA; Roxane, USA.*
⊗ Phendimetrazine tartrate (p.2162·1).
Obesity.

Prelude *Rendell, UK.*
Nonoxinol 9 (p.1917·2).
Spermicidal contraceptive.

Prelus *Sanofi Synthelabo, Port.†.*
⊗ Isoprenaline hydrochloride (p.1316·3); phenobarbital (p.492·2); ephedrine sulfate (p.1558·2); theophylline (p.1140·1); potassium iodide (p.2169·2).
Asthma; bronchitis; coughs.

Prem *Sigma, Braz.*
Conjugated oestrogens (p.2087·2).
Menopausal disorders.

Premagnol *Allen, Mex.†.*
⊗ Prednisone (p.1542·3).
Inflammation; musculoskeletal and joint disorders.

Premandol *Spirig, Switz.*
⊗ Prednisolone acetate (p.1541·1); almond oil (p.2252·2); zinc oxide (p.1621·2).
Skin disorders.

Premaril *Dexxon, Israel†.*
Conjugated oestrogens (p.2087·2).
Menopausal disorders; osteoporosis.

Premaril MP *Dexxon, Israel†.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Premaril Plus MP *Dexxon, Israel†.*
28 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premarin *Wyeth, Arg.; Wyeth, Austral.; Wyeth Lederle, Austria; Wyeth Lederle, Belg.†; Wyeth, Braz.; Wyeth, Canad.; Wyeth, Cz.†; Wyeth Lederle, Denm.†; Wyeth, Fin.†; Wyeth Lederle, Fr.†; IFET (ΙΦΕΤ), Gr.; Wyeth, Gr.; Wyeth, Hong Kong; Wyeth, Hung.†; Wyeth, India; Wyeth, Irl.; Wyeth Lederle, Ital.†; Wyeth, Malaysia; Wyeth, Mex.; Wyeth, NZ; Wyeth, Neth.†; Wyeth, Philipp.; Wyeth, S.Afr.; Wyeth, Singapore; Wyeth, Spain†; Wyeth, Switz.; Wyeth-Ayerst, Thai.; Wyeth, Turk.; Wyeth, UK; Wyeth-Ayerst, USA; Wyeth, Venez.*
Conjugated oestrogens (p.2087·2).
Amenorrhoea; breast cancer; capillary haemorrhage; dysfunctional uterine bleeding; female hypogonadism; female infertility; menopausal disorders; oestrogen deficiency; osteoporosis; primary ovarian failure; prostatic cancer; uterine haemorrhage; vaginal and vulvar atrophy.

Premarin compositum *Wyeth Lederle, Austria†.*
16 Tablets, conjugated oestrogens (p.2087·2); 12 tablets, conjugated oestrogens; medrogestone (p.2113·1).
Oestrogen deficiency; osteoporosis.

Premarin MPA *Wyeth, Braz.†.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Atrophic urethritis; atrophic vaginitis; menopausal disorders; oestrogen deficiency; osteoporosis.

Premarin Plus *Wyeth Lederle, Austria; Wyeth, Neth.†; Wyeth Lederle, Port.†; Wyeth, Switz.†.*
28 Tablets, conjugated oestrogens (p.2087·2); 12 tablets, medrogestone (p.2113·1).
Menopausal disorders; oestrogen deficiency; osteoporosis; ovarian insufficiency.

Premarina *Wyeth Lederle, Swed.†.*
Conjugated oestrogens (p.2087·2).
Hypogenitalism; menopausal disorders; osteoporosis.

PremarinLite *Wyeth, Neth.†.*
Conjugated oestrogens (p.2087·2).
Menopausal disorders.

Premastan *CORNE, Mex.*
Progesterone (p.2125·1).
Benign breast disorders.

Premaston *Kalbe, Indon.*
Allylestrenol (p.2082·2).
Premature labour; threatened and recurrent miscarriage.

Premdoc *Alltracel, Irl.†.*
Calcium oxidised cellulose (p.1075·1); sodium oxidised cellulose (p.1075·1).
Capillary bleeding.

Preme *TNP, Thai.†.*
Cyproterone acetate (p.2088·2); ethinylestradiol (p.2101·3).
Androgen-dependent acne, seborrhoea, alopecia, and hirsutism in females; oral contraceptive in women with androgenic symptoms.

Premella *Wyeth, Cz.†; Wyeth, Hung.†; Wyeth, Switz.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; oestrogen deficiency; osteoporosis.

Premelle *Wyeth Lederle, Belg.†; Wyeth, Braz.; Wyeth, Gr.; Wyeth, Hong Kong; Wyeth, Malaysia; Wyeth, Mex.; Wyeth, Neth.†; Wyeth, Philipp.; Wyeth Lederle, Port.†; Wyeth, S.Afr.; Wyeth, Singapore†; Wyeth, Spain; Wyeth Lederle, Swed.†; Wyeth-Ayerst, Thai.†; Wyeth, Turk.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Atrophic urethritis; hormone replacement therapy; menopausal disorders; oestrogen deficiency; osteoporosis; vaginal and vulval atrophy.

Premelle Ciclico *Wyeth, Arg.†; Wyeth, Spain; Wyeth, Venez.†.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premelle Ciclo *Wyeth, Braz.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis; vaginal and vulval atrophy.

Premelle Combinato *Wyeth Lederle, Ital.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premelle Continuo *Wyeth, Arg.†; Wyeth, Venez.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premelle Cycle *Wyeth Lederle, Belg.†; Wyeth, Gr.; Wyeth, Hong Kong; Wyeth, Neth.†; Wyeth, Philipp.; Wyeth Lederle, Port.†; Wyeth, S.Afr.; Wyeth, Singapore†; Wyeth-Ayerst, Thai.†; Wyeth, Turk.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Atrophic urethritis; atrophic vaginitis; menopausal disorders; oestrogen deficiency; osteoporosis.

Premelle Plus Continuo *Wyeth, Venez.†.*
28 Tablets, conjugated oestrogens (p.2087·2); 28 tablets, medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premelle S *Wyeth Lederle, Ital.†.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premelle Sekvens *Wyeth Lederle, Swed.†.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Oestrogen deficiency; osteoporosis.

Premelle Sequenziale *Wyeth Lederle, Ital.†.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

PremelleLite *Wyeth, Neth.†.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Premence *Vitabiotics, Cz.†; Vitabiotics, Hong Kong; Vitabiotics, UK.*
Multivitamin and mineral preparation (p.1922·1).
Premenstrual syndrome.

Pre-Mens
Note. A similar name is used for preparations of different composition (see below).
Sigma, Braz.
Thiamine hydrochloride; pyridoxine hydrochloride; riboflavin; magnesium aspartate; potassium aspartate (p.1922·1).

PreMens
Note. A similar name is used for preparations of different composition (see above).
Phytotec, Hung.; Zeller, Switz.
Agnus castus (p.2249·1).
Premenstrual syndrome.

Prementaid *Potter's, UK.*
Vervain (p.2413·3); motherwort (p.2347·3); pulsatilla (p.2376·3); bearberry (p.2263·3); valerian (p.2410·1).
Premenstrual syndrome.

PremesisRx *Ther-Rx, USA.*
Vitamin B (p.1979·1); vitamin B (p.1980·2); folic acid (p.1940·1); calcium (p.1675·2).
Nausea.

Premherb *MedicHerb, UK.*
Agnus castus (p.2249·1).
Premenstrual syndrome.

Premia *Wyeth, Austral.; Wyeth, NZ†; Wyeth, Switz.†.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premia Continuous *Wyeth, Austral.; Wyeth, NZ.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premia Low *Wyeth, Austral.†.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Premicia *Therabel, Fr.*
Hyetellose (p.2143·3); diethylene glycol monoethyl ether.
Vaginal lubricant.

Premid
Note.This name is used for preparations of different composition.
Shire, Denm.
Balsalazide sodium (p.1709·2).
Ulcerative colitis.

Grin, Mex.
⊗ Prednisolone acetate (p.1541·1); sulfacetamide sodium (p.335·3).
Infected eye disorders.

Premig *Sanofi-Aventis, Gr.*
Lysine aspirin (p.79·1); metoclopramide (p.1747·3).
Migraine.

Premio *Bosch, Philipp.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Premique *Wyeth, Irl.; Wyeth, UK.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premique Cycle *Wyeth, Irl.; Wyeth, UK.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premium *Quest, Canad.*
A range of vitamin and mineral preparations (p.1922·1).

Premium Memori Plus *Green Leaf, Philipp.*
Centella asiatica; bacopa monniera; lecithin; docosahexaenoic acid (p.1922·1).
Nutritional supplement.

Premjact *Pound International, UK.*
Lidocaine (p.1862·3).
Premature ejaculation.

Premosan *Julphar, UAE.*
Metoclopramide hydrochloride (p.1747·3).
Gastro-oesophageal reflux; gastrointestinal motility disorders; gastrointestinal procedures; hiccup; nausea and vomiting.

Prempak
Note.This name is used for preparations of different composition.
Wyeth, Chile†.
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Wyeth, Hong Kong†; Wyeth Lederle, Ital.†; Wyeth, Malaysia†.
21 Tablets, conjugated oestrogens (p.2087·2); 10 tablets, medrogestone (p.2113·1).
Atrophic urethritis; menopausal disorders; oestrogen deficiency; osteoporosis; vaginitis.

Prempak N *Wyeth, S.Afr.*
21 Tablets, conjugated oestrogens (p.2087·2); 10 tablets, medrogestone (p.2113·1).
28-Day packs also contain 7 inert tablets.
Menopausal disorders; osteoporosis.

Prempak-C *Wyeth, Irl.; Wyeth, NZ†; Wyeth, Neth.†; Wyeth, Singapore; Wyeth, UK.*
28 Tablets, conjugated oestrogens (p.2087·2); 12 tablets, norgestrel (p.2121·2).
Menopausal disorders; oestrogen deficiency; osteoporosis.

Premphase *Wyeth-Ayerst, USA.*
Maroon tablets, conjugated oestrogens (p.2087·2); blue tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Premplus
Note.This name is used for preparations of different composition.
Wyeth Lederle, Belg.†.
28 Tablets, conjugated oestrogens (p.2087·2); 12 tablets, medrogestone (p.2113·1).
Oestrogen deficiency.

Wyeth, Canad.
14 Tablets, conjugated oestrogens (Premarin) (p.2087·2); 14 tablets, medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Prempro *Wyeth-Ayerst, USA.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Prempro Bifasico *Sigma, Braz.*
14 Blue tablets, conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1); 14 red tablets, conjugated oestrogens.
Menopausal disorders.

Prempro Monofasico *Sigma, Braz.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Premsyn PMS *Chattem, USA.*
⊗ Paracetamol (p.108·1); pamabrom (p.1365·3); mepyramine maleate (p.585·2).
Pain.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Premular *Flordis, Austral.*
Agnus castus (p.2249·1).
Premenstrual syndrome.

Premunil *Lero, Fr.*
Vitamin E; vitamin B ; minerals (p.1922·1).
Nutritional supplement.

Prenacid *Craveri, Arg.†; SIFI, Ital.; SIFI, Rus.; Teka, Turk.*
⊗ Desonide sodium phosphate (p.1525·2).
Inflammatory eye disorders.

Prenadona *Ariston, Arg.*
Alprazolam (p.960·1).
Anxiety; panic disorder.

Prenafirst *Cypress, USA.*
Vitamin and mineral preparation (p.1922·1).

Prenafort *Cypress, USA.*
Multivitamin preparation with iron (p.1922·1).

Prenagen *Kalbe, Indon.; Sanghiang, Indon.*
A range of preparations for enteral nutrition (p.1922·1).

Prenal *Tempo Scan Pacific, Indon.*
Vitamin and mineral preparation (p.1922·1).
Nutritional supplement in pregnancy and lactation.

Prenalon *Degorts, Mex.*
Ketoconazole (p.539·1).
Fungal infections.

Prenamia *Sanbe, Indon.*
Ferrous fumarate (p.1938·3); folic acid; vitamin B ; colecalciferol; calcium carbonate (p.1922·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Vitamin and mineral supplement in anaemia.

Prenatabs *Cypress, USA.*
A range of multivitamin and mineral preparations (p.1922·1).

Prenatal *Bio-Sante, Canad.; Nutricorp, Canad.; Pharmetics, Canad.; Stanley, Canad.; WN, Canad.; Wyeth, India; Erlimpex, Indon.; Stanley, Israel; Wyeth Consumer, Mex.; Teofarma, Port.; Be-Tabs, S.Afr.; Cypress, USA; Ethex, USA.*
Multivitamin and mineral preparations (p.1922·1).
Docusate sodium (p.1725·1) may be included in this preparation to reduce the constipating effects of iron.
Formerly known as Be-Natal in *S. Afr.*
Nutritional supplement.

Prenatal with Folic Acid *Geneva, USA.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).

Prenatal Nutrients *Solgar, UK.*
Multivitamin and mineral preparation (p.1922·1).

Prenatal PC *Integrity, USA.*
Vitamin and mineral preparation with iron and folic acid (p.1922·1).

Prenatal Plus *Zenith Goldline, USA.*
Multivitamin and mineral preparation with calcium and iron (p.1922·1).

Prenatal Plus Iron *Major, USA.*
Multivitamin and mineral preparation with iron (p.1922·1).

Prenatal Plus-Improved *Rugby, USA†.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).

Prenatal-S *Goldline, USA.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).

Prenate *First Horizon, USA.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).

Prenatex *Medix, Mex.*
Multivitamin and mineral preparation (p.1922·1).

Prenatin Plus *Soho, Indon.*
Vitamin and mineral preparation (p.1922·1).
Nutritional supplement; tonic.

Prenatin-DF *Soho, Indon.*
Vitamin and mineral preparation (p.1922·1) with ferrous fumarate (p.1938·3) and docosahexaenoic acid (p.1362·1).
Anaemia; nutritional supplement in pregnancy and lactation.

Prenatol *Wyeth, Hong Kong.*
Amino acids; proteins (p.1922·1).
Prevention of stretch marks during pregnancy.

Prenavit
Gynopharm, Chile.
Vitamins; calcium phosphate; ferrous gluconate (p.1922·1).
Dietary supplement.

Vivax, Venez.
Multivitamin and mineral preparation (p.1922·1).

Prenavite *Rugby, USA.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).

Prenessa *KRKA, Cz.; KRKA, Hung.; KRKA, Pol.*
Perindopril erbumine (p.1368·3).
Cardiovascular risk reduction; heart failure; hypertension.

Prenewel *KRKA, Cz.*
⊗ Perindopril erbumine (p.1368·3); indapamide (p.1314·1).
Hypertension.

Prenisonal *Klonal, Arg.†.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Prenolin *Dexa, Indon.*
Allylestrenol (p.2082·2).
Premature labour; threatened and recurrent miscarriage.

Prenolol *Berlin Pharm, Singapore; Berlin Pharm, Thai.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Prenolone *Bago, Arg.*
⊗ Meprednisone hemisuccinate (p.1538·1).
Corticosteroid.

Prenomod *AstraZeneca, Arg.†.*
⊗ Atenolol (p.1217·3); hydrochlorothiazide (p.1307·3); amiloride hydrochloride (p.1209·2).
Hypertension.

Prenoretic *AstraZeneca, Arg.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Prenormine *AstraZeneca, Arg.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Prent *Gepepharm, Ger.; Bayer, Ital.; Bayer, Port.; Bayer, Turk.*
⊗ Acebutolol hydrochloride (p.1200·1).
Angina pectoris; arrhythmias; hypertension; ischaemic heart disease.

Pre-Nutrison *Nutricia, Port.†.*
Preparation for enteral nutrition (p.1922·1).

Pre-Op *Nutricia, Austral.†; Baxter, NZ; Nutricia, NZ.*
Preparation for enteral nutrition (p.1922·1).
Pre-operative dietary management of surgical patients.

Preotact *Nycomed, Cz.; Nycomed, Gr.; Nycomed, UK.*
Parathyroid hormone (rDNA) (p.1103·1).
Osteoporosis.

Prep *Lennon, S.Afr.*
Borax (p.2268·1); menthol (p.2340·1); thymol (p.1664·3); camphor (p.2273·2); clove oil (p.2285·1); phenol (p.1656·1).
Burns; insect bites; skin disorders; ulcers.

Prep Kit-C *Pharmatel, Austral.*
One sachet, macrogol 3350 (p.2336·3); electrolytes (p.1667·1) (Glycoprep-C); Two sachets, sodium picosulfate (p.1771·1) (PicoPrep).
Bowel evacuation.

Prepacol *Guerbet, Austria; Codali, Belg.; Guerbet, Cz.; Guerbet, Fr.; Guerbet, Ger.*
Combination pack: Tablets, bisacodyl (p.1710·1); oral solution, dibasic sodium phosphate dodecahydrate (p.1682·3); monobasic sodium phosphate dihydrate (p.1682·3).
Bowel evacuation.

Prepacort H *Wyeth Consumer, Ital.*
⊗ Hydrocortisone acetate (p.1535·2); benzocaine (p.1854·1).
Haemorrhoids.

Prepadine *Berk, UK.*
Dosulepin hydrochloride (p.388·2).
Depression.

Prepagel *Frik, Turk.*
Aescin (p.2248·2); diethylamine salicylate (p.47·2).
Musculoskeletal and joint pain.

Pre-Par *Eumedica, Belg.; Belupo, Cz.†; IFET (ΙΦΕΤ), Gr.†; Solvay, Port.†; Reig Jofre, Spain; Eczacibasi, Turk.*
⊗ Ritodrine hydrochloride (p.2017·2).
Fetal distress; premature labour; prevention of uterine contractions during surgery in pregnancy; prevention of uterine hypermotility in labour; production of uterine relaxation.

Preparacion H *Wyeth, Spain.*
Yeast extract (p.1998·3); shark-liver oil (p.2386·1).
Haemorrhoids.

Preparation H
Note. This name is used for preparations of different composition.
Wyeth Consumer, Austral.†; Wyeth Consumer, Canad.; Wyeth, Cz.; Wyeth, Gr.; Wyeth Consumer, Irl.; Whitehall, Israel; Whitehall, Pol.†; Wyeth, Rus.; SA Druggists Self Med, S.Afr.; Wyeth Consumer, UK.
Live yeast cell extract (p.1998·3); shark-liver oil (p.2386·1).
Haemorrhoids.

Wyeth Consumer, Hong Kong; Wyeth Consumer, Mex.; Wyeth Consumer, Singapore; Wyeth Consumer, Thai.
Shark-liver oil (p.2386·1); phenylephrine hydrochloride (p.1568·1).
Formerly contained live yeast-cell derivative and shark-liver oil in *Singapore*.
Haemorrhoids.

Wyeth Consumer, USA.
Cream: Phenylephrine hydrochloride (p.1568·1); pramocaine hydrochloride (p.1868·1); glycerol (p.2314·2).
Formerly contained shark-liver oil and phenylephrine hydrochloride.
Anorectal disorders.

Wyeth Sante, Fr.
Rectal cream: Yeast (p.1998·3); halibut-liver oil (p.1948·1).
Haemorrhoids.

Wyeth Sante, Fr.
Suppositories: Butyl aminobenzoate (p.1857·1); yeast (p.1998·3); esculoside (p.2248·2); halibut-liver oil (p.1948·1).
Haemorrhoids.

Whitehall, USA.
Suppositories: Live yeast cell derivative (p.1998·3); shark-liver oil (p.2386·1).
Haemorrhoids.

Preparation H Clear Gel *Wyeth Consumer, UK.*
Hamamelis (p.2318·2).
Haemorrhoids.

Preparation H Cooling Gel *Wyeth Consumer, Canad.; Whitehall-Robins, USA.*
Hamamelis (p.2318·2); phenylephrine hydrochloride (p.1568·1).
Anorectal disorders; haemorrhoids.

Preparation H Veinotonic *Wyeth Sante, Fr.*
Diosmin (p.2304·2).
Haemorrhoids.

Preparazione Antiemorroidaria *Giuliani, Ital.†.*
⊗ Hydrocortisone acetate (p.1535·2); benzocaine (p.1854·1).
Haemorrhoids.

Preparazione H *Wyeth Consumer, Ital.*
Yeast cell extract (p.1998·3); shark-liver oil (p.2386·1).
Haemorrhoids.

Prepcat *Mallinckrodt, USA.*
Barium sulfate (p.1477·2).
Contrast medium for gastrointestinal radiography.

Pre-Pen *Bayer, USA†.*
Penicilloyl-polylysine (p.2364·2).
Diagnosis of penicillin hypersensitivity.

Prepenem *Choongwae, Hong Kong.*
Imipenem (p.286·3); cilastatin (p.243·2).
Bacterial infections.

Prephen *Orion, NZ.*
Substituted phenols.
Disinfection.

Prepidil *Pfizer, Austria; Pfizer, Belg.; Paladin, Canad.; Pfizer, Cz.; Pfizer, Fr.; Pharmacia, Ger.; Pfizer, Hung.; Pharmacia, Israel; Pharmacia, Ital.; Pfizer, Mex.; Pfizer, Neth.; Pfizer, Pol.; Pfizer, Rus.; Pharmacia, S.Afr.; Pfizer, Spain; Pfizer, Switz.†; Pharmacia Upjohn, USA.*
Dinoprostone (p.2007·1).
Labour induction.

Preptin *Teuto, Braz.†.*
Cyproheptadine hydrochloride (p.575·1).
Reduced appetite.

Prepulsid
Janssen-Cilag, Arg.†; Janssen-Cilag, Austral.†; Janssen-Cilag, Austria†; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Cilag, Chile†; Janssen-Cilag, Cz.†; Janssen-Cilag, Denm.†; Janssen-Cilag, Fin.†; Janssen-Cilag, Fr.; Janssen, Hong Kong†; Janssen-Cilag, Irl.†; Janssen-Cilag, Israel; Janssen, Mex.†; Janssen-Cilag, NZ†; Janssen-Cilag, Neth.; Janssen-Cilag, Norw.†; Janssen, Port.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Spain†; Janssen-Cilag, Swed.†; Janssen-Cilag, Switz.†.
Cisapride (p.1720·3).
Dyspepsia; gastro-oesophageal reflux; gastroparesis; impaired gastric motility; regurgitation and vomiting in infants; upper-gastrointestinal discomfort.

Janssen-Cilag, Thai.†.
Cisapride (p.1720·3) or cisapride tartrate (p.1720·3).
Dyspepsia; gastro-oesophageal reflux; gastroparesis; regurgitation and vomiting in babies.

Prepurex *Wellcome, Israel†.*
Pregnancy test (p.2372·1).

Preran *Sanofi-Aventis, Jpn.*
Trandolapril (p.1416·2).
Hypertension.

Preridon *Biomedica-Chemica, Gr.*
Risperidone (p.1024·2).
Psychoses.

Pres *Boehringer Ingelheim, Ger.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Pres plus *Boehringer Ingelheim, Ger.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Presabet *Royal, Chile†.*
Nitrendipine (p.1358·2).
Hypertension.

Presar *Tedec Meiji, Spain.*
Citalopram hydrobromide (p.385·3).
Depression; obsessive-compulsive disorder; panic disorder.

Presartan *Ipca, Rus.; Giempi, Venez.*
Losartan potassium (p.1326·1).
Heart failure; hypertension.

Prescaina *Llorens, Spain.*
Oxybuprocaine hydrochloride (p.1867·3).
Local anaesthesia.

Prescal *Novartis, UK.*
Isradipine (p.1319·2).
Hypertension.

Presco *Polipharm, Thai.*
Dextromethorphan hydrobromide (p.1555·2); bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders.

Prescol *Atlantis, Mex.*
Trimebutine (p.2404·3).
Gastrointestinal motility disorders.

Prescription Strength Desenex *Novartis Consumer, USA.*
Topical spray: Miconazole nitrate (p.541·3).
Fungal infections.

Presdeten *Alter, Spain.*
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Presept *Johnson & Johnson Medical, UK.*
Troclosene sodium (p.1665·3).
Instrument and surface disinfection.

Preserv Nonoxinol-9 *Blausiegel, Braz.*
Nonoxinol 9 (p.1917·2).
Formerly known as Preserv Gel Espermicida.
Contraceptive.

Preservation *Texinfine, Fr.*
Fig (p.1731·3); maize oil (p.1955·2).
Tonic.

Preservex *Movianto, UK.*
Aceclofenac (p.14·3).
Musculoskeletal and joint disorders.

Preservision *Chauvin, Fr.*
Vitamin and mineral preparation (p.1922·1).

PreserVision *Bausch & Lomb, Singapore.*
Vitamin C; vitamin E; zinc oxide; cupric oxide; lutein (p.1922·1).
Dietary supplement.

Preservision Lutein *Bausch & Lomb, USA.*
Vitamins; minerals; lutein (p.1922·1).

Preservision Luteina *Bausch & Lomb, Ital.*
Vitamin and mineral preparation with lutein (p.1922·1).

Presi Regul *Fabra, Arg.*
Enalapril maleate (p.1276·1).
Hypertension.

Presi Regul D *Fabra, Arg.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Presid *Ivax, Cz.; Ivax, Hung.*
Felodipine (p.1285·3).
Angina pectoris; hypertension.

President's Choice Hand Sanitizer *Belvedere, Canad.*
⊗ Alcohol (p.1625·2).
Hand disinfection.

President's Choice Sport Sunblock
Note. This name is used for preparations of different composition.
Fruit of the Earth, Canad.
SPF 15: Octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Fruit of the Earth, Canad.
SPF 30: Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

President's Choice Sunblock
Note. This name is used for preparations of different composition.
Fruit of the Earth, Canad.
Lotion SPF 30: Octocrilene (p.1608·3); octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3); titanium dioxide (p.1617·3).
Sunscreen.

Sunscreen.

Presun Lip Stick *Westwood, USA.*
SPF 15: Padimate O (p.1609·1); oxybenzone (p.1608·3).
Sunscreen.

Presun Moisturizing *Bristol-Myers Products, USA.*
SPF 46: Padimate O (p.1609·1); oxybenzone (p.1608·3).
Sunscreen.

Presun Moisturizing with Keri
Note. This name is used for preparations of different composition.
Bristol-Myers Products, USA.
SPF 15: Padimate O (p.1609·1); oxybenzone (p.1608·3).
Sunscreen.

Bristol-Myers Products, USA.
SPF 25: Octinoxate (p.1608·2); oxybenzone (p.1608·3); octisalate (p.1608·2).
Sunscreen.

Presun Sensitive *Westwood-Squibb, Canad.†.*
SPF 28: Titanium dioxide (p.1617·3).
Sunscreen.

Presun Sensitive Skin *Bristol-Myers Products, USA; Westwood, USA.*
SPF 15; SPF 29: Octinoxate (p.1608·2); oxybenzone (p.1608·3); octisalate (p.1608·2).
Sunscreen.

Presun Spray Mist *Bristol-Myers Products, USA.*
SPF 23: Octinoxate (p.1608·2); padimate O (p.1609·1); oxybenzone (p.1608·3); octisalate (p.1608·2).
Sunscreen.

Presun Ultra
Westwood-Squibb, Canad.†.
SPF 15; SPF 27; SPF 30: Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3); avobenzone (p.1589·3).
Sunscreen.

Westwood-Squibb, USA.
SPF 30: Avobenzone (p.1589·3); octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Presyc *Pasteur, Chile.*
Capsaicin (p.32·3).
Diabetic neuropathy; musculoskeletal and joint pain; phantom-limb pain; postherpetic neuralgia; pruritus.

Pretanix *Servier, Hung.*
⊗ Indapamide (p.1314·1).
Hypertension.

Pretenol C *Duopharma, Malaysia.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Preterax
Servier, Arg.; Servier, Austria; Servier, Belg.; Servier, Canad.; Therval, Fr.; Servier, Ger.; Servier, Gr.; Servier, Ital.; Servier, Mex.; Servier, Neth.; Servier, Philipp.; Servier, Port.; Servier, S.Afr.; Servier, Singapore; Servier, Spain; Servier, Switz.; Servier, Turk.; Servier, Venez.
⊗ Perindopril erbumine (p.1368·3); indapamide (p.1314·1).
Hypertension.

Servier, Irl.
⊗ Perindopril arginine (p.1368·2) or perindopril erbumine (p.1368·3); indapamide (p.1314·1).
Hypertension.

Pretifen *Unipharm, Mex.*
Ketotifen (p.582·2).
Asthma.

Pretilon *Sandoz, Indon.*
⊗ Methylprednisolone (p.1538·1).
Corticosteroid.

Pretts Diet Aid *Milance, USA.*
Alginic acid (p.2140·3); carmellose sodium (p.2142·1); sodium bicarbonate (p.1673·2).

Pretuval *Bayer, Switz.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Cold and influenza symptoms; coughs.

Pretuval C *Bayer, Switz.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); ascorbic acid (p.1983·3).
Cold and influenza symptoms; coughs.

Pretz
Note. This name is used for preparations of different composition.
Alcon, Hong Kong†.
Eriodictyon (p.1560·2).
Nasal dryness.

Parnell, Irl.
Moisturising nasal spray.
Nasal dryness.

Parnell, USA.
Sodium chloride (p.1686·1).
Inflammation and dryness of nasal membranes.

Pretz-D *Parnell, USA†.*
Phenylephrine hydrochloride (p.1568·1).
Formerly contained ephedrine sulfate.
Nasal congestion.

Prevacid
TAP, Canad.
Lansoprazole (p.1739·2) or lansoprazole sodium.
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Takeda, Jpn; Takeda, Malaysia; Takeda, Philipp.; Takeda, Singapore; Takeda, Thai.; TAP, USA.
Lansoprazole (p.1739·2).
Dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prevacid NapraPAC *TAP, USA.*
Naproxen (p.92·3).
Lansoprazole (p.1739·2) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Musculoskeletal and joint disorders.

Prevage *Allergan, USA.*
Idebenone (p.367·1).
Skin wrinkles.

Prevagin-Premaril *Dexxon, Israel†.*
Conjugated oestrogens (p.2087·2).
Menopausal vulvovaginal disorders.

Prevalin *Chefaro, Neth.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis; allergic rhinitis.

Prevalina *Andromaco, Chile.*
Mianserin hydrochloride (p.408·1).
Depression.

Prevalite *Upsher-Smith, USA.*
Colestyramine (p.1252·3).

Prevalon *Abello, Spain†.*
Multivitamin and amino-acid preparation (p.1922·1).
Tonic.

Prevan *Vargas, Venez.†.*
Astemizole (p.567·2).
Hypersensitivity reactions.

Prevas *Soho, Indon.*
Ketotifen fumarate (p.582·2).
Allergic rhinitis; asthma.

Prevax *Biosintetica, Braz.*
Calcium folinate (p.1943·3).

Prevecilina *Grunenthal, Port.*
Clemizole penicillin (p.251·1); benzylpenicillin sodium (p.213·1).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Prevegyne *Farmalight, Port.†.*
Ascorbic acid (p.1983·3).
Vulvovaginal disorders.

Preven *Biomeks, Turk.; Gynetics, USA†.*
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3).
Postcoital oral contraceptive.

Prevenar *Wyeth, Arg.; Wyeth, Austral.; Wyeth Lederle, Austria; Wyeth, Belg.; Wyeth, Chile; Wyeth, Cz.; Wyeth, Denm.; Wyeth, Fin.; Wyeth, Fr.; Wyeth, Ger.; Wyeth, Gr.; Wyeth, Hong Kong; Wyeth Lederle, Hung.; Wyeth, Indon.; Wyeth, Irl.; Wyeth Lederle, Ital.; Wyeth, Malaysia; Wyeth, Mex.; Wyeth, NZ; Wyeth Lederle, Neth.; Wyeth, Norw.; Wyeth, Philipp.; Wyeth, Pol.; Wyeth Lederle, Port.; Wyeth, S.Afr.; Wyeth, Singapore; Wyeth, Spain; Wyeth, Swed.; Wyeth, Switz.; Wyeth, UK; Wyeth, Venez.*
A pneumococcal conjugate vaccine (7-valent) (p.2231·2).
Active immunisation.

Prevencor
Note. This name is used for preparations of different composition.
Medley, Braz.
Aspirin (p.20·3); simvastatin (p.1390·2).
Atherosclerosis.

Euro Registratie, Neth.; Stephar, Neth.; Almirall, Spain.
Atorvastatin calcium (p.1218·3).
Hypercholesterolaemia.

Prevent *Agropharm, UK.*
Pyrethrins (p.2049·3); piperonyl butoxide (p.2049·1).
Insect repellent.

Preventan *Grunenthal, Chile†.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Preventus *Yalacta, Fr.*
Organ extracts.
Tonic.

Prevepen *Grunenthal, Chile.*
Clemizole penicillin (p.251·1).
Bacterial infections.

Prevepen Forte *Grunenthal, Chile.*
Benzylpenicillin sodium (p.213·1); clemizole penicillin (p.251·1).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Preveral con Codeina *Vargas, Venez.*
Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2).
Cough and cold symptoms.

Preveral con Dextrometorfano *Vargas, Venez.*
Promethazine hydrochloride (p.588·2); dextromethorphan hydrobromide (p.1555·2).
Cough and cold symptoms.

Prevex
Note.This name is used for preparations of different composition.
Simesa, Ital.
Felodipine (p.1285·3).
Angina pectoris; hypertension.

Stiefel, Thai.
Barrier gel.

Trans Canaderm, Canad.
Cream: Yellow soft paraffin (p.2031·3).
Barrier cream.

Trans Canaderm, Canad.
Lotion: Moisturiser.

Prevex B *Trans Canaderm, Canad.; Stiefel, Thai.†.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Prevex HC *Trans Canaderm, Canad.; Stiefel, Thai.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Previane *Legrand, Braz.*
Gestodene (p.2105·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Prevident *Colgate Oral, USA.*
Sodium fluoride (p.1962·2).
Dental caries prophylaxis.

Previfem *Andrx, USA.*
Norgestimate (p.2121·1); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Previgrip *Socopharm, Fr.*
Inactivated influenza vaccine (p.2218·2).
Active immunisation.

Previnfec *Lacefa, Arg.†.*
Chloroxylenol (p.1640·2).
Disinfection.

Previscan
Note.This name is used for preparations of different composition.
Investi, Arg.
Pentoxifylline (p.1367·2).
Intermittent claudication.

Procter & Gamble, Fr.
Fluindione (p.1290·2).
Thromboembolic disorders.

Previta *Sofex, Port.*
Ticlopidine hydrochloride (p.1411·2).

Prevnar *Wyeth, Canad.; Lederle, Israel; Wyeth-Ayerst, Thai.; Wyeth-Ayerst, USA.*
A pneumococcal conjugate vaccine (7-valent) (p.2231·2).
Active immunisation.

Prevolac *Cosmopharm, Gr.†.*
Azelaic acid (p.1589·3).
Acne.

Prevpac *TAP, USA.*
Capsules, lansoprazole (Prevacid) (p.1739·2); capsules, amoxicillin trihydrate (Trimox) (p.202·2); tablets, clarithromycin (Biaxin) (p.248·2).
Duodenal ulcer associated with Helicobacter pylori infection.

Prevulcer *Cellofarm, Braz.†.*
Ranitidine (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prevyol-2 *Legrand, Braz.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Prexan *Lafare, Ital.*
Naproxen (p.92·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; neuralgias.

Prexanil *Servier, Cz.*
Perindopril erbumine (p.1368·3).
Cardiovascular risk reduction; heart failure; hypertension.

Prexaton *Alphapharm, Austral.*
Bupropion hydrochloride (p.383·1).
Aid to smoking withdrawal.

Prexidine *Expanscience, Fr.*
Chlorhexidine gluconate (p.1635·3).
Mouth infections.

Prexige *Novartis, Arg.; Novartis, Austral.†; Novartis, Braz.; Novartis, Chile; Novartis, Hung.; Novartis, Indon.; Novartis, NZ; Novartis, UK†.*
Lumiracoxib (p.78·1).
Osteoarthritis; pain.

Prexum
Servier, Indon.
Perindopril (p.1368·2).
Heart failure; hypertension; stroke prophylaxis.

Sermedica, Port.; Biogaran, S.Afr.
Perindopril erbumine (p.1368·3).
Heart failure; hypertension; myocardial infarction.

Prexum Plus *Biogaran, S.Afr.*
⊗ Perindopril erbumine (p.1368·3); indapamide (p.1314·1).
Hypertension.

Prezal *Aventis, Neth.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prezatim *Merck, Braz.†.*
Prezatide copper acetate (p.1611·2).
Cicatrisation.

Prezista
Janssen-Cilag, Austral.; Janssen-Cilag, Cz.; Janssen-Cilag, UK.
Darunavir (p.869·1).
HIV infection.

Janssen-Cilag, Port.; Tibotec, USA.
Darunavir ethanolate (p.869·1).
HIV infection.

Prezita *Janssen-Cilag, Gr.*
Darunavir (p.869·1).
HIV infection.

Prezolon *Nycomed, Gr.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Priacin *Pharmacypria, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Priadel
Sanofi-Aventis, Belg.; Sanofi Synthelabo, Malaysia†; Bamford, NZ; Sanofi Synthelabo, Neth.; Sanofi-Aventis, Port.; Sanofi Synthelabo, Singapore†; Sanofi Synthelabo, Switz.
Lithium carbonate (p.401·3).
Aggressive or self-mutilating behaviour; bipolar disorder; depression; mania.

Sanofi-Aventis, Irl.; Sanofi-Aventis, UK.
Lithium carbonate (p.401·3) or lithium citrate (p.401·3).
Aggressive or self-harming behaviour; bipolar disorder; depression; mania.

Prialt *Eisai, Cz.; Eisai, Fr.; Elan, Neth.; Eisai, Port.; Eisai, UK; Elan, USA.*
Ziconotide acetate (p.133·3).
Pain.

Prialta *OEP, Philipp.*
Pioglitazone hydrochloride (p.456·1).
Diabetes mellitus.

Pribac *Liferpal, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Pricam *Mintlab, Chile.*
Piroxicam (p.117·3).
Inflammation; pain.

Priciasol *Labima, Belg.*
⊗ Naphazoline nitrate (p.1565·2).
Nasal congestion.

Pricillin *Malayan, Singapore†.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Pricital *Lavipharm, Gr.*
Citalopram (p.385·3).
Depression.

Prickly Heat Powder *Church & Dwight, Austral.*
Zinc oxide (p.1621·2).
Chafed skin; eczema; heat rash; prickly heat.

Pricoron *Zentiva, Cz.*
Perindopril erbumine (p.1368·3).
Heart failure; hypertension.

Pridam *Pisa, Mex.*
⊗ Noradrenaline acid tartrate (p.1360·1).
Hypotension.

Pridana *Novartis, Port.*
Pirisudanol maleate (p.2369·2).
Mental function disorders.

Pridecil *Farmalab, Braz.*
Bromopride (p.1713·3).
Nausea and vomiting.

Pridesia *Sanbe, Indon.*
Cisapride (p.1720·3).
Gastrointestinal disorders.

Pri-De-Sid *Polipharm, Thai.†.*
Cisapride (p.1720·3).
Dyspepsia; gastro-oesophageal reflux; gastrointestinal motility disorders; gastroparesis.

Pridio *Quimifar, Spain.*
Caffeine (p.1116·3); chlorphenamine maleate (p.571·3); paracetamol (p.108·1); salicylamide (p.121·2).
Fever; nasal congestion; pain.

Prifen *Soho, Indon.*
Ibuprofen (p.64·2).
Fever; osteoarthritis; pain; rheumatoid arthritis.

Priftin *Hoechst Marion Roussel, USA.*
Rifapentine (p.329·3).
Tuberculosis.

Prigost *Rider, Chile.*
Bromocriptine mesilate (p.798·1).
Hyperprolactinaemia; parkinsonism.

Prikap *Elea, Arg.*
Levodopa (p.804·3); carbidopa (p.803·1).
Carbon monoxide poisoning; manganese poisoning; parkinsonism.

Prilace
Note.This name is used for preparations of different composition.
Arrow, Austral.
Ramipril (p.1385·3).
Heart failure; hypertension.

Sanofi-Aventis, Ital.
⊗ Ramipril (p.1385·3); piretanide (p.1372·3).
Hypertension.

Farma, Venez.
Enalapril maleate (p.1276·1).
Asymptomatic left-ventricular dysfunction; heart failure; hypertension.

Prilagin *Sofar, Ital.*
Miconazole (p.541·2) or miconazole nitrate (p.541·3).
Candidiasis; Gram-positive bacterial infections.

Prilan *Sofex, Port.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Prilcor *Sigma, Braz.*
Lisinopril (p.1325·2).
Hypertension.

Prilitab-HCT *Tiefenbacher, Neth.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Prilitaril-HCT *Tiefenbacher, Neth.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Prilosec *AstraZeneca, USA.*
Omeprazole (p.1753·1) or omeprazole magnesium (p.1753·1).
Gastro-oesophageal reflux; heartburn; peptic ulcer; Zollinger-Ellison syndrome.

Prilosin *Cipla-Medpro, S.Afr.†.*
Lisinopril (p.1325·2).
Heart failure; hypertension; myocardial infarction.

Prilovase *Pentafarma, Port.*
Captopril (p.1239·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Prilpressin *Legrand, Braz.*
Captopril (p.1239·2).
Hypertension.

Priltenk *Biotenk, Arg.*
Enalapril maleate (p.1276·1).
Atherosclerosis; heart failure; hypertension; myocardial infarction.

Prim E *Mega Lifesciences, Malaysia.*
Evening primrose oil (p.2302·1); vitamin E (p.1992·2).
Premenstrual syndrome; skin disorders.

Prima Derm *Metanoia, Fr.*
Barrier preparation.

Primabion *Sandoz, Indon.*
Vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Migraine; neuritis; neuropathy; peripheral circulatory disorders; vomiting of pregnancy.

Primacaine *IMS, Ital.†.*
⊗ Articaine hydrochloride (p.1854·1).
Adrenaline hydrochloride (p.1203·3) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Prima-Cal *Nupharma, Thai.*
Calcium carbonate (p.1714·1).
Calcium supplement.

Prima-Cal Plus Vit D *Nupharma, Thai.*
Calcium carbonate (p.1714·1); vitamin D (p.1986·1).
Calcium and vitamin D supplement.

Primace *Novopharm, Philipp.; Pascual, Philipp.*
Captopril (p.1239·2).
Hypertension.

Primacef *Bergamo, Braz.*
Cefalexin (p.218·2).
Bacterial infections.

Primacillin *Medikon, Indon.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Primacin *Boucher & Muir, Austral.*
Primaquine phosphate (p.608·1).
Malaria.

Primacine *Pinewood, Irl.*
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Primacip *Cipla, India.*
Primaquine phosphate (p.608·1).
Malaria.

Primacor *Sanofi Synthelabo, Austral.; Sanofi Synthelabo, Braz.; Sanofi Synthelabo, Canad.†; Sanofi Synthelabo, Hong Kong; Sanofi Winthrop, Israel; Sanofi-Aventis, Malaysia; Sanofi Synthelabo, Mex.; Sanofi-Aventis, NZ; Sanofi-Aventis, Singapore; Sanofi Synthelabo, Thai.; Sanofi Synthelabo, UK; Sanofi Winthrop, USA.*
Milrinone lactate (p.1341·2).
Heart failure.

Primactam *Meditrina, Gr.*
Tolfenamic acid (p.130·1).
Inflammatory disorders.

Primacton *Streuli, Switz.*
⊗ Spironolactone (p.1400·1).
Cirrhosis with ascites; hyperaldosteronism; hypertension; nephrotic syndrome; oedema.

Primacy C+AHA *Dispolab, Chile†.*
Ascorbic acid (p.1983·3); glycolic acid (p.1598·1); lactic acid (p.2329·3); zinc sulfate (p.1999·2).
Acne; skin pigmentation disorders.

Primacy Phyto + *Dispolab, Chile†.*
Kojic acid (p.1603·3); bearberry (p.2263·3); thyme (p.2401·1); pepino; citrus bioflavonoids (p.2304·1).
Skin pigmentation disorders.

Primaderm
Note.This name is used for preparations of different composition.
Aventis, Arg.†.
⊗ Prednicarbate (p.1540·2).
Skin disorders.

Roi Surya, Indon.
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Primadex *Dexa, Indon.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Primadol *Soho, Indon.*
Paracetamol (p.108·1); metoclopramide hydrochloride (p.1747·3).
Fever; migraine; pain.

Primadrill *Pierre Fabre Sante, Fr.*
Althaea (p.2253·3).
Mouth and throat disorders.

Primadryl Plus *Sandoz, Indon.*
Diphenhydramine hydrochloride (p.577·2); dextromethorphan hydrobromide (p.1555·2); phenylephrine hydrochloride (p.1568·1); ammonium chloride (p.1551·3); sodium citrate (p.1673·3).
Cough.

Prima-E *Sandoz, Indon.*
d-Alpha tocopherol (p.1992·2).
Antoxidant.

Primafluor *Prima, Braz.†.*
Sodium fluoride (p.1962·2).
Dental caries prophylaxis.

Primakinder *Kinder, Braz.*
Primaquine phosphate (p.608·1).
Malaria.

Primalan *Pierre Fabre, Arg.; Pierre Fabre Sante, Fr.; Pierre Fabre, Ital.†; Pierre Fabre, Mex.; Natrapharm, Philipp.; Pierre Fabre, Port.; Pierre Fabre, Rus.*
Mequitazine (p.585·3).
Allergic conjunctivitis; allergic rhinitis; atopic eczema; hypersensitivity reactions; pruritus; urticaria.

Primamet *Lek, Cz.*
Cimetidine (p.1716·2) or cimetidine hydrochloride (p.1716·3).
Acid aspiration; acute pancreatitis; dyspepsia; gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Primanol *Jamieson, Canad.†.*
Evening primrose oil (p.2302·1).

Primanol Borage Oil *Jamieson, Canad.*
Evening primrose oil (p.2302·1); borage oil (p.2267·3).

Primaquin *Gynopharm, Chile.*
Estradiol (p.2097·2).
Menopausal disorders.

Primaquin MP *Gynopharm, Chile.*
18 Tablets, estradiol (p.2097·2); 12 tablets, estradiol; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Primaquin MP Continuo *Gynopharm, Chile.*
Estradiol (p.2097·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Primasef *Nevzat, Turk.*
Sulbactam (p.335·1); cefoperazone (p.227·2).
Bacterial infections.

Primasept Med *Schulke & Mayr, Ger.†.*
Propyl alcohol (p.1660·2); isopropyl alcohol (p.1650·3); orthophenylphenol (p.1655·1).
Hand disinfection.

Primaspan *Orion, Fin.*
Aspirin (p.20·3).
Rheumatoid arthritis; thromboembolism prophylaxis.

Primastick *Omega, Fr.*
Pregnancy test (p.2372·1).

Primatam *Sandoz, Indon.*
Piracetam (p.368·2).
Cerebral trauma; chronic alcoholism; mental function impairment.

Primatene *Whitehall-Robins, USA.*
⊗ Ephedrine hydrochloride (p.1558·2); guaifenesin (p.1561·3).
Formerly contained ephedrine hydrochloride and theophylline.
Bronchial asthma.

Primatene Mist *Wyeth Consumer, USA.*
⊗ Adrenaline (p.1203·2).
Bronchial asthma.

Primatene Mist Suspension *Wyeth Consumer, USA.*
⊗ Adrenaline acid tartrate (p.1203·2).
Bronchial asthma.

Primatenol *Streuli, Switz.†.*
⊗ Atenolol (p.1217·3).
Angina; arrhythmias; hypertension; myocardial infarction.

Primatenol Plus *Streuli, Switz.†.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Primatime *Omega, Fr.*
Fertility test (p.2372·1).

Primatour *Viatris, Neth.*
Chlorcyclizine hydrochloride (p.571·2); cinnarizine (p.573·1).
Motion sickness.

Primatuss Cough Mixture 4 *Rugby, USA.*
Chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2).
Coughs and cold symptoms.

Primatuss Cough Mixture 4D *Rugby, USA.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Coughs.

Primavax *Vianex (Βιανεξ), Gr.†.*
A diphtheria, tetanus, and hepatitis B vaccine (p.2210·2).
Active immunisation.

Primavent *Boehringer Ingelheim, Philipp.*
⊗ Budesonide (p.1520·1).
Asthma.

Primavera-N *Fabra, Arg.*
Metoclopramide hydrochloride (p.1747·3).
Dyspepsia; nausea and vomiting.

Primaxin *MSD, Austral.; Merck Frosst, Canad.; Vianex (Βιανεξ), Gr.; MSD, NZ; MSD, UK; Merck, USA.*
Imipenem (p.286·3); cilastatin sodium (p.243·1).
Bacterial infections.

Primazole *Kalbe, Indon.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Primbactam *Menarini, Ital.*
Aztreonam (p.209·2).
Gram-negative bacterial infections.

Primcillin *AstraZeneca, Denm.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Primene *Baxter Immuno, Arg.; Baxter, Austral.†; Baxter, Austria; Baxter, Canad.; Baxter, Cz.; Baxter, Fr.; Baxter, Ger.; Baxter, Gr.; Kalbe, Indon.; Baxter, Irl.; Baxter, Mex.†; Clintec, Neth.; Baxter, Pol.; Baxter, Port.; Baxter, Spain; Baxter, UK.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition in infants.

Primera *Eurofarma, Braz.*
Desogestrel (p.2093·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Primeral *Sanofi-Aventis, Braz.*
Bromopride (p.1713·3); dimeticone (p.1770·2); pepsin (p.2365·1); α-amylase (p.2256·3); lipase (p.2360·3).
Digestive disorders; nausea and vomiting.

Primeran *Sanofi Synthelabo, Gr.†.*
Metoclopramide (p.1747·3) or metoclopramide hydrochloride (p.1747·3).
Acid aspiration; aid in diagnostic procedures; delayed gastric emptying; gastro-oesophageal reflux disease; nausea and vomiting.

Primesin *Schwarz, Ital.; Schwarz, Switz.*
Fluvastatin sodium (p.1290·2).
Hypercholesterolaemia; ischaemic heart disease.

Primil *Francia, Ital.*
Magnesium; potassium; vitamins (p.1922·1).
Nutritional supplement.

Primiprost *AstraZeneca, India.*
Dinoprostone (p.2007·1).
Labour induction.

Primobolan
Schering, Austral.
⊗ Metenolone enantate (p.2116·3).
Breast cancer in women; osteoporosis.

Schering, Ger.†; Schering, Mex.
⊗ Metenolone acetate (p.2116·3) or metenolone enantate (p.2116·3).
Anabolic; aplastic anaemia; liver disorders; osteoporosis.

Schering, S.Afr.
⊗ Metenolone acetate (p.2116·3).
Aplastic anaemia.

Primobolan Depot *Shepa, Gr.†; Schering, Spain.*
⊗ Metenolone enantate (p.2116·3).
Anabolic.

Primocef *Julphar, UAE.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Primocid *Genepharm, Gr.*
Clarithromycin (p.248·2).
Bacterial infections.

Primodian Depot *Schering, S.Afr.; Schering, Thai.*
⊗ Estradiol valerate (p.2097·3); testosterone enantate (p.2130·1).
Menopausal disorders; osteoporosis.

Primodium
Ikapharmindo, Indon.
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Janssen-Cilag, Swed.
Loperamide oxide (p.1741·2).
Diarrhoea.

Primofenac *Streuli, Switz.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Primofol Depot *Schering, Chile†.*
Estradiol valerate (p.2097·3).
Amenorrhoea; oestrogen deficiency.

Primogonyl *Schering, Ger.†.*
⊗ Chorionic gonadotrophin (p.2085·1).
Cryptorchidism, hypogonadism, and delayed puberty in males; infertility in females.

Primogyn *Schering, Mex.*
Estradiol valerate (p.2097·3).
Amenorrhoea; menopausal disorders; menorrhagia; oestrogen deficiency; uterine hypoplasia.

Primogyn Depot *Schering, Austral.; Schering, S.Afr.*
Estradiol valerate (p.2097·3).
Amenorrhoea; dysfunctional uterine bleeding; menorrhagia; oestrogen deficiency; uterine hypoplasia.

Primogyna *Schering, Braz.; Schering, Chile†.*
Estradiol valerate (p.2097·3).
Menopausal disorders; osteoporosis.

Primolin *Hovid, Malaysia†; Swiss Bio, Malaysia†; Vita Health, Malaysia†; Tribest, S.Afr.*
Evening primrose oil (p.2302·1).
Dietary supplement; premenstrual syndrome; skin disorders.

Primolin GLA MAX *Swiss Bio, Malaysia†.*
Borage oil (p.2267·3).
Hair, nail, and skin disorders; premenstrual syndrome.

Primolin Total Woman *Swiss Bio, Malaysia†.*
Dong quai; bearberry; ginkgo biloba; capsicum; garlic; centella; evening primrose oil; cimicifuga; taraxacum; ginseng; ginger; liquorice; echinacea; viburnum opulus (p.1922·1).
Menopausal disorders; premenstrual syndrome.

Primolut Depot *Schering, Chile†; Schering, Mex.*
Hydroxyprogesterone caproate (p.2110·3).
Amenorrhoea; female infertility; threatened miscarriage; recurrent miscarriage; uterine hypoplasia.

Primolut N *Schering, Austral.; Schering, Fin.; Schering, Hong Kong; German Remedies, India; Schering, Indon.; Schering, Irl.; Bayer Schering, Malaysia; Bayer, NZ; Schering, Neth.; Schering, Norw.; Schering, Philipp.; Schering, S.Afr.; Bayer, Singapore; Schering, Switz.; Schering, Thai.; Schering, Turk.; Schering, UK.*
Norethisterone (p.2119·3).
Adjunct to oestrogen replacement therapy; amenorrhoea; benign breast disorders; dysfunctional uterine bleeding; endometriosis; malignant neoplasms; menopausal disorders; menorrhagia; postponement of menstruation; premenstrual syndrome; progestogen-only oral contraceptive.

Primolut-Nor *Schering, Arg.; Schering, Austria; Schering, Belg.; Schering, Braz.; Schering, Chile; Schering, Cz.†; Schering, Fin.; Schering, Fr.; Schering, Ger.; Schering, Gr.; Schering, Israel; Schering, Ital.; Schering, Mex.; Schering, Pol.; Bayer, Port.; Schering, Rus.; Schering, Spain; Schering, Swed.*
Norethisterone acetate (p.2119·3).
Amenorrhoea; benign breast disorders; breast or endometrial cancer; dysfunctional uterine bleeding; endometriosis; female infertility; fibromas; functional uterine haemorrhage; hormone replacement therapy; menopausal disorders; menorrhagia; osteoporosis; postponement of menstruation; progestogen-only oral contraceptive; secondary amenorrhoea; uterine hypoplasia.

Primoniat Depot *Schering, Chile.*
⊗ Testosterone propionate (p.2130·1); testosterone enantate (p.2130·1).
Some injections contain only testosterone enantate.
Aplastic anaemia; breast cancer; male hypogonadism.

Primonil *Teva, Israel.*
Imipramine hydrochloride (p.400·3).
Depression; nocturnal enuresis.

Primoptic *Allergan, Thai.†.*
Trimethoprim (p.355·2); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Primoris *Herbarium, Braz.*
Linoleic acid (p.2308·2); oleic acid (p.2030·1); gamolenic acid (p.2308·2).

Primosiston
Note.This name is used for preparations of different composition.
Schering, Arg.; Schering, Mex.†.
Hydroxyprogesterone caproate (p.2110·3); estradiol benzoate (p.2097·2).
Menorrhagia; metrorrhagia.

Schering, Austria; Schering, Braz.; Schering, Chile.
Norethisterone acetate (p.2119·3); ethinylestradiol (p.2101·3).
Dysfunctional uterine bleeding; menorrhagia; polymenorrhoea.

Schering, Switz.†; Schering, Venez.†.
Injection: Hydroxyprogesterone caproate (p.2110·3); estradiol benzoate (p.2097·2).
Metrorrhagia.

Schering, Ger.†; Schering, Switz.; Schering, Venez.†.
Tablets: Norethisterone acetate (p.2119·3); ethinylestradiol (p.2101·3).
Menstrual disorders.

Primoson-F *Sons, Mex.*
Progesterone (p.2125·1); estradiol benzoate (p.2097·2).
Menstrual disorders.

Primostat *Schering, Mex.*
Gestonorone caproate (p.2105·3).
Benign prostatic hyperplasia; endometrial cancer.

Primoteston Depot
Schering, Austral.; Schering, Mex.; Schering, NZ.
⊗ Testosterone enantate (p.2130·1).
Aplastic anaemia; breast cancer; male androgen deficiency; male hypogonadism.

Schering, Norw.
⊗ Testosterone enantate (p.2130·1); testosterone propionate (p.2130·1).
Some injections contain only testosterone enantate.
Androgenic; hypogonadism in males.

Primotox *Vitae, Mex.*
Ceftriaxone (p.238·1).
Bacterial infections.

Primotren *Lek, Cz.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Primover *Alcon Cusi, Spain.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis.

Primovist *Schering, Austria; Schering, Cz.; Schering, Fin.; Schering, Gr.; Bayer Schering, Hung.; Schering, Neth.; Schering, Norw.; Schering, Swed.; Schering, Switz.; Bayer, UK.*
Sodium gadoxetate (p.1481·1).
Contrast medium for magnetic resonance imaging of the liver.

Primoxil *Sandoz, Indon.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Primperan
Sanofi-Aventis, Belg.; Sanofi Synthelabo, Denm.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Fr.; Astellas, Jpn; Sanofi Synthelabo, Neth.; Sanofi Synthelabo, Norw.; Sanofi Synthelabo, Swed.; Sanofi Synthelabo, Switz.
Metoclopramide (p.1747·3) or metoclopramide hydrochloride (p.1747·3).
Aid in gastrointestinal examination; gastro-oesophageal reflux; gastrointestinal motility disorders; nausea and vomiting.

Sanofi-Aventis, Gr.; Biofarma, Turk.
Metoclopramide (p.1747·3).
Gastrointestinal motility disorders.

Sanofi Synthelabo, Hong Kong; Delagrange, Indon.; Soho, Indon.; Sanofi-Aventis, Malaysia; Sanofi Synthelabo, Mex.; Sanofi-Aventis, Port.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Berk, UK; Sanofi-Aventis, Venez.
Metoclopramide hydrochloride (p.1747·3).
Aid in gastrointestinal examination; dyspepsia; gastro-oesophageal reflux; gastrointestinal motility disorders; gastroparesis; nausea; vomiting.

Primperan Compositum *Delagrange, Indon.; Soho, Indon.*
Metoclopramide hydrochloride (p.1747·3); pancreatin (p.2360·1).
Gastrointestinal disorders.

Primperil *Lafedar, Arg.*
Metoclopramide (p.1747·3).
Nausea and vomiting.

Primpesasy *Sanofi Synthelabo, Mex.*
Metoclopramide hydrochloride (p.1747·3); dimeticone (p.1770·2).
Aid to gastrointestinal examination; gastritis; hiatus hernia; nausea and vomiting; oesophagitis; peptic ulcer.

Primsoja *Gayoso, Spain.*
Soya (p.1965·3).
Menopausal disorders.

Primsol *Ascent, USA.*
Trimethoprim hydrochloride (p.356·3).
Otitis media; urinary-tract infections.

Primsulfon *Novell, Indon.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Primulex *Biogal-Teva, Hung.†.*
⊗ Selegiline hydrochloride (p.817·1).
Dementia; parkinsonism.

Primum *Sandoz, Arg.*
Flunitrazepam (p.996·2).
Hypnotic.

Primunox *Solas, Indon.*
Echinacea purpurea (p.2298·1); phyllanty.
Immunomodulator.

Primyxine *Tradiphar, Fr.†.*
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Skin and wound infections.

Prinac Ac *Collins, Mex.*
Folic acid (p.1940·1).
Anaemias.

Prinachol *Zurita, Braz.*
Boldo (p.2267·2).
Formerly contained cynara and boldo.
Liver disorders.

Prinarten *Liferpal, Mex.*
Captopril (p.1239·2).
Hypertension.

Prinasma *Medikon, Indon.*
⊗ Ephedrine hydrochloride (p.1558·2); theophylline (p.1140·1).
Asthma.

Princess Prolib *Novartis, Spain†.*
Fluvastatin sodium (p.1290·2).
Atherosclerosis; cardiovascular risk reduction; hyperlipidaemias.

Princi B1 + B6 *Sanofi Synthelabo, Neth.*
Thiamine hydrochloride (p.1976·1); pyridoxine hydrochloride (p.1978·2).
Vitamin B deficiency associated with alcoholism.

Princi-B
Eumedica, Belg.
Vitamin B substances (p.1922·1).
Alcoholism; cardiovascular disorders; drug intoxication; neurogenic pain; rheumatic pain.

Sanofi Synthelabo, Thai.
Vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Beri-beri; neuritis.

Princi-B Fort *Sanofi Synthelabo, Hong Kong; Sanofi-Aventis, Malaysia; Sanofi-Aventis, Singapore.*
Vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Diabetic neuropathy; neuralgias; neuritis; tonic; vitamin B deficiency.

Principen *Apothecon, USA.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Principrox *Streuli, Switz.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Princol *Provit, Mex.*
Lincomycin hydrochloride (p.293·2).
Bacterial infections.

Prindex *Armstrong, Mex.*
Pseudoephedrine hydrochloride (p.1571·2); carbinoxamine maleate (p.570·2).
Upper respiratory-tract congestion.

Prinex *Unipharma, Gr.*
Lidocaine (p.1862·3); prilocaine (p.1868·2).
Local anaesthesia.

Prinil *Mepha, Switz.*
Lisinopril (p.1325·2).
Heart failure; hypertension.

Priniser *Serral, Mex.*
Lisinopril (p.1325·2).
Hypertension.

Prinivil *MSD, Austral.; MSD, Austria; MSD, Braz.; Merck Frosst, Canad.; MSD, Cz.; BMS, Fr.; Vianex (Βιανεξ), Gr.; MSD, Hong Kong; BMS, Ital.; MSD, Malaysia†; MSD, Mex.; MSD, NZ; MSD, Pol.; MSD, Port.; MSD, S.Afr.; MSD, Singapore; BMS, Spain; Merck, USA; MSD, Venez.*
Lisinopril (p.1325·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Prinivil Plus *BMS, Spain.*
⊗ Lisinopril (p.1325·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Prinol Plus *Rivero, Arg.†.*
Preparation for enteral nutrition (p.1922·1).

Prinopril *Cifarma, Braz.*
Lisinopril (p.1325·2).
Hypertension.

Prinorm *Valeant, Hung.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Prinox *Andromaco, Arg.*
Alprazolam (p.960·1).
Anxiety; panic attacks; phobias.

Printan *Raffo, Chile.*
Sodium chloride (p.1686·1).
Nasal congestion; nasal hygiene.

Prinzide *MSD, Braz.; Merck Frosst, Canad.; BMS, Fr.; Vianex (Βιανεξ), Gr.; BMS, Ital.; MSD, Mex.; MSD, Port.; Mepha, Switz.; Merck, USA.*
⊗ Lisinopril (p.1325·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Prioderm *Meda, Belg.; Norpharma, Denm.; Mundipharma, Fin.; Viatris, Fr.; SSL, Irl.; Rafa, Israel; SSL, NZ; Viatris, Neth.; Mundipharma, Norw.; Mundipharma, Swed.; Mundipharma, Switz.; SSL, UK.*
Malathion (p.2046·1).
Pediculosis; scabies.

Priorin *Bayer, Austria; Roche Consumer, Ger.†; Roche, Turk.*
Millet; calcium pantothenate; cystine (p.1922·1).
Hair and nail disorders.

Priorin N *Bayer, Switz.*
Millet; calcium pantothenate; cystine; wheat-germ oil (p.1922·1).
Hair and nail disorders.

Priorix *GSK, Austral.; GSK, Austria; GSK, Belg.; GSK, Braz.†; GSK, Canad.; GSK, Cz.; GSK, Fin.; GSK, Fr.; GSK, Ger.; GSK, Gr.; GSK, Hong Kong; GSK, Irl.; GSK, Israel; GSK, Ital.; GSK, Malaysia; GSK, Mex.; GSK, NZ; GSK, Neth.; GSK, Norw.; GSK, Philipp.; GSK, Pol.; Smith Kline & French, Port.; GSK, Rus.; GSK, S.Afr.; GSK, Singapore; GSK, Spain; GSK, Swed.; GSK, Switz.; GSK, Thai.; GSK, Turk.; GSK, UK; GSK, Venez.*
A measles, mumps, and rubella vaccine (attenuated Schwarz, RIT 4385, and Wistar RA 27/3 strains, respectively) (p.2223·1).
Active immunisation.

Priorix-Tetra *GSK, Cz.; GSK, NZ; GSK, Port.*
A measles, mumps, rubella, and varicella-zoster vaccine (Schwarz, Jeryl Lynn RIT 4385, Wistar RA 27/3, and OKA strains respectively) (p.2224·1).
Active immunisation.

Priovit 12 *SIT, Ital.*
Multivitamin preparation (p.1922·1).

Priper *Ivax, Arg.*
Pipemidic acid (p.315·1).
Bacterial infections.

Priper Plus *Ivax, Arg.*
Pipemidic acid (p.315·1); phenazopyridine (p.116·3).
Genito-urinary tract infections.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Pripsen
Note. This name is used for preparations of different composition.
Thornton & Ross, Irl.†.
Piperazine phosphate (p.153·1); sennosides (p.1769·3).
Ascariasis; enterobiasis.

Thornton & Ross, UK†.
Elixir: Piperazine citrate (p.152·3).
Ascariasis; enterobiasis.

Thornton & Ross, UK.
Oral powder: Piperazine phosphate (p.153·1); senna (p.1769·2).
Ascariasis; enterobiasis.

Thornton & Ross, UK.
Tablets: Mebendazole (p.148·3).
Enterobiasis.

Priretic *Novapharma, Venez.†.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Priscol *IFET (ΙΦΕΤ), Gr.†.*
Tolazoline hydrochloride (p.1415·2).
Eye disorders.

Priscoline *IFET (ΙΦΕΤ), Gr.†.*
Tolazoline hydrochloride (p.1415·2).
Persistent pulmonary hypertension of the newborn.

Prisdal *Almirall, Spain.*
Citalopram hydrobromide (p.385·3).
Anxiety; depression; obsessive-compulsive disorder.

Prisma
Note. This name is used for preparations of different composition.
Pasteur, Chile.
Citalopram hydrobromide (p.385·3).
Depression.

Celltech, Ger.†.
Mianserin hydrochloride (p.408·1).
Depression.

Mediolanum, Ital.; Medinfar, Port.
Mesoglycan sodium (p.2342·3).
Chronic venous ulcer; peripheral vascular disorders.

Prismasol *Gambro, Denm.; Gambro, Neth.; Gambro, Port.; Hospal, Spain; Gambro, Swed.*
Glucose; calcium chloride; potassium chloride; magnesium chloride; sodium chloride; sodium bicarbonate; lactic acid (p.1670·3).
Haemodialysis; haemofiltration.

Prisoventril *Simoes, Braz.†.*
Phenolphthalein (p.1762·1); cascara (p.1715·2).
Constipation.

Pristesin F *Unipharm, Mex.*
Prilocaine hydrochloride (p.1868·2).
Felypressin (p.2302·2) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Pristine *Xepa-Soul Pattinson, Hong Kong; Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
Ketoconazole (p.539·1).
Dandruff; fungal scalp disorders; pityriasis versicolor; seborrhoeic dermatitis.

Pristinex *Xepa-Soul Pattinson, Hong Kong; Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
Ketoconazole (p.539·1).
Fungal skin and scalp disorders.

Pristiq *Wyeth, USA.*
Desvenlafaxine succinate (p.388·1).
Depression.

Pristonal *Cifarma, Braz.*
Cimetidine (p.1716·2).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Pritacort *Molex Ayus, Indon.*
⊗ Dexamethasone (p.1526·1); dexchlorpheniramine maleate (p.572·1).
Allergic disorders.

Pritadol *Alter, Spain.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; hyperlipidaemias.

Pritagesic *Molex Ayus, Indon.*
Dipyrone (p.49·2); vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Neuralgia; neuritis.

Pritalinc *Molex Ayus, Indon.*
Lincomycin (p.293·1).
Bacterial infections.

Pritamox *Molex Ayus, Indon.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Pritanol
Note. This name is used for preparations of different composition.
Molex Ayus, Indon.
Allopurinol (p.552·2).
Hyperuricaemia.

Alodial, Port.
Pravastatin sodium (p.1374·3).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Pritaren *Prime, Singapore.*
Diclofenac sodium (p.44·3).
Juvenile idiopathic arthritis.

Pritasma *Molex Ayus, Indon.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Pritavit *Molex Ayus, Indon.*
Vitamin B substances; ascorbic acid (p.1922·1).
Tonic; vitamin B and C deficiency.

Pritor *GSK, Arg.†; GSK, Austral.†; GSK, Braz.; Bayer, Cz.; GSK, Fr.; GSK, Gr.; Bayer, Hung.; GSK, Ital.; GSK, Neth.; GSK, Philipp.; Bayer, Pol.; Bayer, Port.; GSK, Rus.; GSK, Spain; GSK, Turk.; GSK, Venez.*
Telmisartan (p.1409·2).
Hypertension.

Pritor HCT *GSK, Braz.*
⊗ Telmisartan (p.1409·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Pritor Plus *GSK, Gr.; Bayer, Pol.; GSK, Spain; GSK, Turk.; GSK, Venez.*
⊗ Telmisartan (p.1409·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Pritoral *GSK, Chile†.*
Telmisartan (p.1409·2).
Hypertension.

PritorPlus *Bayer, Cz.; GSK, Fr.; Bayer, Hung.; GSK, Ital.; GSK, Neth.; GSK, Philipp.; Bayer, Port.*
⊗ Telmisartan (p.1409·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Privacom *Typharm, UK†.*
Clotrimazole (p.530·1).
Vaginal candidiasis.

Privast *Aurora, Gr.*
Pravastatin (p.1375·1).
Hyperlipidaemias.

Privigen *CSL Behring, USA.*
A normal immunoglobulin (p.2225·3).
Immune thrombocytopenic purpura; primary immunodeficiency.

Privin *Novartis, Austria; Novartis Consumer, Ger.*
⊗ Naphazoline nitrate (p.1565·2).
Aid to cystoscopy and rhinoscopy; nasal congestion.

Privina *Novartis, Arg.; Novartis, Braz.*
⊗ Naphazoline nitrate (p.1565·2).
Nasal congestion.

Privine *Insight, USA.*
⊗ Naphazoline hydrochloride (p.1565·2).
Nasal congestion.

Privituss *Mitim, Ital.; Alpharma, Mex.*
Levocloperastine fendizoate (p.1554·3).
Cough; coughs.

Prixar *Lepetit, Ital.; Medcor, Neth.*
Levofloxacin (p.292·2).
Bacterial infections.

Prixin *Richmond, Arg.*
Ampicillin (p.204·1); sulbactam (p.335·1).
Bacterial infections.

Prixina *Faran, Gr.*
Prulifloxacin (p.320·1).
Bacterial infections.

Prixlae *Shou Chan, Philipp.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; allergic skin disorders.

Prizelip *Ferakon, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Prizem *Solfran, Mex.†.*
Diazepam (p.986·3).
Anxiety; sedative.

Prizma *Unipharm, Israel.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Prizogen *Vonnace, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Pro Lertus *Tecnofarma, Chile.*
Diclofenac colestyramine (p.46·1).
Inflammation; musculoskeletal and joint disorders; pain.

Pro Ulco *Solvay, Spain.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Proacid *Ziololek, Pol.*
Aluminium glycinate (p.1706·2); magnesium carbonate (p.1743·1).
Gastritis; hyperacidity; peptic ulcer.

Proacne *Harbin, Thai.*
Isotretinoin (p.1599·2).
Acne.

Pro-Actidil *Wellcome, Israel†; Wellcome, Spain†.*
Triprolidine hydrochloride (p.592·3).
Hypersensitivity reactions; skin disorders.

Proactin *Schering-Plough, Venez.†.*
Loratadine (p.583·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders.

ProActive *Pharmaton, Switz.*
Multivitamin and mineral preparation with ginseng (p.1922·1).
Dietary supplement; tonic.

Proaf *Abic, Israel.*
⊗ Isoflupredone acetate (p.1537·2); ephedrine hydrochloride (p.1558·2); naphazoline nitrate (p.1565·2).
Rhinitis; sinusitis.

Proagil *HWS OTC, Austria.*
Homoeopathic preparation.

Proair
Note. A similar name is used for preparations of different composition (see below).
Montpellier, Arg.
⊗ Fluticasone propionate (p.1533·2).
Allergic rhinitis.

ProAir
Note. A similar name is used for preparations of different composition (see above).
Ivax, USA.
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

ProAktiv *Boehringer Ingelheim, Austria.*
A multivitamin and mineral preparation (p.1922·1) with ginseng (p.2312·1).
Tonic.

Proalid *Darier, Mex.*
Tacrolimus (p.1843·1).
Atopic eczema.

Proaller *Pekana, Ger.†.*
Homoeopathic preparation.

ProAmatine *Shire Richwood, USA.*
⊗ Midodrine hydrochloride (p.1341·1).
Orthostatic hypotension.

Proampi *GSK Sante, Fr.*
Pivampicillin (p.316·3).
Bacterial infections.

Proartinal *Provit, Mex.*
Ibuprofen (p.64·2).
Inflammation; pain.

Proasma-T *Medicine Products, Thai.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease; premature labour.

Proaxen *Pentafarma, Port.*
Oxcarbazepine (p.490·3).
Epilepsy; trigeminal neuralgia.

Pro-Banthine *Sigma, Austral.; RPG, India; Soho, Indon.; Sigma, NZ; Aspen, S.Afr.; Concord, UK; Schiapparelli Searle, USA.*
Propantheline bromide (p.1764·3).
Adjunct in gastrointestinal diagnostic procedures; gastritis; gastrointestinal spasm; hyperhidrosis; irritable bowel syndrome; neurogenic bladder; nocturnal enuresis; peptic ulcer; renal colic; urinary incontinence.

Probase 3 *Schering-Plough, UK.*
Emollient.
Dry skin.

Probat *Tanabe, Indon.*
Guaifenesin (p.1561·3).
Cough.

Probax *Fischer, USA.*
Propolis (p.2373·3).
Skin disorders.

Probec *Farmoquimica, Braz.†.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Probecid *AstraZeneca, Fin.†; AstraZeneca, Norw.; AstraZeneca, Swed.*
⊗ Probenecid (p.558·2).
Adjunct to beta-lactam antibacterials; gout; gouty arthritis.

Probec-T *J&J-Merck, USA.*
Vitamin B substances with vitamin C (p.1922·1).

Probeks *Hebron, Braz.†.*
Aloe vera (p.1588·2).
Skin disorders.

Proben *Aspen, S.Afr.*
⊗ Probenecid (p.558·2).
Gout.

Probendazol *Prodotti, Braz.*
Mebendazole (p.148·3).
Worm infections.

Probenil *Elofar, Braz.*
Amoxicillin (p.202·2).
Bacterial infections.

Probenxil *Cimed, Braz.*
Diclofenac diethylamine (p.44·3), diclofenac potassium (p.44·3), or diclofenac resinate (p.46·1).
Inflammation.

Probeta *Allergan, Canad.†.*
⊗ Levobunolol hydrochloride (p.1882·3); dipivefrine hydrochloride (p.2295·3).
Glaucoma; ocular hypertension.

Pro-Bextra *Pfizer, Chile.*
Parecoxib sodium (p.111·3).
Postoperative pain.

Probialbumin *Octafarma, Mex.†.*
⊗ Albumin (p.1052·1).
Plasma volume expansion.

Probigol *Omeofarma, Ital.*
Propolis (p.2373·3); echinacea (p.2298·1).
Oral hygiene.

Probionat *Safetynat, Fr.*
Lactobacillus acidophilus (p.2372·3); *Lactobacillus casei* (p.2372·3); *Lactobacillus rhamnosus* (p.2372·3); *Bifidobacterium breve* (p.2372·3).
Maintenance of gastrointestinal flora.

Pro-Bionate *Natren, USA.*
Lactobacillus acidophilus (p.2372·3).
Dietary supplement.

Probiotin *Tropica Mas, Indon.*
Clindamycin (p.251·1).
Gram-positive bacterial infections.

Probi-Rho D *Octafarma, Mex.†.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Probi-Tet *Probifasa, Mex.†.*
Tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Probitor *Sandoz, Austral.; Biochemie, Austria†; Sandoz, Gr.; Sandoz, Malaysia†; Sandoz, Thai.; Sandoz, Venez.*
Omeprazole (p.1753·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Probivac-B *Probiomed, Mex.*
A hepatitis B vaccine (recombinant) (p.2215·2).
Active immunisation.

Probizal *Loeffler, Mex.*
Nitrofurazone (p.309·1).
Bacterial vulvovaginal infections.

Problok
Note. This name is used for preparations of different composition.
Esteve, Cz.†.
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; variceal haemorrhage; Zollinger-Ellison syndrome.

Terra, Turk.
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; migraine.

Probofex *Tridoss, India.*
Ferrous aminoate (p.1950·3); folic acid (p.1940·1); vitamin B ; vitamin B .
Formerly contained ferrous fumarate, folic acid, vitamin B , vitamin B , and nicotinamide.
Iron-deficiency anaemia.

Probrain
Note. A similar name is used for preparations of different composition (see below).
Royal, Chile.
Rivastigmine (p.369·2).
Alzheimer's disease.

ProBrain
Note. A similar name is used for preparations of different composition (see above).
Seven Seas, UK.
Omega-3 triglycerides (p.1362·2); ginkgo biloba (p.2311·1).
Dietary supplement.

Probue *Vesco, Thai.*
Ibuprofen (p.64·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Probufen *Nakornpatana, Thai.*
Ibuprofen (p.64·2).
Musculoskeletal and joint disorders.

Probuxil *Quimica y Farmacia, Mex.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Pro-C *Procare, Austral.†.*
Ascorbic acid (p.1983·3).
Vitamin C supplement.

Pro-30C *Capo Sole, Ital.†.*
Propolis (p.2373·3).

Procadax *Fulford, India.*
Ceftibuten (p.235·3).
Bacterial infections.

Procadil *Recordati, Ital.*
⊗ Procaterol hydrochloride (p.1130·2).
Obstructive airways disease.

Procal
Note. A similar name is used for preparations of different composition (see below).
Christiaens, Belg.†.
Sodium fluoride (p.1962·2).
Osteoporosis.

Pro-Cal
Note. A similar name is used for preparations of different composition (see above).
Vitaflo, Irl.; Vitaflo, UK.
Preparation for enteral nutrition (p.1922·1).

ProcalAmine *Pisa, Mex.; Eczacibasi-Baxter, Turk.; McGaw, USA; Victus, Venez.*
Amino-acid, glycerol, and electrolyte preparation (p.1922·1).
Parenteral nutrition.

Procalcio *Finadiet, Arg.*
Calcium citrate (p.1675·3).
Calcium deficiency; osteoporosis.

Procalm *Naturex, Mex.†.*
St John's wort (p.422·3).
Anxiety; depression.

Procalmil *Arkopharma, Fr.*
St John's wort (p.422·3).
Depression.

Procamide *Zambon, Braz.*
Procainamide hydrochloride (p.1377·2).
Arrhythmias.

Procan *Erfa, Canad.*
Procainamide hydrochloride (p.1377·2).
Arrhythmias.

Procanbid *Monarch, USA.*
Procainamide hydrochloride (p.1377·2).
Formerly called Procan SR.
Ventricular arrhythmias.

Procanest *Gray, Arg.*
Procaine hydrochloride (p.1869·1).
Local anaesthesia.

Procaneural *RAN, Ger.†.*
Procaine hydrochloride (p.1869·1); caffeine (p.1116·3).
Nervous system disorders.

Procaptan *Stroder, Ital.*
Perindopril erbumine (p.1368·3).
Heart failure; hypertension.

Procardia *Pfizer, USA.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Procardin
Note. This name is used for preparations of different composition.
Medochemie, Hong Kong; Medochemie, Singapore.
Dipyridamole (p.1268·1).
Thromboembolic disorders.

Medikon, Indon.
Aspirin (p.20·3).
Thromboembolism prophylaxis.

Procardio *Meprofarm, Indon.*
Crataegus (p.2289·1); salviae miltiorrhizae; notoginseng; levocarnitine (p.1932·2) and levocarnitine tartrate; vitamin B .
Cardiac disorders.

Procardol *Adelco, Gr.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris; heart failure.

Pro-Cas *Milk Industries, Israel.*
Protein supplement (p.1922·1).

Procasol *Solfran, Mex.*
Benzylpenicillin sodium (p.213·1).
Bacterial infections.

Procavit *EMS, Braz.*
Multivitamin, mineral, and amino-acid preparation (p.1922·1).

Proceane Hypertonique *Proceane, Fr.*
Mineral preparation (p.1922·1).
Nutritional supplement; tonic.

Proceane Isotonique
Note. This name is used for preparations of different composition.
Proceane, Fr.
Nasal spray: Sea water (p.1686·1).
Nasal cleansing; nasal dryness.

Proceane, Fr.
Oral solution: Mineral preparation (p.1922·1).
Nutritional supplement.

Procef *BMS, Austria†; BMS, Chile†; BMS, Gr.; BMS, Hong Kong; Dompe, Ital.; BMS, Malaysia†; BMS, Mex.; BMS, Philipp.; BMS, Port.; BMS, Singapore†; BMS, Switz.; BMS, Thai.; BMS, Venez.*
Cefprozil (p.232·2).
Bacterial infections.

Procefa *Promed, Indon.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Procelac *Ivax, Arg.*
Omeprazole (p.1753·1).
Gastritis; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Procephal *Provit, Mex.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Procepim *Meprofarm, Indon.*
Cefepime hydrochloride (p.223·3).
Bacterial infections.

Proceptin *Beximco, Singapore.*
Omeprazole (p.1753·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Procere *Pyridam, Indon.*
Codergocrine mesilate (p.363·3).
Mental function impairment in the elderly.

Procetam *Meprofarm, Indon.*
Piracetam (p.368·2).
Cerebral trauma; chronic alcoholism; mental function impairment.

Procetoken *Bernabo, Arg.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Prochic *Millimed, Thai.*
Colchicine (p.556·1).
Gout.

Prochieve *Columbia, USA.*
Progesterone (p.2125·1).
Amenorrhoea; female infertility.

Prochlor *CCM, Malaysia; Beacons, Singapore.*
Prochlorperazine maleate (p.1020·1).
Anxiety; nausea and vomiting; psychoses; vomiting.

Prochol *Procare, Austral.†.*
Nicotinic acid (p.1957·3); oat bran (p.1712·3).
Hyperlipidaemias.

Prochor *Protein, Mex.†.*
⊗ Propranolol (p.1381·1).
Angina pectoris; hypertension.

Procicar *Medihealth, Mex.*
Zinc oxide (p.1621·2); calamine (p.1591·2).
Wounds.

Prociclide *Crinos, Ital.*
Defibrotide (p.1256·2).
Thrombosis prophylaxis.

Prociclina *Prodotti, Braz.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Pro-Cid *Ophthalmic Laboratories, Austral.*
⊗ Probenecid (p.558·2).
Adjunct to beta-lactam antibacterials; gout; reduction of cidofovir-associated nephrotoxicity.

Procilin *IQFA, Mex.*
Benzylpenicillin sodium (p.213·1); procaine benzylpenicillin (p.319·2).
Bacterial infections.

Procilina *Mayo, Mex.*
Ampicillin (p.204·1).
Bacterial infections.

Procillin
Note. This name is used for preparations of different composition.
Caps, S.Afr.
Procaine benzylpenicillin (p.319·2).
Bacterial infections.

Fako, Turk.
Procaine benzylpenicillin (p.319·2); benzylpenicillin potassium (p.213·1).
Bacterial infections.

Procimax *Libbs, Braz.*
Citalopram (p.385·3).
Depression; obsessive-compulsive disorder; panic disorder.

Procimeti *Provit, Mex.*
Cimetidine (p.1716·2).
Peptic ulcer.

Procin *Schering-Plough, Braz.†.*
Ciprofloxacin (p.243·3) or ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Procinet *Quesada, Arg.*
Tegaserod (p.1776·2).

Procion *Medipharm, Chile.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Procip *Ipca, India†.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Procirex *KG, Ital.*
Bromopride hydrochloride (p.1713·3).
Digestive disorders.

Proclimine *Medicine Products, Thai.*
Oxyphencyclimine hydrochloride (p.1759·2).
Gastrointestinal disorders; genito-urinary disorders.

Proclor *Pentafarma, Port.*
Omeprazole (p.1753·1).
Dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Procloril *Provit, Mex.*
Chloramphenicol (p.239·3).
Bacterial infections.

Proclose *Probiomed, Mex.*
Octreotide (p.1804·1).
Acromegaly; AIDS-associated diarrhoea; gastrointestinal endocrine tumours; postoperative pancreatic complications; variceal haemorrhage.

Proclozam *Meprofarm, Indon.*
Clobazam (p.477·2).
Anxiety; psychosomatic disorders.

Proclozine *Pharmasant, Thai.*
Prochlorperazine maleate (p.1020·1).
Alcoholism; anxiety; mania; schizophrenia.

Procodin *DHA, Singapore.*
Codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2).
Coughs.

Procodine *Medipharma, Hong Kong†.*
⊗ Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2).
Cold and influenza symptoms.

Procof *Pharmacare, S.Afr.*
Diphenhydramine hydrochloride (p.577·2); pholcodine (p.1570·2); guaifenesin (p.1561·3).
Coughs.

Procold
Note. This name is used for preparations of different composition.
Procare, Austral.†.
Ascorbic acid (p.1983·3); horseradish (p.2320·1); verbascum thapsus (p.2413·3); euphorbia hirta (p.2301·3); garlic (p.2309·2).
Respiratory-tract disorders.

Kalbe, Indon.
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Allergic rhinitis; influenza and cold symptoms.

Procolic *Meprofarm, Indon.*
Dipyrone (p.49·2); hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Procomvax *Aventis Pasteur, Austria; Sanofi Pasteur, Cz.; Chiron Behring, Ger.†; Vianex (Βιανεξ), Gr.; Sanofi Pasteur, Ital.; Sanofi Pasteur, Neth.; Sanofi Pasteur, Pol.; Sanofi Pasteur, Port.*
A haemophilus influenzae and hepatitis B vaccine (p.2213·3).
Active immunisation.

Proconfial *Schwabe, Arg.†.*
Drotaverine hydrochloride (p.2298·1).
Smooth muscle spasm.

Procor
Note. This name is used for preparations of different composition.
Unipharm, Israel.
Amiodarone hydrochloride (p.1210·2).
Angina pectoris; arrhythmias; heart failure; myocardial infarction.

Prosel, Philipp.
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Procoralan *Servier, Cz.; Servier, Fr.; Servier, Ger.; Servier, Gr.; Servier, Irl.; Servier, Neth.; Servier, Pol.; Servier, Port.; Servier, UK.*
Ivabradine hydrochloride (p.1320·2).
Angina pectoris.

Procordal *Muller Goppingen, Ger.*
Homoeopathic preparation.

Procordal Gold *Staufen, Ger.*
Homoeopathic preparation.

Procordal vertigo *Muller Goppingen, Ger.*
Homoeopathic preparation.

Procort *Roberts, USA.*
⊗ Hydrocortisone (p.1535·2).
Corticosteroid.

Procortin *Homeofarm, Pol.*
⊗ Hydrocortisone butyrate (p.1535·3).
Skin disorders.

Procorum *Abbott, Austria; Abbott, Ger.; Teva, Hung.; Abbott, Ital.; Knoll, Mex.; Abbott, Philipp.; Abbott, Thai.*
Gallopamil hydrochloride (p.1295·3).
Angina pectoris; arrhythmias; hypertension; ischaemic heart disease; myocardial infarction.

Procosa *Usana, Malaysia.*
Glucosamine (p.2313·2).
Osteoarthritis.

Procosa II *Usana, Mex.; Usana, Singapore.*
Glucosamine sulfate; turmeric; vitamins; minerals (p.1922·1).
Dietary supplement.

Procosamine *Usana, Hong Kong†.*
Glucosamine sulfate (p.2313·2); calcium ascorbate (p.1984·1); manganese; silicon.
Osteoarthritis.

Procoutol *Spirig, Switz.*
Triclosan (p.1665·2).
Skin disorders.

Procren *Abbott, Denm.; Abbott, Fin.; Abbott, Norw.; Abbott, Swed.*
⊗ Leuprorelin acetate (p.2111·1).
Endometriosis; prostatic cancer; uterine fibroma.

Procrin *Abbott, Spain.*
⊗ Leuprorelin acetate (p.2111·1).
Endometriosis; female infertility; precocious puberty; prostatic cancer; uterine fibroma.

Procrit *Ortho Biotech, USA.*
⊗ Epoetin alfa (p.1061·1).
Anaemia in cancer patients on chemotherapy; anaemia in zidovudine-treated HIV-infected patients; anaemia of chronic renal failure; pre-operative anaemias.

Proctase-P *Meiji, Thai.*
Proctase; pancreatin (p.2360·1).
Haematoma; inflammation; oedema; respiratory-tract congestion.

Proctena *Infosint, Ital.†.*
Hamamelis; aesculus; paeonia officinalis; cardiospermum halicacabum.

Proctidol *Novartis Consumer, Ital.*
⊗ Hydrocortisone acetate (p.1535·2); benzocaine (p.1854·1).
Haemorrhoids.

Proctium *Esteve, Spain.*
⊗ Calcium dobesilate (p.2272·1); lidocaine hydrochloride (p.1862·3); prednisolone (p.1540·3).
Anorectal disorders.

Procto Synalar *Minerva (Μινερβα), Gr.†.*
⊗ Fluocinolone acetonide (p.1531·3); lidocaine hydrochloride (p.1862·3).
Haemorrhoids.

Procto Venart *Casasco, Arg.*
⊗ Ruscogenin (p.2382·2); prednisolone (p.1540·3); cinchocaine hydrochloride (p.1857·3); menthol (p.2340·1); zinc oxide (p.1621·2).
Haemorrhoids.

Proctoacid *Altana, Mex.*
Policresulen (p.1077·2); cinchocaine hydrochloride (p.1857·3).
Anorectal disorders.

Proctocort
Boehringer Ingelheim, Fr.†.
⊗ Hydrocortisone acetate (p.1535·2).
Crohn's disease; haemorrhagic colitis.

Salix, USA.
⊗ Hydrocortisone (p.1535·2) or hydrocortisone acetate (p.1535·2).
Anorectal disorders.

Proctocream HC 2.5% *Schwarz, USA.*
⊗ Hydrocortisone acetate (p.1535·2).
Proctocream HC formerly contained hydrocortisone acetate and pramocaine hydrochloride.
Skin disorders.

Proctocrem *Ronnet, Arg.*
⊗ Lidocaine (p.1862·3); hydrocortisone (p.1535·2); menthol (p.2340·1).
Anorectal disorders.

Proctodan-HC *Odan, Canad.*
⊗ Pramocaine hydrochloride (p.1868·1); hydrocortisone acetate (p.1535·2); zinc sulfate (p.1999·2).
Anorectal disorders.

Proctofoam
Note. This name is used for preparations of different composition.
Omnimed, S.Afr.†.
⊗ Hydrocortisone acetate (p.1535·2); pramocaine hydrochloride (p.1868·1).
Anorectal disorders.

Schwarz, USA.
Pramocaine hydrochloride (p.1868·1).
Anorectal disorders.

Proctofoam-HC *Duchesnay, Canad.; Meda, Irl.; Schwarz, Israel; Alloga, Ital.; Meda, UK; Schwarz, USA.*
⊗ Hydrocortisone acetate (p.1535·2); pramocaine hydrochloride (p.1868·1).
Anorectal disorders.

Proctogel *Maver, Chile.*
Tribenoside (p.2403·3); lidocaine hydrochloride (p.1862·3).
Haemorrhoids.

Procto-Glyvenol
Note. This name is used for preparations of different composition.
Novartis Consumer, Arg.; Novartis, Philipp.; Novartis Consumer, Port.; Novartis Consumer, Rus.
Tribenoside (p.2403·3); lidocaine hydrochloride (p.1862·3).
Haemorrhoids.

Novartis, Braz.; Novartis Consumer, Cz.; Novartis, Mex.; Novartis Consumer, Pol.; Novartis Consumer, Switz.; Novartis, Turk.; Novartis, Venez.
Tribenoside (p.2403·3); lidocaine (p.1862·3) or lidocaine hydrochloride (p.1862·3).
Anorectal disorders; haemorrhoids.

Novartis, Chile; Novartis, Gr.†.
Tribenoside (p.2403·3); lidocaine (p.1862·3).
Haemorrhoids.

Novartis Consumer, Israel.
Cream; suppositories: Tribenoside (p.2403·3); lidocaine (p.1862·3).
Anorectal disorders.

Novartis Consumer, Israel.
Topical spray: ⊗ Hydrocortisone acetate (p.1535·2); pramocaine hydrochloride (p.1868·1).
Anorectal disorders.

Procto-Ikatral *Baliarda, Arg.*
⊗ OPC; lidocaine hydrochloride (p.1862·3); hydrocortisone acetate (p.1535·2).
Haemorrhoids.

Procto-Jellin *Grunenthal, Ger.†.*
⊗ Fluocinolone acetonide (p.1531·3); lidocaine hydrochloride (p.1862·3).
Anorectal disorders.

Procto-Kaban *Asche, Ger.†.*
⊗ Clocortolone pivalate (p.1523·1); clocortolone caproate (p.1523·1); cinchocaine hydrochloride (p.1857·3).
Anorectal disorders.

Proctol *Odan, Canad.*
⊗ Hydrocortisone (p.1535·2); cinchocaine hydrochloride (p.1857·3); framycetin sulfate (p.279·1); esculoside (p.2248·2).
Anorectal disorders.

Proctolog *Pfizer, Fr.; Menarini, Port.; Pfizer, Singapore; Juste, Spain; Abdi, Turk.*
Ruscogenin (p.2382·2); trimebutine (p.2404·3).
Anorectal disorders; haemorrhoids.

Proctolyn *Recordati, Ital.*
⊗ Fluocinolone acetonide (p.1531·3); ketocaine hydrochloride (p.1862·1).
Anorectal disorders.

Procto-Metadyne *Hexa, Arg.*
⊗ Lidocaine hydrochloride (p.1862·3); phenylephrine hydrochloride (p.1568·1); betamethasone valerate (p.1519·1).
Haemorrhoids.

Proctomyxin HC *Sandoz, Canad.*
⊗ Hydrocortisone (p.1535·2); framycetin sulfate (p.279·1); cinchocaine hydrochloride (p.1857·3); esculoside (p.2248·2).
Anorectal disorders.

Proctonet *Uniderm, Ital.†.*
Mallow (p.2337·2); aesculus (p.2248·2); almond oil (p.2252·2); hamamelis (p.2318·2).
Anorectal disorders; personal hygiene.

Proctonostrum *Zimaia, Port.†.*
⊗ Aluminium acetate (p.2255·1); hydrocortisone acetate (p.1535·2); lidocaine (p.1862·3); zinc oxide (p.1621·2).
Anorectal disorders.

Proctoplex *Knop, Chile.*
Hamamelis (p.2318·2); aesculus (p.2248·2); lidocaine hydrochloride (p.1862·3).
Anorectal disorders.

Proctopure *Dermofarma, Ital.*
Aescin (p.2248·2); aesculus (p.2248·2); hamamelis (p.2318·2); calendula (p.2273·1); liquorice (p.1740·3); melaleuca (p.2338·2).
Anorectal disorders.

Proctor's Pinelyptus *Ernest Jackson, UK.*
Eucalyptus oil (p.2301·2); menthol (p.2340·1); pine silvestris oil (p.2368·2); siberian fir oil.
Coughs; throat irritation.

Proctosan
Note. This name is used for preparations of different composition.
Hertz, Braz.
Azulene (p.2262·3); hamamelis (p.2318·2); lidocaine (p.1862·3); menthol (p.2340·1); aesculus (p.2248·2).
Haemorrhoids.

Stada, Rus.
Bufexamac (p.28·3); bismuth subgallate (p.1711·1); titanium dioxide (p.1617·3); lidocaine hydrochloride (p.1862·3).
Anorectal disorders.

Proctosedyl
Note. This name is used for preparations of different composition.
Aventis, Austral.; Aventis, Cz.†; Sanofi-Aventis, NZ; Aventis, UK.
⊗ Cinchocaine hydrochloride (p.1857·3); hydrocortisone (p.1535·2).
Anorectal disorders; haemorrhoids; pruritus ani.

Axcan, Canad.; Aventis, Denm.; Sanofi-Aventis, Fin.; Aventis, Hong Kong†; Sanofi-Aventis, Irl.; Sanofi-Aventis, Malaysia; Aventis, Norw.;

Aventis, Philipp.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Aventis, Swed.†; Aventis, Thai.
⊗ Cinchocaine hydrochloride (p.1857·3); hydrocortisone (p.1535·2); framycetin sulfate (p.279·1); esculoside (p.2248·2).
Anorectal disorders; haemorrhoids.

Hub, India.
⊗ Hydrocortisone acetate (p.1535·2); heparin (p.1301·2); framycetin sulfate (p.279·1); esculoside (p.2248·2); benzocaine (p.1854·1); butyl aminobenzoate (p.1857·1).
Haemorrhoids.

Aventis, Neth.
⊗ Cinchocaine hydrochloride (p.1857·3); hydrocortisone (p.1535·2); framycetin sulfate (p.279·1).
Haemorrhoids.

Bayer, Ital.
Cream: ⊗ Amylocaine (p.1853·3); benzocaine (p.1854·1); hydrocortisone acetate (p.1535·2); esculoside (p.2248·2).
Anal pruritus; haemorrhoids.

Bayer, Ital.
Suppositories: ⊗ Benzocaine (p.1854·1); hydrocortisone acetate (p.1535·2); esculoside (p.2248·2).
Anal pruritus; haemorrhoids.

Proctosoll *Wassermann, Ital.*
⊗ Benzocaine (p.1854·1); hydrocortisone acetate (p.1535·2); heparin sodium (p.1301·2).
Haemorrhoids.

Proctosone *Technilab, Hong Kong†; Technilab, Malaysia†; Technilab, Pol.*
⊗ Cinchocaine hydrochloride (p.1857·3); hydrocortisone acetate (p.1535·2); neomycin sulfate (p.305·1); esculoside (p.2248·2).
Anorectal disorders; haemorrhoids.

Proctosor *Soria Natural, Spain†.*
Shepherd's purse (p.2386·2); hydrastis (p.2321·3); cypress (p.2291·2).
Haemorrhoids; menstrual disorders; uterine fibroids; varices.

Proctospre *Hennig, Cz.†; Hennig, Ger.†.*
Cinchocaine (p.1857·2); chlorquinaldol (p.242·3); diphenylpyraline (p.578·2).
Anogenital disorders; anorectal disorders.

Proctosteroid *Aldo, Spain.*
⊗ Triamcinolone diacetate (p.1544·3).
Proctitis; proctosigmoiditis; ulcerative colitis.

Procto-Synalar
Note. This name is used for preparations of different composition.
Grunenthal, Austria.
⊗ Fluocinolone acetonide (p.1531·3); lidocaine hydrochloride (p.1862·3).
Anorectal disorders.

Astellas, Belg.
⊗ Fluocinolone acetonide (p.1531·3); lidocaine hydrochloride (p.1862·3); bismuth subgallate (p.1711·1); menthol (p.2340·1).
Anorectal disorders.

Procto-Synalar N *Minerva (Μινερβα), Gr.; Grunenthal, Switz.*
⊗ Fluocinolone acetonide (p.1531·3); lidocaine hydrochloride (p.1862·3).
Anorectal disorders.

Proctozorin-N *Teva, Israel.*
⊗ Hydrocortisone (p.1535·2); allantoin (p.1588·1); benzocaine (p.1854·1); aluminium acetotartrate (p.2255·1); menthol (p.2340·1); zinc oxide (p.1621·2).
Anorectal disorders.

Proctyl *Altana, Arg.; Nycomed, Braz.*
Policresulen (p.1077·2); cinchocaine hydrochloride (p.1857·3).
Anorectal disorders; haemorrhoids.

Proculin *Chauvin Ankerpharm, Cz.†; Chauvin ankerpharm, Ger.; Chauvin Ankerpharm, Hung.†.*
⊗ Naphazoline hydrochloride (p.1565·2).
Conjunctivitis; eye congestion.

Procur *Douglas, Austral.; Douglas, NZ.*
Cyproterone acetate (p.2088·2).
Androgenisation in females; prostatic cancer; sexual deviation in males.

Procur Plus *Guardian, Indon.*
Essential phospholipids; vitamin B substances (p.1922·1); ginseng (p.2312·1); turmeric (p.1473·2).
Nutritional supplement.

Pro-Cure *MSD, Israel.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Procuta *Expanscience, Fr.*
Isotretinoin (p.1599·2).
Acne.

Procutan
Note. This name is used for preparations of different composition.
Sankyo, Braz.†.
Chloramphenicol (p.239·3); fibrinolysin (p.1287·3); dornase alfa (p.1557·1).
Skin infections.

Schering-Plough, S.Afr.
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Procutane *Lero, Fr.†.*
Fish oil; vitamin B substances; vitamin E; betacarotene; zinc; selenium yeast (p.1922·1).
Nutritional supplement.

Pro-Cute *Ferndale, USA.*
Emollient and moisturiser.

Procyclid *Valeant, Canad.†.*
Procyclidine hydrochloride (p.814·3).
Parkinsonism.

Procyclo *Organon, Ger.*
11 Tablets, estradiol valerate (p.2097·3); 10 tablets, estradiol valerate; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Procythol *Sanofi-Aventis, Gr.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Procytox *Baxter, Canad.*
Cyclophosphamide (p.702·1).
Malignant neoplasms.

Pro-Dafalgan *BMS, Belg.†; BMS, Denm.†; BMS, Fin.†; IFET (ΙΦΕΤ), Gr.; BMS, Israel†; BMS, Norw.; BMS, Port.†; BMS, Swed.†; Upsamedica, Switz.†.*
Propacetamol hydrochloride (p.119·2).
Fever; pain.

Prodafem *Pfizer, Austria; Pfizer, Switz.*
Medroxyprogesterone acetate (p.2113·1).
Amenorrhoea; endometriosis; menopausal disorders; menorrhagia.

Prodamox *Rubio, Spain.*
Proglumetacin maleate (p.119·1).
Musculoskeletal, joint, and peri-articular disorders.

Prodasone *Pfizer, Chile.*
Medroxyprogesterone acetate (p.2113·1).
Amenorrhoea; dysfunctional uterine bleeding; endometrial hyperplasia.

Prodazol *Protein, Mex.†.*
Mebendazole (p.148·3).
Worm infections.

Prodeine *Dakota, Austral.; Sanofi Synthelabo, Austral.; Sanofi Synthelabo, Cz.†.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Fever; pain.

Prodel *Pasteur, Chile.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Prodel B *Pasteur, Chile.*
⊗ Betamethasone (p.1518·2); chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Prodelion *Sandoz, Spain.*
Quinagolide hydrochloride (p.2377·1).
Hyperprolactinaemia.

Prodep *Sun, Rus.; Sun, Thai.*
Fluoxetine hydrochloride (p.391·2).
Depression; mixed anxiety depressive states; obsessive-compulsive disorder.

Pro-depon *BMS, Gr.†.*
Propacetamol (p.119·2).
Postoperative pain.

Proderm
Note. This name is used for preparations of different composition.
Galderma, Braz.; Intra Pharma, Irl.
Emollient.

Dow, USA.
Castor oil (p.2278·1); peru balsam (p.2365·3).
Decubitus ulcers.

Proderma *Cantabria, Spain.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Prodermal *Meprofarm, Indon.*
Tioconazole (p.548·2).
Fungal skin infections.

Prodexon *Meprofarm, Indon.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Pro-Diaban *Schering, Austria†.*
Glisoxepide (p.442·2).
Diabetes mellitus.

Prodiabet *Bernofarm, Indon.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Prodiabin-N *Probiomed, Mex.*
⊗ Isophane insulin injection (human) (p.443·2).
Diabetes mellitus.

Prodiamel *Corsa, Indon.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Prodiem Plain *Novartis Consumer, Canad.†.*
Psyllium hydrophilic mucilloid (p.1737·1).
Constipation.

Prodiem Plus *Novartis Consumer, Canad.†.*
Psyllium hydrophilic mucilloid (p.1737·1); senna pod (p.1769·2).
Constipation.

Prodif *Pfizer, Jpn.*
Fosfluconazole (p.535·2).
Fungal infections.

Prodifer *Provit, Mex.*
Ampicillin (p.204·1).
Bacterial infections.

Prodigrip *Aventis Pasteur, Spain†.*
An influenza vaccine (p.2218·2).
Active immunisation.

Prodil *Farmasa, Braz.†.*
Doxazosin (p.1275·2).
Benign prostatic hyperplasia.

Prodilantin *Pfizer, Fr.*
Fosphenytoin sodium (p.481·3).
Epilepsy.

Prodis *Procare, Austral.†.*
Multivitamins, amino acids, ginseng, and minerals (p.1922·1).
Dietary supplement.

Prodisan *Embil, Turk.*
Azapropazone (p.26·3).
Ankylosing spondylitis; gout; rheumatoid arthritis.

Prodium
Note. This name is used for preparations of different composition.
Adcock Ingram, S.Afr.
Loperamide hydrochloride (p.1741·1).
Diarrhoea; ostomy management.

Breckenridge, USA.
Phenazopyridine hydrochloride (p.116·2).
Irritation of the lower urinary tract.

Prodiuret *Sabona, Ger.†.*
Equisetum (p.2299·3).
Oedema; urinary-tract disorders.

Prodofenaco *Prodotti, Braz.*
Diclofenac potassium (p.44·3) or diclofenac sodium (p.44·3).
Fever; inflammation; pain.

Prodol *Technikon, S.Afr.*
Benzocaine (p.1854·1); cetylpyridinium chloride (p.1635·1).
Mouth and gum pain.

Prodolina *Boehringer Ingelheim Promeco, Mex.*
Dipyrone (p.49·2).
Fever; pain.

prodolor *Stada, Ger.†.*
Naproxen (p.92·3).
Fever; pain.

Prodomix *Loeffler, Mex.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Prodon *AstraZeneca, Swed.*
Ketoprofen (p.73·1).
Musculoskeletal and joint disorders.

Prodop *Protein, Mex.†.*
Methyldopa (p.1334·1).
Hypertension.

Prodopa *Pacific, NZ.*
Methyldopa (p.1334·1).
Hypertension.

Prodopina *Prodotti, Braz.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Prodopirona *Prodotti, Braz.*
Dipyrone (p.49·2).
Fever; pain.

Prodopressin *Prodotti, Braz.*
Enalapril maleate (p.1276·1).
Hypertension.

Prodorol *Be-Tabs, S.Afr.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety; arrhythmias; hypertension; hyperthyroidism; phaeochromocytoma.

Prodotamol *Prodotti, Braz.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Prodoxacilina *Prodotti, Braz.*
Oxacillin sodium (p.311·3).
Bacterial infections.

Prodoxican *Prodotti, Braz.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint and peri-articular disorders.

Prodoxidil *Prodotti, Braz.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders; pain.

Prodoxifilina *Prodotti, Braz.*
Pentoxifylline (p.1367·2).
Peripheral vascular disorders.

Prodoxil *Prodotti, Braz.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Prodoxin *Prodotti, Braz.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Prodren *Alkon (Αλκον), Gr.†.*
⊗ Dipivefrine hydrochloride (p.2295·3).
Glaucoma.

Product Code 889 *Scientific Hospital Supplies, Austral.†.*
Preparation for enteral nutrition (p.1922·1).
Methylmalonic acidaemia; propionic acidaemia.

Produvir *Prodotti, Braz.*
Zidovudine (p.913·3).
HIV infection.

Pro-Efferalgan *Upsa, Ital.†; BMS, Spain†.*
Propacetamol hydrochloride (p.119·2).
Pain.

Proendotel *Bausch & Lomb, Ital.*
Cloricromen hydrochloride (p.1251·3).
Thrombotic disorders.

Proepa *MSD, Braz.*
Polyunsaturated fatty acids (p.1922·1).
Thrombosis prophylaxis.

Pro-Epanutin *Pfizer, Austral.†; Pfizer, Austria; Pfizer, Denm.; Pfizer, Fin.; Pfizer, Gr.; Pfizer, Irl.; Pfizer, Neth.†; Pfizer, Norw.; Pfizer, Swed.; Pfizer, UK.*
Fosphenytoin sodium (p.481·3).
Epilepsy; seizures associated with neurosurgery or head trauma.

Proesten *Procare, Austral.†.*
Vitamins; minerals (p.1922·1); garlic (p.2309·2); cimicifuga (p.2282·1); viburnum opulus; passion flower (p.2363·2); sarsaparilla (p.2383·3).
Dietary supplement; menopausal disorders.

Proetzonide *Dallas, Arg.*
⊗ Budesonide (p.1520·1).
Asthma.

Proetztotal
Note. This name is used for preparations of different composition.
Dallas, Arg.
Nasal spray: Phenylephrine hydrochloride (p.1568·1); neomycin sulfate (p.305·1); chlorphenamine maleate (p.571·3); gramicidin (p.286·1).

Dallas, Arg.
Nebuliser solution: ⊗ Phenylephrine hydrochloride (p.1568·1); neomycin sulfate (p.305·1); dexamethasone sodium phosphate (p.1526·2).

Prof *Ivax, Arg.*
Chondroitin sulfate A (p.2280·3).
Degenerative joint disorders.

Profact *Aventis, Ger.*
⊗ Buserelin acetate (p.2083·2).
Prostatic cancer.

Profalexina *Prodotti, Braz.*
Cefalexin (p.218·2).
Bacterial infections.

Profalin CPS *Mayo, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Profamid *Orion, Denm.; Orion, Fin.*
Flutamide (p.725·1).
Prostatic cancer.

Profar *Organon, India.*
Allylestrenol (p.2082·2).
Benign prostatic hyperplasia.

Profargil *Profarb, Braz.†.*
Metronidazole (p.837·1); vitamin B ; vitamin B ; vitamin B (p.1922·1).
Alcoholism; protozoal infections.

Profasi *Serono, Arg.†; Serono, Austral.; Serono, Austria; Novartis, Chile†; Serono, Cz.†; Serono, Denm.†; Serono, Fin.†; Serono, Gr.†; Serono, Hong Kong; Serono, Hung.†; Serum Institute, India; Serono, Irl.; Serono, Malaysia†; Serono, Mex.†; Serono, NZ; Serono, Neth.†; Serono, Norw.†; Serono, S.Afr.; Serono, Singapore†; Serono, Swed.†; Serono, Switz.†; Serono, Thai.†; Serono, Turk.; Serono, USA; Serono, Venez.†.*
⊗ Chorionic gonadotrophin (p.2085·1).
Cryptorchidism; delayed puberty; dysfunctional uterine bleeding; hypogonadotrophic hypogonadism; male and female infertility; ovulation induction; pituitary dwarfism; recurrent or threatened miscarriage.

Profasi HP *Serono, Braz.; Serono, Canad.; Serono, Ital.†; Serono, Port.†; Serono, Spain†.*
⊗ Chorionic gonadotrophin (p.2085·1).
Cryptorchidism; delayed puberty; erectile dysfunction; hypogonadotrophic hypogonadism; male and female infertility; male androgen insufficiencies; menstrual disorders; metrorrhagia; threatened or recurrent miscarriage.

Profecom *Combiphar, Indon.*
Ketoprofen (p.73·1).
Gout; osteoarthritis; pain; rheumatoid arthritis.

Profed *Medicine Products, Thai.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; cold symptoms; hay fever; nasal congestion.

Profelan *Pharmachem, UK.*
Arnica (p.2260·2); zinc oxide (p.1621·2); vitamin A; vitamin C; vitamin E (p.1922·1); spearmint oil (p.2391·3).
Musculoskeletal, joint, and soft-tissue injury.

Profelixir *Farcoral, Mex.†.*
Vitamin preparation (p.1922·1).
Tonic.

Profemina *Laboratorios Chile, Chile.*
Conjugated oestrogens (p.2087·2).
Menopausal disorders; osteoporosis.

Profemina CC *Laboratorios Chile, Chile†.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone (p.2113·3).
Menopausal disorders; osteoporosis.

Profemina MP *Laboratorios Chile, Chile.*
18 Tablets, conjugated oestrogens (p.2087·2); 12 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Profen *Christo, Hong Kong; Guardian, Indon.; Dinctas, Turk.*
Ibuprofen (p.64·2).
Fever; musculoskeletal, joint, and peri-articular disorders; pain.

Profen II *Ivax, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Formerly contained phenylpropanolamine hydrochloride and guaifenesin.
Coughs.

Profen II DM *Ivax, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Formerly contained phenylpropanolamine hydrochloride, guaifenesin, and dextromethorphan hydrobromide.
Coughs.

Profen Forte DM *Ivax, USA.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Formerly contained phenylpropanolamine hydrochloride, dextromethorphan hydrobromide, and guaifenesin.
Coughs.

Profena *Pond's, Thai.†.*
Ibuprofen (p.64·2).
Musculoskeletal and joint disorders.

Profenac
Lafit, Braz.†.
Diclofenac resinate (p.46·1).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Cipla, India.
Diclofenac sodium (p.44·3).

Profenal *Alcon, USA†.*
Suprofen (p.128·1).
Inhibition of intra-operative miosis.

Profenicol *Prodotti, Braz.*
Chloramphenicol (p.239·3) or chloramphenicol sodium succinate (p.240·1).
Bacterial infections.

Profenid *Aventis, Arg.†; Aventis, Austria; Sanofi-Aventis, Braz.; Sanofi-Aventis, Chile; Sanofi-Aventis, Cz.; Sanofi-Aventis, Fr.; Sanofi-Aventis, Hung.; Sanofi-Aventis, Indon.; Aventis, Israel; Aventis, Mex.; Pliva Krakow, Pol.; Sanofi-Aventis, Pol.; Vitoria, Port.; Aventis, Thai.; Eczacibasi, Turk.; Sanofi-Aventis, Venez.*
Ketoprofen (p.73·1).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Profenil
Note.This name is used for preparations of different composition.
Faran, Gr.†.
Ketoprofen (p.73·1); sucralfate (p.1772·2).
Inflammatory disorders.

Pascual, Hong Kong.
Alverine citrate (p.1708·1).
Gastrointestinal spasm.

Profenlax *Grisi, Mex.*
Naproxen (p.92·3); carisoprodol (p.1894·1).

Profeno *Milano, Thai.*
Ibuprofen (p.64·2).
Pain.

Profenol *Behrens, Venez.†.*
Ketoprofen (p.73·1).
Inflammation; pain.

Profenox *Tecnimede, Port.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Profenzol *Farcoral, Mex.*
Mebendazole (p.148·3).
Worm infections.

Profer
Note.This name is used for preparations of different composition.
Aesculapius, Ital.
Iron acetylaspartilate-protein complex (p.1950·3).
Iron deficiency; iron-deficiency anaemias.

Tedec Meiji, Spain.
Ferritin (p.1938·1).
Iron-deficiency anaemia.

Profercol *Best, Mex.*
Cisapride (p.1720·3).
Gastrointestinal motility disorders; migraine.

Profergan *Teuto, Braz.*
Promethazine hydrochloride (p.588·2).
Nausea and vomiting; sedative; vertigo.

Profertil *Kalbe, Indon.*
⊗ Clomifene citrate (p.2086·1).
Male and female infertility.

Profex *Dragenopharm, Israel.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Profiben *Hexal, Mex.*
Pentoxifylline (p.1367·2).
Vascular disorders.

Profiber *Sherwood, USA.*
Lactose-free preparation for enteral nutrition (p.1922·1).

Profibra *Support, Braz.†.*
Dietary fibre supplement (soya polysaccharides) (p.1922·1).

Proficar *Polfarmex, Pol.*
Aspirin (p.20·3).
Thromboembolism prophylaxis.

Profika *Ikapharmindo, Indon.*
Ketoprofen (p.73·1).
Ankylosing spondylitis; gout; osteoarthritis; rheumatoid arthritis.

Profil *Atral, Port.†.*
Amantadine (p.792·3).

Profilas *Kalbe, Indon.*
Ketotifen fumarate (p.582·2).
Allergic rhinitis; allergic skin disorders; asthma.

Profilasmim-Ped *Stiefel, Braz.†.*
Ketotifen fumarate (p.582·2).
Allergic conjunctivitis; allergic rhinitis; asthma; urticaria.

Profilate *Grifols, Ger.†; Alpha, Israel.*
A factor VIII preparation (p.1067·1).
Haemorrhagic disorders.

Profilnine *Grifols, Hong Kong; Alpha, Israel; Grifols, Malaysia; Grifols, Philipp.; Grifols, Singapore; Grifols, Thai.; Grifols, USA.*
A factor IX complex (p.1068·3).
Haemophilia B; haemorrhagic disorders.

Profinal *Julphar, UAE.*
Ibuprofen (p.64·2).
Fever; inflammation; musculoskeletal, joint, peri-articular and soft-tissue disorders; pain.

Profinal Cold & Sinus *Julphar, UAE.*
Ibuprofen (p.64·2); pseudoephedrine hydrochloride (p.1571·2).
Cold and influenza symptoms; sinusitis.

Profinal FM *Julphar, UAE.*
Ibuprofen (p.64·2); caffeine (p.1116·3); mepyramine maleate (p.585·2).
Dysmenorrhoea.

Profinal XP *Julphar, UAE.*
Ibuprofen (p.64·2); caffeine (p.1116·3).
Pain.

Profine *Otsira, India†.*
Progesterone (p.2125·1).

Profinject *Faran, Gr.†.*
Ketoprofen (p.73·1).
Inflammatory disorders.

Profisin *Sanitas, Chile.*
Dicycloverine hydrochloride (p.1722·3); chlordiazepoxide hydrochloride (p.968·2).
Smooth muscle spasm.

Profiten *Pharma Clal, Israel.*
Ketotifen fumarate (p.582·2).
Hypersensitivity reactions.

Profium *De Mayo, Braz.*
Mebendazole (p.148·3); tiabendazole (p.156·2).
Worm infections.

Proflam *Eurofarma, Braz.*
Aceclofenac (p.14·3).
Inflammation; pain.

Proflavanol
Note.This name is used for preparations of different composition.
Usana, Hong Kong†; Usana, Malaysia; Usana, Singapore.
Vitamin C (p.1983·3) grape seed (p.2316·3); ascorbyl palmitate (p.1629·1).
Antoxidant; dietary supplement; vitamin C supplement.

Usana, Mex.
Grape seed (p.2316·3); vitamin C (p.1983·3).
Dietary supplement.

USANA, USA.
Vitamin C (p.1983·3); flavonoids from grape seed (p.2304·1).
Nutritional supplement.

Proflavanol C *Usana, Canad.*
Calcium ascorbate (p.1984·1); potassium ascorbate (p.1685·1); magnesium ascorbate (p.1679·1); zinc ascorbate (p.1984·3).
Vitamin C supplement.

Proflax *Sidus, Arg.*
⊗ Timolol maleate (p.1412·3).
Glaucoma; ocular hypertension.

Proflex
Note. A similar name is used for preparations of different composition (see below).
Novartis Consumer, Irl.; Novartis Consumer, UK.
Ibuprofen (p.64·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

ProFLEX
Note. A similar name is used for preparations of different composition (see above).
MZL, S.Afr.
Glucosamine hydrochloride (p.2313·2); calcium carbonate; vitamin C; manganese sulfate (p.1922·1).
Dietary supplement.

ProFLEX 750 *MZL, S.Afr.*
Glucosamine hydrochloride (p.2313·2); dimethyl sulfone (p.2294·1); vitamin C (p.1922·1).
Dietary supplement.

Proflo *Procare, Austral.†.*
Vitamins; minerals (p.1922·1); bioflavonoids (p.2304·1); butcher's broom (p.2270·3); aesculus (p.2248·2); hamamelis (p.2318·2); pulsatilla (p.2376·3).
Dietary supplement; peripheral vascular disorders.

Proflor *Leti, Venez.*
Lactobacillus acidophilus (p.2372·3).
Diarrhoea.

Proflox
Note.This name is used for preparations of different composition.
Therabel, Belg.; Bayer, Gr.; Bialfar, Port.; Esteve, Spain.
Moxifloxacin hydrochloride (p.302·1).
Bacterial infections.

Sigma, Braz.
Ciprofloxacin (p.243·3) or ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Cipla, India.
Pefloxacin mesilate (p.313·3).
Bacterial eye infections.

Pharmasant, Thai.
Ciprofloxacin (p.243·3).
Bacterial infections.

Profloxin *Hexal, Austral.; Clonmel, Irl.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Profluid *Procare, Austral.†.*
Taraxacum (p.2395·1); parsley piert (p.2363·2); bearberry (p.2263·3); juniper (p.2328·2).
Bladder disorders; cystitis; fluid retention.

Proflusak *Akrikhin, Rus.*
Fluoxetine hydrochloride (p.391·2).
Depression.

Profluxol *Ultra, Mex.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Profol
Note.This name is used for preparations of different composition.
Medley, Braz.
Buclizine hydrochloride (p.570·1); lysine; tryptophan; vitamin B ; vitamin B (p.1922·1).
Tonic.

Biogalenic, Venez.
Propofol (p.1791·1).
General anaesthesia.

Profolen *Blausiegel, Braz.*
Propofol (p.1791·1).
General anaesthesia.

Profort *Abbott, Braz.*
Preparation for enteral nutrition (p.1922·1).

ProFree *Allergan, USA.*
Papain (p.2362·3) (p.1622·2).
Cleansing solution for contact lenses.

Profrin-A *Allergan, Port.†.*
Mepyramine maleate (p.585·2); phenylephrine hydrochloride (p.1568·1); phenazone (p.116·1).
Eye irritation.

Profungal *Kalbe, Indon.; Dankos, Singapore†.*
Ketoconazole (p.539·1).
Fungal infections.

Profurex *Biolab, Philipp.*
Cefuroxime sodium (p.238·2).
Bacterial infections.

Profut *Mecosin, Indon.*
Cyproheptadine hydrochloride (p.575·1).
Allergic rhinitis; allergic skin disorders.

Profylac *Semper, Fin.*
Infant feed (p.1922·1).
Lactose intolerance; milk allergy; soya protein intolerance.

Progandol *Grapharma, Neth.; Almirall, Spain.*
Doxazosin mesilate (p.1275·1).
Benign prostatic hyperplasia; hypertension.

Progastric *Combiphar, Indon.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); magnesium trisilicate (p.1744·1); simeticone (p.1770·2).
Bloating; gastric hyperacidity; peptic ulcer.

Progastrit
Note.This name is used for preparations of different composition.
Hexal, Ger.
Chewable tablets: Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); magnesium trisilicate (p.1744·1).
Gastrointestinal disorders.

Hexal, Ger.
Oral suspension: Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Gastrointestinal disorders.

Progediol *Diba, Mex.†.*
Progesterone (p.2125·1); estradiol benzoate (p.2097·2).
Menstrual disorders.

Progeffik *Effik, Ital.; Effik, Spain.*
Progesterone (p.2125·1).
Female infertility; menopausal disorders; menstrual disorders; threatened or habitual miscarriage.

Progemox *Proge, Ital.†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Progemzal *Sandoz, Indon.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Progen *Mayo, Mex.*
Gentamicin (p.284·2).
Bacterial infections.

Progenar *Menarini, Port.†.*
Progesterone (p.2125·1).
Benign breast disorders.

Progendo *Gynopharm, Chile; Vivax Gynopharm, Venez.*
Progesterone (p.2125·1).
Dysfunctional uterine bleeding; female infertility; menopausal disorders; premenstrual syndrome; recurrent miscarriage.

Proger-F *Streger, Mex.*
Progesterone (p.2125·1); estradiol benzoate (p.2097·2).
Menstrual disorders.

Progering *Silesia, Chile.*
Progesterone (p.2125·1).
Vaginal ring contraceptive.

Progesan *Sanval, Braz.†.*
Medroxyprogesterone acetate (p.2113·1).

Progesic *Xepa-Soul Pattinson, Hong Kong; Metiska, Indon.*
Paracetamol (p.108·1).
Fever; pain.

Progest *Elea, Arg.; Samarth, India†.*
Progesterone (p.2125·1).
Benign breast disorders; dysfunctional uterine bleeding; female infertility; maintenance of early pregnancy; menopausal disorders; menstrual disorders; recurrent and threatened miscarriage.

Progestan *Organon, Neth.; Kocak, Turk.*
Progesterone (p.2125·1).
Hormone replacement therapy; menstrual disorders.

Progestasert *Alza, USA†.*
Progesterone (p.2125·1).
Progestogen-only intra-uterine contraceptive device.

Progesteron-Depot *Jenapharm, Ger.*
Hydroxyprogesterone caproate (p.2110·3).
Female infertility; menstrual disorders; threatened or recurrent miscarriage.

Progesterone-retard Pharlon *Schering, Fr.*
Hydroxyprogesterone caproate (p.2110·3).
Female infertility; menstrual disorders; premature labour; progestogen; threatened or recurrent miscarriage.

Progestogel *Besins, Belg.; Besins, Fr.; Besins, Ger.; Kade, Ger.; Besins, Hong Kong; Lusofarmaco, Ital.†; Azevedos, Port.; Besins, Rus.; Seid, Spain†; Vifor, Switz.; Besins, Thai.; Biopas, Venez.*
Progesterone (p.2125·1).
Benign breast disorders.

Progestol *Sanofi Synthelabo, Ital.†.*
Progesterone (p.2125·1).
Acne; seborrhoea; seborrhoeic alopecia.

Progeston *Meprofarm, Indon.*
Allylestrenol (p.2082·2).
Premature labour; threatened and recurrent miscarriage.

Progestosol *Seid, Spain.*
Progesterone (p.2125·1).
Acne; seborrhoeic dermatitis and associated alopecia.

Progevera *IFET (ΙΦΕΤ), Gr.; Pfizer, Spain.*
Medroxyprogesterone acetate (p.2113·1).
Cancer of breast, kidney, and endometrium; contraception; endometriosis; female infertility; menometrorrhagia; menopausal disorders; menstrual disorders.

Progevera 250 *Pfizer, Spain.*
Medroxyprogesterone acetate (p.2113·1).
Breast cancer; endometrial cancer.

Proginkgo *Procare, Austral.†.*
Ginkgo biloba (p.2311·1).
Cerebral and peripheral vascular disorders; tonic.

Proglan *Procare, Austral.†.*
Black currant seed oil (p.2267·1).
Dietary supplement; source of polyunsaturated fatty acids.

Proglicem *Schering-Plough, Arg.; Schering-Plough, Fr.; Essex, Ger.; Schering-Plough, Ital.; Schering-Plough, Neth.; Essex, Switz.*
Diazoxide (p.1257·3).
Hypertension; hypoglycaemia.

Proglycem *Schering, Canad.; IFET (ΙΦΕΤ), Gr.; Baker Norton, USA.*
Diazoxide (p.1257·3).
Hypertensive episodes in nephropathy; hypoglycaemia.

Pro-Gola *Sixtem, Ital.*
Propolis (p.2373·3).

Progor *SMB, Belg.; SMB, Thai.*
Diltiazem hydrochloride (p.1265·1).
Angina pectoris; hypertension.

Progout *Alphapharm, Austral.; Pacific, Hong Kong; Pacific, NZ; Alphapharm, Singapore.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; renal calculi.

Prograf *Gador, Arg.; Janssen-Cilag, Austral.; Fujisawa, Austria; Janssen-Cilag, Braz.; Astellas, Canad.; Fujisawa, Chile; Astellas, Cz.; Fujisawa, Denm.; Astellas, Fin.; Astellas, Fr.; Astellas, Ger.; Vianex (Βιανέξ), Gr.; Fujisawa, Hong Kong; Astellas, Hung.; Astellas, Irl.; Fujisawa, Israel; Astellas, Ital.; Astellas, Jpn; Janssen-Cilag, Malaysia; Janssen-Cilag, Mex.; Janssen-Cilag, NZ; Fisher, Neth.; Medac, Neth.; Astellas, Norw.; Janssen, Philipp.; Astellas, Pol.; Astellas, Port.; Astellas, Rus.; Adcock Ingram Critical Care, S.Afr.; Janssen-Cilag, Singapore; Astellas, Spain; Astellas, Swed.; Fujisawa, Switz.; Janssen-Cilag, Thai.; Eczacibasi, Turk.; Astellas, UK; Astellas, USA; Janssen-Cilag, Venez.*
Tacrolimus (p.1843·1).
Atopic eczema; graft-versus-host disease; lupus nephritis; myasthenia gravis; rheumatoid arthritis; transplant rejection.

Prograft *Fujisawa, Belg.; Astellas, Neth.*
Tacrolimus (p.1843·1).
Transplant rejection.

Progras *Temis, Arg.†.*
Sorbitol (p.1965·1).

Progray *Gray, Arg.*
Propanidid (p.1791·1).
General anaesthesia.

Progress
Note. A similar name is used for preparations of different composition (see below).
Procare, Austral.†.
Ginseng; garlic; multivitamins; minerals; bladderwrack; cramp bark (p.1922·1).
Dietary supplement.

Progresse
Note. A similar name is used for preparations of different composition (see above).
Biosintetica, Braz.
Gabapentin (p.482·3).
Epilepsy.

Progut *ProMed, Cz.*
Sodium picosulfate (p.1771·1).
Constipation.

Proguval *Eberth, Ger.†.*
Ribwort plantain (p.2379·1).
Catarrh; mouth and throat inflammation.

Progyluton *Schering, Chile; Schering, Israel; Bayer Schering, Malaysia; Schering, Mex.; Bayer, Port.; Bayer, Singapore; Schering, Spain; Schering, Venez.*
11 Tablets, estradiol valerate (p.2097·3); 10 tablets, estradiol valerate; norgestrel (p.2121·2).
Menopausal disorders; menstrual disorders; oestrogen deficiency; osteoporosis.

Progynon *Schering, Arg.; Schering, Austria; Schering, Denm.; Schering, Swed.; Schering, Thai.*
Estradiol valerate (p.2097·3).
Amenorrhoea; dysfunctional uterine bleeding; menopausal disorders; menorrhagia; menstrual disorders; oestrogen deficiency; osteoporosis.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Progynon C *Schering, Austria†; Schering, Ger.†; Schering, Israel†.*
Ethinylestradiol (p.2101·3).
Dysfunctional uterine bleeding; endometrial hyperplasia; menstrual disorders; oestrogen deficiency.

Progynon Depot 10 *Schering, Ger.†.*
Estradiol valerate (p.2097·3).
Amenorrhoea; endometrial hyperplasia; oestrogen deficiency.

Progynova
Schering, Arg.; Schering, Austral.; Schering, Austria; Schering, Belg.; Schering, Chile; Schering, Fin.; Schering, Fr.; Schering, Ger.; Schering, Hong Kong; Schering, Indon.; Schering, Israel; Schering, Ital.; Bayer Schering, Malaysia; Bayer, NZ; Schering, Neth.; Schering, Norw.; Schering, Philipp.; Schering, Pol.; Schering, Rus.; Schering, S.Afr.; Bayer, Singapore; Schering, Switz.; Schering, Thai.; Schering, Venez.
Estradiol valerate (p.2097·3).
Female hypogonadism; menopausal disorders; oestrogen deficiency; osteoporosis.

Schering, Spain; Bayer, UK.
Estradiol (p.2097·2) or estradiol valerate (p.2097·3).
Menopausal disorders; osteoporosis.

Prohair *Uniao Quimica, Braz.†; MSD, Chile.*
⊗ Finasteride (p.2188·3).
Alopecia.

Prohance *Regional Health, Austral.; Gerot, Austria; Altana, Belg.; Bracco, Cz.; Bracco, Denm.; Astra Tech, Fin.; Altana, Fr.; Altana, Ger.; Merck, Irl.†; Bracco, Ital.; Eisai, Jpn; Altana, Neth.; Bracco, Norw.; Rovi, Spain; Astra Tech, Swed.; Bracco, Switz.; Bracco, UK; Bracco, USA.*
Gadoteridol (p.1480·2).
Contrast medium for magnetic resonance imaging.

Pro-HDL *Wockhardt, India.*
Lovastatin (p.1328·2).
Hypercholesterolaemia.

Prohelmin *Hebron, Braz.†.*
Mebendazole (p.148·3); tiabendazole (p.156·2).
Worm infections.

Prohep *Aventis, S.Afr.*
Liver hydrolysate (p.2337·3); vitamin B (p.1980·2); choline bitartrate (p.1934·2); cysteine (p.1936·3); inositol (p.2325·2).
Liver disorders.

Prohessen *Pharos, Indon.*
Cyproheptadine hydrochloride (p.575·1).
Allergic disorders.

Prohexal *Hexal, S.Afr.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder.

Prohibit
Note. A similar name is used for preparations of different composition (see below).
Sandoz, Indon.
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

ProHIBiT
Note. A similar name is used for preparations of different composition (see above).
Pasteur Merieux, USA†.
A haemophilus influenzae conjugate vaccine (diphtheria toxoid conjugate) (p.2213·2).
Active immunisation.

Prohist *Be-Tabs, S.Afr.*
Promethazine hydrochloride (p.588·2).
Hypersensitivity reactions; premedication; sedative.

Prohistin *Meprofarm, Indon.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; urticaria.

Proimbus *Meprofarm, Indon.*
Echinacea (p.2298·1); ganoderma lucidum; calcium pantothenate (p.1959·3).
Immunostimulant.

Projimava *Megafyt-R, Cz.*
Senna (p.1769·2); achillea (p.2245·2); fennel (p.2302·3); peppermint leaf (p.1761·2); liquorice (p.1740·3).
Constipation.

Prokanazol *ProMed, Cz.*
Itraconazole (p.536·3).
Fungal infections.

Proken M *Kendrick, Mex.†.*
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; hypertension; myocardial infarction.

Proking *Cetus, Arg.*
Clobutinol (p.1554·2).
Cough.

Proklot *Torrent, Philipp.*
Tranexamic acid (p.1080·3).
Angioedema; fibrinolytic haemorrhage.

Prol *Procare, Austral.†.*
Milk thistle (p.1452·1).
Liver disorders.

Prolacam *Schering, Austria†.*
Lisuride maleate (p.811·1).
Acromegaly; amenorrhoea; female infertility; galactorrhoea; lactation inhibition; mastitis.

Pro-Lacta *Pascual, Philipp.*
Moringa oleifera.
Nutritional supplement.

Prolacta with DHA *Novell, Indon.*
Fish oil (p.1362·2).
Nutritional supplement for infants.

Prolacta with DHA for Mother *Novell, Indon.*
Fish oil (p.1362·2).
Nutritional supplement in pregnancy.

Prolactase *Pharmascience, Canad.*
Tilactase from *Aspergillus oryzae* or *Kluyveromyces lactis* (p.2402·1).
Lactase insufficiency.

Proladone *Pharmalab, Austral.*
⊗ Oxycodone pectinate (p.106·3).
Pain.

Prolair *3M, Fr.*
⊗ Beclometasone dipropionate (p.1516·2).
Asthma.

Prolaken *Ivax, Mex.*
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension.

Prolan *Procare, Austral.†.*
Multivitamin and mineral preparation (p.1922·1).
Anxiety; dietary supplement.

Prolanz *Sunthi Sepuri, Indon.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Prolastin *Bayer, Austria; Bayer, Canad.; Talecris, Canad.; Bayer, Ger.; Bayer, Port.; Bayer, USA.*
Alpha -proteinase inhibitor (p.2253·2).
Alpha antitrypsin deficiency.

Prolastina *Bayer, Ital.; Bayer, Spain.*
Alpha -proteinase inhibitor (p.2253·2).
Alpha antitrypsin deficiency.

Prolax *Procare, Austral.†.*
Senna (p.1769·2); prune (p.1765·1).
Constipation.

Prolaxatan *Polfa Lodz, Pol.*
Macrogol 4000 (p.2336·3).
Constipation.

Proldin *Sons, Mex.*
Captopril (p.1239·2).
Heart failure; hypertension; myocardial infarction.

Prolecin *Promed, Indon.*
Levofloxacin (p.292·2).
Bacterial infections.

Prolekofen *Lek, Cz.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Prolene *Fonterra, Indon.*
Preparation for enteral nutrition (p.1922·1).

Prolepsi *Mersifarma, Indon.*
Oxcarbazepine (p.490·3).
Epilepsy.

Proleukin *Raffo, Arg.; CSL, Austral.†; Fresenius Kabi, Austria; Chiron, Belg.; Zodiac, Braz.; Chiron, Canad.; Novartis, Cz.; Chiron, Denm.; Chiron, Fr.; Chiron, Ger.; Genesis, Gr.; Chiron, Hong Kong; Novartis, Hung.; Chiron, Irl.; Novartis, Irl.; Chiron, Israel; Chiron, Ital.; Asofarma, Mex.; CSL, NZ; Chiron, Neth.; Chiron, Pol.; Novartis, Port.; CSC, Rus.; Chiron, Singapore†; Chiron, Spain; Proreo, Switz.; Roche, Turk.; Novartis, UK; Chiron, USA.*
Aldesleukin (p.735·1).
Acute megaloblastic leukaemia; bone-marrow transplantation; malignant melanoma; metastatic renal-cell carcinoma; myelodysplastic syndromes; neuroblastoma.

Prolevox *Meprofarm, Indon.*
Levofloxacin (p.292·2).
Bacterial infections.

Prolic *Sanbe, Indon.*
Clindamycin (p.251·1).
Bacterial infections.

Prolief *Adcock Ingram, S.Afr.*
Paracetamol (p.108·1).
Fever; pain.

Prolifed *Quality, Hong Kong.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract congestion.

Prolifen *Effik, Ital.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility.

Prolift *Pharmacia, Arg.†; Pfizer, Braz.; Pfizer, Chile; Pharmacia, Venez.†.*
Reboxetine mesilate (p.420·3).
Depression.

Proligon *Kee, India†.*
⊗ Chorionic gonadotrophin (p.2085·1).
Hypogonadotrophic hypogonadism; induction of ovulation; male infertility.

Prolipase *Janssen-Cilag, Arg.; Janssen-Cilag, Switz.†.*
Pancrelipase (p.2360·1).
Dyspepsia; pancreatic insufficiency.

Prolipid
Note.This name is used for preparations of different composition.
Unipharma, Gr.
Eicosapentaenoic acid (p.1362·1); docosahexaenoic acid (p.1362·1).
Hyperlipidaemias.

Indofarma, Pol.
Guazuma ulmifolia; murraya; sonchus arvensis.
Hypercholesterolaemia.

Prolisina E2 *Pfizer, Arg.*
Dinoprostone (p.2007·1).
Labour induction.

Prolisina VR *Pfizer, Arg.*
Alprostadil (p.2183·2).
Maintenance of patent ductus arteriosus.

Prolivit *Erlimpex, Indon.*
Phospholipids; vitamin B substances (p.1922·1).
Nutritional supplement.

Prolix *Pharma Nutria, Philipp.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Prolixan *Jacoby, Austria†; Unipharma, Gr.†; ICN, Hung.†; Neves, Port.†.*
Azapropazone (p.26·3).
Ankylosing spondylitis; gout; inflammation; pain; rheumatoid arthritis.

Prolixin *BMS, Turk.; Apothecon, USA†; Princeton, USA†.*
Fluphenazine decanoate (p.998·1).
Psychoses.

Prolohex *Hexal, Philipp.*
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension; migraine; myocardial infarction.

Proloid S *Pfizer, Mex.†.*
Levothyroxine sodium (p.2171·2); liothyronine sodium (p.2174·1).
Adjunct in hyperthyroidism; hypothyroidism.

Prolol *Merck, Hong Kong†; Dexxon, Israel; Atlantic, Thai.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety; arrhythmias; hypertension; hyperthyroidism; hypertrophic obstructive cardiomyopathy; migraine; myocardial infarction; phaeochromocytoma; tremor.

Prolong *Maver, Chile.*
Lidocaine (p.1862·3).
Erectile dysfunction.

Prolopa *Roche, Belg.; Roche, Braz.; Roche, Canad.; Roche, Chile.*
Levodopa (p.804·3); benserazide hydrochloride (p.796·3).
Parkinsonism.

Proloprim *GSK, Canad.†; Glaxo Wellcome, USA.*
Trimethoprim (p.355·2).
Bacterial infections of the urinary tract.

Prolubrin *Mayo, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Prolung *Galenium, Indon.*
Rifampicin (p.325·3).
Leprosy; tuberculosis.

Proluton
Note.This name is used for preparations of different composition.
Schering, Arg.; Schering, Austral.
Progesterone (p.2125·1).
Amenorrhoea; progesterone test in secondary amenorrhoea.

Schering, Ital.
Hydroxyprogesterone caproate (p.2110·3).
Amenorrhoea; female infertility; metrorrhagia; progestogen deficiency; threatened or recurrent miscarriage; uterine hypoplasia.

Proluton Depo *Schering, Turk.*
Hydroxyprogesterone caproate (p.2110·3).
Amenorrhoea; female infertility; threatened or recurrent miscarriage.

Proluton Depot *Schering, Arg.; Schering, Austria; Schering, Ger.; IFET (ΙΦΕΤ), Gr.; German Remedies, India; Schering, Israel; Bayer Schering, Malaysia; Schering, Neth.†; Schering, Philipp.; Bayer, Singapore; Schering, Thai.*
Hydroxyprogesterone caproate (p.2110·3).
Amenorrhoea; cancer of breast, uterus, or kidney; dysfunctional uterine bleeding; endometriosis; female infertility; hormone replacement therapy; recurrent and threatened miscarriage; uterine hypoplasia.

Promac *Provit, Mex.*
Nitrofurantoin (p.308·1).
Urinary-tract infections.

Promacet *MCR, USA.*
Paracetamol (p.108·1); butalbital (p.967·2).
Pain.

Promactil *Combiphar, Indon.*
Chlorpromazine (p.969·1).
Nausea and vomiting; psychoses.

Promag *Kalbe, Indon.*
Hydrotalcite (p.1733·3); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Bloating; epigastric pain; gastric hyperacidity; peptic ulcer.

Promag Double Action *Kalbe, Indon.*
Famotidine (p.1730·1); calcium carbonate (p.1714·1); magnesium hydroxide (p.1743·2).
Gastric hyperacidity; gastritis; peptic ulcer.

Promal *Allen, Austria.*
Atovaquone (p.829·2); proguanil hydrochloride (p.609·2).
Malaria.

Promanum *Braun, Port.*
⊗ Alcohol (p.1625·2); isopropyl alcohol (p.1650·3).
Skin disinfection.

Promanum N *Braun, Cz.; Braun, Ger.; Braun, Switz.*
⊗ Alcohol (p.1625·2); isopropyl alcohol (p.1650·3).
Hand disinfection.

Promatussin DM *Lioh, Canad.†.*
Promethazine hydrochloride (p.588·2); dextromethorphan hydrobromide (p.1555·2); pseudoephedrine (p.1571·2).
Coughs.

Promax *Gerolymatos, Gr.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Prome *Interbat, Indon.*
Promethazine hydrochloride (p.588·2); ipecacuanha (p.1562·3); sulfogaiacol (p.1573·2); sodium citrate (p.1673·3); menthol (p.2340·1).
Cough.

Promeal *Volchem, Ital.*
Preparation for enteral nutrition (p.1922·1).

Promecilina *Hexal, Mex.*
Ampicillin sodium (p.204·1) or ampicillin trihydrate (p.204·2).
Bacterial infections.

Promedex
Note.This name is used for preparations of different composition.
Interbat, Indon.
Syrup: Promethazine hydrochloride (p.588·2); dextromethorphan (p.1555·2); ipecacuanha (p.1562·3); guaifenesin (p.1561·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Respiratory-tract disorders with cough.

Interbat, Indon.
Tablets: Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); chlorphenamine maleate (p.571·3).
Respiratory-tract disorders with cough.

Promedin *Vargas, Venez.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Promedina *Vargas, Venez.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3).
Cough.

Promedyl
Note.This name is used for preparations of different composition.
Upha, Malaysia†.
Codeine phosphate (p.37·2); promethazine (p.588·2).
Coughs.

Beacons, Singapore†; Malaysia Chemist, Singapore†.
⊗ Codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2); ephedrine hydrochloride (p.1558·2).
Coughs.

Promedyl DM *CCM, Malaysia.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3).
Cough; nasal congestion.

Promedyl Plus *CCM, Malaysia.*
Chlorphenamine maleate (p.571·3); pholcodine (p.1570·2).
Coughs.

Promega *Parke, Davis, USA.*
Omega-3 marine triglycerides with vitamin E (p.1362·2).
Dietary supplement.

Promel *Quim-Far, Venez.*
Dipyrone (p.49·2).
Fever; pain.

Promelatonin *Laborest, Ital.†.*
Tryptophan; niacin; magnesium (p.1922·1).
Nutritional supplement; sleep disorders.

Promeno *Interbat, Indon.*
Red clover (p.2285·1).
Menopausal disorders.

Promenorea *Help, Gr.*
Progesterone (p.2125·1).
Menstrual disorders.

Promensil
Note.This name is used for preparations of different composition.
Novogen, Austral.
Red clover (p.2285·1).
Menopausal disorders.

Ikapharmindo, Indon.
Isoflavone (p.2391·2).
Menopausal disorders.

Promesec *Mars, Philipp.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Promet *Millimed, Thai.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux; mastocytosis; peptic ulcer; Zollinger-Ellison syndrome.

Prometax *Biosintetica, Braz.; Novartis, Cz.; Novartis, Gr.; Sigma-Tau, Ital.; Novartis, Neth.; Novartis, Port.; Esteve, Spain.*
Rivastigmine hydrogen tartrate (p.369·2).
Alzheimer's disease; dementia in parkinsonism.

Prometazol *Sanval, Braz.*
Promethazine (p.588·2).
Hypersensitivity reactions; nausea and vomiting; sedative.

Prometh with Dextromethorphan *Barre-National, USA.*
Promethazine hydrochloride (p.588·2); dextromethorphan hydrobromide (p.1555·2).
Coughs and cold symptoms.

Prometh VC Plain *Barre-National, USA; Goldline, USA; Warner Chilcott, USA.*
Promethazine hydrochloride (p.588·2); phenylephrine hydrochloride (p.1568·1).
Allergic rhinitis; nasal congestion.

Promethawern *Wernigerode, Ger.†.*
Promethazine teoclate (p.588·3).
Anxiety; hypersensitivity reactions; nausea and vomiting; premedication; sleep disorders.

Promethazine Compound Linctus *Medipharma, Hong Kong†.*
⊗ Promethazine hydrochloride (p.588·2); dextromethorphan hydrobromide (p.1555·2); ephedrine hydrochloride (p.1558·2).
Cold and influenza symptoms.

Promethazine Expectorants *Vitamed, Israel.*
Promethazine hydrochloride (p.588·2); ipecacuanha (p.1562·3); sulfogaiacol (p.1573·2).
Coughs.

Promethazine Ikapharmindo *Ikapharmindo, Indon.*
Promethazine hydrochloride (p.588·2); sulfogaiacol (p.1573·2); citric acid (p.2284·1); sodium citrate (p.1673·3); ipecacuanha (p.1562·3).
Cough.

Promethazine VC with Codeine *Warner Chilcott, USA.*
Promethazine hydrochloride (p.588·2); phenylephrine hydrochloride (p.1568·1); codeine phosphate (p.37·2).

Promethegan *G & W, USA.*
Promethazine hydrochloride (p.588·2).

Prometidine *Cazi, Braz.*
Cimetidine (p.1716·2).
Peptic ulcer.

Prometrium *Schering, Canad.; Rottapharm, Ital.; Solvay, USA.*
Progesterone (p.2125·1).
Adjunct to oestrogen replacement therapy; amenorrhoea; female infertility; menopausal disorders; menstrual disorders; threatened or habitual miscarriage.

Promezol *Promed, Indon.; Vargas, Venez.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Promibasol *Rayere, Mex.*
Metronidazole (p.837·1).
Anaerobic bacterial infections; protozoal infections.

Promibasol-Plus *Rayere, Mex.*
⊗ Fluocinolone acetonide (p.1531·3); metronidazole (p.837·1); nystatin (p.543·2).
Vulvovaginal infections.

Promiced *IQFA, Mex.*
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Promicin *Mayo, Mex.*
Erythromycin (p.269·2).
Bacterial infections.

Promid *Biofarma, Turk.*
Protionamide (p.320·1).
Tuberculosis.

Promidan *Mintlab, Chile.*
Chlormezanone (p.968·3); diazepam (p.986·3).
Skeletal muscle spasm.

Promifen *Wyeth, Venez.†.*
Phenylbutazone (p.117·1).
Musculoskeletal and joint disorders.

Promil Lactose-free *Wyeth, Philipp.*
Infant feed (p.1922·1).
Lactose intolerance.

Prominal *Sanofi Synthelabo, Austral.†.*
Methylphenobarbital (p.490·2).
Epilepsy.

Promincil
Note. This name is used for preparations of different composition.
Chefaro Ardeval, Fr.†.
Capsules: Bladderwrack (p.2384·2); paullinia (p.2416·1); java tea (p.2328·2).
Herbal slimming preparation.

Chefaro Ardeval, Fr.†.
Topical gel: Ivy (p.2328·1); guarana (p.2416·1).
Herbal slimming preparation.

Prominol *MCR, USA.*
Butalbital (p.967·2); paracetamol (p.108·1).
Pain.

Prominox *Alet, Gr.*
Itraconazole (p.536·3).
Fungal infections.

Promise *Wyeth, Mex.†; Wyeth, Singapore.*
Nutritional supplement for children (p.1922·1).

Promisec *Aristo, India.*
Omeprazole (p.1753·1).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Pro-Misil *Veltipharm, Gr.*
Terbinafine (p.546·3).
Fungal infections.

Pro-Miss *Kato, Pol.*
Paracetamol (p.108·1); caffeine (p.1116·3); mepyramine (p.585·1).
Premenstrual syndrome.

Promit *Medical Specialties, Austral.; Torrex, Austria; Pharmalink, Ger.†; Meda, Hung.; Pharmacia, S.Afr.; Braun, Switz.†; Pharmacia, USA.*
⊗ Dextran 1 (p.1058·3).
Prevention of anaphylactic reactions to infusions of dextran.

Promiten *Meda, Denm.; Pharmalink, Neth.; Meda, Norw.; Meda, Swed.*
⊗ Dextran 1 (p.1058·3).
Prevention of anaphylactic reactions to infusions of dextrans.

Promix *Capo Sole, Ital.†.*
Propolis (p.2373·3); agrumi; echinacea (p.2298·1); clove (p.2284·3).

Promix 3 *Capo Sole, Ital.†.*
Propolis (p.2373·3); myrtillus (p.2349·3); echinacea (p.2298·1); agrumi oil.

Promixin
Note. This name is used for preparations of different composition.
Pyridam, Indon.
Thiamphenicol (p.351·1).
Bacterial infections.

Profile, UK.
Colistimethate sodium (p.256·3).
Gram-negative bacterial infections.

Promizol *Senosiain, Mex.*
Procaine benzylpenicillin (p.319·2).
Bacterial infections.

Promocard *AstraZeneca, Belg.†; AstraZeneca, Neth.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris.

Promocid *Mugi, Indon.*
Famotidine (p.1730·1).
Pathological hypersecretory disorders; peptic ulcer.

ProMod *Abbott, Austral.; Abbott, Braz.†; Abbott, Canad.†; Abbott, Chile; Abbott, Ital.; Abbott, NZ; Abbott, Philipp.; Abbott, Singapore; Abbott Nutrition, UK†; Ross, USA.*
Dietary protein supplement (p.1922·1).
Hypoproteinaemia.

Promogran
Note. This name is used for preparations of different composition.
Johnson & Johnson, Fr.; Johnson & Johnson, Ital.
Oxidised cellulose (p.1075·1); collagen (p.2286·1).
Skin ulcers; ulcers; wounds.

Johnson & Johnson, Ger.†.
Collagen (p.2286·1).
Wounds.

Promolan *Sarabhai Piramal, India.*
High-protein dietary supplement (p.1922·1).

Promote *Abbott, Ital.†.*
Preparation for enteral nutrition (p.1922·1).

Promotion *Rayere, Mex.*
Meloxicam (p.80·3).
Dysmenorrhoea; gout; musculoskeletal, joint, and soft-tissue disorders.

Promox *Medreich, Hong Kong; Prosel, Philipp.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Promoxil *Medpro, S.Afr.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Prompt *Temis, Arg.†.*
Ispaghula (p.1737·1); sennosides (p.1769·3).
Constipation.

Promptcillin Forte *Teva, Hung.*
Benzylpenicillin potassium (p.213·1); procaine benzylpenicillin (p.319·2).
Bacterial infections.

Promuba *Meprofarm, Indon.*
Metronidazole (p.837·1).
Anaerobic bacterial infections; protozoal infections.

Promune *Procare, Austral.†.*
Multivitamin, amino-acid, and mineral preparation with thyme extract (p.1922·1).
Dietary supplement.

Promyrtil *Organon, Chile.*
Mirtazapine (p.409·2).
Depression.

Pronal Dix *Mayo, Mex.*
Nalidixic acid (p.303·3).
Urinary-tract infections.

Pronalges *Dexa, Indon.*
Ketoprofen (p.73·1).
Osteoarthritis; pain; rheumatoid arthritis.

Pronapen *Pfizer, Venez.*
Procaine benzylpenicillin (p.319·2); benzylpenicillin potassium (p.213·1).
Bacterial infections.

Pronasteron *Sanval, Braz.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Pronat *Solfran, Mex.*
Naproxen (p.92·3).
Inflammation; pain.

Pronaxen *Orion, Fin.; Orion, Swed.*
Naproxen (p.92·3).
Fever; gout; inflammation; musculoskeletal and joint disorders; pain.

Pronaxil *Streger, Mex.*
Naproxen (p.92·3).
Gout; musculoskeletal, joint, and peri-articular disorders.

Pronax-P *Kener, Mex.†.*
Naproxen sodium (p.92·3).
Inflammation; pain.

Pronazol *Diffucap, Braz.†.*
Fluconazole (p.532·1).
Fungal infections.

Pronemia Hematinic *Lederle, USA.*
Ferrous fumarate (p.1938·3); intrinsic factor concentrate (p.2326·3); vitamin B substances (p.1980·2); folic acid (p.1940·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Pronenen *Cifarma, Braz.*
Vitamin A palmitate (p.1973·1); colecalciferol (p.1986·2); zinc oxide (p.1621·2).
Skin disorders.

Pronergylium *NPC, Fr.†.*
Food for special diet (p.1922·1).
Obesity.

Pronerv *Gerot, Austria.*
Thiamine hydrochloride (p.1976·1) or thiamine nitrate (p.1976·2); pyridoxine hydrochloride (p.1978·2); cyanocobalamin (p.1980·2).
Neuralgia; neuritis; neuropathies.

Pronervon *Ivax, Arg.*
Memantine hydrochloride (p.367·1).
Alzheimer's disease.

Pronervon Phyto *Scheffler, Ger.*
Valerian (p.2410·1); passion flower (p.2363·2); melissa (p.2339·3).
Agitation; sleep disorders.

Pronervon T *Scheffler, Ger.*
Temazepam (p.1030·1).
Sleep disorders.

Pronest *BPL-Meizler, Braz.†.*
Propofol (p.1791·1).
General anaesthesia.

Pronestin *Rekah, Israel.*
Benzocaine (p.1854·1); methylthioninium chloride (p.1450·3); thymol (p.1664·3).
Formerly known as Pronaestin.
Gingivitis; mouth hygiene; stomatitis.

Pronestyl *BMS, Austral.; Squibb, Canad.†; IFET (ΙΦΕΤ), Gr.; BMS, Hong Kong†; Sarabhai Piramal, India; BMS, Irl.; BMS, Israel†; BMS, NZ; BMS, Neth.; BMS, S.Afr.; BMS, UK†.*
Procainamide hydrochloride (p.1377·2).
Arrhythmias.

Proneurax *Janssen-Cilag, Venez.*
Galantamine hydrobromide (p.366·1).
Alzheimer's disease.

Proneurin *Hexal, Ger.*
Promethazine hydrochloride (p.588·2).
Anxiety; hypersensitivity reactions; sleep disorders; vomiting.

Proneurit *Demo, Gr.†.*
Lorazepam (p.1004·1).
Anxiety disorders; insomnia; status epilepticus.

Proneuron *Meprofarm, Indon.*
Dipyrone (p.49·2); diazepam (p.986·3).
Pain.

Pronicol *Bioresearch, Mex.*
Chloramphenicol (p.239·3).
Gastrointestinal infections.

Pronicy *Kalbe, Indon.*
Cyproheptadine hydrochloride (p.575·1).
Allergic rhinitis; allergic skin disorders.

Pronitol *Fournier SA, Spain.*
Pygeum africanum (p.2192·3).
Benign prostatic hyperplasia.

Pronivel *Elea, Arg.*
⊗ Epoetin (p.1061·1).
Anaemias.

Pronix *Vannier, Arg.*
Diclofenac sodium (p.44·3).
Inflammatory eye disorders.

Pronoctan *Schering, Denm.*
Lormetazepam (p.1005·2).
Insomnia; premedication.

Pronoran *Servier, Pol.; Servier, Rus.*
Piribedil (p.813·3).
Intermittent claudication; ischaemic eye disorders; mental function impairment; parkinsonism.

Pronose *UCB, Cz.†; Lusofarmaco, Ital.†.*
Cetirizine hydrochloride (p.570·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; rhinitis.

Pronoxen *Farcoral, Mex.*
Naproxen (p.92·3).
Inflammation; pain.

Prontalgin *GiEnne, Ital.*
Tramadol hydrochloride (p.130·3).
Pain.

Prontalgine *Boehringer Ingelheim, Fr.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3).
Pain.

Prontinal *Dompe, Ital.*
⊗ Beclometasone dipropionate (p.1516·2).
Obstructive airways disease; rhinitis.

Pronto
Note. This name is used for preparations of different composition.
Del, Canad.
Pyrethrum flower (p.2049·3); piperonyl butoxide (p.2049·1).
Pediculosis.

Del, USA.
Shampoo: Pyrethrins (p.2049·3); piperonyl butoxide (p.2049·1).
Pediculosis.

Del, USA.
Surface spray: Phenothrin (p.2048·3).
Lice infestation.

Pronto Platamine *Pharmacia, Ital.*
Cisplatin (p.698·2).
Malignant neoplasms.

Prontobario *Gerot, Austria; Bracco, Cz.†; Bracco, Ital.*
Barium sulfate (p.1477·2).
Simeticone (p.1770·2) is included in some preparations to eliminate gas from the gastrointestinal tract before radiography.
Contrast medium for gastrointestinal radiography.

Prontocid N *Braun, Ger.†.*
Formaldehyde (p.1644·2); glutaral (p.1645·2).
Instrument disinfection.

Prontodex *Procter & Gamble, Austria.*
Dextromethorphan (p.1555·2).
Coughs.

Prontoferro *Amsa, Ital.*
Ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Prontoflex *Medicom, Cz.*
Ketoprofen (p.73·1).
Musculoskeletal, joint, and soft-tissue disorders.

Prontofort *Medix, Mex.*
Tramadol hydrochloride (p.130·3).
Pain.

Prontogest *Amsa, Ital.*
Progesterone (p.2125·1).
Adjunct in gynaecological surgery; menstrual disorders; postnatal depression; threatened or recurrent miscarriage.

Prontoket *CSC, Austria; Medicom, Cz.; CSC, Hung.*
Ketoprofen (p.73·1).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Prontol *Novag, Mex.*
⊗ Metoprolol (p.1338·1).
Hypertension.

Prontolax
Note. This name is used for preparations of different composition.
Generis, Port.
Ispaghula (p.1737·1).
Colostomy management; constipation; dietary fibre supplement; hypercholesterolaemia; irritable bowel syndrome.

Streuli, Switz.
Bisacodyl (p.1710·1).
Bowel evacuation; constipation.

Prontomucil *Francia, Ital.*
Guacetisal (p.1561·2).
Respiratory-tract congestion.

Prontonema *Biosintex, Arg.*
Sodium phosphate (p.1682·3).
Bowel evacuation.

Prontopyrin plus *Pfizer Consumer, Ger.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

Prontovent *Salus, Ital.†.*
⊗ Clenbuterol hydrochloride (p.1120·1).
Obstructive airways disease.

Pron-X *Farcoral, Mex.*
Paracetamol (p.108·1); phenylephrine (p.1568·1); chlorphenamine (p.572·2).
Influenza symptoms.

Prootocipro *Fortbenton, Arg.*
⊗ Ciprofloxacin (p.243·3); hydrocortisone (p.1535·2).
Infected eye disorders.

Propa *Jean-Marie, Hong Kong†.*
⊗ Propranolol (p.1381·1).
Angina pectoris; anxiety; arrhythmias; essential tremor; hypertension; migraine; myocardial infarction.

Propa PH *Del, Canad.†.*
Salicylic acid (p.1612·2).
Acne.

Propabloc *Azupharma, Ger.†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety; arrhythmias; essential tremor; hypertension; hyperthyroidism; migraine.

Propac *Sherwood, USA.*
Dietary protein supplement (p.1922·1).

Propace *Apotex, Mex.*
Metoclopramide (p.1747·3).

Propacet *Lemmon, USA.*
Dextropropoxyphene napsilate (p.40·1); paracetamol (p.108·1).
Pain.

Propacor *Bunker, Braz.*
⊗ Propranolol hydrochloride (p.1380·3).

Propaderm *Shire, Canad.; Kyowa, Jpn; GSK, UK†.*
⊗ Beclometasone dipropionate (p.1516·2).
Skin disorders.

Propain
Note. This name is used for preparations of different composition.
Sankyo, UK.
Paracetamol (p.108·1); codeine phosphate (p.37·2); diphenhydramine hydrochloride (p.577·2); caffeine (p.1116·3).
Cold and influenza symptoms; fever; pain.

Restan, S.Afr.†.
Syrup: Promethazine hydrochloride (p.588·2); paracetamol (p.108·1).
Pain and associated tension.

Adcock Ingram, S.Afr.
Tablets: Paracetamol (p.108·1); codeine phosphate (p.37·2); diphenhydramine hydrochloride (p.577·2); caffeine (p.1116·3).
Pain and associated tension.

Propain Forte *Adcock Ingram, S.Afr.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); diphenhydramine hydrochloride (p.577·2); caffeine (p.1116·3); phenobarbital (p.492·2).
Pain and associated tension.

Propain Plus *Sankyo, UK.*
Paracetamol (p.108·1); doxylamine succinate (p.578·2); caffeine (p.1116·3); codeine phosphate (p.37·2).
Pain.

Propal *Sandoz, Denm.; Svizera, India.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; hypertrophic subaortic stenosis; migraine; myocardial infarction; tremor; variceal haemorrhage.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Propalem *Lemery, Mex.*
⊗ Propranolol hydrochloride (p.1380·3).
Hypertension.

Propalgin
Note. This name is used for preparations of different composition.
Montpellier, Arg.
Pargeverine (p.1761·1); clonixin lysine (p.37·1).
Muscle spasm; pain.

Kener, Mex.†.
⊗ Propranolol (p.1381·1).
Arrhythmias.

Propalgina Plus *Bayer, Spain.*
Ascorbic acid (p.1983·3); chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Cold and influenza symptoms.

Propalol *Globo, Braz.†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Propalong *TRB, Arg.†.*
⊗ Propranolol hydrochloride (p.1380·3).

Propam *Pacific, NZ.*
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety; epilepsy; premedication; skeletal muscle spasm; sleep disorders; spasticity.

Propamerck *Merck dura, Ger.†.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Propamide *Atlantic, Malaysia; Atlantic, Singapore; Atlantic, Thai.*
Chlorpropamide (p.438·3).
Diabetes mellitus.

Propan
UCI, Braz.†;
Buclizine hydrochloride (p.570·1); vitamin B substances; lysine hydrochloride (p.1922·1).
Reduced appetite; tonic.

Pascual, Philipp.
Buclizine hydrochloride (p.570·1); vitamins (p.1922·1).
Nutritional supplement.

Propan Gel-S *Adcock Ingram, S.Afr.*
Aluminium hydroxide (p.1706·2); magnesium oxide (p.1744·1); dicycloverine hydrochloride (p.1722·3); dimeticone (p.1770·2).
Flatulence; gastric hyperacidity; gastritis; heartburn; peptic ulcer.

Propan with Iron *Pascual, Philipp.*
Buclizine hydrochloride (p.570·1); ferrous sulfate (p.1939·3); vitamin B substances (p.1922·1).
Anorexia; tonic.

Propaneitor *Driburg, Arg.*
⊗ Propranolol (p.1381·1).
Migraine.

Propanol *Upha, Malaysia†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety; arrhythmias; essential tremor; hypertension; hyperthyroidism; hypertrophic obstructive cardiomyopathy; migraine; myocardial infarction; phaeochromocytoma.

Propanorm *ProMed, Cz.; Pro.Med, Rus.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Propanox *Royton, Braz.†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension.

Propantel *Gastroenterologicos, Mex.†.*
Propantheline bromide (p.1764·3).

Propanthel *Valeant, Canad.†.*
Propantheline bromide (p.1764·3).
Anticholinergic.

PropapH *Del, USA.*
Salicylic acid (p.1612·2).
Acne.

Propaphenin *Rodleben, Ger.*
Chlorpromazine hydrochloride (p.969·2).
Psychoses; vomiting.

Proparakain-POS *Ursapharm, Ger.*
Proxymetacaine hydrochloride (p.1870·1).
Local anaesthesia.

Propargile *Holistica, Fr.*
Propolis (p.2373·3); pollen (p.2370·2); clay.
Digestive disorders.

Propanil *Biofarma, Braz.†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Proparin *Probiomed, Mex.*
Heparin sodium (p.1301·2).
Anticoagulation in blood transfusion, extracorporeal circulation, and dialysis; thromboembolic disorders.

Propass *Hormel, Hong Kong; Hormel, Singapore.*
Dietary protein supplement (p.1922·1).
Preparation for enteral nutrition.

Propast *CaDiGroup, Ital.*
Zinc oxide (p.1621·2); propolis (p.2373·3); undecenoic acid (p.549·2).
Skin disorders.

Propa-Tabletten *Rentschler, Cz.†.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Propavan *Sanofi Synthelabo, Swed.*
Propiomazine maleate (p.590·1).
Sleep disorders.

Propavent
Note. A similar name is used for preparations of different composition (see below).
GSK, Arg.
⊗ Beclometasone dipropionate (p.1516·2).
Allergic rhinitis; asthma.

Propavente
Note. A similar name is used for preparations of different composition (see above).
Glaxo Wellcome, Port.
⊗ Guaifenesin (p.1561·3); salbutamol sulfate (p.1131·3).
Coughs.

Propayerst *Wyeth, Arg.†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; hypertrophic subaortic stenosis; migraine; myocardial infarction; phaeochromocytoma; tremor.

Propayerst Plus *Wyeth, Arg.†.*
⊗ Propranolol hydrochloride (p.1380·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Propecia *MSD, Arg.; MSD, Austral.; MSD, Austria; MSD, Braz.; Merck Frosst, Canad.; MSD, Cz.; MSD, Denm.; MSD, Fin.; MSD-Chibret, Fr.; MSD, Ger.; Vianex (Βιανεξ), Gr.; MSD, Hong Kong; MSD, Israel; MSD, Ital.; MSD, Malaysia; MSD, NZ; MSD, Neth.; MSD, Philipp.; MSD, Pol.; MSD, Port.; MSD, S.Afr.; MSD, Singapore; MSD, Spain; MSD, Swed.; MSD, Switz.; MSD, Thai.; MSD, Turk.; MSD, UK; Merck, USA; MSD, Venez.*
⊗ Finasteride (p.2188·3).
Alopecia androgenetica.

Properil *Royal, Chile.*
Captopril (p.1239·2).
Heart failure; hypertension.

Propeshia *MSD, Mex.*
⊗ Finasteride (p.2188·3).
Alopecia androgenetica.

Propess *Craveri, Arg.; Ferring, Austria; CSC, Cz.; Ferring, Fin.; Ferring, Fr.; Ferring, Ger.; Ferring, Gr.; CSC, Hung.†; Ferring, Israel; Ferring, Ital.; Ferring, Mex.; Ferring, Neth.; Controlled Therapeutics, Pol.; Ferring, Port.; Ferring, S.Afr.; Ferring, Spain; Ferring, Swed.; Ferring, Switz.; Ferring, UK.*
Dinoprostone (p.2007·1).
Induction and maintenance of labour; termination of pregnancy.

Prophage *Medicine Products, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Prophedin *Siam Bheasach, Thai.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; hay fever; rhinitis; upper respiratory-tract congestion.

Pro-Phree *Abbott, Austral.†; Ross, USA.*
Protein-free infant feed supplement (p.1922·1).

Prophthal *Procare, Austral.†.*
Myrtillus (p.2349·3); ginkgo biloba (p.2311·1).
Herbal supplement.

Prophylactin C *GSK, Rus.*
Ascorbic acid (p.1983·3); rutoside (p.2305·1).
Vitamin C deficiency.

Prophyllin *Rystan, USA.*
Sodium propionate (p.545·3); chlorophyllin copper complex (p.1471·1).
Contact dermatoses; dermatophytosis; eczemas; minor burns.

Prophylux *Hennig, Ger.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety; arrhythmias; essential tremor; migraine; myocardial infarction.

Propiden *Sandoz, Denm.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Propil *Pfizer, Braz.*
Propylthiouracil (p.2175·2).
Hyperthyroidism.

Propilracil *Biolab Sanus, Braz.*
Propylthiouracil (p.2175·2).
Hyperthyroidism.

Propimex *Ross, USA.*
A range of methionine- and valine-free preparations for enteral nutrition including an infant feed (p.1922·1).
Methylmalonic acidaemia; propionic acidaemia.

Propine *Allergan, Arg.†; Allergan, Austral.; Allergan, Belg.; Allergan, Braz.; Allergan, Canad.†; Allergan, Denm.; Allergan, Fin.; Allergan, Fr.; Allergan, Hong Kong; Allergan, Irl.; Allergan, Ital.; Allergan, Malaysia†; Allergan, NZ; Allergan, Norw.; Allergan, Port.†; Allergan, S.Afr.†; Allergan, Singapore†; Allergan, Swed.; Allergan, Thai.†; Allergan, UK; Allergan, USA.*
⊗ Dipivefrine hydrochloride (p.2295·3).
Glaucoma; ocular hypertension.

Propiochrone *IFET (ΙΦΕΤ), Gr.; Schering-Plough, Gr.*
⊗ Betamethasone sodium phosphate (p.1518·3); betamethasone dipropionate (p.1518·3).
Corticosteroid.

Propioform *Schering-Plough, Gr.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Propioformo *Schering-Plough, Venez.†.*
⊗ Betamethasone dipropionate (p.1518·3); clioquinol (p.254·1).
Infected skin disorders.

Propiogenta
Schering-Plough, Gr.
⊗ Betamethasone dipropionate (p.1518·3); gentamicin (p.284·2).
Infected skin disorders.

Schering-Plough, Venez.†.
⊗ Betamethasone dipropionate (p.1518·3); gentamicin sulfate (p.282·1).
Infected skin disorders.

Propional *Silanes, Mex.†.*
Naproxen (p.92·3).
Rheumatism.

Propionat *Farmigea, Ital.*
Sodium propionate (p.545·3).
Eye disorders.

Propiosalic *Schering-Plough, Gr.; Schering-Plough, Venez.†.*
⊗ Salicylic acid (p.1612·2); betamethasone dipropionate (p.1518·3).
Skin disorders.

Propiosol *Neo Quimica, Braz.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Propirin *Christo, Hong Kong.*
Aspirin (p.20·3).
Thromboembolism prophylaxis.

Proplax *Hebron, Braz.†.*
Propolis (p.2373·3); sodium fluoride (p.1962·2); cetylpyridinium chloride (p.1635·1).

Proplex *Baxter, Israel; Baxter, Venez.†.*
A factor IX preparation (p.1068·3).
Haemophilia; haemorrhagic disorders.

Proplex T *Baxter-Hyland, Hong Kong†; Baxter, Malaysia†; Baxter, USA.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Proplexo *Prodotti, Braz.*
Vitamin B substances (p.1922·1).

Proplexo C *Prodotti, Braz.*
Vitamin B substances; vitamin C (p.1922·1).

Pro-Plus *Roche Consumer, Irl.; Roche Consumer, UK.*
Caffeine (p.1116·3).
Fatigue.

Propoabbott *Abbott, Braz.*
Propofol (p.1791·1).
General anaesthesia.

Propocam *Abbott, Mex.†.*
Propofol (p.1791·1).
General anaesthesia; sedative.

Propociclina *Laborest, Ital.*
Propolis bioflavonoid (p.2373·3).
Mouth infections.

Propofan *Sanofi-Aventis, Fr.*
Dextropropoxyphene (p.40·1); paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

Propol *Leti, Venez.†.*
Triglycerides (p.1956·3).
Dietary supplement.

Propolan *Herbapol Wroclaw, Pol.*
Propolis (p.2373·3).
Burns; chilblains; gingivitis; skin infections; sore throat; wounds.

Propolcream *Bucaneve, Ital.*
Propolis (p.2373·3).

Propoleos *Natufarma, Arg.*
Propolis (p.2373·3).
Dietary supplement.

Propolipid *Fresenius Kabi, Swed.*
Propofol (p.1791·1).
General anaesthesia; sedative.

Propolisan *Apipol, Pol.*
Propolis (p.2373·3).
Burns; foot hyperhidrosis; fungal skin infections; wounds.

Propolisept Urtinktur *Johanser, Ger.*
Homoeopathic preparation.

Propolisept-Salbe *Johanser, Ger.*
Propolis (p.2373·3).
Skin disorders.

Propolisol *Apipol, Pol.*
Propolis (p.2373·3).
Mouth and throat disorders; skin disorders.

Propolkit *Ximena Polanco, Chile.*
Propolis (p.2373·3).
Immunostimulant.

Propomill *CaDiGroup, Ital.†.*
Propolis (p.2373·3); chamomile (p.2279·3).
Skin irritation.

Proponol *Help, Gr.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Propoten *Biochimico, Braz.†.*
Cefoxitin sodium (p.230·2).
Bacterial infections.

Propovan *Cristalia, Braz.*
Propofol (p.1791·1).
General anaesthesia.

Propoven *Fresenius Kabi, UK.*
Propofol (p.1791·1).
General anaesthesia; sedative.

propra *CT, Ger.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; tremor.

Propra comp *Ratiopharm, Ger.*
⊗ Propranolol hydrochloride (p.1380·3); triamterene (p.1417·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Proprahexal *Hexal, Austria.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety disorders; arrhythmias; hypertension; hyperthyroidism; migraine; phaeochromocytoma; tremor.

Propral *Orion, Fin.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; digitalis toxicity; essential tremor; hypertension; hyperthyroidism; migraine and cluster headache; myocardial infarction; phaeochromocytoma.

Propramed *Cimed, Braz.*
⊗ Propranolol (p.1381·1).

Propranol *HB, Braz.†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Propranolil *Cifarma, Braz.†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; gastrointestinal haemorrhage; hypertension; hyperthyroidism; migraine; myocardial infarction; phaeochromocytoma; subaortic hypertrophic stenosis; tremors.

Propranolum *Osorio de Moraes, Braz.†.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Propranur *Stegropharm, Ger.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism.

Propra-ratiopharm *Ratiopharm, Ger.*
⊗ Propranolol (p.1381·1) or propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; tremor.

Pro-PS
Note. This name is used for preparations of different composition.
Procare, Austral.†.
Cream: Disodium fumarate (p.1597·3); cetrimide (p.1634·1); chlorhexidine gluconate (p.1635·3).
Psoriasis.

Procare, Austral.†.
Tablets: Disodium fumarate (p.1597·3); fumaric acid (p.1597·3); vitamins; minerals (p.1922·1).
Psoriasis.

Propulm *SIT, Ital.*
⊗ Procaterol hydrochloride (p.1130·2).
Obstructive airways disease.

Propycil *Admeda, Cz.; Admeda, Ger.; Admeda, Hung.; Admeda, Port.; Pro Concepta, Switz.; Frik, Turk.*
Propylthiouracil (p.2175·2).
Hyperthyroidism.

Propyderm *ACO Hud, Swed.*
Emollient.
Dry skin.

Propyl *Sriprasit, Thai.*
Propylthiouracil (p.2175·2).
Hyperthyroidism.

Propy-Lacticare *Stiefel, Fr.*
Lactic acid (p.2329·3); propylene glycol (p.2374·1).
Dry skin disorders.

Propyless *Schering-Plough, Swed.*
Emollient.
Dry skin.

Propylthiocil *Teva, Israel.*
Propylthiouracil (p.2175·2).
Hyperthyroidism.

Propyl-Thyracil *Paladin, Canad.*
Propylthiouracil (p.2175·2).
Hyperthyroidism.

Propymal *Katwijk, Neth.*
Valproic acid (p.508·2) or sodium valproate (p.508·2).
Epilepsy.

Propyretic *Combiphar, Indon.*
Paracetamol (p.108·1).
Fever.

Pro-Q *CollaGenex, USA.*
Dimeticone (p.2032·1).
Barrier preparation.

ProQuad *Sanofi Pasteur, Cz.; Sanofi Pasteur, Port.; Merck, USA.*
A measles, mumps, rubella, and varicella-zoster vaccine (p.2224·1).
Active immunisation.

Proquiferon *Probiomed, Mex.*
Interferon alfa-2a (p.885·1).
Chronic hepatitis B; chronic hepatitis C; malignant neoplasms.

Proquin *Douglas, Austral.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

P-Roquine *PP Lab, Thai.†.*
Chloroquine phosphate (p.599·3).
Malaria.

Pro-Red *Pro-Pharma, USA.*
Hydrocodone tartrate (p.63·1); mepyramine maleate (p.585·2); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract disorders.

Prorelax *Behrens, Venez.*
Vecuronium bromide (p.1913·1).
Competitive neuromuscular blocker.

Prorenal *Novell, Indon.*
-3-Methyl-2-oxo-valeric acid; 4-methyl-2-oxo-valeric acid; 2-oxo-3-phenyl-propionic acid; 3-methyl-2-oxo-butyric acid; -2-hydroxy-4-methylthio-butyric acid; amino acids (p.1922·1).
Renal insufficiency.

Prorhinel
Note.This name is used for preparations of different composition.
Novartis Sante, Fr.
Benzododecinium bromide (p.1631·2); polysorbate 80 (p.1919·2).
Rhinopharyngeal infections.

Interdelta, Switz.
Benzododecinium bromide (p.1631·2); sodium chloride (p.1686·1); polysorbate 80 (p.1919·2).
Nasal disorders.

Prorhinite *Novartis Sante, Fr.*
Azelastine (p.568·2).
Allergic rhinitis.

Proris *Pharos, Indon.*
Ibuprofen (p.64·2).
Fever; pain.

Pro-Roxikam *ProMed, Cz.†.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders; pain.

Pro-Sabona Uno *Sabona, Ger.†.*
Urtica (p.2409·3).
Benign prostatic hyperplasia.

Prosatietil *Equilibre Attitude, Fr.†.*
Lactoserum glycomacropeptides; red cherry; magnesium oxide; griffonia simplicifolia (p.2317·2) (p.1922·1).
Obesity.

Proscar *MSD, Arg.; MSD, Austral.; MSD, Austria; MSD, Belg.; MSD, Braz.; Merck Frosst, Canad.; MSD, Chile; MSD, Cz.; MSD, Denm.; MSD, Fin.; MSD Chibropharm, Ger.; Vianex (Βιανέξ), Gr.; MSD, Hong Kong; MSD, Hung.; MSD, Indon.; MSD, Irl.; MSD, Ital.; MSD, Malaysia; MSD, Mex.; MSD, NZ; MSD, Neth.; MSD, Norw.; MSD, Philipp.; MSD, Pol.; MSD, Port.; MSD, Rus.; MSD, S.Afr.; MSD, Singapore; MSD, Spain; MSD, Swed.; MSD, Switz.; MSD, Thai.; MSD, Turk.; MSD, UK; Merck, USA; MSD, Venez.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Proscope *Tanabe, Jpn.*
Iopromide (p.1485·1).
Radiographic contrast medium.

Prosdina *Biotech, Venez.†.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Proseda F *Szama, Arg.*
Fluconazole (p.532·1).
Fungal infections.

Prosedal *Loeffler, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Prosedar *Schering-Plough, Port.†.*
Quazepam (p.1022·1).

Prosed/DS *Esprit, USA.*
Methenamine (p.298·3); salol (p.122·1); methylthioninium chloride (p.1450·3); benzoic acid (p.1630·2); atropine sulfate (p.1219·3); hyoscyamine sulfate (p.1736·1).
Pain and discomfort of the urinary tract.

Prosed-X *Procare, Austral.†.*
Valerian (p.2410·1); lupulus (p.2335·2); passion flower (p.2363·2).
Anxiety; insomnia.

Prosek *Eczacibasi, Turk.*
Omeprazole (p.1753·1).

Proselamin *Biosel, Turk.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Proseptine *Qualiphar, Belg.*
Ether (p.2023·2).
Skin cleansing.

Proseptine-Plus *Qualiphar, Belg.*
Butylated hydroxytoluene (p.1633·2).
Adhesive plaster remover.

Proserem *Arkofarm, Ital.*
St John's wort (p.422·3).
Depression.

Proserine *Hawon, Thai.*
Cycloserine (p.260·2).
Tuberculosis.

Prosertin *Probiomed, Mex.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder.

Proseval *Solas, Indon.*
Ginkgo biloba (p.2311·1); ginseng (p.2312·1); glutamic acid (p.1947·1); vitamin B substances; calcium phosphate (p.1922·1).
Cerebral and peripheral vascular disorders.

Prosgutt *Farmasa, Mex.*
Saw palmetto (p.2192·3); urtica (p.2409·3).
Benign prostatic hyperplasia; urinary-tract disorders.

Pro-Shape *Procare, Austral.†.*
Garcinia quaesita (p.2309·2); chromium trichloride (p.1934·3); pectin (p.2145·2); methylcellulose (p.2145·1); magnesium amino acid chelate (p.1680·1).
Dietary fibre supplement; obesity.

Prosicca *Agepha, Austria.*
Hypromellose (p.2144·2).
Eye irritation.

ProSight Lutein *Major, USA.*
Vitamin and mineral preparation (p.1922·1).

Prosigne *Cristalia, Braz.*
Botulinum A toxin (p.1890·1).

Prosimed *3DDD, Belg.*
Fluoxetine (p.397·3).
Depression.

Prosiston *Schering, Ger.†.*
Norethisterone acetate (p.2119·3); ethinylestradiol (p.2101·3).
Menstrual disorders.

Proskin
Note.This name is used for preparations of different composition.
Teofarma, Spain.
Dimeticone (p.2032·1); thiomersal (p.1663·3); zinc oxide (p.1621·2).
Skin disorders.

Julphar, UAE.
Zinc oxide (p.1621·2).
Nappy rash; skin irritation.

Proslender *Procare, Austral.†.*
Gymnema silvestre; dietary fibre (p.1712·3).
Obesity.

Prosmin *Biotenk, Arg.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prosneo *Farmoz, Port.*
Flutamide (p.725·1).
Prostatic cancer.

Prosobee *BMS, Arg.†; Mead Johnson, Braz.; Mead Johnson Nutritionals, Fin.; Mead Johnson, Fr.; Mead Johnson, Hong Kong; Mead Johnson, Indon.; Mead Johnson, Irl.; Mead Johnson, Ital.; Mead Johnson, Malaysia; BMS, Pol.; Mead Johnson, Pol.; Mead Johnson, Port.†; Mead Johnson, Singapore; Mead Johnson Nutritionals, Thai.; Mead Johnson Nutritionals, UK; Mead Johnson Nutritionals, USA; Mead Johnson, Venez.*
Infant feed (p.1922·1).
Cow's milk allergy; cows' milk intolerance; diarrhoea; for infants with a family history of hypersensitivity; galactokinase deficiency; galactosaemia; lactose, sucrose, and gluten intolerance.

Prosodina *Liferpal, Mex.*
Benzylpenicillin (p.213·1).
Bacterial infections.

Prosogan *Takeda, Indon.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Prosolmin *Roemmers Osmoph, Venez.*
Vitamin and mineral preparation (p.1922·1).

Prosolvit *Roemmers Osmoph, Venez.*
Vitamin preparation (p.1922·1).

Prosom *Abbott, USA†.*
Estazolam (p.995·1).
Insomnia.

Proson *Bernofarm, Indon.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Proson N *Bernofarm, Indon.*
⊗ Betamethasone dipropionate (p.1518·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Prosoyal *FDC, India.*
Infant feed (p.1922·1).
Intolerance to animal milk; lactose intolerance.

Prospan *Sanova, Austria; Engelhard, Cz.; Merck Medication Familiale, Fr.; Engelhard, Ger.; Farmasyn, Gr.; Engelhard, Malaysia; Engelhard, Pol.; Engelhard, Singapore; Engelhard, Switz.; Roemmers, Venez.*
Ivy (p.2328·1).
Cough and associated respiratory-tract disorders.

Prospaxid *Prospa, Port.*
Nizatidine (p.1751·2).

Prospec *Apotex, Mex.*
Ambroxol (p.1550·3).
Respiratory-tract congestion.

Prosphere *AF, Mex.*
Progesterone (p.2125·1).
Endometrial hyperplasia; endometriosis; female infertility; hirsutism; menopausal disorders; menstrual disorders; premenstrual syndrome; threatened or recurrent miscarriage.

Prospiril *Schering-Plough, Port.*
⊗ Mometasone furoate (p.1539·3).
Asthma.

Prost-I *Procare, Austral.†.*
Vitamins; amino acids; minerals (p.1922·1); devil's claw root (p.39·1); yucca (p.2416·3); salix (p.121·3); green-lipped mussel (p.2317·2); bromelains (p.2269·1); papain (p.2362·3).
Dietary supplement; musculoskeletal and joint disorders.

Prosta *Procare, Austral.†.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prosta Fink forte *GSK Consumer, Ger.*
Cucurbita (p.2290·2).
Prostatic disorders.

Prosta Urgenin Uno *Madaus, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostabiol *Nutrisante, Fr.*
Cucurbita; acerola; zinc gluconate; pollen (p.1922·1).
Urinary-tract disorders in men.

Prosta-Caps Chassot N *Doetsch, Grether, Switz.*
Cucurbita (p.2290·2); cucurbita oil (p.2290·2); saw palmetto (p.2192·3); echinacea angustifolia (p.2298·1); java tea (p.2328·2); ononis (p.2357·1).
Benign prostatic hyperplasia.

Prostacide *Vida, Port.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prostacom *Combiphar, Indon.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prostacor *Microgen, Rus.†.*
Prostate extract (bovine) (p.2337·3).
Prostate disorders.

Prostacur
Note.This name is used for preparations of different composition.
Finadiet, Arg.
Sitosterol (p.1373·2).
Benign prostatic hyperplasia.

Prasfarma, Spain.
Flutamide (p.725·1).
Prostatic cancer.

Prostadilat *Pfizer, Austria.*
Doxazosin mesilate (p.1275·1).
Benign prostatic hyperplasia; hypertension.

Prostadirex *Winthrop, Fr.*
Flutamide (p.725·1).
Prostatic cancer.

Prostafilina *BMS, Venez.*
Oxacillin sodium (p.311·3).
Bacterial infections.

Prostafin *Cipan, Port.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prostaflor *Sanova, Austria; Bayer, Switz.*
Pollen extract (Cernitin T, Cernitin GBX) (p.2370·2).
Benign prostatic hyperplasia; prostatic disorders.

Prostafort *Knop, Chile.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostaforton *Hexal, Ger.*
Urtica root (p.2409·3).
Benign prostatic hyperplasia.

Prostagalen *Hevert, Ger.*
Urtica root (p.2409·3).
Prostatic disorders.

Prostagutt *Austroplant, Austria.*
Saw palmetto (p.2192·3); populi trem. (p.2371·1); urtica dioica (p.2409·3).
Bladder disorders; prostatic disorders.

Prostagutt forte *Schwabe, Ger.*
Saw palmetto (p.2192·3); urtica root (p.2409·3).
Benign prostatic hyperplasia.

Prostagutt Forte *Schwabe, Rus.*
Saw palmetto (p.2192·3); urtica (p.2409·3).
Benign prostatic hyperplasia.

Prostagutt mono *Schwabe, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostagutt uno *Schwabe, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostagutt-F *Schwabe, Switz.*
Saw palmetto (p.2192·3); urtica (p.2409·3).
Benign prostatic hyperplasia.

Prostaherb N *Cesra, Ger.; Cesra, Pol.*
Urtica root (p.2409·3).
Benign prostatic hyperplasia.

Prostakan
Note.This name is used for preparations of different composition.
ASI, Hung.†.
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Schwabe, Malaysia†.
Saw palmetto (p.2192·3); urtica (p.2409·3).
Benign prostatic hyperplasia.

Prostakan Forte *Schwabe, Cz.*
Saw palmetto (p.2192·3); urtica (p.2409·3).
Prostatic disorders.

Prostakan Mono *Schwabe, Cz.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostakur *Medikon, Indon.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostal
Note.This name is used for preparations of different composition.
Motima, Fr.
Pollen (p.2370·2).
Tonic.

Teikoku, Jpn.
Chlormadinone acetate (p.2084·3).
Prostatic cancer; prostatic hyperplasia.

Prostalium *Teuto, Braz.†.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostalizyna *Herbapol Pruszkow, Pol.*
Sitosterol (p.1373·2).
Benign prostatic hyperplasia.

Prostall *Drugtech, Chile.*
Tamsulosin hydrochloride (p.2197·1).
Prostatic disorders.

Prostamed
Note. A similar name is used for preparations of different composition (see below).
Klein, Ger.; Distrifarma, Port.†.
Cucurbita (p.2290·2); solidago virgaurea (p.2391·1); poplar buds (p.2371·1).
Prostatic disorders; urinary-tract disorders.

ProstaMed
Note. A similar name is used for preparations of different composition (see above).
Bioforce, Switz.
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostamed Urtica *Klein, Ger.*
Urtica (p.2409·3).
Benign prostatic hyperplasia.

Prostamer *Gal, Pol.†.*
Cucurbita oil (p.2290·2); shark-liver oil (p.2386·1).
Benign prostatic hyperplasia.

Prostamid *BDH, India.*
Flutamide (p.725·1).
Prostatic cancer.

Prostamide *Gerolymatos, Gr.*
Flutamide (p.725·1).
Prostatic cancer.

Prostamnic *Schwarz, Pol.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Prostamol Uno *Berlin-Chemie, Cz.; Berlin-Chemie, Hung.; Menarini, Hung.; Berlin-Chemie, Pol.; Berlin-Chemie, Rus.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostamustin *Azupharma, Ger.†.*
Estramustine meglumine phosphate (p.717·3) or estramustine sodium phosphate (p.717·3).
Prostatic cancer.

Prostan *Medicine Products, Thai.*
Mefenamic acid (p.80·1).
Pain.

Prostanac *Pyridam, Indon.*
Diclofenac sodium (p.44·3).
Musculoskeletal and joint disorders.

Prostandin *Ono, Jpn.*
Alprostadil alfadex (p.2183·3).
Chronic arterial occlusion; controlled hypotension in surgery; maintenance of patent ductus arteriosus; peripheral vascular disorders.

Prostandril *Pliva, Cz.; Pliva Krakow, Pol.*
Flutamide (p.725·1).
Prostatic cancer.

Prostaneurin *Sanofi Synthelabo, Ger.†.*
Urtica root (p.2409·3).
Benign prostatic hyperplasia.

Prostanil *Lamsa, Arg.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prostanon *Pharmachemie, Philipp.*
Flutamide (p.725·1).
Prostatic cancer.

Prostanorm *Vilar, Rus.*
St John's wort (p.422·3); solidago (p.2391·1); liquorice (p.1740·3); echinacea purpurea (p.2298·1).
Prostatitis.

Prostanovag *Gobbi, Arg.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prostap *Wyeth, Irl.; Wyeth, UK.*
⊗ Leuprorelin acetate (p.2111·1).
Endometriosis; prostatic cancer; uterine fibroids.

Prostaphilin-A *BMS, Philipp.*
Cloxacillin sodium (p.256·1).
Staphylococcal infections.

Prostaphlin *BMS, Cz.; BMS, Philipp.*
Oxacillin sodium (p.311·3).
Staphylococcal infections.

Prostaphlin-A *BMS, Hong Kong.*
Cloxacillin sodium (p.256·1).
Bacterial infections.

Prostaplant
Note.This name is used for preparations of different composition.
Bioplanta, Ger.†; Schwabe, Pol.; Schwabe, Rus.
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Marvecs, Ital.
Saw palmetto (p.2192·3); urtica (p.2409·3).
Benign prostatic hyperplasia; micturition disorders.

Prostapol *Herbapol Krakow, Pol.*
Arnica (p.2260·2); shepherd's purse (p.2386·2); St John's wort (p.422·3); solidago (p.2391·1); valerian (p.2410·1); rapeseed.
Benign prostatic hyperplasia.

Prostarell *Sanorell, Ger.*
Homoeopathic preparation.

Prostasal *TAD, Ger.†.*
Sitosterol (p.1373·2).
Prostatic disorders.

Prostasan *Biofarma, Mex.; Bioforce, Switz.; Bioforce, UK.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostascint Kit *Cytogen, Israel.*
Indium-111 capromab pendetide (p.2054·1).
Diagnosis of prostatic cancer.

Prostaserene *Therabel, Belg.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostat
Note. A similar name is used for preparations of different composition

(see below).
Marjan, Braz.
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Pro-Stat
Note. A similar name is used for preparations of different composition (see above).
Medical Nutrition, USA.
Preparation for enteral nutrition (p.1922·1).

Prostata *Stada, Ger.*
Urtica root (p.2409·3).
Benign prostatic hyperplasia.

Prostata-Gastreu N R25 *Reckeweg, Ger.*
Homoeopathic preparation.

Prostata-Komplex N Ho-Fu-Complex *Liebermann, Ger.*
Homoeopathic preparation.

Prostatal *Herbarium, Braz.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostate Ease *Swiss Herbal, Canad.*
Cucurbita seed oil (p.2290·2); pygeum africanum (p.2192·3); linseed oil (p.2334·1); saw palmetto (p.2192·3).

Prostate Support *Reese, USA.*
Sitosterol (p.1373·2); zinc citrate (p.1999·2).

Prostatic *Schwarz, Pol.*
Doxazosin mesilate (p.1275·1).
Benign prostatic hyperplasia; hypertension.

Prostatil
Note.This name is used for preparations of different composition.
Boniscontro & Gazzone, Ital.
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Sanofi-Aventis, Neth.
Flutamide (p.725·1).
Prostatic cancer.

Prostatilen *Lekkhim-Kharkov, Rus.*
Prostate extract (bovine) (p.2337·3); glycine; dimethyl sulfoxide.
Prostatitis.

Prostatin F *Abbott, Ger.†.*
Bearberry (p.2263·3); urtica root (p.2409·3).
Prostatitis.

Prostatonin *Madaus, Austria; Pharmaton, Cz.†; Pharmaton, Switz.*
Pygeum africanum (p.2192·3); urtica (p.2409·3).
Benign prostatic hyperplasia.

Prosta-Truw *Truw, Ger.*
Urtica root (p.2409·3).
Benign prostatic hyperplasia.

Prosta-Urgenin *Madaus, Austria; Madaus, Belg.; Madaus, Cz.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prosta-Urgenine *Madaus, Switz.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostavasin *Sidus, Arg.; Gebro, Austria; Biosintetica, Braz.; Schwarz, Cz.; Schwarz, Ger.; Schwarz, Hong Kong; Schwarz, Hung.; Schwarz, Ital.; Schwarz, Pol.*
Alprostadil alfadex (p.2183·3).
Arterial occlusion; intermittent claudication; peripheral vascular disorders; thromboangiitis obliterans.

Prostawern *Wernigerode, Ger.*
Urtica root (p.2409·3).
Benign prostatic hyperplasia.

Prostazosina *LKM, Arg.*
Doxazosin (p.1275·2).
Benign prostatic hyperplasia.

Prostease *Jamieson, Canad.; Jamieson, Hong Kong.*
Cranberry (p.2289·1); cucurbita seed oil (p.2290·2); pygeum bark (p.2192·3); saw palmetto berry (p.2192·3).
Nutritional supplement.

Prostec *CSC, Austria.*
Mepartricin (p.541·1).
Benign prostatic hyperplasia.

Prostem *Baldacci, Braz.*
Pygeum africanum (p.2192·3).
Benign prostatic hyperplasia.

Prostem Plus *Baldacci, Braz.*
Pygeum africanum (p.2192·3); urtica (p.2409·3).
Benign prostatic hyperplasia.

Prostene *Ivax, Arg.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prosteo *Procare, Austral.†.*
Calcium gluconate (p.1675·3); calcium carbonate (p.1714·1); colecalciferol (p.1986·2); dolomite (p.2297·3).
Calcium supplement.

Prostep *Aveva, Canad.; Lederle, USA.*
Nicotine (p.2352·2).
Aid to smoking withdrawal.

Prosteren *Cornelli, Ital.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prosterid *Gedeon Richter, Hung.; Gedeon Richter, Rus.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prosterit *Kocak, Turk.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prosterol *Herbapol Poznan, Pol.*
Sitosterol (p.1373·2).
Benign prostatic hyperplasia.

Prostess *TAD, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Prostex *Medix, Mex.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

ProstGard *Holista, Canad.†.*
Cucurbita seed oil (p.2290·2); saw palmetto berry (p.2192·3); vitamin B (p.1979·1); zinc gluconate (p.1999·2).

Prostica *TAD, Ger.*
Flutamide (p.725·1).
Prostatic cancer.

Prostide *Libbs, Braz.; Sigma-Tau, Ital.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Prostigmin
Valeant, Arg.; ICN, Hong Kong†; ICN, Thai.
Neostigmine (p.631·2).
Atonic constipation; heartburn and flatulence in pregnancy; intestinal atony; Ménière's disease; meteorism; migraine; myasthenia gravis; paroxysmal tachycardia; postoperative urinary retention; reversal of competitive neuromuscular blockade; tinnitus.

Valeant, Austral.; ICN, Austria; Combiphar, Indon.; Valeant, Indon.; ICN, Malaysia†; ICN, Neth.; Valeant, Philipp.; Valeant, Switz.
Neostigmine metilsulfate (p.631·3).
Constipation; flatulence; heartburn; ileus; meteorism; myasthenia gravis; neuralgia; paroxysmal tachycardia; postoperative intestinal atony; postoperative urinary retention; reversal of competitive neuromuscular blockade.

Valeant, Canad.
Neostigmine bromide (p.631·3).
Myasthenia gravis.

ICN, USA.
Neostigmine bromide (p.631·3) or neostigmine metilsulfate (p.631·3).
Myasthenia gravis; postoperative distension and urinary retention; reversal of competitive neuromuscular blockade.

Prostigmina *ICN, Ital.*
Neostigmine metilsulfate (p.631·3).
Gastrointestinal atony; myasthenia gravis; reversal of competitive neuromuscular blockade.

Prostigmine
Pharma Logistics, Belg.; Valeant, Braz.; Raffo, Chile†; CSP, Fr.; ICN, Israel†; Valeant, Mex.; Codifar, Port.; Valeant, Spain.
Neostigmine metilsulfate (p.631·3).
Constipation; ileus; meteorism; myasthenia gravis; paralytic ileus; paroxysmal tachycardia; postoperative urinary retention; reversal of competitive neuromuscular blockade.

IFET (ΙΦΕΤ), Gr.
Neostigmine bromide (p.631·3).
Myasthenia gravis.

Prostin E2 *Pfizer, Austral.; Pfizer, Austria; Pfizer, Belg.; Paladin, Canad.; Pfizer, Cz.; Pfizer, Gr.; Pfizer, Hong Kong; Pfizer, Hung.; Pfizer, Indon.; Pfizer, Irl.; Pharmacia, Israel; Pharmacia, Ital.; Pfizer, Malaysia; Pfizer, NZ; Pfizer, Neth.; Pfizer, Port.; Pfizer, Rus.†; Pharmacia, S.Afr.; Pfizer, Singapore; Pfizer, Switz.; Pfizer, Thai.; Pharmacia, UK; Pharmacia Upjohn, USA.*
Dinoprostone (p.2007·1).
Gestational trophoblastic tumours; hydatidiform mole; intra-uterine death; labour induction; missed abortion; termination of pregnancy.

Prostin F2 *Pharmacia, Irl.†.*
Dinoprost trometamol (p.2006·3).
Labour induction.

Prostin F2 Alfa *Pfizer, Rus.†.*
Dinoprost trometamol (p.2006·3).

Prostin F2 Alpha *Pfizer, Austral.; Pfizer, Hong Kong; Pharmacia, Israel; Pharmacia, NZ; Pharmacia, S.Afr.*
Dinoprost trometamol (p.2006·3).
Fetal death in-utero; hydatidiform moles; labour induction; termination of pregnancy.

Prostin 15M *Pfizer, Cz.; Pharmacia, NZ.*
Carboprost trometamol (p.2006·1).
Postpartum haemorrhage; termination of pregnancy.

Prostin Pediatrico *Pfizer, Chile.*
Alprostadil (p.2183·2).
Maintenance of patent ductus arteriosus.

Prostin VR *Pfizer, Austral.; Pfizer, Belg.; Pfizer, Canad.; Pharmacia, Cz.†; Pfizer, Gr.; Pfizer, Hong Kong; Pfizer, Hung.; Pharmacia, India; Pharmacia, Israel; Pharmacia, Ital.; Pfizer, Malaysia; Pfizer, NZ; Pfizer, Neth.; Pfizer, Pol.; Pfizer, Port.; Pharmacia, S.Afr.; Pfizer, Switz.; Pfizer, Thai.; Pharmacia, UK; Upjohn, USA.*
Alprostadil (p.2183·2).
Maintenance of patent ductus arteriosus.

Prostine E_2 *Pfizer, Fr.*
Dinoprostone (p.2007·1).
Hydatidiform mole; labour induction; termination of pregnancy.

Prostine VR *Pfizer, Fr.*
Alprostadil (p.2183·2).
Maintenance of patent ductus arteriosus.

Prostinfenem *Pfizer, Denm.; Pfizer, Swed.*
Carboprost trometamol (p.2006·1).
Postpartum haemorrhage; termination of pregnancy.

Prostin/15M *Pfizer, Belg.; Pfizer, Neth.*
Carboprost trometamol (p.2006·1).
Intra-uterine death; postpartum haemorrhage; termination of pregnancy.

Prostiva *Aneid, Port.†.*
Saw palmetto (p.2192·3).
Prostate disorders.

Prostivas *Pfizer, Denm.; Pfizer, Fin.; Pfizer, Norw.; Pfizer, Swed.*
Alprostadil (p.2183·2).
Maintenance of patent ductus arteriosus.

Prostodin *AstraZeneca, India.*
Carboprost trometamol (p.2006·1).
Postpartum haemorrhage; termination of pregnancy.

Prostogal *Gal, Pol.†.*
Cucurbita oil (p.2290·2).
Benign prostatic hyperplasia.

Prostogenat *Azupharma, Ger.†.*
Flutamide (p.725·1).
Prostatic cancer.

Prosturol *Farmasierra, Spain.*
Benzydamine hydrochloride (p.27·3); pygeum africanum (p.2192·3).
Prostatic adenoma.

Prost-X L8 *Homeocan, Canad.†.*
Homoeopathic preparation.

Prosulf *CP Pharmaceuticals, Hong Kong; CP, Israel; CP Pharmaceuticals, UK.*
Protamine sulfate (p.1461·2).
Heparin overdosage; neutralisation of heparin activity.

Prosulpin *ProMed, Cz.; Promed, Rus.*
Sulpiride (p.1028·3).
Psychoses; psychosomatic disorders.

Prosure *Abbott, Fr.†; Abbott, Hong Kong; Abbott, Irl.; Abbott, Ital.; Abbott, Malaysia; Abbott, Singapore; Abbott, UK.*
Preparation for enteral nutrition (p.1922·1).

Prosymbioflor *Peithner, Austria†.*
Autolysate of: *Escherichia coli*; *Enterococcus faecalis* (p.2372·3).
Immunotherapy.

Pro-Symbioflor *Symbiopharm, Ger.*
Autolysates of: *Escherichia coli*; *Enterococcus faecalis* (p.2372·3).
Gastrointestinal disorders.

Prota *Samarth, India.*
Protamine sulfate (p.1461·2).
Antidote to heparin.

Protab *Eczacibasi, Turk.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); methylpolysiloxane (p.1770·2).

Protact *Coloplast, Fr.*
Barrier cream.

Protactyl *Hexal, Ger.†.*
Promazine hydrochloride (p.1021·2).
Anxiety; neurogenic pain; premedication; pruritus; psychoses; sleep disorders; vomiting.

Protagens *Alcon, Neth.*
Povidone (p.2146·1).
Dry eyes.

Protagent
Alcon, Austria; Alcon, Ger.; Farmex, Gr.; Alcon, Hong Kong; Alcon, Ital.†; Alcon, Switz.; Liba, Turk.
Povidone (p.2146·1) (p.1622·2).
Dry eyes; eye irritation; wetting drops for contact lenses.

Protal *Aurora, Gr.†.*
Enalapril (p.1276·1).
Hypertension.

Protal complex *Medilat, Gr.*
⊗ Enalapril (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Protalgia *Dimportex, Spain.*
Fosfosal (p.62·1).
Fever; musculoskeletal, joint, and soft-tissue disorders; pain.

Protalgine *Probiomed, Mex.*
Lamotrigine (p.485·1).
Epilepsy.

protAlgon *Lavipharm, Gr.*
Paracetamol (p.108·1).
Pain.

Protamox *Armoxindo, Indon.*
Amoxicillin (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Protan *Apotex, Mex.*
Dextromethorphan (p.1555·2).
Coughs.

Protanol *Teuto, Braz.*
Amitriptyline hydrochloride (p.376·1).
Depression.

Protaphane *Novo Nordisk, Austral.; Novo Nordisk, Fin.; Novo Nordisk, Ger.; Novo Nordisk, Gr.; Novo Nordisk, Ital.; Novo Nordisk, NZ; Novo Nordisk, Neth.; Novo Nordisk, Port.*
⊗ Neutral isophane insulin injection (human, pyr, monocomponent) (p.443·2).
Formerly known as Protaphan in *Ger.*
Diabetes mellitus.

Protaphane HM *Novo Nordisk, Hong Kong; Novo Nordisk, Rus.; Novo Nordisk, S.Afr.*
⊗ Neutral isophane insulin injection (human, monocomponent) (p.443·2).
Diabetes mellitus.

Protaphane MC *Novo Nordisk, Braz.†.*
⊗ Isophane insulin injection (porcine, monocomponent) (p.443·2).
Diabetes mellitus.

Protat *Potter's, UK.*
Corn silk (p.2288·1).
Formerly contained corn silk and kava.
Bladder discomfort.

Protaxil *Delta, Port.*
Proglumetacin maleate (p.119·1).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Protaxol *Provit, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Protaxon *Opfermann, Ger.*
Proglumetacin maleate (p.119·1).
Gout; musculoskeletal, joint, and soft-tissue disorders.

Protaxos *Servier, Malaysia.*
Strontium ranelate (p.1104·2).
Osteoporosis.

Protease *Richmond, Arg.*
Nevirapine (p.899·1).
HIV infection.

Proteazone *IMS, Ital.†.*
Adazone.
Instrument disinfection.

Protec *Protec, UK.*
Dioctyl adipate (p.2042·1).
Insect repellent.

Pro-Tec Sport *Allergan, Canad.*
SPF 20: Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Protecadin *Taiho, Jpn.*
Lafutidine (p.1739·2).

Proteccion Ultra *Rider, Chile.*
SPF 30: Octinoxate (p.1608·2); oxybenzone (p.1608·3); octisalate (p.1608·2); meradimate (p.1604·2); homosalate (p.1598·1).
Sunscreen.

ProTech *Triton, USA.*
Povidone-iodine (p.1659·2); lidocaine hydrochloride (p.1862·3).
Burns; cuts.

Protecor *Duopharm, Ger.*
Crataegus (p.2289·1); magnesium complex with acid hydrolysate of corn starch; alpha tocoferil acetate (p.1992·3).
Cardiovascular disorders.

Protecor novo *Duopharm, Ger.*
Crataegus (p.2289·1).
Heart failure.

Protectaid *Pirri, Canad.; Pirri, Hong Kong; Sinclair, UK.*
Nonoxinol 9 (p.1917·2); sodium cholate (p.2266·3); benzalkonium chloride (p.1629·1).
Contraceptive.

Protectina *Gross, Braz.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Protecto *National Care, Canad.†.*
Benzethonium chloride (p.1630·1); zinc oxide (p.1621·2).
Barrier cream.

Protectol *Daniels, USA.*
Calcium undecenoate (p.549·3).
Bromhidrosis; fungal skin infections; hyperhidrosis; minor skin irritation; nappy rash.

Protector *Quimifar, Spain.*
Loperamide (p.1741·3).
Formerly contained diphenoxylate hydrochloride.
Diarrhoea.

Protectura *Faran, Gr.*
Doxazosin mesilate (p.1275·1).
Benign prostatic hyperplasia; hypertension.

Protegra Antioxid *Wyeth-Whitehall, Arg.*
Vitamin and mineral preparation (p.1922·1).

Proteigeno *Lafedar, Arg.*
β-Aminoethanol phosphoric acid; amino acids; pyridoxine (p.1922·1).
Tonic.

Proteika PRO'gram *Proteika, Fr.*
Dietary supplement (p.1922·1).
Obesity.

Protein Free Diet (Product 80056) *Mead Johnson, Austral.†.*
Preparation for infant enteral nutrition (p.1922·1).
Disorders of amino acid metabolism.

Proteinex *Victus, Venez.*
Protein supplement (p.1922·1).

Protein-Free *Mead Johnson, Hong Kong†; Mead Johnson, Ital.†.*
Food for special diets (p.1922·1).

Proteita *Janssen-Cilag, Arg.†.*
Collagen (p.2286·1).
Ulcers; wounds.

Protelos *Servier, Belg.; Servier, Cz.; Servier, Denm.; Servier, Fr.; Servier, Ger.; Servier, Gr.; Servier, Hung.; Servier, Irl.; Servier, Ital.; Servier, Neth.; Servier, Pol.; Servier, Port.; Servier, Spain; Servier, Swed.; Servier, UK.*
Strontium ranelate (p.1104·2).
Osteoporosis.

Protemp *Procare, Austral.†.*
Vitamins; minerals (p.1922·1); bearberry (p.2263·3); parsley piert (p.2363·2); juniper (p.2328·2); viburnum opulus.
Dietary supplement; dysmenorrhoea; premenstrual syndrome.

Proten *Otsuka, Indon.*
Preparation for enteral nutrition (p.1922·1).

Protenac *Enila, Braz.†.*
Preparation for enteral nutrition (p.1922·1).

Protenate *Hyland, USA.*
⊗ Plasma protein fraction (p.1076·2).
Hypoproteinaemia; hypovolaemia.

Prote-Neu *Biotenk, Arg.*
A pneumococcal vaccine (14 valent) (p.2231·2).
Active immunisation.

Protensin-M *BMS, S.Afr.*
⊗ Hydroflumethiazide (p.1311·3); reserpine (p.1387·3).
Hypertension.

Proteoferrina *Bayer, Ital.*
Iron succinyl-protein complex (p.1953·2).
Iron deficiency; iron-deficiency anaemia.

Proteovir *Richmond, Arg.*
Saquinavir (p.906·1).
HIV infection.

Proteozym *Wiedemann, Ger.*
Bromelains (p.2269·1).
Inflammation.

Proterenal *Phoenix, Arg.†.*
⊗ Isoprenaline hydrochloride (p.1316·3).
Heart block; shock.

Protevis *Allergan, Arg.*
⊗ Timolol maleate (p.1412·3).
Glaucoma; ocular hypertension.

Protexel *Lab Francais du Fractionnement, Fr.*
Protein C (p.1077·3).
Thromboembolic disorders.

Protexin
Note. This name is used for preparations of different composition.
Probiotics, Singapore.
Lactic-acid producing organisms (p.2372·3); fructo-oligosaccharides.
Diarrhoea.

Combiphar, Indon.
Capsules: *Lactobacillus acidophilus* (p.2372·3); *Lactobacillus casei* (p.2372·3); *Lactobacillus rhamnosus* (p.2372·3); *Lactobacillus bulgaricus* (p.2372·3); *Bifidobacterium breve* (p.2372·3); *Bifidobacterium longum* (p.2372·3); *Streptococcus thermophilus* (p.2372·3); fructo-oligosaccharides.
Candida infection; constipation; diarrhoea; flatulence; lactose intolerance.

Combiphar, Indon.
Chewable tablets (child); oral sachet (infant): *Lactobacillus acidophilus* (p.2372·3); *Lactobacillus casei* (p.2372·3); *Lactobacillus rhamnosus* (p.2372·3); *Lactobacillus bulgaricus* (p.2372·3); *Bifidobacterium breve* (p.2372·3); *Bifidobacterium infantis* (p.2372·3); *Streptococcus thermophilus* (p.2372·3); fructo-oligosaccharides.
Candidiasis; constipation; diarrhoea; flatulence; lactose intolerance.

Protexin Balance *Probiotics International, Hong Kong.*
Fructo-oligosaccharides; lactic-acid-producing organisms (p.2372·3).
Digestive system disorders.

Protexin Balance+ *Probiotics International, Hong Kong.*
Fructo-oligosaccharides; lactic-acid-producing organisms (p.2372·3); vitamin A; vitamin C; vitamin E (p.1922·1).
Digestive system disorders.

Protexin Restore *Probiotics International, Hong Kong.*
Fructo-oligosaccharides; lactic-acid-producing organisms (p.2372·3).
Digestive system disorders.

Protexin Vitality *Probiotics International, Hong Kong.*
Fructo-oligosaccharides; lactic-acid-producing organisms (p.2372·3); vitamin C (p.1922·1).
Digestive system disorders.

Pro-T-Flor *Columbia, Mex.*
Bifidobacterium longum (p.2372·3); *Enterococcus faecium* (p.2372·3).
Diarrhoea.

Prothanon *Riemser, Ger.*
Dioxopromethazine hydrochloride (p.589·1).
Itching; pruritus.

Prothazin *Rodleben, Cz.; UCB, Cz.; Rodleben, Ger.; Wernigerode, Ger.*
Promethazine hydrochloride (p.588·2).
Anxiety; hypersensitivity reactions; insomnia; motion sickness; premedication; sedative; vomiting.

Prothazine *Strand, Malaysia†.*
Promethazine hydrochloride (p.588·2).
Hypersensitivity reactions; motion sickness; nausea and vomiting.

Prothenol *Zwitter, Gr.*
Pilocarpine hydrochloride (p.1884·3).
Xerostomia.

Prothiaden *Abbott, Austral.; Pharma Logistics, Belg.; Zentiva, Cz.; Abbott, Denm.; Teofarma, Fr.; Abbott, Hong Kong; Abbott, India; Abbott, Irl.; Abbott, Malaysia; Abbott, NZ; Abbott, Neth.; Abbott, Philipp.; Abbott, S.Afr.; Abbott, Singapore; Alter, Spain; Abbott, Thai.†; Abbott, UK.*
Dosulepin hydrochloride (p.388·2).
Depression; mixed anxiety depressive states.

Prothiazine *CTI, Israel.*
Promethazine hydrochloride (p.588·2).
Anxiety; coughs; hypersensitivity reactions; insomnia; nausea; pain; parkinsonism; premedication.

Prothiazine Expectorant *CTI, Israel; CTS, Rus.*
Promethazine hydrochloride (p.588·2); guaifenesin (p.1561·3); ipecacuanha (p.1562·3).
Cough.

Prothicid *Themis Chemicals, India.*
Protionamide (p.320·1).
Tuberculosis.

Prothil *Solvay, Ger.*
Medrogestone (p.2113·1).
Menopausal disorders; progestogenic.

Prothin *Quality, Hong Kong.*
⊗ Diethylpropion hydrochloride (p.2154·3).
Obesity.

Prothiucil *Sanova, Austria.*
Propylthiouracil (p.2175·2).
Hyperthyroidism; ulcerative colitis.

Prothrombinex *CSL, NZ.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Prothrombinkomplex BaWu *Intersero, Ger.†.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Prothromplex *Baxter, Cz.; Baxter, Hung.; Baxter, Pol.; Baxter, Spain.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Prothromplex S-TIM 4 *Immuno, Austria.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Prothromplex Total S-TIM 4 *Baxter, Switz.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Prothromplex-T *Immuno, Braz.†.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Prothromplex-T TIM 4 *Adcock Ingram Critical Care, S.Afr.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Prothuril *Unipharma, Gr.*
Propylthiouracil (p.2175·2).
Hyperthyroidism.

Prothyra *Sunthi Sepuri, Indon.*
Medroxyprogesterone acetate (p.2113·1).
Amenorrhoea; dysfunctional uterine bleeding; endometriosis.

Prothyrid *Sanofi Synthelabo, Austria; Henning, Ger.; Sanofi Synthelabo, Ger.*
Levothyroxine sodium (p.2171·2); liothyronine hydrochloride (p.2174·2).
Hypothyroidism; thyroiditis.

Prothyrysat *Ysatfabrik, Ger.†.*
Lycopus europaeus.
Hyperthyroidism.

Proti 5 *Omega, Fr.*
Nutritional supplement (p.1922·1).

Protiaden *Teofarma, Ital.; Knoll, Switz.†.*
Dosulepin hydrochloride (p.388·2).
Depression; mixed anxiety depressive states.

Protiadene *Teofarma, Port.*
Dosulepin hydrochloride (p.388·2).
Depression.

Protica *Ethica, Indon.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Protical *Omega, Fr.*
High protein foods for special diets (p.1922·1).

Protid *Lunsco, USA.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).

Protideal *Protiforme, Fr.†.*
High protein foods for special diets (p.1922·1).

Protiderm *Panalab, Arg.*
Miconazole nitrate (p.541·3); zinc oxide (p.1621·2).
Fungal nappy rash.

Protidiet *Protidiet, Fr.†.*
Nutritional protein supplement (p.1922·1).

Protifar *Nutricia, Austral.†; Nutricia, Cz.†; Nutricia, Fin.; Nutricia, Fr.; Nutricia, Hong Kong; Nutricia, Indon.; Nutricia, Irl.; Nutricia, Ital.; Nutricia, NZ; Nutricia, Pol.; Nutricia, Port.; Nutricia, Thai.†; Nutricia Clinical, UK; Nutricia, Venez.*
Dietary protein supplement (p.1922·1).

Protifed *Graha, Indon.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; influenza symptoms.

Protiferron *Eumedica, Neth.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Protifortifiant *Omega, Fr.*
Protein enriched nutritional supplement (p.1922·1).

Protina G *Fresenius Kabi, Ital.*
Preparation for enteral nutrition (p.1922·1).

Protina Torre MP *Fresenius Kabi, Ital.†.*
Preparation for enteral nutrition (p.1922·1).

Protinex *Pfizer, India.*
High-protein dietary supplement (p.1922·1).

Protinin *Probifasa, Mex.†.*
Aprotinin (p.1055·1).
Cardiopulmonary bypass; extracorporeal circulation; haemorrhage.

Protinules *Alembic, India.*
High-protein dietary supplement (p.1922·1).

Protiocomb *Akrikhin, Rus.*
Lomefloxacin hydrochloride (p.295·2); protionamide (p.320·1); pyrazinamide (p.320·2); ethambutol hydrochloride (p.274·1).
Pyridoxine hydrochloride (p.1978·2) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Protitus *Mayo, Mex.*
Ambroxol (p.1550·3).
Respiratory-tract congestion.

Protium *Abbott, Irl.; Altana, Irl.; Nycomed, UK.*
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Protobex *Centaur, India.*
Nutritional supplement (p.1922·1).

Proto-Boric *Bell, India.*
⊗ Boric acid (p.2268·1); borax (p.2268·1); naphazoline hydrochloride (p.1565·2); camphor (p.2273·2); menthol (p.2340·1).
Corneal ulcer; inflammatory eye infections.

Protocide *Unipharm, Israel.*
Tinidazole (p.848·3).
Anaerobic bacterial infections; protozoal infections.

Protofen *Kimia, Indon.*
Ketoprofen (p.73·1).
Ankylosing spondylitis; gout; osteoarthritis; rheumatoid arthritis.

Protogyl *Xepa-Soul Pattinson, Malaysia†.*
Metronidazole (p.837·1).
Amoebiasis; genito-urinary-tract infections; vaginal trichomoniasis.

Protol *Procare, Austral.†.*
Vitamins; minerals (p.1922·1); garlic (p.2309·2).
Dietary supplement; viral infections.

Proton *Medinfar, Port.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Protone
Aristo, India.
Oral drops: Casein; lysine hydrochloride; carbohydrate; vitamin B substances (p.1922·1).
Tonic.

Aristo, India.
Oral liquid: Ferrous sulfate; casein; carbohydrate; vitamin B substances; zinc sulfate (p.1922·1).
Tonic.

Protoner *Inkeysa, Spain.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Protonexa *Medico Uno, Hung.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Protonis *Royal, Chile.*
Levodopa (p.804·3); carbidopa (p.803·1).
Parkinsonism.

Protonix *Wyeth-Ayerst, USA.*
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; Zollinger-Ellison syndrome.

Protop *Interbat, Indon.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Protopam *Wyeth, Canad.; Wyeth-Ayerst, USA.*
Pralidoxime chloride (p.1460·2).
Organophosphorus insecticide poisoning.

Protopic *Gador, Arg.; Fujisawa, Austria; Fujisawa, Belg.; Roche, Braz.; Astellas, Canad.; Roche, Chile; Astellas, Cz.; Fujisawa, Denm.; Astellas, Fin.; Astellas, Fr.; Astellas, Ger.; Vianex (Βιανεξ), Gr.; Fujisawa, Hong Kong; Fujisawa, Hung.; Astellas, Indon.; Janssen-Cilag, Indon.; Astellas, Irl.; Fujisawa, Israel; Astellas, Ital.; Astellas, Jpn; Janssen-Cilag, Malaysia; Astellas, Neth.; Astellas, Norw.; Fujisawa, Philipp.; Janssen, Philipp.; Astellas, Pol.; Astellas, Port.; Janssen-Cilag, Singapore; Astellas, Spain; Astellas, Swed.; Fujisawa, Switz.; Janssen-Cilag, Thai.; Astellas, UK; Astellas, USA.*
Tacrolimus (p.1843·1).
Atopic eczema.

Protopy *Astellas, Cz.; Astellas, Neth.; Astellas, Port.*
Tacrolimus (p.1843·1).
Atopic eczema.

Protos *Servier, Arg.; Servier, Austral.; Servier, Braz.; Servier, Hong Kong; Servier, Indon.; Servier, NZ; Servier, Philipp.; Servier, S.Afr.; Servier, Singapore.*
Strontium ranelate (p.1104·2).
Osteoporosis.

Protosin *Streger, Mex.*
Quinfamide (p.846·2).
Intestinal amoebiasis.

Protosol *Kamada, Israel.*
Aprotinin (p.1055·1).
Hyperfibrinolytic haemorrhage; reduction of blood loss in cardiopulmonary bypass.

Protostat *Ortho Pharmaceutical, USA.*
Metronidazole (p.837·1).
Amoebiasis; anaerobic bacterial infections; trichomoniasis.

Protosulfil *Roemmers Osmoph, Venez.*
Sulfadiazine silver (p.337·2).
Burns; skin infections.

Protovit
Bayer, Belg.; Roche, Belg.; Bayer, Ital.; Bayer, Spain.
Multivitamin preparation (p.1922·1).

Bayer, Fr.
Vitamin and mineral preparation (p.1922·1).

Protovit N *Bayer, Port.*
Multivitamin preparation (p.1922·1).

Protovit Plus *Bayer, Braz.; Roche, Braz.*
Vitamin preparation (p.1922·1).

ProTract *VRI BioMedical, Austral.*
Lactobacillus fermentum (p.2372·3).
Atopic eczema in infants; irritable bowel syndrome.

Protradon *ProMed, Cz.*
Tramadol hydrochloride (p.130·3).
Pain.

Protrim *Mayo, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Protromplex *Baxter Immuno, Arg.*
A factor IX preparation (p.1068·3).
Haemorrhagic disorders.

Protromplex TIM 3 *Baxter, Ital.*
Factor IX (p.1068·3).
Deficiency of factors II, IX, and X.

Protropin *Roche, Canad.†; Genentech, USA†.*
⊗ Somatrem (p.1799·3).
Growth hormone deficiency.

Protusif *Pyridam, Indon.*
Dextromethorphan hydrobromide (p.1555·2); phenylpropanolamine hydrochloride (p.1569·3); guaifenesin (p.1561·3).
Cough; nasal congestion.

Protuss *Horizon, USA†.*
Hydrocodone tartrate (p.63·1); sulfogaiacol (p.1573·2).
Coughs.

Protussa *Abbott, India.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3).
Coughs.

Protuss-D *Horizon, USA†.*
Hydrocodone tartrate (p.63·1); pseudoephedrine hydrochloride (p.1571·2); sulfogaiacol (p.1573·2).
Coughs.

Protuss-DM *Horizon, USA†.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Proursan *ProMed, Pol.*
Ursodeoxycholic acid (p.2408·1).
Biliary cirrhosis; biliary reflux; cholesterol gallstones.

Prova *Cadila, India.*
Protein hydrolysate; carbohydrates; minerals (p.1922·1).
Tonic.

Provacsin Nasal *Inmunolab, Arg.*
⊗ Neomycin (p.305·1); naphazoline (p.1565·1).
Nasal congestion.

Provacsin Oral *Wierhom, Arg.*
Lyophilised bacterial antigens; vitamin C (p.1983·3).

Provail *CCM, Malaysia†; CCM, Singapore†.*
Ketoprofen (p.73·1).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Provamed *Promed, Indon.*
Spiramycin (p.333·1).
Bacterial infections.

Provames *Sanofi-Aventis, Fr.*
Estradiol (p.2097·2).
Menopausal disorders; osteoporosis.

Provamicina *Aventis, Mex.; Sanofi-Aventis, Venez.*
Spiramycin (p.333·1).
Bacterial infections; toxoplasmosis.

Provarivax *Sanofi Pasteur, Belg.; Sanofi Pasteur, Neth.*
A varicella-zoster vaccine (OKA strain) (p.2242·2).
Active immunisation.

Provas *Sanol, Ger.; Schwarz, Ger.; Schwarz, Switz.*
Valsartan (p.1420·2).
Heart failure; hypertension; left ventricular dysfunction following myocardial infarction.

Provas comp *Sanol, Ger.; Schwarz, Ger.; Schwarz, Switz.*
⊗ Valsartan (p.1420·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Provas maxx *Schwarz, Switz.*
⊗ Valsartan (p.1420·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Provasan *Polfa Grodzisk, Pol.*
Nicametate citrate.
Cerebral and peripheral vascular disorders.

Provasyn *Richter, Philipp.*
Bromocriptine mesilate (p.798·1).
Acromegaly; benign breast disorders; female infertility; lactation inhibition; menstrual disorders; parkinsonism; prolactinomas; puerperal mastitis.

Provatine *Duopharma, Hong Kong†.*
Fluoxetine hydrochloride (p.391·2).
Depression.

Provax
Note. This name is used for preparations of different composition.
Almirall, Port.
Lysates of *Staphylococcus aureus*; *Streptococcus pyogenes*; *Streptococcus viridans*; *Klebsiella pneumoniae*; *Klebsiella ozaenae*; *Streptococcus pneumoniae*; *Haemophilus influenzae*; *Moraxella catarrhalis*.
Respiratory-tract infections.

Vivax, Venez.
Vitamin preparation (p.1922·1) with fish oil and soya lecithin.

Provay *Hormona, Mex.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Provegol *SVR, Fr.*
Pyrithione zinc (p.1611·2).
Scalp disorders.

Provelle *Pharmacia, Austral.†.*
Maroon tablets, conjugated oestrogens (Premarin) (p.2087·2); blue tablets, medroxyprogesterone acetate (Provera) (p.2113·1).
Menopausal disorders; osteoporosis.

Proven *Douglas, Austral.*
Ibuprofen (p.64·2).
Fever; pain.

Provenal *Boniscontro & Gazzone, Ital.*
Sulodexide (p.1406·3).
Chronic venous ulcer.

Provenen *HWS OTC, Austria; Schwabe, Spain†.*
Aesculus (p.2248·2).
Venous insufficiency.

Proveno N *Madaus, Ger.†.*
Aescin (p.2248·2).
Vascular disorders.

Provenol *Kela, Belg.*
Ibuprofen (p.64·2).
Fever; pain.

Proventil *Schering, USA.*
⊗ Salbutamol (p.1131·2) or salbutamol sulfate (p.1131·3).
Bronchospasm.

Proventol Expectorant *Sandoz, Indon.*
⊗ Salbutamol sulfate (p.1131·3); guaifenesin (p.1561·3).
Obstructive airways disease.

Provera *Pfizer, Austral.; Pharmacia, Austria†; Pfizer, Belg.; Pfizer, Braz.; Pfizer, Canad.; Pfizer, Chile; Pfizer, Cz.; Pfizer, Denm.; Pfizer, Fin.; IFET (ΙΦΕΤ), Gr.; Pfizer, Hong Kong; Pfizer, Hung.; Pfizer, Indon.; Pfizer, Irl.; Pharmacia, Israel; Pharmacia, Ital.; Pfizer, Malaysia; Grunenthal, Mex.; Pfizer, NZ; Pfizer, Neth.; Pfizer, Norw.; Pfizer, Philipp.; Pharmacia, Pol.; Pfizer, Port.; Pharmacia, S.Afr.; Pfizer, Singapore; Pfizer, Swed.; Pfizer, Thai.; Pfizer, UK; Pharmacia Upjohn, USA; Pfizer, Venez.*
Medroxyprogesterone acetate (p.2113·1).
Amenorrhoea; anorexia and cachexia associated with cancer or AIDS; breast cancer; contraception; dysfunctional uterine bleeding; endometrial cancer; endometrial hyperplasia; endometriosis; female infertility; functional uterine bleeding; menopausal disorders; menorrhagia; metrorrhagia; renal cancer; secondary amenorrhoea; test for pregnancy; threatened or recurrent miscarriage.

Provertin-UM TIM 3 *Baxter, Ital.*
Factor VII (p.1066·2).
Factor VII deficiency.

Provetal *Protein, Mex.†.*
Valproic acid (p.508·2).
Epilepsy.

Provexel NS *Multicare, Philipp.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Provicar *Ivax, Mex.; Elmor, Venez.*
Levocarnitine (p.1932·2).
Carnitine deficiency; levocarnitine deficiency.

Provictol *SVR, Fr.†.*
⊗ Ichthammol (p.1599·1); salicylic acid (p.1612·2); urea (p.1620·2); tridecyl salicylate; allantoin (p.1588·1).
Dandruff.

Provide *Fresenius Kabi, Irl.; Fresenius Kabi, Malaysia†.*
Preparation for enteral nutrition (p.1922·1).

ProvideXtra *Fresenius Kabi, Fin.; Fresenius Kabi, Philipp.; Fresenius Kabi, UK.*
Preparation for enteral nutrition (p.1922·1).
Gastrointestinal disorders; milk protein intolerance.

Provigil
Note. This name is used for preparations of different composition.
Organon, Belg.; Cephalon, Irl.; Lafon, Israel; Dompe Biotec, Ital.; Pharmaplan, S.Afr.; Cephalon, UK; Cephalon, USA.
⊗ Modafinil (p.2160·3).
Narcoleptic syndrome; shift-work sleep disorder; sleep apnoea.

Svizera, India.
⊗ Chorionic gonadotrophin (p.2085·1).
Male and female infertility.

Provigor *Meprofarm, Indon.*
Cistanchis herba; epimedii folium; fenugreek (p.2303·3); sarsaparilla (p.2383·3); cuscutae semen; calcium pantothenate.
Tonic.

Provimin *Ross, USA.*
A protein, vitamin, and mineral preparation for enteral nutrition (p.1922·1).

Provin *Plusandex, Venez.*
Vitamin and mineral preparation (p.1922·1).

Proviodine *Rougier, Canad.; Rougier, Hong Kong.*
Povidone-iodine (p.1659·2).
Burns; mouth infections; skin and mucous membrane disinfection; skin disorders; vaginal infections; wounds.

Provir *Bio-Kem, Turk.*
Aciclovir (p.862·3).
Herpesvirus infections.

Proviron *Schering, Austral.; Schering, Austria; Schering, Belg.; Schering, Braz.; Schering, Chile; Schering, Cz.; Schering, Fin.†; Schering, Ger.†; Schering, Gr.; Schering, Hong Kong†; Schering, Hung.; Schering, Indon.; Schering, Israel; Schering, Ital.; Schering, Mex.; Schering, Neth.; Schering, Philipp.; Schering, Pol.; Bayer, Port.; Schering, S.Afr.; Schering, Spain; Schering, Turk.; Schering, UK; Schering, Venez.*
⊗ Mesterolone (p.2116·1).
Androgen deficiency; aplastic anaemia; erectile dysfunction; impaired mental function; male hypogonadism; male infertility.

Proviron Depot *Schering, Venez.*
⊗ Testosterone enantate (p.2130·1).
Androgen deficiency; hypogonadism; male infertility.

Provironum *German Remedies, India; Schering, Malaysia†; Bayer, Singapore; Schering, Thai.*
⊗ Mesterolone (p.2116·1).
Androgen deficiency; erectile dysfunction; hypogonadism; male infertility.

Provirsan *ProMed, Cz.*
Aciclovir (p.862·3).
Herpesvirus infections.

Provisacor *AstraZeneca, Ital.; AstraZeneca, Neth.*
Rosuvastatin calcium (p.1389·1).
Hypercholesterolaemia.

Provisc *Alcon, Arg.; Alcon, Austral.; Alcon, Fr.; Alcon, Ger.; Alcon, Hong Kong†; Alcon, Hung.†; Alcon, Irl.†; Alcon, Ital.; Alcon, Malaysia; Alcon, NZ; Alcon, Philipp.; Alcon, S.Afr.; Alcon, Singapore; Alcon, Thai.; Alcon, Turk.; Alcon, Venez.†.*
Sodium hyaluronate (p.2320·1).
Adjunct in eye surgery.

Provisual *Poen, Arg.*
Gentamicin sulfate (p.282·1).
Bacterial eye infections.

Provisual Compuesto *Poen, Arg.*
⊗ Gentamicin sulfate (p.282·1); dexamethasone (p.1526·1); tetryzoline hydrochloride (p.1574·1).
Infected eye disorders.

Provita *Scherer, Thai.*
Vitamins; minerals; amino acids (p.1922·1).

Provital
Note. This name is used for preparations of different composition.
Landson, Indon.
Ginseng (p.2312·1); vitamins; liver extract; lysine; glutamic acid; minerals (p.1922·1).
Mental function impairment.

Prohealth, Philipp.
Vitamin and mineral preparation with lysine and taurine (p.1922·1).
Nutritional supplement.

Provital Plus *Landson, Indon.*
Ginseng (p.2312·1); vitamins; lysine; glutamic acid; minerals; lecithin (p.1922·1).
Immunostimulant.

Provitamin A + D + E *Klein, Ger.†.*
Multivitamin preparation (p.1922·1).

Provitamin A-E *Cielle, Ital.*
Vitamin A (p.1971·2); vitamin E (p.1992·2); royal jelly (p.2382·1).
Nutritional supplement.

Provit-Cee *Vitalink, Philipp.*
Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Proviton *CCM, Malaysia; Provit, Mex.*
Multivitamin and mineral preparation with ginseng, lecithin, and lysine (p.1922·1).

Provive *Zeus, Braz.†; Antibioticos, Mex.*
Propofol (p.1791·1).
General anaesthesia; sedative.

Provixen-N *Biospray, Gr.*
Ambroxol hydrochloride (p.1550·3).
Respiratory disorders associated with viscous mucus.

Provocholine *Methapharm, Canad.; Methapharm, USA.*
Methacholine chloride (p.2343·2).
Diagnosis of bronchial hyperreactivity.

Provokit *Lindopharm, Ger.*
Methacholine chloride (p.2343·2).
Diagnosis of bronchial hyperreactivity.

Provoltar *Sandoz, Indon.*
Diclofenac sodium (p.44·3).
Musculoskeletal and joint disorders.

Provosal *Gerot, Hung.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Provula *Dexa, Indon.*
⊗ Clomifene citrate (p.2086·1).
Male and female infertility.

Prowess *Harley Street Supplies, UK.*
⊗ Yohimbine hydrochloride (p.2200·2); pemoline (p.2161·2); methyltestosterone (p.2117·1).
Erectile dysfunction.

Prowess Plain *Harley Street Supplies, UK.*
Yohimbine hydrochloride (p.2200·2).
Erectile dysfunction.

Pro-Whey *Milk Industries, Israel.*
Protein supplement (p.1922·1).

Proworm *Hexpharm, Indon.*
Pyrantel embonate (p.155·1).
Worm infections.

Proxacin
Neo Quimica, Braz.; Medreich, Hong Kong.
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Polfa Warszawa, Pol.
Ciprofloxacin hydrochloride (p.243·3) or ciprofloxacin lactate (p.243·3).
Bacterial infections.

Fako, Turk.
Ciprofloxacin (p.243·3).
Bacterial infections.

Proxagol *Union Health, Ital.*
Naproxen cetrimonium (p.93·3).
Mouth and throat inflammation.

Proxalin *Degorts, Mex.*
Naproxen (p.92·3).
Gout; inflammation; musculoskeletal, joint, and periarticular disorders; pain.

Proxalin Plus *Degorts, Mex.*
Naproxen (p.92·3); paracetamol (p.108·1).
Fever; pain.

Proxalyoc *Cephalon, Fr.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Proxatan *Sandoz, Arg.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia.

Pro-XB *Biomep, Mex.*
Ibuprofen (p.64·2).
Pain.

Proxcip *Mugi, Indon.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Proxem *Hexal, Mex.†.*
Naproxen (p.92·3).
Gout; musculoskeletal, joint, and peri-articular disorders; pain.

Proxen *Macarthur, Austral.; Grunenthal, Austria; Roche, Ger.; Medochemie, Hong Kong†; Grunenthal, Switz.; Pharmaland, Thai.*
Naproxen (p.92·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Proxiclav *Prohealth, Philipp.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2) or clavulanic acid (p.250·2).
Bacterial infections.

Proxidan *Meprofarm, Indon.*
d-Alpha tocopherol (p.1992·2).
Antoxidant.

Proxidin *Procare, Austral.†.*
Vitamins; minerals; garlic; eleutherococcus senticosis (p.1922·1).
Dietary supplement.

Proxil *Rottapharm, Ital.*
Proglumetacin maleate (p.119·1).
Inflammation; pain.

Proximax *Integrated Pharmaceutical, Philipp.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and soft-tissue disorders.

Proxime *Leti, Venez.*
Levofloxacin (p.292·2).
Bacterial infections.

Proxin *Strand, Malaysia†.*
Cloxacillin sodium (p.256·1).
Bacterial infections.

Proxinor *Medicine Products, Thai.*
Norfloxacin (p.309·2).
Bacterial infections.

Proxitec *Tecnofarma, Mex.†.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Proxitor *Combiphar, Indon.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Proxivex *Blue Sky, Philipp.; Integrated Pharmaceutical, Philipp.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Proxol *Sam-On, Israel.*
Dextropropoxyphene hydrochloride (p.40·1); paracetamol (p.108·1).
Fever; pain.

Prox-S *Prosel, Philipp.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Proxytab *Wockhardt, India.*
Dextropropoxyphene hydrochloride (p.40·1); paracetamol (p.108·1).
Pain.

Proxyvon *Wockhardt, India.*
Dextropropoxyphene hydrochloride (p.40·1); paracetamol (p.108·1).
Pain.

Proyeast *Procare, Austral.†.*
Garlic (p.2309·2); echinacea (p.2298·1); ascorbic acid (p.1983·3); chaparral (p.2280·1); zinc gluconate (p.1999·2); vitamin A (p.1971·2); pau d'arco.
Candidiasis.

Proza *Landson, Indon.; Landson, Singapore.*
Echinacea angustifolia extract (Polinacea) (p.2298·1); ascorbic acid (p.1983·3); zinc picolinate (p.2001·1).
Respiratory-tract infections; tonic.

Prozac *Lilly, Arg.; Lilly, Austral.; Lilly, Belg.; Lilly, Braz.; Lilly, Canad.; Lilly, Chile; Lilly, Cz.; Lilly, Fr.; Lilly, Hong Kong; Lilly, Hung.; Lilly, Indon.; Lilly, Irl.; Lilly, Israel; Lilly, Ital.; Lilly, Malaysia; Lilly, Mex.; Lilly, NZ; Lilly, Neth.; Lilly, Philipp.; Lilly, Port.; Lilly, Rus.; Lilly, S.Afr.; Lilly, Singapore; Dista, Spain; Lilly, Thai.; Lilly, Turk.; Lilly, UK; Lilly, USA; Lilly, Venez.*
Fluoxetine hydrochloride (p.391·2).
Anxiety; bulimia nervosa; depression; mixed anxiety depressive states; obsessive-compulsive disorder; panic disorder; premenstrual dysphoric disorder.

Prozamel *Clonmel, Irl.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder.

Prozatan *UCB, Irl.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder.

Prozef *BMS, S.Afr.*
Cefprozil (p.232·2).
Bacterial infections.

Prozen *Teuto, Braz.*
Fluoxetine hydrochloride (p.391·2).
Depression.

Proziere *Ashbourne, UK†.*
Prochlorperazine maleate (p.1020·1).

Prozin *Lusofarmaco, Ital.*
Chlorpromazine hydrochloride (p.969·2).
Hiccups; pain; premedication; psychiatric disorders; vomiting.

Prozinc *Prohealth, Philipp.*
Zinc sulfate (p.1999·2).
Nutritional supplement.

Prozine
Note. This name is used for preparations of different composition.
Utopian, Thai.
Chlorpromazine hydrochloride (p.969·2).
Psychoses.

Hauck, USA.
Promazine hydrochloride (p.1021·2).
Psychoses.

Prozit *Pinewood, Irl.; Pinewood, UK.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder.

Prozitel *Farcoral, Mex.†.*
Praziquantel (p.153·3).
Neurocysticercosis.

Prozolin *Liferpal, Mex.*
Metronidazole benzoate (p.837·1).

ProZone Body *Darier, Mex.*
SPF 25: Melanin (p.1604·2); octinoxate (p.1608·2); oxybenzone (p.1608·3); avobenzone (p.1589·3); titanium dioxide (p.1617·3).
Sunscreen.

ProZone Face
Note. This name is used for preparations of different composition.
Royal, Chile.
Melanin (p.1604·2); octinoxate (p.1608·2); oxybenzone (p.1608·3); octisalate (p.1608·2); homosalate (p.1598·1); titanium dioxide (p.1617·3).
Sunscreen.

Darier, Mex.
SPF 25: Melanin (p.1604·2); octinoxate (p.1608·2); oxybenzone (p.1608·3); octisalate (p.1608·2); titanium dioxide (p.1617·3).
Sunscreen.

ProZone Gel
Royal, Chile.
Melanin (p.1604·2); octinoxate (p.1608·2); oxybenzone (p.1608·3); octisalate (p.1608·2); avobenzone (p.1589·3); homosalate (p.1598·1).
Sunscreen.

Darier, Mex.
SPF 30: Melanin (p.1604·2); octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3); avobenzone (p.1589·3); homosalate (p.1598·1).
Sunscreen.

ProZone Ultra *Darier, Mex.*
SPF 80: Melanin (p.1604·2); octocrilene (p.1608·3); octinoxate (p.1608·2); octisalate (p.1608·2); enzacamene (p.1597·1); titanium dioxide (p.1617·3).
Sunscreen.

ProZone Ultra Fluido *Darier, Mex.*
SPF 60: Octinoxate (p.1608·2); bisoctrizole (p.1591·2); enzacamene (p.1597·1); melanin (p.1604·2); bemotrizinol (p.1590·2); titanium dioxide (p.1617·3).
Sunscreen.

Prozylex *Norma (Νορμα), Gr.†.*
Mesalazine (p.1745·1).
Inflammatory bowel disease.

Prozyme *Procare, Austral.†.*
Outer layer, pepsin (p.2365·1); bromelains (p.2269·1); glutamic acid hydrochloride (p.1947·1); inner layer, pancreatin (p.2360·1); papain (p.2362·3); bromelains.
Dyspepsia.

Prubagen *Liferpal, Mex.*
⊗ Betamethasone (p.1518·2); clotrimazole (p.530·1); gentamicin (p.284·2).
Infected skin disorders.

Prudencial *Northia, Arg.†.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Pruderm *Euroderm, Arg.*
Camphor (p.2273·2); menthol (p.2340·1).
Pruritus.

Prudoxin *Healthpoint, USA.*
Doxepin hydrochloride (p.389·1).
Pruritus.

Prudušková *Megafyt-R, Cz.*
Plantain (p.2379·1); wild thyme (p.2415·3); althaea (p.2253·3); liquorice (p.1740·3); tilia (p.2402·2); rose fruit without seeds (p.2381·2).
Coughs; respiratory-tract inflammation.

Prueboi *Temis, Arg.†.*
Egg yolk; soya lecithin (p.2332·2); sunflower oil (p.1970·3).

Pruina *Faes, Spain.*
Senna (p.1769·2); cassia fistula (p.1715·3); coriander (p.2288·1); tamarind (p.1775·3).
Constipation.

Prulit *Vinas, Spain.*
Menthol (p.2340·1).
Formerly known as Nopika.
Insect stings; muscle sprains and strains; pruritus.

Prunacolon *Nycomed, Neth.*
Senna (p.1769·2); dexpanthenol (p.2362·1).
Bowel evacuation; constipation.

Prunasine
Note.This name is used for preparations of different composition.
Christiaens, Belg.
Senna fruit (p.1769·2).
Constipation.

Nycomed, Neth.
Senna (p.1769·2); dexpanthenol (p.2362·1).
Bowel evacuation; constipation.

Prunodiet *DHN, Fr.*
Dietary fibre supplement (p.1922·1).
Constipation.

Prurex *Pentamedical, Ital.*
Piroctone olamine (p.1610·1); enoxolone (p.50·1); butyl aminobenzoate (p.1857·1); benzyl alcohol (p.1631·3); benzyl benzoate (p.2036·1).
Skin irritation.

Pruriced
Note.This name is used for preparations of different composition.
D & M, Chile.
Calamine (p.1591·2); borage oil (p.2267·3); Uriage thermal water.
Pruritus; skin irritation.

Uriage, Fr.
Cream: Calamine (p.1591·2); borage oil (p.2267·3); Uriage thermal water.
Skin irritation.

Uriage, Fr.
Topical gel: Calamine (p.1591·2); glycine (p.1947·3); Uriage thermal water.
Skin irritation.

Pruridermase *Sofex, Port.†.*
Calamine (p.1591·2); diphenhydramine (p.577·1); menthol (p.2340·1).
Pruritus; skin irritation.

Pruridol *Cazi, Braz.*
Benzyl benzoate (p.2036·1).
Pediculosis; scabies.

Prurigel *Fortbenton, Arg.*
Triclosan (p.1665·2); mallow (p.2337·2); chamomile (p.2279·3).
Scalp disorders.

Prurilite *Eulite, Neth.*
Homoeopathic preparation.

Pruri-med *Permamed, Switz.*
Disodium sulfosuccinated undecenoic acid monoethanolamide (p.549·3); lauromacrogol 400 (p.1916·1).
Skin disorders.

Prurimix *Metochem, Austria; Metochem, Cz.†.*
Talc (p.1615·2); zinc oxide (p.1621·2); lauromacrogol 400 (p.1916·1); menthol (p.2340·1); diphenylpyraline hydrochloride (p.578·2).
Skin disorders; skin irritation.

Pruripelen *ICN, Arg.†.*
Calamine (p.1591·2); benzocaine (p.1854·1); diphenhydramine hydrochloride (p.577·2); camphor (p.2273·2); menthol (p.2340·1).
Pruritus; skin irritation.

Prurisedan
Note.This name is used for preparations of different composition.
Andromaco, Arg.
Cream: Diphenhydramine hydrochloride (p.577·2); calamine (p.1591·2).
Allergic skin disorders; insect bites; pruritus; sunburn.

Andromaco, Arg.
Topical powder: Phenol (p.1656·1); camphor (p.2273·2); boric acid (p.2268·1); zinc stearate (p.2139·3); zinc oxide (p.1621·2).
Allergic skin disorders; insect bites; pruritus; sunburn; urticaria.

Prurisedan Antimicotico *Andromaco, Arg.†.*
Bifonazole (p.527·3); diphenhydramine hydrochloride (p.577·2).
Fungal skin and nail infections.

Prurisedan Biotic *Andromaco, Arg.†.*
⊗ Gentamicin sulfate (p.282·1); ketoconazole (p.539·1); hydrocortisone acetate (p.1535·2).
Infected skin disorders.

Prurisedan Incolora *Andromaco, Arg.*
Diphenhydramine hydrochloride (p.577·2); zinc oxide (p.1621·2).
Pruritus; skin irritation.

Prurisedan Rosa *Andromaco, Arg.*
Phenol (p.1656·1); camphor (p.2273·2); zinc oxide (p.1621·2); diphenhydramine hydrochloride (p.577·2); neocalamine (p.1591·2).
Allergic skin disorders; insect bites; pruritus; sunburn; urticaria.

Prurisedine *Eurogenerics, Belg.*
Albichtyol; chlorobutanol (p.1639·2).
Skin disorders.

Prurix *Stiefel, Arg.; Stiefel, Chile; Stiefel, Mex.*
Camphor (p.2273·2); menthol (p.2340·1).
Pruritus; skin irritation.

Prurizin *Darrow, Braz.*
Hydroxyzine hydrochloride (p.581·2).
Hypersensitivity reactions.

Pryleugan *Temmler, Ger.*
Imipramine hydrochloride (p.400·3).
Depression; nocturnal enuresis; pain.

Pryltec *Geolab, Braz.*
Enalapril maleate (p.1276·1).
Hypertension.

Pryltec-H *Geolab, Braz.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Pryndette *Aventis, NZ†.*
Paracetamol (p.108·1); doxylamine succinate (p.578·2).
Fever; pain; sedative.

Prysma *Q-Pharma, Arg.; Q Pharma, Spain.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Prysoline *Rekah, Israel.*
Primidone (p.503·2).
Epilepsy.

Psaeva *Sevapharma, Cz.†.*
A pseudomonas vaccine (p.2233·2).
Active immunisation.

PSE CPM *Boca, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract disorders.

PSE MSC *Cypress, USA.*
Pseudoephedrine hydrochloride (p.1571·2); hyoscine methonitrate (p.1734·2).
Cold symptoms; rhinitis; sinusitis.

Pseudo *Major, USA.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Pseudo-Car DM *Geneva, USA.*
Pseudoephedrine hydrochloride (p.1571·2); carbinoxamine maleate (p.570·2); dextromethorphan hydrobromide (p.1555·2).
Coughs and cold symptoms.

Pseudo-Chlor *Geneva, USA; Major, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Pseudoephedrine T *Pharmaniaga, Malaysia.*
Pseudoephedrine hydrochloride (p.1571·2); triprolidine hydrochloride (p.592·3).
Formerly known as Rinafed.
Nasal congestion.

Pseudofrin *Trianon, Canad.*
Pseudoephedrine hydrochloride (p.1571·2).
Congestion.

Pseudo-Gest *Major, USA.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Pseudo-Gest Plus *Major, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Pseudophage *Servier, Fr.*
Sodium alginate (p.2141·1); agar (p.2140·3).
Obesity.

Pseudovac *Biomed Krakow, Pol.*
A pseudomonal vaccine (7-valent) (p.2233·2).
Active immunisation.

Psibeter *BA Farma, Port.*
Buspirone hydrochloride (p.965·3).
Anxiety.

Psico Blocan *Estedi, Spain.*
Chlordiazepoxide hydrochloride (p.968·2); hyoscine methobromide (p.1734·1).
Gastrointestinal spasm.

Psicoasten *Beta, Arg.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; premenstrual dysphoric disorder; social phobia.

Psicocen *Centrum, Spain.*
Sulpiride (p.1028·3).
Anxiety disorders; psychoses; vertigo.

Psicolit *Farmo Quimica, Chile.*
Lithium carbonate (p.401·3).
Mania.

Psiconor *Ivax, Arg.*
Citalopram hydrobromide (p.385·3).
Depression.

Psicosedin *Farmasa, Braz.*
Chlordiazepoxide (p.968·1).
Adjuvant in general anaesthesia; alcohol withdrawal syndrome; anxiety; panic attacks; tension headache; tremor.

Psicosedol *Spedrog, Arg.*
Alprazolam (p.960·1).

Psicosoma Solucion *Ferrer, Spain.*
Magnesium glutamate hydrobromide (p.2337·1); promethazine hydrochloride (p.588·2).
Insomnia; night terrors; sedative.

Psilo-Balsam *Stada, Cz.; Stada, Hung.; Stada, Rus.*
Diphenhydramine hydrochloride (p.577·2).
Allergic skin disorders; pruritus; skin irritation; urticaria.

Psilumax *Columbia, Mex.*
Psyllium seed (p.1737·1); wheat fibre (p.1712·3).
Bowel evacuation; constipation.

Psipax *Merck, Port.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Psiquial *Merck, Braz.; Merck, Venez.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder.

Psiu *Teuto, Braz.*
Cetylpyridinium chloride (p.1635·1); ammonium chloride (p.1551·3).
Respiratory-tract congestion.

PSO
Note.This name is used for preparations of different composition.
CS, Fr.
Cream: ⊗ Kokum butter; urea (p.1620·2).
Seborrhoea.

CS, Fr.
Mousse: Kokum butter; glycerol (p.2314·2).
Soap substitute.

CS, Fr.
Shampoo: ⊗ Kokum butter; urea (p.1620·2); piroctone olamine (p.1610·1).
Dandruff.

Psocortene *Genopharm, Fr.*
⊗ Flumetasone pivalate (p.1531·1); salicylic acid (p.1612·2); coal tar (p.1616·2).
Skin disorders.

Psoderm *Ilsan, Turk.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Psodermil *Edol, Port.*
⊗ Betamethasone dipropionate (p.1518·3); salicylic acid (p.1612·2).
Skin and scalp disorders.

Pso-Rad *Pentamedical, Ital.*
Mallow oil; lappa; aloe; bladderwrack; calendula; lavender; tormentil; helichrysum.
Skin disorders.

Psoraderm 5 *Expanscience, Fr.†.*
5-Methoxypsoralen (p.1607·2).
Psoriasis.

Psoradexan *Hermal, Ger.*
⊗ Dithranol (p.1595·2); urea (p.1620·2).
Psoriasis.

Psoraffect *Verisfield, Gr.*
Calcipotriol (p.1591·3).
Psoriasis.

Psoraks *Kurtsan, Turk.*
Dithranol (p.1595·2); salicylic acid (p.1612·2).
Psoriasis.

Psoralon MT *Hermal, Ger.*
Dithranol (p.1595·2); salicylic acid (p.1612·2).
Psoriasis.

Psor-a-set *Hogil, USA.*
Salicylic acid (p.1612·2).

Psor-Asist
Note.This name is used for preparations of different composition.
Sunspot, Austral.
Cream: Sulfur (p.1614·1); salicylic acid (p.1612·2); coal tar (p.1616·2).
Psoriasis.

Sunspot, Austral.
Lotion: ⊗ Sulfur (p.1614·1); salicylic acid (p.1612·2); aloe vera (p.1588·2); urea (p.1620·2).
Psoriasis of the scalp.

Psorasolv *Potter's, UK.*
Starch (p.1968·1); sublimed sulfur (p.1614·1); zinc oxide (p.1621·2); pokeroot (p.2370·1); clivers (p.2284·3).
Psoriasis.

Psorcon *Dermik, USA.*
⊗ Diflorasone diacetate (p.1529·1).
Skin disorders.

Psorcutan *Schering, Austria; Schering, Cz.†; Intendis, Ger.; Intendis, Ital.; Schering, Turk.*
Calcipotriol (p.1591·3).
Psoriasis.

Psorcutan Beta *Schering, Austria; Intendis, Ger.*
⊗ Calcipotriol (p.1591·3); betamethasone dipropionate (p.1518·3).
Psoriasis.

Psorex *GSK, Braz.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Psoriacalm *Phytobiolab, Fr.*
Marine phospholipids (p.1362·2).
Ichthyosis; psoriasis.

Psoriacen *Sanitas, Port.†.*
Calaguala.
Dermatitis; psoriasis.

Psoriasdin *Isdin, Spain.*
Coal tar (p.1616·2).
Keratinisation disorders; psoriasis.

Psoriasis-Bad *Balneopharm, Ger.†.*
Fumaric acid (p.1597·3); disodium fumarate (p.1597·3).
Bath additive; psoriasis.

Psoriasis-Salbe S *Balneopharm, Ger.†.*
Fumaric acid (p.1597·3); allantoin (p.1588·1); methyl salicylate (p.85·3); salicylic acid (p.1612·2).
Psoriasis.

Psoriasis-Solution *Balneopharm, Ger.†.*
Sodium fumarate (p.1597·3).
Psoriasis.

Psoriasis-Sulfur L12 *Homeocan, Canad.†.*
Homoeopathic preparation.

Psoriasis-Tabletten *Balneopharm, Ger.†.*
Sodium fumarate (p.1597·3).
Psoriasis.

Psoriatec *Sirius, USA.*
Dithranol (p.1595·2).
Formerly known as Micanol.
Psoriasis.

Psoriaten *DHU, Rus.*
Homoeopathic preparation.

Psoricreme *Schering-Plough, Neth.*
Dithranol (p.1595·2).
Psoriasis.

Psoriderm
Note.This name is used for preparations of different composition.
Erlimpex, Indon.
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Dermal Laboratories, Irl.; Dermal Laboratories, UK.
Coal tar (p.1616·2).
Psoriasis.

Mipharm, Ital.
Dithranol (p.1595·2).
Psoriasis.

Psorigel *Galderma, Austral.†; Galderma, Chile†; Galderma, NZ†; Healthpoint, USA†.*
Coal tar (p.1616·2).
Eczema; psoriasis.

Psorigerb N *Cesra, Ger.†.*
⊗ Salicylic acid (p.1612·2); coal tar (p.1616·2); urea (p.1620·2).
Eczema; psoriasis.

Psorimed *Wolff, Denm.; Wolff, Ger.; Leo (Λεω), Gr.†; Leo, Irl.†; Wolff, Neth.; Wolff, Port.*
Salicylic acid (p.1612·2).
Scalp psoriasis.

Psorin
Note.This name is used for preparations of different composition.
Kinder, Braz.
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

LPC, UK.
Ointment: Dithranol (p.1595·2); salicylic acid (p.1612·2); coal tar (p.1616·2).
Psoriasis.

LPC, UK.
Scalp gel: Dithranol (p.1595·2); salicylic acid (p.1612·2); methyl salicylate (p.85·3).
Psoriasis.

Psorinase *IDI, Ital.†.*
⊗ Salicylic acid (p.1612·2); tretinoin (p.1618·1); betamethasone valero-acetate (p.1519·1).
Psoriasis.

Psorinol *Ipca, India.*
Dithranol (p.1595·2).
Psoriasis.

Psorisan *RiC, Pol.*
Coal tar (p.1616·2); salicylic acid (p.1612·2); zinc oxide (p.1621·2).
Skin disorders.

Psoristick *Schering-Plough, Neth.*
Dithranol (p.1595·2).
Psoriasis.

Psovate *Kurtsan, Turk.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Psycholanz *Ipca, India.*
Olanzapine (p.1012·1).
Bipolar disorder; schizophrenia.

Psychoneuroticum (Rowo-578) *Pharmakon, Ger.*
Homoeopathic preparation.

Psychopax *Sigmapharm, Austria; Sigmapharm, Switz.*
Diazepam (p.986·3).
Anxiety disorders; epilepsy; febrile convulsions; premedication; skeletal muscle spasm; sleep disorders.

Psychotonin *Madaus, Austria; Steigerwald, Ger.*
St John's wort (p.422·3).
Anxiety; depression.

Psychotonin Forte *Steigerwald, Cz.†.*
St John's wort (p.422·3).
Anxiety; depression; sleep disorders.

Psychotonin M *Steigerwald, Ger.†.*
St John's wort (p.422·3).
Anxiety; depression.

Psychotonin-sed *Steigerwald, Ger.*
St John's wort (p.422·3); valerian (p.2410·1).
Anxiety; depression; sleep disorders.

Psychotonisol *Phytofarm Kleka, Pol.*
St John's wort (p.422·3); melissa (p.2339·3); passion flower (p.2363·2).
Nervous disorders.

Psycoton *Benedetti, Ital.*
Piracetam (p.368·2).
Mental function impairment.

Psyllogel *Nathura, Ital.*
Psyllium (p.1737·1).
Dietary fibre supplement.

Psyllogel Fermenti *Nathura, Ital.*
Psyllium (p.1737·1); lactic-acid-producing organisms (p.2372·3).
Dietary fibre supplement.

Psynor *Swiss Pharma, Philipp.*
Chlorpromazine hydrochloride (p.969·2).
Anxiety; intractable hiccup; nausea and vomiting; porphyria; psychoses; tetanus.

Psyquil
Sanofi Synthelabo, Austria.
Triflupromazine hydrochloride (p.1035·1).
Agitation; nausea and vomiting; neuroleptanalgesia; schizophrenia; sedative.

Sanofi Synthelabo, Ger.†.
Triflupromazine (p.1035·1) or triflupromazine hydrochloride (p.1035·1).
Agitation; nausea and vomiting; neuroleptanalgesia; premedication.

Psyrazine *Condrugs, Thai.*
Trifluoperazine (p.1034·3).
Anxiety; nausea and vomiting; psychoses.

PSY-stabil *Pekana, Ger.†.*
Homoeopathic preparation.

Psytixol *Pacific, NZ†.*
Flupentixol decanoate (p.997·1).
Schizophrenia.

PTA *Neuropharma, Arg.*
Alprazolam (p.960·1).
Anxiety; depression.

P-Tanna *Prasco, USA.*
Phenylephrine tannate (p.1568·3); mepyramine tannate (p.585·2).
Upper respiratory-tract disorders.

PTE *American Pharmaceutical, USA.*
A range of trace element preparations (p.1922·1).
Parenteral nutrition.

Pterin *Korea United, Philipp.*
Methotrexate (p.745·2).
Malignant neoplasms; psoriasis; rheumatoid arthritis.

P-Tex *Poly, USA.*
Brompheniramine tannate (p.569·3).
Hypersensitivity reactions.

Ptinolin *Help, Gr.*
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

P-Trovite *Rotexmedica, Malaysia.*
Ampoule 1, thiamine hydrochloride; pyridoxine hydrochloride; riboflavin; ampoule 2, sodium pantothenate; glucose; nicotinamide; ascorbic acid (p.1922·1).
Vitamin deficiency.

Pubergen *Uni-Sankyo, India.*
⊗ Chorionic gonadotrophin (p.2085·1).
Cryptorchidism; delayed puberty; hypogonadotrophic hypogonadism; male and female infertility; oligospermia; pituitary dwarfism; recurrent miscarriage.

Pubex *Tafarm, Gr.*
Phenothrin (p.2048·3).
Pediculosis.

Pudan-Lebertran-Zinksalbe *Bano, Austria.*
Zinc oxide (p.1621·2); peru balsam (p.2365·3); cod-liver oil (p.1935·2).
Burns; decubitus ulcer; nappy rash; wounds.

Puder Plynny
Note. This name is used for preparations of different composition.
Aflofarm, Pol.
Benzocaine (p.1854·1); menthol (p.2340·1); zinc oxide (p.1621·2).
Skin irritation.

Farmina, Pol.
Menthol (p.2340·1); zinc oxide (p.1621·2).
Skin irritation.

Puder Plynny Wysuszajacy *Hasco-Lek, Pol.*
Menthol (p.2340·1); zinc oxide (p.1621·2).
Pruritus.

Puder Plynny z Anestezyna *Hasco-Lek, Pol.*
Benzocaine (p.1854·1); menthol (p.2340·1); zinc oxide (p.1621·2).
Pruritus.

Pudroderm *Pampa, Pol.*
Benzocaine (p.1854·1); menthol (p.2340·1); zinc oxide (p.1621·2).
Skin irritation.

Pudrospan *Gemi, Pol.*
Benzocaine (p.1854·1); menthol (p.2340·1); zinc oxide (p.1621·2).
Pruritus.

Puernol *Formenti, Ital.†.*
Paracetamol (p.108·1).
Fever; pain.

Puiritol *HPP, Hong Kong.*
Ofloxacin (p.310·2).
Bacterial infections.

Pulairmax *Ivax, Denm.*
⊗ Budesonide (p.1520·1).
Asthma.

Pulbil *Fujisawa, Ger.†.*
Sodium cromoglicate (p.1136·3).
Asthma.

Pulbronc *Pharmabiotics, Chile.*
⊗ Clobutinol hydrochloride (p.1554·1); orciprenaline sulfate (p.1129·1); ammonium chloride (p.1551·3).
Coughs.

Pulbronc Simple *Pediapharm, Chile.*
Clobutinol hydrochloride (p.1554·1).
Coughs.

Pulcet *Nobel, Turk.*
Pantoprazole (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Pulibex *Medinova (Μεντινοβα), Gr.*
Aciclovir (p.862·3).
Labial and genital herpes simplex infections.

Pulin *YSP, Malaysia; Yung Shin, Singapore.*
Metoclopramide hydrochloride (p.1747·3).
Adjunct in radiography of the gastrointestinal tract; nausea and vomiting.

Pulkrin *Kinder, Braz.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Pulmagol *Pasteur, Chile.*
⊗ Codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2); sodium benzoate (p.1630·2); drosera (p.2297·3); lobelia (p.2157·2).
Respiratory-tract disorders.

Pulmarin *NCSN, Ital.*
Sulfogaiacol (p.1573·2); cineole (p.2282·3); pine oil (p.2368·2); menthol (p.2340·1).
Catarrh.

Pulmax *Ivax, Cz.; Ivax, Hung.; Teva, Port.*
⊗ Budesonide (p.1520·1).
Asthma; obstructive airways disease.

Pulmaxan *AstraZeneca, Ital.*
⊗ Budesonide (p.1520·1).
Asthma.

Pulmeno *Novartis, Spain.*
Theophylline (p.1140·1).
Heart failure; obstructive airways disease; paroxysmal dyspnoea.

Pulmex
Note. This name is used for preparations of different composition.
Novartis Consumer, Austria; Novartis, Chile†; Novartis Consumer, Cz.†; Novartis Consumer, Rus.
Eucalyptus oil (p.2301·2); rosemary oil (p.2381·3); camphor (p.2273·2); peru balsam (p.2365·3).
Coughs; respiratory-tract congestion; respiratory-tract disorders; respiratory-tract inflammation.

Novartis Consumer, Belg.
Benzyl benzoate (p.2036·1); benzyl cinnamate (p.2264·2); camphor (p.2273·2); rosemary oil (p.2381·3); cineole (p.2282·3); vanillin (p.2410·3).
Formerly contained benzyl benzoate, benzyl cinnamate, peru balsam, camphor, rosemary oil, and eucalyptus oil.
Upper respiratory-tract disorders.

Novartis Consumer, Israel.
Peru balsam (p.2365·3); camphor (p.2273·2).
Bronchitis; catarrh; cold symptoms; coughs.

Novartis Consumer, Switz.
Bath additive: Thyme oil (p.2401·2); pine needle oil (p.2368·2); eucalyptus oil (p.2301·2); rosemary oil (p.2381·3); lavender oil (p.2331·2); niaouli oil (p.2351·3).
Cold symptoms; coughs.

Novartis Consumer, Switz.
Capsules for inhalation; ointment: Peru balsam (p.2365·3); camphor (p.2273·2); eucalyptus oil (p.2301·2); rosemary oil (p.2381·3).
Cold symptoms; coughs.

Pulmex Baby
Note. This name is used for preparations of different composition.
Novartis Consumer, Belg.
Benzyl benzoate (p.2036·1); benzyl cinnamate (p.2264·2); rosemary oil (p.2381·3); cineole (p.2282·3); vanilline (p.2410·3).
Formerly contained benzyl benzoate, benzyl cinnamate, peru balsam, rosemary oil, and eucalyptus oil.
Upper respiratory-tract disorders.

Novartis Consumer, Cz.†; Novartis Consumer, Pol.; Novartis Consumer, Rus.; Novartis Consumer, Switz.
Rosemary oil (p.2381·3); eucalyptus oil (p.2301·2); peru balsam (p.2365·3).
Cold symptoms; coughs; respiratory-tract congestion.

Pulmiben *Italfarmaco, Port.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Pulmicort *AstraZeneca, Austral.; AstraZeneca, Austria; AstraZeneca, Belg.; AstraZeneca, Braz.; AstraZeneca, Canad.; AstraZeneca, Chile; AstraZeneca, Cz.; AstraZeneca, Fin.; AstraZeneca, Fr.; AstraZeneca, Ger.; Stern, Ger.; AstraZeneca, Gr.; AstraZeneca, Hong Kong; AstraZeneca, Hung.; AstraZeneca, India; AstraZeneca, Indon.; AstraZeneca, Irl.; AstraZeneca, Malaysia; AstraZeneca, Mex.; AstraZeneca, NZ; AstraZeneca, Neth.; AstraZeneca, Norw.; AstraZeneca, Pol.; AstraZeneca, Port.; Stuart, Port.; AstraZeneca, Rus.; AstraZeneca, S.Afr.; AstraZeneca, Singapore; AstraZeneca, Spain; AstraZeneca, Swed.; AstraZeneca, Switz.; AstraZeneca, Thai.; AstraZeneca, Turk.; AstraZeneca, UK; AstraZeneca, USA; AstraZeneca, Venez.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis; asthma; bronchitis; croup; nasal polyps; obstructive airways disease.

Pulmicret *AstraZeneca, Ger.†; Stern, Ger.†.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Pulmictan *Reig Jofre, Spain.*
⊗ Budesonide (p.1520·1).
Asthma.

Pulmidur *AstraZeneca, Ger.†; Stern, Ger.†.*
Theophylline (p.1140·1).
Obstructive airways disease.

Pulmilide *Boehringer Ingelheim, Austria.*
⊗ Flunisolide (p.1531·1).
Asthma.

Pulminflamatoria *Ern, Spain†.*
Ampicillin sodium (p.204·1); ampicillin benzathine (p.205·1); bromhexine hydrochloride (p.1552·2).
Respiratory-tract infections.

Pulmison *Boehringer Ingelheim, S.Afr.*
⊗ Prednisone (p.1542·3).
Obstructive airways disease.

Pulmist *Madaus, Ital.*
⊗ Flunisolide (p.1531·1).
Asthma; bronchitis; rhinitis.

Pulmiver *Iapharm, Gr.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis; allergic skin disorders.

Pulmo Bailly *Bailly, Fr.; DDD, UK.*
Codeine (p.37·2); guaiacol (p.1561·2).
Coughs.

Pulmo Borbalan *Spyfarma, Spain.*
Amoxicillin trihydrate (p.202·2); bromhexine hydrochloride (p.1552·2).
Respiratory-tract infections.

Pulmo Bronchialcomplex *Hevert, Ger.*
Homoeopathic preparation.

Pulmo Diet *Support, Braz.†.*
Preparation for enteral nutrition (p.1922·1).

Pulmo Lisoflam *Pfizer, Arg.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis; asthma; nasal polyps.

Pulmo Menal *Alacan, Spain†.*
Bromhexine hydrochloride (p.1552·2); guaifenesin (p.1561·3); sodium benzoate (p.1630·2); co-trimoxazole (p.258·1).
Respiratory-tract infections.

Pulmo-Bosan *Bock, Ger.†.*
Homoeopathic preparation.

Pulmobrol *Transfarma, Philipp.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Pulmobron *Mugi, Indon.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Pulmocare *Abbott, Arg.; Abbott, Austral.; Abbott, Braz.; Abbott, Canad.; Abbott, Chile; Abbott, Cz.†; Abbott, Hong Kong; Abbott, Irl.; Abbott, Israel; Ross, Israel; Abbott, Ital.; Abbott, Malaysia; Abbott, Mex.; Abbott, NZ; Abbott, Philipp.; Abbott, Singapore; Abbott, Thai.†; Abbott, Turk.; Abbott Nutrition, UK; Abbott Nutrition, USA; Abbott, Venez.*
Preparation for enteral nutrition (p.1922·1).
Respiratory system disorders.

Pulmocis *CIS, Cz.; CIS, Neth.; Schering, UK.*
⊗ Technetium-99m (p.2055·3) labelled human albumin macroaggregates.
Lung perfusion scintigraphy; venoscintigraphy.

Pulmoclase *Olvos, Gr.; UCB, Irl.; UCB, Port.†.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders with excessive or viscous mucus.

Pulmocler *Monserrat, Arg.*
Bromhexine hydrochloride (p.1552·2); butetamate citrate (p.1553·1).
Respiratory-tract disorders.

Pulmo-Cod *Stadmed, India.*
Multivitamin and calcium preparation (p.1922·1).

Pulmo-Cod (C & G) *Stadmed, India.*
Vitamins and calcium (p.1922·1); creosote (p.1555·1); sulfogaiacol (p.1573·2).
Bronchitis.

Pulmocordio mite SL *Hevert, Ger.†.*
Anise oil (p.2258·2); fennel oil (p.2303·1); liquorice (p.1740·3); thyme (p.2401·1).
Respiratory-tract disorders.

Pulmo-cyl Ho-Len-Complex *Liebermann, Ger.*
Homoeopathic preparation.

Pulmodex *Multicare, Philipp.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Pulmodexane *Bailly, Fr.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Pulmofasa *Generfarma, Spain.*
Ammonium camphocarbonate diaminopyridine carboxylate (p.2150·3); calcium pantothenate (p.1959·3); cineole (p.2282·3); senega (p.1572·3); sodium benzoate (p.1630·2); sulfogaiacol (p.1573·2); tolu balsam (p.1574·2); pine silvestris oil (p.2368·2); anethole (p.2258·1).
Respiratory-tract disorders.

Pulmofluide Simple *AIM, Fr.*
Terpin (p.1573·3); cineole (p.2282·3); sodium benzoate (p.1630·2); guaifenesin (p.1561·3).
Respiratory-tract congestion.

Pulmoflux *Neo Quimica, Braz.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Pulmofor *Vifor, Switz.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Pulmoforte *Osorio de Moraes, Braz.†.*
⊗ Sodium benzoate (p.1630·2); guaifenesin (p.1561·3); lobelia (p.2157·2); potassium iodide (p.2169·2).
Coughs.

Pulmolet *Leti, Venez.*
⊗ Budesonide (p.1520·1).
Asthma.

Pulmolin *Pharos, Indon.*
Isoniazid (p.288·1).
Vitamin B (p.1979·1) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Pulmoll *GSK Sante, Fr.*
Terpin (p.1573·3); menthol (p.2340·1); amylocaine hydrochloride (p.1853·3).
Throat disorders.

Pulmoll au menthol et a l'eucalyptus *GSK Sante, Fr.*
Menthol (p.2340·1); peppermint oil (p.1761·2); eucalyptus oil (p.2301·2).
Respiratory-tract disorders.

Pulmomix Forte *Messer Griesheim, Cz.†.*
Nitrous oxide (p.1789·3).
Pulmonary disorders.

Pulmonar *OM, Port.*
Lysates of *Haemophilus influenzae*; *Streptococcus pneumoniae*; *Klebsiella pneumoniae*; *Staphylococcus aureus*; *Streptococcus pyogenes*; *Moraxella catarrhalis.*
Respiratory-tract infections.

Pulmonarom *Rudefsa, Mex.*
Lysate of *Streptococcus pneumoniae*; *Klebsiella pneumoniae*; *Streptococcus haemolyticus*; *Staphylococcus aureus*; *Moraxella catarrhalis*; *Haemophilus influenzae.*
Respiratory-tract infections.

Pulmo-Neural Serocytol *Serolab, Switz.*
An immunoglobulin (equine).
Cold and influenza symptoms.

Pulmonil *Pampa, Pol.*
Camphor (p.2273·2); eucalyptus oil (p.2301·2); juniper oil (p.2328·3); menthol (p.2340·1); pine oil (p.2368·2); thymol (p.1664·3); turpentine oil (p.2406·3).
Cold symptoms.

Pulmonix
Note. This name is used for preparations of different composition.
Biotenk, Arg.
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders.

Luper, Braz.†.
Potassium iodide (p.2169·2); sulfogaiacol (p.1573·2); tolu balsam (p.1574·2).
Respiratory-tract congestion.

Pulmonix Grip *Biotenk, Arg.*
Bromhexine hydrochloride (p.1552·2); paracetamol (p.108·1); pseudoephedrine sulfate (p.1571·2); loratadine (p.583·3).
Influenza symptoms.

Pulmonix Plus *Biotenk, Arg.*
Ambroxol hydrochloride (p.1550·3); loratadine (p.583·3).
Respiratory-tract disorders.

Pulmonyl *Euro-Med, Philipp.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Pulmophyllin *Adcock Ingram, S.Afr.*
Theophylline (p.1140·1).
Obstructive airways disease.

Pulmoquin *Labomed, Chile†.*
Codeine phosphate (p.37·2); ammonium chloride (p.1551·3).
Coughs.

Pulmor *Drogsan, Turk.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Pulmoran *Leros, Cz.*
Sage (p.2382·3); althaea (p.2253·3); knotgrass (p.2329·2); thyme (p.2401·1) urtica (p.2409·3); sambucus (p.2383·1); plantain (p.2379·1); liquorice (p.1740·3); fennel (p.2302·3).
Upper respiratory-tract disorders.

Pulmorell *Sanorell, Ger.*
Homoeopathic preparation.

Pulmo-Rest *Stadmed, India.*
⊗ Bromhexine hydrochloride (p.1552·2); salbutamol (p.1131·2); guaifenesin (p.1561·3).
Coughs associated with obstructive airways disease.

Pulmo-Rest Expectorant *Stadmed, India.*
⊗ Bromhexine hydrochloride (p.1552·2); salbutamol (p.1131·2); guaifenesin (p.1561·3); menthol (p.2340·1).
Coughs associated with obstructive airways disease.

Pulmorex DM *Prodemdis, Canad.*
Diphenhydramine hydrochloride (p.577·2); dextromethorphan hydrobromide (p.1555·2); ammonium chloride (p.1551·3).

Pulmorien *Sinterapico, Braz.†.*
Sodium camsilate (p.2388·3); dipyrone (p.49·2); ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Pulmorphan *Riva, Canad.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); pheniramine maleate (p.587·3); phenylephrine hydrochloride (p.1568·1).
Coughs.

Pulmorphan Pediatrique *Riva, Canad.*
Dextromethorphan hydrobromide (p.1555·2); pheniramine maleate (p.587·3); phenylephrine hydrochloride (p.1568·1).
Coughs.

Pulmosal *Azevedos, Port.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders with excessive mucus.

Pulmosan
Note. A similar name is used for preparations of different composition (see below).
Gezzi, Arg.
Bromhexine hydrochloride (p.1552·2).
Coughs.

Pulmo-San
Note. A similar name is used for preparations of different composition

(see above).
Zimaia, Port.†.
Brovanexine hydrochloride (p.1553·1).
Coughs.

Pulmosan Aller *Gezzi, Arg.*
Loratadine (p.583·3).
Hypersensitivity reactions.

Pulmosan Caramelos *Gezzi, Arg.*
Tyrothricin (p.358·2); benzocaine (p.1854·1).
Mouth and throat disorders.

Pulmoserum *Bailly, Fr.*
Codeine (p.37·2); guaiacol (p.1561·2).
Coughs.

Pulmosina *Labomed, Chile.*
Eucalyptus (p.2301·2); avocado (p.2262·2); pectoral flowers; tolu balsam (p.1574·2); honey (p.1948·2).
Coughs.

Pulmosolvan *Jasper, Braz.†.*
Ambroxol (p.1550·3).
Respiratory-tract congestion.

Pulmosterin Duo *Normon, Spain.*
Bromhexine (p.1552·2); guaifenesin (p.1561·3); co-trimoxazole (p.258·1).
Respiratory-tract infections.

Pulmosterin Retard *Normon, Spain.*
Ampicillin sodium (p.204·1); ampicillin benzathine (p.205·1); guaifenesin (p.1561·3).
Respiratory-tract infections.

Pulmotabs *Rudefsa, Mex.*
Lysates of *Streptococcus pneumoniae*; *Klebsiella pneumoniae*; *Streptococcus haemolyticus*; *Staphylococcus aureus*; *Moraxella catarrhalis*; *Haemophilus influenzae*.
Respiratory-tract infections.

Pulmotec *Vitamedica, Neth.; Cyclomedica, Port.*
Technetium-99m (p.2055·3) graphites.
Diagnosis of pulmonary embolism.

Pulmotide *Taro, Israel†.*
⊗ Budesonide (p.1520·1).
Asthma.

Pulmo-Timelets *Temmler, Denm.; Temmler, Ger.*
Theophylline (p.1140·1).
Obstructive airways disease.

Pulmotin
Note. This name is used for preparations of different composition.
Serum-Werk Bernburg, Ger.
Ointment: Anise oil (p.2258·2); camphor (p.2273·2); eucalyptus oil (p.2301·2); thyme oil (p.2401·2); conifer oil; thymol (p.1664·3).
Respiratory-tract disorders.

Serum-Werk Bernburg, Ger.†.
Oral liquid: Thyme (p.2401·1); guaifenesin (p.1561·3).
Bronchitis; catarrh; coughs.

Pulmotin Hustenloser *Serum-Werk Bernburg, Ger.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Pulmotin Inhalat *Serum-Werk Bernburg, Ger.*
Eucalyptus oil (p.2301·2).
Cold symptoms.

Pulmotosse *Delta, Braz.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3).
Coughs.

Pulmotropic *Robert, Spain.*
Doxycycline guaiacolsulfonate (p.267·3); muramidase hydrochloride (p.2348·1).
Respiratory-tract infections.

Pulmovance *Meditrina, Gr.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis.

Pulmovax *MSD, Mex.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Pulmovent
Note. This name is used for preparations of different composition.
Boehringer Ingelheim, Austria†.
Acetylcysteine (p.1548·2).
Respiratory-tract disorders.

Prohealth, Philipp.
⊗ Guaifenesin (p.1561·3); salbutamol sulfate (p.1131·3).
Respiratory-tract disorders associated with bronchospasm and excess mucus.

Pulmoverina *Prima, Braz.†.*
Sodium dibunate (p.1573·1); sulfogaiacol (p.1573·2); sodium benzoate (p.1630·2).
Coughs.

Pulmovital *Ifusa, Mex.*
Sulfogaiacol (p.1573·2); sodium benzoate (p.1630·2).
Coughs.

Pulmoxcel *GX, Philipp.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Pulmoxyl *Micro, Thai.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Pulmozyme *Roche, Arg.; Roche, Austral.; Roche, Austria; Roche, Belg.; Roche, Braz.; Roche, Canad.; Roche, Cz.; Roche, Denm.; Roche, Fin.; Roche, Fr.; Roche, Ger.; Roche, Gr.; Roche, Hung.; Roche, Irl.; Roche, Israel; Roche, Ital.; Roche, Mex.; Roche, NZ; Roche, Neth.; Roche, Norw.; Roche, Pol.; Roche, Port.; Genentech, Rus.; Roche, S.Afr.; Roche, Spain; Roche, Swed.; Roche, Switz.; Roche, Turk.; Roche, UK; Genentech, USA.*
Dornase alfa (p.1557·1).
Cystic fibrosis; respiratory-tract congestion.

Pulmus *Merck, Port.*
Sobrerol (p.1572·3).
Respiratory-tract disorders with excessive mucus.

Pulna *Landson, Indon.*
Ethambutol hydrochloride (p.274·1); isoniazid (p.288·1).
Vitamin B (p.1979·1) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Pulpomixine *Septodont, Cz.*
⊗ Dexamethasone acetate (p.1526·1); framycetin sulfate (p.279·1); polymyxin B sulfate (p.317·3).
Dental disorders.

Pulsalux *Novartis, Ital.*
Soya oil (p.1965·3); ginkgo biloba (p.2311·1); melilot (p.2339·2); rutoside (p.2305·1).
Circulatory disorders.

Pulsar
Note. This name is used for preparations of different composition.
Phoenix, Arg.
Cisapride (p.1720·3).
Gastro-oesophageal reflux.

Medosan, Ital.
Colextran hydrochloride (p.1254·1).
Glucose metabolic disorders; hyperlipidaemia; obesity.

Pulsar Enzimatico *Phoenix, Arg.†.*
Cisapride (p.1720·3); pancreatin (p.2360·1); simeticone (p.1770·2).
Digestive disorders; gastro-oesophageal reflux; meteorism.

Pulsar Plus *Phoenix, Arg.†.*
Cisapride (p.1720·3); simeticone (p.1770·2).
Gastro-oesophageal reflux; meteorism.

Pulsar-AT Dual *Liomont, Mex.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Pulsatilla Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Pulsit *Precimex, Mex.*
Haloperidol (p.1000·2).
Behaviour disorders in children; psychoses.

Pulsol *Probiomed, Mex.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Pulsor *Tecnimede, Port.*
Calcium pangamate (p.2362·1).

Pulvhydrops Mono *Lomapharm, Ger.†.*
Equisetum (p.2299·3).
Oedema; urinary-tract disorders.

Pulvicin *Biolab, Thai.†.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Pulvinal Beclometasone Dipropionate *Trinity, UK.*
⊗ Beclometasone dipropionate (p.1516·2).
Asthma.

Pulvinal Salbutamol *Trinity, UK.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Pulvo *Urgo, Ger.*
Catalase (p.2278·2); hexamidine isetionate (p.1646·3).
Ulcers; wounds.

Pulvo 47
Note. This name is used for preparations of different composition.
Urgo, Fr.†; Fournier, Thai.; Genesis, Turk.
Catalase (p.2278·2); hexamidine isetionate (p.1646·3).
Burns; skin irritation; ulcers; wounds.

Solvay, Gr.
Catalase (p.2278·2); neomycin (p.305·1).
Wound healing.

Pulvo Neomycin *Urgo, Ger.*
Catalase (p.2278·2); neomycin sulfate (p.305·1).
Burns; infected skin disorders; ulcers; wounds.

Pulvo 47 Neomycine *Fournier, Fr.†.*
Catalase (p.2278·2); neomycin sulfate (p.305·1).
Ulcers; wounds.

Puma Balm *SA Druggists Self Med, S.Afr.*
Clove oil (p.2285·1); eucalyptus oil (p.2301·2); methyl salicylate (p.85·3); amber oil; turpentine oil (p.2406·3); camphor (p.2273·2); menthol (p.2340·1).
Cold symptoms; musculoskeletal and joint pain; nasal congestion.

Puma Cough Balsam *SA Druggists Self Med, S.Afr.*
Camphor (p.2273·2); anise oil (p.2258·2); menthol (p.2340·1); ammonium chloride (p.1551·3); liquorice (p.1740·3); tolu balsam (p.1574·2).
Coughs; respiratory-tract congestion.

Pumilene Vapo *Montefarmaco, Ital.*
Pumilio pine oil (p.2376·3); cineole (p.2282·3); peppermint oil (p.1761·2).

Pumilsan *Montefarmaco, Ital.*
Dequalinium chloride (p.1641·3).
Mouth and throat disinfection.

Pumonal eco natura *Ecosol, Switz.*
Ivy (p.2328·1).
Coughs.

Pumpan *Bittner, Austria; Bittner, Rus.*
Homoeopathic preparation.

Pump-Hep *IFET (ΙΦΕΤ), Gr.†.*
Heparin sodium (p.1301·2).
Thromboembolic disorders.

Pumpitor *Sanbe, Indon.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Puncto E *Grunwalder, Ger.*
d-Alpha tocopherol (p.1992·2).
Vitamin E deficiency.

Punol *Biolab, Thai.*
⊗ Fenoterol hydrobromide (p.1121·1); ipratropium bromide (p.1124·1).
Obstructive airways disease.

Puntol *Velka, Gr.*
Ambroxol hydrochloride (p.1550·3).
Respiratory disorders associated with viscous mucus.

Puntual *Lainco, Spain.*
Calcium sennoside A (p.1770·1); calcium sennoside B (p.1770·1).
Constipation.

Puntualax *Pharbenia, Ital.†.*
Aloes (p.1705·2); rhubarb (p.1768·3).
Constipation.

Puntualex *Lainco, Spain.*
Calcium sennoside A (p.1770·1); calcium sennoside B (p.1770·1).
Bowel evacuation.

Pupilek *Gemi, Pol.*
Allantoin (p.1588·1); zinc oxide (p.1621·2).
Skin irritation.

Pupiletto *Bell, India†.*
Phenylephrine hydrochloride (p.1568·1).
Glaucoma; production of mydriasis.

Pupilla *Wassermann, Ital.*
⊗ Naphazoline nitrate (p.1565·2).
Inflammatory and allergic eye disorders.

Pupilla Antistaminico *Wassermann, Ital.*
⊗ Naphazoline nitrate (p.1565·2); thonzylamine hydrochloride (p.592·1).
Inflammatory and allergic eye disorders.

Pupilla Light *Wassermann, Ital.*
Benzalkonium chloride (p.1629·1); hypromellose; chamomile water; hyssop water; rose water; plantaginis water; mallow water; myrtillus water.
Eye disinfection; eye irritation.

Puraloe *Neo Dermos, Arg.*
Aloe vera (p.1588·2); tretinoin (p.1618·1).
Keratinisation disorders.

Puraloe Nutritivo *Eurolab, Arg.*
Aloe vera (p.1588·2); vitamin A (p.1971·2); collagen (p.2286·1); elastin (p.2286·1).
Skin disorders.

Puraloe Post Solar *Eurolab, Arg.*
Aloe vera (p.1588·2).
Moisturiser.

Puralube
Note. This name is used for preparations of different composition.
Metapharma, Canad.†.
Liquid paraffin (p.2030·3); soft paraffin (p.2031·2).

Fougera, USA.
Eye drops: Polyvinyl alcohol (p.2145·3).

Fougera, USA.
Eye ointment: White soft paraffin (p.2031·2); light liquid paraffin (p.2031·1).
Dry eyes.

Puran T4 *Sanofi-Aventis, Braz.*
Levothyroxine sodium (p.2171·2).
Hypothyroidism.

Purasoft *Neo Dermos, Arg.*
Glycolic acid (p.1598·1); avena (p.2262·1).
Skin disorders.

Purasol *APT, Hong Kong.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders.

Purata *Pharmacare, S.Afr.*
Oxazepam (p.1014·2).
Alcohol withdrawal syndrome; anxiety.

Purazine *Pharmacare, S.Afr.*
Cinnarizine (p.573·1).
Nausea; vertigo; vomiting.

Purbac *Pharmacare, S.Afr.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Pur-Bloka *Pharmacare, S.Afr.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; migraine; phaeochromocytoma.

Purcelina *Aulo Gelio, Arg.*
Range of moisturisers and emollients.

Purderal *Pharmacare, S.Afr.*
Ethambutol hydrochloride (p.274·1).
Tuberculosis.

Pure Gardens *Awareness, Canad.*
Apple oil; vitamin C; vitamin E; aloe vera; almond oil; olive oil; sesame oil; chamomile; calendula; beeswax; jojoba oil; linseed oil.
Skin disorders.

Pure Health *Lexon, UK.*
Aspirin (p.20·3).
Thrombosis prophylaxis.

Pure Omega *BritHealth, UK.*
Fish oil concentrate (p.1362·1).

Pure Plan *Cedar Health, UK.*
Birch; meadowsweet; cynara; taraxacum; lappa; wild pansy; fennel; bladderwrack; tamarind; prune; green tea (p.1922·1).

Pureduct *Rosen, Ger.†.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; renal calculi.

Puregon *Organon, Arg.; Organon, Austral.; Organon, Austria; Organon, Belg.; Organon, Braz.; Organon, Canad.; Organon, Chile; Organon, Cz.; Organon, Denm.; Organon, Fin.; Organon, Fr.; Organon, Ger.; Organon (Οργανον), Gr.; Organon, Hong Kong; Organon, Hung.; Organon, Indon.; Organon, Irl.; Organon, Israel; Organon, Ital.; Organon, Malaysia; Organon, Mex.; Pharmaco, NZ; Organon, Neth.; Organon, Norw.; Organon, Philipp.; Organon, Pol.; Organon, Port.; Organon, Rus.; Donmed, S.Afr.†; Organon, Singapore; Organon, Spain; Organon, Swed.; Organon, Switz.; Organon, Thai.; Organon, Turk.; Organon, UK; Organon, Venez.*
⊗ Follitropin beta (p.2104·1).
Male and female infertility.

PureLan *Medela, Canad.*
Wool fat (p.2033·2).
Nipple care.

Purell *Gojo, Canad.; Pfizer Consumer, Canad.*
⊗ Alcohol (p.1625·2).
Hand disinfection.

Puresis *Pharmacare, S.Afr.*
⊗ Furosemide (p.1292·1).
Hypertension; oedema.

Puretam *Biotrends, Gr.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Purethal
Hal, Ger.
Modified allergen extracts of grass, tree, cereals, and plant pollen (p.2370·2) and house dust mite (p.2251·1) (p.2250·2).
Allergen immunotherapy.

Hal, Hung.; Haarlems Allergenen, Pol.
Allergen extracts (p.2250·2).
Allergen immunotherapy.

Hal, Neth.
Aluminium hydroxide adsorbed grass or tree pollen (p.2370·2) (p.2250·2).
Allergen immunotherapy.

Purex *Hasco-Lek, Pol.*
Echinacea purpurea (p.2298·1).
Ulcers; wounds.

Purfalox *Kleva, Gr.*
Tolfenamic acid (p.130·1).
Inflammation; musculoskeletal and joint disorders; pain.

Purfilx *Filaxis, Arg.*
Cyproterone acetate (p.2088·2).

Purgazen *Agepha, Austria.*
Bisacodyl (p.1710·1); dimeticone (p.1770·2).
Bowel evacuation; constipation.

Purge *Fleming, USA†.*
Castor oil (p.2278·1).
Constipation.

Purgolac *Pharmanel, Gr.†.*
Lactulose (p.1738·2).
Constipation.

Purgo-Pil *Qualiphar, Belg.*
Bisacodyl (p.1710·1).
Bowel evacuation; constipation.

Purgoxin *Pharmacare, S.Afr.*
Digoxin (p.1259·3).
Cardiac disorders.

Purgyl *Istanbul, Turk.*
Sodium bicarbonate (p.1673·2); tartaric acid (p.2395·2).
Bowel evacuation; constipation.

Puricap *Richmond, Arg.*
⊗ Anastrozole (p.681·2).

Puricemia *Sanbe, Indon.*
Allopurinol (p.552·2).
Gout; hyperuricaemia.

Puricin *Shiwa, Thai.†.*
Allopurinol (p.552·2).
Gout; hyperuricaemia.

Puricos *Pharmacare, S.Afr.*
Allopurinol (p.552·2).
Gout; hyperuricaemia.

Purid *Sanofi-Aventis, Chile.*
Pipemidic acid (p.315·1).
Urinary-tract infections.

Puride *Polipharm, Thai.*
Allopurinol (p.552·2).
Gout; hyperuricaemia.

Purif-Ac Emulsion *Johnson & Johnson Consumer, Fr.*
Salicylic acid (p.1612·2); zinc gluconate (p.1999·2); copper gluconate (p.1935·3); allantoin (p.1588·1).
Acne.

Purif-Ac Gel *Johnson & Johnson Consumer, Fr.*
Hamamelis (p.2318·2); salicylic acid (p.1612·2); zinc gluconate (p.1999·2); copper gluconate (p.1935·3); allantoin (p.1588·1).
Acne.

Purifam *Sunthi Sepuri, Indon.*
Famotidine (p.1730·1).
Endocrine adenoma; peptic ulcer; Zollinger-Ellison syndrome.

Purifol *Metro, Philipp.*
Folic acid (p.1940·1).
Folate deficiency.

Purigel Crisp *Qualiphar, Belg.*
Hamamelis (p.2318·2); benzyl alcohol (p.1631·3); levomenol (p.2333·3); arnica (p.2260·2); menthol (p.2340·1); menthyl acetate.
Soft-tissue injury.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Purigel NF *Qualiphar, Belg.*
Chamomile (p.2279·3); arnica (p.2260·2); dexpanthenol (p.2362·1); menthol (p.2340·1); menthyl lactate; benzyl alcohol (p.1631·3).
Bruising; inflammation; pruritus; skin irritation.

Purigoa *Wyeth Lederle, Austria†.*
Bisacodyl (p.1710·1); docusate sodium (p.1725·1).
Constipation.

Purilon
Coloplast, Arg.; Coloplast, Ger.
Calcium alginate (p.1058·1); carmellose (p.2142·1).
Ulcers; wounds.

Coloplast, Fr.
Carmellose sodium (p.2142·1); calcium alginate (p.1058·1).
Ulcers; wounds.

Purinase *Imperial, Philipp.*
Allopurinol (p.552·2).
Gout; hyperuricaemia.

Puri-Nethol *GSK, Arg.; GSK, Austral.; GSK, Austria; GSK, Belg.; GSK, Braz.; GSK, Chile; GSK, Cz.; GSK, Fr.; GSK, Ger.; IFET (ΙΦΕΤ), Gr.; GSK, Hong Kong; GSK, India; GSK, Irl.; GSK, Israel; GSK, Ital.; GSK, Mex.; GSK, NZ; GSK, Neth.; GSK, Norw.; GSK, Philipp.; GSK, Rus.; GSK, S.Afr.; GSK, Singapore; GSK, Swed.; GSK, Switz.; GSK, Thai.; GSK, Turk.; GSK, UK.*
Mercaptopurine (p.744·1).
Auto-immune disorders; inflammatory bowel disease; leukaemias; non-Hodgkin's lymphoma; psoriatic arthritis.

Purinethol *Novopharm, Canad.; Gate, USA.*
Mercaptopurine (p.744·1).
Leukaemias.

Purinol
Note.This name is used for preparations of different composition.
Ratiopharm, Austria; Ratiopharm, Cz.; Pinewood, Irl.; Merckle, Rus.
Allopurinol (p.552·2).
Gout; hyperuricaemia; prophylaxis of uric acid and calcium oxalate stones.

Yeni, Turk.
Methenamine (p.298·3); methenamine anhydromethylenecitrate (p.299·1).
Urinary-tract infections.

Purisole *Fresenius Kabi, Port.*
⊗ Sorbitol (p.1965·1); mannitol (p.1330·2).
Bladder irrigation.

Purisole SM *Fresenius Kabi, Pol.*
⊗ Sorbitol (p.1965·1); mannitol (p.1330·2).
Bladder irrigation.

Purispec *Pharmaspec, Philipp.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; renal calculi.

Puristen *Dynamic, Philipp.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; renal calculi.

Puritabs *Balmar, NZ.*
Troclosene sodium (p.1665·3).
Water disinfection.

Puritenk *Biotenk, Arg.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; renal calculi.

Purium *Lennon, S.Afr.*
Trimethoprim (p.355·2).
Urinary-tract infections.

Purivist *Allergan, Cz.; Allergan, Fr.*
Epinastine hydrochloride (p.579·3).
Allergic conjunctivitis.

Purmolax *Hua, Thai.†.*
Phenolphthalein (p.1762·1).
Constipation.

Purmycin *Pharmacare, S.Afr.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Purofilina *Rhein, Mex.†.*
Proxyphylline (p.1130·3).

Puromylon *Pharmacare, S.Afr.*
Nalidixic acid (p.303·3).
Gram-negative bacterial urinary-tract infections.

Puroxan *Eurodrug, Thai.*
Doxofylline (p.1120·3).
Obstructive airways disease.

Puroxel *Lloyd, Philipp.*
Omeprazole (p.1753·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Purporent *Rowa, Malaysia†.*
Nicotinaldehyde; cineole (p.2282·3); camphor (p.2273·2); ammonii anisatus; pumilio pine oil (p.2376·3); rosemary oil (p.2381·3); aroma oils.
Respiratory-tract congestion.

Purpose *Johnson & Johnson, USA; Merck, USA.*
A range of emollient, cleansing, and moisturising preparations.

Purpuralin *Alcon, Braz.†; Alcon, Hong Kong†.*
Anthocyanosides; betacarotene (p.1930·3).
Eye disorders; hemeralopia.

Pur-Rutin *Andreabal, Switz.*
Troxerutin (p.2305·1).
Haemorrhoids; venous insufficiency.

Pursana *Zeller, Switz.*
Sorbitol (p.1965·1); fig (p.1731·3).
Constipation.

Pursenid *Novartis Consumer, Spain.*
Calcium sennoside A (p.1770·1); calcium sennoside B (p.1770·1).
Constipation.

Pursennid
Note.This name is used for preparations of different composition.
Novartis Consumer, Austria; Novartis Consumer, Ital.; Novartis, Norw.
Calcium sennoside A (p.1770·1); calcium sennoside B (p.1770·1).
Bowel evacuation; constipation.

Novartis, Denm.
Calcium sennosides (p.1770·1).
Constipation.

Novartis, Fin.; Novartis, Gr.†; Novartis, Swed.; Novartis, Turk.
Senna (p.1769·2).
Bowel evacuation; constipation.

Pursennide *Novartis Sante, Fr.; Novartis Consumer, Port.; Novartis Consumer, Switz.*
Calcium sennosides (p.1770·1).
Constipation.

Pursennid-In *Novartis, India†.*
Sennosides (p.1769·3); docusate sodium (p.1725·1).
Bowel evacuation; constipation.

Purubex *Eisai, Indon.*
Teprenone (p.1776·3).
Gastric ulcer; gastropathy.

Puru-C *Vitabalans, Fin.*
Ascorbic acid (p.1983·3); sodium ascorbate (p.1984·1).
Vitamin C deficiency.

Pusiran *Atlantic, Hong Kong; Atlantic, Malaysia; Atlantic, Singapore; Atlantic, Thai.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Putaren *PD, Thai.†.*
Diclofenac sodium (p.44·3).
Musculoskeletal and joint disorders.

Puvadin *Medochemie, Hong Kong†; Medochemie, Malaysia†.*
Trioxysalen (p.1620·1).
Vitiligo.

Puvasoralen *Crawford, UK.*
Methoxsalen (p.1605·1).
Available on a named-patient basis only.
Mycosis fungoides; psoriasis; vitiligo.

PV Carpine *Allergan, Austral.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma.

PV Jod *Hasco-Lek, Pol.*
Povidone-iodine (p.1659·2).
Disinfection of burns, skin, mucous membranes, ulcers, and wounds; skin and mucous membrane infections.

PV7 Polivitamin *Sanli, Turk.*
Multivitamin preparation (p.1922·1).

PVA *Allergan, Austral.†.*
Polyvinyl alcohol (p.2145·3).
Dry eyes.

P-Vate *Osoth, Thai.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

PVFK *Lioh, Canad.†.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

P-Vidine *PP Lab, Thai.†.*
Povidone-iodine (p.1659·2).
Skin, mucous membrane, and wound disinfection.

PVPI *Geyer, Braz.†.*
Povidone-iodine (p.1659·2).
Skin disinfection.

P-V-Tussin
Note.This name is used for preparations of different composition.
Numark, USA.
Syrup: Hydrocodone tartrate (p.63·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Coughs and cold symptoms.

Numark, USA.
Tablets: Hydrocodone tartrate (p.63·1); phenindamine tartrate (p.587·2); guaifenesin (p.1561·3).
Coughs.

Pyassan *Sanofi-Aventis, Hung.*
Cefalexin (p.218·2).
Bacterial infections.

Pycameth *Tropica Mas, Indon.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Pycnogenol Plus *Reese, USA.*
Bioflavonoids (p.2304·1); grape seed (p.2316·3); pycnogenol (p.2368·1).

Pyderma *Pyridam, Indon.*
⊗ Desoximetasone (p.1525·2).
Skin disorders.

Pygmal *URPAC, Fr.†.*
2,4,5-Trichlorophenol complex with tri-isobutyl phosphate; zinc oxide (p.1621·2); zinc carbonate (p.1621·2).
Acne.

Pykaryl T *Rodleben, Ger.*
Benzyl nicotinate (p.28·1).
Peripheral vascular disorders; rheumatic disorders; soft-tissue injuries.

Pykno *Procare, Austral.†.*
Vitis vinifera (p.2316·3); myrtillus (p.2349·3).
Peripheral vascular disorders; tonic.

Pylaquin *Roi Surya, Indon.*
Hydroquinone (p.1598·2).
Skin hyperpigmentation.

Pylera *Axcan, USA.*
Bismuth subcitrate potassium (p.1711·1); metronidazole (p.837·1); tetracycline hydrochloride (p.347·2).
Formerly known as Helizide.
Duodenal ulcer.

Pylison *Brown & Burk, Philipp.*
Lansoprazole (p.1739·2).
Barrett's oesophagus; gastro-oesophageal reflux; peptic ulcer.

Pylobact *Ranbaxy, Rus.*
Capsules, omeprazole (p.1753·1); tablets, clarithromycin (p.248·2); tablets, tinidazole (p.848·3).
Peptic ulcer.

Pylobact Combi *Ranbaxy, Malaysia.*
Tablets, clarithromycin (p.248·2); capsules, omeprazole (p.1753·1); tablets, tinidazole (p.848·3).
Peptic ulcer.

Pylobactel *Galenica, Gr.*
Carbon-13 (p.2277·1) labelled urea.
Diagnosis of Helicobacter pylori infection.

Pylobactell *Torbet, Cz.; Italchimici, Ital.†; Torbet Laboratories, UK.*
⊗ Carbon-13 (p.2277·1) labelled urea.
Diagnosis of Helicobacter pylori infection.

Pylobactell-13C *Torbet, Neth.*
⊗ Carbon-13 (p.2277·1) labelled urea.
Diagnosis of Helicobacter pylori infection.

Pylokit *Cipla, India.*
Lansoprazole (p.1739·2); tinidazole (p.848·3); clarithromycin (p.248·2).
Peptic ulcer.

Pylopac *Medix, Mex.*
Combination pack: Capsules, lansoprazole (p.1739·2); tablets, clarithromycin (p.248·2); capsules, amoxicillin (p.202·2).
Helicobacter pylori-associated peptic ulcer.

Pylor *Pyridam, Indon.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; urticaria.

Pylori 13 *Medical Instruments, Switz.†.*
⊗ Carbon-13 labelled urea (p.2277·1).
Test for Helicobacter pylori infection.

Pylori Chek *Sorin, Spain†.*
⊗ Carbon-13 labelled urea (p.2277·1).
Test for Helicobacter pylori infection.

Pylorid *GSK, Arg.†; GSK, Belg.†; GSK, Braz.; GSK, Denm.†; GSK, Fin.; GSK, Gr.; GSK, Hong Kong†; GSK, Hung.†; GSK, Irl.†; GSK, Ital.; GSK, Neth.†; GSK, Norw.; Glaxo Wellcome, Port.†; GSK, Spain; GSK, Switz.†; GSK, Thai.†; GSK, Turk.; GSK, UK†; GSK, Venez.*
Ranitidine bismuth citrate (p.1768·1).
Peptic ulcer.

Pylorid-KA *GSK, Austral.*
Combination pack: Tablets, ranitidine bismuth citrate (Pylorid) (p.1768·1); tablets, clarithromycin (p.248·2); capsules, amoxicillin trihydrate (p.202·2).
Helicobacter pylori-associated peptic ulcer.

Pylorikit *Neo Quimica, Braz.*
Capsules, lansoprazole (p.1739·2); capsules, amoxicillin trihydrate (p.202·2); tablets, clarithromycin (p.248·2).
Helicobacter pylori-associated peptic ulcer.

Pyloripac *Medley, Braz.*
Capsules, amoxicillin (p.202·2); tablets, clarithromycin (p.248·2); capsules, lansoprazole (p.1739·2).
Helicobacter pylori-associated peptic ulcer.

Pyloriset *Orion, USA.*
Test for gastrointestinal disorders.

Pylorisin *GSK, Austria.*
Ranitidine bismuth citrate (p.1768·1).
Peptic ulcer.

Pyloritrat *Teuto, Braz.*
Capsules, lansoprazole (p.1739·2); capsules, amoxicillin trihydrate (p.202·2); tablets, clarithromycin (p.248·2).
Helicobacter pylori-associated peptic ulcer.

Pynamic *Condrugs, Thai.*
Mefenamic acid (p.80·1).
Pain.

Pynclear *Libra, S.Afr.†.*
Paracetamol (p.108·1); doxylamine succinate (p.578·2); caffeine (p.1116·3); codeine phosphate (p.37·2).
Pain and tension.

Pyndale *Ohara, Philipp.*
⊗ Pindolol (p.1372·1).
Angina pectoris; hypertension.

Pynmed
Note.This name is used for preparations of different composition.
Medpro, S.Afr.
Syrup: Paracetamol (p.108·1); codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2).
Pain with tension.

Medpro, S.Afr.
Tablets: Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3); meprobamate (p.1006·2).
Pain and associated tension.

Pynocare *Mega Lifesciences, Malaysia.*
Vitamin E; vitamin C (p.1922·1).
Dietary supplement.

Pynocare 40 Actisome *Mega Lifesciences, Philipp.*
Procyanidin (p.2368·1); ascorbic acid (p.1983·3); betacarotene (p.1930·3); *d*-alpha tocoferil acetate (p.1992·3).
Melasma.

Pynstop *Adcock Ingram, S.Afr.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3); doxylamine succinate (p.578·2).
Fever; pain and associated tension.

Pyocefal *Takeda, Fr.*
Cefsulodin sodium (p.233·3).
Bacterial infections.

Pyodontyl *Sanofi-Aventis, Hong Kong.*
Metesculetol sodium (p.2343·2); allantoin (p.1588·1).
Dental hygiene; gum disorders.

Pyolysin *Serum-Werk Bernburg, Ger.*
Extract of staphylococci, streptococci, *Escherichia coli*, *Pseudomonas aeruginosa*, *Micrococcus ovis*-Bouillon; zinc oxide (p.1621·2); salicylic acid (p.1612·2).
Burns; infected skin disorders; skin ulcers; wounds.

Pyorex *Bailly, Fr.*
Ethacridine lactate (p.1625·1); sodium ricinoleate (p.2139·3).
Oral hygiene.

Pyostacine *Sanofi-Aventis, Fr.; Aventis, Israel.*
Pristinamycin (p.319·1).
Bacterial infections; staphylococcal infections.

Pyracon *Hua, Thai.*
Paracetamol (p.108·1).
Fever; pain.

Pyradexon *Pyridam, Indon.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Pyradol *Xixia, S.Afr.*
Paracetamol (p.108·1).
Fever; pain.

Pyrafat *Croma, Austria; Fatol, Ger.; Fatol, Hong Kong.*
Pyrazinamide (p.320·2).
Mycobacterial infections.

Pyrahexal *Hexal, Pol.*
Dipyrone (p.49·2).
Fever; pain.

Pyralfin *Lupin, India.*
Pyrimethamine (p.610·2); sulfadoxine (p.338·1).
Malaria.

Pyralgin *Polpharma, Pol.*
Dipyrone (p.49·2).
Fever; pain.

Pyralginum *GSK, Pol.; Polpharma, Pol.*
Dipyrone (p.49·2).
Fever; pain.

Pyralin *Pfizer, Austral.*
Sulfasalazine (p.1773·2).
Crohn's disease; rheumatoid arthritis; ulcerative colitis.

Pyralvex *Lazar, Arg.; Norgine, Austral.†; Norgine, Austria; Norgine, Belg.; Norgine, Cz.; Norgine, Fr.; Norgine, Ger.; Faran, Gr.; Norgine, Hong Kong; Alpharma, Indon.; Norgine, Irl.; Norgine, Ital.; Norgine, Neth.; Norgine, Philipp.; Norgine, Port.; Norgine, S.Afr.; Norgine, Singapore; Gervasi, Spain; Norgine, Spain; Norgine, Switz.; Norgine, Thai.; Pharmalink, Thai.; PMP, Turk.; Norgine, UK; Konsuma, Venez.†.*
Anthraquinone glycosides (p.1768·3); salicylic acid (p.1612·2).
Denture irritation; mouth and throat disorders.

Pyramen *Pharmachim, Hung.†.*
Piracetam (p.368·2).
Alcoholism; mental function disorders; organic brain disorders.

Pyramet *Cipla, India.*
Pyrimethamine (p.610·2); sulfamethoxazole (p.340·1).
Malaria.

Pyramide *Pharmasant, Thai.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pyramin *Terramedic, Philipp.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pyranol *Solfran, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Pyrantin *Vickmans, Hong Kong.*
Pyrantel embonate (p.155·1).
Worm infections.

Pyrantrin *Biopharm, Hong Kong†.*
Pyrantel embonate (p.155·1).
Worm infections.

Pyrapam *General Drugs, Thai.*
Pyrantel embonate (p.155·1).
Worm infections.

Pyrasol *Dynamic, Philipp.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pyratab *Shiwa, Thai.†.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pyravit *Galenium, Indon.*
Isoniazid (p.288·1).
Pyridoxine (p.1979·1) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Pyrazide *Aventis, S.Afr.†.*
Pyrazinamide (p.320·2).
Tuberculosis.

Pyrazidol *Dalkhimfarm, Rus.*
Pirlindole hydrochloride (p.420·2).
Alcohol withdrawal syndrome; Alzheimer's disease; depression.

Pyrcon *Krewel, Ger.*
Pyrvinium embonate (p.155·3).
Enterobiasis.

Pyrecol *Polipharm, Thai.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Cold symptoms; hay fever.

Pyreflor
Note. This name is used for preparations of different composition.
Ferlux, Fr.
Lotion: Permethrin (p.2048·2); piperonyl butoxide (p.2049·1); enoxolone (p.50·1).
Pediculosis.

Ferlux, Fr.
Shampoo: Permethrin (p.2048·2); piperonyl butoxide (p.2049·1).
Pediculosis.

Pyretal *Shiwa, Thai.†.*
Paracetamol (p.108·1).
Fever; pain.

Pyrethrum Spray *Nelson, UK.*
Homoeopathic preparation.

Pyrex *Novell, Indon.*
Paracetamol (p.108·1).
Fever; pain.

Pyrexin *Meprofarm, Indon.*
Paracetamol (p.108·1).
Fever; pain.

Pyrexon *Wockhardt, India.*
Paracetamol (p.108·1).
Fever; pain.

Pyrflox *Pyridam, Indon.*
Norfloxacin (p.309·2).
Bacterial infections.

Pyricef *Pyridam, Indon.*
Cefadroxil (p.218·1).
Bacterial infections.

Pyricontin *Modi-Mundipharma, India.*
Vitamin B (p.1979·1).
Vitamin B deficiency.

Pyridiate *Rugby, USA†.*
Phenazopyridine hydrochloride (p.116·2).
Irritation of the lower urinary tract.

Pyridium *Pfizer, Braz.; Pfizer, Canad.†; Pfizer, Chile†; Pfizer, Hong Kong; Pfizer, India; Pfizer, Indon.; Pfizer Consumer, S.Afr.; Warner Chilcott, USA; Pfizer, Venez.†.*
Phenazopyridine hydrochloride (p.116·2).
Pain and irritation of the urinary tract.

Pyridium Plus *Warner Chilcott, USA.*
Phenazopyridine hydrochloride (p.116·2); hyoscyamine hydrobromide (p.1736·1); butalbital (p.967·2).
Urinary-tract pain and spasm, with apprehension.

Pyridol *Pyridam, Indon.*
Paracetamol (p.108·1).
Fever; pain.

Pyridryl *Pyridam, Indon.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Allergic symptoms; cough.

Pyridryl Plus *Pyridam, Indon.*
Diphenhydramine hydrochloride (p.577·2); dextromethorphan hydrobromide (p.1555·2); phenylpropanolamine hydrochloride (p.1569·3); ammonium chloride (p.1551·3); sodium citrate (p.1673·3).
Allergic symptoms; cough.

Pyrifoam *Dermatech, Austral.; Balmar, NZ; Dermatech, Philipp.*
Permethrin (p.2048·2).
Pediculosis.

Pyrifort *UAP, Indon.*
Isoniazid (p.288·1).
Vitamin B (p.1979·1) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Pyrigesic *East India Pharma, India.*
Paracetamol (p.108·1).
Fever; pain.

Pyrilax *Berlin-Chemie, Cz.†; Berlin-Chemie, Ger.*
Bisacodyl (p.1710·1).
Bowel evacuation; constipation.

Pyrimel *Catarinense, Braz.*
Paracetamol (p.108·1).
Fever; pain.

Pyrimon *FDC, India.*
⊗ Dexamethasone (p.1526·1); chloramphenicol (p.239·3).
Allergic eye disorders; eye infections; eye trauma.

Pyrinyl II *Barre-National, USA.*
Pyrethrins (p.2049·3); piperonyl butoxide technical (p.2049·1).
Pediculosis.

Pyrinyl Plus *Rugby, USA.*
Pyrethrins (p.2049·3); piperonyl butoxide (p.2049·1).
Pediculosis.

Pyriped *Mintlab, Chile.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Pyrisept
Note. This name is used for preparations of different composition.
Cifarma, Braz.
Phenazopyridine hydrochloride (p.116·2).
Pain and irritation of the urinary tract.

Weifa, Norw.
Cetylpyridinium chloride (p.1635·1).
Disinfection of hands and skin; minor skin infections.

Pyrisone *Beacons, Singapore.*
Pyrimethamine (p.610·2); dapsone (p.261·2).
Malaria.

Pyritil *Biolab, Malaysia; Biolab, Thai.*
Pyritinol hydrochloride (p.369·1).
Organic brain disorders.

Pyrlex *Athlon, USA.*
Mepyramine tannate (p.585·2).
Coryza; nasal congestion.

Pyrlex CB *Athlon, USA.*
Pentoxyverine tannate (p.1567·3); mepyramine tannate (p.585·2).
Cough.

Pyrocaps *Be-Tabs, S.Afr.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Pyrogallic *Gordon, USA.*
Pyrogallol (p.1611·3).
Calluses; verrucas.

Pyrogastrone *Sanofi, Irl.; Sanofi Synthelabo, UK†.*
Carbenoxolone sodium (p.1714·3); alginic acid (p.2140·3); aluminium hydroxide (p.1706·2); magnesium trisilicate (p.1744·1); sodium bicarbonate (p.1673·2).
Flatulence; gastro-oesophageal reflux; heartburn; hiatus hernia; peptic ulcer.

Pyrogenium *Hanosan, Ger.*
Homoeopathic preparation.

Pyromed *Sanofi Synthelabo, Ger.†.*
Paracetamol (p.108·1).
Fever; pain.

Pyron *Reuffer, Mex.*
Dipyrone (p.49·2).
Pain.

Pyronal *Tanabe, Indon.*
Dipyrone (p.49·2).
Fever.

Pyrosal *Herbapol Wroclaw, Pol.*
Salix (p.121·3); sambucus (p.2383·1); tilia (p.2402·2); coltsfoot leaf (p.1555·1).
Upper respiratory-tract disorders.

Pyroxin *Sanofi-Aventis, Austral.*
Pyridoxine hydrochloride (p.1978·2).
Alcoholism; anaemias; homocystinuria; nausea and vomiting in pregnancy; premenstrual syndrome; radiation sickness.

Pyroxy *Shiwa, Thai.†.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Pyr-Pam *UCI, Braz.†.*
Pyrvinium embonate (p.155·3).
Enterobiasis.

Pyrsal *Fermon, Spain.*
Dexketoprofen trometamol (p.73·1).
Pain.

Pyrvin *Orion, Fin.*
Pyrvinium embonate (p.155·3).
Worm infections.

Pysolan *Pyridam, Indon.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; pathological hypersecretory disorders; peptic ulcer.

Pytazen *Douglas, NZ.*
Dipyridamole (p.1268·1).
Myocardial infarction; thromboembolic disorders.

Pytest *Tri-Med, USA.*
⊗ Carbon-14 (p.2053·1) labelled urea.
Diagnosis of Helicobacter pylori infection.

Pytramic *Pyridam, Indon.*
Tranexamic acid (p.1080·3).
Fibrinolysis; haemorrhage; hereditary angioedema.

Pyverm *Cifarma, Braz.*
Pyrvinium embonate (p.155·3).
Worm infections.

Pyzina *Lupin, India.*
Pyrazinamide (p.320·2).
Tuberculosis.

PZA *Riemser, Ger.; Wernigerode, Ger.; Sandoz, Malaysia; Sandoz, Singapore; Sandoz, Thai.*
Pyrazinamide (p.320·2).
Tuberculosis.

PZA-Ciba *Novartis, India; Sandoz, Philipp.*
Pyrazinamide (p.320·2).
Tuberculosis.

P-Zide *Cadila Pharma, India.*
Pyrazinamide (p.320·2).
Tuberculosis.

Q10 *Pharma Nord, Fr.*
Ubidecarenone (p.2407·2).
Tonic.

Q200 *Pacific, NZ.*
Quinine sulfate (p.612·3).
Malaria; myotonia; nocturnal cramps.

Q300 *Pacific, NZ.*
Quinine sulfate (p.612·3).
Malaria; myotonia; nocturnal cramps.

Q 10 *Sidefarma, Port.*
Ubidecarenone (p.2407·2).
Cardiomyopathy; encephalopathy.

Q Cef *Guardian, Indon.*
Cefadroxil (p.218·1).
Bacterial infections.

Q & P *Kowa, Jpn.*
Vitamins (p.1922·1); gamma oryzanol (p.2358·3); oxoamidine.
Tonic.

Qari *Mediolanum, Ital.*
Rufloxacin hydrochloride (p.331·3).
Bacterial infections.

Q-Bac *Pose, Thai.*
Chlorhexidine gluconate (p.1635·3).
Disinfection.

QBE Elixir *Eczane, Arg.†.*
Potassium gluconate (p.1684·3).
Potassium supplement.

QDALL *Atley, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract disorders.

QDALL AR *Atley, USA.*
Chlorphenamine maleate (p.571·3).
Allergic rhinitis.

QED *Omega, Irl.*
Test for alcohol in saliva.

QED A-150 *Prieto, Arg.*
Test for alcohol in blood.

Qidrox *Soho, Indon.*
Cefadroxil (p.218·1).
Bacterial infections.

Qiflon *Nabiqasim, Philipp.*
Ofloxacin (p.310·2).
Bacterial infections.

Qiftrin *Hexal, Braz.†.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; protozoal infections.

Qinolon *United American, Philipp.; Great Eastern, Thai.; Therapharma, Thai.*
Ofloxacin (p.310·2).
Bacterial infections.

Qinosyn *Pasteur, Philipp.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Qinox *Solas, Indon.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Qipro *Meprofarm, Indon.*
Ofloxacin (p.310·2).
Bacterial infections.

Qital *Ethica, Indon.*
Cilostazol (p.1245·2).
Peripheral vascular disorders.

Q-Roxin *Choongwae, Kor.*
Balofloxacin (p.211·2).
Urinary-tract infections.

QT *Schering-Plough, USA.*
SPF 2: Octinoxate (p.1608·2); dihydroxyacetone (p.1594·1).
Sunscreen.

Q-Tapp DM *Qualitest, USA.*
Dextromethorphan hydrobromide (p.1555·2); brompheniramine maleate (p.569·2); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract disorders.

QTest *Quidel, USA.*
Pregnancy test (p.2372·1).

QTest Ovulation *Quidel, USA†.*
Fertility test (p.2372·1).

Q-Tussin CF *Qualitest, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract disorders.

Quadblock
Note. This name is used for preparations of different composition.
Hamilton, Austral.
Cream SPF 30+; lotion SPF 30+: Octil triazone (p.1608·1); titanium dioxide (p.1617·3); enzacamene (p.1597·1).
Sunscreen.

Hamilton, Austral.
Stick SPF 30+: Enzacamene (p.1597·1); octinoxate (p.1608·2); avobenzone (p.1589·3); titanium dioxide (p.1617·3).
Sunscreen.

Quadezyme *Pascual, Hong Kong.*
Muramidase hydrochloride (p.2348·1); dequalinium chloride (p.1641·3).
Allergic rhinitis; mouth and throat disorders; sinusitis.

Quadion *Fortbenton, Arg.*
Ketoconazole (p.539·1).
Dandruff; fungal skin infections.

Quadracel *Aventis Pasteur, Austral.; Sanofi Pasteur, Canad.; MSD, NZ.*
A diphtheria, tetanus, acellular pertussis, and poliomyelitis vaccine (p.2211·3).
Active immunisation.

Quadramet *ARI, Austral.†; CIS, Cz.; CIS, Fr.†; Schering, Ital.; CIS, Neth.; CIS, Port.; Schering, Spain; Schering, UK; Du Pont, USA.*
Samarium-153 lexidronam (p.2055·2).
Metastatic bone pain.

Quadrasa *Norgine, Cz.†; Norgine, Fr.; Norgine, Ital.†.*
Sodium aminosalicylate (p.201·2).
Ulcerative colitis.

Quadrax *Boehringer Ingelheim Promeco, Mex.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Quadriderm
Note. This name is used for preparations of different composition.
Key, Arg.†; Mantecorp, Braz.; Schering-Plough, Hong Kong; Essex, Philipp.; Schering-Plough, S.Afr.; Schering-Plough, Singapore†; Essex, Switz.
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Schering-Plough, Arg.
⊗ Betamethasone dipropionate (p.1518·3); clotrimazole (p.530·1); gentamicin sulfate (p.282·1).
Infected skin disorders.

Schering-Plough, Venez.
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); clioquinol (p.254·1).
Infected skin disorders.

Quadriderm NF *Schering-Plough, Mex.*
⊗ Betamethasone dipropionate (p.1518·3); clotrimazole (p.530·1); gentamicin sulfate (p.282·1).
Infected skin disorders.

Quadriderme *Schering-Plough, Port.*
⊗ Betamethasone dipropionate (p.1518·3); clotrimazole (p.530·1); gentamicin sulfate (p.282·1).
Infected skin disorders.

Quadrikin *Kinder, Braz.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Quadrilon *Neo Quimica, Braz.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Quadrinal *Knoll, USA.*
⊗ Ephedrine hydrochloride (p.1558·2); phenobarbital (p.492·2); theophylline calcium salicylate (p.1146·3); potassium iodide (p.2169·2).
Chronic respiratory disease.

Quadriplus *Delta, Braz.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Quadronal ASS comp *AWD, Ger.†.*
Aspirin (p.20·3); caffeine (p.1116·3).
Pain.

Quadronal comp *AWD, Ger.†.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

Quadropril *Viatris, Austria; AWD, Ger.; AWD, Hung.; Meda, Neth.; AWD, Rus.*
Spirapril hydrochloride (p.1399·3).
Hypertension.

Quadrotopic *Vendiz, Philipp.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Quadtab *Medichem, Philipp.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2); ethambutol hydrochloride (p.274·1).
Tuberculosis.

Quagu-Test *Fada, Arg.*
Aprotinin (p.1055·1).

Qual
Note. This name is used for preparations of different composition.
Silanes, Mex.
Paracetamol (p.108·1); dextropropoxyphene hydrochloride (p.40·1); diazepam (p.986·3).
Pain; painful muscle spasm.

Naturissima, Venez.†.
St John's wort (p.422·3).
Depression.

Qualaquin *AR Scientific, USA†.*
Quinine sulfate (p.612·3).

Qualecon *Duncan, Arg.†.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Quali-A *Quality, Hong Kong.*
Tretinoin (p.1618·1).
Acne; photodamaged skin.

Qualiceclor *Quality, Hong Kong.*
Cefaclor (p.217·2).
Bacterial infections.

Qualiclinda *Quality, Hong Kong.*
Clindamycin hydrochloride (p.251·1).
Bacterial infections.

Qualiclovir *Quality, Hong Kong.*
Aciclovir (p.862·3).
Herpesvirus infections.

Qualicor *Quality, Hong Kong.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Qualicren *Quality, Hong Kong.*
Azelaic acid (p.1589·3).
Acne; skin pigmentation disorders.

Qualiderm *Greenpharma, Braz.*
⊗ Betamethasone (p.1518·2); gentamicin (p.284·2); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Qualidom *Quality, Hong Kong.*
Domperidone (p.1726·2).
Delayed gastric emptying; gastro-oesophageal reflux; nausea and vomiting.

Qualidrox *Quality, Hong Kong.*
Cefadroxil (p.218·1).
Bacterial infections.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Qualidrozine *Quality, Hong Kong.*
Hydroxyzine hydrochloride (p.581·2).
Pruritus; urticaria.

Quali-Flon *Quality, Hong Kong.*
Diosmin (p.2304·2); hesperidin (p.2304·3).
Haemorrhoids; venous insufficiency.

Qualifutin *Quality, Hong Kong.*
Fusidic acid (p.279·3).
Gram-positive bacterial skin infections.

Qualigoline *Quality, Hong Kong.*
Nicergoline (p.2352·1).
Cerebral and peripheral circulatory disorders.

Qualigyl *Quality, Hong Kong.*
Metronidazole (p.837·1).
Anaerobic bacterial infections; protozoal infections.

Quali-itrazole *Quality, Hong Kong.*
Itraconazole (p.536·3).
Fungal infections.

Qualikin *Quality, Hong Kong.*
Chlorhexidine gluconate (p.1635·3).
Mouth disorders; oral hygiene.

Qualilaic *Quality, Hong Kong.*
Azelaic acid (p.1589·3).
Acne; skin pigmentation disorders.

Quali-Mentin *Quality, Hong Kong.*
Amoxicillin (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Qualipantyl *Quality, Hong Kong.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Qualiphor *Quality, Hong Kong.*
Cefaclor (p.217·2).
Bacterial infections.

Qualipid *Quality, Hong Kong.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias; primary prevention of ischaemic heart disease.

Qualiprinol *Quality, Hong Kong.*
Inosine pranobex (p.884·2).
Viral infections.

Qualiquan *Quality, Hong Kong.*
Doxepin hydrochloride (p.389·1).
Depression.

Qualisac *Quality, Hong Kong.*
Fluoxetine hydrochloride (p.391·2).
Depression; obsessive-compulsive disorder.

Qualisef *Quality, Hong Kong.*
Cefradine (p.233·1).
Bacterial infections.

Qualisolvon *Quality, Hong Kong.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Qualiton *TO-Chemicals, Thai.*
Guaifenesin (p.1561·3); theophylline (p.1140·1).
Coughs; obstructive airways disease.

Qualitriptine *Quality, Hong Kong.*
Amitriptyline hydrochloride (p.376·1).
Depression; nocturnal enuresis.

Qualixamin *Quality, Hong Kong.*
Tranexamic acid (p.1080·3).
Fibrinolytic haemorrhage; hereditary angioedema.

Qualizep *Quality, Hong Kong.*
Chlorphenamine maleate (p.571·3); phenylpropanolamine hydrochloride (p.1569·3); paracetamol (p.108·1); salicylamide (p.121·2).
Cold and influenza symptoms; rhinitis; sinusitis.

Qualizide *Quality, Hong Kong.*
Gliclazide (p.440·3).
Diabetes mellitus.

Qualizindol *Quality, Hong Kong.*
⊗ Mazindol (p.2157·3).
Obesity.

Quamatel *Gedeon Richter, Cz.; Gedeon Richter, Hong Kong; Gedeon Richter, Hung.; Richter, Pol.; Gedeon Richter, Rus.*
Famotidine (p.1730·1).
Acid aspiration; acute pancreatitis; dyspepsia; gastro-oesophageal reflux; gastrointestinal haemorrhage; heartburn; peptic ulcer; Zollinger-Ellison syndrome.

Quamiprox *Nufarindo, Indon.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Quanil *Teofarma, Ital.*
Meprobamate (p.1006·2).
Anxiety disorders.

Quanilene *Vitae, Mex.*
Fluoxetine (p.397·3).
Depression.

Quantaffirm *Organon Teknika, USA.*
Test for infectious mononucleosis.

Quantalan *BMS, Austria; BMS, Ger.; BMS, Port.; BMS, Switz.*
Colestyramine (p.1252·3).
Biliary-tract disorders; diarrhoea; hypercholesterolaemia; poisoning with phenprocoumon; pruritus associated with biliary obstruction.

Quantor *Almirall, Spain.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Quantrel *Pfizer, Indon.; Pfizer, Philipp.; Pfizer, Venez.*
Oxantel embonate (p.152·2); pyrantel embonate (p.155·1).
Worm infections.

Quantum *Perrigo, Israel.*
A range of vitamin and mineral supplements with or without lycopene and lutein (p.1922·1).

Quardin *Mepha, Port.†.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Quarelin *Chinoin, Cz.†; Sanofi-Aventis, Hung.*
Dipyrone (p.49·2); caffeine (p.1116·3); drotaverine hydrochloride (p.2298·1).
Migraine; pain.

Quark *Polifarma, Ital.*
Ramipril (p.1385·3).
Heart failure; hypertension; myocardial infarction; renal insufficiency.

Quasar *Abbott, Ital.†.*
Verapamil hydrochloride (p.1421·1).
Hypertension.

Quasense *Watson, USA.*
84 Tablets, ethinylestradiol (p.2101·3); levonorgestrel (p.2121·2); 7 tablets, inert.
Combined oral contraceptive.

Quatohex *Braun, Ger.*
Didecyldimethylammonium chloride (p.1642·2); benzalkonium chloride (p.1629·1); biguanidinium acetate; polymeric biguanides.
Surface disinfection.

Quatro-Soda *Aspen, S.Afr.†.*
Sodium citrate (p.1673·3); sodium bicarbonate (p.1673·2); tartaric acid (p.2395·2); citric acid (p.2284·1).
Gastric hyperacidity; urinary alkalinisation.

Quatro-Virelon *Chiron Behring, Ger.†.*
A diphtheria, tetanus, pertussis, and poliomyelitis vaccine (p.2211·3).
Active immunisation.

Quavir *Soho, Indon.*
Aciclovir (p.862·3).
Herpes simplex infections of the skin and mucous membranes.

Quazium *Schering-Plough, Ital.†.*
Quazepam (p.1022·1).
Insomnia.

Qucin *Aristo, India.*
Pefloxacin mesilate (p.313·3).
Bacterial infections.

Quecor *Labofarm, Pol.*
Oak bark (p.2355·3).
Diarrhoea.

Quedox *Rayere, Mex.*
Clarithromycin (p.248·2).
Bacterial infections.

Quefeno *Helfarma, Port.†.*
Ketotifen fumarate (p.582·2).
Allergic rhinitis; asthma; urticaria.

Queimalive *Cifarma, Braz.*
Sulfacetamide sodium (p.335·3).
Bacterial skin infections.

Queimax *Farlab, Port.*
Camphor (p.2273·2); potassium hydroxyquinoline sulfate (p.2323·2).
Skin disorders.

Quel *Ipca, India.*
Quetiapine fumarate (p.1022·2).
Bipolar disorder; schizophrenia.

Quelacid *Enila, Braz.†.*
Aluminium and calcium chelate.
Gastric hyperacidity.

Quelicin *Abbott, Braz.; Hospira, Canad.; Abbott, Indon.; Hospira, USA.*
Suxamethonium chloride (p.1909·3).
Depolarising neuromuscular blocker.

Quelidrine *Abbott, USA.*
⊗ Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3); ephedrine hydrochloride (p.1558·2); phenylephrine hydrochloride (p.1568·1); ammonium chloride (p.1551·3); ipecac fluidextract (p.1562·3).
Coughs.

Quellada
Note. This name is used for preparations of different composition.
Aspen, Austral.; Stafford-Miller, Hong Kong.
Permethrin (p.2048·2).
Pediculosis; scabies.

Stafford-Miller, Irl.†; Searle, S.Afr.†.
Lindane (p.2045·3).
Pediculosis; scabies.

Quellada M *Stafford-Miller, Irl.; GSK Consumer, UK.*
Malathion (p.2046·1).
Pediculosis; scabies.

Quelodin *Ariston, Braz.†.*
Menthol (p.2340·1); menthone (p.2340·2); α-pinene (p.2368·3); cineole (p.2282·3); camphene (p.2273·2); greater celandine (p.2317·1); phenylpropanol (p.2366·2); olive oil (p.2356·2).
Gallstones.

Quelodin F *Ariston, Arg.*
Greater celandine (p.2317·1); taraxacum (p.2395·1); milk thistle (p.1452·1); linoleic acid (p.2308·2) or magnesium linoleate.
Biliary-tract disorders.

Quem Plus *Prodava, Arg.†.*
Allantoin (p.1588·1); wool fat (p.2033·2).
Barrier cream.

Quemicetina
Rontag, Arg.; Pharmacia, Venez.†.
Chloramphenicol (p.239·3).
Bacterial infections.

Pfizer, Braz.
Chloramphenicol palmitate (p.239·3) or chloramphenicol sodium succinate (p.240·1).
Bacterial infections.

Pfizer, Chile†.
Chloramphenicol sodium succinate (p.240·1).
Bacterial infections.

Pfizer, Mex.
Chloramphenicol (p.239·3) or chloramphenicol sodium succinate (p.240·1).
Bacterial infections.

Quemicetina con Hidrocortisona *Rontag, Arg.*
⊗ Chloramphenicol (p.239·3); hydrocortisone acetate (p.1535·2).
Infected skin disorders.

Quemicetina Nasal Compuesta *Rontag, Arg.*
⊗ Chloramphenicol (p.239·3); ephedrine hydrochloride (p.1558·2); tripelennamine hydrochloride (p.592·2).
Nasal infections.

Quemox *YSP, Malaysia.*
Mebendazole (p.148·3).
Worm infections.

Quenobilan *Estedi, Spain.*
Chenodeoxycholic acid (p.2280·1).
Gallstones.

Quenocol *Zambon, Spain†.*
Chenodeoxycholic acid (p.2280·1).
Gallstones.

Quensyl *Sanofi Synthelabo, Ger.*
Hydroxychloroquine sulfate (p.604·2).
Chronic polyarthritis; lupus erythematosus; malaria.

Quentakehl *Sanum-Kehlbeck, Ger.*
Homoeopathic preparation.

Quepita *Ingers, Cz.*
Quetiapine fumarate (p.1022·2).
Bipolar disorder; schizophrenia.

Queratal *Liferpal, Mex.*
Tretinoin (p.1618·1).

Queratopil *D & M, Chile.*
Ammonium lactate (p.1589·2); panthenol (p.2362·1); allantoin (p.1588·1); levomenol (p.2333·3).
Hyperkeratinisation.

Quercus Salbe *Wala, Ger.*
Homoeopathic preparation.

Quer-Out *Atlas, Arg.*
Diclofenac sodium (p.44·3).
Actinic keratosis.

Querto *Altana, Ger.*
⊗ Carvedilol (p.1241·3).
Angina pectoris; heart failure; hypertension.

Quest Gamma EPA Plus *Banner, Malaysia.*
Fish oil concentrate (p.1362·2).
Dietary supplement.

Questax *SVUS, Cz.*
Quetiapine fumarate (p.1022·2).
Bipolar disorder; schizophrenia.

Questran *BMS, Arg.; BMS, Austral.; BMS, Belg.; BMS, Braz.; Bristol, Canad.†; BMS, Cz.; BMS, Denm.; BMS, Fin.; BMS, Fr.; IFET (ΙΦΕΤ), Gr.; BMS, Hong Kong; BMS, Indon.; BMS, Irl.; BMS, Ital.; BMS, Malaysia†; BMS, Mex.; BMS, NZ; BMS, Neth.; BMS, Norw.; BMS, S.Afr.; BMS, Singapore; Bristol-Myers, Spain†; BMS, Swed.; BMS, Thai.; BMS, UK; Par, USA.*
Colestyramine (p.1252·3).
Adjunct in organophosphorus pesticide poisoning; cholerhoeic enteropathy; diabetic neuropathy; diarrhoea and pruritus associated with biliary-tract disorders; diarrhoea associated with Crohn's disease; hypercholesterolaemia; hyperoxaluria; short bowel syndrome; vagotomy.

Quetanex *Medopharm, Philipp.*
Ketamine hydrochloride (p.1787·1).
General anaesthesia.

Quetapel *Pacific, NZ.*
Quetiapine fumarate (p.1022·2).
Bipolar disorder; psychoses.

Quetiazic *Raffo, Arg.*
Quetiapine (p.1023·2).
Psychoses.

Quetidin *Drugtech, Chile.*
Quetiapine (p.1023·2).
Schizophrenia.

Quetin *Zentiva, Cz.*
Quetiapine fumarate (p.1022·2).
Bipolar disorder; schizophrenia.

Quetral *Labesfal, Port.*
Ketoprofen (p.73·1).
Gout; musculoskeletal, joint, and peri-articular disorders.

Quetzal *Smaller, Spain.*
St John's wort (p.422·3).
Tonic.

Qugyl *RPG, India.*
Diloxanide furoate (p.832·2); metronidazole (p.837·1).
Amoebiasis; giardiasis.

Quiacort *Euroderm, Arg.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Quiacort G *Euroderm, Arg.*
⊗ Betamethasone dipropionate (p.1518·3); gentamicin sulfate (p.282·1).
Infected skin disorders.

Quiacort G Plus *Euroderm, Arg.*
⊗ Betamethasone dipropionate (p.1518·3); gentamicin sulfate (p.282·1); clotrimazole (p.530·1).
Infected skin disorders.

Quibron *Apothecon, USA†.*
Theophylline (p.1140·1); guaifenesin (p.1561·3).
Bronchospasm.

Quibron-T *Bristol, Canad.†; BMS, Indon.; Roberts, USA†.*
Theophylline (p.1140·1).
Obstructive airways disease.

Quick N Easy *KK, UK.*
Pregnancy test (p.2372·1).

QuickCal *Vitaflo, Irl.; Vitaflo, UK.*
Preparation for enteral nutrition (p.1922·1).

QuickCare *Ciba Vision, Canad.†.*
Range of cleaning, disinfecting, rinsing, and storage solutions for soft contact lenses (p.1622·2).

QuicKlean *Hovid, Malaysia.*
⊗ Alcohol (p.1625·2).
Hand disinfection.

QuickVue *Quidel, USA.*
Pregnancy test (p.2372·1).

Quidex
Note. This name is used for preparations of different composition.
Poen, Arg.
⊗ Ciprofloxacin (p.243·3); dexamethasone (p.1526·1).
Infected eye disorders.

Ferron, Indon.
Ciprofloxacin hydrochloride (p.243·3) or ciprofloxacin lactate (p.243·3).
Bacterial infections.

Quidofril *Serral, Mex.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Quiedorm *Fermon, Spain.*
Quazepam (p.1022·1).
Insomnia.

Quiens *Antonetto, Ital.*
St John's wort (p.422·3).
Depression.

Quies auriculaire *Quies, Fr.*
Sea water.
Irrigation solution for ear canal hygiene.

Quiet Days *Cantassium Co., UK.*
Skullcap (p.2388·2); lupulus (p.2335·2); valerian (p.2410·1).

Quiet Life *Lane, UK.*
Motherwort (p.2347·3); wild lettuce (p.2415·2); lupulus (p.2335·2); passion flower (p.2363·2); valerian (p.2410·1); thiamine hydrochloride (p.1976·1); riboflavin (p.1977·2); nicotinamide (p.1957·3).
Insomnia; stresses and strains.

Quiet Nite *Cantassium Co., UK.*
Valerian (p.2410·1); lupulus (p.2335·2); lettuce (p.2415·2); passion flower (p.2363·2).
Insomnia.

Quiet Tyme *Cantassium Co., UK.*
Skullcap (p.2388·2); lupulus (p.2335·2); passion flower (p.2363·2); valerian (p.2410·1); gentian (p.2310·3); vitamin B substances (p.1922·1).

Quietiline *Sciencex, Fr.*
Bromazepam (p.964·3).
Alcohol withdrawal syndrome; anxiety.

Quietude *Boiron, Fr.*
Homoeopathic preparation.

Quiflox *Teuto, Braz.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Quifloxona *Farmaco, Mex.†.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Quiflural *Rayere, Mex.*
Ofloxacin (p.310·2).
Bacterial infections.

Quik *Valeas, Ital.*
Cloperastine fendizoate (p.1554·3).
Coughs.

Quilagen *Randall, Mex.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Quilarex *Ariston, Arg.*
Venlafaxine hydrochloride (p.427·3).

Qui-Lea *Elea, Arg.*
Quinestrol (p.2128·1).
Menopausal disorders.

Quilla simplex *Pharmacia, Swed.*
Ammonium chloride (p.1551·3); quillaia (p.1920·1).
Respiratory-tract disorders.

Quilonium-R *GSK, Philipp.*
Lithium carbonate (p.401·3).
Mania.

Quilonorm *GSK, Austria; Doetsch, Grether, Switz.*
Lithium acetate (p.406·1) or lithium carbonate (p.401·3).
Bipolar disorder; depression; mania.

Quilonum
GSK, Austral.; GSK, S.Afr.
Lithium carbonate (p.401·3).
Bipolar disorder.

Cephalon, Ger.; GSK, Ger.
Lithium acetate (p.406·1) or lithium carbonate (p.401·3).
Bipolar disorder; cluster headache; depression; mania.

Quilox *Cipla, Philipp.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Quimalan *Quimica y Farmacia, Mex.†.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Quimea *Kleva, Gr.*
⊗ Quinapril (p.1382·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Quimefuran *IQFA, Mex.*
Kaolin (p.1738·1); pectin (p.2145·2).
Diarrhoea.

Quimio-Ped *Stiefel, Braz.†.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; protozoal infections.

Quimobrom *Maver, Mex.*
Erythromycin (p.269·2); bromhexine (p.1552·2).
Bacterial infections.

Quimocyclar *Grossman, Mex.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Quimodril *Italfarmaco, Spain.*
⊗ Trypsin (p.2405·3); chymotrypsin (p.2281·3); teclothiazide potassium (p.1409·1).
Oedema.

Quimofan *Quimica y Farmacia, Mex.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Quimofeina *Quimica y Farmacia, Mex.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Quimolactona *Quimica y Farmacia, Mex.†.*
⊗ Spironolactone (p.1400·1).
Hypertension.

Quimolauril *Maver, Mex.*
Erythromycin (p.269·2).
Bacterial infections.

Quimosporina *Quimica y Farmacia, Mex.*
Cefalexin (p.218·2).
Bacterial infections.

Quimotrip *Collins, Mex.*
Tetracycline (p.347·1); trypsin (p.2405·3); chymotrypsin (p.2281·3).
Bacterial infections.

Quimpe Antibiotico *Quimpe, Spain.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Quimpedor *Quimpe, Spain.*
Caffeine (p.1116·3); phenazone (p.116·1); pyridoxine hydrochloride (p.1978·2); propyphenazone (p.119·3); thiamine hydrochloride (p.1976·1).
Fever; pain.

Quimtadine *Quimpharma, Mex.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; urticaria.

Quimtadine DSQ *Quimpharma, Mex.*
Loratadine (p.583·3); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; pruritus; rhinitis; urticaria.

Quimtafriol *Quimpharma, Mex.*
Loratadine (p.583·3); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; pruritus; rhinitis; urticaria.

Quinaband *SSL, Austral.†; SSL, UK†.*
Calamine (p.1591·2); clioquinol (p.254·1); zinc oxide (p.1621·2).
Leg ulcers; medicated bandage.

Quinacris *Cristalia, Braz.*
Chloroquine hydrochloride (p.599·2).
Malaria.

Quinaglute *Schering, S.Afr.*
Quinidine gluconate (p.1383·2).
Arrhythmias.

Quinalar *Leti Gentek, Venez.*
Quinapril hydrochloride (p.1382·2).

QuinaLich *Winthrop, Ger.*
Quinapril hydrochloride (p.1382·2).
Hypertension.

QuinaLich comp *Winthrop, Ger.*
⊗ Quinapril hydrochloride (p.1382·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Quinaplus *Aliud, Ger.; Stada, Ger.*
⊗ Quinapril hydrochloride (p.1382·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Quinapril comp *Betapharm, Ger.; Hexal, Ger.*
⊗ Quinapril hydrochloride (p.1382·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Quinapro *Biex, Irl.*
Quinapril hydrochloride (p.1382·2).
Heart failure; hypertension.

Quinaretic *Amide, USA; Leti Gentek, Venez.*
⊗ Quinapril hydrochloride (p.1382·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Quinarsol *Cipla, India.*
Quinine dihydrochloride (p.612·3) or quinine sulfate (p.612·3).
Malaria.

Quinaspen *Pharmacare, S.Afr.*
Quinapril hydrochloride (p.1382·2).
Heart failure; hypertension.

Quinate *Aspen, Austral.*
Quinine sulfate (p.612·3).
Malaria.

Quinax *Alcon, Hong Kong; Alcon, Philipp.; Alcon, Pol.; Alcon, Rus.; Alcon, Singapore; Alcon, Thai.*
Azapentacene polysulfonate sodium (p.2262·2).
Cataract.

Quinazide *Malesci, Ital.*
⊗ Quinapril hydrochloride (p.1382·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Quinazil *Malesci, Ital.*
Quinapril hydrochloride (p.1382·2) or quinaprilat (p.1382·3).
Heart failure; hypertension.

Quinbisul *Aspen, Austral.*
Quinine bisulfate (p.612·2).
Malaria; nocturnal leg cramps.

Quindoleina *Gastroenterologicos, Mex.†.*
Clioquinol (p.254·1).
Amoebiasis.

Quini *Astra, Mex.†.*
Quinidine bisulfate (p.1383·1).
Arrhythmias.

Quinicardine *Barrenne, Braz.; Adilna, Turk.*
Quinidine sulfate (p.1383·2).
Arrhythmias.

Quinidex *Robins, USA†.*
Quinidine sulfate (p.1383·2).
Arrhythmias.

Quiniduran *Teva, Israel.*
Quinidine bisulfate (p.1383·1).
Arrhythmias.

Quinil *Tillomed, UK.*
Quinapril (p.1382·3).
Heart failure; hypertension.

Quinimax *Sanofi-Aventis, Fr.*
Quinine gluconate (p.614·3) or quinine hydrochloride (p.612·3); quinidine gluconate (p.1383·2) or quinidine hydrochloride (p.1385·1); cinchonine hydrochloride (p.2282·3); cinchonidine hydrochloride (p.2282·3).
Malaria.

Quininga *Inga, India.*
Quinine dihydrochloride (p.612·3) or quinine sulfate (p.612·3).
Malaria.

Quinivax-in *Valda, Ital.†.*
A diphtheria, tetanus, pertussis, poliomyelitis, and Haemophilus influenzae vaccine (p.2212·1).
Active immunisation.

Quinobact *Alcon, India; Nicholas Piramal, India.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Quinobiot *Andromaco, Chile.*
Levofloxacin (p.292·2).
Bacterial infections.

Quinobiotic *Pharos, Indon.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Quinocin *Vida, Hong Kong.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Quinocort
Note.This name is used for preparations of different composition.
Quinoderm, Irl.†.
⊗ Potassium hydroxyquinoline sulfate (p.2323·2); hydrocortisone (p.1535·2).
Infected skin disorders.

Oftalmi, Venez.
⊗ Ciprofloxacin hydrochloride (p.243·3); dexamethasone (p.1526·1).
Infected eye disorders.

Quinoctal *Fawns & McAllan, Austral.†.*
Quinine sulfate (p.612·3).
Malaria; nocturnal cramps.

Quinoderm *Quinoderm, Irl.; Aventis, S.Afr.; Ferndale, UK.*
Benzoyl peroxide (p.1590·2); potassium hydroxyquinoline sulfate (p.2323·2).
Acne; folliculitis; skin disorders.

Quinoderm Antibacterial Face Wash *Ferndale, UK.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1); detergents.
Skin cleanser; soap substitute.

Quinodermil *Oftalder, Port.†.*
Clioquinol (p.254·1).

Quinodermil-AS *Edol, Port.*
Salicylic acid (p.1612·2); clioquinol (p.254·1).
Infected skin disorders.

Quinodis *Grunenthal, Ger.†.*
Fleroxacin (p.276·2).
Bacterial infections.

Quinoflex *Mepha, Port.†.*
Norfloxacin (p.309·2).
Bacterial infections.

Quinoflox
Biolab Sanus, Braz.
Ciprofloxacin hydrochloride (p.243·3) or ciprofloxacin lactate (p.243·3).
Bacterial infections.

Diba, Mex.
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Quinoflox Otico *Diba, Mex.*
Ciprofloxacin hydrochloride (p.243·3); lidocaine hydrochloride (p.1862·3).
Bacterial ear infections.

Quinoform
Note. A similar name is used for preparations of different composition (see below).
EMS, Braz.
Norfloxacin (p.309·2).
Bacterial infections.

Quinoforme
Note. A similar name is used for preparations of different composition (see above).
Sanofi Synthelabo, Fr.†.
Basic quinine formate (p.614·3).
Malaria.

Quinoftal *Oftalmi, Venez.*
Ciprofloxacin (p.243·3).
Bacterial eye infections.

Quinomed *Bausch & Lomb, Arg.*
Ofloxacin (p.310·2).
Bacterial eye infections.

Quinoret *Darier, Mex.*
Hydroquinone (p.1598·2); vitamin A (p.1971·2).
Skin pigmentation disorders; sun-induced skin damage.

Quinoret Forte *Darier, Mex.*
Hydroquinone (p.1598·2).
Skin pigmentation disorders.

Quinortar *Iquinosa, Spain†.*
Coal tar (p.1616·2); chlorquinaldol (p.242·3); titanium dioxide (p.1617·3).
Skin disorders.

Quinoryl *ACME, Philipp.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Quinosul *Parggon, Mex.*
Diiodohydroxyquinoline (p.832·1).
Diarrhoea.

Quinotic *Oftalmi, Venez.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial ear infections.

Quinotic HC *Oftalmi, Venez.*
⊗ Ciprofloxacin hydrochloride (p.243·3); hydrocortisone (p.1535·2).
Otitis externa.

Quinovid *Mugi, Indon.*
Ofloxacin (p.310·2).
Bacterial infections.

Quinox *Labesfal, Port.*
Ciprofloxacin (p.243·3) or ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Quinoxan *Teuto, Braz.†.*
Ofloxacin (p.310·2).
Bacterial infections.

Quinradon-N *Hua, Thai.*
Diiodohydroxyquinoline (p.832·1); nystatin (p.543·2); boric acid (p.2268·1); phosphoric acid (p.2367·1).
Vaginal infections.

Quinsana Plus *Mennen, USA.*
Tolnaftate (p.548·3).
Fungal skin infections.

Quinsul *Lennon, Austral.*
Quinine sulfate (p.612·3).
Malaria; nocturnal leg cramps.

Quintabs *Freeda, USA.*
A range of vitamin preparations (p.1922·1).

Quintanrix *GSK, Cz.; GSK, Neth.; GSK, Port.*
A diphtheria, tetanus, pertussis, hepatitis B, and haemophilus influenzae vaccine (p.2211·2).
Active immunisation.

Quintelmin *EMS, Braz.†.*
Mebendazole (p.148·3).
Worm infections.

Quintex *Therabel, Belg.†.*
Butamirate citrate (p.1553·1).
Coughs.

Quintonine *GSK Sante, Fr.*
Cinnamon (p.2283·1); kola (p.2416·1); dried bitter-orange peel (p.2357·1); cinchona bark (p.2282·3); quassia (p.2377·1); gentian (p.2310·3).
Asthenia.

Quintopan *GSK Sante, Fr.†.*
Chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2); sodium benzoate (p.1630·2).
Coughs.

Quintor
Torrent, Cz.†.
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Torrent, Rus.
Ciprofloxacin (p.243·3) or ciprofloxacin lactate (p.243·3).
Bacterial infections.

Quiprime *Zynova, Philipp.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Quipro *Andromaco, Cz.†; Stada, Spain.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Quiralam *Retrain, Spain.*
Dexketoprofen trometamol (p.73·1).
Pain.

Quirgel *Juste, Spain.*
Dexketoprofen trometamol (p.73·1).
Inflammation; pain.

Quirocaine *Abbott, Mex.*
Levobupivacaine hydrochloride (p.1862·1).
Local anaesthesia.

Quisegen *Lafedar, Arg.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial eye infections.

Quiss *Jagson, India.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Quit *Aspen Consumer, S.Afr.*
Nicotine (p.2352·2).
Aid to smoking withdrawal.

Quitacallos *Farmo Quimica, Chile.*
Salicylic acid (p.1612·2) in amyl acetate.
Callouses; keratoses; warts.

Quitadol *Biomep, Mex.*
Paracetamol (p.108·1).
Pain.

Quitadrill *Pierre Fabre Sante, Fr.*
Mequitazine (p.585·3).
Hypersensitivity.

Quitaxon *Nepalm, Fr.*
Doxepin hydrochloride (p.389·1).
Depression.

Quitoso
Note.This name is used for preparations of different composition.
Elisium, Arg.†.
Pyrethrins (p.2049·3); piperonyl butoxide (p.2049·1).
Pediculosis.

Lepori, Port.
Permethrin (p.2048·2).
Formerly contained pyrethrins and piperonyl butoxide.
Pediculosis.

Quitoso NF *Elisium, Arg.*
Permethrin (p.2048·2).
Pediculosis.

QuitX *Alphapharm, Austral.*
Nicotine (p.2352·2).
Aid to smoking withdrawal.

Quixidar *GSK, Neth.; GSK, Port.†.*
Fondaparinux sodium (p.1291·1).
Prophylaxis of deep-vein thrombosis; thromboembolic disorders.

Quixil
Note.This name is used for preparations of different composition.
Ethicon, Fr.
Solution I, human clottable proteins; tranexamic acid (p.1080·3); solution II, thrombin (p.1080·1); calcium chloride (p.1675·2).
Haemorrhage.

Omrix, Ger.; Johnson & Johnson, Ital.; Omrix, Neth.
1 Vial, fibrinogen (p.1070·1); fibronectin (p.2304·1); tranexamic acid (p.1080·3); 1 vial, thrombin (p.1080·1); calcium chloride (p.1675·2).
Haemorrhage.

Omrix, Israel.
Human clottable proteins; human alpha thrombin (p.1080·1); calcium chloride (p.1675·2).
Haemorrhage.

Omrix, Port.
Thrombin (p.1080·1); calcium chloride (p.1675·2); plasma (p.1075·2); tranexamic acid (p.1080·3).
Haemorrhage.

Quixin *Santen, USA.*
Levofloxacin (p.292·2).
Bacterial conjunctivitis.

Quntasol *Biosynthesis, Rus.*
Sodium chloride; potassium chloride; calcium chloride; magnesium chloride; sodium acetate (p.1667·1).
Fluid and electrolyte disorders.

Quocel *Rayere, Mex.*
Quinfamide (p.846·2).
Amoebiasis.

Quocin *Isdin, Spain.*
Acetic acid (p.2244·2); salicylic acid (p.1612·2).
Callosities.

Quomem *Allen, Austria; Glaxo Allen, Ital.†; GSK, Neth.; GSK, Spain; GSK, Thai.*
Bupropion hydrochloride (p.383·1).
Aid to smoking withdrawal.

Quool *Allmi-Care, UK.*
Menthol (p.2340·1).
Musculoskeletal pain.

Quota *Abbott, Ital.*
Mesalazine (p.1745·1).
Ulcerative colitis.

Quotal NF *BMS, Arg.†.*
Chloramphenicol sodium succinate (p.240·1).
Bacterial infections.

Quotane *Zambon, Fr.*
Quinisocaine hydrochloride (p.1870·3).
Pruritus.

Quotavil *Quality, Hong Kong.*
Ofloxacin (p.310·2).
Bacterial infections.

Quotivit O.E. *Mayoly-Spindler, Fr.*
Multivitamin and mineral preparation (p.1922·1).

Qura *Bernabo, Arg.*
Bromhexine hydrochloride (p.1552·2); pseudoephedrine sulfate (p.1571·2); paracetamol (p.108·1). Formerly contained astemizole, bromhexine hydrochloride, pseudoephedrine sulfate, and paracetamol.
Influenza symptoms.

Qura Nasal *Bernabo, Arg.*
Phenylephrine (p.1568·1).
Nasal congestion.

Qura Plus *Bernabo, Arg.*
Paracetamol (p.108·1); pseudoephedrine sulfate (p.1571·2); bromhexine hydrochloride (p.1552·2); chlorphenamine maleate (p.571·3).
Cold symptoms.

Qutifar *Ifars, Indon.*
Hydroquinone (p.1598·2).
Skin hyperpigmentation.

QV
Note. This name is used for preparations of different composition.
Ego, Austral.; Ego, Hong Kong; Ego, Malaysia; Ego, NZ; Ego, Singapore.
Soap substitute; bath additive; emollient.
Skin disorders.

Ego, Malaysia.
Face Moisturising Cream SPF 25: Avobenzone (p.1589·3); octinoxate (p.1608·2); titanium dioxide (p.1617·3).
Emollient; sunscreen.

QV Flare Up *Ego, Malaysia; Ego, Singapore.*
Benzalkonium chloride (p.1629·1); light liquid paraffin (p.2031·1); triclosan (p.1665·2).
Eczema; eczema with staphylococcal infection.

QV Lip Balm
Ego, Hong Kong; Ego, Malaysia; Ego, NZ; Ego, Singapore.
Avobenzone (p.1589·3); octinoxate (p.1608·2).
Dry, cracked, or chapped lips; sunscreen.

Ego, Austral.
SPF 20: Avobenzone (p.1589·3); octinoxate (p.1608·2).
Dry, cracked, or chapped lips.

Qvar *3M, Arg.†; 3M, Austral.; UCB, Belg.; 3M, Canad.; Ivax, Fr.; Lavipharm, Gr.; 3M, Hong Kong; Ivax, Irl.; 3M, Malaysia; 3M, NZ; Ivax, Neth.; 3M, Philipp.; 3M, S.Afr.; 3M, Singapore†; UCB, Spain†; Ivax, UK; Ivax, USA.*
⊗ Beclometasone dipropionate (p.1516·2).
Asthma; obstructive airways disease.

Q-Vax *CSL, Austral.*
An inactivated Q fever vaccine (p.2233·3).
Active immunisation.

QX 10 *Sigma, Arg.*
Folic acid (p.1940·1); pyridoxine (p.1979·1); cobalamin (p.1980·2); ubidecarenone (p.2407·2).
Folic acid deficiency anaemias; hyperhomocysteinaemia; tonic.

QX 100 *Sigma, Arg.*
Ubidecarenone (p.2407·2).
Chronic fatigue syndrome; mental function impairment.

R & C
GSK Consumer, Canad.
Shampoo: Pyrethrins (p.2049·3); piperonyl butoxide (p.2049·1).
Pediculosis.

GSK Consumer, Canad.
Spray: Pyrethrins (p.2049·3); piperonyl butoxide (p.2049·1).
Surface and textile insecticide.

R Calm *Labima, Belg.*
Diphenhydramine hydrochloride (p.577·2).
Allergic conjunctivitis; allergic rhinitis; pruritus; urticaria.

RA Lotion *Medco, USA.*
Resorcinol (p.1612·1); calamine (p.1591·2); borax (p.2268·1).
Acne.

RA Morph *Pfizer, NZ.*
⊗ Morphine hydrochloride (p.86·3).
Pain.

RabAvert *Merck Frosst, Canad.; Chiron, USA.*
A rabies vaccine (Flury LEP strain) (p.2234·1).
Active immunisation.

Rabbit Balm *Millimed, Thai.*
Methyl salicylate (p.85·3); menthol (p.2340·1); eucalyptus oil (p.2301·2).
Insect bites; musculoskeletal pain and inflammation.

Rabec *Phoenix, Arg.*
Rabeprazole sodium (p.1765·1).
Gastro-oesophageal reflux; peptic ulcer.

Rabeloc *Cadila Pharma, India.*
Rabeprazole sodium (p.1765·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rabicip *Cipla, India.*
Rabeprazole sodium (p.1765·1).
Gastro-oesophageal reflux; peptic ulcer.

Rabies-Imovax *Sanofi Pasteur, Denm.; Sanofi Pasteur, Fin.; Sanofi Pasteur, Norw.; Sanofi Pasteur, Swed.*
A rabies vaccine (human diploid cell culture) (p.2234·1).
Active immunisation.

Rabigam *NBI, S.Afr.*
A rabies immunoglobulin (p.2233·3).
Passive immunisation.

Rabinefil *Itaca, Braz.†.*
Vinblastine (p.786·3).
Malignant neoplasms.

Rabiodina *Biofarma, Braz.†.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rabipor *Biovac, S.Afr.*
A rabies vaccine (p.2234·1).
Active immunisation.

Rabipur *CSL, Austral.; Grunenthal, Austria; Novartis Vaccines, Cz.; Socopharm, Fr.; Chiron Vaccines, Ger.; Aventis, India; Chiron Behring, Israel; Chiron, Ital.; Chiron, Neth.; Chiron Vaccines, Philipp.; Novartis Vaccines, Port.; Chiron Vaccines, Thai.; Chiron Vaccines, UK.*
An inactivated rabies vaccine (Flury LEP strain) (p.2234·1).
Active immunisation.

Rabivac *Chiron Behring, Ger.†; Berk, Turk.*
A rabies vaccine (Pitman-Moore strain grown on human diploid cell cultures) (p.2234·1).
Active immunisation.

Rabivax *Serum Institute, India.*
A rabies vaccine (p.2234·1).
Active immunisation.

Rablas *Medichrom, Gr.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Rabolan *Rafarm, Gr.*
Losartan (p.1327·2).
Hypertension.

Rabro N *Teofarma, Ger.*
Calcium carbonate (p.1714·1); liquorice (p.1740·3); magnesium oxide (p.1744·1).
Gastrointestinal hyperacidity; heartburn.

Rabugen *Unison, Hong Kong; Unison, Malaysia.*
Domperidone (p.1726·2).
Gastrointestinal disorders; nausea and vomiting.

Rabugen-M *Unison, Thai.*
Domperidone maleate (p.1726·3).
Delayed gastric emptying; nausea and vomiting.

Rabuman *Berna, Hong Kong†; Berna, Switz.; Berna, Thai.†.*
A rabies immunoglobulin (p.2233·3).
Passive immunisation.

Racep *Samjin, Philipp.; Unimex, Philipp.*
Cefradine (p.233·1).
Bacterial infections.

Racestyptine *Septodont, Switz.*
Aluminium chloride (p.1588·2).
Dental and gum disorders.

Racetam *Samjin, Singapore.*
Piracetam (p.368·2).
Cerebral trauma; cerebrovascular disorders.

Raclonid *Actavis, Indon.*
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Racol *Otsuka, Jpn.*
Preparation for enteral nutrition (p.1922·1).

Racovel *Cryopharma, Mex.*
Levodopa (p.804·3); carbidopa (p.803·1).
Parkinsonism.

Radacef *Vianex (Βιανέξ), Gr.*
Ceforanide (p.227·3).
Bacterial infections.

Radacefe *BMS, Port.*
Cefprozil (p.232·2).
Bacterial infections.

Radalgin *Streuli, Switz.*
Nonivamide (p.96·2); methyl nicotinate (p.85·3); glycol salicylate (p.62·3); histamine hydrochloride (p.2319·2).
Musculoskeletal pain; sports injuries.

Radan *Marjan, Braz.†.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Radanil *Roche, Arg.*
Benznidazole (p.830·3).
American trypanosomiasis.

Radedorm *AWD, Ger.; AWD, Rus.*
Nitrazepam (p.1011·2).
Sleep disorders.

Radepur *AWD, Ger.*
Chlordiazepoxide (p.968·1).
Anxiety disorders; insomnia.

Radermin *Viofar, Gr.*
Etofenamate (p.53·1).
Inflammatory disorders.

RadiaGel *Carrington, USA.*
Acemannan (p.2244·2).
Radiation wounds.

Radialar 280 *Juste, Spain.*
Meglumine amidotrizoate (p.1475·3).
Radiographic contrast medium.

Radian-B
Note. This name is used for preparations of different composition.
Radiol, Israel.
Cream: Menthol (p.2340·1); camphor (p.2273·2); methyl salicylate (p.85·3); capsicum oleoresin (p.2276·2).
Musculoskeletal, joint, and soft-tissue disorders.

Roche Consumer, Austral.†.
Liniment: Menthol (p.2340·1); camphor (p.2273·2); ammonium salicylate (p.19·2); methyl salicylate (p.85·3); ethyl salicylate (p.52·1).
Musculoskeletal and joint disorders; soft-tissue disorders.

Radiol, Israel.
Liniment; topical spray: Aspirin (p.20·3); menthol (p.2340·1); camphor (p.2273·2); methyl salicylate (p.85·3).
Musculoskeletal, joint, and soft-tissue disorders.

Ransom, UK.
Liniment; topical spray: Menthol (p.2340·1); camphor (p.2273·2); ammonium salicylate (p.19·2); salicylic acid (p.1612·2); methyl salicylate (p.85·3).
Musculoskeletal and joint disorders.

Roche Consumer, Irl.†.
Lotion; topical spray: Menthol (p.2340·1); camphor (p.2273·2); ammonium salicylate (p.19·2); salicylic acid (p.1612·2).
Musculoskeletal pain.

Roche Consumer, Austral.†.
Rub: Menthol (p.2340·1); camphor (p.2273·2); methyl salicylate (p.85·3); capsicum oleoresin (p.2276·2).
Musculoskeletal and joint disorders; soft-tissue disorders.

Roche Consumer, Irl.†.
Topical rub: Menthol (p.2340·1); camphor (p.2273·2); methyl salicylate (p.85·3); camphor oil (p.2273·3); capsaicin (p.32·3).
Musculoskeletal and soft-tissue disorders.

Ransom, UK.
Topical rub: Menthol (p.2340·1); camphor (p.2273·2); methyl salicylate (p.85·3); capsicum oleoresin (p.2276·2); camphor oil (p.2273·3).
Musculoskeletal and joint disorders.

Radian-B Ibuprofen *Ransom, UK.*
Ibuprofen (p.64·2).
Musculoskeletal pain; sports injuries.

Radian-B Red Oils *Roche Consumer, UK.*
Methyl nicotinate (p.85·3); expressed mustard oil (p.2349·2).
Musculoskeletal and joint pain.

RadiaPlex Rx *MPM, USA.*
Aloe vera (p.1588·2); sodium hyaluronate (p.2320·1).
Burns; hydrogel dressing; wounds.

Radiavit *Viofar, Gr.*
Diosmin (p.2304·2).
Capillary disorders.

Radicacine *Panalab, Arg.*
Celecoxib (p.34·2).
Osteoarthritis; rheumatoid arthritis.

Radicura *Walker, Arg.*
Boldo (p.2267·2); carqueja; canchalagua.
Digestive disorders.

Radicut
Note. This name is used for preparations of different composition.
Genepharm, Cz.
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Mitsubishi, Jpn.
Edaravone (p.1275·3).
Cerebral infarction.

Radiesse *BioForm, USA.*
Calcium hydroxyapatite (p.2323·1).
Facial lipoatrophy; facial wrinkles and folds.

Radifree *Nikkho, Braz.*
Grape seed (p.2316·3).
Cardiovascular disorders.

Radigen *Medipharm, Chile.*
Risperidone (p.1024·2).
Psychoses.

Radikal *Sandipro, Belg.*
Malathion (p.2046·1).
Pediculosis.

Radilem *Lemery, Mex.*
⊗ Methylprednisolone acetate (p.1538·2).
Corticosteroid.

Radin *Dexa, Hong Kong; Dexa, Indon.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; pathological hypersecretory disorders; peptic ulcer; Zollinger-Ellison syndrome.

Radina *Amhof, Arg.*
Tobramycin (p.354·1).
Bacterial eye infections.

Radina Dex *Amhof, Arg.*
⊗ Tobramycin (p.354·1); dexamethasone (p.1526·1).
Infected eye disorders.

Radine *Pond's, Thai.†.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Radio Salil
Note. This name is used for preparations of different composition.
Vinas, Spain.
Cream: Camphor (p.2273·2); methyl nicotinate (p.85·3); methyl salicylate (p.85·3); salicylic acid (p.1612·2); menthol (p.2340·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Vinas, Spain.
Spray: Camphor (p.2273·2); diethylamine salicylate (p.47·2); menthol (p.2340·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Radiogardase *Heyl, USA.*
Prussian blue (p.1461·3).
Exposure to caesium-137 or thallium.

Radiogardase-Cs *Heyl, Cz.; Heyl, Ger.*
Prussian blue (p.1461·3).
Reduction in body-half-life of radiocaesium.

Radiomiron *Schering, Chile.*
Iopamidol (p.1483·3).
Radiographic contrast medium.

Radiopaque *Dabur, India.*
Iohexol (p.1483·1).
Radiographic contrast medium.

Radioselectan *Schering, Fr.*
Sodium amidotrizoate (p.1475·3); meglumine amidotrizoate (p.1475·3).
Radiographic contrast medium.

Radipon *Teva, Hung.*
Emetine hydrochloride (p.833·3); phenobarbital (p.492·2); codeine (p.37·2); ammonium chloride (p.1551·3).
Bronchitis.

Radirex *Herbapol Wroclaw, Pol.*
Rhubarb (p.1768·3).
Constipation; obesity.

Radite *Walker, Arg.*
Camellia sinensis (p.2416·1).

Radivit *Molex Ayus, Indon.*
Betacarotene; vitamin E; vitamin C; selenium; zinc (p.1922·1).
Nutritional supplement.

Radix
Note. This name is used for preparations of different composition.
Streuli, Switz.†.
Ointment: Camphor (p.2273·2); methyl salicylate (p.85·3); cod-liver oil (p.1935·2); eucalyptus oil (p.2301·2); mint oil (p.2345·2); sage oil (p.2382·3).
Cold symptoms; musculoskeletal pain; neuralgia.

Streuli, Switz.
Poultice: Aspirin (p.20·3); ichthammol (p.1599·1); chamomile (p.2279·3); methyl salicylate (p.85·3); mint oil (p.2345·2); iodine (p.2169·2).
Burns; cold symptoms; musculoskeletal, joint, and soft-tissue disorders; skin disorders.

Radol
Note. This name is used for preparations of different composition.
Pyridam, Indon.
Tramadol hydrochloride (p.130·3).
Pain.

Julphar, UAE.
Dichloroxylenol (p.1642·2); clorophene (p.1641·1).
Disinfectant.

Rado-Salil *Will-Pharma, Belg.*
Ethyl salicylate (p.52·1); methyl salicylate (p.85·3); glycol salicylate (p.62·3); salicylic acid (p.1612·2); camphor (p.2273·2); menthol (p.2340·1); capsicum oleoresin (p.2276·2).
Lumbago; musculoskeletal, joint, and soft-tissue disorders.

Rado-Spray *Will-Pharma, Belg.†.*
Lidocaine hydrochloride (p.1862·3); glycol salicylate (p.62·3); methyl nicotinate (p.85·3).
Musculoskeletal pain; sports injuries.

Raductil *Abbott, Arg.†; Abbott, Mex.*
⊗ Sibutramine hydrochloride (p.2163·2).
Obesity.

Radycodin *Radyum, Turk.*
⊗ Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2); ephedrine (p.1558·1).
Respiratory-tract congestion.

Radyn *Arlex, Mex.*
Ranitidine (p.1766·1).
Gastric hyperacidity; peptic ulcer.

Rafacalcin *Rafarm, Gr.*
Calcitonin (p.1093·1).
Osteoporosis.

Rafapen V-K *Rafa, Israel.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Rafapen Mega *Rafa, Israel.*
Phenoxymethylpenicillin (p.314·1).
Bacterial endocarditis prophylaxis.

Rafassal *Rafa, Israel.*
Mesalazine (p.1745·1).
Inflammatory bowel disease.

Rafathricin with Benzocaine *Rafa, Israel.*
Tyrothricin (p.358·2); benzocaine (p.1854·1).
Mouth and throat disorders.

Rafazocine *Rafa, Israel†.*
⊗ Pentazocine (p.112·2).
Pain.

Rafen *Alphapharm, Austral.*
Ibuprofen (p.64·2).
Fever; inflammation; musculoskeletal and joint disorders; pain.

Raffo-Ca *Raffo, Arg.*
Calcium citrate (p.1675·3).
Osteoporosis.

Raffolutil *Raffo, Arg.*
Bicalutamide (p.686·2).

Raffonin *Raffo, Chile.*
⊗ Fluticasone propionate (p.1533·2).
Allergic rhinitis.

Raffreddoremed *Iodosan, Ital.*
⊗ Paracetamol (p.108·1); isopropamide iodide (p.1736·3); dimetofrine hydrochloride (p.1268·1); caffeine (p.1116·3); chlorphenamine maleate (p.571·3); ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Rafocilina *Raffo, Arg.*
Ofloxacin (p.310·2).
Bacterial ear infections.

Rafofer *Raffo, Chile.*
Iron sucrose (p.1953·2).
Iron-deficiency anaemia.

Rafree *Reddy, Malaysia.*
Meloxicam (p.80·3).
Ankylosing spondylitis; osteoarthritis; rheumatoid arthritis.

Raftace
Note.This name is used for preparations of different composition.
Wockhardt, India.
Oral liquid: Sodium alginate (p.2141·1); magnesium trisilicate (p.1744·1); aluminium hydroxide (p.1706·2).
Dyspepsia; gastro-oesophageal reflux; hiatus hernia.

Wockhardt, India.
Tablets: Alginic acid (p.2140·3); magnesium trisilicate (p.1744·1); aluminium hydroxide (p.1706·2); sodium bicarbonate (p.1673·2).
Dyspepsia; gastro-oesophageal reflux; hiatus hernia.

Raft-Eze *Pinewood, UK.*
Sodium bicarbonate (p.1673·2); sodium alginate (p.2141·1); calcium carbonate (p.1714·1).
Gastro-oesophageal reflux.

Rafton *Ferring, Fr.*
⊗ Budesonide (p.1520·1).
Chronic diarrhoea associated with collagenous colitis.

Ragaden *Ganassini, Ital.*
Cetylpyridinium chloride (p.1635·1).
Nipple disinfection.

Ragex *AGIPS, Ital.*
Ceftriaxone sodium (p.237·1).
Lidocaine (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Ragonil *Roche, Ecuad.*
Benznidazole (p.830·3).
Protozoal infections.

Rahistin *Kimia, Indon.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; urticaria.

Raigin *Gelcaps, Mex.†.*
Ginseng (p.2312·1).
Tonic.

Raikocef *Mediolanum, Ital.*
Cefonicid sodium (p.226·2).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Gram-negative bacterial infections.

Raivas *Dexa, Indon.*
⊗ Noradrenaline acid tartrate (p.1360·1).
Cardiac arrest; hypotension.

Ralcidin *Shreya, India.*
Chlorphenamine maleate (p.571·3); paracetamol (p.108·1); phenylephrine hydrochloride (p.1568·1); caffeine (p.1116·3).
Cold symptoms.

Ralenost *Ranbaxy, Cz.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Ralenova *Wyeth, Ger.*
Mitoxantrone hydrochloride (p.754·1).
Multiple sclerosis.

Ralgec *IAE, Philipp.*
Mefenamic acid (p.80·1).
Fever; pain.

Ralgen *Zentiva, Hung.*
Tramadol hydrochloride (p.130·3).
Pain.

Ralgex
Note.This name is used for preparations of different composition.
SSL, UK.
Cream: Glycol salicylate (p.62·3); methyl nicotinate (p.85·3); capsicum oleoresin (p.2276·2).
Musculoskeletal and joint disorders.

SSL, UK.
Topical stick: Glycol salicylate (p.62·3); ethyl salicylate (p.52·1); methyl salicylate (p.85·3); capsicum oleoresin (p.2276·2); menthol (p.2340·1).
Musculoskeletal and joint disorders.

Ralgex Freeze Spray *SSL, UK.*
Isopentane; dimethyl ether (p.1689·2); glycol monosalicylate (p.62·3).
Musculoskeletal and joint disorders.

Ralgex Heat Spray (low-odour) *SSL, UK.*
Glycol monosalicylate (p.62·3); methyl nicotinate (p.85·3).
Musculoskeletal and joint disorders.

Ralicid *Sanochemia, Austria.*
Indometacin (p.66·3).
Gout; inflammation; musculoskeletal, joint, and periarticular disorders; oedema; pain.

Ralinet *Coup, Gr.*
Loratadine (p.583·3).
Allergic rhinitis; pruritus.

Ralista *Cipla, India.*
⊗ Raloxifene hydrochloride (p.2128·1).
Osteoporosis.

Ralix *Cypress, USA.*
Chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); hyoscine methonitrate (p.1734·2).
Upper respiratory-tract disorders.

Ralizon *Leovan, Gr.*
Cetirizine hydrochloride (p.570·3).

Ralodantin *Pharmacia, Austral.†.*
Nitrofurantoin (p.308·1).
Urinary-tract infections.

Ralofekt *Temmler, Ger.*
Pentoxifylline (p.1367·2).
Peripheral vascular disorders; vascular disorders of the eye or ear.

Ralopar *Sanofi-Aventis, Port.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Ralovera *Pfizer, Austral.*
Medroxyprogesterone acetate (p.2113·1).
Abnormal uterine bleeding; adjunct to oestrogen therapy; amenorrhoea; endometriosis; malignant neoplasms.

Ralser *Serral, Mex.*
Enalapril (p.1276·1).
Hypertension.

Ralsifen-X *Serral, Mex.*
⊗ Tamoxifen (p.775·1).
Breast cancer.

Ralur *Drossapharm, Switz.†.*
Heparin sodium (p.1301·2); indometacin (p.66·3); lauromacrogol 400 (p.1916·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Ramace *Sanofi-Aventis, Austral.; AstraZeneca, Belg.; AstraZeneca, Denm.; AstraZeneca, Fin.†; Teva, Hung.; Astra, Mex.†; AstraZeneca, S.Afr.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Ramace Plusz *PharmaConsult, Hung.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramadine *Apotex, Philipp.; Pharma 3, Philipp.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ramcor *Ipca, India.*
Ramipril (p.1385·3).
Heart failure; hypertension.

Ramcor H *Ipca, India.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramend *Queisser, Ger.*
Senna (p.1769·2).
Constipation.

Ramend Krauter *Queisser, Ger.†.*
Senna (p.1769·2); maté (p.2416·1); coriander (p.2288·1); fennel (p.2302·3); aniseed (p.2258·2).
Constipation.

Ramet Dalibour *Tradiphar, Fr.*
Copper sulfate (p.1935·3); zinc sulfate (p.1999·2).
Skin cleaning and disinfection.

Ramet Pain *Tradiphar, Fr.*
Copper sulfate (p.1935·3); zinc sulfate (p.1999·2).
Skin cleansing and disinfection.

Ramfin *Biolab, Malaysia†; Biolab, Thai.†.*
Rifampicin (p.325·3).
Gonorrhoea; leprosy; tuberculosis.

Rami Slijmoplossende *Chefaro, Neth.*
Carbocisteine (p.1553·2).
Coughs.

Ramic *Pinewood, Irl.*
Ramipril (p.1385·3).
Heart failure; hypertension; myocardial infarction; nephropathy.

Ramicard *Stada, Cz.; AWD, Ger.; Stada, Hung.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; hypertension.

Ramicard Plus *AWD, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramicin *Westmont, Indon.*
Rifampicin (p.325·3).
Leprosy; tuberculosis.

Ramicin-ISO *Westmont, Indon.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Leprosy; tuberculosis.

Ramicomp *Genericon, Austria.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramicor *Ranbaxy, Pol.*
Ramipril (p.1385·3).
Heart failure; hypertension; myocardial infarction.

Ramicor Comb *Ranbaxy, Pol.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramicor D *Sanofi-Aventis, Port.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramicort *GMP, Indon.*
⊗ Hydrocortisone (p.1535·2); chloramphenicol (p.239·3).
Ear disorders.

Rami-Dextromethorfan *Chefaro, Neth.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Ramidox *Errekappa, Ital.†.*
Loperamide oxide (p.1741·2).
Diarrhoea.

Ramigamma *Worwag, Ger.*
Ramipril (p.1385·3).
Hypertension.

Ramigamma HCT *Worwag, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramik *Neves, Port.*
Ramipril (p.1385·3).
Heart failure; hypertension; myocardial infarction; nephropathy.

Ramil *Zentiva, Cz.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; heart failure; hypertension; nephropathy.

Ramil H *Zentiva, Cz.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

RamiLich *Winthrop, Ger.*
Ramipril (p.1385·3).
Hypertension.

RamiLich comp *Winthrop, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramilo *Rowex, Irl.*
Ramipril (p.1385·3).
Heart failure; hypertension.

Ramipharm *1A, Austria; Pharma & Co, Austria.*
Ramipril (p.1385·3).
Heart following myocardial infarction; hypertension.

Ramipharm comb *Pharma & Co, Austria.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramiplus *Aliud, Ger.; Stada, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramipres *Pasteur, Chile; Cipla, India.*
Ramipril (p.1385·3).
Heart failure; hypertension.

Ramipres H *Cipla, India.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramipril comp *ABZ, Ger.; Betapharm, Ger.; CT, Ger.; Hexal, Ger.; Ratiopharm, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramipril HCT *Sandoz, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramipril HCTad *TAD, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramipril Plus *Basics, Ger.; Merck dura, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Rami-Q comp *Juta, Ger.; Q-Pharm, Ger.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramiril *Micro, Thai.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; heart failure; hypertension; myocardial infarction.

Ramistada *Stada, Cz.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; hypertension.

Ramistos *Pasteur, Chile.*
⊗ Codeine (p.37·2); bromoform (p.2269·3); belladonna (p.2263·3); lobelia (p.2157·2); drosera (p.2297·3); grindelia (p.2317·2).
Respiratory-tract disorders.

Ramitab-HCT *Tiefenbacher, Neth.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramitens *Rafa, Israel.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; heart failure; hypertension.

Ramitop *Pascual, Philipp.*
Tobramycin (p.354·1).
Eye infections.

Ramitren *Ozone, Cz.*
Ramipril (p.1385·3).
Heart failure; hypertension; nephropathy.

Ramivan *Medipharm, Chile.*
Roxithromycin (p.331·1).
Bacterial infections.

Ramiwin *Zentiva, Hung.; Aventis, S.Afr.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Ramiwin HCT *Zentiva, Hung.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramixa Plus H *Ingers, Cz.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ramixal *Sandoz, Indon.*
Ramipril (p.1385·3).
Heart failure; hypertension.

Ramlet *Alice Loren, Gr.*
Amlodipine (p.1214·2).
Angina pectoris; hypertension.

Ramno Fix *Piam, Ital.*
Lactobacillus rhamnosus; *Lactobacillus casei casei*; *Lactobacillus acidophilus* (p.2372·3); zinc; vitamin B substances (p.1922·1).
Digestive disorders.

Ramno-Flor *Piam, Ital.†.*
Lactic-acid-producing organisms (p.2372·3).
Nutritional supplement.

Ramnoflor Plus *Medifood, Ital.*
Lactic-acid-producing organisms (p.2372·3); zinc; fructo-oligosaccharides; vitamin B substances (p.1922·1).
Restoration of gastrointestinal flora.

Ramoclav *Ranbaxy, Pol.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Ramol *Nakornpatana, Thai.*
Paracetamol (p.108·1).
Pain.

Rampicin *Shiwa, Thai.†.*
Rifampicin (p.325·3).
Gonorrhoea; leprosy; tuberculosis.

Rampil *Pharmacare, S.Afr.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; diabetic nephropathy; heart failure; hypertension.

Ramses *Durex, Canad.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Ramsons Extract *Andrae, Austria†.*
Allii ursini.
Digestive disorders.

Ramtace *Unison, Thai.*
Ramipril (p.1385·3).
Cardiovascular risk reduction; heart failure; hypertension; myocardial infarction; nephropathy.

Ramy CE *Grin, Mex.*
Ascorbic acid (p.1983·3).

Ran *Angenerico, Port.†.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ran H2 *Seid, Spain.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ran Lich *Winthrop, Ger.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranamp *Ranbaxy, S.Afr.*
Ampicillin sodium (p.204·1).
Bacterial infections.

Rancef *Ranbaxy, Austral.*
Cefalexin (p.218·2).
Bacterial infections.

Ranceph *Ranbaxy, S.Afr.*
Cefalexin (p.218·2).
Bacterial infections.

Rancil *Ranbaxy, Thai.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Ranclav
Ranbaxy, S.Afr.
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Ranbaxy, Thai.
Amoxicillin (p.202·2) or amoxicillin sodium (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Ranclor *Ranbaxy, Mex.*
Cefaclor (p.217·2).
Bacterial infections.

Ranclosil *Ranbaxy, S.Afr.†.*
Ampicillin (p.204·1); cloxacillin (p.256·1).
Bacterial infections.

Rancolid *Biotech, Venez.†.*
Roxithromycin (p.331·1).
Bacterial infections.

Rancor *Ranbaxy, Cz.*
Lovastatin (p.1328·2).
Hypercholesterolaemia.

Rancotrim *Ranbaxy, Rus.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Rancus *Mersifarma, Indon.*
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer; Zollinger-Ellison syndrome.

Randa *Kayaku, Jpn.*
Cisplatin (p.698·2).
Malignant neoplasms.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Randex Randall, Mex.
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with viscous mucus.

Randikan Randall, Mex.†.
Kanamycin (p.291·3).
Bacterial infections.

Randoclin Ranbaxy, S.Afr.†.
Doxycycline (p.267·1).
Bacterial infections; malaria.

Randum Teofarma, Ital.
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal disorders.

Ranepal Liferpal, Mex.
Ranitidine (p.1766·1).
Peptic ulcer.

Ranexa CV Therapeutics, USA.
Ranolazine (p.1386·2).
Angina pectoris.

Ranfen Ranbaxy, S.Afr.
Ibuprofen (p.64·2).
Fever; inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Ranflocs Ranbaxy, S.Afr.
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Ranfradin Ranbaxy, S.Afr.†.
Cefradine (p.233·1).
Bacterial infections.

Rangin Novartis, Hung.
Isosorbide mononitrate (p.1318·3).
Angina pectoris; heart failure.

Rani ABZ, Ger.; Alpharma-Isis, Ger.; Denk, Singapore†.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Rani 2 Alphapharm, Austral.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Raniben FIRMA, Ital.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; gastrointestinal hyperacidity; peptic ulcer; Zollinger-Ellison syndrome.

Raniberl Berlin-Chemie, Cz.†; Berlin-Chemie, Ger.; Berlin-Chemie, Pol.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; acute pancreatitis; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranibeta Betapharm, Ger.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranibloc Wolff, Ger.; Glaxo Allen, Ital.; Behrens, Venez.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; gastrointestinal hyperacidity; peptic ulcer; Zollinger-Ellison syndrome.

Ranic Hexal, Austria; Hexal, Pol.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal haemorrhage; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranicel Laboratorios Chile, Chile.
Ranitidine hydrochloride (p.1766·1).
Dyspepsia; gastric hyperacidity.

Ranicid M & H, Thai.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Raniclon Sandoz, Gr.
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Raniclor
Note.This name is used for preparations of different composition.
Ciforma, Braz.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranbaxy, USA.
Cefaclor (p.217·2).
Bacterial infections.

Ranicodan Pharmacodane, Denm.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranicur Merck, Fin.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranicux TAD, Ger.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranidex OFF, Ital.
Ranitidine hydrochloride (p.1766·1).
Gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranidil Menarini, Ital.
Ranitidine hydrochloride (p.1766·1).
Gastrointestinal hyperacidity; peptic ulcer gastro-oesophageal reflux; Zollinger-Ellison syndrome.

Ranidin Uniao Quimica, Braz.; Faes, Spain.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranidina Bunker, Braz.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ranidine
Greenpharma, Braz.; Biolab, Singapore.
Ranitidine (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; reduction of gastrointestinal secretion; Zollinger-Ellison syndrome.

Biolab, Thai.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranidura T Merck dura, Ger.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranifarm Continentales, Mex.
Ranitidine (p.1766·1).
Gastric hyperacidity; peptic ulcer.

Ranifesa Organifar, Venez.†.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Raniflex Royton, Braz.†.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ranifur Ivax, Mex.
Ranitidine (p.1766·1) or ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranigast Polpharma, Pol.; Polpharma, Rus.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; gastrointestinal haemorrhage; heartburn; peptic ulcer; Zollinger-Ellison syndrome.

Raniger Streger, Mex.
Ranitidine (p.1766·1).

Ranigyl Pharmaniaga, Malaysia†; Raza, Malaysia†.
Metronidazole (p.837·1).
Amoebiasis; anaerobic bacterial infections; giardiasis; trichomoniasis.

Ranihexal Hexal, Austral.; Hexal, S.Afr.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranikur Opco, Denm.†.
Ranitidine (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranil Sandoz, Fin.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranilex Molex Ayus, Indon.
Ranitidine (p.1766·1).
Gastro-oesophageal reflux; pathological hypersecretory disorders; peptic ulcer.

Ranimax Torrent, Pol.
Ranitidine (p.1766·1).
Dyspepsia; heartburn; hyperacidity.

Ranimed Lamsa, Arg.; Ecosol, Switz.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranimerck Merck dura, Ger.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranimex Orion, Fin.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranin Pharos, Indon.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; pathological hypersecretory disorders; peptic ulcer.

Rani-nerton Dolorgiet, Ger.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Raninorm Genericon, Austria.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; gastrointestinal bleeding; peptic ulcer; Zollinger-Ellison syndrome.

Raniplex Fournier, Fr.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Raniprotect Riemser, Ger.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Rani-Q Merck, Swed.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; heartburn.

Ranisan ProMed, Cz.; ProMed, Pol.; Promed, Rus.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; acute pancreatitis; dyspepsia; gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; heartburn; peptic ulcer; Zollinger-Ellison syndrome.

Ranisen Senosiain, Mex.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranisifar Siphar, Switz.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranitab Basics, Ger.; Ranbaxy, Philipp.; Deva, Turk.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; heartburn; peptic ulcer; Zollinger-Ellison syndrome.

Ranitak Luper, Braz.†.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ranital Lek, Cz.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; acute pancreatitis; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranitax Saval, Chile.
Ranitidine (p.1766·1).
Gastritis; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranitic Investi, Arg.; Hexal, Austral.; Hexal, Ger.; Sandoz, Hung.; Rowex, Irl.; Tillomed, UK.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; heartburn; peptic ulcer; Zollinger-Ellison syndrome.

Ranitidi GNO Arion, Arg.†.
Ranitidine (p.1766·1).
Peptic ulcer.

Ranitidoc Docpharm, Ger.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranitil EMS, Braz.; Tillomed, UK.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranitin Prodotti, Braz.; Torrent, Cz.†; Torrent, Pol.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; acute pancreatitis; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranitine Azevedos, Port.; Biofarma, Turk.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranitinol Ducto, Braz.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ranition Sanval, Braz.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ranitral LA, Arg.
Ranitidine hydrochloride (p.1766·1).
Gastritis; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranitrat Cazi, Braz.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ranitul Oriental, Arg.
Ranitidine (p.1766·1).
Peptic ulcer.

Ranityrol Biochemie, Austria†.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal haemorrhage; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranitzen Pharlab, Braz.†.
Ranitidine (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranix GSK, Spain; Flupal, Venez.†.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranixal Ratiopharm, Fin.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranizac Pharmanel, Gr.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ranizan Cafar, Venez.†.
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ranizol Eversil, Braz.†.
Ranitidine (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ran-Levo Ranbaxy, Mex.
Levofloxacin (p.292·2).
Bacterial infections.

Ranlol Ranbaxy, Malaysia.
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Ranmino Ranbaxy, Mex.
Minocycline hydrochloride (p.300·3).
Bacterial infections.

Ranmoxy Ranbaxy, S.Afr.
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Ranobel Nobel, Turk.
Ranitidine hydrochloride (p.1766·1).

Ranocalcin HM Pfluger, Ger.
Homoeopathic preparation.

Ranolta Jean-Marie, Hong Kong.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranopine Pinewood, Irl.
Ranitidine hydrochloride (p.1766·1).
Gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranopril Ranbaxy, Malaysia.
Lisinopril (p.1325·2).
Heart failure; hypertension; myocardial infarction.

Ranoprin Ratiopharm, Fin.
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; essential tremor; glaucoma; hypertension; hyperthyroidism; hypertrophic obstructive cardiomyopathy; migraine; myocardial infarction.

Ranoxyl
Note.This name is used for preparations of different composition.
Douglas, Austral.
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranbaxy, Hong Kong; Ranbaxy, Thai.
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Ranozol ST, Thai.
Miconazole nitrate (p.541·3).
Fungal skin infections.

Ransim Ranbaxy, Austral.†.
Simvastatin (p.1390·2).

Ranstar Ranbaxy, Mex.
Stavudine (p.907·1).
HIV infection.

Rantac Unique, India†; Unique, Rus.; Medicine Products, Thai.
Ranitidine hydrochloride (p.1766·1).
Dyspepsia; gastro-oesophageal reflux; gastrointestinal hyperacidity; peptic ulcer; Zollinger-Ellison syndrome.

Rantag Julphar, UAE.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Rantaksym Ranbaxy, Pol.
Cefotaxime sodium (p.228·1).
Bacterial infections.

Rantec Berk, UK.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranteen Aspen, S.Afr.†.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rantex Biotech, Venez.
Lisinopril (p.1325·2).
Heart failure; hypertension.

Ranthrocin Ranbaxy, Singapore.
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Ranticid Kimia, Indon.
Ranitidine hydrochloride (p.1766·1).
Pathological hypersecretory disorders; peptic ulcer.

Rantin Kalbe, Indon.
Ranitidine hydrochloride (p.1766·1).
Pathological hypersecretory disorders; peptic ulcer.

Rantudil Bayer, Cz.; Tropon, Ger.; Goodwill, Hung.; Kowa, Jpn; Bayer, Mex.; Bayer, Philipp.; Bayer, Pol.; Bialfar, Port.; Bayer, Turk.
Acemetacin (p.15·1).
Gout; inflammation; musculoskeletal, joint, periarticular, and soft-tissue disorders; pain; thrombophlebitis; vasculitis.

Rantutal Menarini, Gr.
Acemetacin (p.15·1).
Gout; inflammation; musculoskeletal disorders; pain; spondyloarthritis.

Ranuber Valeant, Spain.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Ranulin Pisa, Mex.†.
Ranitidine (p.1766·1).

Ranvil Gentili, Ital.†.
Nicardipine hydrochloride (p.1348·1).
Angina pectoris; heart failure; hypertension.

Ranvir *Ranbaxy, Cz.; Ranbaxy, Thai.*
Aciclovir (p.862·3).
Herpesvirus infections.

Ranxas *Sandoz, Arg.†.*
Doxorubicin hydrochloride (p.712·2).
Malignant neoplasms.

Ranytisan *Globo, Braz.†.*
Ranitidine (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ranzac *LPC, UK.*
Ranitidine hydrochloride (p.1766·1).
Dyspepsia; gastric hyperacidity; heartburn.

Ranzil *Tocogino, Mex.†.*
Ranitidine (p.1766·1).
Peptic ulcer.

Ranzol *Ranbaxy, S.Afr.*
Cefazolin sodium (p.222·1).
Bacterial infections.

Rapacholin AC *Herbapol Wroclaw, Pol.*
Activated charcoal (p.1435·2); cynara (p.2291·2); raphanus sativum; artemisia abrotanum.
Constipation; gallbladder and liver disorders.

Rapacholin C *Herbapol Wroclaw, Pol.*
Activated charcoal (p.1435·2); cynara (p.2291·2); dehydrocholic acid (p.2292·2); mint oil (p.2345·2); raphanus sativum.
Digestive disorders; gallbladder and liver disorders.

Rapacholin Forte *Herbapol Wroclaw, Pol.*
Dehydrocholic acid (p.2292·2); raphanus sativum; mint oil (p.2345·2).
Bile deficiency; constipation; dyspepsia.

Rapaid
Note. This name is used for preparations of different composition.
Rye, Singapore†.
Cream; topical spray: Melaleuca oil (p.2338·2).
Skin irritation.

Rye, Singapore†.
Topical powder: Melaleuca oil (p.2338·2); corn starch; zinc oxide (p.1621·2).
Skin irritation.

Rapaid Antiseptic *Rye, Austral.†.*
Melaleuca oil (p.2338·2).
Minor wounds; skin infections.

Rapaid Itch Relief *Rye, Austral.*
Melaleuca oil (p.2338·2).
Bites; minor wounds; skin infections; skin irritation; stings.

Rapaid Rash-Relief *Rye, Austral.*
Melaleuca oil (p.2338·2); aloe vera (p.1588·2).
Skin disorders.

Rapako comp *Truw, Ger.*
Homoeopathic preparation.

Rapako xylo *Truw, Ger.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Rhinitis.

Rapamic *Cipan, Port.*
Ketoconazole (p.539·1).
Fungal infections.

Rapamune *Wyeth, Arg.; Wyeth, Austral.; Wyeth Lederle, Austria; Wyeth, Belg.; Wyeth, Braz.; Wyeth, Canad.; Wyeth, Chile; Wyeth, Cz.; Wyeth, Denm.; Wyeth, Fin.; Wyeth, Fr.; Wyeth, Ger.; Wyeth, Gr.; Wyeth, Hong Kong; Wyeth, Hung.; Wyeth, India; Wyeth, Irl.; Wyeth, Israel; Wyeth Lederle, Ital.; Wyeth, Malaysia; Wyeth, Mex.; Wyeth, NZ; Wyeth, Neth.; Wyeth, Norw.; Wyeth, Philipp.; Wyeth, Pol.; Wyeth Lederle, Port.; Wyeth, S.Afr.; Wyeth, Singapore; Wyeth, Spain; Wyeth, Swed.; Wyeth, Switz.; Wyeth-Ayerst, Thai.; Wyeth, Turk.; Wyeth, UK; Wyeth-Ayerst, USA; Wyeth, Venez.*
Sirolimus (p.1841·1).
Renal transplant rejection.

Rap-eze *Roche Consumer, UK.*
Calcium carbonate (p.1714·1).
Dyspepsia; heartburn.

Rapiclav
Ipca, India†.
Amoxicillin (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Ipca, Rus.
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Rapicort *Pharmis, Port.*
⊗ Hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Rapid Strand *Amersham, Austral.*
Iodine-125 (p.2054·2) titanium capsules welded into a silver rod.
Prostatic cancer.

Rapidal *Bial, Spain†.*
Terfenadine (p.590·3).
Hypersensitivity reactions.

Rapidica *Sarabhai Piramal, India.*
⊗ Neutral insulin injection (porcine, highly purified) (p.443·2).
Diabetes mellitus.

Rapidin *Danlex, Philipp.*
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer; Zollinger-Ellison syndrome.

Rapidocaine *Sintetica, Switz.*
⊗ Lidocaine hydrochloride (p.1862·3).
Adrenaline hydrochloride (p.1203·3) is included in some injections as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Arrhythmias; local anaesthesia.

Rapidol
Note. This name is used for preparations of different composition.
Pharmonta, Austria.
Paracetamol (p.108·1); propyphenazone (p.119·3); caffeine (p.1116·3).
Fever; pain.

Pfizer, Chile; Ranbaxy, Malaysia; Ranbaxy, Singapore.
Paracetamol (p.108·1).
Fever; pain.

RapidVue *Quidel, USA.*
Pregnancy test (p.2372·1).

Rapifast *Verisfield, Gr.*
Losartan (p.1327·2).
Hypertension.

Rapifen *AstraZeneca, Austral.; Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Cilag, Chile; Janssen-Cilag, Cz.; Janssen-Cilag, Denm.; Janssen-Cilag, Fin.; Janssen-Cilag, Fr.; Janssen-Cilag, Ger.; IFET (ΙΦΕΤ), Gr.; Janssen, Hong Kong; Janssen-Cilag, Hung.; Janssen-Cilag, Irl.; Janssen-Cilag, Israel; Janssen-Cilag, Malaysia†; Janssen-Cilag, Mex.; Janssen-Cilag, NZ; Janssen-Cilag, Neth.; Janssen-Cilag, Norw.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Swed.; Janssen-Cilag, Switz.; Janssen-Cilag, Turk.; Janssen-Cilag, UK; Janssen-Cilag, Venez.*
⊗ Alfentanil hydrochloride (p.16·2).
General anaesthesia; induction of anaesthesia; pain during and after surgical procedures; pain in ventilated patients.

Rapignost Basic Screen Plus *Advance Diagnostic, Irl.*
Test for ascorbic acid, glucose, protein, blood, pH, and nitrites in urine.

Rapignost Diabetes Profile *Advance Diagnostic, Irl.*
Test for ketones, ascorbic acid, and glucose in urine.

Rapignost Total Screen LSG *Advance Diagnostic, Irl.*
Test for bilirubin, urobilinogen, pH, glucose, protein, ketones, blood, nitrite, ascorbic acid, leucocytes, and specific gravity in urine.

Rapilax *Merck, Arg.; Hertz, Braz.*
Sodium picosulfate (p.1771·1).
Constipation.

Rapilax Fibras *Merck, Arg.*
Ispaghula (p.1737·1); senna (p.1769·2).
Constipation.

Rapilin *Sun, India.*
Repaglinide (p.457·2).
Diabetes mellitus.

Rapilysin *Roche, Austral.; Roche, Austria; Roche, Belg.; Roche, Cz.; Roche, Denm.; Roche, Fin.; Roche, Fr.; Roche, Ger.; Roche, Gr.; Roche, Irl.; Roche, Ital.; Roche, NZ; Roche, Neth.; Roche, Norw.; Roche, Port.; Roche, Spain; Roche, Swed.; Roche, Switz.; Roche, UK.*
Reteplase (p.1388·1).
Myocardial infarction; thrombosis.

Rapimix *Sarabhai Piramal, India.*
⊗ A mixture of insulin injection (porcine, highly purified) 30% and isophane insulin (porcine, highly purified) 70% (p.443·2).
Diabetes mellitus.

Rapiqure *Brown & Burk, Philipp.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Rapither-AB *Ipca, India.*
Alpha-beta arteether (p.598·3).
Malaria.

Rapitil *Aventis, UK.*
Nedocromil sodium (p.1127·3).
Allergic conjunctivitis; keratoconjunctivitis.

Rapitux *Sigma-Tau, Ital.†.*
Levodropropizine (p.1557·3).
Coughs.

Rapivir *GSK, Mex.*
Valaciclovir hydrochloride (p.911·1).
Herpesvirus infections.

Rapix *Senosiain, Mex.*
Ketorolac (p.75·2).
Pain.

Rapolyte *Ergha, Irl.; koGen, UK.*
Sodium chloride; potassium chloride; sodium citrate; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Rappell *Chefaro, UK.*
Piperonal (p.2049·1).
Head lice repellent.

Rapten Rapid *Hemofarm, Rus.*
Diclofenac potassium (p.44·3).
Inflammation; pain.

Raptiva *Serono, Arg.; Serono, Austral.; Serono, Braz.; Serono, Canad.; Serono, Cz.; Serono, Denm.; Serono, Fin.; Serono, Fr.; Serono, Ger.; Serono, Gr.; Serono, Hong Kong; Serono, Irl.; Serono, Ital.; Serono, Malaysia; Serono, Mex.; Healthcare Logistics, NZ; Serono, Neth.; Serono, Norw.; Serono, Port.; Serono, Singapore; Serono, Spain; Serono, Swed.; Serono, Switz.; Serono, UK; Genentech, USA.*
Efalizumab (p.1596·1).
Psoriasis.

Raptor *Meditrina, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Rapura *Globopharm, Switz.*
Peru balsam (p.2365·3); camphor (p.2273·2); thymol (p.1664·3); zinc oxide (p.1621·2).
Minor skin lesions.

Rapydan *EUSA, Port.; EUSA, UK.*
Lidocaine (p.1862·3); tetracaine (p.1871·2).
Local anaesthesia.

Raquiferol *Roemmers, Arg.*
Vitamin D (p.1986·1).
Hypoparathyroidism; osteomalacia; renal osteodystrophy; vitamin D deficiency.

Rarical *Janssen-Cilag, Braz.*
Multivitamin and mineral preparation (p.1922·1).

Raricap *Ethnor, India.*
Calcium ferrous citrate (p.1932·1); folic acid (p.1940·1); vitamin B ; vitamin B ; vitamin B (p.1922·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Raricap L *Ethnor, India.*
Calcium ferrous citrate (p.1932·1); vitamin A palmitate; colecalciferol; vitamin B ; vitamin B ; nicotinamide; lysine hydrochloride (p.1922·1).
Iron-deficiency anaemia.

Rarivit *Globo, Braz.†.*
A multivitamin preparation (p.1922·1).

Rasal *Ipsen, Spain†.*
Olsalazine sodium (p.1752·2).
Ulcerative colitis.

Rascordin *Rowe-Fleming, Venez.†.*
Dopamine (p.1274·1).

Raset *Unison, Thai.†.*
Bezafibrate (p.1232·1).
Hyperlipidaemias.

Rashfree *Pharmacia, India.*
Benzalkonium chloride (p.1629·1); zinc oxide (p.1621·2).
Nappy rash; skin disinfection.

Rasilez
Note. This name is used for preparations of different composition.
Novartis, Cz.; Novartis, Fr.; Novartis, Port.
Aliskiren (p.1207·1).
Hypertension.

Novartis, UK.
Aliskiren fumarate (p.1206·3).
Hypertension.

Rasilvax *Chiron Vaccines, Ital.†.*
A rabies vaccine (human diploid cell) (p.2234·1).
Active immunisation.

Rasitol *YSP, Malaysia.*
⊗ Furosemide (p.1292·1).
Hypertension; oedema.

Rastinon *Aspen, Austral.; Aventis, Mex.*
Tolbutamide (p.463·1).
Diabetes mellitus.

Rastocin *Pliva, Cz.†; Pliva Krakow, Pol.; Pliva, Rus.*
Doxorubicin hydrochloride (p.712·2).
Malignant neoplasms.

Ratacand *AstraZeneca, Ital.; Euro Registratie, Neth.*
Candesartan cilexetil (p.1238·3).
Heart failure; hypertension; left-ventricular dysfunction.

Ratacand Plus *AstraZeneca, Ital.*
⊗ Candesartan cilexetil (p.1238·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ratanhia comp *Weleda, Ger.*
Myrrh (p.2349·2); rhatany root (p.2378·3); aesculus; argentum nitricum; fluorit; kieserit; ol fl. caryophylli; ol eucalypti; ol lavandulae; ol menthae pip; ol salviae off.
Mouth disorders.

Rataril-HCT *Tiefenbacher, Neth.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Ratax *Pyridam, Indon.*
Ginseng (p.2312·1); cordyceps sinensis; epimedii; vitamin E acetate; vitamin B substances; zinc sulfate (p.1922·1).
Tonic.

Rati Salil Crema *Gramon, Arg.*
Amyl salicylate (p.19·3); camphor (p.2273·2); turpentine oil (p.2406·3); salicylic acid (p.1612·2); capsaicin (p.32·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Rati Salil D *Gramon, Arg.*
Diclofenac diethylamine (p.44·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Rati Salil E *Gramon, Arg.†.*
Magnesium salicylate (p.79·2).
Musculoskeletal, joint, and soft-tissue disorders.

Rati Salil Flex *Gramon, Arg.*
Salicylic acid (p.1612·2); diethylamine salicylate (p.47·2); capsaicin (p.32·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; neuralgia.

Rati Salil Gel *Gramon, Arg.*
Methyl salicylate (p.85·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; neuralgia.

Rati Salil Ice *Gramon, Arg.*
Menthol (p.2340·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Rati Salil Pro *Gramon, Arg.*
Methyl salicylate (p.85·3); menthol (p.2340·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Ratic *Atlantic, Singapore; Atlantic, Thai.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ratica *LBS, Thai.*
Ranitidine (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer.

Raticina *Bernabo, Arg.*
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ratinal *Gracia, Indon.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; pathological hypersecretory disorders; peptic ulcer.

ratio-Aclavulanate *Ratiopharm, Canad.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

ratioAllerg
Note. This name is used for preparations of different composition.
Ratiopharm, Austria.
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Ratiopharm, Ger.†.
Cream: ⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Ratiopharm, Ger.
Nasal spray: ⊗ Beclometasone dipropionate (p.1516·2).
Hay fever.

Ratiopharm, Ger.†.
Topical gel: Diphenhydramine hydrochloride (p.577·2).
Hypersensitivity reactions.

ratio-Calmydone *Ratiopharm, Canad.*
⊗ Hydrocodone tartrate (p.63·1); etafedrine hydrochloride (p.1560·2); doxylamine succinate (p.578·2).
Coughs.

ratio-Coristex-DH *Ratiopharm, Canad.*
Phenylephrine hydrochloride (p.1568·1); hydrocodone tartrate (p.63·1).
Coughs.

ratio-Cotridin *Ratiopharm, Canad.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2); codeine phosphate (p.37·2).
Coughs.

ratio-Cotridin Expectorant *Ratiopharm, Canad.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3); codeine phosphate (p.37·2).
Coughs.

Ratiodol *Ratiopharm, Spain.*
Ibuprofen (p.64·2).
Fever; inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

ratioDolor *Ratiopharm, Austria; Ratiopharm, Ger.†.*
Ibuprofen lysine (p.64·2).
Fever; pain.

ratio-Ectosone *Ratiopharm, Canad.*
⊗ Betamethasone valerate (p.1519·1).
Skin and scalp disorders.

ratio-Emtec-30 *Ratiopharm, Canad.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Cold symptoms; pain; upper respiratory-tract disorders.

ratioGast
Note. This name is used for preparations of different composition.
Ratiopharm, Ger.†.
Capsules: Tormentil (p.2403·2).
Diarrhoea.

Ratiopharm, Ger.†.
Oral drops: Anise oil (p.2258·2); fennel oil (p.2303·1); caraway oil (p.2277·1).
Dyspepsia.

Ratiogel *Ratiopharm, Pol.*
Diclofenac sodium (p.44·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Ratiogrip *Ratiopharm, Spain.*
Chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Cold symptoms.

ratioGrippal + C *Ratiopharm, Ger.*
Aspirin (p.20·3); paracetamol (p.108·1); ascorbic acid (p.1983·3).
Cold symptoms.

ratio-Hemcort-HC *Ratiopharm, Canad.*
⊗ Hydrocortisone acetate (p.1535·2); zinc sulfate (p.1999·2).
Anorectal disorders.

ratioHepar *Ratiopharm, Ger.†.*
Cynara (p.2291·2).
Biliary disorders.

ratio-Heracline *Ratiopharm, Canad.*
⊗ Adrenal cortex extract (p.1543·3); testis extract (p.2129·3); liver extract (p.2337·3).
Tonic.

ratio-Ipra Sal UDV *Ratiopharm, Canad.*
⊗ Ipratropium bromide (p.1124·1); salbutamol sulfate (p.1131·3).
Obstructive airways disease.

ratio-Lenoltec No 4 *Ratiopharm, Canad.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Fever; pain.

ratio-Lenoltec No 1, No 2, No 3 *Ratiopharm, Canad.*
Paracetamol (p.108·1); caffeine (p.1116·3); codeine phosphate (p.37·2).
Fever; pain.

ratioMobil *Ratiopharm, Ger.†.*
Piroxicam (p.117·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Ratiomox *Ratiopharm, Neth.*
Moxonidine (p.1345·1).
Hypertension.

ratio-MPA *Ratiopharm, Canad.*
Medroxyprogesterone acetate (p.2113·1).
Progestogenic.

Rationale *Manetti Roberts, Ital.*
Colextran hydrochloride (p.1254·1).
Hyperlipidaemias.

ratio-Oxycocet *Ratiopharm, Canad.*
⊗ Oxycodone hydrochloride (p.106·2); paracetamol (p.108·1).
Pain.

ratio-Oxycodan *Ratiopharm, Canad.*
⊗ Oxycodone hydrochloride (p.106·2); aspirin (p.20·3).
Pain.

Ratiopharmeva *Ratiopharm, Belg.*
Cyproterone acetate (p.2088·2); ethinylestradiol (p.2101·3).
Androgenisation in females.

ratio-Proctosone *Ratiopharm, Canad.*
⊗ Cinchocaine hydrochloride (p.1857·3); hydrocortisone acetate (p.1535·2); framycetin sulfate (p.279·1); esculoside (p.2248·2).
Anorectal disorders.

Ratiopyrin *Ratiopharm, Austria; Ratiopharm, Ger.*
Aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

ratioSept *Ratiopharm, Ger.*
Rhatany root (p.2378·3).
Mouth and throat inflammation.

RatioSoft *Ratiopharm, Austria.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Rhinitis; sinusitis.

ratio-Tecnal *Ratiopharm, Canad.*
Butalbital (p.967·2); caffeine (p.1116·3); aspirin (p.20·3).
Pain; tension.

ratio-Tecnal C *Ratiopharm, Canad.*
Butalbital (p.967·2); caffeine (p.1116·3); aspirin (p.20·3); codeine phosphate (p.37·2).
Pain; tension.

ratio-Theo-Bronc *Ratiopharm, Canad.*
Guaifenesin (p.1561·3); potassium iodide (p.2169·2); theophylline (p.1140·1); mepyramine maleate (p.585·2).
Obstructive airways disease.

ratio-Topilene *Ratiopharm, Canad.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

ratio-Topisalic *Ratiopharm, Canad.*
⊗ Betamethasone dipropionate (p.1518·3); salicylic acid (p.1612·2).
Keratinisation disorders; skin disorders.

ratio-Topisone *Ratiopharm, Canad.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

ratio-Triacomb *Ratiopharm, Canad.*
⊗ Triamcinolone acetonide (p.1544·3); nystatin (p.543·2); neomycin sulfate (p.305·1); gramicidin (p.286·1).
Infected skin disorders.

Raudil *Novag, Mex.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

RauwolfiaViscomp *Schuck, Ger.*
Homoeopathic preparation.

Rauwolsan H *Pfluger, Ger.†.*
Homoeopathic preparation.

Rauwolsan HM *Pfluger, Ger.*
Homoeopathic preparation.

Rauzide *Apothecon, USA†.*
⊗ Rauwolfia serpentina (p.1387·1); bendroflumethiazide (p.1224·1).
Hypertension.

Ravalgen *GSK Consumer, Ger.†.*
Garlic oil (p.2309·2).
Age-related vascular changes.

Ravalton *Rafarm, Gr.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Ravamil *Merck, S.Afr.*
Verapamil hydrochloride (p.1421·1).
Angina pectoris; arrhythmias; hypertension.

Ravenol *Caber, Ital.*
Sulodexide (p.1406·3).
Chronic venous ulcer.

Raveron *Robapharm, Hung.†.*
Prostate extract (p.2337·3).
Prostate disorders.

RaVita *Combiphar, Indon.*
Vitamin C; vitamin B ; vitamin B ; vitamin B ; -lysine (p.1922·1).
Appetite supplement for children.

Ravostan *Santa, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Ravotaf *Mayo, Mex.*
Amoxicillin (p.202·2); ambroxol (p.1550·3).
Respiratory-tract disorders.

Ravotril *Roche, Chile.*
Clonazepam (p.478·2).
Anxiety; epilepsy; panic attacks; social phobia.

Raw Prostate *Natural Life, Arg.†.*
Prostate extract (p.2337·3).
Dietary supplement.

Rawel *KRKA, Cz.; KRKA, Hung.; KRKA, Pol.; KRKA, Rus.*
⊗ Indapamide (p.1314·1).
Hypertension.

Raxamida *Arlex, Mex.†.*
Loperamide (p.1741·3).
Diarrhoea.

Raxar *Nitecs, Austral.*
Grepafloxacin hydrochloride.
Bacterial infections.

Raxenol *Euromex, Mex.*
Naproxen (p.92·3); paracetamol (p.108·1).
Fever; inflammation; pain.

Raxeto *Dosa, Arg.*
⊗ Raloxifene (p.2128·3).
Osteoporosis.

Raxicam *Unison, Philipp.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders; pain.

Raxide *GX, Philipp.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Ray Block *Del-Ray, USA.*
SPF 15: Padimate O (p.1609·1); oxybenzone (p.1608·3).
Sunscreen.

Raycept *Zambon, Port.*
Calcium levofolinate (p.1943·3).
Anaemias; methotrexate toxicity.

Rayepen *Rayere, Mex.†.*
Ampicillin (p.204·1).
Bacterial infections.

Rayonfur *Materfarma, Port.*
Nitrofurazone (p.309·1).
Infected burns, ulcers, and wounds; skin disinfection.

Raypid *Rayere, Mex.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Rayzon *Pharmacia, S.Afr.*
Parecoxib sodium (p.111·3).
Postoperative pain.

Razadyne *Janssen, USA.*
Galantamine hydrobromide (p.366·1).
Formerly known as Reminyl.
Alzheimer's disease.

Razagleda Plus *Dallas, Arg.†.*
Benzocaine (p.1854·1); carmellose (p.2142·1).
Obesity.

Razel *Glenmark, India†.*
Rosuvastatin calcium (p.1389·1).
Hypercholesterolaemia.

Razene *Pacific, NZ.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; insect bites; urticaria.

Razepam *TNP, Thai.†.*
Lorazepam (p.1004·1).
Anxiety; insomnia.

Razin *CTI, Israel.*
⊗ Phentermine resinate (p.2162·3).
Formerly known as Novirasin.
Obesity.

Razolager *Gerard, Irl.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

RBC
Note. This name is used for preparations of different composition.
Rybar, Irl.
Antazoline hydrochloride (p.567·1); calamine (p.1591·2); cetrimide (p.1634·1).
Pruritus; skin irritation.
Co-Pharma, UK.
Calamine (p.1591·2); dibrompropamidine isetionate (p.1642·1).
Formerly contained antazoline hydrochloride, calamine, and cetrimide.
Insect bites and stings.

R-Cetate *GHP, Thai.†.*
Electrolyte infusion with or without glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

RCF *Ross, USA.*
Carbohydrate-free soy protein feed (p.1922·1).
Carbohydrate intolerance; ketogenic diet.

R-Cin *Lupin, India.*
Rifampicin (p.325·3).
Tuberculosis.

R-Cinex *Lupin, India.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

R-Cinex Z *Lupin, India.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2).
Tuberculosis.

R-Den *TNP, Thai.†.*
21 Tablets, levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3); 7 tablets, inert.
Combined oral contraceptive.

Reabilan *Nestle, Fr.†; Galagen, USA.*
Preparation for enteral nutrition (p.1922·1).

Reacel-A *Offenbach, Mex.*
Tretinoin (p.1618·1).
Acne; keratinisation disorders.

Reactine
Note. This name is used for preparations of different composition.
Pfizer, Austria; Pfizer Consumer, Belg.; Pfizer Consumer, Canad.; McNeil, Cz.; Pfizer Sante, Fr.; Pfizer Consumer, Ger.; Pfizer Consumer, Mex.; Pfizer Consumer, Neth.; Pfizer, Norw.; Pfizer Consumer, Spain†; Pfizer, Swed.
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders; pruritus; urticaria.
Cipla, India.
Diclofenac (p.44·2) or diclofenac sodium (p.44·3).
Inflammation; pain.
Pfizer Consumer, Ital.
Cetirizine hydrochloride (p.570·3); pseudoephedrine hydrochloride (p.1571·2).
Eye congestion and irritation; nasal congestion and irritation.

Reactine Allergy & Sinus *Pfizer Consumer, Canad.*
Cetirizine hydrochloride (p.570·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Reactine duo *Pfizer Consumer, Ger.*
Cetirizine hydrochloride (p.570·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Reactine Forte *Cipla, India.*
Ibuprofen (p.64·2); paracetamol (p.108·1); diclofenac (p.44·2).
Inflammation; pain.

Reactine Plus
Note. This name is used for preparations of different composition.
Cipla, India.
Diclofenac (p.44·2); paracetamol (p.108·1).
Inflammation; pain.
Pfizer Consumer, Spain.
Cetirizine hydrochloride (p.570·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Reactine Pseudoephedrine *Pfizer Consumer, Belg.*
Cetirizine hydrochloride (p.570·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Reactivan *Merck, S.Afr.*
⊗ Fencamfamin hydrochloride (p.2156·1); vitamins (p.1922·1).
Tonic.

Reacur *LA, Arg.†.*
⊗ Hydrocortisone (p.1535·2); lidocaine (p.1862·3).

Reafix *Gemballa, Braz.†.*
Oral rehydration solution (p.1672·2).
Oral rehydration therapy.

Reagin *Baliarda, Arg.*
Citicoline (p.2283·3).
Cerebrovascular disorders.

Reagin Vascular *Baliarda, Arg.*
Citicoline (p.2283·3); codergocrine mesilate (p.363·3).
Cerebrovascular disorders; mental function impairment; vascular eye disorders.

Real One *Nicholas Piramal, India.*
Aripiprazole (p.962·3).
Schizophrenia.

Realderm *Reall, Switz.*
Zinc oxide (p.1621·2); glycerol (p.2314·2); aluminium acetotartrate (p.2255·1).
Nappy rash; skin irritation.

Realdiet *DHN, Fr.*
A range of preparations for enteral nutrition (p.1922·1).

Realdiron *Teva, Rus.*
Interferon alfa-2b (p.885·1).
Encephalitis; hepatitis B; hepatitis C; malignant neoplasms.

Realdrax *Liferpal, Mex.*
Ibuprofen (p.64·2).
Fever; pain.

Real-Vit *Solfran, Mex.*
Multivitamin preparation (p.1922·1).

Reamberin *Polisan, Rus.*
Meglumine sodium succinate; sodium chloride; potassium chloride; magnesium chloride (p.1667·1).
Detoxification.

Reandron *Bayer, Austral.; Schering, Austria; Schering, Spain.*
⊗ Testosterone undecylate (p.2130·2).
Hypogonadism.

Reanima *Benitol, Arg.*
Caffeine (p.1116·3); paracetamol (p.108·1).
Fever; pain.

Reapam *Pfizer, Neth.*
Prazepam (p.1019·3).
Anxiety.

Reasec *Gedeon Richter, Cz.; Gedeon Richter, Hung.; Richter, Pol.*
Diphenoxylate hydrochloride (p.1724·1).
Atropine sulfate (p.1219·3) is included in this preparation to discourage abuse.
Diarrhoea.

Re-Azo *Reese, USA.*
Phenazopyridine hydrochloride (p.116·2).

Re-B *Unison, Malaysia.*
Thiamine nitrate (p.1976·2); pyridoxine hydrochloride (p.1978·2); cyanocobalamin (p.1980·2).
Neurological disorders.

Re-B Forte *Unison, Thai.*
Vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Neuritis; vitamin B deficiency.

Rebacil *Lisapharma, Ital.*
Bacampicillin hydrochloride (p.210·2).
Bacterial infections.

ReBalance *Zeller, Switz.*
St John's wort (p.422·3).
Anxiety disorders; insomnia.

Rebaten *Sigma, Braz.*
⊗ Propranolol hydrochloride (p.1380·3).
Arrhythmias; hypertension.

Rebetol *Schering-Plough, Austria; Schering-Plough, Belg.; Schering-Plough, Braz.†; Schering-Plough, Chile; Schering-Plough, Cz.; SP, Denm.; Schering-Plough, Fin.; Schering-Plough, Fr.; Essex, Ger.; Schering-Plough, Gr.; Schering-Plough, Hong Kong; Schering-Plough, Hung.; Schering-Plough, Indon.; Schering-Plough, Irl.; Schering-Plough, Israel; Schering-Plough, Ital.; Schering-Plough, Malaysia; Schering-Plough, NZ; Schering-Plough, Neth.; Schering-Plough, Norw.; Schering-Plough, Pol.; Schering-Plough, Port.; Schering-Plough, Rus.; Schering-Plough, Singapore; Schering-Plough, Spain; Schering-Plough, Swed.; Essex, Switz.; Schering-Plough, Thai.; Schering-Plough, UK; Schering-Plough, USA; Schering-Plough, Venez.*
Ribavirin (p.902·3).
For use in combination with interferon alfa-2b or peginterferon alfa-2b.
Chronic hepatitis C.

Rebetron *Essex, Arg.†; Schering-Plough, Austral.; Schering, Canad.†; Schering-Plough, NZ; Schering-Plough, S.Afr.†; Schering, USA†.*
Injection, interferon alfa-2b (p.885·1); capsules, ribavirin (p.902·3).
Chronic hepatitis C.

Rebif *Serono, Arg.; Serono, Austral.; Serono, Austria; Serono, Belg.; Serono, Braz.; Serono, Canad.; Novartis, Chile†; Serono, Cz.; Serono, Denm.; Serono, Fin.; Serono, Fr.; Serono, Ger.; Serono, Gr.; Serono, Hong Kong; Serono, Hung.; Serum Institute, India; DKSH, Indon.; Serono, Indon.; Serono, Irl.; Serono, Israel; Serono, Ital.; Serono, Malaysia; Serono, Mex.; Healthcare Logistics, NZ; Serono, Neth.; Serono, Norw.; Serono, Philipp.; Serono, Pol.; Serono, Port.; Serono, Rus.; Serono, S.Afr.; Serono, Singapore; Serono, Spain; Serono, Swed.; Serono, Switz.; Serono, Thai.; Serono, Turk.; Serono, UK; Serono, USA; Serono, Venez.*
Interferon beta-1a (p.891·2).
Anogenital warts; hepatitis; herpesvirus infections; malignant neoplasms; multiple sclerosis.

Rebladerm *Dermoteca, Port.†.*
⊗ Urea (p.1620·2).
Dry skin disorders.

Rebone
Note. A similar name is used for preparations of different composition (see below).
Ache, Braz.
Ipriflavone (p.1100·1).
Osteoporosis.

Re-Bone
Note. A similar name is used for preparations of different composition (see above).
Mallinckrodt, Cz.
Rhenium-186 (p.2055·2) etidronate.
Painful bone metastases; prostatic cancer.

Rebrickovy Caj, Rebrickova Nat *Megafyt-R, Cz.*
Achillea (p.2245·2).
Appetite loss; dyspepsia; pelvic pain; skin disorders; wounds.

Reca *Cantabria, Spain.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension; left-ventricular dysfunction.

Recaflex *Recalcine, Chile.*
Tenoxicam (p.128·2).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders.

Recaflux *Copernico, Ital.*
Flucloxacillin sodium (p.277·1).
Bacterial infections.

Recal *New Farma, Ital.*
Calcium carbonate (p.1714·1).
Calcium deficiency.

Recalcin *Hasco-Lek, Pol.*
Chondroitin sulfate sodium (p.2280·3).
Osteoarthritis.

Recalfe *Hebron, Braz.†.*
Alendronic acid (p.1088·1).
Osteoporosis.

Recalm
Note. This name is used for preparations of different composition.
Herbarium, Braz.
Valerian (p.2410·1).
Anxiety; insomnia.
Sanofi-Aventis, Chile.
Valerian (p.2410·1); passion flower (p.2363·2); melissa (p.2339·3); tilia (p.2402·2).
Anxiety; insomnia; irritability.

Recalplex *Cazi, Braz.*
Vitamin B substances (p.1922·1).
Nutritional supplement.

Recamicina *Pharmabiotics, Chile.*
Levofloxacin (p.292·2).
Bacterial infections.

Recarcin *Sanum-Kehlbeck, Ger.†.*
Bacillus firmus.
Immunotherapy.

Recatol Algin *Riemser, Ger.*
Alginic acid (p.2140·3); carmellose sodium (p.2142·1).
Obesity.

Recatol mono *Riemser, Ger.*
Phenylpropanolamine hydrochloride (p.1569·3).
Obesity.

Rec-DZ *Hetero, India.*
Diazepam (p.986·3).
Anxiety; epilepsy; febrile convulsions; premedication; sedative; tetanus.

Receant *Remedina, Gr.*
Cefuroxime sodium (p.238·2).
Bacterial infections.

Recef *Uno, Ital.*
Cefazolin sodium (p.222·1).
Bacterial infections.

Receptozine *Be-Tabs, S.Afr.*
Promethazine hydrochloride (p.588·2).
Hypersensitivity.

Recessan *Kreussler, Ger.*
Lauromacrogol 400 (p.1916·1).
Mouth inflammation.

Rechol *Pharos, Indon.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Recipect *Orion, Fin.*
Codeine phosphate (p.37·2); guaifenesin (p.1561·3).
Coughs.

Recit *Gador, Arg.*
Atomoxetine hydrochloride (p.2151·1).
Attention-deficit hyperactivity disorder.

Recita *Ipca, India.*
Escitalopram oxalate (p.391·1).
Depression.

Recital *Unipharm, Israel.*
Citalopram hydrobromide (p.385·3).
Depression; panic disorders.

Reclast *Novartis, USA.*
Zoledronic acid (p.1106·1).
Paget's disease of bone.

Reclide *Reddy, Malaysia; Reddy, Rus.; Biofarma, Venez.†.*
Gliclazide (p.440·3).
Diabetes mellitus.

Reclipsen *Watson, USA.*
21 Tablets, ethinylestradiol (p.2101·3); desogestrel (p.2093·2); 7 tablets, inert.
Combined oral contraceptive.

Reclofen *Combiphar, Indon.*
Diclofenac sodium (p.44·3).
Musculoskeletal, joint, and peri-articular disorders.

Reclomide *Major, USA.*
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Reclor *Sarabhai Piramal, India.*
Chloramphenicol (p.239·3).
Bacterial infections.

Reco
Note. A similar name is used for preparations of different composition (see below).
TRB, Arg.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

RECO
Note. A similar name is used for preparations of different composition (see above).
GMP, Indon.
Chloramphenicol (p.239·3).
Bacterial eye infections.

Recocef *Julphar, UAE.*
Cefaclor (p.217·2).
Bacterial infections.

Recodryl *GMP, Indon.*
Diphenhydramine hydrochloride (p.577·2).
Allergic rhinitis; motion sickness; urticaria.

Recofen *Reese, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).

Recofen-D *Reese, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).

Recofol *Gobbi, Arg.†; Alphapharm, Austral.; Bayer Schering, Cz.; Schering, Fin.; Curamed, Ger.†; Rafarm, Gr.; Schering, Hung.†; Dexa, Indon.; Leiras, Indon.; Schering, Israel; Pisa, Mex.; Pacific, NZ†; Schering, Neth.; Schering, Norw.†; Organon, Port.†; Schering, Rus.; Merck, S.Afr.; Schering, Singapore; Schering, Spain; Schering, Swed.; Tillotts, Switz.; Schering, Thai.; Er-Kim, Turk.*
Propofol (p.1791·1).
General anaesthesia; sedative.

Recolfar *Fahrenheit, Indon.*
Colchicine (p.556·1).
Gout.

Recoma *Marching, Hong Kong.*
Noscapine (p.1566·2).
Cough.

Recombinant H-B Vax II *MSD, Israel.*
A hepatitis B vaccine (p.2215·2).
Active immunisation.

Recombinate
Note.This name is used for preparations of different composition.
Baxter, Arg.; Baxter, Austral.; Baxter, Austria; Baxter, Belg.; Baxter, Canad.; Baxter, Cz.; Baxter, Denm.; Baxter, Fin.; Baxter, Fr.; Baxter Bio-Science, Ger.; Baxter, Gr.; Baxter, Hong Kong; Baxter, Hung.; Baxter, Israel; Baxter, Ital.; Baxter, Jpn; Baxter, NZ; Baxter, Neth.; Baxter, Norw.; Baxter, Spain; Baxter, Swed.; Baxter, Switz.; Baxter BioScience, UK; Baxter, USA.
A factor VIII preparation (recombinant) (p.1067·1).
Haemorrhagic disorders.

Baxter, Port.
Octocog alfa (p.1067·2).
Haemophilia A.

Recombivax *Vianex (Βιανέξ), Gr.†.*
A hepatitis B vaccine (p.2215·2).
Active immunisation.

Recombivax HB *MSD, Braz.†; Merck Frosst, Canad.; Pasteur Merieux, Ital.†; Aventis, Port.†; Aventis Pasteur, Spain†; Merck, USA.*
A hepatitis B vaccine (recombinant DNA) (p.2215·2).
Active immunisation.

Recomint *GMP, Indon.*
Paracetamol (p.108·1); dextromethorphan hydrobromide (p.1555·2); phenylpropanolamine hydrochloride (p.1569·3).
Cold symptoms; cough.

Recomvax B *Sanofi Pasteur, Chile; Aventis Pasteur, Philipp.; LG, Philipp.*
A hepatitis B vaccine (recombinant) (p.2215·2).
Active immunisation.

Reconvan *Fresenius Kabi, Chile; Fresenius Kabi, Ger.†; Fresenius Kabi, Philipp.; Fresenius Kabi, Pol.; Fresenius Kabi, Port.†; Fresenius Kabi, Switz.†; Fresenius Kabi, UK.*
Preparation for enteral nutrition (p.1922·1).

Recormon *Roche, Arg.; Roche, Austria; Asta Medica, Braz.; Roche, Braz.; Roche, Chile; Roche Diagnostics, Cz.†; Roche, Hong Kong; Roche, Indon.; Roche Diagnostics, Israel; Roche, Malaysia; Roche, Mex.; Roche, NZ; Roche, Philipp.; Boehringer Mannheim, Port.†; Roche, Rus.; Roche, S.Afr.; Roche, Singapore; Roche, Switz.; Roche, Thai.; Roche, Venez.*
⊗ Epoetin beta (p.1061·1).
Anaemias; autologous blood transfusion.

Recort Plus *Reese, USA.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Recosine *Rafarm, Gr.*
Glucosamine (p.2313·2).
Osteoarthritis.

Recotens *Valeant, Cz.*
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Recothrom *Zymo, USA.*
Thrombin (recombinant) (p.1080·1).
Haemorrhage.

Recover *Pharmatrix, Arg.*
A barrier preparation.

Recoveron *Armstrong, Mex.*
Calcium acexamate (p.2245·2) or sodium acexamate (p.2245·2).
Burns; hypocalcaemia; osteoporosis; ulcers; wounds.

Recoveron N *Armstrong, Mex.*
Sodium acexamate (p.2245·2); neomycin sulfate (p.305·1).
Infected burns, ulcers, and wounds; skin infections.

Recoveron NC *Armstrong, Mex.*
Sodium acexamate (p.2245·2) neomycin sulfate (p.305·1).
Infected burns, ulcers, and wounds; skin infections.

Recoxa *Zentiva, Cz.*
Meloxicam (p.80·3).
Ankylosing spondylitis; osteoarthritis; rheumatoid arthritis.

Recozil *Recon, Singapore.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Recrea *Antula, Fin.; Antula, Swed.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Rectacaine
Note.This name is used for preparations of different composition.
Reese, USA.
Ointment: Phenylephrine hydrochloride (p.1568·1); shark-liver oil (p.2386·1).

Reese, USA.
Suppositories: Phenylephrine hydrochloride (p.1568·1).

Rectagene Medicated Balm *Pfeiffer, USA.*
Yeast (p.1998·3); shark-liver oil (p.2386·1).
Haemorrhoids.

Rectagene Medicated Rectal Balm *Pfeiffer, USA.*
Benzocaine (p.1854·1); phenylephrine hydrochloride (p.1568·1); bismuth subgallate (p.1711·1); zinc oxide (p.1621·2); mepyramine maleate (p.585·2).
Anorectal disorders.

Rectalad *Church & Dwight, Austral.*
Docusate sodium (p.1725·1).
Bowel evacuation; constipation.

Rectamigdol *Uriach, Spain.*
Bismuth camphocarbonate (p.1712·1).
Sore throat.

Rectanal *Galenus, Pol.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Rectinol *Pfizer Consumer, Austral.*
⊗ Adrenaline (p.1203·2); benzocaine (p.1854·1); zinc oxide (p.1621·2).
Anorectal disorders.

Rectinol HC *Pfizer Consumer, Austral.*
⊗ Cinchocaine hydrochloride (p.1857·3); hydrocortisone (p.1535·2).
Anorectal disorders.

Rectiole *Caldeira & Metelo, Port.*
Glycerol (p.2314·2).
Bowel evacuation; constipation.

Recto Menaderm NF *Menarini, Spain.*
⊗ Beclometasone dipropionate (p.1516·2).
Anorectal disorders.

Rectodelt *Trommsdorff, Cz.; Trommsdorff, Ger.; Trommsdorff, Hung.*
⊗ Prednisone (p.1542·3).
Rectal corticosteroid.

Rectogel *Riva, Canad.*
Benzocaine (p.1854·1); zinc sulfate (p.1999·2).
Anorectal disorders.

Rectogel HC *Riva, Canad.*
⊗ Benzocaine (p.1854·1); zinc sulfate (p.1999·2); hydrocortisone acetate (p.1535·2).
Anorectal disorders.

Rectogesic
Note.This name is used for preparations of different composition.
Ferring, Cz.; ProStrakan, Fr.; ProStrakan, Gr.; ProStrakan, Port.; Cellegy, Singapore; Strakan, UK.
Glyceryl trinitrate (p.1296·2).
Anal fissure; anorectal disorders.

Cellegy, Austral.
Ointment: Glyceryl trinitrate (p.1296·2).
Anal fissure.

Cellegy, Austral.
Topical powder: Zinc oxide (p.1621·2).
Anorectal disorders.

Rectomenaderm *Menarini, Arg.*
⊗ Beclometasone dipropionate (p.1516·2).
Anorectal disorders.

Rectopanbiline *Viatris, Fr.*
⊗ Bile extract (p.2266·3); gelatin (p.1072·1); glycerol (p.2314·2).
Bowel evacuation; constipation.

Rectopred *Jacoby, Austria.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Croup.

Rectopulmo Adultos *Salusif, Port.†.*
Camphor (p.2273·2); cineole (p.2282·3); niaouli oil (p.2351·3); quinine sulfate (p.612·3).
Respiratory-tract disorders.

Rectopulmo Infantil *Salusif, Port.†.*
Camphor (p.2273·2); cineole (p.2282·3); niaouli oil (p.2351·3).
Respiratory-tract disorders.

Rectoquotane *Zambon, Fr.*
Quinisocaine hydrochloride (p.1870·3); cetrimide (p.1634·1).
Anorectal disorders.

Recto-Reparil *Madaus, Ital.*
Aescin (p.2248·2); tetracaine hydrochloride (p.1871·3).
Anorectal disorders.

Rectosec *SecFarm, Pol.*
Benzocaine (p.1854·1); Peru balsam (p.2365·3); zinc oxide (p.1621·2); cod-liver oil (p.1935·2).
Anorectal disorders.

Rectoseptal-Neo bismuthe *Actipharm, Switz.*
Bismuth succinate (p.1712·1); cineole (p.2282·3); terpin hydrate (p.1573·3); potassium hydroxyquinoline sulfate hydrate (p.2323·2).
Pharyngeal disorders.

Rectoseptal-Neo simple *Actipharm, Switz.*
Cineole (p.2282·3); terpin hydrate (p.1573·3); potassium hydroxyquinoline sulfate (p.2323·2).
Respiratory-tract disorders.

Rectovalone *Parke, Davis, Neth.†.*
⊗ Tixocortol pivalate (p.1544·2).
Ulcerative colitis.

Rectovasol *Qualiphar, Belg.*
Bismuth subgallate (p.1711·1); bismuth oxyiodogallate (p.1712·1); zinc oxide (p.1621·2); aesculus (p.2248·2); hamamelis (p.2318·2); amylocaine (p.1853·3); peru balsam (p.2365·3).
Haemorrhoids.

Rectozorin
Note.This name is used for preparations of different composition.
Teva, Israel.
Ointment: Bismuth oxychloride (p.1712·1); thymol iodide (p.1664·3); zinc oxide (p.1621·2); benzocaine (p.1854·1); menthol (p.2340·1).
Haemorrhoids.

Teva, Israel.
Suppositories: Bismuth subgallate (p.1711·1); thymol iodide (p.1664·3); zinc oxide (p.1621·2); benzocaine (p.1854·1); menthol (p.2340·1); tannic acid (p.2394·3).
Haemorrhoids.

Recugel *Bausch & Lomb, Arg.*
Dexpanthenol (p.2362·1).
Corneal lesions.

Recuperin-B *Tai Yu, Philipp.*
Vitamin B substances (p.1922·1).
Neuritis; vitamin B deficiency.

Recupex *Wockhardt, India.*
Nutritional supplement (p.1922·1).

Recur *Menarini, Cz.*
Frovatriptan succinate (p.622·3).
Migraine.

Recvalysat *Ysatfabrik, Ger.†.*
Valerian (p.2410·1).
Agitation; sleep disorders.

Recycline *Rekah, Israel.*
Tetracycline hydrochloride (p.347·2).
Bacterial eye and skin infections.

Red Away *Rivex Ophthalmics, Canad.†.*
⊗ Naphazoline hydrochloride (p.1565·2).

Red Cross Toothache *Mentholatum, USA.*
Eugenol (p.2301·2).
Toothache.

Red Kooga *Peter Black, UK.*
Ginseng (p.2312·1).
Tonic.

Red Kooga Co-Q-10 and Ginseng *Peter Black, UK.*
Ginseng (p.2312·1); ubidecarenone (p.2407·2).
Tonic.

Red Off *Laboratorios Chile, Chile.*
⊗ Naphazoline (p.1565·1).
Eye irritation.

Red Off Aqua *Laboratorios Chile, Chile.*
⊗ Naphazoline hydrochloride (p.1565·2); polyvinyl alcohol (p.2145·3).
Eye irritation.

Red Off Plus *Laboratorios Chile, Chile.*
⊗ Antazoline (p.567·1); naphazoline (p.1565·1).
Eye irritation.

Red Oil *Nella, UK.*
Methyl nicotinate (p.85·3); volatile mustard oil (p.2349·2); clove oil (p.2285·1); arachis oil (p.2259·1).
Muscle pain.

Red Seal *Quatromed, S.Afr.*
Merbromin (p.1652·1).
Bacterial infections of mucous membranes; skin cleansing; wounds.

Red Skin *Dossier, Neth.*
Homoeopathic preparation.

Red Throat Spray *Clay Park, USA.*
Phenol (p.1656·1).
Sore throat.

Redac *Gerolymatos, Gr.*
Tenoxicam (p.128·2).
Gout; inflammation; osteoarthritis; pain; rheumatoid arthritis; spondyloarthropathies.

Redacid *Maver, Mex.*
Ranitidine (p.1766·1).
Peptic ulcer.

Redactiv *Glaxo Wellcome, Mex.†.*
Rifaximin (p.330·1).
Gastrointestinal infections.

Redaflam *Maver, Mex.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Redalip *Maver, Mex.*
Bezafibrate (p.1232·1).
Hypercholesterolaemia.

Redap *Galderma, Denm.*
Adapalene (p.1587·1).
Acne.

Redaxa fit *Cheplapharm, Ger.*
Equisetum (p.2299·3).
Water retention.

Redaxin *Konimex, Indon.*
Red yeast rice.
Hyperlipidaemias.

Redentil *Ibefar, Braz.†.*
Aspirin (p.20·3); caffeine (p.1116·3); paracetamol (p.108·1).
Aluminium hydroxide (p.1706·2) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Fever; pain.

Redeptin *Janssen-Cilag, Irl.†.*
Fluspirilene (p.999·2).
Schizophrenia.

Redergam *PannonPharma, Hung.†.*
Codergocrine mesilate (p.363·3).
Cerebrovascular disorders; migraine; peripheral vascular disorders.

Redergin *Lek, Thai.†.*
Codergocrine mesilate (p.363·3).
Cerebrovascular disorders; hypertension; migraine and other vascular headache; peripheral vascular disorders.

Redergot *OM, Port.†.*
Codergocrine mesilate (p.363·3).
Cerebral and peripheral vascular disorders.

Rediarin *Maver, Mex.*
Loperamide (p.1741·3).
Diarrhoea.

Redicalcin *Biosynthesis, Gr.*
Calcitonin (p.1093·1).
Osteoporosis.

Redicres *Columbia, Mex.*
⊗ Clobenzorex hydrochloride (p.2152·3).
Obesity.

Redicres Rapido *Deutsche, Chile†.*
Glucomannan (p.2312·3).
Hypercholesterolaemia; obesity.

Redimune *ZLB, Switz.*
A normal immunoglobulin (p.2225·3).
Bone marrow transplantation; guillain-Barŕe syndrome; idiopathic thrombocytopenic purpura; immunodeficiency; Kawasaki disease.

Redinac *Polfarmex, Pol.*
Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1).
Gastric hyperacidity.

Redipred *Aspen, Austral.; Aspen, Hong Kong; Healthcare Logistics, NZ.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Corticosteroid.

Redisol *MSD, Thai.†.*
Cyanocobalamin (p.1980·2).
Schilling test; vitamin B deficiency.

Rediun-E *Baliarda, Arg.*
⊗ Spironolactone (p.1400·1).
Cirrhosis with ascites; heart failure; hyperaldosteronism; hypertension; nephrotic syndrome; oedema.

Redol *Elvetium, Arg.†.*
Capsicum oleoresin (p.2276·2).
Neuralgia; osteoarthritis; rheumatoid arthritis.

Redol Comp *Orion, Fin.*
⊗ Dextromethorphan hydrobromide (p.1555·2); salbutamol sulfate (p.1131·3).
Respiratory-tract disorders.

Redolet *Solfran, Mex.†.*
Oxyphenbutazone (p.107·3).
Inflammation.

Redomex *Lundbeck, Belg.*
Amitriptyline hydrochloride (p.376·1).
Depression; pain.

Redopril *Sandoz, Venez.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension; myocardial infarction.

ReDormin
Note. This name is used for preparations of different composition.
Flordis, Austral.; Beres, Hung.
Valerian (p.2410·1); lupulus (p.2335·2).
Sleep disorders.

Zeller, Switz.
Syrup: Valerian (p.2410·1).
Sleep disorders.

Zeller, Switz.
Tablets: Valerian (p.2410·1); lupulus (p.2335·2).
Sleep disorders.

Redotex *Medix, Mex.*
⊗ Cathine hydrochloride (p.2152·2); liothyronine (p.2174·2); atropine sulfate (p.1219·3); aloin (p.1705·3); diazepam (p.986·3).
Obesity.

Redotex NF *Medix, Mex.*
⊗ Cathine hydrochloride (p.2152·2); atropine sulfate (p.1219·3); aloin (p.1705·3).
Obesity.

Redotrin *Coup, Gr.*
Roxithromycin (p.331·1).
Bacterial infections.

Redoxon
Bayer Consumer, Arg.; Bayer Consumer, Austral.†; Bayer, Austria; Roche, Braz.; Bayer Consumer, Canad.; Bayer, Chile†; Bayer, Hong Kong; Bayer, Irl.; Roche, Israel; Bayer, Ital.; Bayer Consumer, Mex.; Roche, NZ; Roche, Neth.†; Bayer, Port.; Bayer, Singapore; Bayer, Spain; Roche, Turk.; Roche Consumer, UK; Roche, Venez.†.
Ascorbic acid (p.1983·3).
Adjunct in iron supplementation; idiopathic methaemoglobinaemia; vitamin C deficiency; vitamin C supplement.

Bayer, Switz.
Ascorbic acid (p.1983·3) and/or sodium ascorbate (p.1984·1).
Malabsorption syndromes; methaemoglobinaemia; vitamin C deficiency; vitamin C supplement.

Roche, Belg.
Effervescent tablets: Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Roche, Belg.
Injection: Sodium ascorbate (p.1984·1).
Vitamin C deficiency; vitamin C supplement.

Roche, Belg.
Tablets: Ascorbic acid (p.1983·3); sodium ascorbate (p.1984·1).
Vitamin C deficiency.

Redoxon A *Bayer Consumer, Arg.*
Ascorbic acid (p.1983·3); vitamin A palmitate (p.1973·1).
Vitamin supplement.

Redoxon All Day Defence *Bayer, Singapore.*
Vitamin C (p.1983·3); zinc (p.1999·1).
Vitamin C and zinc supplement.

Redoxon Calciovit *Bayer, Spain.*
Ascorbic acid (p.1983·3); calcium carbonate (p.1714·1); colecalciferol (p.1986·2); pyridoxine hydrochloride.
Bone and dental disorders; calcium deficiency; osteomalacia; rickets.

Redoxon Complex *Bayer, Spain.*
Multivitamin and mineral preparation (p.1922·1).

Redoxon Doble Accion *Bayer Consumer, Arg.*
Ascorbic acid (p.1983·3); zinc citrate (p.1999·2).
Vitamin C and zinc deficiency.

Redoxon Double Action
Bayer, Cz.; Bayer, Irl.
Ascorbic acid (p.1983·3); zinc citrate (p.1999·2).
Vitamin C and zinc deficiency.

Bayer, Hong Kong; Bayer, Indon.; Roche, NZ; Bayer, Singapore; Roche Consumer, UK.
Vitamin C (p.1983·3); zinc (p.1999·1).
Dietary supplement; vitamin C and zinc deficiency; vitamin C and zinc supplement.

Redoxon Double Strength *Bayer Consumer, Austral.*
Ascorbic acid (p.1983·3); zinc (p.1999·1).
Dietary supplement.

Redoxon + Zinc *Bayer, Switz.*
Ascorbic acid (p.1983·3) or sodium ascorbate (p.1984·1); zinc citrate (p.1999·2).
Vitamin C and zinc supplement.

Redoxon Zinco *Roche, Braz.*
Ascorbic acid (p.1983·3); zinc (p.1999·1).

Redoxon + Zink *Bayer, Belg.*
Ascorbic acid (p.1983·3); zinc (p.1999·1).
Vitamin C and zinc supplement.

Redoxon-B *Bayer Consumer, Canad.*
Ascorbic acid; vitamin B substances; magnesium salts (p.1922·1).
Nutritional supplement.

Redoxon-Cal *Bayer Consumer, Canad.*
Ascorbic acid; ergocalciferol; pyridoxine hydrochloride; calcium carbonate (p.1922·1).
Bone and dental disorders; delayed wound and fracture healing; nutritional supplement; osteomalacia; osteoporosis.

Redrate *Sanofi Synthelabo, Port.*
Glucose; sodium chloride; sodium bicarbonate; potassium chloride (p.1672·2).
Diarrhoea; oral rehydration therapy.

Redrocin *Unison, Thai.*
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Redsai Stress *Bunker, Braz.*
Multivitamin and mineral preparation (p.1922·1).

Redseng Polivit *Korhispana, Spain.*
Multivitamin preparation with ginseng (p.2312·1) (p.1922·1).
Tonic.

Redualgas *Sigma, Arg.*
Poliglusam (p.2370·1); bladderwrack (p.2384·2).
Slimming aid.

Reduben *Cofasa, Venez.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Reducar *Gap, Gr.*
Isotretinoin (p.1599·2).
Acne.

Reducealin *Propan, S.Afr.†.*
⊗ Propylhexedrine (p.2163·1); vitamin B substances (p.1922·1).
Obesity.

Reducel *GX, Philipp.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Reducform-F *Ximena Polanco, Chile.*
Lessonia nigrescens; carmellose (p.2142·1); fabiana imbricata; spirulina (p.2392·1); inulin (p.2326·3).
Formerly contained lessonia nigrescens, carmellose, cichorium intybus, fabiana imbricata, and spirulina.
Digestive disorders; obesity.

Reducin *Finadiet, Arg.*
Soya lecithin (p.2332·2).
Dietary supplement.

Reducin-A *Unique, India†.*
Ibuprofen (p.64·2); paracetamol (p.108·1).
Fever; inflammation; pain.

Reduclim *Farmoquimica, Braz.*
⊗ Tibolone (p.2134·1).
Menopausal disorders.

Reducol
Note. This name is used for preparations of different composition.
MSD, Braz.
Lovastatin (p.1328·2).
Hyperlipidaemias.

Saninter, Port.†.
Oxidised glycerol triester.
Cicatrisation; wounds.

Reductase *Natufarma, Arg.*
Garcinia cambogia (p.2309·2); levocarnitine (p.1932·2).
Obesity.

Reduc-Te *Ximena Polanco, Chile.*
Boldo (p.2267·2); inulin (p.2326·3); fennel (p.2302·3); rosa mosqueta (p.2381·2); equisetum (p.2299·3); tilia (p.2402·2).
Obesity.

Reductel *Degorts, Mex.*
Captopril (p.1239·2).
Heart failure; hypertension; myocardial infarction.

Reducterol *Elfar, Spain†.*
Bezafibrate (p.1232·1).
Hyperlipidaemias.

Reductil *Abbott, Austral.; Abbott, Austria; Abbott, Belg.; Abbott, Braz.; Abbott, Chile; Abbott, Denm.; Abbott, Fin.; Abbott, Ger.; Abbott, Gr.; Abbott, Hong Kong; Abbott, Hung.; Abbott, Indon.; Abbott, Irl.; Abbott, Israel; Teva, Israel; Abbott, Ital.; Abbott, Malaysia; Abbott, NZ; Abbott, Neth.; Abbott, Norw.; Abbott, Philipp.; Abbott, Port.; Abbott, S.Afr.; Abbott, Singapore; Abbott, Spain; Abbott, Swed.; Abbott, Switz.; Abbott, Thai.; Abbott, Turk.; Abbott, UK; Abbott, Venez.*
⊗ Sibutramine hydrochloride (p.2163·2).
Obesity.

Reducto *Sanova, Austria.*
Monobasic potassium phosphate (p.1682·2); dibasic sodium phosphate (p.1682·3).
Calcium oxalate stones; hypercalcaemia.

Reducto-spezial *Temmler, Ger.*
Monobasic potassium phosphate (p.1682·2); dibasic sodium phosphate dihydrate (p.1682·3).
Calcium oxalate stones; hypercalcaemia; phosphate supplement.

Redudiet *AM, Arg.*
Garcinia cambogia (p.2309·2); centella (p.1592·3); alginic acid (p.2140·3); vitamin E (p.1992·2).
Obesity.

Redufat *Catarinense, Braz.*
Bladderwrack (p.2384·2).
Hypothyroidism; obesity.

Redugluc *Microsules, Arg.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Reduktan *Leros, Cz.*
Bladderwrack (p.2384·2); frangula bark (p.1732·2); sambucus (p.2383·1); senna (p.1769·2); fennel (p.2302·3); petroselinum root; birch leaf (p.2266·3); liquorice (p.1740·3).
Slimming aid.

Redulip *Hexal, Braz.†.*
Tiratricol (p.2177·3).
Obesity.

Moroctocog alfa (p.1067·2).
Haemophilia A.

Refador *Pliva, Cz.; Pliva, Hung.*
Mitoxantrone hydrochloride (p.754·1).
Malignant neoplasms.

Refagan *Bayer, Indon.*
Salicylamide (p.121·2); paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

Refam *Terramedic, Philipp.*
Rifampicin (p.325·3).
Bacterial infections including tuberculosis and leprosy.

Refam Duo *Terramedic, Philipp.*
Oral suspension, rifampicin (Refam) (p.325·3); syrup, isoniazid (p.288·1) (Terozid Forte).
Vitamin B (p.1978·2) is included in the Terozid Forte preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Refam Pedia Kit *Terramedic, Philipp.*
Oral suspension, rifampicin (Refam) (p.325·3); syrup, isoniazid (p.288·1) (Terozid Forte); oral suspension, pyrazinamide (p.320·2) (Pyramin).
Pyridoxine hydrochloride (p.1978·2) is included in the Terozid Forte preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Refenax Caramelos Expectorantes *Monserrat, Arg.*
Tolu balsam (p.1574·2); niaouli oil (p.2351·3); lidocaine (p.1862·3); hexylresorcinol (p.1647·1); cineole (p.2282·3); menthol (p.2340·1).
Coughs; sore throat.

Refenax Colirio *Monserrat, Arg.*
⊗ Naphazoline hydrochloride (p.1565·2); pheniramine maleate (p.587·3).
Eye disorders.

Refenax Gotas Nasales *Monserrat, Arg.*
⊗ Naphazoline hydrochloride (p.1565·2); diphenhydramine hydrochloride (p.577·2).
Nasal congestion.

Refenax Jarabe *Monserrat, Arg.*
Butetamate citrate (p.1553·1); ammonium chloride (p.1551·3); guaifenesin (p.1561·3); pseudoephedrine (p.1571·2); sodium benzoate (p.1630·2); sodium citrate (p.1673·3).
Coughs.

Refenax Lagrimas *Monserrat, Arg.*
Glycerol (p.2314·2).
Eye irritation.

Refenesen *Reese, USA.*
Guaifenesin (p.1561·3).

Refenesen Plus *Reese, USA.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).

Referan *Farmanic, Gr.*
⊗ Aniracetam (p.363·2).
Mental function disorders.

Refesan T *Hanosan, Ger.†.*
Homoeopathic preparation.

Refex *Pharmaniaga, Malaysia†; Raza, Malaysia†.*
Cefalexin (p.218·2).
Bacterial infections.

Reflax *Merck, Braz.†.*
Cefaclor (p.217·2).
Bacterial infections.

Reflex *Boots Healthcare, Spain.*
Camphor (p.2273·2); methyl salicylate (p.85·3); turpentine oil (p.2406·3); menthol (p.2340·1).
Rheumatic and muscle pain.

Reflexan *Pharma Investi, Chile.*
Cyclobenzaprine hydrochloride (p.1895·2).
Skeletal muscle spasm.

ReflexGel *Boots Healthcare, Belg.*
Methyl salicylate (p.85·3); camphor (p.2273·2).
Musculoskeletal, joint, peri-articular, and soft-tissue pain and inflammation.

Reflexor *Combiphar, Indon.*
Glucosamine (p.2313·2) or glucosamine sulfate potassium chloride (p.2313·2).
Osteoarthritis.

Reflexpatch *Boots Healthcare, Belg.*
Camphor (p.2273·2); methyl salicylate (p.85·3).
Inflammation; pain.

Reflexspray *Boots Healthcare, Belg.*
Methyl salicylate (p.85·3); turpentine oil (p.2406·3); camphor (p.2273·2); menthol (p.2340·1).
Musculoskeletal, joint, peri-articular, and soft-tissue pain and inflammation.

Reflin *Ranbaxy, India; Ranbaxy, Rus.*
Cefazolin sodium (p.222·1).
Bacterial infections.

Reflor
Note.This name is used for preparations of different composition.
Sanova, Austria.
Enterococcus faecium (p.2372·3).
Gastrointestinal disorders.

Sanofi Synthelabo, Turk.
Saccharomyces boulardii (p.2372·3).

Reflotron Roche Diagnostics, Irl.
Test for a range of cardiac risk factors in blood, serum, or plasma.

Refludan Pharmion, Austral.; Schering, Austria; Pharma Logistics, Belg.; Berlex, Canad.; Celgene, Cz.; Schering, Denm.†; Aventis, Fin.†; Pharmion, Fr.; Pharmion, Ger.; Schering, Ger.; Hoechst Marion Roussel, Gr.†; Pharmion, Hung.; Pharmion, Irl.; Pharmion, Ital.; Hoechst Marion Roussel, NZ; Pharmion, Neth.; Pharmion, Norw.; Celgene, Port.; Schering, Swed.†; Pharmion, Switz.; Pharmion, UK; Hoechst Marion Roussel, USA.
Lepirudin (p.1323·2).
Acute coronary syndromes; thromboembolic disorders; thromboembolic disorders in patients with heparin-associated thrombocytopenia.

Refludin Key Oncologics, S.Afr.; Pharmion, Spain.
Lepirudin (p.1323·2).
Thromboembolic disorders.

Reflux
Note.This name is used for preparations of different composition.
Monte Verde, Arg.
Ranitidine (p.1766·1).
Gastric hyperacidity; peptic ulcer.

IPS, Neth.
Methenamine mandelate (p.298·3).
Urinary-tract infections.

Refluxine Spirig, Switz.†.
Alginic acid (p.2140·3); sodium bicarbonate (p.1673·2); aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2).
Gastro-oesophageal reflux.

Refluxon PharmaConsult, Hung.
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Refobacin Merck, Austria; Hermal, Ger.; Merck, Ger.; Merck, Venez.†.
Gentamicin sulfate (p.282·1).
Bacterial infections.

Refobacin Bone Cement R Biomet, Singapore.
Gentamicin sulfate (p.282·1); methylmethacrylate/methacrylate copolymer (p.2343·3).
Bone cement for orthopaedic surgery.

Refobacin-Palacos R Biomet, Ger.; Merck, Singapore†; Merck, Thai.
Gentamicin sulfate (p.282·1); methylmethacrylate/methacrylate copolymer (p.2343·3).
Bone cement for orthopaedic surgery; bone infections.

Refolinon Pharmacia, UK.
Calcium folinate (p.1943·3).
Antidote to folic acid antagonists; megaloblastic anaemia.

Reforce Farmoz, Port.
Fluconazole (p.532·1).
Fungal infections.

Reforgan Nikkho, Braz.
Arginine aspartate (p.1928·2).
Nutritional supplement.

Refortan Berlin-Chemie, Rus.
⊗ Pentastarch (p.1065·1) in sodium chloride.
Haemodilution; hypovolaemia; shock.

Refortrix GSK, Braz.†.
A diphtheria and tetanus vaccine (p.2210·1).
Active immunisation.

Refotax Uno, Ital.
Cefotaxime sodium (p.228·1).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Gram-negative bacterial infections.

Refractyl Sophia, Mex.
Cyclopentolate (p.1880·1).
Production of mydriasis and cycloplegia.

Refrane Bronce Neo Dermos, Arg.
Oxybenzone (p.1608·3); octinoxate (p.1608·2); titanium dioxide (p.1617·3).
Sunscreen; tanning agent.

Refrane Gel Neo Dermos, Arg.
SPF 16: Octinoxate (p.1608·2); oxybenzone (p.1608·3); titanium dioxide (p.1617·3).
Sunscreen.

Refrane P Neo Dermos, Arg.
SPF 18: Octinoxate (p.1608·2); oxybenzone (p.1608·3); titanium dioxide (p.1617·3); aloe vera (p.1588·2).
Sunscreen.

Refrane Plus Neo Dermos, Arg.
SPF 33: Octinoxate (p.1608·2); oxybenzone (p.1608·3); sulisobenzone (p.1614·3); titanium dioxide (p.1617·3); aloe vera (p.1588·2).
Sunscreen.

Refrane Total Neo Dermos, Arg.
SPF 50: Octinoxate (p.1608·2); oxybenzone (p.1608·3); titanium dioxide (p.1617·3); ensulizole (p.1597·1).
Sunscreen.

Refrat Cellofarm, Braz.†.
Mycophenolate mofetil (p.1836·2).
Transplant rejection.

Refresh

⊗ Diethylpropion hydrochloride (p.2154·3).
Obesity.

Regental Tecnofarma, Chile.
Nimodipine (p.1357·2).
Alzheimer's disease; cerebrovascular insufficiency; mental function impairment; neurological deficit following subarachnoid haemorrhage.

Regepar Sanofi Synthelabo, Austria.
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Regepithel
Alcon, Ger.
Vitamin A palmitate (p.1973·1); thiamine hydrochloride (p.1976·1); calcium pantothenate (p.1959·3).
Corneal defects.

Alcon, Hong Kong†.
Vitamin A (p.1971·2); thiamine (p.1976·3); calcium pantothenate (p.1959·3).
Eye disorders.

Regeron Vita More, Philipp.
Vitamin preparation with lysine hydrochloride (p.1922·1).
Nutritional supplement.

Regeron Vita with Chlorella
More, Philipp.
Oral drops: Vitamins; zinc sulfate; taurine; chlorella (p.1922·1).
Nutritional supplement.

More, Philipp.
Syrup: Vitamins; zinc sulfate; taurine; lysine; chlorella (p.1922·1).
Nutritional supplement.

Regeron-C More, Philipp.
Vitamin preparation (p.1922·1).
Nutritional supplement.

Regeron-E Plus More, Philipp.
Vitamins (p.1922·1); ferrous sulfate (p.1939·3); buclizine hydrochloride (p.570·1).
Appetite stimulant; nutritional supplement.

Regibloc Intramed, S.Afr.
Bupivacaine hydrochloride (p.1854·3).
Local anaesthesia.

Regina Royal Concorde Regina, UK.
Royal jelly (p.2382·1); ginseng (p.2312·1); damiana aphrodisiaca (p.2292·1); saw palmetto (p.2192·3).

Regina Royal Five Regina, UK.
Royal jelly (p.2382·1); bee pollen (p.2370·2); pure honey (p.1948·2).

Regina Royal One Hundred Regina, UK.
Royal jelly (p.2382·1).

Regiocaina Richmond, Arg.
Lidocaine (p.1862·3).
Local anaesthesia.

Regit Landson, Indon.
Domperidone maleate (p.1726·3).
Dyspepsia; nausea and vomiting.

Regitin Novartis, Denm.
Phentolamine mesilate (p.1370·2).
Adrenaline or noradrenaline overdose; phaeochromocytoma.

Regitina Novartis, Arg.; Novartis, Braz.†; Novartis, Venez.†.
Phentolamine mesilate (p.1370·2).
Erectile dysfunction.

Regitine Aspen, Austral.; Novartis, Belg.; IFET (ΙΦΕΤ), Gr.; Novartis, Hung.; Novartis, Israel; Novartis, NZ; Novartis, Neth.; Novartis, S.Afr.†; Novartis, Switz.; Novartis, USA†.
Phentolamine mesilate (p.1370·2).
Dermal necrosis and sloughing following extravasation of noradrenaline; phaeochromocytoma.

Regla pH
Note.This name is used for preparations of different composition.
UCB, Belg.†.
Algeldrate (p.1706·2); light magnesium oxide (p.1744·1).
Gastrointestinal disorders associated with hyperacidity.

UCB, Neth.
Chewable tablets: Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2).
Gastritis; gastro-oesophageal reflux; heartburn; peptic ulcer.

UCB, Gr.†.
Oral suspension: Aluminium hydroxide (p.1706·2); magnesium oxide (p.1744·1).
Antacid.

UCB, Neth.
Oral suspension: Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Gastritis; gastro-oesophageal reflux; heartburn; peptic ulcer.

UCB, Gr.†.
Tablets: Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2).
Antacid.

Regla pH Forte UCB, Belg.†.
Algeldrate (p.1706·2); light magnesium oxide (p.1744·1); aluminium hydroxide-magnesium carbonate co-dried gel(p.1707·2).
Gastric hyperacidity; peptic ulcer.

Reglan CFL, India; Sanofi Synthelabo, Port.†; Schwarz, USA.
Metoclopramide hydrochloride (p.1747·3).
Adjunct in gastrointestinal procedures; diabetic gastroparesis; dyspepsia; gastritis; gastro-oesophageal reflux; nausea and vomiting; postoperative gastric hypotonia.

Reglosedyl Medifarma, Mex.†.
Paregoric (camphorated opium tincture) (p.105·1); viburnum (p.2267·1).
Gastrointestinal spasm.

Reglumax Max Farma, Ital.†.
Reduced glutathione sodium (p.1448·1).
Drug and alcohol poisoning.

Reglus Landson, Indon.
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Reglusan Novag, Mex.
Glibenclamide (p.440·1).
Diabetes mellitus.

Regolact Plus Naturmed, Ital.
Lactic-acid-producing organisms (p.2372·3).
Maintenance of normal gastrointestinal flora.

Regoxal Vargas, Venez.
Bisoxatin acetate (p.1712·3).
Bowel evacuation; constipation.

Regranex Janssen-Cilag, Austria; Janssen-Ortho, Canad.; Janssen-Cilag, Cz.; Ethicon, Fr.; Janssen-Cilag, Ger.; Janssen-Cilag, Gr.; Janssen-Cilag, Israel; Janssen-Cilag, Mex.; Janssen-Cilag, Neth.; Janssen-Cilag, Port.; Pensa, Spain; Janssen-Cilag, Switz.; Janssen-Cilag, UK; Johnson & Johnson, USA.
Becaplermin (p.1590·1).
Diabetic neuropathic ulcers; skin lesions; wounds.

Regripax Biofarma, Mex.
Echinacea (p.2298·1).
Immunostimulant.

Regro *DHA, Hong Kong; DHA, Malaysia; DHA, Singapore.*
Minoxidil (p.1342·1).
Alopecia androgenetica; alopecia areata.

⊗ Chlortalidone (p.1243·3); reserpine (p.1387·3).
Hypertension.

Regrou *Surya Dermato, Indon.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Regrowth *Medicine Products, Thai.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Regucal *Baliarda, Arg.*
Calcium pidolate (p.1676·3).
Calcium supplement.

Regucal D *Baliarda, Arg.*
Calcium citrate (p.1675·3); colecalciferol (p.1986·2).
Calcium and vitamin D supplement.

Regucol *Procter & Gamble, Neth.*
Ispaghula (p.1737·1).
Constipation.

Regudig *Beta, Arg.†.*
Guar gum (p.442·3).
Diabetes mellitus; obesity.

Regulacid *Lazar, Arg.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Regulacor-POS *Ursapharm, Ger.*
Crataegus (p.2289·1).
Cardiac disorders.

Regulact *Valeant, Mex.*
Lactulose (p.1738·2).
Constipation; hepatic encephalopathy.

Regulador Xavier N-1 *Hepacholan, Braz.†.*
Viburnum; gossypium; belladonna (p.2263·3); calcium chloride (p.1675·2).
Menstrual disorders.

Regulador Xavier N-2 *Hepacholan, Braz.†.*
Rhubarb (p.1768·3); savin; belladonna (p.2263·3); ferric ammonium citrate (p.1938·1); citric acid (p.2284·1).
Menstrual disorders.

Regulan *Procter & Gamble, Irl.; Procter & Gamble, UK.*
Ispaghula (p.1737·1).
Constipation; diverticular disease; irritable bowel syndrome.

Regulane *Finadiet, Arg.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea; ileostomy management.

Regulane AF *Finadiet, Arg.*
Loperamide hydrochloride (p.1741·1); simeticone (p.1770·2).
Diarrhoea; flatulence.

Regular Iletin II *Lilly, USA.*
⊗ Insulin injection (porcine) (p.443·2).
Diabetes mellitus.

Regular Strength Bayer *Sterling Health, USA.*
Aspirin (p.20·3).
Formerly known as Therapy Bayer.
Fever; inflammation; myocardial infarction; pain; transient ischaemic attacks.

Regular Strength Cold Nighttime Relief *WestCan, Canad.†.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); paracetamol (p.108·1); chlorphenamine maleate (p.571·3).

Regular Strength Sinus Medication *Vita Health, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); doxylamine succinate (p.578·2).

Regulaten *Juste, Spain.*
Eprosartan mesilate (p.1281·1).
Hypertension.

Regulaten Plus *Juste, Spain.*
⊗ Eprosartan mesilate (p.1281·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Regulatum *Teuto, Braz.†.*
Agnus castus (p.2249·1).
Menopausal disorders.

Regulax
Note. This name is used for preparations of different composition.
Hexal, Braz.†.
Cotton root bark; plumeria lancifolia; berberis laurina.
Dysmenorrhoea.

Krewel Meuselbach, Cz.†; Krewel Meuselbach, Pol.
Senna (p.1769·2).
Bowel evacuation; constipation.

Regulax N *Krewel, Ger.†.*
Senna (p.1769·2).
Constipation.

Regulax Picosulfat *Krewel, Ger.*
Sodium picosulfate (p.1771·1).
Constipation.

Regulax Pikosulfat *Krewel Meuselbach, Cz.*
Sodium picosulfate (p.1771·1).
Constipation.

Regulax SS *Republic, USA.*
Docusate sodium (p.1725·1).
Constipation.

Reguletts *Husler, Switz.*
Phenolphthalein (p.1762·1).
Constipation.

Regulex *Whitehall-Robins, Canad.†.*
Docusate sodium (p.1725·1).
Constipation.

Regulim *Atlantic, Singapore†; Atlantic, Thai.*
Phenolphthalein (p.1762·1).
Bowel evacuation; constipation.

Regulin *Gea, Denm.†.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Regulip *Raffo, Arg.*
Salmon oil (p.1362·1).
Hyperlipidaemias.

Reguloid *Rugby, USA.*
Psyllium hydrophilic mucilloid (p.1737·1).
Constipation.

Regulon *Gedeon Richter, Cz.; Gedeon Richter, Hung.; Gedeon Richter, Malaysia; Richter, Pol.; Grunenthal, Port.; Gedeon Richter, Rus.*
Desogestrel (p.2093·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Reguloop *Tunggal Idaman, Indon.*
Metoclopramide hydrochloride (p.1747·3).
Nausea and vomiting.

Regulose *Novartis Consumer, UK.*
Lactulose (p.1738·2).
Constipation.

Regulton *Abbott, Belg.; Teofarma, Ger.*
⊗ Amezinium metilsulfate (p.1209·2).
Hypotension.

Regultron *Bajamed, Mex.*
Fluoxetine (p.397·3).
Depression.

Regumen *Sanbe, Indon.*
Norethisterone (p.2119·3).
Dysfunctional uterine bleeding; dysmenorrhoea; endometriosis; menorrhagia; postponement of menstruation; premenstrual syndrome.

Regurin *Galen, Irl.; Galen, UK.*
Trospium chloride (p.2198·3).
Bladder instability.

Rehalyt *SAD, Denm.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Rehidralyte *Abbott, Venez.†.*
Glucose; sodium chloride; sodium citrate; potassium citrate (p.1672·2).
Oral rehydration.

Rehidrat *Eurofarma, Braz.; Pharmacia, Irl.; Pharmacia, S.Afr.; Pharmacia, UK†.*
Potassium chloride; sodium citrate dihydrate; sodium chloride; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Rehidrosol *Behrens, Venez.†.*
Sodium citrate; potassium chloride; glucose; citric acid (p.1672·2).
Oral rehydration.

Rehsal *Laboratorios Chile, Chile.*
Electrolytes; glucose (p.1672·2).
Oral rehydration therapy.

Rehydralyte *Abbott, Canad.; Abbott, Thai.†; Ross, USA.*
Glucose; potassium citrate; sodium chloride; sodium citrate (p.1672·2).
Diarrhoea; oral rehydration therapy.

Rehydrex med glucos *Fresenius Kabi, Norw.; Fresenius Kabi, Swed.*
Electrolyte infusion with glucose (p.1667·1).
Fluid and electrolyte disorders.

Rehydrex med Glucose *Fresenius Kabi, Denm.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Rehydron *Orion, Rus.*
Sodium chloride; sodium citrate; potassium chloride; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Rehydrosol *Teva, Hung.*
Electrolyte infusion with sorbitol (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Reichamox *Medreich, Hong Kong.*
Amoxicillin (p.202·2).
Bacterial infections.

Reidramax *Cazi, Braz.*
Glucose; sodium citrate; potassium chloride; sodium chloride (p.1672·2).
Oral rehydration therapy.

Reidratante *Catarinense, Braz.*
Glucose; sodium citrate; potassium chloride; sodium chloride (p.1672·2).
Oral rehydration therapy.

Reisedragee Eu Rho *Eu Rho, Ger.†.*
Diphenhydramine hydrochloride (p.577·2); 8-chlorotheophylline.
Nausea; vomiting.

Reisegold
Note. This name is used for preparations of different composition.
Whitehall-Much, Ger.†.
Sugar-coated tablets: Diphenhydramine hydrochloride (p.577·2); caffeine (p.1116·3); 8-chlorotheophylline; pyridoxine hydrochloride (p.1978·2).
Motion sickness.

Whitehall-Much, Ger.†.
Tablets: Dimenhydrinate (p.576·2).
Motion sickness.

Reisetabletten *Ratiopharm, Ger.; Stada, Ger.*
Dimenhydrinate (p.576·2).
Motion sickness; nausea; vertigo; vomiting.

Rejuva *Stiefel, Canad.*
SPF 30: Avobenzone (p.1589·3); enzacamene (p.1597·1); octinoxate (p.1608·2).
Sunscreen.

Rejuva-A *Stiefel, Canad.*
Tretinoin (p.1618·1).
Photodamaged skin.

Rejuvan *UAP, Indon.*
Vitamin A; vitamin B ; vitamin E; ferrous fumarate (p.1938·3)(p.1922·1).
Tonic.

Rejuvesol *Cytosol, Israel.*
Sodium pyruvate; inosine; adenine; dibasic sodium phosphate; monobasic sodium phosphate.
Extracorporeal rejuvenation.

Rejuvon *Eurowest, Philipp.*
Vitamin preparation with taurine and lysine (p.1922·1).
Nutritional supplement.

Rekamide *Rekah, Israel.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Rekasitin *Rekah, Israel.*
Zinc oxide (p.1621·2); cod-liver oil (p.1935·2); allantoin (p.1588·1).
Barrier preparation; burns; nappy rash; skin disorders.

Rekawan *Riemser, Ger.*
Potassium chloride (p.1684·3).
Potassium deficiency.

Rekiv *Rekah, Israel.*
Magnesium carbonate (p.1743·1); bismuth subnitrate (p.1711·2); sodium bicarbonate (p.1673·2); frangula bark (p.1732·2); calamus (p.2271·3).
Gastritis; gastrointestinal hyperacidity; peptic ulcer.

Rekod *Rekah, Israel.*
Codeine phosphate (p.37·2).
Coughs; pain.

Rekont *Madaus, Austria.*
Trospium chloride (p.2198·3).
Bladder function disorders.

Rekord B12 *Sigma-Tau, Ital.*
Amino-acid and vitamin B substances (p.1922·1).
Tonic.

Rekord Ferro *Sigma-Tau, Ital.*
Iron succinyl-protein complex (p.1953·2).
Iron deficiency; iron-deficiency anaemia.

Rekostin *Biofarm, Pol.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Rektiolax *Marmir, Pol.*
Sodium laurilsulfate (p.2138·3); sodium citrate (p.1673·3); sorbitol (p.1965·1); glycerol (p.2314·2).
Bowel evacuation; constipation.

Relacon Lax *Cypress, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Cough.

Relacon-DM *Cypress, USA†.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Coughs; nasal congestion.

Relacon-HC *Cypress, USA.*
Hydrocodone tartrate (p.63·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Coughs; upper respiratory-tract congestion.

Relact *Kora, Irl.*
Lactic acid (p.2329·3).
Vaginal discharge.

Relacton-C *Unipharma, Gr.†.*
Carisoprodol (p.1894·1); paracetamol (p.108·1).
Muscle relaxant; pain.

Reladorm *Tarchomin, Rus.*
Diazepam (p.986·3); cyclobarbital calcium (p.986·1).

Relafen *GSK, Canad.; SmithKline Beecham, USA†.*
Nabumetone (p.91·2).
Osteoarthritis; rheumatoid arthritis.

Relaflex *Hertz, Braz.*
Dipyrone (p.49·2); orphenadrine citrate (p.812·1); caffeine (p.1116·3).
Pain; smooth muscle spasm.

Relagesic *International Ethical, USA.*
Phenyltoloxamine citrate (p.588·1); paracetamol (p.108·1).
Upper respiratory-tract disorders.

Relampago *Ibefar, Braz.†.*
Thymol (p.1664·3); menthol (p.2340·1); neotutocaina; eugenol (p.2301·2).

Relana *Pharbio, Pol.; Cederroth, Spain.*
Melissa (p.2339·3); valerian (p.2410·1).
Anxiety; nervous disorders.

Relana Forte *Pharbio, Pol.*
Valerian (p.2410·1).
Anxiety; insomnia.

Relanium *GSK, Pol.; Medana, Pol.; Polfa Warszawa, Pol.; Warsaw-Polfa, Rus.*
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety; convulsions; eclampsia; epilepsy; premedication; skeletal muscle spasm; tetanus.

Relapamil *Orion, Fin.*
Quinine hydrochloride (p.612·3); diazepam (p.986·3).
Muscle spasm.

Relapax *Cazi, Braz.*
Diazepam (p.986·3).
Anxiety; skeletal muscle spasm.

Relapaz *Alter, Spain.*
Citalopram hydrobromide (p.385·3).
Anxiety; depression; obsessive-compulsive disorder.

Relar *Pharmaland, Thai.*
Orphenadrine citrate (p.812·1); paracetamol (p.108·1).
Muscle pain; tension headache.

Relasin-HCX *Cypress, USA.*
Guaifenesin (p.1561·3); hydrocodone tartrate (p.63·1).
Cough.

Relatene *Mintlab, Chile.*
Ketoprofen (p.73·1).
Inflammation; pain.

Relatrac *Pisa, Mex.*
Atracurium besilate (p.1902·1).
Competitive neuromuscular blocker.

Relavit Fosforo *Seber, Port.*
Glutamine (p.1947·2); thiamine hydrochloride; calcium magnesium fytate.
Mental function disorders.

Relax *Marien, Austria.*
Homoeopathic preparation.

Relax B$^+$ *Vitalia, UK.*
Valerian (p.2410·1); lupulus (p.2335·2); passion flower (p.2363·2); vitamin B substances (p.1922·1).

Relax and Sleep *Jamieson, Canad.*
Cataria; lupulus (p.2335·2); passion flower (p.2363·2); valerian (p.2410·1).
Sleep disorders.

Relaxane *Zeller, Switz.*
Butterbur (p.2271·1); valerian (p.2410·1); passion flower (p.2363·2); melissa (p.2339·3).
Formerly known as Relax.
Nervous disorders; sleep disorders.

Relaxaplex *Vitaplex, Austral.†.*
Valerian (p.2410·1); skullcap (p.2388·2); passion flower (p.2363·2); lupulus (p.2335·2); gentian (p.2310·3).
Herbal sedative.

Relaxar *Bouty, Ital.*
Mephenesin (p.1897·2); methyl nicotinate (p.85·3).
Neuromuscular pain; soft-tissue disorders.

Relaxa-Tabs *Woods, Austral.*
Mepyramine maleate (p.585·2).
Insomnia; nervous tension.

Relaxcol *Cristalfarma, Ital.*
Green clay; fennel (p.2302·3); star anise (p.2392·1); caraway (p.2276·3); fennel oil (p.2303·1); caraway oil (p.2277·1); cinnamon oil (p.2283·2); fruit oligosaccharides.
Gastrointestinal disorders with excess gas.

Relaxibys *Rimafar, Spain†.*
Carisoprodol (p.1894·1); paracetamol (p.108·1).
Musculoskeletal spasticity.

Relaxil *Arrow, Braz.*
Bromazepam (p.964·3).
Anxiety.

Relaxil-G *PannonPharma, Hung.*
Guaifenesin (p.1561·3).
Skeletal muscle spasm and paralysis.

Relaxine *Trenker, Belg.; Trima, Israel.*
Valerian (p.2410·1).
Insomnia; nervous disorders; nervousness; sleep disorders.

Relaxin-P *Jean-Marie, Hong Kong†.*
Chlorzoxazone (p.1894·3); paracetamol (p.108·1).
Painful skeletal muscle spasm.

Relaxit
Note. This name is used for preparations of different composition.
Abigo, Swed.
Sodium bicarbonate (p.1673·2); potassium acid tartrate (p.1764·1); calcium silicate (p.1676·3).
Constipation; faecal incontinence.

Crawford, UK.
Sodium citrate (p.1673·3); sodium laurilsulfate (p.2138·3); sorbic acid (p.1662·2); glycerol (p.2314·2); sorbitol (p.1965·1).
Constipation.

Relaxo *UB, Switz.*
Passion flower (p.2363·2); lupulus (p.2335·2); valerian (p.2410·1); melissa (p.2339·3).
Nervous disorders; sleep disorders.

Relaxon *Veropharm, Rus.†.*
Zopiclone (p.1039·1).
Sleep disturbances.

Relaxophen *Tanta, Canad.*
Paracetamol (p.108·1); methocarbamol (p.1897·3).

Relaxten *Biotenk, Arg.*
Alprazolam (p.960·1).
Anxiety; panic disorder.

Relaxyl
Note. This name is used for preparations of different composition.
Nycomed, Austria.
Dibasic sodium phosphate (p.1682·3); monobasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Thornton & Ross, UK†.
Alverine citrate (p.1708·1).
Irritable bowel syndrome.

Franco-Indian, India.
Ointment: Mephenesin (p.1897·2); methyl nicotinate (p.85·3); capsicum oleoresin (p.2276·2).
Musculoskeletal, joint, and soft-tissue disorders.

Franco-Indian, India.
Slow-release tablets; tablets: Diclofenac sodium (p.44·3).
Gout; musculoskeletal and joint disorders.

Franco-Indian, India.
Topical gel: Diclofenac diethylamine (p.44·3).
Soft-tissue disorders.

Relaxyl Plus *Franco-Indian, India.*
Diclofenac sodium (p.44·3); paracetamol (p.108·1).
Gout; musculoskeletal and joint disorders.

Relazepam *Pisa, Mex.*
Diazepam (p.986·3).
Anxiety; skeletal muscle spasm.

Relcer *Glenmark, Rus.*
Algeldrate (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2); liquorice (p.1740·3).
Dyspepsia; gastritis; gastro-oesophageal reflux; peptic ulcer.

Relcof PSE *Burel, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); hyoscine methonitrate (p.1734·2).
Upper respiratory-tract disorders.

Relcofen *Alpharma, UK.*
Ibuprofen (p.64·2).
Fever; pain.

Re-Leaf *Pascual, Philipp.*
Blumea balsamifera.
Oedema; renal calculi.

Releaf for PMS *Lake, USA.*
Pyridoxine hydrochloride (p.1978·2) in a base of natural herbs.
Premenstrual syndrome.

Release *New Vision, Canad.†.*
Vitamin C; manganese (p.1922·1).

Release Ag *Ethicon, Fr.*
Guluronic acid (p.2140·3); carmellose (p.2142·1); silver (p.2387·1).
Ulcers; wounds.

Relefact *Hoechst Marion Roussel, Gr.†.*
Protirelin (p.2175·3).
Thyroid function test.

Relefact LH-RH *Aventis, Austria; Aventis, Cz.†; Aventis, Ger.; Sanofi-Aventis, Gr.; Aventis, Israel; Aventis, Neth.*
⊗ Gonadorelin (p.2106·2).
Diagnosis of hypothalamic-pituitary-gonadal dysfunction; infertility.

Relefact TRH *Aventis, Austria; Odan, Canad.; Aventis, Ger.†; Aventis, Israel; Aventis, Neth.; Aventis, Switz.†.*
Protirelin (p.2175·3).
Diagnosis of hypothalamic-pituitary-thyroid dysfunction.

Relefrina *Klonal, Arg.*
⊗ Prednisolone (p.1540·3); phenylephrine (p.1568·1).
Eye disorders.

Relente *Klonal, Arg.*
Sodium chloride (p.1686·1).

Relenza *GSK, Arg.†; GSK, Austral.; GSK, Austria; GSK, Belg.; GSK, Braz.; GSK, Canad.; GSK, Chile†; GSK, Cz.; GSK, Denm.†; GSK, Fin.; GSK, Fr.; GSK, Ger.; GSK, Gr.; GSK, Hong Kong; GSK, Hung.; Glaxo Wellcome, Irl.†; GSK, Israel†; GSK, Ital.; GSK, Malaysia; GSK, Mex.; GSK, NZ; GSK, Neth.; GSK, Norw.; Glaxo Wellcome, Port.; GSK, S.Afr.; GSK, Singapore; GSK, Spain; GSK, Swed.; GSK, Switz.; GSK, Turk.; GSK, UK; Glaxo Wellcome, USA.*
Zanamivir (p.913·2).
Influenza.

Relert *Pfizer, Belg.; Pfizer, Fin.; Mack, Israel; Pfizer, Port.; Pfizer, Spain.*
Eletriptan hydrobromide (p.619·3).
Migraine.

Reless *Alk-Scherax, Ger.*
Bee venom extract (p.2251·1) or wasp venom extract (p.2251·1) (p.2250·2).
Allergen immunotherapy.

Relestal *Pediatrica, Philipp.*
Dicycloverine hydrochloride (p.1722·3).
Colic; gastrointestinal disorders.

Relestat *Allergan, Belg.; Allergan, Ger.; Alvia (Αλβια), Gr.; Allergan, Hung.; Allergan, Irl.; Allergan, Ital.; Allergan, Neth.; Allergan, Pol.; Allergan, Port.; Allergan, Spain; Allergan, Swed.; Allergan, Switz.; Allergan, UK.*
Epinastine hydrochloride (p.579·3).
Allergic conjunctivitis.

Relexil *Laboratorios Chile, Chile.*
Cyclobenzaprine hydrochloride (p.1895·2).
Skeletal muscle spasm.

Reliberan *Geymonat, Ital.†.*
Chlordiazepoxide hydrochloride (p.968·2).
Anxiety disorders.

Relide *Fahrenheit, Indon.*
Glimepiride (p.441·1).
Diabetes mellitus.

Relief
Note. This name is used for preparations of different composition.
Sagmel, Rus.
Shark-liver oil (p.2386·1); phenylephrine hydrochloride (p.1568·1).
Anorectal disorders.

Allergan, USA.
Phenylephrine hydrochloride (p.1568·1).
Minor eye irritation.

Relief Advance *Sagmel, Rus.*
Shark-liver oil (p.2386·1); benzocaine (p.1854·1).
Anorectal disorders.

Relief Ultra *Sagmel, Rus.*
⊗ Hydrocortisone acetate (p.1535·2); zinc sulfate (p.1999·2); shark-liver oil (p.2386·1).
Anorectal disorders.

Relief-Coff *MDI, S.Afr.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3); sodium citrate (p.1673·3).
Coughs.

Reliev *Schering, Chile.*
Meglumine amidotrizoate (p.1475·3).
Radiographic contrast medium.

Reliev 76% *Schering, Chile.*
Sodium amidotrizoate (p.1475·3); meglumine amidotrizoate (p.1475·3).
Radiographic contrast medium.

Relievol Allergy Sinus *Tanta, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).

Relievol PMS *Tanta, Canad.*
⊗ Paracetamol (p.108·1); pamabrom (p.1365·3); mepyramine maleate (p.585·2).
Premenstrual syndrome.

Relievol Sinus *Tanta, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).

Relif *Meda, Spain.*
Nabumetone (p.91·2).
Osteoarthritis; rheumatoid arthritis.

Relifen *Sanwa, Jpn; GSK, S.Afr.*
Nabumetone (p.91·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Relifex *GSK, Braz.†; Meda, Cz.; Meda, Denm.; Meda, Fin.; Meda, Gr.; GSK, Hong Kong†; Meda, Hung.; Meda, Irl.; GSK, Israel; GSK, Mex.; Meda, Norw.; SmithKline Beecham, Philipp.; GSK, Pol.; Meda, Swed.; GSK, Thai.; GSK, Turk.; Meda, UK.*
Nabumetone (p.91·2).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Religer *Gerard, Irl.*
Nabumetone (p.91·2).
Osteoarthritis; rheumatoid arthritis.

Relimal *Pharmachemie, Philipp.*
⊗ Morphine sulfate (p.86·3).
Pain.

Relipain *Gerolymatos, Gr.*
Diclofenac sodium (p.44·3).
Inflammatory disorders.

Relisan *Xixia, S.Afr.*
Nabumetone (p.91·2).
Osteoarthritis; rheumatoid arthritis.

Reliser *Serono, Arg.†; Serono, Braz.; Serono, Mex.†; Serono, Venez.†.*
⊗ Leuprorelin acetate (p.2111·1).
Endometriosis; female infertility; prostatic cancer; uterine fibroids.

Relisorm I *Serono, Hung.†.*
⊗ Gonadorelin acetate (p.2106·2).
Diagnosis of hypothalamic-pituitary-gonadal dysfunction.

Relisorm L *Serono, Hong Kong†; Serono, Switz.†.*
⊗ Gonadorelin acetate (p.2106·2).
Diagnosis of infertility; stimulation of ovulation; test of hypothalamic-pituitary-gonadal function.

Relistor *Wyeth, UK; Wyeth, USA.*
Methylnaltrexone bromide (p.1747·2).
Opioid-induced constipation.

Relitone *Garec, S.Afr.*
Nabumetone (p.91·2).
Osteoarthritis; rheumatoid arthritis.

Relium *Tarchomin, Rus.*
Diazepam (p.986·3).

Reliv
Note. This name is used for preparations of different composition.
Meprofarm, Indon.
Thioctic acid (p.2400·2); curcuminoid (p.1473·2); vitamin B substances; phyllanthus niruri.
Liver disorders.

Recip, Swed.
Paracetamol (p.108·1).
Fever; pain.

Relivan *Novell, Indon.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease; premature labour.

Reliveran *Novartis, Arg.*
Metoclopramide (p.1747·3).
Gastro-intestinal motility disorders; gastro-oesophageal reflux; gastrointestinal investigations; nausea and vomiting.

Relivora Komplex *Sanum-Kehlbeck, Ger.*
Homoeopathic preparation.

Relmus *Sanofi-Aventis, Port.*
Thiocolchicoside (p.1898·2).
Neuromuscular pain; parkinsonism; skeletal muscle spasticity.

Relmus Compositum *Sanofi Synthelabo, Port.†.*
Thiocolchicoside (p.1898·2); aescin (p.2248·2).
Inflammation; musculoskeletal, joint, and soft-tissue injury; oedema; phlebitis; thrombophlebitis.

Relokap *Yeni, Turk.*
Naproxen sodium (p.92·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Relova *Meda, Switz.*
Diclofenac sodium (p.44·3).
Gout; inflammation; pain.

Reloxyl
Note. This name is used for preparations of different composition.
RDC, Ital.
Benzoyl peroxide (p.1590·2).
Acne; skin disinfection.

Cheminova, Spain†.
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Reloxyl Mucolitico *Cheminova, Spain†.*
Amoxicillin trihydrate (p.202·2); guaifenesin (p.1561·3).
Respiratory-tract infections.

Relpax *Pfizer, Austria; Pfizer, Canad.; Pfizer, Chile; Pfizer, Cz.; Pfizer, Denm.; Pfizer, Fr.; Pfizer, Ger.; Pfizer, Gr.; Pfizer, Hung.; Pfizer, Ital.; Pfizer, Mex.; Pfizer, Neth.; Pfizer, Norw.; Pfizer, Pol.; Pfizer, Rus.; Pfizer, S.Afr.; Pfizer, Singapore; Pfizer, Spain; Pfizer, Swed.; Pfizer, Switz.; Pfizer, Turk.; Pfizer, UK; Pfizer, USA.*
Eletriptan hydrobromide (p.619·3).
Migraine.

Relsed *Polfa Warszawa, Pol.*
Diazepam (p.986·3).
Convulsions; epilepsy; premedication; skeletal muscle spasm.

Reluri *Cypress, USA.*
Guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract disorders.

Relvene *Expanscience, Fr.*
Oxerutins (p.2304·3).
Chronic venous insufficiency.

Relyomycin *Relyo, Gr.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Relyovix *Relyo, Gr.*
Cefatrizine propylene glycol (p.221·3).
Bacterial infections.

Rem *Chobet, Arg.*
Midazolam (p.1007·3).
General anaesthesia; premedication; sedative.

Remafen *Xepa-Soul Pattinson, Hong Kong; Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
Diclofenac sodium (p.44·3).
Gout; musculoskeletal and joint disorders.

Remakrim *Medikon, Indon.*
Methyl salicylate (p.85·3); menthol (p.2340·1); eugenol (p.2301·2); methyl nicotinate (p.85·3).
Musculoskeletal and joint pain; neuralgia.

Remapro *Mersifarma, Indon.*
Ketoprofen (p.73·1).
Gout; musculoskeletal and joint disorders.

Remasal *Medikon, Indon.*
Aluminium aspirin (p.19·1); vitamin B (p.1980·2); vitamin E (p.1992·2).
Rheumatic disorders.

Rematof *Bernofarm, Indon.*
Ketoprofen (p.73·1).
Gout; musculoskeletal and joint disorders.

Remdue *Biomedica, Ital.*
Flurazepam dihydrochloride (p.999·1).
Insomnia.

Remecon *Remexa, Mex.*
Ketoconazole (p.539·1).
Fungal skin infections.

Remedacen *Aventis, Ger.†.*
Dihydrocodeine polistirex (p.48·3).
Coughs.

Remedeine *Napp, UK.*
Paracetamol (p.108·1); dihydrocodeine tartrate (p.48·1).
Pain.

Remederm
Note. This name is used for preparations of different composition.
Widmer, Ger.
⊗ Urea (p.1620·2); vitamin A palmitate (p.1973·1); alpha tocoferil acetate (p.1992·3); dexpanthenol (p.2362·1).
Skin disorders.

Widmer, Philipp.
⊗ Vitamin A (p.1971·2); vitamin E (p.1992·2); panthenol (p.2362·1); urea (p.1620·2); biostimulines.
Dry skin.

Remederm HC *Widmer, Ger.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Remedol *Remedica, Singapore.*
Paracetamol (p.108·1).
Fever; pain.

Remeflin *Recordati, Ital.*
Dimefline hydrochloride (p.2155·1).
Respiratory and circulatory disorders.

Remegel
Note. This name is used for preparations of different composition.
Seton, Neth.
Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2).
Dyspepsia; heartburn.

SSL, UK.
Calcium carbonate (p.1714·1).
Gastric hyperacidity.

Remegel Wind Relief *SSL, UK.*
Calcium carbonate (p.1714·1); simeticone (p.1770·2).
Dyspepsia; flatulence; heartburn.

Remena *Remedina, Gr.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Remens
Note. This name is used for preparations of different composition.
Svizera, India.
Progesterone (p.2125·1).
Progesterone deficiency.

Bittner, Austr.; Bittner, Rus.
Homoeopathic preparation.

Remergil *Organon, Ger.*
Mirtazapine (p.409·2).
Depression.

Remergon *Organon, Belg.*
Mirtazapine (p.409·2).
Depression.

Remeron *Organon, Arg.; Organon, Austral.; Organon, Austria; Organon, Braz.; Organon, Canad.; Organon, Cz.; Organon, Denm.; Organon, Fin.; Organon (Οργανον), Gr.; Organon, Hong Kong; Organon, Hung.; Organon, Indon.; Organon, Israel; Organon, Ital.; Organon, Malaysia; Organon, Mex.; Pharmaco, NZ; Organon, Neth.; Organon, Norw.; Organon, Philipp.; Organon, Pol.; Organon, Port.; Organon, Rus.†; Donmed, S.Afr.; Organon, Singapore; Organon, Swed.; Organon, Switz.; Organon, Thai.; Organon, Turk.; Organon, USA; Organon, Venez.*
Mirtazapine (p.409·2).
Depression.

Remestan *Wyeth Lederle, Austria†; Valeant, Ger.*
Temazepam (p.1030·1).
Sleep disorders.

Remestyp *Ferring, Cz.; Ferring, Pol.; Ferring, Rus.†.*
Terlipressin (p.2395·3).
Haemorrhage.

Remethan
Remedica, Hong Kong; Remedica, Malaysia.
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Remedica, Singapore†; Remedica, Thai.
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Remexal *Permamed, Switz.*
Lauromacrogol 600 (p.1916·1); dimethyl sulfoxide (p.2022·1); glycol salicylate (p.62·3); dexpanthenol (p.2362·1); menthol (p.2340·1); camphor (p.2273·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Remezine *Remek, Gr.*
Cetirizine (p.571·1).
Allergic disorders.

Remicade *Schering-Plough, Arg.†; Schering-Plough, Austral.; Schering-Plough, Belg.; Mantecorp, Braz.; Schering, Canad.; Schering-Plough, Chile; Centocor, Cz.; Centocor, Denm.; Schering-Plough, Fin.; Schering-Plough, Fr.; Essex, Ger.; Schering-Plough, Gr.; Janssen, Hong Kong; Centocor, Hung.; Tanabe, Indon.; Schering-Plough, Irl.; Centocor, Israel; Schering-Plough, Ital.; Tanabe, Jpn; Schering-Plough, Malaysia; Schering-Plough, Mex.; Schering-Plough, NZ; Centocor, Neth.; Schering-Plough, Norw.; Schering-Plough, Philipp.; Centocor, Pol.; Schering-Plough, Port.; Centocor, Rus.; Schering-Plough, Singapore; Schering-Plough, Spain; Schering-Plough, Swed.; Essex, Switz.; Schering-Plough, Thai.; Schering-Plough, Turk.; Schering-Plough, UK; Centocor, USA; Schering-Plough, Venez.*
Infliximab (p.69·3).
Ankylosing spondylitis; Crohn's disease; psoriasis; psoriatic arthritis; rheumatoid arthritis; ulcerative colitis.

Remicaine *Adcock Ingram, S.Afr.*
Lidocaine hydrochloride (p.1862·3).
Arrhythmias; local anaesthesia.

Remicalcin + D_3 *Schaper & Brummer, Ger.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Remicard *Adcock Ingram, S.Afr.*
Lidocaine hydrochloride (p.1862·3).
Arrhythmias.

Remicit *Richmond, Arg.*
⊗ Remifentanil hydrochloride (p.120·1).
Analgesia in anaesthesia.

Remicut *Kowa, Jpn.*
Emedastine fumarate (p.579·2).
Hypersensitivity reactions.

Remid *TAD, Ger.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; renal calculi.

Remiderm *Elvetium, Arg.†.*
Centella (p.1592·3).

Remidex *AstraZeneca, Port.*
⊗ Anastrozole (p.681·2).

Remidol *Farmasierra, Spain†.*
Ibuprofen (p.64·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Remidon *Deva, Turk.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Remifemin *Schaper & Brummer, Ger.; Phytotec, Hung.; Merck, Indon.; Merck, Malaysia; Merck, Philipp.; Schaper & Brummer, Pol.; Schaper & Brummer, Singapore; Farmasierra, Spain; Schaper & Brummer, Thai.*
Cimicifuga (p.2282·1).
Menopausal disorders; menstrual disorders.

Remifemin plus *Europharm, Austria; Schaper & Brummer, Ger.*
St John's wort (p.422·3); cimicifuga (p.2282·1).
Menopausal disorders; menstrual disorders.

Remifemin Plus *Phytotec, Hung.*
St John's wort (p.422·3); cimicifuga (p.2282·1).
Menopausal disorders.

Remik *Olinka, Neth.†.*
Ramipril (p.1385·3).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Remikin *Remedina, Gr.*
Amikacin sulfate (p.200·3).
Bacterial infections.

Remilev *Ache, Braz.*
Valerian (p.2410·1); lupulus (p.2335·2).

Reminal *Leti, Venez.*
Enalapril maleate (p.1276·1).
Hypertension.

Reminalet *Leti, Venez.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Reminyl *Janssen-Cilag, Arg.; Janssen-Cilag, Austral.; Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Ortho, Canad.; Janssen-Cilag, Chile; Janssen-Cilag, Cz.; Janssen-Cilag, Denm.; Janssen-Cilag, Fin.; Janssen-Cilag, Fr.; Janssen-Cilag, Ger.; Janssen-Cilag, Gr.; Janssen, Hong Kong; Janssen-Cilag, Indon.; Shire, Irl.; Janssen-Cilag, Israel; Janssen-Cilag, Ital.; Janssen-Cilag, Malaysia; Janssen-Cilag, Mex.; Janssen-Cilag, NZ; Janssen-Cilag, Neth.; Janssen-Cilag, Norw.; Janssen, Philipp.; Janssen-Cilag, Pol.†; Janssen-Cilag, Port.; Janssen, Rus.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Singapore; Janssen-Cilag, Spain; Janssen-Cilag, Swed.; Janssen-Cilag, Switz.; Janssen-Cilag, Thai.; Janssen-Cilag, Turk.; Shire, UK.*
Galantamine hydrobromide (p.366·1).
Alzheimer's disease.

Remiprostan uno *Schaper & Brummer, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Remisan *Vir, Spain.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Remisan Mucolitico *Vir, Spain.*
Amoxicillin trihydrate (p.202·2); bromhexine hydrochloride (p.1552·2).
Respiratory-tract infections.

Remisil *BioSaude, Port.*
Piroxicam (p.117·3).
Arthroses; peri-articular disorders.

Remisol *Degorts, Mex.*
Methocarbamol (p.1897·3).
Skeletal muscle spasm.

Remisol-Plus *Degorts, Mex.*
Methocarbamol (p.1897·3); aspirin (p.20·3).
Musculoskeletal pain.

Remitex *Bago, Chile.*
Cetirizine hydrochloride (p.570·3).
Hypersensitivity reactions.

Remitex D *Bago, Chile.*
Cetirizine hydrochloride (p.570·3); pseudoephedrine sulfate (p.1571·2).
Allergic rhinitis.

Remizeral *Raffo, Arg.*
Rivastigmine (p.369·2).
Alzheimer's disease.

RE-186-MM-1 *CIS, Cz.*
Rhenium-186 (p.2055·2) colloidal sulfide.
Joint disorders.

Remnos *DDSA Pharmaceuticals, UK.*
Nitrazepam (p.1011·2).
Insomnia.

Remodil *Remedica, Singapore†.*
Diphenoxylate hydrochloride (p.1724·1).
Atropine sulfate (p.1219·3) is included in this preparation to discourage abuse.
Diarrhoea.

Remodulin *Orphan, Austral.; Andromaco, Chile; United Therapeutics, Cz.; Bioprojet, Fr.; Galenica, Gr.; United Therapeutics, Israel; Ferrer, Port.; Opopharma, Switz.; United Therapeutics, USA.*
Treprostinil sodium (p.1417·1).
Pulmonary hypertension.

Remontal *Lesvi, Spain.*
Nimodipine (p.1357·2).
Cognitive impairment in the elderly; neurological deficit following subarachnoid haemorrhage.

Remood *Gedeon Richter, Cz.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Remopain *Dexa, Indon.*
Ketorolac trometamol (p.74·2).
Pain.

Remora *Nobel, Turk.*
Roxithromycin (p.331·1).
Bacterial infections.

Remotil *Azevedos, Port.*
Domperidone (p.1726·2).
Aid in gastrointestinal examination; dyspepsia; nausea; vomiting.

Remotiv *Bayer, Arg.†; Flordis, Austral.; Torrex, Austria; Ache, Braz.; Bayer, Chile†; Ewopharma, Cz.; Madaus, Ger.; Phytotec, Hung.; Zeller, Israel; Abbott, Mex.; Ewopharma, Pol.; Knoll, S.Afr.†; Zeller, Switz.*
St John's wort (p.422·3).
Anxiety; depression; insomnia; mood disorders; stress.

Remotive *Biofutura, Ital.*
St John's wort (p.422·3).
Depression.

Remotrox *Pharmaceutical Enterprises, S.Afr.*
Dicycloverine hydrochloride (p.1722·3); dried aluminium hydroxide gel (p.1706·2); light magnesium oxide (p.1744·1).
Gastrointestinal disorders.

Remov *Piam, Ital.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Remove *Smith & Nephew, Austral.*
Dipropylene glycol methyl ether.
Adhesive remover.

Removil *Liferpal, Mex.*
⊗ Ambroxol (p.1550·3); salbutamol (p.1131·2).
Respiratory-tract disorders.

Remoxil *Ulagay, Turk.*
Amoxicillin sodium (p.202·2).
Bacterial infections.

Remular-S *International Ethical, USA.*
Chlorzoxazone (p.1894·3).
Musculoskeletal pain.

Remy *Sella, Ital.*
Camphor (p.2273·2); ethyl salicylate (p.52·1); menthol (p.2340·1); capsicum oleoresin (p.2276·2).
Rheumatism.

Remycin
Remedica, Hong Kong†.
Doxycycline hyclate (p.267·1).
Bacterial infections.

Remedica, Singapore†.
Doxycycline (p.267·1).
Bacterial infections.

Ren *Yung Shin, Hong Kong.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint and peri-articular disorders; pain.

Rena *Pharmaland, Thai.*
Orphenadrine citrate (p.812·1); paracetamol (p.108·1).
Muscle pain; skeletal muscle spasm.

Renabetic *Fahrenheit, Indon.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Renabrazin *Fahrenheit, Indon.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Renacalcio *Biocontrol, Arg.*
Calcium carbonate (p.1714·1).
Calcium supplement; hypocalcaemia; osteoporosis.

Renacardon *Fahrenheit, Indon.*
Enalapril maleate (p.1276·1).
Hypertension.

Renacenz *Pharmavita, Chile.*
Peptide extract (Cerebrolysin) (p.2337·3).
Dementia.

Renacidin
Note. This name is used for preparations of different composition.
HLB, Arg.
⊗ Finasteride (p.2188·3).
Alopecia androgenetica.

Guardian, USA.
Anhydrous citric acid (p.2284·1); gluconolactone (p.2313·1); magnesium carbonate (p.1743·1).
Renal calculi.

Renacor *Dieckmann, Ger.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Renadinac *Fahrenheit, Indon.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Renafit *Ikapharmindo, Indon.*
Preparation for enteral nutrition (p.1922·1).
Renal insufficiency.

Renagas *Fahrenheit, Indon.*
Chlordiazepoxide (p.968·1); clidinium bromide (p.1722·1).
Nocturnal enuresis; smooth muscle spasm.

Renagel *Genzyme, Austria; Genzyme, Belg.; Genzyme, Canad.; Genzyme, Cz.; Genzyme, Denm.; Genzyme, Fin.; Genzyme, Fr.; Genzyme, Ger.; Genzyme, Gr.; Genzyme, Hong Kong; Kirin, Hong Kong; Genzyme, Hung.; Genzyme, Irl.; Genzyme, Israel; Genzyme, Ital.; Chugai, Jpn; Genzyme, Neth.; Genzyme, Norw.; Genzyme, Pol.; Genzyme, Port.; Genzyme, Spain; Genzyme, Swed.; Genzyme, Switz.; Genzyme, Turk.; Genzyme, UK; Genzyme, USA.*
Sevelamer hydrochloride (p.1462·1).
Hyperphosphataemia in haemodialysis patients.

Renal Caps *Cypress, USA.*
Multivitamin preparation (p.1922·1).

Renal Care *Abbott, Ital.*
Preparation for enteral nutrition in renal failure (p.1922·1).

Renalapril *Neo Quimica, Braz.*
Enalapril maleate (p.1276·1).
Hypertension.

Renamel *Clonmel, Irl.†.*
Oxybutynin hydrochloride (p.2190·3).
Neurogenic bladder; nocturnal enuresis; unstable bladder.

Renamid *Fahrenheit, Indon.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Renamil *Kora, UK.*
Preparation for enteral nutrition in renal failure (p.1922·1).

RenAmin *Clintec, USA.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition in renal impairment.

Renamoca *Fahrenheit, Indon.*
Thiamphenicol (p.351·1).
Bacterial infections.

Renapepsa *Fahrenheit, Indon.*
Famotidine (p.1730·1).
Pathological hypersecretory disorders; peptic ulcer.

Renapril *Meditop, Hung.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Renapril Plus *Meditop, Hung.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Renapro *Kora, UK.*
Protein supplement in dialysis and hypoproteinaemia (p.1922·1).

Renapur *Schering-Plough, Swed.*
Anhydrous potassium citrate (p.1673·2); anhydrous sodium citrate (p.1673·3); anhydrous citric acid (p.2284·1).
Renal calculi.

Renaquil *Fahrenheit, Indon.*
Lorazepam (p.1004·1).
Anxiety; premedication.

Renase *Pharmaland, Thai.*
⊗ Amiloride hydrochloride (p.1209·2); hydrochlorothiazide (p.1307·3).
Hepatic cirrhosis with ascites and oedema; hypertension; oedema.

Renasistin *Fahrenheit, Indon.*
Cefadroxil (p.218·1).
Bacterial infections.

Renatabs *Hawthorn, USA.*
Vitamin preparation (p.1922·1).
Dietary supplement.

Renatabs with Iron *Hawthorn, USA.*
Yellow tablets, vitamins (p.1922·1); red tablets, iron carbonyl (p.1950·3).
Dietary supplement.

Renatac *Fahrenheit, Indon.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Renaton *Korea United, Singapore†.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Renator *Fahrenheit, Indon.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Renatrim *Solvang, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Rena-Vite *Cypress, USA.*
Vitamin B substances; vitamin C (p.1922·1).

Renax
Note. This name is used for preparations of different composition.
Remedica, Hong Kong.
Alprazolam (p.960·1).
Anxiety; mixed anxiety depressive states.

Interbat, Indon.
Sericocalyx folium; java tea (p.2328·2); sonchus arvensis folium; plantain (p.2369·3).
Renal calculi.

Everett, USA.
Multivitamin and mineral preparation in renal failure (p.1922·1).

Renaxid *Amuchina, Ital.*
Peracetic acid (p.1655·2).
Haemodialysis equipment disinfection.

Renbiocid *Ist. Chim. Inter., Ital.†.*
Cefonicid sodium (p.226·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Rencef *EciFarma, Chile†.*
Lactulose (p.1738·2).
Bowel evacuation; constipation; hepatic encephalopathy.

Rendapid *Bernofarm, Indon.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Rendells *Prisfar, Port.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Rendells Plus *Rendell, NZ†.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Rendetil *Biotecnoquimica, Venez.*
Passion flower (p.2363·2); valerian (p.2410·1).
Insomnia; nervous disorders.

Rendimax *Farmo Quimica, Chile.*
Vitamin and mineral preparation (p.1922·1).
Dietary supplement.

Renedil *Sanofi-Aventis, Belg.; Aventis, Canad.; Aventis, Neth.*
Felodipine (p.1285·3).
Angina pectoris; hypertension.

Re/Neph *Pisa, Mex.†.*
Nutritional supplement in renal failure (p.1922·1).

Renese *Pfizer, Belg.†; Pfizer, USA†.*
⊗ Polythiazide (p.1373·3).
Hypertension; oedema.

Renese R *Pfizer, USA†.*
⊗ Polythiazide (p.1373·3); reserpine (p.1387·3).
Hypertension.

Reneuron *Juste, Spain.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder.

Reneuu Invisible Glove *Hoe, Malaysia†.*
Barrier cream.

Renezide *Pharmacare, S.Afr.*
⊗ Triamterene (p.1417·2); hydrochlorothiazide (p.1307·3).
Hypertension; oedema.

Renfort *Pasteur, Philipp.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Renicin *Teva, Hung.; Lek, Pol.*
Roxithromycin (p.331·1).
Bacterial infections.

Renidac *Tecnofarma, Mex.*
Sulindac (p.126·3).
Inflammation.

Renidur *MSD, Port.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Renilon *Nutricia, Irl.; Nutricia, Ital.; Nutricia, Port.; Nutricia Clinical, UK.*
Preparation for enteral nutrition (p.1922·1).
Renal impairment.

Renipress *Cazi, Braz.*
Enalapril maleate (p.1276·1).
Hypertension.

Renipril *APS, Port.†; Farmstandart, Rus.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Renipril HT *Farmstandart, Rus.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Renipril Plus *APS, Port.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Renistad *Stada, Austria.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension; left ventricular dysfunction.

Renitec
MSD, Arg.; MSD, Austral.; MSD, Cz.; MSD, Denm.; MSD, Fin.; MSD-Chibret, Fr.; Vianex (Βιανέξ), Gr.; MSD, Hong Kong; MSD, Hung.; MSD, Malaysia; MSD, Mex.; MSD, NZ; MSD, Neth.; MSD, Philipp.; MSD, Port.; MSD, Rus.; MSD, S.Afr.; MSD, Singapore; MSD, Thai.; MSD, Turk.; MSD, Venez.
Enalapril maleate (p.1276·1).
Angina pectoris; heart failure; hypertension; ischaemic heart disease; myocardial infarction; unstable angina.

MSD, Austria; MSD, Belg.; MSD, Braz.; MSD, Norw.; MSD, Swed.
Enalapril maleate (p.1276·1) or enalaprilat (p.1276·2).
Heart failure; hypertension; left ventricular dysfunction.

MSD, Spain.
Enalapril (p.1276·1) or enalapril maleate (p.1276·1).
Heart failure; hypertension; left-ventricular dysfunction.

Renitec Comp *MSD, Fin.; MSD, Norw.; MSD, Swed.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Renitec Plus *MSD, Austral.; MSD, Austria; MSD, Fin.; MSD, Hung.; MSD, Neth.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Renitecmax *MSD, Spain.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Reniten *MSD, Switz.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension; left ventricular dysfunction.

Reniten Plus *MSD, Switz.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Rennie
Note. This name is used for preparations of different composition.
Bayer Consumer, Austral.; Bayer, Austria; Bayer, Belg.; Roche, Belg.; Roche, Braz.†; Bayer, Cz.; Bayer, Fin.; Bayer, Fr.; Bayer, Ger.; Roche Nicholas, Israel; Bayer, Ital.; Bayer, Neth.; Bayer, Pol.; Bayer Consumer, Rus.; Bayer, S.Afr.; Bayer, Singapore; Bayer, Spain; Roche, Swed.; Bayer, Switz.; Roche, Turk.; Roche Consumer, UK.
Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1).
Formerly known as Digestif Rennie in *S.Afr.*
Antacid; calcium supplement; dyspepsia; flatulence; gastric hyperacidity; gastric pain; heartburn; pyrosis.

Bayer Consumer, Arg.
Oral liquid: Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1); sodium alginate (p.2141·1).
Dyspepsia; gastro-oesophageal reflux.

Bayer Consumer, Arg.
Tablets: Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1).
Dyspepsia.

Rennie Antacidum *Bayer, Hung.*
Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1).
Gastro-oesophageal reflux; gastrointestinal hyperacidity; heartburn.

Rennie Chewable Tablets *Bayer, Irl.*
Calcium carbonate (p.1714·1).
Formerly known as Rennie Rap-Eze.
Gastric hyperacidity; heartburn.

Rennie Defarin *Roche Consumer, Ger.†.*
Calcium carbonate (p.1714·1); heavy magnesium carbonate (p.1743·1); simeticone (p.1770·2).
Gastrointestinal disorders with meteorism.

Rennie Deflatine *Bayer, Fr.; Bayer, Irl.; Bayer, Neth.; Bayer, Switz.; Roche Consumer, UK.*
Calcium carbonate (p.1714·1); heavy magnesium carbonate (p.1743·1); simeticone (p.1770·2).
Dyspepsia; flatulence; gastric hyperacidity; heartburn; meteorism.

Rennie Digestif
Note. This name is used for preparations of different composition.
Kolassa, Austria.
Papain (p.2362·3); pancreatin (p.2360·1); calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1).
Dyspepsia; flatulence; gastric pain; heartburn; nausea and vomiting.

Bayer, Port.
Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1).
Dyspepsia; gastric hyperacidity.

Rennie Duo
Bayer, Austria; Bayer, Neth.; Bayer, Port.
Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1); alginic acid (p.2140·3) or sodium alginate (p.2141·1).
Dyspepsia; gastric hyperacidity; gastro-oesophageal reflux.

Roche Consumer, Irl.†; Roche, Turk.; Roche Consumer, UK.
Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1); sodium alginate (p.2141·1).
Dyspepsia; gastric hyperacidity; gastro-oesophageal reflux; heartburn.

Rennie Peppermint *Bayer, Irl.*
Calcium carbonate (p.1714·1); magnesium carbonate (p.1743·1).
Gastric hyperacidity; heartburn.

Rennie Refluxine *Bayer, Neth.*
Calcium carbonate (p.1714·1); light magnesium carbonate (p.1743·1); sodium alginate (p.2141·1).
Gastric hyperacidity; gastro-oesophageal reflux.

Rennie Soft Chews *Roche Consumer, UK.*
Calcium carbonate (p.1714·1).
Dyspepsia; flatulence; heartburn.

Renob Blasen- und Nierentee *Pfleger, Ger.*
Birch leaf (p.2266·3); couch-grass rhizome (p.2288·2); solidago virgaurea (p.2391·1); ononis (p.2357·1); liquorice root (p.1740·3).
Urinary-tract disorders.

Renocil *Farma Lepori, Spain.*
Sodium cromoglicate (p.1136·3).
Allergic rhinitis.

Renocis *CIS, Port.; Schering, UK.*
Technetium-99m succimer (p.2055·3).
Radionuclide imaging of the kidney.

Renodiol *Sanbe, Indon.*
⊗ Normethandrone (p.2123·1); methyloestradiol (p.2098·3).
Amenorrhoea.

Renofundina *Braun, Port.*
Calcium chloride; magnesium chloride; potassium chloride; sodium acetate; sodium chloride with or without glucose (p.1670·3).
Haemodialysis.

Renogen *Biomedis, Philipp.*
⊗ Epoetin alfa (p.1061·1).
Anaemia of renal failure; reduction of allogenic blood transfusion.

Renografin *Squibb Diagnostics, USA.*
Meglumine amidotrizoate (p.1475·3); sodium amidotrizoate (p.1475·3).
Radiographic contrast medium.

Renolip *Remedina, Gr.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Reno-M *Squibb Diagnostics, USA.*
Meglumine amidotrizoate (p.1475·3).
Radiographic contrast medium.

Renopen *Ativus, Braz.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Renopress *Eversil, Braz.†.*
Enalapril (p.1276·1).
Hypertension.

Renorell *Sanorell, Ger.*
Homoeopathic preparation.

Renormax *Schering-Plough, Ital.; Italfarmaco, Spain.*
Spirapril hydrochloride (p.1399·3).
Hypertension.

Renotens *Ranbaxy, S.Afr.†.*
Lisinopril (p.1325·2).
Heart failure; hypertension; myocardial infarction.

Renotol *Pharmaniaga, Malaysia†; Raza, Malaysia†.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension.

Renova *Johnson & Johnson, Canad.; Janssen-Cilag, Malaysia†; Janssen-Cilag, S.Afr.; Janssen-Cilag, Thai.; Ortho Dermatological, USA.*
Tretinoin (p.1618·1).
Photoageing of the skin; pigmentation disorders.

Renovate *Forder, Arg.†.*
Salicylic acid (p.1612·2).

Renoxacin *SoSe, Ital.*
Norfloxacin (p.309·2).
Urinary-tract infections.

Renpress *Novartis, Cz.; Valeant, Spain.*
Spirapril hydrochloride (p.1399·3).
Heart failure; hypertension.

Rentamine Pediatric *Major, USA.*
⊗ Phenylephrine tannate (p.1568·3); ephedrine tannate (p.1559·1); chlorphenamine tannate (p.572·2); pentoxyverine tannate (p.1567·3).
Coughs and cold symptoms.

Rentibloc *Rentschler, Cz.†; Shire, Ger.*
⊗ Sotalol hydrochloride (p.1398·2).
Angina pectoris; arrhythmias; essential tremor; hypertension; hyperthyroidism; myocardial infarction.

Rentilox *Pharma Line, Gr.*
Meloxicam (p.80·3).
Inflammatory disorders.

Rentop *Montpellier, Arg.*
Risedronate sodium (p.1103·3).
Osteoporosis.

Rentrex *Umeda, Thai.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Rentylin *Rentschler, Cz.†; Shire, Ger.*
Pentoxifylline (p.1367·2).
Cerebral, peripheral, and ocular vascular disorders.

Renu *Bausch & Lomb, Austral.; Bausch & Lomb, Braz.†; Bausch & Lomb, Canad.; Chauvin, Fr.; Bausch & Lomb, NZ; Bausch & Lomb, USA.*
A range of solutions for soft contact lens care (p.1622·2).

Renu Enzymatic Cleaner *Bausch & Lomb, USA.*
Subtilisin A (p.2393·3) (p.1622·2).
Cleansing solution for soft contact lenses.

Renu Moistureloc *Chauvin, Fr.*
Cleansing and disinfection solution for soft contact lenses (p.1622·2).

Renu Multiplus *Bausch & Lomb, UK.*
Solution for cleansing, disinfecting, and removal of protein from contact lenses (p.1622·2).

Renu Plus
Note. This name is used for preparations of different composition.
Bausch & Lomb, Braz.†.
Cleaning solution for contact lenses (p.1622·2).

Bausch & Lomb, Mex.
Povidone (p.2146·1)(p.1622·2).
Lubricating solution for contact lenses.

Ren-Ur *Lafedar, Arg.*
⊗ Hydrochlorothiazide (p.1307·3); amiloride hydrochloride (p.1209·2).
Hypertension.

Renusor *Soria Natural, Spain†.*
Corn silk (p.2288·1); couch-grass (p.2288·2); betula alba (p.2266·3); solidago (p.2391·1).
Fluid retention.

Renutryl *Germania, Austria.*
Preparation for enteral nutrition (p.1922·1).

Renutryl 500 *Nestle, Fr.*
Nutritional supplement (p.1922·1).

Renvela *Genzyme, USA.*
Sevelamer carbonate (p.1462·1).
Hyperphosphataemia in chronic renal failure.

Renvol *Otto, Indon.*
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Musculoskeletal and joint disorders.

Renxamin *Kalbe, Indon.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Reocol *Also, Ital.†.*
Tartaric acid; sodium bicarbonate (p.1673·2); anhydrous citric acid; magnesium sulfate (p.1679·3).
Constipation; dyspepsia.

Reodyn *Orion, Fin.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders.

Reoferol *Zimaia, Port.*
Tocoferil nicotinate (p.1415·1).

Reoflen *Novis, Gr.*
Triflusal (p.1418·3).
Thrombosis prophylaxis.

Reoflus *Boniscontro & Gazzone, Ital.*
Heparin calcium (p.1301·2).
Thromboembolic disorders.

Reolase *Difass, Ital.*
Telmesteine (p.1573·3).
Respiratory-tract disorders.

Reolin *Hochland, Israel.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders associated with viscous mucus.

Reomax *Pfizer, Ital.*
⊗ Etacrynic acid (p.1283·1) or sodium etacrynate (p.1283·2).
Oedema.

Reomucil *DOC, Ital.†.*
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

ReoPro *Lilly, Arg.†; Lilly, Austral.; Lilly, Austria; Lilly, Belg.; Lilly, Braz.; Lilly, Canad.; Lilly, Chile; Centocor, Cz.; Centocor, Denm.; Lilly, Fin.; Lilly, Fr.; Lilly, Ger.; Lilly, Gr.; Lilly, Hong Kong; Lilly, India; Lilly, Irl.; Centocor, Israel; Lilly, Ital.; Lilly, Malaysia; Lilly, Mex.; Lilly, NZ; Centocor, Neth.; Centocor, Norw.; Centocor, Pol.; Lilly, Port.; Lilly, Rus.; Lilly, S.Afr.; Lilly, Singapore; Lilly, Spain; Lilly, Swed.; Lilly, Switz.; Lilly, Thai.; Lilly, UK; Centocor, USA; Lilly, USA.*
Abciximab (p.1192·2).
Myocardial infarction; prevention of ischaemic cardiac complications during percutaneous coronary interventions; unstable angina.

Reosan *Serral, Mex.*
Meloxicam (p.80·3).
Inflammation.

Reosil *Cafar, Venez.*
Bromhexine hydrochloride (p.1552·2).
Cough.

Reotal *Kalbe, Indon.*
Pentoxifylline (p.1367·2).
Intermittent claudication.

Reotan *Medicus, Gr.*
Calcium folinate (p.1943·3).
Antidote to folic acid antagonists; megaloblastic anaemia.

Repalyte *Aventis, Austral.; DHA, Malaysia; DHA, Singapore.*
Sodium chloride; potassium chloride; sodium acid citrate; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Repan *Everett, USA.*
Butalbital (p.967·2); caffeine (p.1116·3); paracetamol (p.108·1).
Pain.

Repan CF *Everett, USA†.*
Paracetamol (p.108·1); butalbital (p.967·2).
Pain.

Repanidal *Leciva, Cz.†.*
Tropesin.
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Reparcillin *New Research, Ital.*
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Reparex *Gynopharm, Chile.*
Vitamin E; selenium (p.1922·1).
Antoxidant preparation.

Reparil
Note. This name is used for preparations of different composition.
Madaus, Cz.; Madaus, Pol.
Aescin (p.2248·2).
Compression spinal cord nerves; haematoma; inflammation; oedema; vascular disorders; venous insufficiency.

Madaus, Austria; Nycomed, Braz.; Madaus, Thai.†.
Injection: Sodium aescinate (p.2248·2).
Back pain; inflammation; oedema; vascular disorders.

Madaus, Austria; Madaus, Belg.; Nycomed, Braz.; Madaus, Ger.; Madaus, Hong Kong; Madaus, Ital.; Madaus, Switz.†; Madaus, Thai.
Tablets: Aescin (p.2248·2).
Capillary fragility; haemorrhoids; inflammation; oedema; pain; postconcussional headache; tenosynovitis; thrombophlebitis; varicose veins; vascular disorders; venous insufficiency.

Madaus, Austria; Nycomed, Braz.; Altana Madaus, S.Afr.; Madaus, Thai.
Topical gel: Aescin (p.2248·2); diethylamine salicylate (p.47·2).
Haematomas; inflammation; muscle and joint pain; soft-tissue injury; sprains; tenosynovitis; thrombophlebitis; varicose veins; vascular disorders; venous insufficiency.

Madaus, Belg.; Madaus, Fr.; Madaus, Hong Kong; Madaus, Switz.
Topical gel: Aescin (p.2248·2); sodium aescin polysulfate (p.2248·2); diethylamine salicylate (p.47·2).
Cicatrisation; inflammation; oedema; soft-tissue injury; thrombophlebitis; vascular disorders; venous insufficiency.

Madaus, Ital.
Topical gel: Aescin (p.2248·2); heparin sodium (p.1301·2); diethylamine salicylate (p.47·2).
Soft-tissue disorders.

Nycomed, Braz.
Topical spray: Aescin (p.2248·2); sodium aescin polysulfate (p.2248·2); diethylamine salicylate (p.47·2).
Haemorrhoids; inflammation; soft-tissue injury; venous insufficiency.

Reparil N *Madaus, Hung.; Madaus, Pol.; Abdi, Turk.*
Aescin (p.2248·2); diethylamine salicylate (p.47·2).
Haematoma; musculoskeletal and joint pain; neuralgia; oedema; soft-tissue injury; venous insufficiency.

Reparil-Gel N *Madaus, Cz.; Madaus, Ger.*
Aescin (p.2248·2); diethylamine salicylate (p.47·2).
Inflammation; soft-tissue disorders.

Repariven *Bayer, Chile.*
Aescin (p.2248·2); a heparinoid (p.1305·2); diethylamine salicylate (p.47·2).
Phlebitis; soft-tissue injury; varices.

Reparon *EGIS, Hung.*
Escherichia coli; phenol (p.1656·1).
Anorectal disorders.

Repasma *Lennon, S.Afr.*
⊗ Amobarbital (p.961·3); aminophylline (p.1114·2); ephedrine hydrochloride (p.1558·2).
Asthma.

RepaVen *Madaus, Ital.†.*
Aesculus (p.2248·2); melilot (p.2339·2); rutoside (p.2305·1).
Oedema; venous insufficiency.

Rep-Cartil *Farmoterapia, Arg.*
Collagen (p.2286·1); cartilage (p.2277·3).
Dietary supplement.

Repelente Rep
Note. This name is used for preparations of different composition.
Aulo Gelio, Arg.
Cream; lotion: Citronella oil (p.2284·2).
Insect repellent.

Aulo Gelio, Arg.
Topical spray: Citronella oil (p.2284·2); jojoba oil.
Insect repellent.

Repelex *Sanitas, Chile.*
Compound 5734.
Insect repellent.

Repeltin *Pierre Fabre, Ger.†.*
Alimemazine (p.566·3).
Bronchial asthma or asthma-like complaints; pruritus.

Repentil
Note. This name is used for preparations of different composition.
Raffo, Arg.†.
Melatonin (p.2338·3).
Regulation of circadian rhythm.

Nolver, Venez.
⊗ Sibutramine hydrochloride (p.2163·2).
Obesity.

Repervit *IDI, Ital.†.*
Vitamin A palmitate (p.1973·1).
Vitamin A deficiency.

Repevax *Aventis Pasteur, Austria; Sanofi Pasteur, Fr.; Sanofi Pasteur, Ger.; Vianex (Βιανέξ), Gr.; Sanofi Pasteur, Port.; Aventis Pasteur, UK.*
A diphtheria, tetanus, acellular pertussis, and poliomyelitis vaccine (p.2211·3).
Active immunisation.

Repha Orphon *Repha, Ger.*
Java tea (p.2328·2).
Gout; rheumatism; urinary-tract disorders.

Rephalgin *Repha, Ger.*
Homoeopathic preparation.

Rephalysin C *Repha, Ger.*
Escherichia coli.
Gastrointestinal disorders.

Repha-Os *Repha, Ger.*
Tormentil root (p.2403·2); rhatany root (p.2378·3); myrrh (p.2349·2); anise oil (p.2258·2); eucalyptus oil (p.2301·2); peppermint oil (p.1761·2); clove oil (p.2285·1); menthol (p.2340·1).
Mouth and throat disorders.

Rephastasan *Repha, Ger.†.*
Homoeopathic preparation.

Repik Lekarsky *Slovakofarma, Cz.†.*
Agrimony (p.2249·2).
Gastrointestinal disorders; hepato-biliary disorders; inflammatory mouth disorders; inflammatory skin disorders.

Repikovy Caj, Repikova Nat *Megafyt-R, Cz.†.*
Agrimony (p.2249·2).
Diarrhoea; gastrointestinal inflammation; inflammatory disorders of the skin and mucous membranes; wounds.

Repilysin *Roche, Gr.†.*
Reteplase (p.1388·1).
Myocardial infarction.

Repin B_6 *Biopharm, Rus.*
Isoniazid (p.288·1); rifampicin (p.325·3); pyrazinamide (p.320·2); ethambutol hydrochloride (p.274·1).
Pyridoxine hydrochloride (p.1978·2) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Repisan *Bittner, Austria; Bittner, Rus.*
Homoeopathic preparation.

Repithel *Mundipharma, Ger.*
Carbomer; phosphatidyl choline (p.2367·1); povidone-iodine (p.1659·2).
Wounds.

Repivate *Xeragen, S.Afr.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Replagal *Orphan, Austral.; TKT, Austria; TKT, Belg.; Paladin, Canad.; Shire, Cz.; TKT, Denm.; TKT, Fr.; TKT, Ger.; TKT, Gr.; Shire, Hung.; TKT, Israel; TKT, Ital.; St Ives, NZ; TKT, Neth.; Shire, Port.; TKT, Spain; Drac, Switz.; Shire, UK.*
Agalsidase alfa (p.2252·3).
Fabry disease.

Replasyn *TRB, Arg.†.*
Estradiol (p.2097·2).
Menopausal disorders; osteoporosis.

Replavit *WN, Canad.*
Vitamin preparation (p.1922·1).

Replena *Abbott, Braz.*
Preparation for enteral nutrition (p.1922·1).

Replenate *BPL, UK.*
A factor VIII preparation (p.1067·1).
Formerly known as 8SM.
Haemophilia A.

Replenine *Paylos, Arg.†; BPL-Meizler, Braz.†; Galenica, Gr.; BPL, Israel; Bio Products, Malaysia; Landsteiner, Mex.; BPL, Singapore; Sodhan, Turk.; BPL, UK.*
A factor IX preparation (p.1068·3).
Haemophilia B.

Replens
Note. This name is used for preparations of different composition.
Sanofi Synthelabo, Austral.; Wolfs, Belg.†; Wellspring, Canad.; Mipharm, Ital.; Ipsen, Spain†; Campus, Swed.; Warner-Lambert, USA.
Polycarbophil (p.1763·3).
Vaginal dryness.

Tradiphar, Fr.; Teva, Israel; Adcock Ingram, S.Afr.; Vifor, Switz.; Anglian, UK.
Vaginal lubricant.
Vaginal dryness; vaginal irritation.

Replete *Clintec, USA.*
Lactose-free, gluten-free preparation for enteral nutrition (p.1922·1).

Replicare *Smith & Nephew Healthcare, UK.*
Hydrocolloid dressing.
Burns; ulcers; wounds.

Repligen *Panalab, Arg.*
Metronidazole (p.837·1).
Rosacea.

Repliva *Ther-Rx, USA.*
21 Tablets, ferrous glycinate (p.1939·1); ferrous fumarate (p.1938·3); vitamin B ; vitamin C (p.1922·1); 7 tablets, inert.
Succinic acid is included in the active tablets to increase the absorption and availability of iron.
Iron deficiency.

Repocal *Sigma, Braz.*
Calcium amino acid chelate.
Calcium supplement.

Repoflor *Legrand, Braz.*
Saccharomyces boulardii (p.2372·3).
Diarrhoea; restoration of intestinal flora.

Repogen *Libbs, Braz.*
Conjugated oestrogens (p.2087·2).
Menopausal disorders; oestrogen deficiency; osteoporosis.

Repogen Ciclo *Libbs, Braz.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; oestrogen deficiency; osteoporosis.

Repogen Conti *Libbs, Braz.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; oestrogen deficiency; osteoporosis.

Repopil *Legrand, Braz.*
Cyproterone acetate (p.2088·2); ethinylestradiol (p.2101·3).

Reposans *Wesley, USA†.*
Chlordiazepoxide hydrochloride (p.968·2).
Alcohol withdrawal syndrome; anxiety.

Reposcal D *EMS, Braz.*
Calcium carbonate (p.1714·1); vitamin D (p.1986·1).
Calcium and vitamin D supplement.

Repositol *Astellas, Ital.*
Barrier preparation.

Reposo-Mono *Medgenix, Belg.†.*
Meprobamate (p.1006·2).
Insomnia.

Reposton *Provit, Mex.*
Liver extract (p.2337·3).
Anaemias.

Repotin *Bioclones, S.Afr.*
⊗ Epoetin (p.1061·1).
Anaemias; autologous blood transfusions.

Repovit *Sigma, Braz.†.*
Vitamin and mineral preparation (p.1922·1).

Repowine mono *Truw, Ger.†.*
Scoparium (p.2384·2).
Cardiac disorders.

Repozal *Gunsa, Turk.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Repreve *GSK, Austral.*
Ropinirole (p.816·2).
Restless legs syndrome.

Reprexain *Watson, USA.*
Hydrocodone tartrate (p.63·1); ibuprofen (p.64·2).
Pain.

Repronex *Ferring, Canad.; Ferring, USA.*
⊗ Menotrophin (p.2109·3).
Female infertility.

Reprost *Andromaco, Chile†.*
Naproxen (p.92·3).
Gout; musculoskeletal, joint, and peri-articular disorders; pain.

Reprostom *Fahrenheit, Indon.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Reproven N *Hanosan, Ger.*
Homoeopathic preparation.

Reptilase *Disperga, Austria; Pharmadeveloppement, Fr.†; Troikaa, India; Neves, Port.†.*
Haemocoagulase (p.1056·1).
Haemorrhage.

Repursan *Biokanol, Ger.*
Muira puama; kola; vitamins (p.1922·1).
Tonic.

Requiesan *Klein, Ger.*
Eschscholtzia californica; avena (p.2262·1).
Sleep disorders.

Requip *GSK, Arg.; GSK, Austria; GSK, Belg.; GSK, Canad.; GSK, Chile; GSK, Cz.; GSK, Denm.; GSK, Fin.; GSK, Fr.; GSK, Ger.; GSK, Gr.; GSK, Hong Kong; GSK, Hung.; GSK, Irl.; GSK, Israel; GSK, Ital.; GSK, Malaysia; GSK, NZ; GSK, Neth.; GSK, Norw.; GSK, Pol.; Beecham, Port.; GSK, S.Afr.; GSK, Singapore; GSK, Spain; GSK, Swed.; GSK, Switz.; GSK, Turk.; GSK, UK; SmithKline Beecham, USA.*
Ropinirole hydrochloride (p.816·1).
Parkinsonism; restless legs syndrome.

Res Vin *Geymonat, Ital.*
Vitamins; mineral; rutoside; proanthyocyanidins; resveratrol (p.1922·1).
Circulatory disorders; nutritional supplement.

Resaca *Biotenk, Arg.*
Aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3); aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Digestive disorders; pain.

Resakal *Puerto Galiano, Spain†.*
Paracetamol (p.108·1).
Fever; pain.

Resalt *Aspen, S.Afr.†.*
Sodium chloride; potassium chloride; glucose; sodium bicarbonate (p.1672·2).
Diarrhoea; oral rehydration therapy.

Resapin *Soho, Indon.*
Reserpine (p.1387·3).
Hypertension.

Resata *Rafarm, Gr.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis; topical corticosteroid.

Rescold *Klinger, Braz.†.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Cold and influenza symptoms.

Rescon *Capellon, USA†.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Rescon-DM *Capellon, USA.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Coughs and cold symptoms.

Rescon-GG *Capellon, USA.*
Phenylephrine hydrochloride (p.1568·1); guaifenesin (p.1561·3).
Coughs.

Rescon-Jr *Capellon, USA.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Upper respiratory-tract disorders.

Rescon-MX *Capellon, USA.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); hyoscine methonitrate (p.1734·2).
Formerly contained pseudoephedrine hydrochloride, chlorphenamine maleate, and hyoscine methonitrate.
Upper respiratory-tract disorders.

Rescriptor *Pfizer, Austral.; Pfizer, Canad.; Pfizer, Mex.†; Pharmacia Upjohn, USA.*
Delavirdine mesilate (p.869·3).
HIV infection.

RescueFlow *Biophausia, Denm.; Medifront, Fin.; Biophausia, Ger.†; Bioquest, Ger.†; Biophausia, Neth.; Biophausia, Norw.; Biophausia, Port.; Alliance, S.Afr.; Biophausia, Swed.; Vitaline, UK.*
⊗ Dextran 70 (p.1059·3) in sodium chloride.
Hypovolaemic shock; plasma volume expansion.

Rescuesol *Pisa, Mex.†.*
⊗ Dextran 60 (p.1059·3) in sodium chloride.

Rescula *Novartis Ophthalmics, Arg.; Novartis, Austria; Novartis, Braz.; Novartis, Chile; Novartis, Cz.; Novartis Ophthalmics, Hung.; Santen, Jpn; Novartis, Mex.; Novartis, Neth.; Novartis, Philipp.; Novartis Ophthalmics, Singapore†; Novartis, Switz.†; Novartis, Thai.; Novartis Ophthalmics, USA†; Novartis, Venez.*
Unoprostone isopropyl (p.1886·3).
Glaucoma; ocular hypertension.

Rescuvolin *Nycomed, Austria; Teva, Belg.; Asta Oncologia, Braz.†; Nettopharma, Denm.†; Nycomed, Fin.†; Medac, Ger.; Detsaves (Ντετσαβες), Gr.; Pharmachemie, Indon.; Pharmachemie, Malaysia; Asta Medica, NZ†; Pharmachemie, Neth.; Nycomed, Norw.; Pharmachemie, Philipp.; Pharmachemie, S.Afr.; Pharmachemie, Singapore†; Nycomed, Swed.†; Pharmachemie, Thai.; Teva, Thai.; Er-Kim, Turk.*
Calcium folinate (p.1943·3).
Adjunct to fluorouracil in colorectal cancer; antidote to folic acid antagonists; folic acid deficiency; megaloblastic anaemia; reduction of methotrexate toxicity.

Resdil *Pharma 3, Philipp.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Resectal *Fresenius Kabi, Austria.*
⊗ Sorbitol (p.1965·1); mannitol (p.1330·2).
Bladder and prostate surgery.

Resectisol *Baxter, Turk.; Kendall McGaw, USA†.*
⊗ Mannitol (p.1330·2).
Bladder irrigation.

Reseptyl-Urea *Wagner, Hung.*
⊗ Chloroseptyl; urea (p.1620·2).
Burns; skin infections; wounds.

Reser *TO-Chemicals, Thai.*
⊗ Reserpine (p.1387·3); hydralazine hydrochloride (p.1305·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Resfenol *Hertz, Braz.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Cold and influenza symptoms.

Resfin *Jofrain, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Resflok *Sanbe, Indon.*
Sparfloxacin (p.332·1).
Bacterial infections of the respiratory tract.

Resfolin *Piam, Ital.†.*
Calcium folinate (p.1943·3).
Anaemias; antidote to folic acid antagonists; folate deficiency; reduction of aminopterin and methotrexate toxicity.

Resfrineo *Neo Quimica, Braz.†.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Cold symptoms.

Resfry
Neo Quimica, Braz.
Syrup: Paracetamol (p.108·1); dexchlorpheniramine maleate (p.572·1); caffeine (p.1116·3); ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Neo Quimica, Braz.
Tablets: Green tablets, paracetamol (p.108·1); dexchlorpheniramine maleate (p.572·1); caffeine (p.1116·3); yellow tablets, ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Resfryneo *Neo Quimica, Braz.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Influenza symptoms.

Resibant *Bago, Arg.*
Rimonabant (p.2380·3).

Resibelacta *Atral, Port.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Resibron *Ikapharmindo, Indon.*
Piracetam (p.368·2).
Cerebral trauma; chronic alcoholism; mental function impairment.

Resical *Fresenius Medical, Cz.; Fresenius Medical, Port.*
Calcium polystyrene sulfonate (p.1438·2).
Hyperkalaemia.

Residex P55 *Agropharm, UK.*
Permethrin (p.2048·2).
Mosquito repellent for nets and clothing.

Resilar *Orion, Fin.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Resimatil *Sanofi Synthelabo, Ger.*
Primidone (p.503·2).
Epilepsy.

Resimida *Rowe-Fleming, Venez.†.*
⊗ Furosemide (p.1292·1).
Diuretic.

Resincalcio *Omedir, Arg.; Rubio, Spain; Rubio, Thai.; TTN, Thai.*
Calcium polystyrene sulfonate (p.1438·2).
Hyperkalaemia.

Resincolestiramina *Rubio, Singapore†; Rubio, Spain; Rubio, Thai.; TTN, Thai.*
Colestyramine (p.1252·3).
Diarrhoea; hypercholesterolaemia; pruritus associated with biliary obstruction.

Resinsodio *Rubio, Singapore; Rubio, Spain; Rubio, Thai.; TTN, Thai.*
Sodium polystyrene sulfonate (p.1465·1).
Hyperkalaemia.

Resistan *Truw, Ger.†.*
Homoeopathic preparation.

Resistan mono *Truw, Ger.*
Echinacea purpura (p.2298·1).
Immunostimulant.

Resistim *Motima, Fr.*
Lavender oil (p.2331·2); cinnamon oil (p.2283·2); eucalyptus oil (p.2301·2); savory oil (p.2394·3).
Cold symptoms.

Reskuin *Dankos, Indon.*
Levofloxacin (p.292·2).
Bacterial infections.

Resma *UCB, Belg.*
Zafirlukast (p.1150·2).
Asthma.

Resmavil *Liferpal, Mex.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract disorders.

Resochin *Bayer, Austria; Bayer, Ger.; Bayer, India; Bayer, Indon.; Kern, Spain.*
Chloroquine phosphate (p.599·3).
Amoebiasis; connective tissue and collagen disorders; lupus erythematosus; malaria; protozoal infections; rheumatoid arthritis.

Resochina *BayHealth, Port.*
Chloroquine phosphate (p.599·3).
Amoebiasis; lupus erythematosus; malaria; rheumatoid arthritis.

Resodermil *Edol, Port.*
Sulfur (p.1614·1); resorcinol (p.1612·1).
Acne.

Resoferon *Novartis, Gr.; Novartis, Switz.†.*
Ferrous sulfate (p.1939·3).
Succinic acid may be included to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Resograf *Schering, Spain.*
Ferucarbotran (p.1478·1).
Contrast medium for magnetic resonance imaging of the liver.

Resol *Wyeth-Ayerst, USA.*
Glucose; sodium chloride; potassium citrate; citric acid; sodium phosphate; magnesium chloride; calcium chloride; sodium citrate (p.1672·2).
Diarrhoea; oral rehydration therapy.

Resolutivo Regium *Uriach, Spain.*
Boldo (p.2267·2); chumbera; equisetum (p.2299·3); sideritide; rosemary (p.2381·2); cynodon; arenaria; melissa (p.2339·3).
Diuresis.

Resolve
Note. This name is used for preparations of different composition.
Ego, Malaysia; Ego, Singapore.
Miconazole nitrate (p.541·3).
Fungal and Gram-positive skin infections; fungal nail infections; fungal vaginal infections.

SSL, UK.
Paracetamol (p.108·1); anhydrous citric acid (p.2284·1); sodium bicarbonate (p.1673·2); potassium bicarbonate (p.1673·1); sodium carbonate anhydrous (p.2389·1); ascorbic acid (p.1983·3).
Dyspepsia; headache.

Ego, Austral.
Balm: Miconazole nitrate (p.541·3); bufexamac (p.28·3).
Fungal skin infections.

Ego, Austral.
Cream; powder; topical solution: Miconazole (p.541·2) or miconazole nitrate (p.541·3).
Fungal skin and nail infections.

Resolve Extra *SSL, UK.*
Paracetamol (p.108·1); sodium bicarbonate (p.1673·2); caffeine (p.1116·3).
Dyspepsia; headache.

Resolve Plus *Ego, Austral.*
⊗ Miconazole nitrate (p.541·3); hydrocortisone (p.1535·2).
Formerly known as Fungocort.
Fungal skin infections with inflammation.

Resolve Thrush *Ego, Austral.*
Miconazole nitrate (p.541·3).
Formerly known as Fungo.
Vulvovaginal candidiasis.

Resolve Tinea
Note. This name is used for preparations of different composition.
Ego, Austral.
Cream: Miconazole nitrate (p.541·3); phenethyl alcohol (p.1655·3).
Fungal skin infections.

Ego, Austral.
Topical powder: Miconazole nitrate (p.541·3); zinc oxide (p.1621·2).
Fungal skin infections.

Resolvebohm *Bohm, Spain.*
Paracetamol (p.108·1).
Fever; pain.

Resolve/GP *Allergan, USA.*
Cleansing solution for hard and gas permeable contact lenses (p.1622·2).

Resonium *Sanofi Synthelabo, Denm.; Sanofi-Aventis, Fin.; Winthrop, Port.; Sanofi Synthelabo, Swed.*
Sodium polystyrene sulfonate (p.1465·1).
Hyperkalaemia.

Resonium A *Sanofi Synthelabo, Austral.; Sanofi Synthelabo, Austria; Sanofi Synthelabo, Ger.; Sanofi Synthelabo, Hong Kong; Sanofi-Aventis, Hung.; Sanofi, Irl.†; Sanofi Synthelabo, Malaysia†; Aventis, NZ; Sanofi Synthelabo, Neth.; Sanofi-Aventis, Pol.; Sanofi Synthelabo, Switz.; Sanofi Synthelabo, Thai.; Sanofi Synthelabo, UK.*
Sodium polystyrene sulfonate (p.1465·1).
Hyperkalaemia.

Resonium Calcium *Sanofi Synthelabo, Canad.; Sanofi Synthelabo, Denm.; Sanofi Synthelabo, Norw.; Sanofi Synthelabo, Swed.*
Calcium polystyrene sulfonate (p.1438·2).
Hyperkalaemia.

Resorbane *Spirig, Switz.*
Cineole (p.2282·3); camphor (p.2273·2); niaouli oil (p.2351·3).
Respiratory-tract disorders.

Resorborina
Note. This name is used for preparations of different composition.
Rimafar, Spain.
Mouthwash: ⊗ Benzalkonium chloride (p.1629·1); dexamethasone (p.1526·1); resorcinol (p.1612·1); tetracaine hydrochloride (p.1871·3).
Mouth and throat disorders.

Rimafar, Spain†.
Throat spray: ⊗ Benzalkonium chloride (p.1629·1); betamethasone valerate (p.1519·1); tetracaine hydrochloride (p.1871·3).
Mouth and throat disorders.

Resostyl *Lavipharm, Gr.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Resotyl *Drugtech, Chile.*
⊗ Modafinil (p.2160·3).
Narcoleptic syndrome.

Resource *Novartis, Arg.†; Novartis Consumer, Austral.†; Novartis, Braz.; Novartis Nutrition, Canad.†; Novartis, Fin.; Novartis Nutrition, Fr.; Novartis Nutrition, Hong Kong; Novartis Consumer, Ital.; Novartis Consumer, Port.†; Novartis Nutrition, Singapore; Novartis Consumer, UK; Novartis Nutrition, USA.*
A range of preparations for enteral nutrition (p.1922·1).

Resource Benefiber
Note. This name is used for preparations of different composition.
Novartis Consumer, Ital.
Dietary fibre supplement (p.1712·3).
Novartis Consumer, UK.
Guar gum (p.442·3).
Nutritional supplement.

Resource Energy *Novartis Nutrition, Fr.*
Preparation for enteral nutrition (p.1922·1).
Formerly known as Resource Nutrigil.

Resource Gelificata *Novartis Consumer, Ital.*
Carrageenan (p.2142·3); xanthan gum (p.2147·2); guar gum (p.442·3).
Dysphagia.

Resource Prunogil *Novartis Nutrition, Fr.*
Dietary fibre supplement (p.1922·1).
Constipation.

Resource Rhubagil *Novartis Nutrition, Fr.*
Rhubarb (p.1768·3); black currant (p.2267·1).
Constipation.

Resource ThickenUp *Novartis, Irl.; Novartis Consumer, Ital.; Novartis, NZ; Novartis Consumer, UK.*
Nutritional supplement for thickening foods (p.1922·1).
Dysphagia.

Resovist *Schering, Austral.†; Schering, Austria; Schering, Belg.; Schering, Cz.; Schering, Denm.; Schering, Fin.†; Schering, Ger.; Schering, Gr.; Schering, Israel†; Schering, Ital.; Schering, Neth.; Schering, Norw.; Lusal, Port.; Schering, Spain; Schering, Swed.; Schering, Switz.*
Ferucarbotran (p.1478·1).
Contrast medium for magnetic resonance imaging of the liver.

Resoxym *ICN, Pol.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion; otitis media; sinusitis.

Respacal *UCB, Belg.†.*
⊗ Tulobuterol hydrochloride (p.1150·1).
Bronchospasm.

Respa-DM *Respa, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Coughs; respiratory-tract congestion.

Respa-GF *Respa, USA†.*
Guaifenesin (p.1561·3).

Respahist *Respa, USA.*
Pseudoephedrine hydrochloride (p.1571·2); brompheniramine maleate (p.569·2).

Respaire *Laser, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs and cold symptoms; nasal congestion.

Respalis *Nestle, Fr.*
Preparation for enteral nutrition (p.1922·1).
Respiratory insufficiency.

Respalor *Mead Johnson Nutritionals, USA.*
Lactose-free preparation for enteral nutrition (p.1922·1).
Respiratory system disorders.

Respa-1st *Respa, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Respiratory-tract disorders associated with increased or viscous mucus.

Respatona Chesty Cough & Nasal Congestion *Brauer, Austral.*
Homoeopathic preparation.

Respatona Dry Cough & Nasal Congestion *Brauer, Austral.*
Homoeopathic preparation.

Respatona Head Cold *Brauer, Austral.*
Homoeopathic preparation.

Respatona Nasal Spray Decongestant *Brauer, Austral.*
Homoeopathic preparation.

Respatona Sinus Relief *Brauer, Austral.*
Homoeopathic preparation.

Respatona Sore Throat *Brauer, Austral.*
Homoeopathic preparation.

Respax *Pfizer, Austral.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Respbid *Boehringer Ingelheim, USA†.*
Theophylline (p.1140·1).
Obstructive airways disease.

Resperal *Cypress, USA.*
Dextromethorphan hydrobromide (p.1555·2); phenylephrine hydrochloride (p.1568·1); mepyramine maleate (p.585·2); dexchlorpheniramine maleate (p.572·1).
Cough; upper respiratory-tract disorders.

Resperal-DM *Cypress, USA.*
Brompheniramine maleate (p.569·2); dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Cough; upper respiratory-tract disorders.

Respexil *MSD, Braz.*
Norfloxacin (p.309·2).
Bacterial infections.

Respibien *Cinfa, Spain.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Respibron *Andromaco, Chile.*
Oxolamine citrate (p.1567·1) or oxolamine phosphate (p.1567·1).
Coughs.

Respicil *Senosiain, Mex.*
Procaine benzylpenicillin (p.319·2); dipyrone (p.49·2).
Bacterial infections.

Respicilin *Haller, Braz.†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Respicort *Mundipharma, Ger.†.*
⊗ Budesonide (p.1520·1).
Obstructive airways disease.

Respicur *Altana, Austria; Altana, Ital.*
Theophylline (p.1140·1).
Asthma; bronchospasm; obstructive airways disease.

Respidon *Torrent, Braz.; Torrent, India.*
Risperidone (p.1024·2).
Bipolar disorder; psychoses.

Respidual *Biogalenic, Venez.*
⊗ Ipratropium bromide (p.1124·1); fenoterol hydrobromide (p.1121·1).
Asthma.

Respifor *Nutricia Clinical, Fin.; Nutricia, Irl.; Nutricia, Ital.*
Preparation for enteral nutrition (p.1922·1).
Respiratory disorders.

RespiGam *Medimmune, USA.*
Respiratory syncytial virus immunoglobulins (p.2235·3).
Passive immunisation.

Respigen *Pacific, NZ.*
⊗ Salbutamol sulfate (p.1131·3).
Asthma.

Respilene
Note. This name is used for preparations of different composition.
Sanofi-Aventis, Fr.
Pholcodine (p.1570·2).
Coughs.
Columbia, Mex.†.
Zipeprol (p.1575·3).
Bronchitis; coughs.

Respimex *Pfizer, Arg.*
Ketotifen fumarate (p.582·2).
Allergic conjunctivitis; allergic rhinitis; asthma.

Respimox *Wockhardt, India.*
Amoxicillin trihydrate (p.202·2); bromhexine hydrochloride (p.1552·2).
Respiratory-tract infections.

Respinal *Metz, Philipp.*
Cefalexin (p.218·2).
Bacterial infections.

Respinol *Pharmaceutical Enterprises, S.Afr.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); hyoscine methonitrate (p.1734·2).
Cold symptoms; rhinitis; sinusitis.

Respinol Compound *Pharmaceutical Enterprises, S.Afr.*
Pholcodine (p.1570·2); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); hyoscine methonitrate (p.1734·2).
Cold symptoms; coughs; rhinitis; sinusitis.

Respinorm *Unipharma, Gr.*
Carbocisteine (p.1553·2); sobrerol (p.1572·3).
Respiratory-tract disorders.

Respir *Schering-Plough, Spain.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Respirea *Dietaroma, Fr.*
Eucalyptus oil; siberian fir oil; peppermint oil; silvestris pine oil; turpentine oil; balsam fir oil; lavender oil.

Respiret *Klonal, Arg.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Respirex *Schering-Plough, Chile.*
Sodium chloride (p.1686·1).
Nasal cleansing.

Respiro *Altana, Ital.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion.

Respirogutt *Bock, Ger.†.*
Homoeopathic preparation.

Respirol *Remedina, Gr.*
Ambroxol hydrochloride (p.1550·3).
Respiratory disorders associated with viscous mucus.

Respiroma *Fournier SA, Spain.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Respisniffers *SA Druggists Self Med, S.Afr.*
Cineole (p.2282·3); pine oil (p.2368·2); chloroxylenol (p.1640·2); turpentine oil (p.2406·3); menthol (p.2340·1).
Bronchitis; cold symptoms; nasal congestion.

Respi-Tann G *Teamm, USA.*
Pentoxyverine citrate (p.1567·3); guaifenesin (p.1561·3).
Cough.

Resplant *Spitzner, Ger.†.*
Echinacea purpurea (p.2298·1).
Respiratory- and urinary-tract infections.

Respocort *Laviphann, Gr.; 3M, NZ.*
⊗ Beclometasone dipropionate (p.1516·2).
Asthma; obstructive airways disease.

Respolin
3M, Chile; 3M, Hong Kong; 3M, Malaysia†; 3M, NZ; 3M, Singapore†; 3M, Thai.†.
⊗ Salbutamol sulfate (p.1131·3).
Bronchospasm; obstructive airways disease.
Zuoz, Venez.†.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Responsar *Bayer, Ital.†.*
Cyfluthrin (p.2039·2).
Insecticide.

Respontin *GSK, Norw.†; Allen & Hanburys, UK.*
Ipratropium bromide (p.1124·1).
Obstructive airways disease.

Resprax *Prodotti, Braz.*
Green tablets, salicylamide (p.121·2); caffeine (p.1116·3); chlorphenamine maleate (p.571·3); yellow tablets, vitamin C (p.1983·3).
Aluminium hydroxide (p.1706·2) is included in the green tablets in an attempt to limit adverse effects on the gastrointestinal mucosa.
Cold and influenza symptoms.

Respreve *Pharmacia, Hong Kong†.*
⊗ Salbutamol (p.1131·2).
Bronchospasm.

Resprim *Alphapharm, Austral.; Teva, Israel; Alphapharm, Malaysia.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Resprin
Note. This name is used for preparations of different composition.
Johnson & Johnson, Braz.
Paracetamol (p.108·1); carbinoxamine maleate (p.570·2); pentoxyverine citrate (p.1567·3); phenylephrine hydrochloride (p.1568·1).
Cold and influenza symptoms.
Rice Steele, Irl.
Aspirin (p.20·3).
Fever; inflammation; pain.
Janssen-Cilag, Venez.
Paracetamol (p.108·1); pentoxyverine (p.1567·3); phenylephrine (p.1568·1); carbinoxamine (p.570·2).
Cold and influenza symptoms.

Ressital *Biofarma, Turk.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Rest-Aid *Overseas, India.*
Doxylamine succinate (p.578·2).
Nausea and vomiting of pregnancy.

Restal *SFD, Port.†.*
Oxidised glycerol triester.
Cicatrisation; cracked lips; dry skin.

Restameth-SR *Adcock Ingram, S.Afr.†.*
Indometacin (p.66·3).
Gout; musculoskeletal and joint disorders.

Restandol *Organon, Denm.; Organon (Οργανον), Gr.; Organon, Irl.; Organon, UK.*
⊗ Testosterone undecylate (p.2130·2).
Androgen deficiency; aplastic anaemia; breast cancer; male hypogonadism; osteoporosis.

Restasis *Allergan, Arg.; Allergan, Braz.; Allergan, Chile; IFET (ΙΦΕΤ), Gr.; Allergan, Mex.; Allergan, Philipp.; Allergan, Thai.; Allergan, USA; Allergan, Venez.*
Ciclosporin (p.1822·2).
Dry eyes.

Restaslim *Restan, S.Afr.†.*
Phenylpropanolamine hydrochloride (p.1569·3).
Obesity.

Restaurene *Ivax, Arg.*
Sodium acexamate (p.2245·2).
Formerly contained chlorhexidine gluconate and sodium acexamate.
Skin lesions.

Restavit *Woods, Austral.*
Doxylamine succinate (p.578·2).
Insomnia.

Resteclin *Sarabhai Piramal, India.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Restelea *Elea, Arg.*
Risperidone (p.1024·2).
Schizophrenia.

Restex *Roche, Austria; Roche, Ger.*
Levodopa (p.804·3); benserazide hydrochloride (p.796·3).
Restless legs syndrome.

Restful *Bros, Gr.*
Sulpiride (p.1028·3).
Psychoses.

Restin *Adcock Ingram, S.Afr.*
Valerian (p.2410·1); vitamin B substances (p.1922·1); ascorbic acid.
Restlessness; tension.

Restol *Laboratorios Chile, Chile.*
Domperidone (p.1726·2).
Aid in gastrointestinal investigation; nausea and vomiting; regurgitation in infants.

Restolax *EuroHealth, Philipp.*
Ibuprofen (p.64·2); paracetamol (p.108·1).
Fever; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Restopon *Bros, Gr.*
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Restor *Sandoz, Indon.*
Aspirin (p.20·3).
Thrombosis prophylaxis.

Restorativ Glucosamine Muscle and Joint *Holista, Canad.*
Borage oil; boswellia; frankincense; camphor oil; devil's claw; evening primrose oil; glucosamine sulfate; grape seed oil; peppermint oil; rosemary oil (p.1922·1).
Musculoskeletal and joint pain.

Restore CalciCare *Hollister, Canad.*
Calcium sodium alginate (p.1058·1)(p.2141·1).
Wounds.

Restore ORS *Douglas, Austral.*
Glucose; sodium acid citrate; sodium chloride; potassium chloride (p.1672·2).
Diarrhoea; oral replacement therapy.

Restoril
Note. This name is used for preparations of different composition.
Oryx, Canad.; Novartis, USA.
Temazepam (p.1030·1).
Insomnia.
Silesia, Chile†.
Chlormezanone (p.968·3).
Skeletal muscle spasm.

Restovar *Organon, Cz.†; Organon, Swed.*
Lynestrenol (p.2112·3); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Restrical *Merck Medication Familiale, Fr.*
Liquid paraffin (p.2030·3).
Constipation.

Restructa forte ST *Fides, Ger.†.*
Homoeopathic preparation.

Restructa H *Heel, Neth.*
Homoeopathic preparation.

Restructa SN *Heel, Ger.*
Homoeopathic preparation.

Restwel *Adcock Ingram, S.Afr.*
Doxylamine succinate (p.578·2).
Insomnia.

Restyl *Cipla, India.*
Alprazolam (p.960·1).
Anxiety; panic disorders.

Restyl Forte *Cipla, India.*
Alprazolam (p.960·1); sertraline hydrochloride (p.421·3).
Mixed anxiety depressive states.

Restyl Plus *Cipla, India.*
Alprazolam (p.960·1); sertraline hydrochloride (p.421·3).
Mixed anxiety depressive states.

Restylane *Q-Med, Singapore†; Medicis, USA.*
Hyaluronic acid (p.2320·1).
Facial wrinkles and folds; lip enhancement; skin contour defects.

Resulax *AstraZeneca, Swed.*
Sorbitol (p.1965·1).
Bowel evacuation; constipation.

Resulin *Ist. Chim. Inter., Ital.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Resurmide *IBI, Ital.*
Somatostatin acetate (p.1809·2).
Gastrointestinal haemorrhage.

Resvelife *Q-Med, Ital.†.*
Resveratrol (p.2378·2).
Skin irritation.

Resvica *Dexa, Indon.*
Grape (p.2316·3); garlic (p.2309·2).
Cardiac disorders; hyperlipidaemias.

Resyl *Novartis Consumer, Austria; Novartis Consumer, Israel; Novartis Consumer, Ital.; Novartis, Swed.; Novartis Consumer, Switz.*
Guaifenesin (p.1561·3).
Coughs; respiratory-tract congestion.

Resyl DM *Novartis Consumer, Ital.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Resyl mit Codein *Novartis Consumer, Austria.*
Guaifenesin (p.1561·3); codeine phosphate (p.37·2).
Coughs.

Resyl Plus *Novartis Consumer, Switz.*
Guaifenesin (p.1561·3); codeine phosphate (p.37·2).
Coughs.

Retabolil *Gedeon Richter, Hung.; Gedeon Richter, Rus.*
⊗ Nandrolone decanoate (p.2118·2).
Anabolic; breast cancer; diabetic retinopathy; muscular dystrophy; osteoporosis.

Retabolin forte *Cimex, Switz.*
Vitamin B substances (p.1922·1).
Neuralgia; neuritis.

Retacillin compositum *Jenapharm, Ger.*
Benzylpenicillin sodium (p.213·1); procaine benzylpenicillin (p.319·2); benzathine benzylpenicillin (p.212·1).
Bacterial infections.

Retacnyl *Galderma, Arg.; Galderma, Braz.†; Galderma, Chile; Galderma, Fr.; Galderma, Hong Kong†; Galderma, Malaysia; Galderma, Mex.; Galderma, Philipp.; Galderma, S.Afr.; Galderma, Singapore; Galderma, Thai.; Galderma, Venez.*
Tretinoin (p.1618·1).
Acne; keratinisation disorders; photoageing of the skin.

Retacrit *Hospira, Cz.; Hospira, Port.; Hospira, UK.*
⊗ Epoetin zeta (p.1061·1).
Anaemias; autologous blood transfusion.

Retafer *Orion, Fin.; Orion, Malaysia.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Retafyllin *Orion, Fin.; Orion, Hung.; Orion, Malaysia; Orion, Singapore†; Orion, Thai.*
Theophylline (p.1140·1).
Obstructive airways disease.

Retalzem *Menarini, Hong Kong†.*
Diltiazem hydrochloride (p.1265·1).
Heart failure; hypertension; ischaemic heart disease.

Retamin *Roemmers Osmoph, Venez.*
Ranitidine hydrochloride (p.1766·1).
Gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Retan
Note. A similar name is used for preparations of different composition (see below).
Microsules, Arg.†.
Alprazolam (p.960·1).
Anxiety; panic disorder.

Re-Tann
Note. A similar name is used for preparations of different composition (see above).
Midlothian, USA.
Pentoxyverine tannate (p.1567·3); pseudoephedrine tannate (p.1572·1).
Cough.

Retaphyl *Kimia, Indon.*
Theophylline (p.1140·1).
Asthma.

Ret-A-Pres
Note. A similar name is used for preparations of different composition (see below).
Precimex, Mex.
Tretinoin (p.1618·1).
Acne; actinic keratosis; basal cell carcinoma; photodamaged skin; psoriasis; stretch marks.

Retapres
Note. A similar name is used for preparations of different composition (see above).
Biopharm, Rus.
⊗ Indapamide (p.1314·1).
Hypertension.

Retardex *Qualiphar, Belg.; Periproducts, UK.*
CloSYS II (p.1639·1).
Halitosis; oral hygiene.

Retardillin *Teva, Hung.*
Procaine benzylpenicillin (p.319·2).
Bacterial infections.

Retarpen
Note.This name is used for preparations of different composition.
Sandoz, Arg.; Sandoz, Austria; Sandoz, Cz.; Biochemie, Hung.†; Sandoz, Malaysia; Sandoz, Singapore.
Benzathine benzylpenicillin (p.212·1).
Bacterial infections.

Septa, Spain.
Ampicillin sodium (p.204·1); ampicillin benzathine (p.205·1).
Lidocaine (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Retarpen Balsamico *Reig Jofre, Spain†.*
Ampicillin sodium (p.204·1); ampicillin benzathine (p.205·1); cineole (p.2282·3); guaifenesin (p.1561·3).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Respiratory-tract infections.

Retarpen compositum *Sandoz, Austria.*
Benzylpenicillin sodium (p.213·1); procaine benzylpenicillin (p.319·2); benzathine benzylpenicillin (p.212·1).
Bacterial infections.

Retarpen Mucolitico *Reig Jofre, Spain†.*
Ampicillin sodium (p.204·1); ampicillin benzathine (p.205·1); bromhexine hydrochloride (p.1552·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Respiratory-tract infections.

Retavase *Biovail, Canad.; Boehringer Mannheim, USA.*
Reteplase (p.1388·1).
Myocardial infarction.

Retavit *CTI, Israel.*
Tretinoin (p.1618·1).
Acne.

Retebem *Pfizer, Arg.*
Oxybutynin hydrochloride (p.2190·3).
Bladder instability.

Retef *AB-Consult, Austria.*
⊗ Hydrocortisone aceponate (p.1536·2).
Skin disorders.

Retemic *Apsen, Braz.*
Oxybutynin hydrochloride (p.2190·3).
Neurogenic bladder; urinary incontinence.

Retemicon *Panalab, Arg.*
Oxybutynin (p.2190·3).

Reten *TO-Chemicals, Thai.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Retencal *Megat, Venez.†.*
Nitrendipine (p.1358·2).
Hypertension.

Retens *Chiesi, Spain.*
Doxycycline hyclate (p.267·1).
Bacterial infections; malaria.

Retensin *Unison, Philipp.*
Captopril (p.1239·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Retep *Hexa, Arg.*
⊗ Furosemide (p.1292·1).

Reteven *Nolver, Venez.*
Oxybutynin (p.2190·3).
Bladder hyperactivity.

Reticne *Cinetic, Arg.*
Tretinoin (p.1618·1).
Skin disorders.

Reticopen *Landson, Indon.*
Lutein (p.1954·3); lycopene; betacarotene; vitamin E; zinc; selenium; vitamin C; vitamin B (p.1922·1).
Age-related macular degeneration; cataract.

Reticulogen Fortificado *Lilly, Spain†.*
Cyanocobalamin (p.1980·2).
Vitamin B   deficiency.

Reticus *Euroderm, Ital.*
⊗ Desonide (p.1525·1).
Skin disorders.

Retigel-A *Gelpharma, Mex.*
Vitamin A (p.1971·2).
Vitamin A deficiency.

Retimax *Alcon Cusi, Spain.*
Pentoxifylline (p.1367·2).
Cerebral and peripheral vascular disorders.

Retin-A *Janssen-Cilag, Arg.; Janssen-Cilag, Austral.; Janssen-Cilag, Austria; Janssen-Cilag, Braz.; Johnson & Johnson, Canad.; Janssen-Cilag, Chile; Janssen-Cilag, Cz.; Janssen-Cilag, Fr.; Cilag, Hong Kong; Janssen-Cilag, Indon.; Janssen-Cilag, Irl.; Janssen-Cilag, Israel; Janssen-Cilag, Ital.; Janssen-Cilag, Malaysia; Janssen-Cilag, Mex.; Janssen-Cilag, NZ; Cilag, Philipp.; Janssen-Cilag, Pol.; Janssen-Cilag, Port.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Singapore; Janssen-Cilag, Switz.; Janssen-Cilag, Thai.; Janssen-Cilag, UK; Ortho Dermatological, USA.*
Tretinoin (p.1618·1).
Acne; hyperpigmentation; keratinisation disorders; photoageing of the skin; wrinkles.

Retinalamin *Geropharm, Rus.*
Retina extract (bovine/porcine) (p.2337·3).
Retinal disorders.

Retinar *Bunker, Braz.*
Vitamin A acetate (p.1973·1).

Reti-Nat *Chauvin, Fr.*
d-Apha tocoferil acetate (p.1992·3); omega-3 triglycerides (p.1362·1).
Nutritional supplement.

Retinei *Janssen-Cilag, Venez.†.*
Tretinoin (p.1618·1).
Acne.

Retinide *Ingens, Arg.*
Isotretinoin (p.1599·2).
Acne.

Retino *Abdi, Turk.*
Tretinoin (p.1618·1).
Acne.

Retinol *INTES, Ital.†.*
Myrtillus (p.2349·3).
Eye disorders.

Retinol-A *Young Again Nutrients, USA.*
Vitamin A palmitate (p.1973·1).
Minor skin disorders.

Retinova *Johnson & Johnson Consumer, Belg.†; Janssen-Cilag, Braz.; Janssen-Cilag, Denm.; RoC, Fr.†; Janssen-Cilag, NZ; Janssen-Cilag, Singapore; Johnson & Johnson, Spain†; Janssen-Cilag, Swed.; Janssen-Cilag, UK†.*
Tretinoin (p.1618·1).
Photoageing of the skin; skin hyperpigmentation.

Retinovit
Note.This name is used for preparations of different composition.
INTES, Ital.
Myrtillus (p.2349·3); vitamin A (p.1971·2); vitamin E (p.1992·2).
Circulatory disorders of the eye.

Pharmacos, Mex.
Vitamin A; alfa tocopherol (p.1922·1).
Vitamin deficiency.

Retirides *OTC, Spain.*
Tretinoin (p.1618·1).
Acne; sunlight-induced skin damage.

Retisdin *Isdin, Port.*
Vitamin A betadex; sunscreens.
UV-induced skin damage.

Retisert *Bausch & Lomb, USA.*
⊗ Fluocinolone acetonide (p.1531·3).
Uveitis.

Retisol-A *Stiefel, Canad.*
Tretinoin (p.1618·1).
Acne.

Retitop *Roche-Posay, Fr.†.*
Tretinoin (p.1618·1).
Acne; keratinisation disorders.

Retiva *Vivax Gynopharm, Venez.*
Vitamin A (p.1971·2).
Vitamin A deficiency.

Retivit *Sanbe, Indon.*
Betacarotene (p.1930·3); vitamin C; vitamin E; zinc; copper; selenium; lutein (p.1954·3)(p.1922·1).
Age-related macular degeneration; cataract.

Retodol Compositum *Rimsa, Mex.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).
Pain; smooth muscle spasm.

Retofar *Pfizer, Mex.†.*
Metronidazole (p.837·1).
Amoebiasis; anaerobic bacterial infections; giardiasis; trichomoniasis.

Retoflam *Ultra, Mex.*
Meloxicam (p.80·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Retoflam F *Ultra, Mex.*
Meloxicam (p.80·3); methocarbamol (p.1897·3).
Musculoskeletal, joint, and periarticular disorders; skeletal muscle spasm.

Retoxil *Alcon, Arg.; Alcon, Mex.*
Vitamin, mineral, and trace element preparation (p.1922·1).
Prevention of macular degeneration.

ReTrieve *Dermatech, Austral.; Dermatech, Hong Kong; Dermatech, Singapore.*
Tretinoin (p.1618·1).
Acne; dry skin disorders; photodamaged skin.

Retroinhi *Dosa, Arg.*
Nelfinavir (p.899·1).
HIV infection.

Retrokor *Korea United, Philipp.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Retrovir *GSK, Arg.; GSK, Austral.; GSK, Austria; GSK, Belg.; GSK, Braz.; GSK, Canad.; GSK, Chile; GSK, Cz.; GSK, Denm.; GSK, Fin.; GSK, Fr.; GSK, Ger.; GSK, Gr.; GSK, Hong Kong; GSK, Hung.; GSK, India; GSK, Indon.; GSK, Irl.; GSK, Israel; GSK, Ital.; GSK, Malaysia; GSK, Mex.; GSK, NZ; GSK, Neth.; GSK, Norw.; GSK, Philipp.; GSK, Pol.; Wellcome, Port.; GSK, Rus.; GSK, S.Afr.; GSK, Singapore; GSK, Spain; GSK, Swed.; GSK, Switz.; GSK, Thai.; GSK, Turk.; GSK, UK; Glaxo Wellcome, USA; GSK, Venez.*
Zidovudine (p.913·3).
HIV infection.

Retrovir/3TC Post-HIV Exposure *GSK, S.Afr.†.*
Capsules, zidovudine (Retrovir) (p.913·3); tablets, lamivudine (3TC) (p.895·1).
Prophylaxis of HIV infection.

Rettavate *GSK, Gr.*
⊗ Clobetasone butyrate (p.1522·3).
Skin disorders.

Retterspitz Ausserlich *Retterspitz, Ger.*
Rosemary oil (p.2381·3); citric acid (p.2284·1); tartaric acid (p.2395·2); alum (p.2254·1); thymol (p.1664·3); arnica (p.2260·2).
Inflammatory disorders.

Retterspitz Darmreinigungspulver ST *Retterspitz, Ger.*
Magnesium sulfate (p.1679·3).
Constipation.

Retterspitz Erkaltungsol *Retterspitz, Ger.*
Eucalyptus oil (p.2301·2).
Cold symptoms; rheumatism.

Retterspitz Heilsalbe ST *Retterspitz, Ger.*
Zinc oxide (p.1621·2).
Skin disorders.

Retterspitz Innerlich *Retterspitz, Ger.*
Citric acid (p.2284·1); tartaric acid (p.2395·2); alum (p.2254·1); thyme oil (p.2401·2).
Gastrointestinal disorders.

Retterspitz Muskel- und Nervenol *Retterspitz, Ger.*
Mint oil (p.2345·2).
Gastrointestinal disorders; musculoskeletal and nerve pain; respiratory-tract congestion.

Retterspitz Quick *Retterspitz, Ger.*
Rosemary oil (p.2381·3); camphor (p.2273·2); menthol (p.2340·1); thymol (p.1664·3); arnica (p.2260·2).
Musculoskeletal and joint disorders; respiratory-tract disorders.

Return *Rafarm, Gr.*
⊗ Captopril (p.1239·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Retussan *Hanosan, Ger.*
Homoeopathic preparation.

Reubaxona *Farmaceutica H, Mex.*
⊗ Betamethasone sodium phosphate (p.1518·3).
Corticosteroid.

Reucam *CT, Ital.†; Maver, Mex.*
Piroxicam (p.117·3).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Reucid *Otto, Indon.*
Allopurinol (p.552·2).
Gout; hyperuricaemia.

Reucortil *Mayo, Mex.*
Naproxen (p.92·3); paracetamol (p.108·1).
Inflammation; pain.

Reudene *ABC, Ital.†.*
Piroxicam (p.117·3).
Musculoskeletal, joint, and peri-articular disorders.

Reudol *Nordin, Mex.*
Arnica (p.2260·2); belladonna (p.2263·3); bryonia (p.2269·3).
Musculoskeletal and joint disorders.

Reufin *Sanitas, Chile.*
Glucosamine sulfate (p.2313·2).
Joint disorders.

Reuflor *Italchimici, Ital.*
Lactobacillus reuteri (p.2372·3).
Restoration of gastrointestinal flora.

Reugast *Basi, Port.†.*
Fenbufen (p.54·3).

Reugel *Grunenthal, Venez.*
Etofenamate (p.53·1); pine oil (p.2368·2); eucalyptus oil (p.2301·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Reuginal *Reuffer, Mex.*
Furazolidone (p.834·3); nifuroxime.
Vaginal infections.

Reumacid *Remek, Gr.*
Indometacin (p.66·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Reumacide *Vitoria, Port.*
Indometacin (p.66·3).
Gout; musculoskeletal, joint, and peri-articular disorders.

Reumacor *Herbapol Wroclaw, Pol.*
Salix purpurea (p.121·3); solidago (p.2391·1).
Fever; pain.

Reumacort *Teofarma, Ital.*
⊗ Hydrocortisone acetate (p.1535·2); methyl gentisate (p.85·3).
Muscle and joint pain.

Reumadolor *Bros, Gr.*
Indometacin (p.66·3).
Inflammatory disorders.

Reumador *Slovakofarma, Cz.†.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Reumafort *Amnol, Ital.*
Dimethyl sulfone (p.2294·1); salix (p.121·3); turmeric (p.1473·2); boswellia (p.2307·1); devil's claw root (p.39·1); minerals.
Joint disorders.

Reumagil *KBR, Ital.*
Piroxicam (p.117·3).
Musculoskeletal, joint, and peri-articular disorders.

Reumaherb *Herbapol Poznan, Pol.*
Echinacea purpurea (p.2298·1); meadowsweet (p.2338·1); devil's claw root (p.39·1).
Degenerative joint disorders.

Reumanisal *Bros, Gr.*
Diacerein (p.41·3).
Osteoarthritis.

Reumaphyt *Phytofarm Kleka, Pol.*
Devil's claw root (p.39·1).
Degenerative joint disorders; tendinitis.

Reumat *Sinterapico, Braz.†.*
Bromelains (p.2269·1); phenylbutazone (p.117·1).

Reumatik *Theiss Naturwaren, Pol.*
Camphor (p.2273·2); eucalyptus oil (p.2301·2); menthol (p.2340·1); pine oil (p.2368·2); turpentine oil (p.2406·3).
Musculoskeletal, joint, and soft-tissue disorders; neuralgia.

Reumazine *Luper, Braz.†.*
⊗ Prednisolone (p.1540·3); oxyphenbutazone (p.107·3).
Arthritis; inflammation.

Reumil *Pharma Italia, Ital.*
Glucosamine; chondroitin sulfate; thioctic acid; vitamins (p.1922·1).
Cartilage disorders.

Reumilase *MDM, Ital.*
Glucosamine; galactose; glucuronic acid; Devil's claw root; collagen; vitamins (p.1922·1).
Joint disorders.

Reumilase Plus *MDM, Ital.*
Glucosamine hydrochloride; chondroitin sodium sulfate; glucuronate sodium; collagen; devil's claw root; vitamins (p.1922·1).
Joint disorders.

Reumilase SD *MDM, Ital.*
Chondroitin sulfate sodium (p.2280·3); glucosamine (p.2313·2); collagen (p.2286·1); vitamins (p.1922·1).
Joint disorders.

Reumina *Demo, Gr.*
Etofenamate (p.53·1).
Analgesic; inflammatory disorders.

Reumine *Poen, Arg.†.*
Amino-acid, vitamin A, and mineral preparation (p.1922·1).
Lidocaine (p.1862·3) is included in the injection to alleviate the pain of injection.
Musculoskeletal and joint disorders.

Reumix *Makros, Braz.†.*
⊗ Betamethasone (p.1518·2); phenylbutazone (p.117·1).
Aluminium glycinate (p.1706·2) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Inflammation.

Reumo *UCB, Spain†.*
Indometacin (p.66·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Reumobonisol *Bonimed, Pol.*
Arnica (p.2260·2); camphor (p.2273·2); lavender (p.2331·1); menthol (p.2340·1); white mustard (p.2349·1).
Musculoskeletal and joint disorders; neuralgia.

Reumol *Cabuchi, Arg.*
Camphor (p.2273·2); menthol (p.2340·1); salicylic acid (p.1612·2).

Reumolide *Generis, Port.*
Nimesulide (p.95·3).
Pain.

Reumon *Bial, Port.*
Etofenamate (p.53·1).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; neuralgia; pain.

Reumophan *Grisi, Mex.*
Ketoprofen (p.73·1); chlorzoxazone (p.1894·3).
Gout; musculoskeletal, joint, and peri-articular disorders.

Reumosol *Herbapol Pruszkow, Pol.*
Achillea (p.2245·2); calendula (p.2273·1); camphor (p.2273·2); chamomile (p.2279·3); equisetum (p.2299·3); menthol (p.2340·1); pine oil (p.2368·2); knotgrass (p.2329·2); salicylamide (p.121·2); salix (p.121·3); soapwort (p.2388·2); myrtillus (p.2349·3); hay.
Rheumatic disorders.

Reumotec *Viofar, Gr.*
Meloxicam (p.80·3).
Inflammatory disorders.

Reumotherm *Farmanic, Gr.*
Meloxicam (p.80·3).
Inflammatory disorders.

Reumoxican *Medinfar, Port.*
Piroxicam (p.117·3).
Inflammation; pain.

Reumpapai *Cowik, Pol.*
Piper retrofractus; cinnamon bark (p.2283·1); liquorice (p.1740·3).
Musculoskeletal and joint disorders; neuralgia.

Reupat *Parggon, Mex.*
Indometacin (p.66·3); methocarbamol (p.1897·3).
Rheumatism.

Reupax *CPH, Port.†*
Flurbiprofen (p.61·2).
Musculoskeletal, joint, and peri-articular disorders.

Reuplex *Farmasa, Braz.*
Ibuprofen (p.64·2); paracetamol (p.108·1).
Fever; inflammation; pain.

Reuprofen *Terapeutico, Ital.*
Ketoprofen (p.73·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Reuquinol *Apsen, Braz.*
Hydroxychloroquine sulfate (p.604·2).
Light-sensitive skin disorders; lupus erythematosus; malaria; rheumatoid arthritis.

Reusan *Reuffer, Mex.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Reusin *Sankyo, Spain.*
Indometacin (p.66·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Reutefene *Age D'or, Singapore.*
Lactobacillus reuteri protectis (p.2372·3).
Maintenance of gastrointestinal flora.

Reutenox *Solvay, Spain.*
Tenoxicam (p.128·2).
Calcium stones; gout; musculoskeletal, joint, and peri-articular disorders.

Reuteri *Biogaia, Hong Kong.*
Lactobacillus reuteri (p.2372·3).
Restoration of normal gastrointestinal flora.

Reutrexato *Apsen, Braz.*
Methotrexate (p.745·2).
Rheumatoid arthritis.

Reutricam *Liferpal, Mex.*
Piroxicam (p.117·3).
Fever; musculoskeletal and joint disorders; pain.

Reuxen *Tecnifar, Port.*
Naproxen (p.92·3).
Fever; gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Revalan *BioFemme, Philipp.*
Mefenamic acid (p.80·1).
Fever; pain.

Revalgin *Shreya, Rus.*
Dipyrone (p.49·2); pitofenone hydrochloride (p.2369·2); fenpiverinium bromide (p.2303·2).
Pain.

Revalid
Ewopharma, Cz.; Vifor, Switz.
Amino acids; vitamins; aminobenzoic acid; millet; wheat germ; dried yeast; minerals (p.1922·1).
Hair and nail disorders.

Ewopharma, Pol.
Methionine; cystine; vitamins; minerals (p.1922·1).
Hair and nail disorders.

Revalintabs *Chefaro, Neth.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; urticaria.

Revange *Biosintetica, Braz.†*
Isosorbide mononitrate (p.1318·3).
Angina pectoris.

Revapol *AF, Mex.*
Mebendazole (p.148·3).
Worm infections.

Revasc *Aventis, Austral.; Canyon, Cz.; Aventis, Fr.†; Novartis, Ger.; Aventis, Gr.†; Aventis, Hung.†; Aventis, NZ; Canyon, Neth.; Aventis, Norw.†; Canyon, Port.; Sanofi-Aventis, Spain; Aventis, Switz.†*
Desirudin (p.1257·1).
Thrombosis prophylaxis following orthopaedic surgery.

Revastin *Neo Quimica, Braz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Revatio *Pfizer, Austral.; Pfizer, Braz.; Pfizer, Cz.; Pfizer, Fr.; Pfizer, Hung.; Pfizer, NZ; Pfizer, Neth.; Pfizer, Port.; Pfizer, Swed.; Pfizer, UK; Pfizer, USA.*
Sildenafil citrate (p.2193·1).
Erectile dysfunction; pulmonary hypertension.

Revaxis *Aventis Pasteur, Austria; Sanofi Pasteur, Belg.; Sanofi Pasteur, Fr.; Sanofi Pasteur, Ger.; Vianex (Βιανέξ), Gr.; Sanofi Pasteur, Irl.; Sanofi Pasteur, Ital.; Sanofi Pasteur, Neth.; Sanofi Pasteur, Port.; Sanofi Pasteur, Switz.; Sanofi Pasteur, UK.*
A diphtheria, tetanus, and poliomyelitis vaccine (p.2212·2).
Active immunisation; active immunisation in infants and children.

Reve *IMO, Ital.*
Valerian (p.2410·1); passion flower (p.2363·2).
Insomnia.

Reveal *BR Pharmaceuticals, UK.*
Pregnancy test (p.2372·1).

Revectina *Solvay, Braz.*
Ivermectin (p.145·2).
Filariasis; onchocerciasis; strongyloidiasis.

Revelatest *Pierre Fabre Sante, Fr.*
Pregnancy test (p.2372·1).

Revellex *Essex, Arg.†; Schering-Plough, S.Afr.*
Infliximab (p.69·3).
Crohn's disease; rheumatoid arthritis.

Revelol *Ipca, India.*
⊗ Metoprolol succinate (p.1338·1).
Angina pectoris; heart failure; hypertension.

Revelplac *Naf, Arg.*
Erythrosine (p.1471·3).
Plaque disclosing agent.

Revelplac 2001 *Naf, Arg.*
Erythrosine (p.1471·3); fluoride.
Plaque disclosing agent.

Revenil *Sanofi-Aventis, Braz.*
⊗ Bufylline (p.1116·3); doxylamine succinate (p.578·2); etafedrine hydrochloride (p.1560·2).
Bronchospastic disorders.

Revenil Dospan *Sanofi-Aventis, Braz.*
⊗ Bufylline (p.1116·3); doxylamine succinate (p.578·2); etafedrine hydrochloride (p.1560·2); phenylephrine hydrochloride (p.1568·1).
Bronchospastic disorders.

Revenil Expectorante *Sanofi-Aventis, Braz.*
⊗ Bufylline (p.1116·3); doxylamine succinate (p.578·2); etafedrine hydrochloride (p.1560·2); guaifenesin (p.1561·3).
Bronchospastic disorders.

Revenox *Collins, Mex.†*
Melatonin (p.2338·3).
Sleep disorders.

Reversa *Dermtek, Canad.*
Glycolic acid (p.1598·1).
Skin disorders requiring exfoliation.

Reversa UV *Dermtek, Canad.*
SPF 15: Glycolic acid (p.1598·1); strontium chloride (p.2393·1) avobenzone (p.1589·3); octinoxate (p.1608·2); oxybenzone (p.1608·3).
Skin disorders.

Reversol *Organon, USA.*
Edrophonium chloride (p.630·3).
Diagnosis of myasthenia gravis; evaluation of emergency treatment of myasthenic crises; reversal of competitive neuromuscular blockade.

Revex *Baxter, USA.*
Nalmefene hydrochloride (p.1452·3).
Opioid poisoning.

Revexan *Nycomed, Swed.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Rev-Eyes *Bausch & Lomb, USA.*
Dapiprazole hydrochloride (p.2292·2).
Reversal of mydriasis.

Revez *Chobet, Arg.*
Naltrexone hydrochloride (p.1455·2).
Alcohol withdrawal syndrome; opioid withdrawal syndrome.

Revia *BMS, Austral.; Torrex, Austria; Cristalia, Braz.; Apotex, Canad.; Torrex Chiesi, Cz.; BMS, Denm.; BMS, Fin.; BMS, Fr.; BMS, Hong Kong; Torrex, Hung.; BMS, Irl.; BMS, Israel†; BMS, Mex.; BMS, Neth.; BMS, NZ; BMS, Norw.; Sanofi Synthelabo, S.Afr.†; BMS, Spain; Gervasi, Spain; BMS, Swed.; BMS, Thai.; Barr, USA.*
Naltrexone hydrochloride (p.1455·2).
Formerly known as Trexan in *Hong Kong*.
Alcohol withdrawal syndrome; opioid dependence; opioid withdrawal syndrome.

Revi-B *YSP, Malaysia.*
Vitamin and mineral preparation (p.1922·1).
Dietary supplement.

Revicain *Wiedemann, Ger.†*
Procaine hydrochloride (p.1869·1); vitamins (p.1922·1).
Tonic.

Revicain comp *Wiedemann, Ger.†*
Procaine hydrochloride (p.1869·1); aescin (p.2248·2); minerals (p.1922·1).
Tonic.

Revicain comp plus *Wiedemann, Ger.†*
Procaine hydrochloride (p.1869·1); aescin (p.2248·2); haematoporphyrin (p.2318·1); vitamins; minerals (p.1922·1).
Tonic.

Revici *Kee, India.*
Citric acid (p.2284·1).
Haemorrhage.

Revici-E *Kee, India.*
Etamsylate (p.1064·3).
Haemorrhagic disorders.

Revicon *United American, Hong Kong; United American, Malaysia; United American, Singapore; Great Eastern, Thai.; United American, Thai.*
Multivitamin and mineral preparation with yeast and methionine (p.1922·1).
Dietary supplement.

Revicon Forte (Improved) *United Laboratories, Philipp.*
Vitamins; minerals; methionine; lysine; inositol; yeast (p.1922·1).
Nutritional supplement.

Revicon Max *United Laboratories, Philipp.*
Vitamins; minerals; ginseng; royal jelly (p.1922·1).
Nutritional supplement; tonic.

Revil *Tecnofarma, Chile.*
Cyproheptadine hydrochloride (p.575·1); vitamins.
Reduced appetite.

Revimine *Uniao Quimica, Braz.*
Dopamine hydrochloride (p.1273·2).
Heart failure; hypotension.

Revion *Norma (Νορμα), Gr.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Revionorm *Norma (Νορμα), Gr.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Revios *Amnol, Ital.*
Minerals; vitamins (p.1922·1); boswellia (p.2307·1).
Joint disorders.

Revirax *Blausiegel, Braz.*
Zidovudine (p.913·3).
HIV infection.

Revital
Note. This name is used for preparations of different composition.
Sivaderm, Arg.
Vitamin A (p.1971·2); glycolic acid (p.1598·1).

Ranbaxy, Malaysia.
Multivitamin and mineral preparation with ginseng, choline, inositol, and methionine (p.1922·1).

Basi, Port.†
Multivitamin preparation (p.1922·1).

Revital Calcium D3 *Ranbaxy, Malaysia.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Dietary supplement.

Revital Ginseng Plus *Ranbaxy, Rus.*
Ginseng; vitamins; minerals; amino acids (p.1922·1).
Tonic.

Revitalift *L'Oreal, Canad.*
SPF 18: Ensulizole (p.1597·1); octinoxate (p.1608·2).
Sunscreen.

Revitaliv *Ultra, Mex.*
Vitamin B substances (p.1922·1).

Revitaliv-C *Ultra, Mex.*
Thiamine hydrochloride (p.1976·1); pyridoxine hydrochloride (p.1978·2); cyanocobalamin (p.1980·2).
Neuralgias; neuritis; neuropathy; vitamin B deficiency.

Revitalizing *Crinos, Ital.†*
Glycolic acid (p.1598·1).
Skin disorders.

Revitalose *UCB, Fr.*
Ampoule A, magnesium aspartate (p.1679·1); -leucine (p.1954·3); -lysine hydrochloride (p.1955·1); -phenylalanine (p.1960·1); -valine (p.1971·1); ampoule B, sodium ascorbate (p.1984·1) or ascorbic acid (p.1983·3).
Asthenia.

Revitalose C
Note. This name is used for preparations of different composition.
UCB, Belg.; UCB, Switz.
Amino acids and vitamin C (p.1922·1).
Tonic.

Rivex, Canad.†
Ascorbic acid (p.1983·3).
Vitamin C supplement.

Revitam *Biolab Sanus, Braz.*
A range of multivitamin preparations with or without minerals (p.1922·1).

Revitan *Ranbaxy, Thai.*
Ginseng (p.2312·1); multivitamins and minerals (p.1922·1).
Tonic.

Revitare E *Gelpharma, Mex.*
Alpha tocopherol (p.1992·2).
Vitamin E deficiency.

Revitex *Gerbex, Canad.†*
Multivitamin preparation preparation with calcium and iron (p.1922·1).

Revitonil
Note. This name is used for preparations of different composition.
Cederroth, Spain.
Echinacea (p.2298·1).
Immunostimulant.

Lichtwer, UK.
Echinacea (p.2298·1); peppermint (p.1761·2); clove (p.2284·3); aniseed (p.2258·2); liquorice (p.1740·3); fennel (p.2302·3); eucalyptus (p.2301·2).
Cold symptoms

Revitonus C *Sandoz, Canad.*
Ascorbic acid (p.1983·3).
Formerly contained 1 ampoule, ascorbic acid, 1 ampoule, suprarenal cortex extract, testicular extract, and brain extract.
Vitamin C supplement.

Revitron *Gelpharma, Mex.*
Vitamin and mineral preparation (p.1922·1).

Revivan *Zambon, Braz.; AstraZeneca, Ital.*
Dopamine hydrochloride (p.1273·2).
Heart failure; hypotension; shock.

Revivona *Nycomed, Austria.*
Multivitamin preparation (p.1922·1).

Revixil *Gador, Arg.†*
Stavudine (p.907·1).
HIV infection.

Revlimid *Celgene, Cz.; Celgene, Fr.; Celgene, Port.; Celgene, UK; Celgene, USA.*
Lenalidomide (p.739·3).
Multiple myeloma; myelodysplastic syndromes.

Revocon *Sun, India; Capsifar, Port.*
Tetrabenazine (p.2396·2).
Balism; ballism; chorea; dyskinesias; dystonias; tardive dyskinesia.

Revolan *Sanbe, Indon.*
Piracetam (p.368·2).
Cerebral trauma; chronic alcoholism; mental function impairment.

Revolyt *Gunnar Kjems, Denm.*
Glucose; potassium chloride; magnesium sulfate; sodium citrate; sodium chloride (p.1672·2).
Diarrhoea; oral rehydration therapy.

Revulsan *Faria, Braz.†*
⊗ Papaverine diethylbarbiturate (p.2192·1); belladonna (p.2263·3); pentetrazol (p.2162·1).
Smooth muscle spasm.

Revup *Aristo, India.*
Multivitamin and mineral preparation (p.1922·1).

Rewma-Gel *DHU, Rus.*
Homoeopathic preparation.

Rewodina
AWD, Cz.; AWD, Ger.
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Dresden, Pol.
Diclofenac (p.44·2).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Rex *MDM, Ital.*
Calcium lactate gluconate (p.1676·2); calcium carbonate (p.1714·1).
Bone disorders; hypocalcaemia.

Rexacin *Unison, Hong Kong†; Unison, Malaysia; Unison, Thai.*
Norfloxacin (p.309·2).
Bacterial infections.

Rexalgan *Dompe, Ital.*
Tenoxicam (p.128·2).
Musculoskeletal and joint disorders.

Rexall Daily Sunblock *Tanning Research, Canad.†*
SPF 15: Octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Rexall Kids Daily Sunblock *Tanning Research, Canad.†*
SPF 30: Homosalate (p.1598·1); octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Rexall Oil-Free Daily Sunblock *Tanning Research, Canad.†*
SPF 30: Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Rexall Sport Sunblock *Tanning Research, Canad.†*
SPF 30: Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Rexall Sunblock *Tanning Research, Canad.†*
SPF 30: Homosalate (p.1598·1); octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Rexamat *Pfizer, Arg.†*
Calcitriol (p.1986·2).
Hypoparathyroidism; osteoporosis; renal osteodystrophy; rickets.

Rexan *Ist. Chim. Inter., Ital.*
Aciclovir (p.862·3).
Herpesvirus infections.

Rexcof *Cipla, India.*
Codeine phosphate (p.37·2); chlorphenamine maleate (p.571·3).
Coughs.

Rexcof Plus *Cipla, India.*
Codeine phosphate (p.37·2); chlorphenamine maleate (p.571·3); menthol (p.2340·1).
Coughs.

Rexer *Organon, Spain.*
Mirtazapine (p.409·2).
Depression.

Rexetin *Gedeon Richter, Hung.; Richter, Pol.; Gedeon Richter, Rus.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Rexgenta *Areu, Spain.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Rexicam *Otto, Indon.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Rexichlor *Esoform, Ital.*
Chlorhexidine gluconate (p.1635·3); benzalkonium chloride (p.1629·1).
Skin disinfection.

Rexidol *Medichem, Philipp.*
Paracetamol (p.108·1).
Fever; pain.

Rexil *Metiska, Indon.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Rexilan *Am-Europharma, Philipp.*
Rifampicin (p.325·3).
Tuberculosis.

Rexilen *Serra Pamies, Spain.*
Doxycycline hyclate (p.267·1).
Bacterial infections; malaria.

Rexiluven S *Novartis Consumer, Ger.†.*
Aesculus (p.2248·2).
Venous insufficiency.

Reximax *Nufarindo, Indon.*
Arginine hydrochloride; yohimbe; Siberian ginseng (p.2386·3); muira-puama; saw palmetto (p.2192·3); tribulus terrestris (p.2404·1).
Tonic.

Reximide *Duopharma, Hong Kong.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea; ostomy management.

Rexitol *Rekah, Israel.*
Chloroxylenol (p.1640·2); terpineol (p.2396·1).
Disinfection.

Rexivin *Collins, Mex.*
Methocarbamol (p.1897·3).
Musculoskeletal pain; rheumatism; skeletal muscle spasm.

Rexner *Casasco, Arg.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Rexolate *Hyrex, USA†.*
Sodium thiosalicylate (p.124·3).
Gout; pain; rheumatic fever.

Rexophtal N *Bausch & Lomb, Switz.*
Phenylephrine hydrochloride (p.1568·1).
Conjunctivitis.

Rexort *Takeda, Fr.†.*
Citicoline (p.2283·3).
Cerebrovascular disorders.

Rexorubia *Homeocan, Canad.; Lehning, Fr.*
Homoeopathic preparation.

Rextat *Recordati, Ital.*
Lovastatin (p.1328·2).
Hypercholesterolaemia.

Reyataz *BMS, Arg.; BMS, Austral.; BMS, Belg.; BMS, Braz.; BMS, Canad.; BMS, Chile; BMS, Cz.; BMS, Denm.; BMS, Fin.; BMS, Fr.; BMS, Ger.; BMS, Gr.; BMS, Hong Kong; BMS, Hung.; BMS, Indon.; BMS, Irl.; BMS, Ital.; BMS, Jpn; BMS, Malaysia; BMS, Mex.; BMS, NZ; BMS, Neth.; BMS, Norw.; BMS, Pol.; BMS, Port.; BMS, Rus.; BMS, Singapore; BMS, Spain; BMS, Swed.; BMS, Switz.; BMS, Thai.; BMS, UK; BMS, USA.*
Atazanavir sulfate (p.866·3).
HIV infection.

Rezamid
Note. This name is used for preparations of different composition.
ICN, Arg.†.
⊗ Triamcinolone acetonide (p.1544·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Summers, USA.
Resorcinol (p.1612·1); sulfur (p.1614·1).
Acne.

Rezamid D, Rezamid F, Rezamid M *ICN, Arg.†.*
⊗ Triamcinolone acetonide (p.1544·3).
Skin disorders.

Rezerc *Bevo, Gr.*
Cetirizine (p.571·1).
Hypersensitivity disorders.

Rezosel *Biosel, Turk.*
⊗ Mannitol (p.1330·2).
Bladder irrigation.

Rezplen *Senosiain, Mex.*
Clarithromycin (p.248·2); ambroxol hydrochloride (p.1550·3).
Respiratory-tract infections.

Rezulin *Pfizer, Mex.†.*
Troglitazone (p.463·2).
Diabetes mellitus.

Rezult *Sun, India†.*
Rosiglitazone maleate (p.458·2).
Diabetes mellitus.

RFG-Kit *Poen, Arg.†.*
Fluorescein sodium (p.2306·1).
Aid to eye examination.

R-Gel *Healthline, USA.*
Capsaicin (p.32·3).

R-Gen *Goldline, USA.*
Iodinated glycerol (p.1562·2).
Coughs.

R-Gene *Kabivitrum, USA.*
Arginine hydrochloride (p.1928·2).
Test to assess pituitary reserve for growth hormone.

RG-Q *Combiphar, Indon.*
Ubidecarenone (p.2407·2); *d*-alpha tocopherol (p.1992·2).
Antoxidant.

Rhanitak *Balldarassi, Braz.†.*
Ranitidine (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rhea Superscent Oil *Philusa, Philipp.*
Methyl salicylate (p.85·3); camphor (p.2273·2); menthol (p.2340·1); cineole (p.2282·3).
Musculoskeletal, joint, and soft-tissue disorders; pruritus.

Rheaban Maximum Strength *Pfizer, USA†.*
Activated attapulgite (p.1709·1).
Diarrhoea.

RheDQuin *Sanquin, Neth.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Rhefluin *Zentiva, Cz.; Medika, Switz.*
⊗ Amiloride hydrochloride (p.1209·2); hydrochlorothiazide (p.1307·3).
Ascites; hypertension; oedema.

Rhelafen *Lapi, Indon.*
Ibuprofen (p.64·2).
Fever; pain.

Rhelax *Herbapol Wroclaw, Pol.*
Caraway (p.2276·3); fennel (p.2302·3); frangula bark (p.1732·2); rhubarb (p.1768·3).
Constipation; digestive disorders; obesity.

Rhem *Andromaco, Chile†.*
Zaleplon (p.1035·3).
Insomnia.

Rhemid *Zwitter, Gr.*
Nimesulide (p.95·3).
Inflammatory disorders.

Rhemofenax *Duopharma, Hong Kong.*
Diclofenac sodium (p.44·3).
Musculoskeletal and joint disorders.

Rhenus med *APS, Ger.†.*
Butcher's broom (p.2270·3).
Venous insufficiency.

Rheobral *Niverpharm, Fr.*
Troxerutin (p.2305·1); vincamine (p.2414·1).
Mental function impairment in the elderly.

Rheodextran *Infusia, Cz.†.*
⊗ Dextran 40 (p.1059·1) in sodium chloride or glucose.
Plasma volume expansion; thrombosis prophylaxis.

Rheoflux *Niverpharm, Fr.*
Troxerutin (p.2305·1).
Haemorrhoids; venous insufficiency.

Rheofusin *Fresenius Kabi, Austria†.*
⊗ Dextran 40 (p.1059·1) with electrolytes.
Microcirculatory disorders; thrombosis prophylaxis.

Rheogen *Robugen, Ger.†.*
Aloes (p.1705·2).
Constipation.

Rheogluman *Biokhimik, Rus.*
⊗ Dextran 40 (p.1059·1); mannitol (p.1330·2); sodium chloride.
Plasma volume expansion; shock; thrombosis prophylaxis; vascular disorders.

Rheohes *Braun, Ger.*
⊗ Pentastarch (p.1065·1).
Plasma volume expansion.

Rheomacrodex *Torrex, Austria; Meda, Denm.; Pharmalink, Ger.†; IFET (ΙΦΕΤ), Gr.†; Meda, Hung.; Pharmacia Upjohn, Israel; Pisa, Mex.; Meda, Norw.; Eczacibasi, Rus.; Alliance, S.Afr.; Fresenius Kabi, Spain; Meda, Swed.; Braun, Switz.†; Eczacibasi-Baxter, Turk.; Pharmacia, USA.*
⊗ Dextran 40 (p.1059·1) in sodium chloride.
Cerebral and peripheral vascular disorders; extracorporeal circulation; hypovolaemia; organ perfusion; plasma volume expansion; prophylaxis of surgical adhesions; shock; thromboembolism prophylaxis.

Rheopolydex *Biosynthesis, Rus.*
⊗ Dextran 40 (p.1059·1) in sodium chloride.
Extracorporeal circulation; plasma volume expansion; shock; thrombosis prophylaxis; vascular eye disorders.

Rheopolyglukin with Glucose *Biokhimik, Rus.*
⊗ Dextran 40 (p.1059·1) in glucose.
Extracorporeal circulation; plasma volume expansion; shock; thrombosis prophylaxis; vascular eye disorders.

Rheosolon *PannonPharma, Hung.*
⊗ Phenylbutazone (p.117·1); prednisolone (p.1540·3).
Gout; inflammation; musculoskeletal and joint disorders.

Rheotromb *DeltaSelect, Cz.; DeltaSelect, Ger.; DeltaSelect, Hung.*
Urokinase (p.1420·1).
Thromboembolic disorders.

Rhesogam *ZLB, Austria; ZLB, Ger.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Rhesogamma *Aventis Behring, Arg.; Aventis Behring, Norw.†; ZLB, Spain; Aventis Behring, Swed.†.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Rhesogamma P *Sanofi Pasteur, Chile; Statens Serum Institut, Denm.; ZLB, Gr.; ZLB Behring, Mex.; Farma-Tek, Turk.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Rhesonativ *Octapharma, Cz.; Octapharma, Hung.; Pharmacia, Irl.†; Pharmacia, Malaysia†; Octapharma, Port.; Octapharma, Swed.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Rhesugam *NBI, S.Afr.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Rhesuman *Berna, Port.†; Berna, Spain†; Berna, Thai.†; Berna, Turk.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Rhetoflam *Menarini, Indon.; Sanbe, Indon.*
Ketoprofen (p.73·1).
Musculoskeletal, joint, and soft-tissue disorders.

Rheu *Vitasan, Austria.*
Homoeopathic preparation.

Rheubalmin Bad *Hoernecke, Ger.*
Methyl salicylate (p.85·3); isobornyl acetate; camphor (p.2273·2).
Bath additive; musculoskeletal, joint, and soft-tissue disorders.

Rheubalmin Indo *Hoernecke, Ger.*
Indometacin (p.66·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Rheubalmin N *Hoernecke, Ger.†.*
Glycol salicylate (p.62·3).
Musculoskeletal and joint disorders; neuralgia.

Rheubalmin Thermo *Hoernecke, Ger.†.*
Glycol salicylate (p.62·3); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, and soft-tissue disorders; peripheral vascular disorders.

Rheucastin *Pfluger, Ger.†.*
Homoeopathic preparation.

Rheucostan M *Hanosan, Ger.*
Homoeopathic preparation.

Rheuferm Phyto *Wiedemann, Ger.*
Devil's claw root (p.39·1).
Degenerative joint disorders.

Rheuflam *Standard, Philipp.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Rheugesal *Mucos, Austria.*
Diethylamine salicylate (p.47·2); flufenamic acid (p.60·3); myrtecaine (p.1867·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Rheugesic *Medpro, S.Afr.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and soft-tissue disorders; pain.

Rheuma
Note. This name is used for preparations of different composition.
Peithner, Austria.
Homoeopathic preparation.

Weleda, Austria.
Aconitum napellus (p.2246·1); arnica (p.2260·2); betula folium (p.2266·3); mandragora radix; formica; rosemary oil (p.2381·3).
Musculoskeletal and joint disorders.

Rheuma Bad *Tetesept, Ger.*
Glycol salicylate (p.62·3); methyl nicotinate (p.85·3); eucalyptus oil (p.2301·2); rosemary oil (p.2381·3); camphor (p.2273·2).
Musculoskeletal disorders.

Rheuma Denk *Denk, Cz.†.*
Etofenamate (p.53·1).
Musculoskeletal, joint and soft-tissue disorders.

Rheuma Echtroplex *Weber & Weber, Ger.†.*
Homoeopathic preparation.

Rheumabene
Note. This name is used for preparations of different composition.
Ratiopharm, Austria†.
Diclofenac sodium (p.44·3).
Inflammation; pain.

Merckle, Ger.†.
Dimethyl sulfoxide (p.2022·1).
Musculoskeletal, joint, and peri-articular disorders.

Rheumacin *Pacific, NZ.*
Indometacin (p.66·3).
Fever; gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Rheumadoron *Weleda, Austria; Weleda, Fr.; Weleda, S.Afr.; Weleda, UK.*
Homoeopathic preparation.

Rheumadyn PMD *Plantamed, Ger.†.*
Homoeopathic preparation.

Rheuma-Gastreu R46 *Reckeweg, Ger.†.*
Homoeopathic preparation.

Rheuma-Gel *Ratiopharm, Ger.*
Etofenamate (p.53·1).
Musculoskeletal, joint, and soft-tissue disorders.

Rheuma-Hek *Strathmann, Ger.*
Urtica (p.2409·3).
Musculoskeletal and joint disorders.

Rheuma-Hevert *Hevert, Ger.*
Homoeopathic preparation.

Rheumakaps *Steigerwald, Ger.*
Salix (p.121·3).
Fever; headache; musculoskeletal and joint disorders.

Rheuma-Kapseln *Stada, Ger.*
Urtica (p.2409·3).
Rheumatic disorders.

Rheumakur *Darya-Varia, Indon.*
Curcuma oil (p.1473·2).
Fat malabsorption; osteoarthritis; rheumatoid arthritis.

Rheumalan *Hilarys, Canad.†.*
Methyl salicylate (p.85·3); camphor (p.2273·2); menthol (p.2340·1); belladonna (p.2263·3); capsicum oleoresin (p.2276·2); croton oil (p.39·1); eucalyptus oil (p.2301·2); expressed mustard oil (p.2349·2); salicylic acid (p.1612·2).

rheuma-loges *Loges, Ger.*
Homoeopathic preparation.

Rheumamed *Feldhoff, Ger.*
Cayenne pepper (p.2276·2).
Musculoskeletal and joint disorders.

Rheumanox *Charoen, Thai.*
Ibuprofen (p.64·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Rheuma-Pasc *Pascoe, Ger.*
Homoeopathic preparation.

Rheumapill *Supra Ferbindo, Indon.*
Aspirin (p.20·3).
Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2) and magnesium hydroxide (p.1743·2) are included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Osteoarthritis; rheumatoid arthritis.

Rheumaplus *Medichrom, Gr.†.*
Piroxicam (p.117·3).
Inflammatory disorders.

Rheuma-Salbe
Note. This name is used for preparations of different composition.
Lichtenstein, Cz.†.
Camphor (p.2273·2); benzyl nicotinate (p.28·1); glycol salicylate (p.62·3).
Neuralgia; rheumatic pain; soft-tissue disorders.

Stada, Ger.†.
Glycol salicylate (p.62·3); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, and soft-tissue disorders; peripheral vascular disorders.

Rheumasalbe
Note. A similar name is used for preparations of different composition (see above).
CT, Ger.†.
Nonivamide (p.96·2); benzyl nicotinate (p.28·1); eucalyptus oil (p.2301·2).
Musculoskeletal, joint, and soft-tissue disorders; neuralgia.

Rheuma-Salbe N *Winthrop, Ger.*
Glycol salicylate (p.62·3); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, and soft-tissue disorders; peripheral vascular disorders.

Rheumasan Moor-Bad S *Sanofi Synthelabo, Ger.†.*
Sodium humate (p.2389·3).
Bath additive; musculoskeletal and joint disorders.

Rheumasan N *Sanofi Synthelabo, Ger.†.*
Salicylic acid (p.1612·2); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, and soft-tissue disorders; neuralgia.

Rheumaselect *Dreluso, Ger.*
Homoeopathic preparation.

Rheuma-Sern *Truw, Ger.*
Devil's claw root (p.39·1).
Dyspepsia; musculoskeletal and joint disorders.

Rheumasit *Medice, Ger.†.*
⊗ Dexamethasone (p.1526·1); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; neuralgia.

Rheuma-Stada *Stada, Ger.†.*
Urtica leaf (p.2409·3).
Rheumatism.

Rheumatab Salicis *Schuck, Ger.†.*
Salix (p.121·3).
Headache; rheumatic disorders.

Rheumatabletten N *Heel, Ger.*
Homoeopathic preparation.

Rheumatac *Sovereign, UK.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Rheumatex *Wampole, USA.*
Test for rheumatoid factor in serum.

Rheumatic Pain *Cantassium Co., UK.*
Guaiacum resin (p.2317·3); taraxacum (p.2395·1); celery (p.2278·3); menyanthes (p.2340·3).
Muscle and joint pain.

Rheumatic Pain Relief *Herbal Concepts, UK.*
Menyanthes (p.2340·3); guaiacum resin (p.2317·3); capsicum (p.2276·2); capsicum oleoresin (p.2276·2); celery oil (p.2278·3).
Musculoskeletal and joint pain.

Rheumatic Pain Remedy *Potter's, UK.*
Menyanthes (p.2340·3); lappa root (p.2330·3); achillea (p.2245·2); guaiacum resin (p.2317·3).
Musculoskeletal and joint disorders.

Rheumatica *Nelson, UK.*
Homoeopathic preparation.

Rheumatin *Sandoz, Indon.*
Glucosamine sulfate (p.2313·2); chondroitin sulfate (p.2280·3); vitamin C; magnesium; zinc; manganese; selenium; calcium (p.1922·1).
Osteoarthritis.

Rheumatin Forte *Sandoz, Indon.*
Glucosamine hydrochloride (p.2313·2); chondroitin sulfate (p.2280·3); magnesium; zinc; manganese; selenium; calcium (p.1922·1).
Osteoarthritis.

Rheumatism Rhus Tox L80 *Homeocan, Canad.†.*
Homoeopathic preparation.

Rheumaton *Wampole, USA.*
Test for rheumatoid factor in serum or synovial fluid.

Rheumatrex *Stada, USA.*
Methotrexate (p.745·2) or methotrexate sodium (p.745·2).
Psoriasis; rheumatoid arthritis.

Rheumatropfen N *Heel, Ger.*
Homoeopathic preparation.

Rheumavek *Faran, Gr.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders; pain.

Rheumed *Phytomed, Switz.†.*
Homoeopathic preparation.

Rheumeda *Madaus, Ger.*
Homoeopathic preparation.

Rheumesser *Gerot, Austria.*
⊗ Kebuzone (p.72·3); salamidacetic acid (p.121·2); dexamethasone (p.1526·1); cyanocobalamin (p.1980·2) or hydroxocobalamin acetate (p.1980·3). Lidocaine (p.1862·3) is included in this preparation to alleviate the pain of injection.
Musculoskeletal and joint disorders.

Rheumex *Gebro, Austria.*
Glycol salicylate (p.62·3); benzyl nicotinate (p.28·1); allantoin (p.1588·1).
Musculoskeletal and joint disorders; sports injuries.

Rheumitin *Krewel, Ger.†.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and soft-tissue disorders.

Rheumodoron 1 *Weleda, Ger.*
Homoeopathic preparation.

Rheumodoron 2 *Weleda, Ger.*
Homoeopathic preparation.

Rheumodoron 102 A *Weleda, Ger.*
Homoeopathic preparation.

Rheumon *Kolassa, Austria; Bayer, Cz.; Tropon, Ger.; Goodwill, Hung.; Bayer, Pol.; Drossapharm, Switz.; Bayer, Turk.*
Etofenamate (p.53·1).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Rheumosin *Leciva, Cz.†.*
Methyl salicylate (p.85·3); menthol (p.2340·1); camphor (p.2273·2); mustard oil (p.2349·2).
Musculoskeletal, peri-articular and soft-tissue disorders.

Rheumox *Goldshield, Irl.†; Continental Ethicals, S.Afr.; Goldshield, UK†.*
Azapropazone (p.26·3).
Ankylosing spondylitis; gout; osteoarthritis; rheumatoid arthritis.

Rheunervol N *Riemser, Ger.*
Camphor (p.2273·2).
Musculoskeletal and joint disorders.

Rheu-Tarx 1 *Natiris, Venez.*
Rhubarb (p.1768·3); taraxacum (p.2395·1); equisetum (p.2299·3); senna (p.1769·2).
Constipation.

Rheutrop *Kolassa, Austria.*
Acemetacin (p.15·1).
Gout; inflammation; musculoskeletal and joint disorders; thrombophlebitis; vasculitis.

Rhewlin
Upha, Malaysia†.
Diclofenac sodium (p.44·3).
Dysmenorrhoea; musculoskeletal and joint disorders.

Beacons, Singapore.
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Rhinaaxia
Agepha, Austria; Thea, Fr.; Ewopharma, Hung.†; Inpharzam, Switz.†.
Magnesium isospaglumate (p.2327·2).
Allergic rhinitis.

Proel, Gr.†.
Magnesium spaglumate (p.2327·2).
Allergic rhinitis.

Farmila, Ital.
Sodium spaglumate (p.2327·2).
Allergic rhinitis.

Rhinadine *Farmaline, Thai.*
Brompheniramine maleate (p.569·2); pseudoephedrine hydrochloride (p.1571·2).
Hypersensitivity reactions; nasal congestion.

Rhinadvil *Wyeth, Fr.*
Ibuprofen (p.64·2); pseudoephedrine hydrochloride (p.1571·2).
Rhinitis with headache and fever.

Rhinal
Note. This name is used for preparations of different composition.
Ahimsa, Arg.
⊗ Naphazoline (p.1565·1).
Nasal congestion.

Zentiva, Cz.
⊗ Tetryzoline hydrochloride (p.1574·1).
Nasal congestion.

Rhinalar *Roche, Canad.†.*
⊗ Flunisolide (p.1531·1).
Allergic rhinitis.

Rhinall *Scherer, USA.*
Phenylephrine hydrochloride (p.1568·1).
Nasal congestion.

Rhinallergy *Boiron, Cz.; Boiron, Fr.*
Homoeopathic preparation.

Rhinamide *Bailly, Fr.*
⊗ Ephedrine hydrochloride (p.1558·2); benzoic acid (p.1630·2).
Congestion of the nose and throat.

Rhinar *TP, Thai.*
Carbinoxamine maleate (p.570·2); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; respiratory-tract congestion; rhinitis.

Rhinaris *Pharmascience, Canad.*
Macrogol (p.2336·1); propylene glycol (p.2374·1).
Rhinitis.

Rhinaris Nozoil *Pharmascience, Canad.*
Sesame oil (p.2386·1).
Nasal dryness.

Rhinaris Saline *Pharmascience, Canad.*
Sodium chloride (p.1686·1).
Nasal disorders.

Rhinase *Essex, Philipp.*
Loratadine (p.583·3); pseudoephedrine sulfate (p.1571·2).
Allergic rhinitis; nasal congestion.

Rhinatate *Major, USA.*
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2); mepyramine tannate (p.585·2).
Upper respiratory-tract symptoms.

Rhinatate-NF *Major, USA.*
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2).
Upper respiratory-tract disorders.

Rhinathiol
Note. This name is used for preparations of different composition.
Sanofi Synthelabo, Cz.†; Sanofi-Aventis, Fr.; Sanofi Synthelabo, Hong Kong; Sanofi-Aventis, Malaysia; Sanofi Synthelabo, Neth.; Sanofi-Aventis, Singapore; Sanofi Synthelabo, Switz.; Sanofi Synthelabo, Thai.
Carbocisteine (p.1553·2).
Otitis; respiratory-tract congestion; sinusitis.

Sanofi-Aventis, Port.
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Sanofi-Aventis, Hung.
Cough syrup: Dextromethorphan hydrobromide (p.1555·2).
Cough.

Sanofi-Aventis, Hung.
Expectorant syrup: Carbocisteine (p.1553·2).
Respiratory-tract disorders.

Sanofi-Aventis, Hung.
Nasal spray: ⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion.

Rhinathiol Antirhinitis *Sanofi-Aventis, Belg.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Rhinitis; sinusitis.

Rhinathiol Cold *Sanofi-Aventis, Hung.*
Ibuprofen (p.64·2); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms.

Rhinathiol maux de gorge *Sanofi Synthelabo OTC, Fr.†.*
Biclotymol (p.1632·1).
Mouth and throat bacterial infections.

Rhinathiol Promethazine *Sanofi-Aventis, Fr.; Sanofi Synthelabo, Hong Kong; Sanofi-Aventis, Malaysia; Sanofi-Aventis, Singapore; Sanofi Synthelabo, Switz.*
Carbocisteine (p.1553·2); promethazine hydrochloride (p.588·2).
Cough; respiratory-tract disorders.

Rhinathiol Rhume *Sanofi Synthelabo OTC, Fr.†.*
Ibuprofen (p.64·2); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms.

Rhinathiol Toux Seche Pholcodine *Sanofi-Aventis, Fr.*
Pholcodine (p.1570·2).
Coughs.

Rhinathiol Tusso *Sanofi-Aventis, Hung.*
Prenoxdiazine hydrochloride (p.1571·1).
Cough.

Rhinazin *Polfa Warszawa, Pol.*
⊗ Naphazoline nitrate (p.1565·2).
Nasal congestion.

Rhin-Bac *Hasco-Lek, Pol.*
Camphor (p.2273·2); mint oil (p.2345·2); menthol (p.2340·1); methyl salicylate (p.85·3); pine oil (p.2368·2).
Upper respiratory-tract disorders.

Rhinedrine *Cooperation Pharmaceutique, Fr.*
Benzododecinium bromide (p.1631·2).
Nose and throat infections.

Rhinedrine Moisturizing *Jamieson, Canad.†.*
Glycerol (p.2314·2); propylene glycol (p.2374·1).

Rhineton *Be-Tabs, S.Afr.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Rhinex *Stada, Thai.*
Carbocisteine (p.1553·2).
Coughs associated with increased or viscous mucus.

Rhinex mit Naphazolin *Wernigerode, Ger.*
⊗ Naphazoline hydrochloride (p.1565·2).
Rhinitis; sinusitis.

Rhinex mit Tetryzolin *Wernigerode, Ger.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Nasal congestion; rhinitis; sinusitis.

Rhinex mit Xylometazolin *Wernigerode, Ger.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion; rhinitis.

Rhinidine *Pfizer Consumer, Belg.†.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion and irritation.

Rhinigine *Xixia, S.Afr.*
Loratadine (p.583·3).
Allergic rhinitis.

Rhinil *Aristopharma, Hong Kong.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Rhiniramine *DHA, Hong Kong; DHA, Singapore.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Rhini-San
Note. A similar name is used for preparations of different composition (see below).
Sandipro, Belg.
Phenylephrine hydrochloride (p.1568·1); diphenylpyraline hydrochloride (p.578·2).
Allergic rhinitis.

Rhinisan
Note. A similar name is used for preparations of different composition (see above).
Alcon, Ger.
⊗ Triamcinolone acetonide (p.1544·3).
Allergic rhinitis.

Rhinital *DHU, Rus.*
Homoeopathic preparation.

Rhinitisan *Bioforce, Switz.†.*
Homoeopathic preparation.

Rhinivict *Dermapharm, Ger.*
⊗ Beclometasone dipropionate (p.1516·2).
Rhinitis.

Rhino Humex *Urgo, Belg.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Rhinobeta *Betapharm, Ger.†.*
Electrolyte solution (p.1667·1).
Nasal disorders.

Rhinobros *Bros, Gr.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis; skin disorders.

Rhinocap
Note. This name is used for preparations of different composition.
Grossmann, Hong Kong; Grossmann, Switz.
Phenylephrine hydrochloride (p.1568·1); dimenhydrinate (p.576·2); caffeine (p.1116·3).
Allergic rhinitis; cold symptoms; nasal congestion; sinus congestion.

Inibsa, Spain.
Phenylephrine hydrochloride (p.1568·1); diphenhydramine hydrochloride (p.577·2).
Formerly contained phenylephrine hydrochloride and carbinoxamine maleate.
Nasal congestion.

Rhinocillin B *Medicopharm, Austria†.*
Bacitracin (p.210·3).

Rhinoclir
Note. This name is used for preparations of different composition.
Febena, Ger.†.
Dexpanthenol (p.2362·1).
Nasal disorders.

Agis, Israel.
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Rhinocort
Note. This name is used for preparations of different composition.
AstraZeneca, Austral.; AstraZeneca, Austria; AstraZeneca, Belg.; AstraZeneca, Canad.; AstraZeneca, Chile; AstraZeneca, Cz.; AstraZeneca, Denm.; AstraZeneca, Fin.; AstraZeneca, Fr.; AstraZeneca, Hong Kong; AstraZeneca, Hung.; AstraZeneca, India; AstraZeneca, Indon.; AstraZeneca, Irl.; AstraZeneca, Ital.; AstraZeneca, Malaysia; AstraZeneca, Mex.; AstraZeneca, Neth.; AstraZeneca, Norw.; AstraZeneca, Pol.; AstraZeneca, S.Afr.; AstraZeneca, Singapore; AstraZeneca, Spain; AstraZeneca, Swed.; AstraZeneca, Switz.; AstraZeneca, Thai.; AstraZeneca, Turk.; AstraZeneca, UK; Astra, USA; AstraZeneca, Venez.
⊗ Budesonide (p.1520·1).
Allergic rhinitis; nasal polyps.

Agis, Israel; Teijin, Jpn.
⊗ Beclometasone dipropionate (p.1516·2).
Rhinitis.

Rhinocure *Actipharm, Switz.*
Polysorbate 80 (p.1919·2); sodium chloride (p.1686·1); chamomile (p.2279·3); benzethonium chloride (p.1630·1).
Rhinopharyngeal disorders.

Rhinocure simplex *Actipharm, Switz.*
Polysorbate 80 (p.1919·2); sodium chloride (p.1686·1); benzethonium chloride (p.1630·1).
Rhinopharyngeal disorders.

Rhinodec *Blue Cross, Philipp.*
Phenylpropanolamine hydrochloride (p.1569·3); brompheniramine maleate (p.569·2).
Nasal congestion; rhinitis.

Rhinodoron *Weleda, Fr.; Weleda, Ger.*
Sodium chloride (p.1686·1); potassium chloride (p.1684·3); aloe vera (p.1588·2).
Nasal cleansing; nasal congestion; nasal dryness.

Rhinodose *Pharmanel, Gr.†.*
Sodium chloride (p.1686·1).
Dry nasal mucosa.

Rhinodrin *Montavit, Austria.*
⊗ Diphenhydramine hydrochloride (p.577·2); naphazoline hydrochloride (p.1565·2).
Rhinitis.

Rhinofebral *McNeil, Fr.; Martin, Switz.†.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); ascorbic acid (p.1983·3).
Cold symptoms; rhinopharyngeal disorders.

Rhinofebryl *Sanofi-Aventis, Belg.*
Chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Rhinitis with fever and/or headache.

Rhinofed *Dexa, Indon.*
Pseudoephedrine (p.1571·2); terfenadine (p.590·3).
Rhinitis.

Rhinofluimucil *Zambon, Fr.*
⊗ Acetylcysteine (p.1548·2); tuaminoheptane sulfate (p.1575·1); benzalkonium chloride (p.1629·1).
Rhinopharyngeal congestion.

Rhino-Gastreu N R49 *Reckeweg, Ger.†.*
Homoeopathic preparation.

Rhinogen *IBSA, Switz.*
Sodium hyaluronate (p.2320·1).
Nasal dryness.

Rhinoguttae Argenti diacetylotannici proteinici *Leyh, Ger.*
Silver protein acetyl tannate (p.2387·3).
Nasal congestion.

Rhinoguttae Dexamethasoni cum Naphazolino *Leyh, Ger.†.*
⊗ Dexamethasone (p.1526·1); naphazoline hydrochloride (p.1565·2).
Cold symptoms; rhinitis.

Rhinoguttae pro Infantibus N *Leyh, Ger.*
Silver protein acetyl tannate (p.2387·3).
Nasal congestion.

Rhinohist *Seng, Thai.*
Carbinoxamine maleate (p.570·2); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; respiratory-tract congestion; rhinorrhoea.

Rhinol *Su-Heung, Philipp.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Rhinolast *Orion, Irl.; Asta Medica, Israel; Mer-National, S.Afr.; Viatris, UK.*
Azelastine hydrochloride (p.568·2).
Allergic rhinitis.

Rhinolex *Remek, Gr.*
⊗ Ephedrine hydrochloride (p.1558·2).
Nasal congestion.

Rhinomer *Novartis Consumer, Ger.; Novartis Consumer, Port.†; Novartis Consumer, Switz.; Novartis, Turk.*
Sea water (p.1686·1).
Nasal congestion; nasal disorders; nasal irrigation; rhinitis.

Rhinon
Note. This name is used for preparations of different composition.
Petrasch, Austria.
Nasal ointment: ⊗ Naphazoline hydrochloride (p.1565·2); sulfadiazine (p.336·2).
Rhinitis; sinusitis.

Petrasch, Austria.
Nose drops: ⊗ Naphazoline hydrochloride (p.1565·2).
Rhinitis.

Rhinonorm *Merckle, Rus.*
⊗ Xylometazoline hydrochloride (p.1575·1).

Rhinoperd *Agepha, Austria.*
⊗ Naphazoline hydrochloride (p.1565·2).
Aid in rhinoscopy; rhinitis; sinusitis.

Rhinoperd comp *Agepha, Austria.*
⊗ Naphazoline hydrochloride (p.1565·2); diphenhydramine hydrochloride (p.577·2).
Cold symptoms; rhinitis.

Rhinophenazol *Polfa Warszawa, Pol.*
⊗ Antazoline sulfate (p.567·1); naphazoline nitrate (p.1565·2).
Allergic rhinitis; nasal congestion.

Rhinophen-C *Maxi, Thai.†.*
Brompheniramine maleate (p.569·2); vitamin C (p.1983·3).
Hypersensitivity reactions.

Rhinopront
Note. This name is used for preparations of different composition.
Mack, Belg.†; Olvos, Gr.†; Mack, Malaysia†.
Carbinoxamine maleate (p.570·2); phenylephrine hydrochloride (p.1568·1).
Catarrh; cold symptoms; rhinitis; sinusitis.

Zuoz, Venez.†.
Carbinoxamine (p.570·2); phenylpropanolamine (p.1569·2).

Pfizer, Austria; Grunenthal, Chile†; Mack, Cz.†; Mack, Illert., Ger.†; Mack, Hong Kong; Mack, Hung.†; Mack, Singapore†; Mack, Thai.†; Abdi, Turk.
Capsules: Phenylephrine hydrochloride (p.1568·1); carbinoxamine maleate (p.570·2).
Catarrh; cold and influenza symptoms; respiratory-tract congestion; rhinitis; sinusitis.

Mack, Illert., Ger.†.
Nasal spray: ⊗ Tetryzoline hydrochloride (p.1574·1).
Catarrh; colds; hay fever.

Mack, Illert., Ger.†.
Oral liquid: Carbinoxamine polistirex (p.570·2); phenylpropanolamine polistirex (p.1570·2).
Colds; nasal catarrh; rhinitis.

Grunenthal, Chile†.
Oral suspension: Carbinoxamine maleate (p.570·2); phenylpropanolamine (p.1569·2).
Cold and influenza symptoms; rhinitis; sinusitis.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Abdi, Turk.
Oral suspension: Phenylpropanolamine polistirex (p.1570·2); carbinoxamine polistirex (p.570·2).
Respiratory-tract congestion.

Mack, Cz.†; Mack, Hong Kong; Mack, Hung.†; Pfizer Consumer, Switz.†.
Syrup: Carbinoxamine polistirex (p.570·2); phenylpropanolamine polistirex (p.1570·2).
Catarrh; cold symptoms; rhinitis; sinusitis.

Rhinopront Kombi *Pfizer Consumer, Ger.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Rhinitis.

Rhinopront N *Pfizer Consumer, Switz.*
Chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Rhinopront formerly contained carbinoxamine maleate and phenylephrine hydrochloride.
Cold symptoms; rhinitis; sinusitis.

Rhinopront Top *Pfizer Consumer, Switz.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Rhinopharyngeal disorders.

Rhinopront-S *Olvos, Gr.†.*
Phenylpropanolamine (p.1569·2); carbinoxamine (p.570·2).
Allergic rhinitis; catarrh.

Rhinos
Dexa, Hong Kong.
Loratadine (p.583·3); pseudoephedrine (p.1571·2).
Allergic rhinitis; cold symptoms.

Dexa, Indon.
Loratadine (p.583·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; cold symptoms.

Rhinosept *Delta, Braz.*
⊗ Naphazoline hydrochloride (p.1565·2); diphenhydramine hydrochloride (p.577·2); neomycin sulfate (p.305·1).
Nasal congestion.

Rhinoside *Biomedica-Chemica, Gr.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis.

Rhinosol *AstraZeneca, Denm.*
⊗ Budesonide (p.1520·1).
Hay fever.

Rhinosovil *Eu Rho, Ger.†.*
⊗ Naphazoline nitrate (p.1565·2); pheniramine maleate (p.587·3).
Nasal congestion; rhinitis.

Rhinospray *Boehringer Ingelheim, Belg.; Boehringer Ingelheim, Ger.; Unilfarma, Port.; Boehringer Ingelheim, Spain.*
⊗ Tramazoline hydrochloride (p.1574·3).
Nasal congestion; otitis media; rhinitis; sinusitis.

Rhinospray Antialergico *Boehringer Ingelheim, Spain.*
⊗ Tramazoline hydrochloride (p.1574·3); chlorphenamine maleate (p.571·3).
Nasal congestion.

Rhinospray Atlantik *Boehringer Ingelheim, Ger.*
Sea water (p.1686·1).
Nasal disorders.

Rhinospray met menthol *Boehringer Ingelheim, Neth.*
⊗ Tramazoline hydrochloride (p.1574·3); cineole (p.2282·3); menthol (p.2340·1); camphor (p.2273·2).
Nasal congestion.

Rhinospray Plus *Boehringer Ingelheim, Austria; Boehringer Ingelheim, Ger.; Boehringer Ingelheim, Hung.*
⊗ Tramazoline hydrochloride (p.1574·3); cineole (p.2282·3); menthol (p.2340·1); camphor (p.2273·2).
Nasal congestion.

Rhinospray sensitiv *Boehringer Ingelheim, Ger.*
⊗ Tramazoline hydrochloride (p.1574·3); cineole (p.2282·3); menthol (p.2340·1); camphor (p.2273·2).
Nasal congestion.

Rhino-Stas *Stada, Cz.; Stada, Hung.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Rhinitis; sinusitis.

Rhinostop *Masterlek, Rus.; IBSA, Switz.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion; otitis media; rhinitis; sinusitis.

Rhino-Sulfuryl *Legras, Fr.*
⊗ Sodium thiosulfate (p.1466·1); ephedrine hydrochloride (p.1558·2).
Rhinopharyngeal congestion.

Rhinosyn *Great Southern, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Rhinosyn-DM *Great Southern, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2).
Coughs and cold symptoms.

Rhinosyn-DMX *Great Southern, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Coughs.

Rhinosyn-X *Great Southern, USA.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Coughs.

Rhinotapp *Dynamic, Philipp.*
Phenylpropanolamine hydrochloride (p.1569·3); phenylephrine hydrochloride (p.1568·1); brompheniramine maleate (p.569·2).
Cough; nasal congestion.

Rhinothricinol *Plan, Switz.*
Tyrothricin (p.358·2); eucalyptus oil (p.2301·2).
Rhinopharyngeal infections.

Rhinoton plus *Krewel, Ger.†.*
Sea salt (p.1686·1).
Nasal dryness.

Rhinotrophyl *Jolly-Jatel, Fr.*
Thenoate monoethanolamine (p.351·1).
Formerly contained thenoate monoethanolamine and framycetin sulfate.
Infections of the nose and throat.

Rhinotussal
Note. This name is used for preparations of different composition.
Mack, Cz.†; Mack, Illert., Ger.†; Pfizer Consumer, Switz.; Abdi, Turk.
Capsules: Carbinoxamine maleate (p.570·2); phenylephrine hydrochloride (p.1568·1); dextromethorphan hydrobromide (p.1555·2).
Coughs and associated respiratory-tract disorders; respiratory-tract congestion.

Mack, Illert., Ger.†.
Oral liquid: Dextromethorphan polistirex (p.1556·1); phenylpropanolamine polistirex (p.1570·2); carbinoxamine polistirex (p.570·2).
Coughs and associated respiratory-tract disorders.

Abdi, Turk.
Oral liquid: Phenylpropanolamine (p.1569·2); carbinoxamine maleate (p.570·2); dextromethorphan hydrobromide (p.1555·2).
Respiratory-tract congestion.

Mack, Cz.†; Pfizer Consumer, Switz.
Syrup: Phenylpropanolamine polistirex (p.1570·2); carbinoxamine polistirex (p.570·2); dextromethorphan polistirex (p.1556·1).
Coughs and associated respiratory-tract disorders.

Rhinovac *Darrow, Braz.†.*
Antigen extracts (p.2250·2).
Allergen immunotherapy.

Rhinoval C *Pharmavit, Cz.†; BMS, Hung.†.*
Paracetamol (p.108·1); dextromethorphan hydrobromide (p.1555·2); ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Rhinovalon *Almirall, Belg.†.*
⊗ Tixocortol pivalate (p.1544·2).
Rhinitis.

Rhinovalon Neomycine *Almirall, Belg.†.*
⊗ Tixocortol pivalate (p.1544·2); neomycin sulfate (p.305·1).
Infective rhinitis.

Rhinovent *Boehringer Ingelheim, Switz.*
Ipratropium bromide (p.1124·1).
Rhinitis.

Rhinovis *CTI, Israel†.*
Carbinoxamine maleate (p.570·2); phenylephrine hydrochloride (p.1568·1).
Rhinitis; sinusitis.

Rhinox *Nycomed, Norw.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Rhinureflex *Boots Healthcare, Fr.*
Ibuprofen (p.64·2); pseudoephedrine hydrochloride (p.1571·2).
Fever; headache; nasal congestion; rhinitis.

Rhizin *BPRL, Singapore†.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; urticaria.

Rhodacine *Sandoz, Canad.*
Indometacin (p.66·3).
Gout; musculoskeletal and joint disorders.

Rhodis *Rhodiapharm, Canad.*
Ketoprofen (p.73·1).
Ankylosing spondylitis; osteoarthritis; pain; rheumatoid arthritis.

Rhodogil *Sanofi-Aventis, Spain.*
Spiramycin (p.333·1); metronidazole (p.837·1).
Bacterial infections.

RhoGAM *Ortho Diagnostic, Belg.; Ortho, Hong Kong; Ortho, Hung.; CSL, NZ; Hemat, Turk.; Ortho Diagnostic, USA; Ortho, Venez.†.*
An anti-D immunoglobulin (p.2204·2).
Prevention of rhesus sensitisation.

Rhoival *Byk Gulden, Ger.†; Byk Tosse, Ger.†.*
Agrimony (p.2249·2); solidago virgaurea (p.2391·1); St John's wort (p.422·3); shepherd's purse (p.2386·2); arnica (p.2260·2); valerian (p.2410·1).
Urinary-tract disorders.

Rhonal *Sanofi-Aventis, Spain.*
Aspirin (p.20·3).
Fever; musculoskeletal, joint and peri-articular disorders; pain.

Rho-Nitro *Rhodiapharm, Canad.*
Glyceryl trinitrate (p.1296·2).
Angina pectoris.

Rhophylac *CSL, Cz.; ZLB, Denm.; ZLB, Fin.; Lab Francais du Fractionnement, Fr.; Chiron Vaccines, Ger.; ZLB, Ger.; ZLB, Gr.; Omrix, Israel; ZLB, Ital.; Ivax, Mex.; ZLB, Neth.; ZLB, Norw.; CSL, Port.; ZLB, Swed.; ZLB, Switz.; ZLB, UK; CSL Behring, USA.*
An anti-D immunoglobulin (p.2204·2).
Formerly known as Natead in *Fr.*
Prevention of rhesus sensitisation.

Rhotard *Sovereign, UK.*
⊗ Morphine sulfate (p.86·3).
Pain.

Rhotral *Rhodiapharm, Canad.*
⊗ Acebutolol hydrochloride (p.1200·1).
Angina pectoris; hypertension.

Rhotrimine *Rhodiapharm, Canad.*
Trimipramine maleate (p.426·3).
Depression.

Rhovail *Rhodiapharm, Canad.†.*
Ketoprofen (p.73·1).
Musculoskeletal and joint disorders.

Rhovane *Rhodiapharm, Canad.*
Zopiclone (p.1039·1).
Insomnia.

Rhuaka *OTC Concepts, UK.*
Cascara (p.1715·2); rhubarb (p.1768·3); senna (p.1769·2).
Constipation.

Rhum Creosotado *Arrow, Braz.*
Creosote (p.1555·1); sodium hypophosphite; calcium hypophosphite (p.1677·1); benzoic acid (p.1630·2).
Respiratory-tract congestion.

Rhumagel *Hoe, Malaysia.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Rhumagrip *Cooperation Pharmaceutique, Fr.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms.

Rhumalgan *Sandoz, UK.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Rhumanol *TO-Chemicals, Thai.*
Diclofenac diethylamine (p.44·3).
Musculoskeletal, joint, and peri-articular disorders.

Rhumatisme *Gerbex, Canad.*
Methyl salicylate (p.85·3); camphor (p.2273·2); capsicum oleoresin (p.2276·2); trimethylcyclohexanol.

Rhume *Pharmacard, Switz.†.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion.

Rhumeel *Heel, Neth.*
Homoeopathic preparation.

Rhus Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Rhus Opodeldoc *Knop, Chile.*
Camphor (p.2273·2); rosemary (p.2381·2); thyme (p.2401·1); rhus toxicodendron (p.2378·3); ammonia (p.2256·1).
Musculoskeletal, joint, and soft-tissue disorders.

Rhus toxicodendron Oligoplex *Madaus, Ger.*
Homoeopathic preparation.

Rhus-Rheuma-Gel N *DHU, Ger.*
Rhus toxicodendron (p.2378·3); ledum; comfrey (p.2286·3).
Muscle and joint disorders.

Rhynacol *Sunward, Malaysia.*
Pholcodine (p.1570·2); triprolidine hydrochloride (p.592·3).
Cough.

Rhythmiodarone *Farmstandart, Rus.*
Amiodarone hydrochloride (p.1210·2).
Arrhythmias.

Rhythmocor *Lannacher, Austria.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Rhythmy *Shionogi, Jpn.*
Rilmazafone hydrochloride (p.1024·2).
Insomnia; premedication.

RHZ *Overseas, India.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2).
Tuberculosis.

RHZ-Plus *Overseas, India.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2); ethambutol hydrochloride (p.274·1).
Tuberculosis.

Riabal *Chiesi, Fr.†; IBI, Ital.; Chiesi, Rus.; Fujisawa, Thai.†.*
Prifinium bromide (p.1764·2).
Cholecystopathy; enteritis; gallstones; gastritis; pancreatitis; peptic ulcer; renal calculi; smooth muscle spasm.

Riacen *Promedica, Ital.†.*
Piroxicam (p.117·3).
Musculoskeletal, joint, and peri-articular disorders.

Rialam *Labesfal, Port.*
Lorazepam (p.1004·1).
Premedication; status epilepticus.

Riamet *Novartis, Austral.; Novartis, Austria; Novartis, Cz.; Novartis, Fr.; Novartis, Ger.; Novartis, Gr.; Novartis, Hong Kong†; Novartis, Neth.; Novartis, Norw.†; Novartis, Port.; Novartis, Swed.; Novartis, Switz.; Novartis, UK.*
Artemether (p.598·1); lumefantrine (p.605·1).
Malaria.

Riatul *Baliarda, Arg.*
Risperidone (p.1024·2).
Psychoses.

Ribamylase *Ferlux, Fr.*
Alfa amylase (p.2256·3).
Oropharyngeal congestion.

Riban *Arlex, Mex.*
Soya bean (p.1965·3); povidone-iodine (p.1659·2).
Skin disorders.

RibaPak *Par, USA.*
Ribavirin (p.902·3).
Chronic hepatitis C.

Ribapeg *Makiz-Pharma, Rus.*
Ribavirin (p.902·3).
Chronic hepatitis C.

Ribaspheres *Three Rivers, USA.*
Ribavirin (p.902·3).
Chronic hepatitis C.

Ribastamin *Beta, Arg.*
Risedronate sodium (p.1103·3).
Osteoporosis.

Ribastamin Duo *Beta, Arg.*
4 Tablets, risedronate sodium (p.1103·3); 24 tablets calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Osteoporosis.

Ribatab *PRX, USA.*
Ribavirin (p.902·3).
Chronic hepatitis C.

Ribatra *Panalab, Arg.*
⊗ Clobetasol propionate (p.1522·2).
Eczema.

Ribatran *Ferlux, Fr.*
Trypsin (p.2405·3); ribonuclease (p.2378·3); chymotrypsinogen.
Oedema following trauma or surgery.

Ribav *Biosintetica, Braz.*
Ribavirin (p.902·3).
Viral infections.

Ribavin *Lupin, India.*
Ribavirin (p.902·3).
Hepatitis C.

Ribaviron C *Pizarro, Braz.†.*
Ribavirin (p.902·3).
Viral infections.

Ribazole *Getz, Philipp.*
Ribavirin (p.902·3).
Chronic hepatitis C.

Riber *Solvang, Philipp.*
Paracetamol (p.108·1).
Fever; pain.

Ribex *Quesada, Arg.*
Vincamine (p.2414·1); cinnarizine (p.573·1).
Cerebral and peripheral vascular disorders.

Ribex Flu *Pfizer Consumer, Ital.†.*
Diclofenac sodium (p.44·3).
Fever; influenza symptoms; pain.

Ribex Nasale *Pfizer Consumer, Ital.†.*
Phenylephrine hydrochloride (p.1568·1).
Nasal congestion.

Ribex Tosse *Pfizer Consumer, Ital.*
Dropropizine (p.1557·3).
Coughs.

Ribexen con Espettorante *Pfizer Consumer, Ital.*
Dropropizine (p.1557·3); guaifenesin (p.1561·3).
Coughs.

Ribocarbo *Ribosepharm, Ger.*
Carboplatin (p.693·1).
Malignant neoplasms.

Ribocine *Dexa, Indon.*
Chloramphenicol (p.239·3).
Bacterial infections.

Ribodoxo-L *Ribosepharm, Ger.*
Doxorubicin hydrochloride (p.712·2).
Malignant neoplasms.

Ribodronat *Ribosepharm, Ger.*
Pamidronate disodium (p.1101·1).
Hypercalcaemia of malignancy; osteolysis of malignancy.

Riboepi *Ribosepharm, Ger.*
Epirubicin hydrochloride (p.716·1).
Malignant neoplasms.

Ribofluor *Ribosepharm, Ger.*
Fluorouracil (p.722·2).
Malignant neoplasms.

Ribofolin *Ribosepharm, Ger.*
Calcium folinate (p.1943·3).
Adjunct to fluorouracil therapy; folic acid deficiency; methotrexate toxicity.

Ribolac *Gebro, Switz.*
Lactobacillus acidophilus (p.2372·3); vitamins (p.1922·1).
Diarrhoea.

Ribolin *Vianex (Βιανεξ), Gr.*
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Ribomicin *Farmigea, Ital.*
Gentamicin sulfate (p.282·1).
Bacterial eye infections.

Ribomunyl
Note. This name is used for preparations of different composition.
Germania, Austria; Silesia, Chile; Pierre Fabre, Fr.†; Pierre Fabre, Ger.; Pharmafabre (Φαρμαφαμπρ), Gr.†; Pierre Fabre, Hung.; Pierre Fabre, Pol.; Pierre Fabre, Port.; Pierre Fabre, Rus.; Robapharm, Switz.
Bacterial ribosomes from, *Klebsiella pneumoniae*, *Streptococcus pneumoniae*, *Streptococcus pyogenes*, *Haemophilus influenzae*; proteoglycan extract from *Klebsiella pneumoniae*.
Respiratory-tract infections.

Pierre Fabre, Cz.
Ribosomes of *Klebsiella pneumoniae*; *Streptococcus pyogenes*; *Haemophilus influenzae*; membrane fraction of *Klebsiella pneumoniae*.
Respiratory-tract infections.

Ribomustin *Ribosepharm, Ger.*
Bendamustine hydrochloride (p.684·1).
Malignant neoplasms.

Ribon *Therabel, Belg.*
Riboflavin (p.1977·2).
Muscle cramps; vitamin B deficiency.

Riboposid *Ribosepharm, Ger.*
Etoposide (p.718·1).
Malignant neoplasms.

Riboquin *Dexa, Indon.*
Chloroquine phosphate (p.599·3).
Malaria.

Ribotal *Adipharm, Gr.*
Paclitaxel (p.759·1).
Malignant neoplasms.

Ribotax *Ribosepharm, Ger.*
Paclitaxel (p.759·1).
Breast cancer; non-small cell lung cancer; ovarian cancer.

Ribotrex *Pierre Fabre, Ital.*
Azithromycin (p.207·1).
Bacterial infections.

Ribotripsin *Grin, Mex.*
Trypsin (p.2405·3); chymotrypsin (p.2281·3).

Ribovac
Note.This name is used for preparations of different composition.
Pierre Fabre, Arg.
Ribosomal fractions of *Klebsiella pneumoniae*; membrane fraction of *Klebsiella pneumoniae*.
Formerly contained ribosomal fractions of *Klebsiella pneumoniae*, *Streptococcus pneumoniae*, *Streptococcus pyogenes*, *Haemophilus influenzae*, and membrane fraction of *Klebsiella pneumoniae*.
Respiratory-tract infections.

Pierre Fabre, Mex.
Ribosomal fractions of *Klebsiella pneumoniae*; *Streptococcus pneumoniae*; *Streptococcus pyogenes*; *Haemophilus influenzae*; membrane fraction of *Klebsiella pneumoniae*.
Respiratory-tract infections.

Ribovir *Plants, Ital.*
Royal jelly (p.2382·1); echinacea (p.2298·1); black currant (p.2267·1).
Nutritional supplement.

Ribo-Wied *Wiedemann, Ger.†.*
Spleen; liver; heart; placenta (p.2337·3).
Tonic.

Ribozym *Sofex, Port.†.*
Ribonucleic acids; glycerophosphates; kola; nicotinamide; thiamine; calcium; sodium (p.1922·1).
Tonic.

Ribrain *Galenica, Gr.*
Betahistine mesilate (p.2265·1).
Ménière's disease; vertigo.

Ribufen *Jofrain, Mex.*
Ibuprofen (p.64·2).
Inflammation; pain; rheumatism.

Ribujet *Chiesi, Spain.*
⊗ Budesonide (p.1520·1).
Asthma.

Ribunal *Combiphar, Indon.*
Ibuprofen (p.64·2).
Fever; musculoskeletal and joint disorders; pain.

Ribuspir *Torrex Chiesi, Cz.; Chiesi, Gr.*
⊗ Budesonide (p.1520·1).
Asthma; obstructive airways disease.

RIC Calcio *Dominguez, Arg.†.*
Calcium polystyrene sulfonate (p.1438·2).
Hyperkalaemia.

Rical *Vita Health, Switz.*
Castor oil (p.2278·1).
Constipation.

Ricap *Savio, Ital.*
Citalopram hydrochloride (p.385·3).
Anxiety disorders; depression.

Riccovitan *Kropf, Switz.†.*
Vitamin A palmitate (p.1973·1); ergocalciferol (p.1987·1); ichthammol (p.1599·1); hamamelis (p.2318·2); chamomile (p.2279·3); zinc oxide (p.1621·2).
Burns; nappy rash; superficial wounds; ulcers.

Ricelyt *MM, India.*
Sodium chloride; potassium chloride; sodium citrate; rice (p.1672·2).
Oral rehydration therapy.

Ricerca System *Johnson & Johnson, Ital.*
Multivitamin, mineral, and amino-acid preparation (p.1922·1).
Skin, hair, and nail disorders.

Richmond Antiseptic Cream *LPC, UK.*
Cetrimide (p.1634·1).
Burns; skin irritation; wounds.

Ricilaks *Yeni, Turk.*
Castor oil (p.2278·1).
Bowel evacuation.

Ricilina *Pharmabiotics, Chile.*
Azithromycin hydrochloride (p.207·3).
Bacterial infections.

Ricin *Atlantic, Hong Kong; Atlantic, Thai.*
Rifampicin (p.325·3).
Bacterial infections.

Ricipan *Toprak, Turk.*
Castor oil (p.2278·1).
Bowel evacuation.

Ricitel *Tecnofarma, Mex.*
Castor oil (p.2278·1).
Constipation.

Riclasip *Grunenthal, Mex.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Riclemed *Pharmacypria, Gr.*
Clarithromycin (p.248·2).
Bacterial infections.

Ricola *Cedar Health, UK.*
Menthol (p.2340·1); peppermint oil (p.1761·2).
Coughs; nasal congestion; sore throat.

Riconazol *Bunker, Braz.*
Fluconazole (p.532·1).
Fungal infections.

Ricridene *Merck-Lipha, Fr.†.*
Nifurzide (p.307·3).
Diarrhoea.

Rictor *Solfran, Mex.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Ricura *Pekana, Ger.†.*
Homoeopathic preparation.

Ricyn *Pascual, Philipp.*
Rifampicin (p.325·3).
Bacterial infections including tuberculosis.

RID *Pfizer, USA.*
Pyrethrins (p.2049·3); piperonyl butoxide (p.2049·1).
Pediculosis.

Ridal *Douglas, NZ; Giempi, Venez.*
Risperidone (p.1024·2).
Autism; behaviour disorders; bipolar disorder; psychoses; schizophrenia.

Ridamin *Unison, Malaysia; Unison, Singapore; Unison, Thai.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; urticaria.

Rid-a-Pain *Pfeiffer, USA.*
Benzocaine (p.1854·1); menthol (p.2340·1); cineole (p.2282·3).
Oral lesions.

Rid-a-Pain HP *Pfeiffer, USA.*
Capsaicin (p.32·3).
Pain.

Ridaq *Pharmacare, S.Afr.*
⊗ Hydrochlorothiazide (p.1307·3).
Hypertension; oedema.

Ridasa *Manuell, Mex.*
Ribonuclease (p.2378·3); dornase alfa (p.1557·1).
Viral infections.

Ridaura *Link, Austral.; GSK, Austria; Astellas, Belg.; GSK, Braz.†; Paladin, Canad.†; Goldshield, Denm.†; Goldshield, Fin.; Astellas, Ger.; Vianex (Βιανέξ), Gr.; Goldshield, Hong Kong; Goldshield, Irl.; Goldshield, Israel; Astellas, Ital.; Boucher & Muir, NZ; Astellas, Neth.; Goldshield, Norw.; Astellas, Port.; Pharmafrica, S.Afr.; Recordati, Spain; Goldshield, Swed.†; Doetsch, Grether, Switz.; Astellas, UK; SmithKline Beecham, USA.*
Auranofin (p.25·3).
Juvenile idiopathic arthritis; psoriatic arthritis; rheumatoid arthritis.

Ridauran *Pierre Fabre, Fr.*
Auranofin (p.25·3).
Rheumatoid arthritis.

Ridazin *Taro, Israel.*
Thioridazine hydrochloride (p.1031·2).
Schizophrenia.

Ridazine *Atlantic, Thai.*
Thioridazine hydrochloride (p.1031·2).
Anxiety; depression; mania; schizophrenia.

Ridcof *Cipla, India.*
Dextromethorphan (p.1555·2); chlorphenamine maleate (p.571·3); guaifenesin (p.1561·3); ammonium chloride (p.1551·3).
Coughs.

Ridenol *RID, USA.*
Paracetamol (p.108·1).

Rideril *DDSA Pharmaceuticals, UK†.*
Thioridazine (p.1031·2).
Schizophrenia.

Ridersweet *Rider, Chile†.*
Aspartame (p.1930·1).
Sugar substitute.

Ridin *Sons, Mex.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3); guaifenesin (p.1561·3).
Allergic conjunctivitis; coughs; rhinitis.

Ridinox *Bell, India.*
Idoxuridine (p.881·2).
Herpetic keratitis.

Ridiodent *Ogna, Ital.*
Sodium fluoride (p.1962·2); cetylpyridinium chloride (p.1635·1).
Dental caries prophylaxis.

Ridol *Gedeon Richter, Hung.†.*
Dacemazine; homatropine methylbromide (p.1881·3); codeine hydrochloride (p.37·2); dipyrone (p.49·2).
Pain; smooth muscle spasm.

Ridon *Anpharm (Ανφαρμ), Gr.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Ridoner *Labochem, Cz.*
Risperidone (p.1024·2).
Autism; behaviour disorders; bipolar disorder; psychoses.

Ri-Donna *DermoDuemila, Ital.*
Vitamins; selenium; betaine; soya; rhodiola; bacopa moniera; dioscorea; borage (p.1922·1).
Nutritional supplement for women.

Ridron *Baliarda, Arg.*
Risedronate sodium (p.1103·3).
Osteoporosis.

Ridron Pack *Baliarda, Arg.*
Risedronate sodium (p.1103·3); calcium carbonate (p.1714·1).
Osteoporosis.

Riduton Ergo *Francia, Ital.*
Carnitine; betacarotene; glutathione; vitamin C; vitamin E (p.1922·1).
Nutritional supplement.

Ridutox *SoSe, Ital.*
Glutathione (p.1448·1).
Drug-induced neuropathy.

Riduvir *Francia, Ital.*
Aciclovir (p.862·3).
Herpesvirus infections.

RidWind *ICM, Singapore.*
Simeticone (p.1770·2).
Flatulence; infant colic.

Rielex *Sanval, Braz.*
Dipyrone (p.49·2); orphenadrine citrate (p.812·1); caffeine (p.1116·3).
Skeletal muscle spasm.

RIF
Note. A similar name is used for preparations of different composition (see below).
Armoxindo, Indon.
Rifampicin (p.325·3).
Leprosy; tuberculosis.

Rif
Note. A similar name is used for preparations of different composition (see above).
Kocak, Turk.
Rifamycin sodium (p.329·2).
Bacterial infections.

Rifa
Note.This name is used for preparations of different composition.
Grunenthal, Ger.
Rifampicin (p.325·3) or rifampicin sodium (p.328·2).
Tuberculosis.

Concept, India.
Rifampicin (p.325·3); isoniazid (p.288·1); vitamin B (p.1979·1).
Tuberculosis.

Rifa E *Concept, India.*
Rifampicin (p.325·3); isoniazid (p.288·1); ethambutol (p.275·2); vitamin B (p.1979·1).
Tuberculosis.

Rifabiotic *Bernofarm, Indon.*
Rifampicin (p.325·3).
Leprosy; tuberculosis.

Rifacilin *Pharmaceutical Co, India.*
Rifampicin (p.325·3).
Tuberculosis.

Rifacin *Prafa, Indon.*
Rifampicin (p.325·3).
Biliary-tract infections; leprosy; meningitis; respiratory infections; tuberculosis.

Rifacol *Vianex (Βιανέξ), Gr.; Formenti, Ital.*
Rifaximin (p.330·1).
Adjuvant in hyperammonaemia; gastrointestinal infections.

Rifacom E-Z *Indoco, India.*
1 Tablet, rifampicin (p.325·3); isoniazid (p.288·1); 2 tablets, pyrazinamide (p.320·2); 1 tablet, ethambutol (p.275·2).
Tuberculosis.

Rifacomb *Ipca, India†; Ipca, Rus.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Pyridoxine (p.1979·1) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Rifacomb Plus *Ipca, India†; Ipca, Rus.*
Isoniazid (p.288·1); rifampicin (p.325·3); pyrazinamide (p.320·2).
Tuberculosis.

Rifadecina *Klonal, Arg.†.*
Rifampicin (p.325·3).
Bacterial infections including tuberculosis.

Rifadin *Aventis, Arg.; Aventis, Austral.; Aventis, Canad.; IFET (ΙΦΕΤ), Gr.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Irl.; Lepetit, Ital.; Aventis, Mex.; Aventis, NZ; Aventis, Neth.; Duncan, Philipp.; Sanofi-Aventis, Port.; Premier, S.Afr.†; Aventis, Swed.; Aventis, Thai.; Aventis, Turk.; Aventis, UK; Hoechst Marion Roussel, USA; Sanofi-Aventis, Venez.*
Rifampicin (p.325·3).
Bacterial infections including leprosy and tuberculosis; bacterial meningitis prophylaxis; treatment of asymptomatic meningococcal carriers.

Rifadine *Sanofi-Aventis, Belg.; Sanofi-Aventis, Fr.*
Rifampicin (p.325·3) or rifampicin sodium (p.328·2).
Bacterial infections including tuberculosis and leprosy; prophylaxis of meningococcal meningitis.

Rifafour *Aventis, S.Afr.; Aventis, Thai.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2); ethambutol (p.275·2).
Tuberculosis.

Rifagen
Note.This name is used for preparations of different composition.
Genepharm, Gr.
Fluconazole (p.532·1).
Fungal infections.

Llorente, Spain†; General Drugs, Thai.
Rifampicin (p.325·3).
Meningitis; mycobacterial infections.

Rifaldin
Sanofi-Aventis, Braz.; Sanofi-Aventis, Chile; IFET (ΙΦΕΤ), Gr.
Rifampicin (p.325·3).
Bacterial infections including leprosy and tuberculosis; meningitis.

Sanofi-Aventis, Spain.
Rifampicin sodium (p.328·2).
Bacterial infections including tuberculosis and meningitis.

Rifam *Siam Bheasach, Thai.*
Rifampicin (p.325·3).
Bacterial infections including tuberculosis and gonorrhoea.

Rifamate *Hoechst Marion Roussel, USA.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

Rifamax *Duncan, Philipp.*
Rifampicin (p.325·3).
Bacterial infections including leprosy and tuberculosis.

Rifamazid *Polfa Tarchomin, Pol.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

Rifamcin *Pond's, Thai.*
Rifampicin (p.325·3).
Tuberculosis.

Rifamed *PannonPharma, Hung.*
Rifampicin (p.325·3).
Brucellosis; leprosy; meningococcal meningitis prophylaxis; tuberculosis.

Rifamor *ICN, Cz.†.*
Rifampicin (p.325·3).
Bacterial infections including tuberculosis and leprosy.

Rifamp *Neo Quimica, Braz.*
Rifampicin (p.325·3).
Meningitis; tuberculosis.

Rifam-P *PP Lab, Thai.†.*
Rifampicin (p.325·3).
Gonorrhoea; leprosy; tuberculosis.

Rifampyzid *Pond's, Thai.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2).
Tuberculosis.

Rifamtibi *Sanbe, Indon.*
Rifampicin (p.325·3).
Leprosy; tuberculosis.

Rifamycin *Biochem, India.*
Rifampicin (p.325·3).
Tuberculosis.

Rifan *Neo Quimica, Braz.*
Rifamycin sodium (p.329·2).

Rifapiam *Piam, Ital.†.*
Rifampicin (p.325·3).
Bacterial infections including tuberculosis.

Rifaprim *Aventis, Arg.; Aventis, Mex.*
Rifampicin (p.325·3); trimethoprim (p.355·2).
Bacterial infections.

Rifasynt *Medochemie, Hong Kong; Medochemie, Malaysia; Medochemie, Thai.†.*
Rifampicin (p.325·3).
Bacterial infections including tuberculosis and leprosy.

Rifater *Aventis, Austria; Aventis, Canad.; Sanofi-Aventis, Fr.; Grunenthal, Ger.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Irl.; Lepetit, Ital.; Aventis, Mex.; Duncan, Philipp.; Sanofi-Aventis, Port.; Aventis, S.Afr.; Sanofi-Aventis, Spain; Aventis, Switz.; Aventis, Thai.; Aventis, UK; Hoechst Marion Roussel, USA.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2).
Tuberculosis.

Rifaxi *LKM, Arg.*
Ritonavir (p.905·1).
HIV infection.

Rifazid *PannonPharma, Hung.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

Rifazida *Pharmacia, Spain†.*
Isoniazid (p.288·1); rifampicin (p.325·3).
Tuberculosis.

Rifcap *Kocak, Turk.*
Rifampicin (p.325·3).
Bacterial infections including leprosy and tuberculosis.

Rifedot *Alacan, Spain†.*
Astemizole (p.567·2).
Hypersensitivity reactions.

Riferina *Bajamed, Mex.*
⊗ Beclometasone (p.1517·2).
Corticosteroid.

Rifex *Winthrop, Port.; Atabay, Turk.*
Rifampicin (p.325·3).
Bacterial infections including leprosy and tuberculosis; Gram-positive bacterial infections; tuberculosis.

Rifinah *Aventis, Arg.; Sanofi-Aventis, Fr.; Grunenthal, Ger.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Irl.; Lepetit, Ital.; Aventis, Mex.; Aventis, NZ; Aventis, Neth.; Duncan, Philipp.; Sanofi-Aventis, Port.; Aventis, S.Afr.; Sanofi-Aventis, Spain; Aventis, Switz.; Aventis, Thai.; Aventis, UK.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

Riflux *Polfarmex, Pol.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rifocin
Aventis, Austria; Lepetit, Ital.
Rifamycin sodium (p.329·2).
Lidocaine hydrochloride (p.1862·3) may be included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Aventis, Turk.
Rifamycin (p.329·3) or rifamycin sodium (p.329·2). Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Rifocina
Aventis, Arg.; Sanofi-Aventis, Port.; Sanofi-Aventis, Venez.
Rifamycin (p.329·3).
Bacterial infections.

Sanofi-Aventis, Braz.
Rifamycin sodium (p.329·2).
Staphylococcal infections.

Rifocine *Sanofi-Aventis, Belg.*
Rifamycin sodium (p.329·2).
Bacterial infections.

Rifocort *Medley, Braz.*
⊗ Rifamycin sodium (p.329·2); prednisolone acetate (p.1541·1).
Skin disorders.

Rifocus *Gerolymatos, Gr.*
Risperidone (p.1024·2).
Psychoses.

Rifocyna *Aventis, Mex.*
Rifamycin sodium (p.329·2).
Impetigo; infected burns and wounds.

Rifoldin *Aventis, Austria.*
Rifampicin (p.325·3).
Asymptomatic Haemophilus influenzae carriers; asymptomatic meningococcal carriers; brucellosis; leprosy; staphylococcal infections; tuberculosis.

Rifoldin INH *Aventis, Austria.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

Rifun *Sanol, Ger.; Schwarz, Ger.*
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rifzin *Pascual, Philipp.*
Capsule, rifampicin (p.325·3); tablet, isoniazid (p.288·1).
Tuberculosis.

Rigenin *Labochem, Cz.*
Risperidone (p.1024·2).
Autism; behaviour disorders; bipolar disorder; psychoses.

Rigentex *Bracco, Ital.*
d-Alpha tocopherol (p.1992·2).
Vitamin E deficiency.

Riges *Pulitzer, Ital.*
Domperidone (p.1726·2).
Gastrointestinal disorders.

Rigesoft *Gedeon Richter, Hung.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Riget *Biolab, Thai.*
21 Tablets, levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3); 7 tablets, inert.
Combined oral contraceptive.

Rigevidon *Gedeon Richter, Hong Kong; Gedeon Richter, Hung.; Gedeon Richter, Malaysia; Medimpex, Neth.; Richter, Philipp.; Richter, Pol.; Gedeon Richter, Rus.; Gedeon Richter, Thai.; Aciprosalud, Venez.*
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3). 28-Day packs also contain 7 inert tablets.
Combined oral contraceptive; menstrual disorders.

Rigix *UCB, Austria.*
Cetirizine hydrochloride (p.570·3).
Hypersensitivity reactions.

Rigmoz *Elvetium, Arg.†.*
Granisetron hydrochloride (p.1733·1).
Nausea and vomiting.

Rigoletten *Chefaro, Neth.*
Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2); magnesium hydroxide (p.1743·2).
Gastric hyperacidity.

Rigoran *Lesvi, Spain.*
Ciprofloxacin hydrochloride (p.243·3) or ciprofloxacin lactate (p.243·3).
Bacterial infections.

Rigotax *Prater, Chile.*
Cetirizine (p.571·1).
Hypersensitivity reactions.

Rigotax-D *Prater, Chile.*
Cetirizine (p.571·1); pseudoephedrine (p.1571·2).

Rihest *Otto, Indon.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; urticaria.

Rikital *Unipharma, Gr.*
Flutamide (p.725·1).
Prostatic cancer.

Rikkunshi-to *Tsumura, Jpn.*
Atractylodes lancea rhizome; ginseng; pinellia tuber; poria sclerotium; jujube; citrus unshiu peel; liquorice; ginger.
Traditional Kampo medicine.

Riklinak *Rivero, Arg.*
Amikacin sulfate (p.200·3).
Bacterial infections.

Rikodeine *3M, Austral.*
Dihydrocodeine tartrate (p.48·1).
Coughs.

Rikoderm *3M, Austral.†.*
Light liquid paraffin (p.2031·1); dewaxed wool fat (p.2033·2).
Dry skin disorders.

Rikospray *3M, Ital.*
Aldioxa (p.1587·2); cetylpyridinium chloride (p.1635·1); terpineol (p.2396·1); dimethicone (p.2032·1).
Barrier preparation; skin disinfection.

Rilace *Sanovel, Turk.*
Lisinopril (p.1325·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Rilace Plus *Sanovel, Turk.*
⊗ Lisinopril (p.1325·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Rilamig *Guidotti, Ital.*
Frovatriptan succinate (p.622·3).
Migraine.

Rilamir *Hexal, Denm.*
Triazolam (p.1033·2).
Insomnia.

Rilan
Note. This name is used for preparations of different composition.
UCI, Braz.†.
Sodium cromoglicate (p.1136·3).
Allergic rhinitis.

Schering-Plough, Venez.
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3).
Allergic respiratory-tract disorders; cold symptoms.

Rilaprost *Guidotti, Ital.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Rilaquin *Microsules, Arg.*
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal motility disorders; nausea and vomiting.

Rilasat *Buxton, Arg.*
Riluzole (p.2379·3).
Amyotrophic lateral sclerosis.

Rilast *Esteve, Spain.*
⊗ Formoterol fumarate (p.1122·1); budesonide (p.1520·1).
Obstructive airways disease.

Rilastil *Dermoteca, Port.†.*
SPF 10: Octinoxate (p.1608·2); avobenzone (p.1589·3); zinc oxide (p.1621·2).
Sunscreen.

Rilastil Anti-Oxidante *Dermoteca, Port.†.*
Fish oil; borage; zinc-enriched yeast; lecithin; glyceryl stearate; selenium-enriched yeast; betacarotene; tocoferil acetate (p.1922·1).
Antioxidant; nutritional supplement.

Rilastil Dermo Solar *Dermoteca, Port.*
Tyrosine (p.1971·1); borage oil (p.2267·3); wheat; betacarotene (p.1930·3); bearberry (p.2263·3); alpha tocopherol (p.1992·2); selenium (p.1961·1).

Rilaten *Guidotti, Ital.*
Rociverine (p.2381·1).
Smooth muscle spasm.

Rilatine *Novartis, Belg.*
⊗ Methylphenidate hydrochloride (p.2159·2).
Attention deficit hyperactivity disorder; narcoleptic syndrome.

Rilcapton *Medochemie, Hong Kong†; Medochemie, Rus.; Medochemie, Singapore.*
Captopril (p.1239·2).
Heart failure; hypertension.

Riledron *Sanofarm, Gr.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Rileptid *Egis, Cz.; Egis, Rus.*
Risperidone (p.1024·2).
Autism; behaviour disorders; bipolar disorder; psychoses.

Rilex *Gry, Ger.*
Tetrazepam (p.1031·1).
Skeletal muscle spasticity; skeletal muscle tension.

Rilfit *Apomedica, Austria.*
Aspirin (p.20·3); paracetamol (p.108·1); salicylamide (p.121·2); caffeine (p.1116·3).
Fever; pain.

Rilies *Novum, Neth.*
Ketoprofen (p.73·1).
Fever; pain.

Rillus *Kalbe, Indon.*
Lactobacillus reuteri (p.2372·3).
Gastrointestinal disorders; immunostimulant.

Rilow *Indeco, Arg.*
Alprazolam (p.960·1).
Anxiety.

Rilox *Pyridam, Indon.*
Ofloxacin (p.310·2).
Bacterial infections.

Rilutek *Aventis, Arg.; Aventis, Austral.; Aventis, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Braz.; Aventis, Canad.; Sanofi-Aventis, Chile; Aventis, Cz.; Aventis, Denm.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Fr.; Aventis, Ger.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Hung.; Sanofi-Aventis, Irl.; Aventis, Israel; Aventis, Ital.; Sanofi-Aventis, Jpn; Aventis, Mex.; Sanofi-Aventis, NZ; Aventis, Neth.; Aventis, Norw.; Aventis, Pol.; Aventis, Port.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Aventis, Swed.; Aventis, Switz.; Aventis, Thai.; Aventis, Turk.; Aventis, UK; Rhone-Poulenc Rorer, USA; Sanofi-Aventis, Venez.*
Riluzole (p.2379·3).
Amyotrophic lateral sclerosis.

Rimacid *Ranbaxy, UK.*
Indometacin (p.66·3).

Rimacillin *Ranbaxy, UK.*
Ampicillin (p.204·1).
Bacterial infections.

Rimactan
Sandoz, Austria; Medika, Switz.
Rifampicin (p.325·3) or rifampicin sodium (p.328·2).
Bacterial infections including tuberculosis and leprosy; prophylaxis of meningococcal meningitis.

Sandoz, Denm.; Sandoz, Fr.; Sandoz, Israel; Sandoz, Mex.; Novartis, Neth.†; Sandoz, Norw.; Normal, Port.; Sandoz, Spain; Sandoz, Swed.; Sandoz, Venez.
Rifampicin (p.325·3).
Bacterial infections including tuberculosis and leprosy; prophylaxis of meningococcal meningitis.

Rimactane
Novartis, Hong Kong; Novartis, India; Sandoz, Indon.; Sandoz, Malaysia; Sandoz, Philipp.; Sandoz, S.Afr.; Biochemie, Singapore†; Sandoz, Thai.; Sandoz, UK; Geneva, USA.
Rifampicin (p.325·3).
Bacterial infections including leprosy and tuberculosis; meningococcal meningitis prophylaxis.

Novartis, Irl.
Rifampicin (p.325·3) or rifampicin sodium (p.328·2).
Meningococcal meningitis; mycobacterial infections.

Rimactazid *Sandoz, Denm.; Sandoz, Fin.; Sandoz, Gr.; Sandoz, Indon.; Swedish Orphan, Irl.; Sandoz, Malaysia; Sandoz, Philipp.; Novartis, Rus.; Sandoz, S.Afr.; Sandoz, Singapore; Sandoz, Spain; Sandoz, Swed.; Sandoz, Thai.; Orphan, UK†; Sandoz, Venez.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Mycobacterial infections.

Rimactazid + Z *Novartis, India.*
1 Tablet, rifampicin (p.325·3); isoniazid (p.288·1); 2 tablets, pyrazinamide (p.320·2).
Tuberculosis.

Rimafen *Ranbaxy, UK.*
Ibuprofen (p.64·2).

Rimafungol *Belmac, Spain†.*
Ciclopirox olamine (p.529·2).
Fungal infections.

Rimagrip *Rimafar, Spain.*
Aspirin (p.20·3); ascorbic acid (p.1983·3); chlorphenamine maleate (p.571·3); kola (p.2416·1).
Cold and influenza symptoms.

Rimanal *Materfarma, Port.*
A heparinoid (p.1305·2); troxerutin (p.2305·1).
Soft-tissue disorders; thrombophlebitis; venous insufficiency.

Rimapam *Ranbaxy, UK.*
Diazepam (p.986·3).

Rimaped *Pediatrica, Philipp.*
Rifampicin (p.325·3).
Meningococcal meningitis prophylaxis; tuberculosis.

Rimapen *Orion, Fin.*
Rifampicin (p.325·3).
Tuberculosis.

Rimapurinol *Ranbaxy, UK.*
Allopurinol (p.552·2).

Rimarex *Sun, India.*
Moclobemide (p.411·1).
Depression; phobias.

Rimastine *Armstrong, Mex.*
Sulpiride (p.1028·3).
Depression; nausea and vomiting; obsessive-compulsive disorder; schizophrenia; vertigo.

Rimatil *Santen, Jpn.*
Bucillamine (p.2270·1).
Rheumatoid arthritis.

Rimcure *Sandoz, Indon.; Sandoz, Malaysia; Sandoz, Philipp.; Sandoz, S.Afr.; Sandoz, Spain; Sandoz, Swed.; Sandoz, Venez.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2).
Mycobacterial infections.

Rimcure 3-FDC *Sandoz, Thai.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2).
Tuberculosis.

Rimecin *Pharmasant, Thai.*
Rifampicin (p.325·3).
Bacterial infections including tuberculosis, leprosy, and gonorrhoea.

Rimecor *Makiz-Pharma, Rus.*
Trimetazidine hydrochloride (p.1419·2).
Angina pectoris; vascular eye disorders; vestibular disorders.

Rimecure 3-FDC *Novartis, Rus.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2).
Tuberculosis.

Rimevax *GSK, Austral.; SmithKline Beecham, Israel†; GSK, Malaysia†; GSK, Mex.; GSK, NZ; GSK, S.Afr.; GSK, Spain; SmithKline Beecham, Switz.†.*
A measles vaccine (Schwarz strain) (p.2221·3).
Active immunisation.

Rimexel *UCB, Ger.*
⊗ Rimexolone (p.1543·2).
Musculoskeletal and joint disorders.

Rimezone *IAE, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Rimidol *UCB, Swed.†.*
⊗ Naphazoline hydrochloride (p.1565·2).
Eye irritation.

Rimifon *Pharmion, Fr.; Labatec, Switz.*
Isoniazid (p.288·1).
Tuberculosis and other mycobacterial infections.

Rimivat *Andromaco, Chile.*
Oseltamivir phosphate (p.900·2).
Influenza.

Rimodar *Anglo-French Drugs, India.*
Sulfadoxine (p.338·1); pyrimethamine (p.610·2).
Malaria.

Rimoxallin *Ranbaxy, UK.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Rimoxol *Rimsa, Mex.†.*
Ambroxol (p.1550·3).
Coughs.

Rimpazid *Cadila, India.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

Rimsalin *Rimsa, Mex.*
Lincomycin hydrochloride (p.293·2).
Bacterial infections.

Rimso *Shire, Canad.; Britannia Pharmaceuticals, UK; Research Industries Corp., USA.*
Dimethyl sulfoxide (p.2022·1).
Interstitial cystitis.

Rimstar
Sandoz, Denm.; Sandoz, Fin.; Sandoz, Philipp.; Sandoz, Spain; Sandoz, Swed.
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2); ethambutol hydrochloride (p.274·1).
Mycobacterial infections.

Sandoz, Indon.; Sandoz, S.Afr.; Sandoz, Thai.
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2); ethambutol (p.275·2).
Mycobacterial infections.

Rimstar 4-FDC *Novartis, Rus.*
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2); ethambutol hydrochloride (p.274·1).
Tuberculosis.

Rimycin *Alphapharm, Austral.*
Rifampicin (p.325·3).
Leprosy; prophylaxis of Haemophilus influenzae type B infection; prophylaxis of meningococcal infection; tuberculosis.

Rin Up *Farma Lepori, Spain†.*
Phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract congestion.

Rinade BID *Econo Med, USA†.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Rinadex Compuesto *Diba, Mex.*
⊗ Dexamethasone sodium phosphate (p.1526·2); xylometazoline hydrochloride (p.1575·1); polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1).
Infected skin disorders; otitis externa.

Rinadine *Pharmaland, Thai.*
Cimetidine (p.1716·2).
Peptic ulcer; Zollinger-Ellison syndrome.

Rinafort *Schering-Plough, Malaysia; Schering-Plough, Singapore.*
Dexbrompheniramine maleate (p.569·2); pseudoephedrine sulfate (p.1571·2).
Upper respiratory-tract congestion.

Rinaid *Medipharm, Chile.*
Desloratadine (p.576·1).
Allergic rhinitis.

Rinalix *Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
⊗ Indapamide (p.1314·1).
Hypertension.

Rinantipiol *Ottolenghi, Ital.†.*
⊗ Silver protein (p.2387·3); resorcinol (p.1612·1); niaouli oil (p.2351·3); adrenaline hydrochloride (p.1203·3); procaine hydrochloride (p.1869·1).
Nasal congestion.

Rinaqua *Farma, Venez.†.*
⊗ Budesonide (p.1520·1).
Nasal polyps; rhinitis.

Rinase *Schering-Plough, Venez.†.*
Loratadine (p.583·3); pseudoephedrine sulfate (p.1571·2).
Allergic rhinitis; cold symptoms.

Rinatec *Boehringer Ingelheim, Irl.; Boehringer Ingelheim, UK.*
Ipratropium bromide (p.1124·1).
Rhinitis; rhinorrhoea.

Rinazina *GSK Consumer, Ital.*
⊗ Naphazoline nitrate (p.1565·2).
Nasal congestion.

Rince Bouche Antiseptique *Atlas, Canad.*
Cetylpyridinium chloride (p.1635·1).

Rindex *Teva, Hung.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Rindobion *Yarindo, Indon.*
Vitamin B ; vitamin B ; vitamin B (p.1922·1).
Vitamin B deficiency.

Rinelon *Malesci, Ital.; Schering-Plough, Mex.; Essex, Philipp.; Schering-Plough, S.Afr.†; Menarini, Spain; Schering-Plough, Thai.†.*
⊗ Mometasone furoate (p.1539·3).
Allergic rhinitis; nasal polyps; sinusitis.

Rinerge *Atral, Port.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Rinex *Triomed, S.Afr.*
Chlorphenamine maleate (p.571·3); phenylpropanolamine hydrochloride (p.1569·3); phenylephrine hydrochloride (p.1568·1).
Allergic rhinitis; cold and influenza symptoms.

Rinexin *Recip, Fin.; Recip, Norw.; Recip, Swed.*
Phenylpropanolamine hydrochloride (p.1569·3).
Rhinitis; urinary incontinence.

Ring N *Mack, Cz.†; Pfizer Consumer, Ger.*
Aspirin (p.20·3); caffeine (p.1116·3); ascorbic acid (p.1983·3).
Cold symptoms; fever; inflammation; pain.

Ringer Lactato Vitulia *Ern, Spain.*
Electrolyte infusion (p.1667·1).
Fluid and electrolyte depletion.

Ringerfundin *Braun, Cz.; Braun, Fin.; Braun, Hung.*
Electrolyte infusion with malic acid (p.1667·1).
Fluid and electrolyte disorders.

Ringersteril *Baxter, Fin.*
Electrolyte infusion with or without glucose (p.1667·1).
Fluid and electrolyte disorders.

Ringeruv *Braun, Cz.*
Electrolyte infusion (p.1667·1).
Fluid and electrolyte disorders.

Ringworm Ointment *Douglas, Austral.*
Tolnaftate (p.548·3).
Ringworm.

Rinialer *Bialfar, Port.; Bial, Spain.*
Rupatadine fumarate (p.590·2).
Allergic rhinitis; urticaria.

Rinicold *Shreya, Rus.*
Paracetamol (p.108·1); caffeine (p.1116·3); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Respiratory-tract disorders.

Rinicold-Broncho *Shreya, Rus.*
Ambroxol hydrochloride (p.1550·3); chlorphenamine maleate (p.571·3); guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1).
Respiratory-tract disorders.

Rinidyl DN *Diba, Mex.*
⊗ Dexamethasone (p.1526·1); phenylephrine (p.1568·1); neomycin (p.305·1).
Formerly contained dexamethasone, polymyxin B, and neomycin.

Rinikind *VSM, Neth.*
Homoeopathic preparation.

Rinil *Recip, Swed.†.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis; allergic rhinitis.

Rinileen *VSM, Neth.*
Homoeopathic preparation.

Rinilyn *Chefaro, Spain†.*
Sodium cromoglicate (p.1136·3).
Hay fever; rhinitis.

Rinisona *Phoenix, Arg.*
⊗ Fluticasone propionate (p.1533·2).
Allergic rhinitis; asthma.

Rinisone *Medley, Braz.*
⊗ Prednisolone sodium phosphate (p.1541·2); ephedrine hydrochloride (p.1558·2); naphazoline nitrate (p.1565·2).
Nasal disorders.

Rinitalmit *Gunsa, Turk.*
⊗ Ephedrine hydrochloride (p.1558·2).
Nasal congestion.

Rinitrin *Svizera, India.*
Cetirizine hydrochloride (p.570·3).
Hypersensitivity reactions.

Rinityn *Hovid, Hong Kong; Hovid, Philipp.; Hovid, Singapore.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; hypersensitivity reactions; urticaria.

Rinizol *Ilsan, Turk.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion.

Rinlaxer *Taisho, Jpn.*
Chlorphenesin carbamate (p.1894·3).
Skeletal muscle spasm.

Rinnova *Pharmacia, Ital.*
Calcium glycerophosphate; colecalciferol; soya isoflavones (p.2391·2) (p.1922·1).
Menopausal disorders.

Rinnovi *Quinnova, USA.*
⊗ Urea (p.1620·2).
Nail disorders.

Rino Calyptol *SIT, Ital.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Rino Clenil *Chiesi, Ital.; Chiesi, Singapore†; Chiesi, Thai.*
⊗ Beclometasone dipropionate (p.1516·2).
Rhinitis.

Rino Dexa *Sanofi-Aventis, Spain.*
⊗ Chlorphenamine maleate (p.571·3); dexamethasone sodium phosphate (p.1526·2); muramidase hydrochloride (p.2348·1); neomycin sulfate (p.305·1).
Rhinitis; rhinopharyngeal infection; sinusitis.

Rino Ebastel *Almirall, Spain.*
Pseudoephedrine hydrochloride (p.1571·2); ebastine (p.579·1).
Allergic rhinitis.

Rino Naftazolina *Bruschettini, Ital.*
⊗ Naphazoline hydrochloride (p.1565·2).
Nasal congestion.

Rino Resfenol *Galenogal, Braz.†.*
⊗ Naphazoline (p.1565·1).
Nasal congestion.

Rino-Azetin *UCI, Braz.†.*
Azelastine hydrochloride (p.568·2).
Hypersensitivity reactions.

Rino-B *Cassara, Arg.*
⊗ Budesonide (p.1520·1).
Laryngitis; pharyngitis; rhinitis.

Rinobactil *CEPA, Spain.*
Ebastine (p.579·1); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Rinobalsamiche *Farmatre, Ital.†; Ramini, Ital.†; Sella, Ital.†.*
Menthol (p.2340·1); niaouli oil (p.2351·3).
Nasal congestion.

Rinobanedif
Note. This name is used for preparations of different composition.
Bago, Chile.
⊗ Bacitracin zinc (p.210·3); neomycin sulfate (p.305·1); xylometazoline hydrochloride (p.1575·1); antazoline phosphate (p.567·1).
Rhinitis; sinusitis.

Bayer, Spain.
⊗ Bacitracin zinc (p.210·3); phenylephrine hydrochloride (p.1568·1); neomycin sulfate (p.305·1); prednisolone (p.1540·3); cineole (p.2282·3); niaouli oil (p.2351·3).
Upper respiratory-tract disorders.

Rinoben *Cazi, Braz.*
Sodium chloride (p.1686·1).
Nasal congestion.

Rinoblanco *Alcon Cusi, Spain.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion.

Rinocidina *Valeas, Ital.*
⊗ Tyrothricin (p.358·2); naphazoline nitrate (p.1565·2).
Rhinitis; sinusitis.

Rinoclenil *Elmor, Venez.†.*
⊗ Beclometasone dipropionate (p.1516·2).
Rhinitis.

Rinocusi Vitaminico *Sanofi-Aventis, Spain.*
Vitamin A (p.1971·2).
Nasal congestion; nasal irritation.

Rinodan *Medipharm, Chile.*
Sodium chloride (p.1686·1).
Nasal congestion; nasal hygiene; rhinitis.

Rinodrina *Farma, Venez.†.*
Terfenadine (p.590·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; cold symptoms; sinusitis.

Rinofilax *Pediapharm, Chile; Recalcine, Chile.*
Desloratadine (p.576·1).
Allergic rhinitis; urticaria.

Rinofilax AG M *Raffo, Arg.*
⊗ Naphazoline (p.1565·1); neomycin (p.305·1).
Nasal congestion.

Rinofluimucil *Zambon, Braz.; Zambon, Hong Kong; Zambon, Hung.; Zambon, Ital.; Zambon, Port.; Zambon, Rus.; Zambon, Switz.; Zambon, Thai.*
⊗ Acetylcysteine (p.1548·2); tuaminoheptane sulfate (p.1575·1).
Formerly contained acetylcysteine, tuaminoheptane sulfate, and fludrocortisone acetate in *Braz.*
Nasal congestion; rhinitis; sinusitis.

Rinofluimucil-S *Zambon, Ger.†.*
⊗ Acetylcysteine (p.1548·2); tuaminoheptane sulfate (p.1575·1).
Rhinitis; sinusitis.

Rinoflumil *Zambon, Spain.*
⊗ Acetylcysteine (p.1548·2); tuaminoheptane sulfate (p.1575·1).
Rhinitis.

Rinoflux *IMA, Braz.*
Sodium chloride (p.1686·1).
Nasal congestion.

Rinofomentil *SIT, Ital.†.*
⊗ Silver protein (p.2387·3); naphazoline nitrate (p.1565·2); niaouli oil (p.2351·3).
Nasal disorders.

Rinofren *Carnot, Mex.*
Chlorphenamine maleate (p.571·3); pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Allergic rhinitis; hay fever; rhinopharyngitis; sinusitis.

Rinofren Pediatrico *Carnot, Mex.*
Chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Cold and influenza symptoms.

Rinofrenal
Note. This name is used for preparations of different composition.
Chefaro, Ital.
Sodium cromoglicate (p.1136·3); chlorphenamine maleate (p.571·3).
Rhinitis.

Sigma-Tau, Spain.
Sodium cromoglicate (p.1136·3).
Hay fever; rhinitis.

Rinofrenal Plus *Sigma-Tau, Spain.*
Chlorphenamine maleate (p.571·3); sodium cromoglicate (p.1136·3).
Hay fever; rhinitis.

Rinofrim *Laboratorios Chile, Chile†.*
Phenylephrine hydrochloride (p.1568·1); phenylpropanolamine hydrochloride (p.1569·3); phenyltoloxamine citrate (p.588·1); carbinoxamine maleate (p.570·2).
Cold and influenza symptoms; otitis media; rhinitis; sinusitis.

Rinogan *Confar, Port.†.*
Chlorphenamine (p.572·2); phenylpropanolamine (p.1569·2); ascorbic acid (p.1983·3).

Rinogel *Cassara, Arg.*
⊗ Sodium cromoglicate (p.1136·3); naphazoline hydrochloride (p.1565·2).
Allergic rhinitis; epistaxis; nasal surgery.

Rinogerol *Brasmedica, Braz.†.*
Neomycin sulfate (p.305·1); bacitracin (p.210·3).

Rinogest *Sanovel, Turk.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Rinoglin *Seber, Port.†.*
Chlorphenamine maleate (p.571·3); sodium cromoglicate (p.1136·3).
Conjunctivitis; eye irritation; rhinitis.

Rinogutt Antiallergico Spray *Boehringer Ingelheim, Ital.*
⊗ Tramazoline hydrochloride (p.1574·3); chlorphenamine maleate (p.571·3).
Allergic rhinitis.

Rinogutt Atlantic *Fher, Ital.*
Glycerol (p.2314·2); copper (p.1935·2).
Nasal cleansing; nasal dryness.

Rinogutt Eucalipto-Fher *Boehringer Ingelheim, Ital.*
⊗ Tramazoline hydrochloride (p.1574·3); cineole (p.2282·3); menthol (p.2340·1); camphor (p.2273·2).
Nasal congestion.

Rinogutt Spray-Fher *Boehringer Ingelheim, Ital.*
⊗ Tramazoline hydrochloride (p.1574·3).
Nasal congestion.

Rinojet *Valeas, Ital.†.*
⊗ Betamethasone (p.1518·2); phenylephrine hydrochloride (p.1568·1).
Rhinitis; rhinopharyngitis; sinusitis.

Rinojet SF *Valeas, Ital.†.*
Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infections of the upper respiratory tract.

Rinokid *D & M, Chile.*
Sodium chloride (p.1686·1).
Nasal congestion; nasal hygiene.

Rinolan *Berman, Mex.*
Phenylephrine (p.1568·1).

Rinolar *Saba, Turk.*
Menthol (p.2340·1); cineole (p.2282·3); niaouli oil (p.2351·3); benzoin tincture (p.2394·2).
Respiratory-tract disorders.

Rinolast *Farma, Venez.*
Fexofenadine hydrochloride (p.579·3).
Upper respiratory-tract allergies.

Rinolast D *Farma, Venez.*
Fexofenadine hydrochloride (p.579·3); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract allergies.

Rino-Lastin *Ache, Braz.*
Azelastine hydrochloride (p.568·2).
Nasal congestion.

Rinolergan *Grunenthal, Chile.*
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2); mepyramine tannate (p.585·2).
Cold symptoms; rhinitis; sinusitis.

Rinolet *Leti, Venez.*
⊗ Budesonide (p.1520·1).

Rinoliber *Tecnimede, Port.*
Cetirizine hydrochloride (p.570·3).

Rinolic *GMP, Indon.*
Allopurinol (p.552·2).
Gout; hyperuricaemia.

Rinomar
Note. This name is used for preparations of different composition.
Janssen-Cilag, Belg.
Pseudoephedrine hydrochloride (p.1571·2).
Formerly contained cinnarizine, phenylpropanolamine hydrochloride, and isopropamide iodide.
Rhinitis.

Recip, Fin.; Recip, Swed.
Cinnarizine (p.573·1); phenylpropanolamine hydrochloride (p.1569·3).
Allergic rhinitis; nasal congestion; vasomotor rhinitis.

Rinomax
Note. This name is used for preparations of different composition.
Ern, Spain.
Carbinoxamine maleate (p.570·2); pseudoephedrine (p.1571·2).
Nasal congestion.

Oftalmi, Venez.
Kanamycin sulfate (p.291·2); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1).
Allergic rhinitis with infection.

Rinomex *Pediapharm, Chile.*
Loratadine (p.583·3); pseudoephedrine sulfate (p.1571·2).
Cold symptoms; otitis media; rhinitis; sinusitis.

Rinomicine
Note. This name is used for preparations of different composition.
Fardi, Spain.
Oral sachets: Ascorbic acid (p.1983·3); caffeine (p.1116·3); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1); salicylamide (p.121·2).
Influenza and cold symptoms; nasal congestion.

Fardi, Spain.
Tablets: Caffeine (p.1116·3); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1); salicylamide (p.121·2).
Influenza and cold symptoms; nasal congestion.

Rinomicine Activada *Fardi, Spain.*
Caffeine (p.1116·3); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1); salicylamide (p.121·2).
Influenza and cold symptoms; nasal congestion.

Rinopaidolo *Deca, Ital.*
Niaouli oil (p.2351·3); eucalyptus oil (p.2301·2).
Nasal congestion.

Rinopanteina *DMG, Ital.*
Dexpanthenol (p.2362·1); vitamin A (p.1971·2).
Nasal hygiene.

Rinoparin *Pasteur, Chile†.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Cold symptoms.

Rino-Ped *Stiefel, Braz.†.*
Sodium chloride (p.1686·1).
Nasal congestion.

Rinoretard *Pfizer Consumer, Spain†.*
Carbinoxamine (p.570·2); phenylpropanolamine (p.1569·2).
Nasal congestion.

Rinorix *Boehringer Ingelheim, Austria.*
⊗ Tramazoline hydrochloride (p.1574·3).
Rhinitis.

Rinos-A *Farmasa, Braz.*
⊗ Naphazoline hydrochloride (p.1565·2).
Nasal congestion.

Rinosbon *Eversil, Braz.†.*
⊗ Dexamethasone (p.1526·1); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Nasal disorders.

Rinosedin *Streuli, Switz.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Adjunct in rhinoscopy; cold symptoms; otitis media; sinus disorders.

Rinosite *Sanval, Braz.†.*
⊗ Naphazoline hydrochloride (p.1565·2); diphenhydramine hydrochloride (p.577·2); neomycin sulfate (p.305·1).
Nasal congestion.

Rinosol *Cassara, Arg.; Biospray, Gr.*
⊗ Beclometasone dipropionate (p.1516·2).
Allergic rhinitis; asthma.

Rinosone *Faes, Spain.*
⊗ Fluticasone propionate (p.1533·2).
Nasal polyps; rhinitis.

Rinosoro *Farmasa, Braz.*
Sodium chloride (p.1686·1).
Nasal congestion.

Rinostat *RPG, India.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms.

Rinoster *Zwitter, Gr.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis.

Rinosteryl *Mintlab, Chile.*
Sodium chloride (p.1686·1).
Nasal congestion.

Rinostil *Deca, Ital.*
Eucalyptus oil (p.2301·2); camphor (p.2273·2); thymol (p.1664·3); menthol (p.2340·1).
Rhinopharyngeal congestion.

Rinot *Arex, Venez.*
Paracetamol (p.108·1); caffeine (p.1116·3); chlorphenamine maleate (p.571·3).
Cold symptoms.

Rinotil *Brasmedica, Braz.†.*
Sodium chloride (p.1686·1); benzalkonium chloride (p.1629·1).
Nasal congestion.

Rinotirfen *Megat, Venez.†.*
Terfenadine (p.590·3); pseudoephedrine hydrochloride (p.1571·2).

Rinotricina *SIT, Ital.*
Tyrothricin (p.358·2).
Rhinitis; sinusitis.

Rinovagos *Valeas, Ital.*
Ipratropium bromide (p.1124·1).
Rhinitis.

Rinoval *Saval, Chile†.*
⊗ Mometasone furoate (p.1539·3).
Rhinitis.

Rinovel *Ern, Spain.*
⊗ Naphazoline nitrate (p.1565·2); neomycin sulfate (p.305·1); prednisolone (p.1540·3).
Congestion and infection of the nose and ear.

Rinoven *Medipharm, Chile.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Allergic rhinitis; upper respiratory-tract congestion.

Rinoven Compuesto *Medipharm, Chile.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Bronchitis; cold and influenza symptoms; otitis; rhinitis; sinusitis.

Rinovit *SIT, Ital.*
⊗ Ephedrine (p.1558·1); cineole (p.2282·3); niaouli oil (p.2351·3).
Nasal congestion.

Rinovitex *Alcon Cusi, Spain.*
Vitamin A acetate (p.1973·1).
Nasal irritation.

Rinowash *Markos-Mefar, Ital.*
Sodium chloride (p.1686·1).
Nasal cleansing.

Rinox VX *Vannier, Arg.*
⊗ Oxymetazoline (p.1567·2).
Nasal congestion.

Rins-Aqua *Teva, Hung.*
Water for injections (p.2414·3).

Rins-Ringer *Teva, Hung.*
Electrolyte infusion (p.1667·1).
Fluid and electrolyte disorders.

Rins-Sal *Teva, Hung.*
Sodium chloride infusion (p.1686·1).

Rinstead
Note. This name is used for preparations of different composition.
Schering-Plough, UK.
Sugar-free pastilles: Menthol (p.2340·1); cetylpyridinium chloride (p.1635·1).
Denture irritation; mouth ulcers.
Schering-Plough, UK.
Topical gel: Benzocaine (p.1854·1); chloroxylenol (p.1640·2).
Mouth pain; mouth ulcers.

Rinstead Teething Gel *Schering-Plough, UK†.*
Lidocaine (p.1862·3); cetylpyridinium chloride (p.1635·1).
Mouth ulcers; teething pain.

Rintac *Pharmaniaga, Malaysia†; Raza, Malaysia†.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rinvox *Yarindo, Indon.*
Levofloxacin (p.292·2).
Bacterial infections.

Rinxofay *Umeda, Thai.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Rinza *Unique, Rus.*
Paracetamol (p.108·1); caffeine (p.1116·3); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Allergic disorders of the upper respiratory tract; rhinitis; sinusitis.

Rinza Lorsept *Unique, Rus.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3).

Rinzasip *Unique, Rus.*
Paracetamol (p.108·1); caffeine (p.1116·3); pheniramine maleate (p.587·3); phenylephrine hydrochloride (p.1568·1).
Respiratory-tract disorders.

Riodine *Orion, NZ.*
Povidone-iodine (p.1659·2).
Skin and wound disinfection; skin infections.

Riomet *Ranbaxy, Malaysia; Ranbaxy, USA.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Rionit *Buxton, Arg.*
Zoledronic acid (p.1106·1).
Bone metastases; osteoporosis; Paget's disease of bone.

Riopan
Note. This name is used for preparations of different composition.
Altana, Arg.; Altana, Austria; Altana, Belg.; Nycomed, Braz.; Madaus, Fr.; Altana, Ger.; Nycomed, Gr.; Altana, Ital.; Altana, Port.; Altana, Switz.; Whitehall, USA.
Magaldrate (p.1742·3).
Antacid; dyspepsia; gastric hyperacidity; gastritis; gastro-oesophageal reflux; gastrointestinal motility disorders; oesophagitis; peptic ulcer.
Altana, Mex.
Magaldrate (p.1742·3); dimeticone (p.1770·2).
Gastrointestinal disorders associated with hyperacidity.

Riopan Plus *Nycomed, Braz.; Whitehall, USA.*
Magaldrate (p.1742·3); dimeticone (p.1770·2).
Dyspepsia; gastrointestinal disorders.

Riopone *Akromed, S.Afr.*
Magaldrate (p.1742·3).
Gastric hyperacidity.

Riostatin *Adcock Ingram, S.Afr.*
Tetracycline hydrochloride (p.347·2); nystatin (p.543·2); vitamin B substances (p.1922·1); ascorbic acid.
Bacterial infections.

Riotane *Orion, NZ.*
Chlorhexidine gluconate (p.1635·3).
Skin, wound, and instrument disinfection.

Rioven *Novartis, Gr.†.*
Diosmin (p.2304·2).
Capillary disorders.

Rioworm *Adcock Ingram, S.Afr.*
Mebendazole (p.148·3).
Worm infections.

Ripedon *EGIS, Hung.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; dementia; schizophrenia.

Ripepral *Verisfield, Gr.*
Risperidone (p.1024·2).
Psychoses.

Ripetomar *Labochem, Cz.*
Risperidone (p.1024·2).
Autism; behaviour disorders; bipolar disorder; psychoses.

Riphenidate *Technilab, Canad.†.*
⊗ Methylphenidate hydrochloride (p.2159·2).

Ripix *Novartis, Gr.†; Novartis, Ital.; Novartis, Switz.*
⊗ Metipranolol (p.1883·2); pilocarpine hydrochloride (p.1884·3).
Glaucoma; ocular hypertension.

Ripol *Laboratorios Chile, Chile.*
Sildenafil (p.2195·1).
Erectile dysfunction.

Riposon *Vianex (Βιανεξ), Gr.*
Tibezonium iodide (p.2402·1).
Mouth infections.

Ripox *Biomep, Mex.*
Piroxicam (p.117·3).

Ripped Max *Empresa de Nutricion, Arg.*
Chromium tripicolinate (p.1934·3).
Dietary supplement.

Riprazo *Novartis, Cz.; Novartis, Port.*
Aliskiren (p.1207·1).
Hypertension.

Riprocin *IAE, Philipp.*
Rifampicin (p.325·3).
Leprosy; meningococcal meningitis prophylaxis; tuberculosis.

Riptam *Asofarma, Mex.*
Oxaliplatin (p.757·3).
Malignant neoplasms.

Risatarun *Ravensberg, Ger.*
⊗ Deanol aceglumate (p.2152·3).
Nervous system disorders.

Rischiaril *Piam, Ital.†.*
⊗ Deanol hemisuccinate (p.2152·3).
Mental function impairment.

Risdonal *Alkaloid, Rus.*
Risperidone (p.1024·2).
Behavioural disturbances; bipolar disorder; psychoses.

Risedon *Buxton, Arg.*
Risedronate sodium (p.1103·3).
Osteoporosis; Paget's disease of bone.

Risedross *Sigma, Braz.*
Risedronate sodium (p.1103·3).
Osteoporosis.

Risek *Getz, Philipp.; Julphar, UAE.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Riselle *Organon, Braz.; Organon, Cz.*
Estradiol (p.2097·2).
Menopausal disorders; oestrogen deficiency; osteoporosis.

Risenar *Minerva (Μινερβα), Gr.*
Risperidone (p.1024·2).
Psychoses.

Risendros *Zentiva, Cz.*
Risedronate sodium (p.1103·3).
Osteoporosis.

Risepro *Valeant, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; schizophrenia.

Risfarmal *Farmalider, Spain.*
Risperidone (p.1024·2).
Autism; dementia; psychoses.

Risgal *Galenus, Gr.*
Risperidone (p.1024·2).
Psychoses.

Risicordin *Heumann, Ger.†.*
⊗ Spironolactone (p.1400·1); hydrochlorothiazide (p.1307·3).
Ascites; hyperaldosteronism; hypertension; liver cirrhosis; oedema.

Risidon *Merck, Port.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Risidral *Pharmanel, Gr.*
Risperidone (p.1024·2).
Psychoses.

Risina *Tempo Scan Pacific, Indon.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Risnia *Cipla, India.*
Risperidone (p.1024·2).
Schizophrenia.

Risocalm *Medifive, Thai.*
Tolperisone hydrochloride (p.1899·3).
Skeletal muscle spasm.

Risofos *Cipla, India.*
Risedronate sodium (p.1103·3).
Osteoporosis.

Risolid *Alpharma, Denm.; Alpharma, Fin.*
Chlordiazepoxide (p.968·1).
Alcohol withdrawal syndrome; anxiety; insomnia; muscle spasm.

Risoniac *Klonal, Arg.†.*
Isoniazid (p.288·1); rifampicin (p.325·3).
Tuberculosis.

Risopent *Boehringer Ingelheim, Venez.*
⊗ Clenbuterol hydrochloride (p.1120·1).
Obstructive airways disease.

Risordan
Note. This name is used for preparations of different composition.
Elvetium, Arg.†.
Vitamin E acetate (p.1992·3).
Vitamin E deficiency.
Sanofi-Aventis, Fr.
Isosorbide dinitrate (p.1317·3).
Angina pectoris; heart failure; pulmonary oedema.

Rispadim *Labochem, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses.

Rispalm *Polychronus, Gr.*
Risperidone (p.1024·2).
Psychoses.

Rispedep *Labochem, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses.

Rispedolet *Labochem, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses.

Rispedospes *Labochem, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses.

Rispefar *Specifar, Gr.*
Risperidone (p.1024·2).
Psychoses.

Rispemar *Labochem, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses.

Rispen *Zentiva, Cz.; Zentiva, Pol.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses; schizophrenia.

Risper *Bouzen, Arg.*
Risperidone (p.1024·2).
Psychoses.

Rispera *Ingers, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses.

Risperascol *Alet, Gr.*
Risperidone (p.1024·2).
Psychoses.

Risperatio *Ratiopharm, Pol.*
Risperidone (p.1024·2).
Schizophrenia.

Risperdal *Janssen-Cilag, Arg.; Janssen-Cilag, Austral.; Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Ortho, Canad.; Janssen-Cilag, Chile; Janssen-Cilag, Cz.; Janssen-Cilag, Denm.; Janssen-Cilag, Fin.; Janssen-Cilag, Fr.; Organon, Fr.; Janssen-Cilag, Ger.; Janssen-Cilag, Gr.; Janssen, Hong Kong; Janssen-Cilag, Hung.; Ethnor, India; Alkermes, Indon.; Janssen-Cilag, Indon.; Janssen-Cilag, Irl.; Janssen-Cilag, Israel; Janssen-Cilag, Ital.; Janssen, Jpn; Janssen-Cilag, Malaysia; Janssen-Cilag, Mex.; Janssen-Cilag, NZ; Janssen-Cilag, Neth.; Janssen-Cilag, Norw.; Janssen, Philipp.; Janssen, Port.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Singapore; Janssen-Cilag, Spain; Janssen-Cilag, Swed.; Janssen-Cilag, Switz.; Janssen-Cilag, Thai.; Janssen-Cilag, Turk.; Janssen-Cilag, UK; Janssen, USA; Janssen-Cilag, Venez.*
Risperidone (p.1024·2).
Autism; behaviour disorders; bipolar disorder; mania; psychoses; schizophrenia.

Risperid *Roemmers, Venez.*
Risperidone (p.1024·2).
Psychoses.

Risperin *Gador, Arg.*
Risperidone (p.1024·2).
Psychoses.

Risperinin *Labochem, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses.

Risperit *Labochem, Cz.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses.

Risperiwin *Winthrop, Pol.*
Risperidone (p.1024·2).
Schizophrenia.

Risperom *Alvia (Αλβια), Gr.*
Risperidone (p.1024·2).
Psychoses.

Risperon *Lek-Am, Pol.*
Risperidone (p.1024·2).
Bipolar disorder; schizophrenia.

Risperoprol *Proel, Gr.*
Risperidone (p.1024·2).
Psychoses.

Rispex *Vannier, Arg.*
Risperidone (p.1024·2).
Psychoses.

Rispid *Panacea, India†.*
Risperidone (p.1024·2).
Psychoses.

Rispimed *Regiomedica, Cz.; Regiomedica, Neth.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; schizophrenia.

Rispimedica *Regiomedica, Neth.*
Risperidone (p.1024·2).
Schizophrenia.

Rispogen *Genepharm, Gr.*
Risperidone (p.1024·2).
Psychoses.

Rispolept *Janssen-Cilag, Pol.; Janssen, Rus.*
Risperidone (p.1024·2).
Autism; behaviour disorders; bipolar disorder; psychoses; schizophrenia.

Rispolin *Janssen-Cilag, Austria.*
Risperidone (p.1024·2).
Psychoses.

Rispolux *Sandoz, Cz.; Sandoz, Hung.; Sandoz, Pol.*
Risperidone (p.1024·2).
Aggressive behaviour in dementia; schizophrenia.

Rispons *Actavis, Hung.*
Risperidone (p.1024·2).
Schizophrenia.

Risset *Pliva, Cz.; Farmacom, Pol.; Pliva, Rus.*
Risperidone (p.1024·2).
Behaviour disorders; bipolar disorder; psychoses; schizophrenia.

Risthal *Pasteur, Chile†.*
Aluminium hydroxide (p.1706·2).
Antacid.

Risto *Medicine Products, Thai.*
⊗ Triamcinolone acetonide (p.1544·3).
Skin disorders.

Ristolzit *Leovan, Gr.*
Nimesulide (p.95·3).
Inflammation; musculoskeletal disorders; pain.

Ristotadin *Leovan, Gr.*
Loratadine (p.583·3).

Ritalin *Novartis, Austral.; Novartis, Austria; Novartis, Canad.; Novartis, Chile; Novartis, Cz.; Novartis, Denm.; Novartis, Ger.; Novartis, Hong Kong; Novartis, Hung.; Phoenix, Hung.; Novartis, Indon.; Novartis, Irl.; Novartis, Israel; Novartis, Malaysia; Novartis, Mex.; Novartis, NZ; Novartis, Neth.; Novartis, Norw.; Novartis, S.Afr.; Novartis, Singapore; Novartis, Swed.; Novartis, Turk.; Novartis, UK; Novartis, USA; Novartis, Venez.*
⊗ Methylphenidate hydrochloride (p.2159·2).
Attention-deficit hyperactivity disorder; narcoleptic syndrome.

Ritalina *Novartis, Arg.; Novartis, Braz.; Novartis, Port.*
⊗ Methylphenidate hydrochloride (p.2159·2).
Attention-deficit hyperactivity disorder; narcoleptic syndrome.

Ritaline *Novartis, Fr.; IFET (ΙΦΕΤ), Gr.; Novartis, Switz.*
⊗ Methylphenidate hydrochloride (p.2159·2).
Attention-deficit hyperactivity disorder; narcoleptic syndrome.

Ritalmex *Valeant, Hung.*
Mexiletine hydrochloride (p.1339·2).
Arrhythmias.

Ritamine *Demo, Gr.*
Nimesulide (p.95·3).
Inflammation; musculoskeletal disorders; pain.

Ritaphen *Triomed, S.Afr.†.*
⊗ Methylphenidate hydrochloride (p.2159·2).
Attention-deficit hyperactivity disorder; narcoleptic syndrome.

Riteban *Centrum, Spain†.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Ritechol *Niche, Irl.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Rite-Diet *SHS, Fr.†; Scientific Hospital Supplies, Irl.; Nutricia Dietary, UK.*
Low-protein, gluten-free food for special diets (p.1922·1).
Gluten sensitivity; liver disorders; phenylketonuria; renal failure.

Rithmik *Arrow, Austral.*
Amiodarone hydrochloride (p.1210·2).
Arrhythmias.

Rithroprol *Proel, Gr.*
Clarithromycin (p.248·2).
Bacterial infections.

Ritin *Eczacibasi, Turk.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Rition *Piam, Ital.*
Glutathione sodium (p.1448·1).
Cisplatin-type drug-induced neuropathy.

Ritmenal *Sanitas, Chile.*
Gabapentin (p.482·3).
Epilepsy; neuropathic pain.

Ritmetol *ICN, Hung.†.*
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Ritmilan *Biogalenic, Venez.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Ritmocardyl *Sanofi Synthelabo, Arg.; Bago, Chile.*
Amiodarone hydrochloride (p.1210·2).
Angina pectoris; arrhythmias.

Ritmocit *Asofarma, Arg.†.*
Diltiazem (p.1267·1).
Angina pectoris; hypertension.

Ritmocor
Note. This name is used for preparations of different composition.
Drugtech, Chile.
Propafenone hydrochloride (p.1379·2).
Arrhythmias.
Malesci, Ital.
Quinidine polygalacturonate (p.1383·2).
Arrhythmias.

Ritmodan IFET (ΙΦΕΤ), Gr.†; Aventis, Port.†.
Disopyramide phosphate (p.1269·2).
Arrhythmias.

Sanofi-Aventis, Ital.
Disopyramide (p.1269·1) or disopyramide phosphate (p.1269·2).
Arrhythmias.

Ritmoforine Aventis, Neth.
Disopyramide phosphate (p.1269·2).
Arrhythmias.

Ritmogel Terapeutico, Ital.
Royal jelly (p.2382·1).
Nutritional supplement.

Ritmolol Cryopharma, Mex.
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; heart failure; hypertension; hyperthyroidism; migraine; myocardial infarction.

Ritmonorm Abbott, Braz.
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Ritmopuls Belupo, Cz.
Amiodarone hydrochloride (p.1210·2).
Arrhythmias.

Ritomax-L Alkem, India.
Lopinavir (p.896·3); ritonavir (p.905·1).
HIV infection.

Ritomune Cipla, India.
Ritonavir (p.905·1).
HIV infection.

Ritopar Elea, Arg.; Agis, Israel.
⊗ Ritodrine hydrochloride (p.2017·2).
Fetal distress during labour; premature labour; uterine relaxation.

Ritosin Biofarma, Turk.
Roxithromycin (p.331·1).
Bacterial infections.

Ritovir Cristalia, Braz.†.
Ritonavir (p.905·1).
HIV infection.

Ritran Biosynthesis, Gr.
Clarithromycin (p.248·2).
Bacterial infections.

Ritraz Rivero, Arg.
Trace element preparation (p.1922·1).

Ritro Benedetti, Ital.
Flurithromycin ethyl succinate (p.278·1).
Bacterial infections.

Ritrocel Silesia, Chile.
⊗ Methylphenidate hydrochloride (p.2159·2).
Attention-deficit hyperactivity disorder; narcoleptic syndrome.

Ritromine Hexa, Arg.
Norfloxacin (p.309·2).
Bacterial infections.

Ritroprim Klonal, Arg.†.
Rifampicin (p.325·3); trimethoprim (p.355·2).
Bacterial infections.

Rituxan Roche, Canad.; Chugai, Jpn; Genentech, USA; IDEC, USA.
Rituximab (p.767·1).
Non-Hodgkin's lymphoma; rheumatoid arthritis.

Ritvir Rontag, Arg.
Nevirapine (p.899·1).
HIV infection.

Rityne Osoth, Thai.
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders.

Riuclonaz Medipharma, Arg.
Clonazepam (p.478·2).

Riva Intermed, Gr.
Betahistine hydrochloride (p.2265·1).
Vertigo.

Riva D Riva, Canad.
Colecalciferol (p.1986·2).

Rivacefin Rivero, Arg.
Ceftriaxone (p.238·1).
Bacterial infections.

Rivacor Lannacher, Austria.
⊗ Bisoprolol fumarate (p.1234·1).
Angina pectoris; hypertension.

Rivacor Plus Lannacher, Austria.
⊗ Bisoprolol fumarate (p.1234·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Rivanase Riva, Canad.
⊗ Beclometasone dipropionate (p.1516·2).
Corticosteroid.

Rivanol Chinosolfabrik, Ger.; Prolab, Pol.; Sifa, Turk.
Ethacridine lactate (p.1625·1).
Antiseptic; bacterial infections of skin and mucous membranes; burns; skin disinfection; ulcers; wounds.

Rivanolum ICN, Pol.
Ethacridine lactate (p.1625·1).
Bacterial infections of skin and mucous membranes; burns; wounds.

Rivasa Riva, Canad.
Aspirin (p.20·3).

Rivasol Riva, Canad.
Zinc sulfate (p.1999·2).
Anorectal disorders.

Rivasol HC Riva, Canad.
⊗ Zinc sulfate (p.1999·2); hydrocortisone acetate (p.1535·2).
Anorectal disorders.

Rivatril Roche, Fin.
Clonazepam (p.478·2).
Epilepsy.

Rivazol Loeffler, Mex.
Albendazole (p.139·2).
Worm infections.

Rivecrum Rivero, Arg.
Vecuronium bromide (p.1913·1).
Competitive neuromuscular blocker.

Rivel Emo-Farm, Pol.
Ethacridine lactate (p.1625·1).
Disinfection of skin and mucous membranes; wounds.

Riveparin
Rivero, Arg.
Heparin (p.1301·2).
Anticoagulant.

Lapreven, Venez.
Heparin sodium (p.1301·2).
Thromboembolic disorders.

Rivepime Rivero, Arg.
Cefepime hydrochloride (p.223·3).
Bacterial infections.

Rivervan Rivero, Arg.
Vancomycin hydrochloride (p.358·3).
Bacterial infections.

Rivescal Tar Sifarma, Ital.
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Seborrhoeic dermatitis.

Rivescal ZPT Sifarma, Ital.
Pyrithione zinc (p.1611·2).
Seborrhoeic dermatitis.

Rivial Rivero, Arg.
Multivitamin preparation for infusion (p.1922·1).

Rivilina Rivero, Arg.
Aprotinin (p.1055·1).

Rivistel Delagrange, Port.†.
Alpiropride (p.618·2).
Migraine.

Rivitin BC Lannacher, Austria.
Vitamin B substances and vitamin C (p.1922·1).

Rivocor ProMed, Cz.
⊗ Bisoprolol fumarate (p.1234·1).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Rivodaron ProMed, Cz.
Amiodarone hydrochloride (p.1210·2).
Arrhythmias.

Rivodarone Rivopharm, Switz.†.
Amiodarone hydrochloride (p.1210·2).
Arrhythmias.

Rivodol Rivopharm, Switz.†.
Paracetamol (p.108·1).
Fever; pain.

Rivoltan Krewel, Ger.
Devil's claw root (p.39·1).
Degenerative joint disorders.

Rivotril Roche, Arg.; Roche, Austral.; Roche, Austria; Roche, Belg.; Roche, Braz.; Roche, Canad.; Roche, Cz.; Roche, Denm.; Roche, Fr.; Roche, Ger.; IFET (ΙΦΕΤ), Gr.; Roche, Gr.; Roche, Hong Kong; Roche, Hung.; Roche, Indon.; Roche, Irl.; Roche, Israel; Roche, Ital.; Roche, Malaysia; Roche, Mex.; Roche, NZ; Roche, Neth.; Roche, Norw.; Roche, Philipp.; Roche, Pol.; Roche, Port.; Roche, S.Afr.; Roche, Spain; Roche, Switz.; Roche, Thai.; Roche, Turk.; Roche, UK; Roche, Venez.
Clonazepam (p.478·2).
Anxiety; epilepsy; obsessive-compulsive disorder; panic disorder; status epilepticus; trigeminal neuralgia.

Rivozol Rivopharm, Switz.†.
Metronidazole (p.837·1) or metronidazole benzoate (p.837·1).
Anaerobic bacterial infections; protozoal infections.

Rivuclin SIFFRA, Ital.
Vitamins (p.1922·1); lactoferrin (p.2330·1); *Lactobacillus paracasei* (p.2372·3); myrtillus (p.2349·3).
Urinary-tract infections.

Riwa Franzbranntwein Gerlach, Ger.
⊗ Camphor (p.2273·2); alcohol (p.1625·2).
Musculoskeletal, joint, and soft-tissue disorders; poor circulation.

α-Rix GSK, Belg.
An influenza vaccine (split virion) (p.2218·2).
Active immunisation.

Rixapen Menarini, Belg.
Clometocillin potassium (p.255·3).
Bacterial infections.

Rixil Bracco, Ital.
Valsartan (p.1420·2).
Hypertension.

Rixtal Biomep, Mex.
Itraconazole (p.536·3).
Fungal infections.

Rizaben Kissei, Jpn.
Tranilast (p.1149·2).
Allergic conjunctivitis; allergic rhinitis; asthma; atopic eczema; keloids.

Rizact Cipla, India.
Rizatriptan benzoate (p.625·1).
Migraine.

Rizalief MSD, Austria.
Rizatriptan benzoate (p.625·1).
Migraine.

Rizaliv Neopharmed, Ital.
Rizatriptan benzoate (p.625·1).
Migraine.

Rizalt MSD, Israel.
Rizatriptan (p.625·1).
Migraine.

Rizan Novartis, Spain.
Pimecrolimus (p.1609·1).
Atopic eczema.

Rizatan MSD, Neth.
Rizatriptan benzoate (p.625·1).
Migraine.

Rize Silesia, Chile; Mitsubishi, Jpn.
Clotiazepam (p.980·3).
Alcohol withdrawal symptoms; anxiety; autonomic disorders; premedication; sleep disorders.

Rizen Formenti, Ital.
Clotiazepam (p.980·3).
Anxiety disorders; sleep disorders.

Rizodal Guardian, Indon.
Risperidone (p.1024·2).
Psychoses.

Rizonax Novell, Indon.
Eperisone hydrochloride (p.1897·1).
Skeletal muscle spasm.

R-Loc Cadila, India.
Ranitidine (p.1766·1) or ranitidine hydrochloride (p.1766·1).
Dyspepsia; gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

RMS
Note. This name is used for preparations of different composition.
Asconex, Ger.†.
Lactic acid (p.2329·3).
Skin disorders.

Upsher-Smith, USA.
⊗ Morphine sulfate (p.86·3).
Pain.

RN13 Regeneresen Dyckerhoff, Ger.
Ribonucleic acid (p.2379·1).
Tonic.

Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Robanul Richmond, Arg.
Epirubicin (p.716·2).
Malignant neoplasms.

RoBathol Pharmaceutical Specialties, USA.
Emollient.

Robax Platinum Wyeth Consumer, Canad.
Methocarbamol (p.1897·3); ibuprofen (p.64·2).
Painful skeletal muscle spasm.

Robaxacet Wyeth Consumer, Canad.
Methocarbamol (p.1897·3); paracetamol (p.108·1).
Musculoskeletal, peri-articular, and soft-tissue pain.

Robaxacet-8 Wyeth Consumer, Canad.
Methocarbamol (p.1897·3); paracetamol (p.108·1); codeine phosphate (p.37·2).
Musculoskeletal, peri-articular and soft-tissue pain.

Robaxifen Wyeth Consumer, Mex.; Wyeth, Venez.
Methocarbamol (p.1897·3); paracetamol (p.108·1).
Musculoskeletal pain.

Robaxin Wyeth Consumer, Canad.; Robins, Hong Kong†; Pharmacare, S.Afr.; Faes, Spain; Whitehall, Thai.†; Shire, UK; Schwarz, USA; Wyeth-Ayerst, USA.
Methocarbamol (p.1897·3).
Musculoskeletal pain; skeletal muscle spasm.

Robaxisal Wyeth Consumer, Canad.; Wyeth Consumer, Mex.; Pharmacare, S.Afr.; Ipsen, Spain†; Wyeth, Venez.
Methocarbamol (p.1897·3); aspirin (p.20·3).
Musculoskeletal, peri-articular and soft-tissue pain; painful skeletal muscle spasm.

Robaxisal Compuesto Ipsen, Spain.
Methocarbamol (p.1897·3); paracetamol (p.108·1).
Musculoskeletal pain.

Robaxisal-C Wyeth Consumer, Canad.
Methocarbamol (p.1897·3); aspirin (p.20·3); codeine phosphate (p.37·2).
Musculoskeletal, peri-articular and soft-tissue pain.

Robaz Lavipharm, Gr.; Galderma, Philipp.; Galderma, Thai.
Metronidazole (p.837·1).
Rosacea.

Robencaxil IQFA, Mex.
Procaine benzylpenicillin (p.319·2); benzylpenicillin (p.213·1).
Bacterial infections.

Vitamin B substances (p.1922·1).
Dietary supplement.

Robimycin Robitabs Robins, USA.
Erythromycin (p.269·2).
Bacterial infections.

Robinax Khandelwal, India.
Methocarbamol (p.1897·3).
Skeletal muscle spasm.

Robinaxol Khandelwal, India.
Methocarbamol (p.1897·3); paracetamol (p.108·1).
Skeletal muscle spasm.

Robinia Med Complex Dynamit, Austria.
Homoeopathic preparation.

Robinul
Sigma, Austral.; Torrex, Austria; Eumedica, Belg.; Meda, Denm.; Meda, Fin.; Riemser, Ger.; Robins, Hong Kong†; Healthcare Logistics, NZ; Meda, Norw.; Aspen, S.Afr.; Meda, Swed.; Horizon, USA.
Glycopyrronium bromide (p.2315·3).
Management of cardiac vagal reflexes; peptic ulcer; premedication; protection against muscarinic effects of anticholinesterases used to reverse neuromuscular blockade.

Anpharm, UK.
Injection: Glycopyrronium bromide (p.2315·3).
Intra-operative management of cardiac vagal reflexes; premedication; protection against muscarinic effects of anticholinesterases used to reverse neuromuscular blockade.

Anpharm, UK.
Powder for topical solution: Glycopyrronium bromide (p.2315·3).
Hyperhidrosis.

Robinul-Neostigmin Meda, Denm.; Meda, Fin.; Meda, Norw.; Meda, Swed.
Neostigmine metilsulfate (p.631·3).
Glycopyrronium bromide (p.2315·3) is included in this preparation to protect against the muscarinic actions.
Reversal of competitive neuromuscular blockade.

Robinul-Neostigmine Eumedica, Belg.; Sintetica, Switz.; Anpharm, UK.
Neostigmine metilsulfate (p.631·3).
Glycopyrronium bromide (p.2315·3) is included in this preparation to protect against the muscarinic actions.
Reversal of competitive neuromuscular blockade.

Robitessin Wyeth, Venez.
Guaifenesin (p.1561·3).
Cough.

Robitessin AC Wyeth, Venez.†.
Guaifenesin (p.1561·3); pheniramine maleate (p.587·3); codeine phosphate (p.37·2).
Cough.

Robitessin Kit Tos Wyeth, Venez.†.
Guaifenesin (p.1561·3).
Cough.

Robitessindem Wyeth, Venez.
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Cough.

Robitussin Wyeth-Whitehall, Arg.†; Wyeth Consumer, Canad.; Robins, Israel; Wyeth Consumer, Mex.; Wyeth Consumer, Singapore; Wyeth, Spain; Wyeth Consumer, Thai.; Robins, USA.
Guaifenesin (p.1561·3).
Coughs; respiratory-tract congestion.

Robitussin AC
Note. This name is used for preparations of different composition.
Wyeth Consumer, Canad.
Guaifenesin (p.1561·3); pheniramine maleate (p.587·3); codeine phosphate (p.37·2).
Coughs.

Robins, USA.
Guaifenesin (p.1561·3); codeine phosphate (p.37·2).
Coughs.

Robitussin Antitussicum Wyeth, Cz.; Wyeth, Hung.; Whitehall, Pol.
Dextromethorphan hydrobromide (p.1555·2).
Cough.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Robitussin Caramelos
Note. This name is used for preparations of different composition.
Wyeth-Whitehall, Arg.†.
Menthol (p.2340·1).
Coughs.

Wyeth, Venez.†.
Menthol (p.2340·1); cineole (p.2282·3).

Robitussin Chesty Cough *Wyeth Consumer, Austral.; Wyeth Consumer, Irl.*
Guaifenesin (p.1561·3).
Formerly known as Robitussin Expectorant in *Irl*.
Cough.

Robitussin for Chesty Coughs *Wyeth Consumer, UK.*
Guaifenesin (p.1561·3).
Cough.

Robitussin for Chesty Coughs with Congestion *Wyeth Consumer, UK.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Cough; nasal congestion.

Robitussin Childrens Cough & Cold *Wyeth Consumer, Canad.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs and cold symptoms.

Robitussin Childrens Cough DM *Wyeth Consumer, Canad.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Robitussin Children's Night Relief *Whitehall, NZ†.*
Chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs and cold symptoms.

Robitussin with Codeine *Whitehall-Robins, Canad.†.*
Guaifenesin (p.1561·3); pheniramine maleate (p.587·3); codeine phosphate (p.37·2).
Coughs.

Robitussin Cold *Wyeth Consumer, Singapore.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Coughs; nasal congestion.

Robitussin Cold & Cough *Wyeth Consumer, Singapore; Robins, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs; nasal congestion.

Robitussin Cold, Cough & Flu *Wyeth Consumer, Singapore.*
Paracetamol (p.108·1); guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Cold and flu symptoms; coughs; nasal congestion.

Robitussin Cough & Cold *Wyeth Consumer, Canad.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs and cold symptoms.

Robitussin Cough, Cold & Flu *Wyeth Consumer, Canad.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Cold and flu symptoms; coughs.

Robitussin Cough Drops *Robins, USA.*
Menthol (p.2340·1); eucalyptus oil (p.2301·2).

Robitussin D *Wyeth-Whitehall, Arg.†.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Coughs; nasal congestion.

Robitussin DAC *Robins, USA.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2); codeine phosphate (p.37·2).
Coughs.

Robitussin DM *Wyeth Consumer, Austral.; Wyeth Consumer, Canad.; Wyeth Consumer, Hong Kong; Robins, Israel; Wyeth Consumer, Malaysia†; Wyeth Consumer, Mex.; Wyeth Consumer, NZ; Wyeth, Philipp.; Wyeth Consumer, Singapore; Wyeth Consumer, Thai.; Robins, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Cough.

Robitussin DM Antitusivo *Wyeth, Spain.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Robitussin DM CoughGels *Wyeth Consumer, Canad.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Robitussin DM-P *Wyeth Consumer, Austral.; Wyeth Consumer, NZ.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Cough; nasal and sinus congestion.

Robitussin Dry Cough *Wyeth Consumer, Irl.*
Dextromethorphan hydrobromide (p.1555·2).
Formerly known as Robitussin Cough Soother.
Coughs.

Robitussin for Dry Coughs *Wyeth Consumer, UK.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Robitussin DX *Wyeth Consumer, Austral.; Wyeth Consumer, NZ.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Robitussin EX *Wyeth Consumer, Austral.; Wyeth Consumer, NZ.*
Guaifenesin (p.1561·3).
Cough.

Robitussin Expectorans *Wyeth, Cz.; Wyeth, Hung.; Whitehall, Pol.*
Guaifenesin (p.1561·3).
Cough.

Robitussin Expectorant
Note. This name is used for preparations of different composition.
Wyeth Consumer, Hong Kong; Wyeth Consumer, Malaysia†; Wyeth, Philipp.
Guaifenesin (p.1561·3).
Cough.

Whitehall-Robins, Switz.
Acetylcysteine (p.1548·2).
Coughs with viscous mucus.

Robitussin Honey Cold *Whitehall Consumer, NZ.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs; nasal and sinus congestion.

Robitussin Honey Cough *Wyeth Consumer, NZ.*
Menthol (p.2340·1); honey (p.1948·2).
Formerly contained dextromethorphan hydrobromide and honey.
Coughs.

Robitussin Honey Cough Syrup *Wyeth Consumer, Austral.†.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Robitussin Junior *Wyeth, Cz.; Wyeth, Hung.; Wyeth Consumer, Irl.; Whitehall, Pol.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Robitussin Maximum Strength Cough *Wyeth Consumer, Hong Kong.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Robitussin Maximum Strength Cough & Cold *Robins, USA.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs and cold symptoms.

Robitussin ME *Wyeth Consumer, Austral.; Interphil, Hong Kong; Wyeth Consumer, Hong Kong; Wyeth Consumer, NZ.*
Guaifenesin (p.1561·3); bromhexine hydrochloride (p.1552·2).
Cough; respiratory-tract congestion.

Robitussin Night Relief *Robins, USA.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); mepyramine maleate (p.585·2); paracetamol (p.108·1).
Coughs and cold symptoms.

Robitussin Paediatric Cough *Wyeth Consumer, Hong Kong.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Robitussin PE *Wyeth Consumer, Hong Kong; Wyeth Consumer, Malaysia†; Wyeth, Spain; Robins, USA.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Cough; nasal congestion.

Robitussin Pediatric *Robins, USA.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Robitussin Pediatric Cough & Cold Formula *Robins, USA.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs and cold symptoms.

Robitussin Plus *Wyeth Consumer, Irl.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Formerly known as Robitussin Expectorant Plus.
Coughs; nasal congestion.

Robitussin PM Cough & Cold *Wyeth Consumer, USA.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract disorders.

Robitussin PS *Wyeth Consumer, Austral.; Wyeth Consumer, NZ; Wyeth Consumer, Singapore; Wyeth Consumer, Thai.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Formerly known as Robitussin PE in *Thai*.
Cough; nasal congestion.

Robitussin Severe Congestion *Wyeth Consumer, Malaysia†; Robins, USA.*
Guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Coughs; nasal congestion.

Robovites *Vita Health, Singapore.*
Multivitamin preparation with or without iron or zinc (p.1922·1).

Robovites Multivitamin *Vita Health, Singapore.*
Multivitamins; cod-liver oil; evening primrose oil; echinacea; ginkgo biloba (p.1922·1).

Roburvit *Echo, Ital.*
Royal jelly (p.2382·1).

Robuvalen *Robugen, Ger.†.*
Zinc oxide (p.1621·2).
Eczema; skin lesions.

ROC Chronoblock *Johnson & Johnson, Canad.†.*
Avobenzone (p.1589·3); octinoxate (p.1608·2).
Sunscreen.

ROC Minesol Actif *Key, Chile.*
SPF 30: Octinoxate (p.1608·2); enzacamene (p.1597·1); bemotrizinol (p.1590·2); bisoctrizole (p.1591·2); titanium dioxide (p.1617·3).
Sunscreen.

ROC Minesol Bronze *Key, Chile.*
SPF 8: Dihydroxyacetone (p.1594·1); octinoxate (p.1608·2); octisalate (p.1608·2); avobenzone (p.1589·3).
Artificial tanning agent; sunscreen.

ROC Minesol Protect
Note. This name is used for preparations of different composition.
Key, Chile.
SPF 30: Octinoxate (p.1608·2); enzacamene (p.1597·1); bisoctrizole (p.1591·2); bemotrizinol (p.1590·2).
Sunscreen.

Key, Chile.
SPF 50+; SPF 60: Octinoxate (p.1608·2); enzacamene (p.1597·1); bisoctrizole (p.1591·2); bemotrizinol (p.1590·2); titanium dioxide (p.1617·3).
Sunscreen.

ROC Retinol Actif Pour Day *Johnson & Johnson, Canad.†.*
SPF 15: Avobenzone (p.1589·3); octinoxate (p.1608·2).
Sunscreen.

RoC Sante Soleil *RoC, UK.*
SPF 25: Octinoxate (p.1608·2); avobenzone (p.1589·3); titanium dioxide (p.1617·3).
Formerly known as RoC Total Sunblock.
Sunscreen.

RoC Sunscreen Stick *RoC, UK.*
Dibenzoylmethane (p.1594·1); a cinnamic ester.
Sunscreen.

Rocainol *CICSA, Mex.*
Methyl salicylate (p.85·3); menthol (p.2340·1).

Rocal *ANB, Thai.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); terpin hydrate (p.1573·3).
Coughs.

Rocaltrol *Roche, Austral.; Roche, Austria; Roche, Belg.; Roche, Braz.; Roche, Canad.; Roche, Chile; Roche, Cz.; Roche, Denm.†; Roche, Fr.; Roche, Ger.; Roche, Hong Kong; Roche, Hung.; Roche, Indon.; Roche, Irl.; Roche, Ital.; Chugai, Jpn; Roche, Malaysia; Roche, Mex.; Roche, NZ; Roche, Neth.; Roche, Norw.; Roche, Philipp.; Roche, Pol.; Roche, Port.; Roche, S.Afr.; Roche, Singapore†; Roche, Spain; Roche, Swed.; Roche, Switz.; Roche, Thai.; Roche, Turk.; Roche, UK; Roche, USA; Roche, Venez.*
Calcitriol (p.1986·2).
Hyperparathyroidism; hypocalcaemia; hypoparathyroidism; hypophosphataemia; osteomalacia; osteoporosis; pseudohypoparathyroidism; renal osteodystrophy; rickets; vitamin D deficiency.

Rocavit
Note. This name is used for preparations of different composition.
Vitae, Mex.
Capsules: Vitamin and mineral preparation (p.1922·1).

Vitae, Mex.
Injection: Vitamin preparation (p.1922·1).

Vitae, Mex.
Oral drops: Vitamin preparation with lysine (p.1922·1).
Tonic.

Vitae, Mex.
Oral solution: Vitamin preparation with cyproheptadine (p.575·2) (p.1922·1).
Reduced appetite.

Roccaxin *TNP, Thai.†.*
Piroxicam (p.117·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Rocefalin *Roche, Spain.*
Ceftriaxone sodium (p.237·1).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Rocefin *Roche, Braz.; Roche, Ital.*
Ceftriaxone sodium (p.237·1).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Rocephalin *Roche, Denm.; Roche, Fin.; Roche, Norw.; Roche, Swed.*
Ceftriaxone sodium (p.237·1).
Lidocaine hydrochloride (p.1862·3) is included in some injections to alleviate the pain of injection.
Bacterial infections.

Rocephin *Roche, Austral.; Roche, Austria; Roche, Canad.; Roche, Cz.†; Roche, Ger.; Roche, Gr.; Roche, Hong Kong; Roche, Hung.; Roche, Indon.; Roche, Irl.; Roche, Israel; Chugai, Jpn; Roche, Malaysia; Roche, Mex.; Roche, NZ; Roche, Neth.; Roche, Philipp.; Roche, Pol.; Roche, Port.; Roche, S.Afr.; Roche, Singapore; Roche, Thai.; Roche, Turk.; Roche, UK; Roche, USA; Roche, Venez.*
Ceftriaxone sodium (p.237·1).
Lidocaine (p.1862·3) or lidocaine hydrochloride (p.1862·3) may be included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Rocephine *Roche, Belg.; Roche, Fr.; Roche, Switz.*
Ceftriaxone sodium (p.237·1).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Rocer *Otto, Indon.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Roceron *Roche, Norw.*
Interferon alfa-2a (p.885·1).
Chronic active hepatitis B; chronic hepatitis C; malignant neoplasms.

Roceron-A *Roche, Denm.†.*
Interferon alfa-2a (p.885·1).
Chronic hepatitis B or C; malignant neoplasms.

Rocgel *Tonipharm, Fr.*
Boehmite.
Gastrointestinal disorders.

Rochagan *Roche, Braz.*
Benznidazole (p.830·3).
American trypanosomiasis.

Rochevit *Bayer, Spain.*
Multivitamin and mineral preparation (p.1922·1).

Rociclyn *Zambon, Neth.†.*
Tolfenamic acid (p.130·1).
Osteoarthritis; rheumatoid arthritis.

Rocid *Max Farma, Ital.†.*
Cefonicid sodium (p.226·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Rociject *Sandoz, S.Afr.*
Ceftriaxone (p.238·1).
Bacterial infections.

Rocilin *Rosco, Denm.; Rosco, Norw.†.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Rocmalat *Strathmann, Hung.†.*
Arginine (p.1928·2); malic acid (p.2337·1).
Liver disorders.

Rocmaline *Fresenius Kabi, Austria; Aerocid, Fr.*
Arginine (p.1928·2); malic acid (p.2337·1).
Liver disorders.

Roco *Bayer, Neth.*
Ibuprofen (p.64·2).
Pain.

Rocornal *UCB, Austria†; Rentschler, Cz.†; UCB, Cz.†; UCB, Ger.; Mochida, Jpn.*
Trapidil (p.1416·3).
Angina pectoris; cerebral haemorrhage; ischaemic heart disease; prevention of restenosis following percutaneous transluminal coronary angioplasty; stroke.

Roctylan *Farmedia, Gr.*
Butamirate citrate (p.1553·1).
Cough.

Roculax *Kalbe, Indon.*
Rocuronium bromide (p.1908·3).
Competitive neuromuscular blocker.

Rocuron *Cristalia, Braz.*
Rocuronium bromide (p.1908·3).
Competitive neuromuscular blocker.

Ro-C-Var *Infinity, Venez.*
Vitamin C (p.1983·3); rose fruit (p.2381·2).
Vitamin C supplement.

Rocygen *Rotexmedica, Philipp.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Rodakin *Kener, Mex.*
Loratadine (p.583·3).

Rodan *Superlife, Mex.*
Evening primrose oil (p.2302·1); turmeric (p.1473·2); devil's claw root (p.39·1); ulmaria (p.2338·1).
Musculoskeletal and joint disorders.

Rodanol *Lek, Rus.*
Nabumetone (p.91·2).

Rodanol S *Lek, Cz.†; Lek, Hung.†; Lek, Pol.*
Nabumetone (p.91·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Rodase *Pond's, Thai.*
Serrapeptase (p.2385·3).
Inflammation; respiratory-tract congestion; wounds.

Rodavan S *Grunwalder, Ger.*
Dimenhydrinate (p.576·2).
Dizziness; motion sickness; nausea and vomiting.

Rodazid *Pharma Nutria, Philipp.*
Metronidazole (p.837·1).
Anaerobic bacterial infections; protozoal infections.

Roddexil *Roddensers, Philipp.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Rodenal *Rekah, Israel.*
Trihexyphenidyl hydrochloride (p.820·2).
Extrapyramidal disorders; parkinsonism.

Rodepan *Pharma Investi, Chile.*
Cyproheptadine hydrochloride (p.575·1); thiamine hydrochloride; pyridoxine hydrochloride; riboflavin sodium phosphate; nicotinamide; ascorbic acid (p.1922·1).
Reduced appetite; tonic.

Rodermil *Edol, Port.*
Metronidazole (p.837·1).
Rosacea.

Rodinac *Geminis, Arg.*
Diclofenac potassium (p.44·3) or diclofenac sodium (p.44·3).
Inflammation; pain.

Rodinac B12 *Geminis, Arg.*
⊗ Betamethasone (p.1518·2); cyanocobalamin (p.1980·2); diclofenac potassium (p.44·3).
Musculoskeletal, joint, and peri-articular disorders; neuritis.

Rodinac Biotic *Geminis, Arg.*
Amoxicillin trihydrate (p.202·2); diclofenac potassium (p.44·3).
Bacterial infections.

Rodinac Flex *Geminis, Arg.*
Pridinol (p.1898·2); diclofenac (p.44·2).
Inflammation; muscle spasm; pain.

Rodinac Gesic *Geminis, Arg.*
Paracetamol (p.108·1); diclofenac potassium (p.44·3).
Inflammation; pain.

Rodipal *Quesada, Arg.*
⊗ Carvedilol (p.1241·3).
Angina pectoris; hypertension.

Rodix *Galeno, Venez.*
Tenoxicam (p.128·2).
Inflammation; musculoskeletal and joint disorders.

Rodogyl *Aventis, Cz.†; Sanofi-Aventis, Fr.; Sanofi-Aventis, Malaysia; Aventis, Mex.*
Spiramycin (p.333·1); metronidazole (p.837·1).
Mouth infections.

Rodopsin Plus *Baldacci, Ital.*
Vitamin E; copper; zinc; red vine (p.1922·1).

Rodovit *Allen, Mex.*
Vitamin preparation with or without minerals (p.1922·1).

Rofacin *Corsa, Indon.*
Spiramycin (p.333·1).
Bacterial infections.

Rofact *Valeant, Canad.*
Rifampicin (p.325·3).
Tuberculosis.

Rofatuss *Rosen, Ger.†.*
Clobutinol hydrochloride (p.1554·1).
Coughs.

Rofecip Plus *Cipla, India†.*
Rofecoxib (p.121·1); paracetamol (p.108·1).
Musculoskeletal and joint disorders.

Rofen *Akdeniz, Turk.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Rofenid *Sanofi-Aventis, Belg.; Nicholas Piramal, India†.*
Ketoprofen (p.73·1).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; oedema; pain.

Rofepain *LBS, Thai.*
Ketoprofen (p.73·1).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Roferon-A *Roche, Arg.†; Roche, Austral.; Roche, Austria; Roche, Belg.; Roche, Braz.; Roche, Canad.†; Roche, Chile†; Roche, Cz.; Roche, Fin.; Roche, Fr.; Roche, Ger.; Roche, Gr.; Roche, Hong Kong; Roche, Hung.; Piramal, India; Roche, Irl.; Roche, Israel; Roche, Ital.; Chugai, Jpn; Roche, Malaysia; Roche, Mex.; Roche, NZ; Roche, Neth.; Roche, Philipp.; Roche, Pol.; Roche, Port.; Roche, Rus.; Roche, S.Afr.; Roche, Singapore†; Roche, Spain; Roche, Swed.; Roche, Switz.; Roche, Thai.†; Roche, Turk.; Roche, UK; Roche, USA†; Roche, Venez.*
Interferon alfa-2a (p.885·1).
Anogenital warts; chronic hepatitis B; chronic hepatitis C; essential thrombocythaemia; malignant neoplasms; viral infections.

Roferon-A RBV *Roche, NZ.*
Injection, interferon alfa-2a (Roferon-A) (p.885·1); tablets, ribavirin (Copegus) (p.902·3).
Chronic hepatitis C.

Rofetab *Centaur, India†.*
Rofecoxib (p.121·1).
Musculoskeletal and joint disorders; pain.

Rofex *Nicholas Piramal, India†.*
Cefalexin (p.218·2).
Bacterial infections.

Rofib *Aristo, India.*
Rofecoxib (p.121·1).
Osteoarthritis; pain.

Rofixx *Cipla, India†.*
Rofecoxib (p.121·1).
Musculoskeletal and joint disorders.

Rofiz *Wockhardt, India.*
Rofecoxib (p.121·1).
Musculoskeletal, joint, and soft-tissue disorders; pain.

Roflazin *Munir, Turk.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Rofoxin *Royton, Braz.†.*
Ceftriaxone sodium (p.237·1).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Rofucal *Probiomed, Mex.*
⊗ Hydrochlorothiazide (p.1307·3).
Hypertension; oedema.

Rofunil *Rotexmedica, Philipp.*
⊗ Furosemide (p.1292·1).
Oedema.

Rofy *Codal Synto, Thai.*
Tramadol hydrochloride (p.130·3).
Pain.

Rogaan *Teva, Israel.*
Dextropropoxyphene hydrochloride (p.40·1); aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3).
Cold symptoms; pain.

Rogadermis *Lacefa, Arg.†.*
Vitamin A (p.1971·2).
Burns.

Rogaine *Pfizer, Austria; McNeil Consumer, Canad.; Pfizer, Fin.; Pfizer Consumer, Irl.; Johnson & Johnson, NZ; Pfizer, Norw.; Pfizer, Swed.; Pfizer Consumer, USA.*
Minoxidil (p.1342·1).
Formerly known as Regaine in *Irl.*
Alopecia androgenetica.

Rogasti *Pacific, Israel.*
Famotidine (p.1730·1).
Duodenal ulcer; gastro-oesophageal reflux; Zollinger-Ellison syndrome.

Rogastril *Roemmers, Arg.*
Cinitapride acid tartrate (p.1720·3).
Gastro-oesophageal reflux; gastrointestinal motility disorders.

Rogelina *Geminis, Arg.†.*
Sodium picosulfate (p.1771·1).
Constipation.

Rogin-E *Bayer, Philipp.*
Ginseng; deanol; royal jelly; lecithin; vitamins; minerals; free fatty acids (p.1922·1).
Nutritional supplement; tonic.

Rogitine *Paladin, Canad.; IFET (ΙΦΕΤ), Gr.†; Alliance, UK.*
Phentolamine mesilate (p.1370·2).
Dermal necrosis and sloughing following intravenous administration of noradrenaline; phaeochromocytoma.

Roglin *Aristo, India.*
Rosiglitazone maleate (p.458·2).
Diabetes mellitus.

Roglin-M *Aristo, India.*
Rosiglitazone maleate (p.458·2); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Roglit *Gedeon Richter, Rus.*
Rosiglitazone potassium (p.459·3).
Diabetes mellitus.

Roha-Lax *Abdi, Turk.*
Sennosides (p.1769·3).
Constipation.

rohasal *Roha, Ger.†.*
Absinthium (p.2244·1); aniseed (p.2258·2); kaolin (p.1738·1); calcium phosphate (p.1676·2); dried magnesium sulfate (p.1680·1); calcium carbonate (p.1714·1); heavy magnesium carbonate (p.1743·1); sodium bicarbonate (p.1673·2).
Gastrointestinal disorders.

rohasal N *Roha, Ger.†.*
Sodium bicarbonate (p.1673·2); calcium carbonate (p.1714·1); heavy magnesium carbonate (p.1743·1).
Gastrointestinal disorders.

Rohipnol *Roche, Spain.*
Flunitrazepam (p.996·2).
Anxiety; general anaesthesia; insomnia.

Rohto Zi *Mentholatum, UK.*
Camphor (p.2273·2).
Eye irritation.

Rohto Zi Contact *Mentholatum, Austral.†.*
Hyetellose (p.2143·3).
Dry eyes.

Rohto Zi Fresh *Mentholatum, Austral.†.*
Povidone (p.2146·1).
Dry eyes.

Rohydorm *Sigma, Braz.*
Flunitrazepam (p.996·2).
Insomnia.

Rohypnol *Roche, Arg.; Roche, Austria; Roche, Belg.; Roche, Braz.; Roche, Chile†; Leciva, Cz.†; Roche, Denm.†; Roche, Fr.; Roche, Ger.; Roche, Hong Kong; Roche, Irl.; Roche, Mex.; Roche, Neth.; Roche, Norw.†; Roche, Pol.; Roche, Port.; Roche, S.Afr.; Roche, Swed.†; Roche, Switz.; Roche, Thai.; Roche, UK†.*
Flunitrazepam (p.996·2).
Induction of anaesthesia; insomnia; premedication.

Roical *Shin Poong, Malaysia; Shin Poong, Singapore.*
Calcitriol (p.1986·2).
Hypoparathyroidism; osteomalacia; osteoporosis; renal osteodystrophy; rickets.

Roidhemo *Pan Quimica, Spain†.*
⊗ Aesculus (p.2248·2); benzyl phenol; benzyl salicylate; ephedrine hydrochloride (p.1558·2); hamamelis (p.2318·2); lactic acid (p.2329·3).
Anorectal disorders.

Roiplon *Menarini, Gr.*
Etofenamate (p.53·1).
Inflammation; musculoskeletal and joint disorders; pain.

Roipnol *Roche, Ital.*
Flunitrazepam (p.996·2).
Insomnia.

Rojema *Self-Care Products, UK.*
Royal jelly (p.2382·1).

Rojobacter *Ferro, Arg.†.*
Merbromin (p.1652·1).
Bacterial infections.

Rokacet *Taro, Israel.*
Paracetamol (p.108·1); caffeine (p.1116·3); codeine phosphate (p.37·2).
Coughs fever; pain.

Rokacet Plus *Taro, Israel.*
Paracetamol (p.108·1); caffeine (p.1116·3); codeine phosphate (p.37·2).
Coughs; fever; pain.

Rokadin *Kener, Mex.†.*
Loratadine (p.583·3).
Hypersensitivity.

Rokal *Taro, Israel.*
Aspirin (p.20·3); caffeine (p.1116·3); codeine phosphate (p.37·2).
Coughs; fever; pain; rheumatism.

Rokal Plus *Taro, Israel.*
Aspirin (p.20·3); caffeine (p.1116·3); codeine phosphate (p.37·2).
Coughs; fever; pain; rheumatism.

Rokamol *Taro, Israel.*
Paracetamol (p.108·1).
Fever; pain.

Rokamol Plus Codeine *Taro, Israel.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Coughs; fever; pain.

Rokan *Andromaco, Chile; Spitzner, Ger.*
Ginkgo biloba (p.2311·1).
Cerebral and peripheral vascular disorders; mental function disorders.

Rokanite *Taro, Israel†.*
Aspirin (p.20·3); codeine phosphate (p.37·2).
Coughs; fever; pain; rheumatism.

Rokital *Formenti, Ital.*
Rokitamycin (p.330·2).
Bacterial infections.

Roko *Cipla, India.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Roksicap *Caprifarmindo, Indon.; Sanbe, Indon.*
Cefadroxil (p.218·1).
Bacterial infections.

Roksimin *Il-ko, Turk.*
Roxithromycin (p.331·1).
Bacterial infections.

Roksolit *Eczacibasi, Turk.*
Roxithromycin (p.331·1).
Bacterial infections.

Rokumi-gan *Tsumura, Jpn.*
Rehmannia root; cornus fruit; dioscorea rhizome; alisma rhizome; poria sclerotium; moutan bark.
Traditional Kampo medicine.

Rolab-Amoclav *Sandoz, S.Afr.*
Amoxicillin (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Rolab-Anthex *Sandoz, S.Afr.*
Mebendazole (p.148·3).
Worm infections.

Rolab-Pen-V-K *Sandoz, S.Afr.†.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Rolac *Actavis, Indon.*
Ketorolac trometamol (p.74·2).
Pain.

Rolac Plus *Wyeth, India.*
Magaldrate (p.1742·3); simeticone (p.1770·2).
Flatulence; gastric hyperacidity; gastritis; peptic ulcer.

Rolaids *Pfizer Consumer, USA.*
Magnesium hydroxide (p.1743·2); calcium carbonate (p.1714·1).
Antacid.

Rolaids Antacid *McNeil Consumer, Canad.*
Calcium carbonate (p.1714·1); magnesium hydroxide (p.1743·2).
Dyspepsia.

Rolaids Extra Strength Softchews *Pfizer Consumer, USA.*
Calcium carbonate (p.1714·1).
Antacid.

Rolaids Multi-Symptom *McNeil Consumer, Canad.; Pfizer Consumer, USA.*
Calcium carbonate (p.1714·1); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Antacid; flatulence.

Rolaids Plus Gas Relief *Pfizer Consumer, USA.*
Calcium carbonate (p.1714·1); simeticone (p.1770·2).

Rolaids Ultra *McNeil Consumer, Canad.*
Calcium carbonate (p.1714·1); simeticone (p.1770·2).

Rolak *Anpharm (Ανφαρμ), Gr.*
⊗ Hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Rolaket *Elpen (Ελπεν), Gr.*
Nimesulide (p.95·3).
Inflammation; musculoskeletal disorders; pain.

Rolan *Nobel, Turk.*
Mefenamic acid (p.80·1).
Menorrhagia; musculoskeletal and joint disorders; pain.

Rolap *Teva Tuteur, Arg.*
⊗ Tamoxifen (p.775·1).
Breast cancer.

Rolar *Pharmaland, Thai.*
Codeine phosphate (p.37·2); guaifenesin (p.1561·3).
Cold symptoms; coughs; nasal congestion.

Rolatuss Expectorant *Huckaby, USA.*
Phenylephrine hydrochloride (p.1568·1); codeine phosphate (p.37·2); chlorphenamine maleate (p.571·3); ammonium chloride (p.1551·3).
Coughs.

Rolatuss Plain *Major, USA.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Roleca Wacholder *Riemser, Ger.*
Juniper oil (p.2328·3).
Diuretic.

Rolesen *Antibioticos, Mex.*
Ketorolac trometamol (p.74·2).
Pain.

Roletra *Ozone, Cz.; Ranbaxy, Hung.; Ranbaxy, Malaysia; Ranbaxy, Singapore; Ranbaxy, Thai.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Rolexit *Nufarindo, Indon.*
Roxithromycin (p.331·1).
Bacterial infections.

Rolicyn *Polfa Tarchomin, Pol.*
Roxithromycin (p.331·1).
Bacterial infections.

Rolicytin *Unipharm, Mex.*
Clarithromycin (p.248·2).
Bacterial infections.

Rolidan *Gelcaps, Mex.†.*
Furazolidone (p.834·3).
Gastrointestinal infections.

Rolip *LED, Fr.†.*
alpha-Acetyl mandelic acid (p.296·3).
Dry lips.

Rolisporin *Vianex (Βιανέξ), Gr.*
Ceftriaxone (p.238·1).
Bacterial infections.

Roll-On *Shaklee, Canad.†.*
Aluminium chlorohydrate (p.1588·3).
Hyperhidrosis.

Rolodiquim *Quimica y Farmacia, Mex.*
Ketorolac trometamol (p.74·2).
Pain.

Rolsical *Sun, India.*
Calcitriol (p.1986·2).
Hypocalcaemia; hypoparathyroidism; osteoporosis; rickets.

Romaken *Kendrick, Mex.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Romaksen *Ulagay, Turk.*
Naproxen sodium (p.92·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Romalina *Biotech, Venez.†.*
Nystatin (p.543·2).
Candidiasis.

Romarene *Beaufour, Fr.*
Rosemary (p.2381·2); taraxacum (p.2395·1); kinkeliba (p.2329·2); potassium sodium tartrate (p.1764·1); sodium citrate (p.1673·3).
Dyspepsia.

Romarinex *Dissolvurol, Mon.*
Rosemary (p.2381·2); kinkeliba (p.2329·2).
Biliary-tract disorders.

Romasulan *Biofarm, Rus.*
Chamomile (p.2279·3).
Gastritis, duodenitis, colitis, meteorism; mouth and throat disorders; skin disorders; vaginitis.

Romatim *Kurtsan, Turk.*
Naproxen (p.92·3).
Musculoskeletal and joint pain.

Romaxin *Prohealth, Philipp.*
Erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Romazicon *Roche, USA.*
Flumazenil (p.1445·2).
Formerly known as Mazicon.
Benzodiazepine overdosage; reversal of benzodiazepine-induced sedation.

Romazulan *Drovepat, Venez.†.*
Indometacin (p.66·3).
Musculoskeletal and joint disorders.

Rombay *Apotheke Heiligen Dreifaltigkeit, Austria.*
Talc (p.1615·2); zinc oxide (p.1621·2); peru balsam (p.2365·3).
Skin irritation.

Rombellin *Simons, Ger.†; Merz, Switz.*
Biotin (p.1931·3).
Biotin deficiency.

Rombox *GSK, Mex.*
Cefalexin (p.218·2); ambroxol hydrochloride (p.1550·3).
Respiratory-tract infections.

Romesec *Ranbaxy, Malaysia; Ranbaxy, Rus.; Ranbaxy, Singapore.*
Omeprazole (p.1753·1).
Dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Romet *Mitsubishi, Jpn†.*
Repirinast (p.1131·1).
Asthma.

Rometran-K *Arlex, Mex.*
Ketorolac (p.75·2).
Pain.

Romicef
Note. This name is used for preparations of different composition.
Meprofarm, Indon.
Cefpirome (p.231·3).
Bacterial infections.

Yung Shin, Philipp.
Cefuroxime sodium (p.238·2).
Bacterial infections.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Romicin *Pacific, NZ.*
Roxithromycin (p.331·1).
Bacterial infections.

Romidon *Relyo, Gr.*
Dextropropoxyphene hydrochloride (p.40·1).
Pain.

Romilar
Note. This name is used for preparations of different composition.
Bayer Consumer, Arg.; Bayer Consumer, Mex.; Bayer, Neth.; Bayer, Spain.
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Bayer, Indon.
Dextromethorphan hydrobromide (p.1555·2); ammonium chloride (p.1551·3); dexpanthenol (p.2362·1) or panthenol (p.2362·1).
Cough.

Bayer, Thai.
Syrup: Dextromethorphan hydrobromide (p.1555·2); ammonium chloride (p.1551·3); dexpanthenol (p.2362·1).
Coughs.

Bayer, Thai.
Tablets: Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Romilar AC *Scot-Tussin, USA.*
Codeine phosphate (p.37·2); guaifenesin (p.1561·3).
Coughs.

Romilar Antitussivum *Bayer, Belg.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Romilar Mucolyticum *Bayer, Belg.; Roche, Belg.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders associated with accumulation of mucus.

Rominafort *Garden House, Arg.*
Betacarotene; collagen; alpha tocopherol (p.1922·1).
Dietary supplement.

Romir *Diba, Mex.*
Captopril (p.1239·2).
Heart failure; hypertension; myocardial infarction.

Romisan *Chemo, Neth.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Romiver *Rafarm, Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

Rommix *Ashbourne, UK†.*
Erythromycin (p.269·2).

Romox-ARL *Ximena Polanco, Chile.*
Rosemary (p.2381·2); rosa mosqueta (p.2381·2).

Romulin *Chew, Thai.*
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Romyk *Lindopharm, Ger.†.*
Roxithromycin (p.331·1).
Bacterial infections.

Ronabin *Unimed, Israel†.*
⊗ Dronabinol (p.1728·1).
Anorexia associated with AIDS; nausea and vomiting induced by cytotoxic therapy.

Ronal
Note. This name is used for preparations of different composition.
Sandoz, Denm.
Flunitrazepam (p.996·2).
Insomnia.

Olvos, Gr.
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Ronalgin *Dexa, Indon.*
Dipyrone (p.49·2).
Pain.

Roname *Lacer, Spain.*
Glimepiride (p.441·1).
Diabetes mellitus.

Roncoleukin *Biotech, Rus.*
Interleukin-2 (p.735·1).
Renal cancer; sepsis.

Rondamine-DM *Major, USA.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); brompheniramine maleate (p.569·2).
Formerly contained pseudoephedrine hydrochloride, dextromethorphan hydrobromide, and carbinoxamine maleate.
Coughs and cold symptoms.

Rondec
Note. This name is used for preparations of different composition.
Abbott, Arg.†; Abbott, Gr.; Abbott, Venez.†.
Carbinoxamine maleate (p.570·2); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; nasal congestion.

Biovail, USA.
Oral drops: Carbinoxamine maleate (p.570·2); pseudoephedrine hydrochloride (p.1571·2).
Allergic and vasomotor rhinitis; nasal congestion.

Biovail, USA.
Syrup: Brompheniramine maleate (p.569·2); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract disorders.

Rondec Compositum *Abbott, Arg.†.*
Carbinoxamine maleate (p.570·2); pseudoephedrine hydrochloride (p.1571·2); bromhexine hydrochloride (p.1552·2); paracetamol (p.108·1).
Respiratory-tract disorders.

Rondec-DM
Note. This name is used for preparations of different composition.
Abbott, Thai.†.
Carbinoxamine maleate (p.570·2); pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2).
Respiratory-tract disorders.

Alliant, USA.
Chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); dextromethorphan hydrobromide (p.1555·2).
Formerly contained carbinoxamine maleate, pseudoephedrine hydrochloride, and dextromethorphan hydrobromide.
Coughs and cold symptoms; respiratory symptoms of allergy.

Rondo *ISA, Arg.*
Saccharin (p.1960·2); cyclamate (p.1936·2).
Sugar substitute.

Rondo Sweet *ISA, Arg.*
Aspartame (p.1930·1); acesulfame potassium (p.1928·1).
Sugar substitute.

Rondover *Iapharm, Gr.*
Butamirate citrate (p.1553·1).
Cough.

Ronem *Fahrenheit, Indon.*
Meropenem (p.297·2).
Bacterial infections.

Ronemox *Nicholas Piramal, India†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Ronex *Pharos, Indon.*
Tranexamic acid (p.1080·3).
Fibrinolysis; haemorrhage; hereditary angioedema.

Ronexine *Rekah, Israel.*
Levomepromazine maleate (p.1003·1).
Anxiety; behaviour disorders; tension.

Ronfase *Pfizer, Arg.*
Estradiol valerate (p.2097·3).
Menopausal disorders; osteoporosis; prostatic cancer.

Ronfnyl
Note. This name is used for preparations of different composition.
Anben, Fr.†.
Natural polysaccharides.
Snoring.

Veron, Ger.; Anben, Malaysia†.
Xanthan gum (p.2147·2).
Snoring.

Ronfolic *Rontag, Arg.*
Folic acid (p.1940·1).
Folic acid deficiency.

Ronic *Edol, Port.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Inflammatory eye disorders.

Ronistina *Rontag, Arg.*
Betahistine hydrochloride (p.2265·1).
Ménière's disease.

Ronkal *Zentiva, Hung.*
Risperidone (p.1024·2).
Behaviour disorders; schizophrenia.

Rontafor *Pfizer, Arg.*
Calcium folinate (p.1943·3).
Antidote to folic acid antagonists; colorectal cancer; megaloblastic anaemia; reduction of methotrexate toxicity.

Rontagel *Pfizer, Arg.*
Estradiol (p.2097·2).
Menopausal disorders; osteoporosis.

Rontilona *Alodial, Port.; Alter, Spain.*
⊗ Fluticasone propionate (p.1533·2).
Nasal polyps; rhinitis.

Ronvan *Asta Oncologia, Braz.†.*
Fosfestrol sodium (p.2105·1).
Breast cancer; prostatic cancer.

Ronvir *Pharmacia, Arg.†.*
Didanosine (p.870·2).
HIV infection.

Rooilavental *Lennon, S.Afr.*
Nutmeg (p.2355·2); cinnamon (p.2283·1); red sanders wood; rosemary oil (p.2381·3); lavender oil (p.2331·2).
Dyspepsia; flatulence.

Ropect *Scherer, Thai.*
Codeine phosphate (p.37·2); guaifenesin (p.1561·3).
Coughs.

Rophelin *Rolmex, Canad.†.*
Ammonium chloride (p.1551·3); tolu balsam (p.1574·2); white pine compound; wild cherry bark (p.2415·2).

Ropi *Cristalia, Braz.*
Ropivacaine hydrochloride (p.1870·3).
Local anaesthesia.

Ropion *Kaken, Jpn.*
Flurbiprofen axetil (p.61·3).
Pain.

Ropramin *Farmanic, Gr.*
Citalopram (p.385·3).
Depression.

Ropril *Aegis, Hong Kong.*
Captopril (p.1239·2).
Heart failure; hypertension.

Ropsil *Medipharm, Chile.*
Clonazepam (p.478·2).
Anxiety; epilepsy; panic disorder.

R.O.R. *Sanofi Pasteur, Fr.*
A measles, mumps, and rubella vaccine (Edmonston 749D, Jeryl Lynn, and Wistar RA 27/3 strains respectively) (p.2223·1).
Active immunisation.

Rorendo *KRKA, Cz.*
Risperidone (p.1024·2).
Schizophrenia.

Rosac *Stiefel, USA.*
Sulfacetamide sodium (p.335·3); sulfur (p.1614·1).
Acne.

Rosaced *Pierre Fabre, Belg.*
Metronidazole (p.837·1).
Rosacea.

Rosadol *Rowe-Fleming, Venez.†.*
Metamizole magnesium (p.49·3).
Dental pain.

Rosagenus *Leovan, Gr.*
Famotidine (p.1730·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Rosal *Galenium, Indon.*
Salicylic acid (p.1612·2); resorcinol (p.1612·1).
Acne.

Rosalgin *Medicom, Cz.; Lepori, Port.; Farma Lepori, Spain.*
Benzydamine hydrochloride (p.27·3).
Cervicitis; genital hygiene; vulvovaginitis.

Rosaliac *Roche-Posay, Irl.*
Moisturiser.

Rosalox *Medimport, Cz.; Drossapharm, Switz.*
Metronidazole (p.837·1).
Rosacea.

Rosamet *Jadran, Rus.*
Metronidazole (p.837·1).

Rosanil
Note. This name is used for preparations of different composition.
Loeffler, Mex.
Nitazoxanide (p.842·3).
Protozoal infections; worm infections.

Galderma, USA.
Sulfur (p.1614·1); sulfacetamide sodium (p.335·3).
Acne.

Rosapinol *Steierl, Ger.*
Rosemary oil (p.2381·3).
Circulatory disorders; rheumatic disorders.

Rosarthron *Steierl, Ger.†.*
Rosemary oil (p.2381·3); pumilio pine oil (p.2376·3).
Circulatory disorders; gout; musculoskeletal and joint disorders; neuritis; respiratory-tract disorders.

Rosased *Pierre Fabre, Ital.†.*
Metronidazole (p.837·1).
Rosacea.

Rosasol *Stiefel, Canad.*
Metronidazole (p.837·1); avobenzone (p.1589·3); octinoxate (p.1608·2).
Rosacea.

Rosatil BB *Novag, Mex.†.*
Zinc oxide (p.1621·2).
Nappy rash; skin irritation.

Rosatum Heilsalbe *Wala, Ger.*
Geranium oil (p.2311·1); rose oil (p.2381·2); colloidal silica (p.2146·3).
Skin disorders.

Rosavit C *Biofarma, Mex.*
Ascorbic acid (p.1983·3); rosa mosqueta.
Respiratory-tract disorders.

Rosazol *Alpharma, Fin.*
Metronidazole (p.837·1).
Rosacea.

Roscillin *Ranbaxy, India.*
Ampicillin sodium (p.204·1) or ampicillin trihydrate (p.204·2).
Bacterial infections.

Roscilox *Ranbaxy, Hong Kong.*
Ampicillin trihydrate (p.204·2); cloxacillin sodium (p.256·1).
Bacterial infections.

Rosel *Wermar, Mex.*
Amantadine (p.792·3); chlorphenamine (p.572·2); paracetamol (p.108·1).
Influenza symptoms.

Roseless *Melora, Port.*
Metronidazole (p.837·1).
Rosacea.

Rosemig *Montrose, Cz.*
Sumatriptan (p.625·2).
Migraine.

Roseti *Rafarm, Gr.*
⊗ Betamethasone valerate (p.1519·1); fusidic acid (p.279·3).
Infected skin disorders.

Rosets *Akorn, USA.*
Rose bengal sodium (p.2381·1).
Ophthalmic diagnostic agent.

Rosic *Pyridam, Indon.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Rosiced *Pierre Fabre, Fr.; Pierre Fabre Dermo Kosmetik, Ger.; Pierre Fabre, Gr.; Pierre Fabre, Neth.; Pierre Fabre Dermo-Cosmetique, Port.*
Metronidazole (p.837·1).
Rosacea.

Rosicon *Glenmark, India.*
Rosiglitazone maleate (p.458·2).
Diabetes mellitus.

Rosicon MF *Glenmark, India.*
Rosiglitazone maleate (p.458·2); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Rosiden *Shin Poong, Singapore.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal, joint, and periarticular disorders; pain.

Rosig *Sigma, Austral.†.*
Piroxicam (p.117·3).
Ankylosing spondylitis; osteoarthritis; rheumatoid arthritis.

Rosiglit *Lazar, Arg.*
Rosiglitazone maleate (p.458·2).
Diabetes mellitus.

Rosiglit-Met *Lazar, Arg.*
Rosiglitazone maleate (p.458·2); metformin (p.453·3).
Diabetes mellitus.

Rosil *Siam Bheasach, Thai.*
Clindamycin hydrochloride (p.251·1) or clindamycin phosphate (p.251·2).
Bacterial infections.

Rosilan *Vitoria, Port.*
⊗ Deflazacort (p.1524·3).
Corticosteroid.

Rosils *Boots Healthcare, Belg.†.*
Noscapine (p.1566·2); phenylephrine hydrochloride (p.1568·1).
Coughs; upper respiratory-tract congestion.

Rosipin *Medico Uno, Hung.*
Risperidone (p.1024·2).
Behaviour disorders; schizophrenia.

Rosital *Faran, Gr.*
Nimodipine (p.1357·2).
Neurological deficit following subarachnoid haemorrhage.

Rosken Skin Repair
Note. This name is used for preparations of different composition.
Pfizer Consumer, Austral.
Dimeticone (p.2032·1).
Dermatitis; dry skin.

Pfizer, NZ.
Dimeticone (p.2032·1); glycerol (p.2314·2).
Barrier cream; bedsores; dry skin.

Rossepar *KBR, Ital.*
Sodium ferric gluconate complex (p.1962·2).
Iron deficiency; iron-deficiency anaemia.

Rossini *Unipharm, Israel.*
Rosiglitazone hydrochloride.
Diabetes mellitus.

Rossitrol *Polifarma, Ital.*
Roxithromycin (p.331·1).
Bacterial infections.

Rossofolin *Errekappa, Ital.*
Multivitamin and mineral preparation (p.1922·1).

Ro-Strumal NEU (Rowo-221) *Pharmakon, Ger.†.*
Spongia tosta; ovi putamen tosta; magnesium hydrogen phosphate; anhydrous sodium phosphate; terra silicea purificata.
Iodine deficiency.

Rosula *Doak, USA.*
⊗ Sulfacetamide sodium (p.335·3); sulfur (p.1614·1); urea (p.1620·2).
Acne.

Rosula NS *Doak, USA.*
⊗ Sulfacetamide sodium (p.335·3); urea (p.1620·2).
Acne.

Rosumed *Labomed, Chile.*
Rosuvastatin (p.1389·2).
Hypercholesterolaemia.

Rosuvas *Ranbaxy, India.*
Rosuvastatin calcium (p.1389·1).
Hypercholesterolaemia.

Rosuvast *Bago, Arg.*
Rosuvastatin calcium (p.1389·1).
Hypercholesterolaemia.

Rotadin *Anpharm, Pol.; Egis, Pol.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Rotamat *Unipharma, Gr.*
Pygeum africanum (p.2192·3).
Benign prostatic hyperplasia.

Rotane *Aventis, India.*
Roxatidine acetate hydrochloride (p.1769·1).
Gastro-oesophageal reflux; peptic ulcer.

Rotarix *GSK, Arg.; GSK, Austral.; GSK, Belg.; GSK, Chile; GSK, Cz.; GSK, Fr.; GSK, Gr.; GSK, Hung.; GSK, Malaysia; GSK, Mex.; GSK, NZ; GSK, Philipp.; GSK, Pol.; GSK, Port.; GSK, Singapore; GSK, Thai.; GSK, UK; GSK, USA; GSK, Venez.*
A live attenuated rotavirus vaccine (RIX4414 strain) (p.2236·1).
Active immunisation.

RotaTeq *MSD, Arg.; CSL, Austral.; Sanofi Pasteur, Cz.; Sanofi Pasteur, Fr.; Sanofi-Aventis, Gr.; MSD, Hung.; Sanofi Pasteur, Hung.; MSD,*

Malaysia; MSD, NZ; Sanofi Pasteur, Pol.; Sanofi Pasteur, Port.; Merck, USA.
A live attenuated oral rotavirus vaccine (pentavalent) (p.2236·1).
Active immunisation.

Roter APC *Imgroma, Neth.*
Aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Roter Noscapect *Imgroma, Neth.*
Noscapine hydrochloride (p.1566·3).
Coughs.

Roteroblong Maagtabletten *Imgroma, Neth.*
Bismuth subnitrate (p.1711·2); magnesium carbonate (p.1743·1); sodium bicarbonate (p.1673·2); frangula bark (p.1732·2).
Duodenitis; gastric hyperacidity; gastritis; peptic ulcer.

Rothacin *Julphar, UAE.*
Indometacin (p.66·3).
Dysmenorrhoea; musculoskeletal, joint, and peri-articular disorders.

Rothonal *Farmamust, Gr.*
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Rothricin *Siam Bheasach, Thai.*
Roxithromycin (p.331·1).
Bacterial infections.

Rothrin *Iapharm, Gr.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone.

Roth's RKT Tropfen *Infirmarius-Rovit, Ger.*
Homoeopathic preparation.

Roth's Ropulmin *Infirmarius-Rovit, Ger.*
Homoeopathic preparation.

Roth's Rotacard *Infirmarius-Rovit, Ger.*
Homoeopathic preparation.

Rotiaz *Richmond, Arg.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia.

Rotifar *Duopharma, Hong Kong.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Rotilen *Terapeutico, Ital.*
Methacycline hydrochloride (p.298·2).
Bacterial infections.

Rotocin *Rotexmedica, Philipp.*
Ampicillin sodium (p.204·1).
Bacterial infections.

Rotomide *Rotexmedica, Philipp.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Rotop Mag-3 *Rossendorf, Cz.†.*
Technetium-99m (p.2055·3) betiatide.
Radionuclide imaging of the kidneys and urinary tract.

Rotova *Katsagonis, Gr.*
Atorvastatin (p.1219·1).
Hyperlipidaemias.

Rotrace *Ace, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Rotram *Ranbaxy, Braz.*
Roxithromycin (p.331·1).
Bacterial infections.

Rotramin *UCB, Spain.*
Roxithromycin (p.331·1).
Bacterial infections.

Rotuss *Scherer, Thai.*
Codeine phosphate (p.37·2); guaifenesin (p.1561·3).
Coughs.

Roug-Mycin *Pharmanik (Φαρμανικ), Gr.†.*
Erythromycin stearate (p.270·1).
Bacterial infections.

Rouvax *Aventis Pasteur, Braz.†; Sanofi Pasteur, Fr.; Vianex (Βιανεξ), Gr.†; Pasteur Merieux, Israel; Aventis Pasteur, Ital.†; Aventis Pasteur, Philipp.; Aventis Pasteur, Pol.; Aventis, S.Afr.; Aventis Pasteur, Thai.†; Aventis Pasteur, Turk.*
A measles vaccine (Schwarz strain) (p.2221·3).
Active immunisation.

Rovacor *Stancare, India; Ranbaxy, Rus.; Ranbaxy, Singapore.*
Lovastatin (p.1328·2).
Atherosclerosis; hypercholesterolaemia.

Rovadin *Otto, Indon.*
Spiramycin (p.333·1).
Bacterial infections; toxoplasmosis.

Rovalcyte *Roche, Fr.; Roche, Port.*
Valganciclovir hydrochloride (p.911·3).
Cytomegalovirus infections.

Rovamicina *Sanofi-Aventis, Braz.; Sanofi-Aventis, Ital.*
Spiramycin (p.333·1).
Bacterial infections.

Rovamycin *Gerot, Austria; Nicholas Piramal, India; Aventis, Norw.; Aventis, Thai.*
Spiramycin (p.333·1).
Bacterial infections; toxoplasmosis.

Rovamycine
Aventis, Arg.; Sanofi-Aventis, Belg.; Aventis, Canad.†; Teofarma, Ger.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Hung.; Sanofi-Aventis, Indon.; Aventis, Israel; Aventis, Malaysia; Aventis, Neth.; Aventis, Pol.; Sanofi-Aventis, Port.; Rhone-Poulenc Rorer, Rus.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Aventis, Switz.; Eczacibasi, Turk.
Spiramycin (p.333·1).
Bacterial infections; cryptosporidiosis; meningococcal meningitis prophylaxis; rheumatic fever prophylaxis; toxoplasmosis.

Sanofi-Aventis, Cz.; Grunenthal, Fr.
Spiramycin (p.333·1) or spiramycin adipate (p.333·2).
Amoebic dysentery; bacterial infections; toxoplasmosis.

Rovartal *Roemmers, Arg.*
Rosuvastatin calcium (p.1389·1).
Cardiovascular risk reduction; hypercholesterolaemia.

Rovelan *EMS, Braz.*
⊗ Furosemide (p.1292·1).

Rovenal *Leciva, Cz.†.*
Roxithromycin (p.331·1).
Bacterial infections.

Rovericlin *SJA, Gr.*
Amikacin sulfate (p.200·3).
Bacterial infections.

Roveril *Roux-Ocefa, Arg.*
Ibuprofen (p.64·2); pseudoephedrine hydrochloride (p.1571·2).
Fever; nasal congestion; pain.

Rovigon
Note.This name is used for preparations of different composition.
Bayer, Austria; Bayer, Belg.; Bayer, Chile; Bayer, Port.; Roche, Switz.
Vitamin A palmitate (p.1973·1); alpha tocoferil acetate (p.1992·3).
Dietary supplement; hearing disorders; male infertility; vitamin A and E deficiency.

Bayer, Fr.†; Bayer, Ital.
Vitamin A (p.1971·2); alpha tocoferil acetate (p.1992·3).
Tissue degeneration; vitamin A and vitamin E deficiency.

Nicholas Piramal, India†.
Betacarotene (p.1930·3); vitamin E (p.1992·2).
Disorders of vision.

Bayer, Philipp.
Vitamin A (p.1971·2); vitamin E (p.1992·2).
Vitamin A and E deficiency.

Rovigon G *Roche Consumer, Ger.†.*
Vitamin A palmitate (p.1973·1); alpha tocoferil acetate (p.1992·3).
Vitamin A and E deficiency.

Rovit *Rolab, S.Afr.†.*
Multivitamin preparation (p.1922·1).

Rovit C *Rolab, S.Afr.†.*
Vitamin C (p.1983·3).
Vitamin C supplement.

Rovoxid *Aurora, Gr.*
Amlodipine (p.1214·2).
Angina pectoris; hypertension.

Rowachol
Note.This name is used for preparations of different composition.
Rosch & Handel, Austria; Rowa, Cz.; Rowa, Ger.; Rowa, Hung.; Rowa, Irl.; Rowa-Wagner, Pol.; Bernauer, Switz.
Menthol (p.2340·1); menthone (p.2340·2); α-pinene (p.2368·3); β-pinene (p.2368·3); borneol (p.2268·3); camphene (p.2273·2); cineole (p.2282·3).
Dyspepsia; hepatobiliary disorders.

Raffo, Chile.
Natural terpenes.
Biliary-tract disorders; liver disorders.

Rowa, Hong Kong; Rowa, Israel; Rowa, Malaysia; Rowa, Philipp.; Rowa, Thai.; Meadow, UK; Zuoz, Venez.
Menthol (p.2340·1); menthone (p.2340·2); pinene (p.2368·3); borneol (p.2268·3); camphene (p.2273·2); cineole (p.2282·3).
Diabetes mellitus; gallstones; hepatobiliary disorders.

Nexis, Spain.
Menthol (p.2340·1); pinenes (p.2368·3); borneol (p.2268·3); camphene (p.2273·2); cineole (p.2282·3); emodin; oxidised terpenes.
Hepatobiliary disorders.

Rowachol comp *Rowa, Ger.†.*
⊗ Menthol (p.2340·1); menthone (p.2340·2); α-pinene (p.2368·3); β-pinene (p.2368·3); borneol (p.2268·3); camphene (p.2273·2); cineole (p.2282·3); deanol benzilate hydrochloride (p.2152·3).
Biliary-tract disorders.

Rowachol-Digestiv *Rowa, Ger.*
Menthol (p.2340·1); menthone (p.2340·2); α-pinene (p.2368·3); β-pinene (p.2368·3); borneol (p.2268·3); camphene (p.2273·2); cineole (p.2282·3).
Digestive system disorders; hepatobiliary disorders.

Rowadermat *Rosch & Handel, Austria.*
Carbenoxolone sodium (p.1714·3).
Aphthous ulcers; herpes labialis.

Rowagel *Rowa, Philipp.*
Carbenoxolone sodium (p.1714·3).
Mouth and face lesions.

Rowalind *Rosch & Handel, Austria.*
Nicotinaldehyde; strong ammonia solution (p.2256·1); ammonium chloride (p.1551·3); camphor (p.2273·2); menthol (p.2340·1); rosemary oil (p.2381·3); lavender oil (p.2331·2).
Musculoskeletal, joint, and soft-tissue disorders; neuralgia; neuritis.

Rowanefrin *Nexis, Spain.*
Anethole (p.2258·1); borneol (p.2268·3); camphene (p.2273·2); rubia tinctorum; oxidised terpenes; pinenes (p.2368·3); fenchone (p.2302·3); cineole (p.2282·3).
Renal calculi; urinary-tract disorders.

Rowapraxin
Rowa, Ger.†.
Pipoxolan (p.2368·3).
Smooth muscle spasms.

Rowa, Hong Kong†; Rowa, Malaysia†.
Pipoxolan hydrochloride (p.2368·3).
Smooth muscle spasm.

Rowarolan
Note.This name is used for preparations of different composition.
Rowa, Irl.
Calcium carbonate (p.1714·1).
Adsorbent in ulcers and sores.

Rowa, Malaysia.
Calcium carbonate (p.1714·1); silica (p.2146·3); talc (p.1615·2).
Minor wounds; ulcers.

Rowasa *Solvay, Fr.; Solvay, USA.*
Mesalazine (p.1745·1).
Inflammatory bowel disease.

Rowatanal
Note.This name is used for preparations of different composition.
Rowa, Hong Kong; Rowa, Malaysia; Rowa, Singapore.
Bismuth subgallate (p.1711·1); menthol (p.2340·1); zinc oxide (p.1621·2); calcium carbonate (p.1714·1).
Anal irritation; anorectal disorders; haemorrhoids.

Rowa, Irl.
Bismuth subgallate (p.1711·1); menthol (p.2340·1); zinc oxide (p.1621·2).
Anal irritation; haemorrhoids.

Rowatinex
Rosch & Handel, Austria; Rowa, Cz.; Rowa, Ger.; Rowa, Hung.; Rowa, Irl.; Rowa-Wagner, Pol.
α-Pinene (p.2368·3); β-pinene (p.2368·3); camphene (p.2273·2); borneol (p.2268·3); anethole (p.2258·1); fenchone (p.2302·3); cineole (p.2282·3).
Renal calculi; urinary-tract disorders.

Raffo, Chile; Rowa, Hong Kong; Rowa, Israel; Rowa, Malaysia; Rowa, Philipp.; Rowa, Thai.; Zuoz, Venez.
Pinene (p.2368·3); camphene (p.2273·2); borneol (p.2268·3); anethole (p.2258·1); fenchone (p.2302·3); cineole (p.2282·3).
Renal calculi; urinary-tract disorders.

Rowestin *Rowe-Fleming, Venez.†.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Rowo-298 *Pharmakon, Ger.†.*
Homoeopathic preparation.
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.

Rowo-629 *Pharmakon, Ger.†.*
Lidocaine hydrochloride (p.1862·3).
Local anaesthesia.

Rowo-778 Symphytum Ro-Plex T (Rowo-778) *Pharmakon, Ger.*
Homoeopathic preparation.

Rowo-Sedaphin 138 (Rowo-138) *Pharmakon, Ger.*
Homoeopathic preparation.

Roxacilin *Royton, Braz.†.*
Oxacillin (p.312·1).
Bacterial infections.

Roxalia *Boiron, Canad.*
Homoeopathic preparation.

Roxane *Lavipharm, Gr.†.*
Roxatidine (p.1769·1).
Peptic ulcer.

Roxanol *aai, USA.*
⊗ Morphine sulfate (p.86·3).
Pain.

Roxar *Arrow, Austral.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxazin *Basi, Port.*
Piroxicam (p.117·3).

Roxbi *Sandoz, Indon.*
Cefuroxime sodium (p.238·2).
Bacterial infections.

Roxcin *Biolab, Malaysia; Biolab, Thai.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxee *Cipla, India.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxem *Aristo, India.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxen *Hua, Thai.†.*
Naproxen (p.92·3).
Gout; musculoskeletal and joint disorders.

Roxene *Benedetti, Ital.*
Piroxicam (p.117·3).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Roxenil *Caber, Ital.*
Piroxicam (p.117·3).
Musculoskeletal, joint, and peri-articular disorders.

Roxeptin *Ipca, India; Ipca, Rus.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxeptin-ME *Ipca, India.*
Roxithromycin (p.331·1); ambroxol (p.1550·3).
Respiratory-tract infections associated with viscous mucus.

Roxetin *Cristalia, Braz.*
Paroxetine hydrochloride (p.414·2).
Depression.

Roxflan *Merck, Braz.*
Amlodipine besilate (p.1214·1).
Hypertension.

Roxi *1A, Ger.; Basics, Ger.; CT, Ger.; Fatol, Ger.; TAD, Ger.; Wolff, Ger.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxibeta *Betapharm, Ger.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxibid *Cadila, India.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxibion *Leiras, Fin.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxibron *Viofar, Gr.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxicam *Sanofi Synthelabo, Arg.†.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders; pain.

Roxicet *Roxane, USA.*
⊗ Oxycodone hydrochloride (p.106·2); paracetamol (p.108·1).
Pain.

Roxicillin *Medichrom, Gr.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxicin *Atlantic, Hong Kong; Atlantic, Thai.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxicodone *aai, USA.*
⊗ Oxycodone hydrochloride (p.106·2).
Pain.

Roxicure *Ajanta, Venez.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxid *Teuto, Braz.†; Alembic, India; Alembic, Singapore.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxiden *Boniscontro & Gazzone, Ital.*
Piroxicam (p.117·3).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Musculoskeletal, joint, and peri-articular disorders.

Roxidene *Combiphar, Indon.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Roxidura *Merck dura, Ger.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxifen *TO-Chemicals, Thai.*
Piroxicam (p.117·3).
Musculoskeletal, joint, and peri-articular disorders.

Roxigamma *Worwag, Ger.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxigrun *Grunenthal, Ger.*
Roxithromycin (p.331·1).
Bacterial infections.

RoxiHefa *Riemser, Ger.; Wernigerode, Ger.*
Roxithromycin (p.331·1).
Bacterial infections.

RoxiHexal *Hexal, Ger.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxihexal *Hexal, Rus.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxiklinge *Fujisawa, Ger.†.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxilan *Olan-Kemed, Thai.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxilox *Roxane, USA.*
⊗ Oxycodone hydrochloride (p.106·2); paracetamol (p.108·1).
Pain.

Roximin *Novis, Gr.; Pharmaland, Thai.*
Roxithromycin (p.331·1).
Bacterial infections.

Roximstad *Pharmacodane, Denm.*
Roxithromycin (p.331·1).
Bacterial infections.

Roximycin *Alphapharm, Austral.*
Roxithromycin (p.331·1).
Bacterial infections.

Roxin
Note.This name is used for preparations of different composition.
Arrow, Austral.
Norfloxacin (p.309·2).
Bacterial infections.

Ulagay, Turk.
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Roxina *Cazi, Braz.*
Roxithromycin (p.331·1).
Bacterial infections.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Roxine
Note.This name is used for preparations of different composition.
Duopharma, Hong Kong.
Dequalinium chloride (p.1641·3).
Mouth and throat disorders.

Pharmasant, Thai.
Dimenhydrinate (p.576·2); pyridoxine hydrochloride (p.1978·2).
Motion sickness; nausea and vomiting in pregnancy; radiation sickness.

Roxinox Charoen Bhaesaj, Malaysia.
Roxithromycin (p.331·1).
Bacterial infections.

Roxi-paed 1A, Ger.†.
Roxithromycin (p.331·1).
Bacterial infections.

Roxiprin Roxane, USA†.
⊗ Oxycodone hydrochloride (p.106·2); oxycodone terephthalate (p.106·2); aspirin (p.20·3).
Pain.

Roxi-Puren Alpharma-Isis, Ger.
Roxithromycin (p.331·1).
Bacterial infections.

Roxi-Q Juta, Ger.; Q-Pharm, Ger.
Roxithromycin (p.331·1).
Bacterial infections.

Roxiratio Ratiopharm, Pol.
Roxithromycin (p.331·1).
Bacterial infections.

Roxi-saar MIP, Ger.
Roxithromycin (p.331·1).
Bacterial infections.

Roxit Aventis, Ger.†; Sanofi-Aventis, Ital.; Knoll, Neth.†; Noristan, S.Afr.†.
Roxatidine acetate hydrochloride (p.1769·1).
Gastro-oesophageal reflux; gastrointestinal disorders associated with hyperacidity; peptic ulcer.

Roxitan Remedica, Malaysia†.
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Roxitazon Alice Loren, Gr.
Roxithromycin (p.331·1).
Bacterial infections.

Roxithro Millimed, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxithro-Lich Winthrop, Ger.
Roxithromycin (p.331·1).
Bacterial infections.

Roxithrostad Stada, Austria.
Roxithromycin (p.331·1).
Bacterial infections.

Roxithroxyl Bangkok Lab & Cosmetic, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxitin TP, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxitop Farmaline, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxitran Neo Quimica, Braz.
Roxithromycin (p.331·1).
Bacterial infections.

Roxitricina Hexal, Braz.†.
Roxithromycin (p.331·1).
Bacterial infections.

Roxitrol Grunenthal, Venez.
Roxithromycin (p.331·1).
Bacterial infections.

Roxitrom Biolab Sanus, Braz.
Roxithromycin (p.331·1).
Bacterial infections.

Roxitromin Sanval, Braz.†.
Roxithromycin (p.331·1).
Bacterial infections.

Roxitron ICN, Pol.; Pentafarma, Port.
Roxithromycin (p.331·1).
Bacterial infections.

Roxium M & H, Thai.
Piroxicam (p.117·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Roxivinol Ferakon, Gr.
Roxithromycin (p.331·1).
Bacterial infections.

Roxivista Cadila, India.
Roxithromycin (p.331·1).
Bacterial infections.

Roxiwas Chiesi, Spain†.
Roxatidine acetate (p.1769·1).
Gastro-oesophageal reflux; peptic ulcer.

Roxlecon Pond's, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxo Unipharm, Israel.
Roxithromycin (p.331·1).
Bacterial infections.

Roxomycin Silom, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxon Karnataka, Philipp.
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Roxorin Richmond, Arg.
Doxorubicin (p.712·2).
Malignant neoplasms.

Roxthomed Medicine Products, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxthrin TO-Chemicals, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxto M & H, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxtrocin Greater Pharma, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxulide Hexal, S.Afr.
Roxithromycin (p.331·1).
Bacterial infections.

Roxxibid Cipla-Medpro, S.Afr.
Roxithromycin (p.331·1).
Bacterial infections.

Roxy
Note.This name is used for preparations of different composition.
Adcock Ingram, S.Afr.
Oxytetracycline hydrochloride (p.312·3).
Bacterial infections.

Sriprasit, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxycam Greater Pharma, Thai.
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Roxydin Biomedis, Thai.; Great Eastern, Thai.
Roxithromycin (p.331·1).
Bacterial infections.

Roxydral Proel, Gr.
Diosmin (p.2304·2); hesperidin (p.2304·3).
Vascular disorders.

Roxy-Due Phoinix Pharm (Φοινιξ Φαρμ), Gr.
Roxithromycin (p.331·1).
Bacterial infections.

Roxylor Shreya, Rus.
Roxithromycin (p.331·1).
Bacterial infections.

Roxyn Pharmaniaga, Malaysia†; Raza, Malaysia†.
Naproxen (p.92·3).
Gout; musculoskeletal and joint disorders; pain.

Roxyrol Concept, India.
Roxithromycin (p.331·1).
Bacterial infections.

Roxyspes Specifar (Σπεσιφαρ), Gr.
Roxithromycin (p.331·1).
Bacterial infections.

Royal E Cielle, Ital.
Royal jelly (p.2382·1); vitamin E (p.1992·2).
Nutritional supplement.

Royal Life Bioceuticals, UK.
Multivitamin, mineral, and amino-acid preparation (p.1922·1).

Royalin TO-Chemicals, Thai.
⊗ Salbutamol sulfate (p.1131·3); guaifenesin (p.1561·3).
Coughs; obstructive airways disease.

Roycefax Royton, Braz.†.
Ceftazidime (p.234·1).
Bacterial infections.

Roychlor Waymar, Canad.†.
Potassium chloride (p.1684·3).
Potassium deficiency.

Royen Omedir, Arg.; Rubio, Spain.
Calcium acetate (p.1675·2).
Calcium supplement; hyperphosphataemia.

Royken Kendrick, Mex.
Phytomenadione (p.1995·3).
Haemorrhagic disorders.

Royl 6 Adcock Ingram, S.Afr.
Vitamin B substances with vitamin C (p.1922·1).

Roytrin Royton, Braz.†.
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; protozoal infections.

Royvac Kit Waymar, Canad.
Oral solution, magnesium citrate (p.1743·2); 3 tablets, bisacodyl (p.1710·1); 1 suppository, bisacodyl.
Bowel evacuation.

Roza Orva, Turk.
Metronidazole (p.837·1).
Rosacea.

Rozacreme Biorga, Fr.
Metronidazole (p.837·1).
Rosacea.

Rozagel Biorga, Fr.
Metronidazole (p.837·1).
Rosacea.

Rozek Galderma, Venez.
Metronidazole (p.837·1).
Rosacea.

Rozerem Takeda, Fr.; Takeda, Jpn; Takeda, USA.
Ramelteon (p.1024·1).
Insomnia.

Rozex Galderma, Arg.; Galderma, Austral.; AB-Consult, Austria; Galderma, Belg.; Galderma, Braz.; Galderma, Cz.; Galderma, Denm.; Galderma, Fin.; Galderma, Fr.; Galderma, Hong Kong; Galderma, Hung.; Galderma, Irl.; Galderma, Israel; Galderma, Ital.; Galderma, Malaysia; Healthcare Logistics, NZ; Galderma, Neth.; Galderma, Norw.; Galderma, Pol.; Galderma, S.Afr.; Galderma, Singapore; Galderma, Spain; Galderma, Swed.; Galderma, Switz.; Galderma, UK.
Metronidazole (p.837·1).
Rosacea.

Rozicel BMS, Ital.
Cefprozil (p.232·2).
Bacterial infections.

Rozidal Solus, India.
Risperidone (p.1024·2).
Bipolar disorder; psychoses.

Rozolam Farmedia, Gr.
Ciclopirox (p.529·2).
Fungal vaginal infections.

Rozon Ulkar, Turk.
Ranitidine hydrochloride (p.1766·1).

Rozovin Pharmanik (Φαρμανικ), Gr.†.
Ibuprofen (p.64·2).
Inflammation; musculoskeletal and joint disorders; pain.

Roztwor Elkintona Nr 2 Pliva Krakow, Pol.
Sodium chloride; potassium chloride (p.1667·1).
Fluid and electrolyte disorders.

R-Pril Biochem, India.
Ramipril (p.1385·3).
Heart failure; hypertension.

R-Rax Medicine Products, Thai.
Hydroxyzine hydrochloride (p.581·2).
Pruritus.

R-Tanna
Note.This name is used for preparations of different composition.
Duramed, USA.
Suspension: Phenylephrine tannate (p.1568·3); mepyramine tannate (p.585·2).
Upper respiratory-tract disorders.

Prasco, USA.
Tablets: Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2).
Upper respiratory-tract disorders.

R-Tanna S Pediatric Prasco, USA.
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2).
Upper respiratory-tract disorders.

R-Tannamine Qualitest, USA.
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2); mepyramine tannate (p.585·2).
Upper respiratory-tract symptoms.

R-Tannate Copley, USA; Schein, USA; Warner Chilcott, USA.
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2); mepyramine tannate (p.585·2).
Allergic rhinitis; nasal congestion.

R-Tannic-S Cypress, USA†.
Phenylephrine tannate (p.1568·3); mepyramine tannate (p.585·2).
Allergic rhinitis; cold symptoms; sinusitis.

R-Tyflam Rayere, Mex.
Piroxicam (p.117·3).
Inflammation; pain.

Rubacina Rubio, Spain.
Famotidine (p.1730·1).
Gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rub-Arom Hasco-Lek, Pol.
Camphor (p.2273·2); eucalyptus oil (p.2301·2); menthol (p.2340·1); thymol (p.1664·3); turpentine oil (p.2406·3).
Cold symptoms; musculoskeletal and joint disorders; neuralgia.

Rubeaten Kwizda, Austria; Berna, Port.†; Berna, Switz.
A rubella vaccine (Wistar RA 27/3 strain) (p.2236·3).
Active immunisation.

Rubefric Spefar, Venez.†.
Methyl salicylate (p.85·3); camphor (p.2273·2); chloroform (p.1781·1); Fioraventi balsam.
Rubefacient.

Rubellovac Chiron Behring, Ger.†.
A rubella vaccine (Wistar RA 27/3 strain) (p.2236·3).
Active immunisation.

Rubesal Hamilton, Austral.; Hamilton, Hong Kong.
Diethylamine salicylate (p.47·2); camphor (p.2273·2); menthol (p.2340·1).
Musculoskeletal and soft-tissue pain.

Rubex
Note.This name is used for preparations of different composition.
BMS, Braz.; BMS Oncology, USA†.
Doxorubicin hydrochloride (p.712·2).
Malignant neoplasms.

Rice Steele, Irl.
Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Rubicalm Julphar, UAE.
Diethylamine salicylate (p.47·2); menthol (p.2340·1).
Musculoskeletal pain.

Rubicolan F Syxyl, Ger.
Homoeopathic preparation.

Rubi-Dex Cazi, Braz.
Menthol (p.2340·1); methyl salicylate (p.85·3).
Musculoskeletal and joint disorders.

Rubidox
Note.This name is used for preparations of different composition.
Pfizer, Arg.†.
Cyproterone acetate (p.2088·2).
Androgenisation in females; prostatic cancer; sexual deviation in males.

Bergamo, Braz.; Sandoz, Indon.; Baxter, Philipp.
Doxorubicin hydrochloride (p.712·2).
Malignant neoplasms.

Medicus, Gr.
Doxorubicin (p.712·2).

RubieFol Rubiepharm, Ger.†.
Folic acid (p.1940·1).
Folic acid deficiency.

RubieMag + E Rubiepharm, Ger.†.
d-Alpha Tocoferil acetate (p.1992·3); magnesium oxide (p.1744·1).
Vitamin E and magnesium deficiency.

RubieMen Rubiepharm, Ger.†.
Dimenhydrinate (p.576·2).
Motion sickness; nausea and vomiting; vertigo.

RubieMol Rubiepharm, Ger.†.
Paracetamol (p.108·1).
Fever; pain.

RubieNex spezial Rubiepharm, Ger.†.
Ergotamine tartrate (p.620·1); propyphenazone (p.119·3).
Menstrual disorders; migraine.

RubieSed Rubiepharm, Ger.†.
Valerian (p.2410·1); melissa (p.2339·3); passion flower (p.2363·2).
Agitation; sleep disorders.

Rubifarm Pharmacia, Arg.†.
Epirubicin hydrochloride (p.716·1).
Malignant neoplasms.

Rubifen Neuropharma, Arg.; Rubio, Malaysia; AFT, NZ; Rubio, Neth.†; Rubio, Port.; Rubio, Singapore; Rubio, Spain; Rubio, Thai.†; TTN, Thai.†.
⊗ Methylphenidate hydrochloride (p.2159·2).
Attention deficit hyperactivity disorder; mood disorders; narcoleptic syndrome.

Rubifort Kinder, Braz.
Vitamin A palmitate; colecalciferol (p.1922·1).
Vitamin A and D supplement.

Rubilax Pharmachoice, S.Afr.†.
Charcoal (p.1435·2); rhubarb (p.1768·3); senna (p.1769·2).
Constipation.

Rubilem Lemery, Mex.
Daunorubicin hydrochloride (p.709·1).
Malignant neoplasms.

Rubimar Arrow, Cz.
Lamotrigine (p.485·1).
Epilepsy.

Rubimycin Pharmacare, S.Afr.
Erythromycin stearate (p.270·1).
Bacterial infections.

Rubina Eurofarma, Braz.
Epirubicin hydrochloride (p.716·1).
Malignant neoplasms.

Rubiron Pierre Fabre, Arg.
Ferrous sulfate (p.1939·3); folic acid (p.1940·1); cyanocobalamin (p.1980·2).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia; nutritional supplement.

Rubisan Peithner, Austria; DHU, Cz.; DHU, Ger.; VSM, Neth.; Omida, Switz.†.
Homoeopathic preparation.

Rubital Gemi, Pol.
Althaea (p.2253·3).
Cough; respiratory-tract inflammation.

Rubital Compositum Gemi, Pol.
⊗ Althaea (p.2253·3); ephedrine hydrochloride (p.1558·2).
Cough; respiratory-tract inflammation.

Rubiten Rafarm, Gr.
Diltiazem (p.1267·1).
Angina pectoris; hypertension.

Rubiulcer Rubio, Spain.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rubizon-Rheumagel Makara, Austria.
Glycol salicylate (p.62·3); camphor (p.2273·2); benzyl nicotinate (p.28·1); capsaicin (p.32·3).
Chilblains; musculoskeletal and joint disorders; neuralgia.

Rubjovit SIFI, Ital.
⊗ Rubidium iodide (p.2382·2); sodium iodide (p.2169·2); calcium formate (p.2306·3); sodium ascorbate (p.1984·1); thiamine hydrochloride (p.1976·1).
Cataracts.

Rublex D Don, Israel.
Menthol (p.2340·1); camphor (p.2273·2); methyl salicylate (p.85·3); salicylic acid (p.1612·2).
Musculoskeletal and joint disorders.

Rublex Massage Cream Don, Israel.
Menthol (p.2340·1); camphor (p.2273·2); methyl salicylate (p.85·3); capsicum oleoresin (p.2276·2).
Musculoskeletal and joint disorders.

Rubocort Rafarm, Gr.
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Ruboderm Plus Labcatal, Fr.
Zinc gluconate (p.1999·2); copper gluconate (p.1935·3); gluconolactone (p.2313·1).
Skin disorders.

Rub-on Plus ICM, Singapore†.
Methyl salicylate (p.85·3); menthol (p.2340·1); camphor (p.2273·2).
Musculoskeletal and soft-tissue pain.

Rubophen *Sanofi-Aventis, Hung.; Zentiva, Hung.*
Paracetamol (p.108·1).
Fever; pain.

Ruboril
Note.This name is used for preparations of different composition.
D & M, Chile.
Enoxolone (p.50·1); levomenol (p.2333·3).
Facial flushing; rosacea.

Darier, Mex.
Barrier cream.

Rubozinc *Labcatal, Fr.*
Zinc gluconate (p.1999·2).
Acne; acrodermatitis enteropathica.

Rubralong *Dovalle, Braz.†.*
Ferrous fumarate (p.1938·3); vitamin B substances (p.1922·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemias.

Rubramin *BMS, Philipp.*
Cyanocobalamin (p.1980·2).
Vitamin B deficiency.

Rubranova *Mead Johnson, Braz.*
Hydroxocobalamin (p.1980·3).
Megaloblastic anaemia; vitamin B deficiency.

Rubraplex *Sarabhai Piramal, India.*
Ferric ammonium citrate (p.1938·1); folic acid (p.1940·1).
Anaemia.

Rubrargil *IQB, Braz.*
Ferrous sulfate (p.1939·3); vitamin B ; vitamin B ; copper sulfate (p.1922·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemias.

Rubriment
Note.This name is used for preparations of different composition.
Nycomed, Austria.
Benzyl nicotinate (p.28·1); nonivamide (p.96·2); glycol salicylate (p.62·3); salicylamide (p.121·2); camphor (p.2273·2); turpentine oil (p.2406·3).
Frostbite; joint, muscle, and nerve disorders; peripheral vascular disorders; sport massage.

Riemser, Ger.
Bath additive: Benzyl nicotinate (p.28·1).
Bath additive; peripheral vascular disorders; rheumatism.

Riemser, Ger.
Ointment: Benzyl nicotinate (p.28·1); nonivamide (p.96·2).
Frostbite; inflammation; musculoskeletal and joint disorders; peripheral vascular disorders.

Rubriment-BN *Riemser, Ger.*
Benzyl nicotinate (p.28·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; peripheral vascular disorders.

Rubriment-N *Nordmark, Cz.†; Riemser, Ger.†.*
Benzyl nicotinate (p.28·1); glycol salicylate (p.62·3); camphor (p.2273·2).
Frostbite; musculoskeletal, joint, peri-articular, and soft-tissue disorders; peripheral vascular disorders.

Rubrina *Solfran, Mex.†.*
Hydroxocobalamin (p.1980·3).

Rubrinal *Vargas, Venez.*
Cyanocobalamin (p.1980·2); pyridoxine hydrochloride (p.1978·2); thiamine hydrochloride (p.1976·1) or thiamine nitrate (p.1976·2).
Lidocaine hydrochloride (p.1862·3) is included in the injection to alleviate the pain of injection.
Peripheral neuropathy; vitamin B deficiency.

Rubrinex *Vargas, Venez.*
Cyanocobalamin (p.1980·2); pyridoxine hydrochloride (p.1978·2); thiamine hydrochloride (p.1976·1).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Peripheral neuropathy.

Rubrobion *Sintofarma, Braz.†.*
Ferric ammonium citrate (p.1938·1); vitamin B substances; inositol; liver extract (p.1922·1).
Iron deficiency; iron-deficiency anaemia.

Rubrociclina *DMG, Ital.†.*
Demeclocycline hydrochloride (p.264·3); erythromycin estolate (p.269·3).
Bacterial infections.

Rubrocortin *Farma Lepori, Spain†.*
⊗ Cyanocobalamin (p.1980·2); suprarenal cortex extract (p.1543·3); liver extract (p.2337·3); inosine (p.2325·2).
Anaemias; tonic.

Rubroferrina *NCSN, Ital.†.*
Sodium ferric gluconate complex (p.1962·2).
Anaemias.

Rubrojunior *Piam, Ital.*
Lactoferrin; zinc; vitamin B substances (p.1922·1).
Nutritional supplement.

Rubromicin *Prati-Donaduzzi, Braz.†.*
Erythromycin (p.269·2).
Bacterial infections.

Rubrovital *Piam, Ital.*
Lactoferrin; vitamin B substances; zinc (p.1922·1).
Tonic.

Rubrum *Nolver, Venez.*
Granisetron (p.1733·1).
Nausea and vomiting.

Rubus Complex *Blackmores, Austral.†.*
Raspberry leaf (p.2378·2); spirulina (p.2392·1); ascorbic acid; mitchella repens; hesperidin (p.2304·3); rutoside (p.2305·1); *d*-alpha tocoferil acid succinate; vitamin B substances (p.1922·1); choline bitartrate; inositol.
Obstetric and gynaecological disorders.

Rucaten Forte *Ivax, Arg.*
Acemetacin (p.15·1); chlorzoxazone (p.1894·3).
Musculoskeletal, joint, and peri-articular disorders.

Rucaten Prednisolona *Ivax, Arg.*
⊗ Acemetacin (p.15·1); prednisolone (p.1540·3); thiamine hydrochloride; cyanocobalamin (p.1922·1).
Gout; musculoskeletal and joint disorders; neuralgia.

Rucin *General Drugs, Thai.*
Roxithromycin (p.331·1).
Bacterial infections.

Rudd-U *Frankin, Hong Kong†.*
Oxyphencyclimine hydrochloride (p.1759·2); methiosulfonium chloride (p.2343·3).
Stomach discomfort.

Rudesol *Pharmacos, Mex.†.*
Phenylbutazone (p.117·1).
Musculoskeletal and joint disorders.

Rudin *HPP, Hong Kong.*
Roxithromycin (p.331·1).
Bacterial infections.

Rudi-Rouvax *Aventis Pasteur, Braz.†; Aventis Pasteur, Thai.†.*
A measles and rubella vaccine (Schwarz and Wistar RA 27/3 strains respectively) (p.2223·1).
Active immunisation.

Rudistrol *Boiron, Canad.; Boiron, Neth.*
Homoeopathic preparation.

Rudivax *Sanofi Pasteur, Arg.; Aventis Pasteur, Braz.†; Pasteur Merieux, Cz.†; Sanofi Pasteur, Fr.; Aventis Pasteur, Hong Kong†; Pasteur Merieux, Israel; Aventis Pasteur, Ital.†; Sanofi Pasteur, Port.; Aventis, S.Afr.; Aventis Pasteur, Thai.†.*
A live attenuated rubella vaccine (Wistar RA 27/3-M strain) (p.2236·3).
Active immunisation.

Rudocaine *Streuli, Switz.*
⊗ Articaine hydrochloride (p.1854·1).
Adrenaline hydrochloride (p.1203·3) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Rudocycline *Streuli, Switz.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Rudolac *Streuli, Switz.*
Lactulose (p.1738·2).
Constipation; hepatic encephalopathy.

Rudopram *Streuli, Switz.*
Citalopram hydrobromide (p.385·3).
Depression; panic attacks.

Rudotel *AWD, Ger.; AWD, Hung.; AWD, Pol.; AWD, Rus.*
Medazepam (p.1006·1).
Anxiety.

Rudoxil *Phoenix, Arg.*
⊗ Carvedilol (p.1241·3).
Angina pectoris; heart failure; hypertension.

Rufebran allergo *Staufen, Ger.*
Homoeopathic preparation.

Rufebran broncho *Staufen, Ger.*
Homoeopathic preparation.

Rufebran gastro *Staufen, Ger.*
Homoeopathic preparation.

Rufebran lympho *Staufen, Ger.*
Homoeopathic preparation.

Rufebran neuro *Staufen, Ger.*
Homoeopathic preparation.

Rufebran regeno *Staufen, Ger.*
Homoeopathic preparation.

Rufebran thyreo *Staufen, Ger.*
Homoeopathic preparation.

Ruflex *Sunpab, Philipp.*
Glucosamine hydrochloride (p.2313·2); manganese (p.1956·1); gotu kola (p.1592·3); ginger (p.1732·3); celery (p.2278·3).
Joint pain and stiffness.

Rufol *Urgo, Fr.*
Sulfamethizole (p.339·3).
Cystitis.

Rug-Derm *Remexa, Mex.*
Salicylic acid (p.1612·2); lactic acid (p.2329·3).
Warts.

Ru-lets *Rugby, USA.*
A range of vitamin preparations (p.1922·1).

Rulicalcin *Aventis, Ital.†.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone; reflex sympathetic dystrophy.

Rulid *Aventis, Arg.; Sanofi-Aventis, Belg.; Sanofi-Aventis, Braz.; Leciva, Cz.†; Sanofi-Aventis, Fr.; Aventis, Ger.; Winthrop, Ger.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Hung.; Sanofi-Aventis, Indon.; Aventis, Israel; Lepetit, Ital.; Aventis, Malaysia; Aventis, Mex.; Aventis, Philipp.; Aventis, Pol.; Sanofi-Aventis, Rus.; Aventis, Singapore†; Aventis, Switz.; Aventis, Thai.; Aventis, Turk.; Sanofi-Aventis, Venez.*
Roxithromycin (p.331·1).
Bacterial infections.

Rulide *Sanofi-Aventis, Austral.; Aventis, Austria; Aventis, Neth.; Sanofi-Aventis, Port.; Aventis, S.Afr.; Sanofi-Aventis, Spain.*
Roxithromycin (p.331·1).
Bacterial infections.

Rulofer G *Lomapharm, Ger.*
Ferrous gluconate (p.1939·1).
Iron deficiency.

Rulofer N *Lomapharm, Ger.*
Ferrous fumarate (p.1938·3).
Iron deficiency.

RuLox *Rugby, USA.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Hyperacidity.

RuLox Plus *Rugby, USA.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Hyperacidity.

Rulun *Lacer, Spain.*
⊗ Hydrochlorothiazide (p.1307·3); rauwolfia (p.1387·1); trichlormethiazide (p.1418·3); xantinol nicotinate (p.1433·1).
Hypertension.

Rumadene *Chew, Thai.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, and peri-articular disorders.

Rumalaya *Himalaya Herbal, Malaysia.*
Boswellia serrata (p.2307·1); Indian bdellium; galanga; liquorice (p.1740·3); gokhru (p.2404·1); tinospora cordifolia.
Joint pain.

Rumalef *Cadila, India.*
Leflunomide (p.75·3).
Rheumatoid arthritis.

Rumalon *Asta Medica, Braz.†; Recalcine, Chile; Robapharm, Hung.†.*
Cartilage (p.2277·3); bone marrow.
Degenerative joint disorders; inflammation; osteoarthritis.

Rumancek Pravy *Slovakofarma, Cz.†.*
Chamomile (p.2279·3).
Gastrointestinal disorders; inflammatory disorders of the skin and mucous membranes.

Rumasian *Asian Pharm, Thai.*
Ibuprofen (p.64·2).
Osteoarthritis, rheumatoid arthritis.

Rumasin *Gunsa, Turk.*
Methyl salicylate (p.85·3); menthol (p.2340·1).
Musculoskeletal and joint pain.

Rumatab *Pharmaland, Thai.†.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal and joint disorders.

Rumatifen *Chew, Thai.*
Ibuprofen (p.64·2).
Dysmenorrhoea; gout; musculoskeletal and joint disorders.

Rumatifen-Plus *Chew, Thai.*
Ibuprofen (p.64·2); paracetamol (p.108·1).
Fever; pain.

Rumaxicam *March, Thai.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Rumazolidin *Biosel, Turk.*
Naproxen (p.92·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Rumicine *Schering-Plough, Fr.†.*
Aspirin (p.20·3); chlorphenamine maleate (p.571·3); caffeine (p.1116·3).
Cold symptoms.

Rumisedan *Lanpharm, Arg.*
Piroxicam (p.117·3); ascorbic acid (p.1983·3).
Inflammation; pain.

Rumisedan Fuerte *Lafage, Arg.†.*
Piroxicam (p.117·3); carisoprodol (p.1894·1); ascorbic acid; vitamin B substances (p.1922·1).
Inflammation; pain.

Rum-K *Fleming, USA†.*
Potassium chloride (p.1684·3).
Hypokalaemia.

Rumycoz *Shchelkovskii, Rus.*
Itraconazole (p.536·3).
Fungal infections.

Runde *Rafarm, Gr.*
Tetramethrin (p.2051·1); piperonyl butoxide (p.2049·1).
Head, body, and crab lice.

Rupafin *Biosintetica, Braz.; Olvos, Gr.; Uriach, Spain.*
Rupatadine fumarate (p.590·2).
Allergic rhinitis.

Rupan *Medochemie, Hong Kong†; Medochemie, Malaysia†; Medochemie, Thai.†.*
Ibuprofen (p.64·2).
Musculoskeletal, joint, and soft-tissue disorders; pain.

Rupecef *Duncan, Arg.†.*
Cefalotin (p.220·2).
Bacterial infections.

Rupedex *Duncan, Arg.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Rupediz *Duncan, Arg.†.*
Diazepam (p.986·3).
Anxiety.

Rupegen *Duncan, Arg.†.*
Gentamicin (p.284·2).
Bacterial infections.

Rupek *Duncan, Arg.*
Phytomenadione (p.1995·3).
Haemorrhage.

Rupemet *Duncan, Arg.*
Metoclopramide (p.1747·3).
Nausea and vomiting.

Rupe-N *Duncan, Arg.†.*
Hyoscine (p.1733·3).
Muscle spasm.

Rupe-N Compuesto *Duncan, Arg.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).
Muscle spasm.

Rupesona B *Duncan, Arg.*
⊗ Meprednisone (p.1538·1).
Formerly contained prednisone.
Corticosteroid.

Rupox *Medipharma, Arg.*
Oxcarbazepine (p.490·3).
Epilepsy.

Rupton
Note.This name is used for preparations of different composition.
SMB, Belg.
Loratadine (p.583·3).
Hypersensitivity reactions.

Dexo, Switz.†.
Brompheniramine maleate (p.569·2); phenylpropanolamine hydrochloride (p.1569·3).
Upper respiratory-tract disorders.

Ruscimel *Soria Natural, Spain†.*
Hamamelis (p.2318·2); aesculus (p.2248·2); cypress (p.2291·2); butcher's broom (p.2270·3).
Haemorrhoids; venous disorders.

Ruscorectal *Juste, Spain†.*
Ruscogenin (p.2382·2).
Anorectal disorders.

Ruscoroid *Sanofi-Aventis OTC, Ital.*
Ruscogenin (p.2382·2); tetracaine hydrochloride (p.1871·3).
Anorectal disorders.

Ruscus *Llorens, Spain.*
⊗ Cinchocaine hydrochloride (p.1857·3); prednisolone (p.1540·3); ruscogenin (p.2382·2); zinc oxide (p.1621·2); menthol (p.2340·1).
Anorectal disorders.

Rusedal *Byk, Cz.†; Altana, Ger.; Altana, Hung.*
Medazepam (p.1006·1).
Anxiety disorders; insomnia; premedication.

Ruskorex *GSK, Pol.*
Ruscogenin (p.2382·2); tetracaine hydrochloride (p.1871·3).
Anorectal disorders.

Russedyl *Strand, Malaysia†.*
Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2).
Allergic rhinitis; coughs; sinusitis.

Russedyl Plus *Pharmaniaga, Malaysia.*
Pholcodine (p.1570·2); promethazine hydrochloride (p.588·2); pseudoephedrine hydrochloride (p.1571·2).
Cough.

Rusyde *CP Pharmaceuticals, UK.*
⊗ Furosemide (p.1292·1).
Oedema.

Rutacid *KRKA, Cz.; KRKA, Pol.; KRKA, Rus.*
Hydrotalcite (p.1733·3).
Duodenitis; dyspepsia; gastric hyperacidity; gastritis; gastro-oesophageal reflux; heartburn; peptic ulcer.

Ruta-Gastreu N R55 *Reckeweg, Ger.*
Homoeopathic preparation.

Rutascorbin *Valeant, Hung.*
Rutoside (p.2305·1); ascorbic acid (p.1983·3).
Haemorrhage; vascular disorders.

Ruthison *Unison, Philipp.*
Roxithromycin (p.331·1).
Bacterial infections.

Ruticalzon *Brady, Austria.*
Colecalciferol (p.1986·2); rutoside (p.2305·1); vitamin C (p.1983·3); calcium citrate (p.1675·3).
Capillary haemorrhage; infections.

Ruticalzon VC *Stegropharm, Ger.†.*
Rutoside (p.2305·1); ascorbic acid (p.1983·3).
Haemorrhagic disorders.

Rutilina *Bernabo, Arg.*
Troxerutin (p.2305·1).
Venous insufficiency.

Rutinacea *Aflofarm, Pol.*
Ascorbic acid (p.1983·3); rutoside (p.2305·1).
Vitamin C supplement.

Rutinice Fortissimo *Menarini, Port.*
Rutoside (p.2305·1); ascorbic acid (p.1983·3).
Haemorrhage.

Rutinion *Biomo, Ger.*
Rutoside (p.2305·1).
Venous insufficiency.

Rutinoscorbin *GSK, Pol.*
Ascorbic acid (p.1983·3); rutoside (p.2305·1).
Vitamin C supplement.

Rutinoscorbin Plus *GSK, Pol.*
Ascorbic acid; rutoside (p.2305·1); selenium; zinc (p.1922·1).
Dietary supplement.

Rutinoven *RiC, Pol.*
Troxerutin (p.2305·1).
Venous insufficiency.

Rutisan CE *Carlo Erba OTC, Ital.†.*
Rutoside (p.2305·1); vitamin C (p.1983·3); vitamin E (p.1992·2).
Vascular disorders.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Rutiscorbin *Fresenius Kabi, Austria†.*
Rutoside (p.2305·1); ascorbic acid (p.1983·3).
Haemorrhage; infections.

Rutisept extra *Ecolab, Ger.*
Isopropyl alcohol (p.1650·3); triclosan (p.1665·2).
Hand disinfection.

Rutiviscal *Sanidom, Austria.*
Garlic (p.2309·2); crataegus (p.2289·1); mistletoe (p.2345·3); rutoside (p.2305·1).
Atherosclerosis.

Rutokal C *Natur Produkt, Pol.*
Ascorbic acid (p.1983·3); calcium carbonate (p.1714·1); rutoside (p.2305·1).
Capillary fragility; cold symptoms; dietary supplement.

Rutoven *Herbapol Poznan, Pol.*
Troxerutin (p.2305·1).
Venous insufficiency.

Rutovit C *Polfa Kutno, Pol.*
Ascorbic acid (p.1983·3); rutoside (p.2305·1).
Capillary fragility; cold symptoms.

Rutozym *Mucos, Austria.*
Rutoside (p.2305·1); bromelain (p.2269·1); trypsin (p.2405·3).
Inflammation; musculoskeletal and joint disorders; pain; thrombophlebitis.

Rutying *Super Mayoreo Naturista, Mex.*
Ginseng (p.2312·1).
Tonic.

Ruvamed *Coup, Gr.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Ruvetine *Rafarm, Gr.†.*
Cisapride (p.1720·3).
Gastrointestinal motility disorders.

Ruvominox *Rafarm, Gr.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders; pain; prevention of miosis in ophthalmic surgery.

Ruxcine *Mugi, Indon.*
Roxithromycin (p.331·1).
Bacterial infections.

Ruxicolan *Rafarm, Gr.*
Ticlopidine (p.1412·1).
Thromboembolic disorders.

Ruxim *Samarth, Philipp.*
Cefuroxime sodium (p.238·2).
Bacterial infections.

RV Paque
Note.This name is used for preparations of different composition.
ICN, Canad.†; ICN, NZ.
Zinc oxide (p.1621·2); octinoxate (p.1608·2).
Sunscreen.

ICN, Malaysia†; ICN, Singapore†; ICN, USA.
Zinc oxide (p.1621·2); cinoxate (p.1593·1).
Sunscreen.

R-Vac *Serum Institute, India.*
A rubella vaccine (Wistar RA 27/3 strain) (p.2236·3).
Active immunisation.

Rycef *Interbat, Indon.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Rydene *Astellas, Belg.*
Nicardipine hydrochloride (p.1348·1).
Hypertension.

Rydian *Guardian, Indon.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Rye *Rafarm, Gr.*
Bifonazole (p.527·3).
Fungal skin infections.

Rymed *Edwards, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs.

Ryna *Wallace, USA†.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Ryna-12 *Wallace, USA.*
Mepyramine tannate (p.585·2); phenylephrine tannate (p.1568·3).
Nasal congestion; rhinitis.

Ryna-C *Wallace, USA†.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); codeine phosphate (p.37·2).
Coughs and cold symptoms.

Rynacrom *Aventis, Austral.; Sanofi-Aventis, Irl.; Aventis, Mex.; Aventis, NZ; Aventis, Port.†; Aventis, Singapore†; Aventis, Thai.; Eczacibasi, Turk.; Sanofi-Aventis, UK.*
Sodium cromoglicate (p.1136·3).
Allergic rhinitis.

Rynacrom Compound *Aventis, Malaysia†; Aventis, Thai.†; Eczacibasi, Turk.; Pantheon, UK†.*
⊗ Sodium cromoglicate (p.1136·3); xylometazoline hydrochloride (p.1575·1).
Allergic rhinitis; nasal congestion.

Ryna-CX *Wallace, USA†.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3); codeine phosphate (p.37·2).
Coughs.

Rynatan
Note.This name is used for preparations of different composition.
Medpointe, USA†.
Azatadine maleate (p.568·1); pseudoephedrine sulfate (p.1571·2).
Cold symptoms.

Medpointe, USA.
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2).
Upper respiratory-tract disorders.

Rynatanic *Novartis, Arg.†.*
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2); mepyramine tannate (p.585·2).

Rynatus *Novartis, Arg.†.*
⊗ Pentoxyverine tannate (p.1567·3); phenylephrine tannate (p.1568·3) ephedrine tannate (p.1559·1); chlorphenamine tannate (p.572·2).

Rynatuss *Medpointe, USA.*
⊗ Pentoxyverine tannate (p.1567·3); chlorphenamine tannate (p.572·2); ephedrine tannate (p.1559·1); phenylephrine tannate (p.1568·3).
Coughs.

Ryneze *Stewart Jackson, USA.*
Chlorphenamine maleate (p.571·3); hyoscine methonitrate (p.1734·2).
Upper respiratory-tract disorders.

Ryol *Schwarz, Ger.*
Oxybutynin hydrochloride (p.2190·3).
Bladder instability.

Ryspolit *Polpharma, Pol.*
Risperidone (p.1024·2).
Schizophrenia.

Rythmex *Teva, Israel.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Rythmical *Unipharm, Israel.*
Disopyramide phosphate (p.1269·2).
Arrhythmias.

Rythmodan
Aventis, Austral.; Chugai, Jpn; Aventis, NZ; Aventis, Neth.†; Aventis, S.Afr.
Disopyramide (p.1269·1).
Arrhythmias.

Aventis, Austria; Sanofi-Aventis, Belg.; Aventis, Canad.; Sanofi-Aventis, Fr.; Borg, UK.
Disopyramide (p.1269·1) or disopyramide phosphate (p.1269·2).
Arrhythmias.

Aventis, Cz.†; IFET (ΙΦΕΤ), Gr.; Sanofi-Aventis, Irl.
Disopyramide phosphate (p.1269·2).
Arrhythmias.

Rythmodul *Aventis, Ger.†; IFET (ΙΦΕΤ), Gr.†.*
Disopyramide phosphate (p.1269·2).
Arrhythmias.

Rythmogastryl *Rafarm, Gr.*
Omeprazole (p.1753·1).
Acid aspiration; eradication of Helicobacter pylori in combination with antimicrobials; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Rythmol *Abbott, Canad.; Abbott, Fr.; Abbott, S.Afr.; Reliant, USA.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Rythmonorm *Vianex (Βιανέξ), Gr.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Rythocin *Millimed, Thai.*
Erythromycin (p.269·2).
Bacterial infections.

Rytmobeta *Abbott, Ital.*
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Rytmocard *Abbott, Philipp.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Rytmogenat *Azupharma, Ger.†.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Rytmonorm *Abbott, Belg.; Abbott, Chile†; Abbott, Cz.; Abbott, Denm.; Abbott, Fin.; Abbott, Ger.; Abbott, Hong Kong; Abbott, Hung.; Abbott, Indon.; Abbott, Ital.; Abbott, Malaysia†; Abbott, NZ; Abbott, Neth.; Abbott, Pol.; Abbott, Port.; Abbott, Rus.; Abbott, Singapore; Abbott, Spain; Abbott, Swed.; Abbott, Switz.; Abbott, Thai.; Abbott, Turk.; Abbott, Venez.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Rytmonorma *Abbott, Austria.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Rytmopasc *Pascoe, Ger.*
Homoeopathic preparation.

Rytmo-Puren *Alpharma-Isis, Ger.*
Propafenone hydrochloride (p.1379·2).
Arrhythmias.

Ry-Tuss *Cypress, USA†.*
⊗ Pentoxyverine tannate (p.1567·3); chlorphenamine tannate (p.572·2); ephedrine tannate (p.1559·1); phenylephrine tannate (p.1568·3).
Coughs.

Ryvel *Novell, Hong Kong; Novell, Indon.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders; urticaria.

Ryvina *Rafarm, Gr.†.*
⊗ Pilocarpine hydrochloride (p.1884·3); dipivefrine (p.2295·3).
Glaucoma.

Rywanol *Hasco-Lek, Pol.*
Ethacridine lactate (p.1625·1).
Burns; skin and mucous membrane infections; ulcers; wounds.

Ryzen *UCB, Indon.*
Cetirizine hydrochloride (p.570·3).
Rhinitis; urticaria.

Ryzo *Soho, Indon.*
Cetirizine hydrochloride (p.570·3).
Rhinitis; urticaria.

Rzewex *Herbapol Lodz, Pol.*
Rhubarb (p.1768·3).
Constipation.

S-2 *Nephron, USA.*
⊗ Racepinefrine hydrochloride (p.1204·2).
Bronchospasm.

S.8 *Chefaro, Ger.*
Diphenhydramine hydrochloride (p.577·2).
Sleep disorders.

S Amet *Boehringer Ingelheim, Spain†.*
Ademetionine (p.2247·1).
Depression; liver disorders.

S-26 AR *Wyeth Consumer, Austral.; Wyeth, Chile; Wyeth, Hong Kong†; Wyeth, NZ; Wyeth Lederle, Port.†; Wyeth, Singapore†.*
Infant feed (p.1922·1).
Gastro-oesophageal reflux; gastro-oesophageal regurgitation.

S-26 HA *Wyeth, Hong Kong.*
Infant feed (p.1922·1).
Cows' milk protein allergy.

S-26 Lactose-free *Wyeth, Philipp.*
Infant feed (p.1922·1).
Lactose intolerance.

S-26 LF *Wyeth Consumer, Austral.; Wyeth, Hong Kong†; Wyeth, NZ; Wyeth, Singapore†.*
Infant feed (p.1922·1).
Lactose intolerance.

S-26 Mom *Wyeth, Indon.*
Vitamin and mineral preparation (p.1922·1).
Nutritional supplement in pregnancy and lactation.

S-26 sem Lactose *Wyeth Lederle, Port.†.*
Infant feed (p.1922·1).
Lactose intolerance.

S-26 sin Lactosa *Wyeth, Venez.*
Infant feed (p.1922·1).
Lactose intolerance.

S-26 Soy *Wyeth Consumer, Austral.*
Infant feed (p.1922·1).
Lactose intolerance.

Saak *Yungjin, Singapore†.*
Methyl salicylate (p.85·3); glycol salicylate (p.62·3) menthol (p.2340·1); benzyl alcohol (p.1631·3).
Musculoskeletal and joint pain.

Saaz *Ipca, India.*
Sulfasalazine (p.1773·2).
Rheumatoid arthritis; ulcerative colitis.

SAB Simplex *Pfizer, Austria; Pfizer, Cz.; Parke, Davis, Ger.; Pfizer, Hung.; Pfizer, Rus.*
Simeticone (p.1770·2).
Detergent poisoning; flatulence; gastrointestinal disorders with excess gas; meteorism; reduction of intestinal gas before or after gastrointestinal procedures.

Saba *Lampugnani, Ital.*
Saw palmetto (p.2192·3).
Prostatic hyperplasia.

Sabacur uno *Hexal, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sabadilla Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Sabal
Note.This name is used for preparations of different composition.
Sandoz, Ger.; Stada, Ger.
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Medifarm Ducray, Venez.
Saw palmetto (p.2192·3); zinc salicylate (p.1612·3).
Seborrhoea.

Pierre Fabre Dermo-Cosmetique, Arg.; Ducray, Fr.
Shampoo: Saw palmetto (p.2192·3); zinc salicylate (p.1612·3).
Seborrhoea; seborrhoeic dermatitis.

Pierre Fabre, Arg.†.
Topical emulsion: Saw palmetto (p.2192·3); zinc pidolate (p.1614·1).
Seborrhoea.

Sabal uno *Apogepha, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sabalax *Saba, Turk.*
Sorbitol (p.1965·1); latanol; sodium citrate (p.1673·3); glycerol (p.2314·2).
Constipation.

Sabalia *Boiron, Canad.*
Homoeopathic preparation.

Sabalin *Lichtwer, UK.*
Saw palmetto (p.2192·3).
Male urinary discomfort.

Saballo *Scherer, Hung.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sabalvit *Ruhrpharm, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sabanotropico *Perez Gimenez, Spain.*
⊗ Bismuth subgallate (p.1711·1); dexamethasone sodium phosphate (p.1526·2); phenol (p.1656·1); sulfathiazole (p.343·2); tannic acid (p.2394·3); menthol (p.2340·1).
Chilblains; cold-induced skin damage.

Sabatif *Apomedica, Austria.*
Simeticone (p.1770·2); activated charcoal (p.1435·2); sulfur (p.1614·1); rhubarb (p.1768·3); senna leaf (p.1769·2); caraway oil (p.2277·1); fennel oil (p.2303·1).
Dyspepsia; flatulence; laxative.

Sabax Combineb *Adcock Ingram Critical Care, S.Afr.*
⊗ Ipratropium bromide (p.1124·1); salbutamol (p.1131·2).
Obstructive airways disease.

Sabax Dianeal *Adcock Ingram Critical Care, S.Afr.*
Glucose; sodium chloride; sodium lactate; calcium chloride; magnesium chloride (p.1670·3).
Peritoneal dialysis.

Sabax Fosenema *Adcock Ingram Critical Care, S.Afr.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation.

Sabax Gentamix *Adcock Ingram Critical Care, S.Afr.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Sabax Nebrafen *Adcock Ingram Critical Care, S.Afr.*
⊗ Fenoterol hydrobromide (p.1121·1); ipratropium bromide (p.1124·1).
Obstructive airways disease.

SabCaps *Vifor, Switz.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sabenyl
Note.This name is used for preparations of different composition.
Qualiphar, Belg.
⊗ Chlorhexidine gluconate (p.1635·3); alcohol (p.1625·2).
Hand disinfection.

Sanofi Synthelabo, Gr.†.
Mercurobutol (p.1652·2); sodium laurilsulfate (p.2138·3).
Antiseptic.

Sabima *Atlantis, Mex.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Sabin *Sanofi Pasteur, Arg.; GSK, Belg.†.*
An oral poliomyelitis vaccine (p.2232·1).
Active immunisation.

Sabofen *Geyer, Braz.†.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Sabonal Uno *Sabona, Ger.†.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sabonete Sulfuroso *Simoes, Braz.†.*
Sublimed sulfur (p.1614·1).
Seborrhoea.

SAB-Prednase *Sabex, Canad.†.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Eye disorders.

Sabril *Aventis, Arg.; Aventis, Austral.; Aventis, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Braz.; Ovation, Canad.; Sanofi-Aventis, Chile; Sanofi-Aventis, Cz.; Sanofi-Aventis, Fr.; Aventis, Ger.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Hung.; Sanofi-Aventis, Irl.; Sanofi-Aventis, Ital.; Sandoz, Mex.; Aventis, NZ; Sanofi-Aventis, Neth.; Marion Merrell, Pol.; Sanofi-Aventis, Port.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Aventis, Switz.; Aventis, Turk.; Aventis, UK.*
Vigabatrin (p.513·2).
Epilepsy.

Sabrilan *Agis, Israel.*
Vigabatrin (p.513·2).
Epilepsy.

Sabrilex *Aventis, Denm.; Sanofi-Aventis, Fin.; Euro Registratie, Neth.; Aventis, Norw.; Sanofi-Aventis, Spain; Aventis, Swed.*
Vigabatrin (p.513·2).
Epilepsy.

Sabro *Senosiain, Mex.*
Aloglutamol (p.1705·2).
Gastritis; gastro-oesophageal reflux; gastrointestinal hyperacidity; hiatus hernia; peptic ulcer.

Saburgen-N *Weber & Weber, Ger.†.*
Homoeopathic preparation.

Sabutol *Malaysia Chemist, Singapore†.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Saccharofar *Faran, Gr.*
Glimepiride (p.441·1).
Diabetes mellitus.

Sachol zel Stomatologiczny *Jelfa, Pol.*
Choline salicylate (p.36·3); cetalkonium chloride (p.1634·1).
Mouth disorders.

Sacietyl *Finadiet, Arg.*
⊗ Sibutramine (p.2164·1).
Obesity.

Sacin *Labomed, Chile.*
⊗ Diethylpropion (p.2154·3).
Obesity.

Sacnel *Teofarma, Ital.*
Colloidal sulfur (p.1614·1); zinc oxide (p.1621·2); titanium dioxide (p.1617·3); dithiosalicylic acid (p.1595·1); hamamelis leaves (p.2318·2).
Acne; seborrhoeic dermatitis.

Sacolene *EG, Fr.*
Methylenated milk proteins.
Diarrhoea.

Sacsol *Eagle, Austral.†.*
Hexane (p.2024·1); camphor (p.2273·2).
Surgical cement solvent for stoma patients.

Sacsol NF *Eagle, Austral.†.*
Trichloroethane (p.2027·2); camphor (p.2273·2).
Non-flammable surgical cement solvent for stoma patients.

Sactabs *PSM, NZ.*
Saccharin (p.1960·2).
Artificial sweetener.

Sadamin *Pliva Krakow, Pol.*
Xantinol nicotinate (p.1433·1).
Peripheral vascular disorders; thromboembolic disorders.

Sadeltan F *Hautel, Arg.†.*
⊗ Aloe vera (p.1588·2); urea (p.1620·2).
Emollient.

Sadocin *Farcoral, Mex.*
Co-trimoxazole (p.258·1); guaifenesin (p.1561·3).
Respiratory-tract infections.

Sadol *Catarinense, Braz.*
Iron (p.1949·1); pyridoxine; nicotinamide; caffeine; citric acid (p.1922·1).
Iron deficiency; iron-deficiency anaemias.

Sadolin *Elpen (Ελπεν), Gr.*
Somatostatin (p.1809·1).

SAE *Pasteur, Chile.*
Propyphenazone (p.119·3); adiphenine hydrochloride (p.2248·1); trasentine.
Smooth muscle spasm.

Saetil *Robapharm, Spain.*
Ibuprofen arginine (p.65·2).
Fever; musculoskeletal, joint, and peri-articular disorders; pain.

Safarol *Medichrom, Gr.*
Butamirate citrate (p.1553·1).
Cough.

Saf-Clens *Calgon Vestal, USA.*
Wound cleanser.

Safe Tussin 30 *Kramer, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Safemar *Sandoz, Mex.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Saferon
Note. This name is used for preparations of different composition.
Glenmark, Malaysia.
Iron polymaltose (p.1953·1).
Iron deficiency; iron-deficiency anaemia.

Glenmark, Singapore†.
Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Iron and folic acid deficiency; iron-deficiency anaemia.

Safetin *Dexa, Indon.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; urticaria.

Safety T *Volta, Chile.*
Copper-wound plastic (p.1935·2).
Intra-uterine contraceptive device.

Safeway Nasal *Prodemdis, Canad.*
Sodium chloride (p.1686·1).

Saffid *Safire, Hong Kong.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias; primary prevention of ischaemic heart disease.

Safkit *Biochem, India.*
2 Tablets, secnidazole (p.846·3); 1 tablet azithromycin (p.207·1); 1 tablet, fluconazole (p.532·1).
Bacterial and fungal infections.

Safol *Novell, Indon.*
Propofol (p.1791·1).
General anaesthesia; sedative.

Saforelle
Note. This name is used for preparations of different composition.
IPRAD, Fr.
Sodium laurilsulfate (p.2138·3).
Gynaecological hygiene.

Avanderm, Mex.†; BioSaude, Port.; Medifarm, Venez.
Lappa (p.2330·3).
Skin irritation; soap substitute.

Safrux *CPH, Port.*
Tartaric acid (p.2395·2); sodium bicarbonate (p.1673·2); potassium tartrate (p.1684·3).
Antacid.

Saften *Monserrat, Arg.*
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal motility disorders; gastrointestinal procedures; nausea and vomiting.

Safyr Bleu *Pharmacare, S.Afr.*
⊗ Naphazoline nitrate (p.1565·2).
Eye irritation.

Safyr Bleu Antihistamine *Aspen, S.Afr.†.*
⊗ Antazoline hydrochloride (p.567·1); tetryzoline hydrochloride (p.1574·1).
Allergic conjunctivitis; hay fever.

Sagadreps *Diepharmex, Fr.†.*
Biclotymol (p.1632·1).
Formerly known as Hexadreps.
Mouth and throat infections.

Sagalon *Surya Dermato, Indon.*
Doxepin hydrochloride (p.389·1).
Pruritus.

Sagamicin *Kyowa, Jpn; Kyowa, Singapore†.*
Micronomicin sulfate (p.300·2).
Bacterial infections.

Sagaspray *Diepharmex, Fr.*
Biclotymol (p.1632·1).
Mouth disorders; sore throat.

Sagenit *Nizpharm, Rus.*
Dipotassium *meso*-3,4-Bis(*p*-sulfophenyl)hexane (p.2387·1).
Menopausal disorders.

Sagestam *Sanbe, Indon.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Sagittaproct *Sagitta, Cz.†.*
Bismuth subgallate (p.1711·1); hamamelis (p.2318·2).
Haemorrhoids.

Saglion *Verisfield, Gr.*
Pilocarpine hydrochloride (p.1884·3).
Xerostomia.

Sagrosept
Note. This name is used for preparations of different composition.
Schulke & Mayr, Ger.†.
Lotion: Isopropyl alcohol (p.1650·3); propyl alcohol (p.1660·2); lactic acid (p.2329·3).
Hand disinfection.

Schulke & Mayr, Ger.†.
Medicated wipes: Isopropyl alcohol (p.1650·3); propyl alcohol (p.1660·2); benzoic acid (p.1630·2); lactic acid (p.2329·3).
Skin disinfection; surface disinfection; wounds.

Sahne Krim *Eisai, Indon.*
Moisturiser.

Saibokuto *Tsumura, Jpn.*
Bupleurum root; pinellia tuber; poria sclerotium; scutellaria root; magnolia bark; jujube; ginseng; liquorice; perilla herb; ginger.
Traditional Kampo medicine.

Saikokaryukotsuboreito *Tsumura, Jpn.*
Bupleurum root; pinellia tuber; cinnamon bark; poria sclerotium; scutellaria root; jujube; ginseng; oyster shell; longgu; ginger.
Traditional Kampo medicine.

Saikokeishito *Tsumura, Jpn.*
Bupleurum root; pinellia tuber; scutellaria root; liquorice; cinnamon bark; peony root; jujube; ginseng; ginger.
Traditional Kampo medicine.

Saikoseikanto *Tsumura, Jpn.*
Bupleurum root; scutellaria root; phellodendron bark; coptis rhizome; trichosanthes root; liquorice; platycodon root; burdock fruit; gardenia fruit; rehmannia root; peony root; cnidium rhizome; Japanese angelica root; mentha herb; forsythia fruit.
Traditional Kampo medicine.

Saintbois
Note. This name is used for preparations of different composition.
Melisana, Belg.
Ethylmorphine hydrochloride (p.52·2); sulfogaiacol (p.1573·2); belladonna (p.2263·3); tolu balsam (p.1574·2); aconite (p.2246·1); senega (p.1572·3); maidenhair; drosera (p.2297·3).
Cough.

Vifor, Switz.
Ethylmorphine hydrochloride (p.52·2); sulfogaiacol (p.1573·2); sodium benzoate (p.1630·2); belladonna (p.2263·3); hyssopus officinalis (p.2323·3); tolu balsam (p.1574·2).
Coughs; respiratory-tract disorders.

Sairei-to *Tsumura, Jpn.*
Bupleurum root; alisma rhizome; pinellia tuber; scutellaria root; atractylodes lancea rhizome; jujube; polyporus sclerotium; ginseng; poria sclerotium; liquorice; cinnamon bark; ginger.
Traditional Kampo medicine.

Saistrat *Biofarma, Braz.†.*
Sodium chloride; potassium chloride; sodium citrate; glucose (p.1672·2).
Oral rehydration therapy.

Saizen *Serono, Arg.; Serono, Austral.; Serono, Austria; Serono, Braz.; Serono, Canad.; Novartis, Chile†; Serono, Cz.; Serono, Fin.; Serono, Fr.; Serono, Ger.; Serono, Gr.; Serono, Hong Kong; Serono, Hung.†; Serum Institute, India; DKSH, Indon.; Serono, Indon.; Serono, Irl.; Serono, Ital.; Serono, Malaysia; Serono, Mex.; Healthcare Logistics, NZ; Serono, Norw.; Serono, Philipp.; Merck, Port.; Serono, Rus.; Serono, S.Afr.†; Serono, Singapore; Serono, Spain; Serono, Swed.; Serono, Switz.; Serono, Thai.; Serono, Turk.; Serono, UK; Serono, USA; Serono, Venez.*
⊗ Somatropin (p.1799·3).
Cachexia and wasting in AIDS; growth disorders in renal failure; growth hormone deficiency; Prader-Willi syndrome; short children born small for gestational age; Turner's syndrome.

Sal Amargo Purificado *Catarinense, Braz.*
Magnesium sulfate (p.1679·3).
Constipation.

Sal de Andrews *GSK, Braz.*
Magnesium sulfate (p.1679·3); sodium bicarbonate (p.1673·2); citric acid (p.2284·1).
Gastric hyperacidity.

Sal Carolinum Factitium *Ziololek, Pol.*
Sodium sulfate; potassium sulfate; sodium chloride; sodium bicarbonate (p.1667·1).
Biliary-tract disorders; constipation; obesity.

Sal Dietetica *Reccius, Chile.*
Potassium chloride (p.1684·3).
Dietary salt substitute.

Sal Ems Artificiale *Galenus, Pol.*
Sodium bicarbonate (p.1673·2); sodium chloride (p.1686·1); potassium sulfate (p.1684·3); sodium sulfate (p.1771·3); dibasic sodium phosphate (p.1682·3).
Respiratory-tract disorders.

Sal Ems Factitium *Ziololek, Pol.*
Sodium bicarbonate (p.1673·2); sodium bromide (p.2269·2); dibasic sodium phosphate (p.1682·3); sodium chloride (p.1686·1); sodium sulfate (p.1771·3); potassium sulfate (p.1684·3).
Respiratory-tract disorders.

Sal de Fruta Eno
Note. This name is used for preparations of different composition.
GSK, Arg.; GSK, Braz.; GSK Consumer, Spain.
Sodium bicarbonate (p.1673·2); sodium carbonate (p.2389·1); citric acid (p.2284·1).
Gastric hyperacidity.

GSK, Chile.
Sodium bicarbonate (p.1673·2); citric acid (p.2284·1).
Gastrointestinal disorders.

Sal Lite *Rider, Chile.*
Sodium chloride (p.1686·1); potassium chloride (p.1684·3).
Dietary salt substitute.

Sal Liviana En Sodio *Reccius, Chile.*
Sodium chloride (p.1686·1); potassium chloride (p.1684·3).
Dietary salt substitute.

Sal Vichy Factitium *Ziololek, Pol.*
Sodium bicarbonate (p.1673·2); sodium chloride (p.1686·1); dibasic sodium phosphate (p.1682·3); sodium sulfate (p.1771·3); potassium bicarbonate (p.1673·1).
Gallbladder inflammation; gallstones; gastric hyperacidity.

Sal De Yasta *Bayer, Chile†.*
Sodium bicarbonate (p.1673·2).
Antacid.

Salac
Note. This name is used for preparations of different composition.
Andromaco, Arg.
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

GenDerm, USA.
Salicylic acid (p.1612·2).
Acne.

Sal-Acid *Pedinol, USA.*
Salicylic acid (p.1612·2).
Warts.

Salactic Film *Pedinol, USA.*
Salicylic acid (p.1612·2).
Warts.

Salactol *Dermal Laboratories, Irl.; Dermal Laboratories, UK.*
Salicylic acid (p.1612·2); lactic acid (p.2329·3).
Calluses; corns; verrucas; warts.

Salagen *Novartis, Austria; Novartis, Belg.; Pfizer, Canad.; Chiron, Cz.†; Novartis, Fin.; Novartis, Fr.; Novartis, Ger.; Novartis, Gr.; MGI, Hong Kong; Novartis Ophthalmics, Hung.; Novartis, Irl.; MGI, Israel; Novartis, Ital.; Novartis, Neth.; Novartis, Port.; Novartis, Spain; Novartis Ophthalmics, Swed.; Novartis, Switz.; American Taiwan, Thai.; Novartis, UK; MGI, USA.*
Pilocarpine hydrochloride (p.1884·3).
Dry mouth; radiation-induced xerostomia; Sjögren's syndrome.

Salamflux *Atlantis, Mex.*
⊗ Salbutamol sulfate (p.1131·3); ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders.

Salamol
Galena, Cz.†; Ivax, Hong Kong; Ivax, Irl.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Ivax, Mex.; Norton, Rus.
⊗ Salbutamol (p.1131·2) or salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Norton, NZ; Ivax, Singapore†; Norton Healthcare, Singapore†; Ivax, UK.
⊗ Salbutamol sulfate (p.1131·3).
Asthma; bronchospasm; obstructive airways disease.

Salapin *AFT, NZ; Pinewood, UK.*
⊗ Salbutamol sulfate (p.1131·3).
Asthma; bronchospasm.

Salatac *Dermal Laboratories, Irl.; Dermal, Israel; Dermal Laboratories, UK.*
Salicylic acid (p.1612·2); lactic acid (p.2329·3).
Calluses; corns; verrucas; warts.

Salazar *Cadila, India.*
Sulfasalazine (p.1773·2).
Rheumatoid arthritis.

Salazopirina *Jaba Recordati, Port.*
Sulfasalazine (p.1773·2).
Inflammatory bowel disease; rheumatoid arthritis.

Salazoprin *Cazi, Braz.*
Sulfasalazine (p.1773·2).
Inflammatory bowel disease.

Salazopryn *Eczacibasi, Turk.*
Sulfasalazine (p.1773·2).
Inflammatory bowel disease; rheumatoid arthritis.

Salazopyrin *Pfizer, Austral.; Pfizer, Austria; Pfizer, Canad.; Pfizer, Cz.; Pfizer, Denm.; Pfizer, Fin.; Pfizer, Hong Kong; Pfizer, Hung.; Pfizer, Irl.; Pharmacia, Israel; Pharmacia, Ital.; Pfizer, Malaysia; Pfizer, NZ; Pfizer, Norw.; Pfizer, Pol.; Pharmacia, S.Afr.; Pfizer, Singapore; Pfizer, Swed.; Pfizer, Switz.; Pfizer, Thai.; Pfizer, UK.*
Sulfasalazine (p.1773·2).
Inflammatory bowel disease; proctitis; pyoderma gangrenosum; rheumatoid arthritis.

Salazopyrina *Pfizer, Spain.*
Sulfasalazine (p.1773·2).
Ulcerative colitis.

Salazopyrine *Pfizer, Belg.; Pfizer, Fr.; Pfizer, Neth.*
Sulfasalazine (p.1773·2).
Inflammatory bowel disease; rheumatoid arthritis.

Salbei Curarina *Harras-Curarina, Ger.*
Sage (p.2382·3).
Mouth and throat inflammation.

Salben *Pulmomed, Rus.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salbetol *FDC, India.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbomex *Andromaco, Venez.†.*
⊗ Salbutamol sulfate (p.1131·3); bromhexine (p.1552·2).
Asthma.

Salbron *Kalbe, Indon.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbron Expectorant *Kalbe, Indon.*
⊗ Salbutamol sulfate (p.1131·3); guaifenesin (p.1561·3).
Obstructive airways disease.

Salbu *Astellas, Ger.; Fatol, Ger.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbuair *Aldo-Union, Singapore.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbubreathe *Sandoz, Ger.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbudan *Norton, Denm.†.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salbufax *Master Pharma, Ital.†.*
⊗ Salbutamol sulfate (p.1131·3).
Asthma; bronchospastic disorders.

Salbuhexal *Hexal, Ger.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbulair *Ivax, Ger.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbulin
Fada, Arg.†; 3M, Mex.†; Medsan, Turk.; Meda, UK.
⊗ Salbutamol sulfate (p.1131·3).
Asthma; obstructive airways disease.

3M, S.Afr.†.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salbulind *Lindopharm, Ger.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbulis *Proula, Venez.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease; premature labour.

Salbumed
MedGen, Philipp.
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Medifarm, Venez.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salbumol *GSK, Fr.*
⊗ Salbutamol sulfate (p.1131·3).
Asthma; premature labour.

Salbunova *Lavipharm, Gr.*
⊗ Salbutamol sulfate (p.1131·3).
Asthma; chronic respiratory failure.

Salbupp *Dermapharm, Ger.†.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salburin *Luper, Braz.†.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salburol *Valmor, Venez.*
⊗ Salbutamol sulfate (p.1131·3).
Asthma.

Salbusian *Asian Pharm, Thai.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbutac *Polipharm, Thai.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbutalan *Quimica y Farmacia, Mex.*
⊗ Salbutamol (p.1131·2) or salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbutalin *Hebron, Braz.†.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salbutam *Bunker, Braz.; Nobel, Turk.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbutamax *Uniao Quimica, Braz.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbutamol Expectorant *Pharmaniaga, Malaysia.*
⊗ Guaifenesin (p.1561·3); salbutamol sulfate (p.1131·3).

Formerly known as Asmovent Expectorant.
Respiratory-tract disorders.

Salbutan GSK, Venez.
⊗ Salbutamol (p.1131·2) or salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbutard Lusofarmaco, Ital.†.
⊗ Salbutamol sulfate (p.1131·3).
Asthma; bronchospastic disorders.

Salbuterol IG, Malaysia†; Medidata, Malaysia†.
⊗ Salbutamol (p.1131·2).
Asthma.

Salbutib Ibfarma, Braz.†.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salbutide GSK, Venez.†.
⊗ Salbutamol (p.1131·2); beclometasone dipropionate (p.1516·2).
Obstructive airways disease.

Salbutol
Altana, Arg.
⊗ Salbutamol (p.1131·2) or salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Ilsan, Turk.
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbutol Beclo Altana, Arg.
⊗ Salbutamol (p.1131·2); beclometasone dipropionate (p.1516·2).
Obstructive airways disease.

Salbutral
Cassara, Arg.
⊗ Salbutamol (p.1131·2) or salbutamol sulfate (p.1131·3).
Obstructive airways disease.

D & M, Chile.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salbutral AC Cassara, Arg.; D & M, Chile.
⊗ Salbutamol sulfate (p.1131·3); ipratropium bromide (p.1124·1).
Obstructive airways disease.

Salbutral + Aeromed Cassara, Arg.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salbutrop Altana, Arg.†.
⊗ Salbutamol sulfate (p.1131·3); ipratropium bromide (p.1124·1).
Obstructive airways disease.

Salbuven Pharos, Indon.
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salbuven Expectorant Pharos, Indon.
⊗ Salbutamol sulfate (p.1131·3); guaifenesin (p.1561·3).
Obstructive airways disease.

Salbuvent Nycomed, Denm.; Leiras, Fin.†.
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salca Biotech, Venez.
⊗ Furosemide (p.1292·1).
Barbiturate poisoning; heart failure; hepatic cirrhosis with ascites; hypertension; oedema.

Salcal
Note. A similar name is used for preparations of different composition (see below).
Saval, Chile.
⊗ Fenproporex hydrochloride (p.2157·1).
Obesity.

Sal-Cal
Note. A similar name is used for preparations of different composition (see above).
Remedina, Gr.
Calcitonin (p.1093·1).
Osteoporosis.

Salcat Pfizer, Port.
Calcitonin (salmon) (p.1093·1).
Osteoporosis.

Salcedol Fardi, Spain.
Potassium sulfate (p.1684·3); sodium bicarbonate (p.1673·2); sodium sulfate (p.1771·3); tartaric acid (p.2395·2).
Constipation; digestive disorders.

Salcemetic Fardi, Spain†.
⊗ Cyclobutyrol (p.2290·3); metoclopramide hydrochloride (p.1747·3); mannitol (p.1330·2).
Gastrointestinal disorders.

Salco Lisapharm, Israel.
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone.

Salcoat Teijin, Jpn.
⊗ Beclometasone dipropionate (p.1516·2).
Stomatitis.

Salcomed Bajamed, Mex.
⊗ Salbutamol (p.1131·2).
Respiratory-tract disorders.

Salda Millimed, Thai.
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salder S Medley, Braz.
Salicylic acid (p.1612·2); sulfur (p.1614·1).
Acne; pityriasis versicolor; seborrhoea.

Saldeva
Note.This name is used for preparations of different composition.
Montpellier, Arg.†.
Carzenide (p.2277·3); atropine methobromide (p.1219·2); metamizole magnesium (p.49·3).
Dysmenorrhoea; premenstrual syndrome.

Bayer, Spain.
Caffeine (p.1116·3); dimenhydrinate (p.576·2); paracetamol (p.108·1).
Dysmenorrhoea.

Saldiam Jelfa, Pol.
Diethylamine salicylate (p.47·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; neuralgia.

Salena Novartis, Arg.†.
⊗ Flumetasone pivalate (p.1531·1); salicylic acid (p.1612·2).
Skin disorders.

Sales Fruta Mag Viviar Viviar, Spain.
Magnesium carbonate (p.1743·1); sodium bicarbonate (p.1673·2); tartaric acid (p.2395·2).
Constipation; gastrointestinal hyperacidity.

Sales de Frutas P G Perez Gimenez, Spain.
Citric acid (p.2284·1); sodium bicarbonate (p.1673·2); tartaric acid (p.2395·2).
Constipation; gastrointestinal hyperacidity.

Saletanol D Human, Hung.†.
⊗ Alcohol (p.1625·2) in glucose and sodium chloride infusion.
Ethylene glycol and methyl alcohol poisoning.

Saleto Roberts, USA.
Paracetamol (p.108·1); aspirin (p.20·3); salicylamide (p.121·2); caffeine (p.1116·3).
The name Saleto is also used for a preparation containing ibuprofen.
Pain.

Saleto-200 Roberts, USA.
Ibuprofen (p.64·2).
The name Saleto is also used for a preparation containing paracetamol, aspirin, salicylamide, and caffeine.
Fever; osteoarthritis; pain; rheumatoid arthritis.

Salex Coria, USA.
Salicylic acid (p.1612·2).
Skin and scalp disorders.

Salfer Cofasa, Venez.
Ferrous gluconate (p.1939·1).
Iron-deficiency anaemia.

Salfis Argenfarma, Arg.†.
Sodium chloride (p.1686·1).

Salflex Carnrick, USA.
Salsalate (p.122·1).
Musculoskeletal and joint disorders.

Salf-Pas Salf, Ital.
Sodium aminosalicylate (p.201·2).
Tuberculosis.

Salgen Erlimpex, Indon.
Gentamicin (p.284·2).
Skin infections.

Salgen Plus Erlimpex, Indon.
⊗ Gentamicin (p.284·2); betamethasone valerate (p.1519·1).
Infected skin disorders.

Salgim Pulmomed, Rus.
⊗ Salbutamol hemisuccinate (p.1133·2).

Salguer Fada, Arg.†.
Povidone-iodine (p.1659·2).
Disinfection.

Salgydal a la noramidopyrine Bouchara-Recordati, Fr.†.
Dipyrone (p.49·2); paracetamol (p.108·1); codeine phosphate (p.37·2).
Pain.

Salhumin
Note.This name is used for preparations of different composition.
Sanova, Austria.
Bath additive: Sodium humate (p.2389·3); salicylic acid (p.1612·2).
Rheumatic disorders.

Sanova, Austria.
Liniment: Sodium humate (p.2389·3); capsicum (p.2276·2); salicylic acid (p.1612·2); eucalyptus oil (p.2301·2); rosemary oil (p.2381·3); turpentine oil (p.2406·3); camphor (p.2273·2).
Circulatory disorders; muscle, joint, and nerve pain.

Salhumin Gel Bastian, Ger.
Glycol salicylate (p.62·3).
Soft-tissue injury.

Salhumin Rheuma-Bad Bastian, Ger.
Salicylic acid (p.1612·2); sodium humate (p.2389·3).
Bath additive; musculoskeletal and joint disorders.

Salhumin Sitzbad N Bastian, Ger.†.
Salicylic acid (p.1612·2); sodium humate (p.2389·3).
Bath additive; gynaecological disorders.

Salhumin Teilbad N Bastian, Ger.†.
Salicylic acid (p.1612·2); sodium humate (p.2389·3); esculoside (p.2248·2).
Bath additive; circulatory disorders.

Sali D'Achille Terme di Salsomaggiore, Ital.†.
Mineral salt preparation.
Sore feet.

Sali di Salsomaggiore Terme di Salsomaggiore, Ital.
Mineral salt preparation.
Gynaecological disorders; nose and throat disorders.

Sali-Adalat Bayer, Ger.
⊗ Nifedipine (p.1350·1); mefruside (p.1332·1).
Hypertension.

Sali-Aldopur Kwizda, Austria; Hormosan, Ger.†.
⊗ Spironolactone (p.1400·1); bendroflumethiazide (p.1224·1).
Hyperaldosteronism; hypertension; hypokalaemia; liver cirrhosis and ascites; oedema.

Salic Darrow, Braz.
Lactic acid (p.2329·3); salicylic acid (p.1612·2).
Keratinisation disorders.

Salicairine Legras, Fr.
Loosestrife (p.2334·3).
Diarrhoea.

Salicalcium CT, Ital.†.
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement.

SaliCept Carrington, USA.
Acemannan (p.2244·2).
Wounds, injuries, and ulcers of the oral mucosa.

Salicil
Note.This name is used for preparations of different composition.
Ducto, Braz.
Aspirin (p.20·3).
Fever; pain.

Bersan, Ital.
Salicylic acid (p.1612·2).
Scalp disorders.

Salicilato de Bismuto Composto Simoes, Braz.†.
Bismuth salicylate (p.1711·1); sodium bicarbonate (p.1673·2); magnesium oxide (p.1744·1); calcium carbonate (p.1714·1); belladonna (p.2263·3).
Diarrhoea; gastric hyperacidity.

Salicin Greenpharma, Braz.
Aspirin (p.20·3).
Fever; pain.

Salicina Ratiopharm, Ital.
Aspirin (p.20·3); ascorbic acid (p.1983·3).
Cold and influenza symptoms; pain.

Salicin-C Amnol, Ital.†.
Salix; echinacea; minerals; vitamin C (p.1922·1).
Nutritional supplement.

Salicort Cassara, Arg.
⊗ Betamethasone dipropionate (p.1518·3); salicylic acid (p.1612·2).
Formerly contained triamcinolone acetonide and salicylic acid.
Skin disorders.

Salicortex Labofarm, Pol.
Salix purpurea (p.121·3).
Cold symptoms; rheumatic disorders.

Salicort-R Kattwiga, Ger.†.
Homoeopathic preparation.

Salicrem Gezzi, Arg.
Diethylamine salicylate (p.47·2); benzocaine (p.1854·1).
Musculoskeletal and joint disorders.

Salicrem Forte Gezzi, Arg.
Diclofenac diethylamine (p.44·3).
Inflammation; pain.

Salicrem K Gezzi, Arg.
Ketoprofen (p.73·1).
Musculoskeletal and joint disorders.

Salicrem Miconazol Gezzi, Arg.†.
Miconazole nitrate (p.541·3).
Fungal skin infections.

Salicyd Polychronus, Gr.
Salicylic acid (p.1612·2).
Skin disorders.

Salicyl Galderma, Denm.
Salicylic acid (p.1612·2).
Keratinisation disorders.

Salicylcafeina Menarini, Port.
Aspirin (p.20·3); caffeine (p.1116·3).
Fever; pain.

Salicylol Profarm, Pol.
Castor oil (p.2278·1); salicylic acid (p.1612·2).
Keratinisation disorders.

Sali-Decoderm Hermal, Ger.
⊗ Fluprednidene acetate (p.1533·1); salicylic acid (p.1612·2).
Scalp disorders (tincture); skin disorders.

Saliderm Profarm, Pol.
Salicylic acid (p.1612·2).
Keratinisation disorders.

Salidex Braun, Norw.
Anhydrous glucose (p.1945·3); sodium chloride (p.1686·1).
Carbohydrate source; fluid and electrolyte disorders.

Salidur Omega, Spain.
⊗ Furosemide (p.1292·1); triamterene (p.1417·2).
Hypertension; oedema.

Saliject Omega, Canad.
Sodium salicylate (p.124·2).
Sclerotherapy.

Salikaren Rekah, Israel.
Salicylic acid (p.1612·2).
Keratinisation disorders.

Saliker
Note.This name is used for preparations of different composition.
Roche-Posay, Arg.†; Roche-Posay, Braz.; Roche-Posay, Irl.†.
Salicylic acid (p.1612·2); piroctone olamine (p.1610·1); iodopropynyl butyl carbamate (Glicacil) (p.2045·2).
Dandruff; scalp disorders; seborrhoeic dermatitis.

Roche-Posay, Fr.†.
Salicylic acid (p.1612·2); piroctone olamine (p.1610·1); iodopropynyl butylcarbamate; capryloyl glycine; capryloyl salicylic acid.
Dandruff.

Salilax Orion, Denm.; Orion, Swed.
Magnesium oxide (p.1744·1).
Bowel evacuation.

Salilex Medihealth, Mex.
Salicylic acid (p.1612·2); dexpanthenol (p.2362·1); menthol (p.2340·1); camphor (p.2273·2).
Acne.

Saliment Vida, Hong Kong.
Methyl salicylate (p.85·3); eucalyptus oil (p.2301·2); menthol (p.2340·1).
Musculoskeletal and joint pain.

Salimetin Luper, Braz.†.
Methyl salicylate (p.85·3); turpentine oil (p.2406·3); menthol (p.2340·1); camphor (p.2273·2); chlorophyllin copper complex sodium (p.1471·1); lavender oil (p.2331·2).
Musculoskeletal and joint disorders.

Salimidin LKM, Arg.
Itraconazole (p.536·3).
Fungal infections.

Salimont Pharmonta, Austria.
Aspirin (p.20·3).
Fever; pain.

Salin Sagmel, Rus.
Sodium chloride (p.1686·1).
Nasal hygiene.

Salinal Julphar, UAE.
Simeticone (p.1770·2).
Adjunct in gastroscopy and bowel radiography; excess gastrointestinal gas.

Salinase
Note.This name is used for preparations of different composition.
TS, Ital.
Vitamin C; vitamin E; potassium aspartate; sodium bicarbonate; magnesium aspartate (p.1922·1).

Pediapharma, Philipp.
Sodium chloride (p.1686·1).
Nasal dryness and congestion.

Salinex Sandoz, Canad.; Muro, USA.
Sodium chloride (p.1686·1).
Nasal hygiene; nasal irritation.

Salinol Sabex, Canad.†.
Macrogol (p.2336·1); propylene glycol (p.2374·1).
Nasal lubricant.

Salinum Crawford, UK.
Polysaccharide-rich linseed extract (p.2333·3).
Dry mouth.

Salipads Galderma, Braz.†.
Salicylic acid (p.1612·2).
Keratinisation disorders; seborrhoea.

Salipax Mepha, Malaysia; Mepha, Pol.; Mepha, Port.
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder; premenstrual dysphoric disorder.

Salipran UCB, Fr.†.
Benorilate (p.27·2).
Pain.

Sali-Prent Bayer, Ger.
⊗ Acebutolol hydrochloride (p.1200·1); mefruside (p.1332·1).
Hypertension.

Salipsor Verisfield, Gr.
Salicylic acid (p.1612·2).
Skin disorders.

Sali-Puren Alpharma-Isis, Ger.†.
⊗ Triamterene (p.1417·2); hydrochlorothiazide (p.1307·3).
Heart failure; hypertension; oedema.

Salisoap
Note.This name is used for preparations of different composition.
Galderma, Braz.
Shampoo: Salicylic acid (p.1612·2); sulfur (p.1614·1).
Seborrhoeic dermatitis.

Galderma, Braz.
Soap: Salicylic acid (p.1612·2); sulfur (p.1614·1); triclosan (p.1665·2).
Seborrhoeic dermatitis.

Salisol Rekah, Israel.
⊗ Salicylic acid (p.1612·2); alcohol (p.1625·2).
Keratinisation disorders; skin disinfection.

Salisteril Fresenius Kabi, Switz.†.
Electrolyte infusion (p.1667·1).
Fluid and electrolyte disorders.

Salistoperm Ursapharm, Ger.†.
Salicylamide (p.121·2); benzocaine (p.1854·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; neuralgia.

Salitanol Estreptomicina Quimpe, Spain.
Albumin tannate (p.1704·2); dihydrostreptomycin sulfate (p.266·1); sulfathiazole (p.343·2).
Gastrointestinal infections.

Salitil Cifarma, Braz.
Aspirin (p.20·3).
Fever; pain.

Saliva medac Medac, Ger.
Mucin (porcine) (p.2143·3).
Saliva substitute.

Saliva Natura Medac, UK.
Xylitol (p.1998·2); sorbitol (p.1965·1); eriodictyon (p.1560·2).
Dry mouth.

Saliva Orthana
Note. This name is used for preparations of different composition.
Pharmachemie, Neth.
Mucin (p.2143·3).
Dry mouth.
A.S., UK.
Lozenges: Mucin (p.2143·3); xylitol (p.1998·2).
Saliva substitute.
A.S., UK.
Oral spray: Mucin (p.2143·3); xylitol (p.1998·2); sodium fluoride (p.1962·2).
Saliva substitute.

Salivan *Apsen, Braz.*
Carmellose sodium (p.2142·1).
Dry mouth.

Salivart *Gebauer, Canad.; Master, Chile†; Gebauer, Hong Kong; Gebauer, USA.*
Carmellose sodium (p.2142·1); sorbitol (p.1965·1); electrolytes (p.1667·1).
Dry mouth; saliva substitute.

Salivax-HIV *Savi, Mex.†.*
Test for HIV antibodies in saliva.

Saliveze *Wyvern, UK.*
Electrolytes (p.1667·1).
Dry mouth.

Salivia *LKM, Arg.*
Ibuprofen (p.64·2).

Salivix *koGen, UK.*
Malic acid (p.2337·1); calcium lactate (p.1676·1); sodium phosphate (p.1682·3).
Dry mouth.

Salivoral *Novagen, Gr.*
Pilocarpine hydrochloride (p.1884·3).
Xerostomia.

Salix *Scandinavian Natural Health & Beauty, USA.*
Artificial saliva.

Salkera *Onset, USA.*
Salicylic acid (p.1612·2).
Hyperkeratotic skin disorders.

Salmagne *Fardi, Spain.*
⊗ Magnesium citrate (p.1743·2); magnesium sulfate (p.1679·3); sodium bicarbonate (p.1673·2); tartaric acid (p.2395·2); mannitol (p.1330·2).
Constipation; digestive disorders.

Salmaplon *Khandelwal, India.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salmax *CCM, Malaysia.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salmetedur *Menarini, Ital.*
⊗ Salmeterol xinafoate (p.1135·1).
Bronchospastic disorders.

Salmeter
Reddy's, India.
⊗ Salmeterol (p.1135·3).
Asthma.
Biofarma, Venez.†.
⊗ Salmeterol xinafoate (p.1135·1).
Obstructive airways disease.

Salmiak *Soldan, Ger.†.*
Ammonium chloride (p.1551·3); liquorice (p.1740·3); anise oil (p.2258·2).
Respiratory-tract disorders.

Salmocalcin *Sanofi Synthelabo, Arg.†; Viofar, Gr.; Farmed, Turk.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone; reflex sympathetic dystrophy.

Salmocide *Atlantis, Mex.*
Furazolidone (p.834·3).
Gastrointestinal infections.

Salmofar *Adipharm (Αδηφαρμ), Gr.†; Lafare, Ital.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone; reflex sympathetic dystrophy.

Salmol *Atlantic, Hong Kong; Biolab, Malaysia†; Atlantic, Singapore; Atlantic, Thai.; Biolab, Thai.*
⊗ Salbutamol sulfate (p.1131·3).
Bronchospasm; obstructive airways disease; premature labour.

Salmol Expectorant *Biolab, Thai.*
⊗ Salbutamol sulfate (p.1131·3); guaifenesin (p.1561·3).
Obstructive airways disease.

Salmon Oil *Gap, Gr.*
Eicosapentaenoic acid (p.1362·1); docosahexaenoic acid (p.1362·1).
Hyperlipidaemias.

Salmoten *Adipharm (Αδηφαρμ), Gr.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone.

Salmundin *Mundipharma, Ger.†.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Salocef *New Research, Ital.*
Cefotaxime sodium (p.228·1).
Lidocaine (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Salodiur *Gerot, Austria.*
⊗ Triamterene (p.1417·2); hydrochlorothiazide (p.1307·3).
Hypertension; oedema.

Salofalk *Cevallos, Arg.; Orphan, Austral.; Merck, Austria; Axcan, Canad.; Biotoscana, Chile; Falk, Cz.; Meda, Fin.; Falk, Ger.; Galenica, Gr.; Falk, Hong Kong; Falk, Hung.; Darya-Varia, Indon.; Falk, Indon.; Falk, Irl.; Abbott, Ital.†; Falk, Malaysia; Farmasa, Mex.; Tramedico, Neth.; Falk, Philipp.; Pharmalink, Philipp.; Falk, Pol.; Falk, Port.; Falk, Singapore; Falk, Spain; Meda, Swed.; Vifor, Switz.; Falk, Thai.; Ali, Turk.; Falk, UK.*
Mesalazine (p.1745·1).
Inflammatory bowel disease.

Sal-Oil-T *Syosset, USA.*
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Seborrhoea.

Salomethyl *Mitsubishi-Tokyo, Hong Kong.*
Methyl salicylate (p.85·3); glycol salicylate (p.62·3); menthol (p.2340·1); camphor (p.2273·2); eucalyptus oil (p.2301·2); thymol (p.1664·3); capsaicin (p.32·3); benzyl nicotinate (p.28·1).
Headache; insect bites; musculoskeletal and soft-tissue disorders; neuralgia; pruritus.

Salonair *Salonpas, UK.*
Methyl salicylate (p.85·3); menthol (p.2340·1); camphor (p.2273·2); benzyl nicotinate (p.28·1); glycol salicylate (p.62·3).
Muscle and joint pain.

Salonfer *Biofarma, Braz.†.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Salongo *Biosarto, Spain.*
Oxiconazole nitrate (p.544·2).
Fungal skin and nail infections.

Salonpas
Note. This name is used for preparations of different composition.
Andromaco, Chile; Vianex (Βιανέξ), Gr.; Hisamitsu, NZ; Pharmaco, NZ; Hisamitsu, USA.
Camphor (p.2273·2); menthol (p.2340·1); methyl salicylate (p.85·3).
Musculoskeletal, joint, and soft-tissue pain; neuralgia.
Hisamitsu, Malaysia.
Methyl salicylate (p.85·3); glycol salicylate (p.62·3); menthol (p.2340·1); thymol (p.1664·3); camphor (p.2273·2); tocoferil acetate (p.1992·3).
Musculoskeletal, joint, and soft-tissue disorders; pain.
Salonpas, UK.
Methyl salicylate (p.85·3); glycol salicylate (p.62·3).
Musculoskeletal and joint pain.
Avantgarde, Ital.
Medicated bandage: Menthol (p.2340·1); methyl salicylate (p.85·3); camphor (p.2273·2).
Formerly contained menthol, methyl salicylate, camphor, glycol salicylate, and thymol.
Musculoskeletal, joint, and soft-tissue pain.
Avantgarde, Ital.
Topical spray: Methyl salicylate (p.85·3); menthol (p.2340·1); camphor (p.2273·2); benzyl nicotinate (p.28·1); glycol salicylate (p.62·3).
Musculoskeletal, joint, and soft-tissue pain.

Salonpas Aqua Patch *Hisamitsu, USA.*
Menthol (p.2340·1).
Musculoskeletal, joint, and soft-tissue pain.

Salonpas Gel *Hisamitsu, USA.*
Menthol (p.2340·1); methyl salicylate (p.85·3).
Musculoskeletal, joint, and soft-tissue pain.

Salonpas Gel Patch *Hisamitsu, USA.*
Capsicum (p.2276·2); menthol (p.2340·1).
Musculoskeletal, joint, and soft-tissue pain.

Salonpas Hot *Hisamitsu, USA.*
Capsicum (p.2276·2).
Musculoskeletal, joint, and soft-tissue pain.

Salopyrine *Adelco, Gr.*
Sulfasalazine (p.1773·2).
Inflammatory bowel disease.

Saloril *Cooper (Κοπερ), Gr.†.*
Acetylcysteine (p.1548·2).
Mucolytic.

Salospir *Unipharma, Gr.*
Aspirin (p.20·3).
Fever; inflammation; pain; thrombosis prophylaxis.

Salospir C-500 *Unipharma, Gr.*
Aspirin (p.20·3); vitamin C (p.1983·3).
Fever; pain.

Salospir Extra *Unipharma, Gr.*
Aspirin (p.20·3); caffeine (p.1116·3).
Pain.

Salotannal *Sanofi-Aventis, Pol.*
Salol (p.122·1); albumin tannate (p.1704·2).
Diarrhoea.

Saloxyl *Herbacos, Cz.*
Ichthammol (p.1599·1); salicylic acid (p.1612·2).
Infected skin disorders.

Salpad *Pharmatrix, Arg.*
Salicylic acid (p.1612·2).
Acne; keratinisation disorders.

Sal-Plant *Pedinol, USA.*
Salicylic acid (p.1612·2).
Warts.

Salrolin *Biofarma, Braz.†.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salsep *Libbs, Braz.*
Sodium chloride (p.1686·1).
Nasal congestion.

Salsil *Embil, Turk.*
Salicylic acid (p.1612·2).
Skin disorders.

Salsitab *Upsher-Smith, USA.*
Salsalate (p.122·1).
Fever; inflammation; pain.

Salsol *Kee, India.*
⊗ Salbutamol sulfate (p.1131·3).
Bronchospasm.

Salsol A *Teva, Hung.*
Sodium chloride (p.1686·1).
Fluid and electrolyte disorders.

Salspray *Biogalenic, Venez.*
⊗ Salmeterol xinafoate (p.1135·1).
Obstructive airways disease.

Salsyvase *Ipex, Swed.*
Salicylic acid (p.1612·2).
Skin disorders.

Saltadol *Lindopharm, Ger.*
Potassium chloride; sodium chloride; sodium bicarbonate; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Salterpyn
Note. This name is used for preparations of different composition.
Adcock Ingram, S.Afr.
Syrup: Paracetamol (p.108·1); codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2).
Fever; pain.
Adcock Ingram, S.Afr.
Tablets: Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3); meprobamate (p.1006·2).
Pain with tension.

Salticin *Interbat, Indon.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Saltlite *Naturissima, Venez.†.*
Sodium chloride; potassium chloride; magnesium carbonate; potassium citrate; glutamic acid (p.1667·1).
Salt substitute.

Saltos
Note. This name is used for preparations of different composition.
Roux-Ocefa, Arg.†.
⊗ Noscapine ascorbate (p.1566·3); papaverine hydrochloride (p.2191·3); ephedrine hydrochloride (p.1558·2); guaifenesin (p.1561·3); hydroxyfylline.
Coughs.
Pulmomed, Rus.
⊗ Salbutamol hemisuccinate (p.1133·2).

Saltos Infantil *Roux-Ocefa, Arg.†.*
⊗ Noscapine ascorbate (p.1566·3); ephedrine hydrochloride (p.1558·2); guaifenesin (p.1561·3); hydroxyfylline.
Coughs.

Saltrates
Note. This name is used for preparations of different composition.
Uhlmann-Eyraud, Switz.†.
Cream: Triclosan (p.1665·2); methylchloroisothiazolinone (p.1651·2); menthol (p.2340·1); chamomile oil (p.2279·3); St John's wort oil (p.423·2); citronella oil (p.2284·2); lavender oil (p.2331·2).
Dry or painful feet.
Uhlmann-Eyraud, Switz.†.
Topical gel: ⊗ Sodium hydroxide (p.2389·3); trometamol (p.2405·1).
Calluses; corns.

Saltrates Rodell *Uhlmann-Eyraud, Switz.†.*
Chamomile (p.2279·3); St John's wort (p.422·3); sodium bicarbonate (p.1673·2); sodium carbonate anhydrous (p.2389·1); sodium sesquicarbonate; sodium perborate (p.1662·1).
Foot disorders.

Sal-Tropine *Hope, USA.*
Atropine sulfate (p.1219·3).

Salubion *Mepro, Chile.*
Vitamins; minerals; rutin (p.1922·1).
Tonic.

Salubion Ginseng *Mepro, Chile.*
Vitamins; minerals; trace elements; ginseng (p.1922·1).
Tonic.

Saludopin *SIT, Ital.*
⊗ Methyldopa (p.1334·1); butizide (p.1238·1).
Hypertension.

Saluket-H1 *Salus, Mex.*
Ketotifen (p.582·2).
Asthma.

Salumin *Hasco-Lek, Pol.*
Menthol (p.2340·1); sage (p.2382·3); tannic acid (p.2394·3).
Mouth and throat disorders.

Salupran *Protein, Mex.†.*
Naproxen (p.92·3).
Rheumatism.

Salures *Pfizer, Swed.*
⊗ Bendroflumethiazide (p.1224·1).
Hypertension; oedema; renal calculi.

Salures-K *Pfizer, Swed.*
⊗ Bendroflumethiazide (p.1224·1); potassium chloride (p.1684·3).
Hypertension; oedema; renal calculi.

Salurin *Julphar, UAE.*
⊗ Furosemide (p.1292·1).
Hypertension; oedema.

Saluron *Apothecon, USA.*
⊗ Hydroflumethiazide (p.1311·3).
Hypertension; oedema.

Salus Augenschutz-Kapseln NA *Salushaus, Ger.†.*
Myrtillus (p.2349·3); vitamin A palmitate (p.1973·1).
Hypersensitivity to light; night blindness.

Salus Herz-Schutz-Kapseln *Salushaus, Ger.†.*
Crataegus (p.2289·1); alpha tocoferil acetate (p.1992·3); magnesium complex with acid hydrolysate of maize starch.
Cardiovascular disorders.

Salus Mistel-Tropfen *Salushaus, Ger.*
Mistletoe (p.2345·3).
Atherosclerosis.

Salus Multi-Vitamin-Energetikum *Salushaus, Ger.†.*
Multivitamin preparation with plant extracts (p.1922·1).
Tonic; vitamin deficiency.

Salus Venen Krauter Dragees N *Salushaus, Ger.†.*
Aesculus (p.2248·2); melilot (p.2339·2).
Venous insufficiency.

Salusa *Novartis Consumer, S.Afr.†.*
Procaine hydrochloride (p.1869·1); vitamins; haematoporphyrin (p.1922·1).

Saluscor Herz-Schutz *Salushaus, Ger.*
Alpha tocoferil acetate (p.1992·3); magnesium complex with acid hydrolysate of maize starch; crataegus (p.2289·1).
Cardiovascular disorders.

Salutaris *Incaico, Arg.*
Ispaghula (p.1737·1); coriander (p.2288·1); soluble fibre (p.1712·3).
Hypercholesterolaemia; obesity.

Salutensin *Shire Richwood, USA†.*
⊗ Hydroflumethiazide (p.1311·3); reserpine (p.1387·3).
Hypertension.

Salva Sole *Giuliani, Ital.†.*
Vitamins; minerals; ubidecarenone (p.1922·1).
UV-induced skin damage.

Salvacam *Salvat, Spain.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Salvacolina *Salvat, Spain.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Salvacolon *Salvat, Spain.*
Bacillus subtilis; vitamins and amino acids (p.1922·1).
Gastrointestinal disorders; restoration of the gastrointestinal flora.

Salvalerg *GSK, Arg.*
Cetirizine hydrochloride (p.570·3).
Hypersensitivity reactions.

Salvapen *Salvat, Spain.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Salvapen Mucolitico *Salvat, Spain.*
Amoxicillin trihydrate (p.202·2); bromhexine hydrochloride (p.1552·2).
Respiratory-tract infections associated with viscous mucus.

Salvara *Bittner, Austria.*
Homoeopathic preparation.

Salvarina *Salvat, Spain.*
Caffeine (p.1116·3); dimenhydrinate (p.576·2); ibuprofen (p.64·2).
Dysmenorrhoea.

Salvaxil *Fada, Arg.†.*
Loperamide (p.1741·3).
Diarrhoea.

Salvej Lekarske List *Leros, Cz.*
Sage (p.2382·3).
Diarrhoea; dyspepsia; mouth disorders.

Salvejova Nat *Megafyt-R, Cz.*
Sage (p.2382·3).
Gastrointestinal disorders; mouth inflammation; upper respiratory-tract disorders.

Salvent *Wolff, Ger.†.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salvex *Vamsler, Philipp.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Salvex XP *Vamsler, Philipp.*
⊗ Guaifenesin (p.1561·3); salbutamol (p.1131·2).
Respiratory-tract disorders associated with bronchospasm and excess mucus.

salvi CAL E-G *Clintec, Cz.†.*
Glucose and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Salvi CAL E-G *Baxter, Pol.*
Glucose and electrolyte infusion (p.1922·1).
Parenteral nutrition.

salviamin E *Clintec, Cz.†.*
Amino-acid and electrolyte infusion (p.1922·1).
Parenteral nutrition.

salviamin G-E *Clintec, Cz.†; Baxter, Ger.*
Amino-acid, glucose, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

salviamin hepar *Baxter, Ger.*
Amino-acid and electrolyte infusion (p.1922·1).
Parenteral nutrition in liver disease.

Salviamin Hepar *Baxter, Pol.*
Amino-acid and electrolyte infusion (p.1922·1).
Parenteral nutrition in liver disorders.

salviamin nephro *Clintec, Cz.†.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition in kidney disease.

Salviasept *Herbapol Lublin, Pol.*
Achillea (p.2245·2); chamomile (p.2279·3); cineole (p.2282·3); fennel (p.2302·3); marjoram oil (p.2337·3); mint oil (p.2345·2); peppermint (p.1761·2); menthol (p.2340·1); sage (p.2382·3); sage oil (p.2382·3); thyme oil (p.2401·2); thyme (p.2401·1); clove oil (p.2285·1).
Mouth and throat disorders; respiratory-tract congestion.

Salviathymol N *Madaus, Ger.*
Sage oil (p.2382·3); eucalyptus oil (p.2301·2); peppermint oil (p.1761·2); cinnamon oil (p.2283·2); clove oil (p.2285·1); fennel oil (p.2303·1); anise oil (p.2258·2); menthol (p.2340·1); thymol (p.1664·3).
Mouth and throat disorders.

Salvicutan *Lazar, Arg.†.*
Protoporphyrin; vitamin A palmitate (p.1973·1); dequalinium; cetrimonium bromide (p.1635·1).
Burns; skin infections; skin irritation; ulcers; wounds.

Salviette H *Wyeth Consumer, Ital.*
Hamamelis water (p.2318·2); glycerol (p.2314·2).
Anal cleansing; haemorrhoids.

salvilipid *Baxter, Ger.*
Soya oil (p.1965·3).
Contains egg lecithin.
Lipid infusion for parenteral nutrition.

Salvital *Reckitt Benckiser, Austral.*
Magnesium sulfate (p.1679·3); sodium bicarbonate (p.1673·2); tartaric acid (p.2395·2).
Dyspepsia; nausea.

Salvitos *Ronnet, Arg.*
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

Salvituss *FIRMA, Ital.*
Levodropropizine (p.1557·3).
Coughs.

Salvuron *Sanofi Synthelabo, Hung.†.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease; premature labour.

Salvyl *Petrasch, Austria.*
Undecenoic acid (p.549·2) sulfur (p.1614·1) complex; betanaphthol (p.142·1); salicylic acid (p.1612·2).
Acne; erythrasma; fungal skin infections.

Salvysat *Mayrhofer, Austria; Ysatfabrik, Ger.*
Sage leaf (p.2382·3).
Hyperhidrosis; mouth and throat inflammation.

Salycilina *Upsifarma, Port.†.*
Aspirin (p.20·3).
Fever; pain.

Salyzine *Bell, India†.*
Phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1); chlorphenamine maleate (p.571·3); caffeine (p.1116·3).
Cold symptoms.

Salzone *Wallace Mfg Chem., UK.*
Paracetamol (p.108·1).
Fever; pain.

Samarial *Samjin, Philipp.*
Cefazolin sodium (p.222·1).
Bacterial infections.

Samarin *Berlin Pharm, Thai.*
Silymarin (p.1452·2).
Liver disorders.

Samaruc *Fabop, Arg.*
Isoxsuprine (p.2327·3).

Sambuco (Specie Composta) *Dynacren, Ital.†.*
Tilia (p.2402·2); sambucus (p.2383·1); meadowsweet (p.2338·1); rose fruit (p.2381·2).
Cold symptoms.

Sambucus Comp *Weleda, S.Afr.*
Homoeopathic preparation.

Sambucus Complex *Blackmores, Austral.†.*
Sambucus (p.2383·1); euphrasia (p.2301·3); echinacea angustifolia (p.2298·1); hydrastis (p.2321·3); euphorbia hirta (p.2301·3); *d*-alpha tocoferil acid succinate (p.1993·1); vitamin A acetate (p.1973·1).
Conjunctivitis; otorrhoea; upper respiratory-tract disorders.

Same Plast *Savoma, Ital.*
Emollient.

Samederm *Savoma, Ital.*
Soap substitute.

Samertan *Bago, Chile.*
Telmisartan (p.1409·2).
Hypertension.

Same-Seb *Savoma, Ital.*
Colloidal sulfur (p.1614·1); salicylic acid (p.1612·2).
Acne; seborrhoea.

Same-Seb Beta *Savoma, Ital.*
Salicylic acid (p.1612·2); glycolic acid (p.1598·1).
Acne.

Sametil *Gestafarma, Port.*
Salicylic acid (p.1612·2); methyl salicylate (p.85·3).
Psoriasis; seborrhoeic dermatitis.

Samezil *KRKA, Cz.; KRKA, Rus.*
Mesalazine (p.1745·1).
Inflammatory bowel disease.

Samilstin *LPB, Ital.*
Octreotide (p.1804·1).
Acromegaly; diarrhoea associated with immunodeficiency; endocrinal tumours of the gastrointestinal tract; pancreatic fistula; postoperative complications of pancreatic surgery; variceal haemorrhage.

Samixon *Hikma, Cz.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Samjizon *Samjin, Philipp.; Unimex, Philipp.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

S-Amlip *Cipla, India.*
S-Amlodipine (p.1214·2).
Hypertension.

Samonil *IQFA, Mex.*
Metronidazole (p.837·1).
Amoebiasis; giardiasis; trichomoniasis.

Samonter *Sanitas, Arg.*
⊗ Mazindol (p.2157·3).
Obesity.

Samox *Seven Stars, Thai.*
Amoxicillin (p.202·2).
Bacterial infections.

Samoxin *Sriprasit, Thai.*
Amoxicillin (p.202·2).
Bacterial infections.

Samson *Sanli, Turk.*
Ferric ammonium citrate (p.1938·1).
Iron deficiency; iron-deficiency anaemia.

Samyr *Abbott, Ital.; Abbott, Mex.*
Ademetionine sulfate tosilate (p.2247·1).
Depression; liver disorders.

Sanabronchiol *Falqui, Ital.†.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Sanaco *PD, Thai.†.*
Chlorophyll (p.1471·1); benzalkonium chloride (p.1629·1).
Personal hygiene; vaginal douche.

Sanacorte *Labortecne, Braz.†.*
Schinus terebenthifolius; piptadenia columbriana; cereus hildfmanianus; salis angulata.
Cicatrisation.

Sanaderm *Febena, Ger.†.*
Hamamelis (p.2318·2); zinc oxide (p.1621·2).
Burns; skin disorders; wounds.

Sanadermil *Vifor, Switz.*
⊗ Hydrocortisone acetate (p.1535·2).
Skin disorders.

Sanadiar *Ibefar, Braz.†.*
Phthalylsulfathiazole (p.315·1); sulfaguanidine (p.339·2); pectin (p.2145·2); aluminium hydroxide (p.1706·2).
Diarrhoea.

Sanadryl *Sanbe, Indon.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3); sulfogaiacol (p.1573·2); sodium citrate (p.1673·3); menthol (p.2340·1).
Cough; respiratory-tract congestion.

Sanadryl DMP *Sanbe, Indon.*
Dextromethorphan hydrobromide (p.1555·2); diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Cough; respiratory-tract congestion.

Sanaflu *Sanbe, Indon.*
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3).
Cold and influenza symptoms; cough.

Sanaflu Plus *Sanbe, Indon.*
Paracetamol (p.108·1); dextromethorphan hydrobromide (p.1555·2); phenylpropanolamine hydrochloride (p.1569·3).
Cold and influenza symptoms; cough.

Sanaform *Esoform, Ital.*
Benzalkonium chloride (p.1629·1).
Surface disinfection.

Sanagas *Ducto, Braz.*
Dimeticone (p.1770·2).
Flatulence.

Sanalepsi N *Roche, Switz.*
Doxylamine succinate (p.578·2).
Hypersensitivity reactions; nervous disorders.

Sanaler *Sanitas, Chile.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders.

Sanaler-D *Sanitas, Chile.*
Cetirizine (p.571·1); pseudoephedrine sulfate (p.1571·2).
Allergic rhinitis.

Sanalgin *Interlogim, Neth.*
Paracetamol (p.108·1); propyphenazone (p.119·3); caffeine (p.1116·3).
Fever; pain.

Sanalgin N *Gebro, Switz.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

Sanamidol *Inkeysa, Spain.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Sanaprav *Sankyo, Austria†; Sankyo, Ital.; Daiichi Sankyo, Port.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Sanasar *Hertz, Braz.*
Benzyl benzoate (p.2036·1).
Scabies.

Sana-Scrub *Forder, Arg.†.*
Carica papaya; polyethylene granules.
Skin cleansing.

Sanasepton *Ritsert, Ger.*
Erythromycin (p.269·2) or erythromycin ethyl succinate (p.269·3).
Bacterial infections.

Sana-Sol *Collett, Fin.; Nycomed, Rus.*
Multivitamin preparation (p.1922·1).

Sanasol *Eczacibasi, Turk.*
Multivitamin preparation (p.1922·1).

Sanason *Lek, Cz.; Lek, Rus.*
Valerian (p.2410·1); lupulus (p.2335·2).
Anxiety; sleep disorders.

Sanasthmax *Asche Chiesi, Ger.*
⊗ Beclometasone dipropionate (p.1516·2).
Asthma; bronchitis.

Sanasthmyl *GSK, Ger.*
⊗ Beclometasone dipropionate (p.1516·2).
Asthma; bronchitis; tracheitis.

Sanatison Mono *Taurus, Ger.*
⊗ Hydrocortisone (p.1535·2).
Burns; skin disorders.

Sanatogen *Key, Austral.†; German Remedies, India; Roche Consumer, Irl.; Roche Consumer, UK.*
Food for special diets (p.1922·1).
Protein supplementation; tonic.

Sanaven *Sankyo, Ger.†.*
A heparinoid (p.1305·2); phenylephrine hydrochloride (p.1568·1).
Venous disorders.

Sanaven MPS *Sankyo, Ger.*
A heparinoid (p.1305·2).
Superficial vascular disorders.

Sanavir *Mayne, Ital.*
Aciclovir (p.862·3).
Herpesvirus infections.

Sanavitan S *Bottger, Ger.*
dl-Alpha tocoferil acetate (p.1992·3).
Vitamin E deficiency.

Sanaxin *Sandoz, Austria.*
Cefalexin (p.218·2).
Bacterial infections.

Sanazet *Sanbe, Indon.*
Pyrazinamide (p.320·2).
Tuberculosis.

Sanblex *Medipharm, Chile.*
Sulpiride (p.1028·3).
Behaviour disorders; depression; irritability.

San-B-Plex *Sanbe, Indon.*
Vitamins A, B, C, and D (p.1922·1).
Nutritional supplement for children and infants.

Sancago *Chinta, Thai.*
Cream: Methyl salicylate (p.85·3); menthol (p.2340·1); eugenol (p.2301·2).
Insect bites; musculoskeletal, joint and soft-tissue disorders.

Sancap *Novartis, Gr.†.*
Captopril (p.1239·2).
Heart failure; hypertension; myocardial infarction.

Sancazid *Sandoz, Gr.*
⊗ Captopril (p.1239·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Sancipro *Actavis, Denm.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Sancor Biosalud *Sancor, Arg.*
A range of preparations for enteral nutrition (p.1922·1).

Sancortmycin *Sanbe, Indon.*
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone (p.1535·2).
Skin infections.

Sancotec *Daehan, Singapore.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Sanctura *Allergan, USA; Indevus, USA; Odyssey, USA.*
Trospium chloride (p.2198·3).
Bladder instability.

Sanda *Okasa, Thai.; TTN, Thai.*
Ciclosporin (p.1822·2).
Graft-versus-host disease; nephrotic syndrome; psoriasis; rheumatoid arthritis; transplant rejection; uveitis.

Sandepril *Mersifarma, Indon.*
Maprotiline hydrochloride (p.407·2).
Depression.

Sanderson's Throat Specific
Note.This name is used for preparations of different composition.
Sandersons, UK.
Mixture: Acetic acid (p.2244·2); quassia (p.2377·1); squill (p.1573·1); capsicum (p.2276·2).
Catarrh; sore throat.

Sandersons, UK.
Pastilles: Honey (p.1948·2); squill vinegar (p.1573·1); capsicum (p.2276·2); tolu (p.1574·2); menthol (p.2340·1); cinnamic acid (p.1640·3); benzoic acid (p.1630·2); eucalyptus oil (p.2301·2).
Catarrh; sore throat.

Sandimmun *Novartis, Arg.; Novartis, Austral.; Novartis, Austria; Novartis, Belg.; Novartis, Braz.; Novartis, Chile; Novartis, Cz.; Novartis, Denm.; Novartis, Fin.; Novartis, Fr.; Novartis, Ger.; Novartis, Gr.; Novartis, Hong Kong; Novartis, Hung.; Novartis, India; Novartis, Indon.; Novartis, Irl.; Novartis, Israel; Novartis, Ital.; Novartis, Malaysia; Novartis, Mex.; Novartis, NZ; Novartis, Norw.; Novartis, Philipp.; Novartis, Pol.; Novartis, Port.; Novartis, Rus.; Novartis, S.Afr.; Novartis, Spain; Novartis, Swed.; Novartis, Switz.; Novartis, Thai.; Novartis, Turk.; Novartis, UK; Novartis, Venez.*
Ciclosporin (p.1822·2).
Atopic eczema; graft-versus-host disease; medullary aplasia; nephrotic syndrome; psoriasis; rheumatoid arthritis; transplant rejection; uveitis.

Sandimmune *Novartis, Canad.; Novartis, Neth.; Novartis, USA.*
Ciclosporin (p.1822·2).
Graft-versus-host disease; transplant rejection.

Sandival
Note.This name is used for preparations of different composition.
Bouzen, Arg.
Elixir: Bromhexine (p.1552·2).
Respiratory-tract congestion.

Bouzen, Arg.
Tablets: Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Influenza symptoms.

Sandival Desleible *Bouzen, Arg.*
Benzydamine (p.27·3).
Inflammation; pain.

Sandival NF *Bouzen, Arg.†.*
Paracetamol (p.108·1); pseudoephedrine (p.1571·2).
Influenza symptoms.

Sandocal
Note.This name is used for preparations of different composition.
Novartis Consumer, Austral.; Novartis Consumer, Irl.; Novartis Consumer, Port.; Novartis Consumer, UK.
Calcium lactate gluconate (p.1676·2); calcium carbonate (p.1714·1).
Calcium supplement; hypocalcaemia; osteomalacia; osteoporosis; rickets.

Novartis, India†; Novartis, Venez.
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement.

Sandocal with Vit D_3 *Novartis, India.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium deficiency; calcium supplement.

Sandocal-D *Sandoz, Ger.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Sandocef *Sandoz, Indon.*
Cefepime hydrochloride (p.223·3).
Bacterial infections.

Sandoglobulin *CSL, Austral.; Novartis, Austria†; ZLB, Denm.; ZLB, Ger.; Luxembourg, Israel; CSL, NZ; Imed, Pol.; ZLB, UK.*
A normal immunoglobulin (p.2225·3).
Auto-immune disorders; bone marrow transplantation; Guillain-Barré syndrome; hypogammaglobulinaemia; idiopathic thrombocytopenic purpura; immunodeficiency disorders; Kawasaki disease; passive immunisation; toxic shock syndrome.

Sandoglobulina *Novartis, Arg.†; Novartis, Braz.†; Novartis, Chile†; ZLB, Ital.; Ivax, Mex.; CSL, Port.; Novartis, Venez.†.*
A normal immunoglobulin (p.2225·3).
Auto-immune disorders; Guillain-Barré syndrome; hypogammaglobulinaemia; idiopathic thrombocytopenic purpura; immunodeficiency; Kawasaki disease; passive immunisation.

Sandoglobuline *ZLB, Belg.; Demo, Gr.*
A normal immunoglobulin (p.2225·3).
Guillain-Barré syndrome; hypogammaglobulinaemia; idiopathic thrombocytopenic purpura; immunodeficiency; Kawasaki disease; neuropathies; passive immunisation.

Sando-K *HK Pharma, UK.*
Potassium bicarbonate (p.1673·1); potassium chloride (p.1684·3).
Hypokalaemia.

Sandolin *Sanli, Turk.*
Salol (p.122·1); mint oil (p.2345·2); star anise oil (p.2392·2).
Oral hygiene.

Sandomigran *Novartis, Arg.; Novartis, Austral.; Novartis, Belg.; Novartis, Braz.; Paladin, Canad.; Novartis, Cz.; Novartis, Hong Kong; ICN, Hung.†; Novartis, Ital.; Novartis, Malaysia; Novartis, NZ; Novartis, Neth.; Novartis, S.Afr.; Novartis, Spain; Novartis, Turk.*
Pizotifen malate (p.624·2).
Anorexia; cluster headache; migraine and vascular headaches.

Sandomigrin *Novartis, Denm.; Novartis, Swed.*
Pizotifen malate (p.624·2).
Cluster headache; migraine.

Sandomiran *Novartis, Venez.†.*
Pizotifen malate (p.624·2).
Migraine.

Sandonorm *Zentiva, Cz.; Novartis, Gr.†; EGIS, Hung.; Novartis, Switz.*
⊗ Bopindolol malonate (p.1235·1).
Angina pectoris; hypertension.

Sandoparin *Sandoz, Austria; Biochemie, Hung.†.*
Certoparin sodium (p.1242·3).
Thromboembolic disorders.

Sandoparine *Novartis, Switz.*
Certoparin sodium (p.1242·3).
Thrombosis prophylaxis.

Sandoretic *Novartis, Switz.*
⊗ Bopindolol malonate (p.1235·1); chlortalidone (p.1243·3).
Hypertension.

Sandosource *Novartis Consumer, Austral.†; Novartis, Braz.; Novartis, Irl.; Novartis, UK.*
Preparation for enteral nutrition (p.1922·1).

Sandosource Peptide *Novartis, Arg.†.*
Preparation for enteral nutrition (p.1922·1).

Sandostatin
Novartis, Arg.; Novartis, Austria; Novartis, Cz.; Novartis, Denm.; Novartis, Hong Kong; Novartis, Hung.; Novartis, Norw.; Novartis, Spain; Novartis, Venez.
Octreotide (p.1804·1) or octreotide acetate (p.1803·2).
Acromegaly; AIDS-associated refractory diarrhoea; carcinoid tumours; complications following pancreatic surgery; gastro-oesophageal haemorrhage; gastrointestinal fistula; gastropancreatic endocrine tumours; variceal haemorrhage.

Novartis, Austral.; Novartis, Braz.; Novartis, Chile; Novartis, Gr.; Novartis, India; Novartis, Indon.; Novartis, Israel; Novartis, Pol.; Novartis, Rus.; Novartis, S.Afr.; Novartis, Swed.; Novartis, Thai.; Novartis, Turk.
Octreotide (p.1804·1).
Acromegaly; AIDS-associated refractory diarrhoea; carcinoid tumours; complications following pancreatic surgery; gastrointestinal fistulas; gastropancreatic endocrine tumours; variceal haemorrhage.

Novartis, Canad.; Novartis, Fin.; Novartis, Ger.; Novartis, Irl.; Novartis, Malaysia; Novartis, NZ; Novartis, Philipp.; Novartis, Singapore; Novartis, UK; Novartis, USA.
Octreotide acetate (p.1803·2).
Acromegaly; AIDS-associated refractory diarrhoea; carcinoid tumours; complications following pancreatic surgery; gastropancreatic endocrine tumours; variceal haemorrhage.

Sandostatina
Novartis, Ital.
Octreotide (p.1804·1).
Acromegaly; diarrhoea associated with immunodeficiency; endocrinal tumours of the gastrointestinal tract; pancreatic fistulae; postoperative complications of pancreatic surgery; variceal haemorrhage.

Novartis, Mex.
Octreotide (p.1804·1) or octreotide acetate (p.1803·2).
Acromegaly; gastrointestinal endocrine tumours; oesophageal haemorrhage; pancreatic fistulae; prevention of complications following pancreatic surgery; refractory diarrhoea associated with HIV infection.

Novartis, Port.
Octreotide acetate (p.1803·2).
Acromegaly; AIDS-associated refractory diarrhoea; gastrointestinal endocrine tumours; pancreatic and gastrointestinal fistulas; prevention of complications following pancreatic surgery; variceal haemorrhage.

Sandostatine
Novartis, Belg.
Octreotide (p.1804·1).
Acromegaly; AIDS-associated refractory diarrhoea; complications following pancreatic surgery; external fistulae of the pancreas and small intestine; gastrointestinal endocrine tumours; variceal haemorrhage.

Novartis, Fr.; Novartis, Neth.; Novartis, Switz.
Octreotide acetate (p.1803·2).
Acromegaly; adenomas; gastrointestinal endocrine tumours; prevention of complications following pancreatic surgery; variceal haemorrhage.

Sandovac *Novartis, Austria.*
An inactivated influenza vaccine (p.2218·2).
Active immunisation.

Sandoz Ca-D *Novartis Consumer, Belg.; Novartis Consumer, Neth.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; calcium and vitamin D supplement; osteoporosis.

Sandoz Calcium
Note. This name is used for preparations of different composition.
Novartis Consumer, Belg.
Effervescent tablets; oral powder: Calcium lactate gluconate (p.1676·2); calcium carbonate (p.1714·1).
Formerly known as Calcium-Sandoz.
Bone demineralisation; calcium supplement; osteoporosis; tetany.

Novartis Consumer, Belg.
Injection: Calcium glubionate (p.1675·3).
Formerly known as Calcium-Sandoz.
Hypocalcaemia; potassium poisoning; rickets; tetany.

Sandoz Calcium + D
Note. This name is used for preparations of different composition.
Novartis, Mex.
Effervescent tablets: Calcium lactate gluconate (p.1676·2); calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; hypocalcaemia; hypoparathyroidism; osteomalacia; osteoporosis.

Novartis, Mex.
Soluble tablets: Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; hypocalcaemia; hypoparathyroidism; osteomalacia; osteoporosis.

Sandoz Calcium + Vitamine C *Novartis Consumer, Belg.†.*
Ascorbic acid (p.1983·3); calcium carbonate (p.1714·1); calcium lactate gluconate (p.1676·2).
Formerly known as Ca-C.
Calcium and vitamin C deficiency.

Sandoz Calcium-C *Novartis Consumer, S.Afr.†.*
Calcium lactate gluconate (p.1676·2); calcium carbonate (p.1714·1); vitamin C (p.1983·3).
Vitamin C and calcium supplement.

Sandoz K *Sandoz, S.Afr.*
Potassium chloride (p.1684·3).
Potassium supplement.

Sandrena *Organon, Austral.; Organon, Braz.; Organon, Chile; Organon, Denm.; Organon, Ger.; Organon, Ital.; Organon, Mex.; Organon, NZ†; Orion, Neth.; Organon, Switz.; Organon, UK.*
Estradiol (p.2097·2).
Menopausal disorders; osteoporosis.

Sanein *Almirall, Spain.*
Aceclofenac (p.14·3).
Gout; musculoskeletal, joint, and peri-articular disorders; pain.

Sanelor
Note. This name is used for preparations of different composition.
Omega, Belg.; Schering-Plough, Neth.
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Sanitas, Chile.
Lovastatin (p.1328·2).
Hypercholesterolaemia.

Sanepa Forte *Maver, Chile†.*
Omega-3 marine triglycerides (p.1362·2).

Sanepil *Zentiva, Cz.*
Phenytoin (p.495·2); phenobarbital (p.492·2).
Epilepsy.

Sanerva *Royal, Chile.*
Alprazolam (p.960·1).
Anxiety; panic attacks.

Sanetron *Veltipharm, Gr.*
Meloxicam (p.80·3).
Inflammatory disorders.

Sanexon *Sanbe, Indon.*
⊗ Methylprednisolone (p.1538·1).
Corticosteroid.

Sanficinate *Dakota, Cz.†.*
Calcium folinate (p.1943·3).
Adjunct to fluorouracil therapy; megaloblastic anaemia; methotrexate overdosage.

Sangcya *Lilly, Israel.*
Ciclosporin (p.1822·2).
Psoriasis; transplant rejection; uveitis.

Sangen *Marco Viti, Ital.†.*
Benzalkonium chloride (p.1629·1).
Disinfection of wounds and burns.

Sangen Casa
Note. This name is used for preparations of different composition.
Marco Viti, Ital.
Liquid: Benzethonium chloride (p.1630·1); benzalkonium chloride (p.1629·1).
Surface disinfection.

Marco Viti, Ital.
Spray: Orthophenylphenol (p.1655·1); benzalkonium chloride (p.1629·1).
Surface disinfection.

Sangen Sapone Disinfettante *Marco Viti, Ital.*
Triclocarban (p.1665·2).
Skin disinfection.

Sangenor *Mundipharma, Austria.*
Arginine aspartate (p.1928·2).
Tonic.

Sangermina *Sandoz, Ital.*
Bacillus subtilis.
Restoration of intestinal flora.

Sangerol *Novartis Consumer, Switz.*
Lidocaine hydrochloride (p.1862·3); muramidase hydrochloride (p.2348·1); tyrothricin (p.358·2).
Mouth and throat disorders.

Sangobion
Note. This name is used for preparations of different composition.
Merck, Malaysia.
Ferrous gluconate (p.1939·1); folic acid (p.1940·1); vitamin B (p.1980·2); minerals (p.1922·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Merck Consumer, Singapore.
Ferrous gluconate (p.1939·1); folic acid (p.1940·1); manganese sulfate; copper sulfate; vitamin B (p.1980·2).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Merck, Indon.; Merck, Philipp.
Capsules: Ferrous gluconate (p.1939·1); folic acid (p.1940·1); vitamin B (p.1980·2); manganese sulfate; copper sulfate (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias; iron deficiency.

Merck, Indon.; Merck, Philipp.
Syrup: Ferrous gluconate (p.1939·1); vitamin B substances (p.1922·1).
Iron and vitamin B deficiency; iron-deficiency anaemia.

Sangobion ActiFe *Merck, Indon.*
Taurine; ferrazone; vitamin B ; nicotinamide; potassium aspartate; magnesium aspartate (p.1922·1).
Tonic.

Sangofer *Sandoz, Indon.*
Ferrous gluconate (p.1939·1); manganese sulfate; copper sulfate; folic acid; vitamin B with intrinsic factor (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia; nutritional supplement.

Sangotone *Gemballa, Braz.†.*
Ferrous citrate (p.1950·3); choline citrate; copper gluconate; vitamin B substances (p.1922·1).
Iron deficiency; iron-deficiency anaemias.

Sangovitin *Pyridam, Indon.*
Ferrous gluconate (p.1939·1); manganese sulfate; copper sulfate; folic acid; vitamin B (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia; nutritional supplement.

Sanguisan N *Coradol, Ger.†.*
Homoeopathic preparation.

Sanguisorbis N *Sabona, Ger.†.*
Homoeopathic preparation.

Sangur-Test *Roche Diagnostics, Austral.†.*
Test for blood in urine.

Sanhelios Capsules a la vitamine A *Ars Vitae, Switz.†.*
Vitamin A palmitate (p.1973·1); wheat-germ oil (p.2415·1).
Vitamin A deficiency.

Sanibiotic *LA, Arg.*
Cefalexin (p.218·2).
Bacterial infections.

Sanicel *BMS, Spain.*
Amphotericin B (p.523·2); tetracycline hydrochloride (p.347·2).
Vulvovaginal infections.

Sanicopyrine *Sanico, Belg.*
Paracetamol (p.108·1).
Fever; pain.

Sanicut *Nordin, Mex.*
Calendula (p.2273·1); ledum palustre.
Cicatrisation; pruritus.

Sanidecal *Sanitas, Chile.*
Calcium carbonate (p.1714·1).
Calcium supplement; osteoporosis.

Sanidecal-D *Sanitas, Chile.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Saniderm *Quimica y Farmacia, Mex.*
Zinc oxide (p.1621·2).
Burns; nappy rash; skin disorders.

SaniDrox *Sanitas, Ital.*
Peracetic acid (p.1655·2).
Instrument disinfection.

Sanieb *Puerto Galiano, Spain†.*
Glycine (p.1947·3); arginine (p.1928·2); brassica oleracea.
Gastritis; gastrointestinal hyperacidity; peptic ulcer.

Sanifer *Esseti, Ital.*
Sodium ferric gluconate complex (p.1962·2).
Anaemias; oligohaemia in infants.

Saniflam *Sanus, Gr.*
Meloxicam (p.80·3).
Inflammatory disorders.

Saniflor Collutorio *Benedetti, Ital.*
Benzydamine hydrochloride (p.27·3).
Gingivitis.

Sanifolin *Fargim, Ital.*
Calcium folinate (p.1943·3).
Anaemias; antidote to folic acid antagonists; folate deficiency; reduction of aminopterin and methotrexate toxicity.

Sanigermin *Sanitas, Chile.*
Triclosan (p.1665·2).
Hand disinfection; skin infections.

Sanilax *Greenpharma, Braz.*
Paracetamol (p.108·1); carisoprodol (p.1894·1); caffeine (p.1116·3).

Sanilin *Hertz, Braz.*
Benzocaine (p.1854·1); cetylpyridinium chloride (p.1635·1); menthol (p.2340·1).

Sanipirina *Bayer, Ital.*
Paracetamol (p.108·1).
Fever; pain.

Sanipresin *Sanitas, Chile.*
Losartan potassium (p.1326·1).
Hypertension.

Sanipresin-D *Sanitas, Chile.*
⊗ Losartan potassium (p.1326·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Saniprostol *Sanitas, Chile.*
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Saniquiet *Sanitalia, Ital.*
Passion flower; tilia; birch; magnesium; lithium; manganese (p.1922·1).

Sanisop *Pentamedical, Ital.*
Soap substitute.

SaniSteril Deterferri *Sanitas, Ital.*
Benzalkonium chloride (p.1629·1).
Instrument disinfection.

SaniSteril Sterilferri *Sanitas, Ital.*
Glutaral (p.1645·2).
Instrument disinfection.

SaniSteril Strumenti Alcolico *Sanitas, Ital.†.*
Benzalkonium chloride (p.1629·1); isopropyl alcohol (p.1650·3).
Instrument disinfection.

Sani-Supp *G & W, USA.*
Glycerol (p.2314·2).
Constipation.

Saniter Compuesto *Sanitas, Chile.*
Levodopa (p.804·3); carbidopa (p.803·1).
Parkinsonism.

Sanitos *DB, Fr.*
Salicylic acid (p.1612·2).
Calluses; corns; warts.

Sanivit *Scherer, Thai.†.*
Multivitamin and mineral preparation with procaine hydrochloride, royal jelly, and lecithin (p.1922·1).

Sanjin Royal Jelly *Super Mayoreo Naturista, Mex.*
Ginseng (p.2312·1).
Tonic.

Sanjukei Panax Ginseng *ITBS, Hong Kong.*
Ginseng (p.2312·1); carotene (p.1930·3); sunflower oil (p.1970·3); vitamin E (p.1992·2).
Dietary supplement.

Sankombi *Sanum-Kehlbeck, Ger.*
Homoeopathic preparation.

Sanlin *Sanbe, Indon.*
Tetracycline phosphate (p.347·2).
Bacterial infections.

Sanmag
Note. This name is used for preparations of different composition.
Sanbe, Indon.
Oral suspension: Magnesium trisilicate (p.1744·1); aluminium hydroxide (p.1706·2); simeticone (p.1770·2).
Gastrointestinal disorders.

Sanbe, Indon.
Tablets: Magnesium trisilicate (p.1744·1); aluminium hydroxide (p.1706·2); papaverine hydrochloride (p.2191·3); chlordiazepoxide hydrochloride (p.968·2); vitamin B substances (p.1922·1).
Gastrointestinal disorders.

Sanmetidin *Sanbe, Indon.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Sanmigran *Novartis, Fr.*
Pizotifen malate (p.624·2).
Migraine.

Sanmol *Sanbe, Indon.*
Paracetamol (p.108·1).
Fever; pain.

Sanmyd-P *Santen, Philipp.*
Tropicamide (p.1886·2); phenylephrine hydrochloride (p.1568·1).
Production of mydriasis and cycloplegia.

Sano Tuss *Welti, Switz.*
⊗ Emetine hydrochloride (p.833·3); ethylmorphine hydrochloride (p.52·2); ephedrine hydrochloride (p.1558·2); codeine phosphate (p.37·2); guaifenesin (p.1561·3); cherry-laurel; tolu balsam (p.1574·2).
Catarrh; coughs.

Sanoderm *Reccius, Chile.*
Allantoin (p.1588·1); zinc oxide (p.1621·2); vitamin A (p.1971·2); vitamin D (p.1986·1).
Skin disorders.

Sanodin *Altana, Spain.*
Carbenoxolone sodium (p.1714·3).
Gingivitis; mouth ulcers.

Sanodril *Sandoz, Venez.*
Cefadroxil (p.218·1).
Bacterial infections.

Sanofil *Herbapol Pruszkow, Pol.*
Achillea (p.2245·2); benzocaine (p.1854·1); calendula (p.2273·1); chamomile (p.2279·3); equisetum (p.2299·3); menthol (p.2340·1); oak bark (p.2355·3); sage (p.2382·3).
Allergic skin disorders; insect bites.

Sanogencive *Plan, Switz.*
Rhatany root (p.2378·3); myrrh (p.2349·2); horseradish (p.2320·1); camphor (p.2273·2).
Gum disorders; oral hygiene.

Sanogyl
Note. This name is used for preparations of different composition.
Tonipharm, Fr.†.
Pink toothpaste: Sodium monofluorophosphate (p.1964·3); sodium fluoride (p.1962·2).
Oral hygiene.

Tonipharm, Fr.†.
White toothpaste: Sodium fluoride (p.1962·2).
Oral hygiene.

Sanogyl Fluo *Tonipharm, Fr.†.*
Sodium monofluorophosphate (p.1964·3); sodium fluoride (p.1962·2).
Dental caries prophylaxis.

Sanogyl Junior *Tonipharm, Fr.†.*
Sodium monofluorophosphate (p.1964·3); sodium fluoride (p.1962·2).
Dental caries prophylaxis.

Sanomed *Vitalink, Philipp.*
Naproxen sodium (p.92·3).
Gout; musculoskeletal and joint disorders; pain.

Sanomigran *Novartis, Irl.; Novartis, UK.*
Pizotifen malate (p.624·2).
Migraine and other vascular headaches.

Sanopinwern
Note. This name is used for preparations of different composition.
Wernigerode, Ger.
Inhalation: Eucalyptus oil (p.2301·2); pine silvestris oil (p.2368·2).
Cold symptoms.

Wernigerode, Ger.
Oral drops: Thyme (p.2401·1).
Respiratory-tract congestion.

Sanopinwern T *Wernigerode, Ger.†.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Nasal congestion.

Sanopor *Sanus, Gr.*
Calcitonin (p.1093·1).
Osteoporosis.

Sanor *Biolab, Malaysia†; Biolab, Thai.†.*
Dipotassium clorazepate (p.980·1).
Anxiety; epilepsy.

Sanorex *SteriMax, Canad.†; Novartis, Mex.†.*
⊗ Mazindol (p.2157·3).
Obesity.

Sanorin
Note.This name is used for preparations of different composition.
Ivax, Cz.
⊗ Naphazoline nitrate (p.1565·2).
Catarrh; eye congestion; nasal congestion; otitis media.

Galena, Rus.
Nasal emulsion drops: ⊗ Naphazoline nitrate (p.1565·2); eucalyptus oil (p.2301·2).
Nasal congestion.

Galena, Rus.
Nose drops; nose spray: ⊗ Naphazoline nitrate (p.1565·2).
Nasal congestion.

Sanorin-Analergin *Ivax, Cz.; Galena, Rus.*
⊗ Naphazoline nitrate (p.1565·2); antazoline mesilate (p.567·1).
Allergic rhinitis; conjunctivitis.

Sanorinchik *Ivax, Rus.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Rhinitis; sinusitis.

Sanorvil *Dekaz, Gr.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Sanostol *Schmidgall, Austria.*
Multivitamin preparation (p.1922·1).

Sanosvit Calcium *Altana, Pol.*
Calcium glubionate (p.1675·3); calcium lactobionate (p.1676·2).
Calcium supplement; osteoporosis.

Sanovein *Sanus, Gr.*
Calcium folinate (p.1943·3).
Antidote to folic acid antagonists; folic acid deficiency.

Sanovit *Altana, Mex.*
Cobamamide (p.1980·2).
Anaemias; tonic.

Sanoxit *Galderma, Ger.*
Benzoyl peroxide (p.1590·2).
Acne.

Sanoyodo *Cinfa, Spain.*
Povidone-iodine (p.1659·2).
Skin and wound disinfection.

Sanpa *Bilim, Turk.*
Aspartame (p.1930·1).
Sugar substitute.

Sanpicillin *Sanbe, Indon.*
Ampicillin sodium (p.204·1) or ampicillin trihydrate (p.204·2).
Bacterial infections.

Sanprima *Sanbe, Indon.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sanpronol *Sanval, Braz.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; hypertension.

Sans Soleil Skin Ceuticals *Dispolab, Chile†.*
Dihydroxyacetone (p.1594·1).
Suntanning agent.

Sans-Acne *Galderma, Canad.†.*
⊗ Erythromycin (p.269·2); alcohol (p.1625·2).
Acne.

Sansacne *Galderma, Mex.; Galderma, Philipp.*
Erythromycin (p.269·2).
Acne.

Sansert *Novartis, Canad.*
Methysergide maleate (p.623·1).
Migraine and other vascular headaches.

Sanset *Sanovel, Turk.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Sansilla *Vifor International, Switz.*
Aluminium chloride (p.1588·2); calcium hydroxide (p.2272·2); menthol (p.2340·1); orange oil (p.2357·2); lemon oil (p.2332·3); citronella oil (p.2284·2); clove oil (p.2285·1); cinnamon oil (p.2283·2); peppermint oil (p.1761·2).
Mouth and throat disorders.

Sansudor *Boehringer Ingelheim, Switz.*
Aluminium chlorohydrate (p.1588·3).
Hyperhidrosis; intertrigo.

Santa Flora S *Madaus, Ger.*
Homoeopathic preparation.

Santa-E *Sanbe, Indon.*
Vitamin E (p.1992·2).
Vitamin E deficiency.

Santaherba *Homeocan, Canad.†; Lehning, Fr.*
Homoeopathic preparation.

Santalyt *Medice, Ger.*
Sodium chloride; glucose; potassium chloride; sodium citrate (p.1672·2).
Diarrhoea; oral rehydration therapy.

Santamex *Santa, Gr.†.*
Carbocisteine (p.1553·2).
Mucolytic.

Santamex-Expectorant *Santa, Gr.†.*
Carbocisteine (p.1553·2).
Respiratory disorders associated with viscous mucus.

Santamin *Santa, Gr.†.*
Codergocrine (p.364·1).
Peripheral vascular disorders.

Santanol *Atabay, Turk.*
Ranitidine hydrochloride (p.1766·1).

Santasal N *Merckle, Ger.*
Aspirin (p.20·3).
Fever; pain.

Santasapina *Bioforce, Switz.*
Pine buds.
Upper respiratory-tract disorders.

Santasapina V *Bioforce, Ger.*
Pine needle.
Catarrh.

Santax S
Asche, Cz.†.
Saccharomyces boulardii (p.2372·3).
Diarrhoea.

Asche Chiesi, Ger.
Saccharomyces cerevisiae (p.1998·3).
Diarrhoea.

Sante Vite *Roemmers-Klinos, Venez.†.*
Piroctone olamine (p.1610·1).
Dandruff.

Sant-E-Gal *ICN, Cz.†.*
Alpha tocoferil acetate (p.1992·3).
Vitamin E deficiency.

Santeson *Santen, Philipp.*
⊗ Dexamethasone (p.1526·1).
Inflammatory eye disorders.

Santevini *Novartis, India.*
Vitamin B substances; peptone; calcium gluconate (p.1922·1).
Tonic.

Santibi *Sanbe, Indon.*
Ethambutol hydrochloride (p.274·1).
Tuberculosis.

Santibi Plus *Sanbe, Indon.*
Ethambutol hydrochloride (p.274·1); isoniazid (p.288·1).
Vitamin B (p.1979·1) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Santin *ISA, Arg.†.*
Magnesium; vitamin C; vitamin B ; passion flower; tilia (p.1922·1).
Dietary supplement.

Santus *Bittner, Austria.*
Homoeopathic preparation.

Santussal *Novartis, Braz.*
Pimethixene (p.588·1); proxyphylline (p.1130·3); ammonium chloride (p.1551·3).
Coughs.

Santyl *Smith & Nephew, Canad.†; Knoll, USA.*
Collagenase (p.2286·2).
Debridement of dermal ulcers and severe burns; wound debridement.

Sanukehl *Sanum-Kehlbeck, Ger.*
Homoeopathic preparation.

Sanuvis *Sanum-Kehlbeck, Ger.*
Homoeopathic preparation.

Sanval *Lek, Hung.; Lek, Pol.; Lek, Rus.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Sanvapress *Sanval, Braz.*
Enalapril maleate (p.1276·1).
Hypertension.

Sanvisc *Cadila, India.*
Hypromellose (p.2144·2).

Sanvita Immun *Sanamed, Austria.*
Echinacea (p.2298·1).
Respiratory-tract infections.

Sanvita-B *Sanbe, Indon.*
Vitamin B substances (p.1922·1).
Vitamin B deficiency.

Sanyrene
Note.This name is used for preparations of different composition.
Urgo, Fr.
Barrier preparation.

Urgo, Ger.
Hyperoxygenated fatty acids of linoleic acid (p.2308·2).
Leg ulcers.

Sanytol *Ideal, Fr.†.*
Permethrin (p.2048·2); phenothrin (p.2048·3); benzyl benzoate (p.2036·1); didecyldimethylammonium chloride (p.1642·2); triclosan (p.1665·2).
House dust mite acaricide.

Sanzur *Garec, S.Afr.†.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Sanzyme-DS *Uni-Sankyo, India.*
Amylase (p.2256·3); aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); sodium bicarbonate (p.1673·2); simeticone (p.1770·2).
Dyspepsia; flatulence.

Sanzyme-S *Sankyo, Thai.†.*
Cellulase (p.2279·1); lipase (p.2360·3); pancreatin (p.2360·1); sanzyme-N.
Digestive disorders.

Saocin-D *Alcon, Gr.; Pharmex (Φαρμεξ), Gr.*
⊗ Dexamethasone (p.1526·1); neomycin (p.305·1).
Topical corticosteroid with antimicrobial.

Sapec *Riemser, Ger.*
Garlic (p.2309·2).
Hyperlipidaemias.

Saphire *Aset, Turk.*
Atorvastatin (p.1219·1).
Hypercholesterolaemia.

Sapilent *Extractum, Hung.*
Trimipramine (p.426·2).
Depression.

Sapoderm *Reckitt Benckiser, Austral.*
Triclosan (p.1665·2).
Skin cleansing.

Sapol *Kelemata, Ital.*
Sulfur (p.1614·1).
Skin cleanser for oily skin.

Sapona *Konimex, Indon.*
Benzoic acid (p.1630·2); peru balsam (p.2365·3); salicylic acid (p.1612·2).
Fungal skin infections.

Saponarex *Herbapol Pruszkow, Pol.*
Ribwort plantain (p.2379·1); soapwort (p.2388·2); thyme (p.2401·1).
Cough; respiratory-tract congestion.

Sapoven *Hasco-Lek, Pol.*
Aesculus (p.2248·2).
Haematoma; superficial phlebitis; venous insufficiency.

Sapoven AT *Hasco-Lek, Pol.*
Aesculus (p.2248·2); benzocaine (p.1854·1); troxerutin (p.2305·1).
Anorectal disorders.

Sapoven T *Hasco-Lek, Pol.*
Aesculus (p.2248·2); troxerutin (p.2305·1).
Oedema; soft-tissue injury; venous insufficiency.

Sapresta *Taiho, Jpn.*
Aranidipine (p.1216·3).
Hypertension.

Sapriken *Kener, Mex.*
Cisapride (p.1720·3).
Gastrointestinal motility disorders.

Saprimix *Cooper (Κοπερ), Gr.†.*
Cisapride (p.1720·3).
Gastrointestinal motility disorders.

Sapucai
Note.This name is used for preparations of different composition.
Geminis, Arg.†.
Cream: Permethrin (p.2048·2).
Pediculosis.

Geminis, Arg.†.
Shampoo: Benzyl benzoate (p.2036·1); benzocaine (p.1854·1); permethrin (p.2048·2).
Pediculosis; scabies.

Saquat *Ramini, Ital.*
Benzalkonium chloride (p.1629·1).
Disinfection of wounds and burns.

Sara *TNP, Thai.†.*
Paracetamol (p.108·1).
Fever; pain.

Sarafem *Warner Chilcott, USA.*
Fluoxetine hydrochloride (p.391·2).
Premenstrual dysphoric disorder.

Sarai *Steiner, Ger.*
Agnus castus (p.2249·1).
Mastalgia; menstrual disorders.

Sarapin *High Chemical, USA.*
Sarracenia purpurea distillate (p.122·2).
Neuromuscular or neuralgic pain.

Saratoga *Blair, USA.*
Zinc oxide (p.1621·2); boric acid (p.2268·1); cineole (p.2282·3); peru balsam (p.2365·3).
Minor skin irritation.

Sarcoderma *Confar, Port.†.*
Lindane (p.2045·3).
Pediculosis; scabies.

Sarcop *Unipharma, Spain.*
Permethrin (p.2048·2).
Scabies.

Sarcoton *Medley, Braz.*
Disulfiram (p.2296·2).
Alcoholism.

Sarf *Julphar, UAE.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Sarfiram *Bergamo, Braz.*
Sulfiram (p.2050·3).
Scabies.

Sargemag *Viatris, Fr.*
Magnesium carbonate (p.1743·1); magnesium oxide (p.1744·1).
Formerly known as Magnosol.
Magnesium supplement.

Sargenor
Viatris, Fr.; Meda, Port.; Viatris, Spain.
Arginine aspartate (p.1928·2).
Asthenia; tonic.

Viatris, Ital.
Arginine hydrochloride (p.1928·2).
Asthenia; tonic.

Sargenor a la Vitamine C *Viatris, Fr.*
Arginine aspartate (p.1928·2); ascorbic acid (p.1983·3).
Tonic.

Sargenor Plus *Viatris, Ital.*
Arginine hydrochloride (p.1928·2); ascorbic acid (p.1983·3).
Tonic.

Sargenor Sport *Viatris, Ital.*
Leucine; valine; isoleucine; arginine aspartate; vitamin B (p.1922·1).
Nutritional supplement.

Sargisthene *Viatris, Spain.*
Arginine aspartate (p.1928·2).
Asthenia.

Saribal *Gerolymatos, Gr.*
Ambroxol (p.1550·3).
Respiratory-tract congestion.

Saridine *Atlantic, Thai.*
Sulfasalazine (p.1773·2).
Ulcerative colitis.

Saridon
Note.This name is used for preparations of different composition.
Bayer Consumer, Arg.; Bayer, Austria; Roche, Belg.†; Roche, Braz.; Bayer, Cz.; Bayer, Ger.; Roche, Hong Kong; Bayer, Hung.; Bayer, Indon.; Bayer, Ital.; Bayer, Neth.; Bayer, Pol.; Roche, Rus.; Bayer, Spain; Roche, Switz.†.
Paracetamol (p.108·1); propyphenazone (p.119·3); caffeine (p.1116·3).
Cold and influenza symptoms; fever; pain.

Roche, Chile†; Roche, Venez.†.
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Bayer, Philipp.
Paracetamol (p.108·1).
Fever; pain.

Saridon N
Note.This name is used for preparations of different composition.
Bayer, Port.
Paracetamol (p.108·1); propyphenazone (p.119·3); caffeine (p.1116·3).
Pain.

Roche, Switz.
Ibuprofen sodium (p.65·2).
Fever; pain.

Sarifan Compuesto *Ronava, Venez.†.*
Hyoscine (p.1733·3); dipyrone (p.49·2).

Sarixell *Bayer, Neth.*
Ibuprofen sodium (p.65·2).
Fever; pain.

Sarmel *Anpharm (Ανφαρμ), Gr.*
⊗ Fluprednidene (p.1533·1); miconazole (p.541·2).
Fungal skin infections.

Sarna *Stiefel, Austral.; Stiefel, Malaysia; Stiefel, Philipp.; Stiefel, Singapore; Stiefel, Thai.*
Camphor (p.2273·2); menthol (p.2340·1); phenol (p.1656·1).
Burns; dry skin; pruritus; skin irritation; wounds.

Sarna Anti-Itch *Stiefel, USA.*
Camphor (p.2273·2); menthol (p.2340·1).
Poison ivy; poison oak; pruritus; sunburn.

Sarna HC *Stiefel, Canad.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Sarna Sensitive Anti-Itch *Stiefel, USA.*
Pramocaine hydrochloride (p.1868·1).
Pruritus.

Sarna Ultra *Stiefel, USA.*
Pramocaine hydrochloride (p.1868·1); menthol (p.2340·1).

Sarna-P *Stiefel, Canad.*
Pramocaine hydrochloride (p.1868·1); camphor (p.2273·2); menthol (p.2340·1).
Skin irritation.

Sarnapen *Dovalle, Braz.†.*
Bioallethrin (p.2036·2); piperonyl butoxide (p.2049·1).
Pediculosis.

Sarnaton *Royton, Braz.†.*
Benzyl benzoate (p.2036·1).
Scabies.

Sarnezan *Neckerman, Braz.†.*
Benzyl benzoate (p.2036·1).
Scabies.

Sarnilab *Multilab, Braz.*
Benzyl benzoate (p.2036·1).
Scabies.

Sarnodex *Bunker, Braz.*
Benzyl benzoate (p.2036·1).
Pediculosis; scabies.

Sarnol *Stiefel, Fr.*
Camphor (p.2273·2); menthol (p.2340·1).
Skin disorders.

Saromet *Pfizer, Arg.*
Diazepam (p.986·3).
Anxiety; skeletal muscle spasm.

Saronil *Artis, Spain.*
Tropisetron hydrochloride (p.1777·2).
Nausea and vomiting.

Saroten *Lundbeck, Austria; Lundbeck, Denm.; Lundbeck, Fin.†; Bayer, Ger.; Gerolymatos, Gr.; Lundbeck, Rus.; Lundbeck, S.Afr.; Lundbeck, Swed.; Lundbeck, Switz.*
Amitriptyline hydrochloride (p.376·1).
Depression; insomnia; nocturnal enuresis; pain.

Sarotena *Lundbeck, India.*
Amitriptyline hydrochloride (p.376·1).
Depression; nocturnal enuresis.

Sarotex *Lundbeck, Neth.; Lundbeck, Norw.*
Amitriptyline hydrochloride (p.376·1).
Depression; nocturnal enuresis; pain.

Sarox *Biomep, Mex.*
Omeprazole (p.1753·1).
Peptic ulcer.

Sarsaparol Uro *Sabona, Ger.†.*
Homoeopathic preparation.

Sarsapsor *Ysatfabrik, Ger.*
Homoeopathic preparation.

Sartaxal *Sandoz, Indon.*
Losartan potassium (p.1326·1).
Hypertension.

Sarten *Menarini, Cz.*
Olmesartan medoxomil (p.1361·1).
Hypertension.

Sarten Plus H *Menarini, Cz.*
⊗ Olmesartan medoxomil (p.1361·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Sarticain *Senese, Ital.*
⊗ Articaine hydrochloride (p.1854·1).
Adrenaline (p.1203·2) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia in dentistry.

Sartol *Stiefel, Spain.*
Menthol (p.2340·1); camphor (p.2273·2).
Insect bites; pruritus; urticaria.

Sarton *Leciva, Cz.†.*
Valsartan (p.1420·2).
Hypertension.

Sartuzin *Help, Gr.*
Fluoxetine hydrochloride (p.391·2).
Depression; obsessive-compulsive disorder; panic disorder.

Sarval *Baliarda, Arg.*
Valsartan (p.1420·2).
Heart failure; hypertension.

SAS *ICN, Canad.†.*
Sulfasalazine (p.1773·2).
Ulcerative colitis.

Saseem *Pohl, Ger.*
Xylitol (p.1998·2); dexpanthenol (p.2362·1); carrageenan (p.2142·3); sorbic acid (p.1662·2); electrolytes (p.1667·1).
Dry mouth.

Saspryl *Inibsa, Spain†.*
Aspirin (p.20·3).
Fever; musculoskeletal, joint and peri-articular disorders; pain; thromboembolism prophylaxis.

Sastid *Stiefel, Arg.; Stiefel, Braz.; Stiefel, Hong Kong; Stiefel, Indon.; Stiefel, Malaysia; Stiefel, Mex.; Stiefel, Philipp.; Stiefel, S.Afr.; Stiefel, Singapore; Stiefel, Spain†; Stiefel, Thai.; Stiefel, USA; Stiefel, Venez.†.*
Sulfur (p.1614·1); salicylic acid (p.1612·2).
Acne; pityriasis versicolor; seborrhoea; tinea versicolor.

Sastid Anti-Fungal *Stiefel, Singapore.*
Clotrimazole (p.530·1).
Fungal skin and vaginal infections.

Sastid Jabon *Stiefel, Chile.*
Salicylic acid (p.1612·2); sulfur (p.1614·1).
Acne; pityriasis versicolor; seborrhoea.

Sasulen *Faes, Spain.*
Piroxicam (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Satedon *Protein, Mex.†.*
Azathioprine (p.1818·2).

Satigene *Microsules, Arg.*
Irinotecan hydrochloride (p.737·1).
Malignant neoplasms.

Satil *Biotech, Venez.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder.

Satinique Anti-Dandruff *Amway, Canad.†.*
Pyrithione zinc (p.1611·2).

Sativex *Bayer, Canad.; GW, Canad.*
⊗ Dronabinol (p.1728·1); cannabidiol (p.2274·1).
Neuropathic pain in multiple sclerosis.

Satogesic *Eisai, Thai.; Sato, Thai.*
Indometacin (p.66·3).
Musculoskeletal, peri-articular, and soft-tissue pain.

Saton *Saval, Chile.*
⊗ Sibutramine (p.2164·1).
Obesity.

Satural *Altana, Pol.; Polfarmex, Pol.*
Calcium lactate gluconate (p.1676·2).
Calcium deficiency.

Saturnil *Adelco, Gr.*
Alprazolam (p.960·1).
Anxiety disorders; mixed anxiety-depressive states.

Saubasin *Kleva, Gr.*
Diltiazem hydrochloride (p.1265·1).
Angina pectoris; hypertension.

Saugella
Note. This name is used for preparations of different composition.
Rottapharm, Fr.
Topical gel: Loosestrife (p.2334·3); helichrysum; hyaluronic acid (p.2320·1); glycerol (p.2314·2).
Vaginal dryness.

Rottapharm, Fr.
Topical liquid: Thyme (p.2401·1); sage (p.2382·3); milk serum; lactic acid (p.2329·3).
Skin cleansing.

Saugella Attiva *Rottapharm, Ital.*
Thyme (p.2401·1); sage (p.2382·3).
Personal hygiene.

Saugella Dermolatte *Rottapharm, Ital.*
Chamomile (p.2279·3); sage (p.2382·3).
Soap substitute.

Saugella Dermoliquido *Rottapharm, Ital.*
Sage (p.2382·3).
Personal hygiene.

Saugella Fitothym *Rottapharm, Ital.*
Thyme (p.2401·1); wheat extract; sage (p.2382·3).
Soap substitute.

Saugella Gel *Rottapharm, Ital.*
Vaginal lubricant.

Saugella Idrocrema *Rottapharm, Ital.*
Vaginal lubricant.

Saugella Intilac *Rottapharm, Ital.*
Lactic acid (p.2329·3).
Maintenance of vaginal pH.

Saugella Poligyn 7 *Rottapharm, Ital.*
Thyme (p.2401·1); levomenol (p.2333·3).
Correction of vaginal pH; personal hygiene.

Saugella Salviettine *Rottapharm, Ital.*
Sage (p.2382·3); lactic acid (p.2329·3).
Personal hygiene.

Saugella Solido ph 3.5 *Rottapharm, Ital.*
Sage (p.2382·3).
Soap substitute for oily skin.

Saugella Solido Zolfo *Rottapharm, Ital.*
Sulfur (p.1614·1).
Acne; soap substitute.

Saugella Uomo *Rottapharm, Ital.*
Helichrysum italicum; clove (p.2284·3).
Male personal hygiene.

Saurat *Ivax, Arg.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder.

Savacol Mouth and Throat Rinse *Colgate Oral Care, Austral.*
Chlorhexidine gluconate (p.1635·3).
Minor oral infections; mouth ulcers.

Savarine *AstraZeneca, Fr.*
Proguanil hydrochloride (p.609·2); chloroquine phosphate (p.599·3).
Malaria.

Savarix *Gemi, Pol.*
Aesculus (p.2248·2); benzocaine (p.1854·1); heparin sodium (p.1301·2).
Soft-tissue injury; venous insufficiency.

Savecal *Ibirn, Ital.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement.

Savene *TopoTarget, Cz.; TopoTarget, Gr.; TopoTarget, UK.*
Dexrazoxane (p.1443·1).
Anthracycline extravasation.

Saventrine *IFET (ΙΦΕΤ), Gr.†; Pharmax, Irl.†; Pharmax, Singapore†.*
⊗ Isoprenaline hydrochloride (p.1316·3).
Bradycardia; cardiogenic or endotoxic shock; evaluation of congenital heart defects; heart block; heart failure; overdose of beta blockers or calcium channel blockers; pulmonary hypertension; Stokes-Adams attacks.

Saver *Elmor, Venez.*
Azithromycin (p.207·1).
Bacterial infections.

Savex *Sabex, Canad.†.*
Camphor (p.2273·2); menthol (p.2340·1).

Savex 15 *Sabex, Canad.†.*
SPF 15: Octinoxate (p.1608·2); oxybenzone (p.1608·3); camphor (p.2273·2).
Sunscreen.

Savex with PABA *Sabex, Canad.†.*
Padimate O (p.1609·1); camphor (p.2273·2); menthol (p.2340·1); salicylic acid (p.1612·2).
Sunscreen.

Savex Sunblock *Sabex, Canad.†.*
SPF 15: Padimate O (p.1609·1); oxybenzone (p.1608·3).
Sunscreen.

Savex with Sunscreen *Sabex, Canad.†.*
Camphor (p.2273·2); menthol (p.2340·1); salicylic acid (p.1612·2).

Savilen *Sanofi-Aventis, Gr.*
Ciprofibrate (p.1246·1).
Hyperlipidaemias.

Savior *Abic, Israel; Teva, Israel.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1).
Burn, skin, and wound disinfection.

Savles *Atlas, Arg.*
Emollient.

Savlex *Drogsan, Turk.*
Chlorhexidine (p.1635·2); cetrimide (p.1634·1).
Skin disinfection.

Savlodil *Regent, Canad.*
Cetrimide (p.1634·1); chlorhexidine gluconate (p.1635·3).
Wound disinfection.

Savlon *Novartis Consumer, Irl.; Boots Healthcare, NZ; Johnson & Johnson, Singapore†.*
Cetrimide (p.1634·1); chlorhexidine gluconate (p.1635·3).
Insect bites; napkin rash; skin, burn, and wound disinfection; wounds.

Savlon Antiseptic
Note. This name is used for preparations of different composition.
Reckitt & Colman, Austral.
Cream: Cetrimide (p.1634·1); chlorhexidine hydrochloride (p.1635·3).
Skin abrasions; wounds.

Reckitt & Colman, Austral.
Topical powder: Povidone-iodine (p.1659·2).
Burns; fungal skin infections; skin abrasions; wounds.

Savlon Antiseptic Cream *Novartis Consumer, UK.*
Cetrimide (p.1634·1); chlorhexidine gluconate (p.1635·3).
Skin disinfection.

Savlon Antiseptic Liquid *Novartis Consumer, UK.*
Cetrimide (p.1634·1); chlorhexidine gluconate (p.1635·3).
Formerly known as Savlon Concentrated Antiseptic.
Skin disinfection.

Savlon Antiseptic Wound Wash *Novartis Consumer, UK.*
Chlorhexidine gluconate (p.1635·3).
Skin disinfection.

Savlon Dry *Novartis Consumer, Irl.; Novartis Consumer, UK.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Savonol *Merkez, Turk.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1).
Skin disinfection.

Savosan *Vianex (Βιανέξ), Gr.*
⊗ Enalapril (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Savrolin *Oro, Turk.*
Chlorhexidine (p.1635·2); cetrimide (p.1634·1).
Skin disinfection.

Saw Palmetto Formula *Quest, Canad.*
Buchu leaf; cayenne; corn silk; kelp; parsley leaf; cucurbita seed; saw palmetto berry (p.1922·1).

Sawmetto Vivo-Livo *Panpharma, Hong Kong†.*
Saw palmetto (p.2192·3); cucurbita oil (p.2290·2); soya oil (p.1965·3).
Benign prostatic hyperplasia.

Sax *Biotech Naturis, Venez.*
Boric acid (p.2268·1).
Vaginal infections.

Saxacid *Biotech Naturis, Venez.*
Acetic acid (p.2244·2); sorbic acid (p.1662·2).
Vaginal infections.

Saxetil *Santa, Gr.*
Cefuroxime axetil (p.238·2).
Bacterial infections.

Saxion *Duncan, Arg.*
Acenocoumarol (p.1201·1).
Thromboembolic disorders.

Sayana *Pfizer, Cz.*
Medroxyprogesterone acetate (p.2113·1).
Progestogen-only injectable contraceptive.

Sazo *Wallace, India.*
Sulfasalazine (p.1773·2).
Crohn's disease; rheumatoid arthritis; ulcerative colitis.

SB Aurico Ear Drops *Universal, S.Afr.*
Phenol (p.1656·1).
Earache.

SB Blood Purifying Mixture *Universal, S.Afr.*
Magnesium sulfate; potassium citrate; potassium iodide; iron and ammonium citrate (p.1922·1).
Tonic.

SB Cirogin Cough Mixture *Universal, S.Afr.*
Ipecacuanha (p.1562·3); ammonium chloride (p.1551·3); sodium citrate (p.1673·3).
Respiratory-tract congestion.

SB Diarrhoea Mixture *Universal, S.Afr.*
Light kaolin (p.1738·1); calcium carbonate (p.1714·1); catechu (p.2278·2).
Diarrhoea.

SB Gripe Water *Universal, S.Afr.*
Sodium bicarbonate (p.1673·2).
Infant colic.

SB Laxative Mixture *Universal, S.Afr.*
Magnesium sulfate (p.1679·3).
Constipation.

SB Rheumatic Ointment *Universal, S.Afr.*
Camphor (p.2273·2); menthol (p.2340·1); turpentine; eucalyptus oil (p.2301·2).
Musculoskeletal and joint disorders.

SB Shisalene *Universal, S.Afr.*
Camphor (p.2273·2); capsicum oleoresin (p.2276·2); turpentine; eucalyptus oil (p.2301·2).
Muscular aches and pains.

SB Strong-Lax *Universal, S.Afr.*
Yellow phenolphthalein (p.1762·1).
Constipation.

SB Toothache Drops *Universal, S.Afr.*
Clove oil (p.2285·1); chloroform (p.1781·1).
Toothache.

SB Tox Worm *Universal, S.Afr.*
Piperazine citrate (p.152·3).
Ascariasis.

SB 3 Triple Action Pills *Universal, S.Afr.*
Phenolphthalein (p.1762·1); jalap resin (p.1737·3); aloin (p.1705·3); capsicum oleoresin (p.2276·2).
Constipation.

SB Universal Ointment *Universal, S.Afr.*
Starch (p.1968·1); zinc oxide (p.1621·2); coal tar (p.1616·2); phenol (p.1656·1); cod-liver oil (p.1935·2).
Eczema.

SB Unola Corn Remover *Universal, S.Afr.*
Salicylic acid (p.1612·2).
Calluses; corns; warts.

SBOB *TNP, Thai.†.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

SB-Plex *Wescrib, Philipp.*
Vitamin B ; vitamin B ; vitamin B (p.1922·1).
Vitamin B deficiency.

SC-300 *Hamilton, Austral.†.*
Coconut oil derivatives.
Barrier cream; skin cleansing.

Scabecid *Stiefel, Fr.†.*
Lindane (p.2045·3).
Pediculosis; scabies.

Scabene *Medican, Canad.†.*
Esdepallethrine (p.2042·3); piperonyl butoxide (p.2049·1).
Scabies.

Scabenzil *Delta, Braz.*
Benzyl benzoate (p.2036·1).
Pediculosis; scabies.

Scabexyl *Stiefel, Chile†.*
Lindane (p.2045·3).
Pediculosis; scabies.

Scabicid *Kimia, Indon.*
Lindane (p.2045·3); usnic acid (p.2409·3).
Gram-positive bacterial skin infections; scabies.

Scabicin *Fischer, Israel; Cosmofarma, Port.*
Crotamiton (p.1593·2).
Pruritus; scabies.

Scabiex *Rekah, Israel.*
Benzyl benzoate (p.2036·1).
Scabies.

Scabimite *Galenium, Indon.*
Permethrin (p.2048·2).
Scabies.

Scabine *Stadmed, India.*
Lindane (p.2045·3); cetrimide (p.1634·1).
Pediculosis; scabies.

Scabioderm *Bajer, Arg.*
Bioallethrin (p.2036·2); piperonyl butoxide (p.2049·1); benzyl benzoate (p.2036·1).
Pediculosis; scabies.

Scabioid *Legrand, Braz.*
Benzyl benzoate (p.2036·1).
Scabies.

Scabirax *Innoderm, Philipp.*
Crotamiton (p.1593·2).
Pruritus; scabies.

Scabisan *Chinoin, Mex.*
Permethrin (p.2048·2).
Pediculosis; scabies.

Scabisan Plus *Chinoin, Mex.*
Permethrin (p.2048·2).
Scabies.

Scaboma
Note. This name is used for preparations of different composition.
Glenmark, India.
Cream: Lindane (p.2045·3); benzocaine (p.1854·1).
Pediculosis; scabies.

Glenmark, India.
Lotion: Lindane (p.2045·3).
Pediculosis; scabies.

Scadan
Note. This name is used for preparations of different composition.
Medipharm, Chile.
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Miles, USA.
Tetradonium bromide (p.1634·3); stearyl dimethyl benzyl ammonium chloride.
Seborrhoea.

Scaflam *Mantecorp, Braz.; Lavipharm, Gr.†.*
Nimesulide (p.95·3).
Fever; inflammation; musculoskeletal disorders; pain.

Scaflan *Schering-Plough, Venez.*
Nimesulide (p.95·3).
Fever; osteoarthritis; pain; rheumatic disorders.

Scalid *Uniao Quimica, Braz.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Scalpe *Glenmark, India.*
Ketoconazole (p.539·1); pyrithione zinc (p.1611·2).
Dandruff; seborrhoeic dermatitis.

Scalpex *Glenmark, Philipp.*
Ketoconazole (p.539·1); pyrithione zinc (p.1611·2).
Dandruff; seborrhoeic dermatitis.

Scalpicin
Note. This name is used for preparations of different composition.
Combe, Ital.
⊗ Hydrocortisone (p.1535·2); menthol (p.2340·1).
Skin irritation.

Combe, USA.
Salicylic acid (p.1612·2); menthol (p.2340·1).
Formerly contained hydrocortisone, and menthol.

Scalpicin Anti-Dandruff Anti-Itch *Combe, Canad.*
Menthol (p.2340·1); salicylic acid (p.1612·2).

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Scalpicin Capilar *Combe, Spain.*
⊗ Hydrocortisone (p.1535·2).
Scalp disorders.

Scalpin *Specifar (Σπεσιφαρ), Gr.*
Ketoconazole (p.539·1).
Fungal scalp infections.

Scan C *Mallinckrodt, USA.*
Barium sulfate (p.1477·2).
Contrast medium for gastrointestinal radiography.

Scanaflam *Tempo Scan Pacific, Indon.*
Diclofenac potassium (p.44·3).
Inflammation; pain.

Scanalgin *Tempo Scan Pacific, Indon.*
Dipyrone (p.49·2).
Pain.

Scanarin *Tempo Scan Pacific, Indon.*
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Scanax *Tempo Scan Pacific, Indon.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Scancortin *Scanpharm, Philipp.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Scandene *Tempo Scan Pacific, Indon.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Scanderma *Tempo Scan Pacific, Indon.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Scanderma Plus *Tempo Scan Pacific, Indon.*
⊗ Betamethasone dipropionate (p.1518·3); neomycin sulfate (p.305·1); bacitracin zinc (p.210·3).
Infected skin disorders.

Scandexon *Tempo Scan Pacific, Indon.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Scandicain *AstraZeneca, Austria; AstraZeneca, Ger.; Dentsply, Ger.; AstraZeneca, Switz.*
Mepivacaine hydrochloride (p.1866·3).
Local anaesthesia.

Scandicaine *AstraZeneca, Belg.; AstraZeneca, Neth.*
Mepivacaine hydrochloride (p.1866·3).
Adrenaline acid tartrate (p.1203·2) is included in some injections as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Scandine *Zambon, Belg.; Zambon, Ital.*
⊗ Ibopamine hydrochloride (p.1312·1).
Heart failure.

Scandinibsa *Inibsa, Port.; Inibsa, Spain.*
⊗ Mepivacaine hydrochloride (p.1866·3).
Adrenaline acid tartrate (p.1203·2) is included in some injections as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Scandishake *Nutricia, Austral.†; Axcan, Canad.; Nutricia, Fin.; Scientific Hospital Supplies, Irl.; Scandipharm, Israel; Nutricia, Ital.; Nutricia, NZ; Nutricia, Port.; Scientific Hospital Supplies, UK.*
Preparation for enteral nutrition (p.1922·1).

Scanditen *Tempo Scan Pacific, Indon.*
Ketotifen fumarate (p.582·2).
Asthma.

Scandonest *Septodont, Austral.†; Schein, Austria; Septodont, Cz.; Septodont, Denm.; Ogna, Ital.; Pharmodontal, Neth.; Septodont, Norw.; Septodont, Port.; Dental Warehouse, S.Afr.†; Septodont, Switz.*
⊗ Mepivacaine hydrochloride (p.1866·3).
Adrenaline (p.1203·2), noradrenaline (p.1360·1), or noradrenaline acid tartrate (p.1360·1) is included in some injections as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Scanidin *Tempo Scan Pacific, Indon.*
Dextromethorphan hydrobromide (p.1555·2); diphenhydramine (p.577·1).
Cough.

Scanlin *Quality, Hong Kong.*
Chlorhexidine gluconate (p.1635·3).
Skin disinfection.

Scanlux *Sanochemia, Austria; Sanochemia, Cz.; Sanochemia, Gr.; Sanochemia, Hung.; Sanochemica, Neth.; Setfarma, Port.; Sanochemia, Switz.; Sanochemia, UK.*
Iopamidol (p.1483·3).
Radiographic contrast medium.

Scanmecob *Tempo Scan Pacific, Indon.*
Mecobalamin (p.1981·1).
Peripheral neuropathy.

Scanneuron *Tempo Scan Pacific, Indon.*
Vitamin B (p.1976·3); vitamin B (p.1980·2); vitamin B (p.1979·1).
Migraine; nausea and vomiting of pregnancy; nervous system disorders; vitamin B deficiency.

Scannotrast *Gerot, Austria.*
Barium sulfate (p.1477·2).
Radiographic contrast medium for CT scanning.

Scannoxyl *Tempo Scan Pacific, Indon.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Scanovir *Tempo Scan Pacific, Indon.*
Aciclovir (p.862·3).
Herpesvirus infections.

Scansepta *Tempo Scan Pacific, Indon.*
Povidone-iodine (p.1659·2).
Mouth and throat disorders; skin infections; wounds.

Scantaren *Tempo Scan Pacific, Indon.*
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Musculoskeletal and joint disorders.

Scantensin *Tempo Scan Pacific, Indon.*
Captopril (p.1239·2).
Heart failure; hypertension.

Scantipid *Tempo Scan Pacific, Indon.*
Gemfibrozil (p.1295·3).
Coronary heart disease; hyperlipidaemias.

Scantoma *Tempo Scan Pacific, Indon.*
Bismuth salicylate (p.1711·1).
Diarrhoea.

Scantropil *Tempo Scan Pacific, Indon.*
Piracetam (p.368·2).
Cerebral trauma; chronic alcoholism; mental function impairment.

Scar Cream *Clay Park, USA.*
Octinoxate (p.1608·2); octisalate (p.1608·2).
Sunscreen.

Scarab *Aristo, India.*
Lindane (p.2045·3); cetrimide (p.1634·1).
Pediculosis; scabies.

Scarda *Pharmaland, Thai.*
Piracetam (p.368·2).
Cerebrovascular disorders; mental function disorders.

Scarfade *GAR, Singapore†.*
Dimeticone (p.2032·1); cyclomethicone; polysiloxane.
Scars.

Scat *Cadila, India.*
Sparfloxacin (p.332·1).
Bacterial infections.

Scavenger *Aesculapius, Ital.†.*
Glutathione (p.1448·1).
Cisplatin-induced neuropathy.

Scelto *Pharos, Indon.*
Ketorolac trometamol (p.74·2).
Postoperative pain.

Scheinpharm Artificial Tears *Schein, Canad.†.*
Polyvinyl alcohol (p.2145·3).

Scheinpharm Artificial Tears Plus *Schein, Canad.†.*
Polyvinyl alcohol (p.2145·3); povidone (p.2146·1).

Scheribar *Schering, Arg.*
Barium sulfate (p.1477·2).
Contrast medium for gastrointestinal radiography.

Schericur *Schering, Arg.; Intendis, Spain.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Scheriderm *Schering, Arg.; Intendis, Mex.*
⊗ Diflucortolone valerate (p.1529·2); isoconazole nitrate (p.536·2); neomycin sulfate (p.305·1).
Infected skin disorders.

Scherilan Crema *Intendis, Ital.*
Zinc oxide (p.1621·2).
Barrier preparation.

Schering Base *Schering, Canad.†.*
Emollient.
Dry skin; topical diluent.

Scheriproct
Note. This name is used for preparations of different composition.
Schering, Arg.; CSL, Austral.; Schering, Austria; Schering, Belg.; Schering, Chile; Schering, Fin.; Asche, Ger.†; Schering, Ger.†; Schering, Irl.; Intendis, Mex.; Intendis, Norw.; Intendis, Port.; Schering, S.Afr.; Schering, Switz.; Valeant, UK; Schering, Venez.
⊗ Prednisolone caproate (p.1541·1); cinchocaine hydrochloride (p.1857·3).
Anorectal disorders; haemorrhoids; pruritus ani.

Intendis, Spain.
⊗ Prednisolone (p.1540·3); cinchocaine hydrochloride (p.1857·3); menthol (p.2340·1).
Anorectal disorders.

Schering, Thai.†.
⊗ Prednisolone caproate (p.1541·1); cinchocaine hydrochloride (p.1857·3); clemizole undecylate (p.574·1).
Anorectal disorders.

Scheriproct N
Note. This name is used for preparations of different composition.
Schering, Swed.
⊗ Prednisolone caproate (p.1541·1); cinchocaine hydrochloride (p.1857·3).
Anorectal disorders.

Schering, Thai.
⊗ Fluocortolone pivalate (p.1532·3); lidocaine hydrochloride (p.1862·3).
Anorectal disorders.

Scheriproct Neo *Schering, Gr.*
⊗ Cinchocaine hydrochloride (p.1857·3); prednisolone caproate (p.1541·1).
Haemorrhoids.

Scheritonin *Schering, Arg.†.*
Isotretinoin (p.1599·2).
Acne.

Scherogel *Schering, Austria; Asche, Ger.†.*
Benzoyl peroxide (p.1590·2).
Acne.

Schias-Amaro Medicinale *AFOM, Ital.†.*
Rhubarb (p.1768·3); boldo (p.2267·2); cascara (p.1715·2).
Constipation; digestive disorders.

Schiwalys Hemofiltration *Baxter, Swed.*
Electrolyte solution for haemofiltration (p.1670·3).
Some solutions also contain glucose.

Schizopol *Polipharm, Thai.†.*
Haloperidol (p.1000·2).

Schlaf- und Nerventee *Bad Heilbrunner, Ger.*
Valerian (p.2410·1); melissa (p.2339·3); lupulus (p.2335·2).
Nervous disorders.

Schlaf-Nerventee N *Abtswinder, Cz.†.*
Valerian (p.2410·1); melissa (p.2339·3); lupulus (p.2335·2); lavender (p.2331·1); chamomile (p.2279·3); liquorice (p.1740·3); orange flower (p.2357·1).
Anxiety; insomnia.

SchlafTabs *Ratiopharm, Ger.*
Doxylamine succinate (p.578·2).
Sleep disorders.

Schlaftropfen Nr 30 *Doskar, Austria.*
Homoeopathic preparation.

Schlehen Elixir *Weleda, S.Afr.*
Blackthorn (p.2267·2).
Tonic.

Schlehepar N *Hanosan, Ger.†.*
Homoeopathic preparation.

Schleimhaut-Komplex Ho-Fu-Complex *Liebermann, Ger.*
Homoeopathic preparation.

Schmerz-Dolgit *Dolorgiet, Ger.*
Ibuprofen (p.64·2).
Fever; pain; rheumatism.

schnupfen endrine *Asche Chiesi, Ger.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion; rhinitis.

Schnupfen Kapseln *Tetesept, Ger.*
Eucalyptus oil (p.2301·2).
Respiratory-tract congestion.

Scholl Athlete's Foot
Note. This name is used for preparations of different composition.
SSL, UK.
Tolnaftate (p.548·3).
Tinea pedis.

Schering-Plough, Canad.†.
Cream: Butenafine hydrochloride (p.528·1).
Tinea pedis.

Schering, Canad.
Gel; powder; spray powder: Tolnaftate (p.548·3).
Tinea pedis.

Scholl Callous *Titan, Turk.*
Salicylic acid (p.1612·2).
Calluses.

Scholl Callus Removal *SSL, UK.*
Salicylic acid (p.1612·2).
Calluses.

Scholl Callus Remover *Schering, Canad.*
Salicylic acid (p.1612·2).
Calluses; corns.

Scholl Clear Away *Schering, Canad.†.*
Salicylic acid (p.1612·2).
Warts.

Scholl Corn & Callus Removal Liquid *SSL, UK.*
Salicylic acid (p.1612·2); camphor (p.2273·2).
Calluses; corns.

Scholl Corn Removal *SSL, UK.*
Salicylic acid (p.1612·2).
Corns.

Scholl Corn Remover *Schering, Canad.*
Salicylic acid (p.1612·2).
Calluses; corns.

Scholl Corn/Callous Removers *Scholl, Israel.*
Salicylic acid (p.1612·2).
Corns and callouses.

Scholl 2-Drop Corn Remedy *Schering, Canad.*
Salicylic acid (p.1612·2).
Calluses; corns.

Scholl Dry Antiperspirant Foot Spray *Schering-Plough, Canad.†.*
Aluminium chlorohydrate (p.1588·3).
Foot odour; foot perspiration.

Scholl One Step *Schering, Canad.†.*
Salicylic acid (p.1612·2).
Calluses; corns; warts.

Scholl Seal & Heal *SSL, UK.*
Salicylic acid (p.1612·2); camphor (p.2273·2).
Calluses; corns; verrucas; warts.

Scholl Verucca Removal *SSL, UK.*
Salicylic acid (p.1612·2).
Verrucas; warts.

Scholl Warzenfilm *SSL, Switz.*
Salicylic acid (p.1612·2).
Warts.

Scholl Zino *Schering-Plough, Canad.†.*
Salicylic acid (p.1612·2).
Corns.

Schoum *Omega, Fr.*
Fumitory (p.2307·2); ononis (p.2357·1); Jamaica dogwood (p.2328·1); sorbitol (p.1965·1); alverine citrate (p.1708·1).
Gastrointestinal and kidney disorders.

Schrundensalbe Dermi-cyl *Liebermann, Ger.*
Salicylic acid (p.1612·2).
Skin disorders.

Schufen *Kenyaku, Hong Kong; Kenyaku, Thai.*
Ibuprofen (p.64·2).
Fever; inflammation; musculoskeletal and joint disorders; pain.

Schupps Melissen Olbad *Schupp, Ger.†.*
Citronella oil (p.2284·2).
Bath additive; nervous disorders.

Schweden-Mixtur H nouvelle formulation *Hanseler, Switz.*
Aloes (p.1705·2); senna (p.1769·2); rhubarb (p.1768·3).
Constipation.

Schwedentrunk Elixier *Infirmarius-Rovit, Ger.*
Angelica (p.2258·1); gentian (p.2310·3); cardamom fruit (p.2277·1); cinnamon (p.2283·1); valerian (p.2410·1).
Digestive-system disorders.

Schwefelbad Dr Klopfer *Austroplant, Austria; Protina, Ger.; Protina, Hung.*
Sulfur (p.1614·1); sodium thiosulfate (p.1466·1).
Bath additive; musculoskeletal and joint disorders; skin disorders.

Schwohepan S *Schwörer, Ger.†.*
Milk thistle (p.1452·1); greater celandine (p.2317·1).
Biliary and gastrointestinal spasm; liver disorders.

Schwoneural N *Schwörer, Ger.*
Homoeopathic preparation.

Schworalgan *Schwörer, Ger.*
Paracetamol (p.108·1); propyphenazone (p.119·3).
Fever; pain.

Schworocard *Schwörer, Ger.*
Homoeopathic preparation.

Schworocor A *Schwörer, Ger.*
Homoeopathic preparation.

Schworosin *Schwörer, Ger.*
Homoeopathic preparation.

Schworotox *Schwörer, Ger.*
Homoeopathic preparation.

Schworotox A *Schwörer, Ger.*
Homoeopathic preparation.

Sciargo *Potter's, UK.*
Shepherd's purse (p.2386·2); wild carrot (p.2415·2); clivers (p.2284·3); bearberry (p.2263·3); juniper berry oil (p.2328·3).
Lumbago; sciatica.

Sci-B-Vac *Scigen, Hong Kong.*
A hepatitis B vaccine (recombinant) (p.2215·2).
Active immunisation.

SciLin M30 *SciGen, Philipp.*
⊗ A mixture of soluble insulin (human) 30% and isophane insulin (human) 70% (p.443·2).
Diabetes mellitus.

SciLin N *SciGen, Philipp.*
⊗ Isophane insulin (human) (p.443·2).
Diabetes mellitus.

SciLin R *SciGen, Philipp.*
⊗ Insulin injection (human) (p.443·2).
Diabetes mellitus.

Scillacor *Steigerwald, Ger.†.*
Homoeopathic preparation.

Scillase N *Ziethen, Ger.†.*
Squill (p.1573·1).
Heart failure; kidney disorders.

Scintadren *Nycomed Amersham, UK.*
Selenium-75 (p.2055·3) in the form of 6β-(methyl(Se)seleno)methyl-19-norcholest-5(10)-en-3β-ol.
Adrenal gland imaging.

Scintimun *CIS, Cz.*
Kit for labelling monoclonal antibody (BW 250/183) with technetium-99m (p.2055·3).

Sciomir *CT, Ital.*
Thiocolchicoside (p.1898·2).
Neuromuscular pain; parkinsonism; spasticity.

Sciroppo Berta *Berta, Ital.*
Liquorice (p.1740·3); sulfogaiacol (p.1573·2).
Catarrh; coughs.

Sciroppo Fenoglio *AFOM, Ital.†.*
Ferric ammonium citrate (p.1938·1).
Anaemias.

S-Citadep *Cipla, India.*
Escitalopram oxalate (p.391·1).
Depression.

Scitin *Wermar, Mex.*
Trimebutine (p.2404·3).

Scitropin *Scigen, Austral.; Scigen, Hong Kong; Scigen, Singapore†.*
⊗ Somatropin (p.1799·3).
Growth disorders in renal failure; growth hormone deficiency; Turner's syndrome.

SciTropin *SciGen, Philipp.*
⊗ Somatropin (p.1799·3).
Growth hormone deficiency; Turner's syndrome.

Sclerace *Novartis, India.*
Ramipril (p.1385·3).
Heart failure; hypertension.

Scleremo *Bailleul, Fr.*
Chrome alum (p.2280·3); glycerol (p.2314·2).
Varicose veins.

Scleril *AGIPS, Ital.*
Fenofibrate (p.1286·2).
Exudative diabetic retinopathy; hyperlipidaemias; xanthoma.

Sclerobion *Merck, India.*
Vitamin A (p.1971·2); vitamin B (p.1979·1); vitamin E (p.1992·2).
Vitamin A and E deficiency.

Sclerocalcine *Lehning, Fr.*
Homoeopathic preparation.

Sclerodex *Omega, Canad.*
Glucose (p.1945·3); sodium chloride (p.1686·1); phenethyl alcohol (p.1655·3).
Sclerotherapy.

Sclerodine *Omega, Canad.*
Iodine (p.2169·2); sodium iodide (p.2169·2).
Sclerotherapy.

Sclerofin *Ivax, Arg.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Scleromate *Palisades, USA.*
Sodium morrhuate (p.2390·1).
Varicose veins.

Scleron *Weleda, Ger.; Weleda, S.Afr.*
Homoeopathic preparation.

Sclerosol *Bryan, USA.*
Sterile talc (p.1615·2).
Malignant pleural effusion.

Sclerovein *Resinag, Switz.*
⊗ Lauromacrogol 600 (p.1916·1); alcohol (p.1625·2).
Variceal sclerosis.

Sclerovis H *Amnol, Ital.*
Borage (p.2267·3); Iceland moss (p.2324·1); echinacea (p.2298·1); melaleuca; peppermint (p.1761·2); evening primrose (p.2302·1); prunus dulcis; triticum aestivum (p.2415·1).
Emollient.

SCMC *CCM, Malaysia; Beacons, Singapore.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders associated with increased or viscous mucus.

SCMC Promethazine *CCM, Malaysia†.*
Carbocisteine (p.1553·2); promethazine hydrochloride (p.588·2).
Coughs.

Scoburen *Renaudin, Fr.*
Hyoscine butylbromide (p.1734·1).
Biliary-tract pain; gastrointestinal disorders; gynaecological pain.

Scobutrin *Landson, Indon.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Scoline *Mayne, Austral.; Aspen, S.Afr.*
Suxamethonium chloride (p.1909·3).
Depolarising neuromuscular blocker.

Scolmin *Biolink, Philipp.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Scopace *Hope, USA.*
Hyoscine hydrobromide (p.1734·1).
Parkinsonism.

Scopaject *Merck, S.Afr.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Scopamin *Otto, Indon.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Scopamin Plus *Otto, Indon.*
Hyoscine butylbromide (p.1734·1); paracetamol (p.108·1).
Smooth muscle spasm.

Scopanil *Pediapharm, Chile.*
Pargeverine (p.1761·1); metamizole magnesium (p.49·3).
Smooth muscle spasm and pain.

Scopas *Asian Pharm, Thai.*
Hyoscine butylbromide (p.1734·1).
Gastro-duodenitis; nausea and vomiting; peptic ulcer; smooth muscle spasm.

Scope *Procter & Gamble, USA.*
Cetylpyridinium chloride (p.1635·1).
Minor mouth or throat irritation.

Scopex *Adcock Ingram, S.Afr.*
Hyoscine butylbromide (p.1734·1).
Gastrointestinal spasm.

Scopex Co *Adcock Ingram, S.Afr.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).
Gastrointestinal spasm; urinary-tract spasm.

Scopinal *Julphar, UAE.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Scopoderm *Novartis, Austria; Novartis, Denm.; Novartis, Fin.; Novartis, Norw.; Novartis, Swed.*
Hyoscine (p.1733·3).
Motion sickness.

Scopoderm TTS *Novartis Sante, Fr.; Novartis Consumer, Ger.; Novartis, Hong Kong†; Enzpharma, NZ; Novartis Consumer, Neth.; Novartis Consumer, UK.*
Hyoscine (p.1733·3).
Intractable cough in terminal illness; motion sickness.

Scopolan *Herbapol Wroclaw, Pol.*
Hyoscine butylbromide (p.1734·1).
Adjunct in radiology; biliary-tract spasm; gastrointestinal spasm; peptic ulcer; spastic constipation; vomiting.

Scopolan Compositum *Herbapol Wroclaw, Pol.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).
Adjunct in radiology and endoscopy; pancreatitis; peptic ulcer; smooth muscle spasm; vomiting.

Scorbex *Pharmacare, S.Afr.*
Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Scorbolamid *Polpharma, Pol.*
Ascorbic acid (p.1983·3); rutoside (p.2305·1); salicylamide (p.121·2).
Cold symptoms; headache; neuralgia.

Scordal
Note. This name is used for preparations of different composition.
Kattwiga, Ger.†.
Capsules: Herba teucrii.
Cardiovascular disorders; gastrointestinal disorders.

Kattwiga, Ger.†.
Oral drops: Herba teucrii; magnesium chloride (p.1679·1).
Cardiovascular disorders; gastrointestinal disorders.

Scorotox *Kattwiga, Ger.†.*
Homoeopathic preparation.

Scott *GSK Consumer, Venez.*
Vitamins A and D (p.1922·1).
Dietary supplement.

Scott Dandruff Shampoo *Scott, Canad.*
Pyrithione zinc (p.1611·2).
Scalp disorders.

Scott Tradicional *GSK Consumer, Venez.*
Cod-liver oil (p.1935·2).
Vitamin A and D deficiency.

Scottopect
Note. This name is used for preparations of different composition.
Nycomed, Austria.
Gel: Turpentine oil (p.2406·3); eucalyptus oil (p.2301·2); thyme oil (p.2401·2); menthol (p.2340·1); camphor (p.2273·2).
Bronchitis; catarrh.

Nycomed, Austria.
Oral drops: Thyme (p.2401·1).
Bronchitis; catarrh.

Nycomed, Austria.
Oral liquid: Thyme (p.2401·1); wild thyme (p.2415·3); ribwort plantain (p.2379·1).
Bronchitis; catarrh.

Scott's Cod Liver *GSK, Thai.*
Vitamins A and D (p.1922·1).

Scott's E Vita *GSK, Indon.*
Vitamin A (p.1971·2); vitamin D (p.1986·1); calcium hypophosphite (p.1677·1).
Vitamin A and D supplement.

Scott's Emulsion
Note. This name is used for preparations of different composition.
GSK, Hong Kong.
Cod-liver oil (p.1935·2).
Dietary supplement.

GSK, Indon.
Cod-liver oil (p.1935·2); calcium hypophosphite (p.1677·1); sodium hypophosphite.
Vitamin A and D deficiency.

SmithKline Beecham, USA.
Vitamins A and D (p.1922·1).

Scott's Emulsion Orange *GSK, Hong Kong.*
Cod-liver oil (p.1935·2); calcium hypophosphite (p.1677·1).
Dietary supplement.

Scott's Emulsion Original *SmithKline Beecham, Hong Kong†.*
Cod-liver oil; capelin oil; calcium hypophosphite; sodium hypophosphite (p.1922·1).
Dietary supplement.

Scott's Hi-Calcium *GSK, Hong Kong.*
Calcium carbonate (p.1714·1).
Calcium supplement.

Scot-Tussin Allergy *Scot-Tussin, USA.*
Diphenhydramine hydrochloride (p.577·2).

Scot-Tussin DM *Scot-Tussin, USA.*
Chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2).
Coughs and cold symptoms.

Scot-Tussin DM Cough Chasers *Scot-Tussin, USA.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Scot-Tussin Expectorant *Scot-Tussin, USA.*
Guaifenesin (p.1561·3).
Coughs.

Scot-Tussin Original 5-Action *Scot-Tussin, USA.*
Phenylephrine hydrochloride (p.1568·1); pheniramine maleate (p.587·3); sodium citrate (p.1673·3); sodium salicylate (p.124·2); caffeine citrate (p.1116·3).
Upper respiratory-tract symptoms.

Scot-Tussin Senior Clear *Scot-Tussin, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Coughs.

SCR *Pickles, UK.*
Salicylic acid (p.1612·2).
Cradle cap.

Scribcin *Wescrib, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Scripto-Lyte *Adcock Ingram, S.Afr.*
Potassium chloride; sodium chloride; sodium citrate; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Scripto-Metic *Adcock Ingram, S.Afr.*
Prochlorperazine maleate (p.1020·1).
Anxiety disorders; migraine; nausea and vomiting; vestibular disorders.

Scullcap & Gentian Tablets *Dorwest, UK.*
Skullcap (p.2388·2); valerian (p.2410·1); vervain (p.2413·3); gentian (p.2310·3).
Anxiety; insomnia; irritability.

Sculptra *Sanofi-Aventis, Fr.; Dermik, USA.*
Poly L-lactic acid.
Facial fat loss in HIV infection; scars; skin irregularities.

Scutamil C *Egis, Cz.†; EGIS, Hung.†.*
Carisoprodol (p.1894·1); paracetamol (p.108·1).
Inflammation; musculoskeletal pain and spasm.

SCV 300 *Sigma, Arg.*
dl-alpha tocopherol (p.1992·2); ginkgo biloba (p.2311·1).

SD-Hermal *Hermal, Ger.*
Clotrimazole (p.530·1).
Pityriasis versicolor; seborrhoeic dermatitis.

SDN 200 *Sigma, Arg.*
Valerian (p.2410·1); passion flower (p.2363·2); valepotriates (p.2410·1).
Gastrointestinal disorders; insomnia; nervous disorders.

SEA ORS *SEA Pharm, Thai.*
Sodium chloride; potassium chloride; sodium citrate; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Seabell *Pond's, Thai.†.*
Flunarizine hydrochloride (p.580·2).
Cerebral and peripheral vascular disorders; memory disorders; vestibular disorders.

Sea-Cal *Bioceuticals, UK.*
Calcium carbonate (p.1714·1).

Seacalcit *Bergamo, Braz.*
Calcitonin (salmon) (p.1093·1).

Seacor *SPA, Ital.*
Omega-3 triglycerides (p.1362·1).
Hypertriglyceridaemia.

Seaford Liquid Multivite *Seaford, Canad.†.*
Multivitamin and mineral preparation (p.1922·1).

Seaking *Cipla, India†.*
Cod-liver oil (p.1935·2).

Seaking Plus *Cipla, India†.*
Cod-liver oil (p.1935·2); vitamin E (p.1992·2).

Seal On *Alltracel, Hong Kong†.*
Calcium oxidised cellulose (p.1075·1); sodium oxidised cellulose (p.1075·1).
Haemorrhage.

Seal & Heal *Seton, Cz.†; SSL, Pol.*
Salicylic acid (p.1612·2).
Calluses; corns; verrucas; warts.

Sealdin *Lacer, Spain†.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder.

Sea-Legs *Boots Healthcare, NZ; SSL, UK.*
Meclozine hydrochloride (p.584·3).
Motion sickness.

Seale's Lotion *C & M, USA.*
Sulfur (p.1614·1); borax (p.2268·1); zinc oxide (p.1621·2).
Acne.

Seal-On *Alltracel, Irl.; Beta Healthcare, UK.*
Calcium oxidised cellulose (p.1075·1); sodium oxidised cellulose (p.1075·1).
Capillary haemorrhage.

SeaMist *Schein, USA.*
Sodium chloride (p.1686·1).
Inflammation and dryness of nasal membranes.

Sea-Omega *Rugby, USA.*
Omega-3 marine triglycerides with vitamin E (p.1362·2).
Dietary supplement.

Seasonale *Duramed, USA.*
84 Tablets, levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3); 7 tablets, inert.
Combined oral contraceptive.

Seasonique *Duramed, USA.*
84 Tablets, levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3); 7 tablets, ethinylestradiol.
Combined oral contraceptive.

Seasorb
Coloplast, Arg.
Calcium alginate (p.1058·1); sodium alginate (p.2141·1); carmellose sodium (p.2142·1).
Exudating wounds.

Coloplast, Fr.
Calcium alginate (p.1058·1); carmellose sodium (p.2142·1).
Formerly known as Comfeel Seasorb.
Ulcers; wounds.

SeaSorb Soft *Coloplast, Ger.; Coloplast, UK.*
Calcium alginate (p.1058·1); carmellose (p.2142·1).
Burns; ulcers; wounds.

Seatone *Peter Black, UK.*
Green-lipped mussel (p.2317·2).

Seaze *Arrow, Austral.*
Lamotrigine (p.485·1).
Epilepsy.

Sebacnol
Note. This name is used for preparations of different composition.
Boots Healthcare, Ital.†.
Lotion: Mimosa tenuiflora; glycolic acid (p.1598·1).
Acne.

Boots Healthcare, Ital.†.
Topical gel: Mimosa tenuiflora; urtica (p.2409·3); thyme (p.2401·1); tilia (p.2402·2).
Acne.

Sebamed *Sebapharma, Hong Kong; Sebapharma, Thai.*
A range of skin cleansers and emollients.

Sebamed Suncream 20 *Sebapharma, Thai.*
Octinoxate (p.1608·2); avobenzone (p.1589·3); enzacamene (p.1597·1).
Sunscreen.

Sebamed Suncream 28 *Sebapharma, Thai.*
Octinoxate (p.1608·2); titanium dioxide (p.1617·3).
Sunscreen.

Sebamed Sunlotion 20 *Sebapharma, Thai.*
SPF 20: Octinoxate (p.1608·2); avobenzone (p.1589·3); enzacamene (p.1597·1).
Sunscreen.

Seba-Nil *Healthpoint, USA.*
Skin cleanser.
Acne.

Sebapain *Berman, Mex.*
Ketorolac (p.75·2).
Pain.

Sebaquin *Summers, USA.*
Diiodohydroxyquinoline (p.832·1).
Scalp disorders.

Sebasorb *Summers, USA.*
Sulfur (p.1614·1); salicylic acid (p.1612·2).
Acne.

Sebaxyl *Medipha r, Venez.*
Salicylic acid (p.1612·2); boric acid (p.2268·1); camphor (p.2273·2).
Acne; seborrhoea.

Sebco *Centrapharm, UK.*
Coal tar (p.1616·2); precipitated sulfur (p.1614·1); salicylic acid (p.1612·2).
Scalp disorders.

Sebcur *Dermtek, Canad.*
Salicylic acid (p.1612·2).
Seborrhoea of the scalp.

Sebcur/T *Dermtek, Canad.*
Salicylic acid (p.1612·2); coal tar (p.1616·2).
Psoriasis of the scalp.

Sebercim *GSK, Ital.*
Norfloxacin (p.309·2).
Urinary-tract infections.

Sebex *Rugby, USA.*
Salicylic acid (p.1612·2); sulfur (p.1614·1).
Seborrhoea.

Sebexol *Devesa, Ger.*
Emollient.
Skin disorders.

Sebexol cum urea *Devesa, Ger.*
⊗ Urea (p.1620·2).
Skin disorders.

Sebex-T *Rugby, USA.*
Coal tar (p.1616·2); sulfur (p.1614·1); salicylic acid (p.1612·2).
Seborrhoea.

Sebidin
GSK, Pol.
Ascorbic acid (p.1983·3); chlorhexidine hydrochloride (p.1635·3).
Mouth and throat disorders; mouth disinfection.

GSK, Rus.
Chlorhexidine (p.1635·2); ascorbic acid (p.1983·3).

Sebiprox *Stiefel, Fr.; Stiefel, Ger.; Stiefel, Ital.; Stiefel, Neth.; Stiefel, Port.; Stiefel, Spain.*
Ciclopirox olamine (p.529·2).
Seborrhoeic dermatitis.

Sebirinse
Note. This name is used for preparations of different composition.
Ego, Austral.; Ego, NZ.
Diacetyldimonium chloride; dexpanthenol (p.2362·1); phenethyl alcohol (p.1655·3).
Dandruff; dry scalp and hair disorders.

Ego, Hong Kong.
Diacetyldimonium chloride; panthenol (p.2362·1).
Scalp disorders.

Sebitar
Ego, Austral.; Ego, Hong Kong; Ego, NZ; Ego, Singapore.
Pine tar (p.1616·2); coal tar (p.1616·2); salicylic acid (p.1612·2); undecylenamide (p.549·3).
Skin and scalp disorders.

Ego, Malaysia.
Pine tar (p.1616·2); coal tar (p.1616·2); salicylic acid (p.1612·2); undecenoic acid diethanolamide (p.549·3).
Skin and scalp disorders.

Sebium AKN
Note. This name is used for preparations of different composition.
Dispolab, Chile; Bioderma, Venez.
Zinc gluconate (p.1999·2); salicylic acid (p.1612·2); enoxolone (p.50·1); ginkgo biloba (p.2311·1); AHA esters.
Acne.

Bioderma, Fr.
Lactic acid (p.2329·3); citric acid (p.2284·1); salicylic acid (p.1612·2); zinc gluconate (p.1999·2); enoxolone (p.50·1); ginkgo biloba (p.2311·1).
Seborrhoea.

Sebium Gel *Bioderma, Venez.*
Soap substitute.
Acne.

Sebium H2O
Note. This name is used for preparations of different composition.
Dispolab, Chile.
Zinc gluconate (p.1999·2); copper sulfate (p.1935·3).
Acne.

Bioderma, Venez.
Soap substitute.
Acne.

Sebivo *Novartis, Cz.; Novartis, Indon.; Novartis, Malaysia; Novartis, Port.; Novartis, UK.*
Telbivudine (p.908·1).
Chronic hepatitis B.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Sebizole *Douglas, Austral.; Douglas, Hong Kong†; Douglas, Malaysia†; Douglas, NZ; Douglas, Singapore.*
Ketoconazole (p.539·1).
Dandruff; pityriasis versicolor; seborrhoeic dermatitis.

Sebo *Chew, Thai.*
⊗ Betamethasone valerate (p.1519·1).
Scalp disorders.

Sebo Creme *Widmer, Switz.*
⊗ Vitamins (p.1922·1); urea (p.1620·2); triclosan (p.1665·2).
Acne; seborrhoea.

Sebo Fluid *Widmer, Philipp.*
Glyceryl stearate; triclosan (p.1665·2); panthenol (p.2362·1); cetyl alcohol (p.2028·3).
Acne; seborrhoea.

Sebo Shampooing *Widmer, Switz.*
Pyrithione zinc (p.1611·2); disodium sulfosuccinated undecenoic acid monoethanolamide (p.549·3); triclosan (p.1665·2).
Scalp disorders.

Seboclear *Szama, Arg.*
Minocycline (p.300·3) or minocycline hydrochloride (p.300·3).
Bacterial skin infections.

Sebolic *D & M, Chile.*
A range of skin and scalp preparations containing melaleuca oil (p.2338·2).
Skin and scalp disorders.

Sebolic Fluido *D & M, Chile.*
SPF 30: Octinoxate (p.1608·2); avobenzone (p.1589·3); titanium dioxide (p.1617·3).
Sunscreen.

Sebolith *Widmer, Switz.*
Econazole (p.531·1).
Pityriasis versicolor.

Sebomin *Actavis, UK.*
Minocycline hydrochloride (p.300·3).
Acne.

Sebon *Akdeniz, Turk.*
Dipyrone (p.49·2).
Fever; pain.

Sebo-Psor *Widmer, Switz.*
⊗ Dexamethasone (p.1526·1); tretinoin (p.1618·1); urea (p.1620·2).
Scalp disorders.

Seboreks *Can-Sel, Turk.*
Pyrithione zinc (p.1611·2).
Scalp disorders.

Seboren *Herbapol Pruszkow, Pol.*
Calamus (p.2271·3); arctium (p.2330·3); pastinaca sativa; urtica (p.2409·3).
Alopecia; dandruff; seborrhoea.

Seborheane
Note. This name is used for preparations of different composition.
Merck Medication Familiale, Fr.
Cream: Glycolic acid (p.1598·1); piroctone olamine (p.1610·1); alpha hydroxy acids; zinc gluconate (p.1999·2); levomenol (p.2333·3); allantoin (p.1588·1); vitamin A palmitate (p.1973·1); vitamin E acetate (p.1992·3).
Seborrhoea; skin irritation.

Merck Medication Familiale, Fr.
Shampoo: Piroctone olamine (p.1610·1); alpha hydroxy acids; zinc lactate.
Dandruff.

Seborrol *Ego, Austral.†; Ego, NZ†.*
Salicylic acid (p.1612·2); resorcinol (p.1612·1); undecylenamide (p.549·3).
Seborrhoea capitis; tinea capitis.

Sebosel *Taro, Israel; Taro, Thai.*
Selenium sulfide (p.1613·1).
Dandruff; pityriasis versicolor; seborrhoeic dermatitis.

Sebo-Soufrol *Gebro, Switz.*
Pyrithione zinc (p.1611·2); sulfur (p.1614·1).
Scalp disorders.

Sebosquam *Expanscience, Fr.*
Ictasol (p.1599·1); cade oil (p.1616·1); climbazole (p.529·3).
Seborrhoeic dermatitis.

Sebren *Ivax, UK.*
Minocycline hydrochloride (p.300·3).
Bacterial infections.

Sebryl *Bioclon, Mex.*
Allantoin (p.1588·1); clioquinol (p.254·1); coal tar (p.1616·2).
Dandruff; seborrhoeic dermatitis.

Sebryl Plus *Bioclon, Mex.*
Allantoin (p.1588·1); clioquinol (p.254·1); coal tar (p.1616·2); triclosan (p.1665·2).
Dandruff; seborrhoeic dermatitis.

Sebstopp *Pharmacos, Mex.*
Allantoin (p.1588·1); coal tar (p.1616·2); clioquinol (p.254·1).
Seborrhoea.

Sebucare *Westwood-Squibb, USA†.*
Salicylic acid (p.1612·2).
Seborrhoea.

Sebulex
Note. This name is used for preparations of different composition.
Panalab, Arg.
⊗ Panthenol (p.2362·1); salicylic acid (p.1612·2); triclosan (p.1665·2); potassium nitrate (p.1658·3); boric acid (p.2268·1); capsicum (p.2276·2).
Seborrhoea.

Westwood-Squibb, Canad.; Westwood-Squibb, USA.
Sulfur (p.1614·1); salicylic acid (p.1612·2).
Itchy scalp; seborrhoeic dermatitis.

Sebumselen *Juventus, Spain.*
Benzalkonium chloride (p.1629·1); selenium sulfide (p.1613·1).
Skin and scalp disorders.

Sebutone *Westwood-Squibb, Canad.†.*
Coal tar (p.1616·2); salicylic acid (p.1612·2); sulfur (p.1614·1).
Scalp disorders.

Secabiol *Normon, Spain.*
Carnitine (p.1932·2).
Cardiac disorders; carnitine deficiency.

Secadine *Xixia, S.Afr.*
Cimetidine (p.1716·2) or cimetidine hydrochloride (p.1716·3).
Gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Secadrex *Aventis, Neth.†; Italfarmaco, Spain†; Sanofi-Aventis, UK†.*
⊗ Acebutolol hydrochloride (p.1200·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Secalbum *Nutricia-Bago, Arg.*
Calcium caseinate (p.1934·1).
Dietary protein supplement.

Secale Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Secalip *Fournier, Fr.; Fournier SA, Spain.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Secalosan N *Hanosan, Ger.†.*
Homoeopathic preparation.

Secalysat *Ysatfabrik, Ger.*
Homoeopathic preparation.

Secamin *Lab, Port.†.*
Codergocrine mesilate (p.363·3).
Cerebral and peripheral vascular disorders; mental function disorders.

Secand *Royal, Chile.*
Sorbitol (p.1965·1); malic acid (p.2337·1); electrolytes (p.1667·1).
Saliva substitute.

Secaris *Pharmascience, Canad.*
Macrogol (p.2336·1); propylene glycol (p.2374·1).
Rhinitis.

Secatoxin Forte *Ivax, Cz.*
Codergocrine mesilate (p.363·3).
Cerebral and peripheral vascular disorders; dementia; hypertension; migraine; thrombosis prophylaxis; vestibular disorders.

Seclodin *Home, Port.*
Ibuprofen (p.64·2).
Fever; pain.

Secnaxidol *EMS, Braz.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Secnics *Delta, Braz.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Secnidal *Sanofi-Aventis, Braz.; Aventis, Mex.; Sanofi-Aventis, Venez.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Secnidalin *Ducto, Braz.*
Secnidazole (p.846·3).
Amoebiasis; trichomoniasis.

Secnihexal *Hexal, Braz.†.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Secnil *Nicholas Piramal, India.*
Secnidazole (p.846·3).
Amoebiasis; bacterial vaginosis; giardiasis; trichomonal vaginitis.

Secni-Plus *Farmoquimica, Braz.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Secnitec *Greenpharma, Braz.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Secnitrol *Biofarma, Braz.†.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Secnivax *Vivax, Venez.*
Secnidazole (p.846·3).
Trichomoniasis.

Secnix *Cifarma, Braz.*
Secnidazole (p.846·3).

Secnizol *UCI, Braz.†.*
Secnidazole (p.846·3).
Bacterial infections; protozoal infections.

Secnol *IPRAD, Fr.*
Secnidazole (p.846·3).
Amoebiasis; giardiasis; trichomoniasis.

Seco *Sriprasit, Thai.*
Codeine phosphate (p.37·2); guaifenesin (p.1561·3); terpin hydrate (p.1573·3).
Coughs.

Secokapton *Strallhofer, Austria.*
Ergotamine tartrate (p.620·1); caffeine (p.1116·3).
Migraine.

Seconal *Flynn, UK; Lilly, USA.*
Secobarbital sodium (p.1027·3).
Insomnia; sedative.

Secotex *Boehringer Ingelheim, Arg.; Boehringer Ingelheim, Braz.; Boehringer Ingelheim, Chile; Boehringer Ingelheim Promeco, Mex.; Boehringer Ingelheim, Venez.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Secpel *Medinfar, Port.*
Lactic acid (p.2329·3); lecithin (p.2332·2).
Seborrhoeic dermatitis of the scalp.

Secpel Composto *Medinfar, Port.*
Ichthammol (p.1599·1); lactic acid (p.2329·3); lecithin (p.2332·2).
Psoriasis; scalp disorders.

Secran *Scherer, USA.*
Multivitamin preparation (p.1922·1).

SecreFlo *RepliGen, USA.*
Secretin (synthetic) (p.2384·3).
Assessment of pancreatic function.

Secrelux *Sanochemia, Ger.*
Secretin hydrochloride (p.2384·3).
Diagnosis of Zollinger-Ellison syndrome; test of pancreatic function.

Secrepat *Gayoso, Spain.*
Aluminium hydroxide (p.1706·2); calcium carbonate (p.1714·1); magnesium trisilicate (p.1744·1); aluminium glycinate (p.1706·2).
Gastric hyperacidity.

Secresol *Permamed, Switz.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Secret 28 *Elea, Arg.; Elea, Mex.*
24 Tablets, gestodene (p.2105·2); ethinylestradiol (p.2101·3); 4 tablets, inert.
Combined oral contraceptive.

Secretil *Caber, Ital.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Secril *Baif, Ital.*
Omega-3 fatty acids (p.1362·1); omega-6 fatty acids (p.2308·2); collagen (p.2286·1).
Dietary supplement.

Sectral *Sanofi-Aventis, Belg.; Aventis, Canad.; Sanofi-Aventis, Cz.; Sanofi-Aventis, Fr.; Aventis, Hong Kong; Aventis, Irl.†; Aventis, Israel; Sanofi-Aventis, Ital.; Aventis, Malaysia†; Aventis, Neth.; Polfa Grodzisk, Pol.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Italfarmaco, Spain†; Aventis, Switz.†; Sanofi-Aventis, UK; Reddy, USA.*
⊗ Acebutolol hydrochloride (p.1200·1).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; myocardial infarction; obstructive cardiomyopathy.

Sectrazide *Sanofi-Aventis, Belg.; Aventis, Indon.*
⊗ Acebutolol hydrochloride (p.1200·1); hydrochlorothiazide (p.1307·3).
Angina pectoris; arrhythmias; hypertension.

Secubar *Sandoz, Spain†.*
Lisinopril (p.1325·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Secubar Diu *Sandoz, Spain.*
⊗ Lisinopril (p.1325·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Secuentex-21 *Pfizer, Mex.*
15 Tablets, mestranol (p.2116·2); 6 tablets, chlormadinone acetate (p.2084·3); mestranol.
Sequential oral contraceptive.

Secural *SecFarm, Pol.*
Nonoxinol 9 (p.1917·2).
Spermicidal contraceptive.

Se-Cure *Everett, USA†.*
Shark cartilage; vitamin E; vitamin C; zinc oxide; selenium (p.1922·1).
Nutritional supplement.

Securgin *Menarini, Ital.*
Desogestrel (p.2093·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Securil *Yalacta, Fr.*
Propionibacterium freudenreichii.
Maintenance of gastrointestinal flora.

Securo *Valeant, Arg.*
Ivermectin (p.145·2).
Onchocerciasis; scabies.

Securon *Abbott, UK.*
Verapamil hydrochloride (p.1421·1).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Securpres *Pharmacia, Ital.†.*
⊗ Indenolol hydrochloride (p.1315·1).
Angina pectoris; arrhythmias; hypertension.

Seczol
Note. This name is used for preparations of different composition.
Medley, Braz.
Tioconazole (p.548·2); tinidazole (p.848·3).
Fungal vaginal infections.

Valmor, Venez.
Secnidazole (p.846·3).
Protozoal infections.

Sedabel *Sedabel, Braz.†.*
Hyoscine (p.1733·3); dipyrone (p.49·2); atropine sulfate (p.1219·3).
Pain; smooth muscle spasm.

Sedaben *Labima, Belg.*
Lormetazepam (p.1005·2).
Insomnia.

Sedabron *Spefar, Venez.†.*
Calcium bromolactobionate (p.967·3).
Anxiety.

Sedacalman *Schwarzwalder, Ger.*
Homoeopathic preparation.

Sedacid *SMB, Belg.; Anabiosis, Gr.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer.

Sedacollyre *Cooperation Pharmaceutique, Fr.*
⊗ Oxedrine tartrate (p.1364·3); berberine hydrochloride (p.2264·3); benzododecinium bromide (p.1631·2).
Eye congestion.

Sedacoron *Ebewe, Austria; Ebewe, Cz.; Ebewe, Hong Kong; Ebewe, Hung.; Ebewe, Rus.*
Amiodarone hydrochloride (p.1210·2).
Arrhythmias.

Sedacris *Elea, Arg.*
Theophylline (p.1140·1); guaifenesin (p.1561·3).
Coughs; obstructive airways disease.

Sedacur *Schaper & Brummer, Ger.; Phytotec, Hung.*
Valerian (p.2410·1); lupulus (p.2335·2); melissa (p.2339·3).
Nervous disorders; sleep disorders.

Seda-Do *Grasler, Ger.*
Homoeopathic preparation.

Sedadom *Sanidom, Austria.*
Valerian (p.2410·1); lupulus (p.2335·2).
Anxiety disorders; sleep disorders.

Sedafex *Pharmabiotics, Chile.*
Cefadroxil (p.218·1).
Bacterial infections.

Sedagel
Note. A similar name is used for preparations of different composition (see below).
Roche-Posay, Fr.
⊗ Urea (p.1620·2).
Skin irritation.

Seda-Gel
Note. This name is used for preparations of different composition.
Key, Austral.†.
Lotion: Cetylpyridinium chloride (p.1635·1); chlorhexidine acetate (p.1635·2); lidocaine (p.1862·3).
Mouth ulcers; teething and denture pain.

Key, Austral.
Oral gel: Choline salicylate (p.36·3); menthol (p.2340·1).
Painful mouth disorders.

Sedagul *Wild, Switz.*
Lidocaine hydrochloride (p.1862·3).
Local anaesthesia.

Sedakatt *Kattwiga, Ger.*
Homoeopathic preparation.

Sedakter *Corsa, Indon.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Sedalen Cort *Montefarmaco, Ital.†.*
⊗ Hydrocortisone acetate (p.1535·2); benzocaine (p.1854·1); hamamelis (p.2318·2); aesculus (p.2248·2).
Anorectal disorders.

Sedalene *Cristalia, Braz.; Gunther, Braz.*
Dipyrone (p.49·2); homatropine methylbromide (p.1881·3); papaverine hydrochloride (p.2191·3); adiphenine (p.2247·3) or adiphenine hydrochloride (p.2248·1).
Smooth muscle spasm.

Sedalex *Teuto, Braz.*
Orphenadrine citrate (p.812·1); dipyrone (p.49·2); caffeine (p.1116·3).
Pain; smooth muscle spasm.

Sedalgina *Teuto, Braz.*
⊗ Isometheptene mucate (p.2327·2); dipyrone (p.49·2); caffeine (p.1116·3).
Pain.

Sedalgin-Neo *Balkanpharma, Rus.*
Paracetamol (p.108·1); dipyrone (p.49·2); caffeine (p.1116·3); phenobarbital (p.492·2); codeine phosphate (p.37·2).
Fever; pain.

Sedalia *Boiron, Cz.*
Homoeopathic preparation.

Sedalin
Note. This name is used for preparations of different composition.
Dinafarma, Braz.†.
Passion flower (p.2363·2); erythrina mulungu (p.2348·1); crataegus (p.2289·1).

Prodotti, Braz.
Dipyrone (p.49·2); papaverine (p.2191·3); adiphenine (p.2247·3); homatropine methylbromide (p.1881·3).

Elin, Philipp.
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Chi Sheng, Thai.†.
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Sedalipid *Steigerwald, Ger.*
Magnesium-pyridoxal-5′-phosphate-glutamate.
Hyperlipidaemias.

Sedalito *Merck, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Sedal-M *Milve, Rus.*
Paracetamol (p.108·1); dipyrone (p.49·2); caffeine (p.1116·3); phenobarbital (p.492·2); codeine phosphate (p.37·2).
Fever; pain.

Sedalmerck
Note.This name is used for preparations of different composition.
Merck, Braz.†.
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Merck, Chile; Merck, Mex.
Paracetamol (p.108·1); caffeine (p.1116·3); pseudoephedrine hydrochloride (p.1571·2).
Cold and influenza symptoms; fever; pain; rhinitis; sinusitis.

Merck, Spain†.
⊗ Caffeine (p.1116·3); ephedrine hydrochloride (p.1558·2); ethylmorphine hydrochloride (p.52·2); propyphenazone (p.119·3).
Pain.

Sedalmerck TH *Merck, Mex.†.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2).
Allergic rhinitis; coughs; fever; nasal congestion; pain; sinusitis.

Sedalon *Gunsa, Turk.*
Paracetamol (p.108·1).
Fever; pain.

Sedalpan *Teofarma, Ital.*
Methyl nicotinate (p.85·3); diethylamine salicylate (p.47·2).
Musculoskeletal, joint, and soft-tissue disorders.

Sedam *Hexal, Pol.*
Bromazepam (p.964·3).
Anxiety disorders.

Sedanat *PGN, Arg.*
Valerian (p.2410·1); tilia (p.2402·2); passion flower (p.2363·2).
Insomnia.

Sedangor *Sintesina, Arg.*
Dipyridamole (p.1268·1).

Sedanium-R *Coup, Gr.*
Famotidine (p.1730·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Sedans *Ganassini, Ital.*
Amitriptyline hydrochloride (p.376·1); chlordiazepoxide hydrochloride (p.968·2).
Nervous disorders.

Sedante Arceli *Gezzi, Arg.†.*
Passion flower (p.2363·2); melissa (p.2339·3); valerian (p.2410·1); sage (p.2382·3); tilia (p.2402·2).
Sedative.

Sedante Dia *Serranita, Arg.*
Passion flower (p.2363·2); valerian (p.2410·1); tilia (p.2402·2).
Sedative.

Sedante Nativa *Argenfarma, Arg.†.*
Valerian (p.2410·1).
Sedative.

Sedante Noche *Serranita, Arg.*
Passion flower (p.2363·2).
Insomnia.

Sedantol *Recalcine, Chile.*
Diazepam (p.986·3); chlormezanone (p.968·3).
Anxiety; insomnia; skeletal muscle spasm.

Sedanxio *Tilman, Belg.*
Passion flower (p.2363·2).
Anxiety.

Sedapain *Garec, S.Afr.*
Paracetamol (p.108·1); doxylamine succinate (p.578·2); caffeine (p.1116·3); codeine phosphate (p.37·2).
Pain with tension.

Sedapap *Merz, USA.*
Paracetamol (p.108·1); butalbital (p.967·2).
Tension headache.

Sedaperidol *Biosel, Turk.*
Haloperidol (p.1000·2).
Agitation; anxiety; behaviour disorders; hiccups; nausea and vomiting; psychoses.

Seda-Plantina *Plantina, Ger.†.*
Valerian (p.2410·1); lupulus (p.2335·2); melissa (p.2339·3); passion flower (p.2363·2); rosemary (p.2381·2).
Agitation; sleep disorders.

Sedaplus *Rosen, Ger.*
Doxylamine succinate (p.578·2).
Hypersensitivity reactions; nocturnal enuresis; premedication; sleep disorders.

Sedapressin *Biospray, Gr.*
⊗ Captopril (p.1239·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Seda-Rash *Key, Austral.†.*
Zinc oxide (p.1621·2); castor oil (p.2278·1).
Eczema; heat rash; intertrigo; nappy rash.

Sedarene *Jolly-Jatel, Fr.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Fever; pain.

Sedarin *Merck, S.Afr.*
Paroxetine (p.414·2).
Depression; obsessive-compulsive disorder; panic disorder; social phobia.

Sedariston Konzentrat *Steiner, Ger.*
St John's wort (p.422·3); valerian root (p.2410·1).
Anxiety disorders; sleep disorders.

Sedariston plus *Steiner, Ger.*
Valerian root (p.2410·1); St John's wort (p.422·3); melissa leaf (p.2339·3).
Nervous disorders.

Sedartryl
Note.This name is used for preparations of different composition.
Prater, Chile.
Zaleplon (p.1035·3).
Insomnia.

UPSA Conseil, Fr.†.
Methyl nicotinate (p.85·3); amyl salicylate (p.19·3); menthol (p.2340·1).
Musculoskeletal and joint pain.

Sedaselect *Dreluso, Ger.*
Homoeopathic preparation.

Sedaselect D *Dreluso, Ger.*
Lupulus (p.2335·2); valerian (p.2410·1).
Nervous disorders; sleep disorders.

Sedasept *Sanico, Switz.†.*
Cineole (p.2282·3); peppermint oil (p.1761·2); thyme oil (p.2401·2); menthol (p.2340·1); thymol (p.1664·3); methyl salicylate (p.85·3).
Dental inflammation; oral hygiene.

Sedasol eco natura *Ecosol, Switz.*
Valerian (p.2410·1).
Nervous disorders; sleep disorders.

Sedasor *Soria Natural, Spain†.*
Valerian (p.2410·1); crataegus (p.2289·1); passion flower (p.2363·2); spike lavender (p.2391·3).
Anxiety; insomnia; nervous disorders.

Sedaspir *Bride, Fr.*
Codeine phosphate (p.37·2); caffeine (p.1116·3); aspirin (p.20·3).
Pain.

Sedastip *Milte, Ital.*
Fibre (p.1712·3); vitamins (p.1922·1).
Constipation.

Sedasyx *Syxyl, Ger.†.*
Valerian (p.2410·1); lupulus (p.2335·2); melissa (p.2339·3).
Nervous disorders; sleep disorders.

Sedatif *Boiron, Austral.*
Homoeopathic preparation.

Sedatif PC *Boiron, Cz.; Boiron, Fr.; Boiron, Port.; Boiron, Switz.*
Homoeopathic preparation.

Sedatif Tiber *Poirier, Fr.*
Crataegus (p.2289·1); passion flower (p.2363·2); potassium bromide (p.2269·2); sodium bromide (p.2269·2).
Anxiety; insomnia.

Sedatil *Boiron, Canad.*
Homoeopathic preparation.
Formerly known as Sedatif PC.

Sedatival
Note.This name is used for preparations of different composition.
Raffo, Arg.†.
Lorazepam (p.1004·1).
Anxiety.

Recalcine, Chile.
Ketazolam (p.1002·2).
Anxiety; skeletal muscle spasm.

Sedativum-Hevert *Hevert, Ger.*
Diphenhydramine hydrochloride (p.577·2).
Anxiety; hypersensitivity reactions; motion sickness; nausea; sleep disorders; vomiting.

Sedatol
Note.This name is used for preparations of different composition.
EG, Ital.
Capsules: Passion flower (p.2363·2); valerian (p.2410·1); crataegus (p.2289·1); chamomile (p.2279·3); piscidia (p.2328·1).
Insomnia.

EG, Ital.
Syrup: Passion flower (p.2363·2); chamomile (p.2279·3); crataegus (p.2289·1); piscidia (p.2328·1); melissa (p.2339·3).
Insomnia.

Sedaton *Actavis, Hung.*
⊗ Fentanyl (p.55·3).
Pain.

Sedatus *Elvetium, Arg.†.*
Bromazepam (p.964·3).
Anxiety.

Sedatuss DM *Trianon, Canad.*
Dextromethorphan hydrobromide (p.1555·2).

Sedatux *EMS, Braz.†.*
⊗ Potassium iodide (p.2169·2); lobelia (p.2157·2); hyoscyamus (p.2323·3).
Respiratory-tract congestion.

Sedazin *Lagap, Switz.*
Lorazepam (p.1004·1).
Anxiety; premedication; sleep disorders.

Sedemol *Melisana, Belg.*
Althaea (p.2253·3); poppy capsule (p.1571·1); borax (p.2268·1); sodium fluoride (p.1962·2); phenol (p.1656·1); cloral hydrate (p.979·1).
Mouth and throat disorders.

Sedepron *Chinoin, Mex.*
Clonixin lysine (p.37·1).
Pain.

Sedergine *BMS, Belg.; Uriach, Spain.*
Aspirin (p.20·3).
Fever; musculoskeletal, joint and peri-articular disorders; pain.

Sedergine C *BMS, Belg.†; Uriach, Spain.*
Aspirin (p.20·3); ascorbic acid (p.1983·3).
Fever; pain.

Sedergine Vit-C *Abdi, Turk.*
Aspirin (p.20·3); vitamin C (p.1983·3).
Fever; pain.

Sedermyl *Cooperation Pharmaceutique, Fr.*
Isothipendyl hydrochloride (p.582·1).
Insect stings; pruritus.

Sedermyl Actifroid *Cooperation Pharmaceutique, Fr.*
Chamomile oil (p.2279·3); tansy oil; geranium oil (p.2311·1).
Insect stings.

Sedesterol *Poen, Arg.*
⊗ Dexamethasone (p.1526·1).
Inflammatory eye disorders.

Sedevil
Note.This name is used for preparations of different composition.
Collins, Mex.
Syrup: Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); dextromethorphan hydrobromide (p.1555·2).
Hypersensitivity reactions; respiratory-tract disorders.

Collins, Mex.
Tablets: Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Cold and influenza symptoms.

Sedex *Janssen-Cilag, Port.†.*
Flunitrazepam (p.996·2).

Sediat *Pfleger, Ger.*
Diphenhydramine hydrochloride (p.577·2).
Sleep disorders.

Sedicepan *Serra Pamies, Spain.*
Lorazepam (p.1004·1).
Alcohol withdrawal syndrome; anxiety; insomnia; nausea; premedication; vomiting.

Sediclon *Degorts, Mex.*
Dicycloverine (p.1723·1).

Sediel *Sumitomo, Jpn.*
Tandospirone citrate (p.1030·1).
Anxiety; depression; phobias; sleep disorders.

Sedilax *Teuto, Braz.*
Carisoprodol (p.1894·1); diclofenac sodium (p.44·3); paracetamol (p.108·1); caffeine (p.1116·3).
Pain; smooth muscle spasm.

Sedilene Procto *Montefarmaco, Ital.†.*
Benzocaine (p.1854·1); aesculus (p.2248·2); hamamelis (p.2318·2).
Anorectal disorders.

Sedilit *Sanitas, Chile.*
Diazepam (p.986·3); chlormezanone (p.968·3).
Anxiety; insomnia; skeletal muscle spasm.

Sedilix
Note.This name is used for preparations of different composition.
Xepa-Soul Pattinson, Malaysia†.
Promethazine hydrochloride (p.588·2); codeine phosphate (p.37·2).
Coughs.

Xepa-Soul Pattinson, Singapore.
⊗ Codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2); ephedrine hydrochloride (p.1558·2).
Coughs.

Sedilix DM *Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); promethazine hydrochloride (p.588·2).
Coughs; nasal congestion; respiratory-tract congestion.

Sedilor *Dolisos, Canad.*
Homoeopathic preparation.

Sedinal *Melisana, Belg.*
Crataegus (p.2289·1); ballota; passion flower (p.2363·2).
Nervous disorders.

Sedinef *Yung Shin, Philipp.*
Cefradine (p.233·1).
Bacterial infections.

Sedinfant *Sabona, Ger.†.*
Melissa (p.2339·3).
Gastrointestinal disorders; sleep disorders.

Sedinfant N *Biocur, Ger.†.*
Valerian (p.2410·1); melissa (p.2339·3); passion flower (p.2363·2).
Agitation; excitability; sleep disorders.

Sedinol *SA Druggists Self Med, S.Afr.*
Doxylamine succinate (p.578·2); paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3).
Pain and associated tension.

Sedioton *Wyeth Lederle, Port.†.*
Ambutonium bromide (p.2255·2); oxazepam (p.1014·2).

Sedival *Meyer Nature, Venez.*
Valerian (p.2410·1); melissa (p.2339·3); passion flower (p.2363·2).
Insomnia.

Sedocalcio *Deca, Ital.*
Calcium lactate (p.1676·1); sodium benzoate (p.1630·2).
Mouth and throat disorders.

Sedocardin *Pfluger, Ger.†.*
Homoeopathic preparation.

Sedo-Efeu *UCB, Austria.*
Ivy (p.2328·1).
Respiratory-tract disorders.

Sedofan *Julphar, UAE.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; rhinitis; upper respiratory-tract congestion.

Sedofan II *Julphar, UAE.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion; otitis media; sinusitis.

Sedofan DM *Julphar, UAE.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2).
Upper respiratory-tract disorders.

Sedofan P *Julphar, UAE.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Sedofan T *Julphar, UAE.*
Triprolidine hydrochloride (p.592·3).
Hypersensitivity reactions.

Sedofantil *Recalcine, Chile.*
Calcium bromolactobionate (p.967·3).
Hyperactivity in children.

Sedofarin *Pensa, Spain.*
⊗ Dequalinium chloride (p.1641·3); dexamethasone (p.1526·1); benzocaine (p.1854·1); tyrothricin (p.358·2).
Mouth and throat disorders.

Sedofit *Body Spring, Ital.*
Magnesium (p.1678·3); crataegus (p.2289·1); eschscholtzia; passion flower (p.2363·2); tilia (p.2402·2); pyridoxine (p.1979·1).
Anxiety; insomnia.

Sedogastrol *Recalcine, Chile†.*
Chlordiazepoxide hydrochloride (p.968·2); clidinium bromide (p.1722·1).
Gastrointestinal motility disorders; smooth muscle spasm.

Sedogelat *Metochem, Austria.*
Valerian root (p.2410·1); melissa (p.2339·3); passion flower (p.2363·2).
Anxiety disorders; sleep disorders.

Sedol
Note.This name is used for preparations of different composition.
Cazi, Braz.
⊗ Isometheptene hydrochloride (p.2327·1) or isometheptene mucate (p.2327·2); dipyrone (p.49·2); caffeine (p.1116·3).

OFF, Ital.
Propyphenazone (p.119·3); caffeine (p.1116·3).
Fever; influenza symptoms; neuralgia.

Sedolin *Selen, Turk.*
Pyrithione zinc (p.1611·2); salicylic acid (p.1612·2); undecylenamidopropyl betaine.
Scalp disorders.

Sedolox *Kwizda, Austria.*
Zopiclone (p.1039·1).
Insomnia.

Sedomix *Leki Natury, Pol.*
Crataegus (p.2289·1); lupulus (p.2335·2); St John's wort (p.422·3); melissa (p.2339·3); rose fruit (p.2381·2); valerian (p.2410·1); avena (p.2262·1).
Insomnia; nervous disorders.

Sedonat *Soria Natural, Spain.*
Passion flower (p.2363·2); crataegus (p.2289·1); valerian (p.2410·1); bitter orange oil (p.2357·1).
Insomnia; sedative; stress.

Sedonium *Lichtwer, Ger.; Lichtwer, Neth.; Vifor, Switz.; Lichtwer, UK.*
Valerian (p.2410·1).
Agitation; insomnia; sleep disorders.

Sedopal *Lehning, Fr.*
Crataegus (p.2289·1); eschscholtzia californica; melilot (p.2339·2).
Insomnia; nervous disorders.

Sedopan *Norma (Νορμα), Gr.*
Cefuroxime axetil (p.238·2).
Bacterial infections.

Sedopect *Andromaco, Chile.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); codeine phosphate (p.37·2).
Cold and influenza symptoms; coughs.

Sedopretten *Schoning-Berlin, Ger.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Sedopuer F *SIT, Ital.*
Passion flower (p.2363·2); valerian (p.2410·1); crataegus (p.2289·1); calcium glycerophosphate (p.1676·1).
Insomnia; nervous disorders.

Sedoran *Raffo, Chile.*
Sertraline (p.422·1).
Depression; obsessive-compulsive disorder.

Sedorrhoide *Cooperation Pharmaceutique, Fr.*
Dodeclonium bromide (p.1642·3); benzocaine (p.1854·1); esculoside (p.2248·2); enoxolone (p.50·1).
Anorectal disorders.

Sedosan-N *Grossmann, Switz.†.*
Crataegus (p.2289·1).
Nervous disorders.

Sedosolvin *Ipca, India.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3); bromhexine (p.1552·2).
Coughs.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Sedotensil *Sanofi Synthelabo, Arg.*
Lisinopril (p.1325·2).
Heart failure; hypertension; myocardial infarction.

Sedotime *Iquinosa, Spain.*
Ketazolam (p.1002·2).
Anxiety; insomnia; skeletal muscle spasm.

Sedotus *Andromaco, Chile†.*
Tolu (p.1574·2); pectoral; drosera (p.2297·3); quillaia (p.1920·1).
Coughs.

Sedotusse *Helsinn, Port.*
⊗ Codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2).
Coughs.

Sedotussin
Note. This name is used for preparations of different composition.
UCB, Austria.
Pentoxyverine (p.1567·3), pentoxyverine citrate (p.1567·3), or pentoxyverine hydrochloride (p.1567·3).
Coughs.
UCB, Cz.†; UCB, Ger.
Pentoxyverine (p.1567·3) or pentoxyverine citrate (p.1567·3).
Coughs.
UCB, Hung.
Pentoxyverine citrate (p.1567·3).
Coughs.
UCB, Switz.†.
Oral drops: Pentoxyverine citrate (p.1567·3); terpin hydrate (p.1573·3); cineole (p.2282·3); menthol (p.2340·1); thymol (p.1664·3); guaifenesin (p.1561·3).
Coughs and associated respiratory-tract disorders.
UCB, Switz.†.
Suppositories: Pentoxyverine (p.1567·3); terpin hydrate (p.1573·3); terpineol (p.2396·1); cineole (p.2282·3); guaifenesin (p.1561·3).
Coughs and associated respiratory-tract disorders.

Sedotussin Efeu *UCB, Ger.*
Ivy (p.2328·1).
Bronchitis; catarrh.

Sedotussin muco *UCB, Ger.†.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders with excess or viscous mucus.

Sedotussin plus *UCB, Ger.†.*
Pentoxyverine citrate (p.1567·3); chlorphenamine maleate (p.571·3).
Coughs.

Sedovalin *Streuli, Switz.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Sedovanon *Craveri, Arg.*
Clonazepam (p.478·2).
Anxiety disorders; epilepsy.

Sedovegan *Wolff, Ger.†.*
St John's wort (p.422·3).
Depression.

Sedovent *Schworer, Ger.*
Cinnamon (p.2283·1); dried bitter-orange peel (p.2357·1); achillea (p.2245·2); gentian (p.2310·3).
Gastrointestinal disorders.

Sedoxil *Medibial, Port.*
Mexazolam (p.1007·2).
Anxiety disorders.

Sedrofen *Interbat, Indon.*
Cefadroxil (p.218·1).
Bacterial infections.

Sedron *Gedeon Richter, Hung.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Sedural *Rekah, Israel.*
Phenazopyridine hydrochloride (p.116·2).
Urinary-tract pain and irritation.

Sedusen *Sanitas, Chile.*
Sulpiride (p.1028·3).
Anxiety; depression; neuroses; psychosomatic disorders.

Seduxen *Gedeon Richter, Cz.†; Gedeon Richter, Hung.; Gedeon Richter, Rus.*
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety; eclampsia; epilepsy; febrile convulsions; panic disorder; premedication; skeletal muscle spasm; spasticity; status epilepticus; tetanus.

Seduxen RG *Gedeon Richter, Cz.†.*
Diazepam (p.986·3); lidocaine hydrochloride (p.1862·3).
Febrile convulsions; premedication; skeletal muscle spasm; status epilepticus; tetanus.

Sef *Nevzat, Turk.*
Cefalexin (p.218·2).
Bacterial infections.

Sefagen *Bilim, Turk.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Sefaktil *Drogsan, Turk.*
Cefuroxime axetil (p.238·2).
Bacterial infections.

Sefal
Note. This name is used for preparations of different composition.
Marvecs, Ital.
Alfacalcidol (p.1986·1).
Hypoparathyroidism; osteomalacia; osteoporosis; renal osteodystrophy; rickets.
Nobel, Turk.
Cinnarizine (p.573·1).
Motion sickness; nausea and vomiting; peripheral vascular disorders; vestibular disorders.

Sefamax *Nobel, Turk.*
Cefazolin sodium (p.222·1).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Sefaretic *Unison, Hong Kong; Unison, Thai.*
⊗ Amiloride hydrochloride (p.1209·2); hydrochlorothiazide (p.1307·3).
Heart failure; hepatic cirrhosis with ascites; hypertension; hypokalaemia; oedema.

Sefasin *Macrophar, Thai.*
Cefalexin (p.218·2).
Bacterial infections.

Sefazol *Nevzat, Turk.*
Cefazolin (p.222·1).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Sefdene *Unison, Hong Kong; Unison, Singapore.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Sefdin *Unichem, India.*
Cefdinir (p.223·1).
Bacterial infections.

Seferin *General Drugs, Thai.*
Aspirin (p.20·3).
Inflammation; musculoskeletal and joint disorders; pain.

Sefloc
Unison, Hong Kong.
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension.
Unison, Thai.
⊗ Metoprolol (p.1338·1).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Sefmal *Unison, Hong Kong; Unison, Malaysia; Unison, Singapore; Unison, Thai.*
Tramadol hydrochloride (p.130·3).
Pain.

Sefmex *Unison, Hong Kong; Unison, Malaysia; Unison, Thai.*
⊗ Selegiline hydrochloride (p.817·1).
Alzheimer's disease; parkinsonism.

Sefmic *Unison, Hong Kong; Unison, Thai.*
Mefenamic acid (p.80·1).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Sefnac *Unison, Thai.*
Diclofenac sodium (p.44·3).
Dysmenorrhoea; gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Sefnor *Unison, Singapore†; Unison, Thai.*
Norfloxacin (p.309·2).
Bacterial infections.

Sefoksim *Fako, Turk.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Sefotak *Valeant, Cz.; Eczacibasi, Turk.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Sefoxiram *Serral, Mex.*
Cefotaxime (p.229·1).
Bacterial infections.

Seftem *Shionogi, Jpn.*
Ceftibuten (p.235·3).
Bacterial infections.

Seftil *Unison, Hong Kong†; Unison, Malaysia; Unison, Thai.*
Tenoxicam (p.128·2).
Gout; inflammation; musculoskeletal, joint, and periarticular disorders.

Sefulken *Kendrick, Mex.*
Diazoxide (p.1257·3).
Hypertension.

Sefuroks *Eczacibasi, Turk.*
Cefuroxime (p.238·2) or cefuroxime axetil (p.238·2).
Bacterial infections.

Segalin *Galena, Cz.†.*
⊗ Selegiline hydrochloride (p.817·1).
Anorexia nervosa; bulimia nervosa; dementia; depression; obsessive-compulsive disorder; panic disorder; parkinsonism; phobias; post-traumatic stress disorder.

Segamol *Boehringer Ingelheim, Venez.*
⊗ Fenoterol hydrobromide (p.1121·1).
Premature labour; threatened abortion.

Segan *Polpharma, Pol.; Polpharma, Rus.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Segel *Diba, Mex.†.*
Aluminium hydroxide (p.1706·2); glycine (p.1947·3); calcium carbonate (p.1714·1); dimeticone (p.1770·2).
Gastrointestinal hyperacidity.

Seglor *Schwarz, Fr.; Pharmafar, Ital.; Azevedos, Port.*
Dihydroergotamine mesilate (p.618·2).
Migraine and other vascular headaches; orthostatic hypotension; peripheral vascular disorders; vertigo.

Segol *Sanovel, Turk.*
Codergocrine mesilate (p.363·3).
Dementia.

Segurex *Gador, Arg.*
Sildenafil citrate (p.2193·1).
Erectile dysfunction.

Seguril *Sanofi-Aventis, Spain.*
⊗ Furosemide (p.1292·1).
Forced diuresis; heart failure; hypertension; nephrotic syndrome; oedema; oliguria; renal failure.

Segurite *Raffo, Arg.*
Levonorgestrel (p.2121·2).
Post-coital oral contraceptive.

SeHCAT *GE Healthcare, Neth.*
Selenium-75 (p.2055·3) tauroselcholic acid.
Gastrointestinal investigation.

Sehydrin *Pharmsintez, Rus.*
Hydrazine sulfate (p.2321·3).
Malignant neoplasms.

Seide *Rafarm, Gr.*
Roxithromycin (p.331·1).
Bacterial infections.

Seif *Schering, Philipp.*
21 Tablets, ethinylestradiol (p.2101·3); levonorgestrel (p.2121·2); 7 tablets, inert.
Combined oral contraceptive.

Seikivita *Ortoquimica, Braz.†.*
Cyanocobalamin; pyridoxine hydrochloride; linolenic acid (p.1922·1).

Seis-B *Apsen, Braz.*
Pyridoxine hydrochloride (p.1978·2).
Vitamin B deficiency.

Sejungin B21 *Bock, Ger.†.*
Homoeopathic preparation.

Sekalax *Kener, Mex.†.*
Sennosides A and B (p.1769·3).
Constipation.

Sekamisin *Sanli, Turk.*
Oxytetracycline hydrochloride (p.312·3) polymyxin B sulfate (p.317·3).
Bacterial skin infections.

Seki
Zambon, Braz.
Cloperastine fendizoate (p.1554·3).
Coughs.
Zambon, Ital.
Cloperastine fendizoate (p.1554·3) or cloperastine hydrochloride (p.1554·3).
Coughs.

Sekin *Almirall, Belg.*
Cloperastine fendizoate (p.1554·3) or cloperastine hydrochloride (p.1554·3).
Coughs.

Sekisan *Almirall, Spain.*
Cloperastine fendizoate (p.1554·3) or cloperastine hydrochloride (p.1554·3).
Coughs.

Sekitol *Sinterapico, Braz.†.*
Diphenhydramine (p.577·1); ammonium chloride (p.1551·3).
Coughs.

Sekodin *Akdeniz, Turk.*
Oxolamine citrate (p.1567·1).
Coughs.

Sekolaks *Sanli, Turk.*
Bisacodyl (p.1710·1).

Sekretovit *Boehringer Ingelheim, Austria; Anchor, Mex.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Sekretovit Amoxi *Boehringer Ingelheim Promeco, Mex.*
Ambroxol hydrochloride (p.1550·3); amoxicillin trihydrate (p.202·2).
Respiratory-tract infections.

Sekretovit Ex *Anchor, Mex.; Boehringer Ingelheim Promeco, Mex.*
⊗ Ambroxol hydrochloride (p.1550·3); clenbuterol hydrochloride (p.1120·1).
Respiratory-tract infections.

Sekrol *Bilim, Turk.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Sekucid
Note. This name is used for preparations of different composition.
Paragerm, Fr.†.
Glutaral (p.1645·2).
Instrument disinfection.
Ecolab, Ital.
Glutaral (p.1645·2); isopropyl alcohol (p.1650·3).
Instrument disinfection.

Sekucid konz *Henkel, Ger.†.*
Glutaral (p.1645·2); isopropyl alcohol (p.1650·3); ethylhexanal (p.1644·1).
Instrument disinfection.

Sekudrill *Henkel, Ger.†; Ecolab, Ital.*
Potassium hydroxide (p.2371·3); propylene glycol (p.2374·1).
Instrument disinfection.

Sekumatic *Ecolab, Ital.*
⊗ Glutaral (p.1645·2); alcohol (p.1625·2); chloroform; acetone.
Instrument disinfection.

Sekumatic FD *Henkel, Ger.†.*
Glutaral (p.1645·2).
Instrument disinfection.

Sekumatic FDR *Henkel, Ger.†.*
Glucoprotamine (p.1645·2); didecylmethylpoly(oxyethyl) ammonium propionate; tributyltetradecylphosphonium chloride.
Surface and instrument disinfection.

Sekusept *Ecolab, Ger.; Ecolab, Ital.*
Peracetic acid (p.1655·2).
Instrument disinfection.

Sekusept Extra N *Ecolab, Ger.; Ecolab, Ital.†.*
Benzalkonium chloride (p.1629·1); glutaral (p.1645·2).
Instrument disinfection.

Sekusept forte *Henkel, Ger.†.*
Formaldehyde (p.1644·2); glyoxal (p.1646·1); glutaral (p.1645·2); benzalkonium chloride (p.1629·1).
Instrument disinfection.

Sekusept forte S *Ecolab, Ger.*
Formaldehyde (p.1644·2); glutaral (p.1645·2).
Instrument disinfection.

Sekusept Plus *Ecolab, Ger.*
Glucoprotamine (p.1645·2).
Instrument disinfection.

Sel D *Pharmadeveloppement, Fr.*
Sodium chloride; sodium phosphate; sodium sulfate; sodium iodide; sodium bromide (p.1922·1).
Dietary salt substitute.

Sel d'Ems *Siemens, Switz.†.*
Natural sels d'Ems.
Upper respiratory-tract disorders.

Seladin *YSP, Malaysia; Yung Shin, Singapore.*
Naproxen (p.92·3).
Gout; musculoskeletal and joint disorders.

Selamer *Tymofarm, Pol.*
Shark-liver oil (p.2386·1).
Infections.

Selan *Iquinosa, Spain.*
Cefuroxime axetil (p.238·2).
Bacterial infections.

Selanir *Selvi, Ital.†.*
Cefaclor (p.217·2).
Bacterial infections.

Selax *Odan, Canad.*
Docusate sodium (p.1725·1).
Constipation.

Selaxa *Proel, Gr.*
Amikacin sulfate (p.200·3).
Bacterial infections.

Selbet *Naturissima, Venez.†.*
Potassium chloride; ammonium chloride; magnesium chloride; calcium formate (p.1667·1).
Salt substitute.

Selbex *Eisai, Jpn; Eisai, Philipp.; Eisai, Thai.*
Teprenone (p.1776·3).
Gastritis; peptic ulcer.

Seldepar *Ilsan, Turk.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selder *Eurolab, Arg.*
Vitamin E; lycopene; soya isoflavones; vitamin C; zinc; selenium (p.1922·1).
Dietary supplement.

Seldiyet *Kocak, Turk.*
Potassium chloride; ammonium chloride; magnesium oxide; glutamic acid (p.1667·1).
Dietary salt substitute.

Seldron *ICM, Singapore.*
Selenium sulfide (p.1613·1).
Dandruff; pityriasis versicolor.

Selebound *Framingham, Arg.*
Selenium (p.1961·1).
Dietary supplement.

Selecal *Taisho, Jpn.*
⊗ Tilisolol hydrochloride (p.1412·2).
Angina pectoris; hypertension.

Selecid *Leo, Port.†.*
Pivmecillinam hydrochloride (p.317·2).
Salmonella enteritis; urinary-tract infections.

Selecim *Cimex, Switz.†.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selecom *Fulton, Ital.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Select 1/35 *Dispensapharm, Canad.*
Norethisterone (p.2119·3); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Selecta *Libbs, Braz.*
Conjugated oestrogens (p.2087·2); medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Selectadoce *Diba, Mex.*
Thiamine hydrochloride (p.1976·1); pyridoxine hydrochloride (p.1978·2); hydroxocobalamin (p.1980·3).
Anaemias; neuritis.

Selectadril *Diba, Mex.†.*
⊗ Metoprolol tartrate (p.1338·1).
Hypertension; myocardial infarction.

Selectafer N *Dreluso, Ger.†.*
Iron sucrose (p.1953·2); cyanocobalamin (p.1980·2); folic acid (p.1940·1).
Primary and secondary anaemias; tonic.

Selectan *Schering, Arg.*
Norethisterone acetate (p.2119·3).
Adjunct in hormone replacement therapy.

Selectin *BMS, Ital.*
Pravastatin sodium (p.1374·3).
Atherosclerosis; hypercholesterolaemia.

Selecto *Diba, Mex.†.*
Pancreatin (p.2360·1).
Pancreatic insufficiency.

Selectocalcio *Asta Medica, Braz.†.*
Calcium lactate; ergocalciferol; calcium phosphate; cyanocobalamin; sodium fluoride (p.1922·1).
Nutritional supplement.

Selecto-D *Diba, Mex.†.*
Pancreatin (p.2360·1); dimeticone (p.1770·2).
Pancreatic insufficiency.

Selectofen *Diba, Mex.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Selectofort *Diba, Mex.†.*
Hydroxocobalamin (p.1980·3).
Anaemias; neuritis.

Selectofur *Diba, Mex.*
⊗ Furosemide (p.1292·1).
Hypertension; oedema.

Selectol *Gerot, Austria; Pfizer, Belg.; Sanofi-Aventis, Chile; Leiras, Fin.; Pharmacia, Ger.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Irl.; Shinyaku, Jpn; Aventis, Switz.*
⊗ Celiprolol hydrochloride (p.1242·2).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; hypertrophic obstructive cardiomyopathy; ischaemic heart disease; myocardial infarction; phaeochromocytoma.

Selectomycin *Grunenthal, Ger.*
Spiramycin (p.333·1).
Staphylococcal infections; toxoplasmosis.

Selectovit *Diba, Mex.*
Vitamin B substances (p.1922·1).

Selectra *Sanovel, Turk.*
Sertraline (p.422·1).
Depression; obsessive-compulsive disorder; post-traumatic stress disorder.

Selectrin *Cifarma, Braz.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Selectrin Balsamico *Cifarma, Braz.*
Co-trimoxazole (p.258·1); guaifenesin (p.1561·3); ammonium chloride (p.1551·3).

Selecturon *Gerot, Austria.*
⊗ Celiprolol hydrochloride (p.1242·2); chlortalidone (p.1243·3).
Hypertension.

Selectus
Note. This name is used for preparations of different composition.
Purissimus, Arg.
Dextromethorphan hydrobromide (p.1555·2); bromhexine hydrochloride (p.1552·2).
Coughs.

BA Farma, Port.
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; mixed anxiety depressive disorders; obsessive-compulsive disorder.

Selectus FN *Purissimus, Arg.*
Clofedanol hydrochloride (p.1554·2); bromhexine hydrochloride (p.1552·2).
Coughs.

Seledat *Master Pharma, Ital.*
⊗ Selegiline hydrochloride (p.817·1).
Psychiatric disorders.

Seledie *Italfarmaco, Ital.*
Nadroparin calcium (p.1346·1).
Venous thrombosis.

Selefusin *Pisa, Mex.†.*
Selenium (p.1961·1).

Selegam *Hexal, Ger.†.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selegel
Note. This name is used for preparations of different composition.
Pierre Fabre Dermo-Cosmetique, Arg.
Selenium sulfide (p.1613·1); ictasol (p.1599·1).
Formerly contained selenium sulfide.
Dandruff.

Ducray, Fr.
Selenium sulfide (p.1613·1); ichthammol (p.1599·1).
Formerly contained selenium sulfide.
Seborrhoeic dermatitis.

Medifarm Ducray, Venez.
Selenium sulfide (p.1613·1).
Scalp disorders.

Selegil *Diba, Mex.†.*
Metronidazole (p.837·1) or metronidazole benzoate (p.837·1).
Amoebiasis; giardiasis; trichomoniasis.

Selegos *Medochemie, Hong Kong; Medochemie, Malaysia†; Medochemie, Rus.; Medochemie, Singapore.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Seleject *Biosyn, Ger.*
Sodium selenite (p.1961·1).
Selenium deficiency.

Selektine *BMS, Neth.*
Pravastatin sodium (p.1374·3).
Hypercholesterolaemia; reduction of cardiovascular risk.

Selektine Plus *BMS, Neth.*
Pravastatin sodium (p.1374·3); aspirin (p.20·3).
Cardiovascular risk reduction.

Selemerck *Merck dura, Ger.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selemite-B *Blackmores, Austral.*
Selenomethionine.
Selenium deficiency.

Selemun *Biosyn, Ger.†.*
Sodium selenite (p.1961·1).
Selenium deficiency.

Selemycin *Medochemie, Hong Kong†; Medochemie, Malaysia†; Medochemie, Rus.*
Amikacin sulfate (p.200·3).
Bacterial infections.

Selen *Fresenius Kabi, Austria.*
Sodium selenite (p.1961·1).
Dietary supplement.

Selenarell *Sanorell, Ger.*
Homoeopathic preparation.

Selenase *Richter, Austria; Biosyn, Cz.; Biosyn, Ger.; Biosyn, Neth.; Overfarma, Port.; Biosyn, Switz.; Er-Kim, Turk.; Oxford Nutrition, UK.*
Sodium selenite (p.1961·1).
Dietary supplement; selenium deficiency.

Selene
Note. This name is used for preparations of different composition.
Eurofarma, Braz.
Ethinylestradiol (p.2101·3); cyproterone acetate (p.2088·2).
Androgenic symptoms in women; polycystic ovary syndrome.

Vivax, Venez.
dl-Alfa tocoferil acetate; selenium yeast (p.1922·1).
Selenium deficiency; vitamin E deficiency.

Selene-Activ *Wassen, UK.*
Selenium (p.1961·1); broccoli extract; vitamin C; vitamin E; thioctic acid; zinc (p.1922·1).
Dietary supplement.

Selenil *Vita, Venez.*
Selenium sulfide (p.1613·1); sulfur (p.1614·1).
Dandruff.

Selenio Composto *Catarinense, Braz.†.*
Vitamin and mineral preparation (p.1922·1).

Selenion *Labcatal, Fr.*
Selenium (p.1961·1).
Muscular disorders; skin disorders.

Selenium Bonus *Lifeplan, UK.*
Selenium; chromium; zinc; vitamins (p.1922·1).
Antoxidant preparation.

Selenium Complexe no 99 *Lehning, Fr.*
Homoeopathic preparation.

Selenium Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Selenium Plus *Sisu, Canad.*
Selenium (p.1961·1); methionine (p.1450·1).

Selenium Vitaplus *Swiss Bio, Malaysia†.*
Multivitamin and mineral preparation with selenium yeast (p.1922·1).
Dietary supplement.

Selenium + Zinc *Pharma Nord, Fr.*
Selenium; zinc; vitamins (p.1922·1).

Selenium-ACE *Merck Medication Familiale, Fr.; Wassen, Ital.; Angelini, Port.†.*
Selenium yeast (p.1961·1); vitamins A,C, and E (p.1922·1).
Nutritional supplement.

Selenium-ACE Extra *Angelini, Port.†.*
Selenium; vitamins; manganese; thioctic acid (p.1922·1).
Nutritional supplement.

Selenix *Novartis Consumer, Port.*
Selenium sulfide (p.1613·1).
Dandruff; pityriasis versicolor.

Selen-loges *Loges, Ger.*
Sodium selenite (p.1961·1).
Selenium deficiency.

Selenokehl *Sanum-Kehlbeck, Ger.*
Homoeopathic preparation.

Selenol *Propharma, Denm.*
Selenium sulfide (p.1613·1).
Pityriasis versicolor; seborrhoeic dermatitis.

Selen-Wied *Wiedemann, Ger.*
Homoeopathic preparation.

Sele-Pak *Smith & Nephew SoloPak, USA.*
Selenious acid (p.1961·1).
Parenteral nutrition.

Seleparina *Italfarmaco, Ital.*
Nadroparin calcium (p.1346·1).
Thrombosis prophylaxis.

Selepark *Betapharm, Ger.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selepen *APP, Hong Kong; American Pharmaceutical, USA.*
Selenious acid (p.1961·1).
Parenteral nutrition.

Seler *Pasteur, Chile.*
Sildenafil citrate (p.2193·1).
Erectile dysfunction.

Selerin *Cipla, India; Anpharm, Pol.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Seles Beta *Schwarz, Ital.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Selexid
Leo, Austria; Leo, Belg.†; Leo, Canad.†; Leo, Fin.; Leo, Fr.; CSL, NZ; Leo, NZ.
Pivmecillinam hydrochloride (p.317·2).
Bacterial infections.

Leo, Denm.; Leo, Norw.; Leo, Swed.
Mecillinam (p.297·1) or pivmecillinam hydrochloride (p.317·2).
Bacterial infections.

Leo (Λεω), Gr.
Mecillinam (p.297·1).
Bacterial infections.

Leo, UK.
Pivmecillinam (p.317·1) or pivmecillinam hydrochloride (p.317·2).
Bacterial infections of the urinary tract.

Selezen *Teofarma, Ital.*
Imidazole salicylate (p.66·3).
Fever; inflammation; pain.

Selfide *TO-Chemicals, Thai.*
Selenium sulfide (p.1613·1).
Dandruff; pityriasis versicolor; seborrhoeic dermatitis.

Selg *Promefarm, Ital.*
Macrogol 4000 (p.2336·3); electrolytes (p.1667·1).
Bowel evacuation; constipation.

Selgene *Alphapharm, Austral.; Pacific, NZ†.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selg-Esse *Promefarm, Ital.*
Macrogol 4000 (p.2336·3); simeticone (p.1770·2); electrolytes (p.1667·1).
Bowel evacuation.

Selgimed *Hennig, Ger.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selgin *Intas, India; Polfa Pabianice, Pol.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selgina *Andromaco, Chile.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selgine *Teofarma, Fr.*
Sodium chloride (p.1686·1); sea salt.
Mouth disorders.

Selgres *ICN, Pol.*
⊗ Selegiline (p.818·1).
Parkinsonism.

Selimax *Libbs, Braz.*
Azithromycin (p.207·1).
Bacterial infections.

Selimax Pulso *Libbs, Braz.*
Azithromycin (p.207·1).
Acne.

Seline *Berlin Pharm, Thai.†.*
⊗ Selegiline hydrochloride (p.817·1).
Parkinsonism.

Selinol *Orion, Swed.†.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Selipran *BMS, Austria; BMS, Switz.*
Pravastatin sodium (p.1374·3).
Coronary atherosclerosis; hypercholesterolaemia.

Sellon *Unison, Malaysia.*
Selenium sulfide (p.1613·1).
Dandruff; seborrhoeic dermatitis.

Selm *Kener, Mex.*
Methyldopa (p.1334·1).
Hypertension.

Selmac *Prosel, Philipp.*
Mefenamic acid (p.80·1).
Pain.

Selmevit *Farmstandart, Rus.*
Vitamins; minerals; rutoside; thioctic acid; methionine (p.1922·1).

Selobloc *Lagap, Switz.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Selocomp ZOC *Pfizer, Fin.*
⊗ Metoprolol succinate (p.1338·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Selofen *Adamed, Pol.*
Zaleplon (p.1035·3).
Insomnia.

Selokeen *AstraZeneca, Neth.*
⊗ Metoprolol succinate (p.1338·1) or metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; migraine; myocardial infarction.

Seloken
AstraZeneca, Austria; AstraZeneca, Mex.
⊗ Metoprolol succinate (p.1338·1).
Angina pectoris; arrhythmias; heart failure; hypertension; migraine; myocardial infarction.

AstraZeneca, Belg.; AstraZeneca, Braz.; AstraZeneca, Denm.; AstraZeneca, Fin.; AstraZeneca, Fr.; AstraZeneca, Indon.; AstraZeneca, Ital.; AstraZeneca, Jpn; AstraZeneca, Norw.; AstraZeneca, Swed.
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; cardiomyopathy; heart failure; hypertension; hyperthyroidism; migraine; myocardial infarction; tremor.

Seloken retard Plus *Sanova, Austria.*
⊗ Metoprolol succinate (p.1338·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Seloken ZOC *AstraZeneca, Fin.; AstraZeneca, Swed.*
⊗ Metoprolol succinate (p.1338·1).
Angina pectoris; arrhythmias; heart failure; hypertension; migraine; myocardial infarction.

Seloken ZOC/ASA *AstraZeneca, Fin.†; Hassle, Swed.†.*
⊗ Tablets, metoprolol succinate (p.1338·1); tablets, aspirin (p.20·3).
Angina pectoris; myocardial infarction.

Selokomb *Pfizer, Neth.*
⊗ Metoprolol succinate (p.1338·1) or metoprolol tartrate (p.1338·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Selon
Note. This name is used for preparations of different composition.
Truw, Ger.
Valerian (p.2410·1); lupulus (p.2335·2).
Agitation; sleep disorders.

Genepharm, Gr.
Citalopram (p.385·3).
Depression.

Selopral *Orion, Fin.*
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; migraine; myocardial infarction.

Selopres
AstraZeneca, India.
⊗ Metoprolol tartrate (p.1338·1); hydrochlorothiazide (p.1307·3).
Hypertension.

AstraZeneca, Mex.
⊗ Metoprolol succinate (p.1338·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Selopresin *Pharmacia, Spain†.*
⊗ Metoprolol tartrate (p.1338·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Selopress *AstraZeneca, Braz.*
⊗ Metoprolol succinate (p.1338·1) or metoprolol tartrate (p.1338·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Selozide *Pfizer, Belg.; Pharmacia, Ital.†.*
⊗ Metoprolol tartrate (p.1338·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Selo-Zok *AstraZeneca, Belg.; AstraZeneca, Braz.; AstraZeneca, Denm.; AstraZeneca, Norw.*
⊗ Metoprolol succinate (p.1338·1).
Angina pectoris; arrhythmias; heart failure; hypertension; hyperthyroidism; migraine; myocardial infarction; tremor.

Selozok *AstraZeneca, Fr.*
⊗ Metoprolol succinate (p.1338·1).
Heart failure.

Selpiran *Diba, Mex.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).
Smooth muscle spasm and pain.

Selpiran Compuesto *Diba, Mex.*
Hyoscine butylbromide (p.1734·1); paracetamol (p.108·1).
Smooth muscle pain and spasm.

Selpiran-S *Diba, Mex.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Sels Calcaires Nutritifs *Weleda, Fr.*
Combination pack: Homoeopathic preparation.

Selso *Luchon, Fr.*
Sodium chloride (p.1686·1); sulfur (p.1614·1).
Nasal irrigation.

Selsun *Abbott, Arg.†; Church & Dwight, Austral.; Abbott, Austria; Tramedico, Belg.; Farmasa, Braz.; Chattem, Canad.; Volta, Chile; Abbott, Denm.†; Berren, Fin.; Pharmadeveloppement, Fr.; Chattem, Ger.; Abbott, Gr.; Mentholatum, Hong Kong; Abbott, Indon.; Abbott, Irl.; Abbott, Israel; Abbott, Malaysia†; Carter, NZ; Wilson, NZ; Chattem, Neth.; Abbott, Norw.; Chattem, Pol.; Abbott, S.Afr.†; Vitaflo, Swed.; Vifor, Switz.; Chattem, Thai.; Chattem, UK; Chattem, USA.*
Selenium sulfide (p.1613·1).
Dandruff; pityriasis versicolor; seborrhoeic dermatitis; tinea capitis; tinea versicolor.

Selsun Blu *Corman, Ital.*
Selenium sulfide (p.1613·1).
Dandruff.

Selsun Blue *Abbott, Philipp.*
Selenium sulfide (p.1613·1).
Dandruff; seborrhoeic dermatitis; tinea versicolor.

Selsun Plus *Abbott, Ital.†.*
Selenium sulfide (p.1613·1); menthol (p.2340·1).
Dandruff.

Selsun with Provitamin B_5 *Abbott, Canad.†.*
Selenium sulfide (p.1613·1); panthenol (p.2362·1).

Seltoc *Apomedica, Austria.*
Ethenzamide (p.51·3); diphenhydramine hydrochloride (p.577·2); quinine hydrochloride (p.612·3); ascorbic acid (p.1983·3).
Cold symptoms.

Seltomylon *Diba, Mex.†.*
Nalidixic acid (p.303·3).
Urinary-tract infections.

Seltouch *Teikoku Seiyaku, Jpn.*
Felbinac (p.54·3).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Seltrans *Stada, Ger.*
Sodium selenite (p.1961·1).
Selenium deficiency.

Seltrex *Abbott, Venez.†.*
Selenium sulfide (p.1613·1).
Dandruff.

Selukos *Meda, Fin.; Ipex, Ger.†; Ipex, Norw.; Ipex, Swed.*
Selenium sulfide (p.1613·1).
Dandruff; pityriasis versicolor; seborrhoeic dermatitis of the scalp.

Selva N *Unipharma, Gr.†.*
Sodium chloride (p.1686·1).
Nasal congestion.

Selviclor *Selvi, Ital.*
Cefaclor (p.217·2).
Bacterial infections.

Selvigon *Asta Medica, Braz.; Sanfer, Mex.*
Pipazetate hydrochloride (p.1570·3).
Cough.

Selvjgon *Sanofi-Aventis, Ital.*
Pipazetate hydrochloride (p.1570·3).
Coughs.

Selvon-C *Prosel, Philipp.*
Vitamin preparation (p.1922·1).
Nutritional supplement.

Selxan *Prosel, Philipp.*
Ibuprofen (p.64·2); paracetamol (p.108·1).
Pain.

Selzef *Prosel, Philipp.*
Cefalexin (p.218·2).
Bacterial infections.

Selzentry *Pfizer, USA.*
Maraviroc (p.897·3).
HIV infection.

Semap *Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Cilag, Cz.†; Janssen-Cilag, Denm.; Janssen-Cilag, Fr.†; Janssen-Cilag, Israel; Janssen-Cilag, Mex.; Janssen-Cilag, Neth.; Janssen-Cilag, Switz.*
Penfluridol (p.1015·3).
Psychoses; schizophrenia.

Semax *Andromaco, Chile†.*
Citalopram (p.385·3).
Depression.

Semble *Merisant, Arg.*
Saccharin sodium (p.1960·3); aspartame (p.1930·1).
Formerly contained saccharin sodium, cyclamate, and sucrose.
Sugar substitute.

Semeth *Greater Pharma, Thai.*
Simeticone (p.1770·2).
Flatulence; meteorism; preparation of gastrointestinal tract for radiological examination or gastroscopy.

Semicid *Whitehall, USA.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Semicillin *Zentiva, Hung.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Semid *Erfar, Gr.*
⊗ Furosemide (p.1292·1).

Semi-Daonil *Aventis, Austral.; Aventis, Hong Kong†; Aventis, India; Sanofi-Aventis, Indon.; Sanofi-Aventis, Irl.; Sanofi-Aventis, Port.; Aventis, Switz.; Sanofi-Aventis, UK†.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Semi-Euglucon *Roche, Austria; Roche, Fin.; Roche, Hong Kong; Nicholas Piramal, India; Roche, Philipp.; Roche, Port.†; Roche, Switz.†; Roche, Thai.†.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Semi-Euglucon N *Aventis, Ger.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Semiglen *Biochemie, Austria†.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Semi-Glycigon *Aristo, India.*
Gliclazide (p.440·3).
Diabetes mellitus.

Semilente *Novo Nordisk, Ger.†.*
⊗ Insulin zinc suspension (porcine, monocomponent) (p.443·2).
Diabetes mellitus.

Semilente MC *Novo Nordisk, Switz.*
⊗ Insulin zinc suspension (amorphous) (porcine, monocomponent) (p.443·2).
Diabetes mellitus.

Semipenil *Magis, Ital.*
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Semper *Novartis, Fin.*
Range of nutritional preparations (p.1922·1).

Sempera *Janssen-Cilag, Ger.*
Itraconazole (p.536·3).
Fungal infections.

Semprex *GSK, Austria; GSK, Cz.†; GSK, Fin.†; Pfizer, Fin.†; GSK, Hong Kong; GSK, Ital.; GSK, Malaysia; GSK, Neth.; GSK, Philipp.; Glaxo Wellcome, Rus.; GSK, S.Afr.; GSK, Singapore; GSK, Swed.; GSK, Switz.; GSK, Thai.†; GSK, Turk.*
Acrivastine (p.566·1).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders; angioedema; eczema; urticaria.

Semprex-D *Celltech, USA.*
Acrivastine (p.566·1); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Semuele *Doctum, Gr.*
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Senade *Cipla, India.*
Calcium sennosides (p.1769·3).
Constipation.

Senadex *Biolink, Philipp.*
Cefradine (p.233·1).
Bacterial infections.

Senagar *Sigma, Austral.†.*
Senega (p.1572·3); ammonium bicarbonate (p.1551·3); camphor (p.2273·2).
Coughs.

Senalax
Note. This name is used for preparations of different composition.
Naturprodukt, Cz.
Senna (p.1769·2); liquorice (p.1740·3); peppermint (p.1761·2); melissa (p.2339·3); betula (p.2266·3); equisetum (p.2299·3).
Constipation.

Cipla, India; Hasco-Lek, Pol.
Calcium sennosides (p.1769·3).
Constipation.

Senalax K *Hasco-Lek, Pol.*
Frangula bark (p.1732·2); senna (p.1769·2).
Constipation.

Senalina *Omega, Arg.*
⊗ Tibolone (p.2134·1).
Menopausal disorders.

Senalsor *Soria Natural, Spain†.*
Senna (p.1769·2); althaea (p.2253·3); fennel (p.2302·3).
Constipation.

Senan *Ativus, Braz.*
Senna (p.1769·2).
Constipation.

Sencia *Konsuma, Venez.*
Strontium chloride (p.2393·1).
Hypersensitive teeth.

Sendafur *Andromaco, Venez.†.*
Furazolidone (p.834·3); kaolin (p.1738·1); pectin (p.2145·2).
Diarrhoea.

Sendicol *Coronet, Indon.*
Thiamphenicol (p.351·1).
Bacterial infections.

Sendoxan *Baxter, Denm.; Baxter, Fin.; Baxter Oncology, Norw.; Baxter, Swed.*
Cyclophosphamide (p.702·1).
Immune system disorders; malignant neoplasms.

Sene *Herbarium, Braz.*
Senna (p.1769·2).
Constipation.

Sene Composta *Infabra, Braz.†.*
Senna (p.1769·2); cassia (p.1715·3); coriander (p.2288·1); liquorice (p.1740·3).
Constipation.

Senefol *Labofarm, Pol.*
Senna (p.1769·2).
Bowel evacuation; constipation.

Senega and Ammonia *McGloin, Austral.*
Ammonium bicarbonate (p.1551·3); camphor (p.2273·2); liquorice (p.1740·3); senega root (p.1572·3); ammonia solution (p.2256·1).
Cold symptoms.

Seneuval *Qualiphar, Belg.*
Valerian (p.2410·1); passion flower (p.2363·2); crataegus (p.2289·1).
Insomnia; nervousness.

Senexon
Note. This name is used for preparations of different composition.
Gador, Arg.†.
Betacarotene; vitamin E; vitamin C (p.1922·1).
Dietary supplement in vascular disease.

Drugtech, Chile.
Venlafaxine (p.430·1).
Depression.

Rugby, USA.
Sennosides (p.1769·3).
Constipation.

Senexon E *Gador, Arg.†.*
d-Alpha tocoferil acetate (p.1992·3).
Cardiovascular and neurological disorders; vitamin E deficiency.

Senexon Plus *Gador, Arg.*
Betacarotene; vitamin E; vitamin C; selenium; zinc; manganese; copper (p.1922·1).
Antoxidant preparation.

Senflam *Essenpharma, Philipp.*
Mefenamic acid (p.80·1).
Pain.

Sengobil *Plusandex, Venez.*
Ginkgo biloba (p.2311·1); ginseng (p.2312·1).
Circulatory insufficiency; erectile dysfunction; fatigue; mental function impairment.

Senicor *Duopharm, Ger.†.*
Crataegus (p.2289·1).
Heart failure.

Senidrin
Note. This name is used for preparations of different composition.
Unipharm, Mex.
Capsules; tablets: Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); caffeine (p.1116·3).
Respiratory-tract disorders.

Unipharm, Mex.
Syrup: Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Respiratory-tract disorders.

Senikolp *Leiras, Fin.†.*
Sodium estrone sulfate (p.2101·2); estradiol (p.2097·2); broxyquinoline (p.215·3).
Menopausal disorders; oestrogen deficiency.

Senilezol *Edwards, USA.*
Vitamin B substances with iron (p.1922·1).

Senior Multi-One *Swiss Herbal, Canad.*
Multivitamin and mineral preparation (p.1922·1).

Senioral *Belmac, Spain.*
Clocinizine hydrochloride (p.574·1); phenylpropanolamine hydrochloride (p.1569·3).
Upper respiratory-tract congestion.

Seniospray *Rimafar, Spain.*
⊗ Oxymetazoline hydrochloride (p.1567·2); chlorphenamine maleate (p.571·3).
Nasal congestion.

Seniovita aktiv *Cesra, Ger.*
Homoeopathic preparation.

Senirex *Algol, Fin.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Senlax *Elmor, Venez.*
Sennosides (p.1769·3).
Constipation.

Senna Plus *Contract Pharmacal, USA.*
Docusate sodium (p.1725·1); sennosides (p.1769·3).
Constipation.

Senna Prompt *Konsyl, USA.*
Sennosides (p.1769·3); ispaghula (p.1737·1).
Constipation.

Senna Smooth *Novartis Consumer, USA.*
Sennosides (p.1769·3).
Constipation.

Senna-Gen *Goldline, USA.*
Senna (p.1769·2).
Constipation.

Sennalax *Lennon, S.Afr.*
Senna (p.1769·2).
Constipation.

SennaPlus *Fleet, Austral.†.*
Senna (p.1769·2).
Constipation.

Sennaprep *Pharmascience, Canad.*
Senna (p.1769·2).
Constipation.

Sennapur *Pharmia, Fin.*
Senna (p.1769·2).
Constipation.

Senna-S
Tanta, Canad.
Senna (p.1769·2); docusate sodium (p.1725·1).
Constipation.

Akyma, USA.
Docusate sodium (p.1725·1); sennosides (p.1769·3).
Constipation.

Senna-Specie Composta *Dynacren, Ital.†.*
Senna (p.1769·2); peppermint leaf (p.1761·2); chamomile (p.2279·3); fennel (p.2302·3).
Constipation.

Sennatab *Pharmascience, Canad.*
Senna (p.1769·2).
Constipation.

Sennesoft *Herron, Austral.*
Docusate sodium (p.1725·1); sennosides (p.1769·3).
Constipation.

Sennetabs *Herron, Austral.*
Sennosides (p.1769·3).
Constipation.

Sennocol *Viatris, Neth.*
Senna (p.1769·2).
Constipation.

Sennove Lusky *Leros, Cz.*
Senna (p.1769·2).
Constipation.

Sennovy List *Megafyt-R, Cz.*
Senna (p.1769·2).
Bowel evacuation; constipation.

Senociclin *Senosiain, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Senodin-AN *BMS, Ital.*
Pheniramine maleate (p.587·3); codeine phosphate (p.37·2).
Coughs.

Senokot
Reckitt Benckiser, Austral.; Reckitt Benckiser, Irl.; Novartis, Mex.; Reckitt Benckiser, NZ; Reckitt Benckiser, S.Afr.; Reckitt Benckiser, Thai.; Konsuma, Venez.
Sennosides (p.1769·3).
Bowel evacuation; constipation.

Reckitt Benckiser, Belg.; Purdue, Canad.; Viatris, Fr.; Reckitt Benckiser, Hong Kong; Reckitt Benckiser, Malaysia; Mundipharma, Norw.; Mundipharma, Philipp.; Pascual, Philipp.; Reckitt Benckiser, Singapore; Ali, Turk.; Reckitt Benckiser, UK; Purdue Frederick, USA.
Senna (p.1769·2).
Bowel evacuation; constipation.

Senokot Direct Relief *Reckitt Benckiser, UK.*
Glycerol (p.2314·2).
Constipation.

Senokot con Docusato *Konsuma, Venez.*
Sennosides (p.1769·3); docusate sodium (p.1725·1).
Constipation.

Senokot Dual Relief *Reckitt Benckiser, UK.*
Senna (p.1769·2); aloes (p.1705·2); cascara (p.1715·2); taraxacum (p.2395·1); fennel (p.2302·3).
Bloating; constipation.

Senokot con Fibra *Konsuma, Venez.†.*
Sennosides (p.1769·3); psyllium (p.1737·1); oat bran (p.1712·3).
Constipation.

Senokot-S *Purdue, Canad.; Purdue Frederick, USA.*
Senna (p.1769·2); docusate sodium (p.1725·1).
Constipation.

Senokotxtra *Purdue Frederick, USA.*
Senna (p.1769·2).
Constipation.

Senol
Note. This name is used for preparations of different composition.
Gemballa, Braz.†.
Allantoin (p.1588·1); aminoacridine (p.1625·2); cinchocaine hydrochloride (p.1857·3); benzocaine (p.1854·1); hydroxyquinoline sulfate (p.2323·1).
Skin disorders.

Bier, Ital.
Cetrimonium bromide (p.1635·1).
Nipple disinfection.

Senolax *Codilab, Port.*
Sennosides A and B (p.1769·3).
Constipation.

Senophile
Note. This name is used for preparations of different composition.
Braun, Belg.; Braun, Fr.†.
Cholesteryl benzoate (p.2029·1); zinc oxide (p.1621·2).
Skin irritation.

Prima, Braz.†.
Ointment: Bismuth subnitrate (p.1711·2).

Prima, Braz.†.
Topical powder: Bismuth subnitrate (p.1711·2); bismuth subgallate (p.1711·1); boric acid (p.2268·1); zinc oxide (p.1621·2).
Skin disorders.

Senorm *Sun, Rus.*
Haloperidol (p.1000·2) or haloperidol decanoate (p.1000·2).

Senosan *Cos Farma, Ital.*
Emollient.

Senpivac *Harson, Philipp.*
Bupivacaine hydrochloride (p.1854·3).
Local anaesthesia.

Senro *Biosarto, Spain.*
Norfloxacin (p.309·2).
Genito-urinary tract infections.

Sensaid *Dentaid, Chile.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Dental hypersensitivity.

Sensamol *Perrigo, Israel.*
Paracetamol (p.108·1).
Fever; pain.

Sensaton *Temis, Arg.*
Clonazepam (p.478·2).
Epilepsy; panic disorder.

Sensaval *Lundbeck, Swed.*
Nortriptyline hydrochloride (p.413·2).
Depression.

Sensibaby *Ducto, Braz.*
Vitamin A (p.1971·2); colecalciferol (p.1986·2); zinc (p.1999·1).
Skin disorders.

Sensibio
Note. This name is used for preparations of different composition.
Dispolab, Chile; Bioderma, Fr.; Bioderma, Venez.
A range of emollients and soap substitutes.
Skin disorders.

Farmanic, Gr.
⊗ Betamethasone valerate (p.1519·1); fusidic acid (p.279·3).
Infected skin disorders.

Sensibio DS *Bioderma, Venez.*
Piroctone olamine (p.1610·1); climbazole (p.529·3); sorbitan undecenoate; enoxolone (p.50·1).
Seborrhoeic skin disorders.

Sensibit *Liomont, Mex.*
Loratadine (p.583·3).
Hypersensitivity.

Sensibit D *Liomont, Mex.*
Loratadine (p.583·3); pseudoephedrine sulfate (p.1571·2).
Allergic rhinitis; nasal congestion.

Sensibit XP *Liomont, Mex.*
Loratadine (p.583·3); ambroxol hydrochloride (p.1550·3).
Cough; respiratory-tract congestion.

SensiBloq *Biomedis, Philipp.*
Levobupivacaine hydrochloride (p.1862·1).
Local anaesthesia; pain.

Sensicutan *Harras-Curarina, Austria; Harras-Curarina, Cz.; Harras-Curarina, Ger.*
Levomenol (p.2333·3); heparin sodium (p.1301·2).
Skin disorders.

Sensident *Leti, Venez.†.*
⊗ Potassium nitrate (p.1658·3); sodium monofluorophosphate (p.1964·3).
Hypersensitive teeth.

Sensiderme *Neo Quimica, Braz.*
Nitrofurazone (p.309·1).
Bacterial skin infections.

Sensifluid *Ducray, Fr.*
Avena (p.2262·1).
Soap substitute.

Sensigard *Copernico, Ital.*
Ranitidine hydrochloride (p.1766·1).
Gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Sensigel
Note. This name is used for preparations of different composition.
Pierre Fabre Oral Care, Arg.; Pierre Fabre Sante, Fr.; Pierre Fabre, Rus.; Pierre Fabre Sante, Singapore.
⊗ Nicomethanol hydrofluoride (fluorinol) (p.1963·3); potassium nitrate (p.1658·3).
Hypersensitive teeth; sensitive gums.

Pergam, Ital.
Allantoin (p.1588·1); vitamin A; vitamin E; lactic acid (p.2329·3).
Vaginal lubricant.

Sensikol *Nufarindo, Indon.*
Essential phospholipids; vitamin B substances; vitamin E (p.1922·1).
Hypercholesterolaemia.

Sensilacer *Andromaco, Chile†.*
⊗ Potassium nitrate (p.1658·3); sodium monofluorophosphate (p.1964·3).
Caries prophylaxis; dental hypersensitivity.

Sensilube *CCD, Fr.*
Polyacrylamide; phenoxyethanol; nipastat; citric acid.
Instrument lubricant; vaginal lubricant.

Sensinerv forte *Cesra, Ger.†.*
Valerian root (p.2410·1); lupulus (p.2335·2).
Nervous disorders; sleep disorders.

Sensiotin *Steigerwald, Ger.*
Homoeopathic preparation.

Sensipar *Amgen, Austral.; Amgen, Canad.; Amgen, NZ; Amgen, USA.*
Cinacalcet hydrochloride (p.1095·1).
Hypercalcaemia in parathyroid cancer; hyperparathyroidism in dialysis patients with end-stage renal disease.

Sensipharma *Alpharma, Mex.*
Lidocaine (p.1862·3).
Local anaesthesia.

Sensiquell *Pergam, Ital.*
Milk protein; allantoin (p.1588·1); lactic acid (p.2329·3).
Maintenance of vaginal pH.

Sensit *Organon, Austria†; UCB, Ger.; Organon (Οργανον), Gr.*
Fendiline hydrochloride (p.1286·1).
Angina pectoris; ischaemic heart disease.

Sensitex *Kinder, Braz.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Sensitiner *Statens Serum Institut, Denm.*
Antigens from *Mycobacterium* spp. (p.2250·2).
Diagnosis of mycobacterial infections.

2Sensitive *Agys, Singapore†.*
⊗ Sodium fluoride (p.1962·2); strontium chloride (p.2393·1); potassium nitrate (p.1658·3).
Receding gums; sensitive teeth.

Sensitive Eyes *Bausch & Lomb, Canad.; Bausch & Lomb, NZ; Bausch & Lomb, USA.*
Range of solutions for contact lenses (p.1622·2).

Sensitivity Protection Crest *Procter & Gamble, USA.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Sensitive teeth.

Sensitram *Libbs, Braz.*
Tramadol hydrochloride (p.130·3).
Pain.

Sensival *Wallace, India.*
Nortriptyline hydrochloride (p.413·2).
Bipolar disorder; depression.

Sensivision au plantain *Chauvin, Fr.*
Ribwort plantain (p.2379·1).
Eye irritation.

Sensocet *Sensomed, Philipp.*
Sulfacetamide sodium (p.335·3).
Eye infections.

Sensodent *Doetsch, Grether, Switz.†.*
Strontium chloride (p.2393·1).
Hypersensitive teeth.

Sensodyne
Note. This name is used for preparations of different composition.
GSK Consumer, Canad.
Strontium chloride (p.2393·1).
Hypersensitive teeth.

GSK Consumer, Venez.
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Dental caries prophylaxis; hypersensitive teeth.

Sensodyne Antisarro *GSK, Arg.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2); tetrapotassium pyrophosphate.
Dental caries prophylaxis; hypersensitive teeth.

Sensodyne Antitartaro *GSK, Braz.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Hypersensitive teeth.

Sensodyne Bicarbonato de Sodio *GSK, Arg.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2); sodium bicarbonate (p.1673·2).
Dental caries prophylaxis; hypersensitive teeth.

Sensodyne C/Bicarbonato de Sodio *GSK, Braz.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Hypersensitive teeth.

Sensodyne Cool *Stafford-Miller, Braz.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Dental caries prophylaxis; hypersensitive teeth.

Sensodyne Formula Original *GSK, Braz.*
Strontium chloride (p.2393·1).
Hypersensitive teeth.

Sensodyne Fresh Mint *GSK, Braz.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Hypersensitive teeth.

Sensodyne med *GSK, Austria.*
Strontium chloride (p.2393·1).
Hypersensitive teeth.

Sensodyne Mint
Note. This name is used for preparations of different composition.
Ali, Turk.
Strontium chloride (p.2393·1).
Hypersensitive teeth.

GSK, UK.
Sodium fluoride (p.1962·2); strontium acetate.
Hypersensitive teeth.

Sensodyne Original *GSK, Arg.; GSK, UK.*
Strontium chloride (p.2393·1).
Dental caries prophylaxis; hypersensitive teeth.

Sensodyne Protecao Total *GSK, Braz.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Hypersensitive teeth.

Sensodyne Proteccion Total *GSK, Arg.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Dental caries prophylaxis; hypersensitive teeth.

Sensodyne-F
Note. This name is used for preparations of different composition.
GSK, Arg.; Stafford-Miller, Braz.; Block, USA.
⊗ Potassium nitrate (p.1658·3); sodium monofluorophosphate (p.1964·3).
Dental caries prophylaxis; hypersensitive teeth.

GSK Consumer, Canad.
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Hypersensitive teeth.

Ali, Turk.
Potassium chloride (p.1684·3); sodium monofluorophosphate (p.1964·3).
Hypersensitive teeth.

Stafford-Miller, UK.
Potassium chloride (p.1684·3); sodium fluoride (p.1962·2); triclosan (p.1665·2).
Dental caries prophylaxis; hypersensitive teeth.

Sensodyne-F Gel *Ali, Turk.*
⊗ Potassium nitrate (p.1658·3); sodium fluoride (p.1962·2).
Hypersensitive teeth.

Sensodyne-SC *Block, USA.*
Strontium chloride (p.2393·1).
Hypersensitive teeth.

SensoGARD *Block, USA.*
Benzocaine (p.1854·1).
Mouth and throat disorders.

Sensolid *Remedina, Gr.*
Lidocaine (p.1862·3).
Local anaesthesia.

Sensorcaine *AstraZeneca, Canad.; AstraZeneca, India; AstraZeneca, Philipp.; Astra, USA.*
⊗ Bupivacaine hydrochloride (p.1854·3).
Adrenaline (p.1203·2) or adrenaline acid tartrate (p.1203·2) is included in some injections as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Sens-Out *Defuen, Arg.†.*
⊗ Sodium fluoride (p.1962·2); potassium nitrate (p.1658·3).
Hypersensitive teeth.

Sensu *Bausch & Lomb, Arg.*
Phenylephrine hydrochloride (p.1568·1); tropicamide (p.1886·2).
Production of mydriasis.

Sensur
Note. This name is used for preparations of different composition.
Glenmark, India.
Liniment: Menthol (p.2340·1); camphor (p.2273·2); menthol oil; eucalyptus oil (p.2301·2); clove oil (p.2285·1); cinnamon oil (p.2283·2).
Low back pain.

Glenmark, India.
Lotion: Menthol (p.2340·1); camphor (p.2273·2); menthol oil; eucalyptus oil (p.2301·2); clove oil (p.2285·1); cinnamon oil (p.2283·2); sweet birch oil (p.86·2).
Osteoarthritis.

Glenmark, India.
Topical oil: Menthol (p.2340·1); camphor (p.2273·2); eucalyptus oil (p.2301·2); sweet birch oil (p.86·2).
Rhinitis; sinusitis.

Sentapen *Biogalenic, Venez.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Sentidol *Medipharm, Chile.*
Venlafaxine (p.430·1) or venlafaxine hydrochloride (p.427·3).
Anxiety; attention-deficit hyperactivity disorder; depression.

Sentinel Ulcer Mixture *Martyn, S.Afr.*
Bismuth and ammonium citrate (p.1712·1); dilute hydrochloric acid (p.2322·1); pepsin (p.2365·1); vitamin B (p.1980·2).
Peptic ulcer.

Sentionyl *ACME, Philipp.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Senti-Scint *Medi-Radiopharma, Cz.*
⊗ Technetium-99m (p.2055·3) labelled human albumin.
Diagnosis of breast cancer and melanoma; radionuclide imaging of lymphatic system.

Sentril *Biomedis, Indon.; Medifarma, Indon.; Biomedis, Thai.; Great Eastern, Thai.*
Dequalinium chloride (p.1641·3); cetylpyridinium chloride (p.1635·1); ascorbic acid (p.1983·3).
Mouth and throat disorders.

Sentyl *Sunthi Sepuri, Indon.*
Secnidazole (p.846·3).
Amoebiasis; trichomoniasis.

Sepan *Janssen-Cilag, Denm.*
Cinnarizine (p.573·1).
Allergic rhinitis; hay fever; motion sickness; urticaria.

Sepatrem *Leciva, Cz.†.*
⊗ Selegiline hydrochloride (p.817·1).
Alzheimer's disease; anorexia nervosa; bulimia nervosa; depression; obsessive-compulsive disorder; panic disorder; parkinsonism; phobias; post-traumatic stress disorder.

Sepatren *Sumitomo, Jpn.*
Cefpiramide sodium (p.231·2).
Bacterial infections.

Sepcen *Centrum, Spain.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Sepdine *PD, Thai.†.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1).
Skin, instrument, and wound disinfection.

Sepex *Key, Arg.†.*
Ceftibuten (p.235·3).
Bacterial infections.

Sepexin
Note. This name is used for preparations of different composition.
Hetero, India.
Cefalexin (p.218·2).
Bacterial infections.

Schering-Plough, S.Afr.†; Schering-Plough, Venez.†.
Ceftibuten (p.235·3).
Bacterial infections.

Sepfadine *TNP, Thai.†.*
Povidone-iodine (p.1659·2).
Burns; skin and soft-tissue disinfection; wounds.

Sephros *YSP, Malaysia†.*
Cefradine (p.233·1).
Bacterial infections.

Sepia *Wermar, Mex.*
Itraconazole (p.536·3); secnidazole (p.846·3).
Parasitic infections.

Sepia Complexe no 20 *Lehning, Fr.†.*
Homoeopathic preparation.

Sepibest *Best, Mex.*
Carbamazepine (p.471·3).
Alcohol withdrawal syndrome; bipolar disorder; diabetes insipidus; diabetic neuropathy; epilepsy; neuralgias; polydipsia; polyuria.

Sepmax *GSK, India.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; toxoplasmosis.

Se-Power *Cantassium Co., UK.*
Selenium yeast (p.1961·1); myrtillus (p.2349·3); euphrasia (p.2301·3); vitamin E (p.1992·2); zinc gluconate (p.1999·2); vitamin A (p.1971·2); riboflavin (p.1977·2).

Seprafilm *Genzyme, UK; Genzyme, USA.*
Sodium hyaluronate (p.2320·1); carmellose (p.2142·1).
Prevention of surgical adhesions.

Sepram
Lundbeck, Austria†.
Citalopram hydrobromide (p.385·3) or citalopram hydrochloride (p.385·3).
Depression; obsessive-compulsive disorder; panic attacks.

Lundbeck, Cz.†.
Citalopram hydrochloride (p.385·3).
Agoraphobia; depression; obsessive-compulsive disorder; panic disorder.

Lundbeck, Fin.; Lundbeck, Ger.†.
Citalopram hydrobromide (p.385·3).
Depression; panic disorder.

Seproc *PH&T, Gr.*
Citalopram (p.385·3).
Depression.

Sepsilem *Lemery, Mex.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Sepso J *Hofmann & Sommer, Ger.*
Povidone-iodine (p.1659·2).
Burns; infected skin disorders; skin, hand, and mucous membrane disinfection; wounds.

Sepsol *Upha, Malaysia†.*
Chlorhexidine gluconate (p.1635·3).
Skin disinfection.

Septacare *Teva, Israel†.*
Chlorhexidine acetate (p.1635·2); cetrimide (p.1634·1).
Burns; genito-urinary disinfection; skin disinfection; wounds.

Septacef *Septa, Spain.*
Cefradine (p.233·1).
Bacterial infections.

Septacin *Chinoin, Mex.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Septacin Amoxi *Chinoin, Mex.*
Ambroxol hydrochloride (p.1550·3); amoxicillin trihydrate (p.202·2).
Respiratory-tract infections.

Septacin Ex *Chinoin, Mex.*
⊗ Ambroxol hydrochloride (p.1550·3); clenbuterol hydrochloride (p.1120·1).
Respiratory-tract disorders.

Septacord *Muller Goppingen, Ger.*
Potassium aspartate (p.1684·2); magnesium aspartate (p.1679·1); crataegus (p.2289·1).
Cardiac disorders.

Septadine
Note. This name is used for preparations of different composition.
Prafa, Indon.; Be-Tabs, S.Afr.
Povidone-iodine (p.1659·2).
Minor throat infections; mouth infections; skin disinfection; skin infections; vaginal infections; wound and burn disinfection; wounds.

Floris, Israel.
⊗ Alcohol (p.1625·2); chlorhexidine (p.1635·2).
Skin disinfection.

Septadine Scrub *Floris, Israel.*
Chlorhexidine gluconate (p.1635·3).
Skin and wound disinfection.

Septal *Teva, Israel.*
Chlorhexidine gluconate (p.1635·3).
Skin and wound disinfection.

Septalan *Chema-Elektromet, Pol.*
Allantoin (p.1588·1); acriflavinium chloride (p.1625·1).
Burns; psoriasis; ulcers; wounds.

Septalibour *Ducray, Fr.†.*
Avena (p.2262·1); copper sulfate (p.1935·3); zinc sulfate (p.1999·2).
Cleansing of atopic skin.

Septalone *Teva, Israel.*
Chlorhexidine gluconate (p.1635·3).
Burns; disinfection in obstetrics; skin and instrument disinfection; wounds.

Septanest *Schein, Austria; Septodont, Denm.; Ogna, Ital.; Ivoclar, NZ; Pharmodontal, Neth.; Septodont, Port.; Septodont, Switz.; Depro-co, UK.*
⊗ Articaine hydrochloride (p.1854·1).
Adrenaline (p.1203·2) or adrenaline acid tartrate (p.1203·2) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Septanest S *Septodont, Cz.*
⊗ Articaine hydrochloride (p.1854·1).
Adrenaline acid tartrate (p.1203·2) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Septax *Vianex (Βιανέξ), Gr.*
Ceftazidime (p.234·1).
Bacterial infections.

Septeal *Pierre Fabre, Fr.*
Chlorhexidine gluconate (p.1635·3).
Skin and wound disinfection.

Septi-Aid *Pharmaniaga, Malaysia.*
Povidone-iodine (p.1659·2).
Skin and wound disinfection.

Septiane *Roche-Posay, Fr.*
Sunflower seed acid; coconut acid; glycerol (p.2314·2); triclosan (p.1665·2).
Cleanser for sensitive skin.

Septiapaisyl *Merck Medication Familiale, Fr.*
Chlorhexidine gluconate (p.1635·3).
Burn, skin, and wound disinfection.

Septibiotic *Sidus, Arg.*
Levofloxacin (p.292·2).
Bacterial infections.

Septi-Bosan *Bock, Ger.†.*
Homoeopathic preparation.

Septicide *Bago, Arg.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Septicol *Streuli, Switz.*
Chloramphenicol (p.239·3).
Bacterial eye infections.

Septidiaryl *McNeil, Fr.*
Nifuroxazide (p.307·2).
Diarrhoea.

Septidine *Osoth, Thai.*
Povidone-iodine (p.1659·2).
Disinfection of skin, wounds, burns, and umbilicus.

Septidron *Aventis, S.Afr.†.*
Pipemidic acid (p.315·1).
Urinary-tract infections.

Septigyn *Montpellier, Arg.*
Metronidazole (p.837·1); miconazole nitrate (p.541·3); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); centella (p.1592·3).
Vulvovaginal infections.

Septil *Azevedos, Port.*
Povidone-iodine (p.1659·2).
Burns; skin disinfection; skin infections; ulcers; wounds.

Septilisin
Note. This name is used for preparations of different composition.
Bago, Arg.
Cefalexin (p.218·2).
Bacterial infections.

Grin, Mex.
Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); gramicidin (p.286·1).
Bacterial eye infections.

Septinor *IAE, Philipp.*
Norfloxacin (p.309·2).
Urinary-tract infections.

Septiolan *Climax, Braz.†.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; protozoal infections.

Septisan
Note. This name is used for preparations of different composition.
Zentiva, Cz.
2-Aminotridecane adipate.
Upper respiratory-tract disorders.

Cederroth, Spain.
Chlorhexidine gluconate (p.1635·3).
Disinfection of skin, burns, and wounds.

Septi-Soft *Calgon Vestal, USA†.*
Triclosan (p.1665·2).
Skin cleanser.

Septisol
Note. This name is used for preparations of different composition.
Calgon Vestal, USA†.
Foam: Hexachlorophene (p.1646·1).
Skin disinfection.

Calgon Vestal, USA†.
Solution: Triclosan (p.1665·2).
Skin cleanser; skin disinfection.

Septison *Orion, Fin.*
⊗ Prednisolone (p.1540·3); dequalinium chloride (p.1641·3).
Skin disorders.

Septisooth *Pharmachoice, S.Afr.*
Povidone-iodine (p.1659·2).
Burns; skin infections; ulcers; wounds.

Septivon *Omega, Fr.*
Chlorhexidine gluconate (p.1635·3).
Formerly contained triclocarban and detergents.
Skin and mucous membrane disinfection.

Septivon N *Interdelta, Switz.*
Triclocarban (p.1665·2); cetrimonium chloride (p.1635·1).
Hand disinfection; minor skin lesions.

Septobore *Cooper (Κοπερ), Gr.*
⊗ Naphazoline nitrate (p.1565·2); boric acid (p.2268·1).
Ocular irritation.

Septocaine *Septodont, Denm.; Septodont, Fin.; Septodont, Norw.; Septodont, USA.*
⊗ Articaine hydrochloride (p.1854·1).
Adrenaline (p.1203·2) or adrenaline acid tartrate (p.1203·2) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Septocipro *Lesvi, Spain.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Septocoll *Biomet, Ger.*
Collagen (bovine) (p.2286·1); gentamicin sulfate (p.282·1).
Haemorrhage; wounds.

Septofervex *BMS, Pol.*
Chlorhexidine gluconate (p.1635·3).
Mouth disorders.

Septofort *Walmark, Cz.; BMS, Hung.*
Chlorhexidine gluconate (p.1635·3).
Mouth and throat disorders; mouth and throat infections.

Septogal *Jadran, Rus.*
Benzalkonium chloride (p.1629·1); menthol (p.2340·1); peppermint oil (p.1761·2); eucalyptus oil (p.2301·2); thymol (p.1664·3).

Septol *Teva, Israel.*
Chlorhexidine gluconate (p.1635·3).
Skin disinfection.

Septolete *KRKA, Cz.; KRKA, Pol.; KRKA, Rus.*
Benzalkonium chloride (p.1629·1); menthol (p.2340·1); peppermint oil (p.1761·2); eucalyptus oil (p.2301·2); thymol (p.1664·3).
Mouth and throat disorders.

Septolete Plus
KRKA, Pol.
Benzocaine (p.1854·1); cetylpyridinium chloride (p.1635·1).
Mouth and throat disorders.

KRKA, Rus.
Benzocaine (p.1854·1); cetylpyridinium bromide (p.1635·1).

Septolit *Henkel, Ger.†.*
Benzalkonium chloride (p.1629·1); oligo(di(iminoimidocarbonyl)iminohexamethylene).
Surface disinfection.

Septomandolo *IPA, Ital.†.*
Cefamandole nafate (p.220·3).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Gram-negative bacterial infections.

Septomixine *Septodont, Cz.; Septodont, Switz.*
⊗ Hydrocortisone acetate (p.1535·2); framycetin sulfate (p.279·1).
Dental infections.

Septone *Shiwa, Thai.†.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1).
Burns; skin and instrument disinfection; wounds.

Septonex
Note. This name is used for preparations of different composition.
Herbacos, Cz.
Ointment: Hexachlorophene (p.1646·1); carbaethopendecinium bromide (p.1633·3).
Infected skin disorders; ulcers; wounds.

Ivax, Cz.
Powder; spray; topical solution: Carbaethopendecinium bromide (p.1633·3).
Disinfection of surfaces, hands, skin, and mucous membranes; fungal skin infections; wounds.

Septonex Plus *Ivax, Cz.*
Trimecaine (p.1872·3); carbaethopendecinium bromide (p.1633·3).
Burns; wounds.

Septonsil *Pekana, Ger.†.*
Homoeopathic preparation.

Septopal *Merck, Arg.†; Biomet, Austral.; Merck, Austria; Biomet, Belg.; Merck, Braz.; Merck, Cz.†; Merck, Denm.; Biomet, Fin.; Biomet, Ger.; Galenica, Gr.†; Merck, Hong Kong; Merck, Hung.; Merck, India; Merck, Malaysia†; Ortomed, Neth.; Merck, Norw.; Merck, Philipp.; Merck, Port.; Merck, S.Afr.; Merck, Singapore†; Scandimed, Swed.†; Biomet, Switz.; Merck, Thai.; Biomet Merck, UK.*
Gentamicin sulfate (p.282·1); methylmethacrylate-methacrylate copolymer (p.2343·3).
Bacterial infections of bone and soft tissue.

Septosan
Note. This name is used for preparations of different composition.
Stiefel, Fr.
Triclocarban (p.1665·2); triclosan (p.1665·2).
Skin cleansing.

Stiefel, Mex.
Soap: Triclocarban (p.1665·2); triclosan (p.1665·2).
Skin cleansing.

Stiefel, Mex.†.
Topical lotion: Triclosan (p.1665·2).
Soap substitute.

Septosol *Xeragen, S.Afr.*
Phenol (p.1656·1).
Sore throat.

Septosyl *PannonPharma, Hung.*
Sulfadimidine (p.338·1).
Bacterial eye infections.

Septra *GSK, Canad.; Monarch, USA.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Septran *GSK, India; GSK, S.Afr.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; toxoplasmosis.

Septrin *Sigma, Austral.; GSK, Chile; GSK, Gr.; Sigma, Hong Kong; GSK, Indon.; GSK, Irl.; GSK, Israel; GSK, Mex.; GSK, Philipp.; GSK, Pol.; Wellcome, Port.; GSK, Singapore†; UCB, Spain; GSK, Thai.†; Genesis, Turk.; GSK, UK.*
Co-trimoxazole (p.258·1).
Bacterial infections; nocardiosis; pneumocystis pneumonia; toxoplasmosis.

Septus *Merck, Port.*
Cetylpyridinium chloride (p.1635·1).
Mouth and throat disorders.

Sepurin *Gross, Braz.*
Methenamine (p.298·3); methylthioninium chloride (p.1450·3).
Urinary-tract infections.

Sequacor *Bracco, Ital.*
⊗ Bisoprolol fumarate (p.1234·1).
Heart failure.

Sequals G *Lagos, Arg.*
Rosemary (p.2381·2); enebro (p.1616·1); crataegus (p.2289·1); birch (p.2266·3).
Scalp disorders.

Sequax *Ivax, Arg.*
Clozapine (p.981·1).
Schizophrenia.

Sequennia *Wyeth Lederle, Austria.*
14 Tablets, conjugated oestrogens (p.2087·2); 14 tablets, conjugated oestrogens; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders; osteoporosis.

Sequidot *Novartis, Cz.*
Phase I patch, estradiol (p.2097·2); phase II patch, estradiol; norethisterone acetate (p.2119·3).
Menopausal disorders; osteoporosis.

Sequilar *Schering, Austria; Schering, Ger.†.*
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3). 28-Day packs also contain 7 inert tablets.
Biphasic oral contraceptive.

Sequilar ED *Schering, Austral.*
21 Tablets, levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3); 7 tablets, inert.
Biphasic oral contraceptive.

Sequinan *Ivax, Arg.*
Risperidone (p.1024·2).
Psychoses.

Sequostat *Jenapharm, Ger.†.*
6 Tablets, ethinylestradiol (p.2101·3); 15 tablets, ethinylestradiol; norethisterone acetate (p.2119·3).
Sequential oral contraceptive.

Ser Damla *Yenisehir, Turk.*
Sodium chloride (p.1686·1).
Nasal congestion.

Seraccel *Serum Institute, India†.*
⊗ Gelatin (p.1072·1).
Priming of heart-lung machine and artificial kidney; shock.

Seracic *IQFA, Mex.*
Aciclovir (p.862·3).
Herpesvirus infections.

Seracin *Pharmaland, Thai.*
Ofloxacin (p.310·2).
Bacterial infections.

Seractil *Gebro, Austria; Gebro, Cz.; Galenica, Gr.; Gebro, Hung.; GiEnne, Ital.; Grunenthal, Neth.; Biofarm, Pol.; Jaba, Port.; Gebro, Spain; Gebro, Switz.; Genus, UK.*
Dexibuprofen (p.39·2).
Fever; gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Seractiv *Nordic Drugs, Denm.; Nordic Drugs, Norw.*
Dexibuprofen (p.39·2).
Dysmenorrhoea; inflammation; musculoskeletal and joint disorders; osteoarthritis; pain.

Seradex-LA *Allegis, USA.*
Brompheniramine maleate (p.569·2); phenylephrine hydrochloride (p.1568·1).
Upper respiratory-tract disorders.

Serag-HAES *Serag-Weissner, Cz.; Serag-Wiessner, Ger.*
⊗ Pentastarch (p.1065·1) in sodium chloride.
Haemodilution; hypovolaemia; plasma volume expansion.

Seraim *Anglo-French Drugs, India.*
Serrapeptase (p.2385·3).
Alveolar abscess; breast engorgement; inflammation; pericoronitis.

Seralbumin *Probifasa, Mex.†.*
⊗ Albumin (p.1052·1).
Hypoalbuminaemia; plasma volume expansion; shock.

Seralin *Eczacibasi, Turk.*
Sertraline (p.422·1).
Depression; obsessive-compulsive disorder; post-traumatic stress disorder.

Seralis *Landsteiner, Mex.*
Risedronate sodium (p.1103·3).
Osteoporosis; Paget's disease of bone.

Seralon *Pharmacypria, Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

Seramed *Medifive, Thai.*
Serrapeptase (p.2385·3).
Inflammation; respiratory-tract congestion.

Seramine *Arlex, Mex.*
Mesalazine (p.1745·1).
Inflammatory bowel disease.

Seranex N *Vifor, Switz.*
Paracetamol (p.108·1).
Fever; pain.

Seranex sans codeine *Democal, Switz.†.*
Phenazone (p.116·1); propyphenazone (p.119·3); ethenzamide (p.51·3); benzyl mandelate (p.2264·3); caffeine (p.1116·3).
Pain.

Ser-Ap-Es *Novartis, Indon.; Novartis, Thai.; Ciba, USA†.*
⊗ Reserpine (p.1387·3); hydralazine hydrochloride (p.1305·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Seratil *Christo, Hong Kong.*
Prochlorperazine maleate (p.1020·1).
Anxiety; nausea and vomiting; psychoses.

Serato-M *Kee, India.*
Serrapeptase (p.2385·3).
Inflammation; oedema; respiratory-tract congestion.

Serato-M Forte *Kee, India†.*
Serrapeptase (p.2385·3); minerals (p.1922·1).
Inflammation; oedema.

Seravit *SHS, Fr.; Scientific Hospital Supplies, Irl.; Scientific Hospital Supplies, UK.*
Multivitamin and mineral preparation (p.1922·1).
Nutritional supplement.

Serax *Alpharma, USA.*
Oxazepam (p.1014·2).
Alcohol withdrawal syndrome; anxiety.

Seraxol *Serral, Mex.*
⊗ Ambroxol (p.1550·3); clenbuterol (p.1120·1).
Respiratory-tract congestion.

Seraxol-S *Serral, Mex.*
Ambroxol (p.1550·3).
Respiratory-tract congestion.

Serbendazol *Serral, Mex.*
Albendazole (p.139·2).
Worm infections.

Serbo *SJA, Gr.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis.

Serbol *IQFA, Mex.*
⊗ Ambroxol (p.1550·3); clenbuterol (p.1120·1).
Respiratory-tract congestion.

Serc *Solvay, Austral.; Solvay, Canad.; Solvay, Fr.; Solvay, Irl.; Altana, Mex.; Solvay, NZ†; Solvay, Philipp.; Solvay, S.Afr.; Solvay, Spain; Solvay, Thai.; Solvay, UK; Zuoz, Venez.*
Betahistine hydrochloride (p.2265·1).
Ménière's disease; vertigo; vestibular disorders.

Sercerin *Farmasa, Braz.†.*
Sertraline hydrochloride (p.421·3).
Depression.

Sercim *IQFA, Mex.*
Cimetidine (p.1716·2).
Peptic ulcer.

Serdep
Cipla, India; Cipla-Medpro, S.Afr.
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder.

Fako, Turk.
Sertraline (p.422·1).
Depression; obsessive-compulsive disorder; post-traumatic stress disorder.

Serdol *Labormed, Rus.*
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Serdolect *Lundbeck, Austria; Lundbeck, Cz.; Lundbeck, Fr.; Lundbeck, Gr.; Lundbeck, Hung.; Lundbeck, Neth.; Lundbeck, Port.; Lundbeck, Rus.; Lundbeck, Switz.; Lundbeck, UK.*
Sertindole (p.1028·1).
Schizophrenia.

Serecid *Douglas, NZ.*
Hydroxyzine hydrochloride (p.581·2).
Alcohol withdrawal syndrome; anxiety; asthma; nausea and vomiting; urticaria.

Serecor *Sanofi-Aventis, Fr.*
Hydroquinidine hydrochloride (p.1312·1).
Arrhythmias.

Seredol *Atlantic, Philipp.*
Haloperidol (p.1000·2).
Behaviour disorders in children; neuroses; psychoses; Tourette syndrome.

Serefrex *Janssen-Cilag, Arg.†.*
Ketanserin (p.1320·2).
Hypertension.

Sereine *Optikem, USA.*
Range of solutions for hard contact lenses (p.1622·2).

Seremaks *Bilim, Turk.*
Ginkgolides (p.2311·3).

Serenace *Sigma, Austral.; Pfizer, Hong Kong; RPG, India; Pfizer, Indon.; Ivax, Irl.; Pharmacia, Malaysia†; Healthcare Logistics, NZ; Pfizer, Philipp.; Pharmacia, S.Afr.; Pharmacia, Singapore†; Ivax, UK.*
Haloperidol (p.1000·2).
Aggression; agitation; alcoholism; anxiety; behaviour disorders in children; bipolar disorder; hiccups; mania; nausea; neuroleptanalgesia; premedication; psychoses; tics; Tourette syndrome; vomiting.

Serenal *Meda, Port.*
Oxazepam (p.1014·2).
Anxiety.

Serenase
Note. This name is used for preparations of different composition.
Almirall, Belg.
Lorazepam (p.1004·1).
Anxiety; insomnia; premedication.

Janssen-Cilag, Denm.; Janssen-Cilag, Fin.
Haloperidol (p.1000·2) or haloperidol decanoate (p.1000·2).
Disturbed behaviour; movement disorders; nausea and vomiting; pain; psychoses.

Lusofarmaco, Ital.
Haloperidol (p.1000·2).
Alcohol withdrawal syndrome; hiccups; movement disorders; pain; psychoses; vomiting.

Serenata *Torrent, Braz.; Torrent, Philipp.; Torrent, Rus.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder.

Serene *Pharmaland, Thai.*
Dipotassium clorazepate (p.980·1).
Anxiety.

Serenelfi *Lusofarmaco, Port.†.*
Haloperidol (p.1000·2).

Serengrav *Baldacci, Ital.*
Folic acid (p.1940·1).
Prevention of neural tube defects during pregnancy.

Serenil *Natufarma, Arg.*
Passion flower (p.2363·2); valerian (p.2410·1); tilia (p.2402·2).
Sedative.

Serenoa Complex *Blackmores, Austral.†.*
Equisetum (p.2299·3); saw palmetto (p.2192·3); buchu (p.2269·3); *d*-alpha tocoferil acid succinate (p.1993·1); zinc amino acid chelate (p.2000·1).
Prostate disorders; urinary-tract disorders.

Serenol *Dolisos, Canad.*
Homoeopathic preparation.

Serentil *Boehringer Ingelheim, USA†.*
Mesoridazine besilate (p.1007·1).
Alcoholism; behavioural and personality disorders; schizophrenia.

Serenus *Biolab Sanus, Braz.*
Passion flower (p.2363·2); crataegus (p.2289·1); adonis vernalis (p.2248·1).
Sedative.

Serepax *Sigma, Austral.; Wyeth, Chile†; Wyeth, Denm.; Wyeth, India; Akromed, S.Afr.*
Oxazepam (p.1014·2).
Alcohol withdrawal syndrome; anxiety; muscle spasm.

Serepress *Formenti, Ital.*
Ketanserin tartrate (p.1320·2).
Hypertension.

Sereprid *Labomed, Chile.*
Tiapride hydrochloride (p.1032·1).
Alcohol withdrawal syndrome; behaviour disorders; headache; movement disorders.

Sereprile *Sanofi-Aventis, Ital.*
Tiapride hydrochloride (p.1032·1).
Gastrointestinal dyskinesia; movement and behaviour disorders.

Sereprosta *Reprefar, Port.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sereprostat *Pierre Fabre, Arg.†; Robapharm, Spain.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia; prostatic adenoma.

Seresis *Boehringer Ingelheim, Chile; Pharmaton, Malaysia; Boehringer Ingelheim Promeco, Mex.*
Ascorbic acid; grape; tomato; selenium; vitamin E; betacarotene (p.1922·1).
Antoxidant; dietary supplement; skin disorders.

Seresta *Wyeth, Belg.; Biodim, Fr.; EuroCept, Neth.; Wyeth, Switz.*
Oxazepam (p.1014·2).
Alcohol withdrawal syndrome; anxiety; sleep disorders.

Serestill *Chemi, Ital.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Seretaide *Glaxo Wellcome, Port.*
⊗ Salmeterol xinafoate (p.1135·1); fluticasone propionate (p.1533·2).
Obstructive airways disease.

Seretide
GSK, Arg.; GSK, Austral.; GSK, Austria; GSK, Belg.; GSK, Braz.; GSK, Chile; GSK, Cz.; GSK, Denm.; GSK, Fin.; GSK, Fr.; GSK, Gr.; GSK, Hong Kong; GSK, Hung.; GSK, India; GSK, Indon.; Allen & Hanburys, Irl.; GSK, Israel; GSK, Ital.; GSK, Malaysia; GSK, Mex.; GSK, NZ; GSK, Neth.; GSK, Norw.; GSK, Pol.; GSK, Rus.; GSK, S.Afr.; GSK, Singapore; GSK, Spain; GSK, Swed.; GSK, Switz.; GSK, Thai.; GSK, Turk.; Allen & Hanburys, UK; GSK, Venez.
⊗ Salmeterol xinafoate (p.1135·1); fluticasone propionate (p.1533·2).
Asthma; obstructive airways disease.

GSK, Philipp.
⊗ Salmeterol (p.1135·3) or salmeterol xinafoate (p.1135·1); fluticasone (p.1533·2) or fluticasone propionate (p.1533·2).
Obstructive airways disease.

Seretover *Iliafarm, Gr.*
Citalopram (p.385·3).
Depression.

Seretran *Drugtech, Chile.*
Paroxetine hydrochloride (p.414·2).
Depression.

Sereupin *Abbott, Ital.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Serevent *GSK, Arg.; GSK, Austral.; GSK, Austria; GSK, Belg.; GSK, Braz.; GSK, Canad.; GSK, Chile; GSK, Cz.; GSK, Denm.; GSK, Fin.; GSK, Fr.; GSK, Ger.; GSK, Gr.; GSK, Hong Kong; GSK, Hung.; GSK, Indon.; Allen & Hanburys, Irl.; GSK, Israel; GSK, Ital.; GSK, Jpn; GSK, Malaysia; GSK, Mex.; GSK, NZ; GSK, Neth.; GSK, Norw.; GSK, Philipp.; GSK, Pol.; Glaxo Wellcome, Port.; Glaxo Wellcome, Rus.; GSK, S.Afr.; GSK, Singapore; GSK, Spain; GSK, Swed.; GSK, Switz.; GSK, Thai.; GSK, Turk.; Allen & Hanburys, UK; Glaxo Wellcome, USA; GSK, Venez.*
⊗ Salmeterol xinafoate (p.1135·1).
Asthma; bronchospasm; obstructive airways disease.

Serezac *Pulitzer, Ital.†.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Serfinato *Basi, Port.†.*
Reserpine (p.1387·3).
Hypertension.

Serformin *Sandoz, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Sergast *Truw, Ger.†.*
Turmeric (p.1473·2).
Digestive system disorders.

Sergimax *Surge, Philipp.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Seriane *Plantes et Medecines, Fr.*
Hydrolysed milk proteins (p.1922·1).
Stress.

Serianon *Fada, Arg.*
Heparin calcium (p.1301·2).
Thromboembolic disorders.

Serimel *Clonmel, Irl.*
Sertraline hydrochloride (p.421·3).
Depression.

Serimol *Raza, Hong Kong; Pharmaniaga, Malaysia†; Raza, Malaysia†.*
Paracetamol (p.108·1).
Fever; pain.

Serital *Temmler, Ger.*
Citalopram hydrobromide (p.385·3).
Depression.

Seritral *Serral, Mex.*
Itraconazole (p.536·3).
Fungal infections.

Serivo *Pasteur, Chile.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic attacks; post-traumatic stress disorder.

Serlain *Pfizer, Belg.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorders.

Serlan *Rowex, Irl.*
Sertraline hydrochloride (p.421·3).
Depression.

Serless *Truw, Ger.†.*
Urtica root (p.2409·3).
Benign prostatic hyperplasia.

Serlife *Ranbaxy, S.Afr.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder.

Serlift *Ranbaxy, Cz.; Ranbaxy, Hung.; Ranbaxy, Malaysia.*
Sertraline hydrochloride (p.421·3).
Depression; mixed anxiety depressive states; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Serlina *Rontag, Arg.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder.

Serline *Giempi, Venez.*
Sertraline (p.422·1).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder.

Serlof *Kalbe, Indon.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder.

Serlosane *Teva, Hung.*
Sertraline hydrochloride (p.421·3).
Depression.

Sermetrol *Serral, Mex.*
⊗ Metoprolol (p.1338·1).
Hypertension.

Sermicina *Serral, Mex.*
Amikacin (p.200·2).
Bacterial infections.

Sermion *Pfizer, Arg.; Pfizer, Austria; Pfizer, Braz.; Pfizer, Chile; Pfizer, Cz.; Sanofi-Aventis, Fr.; Pharmacia, Ger.†; Pfizer, Gr.; Pfizer, Hong Kong; Pfizer, Hung.; Pharmacia, Ital.; Tanabe, Jpn; Pfizer, Mex.; Pfizer, Philipp.; Pharmacia, Pol.; Pfizer, Port.; Pharmacia, Rus.; Kenfarma, Spain; Pfizer, Switz.; Pfizer, Thai.; Carlo Erba, Turk.; Pfizer, Venez.*
Nicergoline (p.2352·1).
Cerebral and peripheral vascular disorders; cerebral metabolic disorders; dementia; headache; hypertension; mental function impairment; vascular eye disorders; vestibular disorders.

Sermonil *Pharmaland, Thai.*
Imipramine hydrochloride (p.400·3).
Depression; nocturnal enuresis.

Sermoxol *Serral, Mex.*
Amoxicillin (p.202·2); ambroxol (p.1550·3).
Respiratory-tract infections.

Sernade *Novell, Indon.*
Sertraline hydrochloride (p.421·3).
Depression.

Sern-SL *Lichtwer, Ger.*
Gentian (p.2310·3).
Disorders of digestion.

Serobid *Cipla, India.*
⊗ Salmeterol xinafoate (p.1135·1).
Asthma.

Serobif *Serono, Braz.; Serono, Ital.*
Interferon beta (p.891·2).
Malignant neoplasms; viral infections.

Serocalcin *Serono, Braz.; Serono, Venez.†.*
Calcitonin (salmon) (p.1093·1).
Osteoporosis.

Serocryptin *Serono, Arg.†; Serono, Cz.†; Serono, Hong Kong†; Serono, Hung.†; Serono, Mex.†; Serono, Venez.†.*
Bromocriptine mesilate (p.798·1).
Acromegaly; atherosclerosis; benign breast disorders; female infertility; galactorrhoea; gynaecomastia; hyperprolactinaemia; lactation inhibition; male hypogonadism; parkinsonism; polycystic ovary syndrome; premenstrual syndrome; prolactinoma.

Serocytol *Serolab, Switz.*
A range of equine antisera raised against body tissues and organs.

Seroderm *Casel, Turk.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Serodur *Durascan, Denm.*
Paroxetine hydrochloride (p.414·2).
Depression; obsessive-compulsive disorder; panic attacks; social phobia.

Serofene *Serono, Arg.; Novartis, Chile†; Serono, Ital.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility; functional uterine haemorrhage; polycystic ovary syndrome.

Seroflo *Cipla, India.*
⊗ Salmeterol (p.1135·3); fluticasone propionate (p.1533·2).
Asthma.

Serofusine *Braun, Switz.*
Electrolyte infusion with or without glucose (p.1667·1).
Fluid and electrolyte disorders.

Seroglubin *Gador, Arg.; Octafarma, Mex.†.*
A normal immunoglobulin (p.2225·3).
Passive immunisation.

Serolin *Kalbe, Indon.*
Nicergoline (p.2352·1).
Cerebral and peripheral vascular disorders.

Serolux
Sandoz, Mex.
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder.

Sandoz, Venez.
Sertraline (p.422·1).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder.

Seromex *Ratiopharm, Fin.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Seromida *Itaca, Braz.†.*
Ifosfamide (p.731·3).
Malignant neoplasms.

Seromycin *IFET (ΙΦΕΤ), Gr.; Lilly, Hong Kong; Dura, USA.*
Cycloserine (p.260·2).
Tuberculosis; urinary-tract infections.

Seronex
Note. This name is used for preparations of different composition.
Pharmavita, Chile.
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder.

Medix, Mex.
Domperidone (p.1726·2).
Gastrointestinal motility disorders; nausea and vomiting.

Seronil *Orion, Fin.; Orion, Pol.; Drogsan, Turk.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Seronip *UCI, Braz.†.*
Sertraline hydrochloride (p.421·3).
Depression.

Serophene *Serono, Austral.; Serono, Austria; Serono, Braz.; Serono, Canad.; Serono, Cz.†; Serono, Hong Kong; Serono, Hung.†; Serono, Malaysia†; Serono, Mex.†; Healthcare Logistics, NZ; Serono, Neth.; Serono, S.Afr.†; Serono, Singapore; Serono, Switz.; Serono, Thai.; Serono, Turk.; Serono, USA; Serono, Venez.; Serono, Venez.*
⊗ Clomifene citrate (p.2086·1).
Formerly known as Serofene in *Braz.* and *Venez.*
Anovulatory infertility; male infertility; menstrual disorders; polycystic ovary syndrome.

Serophta *Thea, Fr.; Farmila, Ital.†.*
Sea water (p.1686·1).
Eye wash.

Serophy *Interdelta, Switz.*
Sodium chloride (p.1686·1).
Nasal disorders.

Seroplex *Lundbeck, Fr.*
Escitalopram oxalate (p.391·1).
Depression; obsessive-compulsive disorder; panic disorder; social anxiety disorder.

Seropram
Lundbeck, Arg.; Lundbeck, Hung.; Lundbeck, Mex.; Lundbeck, Spain.
Citalopram hydrobromide (p.385·3).
Anxiety; depression; obsessive-compulsive disorder; panic disorder.

Lundbeck, Austria; Lundbeck, Fr.; Lundbeck, Ital.; Lundbeck, Switz.
Citalopram hydrobromide (p.385·3) or citalopram hydrochloride (p.385·3).
Anxiety disorders; depression; obsessive-compulsive disorder; panic disorder.

Lundbeck, Cz.
Citalopram (p.385·3), citalopram hydrobromide (p.385·3), or citalopram hydrochloride (p.385·3).
Anxiety disorders; depression; obsessive-compulsive disorder; panic disorder.

Lundbeck, Gr.; Bayer, Venez.
Citalopram (p.385·3).
Depression.

Seroquel *Bago, Arg.; AstraZeneca, Austral.; AstraZeneca, Austria; AstraZeneca, Belg.; Biosintetica, Braz.; AstraZeneca, Canad.; AstraZeneca, Chile; AstraZeneca, Cz.; AstraZeneca, Denm.; AstraZeneca, Fin.; AstraZeneca, Ger.; Promed, Ger.; Stern, Ger.; AstraZeneca, Gr.; AstraZeneca, Hong Kong; AstraZeneca, Hung.; AstraZeneca, Indon.; AstraZeneca, Irl.; AstraZeneca, Israel; AstraZeneca, Ital.; Astellas, Jpn; AstraZeneca, Malaysia; AstraZeneca, Mex.; AstraZeneca, NZ; AstraZeneca, Neth.; AstraZeneca, Norw.; AstraZeneca, Philipp.; AstraZeneca, Pol.; AstraZeneca, Port.; AstraZeneca, Rus.; AstraZeneca, S.Afr.; AstraZeneca, Singapore; AstraZeneca, Spain; AstraZeneca, Swed.; AstraZeneca, Switz.; AstraZeneca, Thai.; AstraZeneca, Turk.; AstraZeneca, UK; AstraZeneca, USA; AstraZeneca, Venez.*
Quetiapine fumarate (p.1022·2).
Bipolar disorder; mania; schizophrenia.

Seroquin *Cipla, India.*
Quetiapine fumarate (p.1022·2).
Schizophrenia.

Seror *Specifar, Gr.*
Citalopram (p.385·3).
Depression.

Seroscand *Scand Pharm, Swed.†.*
Fluoxetine hydrochloride (p.391·2).
Bulimia; depression; obsessive-compulsive disorder.

Serostim *Serono, Arg.†; Serono, Canad.; Serono, Hong Kong; Serono, Mex.; Serono, USA.*
⊗ Somatropin (p.1799·3).
AIDS-related cachexia or weight loss.

Serotabir *Itaca, Braz.†.*
Cytarabine (p.705·1).
Malignant neoplasms.

Sero-Tet *Green Cross, Malaysia.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Serotone *Temis, Arg.†; Japan Tobacco, Jpn.*
Azasetron hydrochloride (p.1709·2).
Nausea and vomiting associated with antineoplastic therapy.

Serotor *Torrex Chiesi, Hung.*
Citalopram hydrobromide (p.385·3).
Depression.

Serotramin *Medix, Mex.*
⊗ Sibutramine (p.2164·1).
Obesity.

Serotulle *SSL, UK.*
Chlorhexidine acetate (p.1635·2).
Wounds.

Seroxat *GSK, Austria; GSK, Belg.; GSK, Cz.; GSK, Denm.; GSK, Fin.; GSK, Ger.; GSK, Gr.; GSK, Hong Kong; GSK, Hung.; GSK, Indon.; GSK, Irl.; GSK, Israel; GSK, Ital.; GSK, Malaysia; GSK, Neth.; GSK, Norw.; GSK, Philipp.; GSK, Pol.; GSK, Port.; GSK, Singapore; GSK, Spain; GSK, Swed.; GSK, Thai.; Novartis, Turk.; GSK, UK.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; mixed anxiety depressive states; obsessive-compulsive disorder; panic disorder; phobias; post-traumatic stress disorder; premenstrual dysphoric disorder; social phobia.

Seroxydar *Automedic, Fr.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); aluminium phosphate (p.1707·3); guar gum (p.442·3).
Gastrointestinal disorders.

Serozil *BMS, Turk.*
Cefprozil (p.232·2).
Bacterial infections.

Serozinc *Roche-Posay, Fr.*
Sodium chloride (p.1686·1); zinc sulfate (p.1999·2).
Skin cleansing.

Serpafar *Faran, Gr.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility; diagnosis of hormonal disorders.

Serpasil *Biochemie, Indon.*
Reserpine (p.1387·3).
Hypertension.

Serpax *Wyeth Lederle, Ital.*
Oxazepam (p.1014·2).
Alcohol withdrawal syndrome; anxiety; depression; insomnia.

Serpens *Lisapharma, Ital.*
Saw palmetto (p.2192·3).
Prostatic hyperplasia.

Serphamida *Serral, Mex.*
Quinfamide (p.846·2).
Amoebiasis.

Serpicam *Serral, Mex.*
Piroxicam (p.117·3).
Inflammation.

Serracal *Serral, Mex.*
Calcium lactate gluconate (p.1676·2); calcium carbonate (p.1714·1).
Calcium deficiency; osteomalacia; osteoporosis; rickets; tetany.

Serradase *Siam Bheasach, Thai.*
Serrapeptase (p.2385·3).
Adjunct in antibiotic therapy; adjunct in cancer chemotherapy; inflammation; respiratory-tract congestion; wounds.

Serralpina *Serral, Mex.*
Hyoscine butylbromide (p.1734·1).

Serralpina Compuesta *Serral, Mex.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).

Serralsina *Serral, Mex.*
Loratadine (p.583·3).
Hypersensitivity.

Serranasal *Serra Pamies, Spain.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Serranit *Serral, Mex.*
Ranitidine (p.1766·1).
Peptic ulcer.

Serrano *M & H, Thai.*
Serrapeptase (p.2385·3).
Breast engorgement; cystitis; epididymitis; inflammation; oedema; sinusitis.

Serrao *Masa, Thai.*
Serrapeptase (p.2385·3).
Inflammation; respiratory-tract congestion; wounds.

Serrapep *Asian Pharm, Thai.*
Serrapeptase (p.2385·3).
Inflammation; respiratory-tract congestion; wounds.

Serrapress *Pharma Dynamics, S.Afr.*
Paroxetine (p.414·2).
Depression; obsessive-compulsive disorder; panic disorder; social phobia.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Serrason *Unison, Thai.*
Serrapeptase (p.2385·3).
Breast engorgement; cystitis; epididymitis; inflammation; sinusitis; wisdom tooth pericoronitis; wounds.

Serraspec *Serra Pamies, Spain.*
Guaifenesin (p.1561·3).
Coughs.

Serratol *Serral, Mex.*
Difenidol (p.1723·2).
Nausea and vomiting; vertigo.

Serratos *Serra Pamies, Spain.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Serrazyme *Shin Poong, Singapore.*
Serrapeptase (p.2385·3).
Inflammation; respiratory-tract congestion.

Serrin *Macrophar, Thai.*
Serrapeptase (p.2385·3).
Alveolar abscess; breast engorgement; cystitis; epididymitis; inflammation; respiratory-tract congestion; sinusitis; wisdom tooth pericoronitis; wounds.

Serriten *Serral, Mex.*
Verapamil (p.1423·2).
Hypertension.

Serta *Unichem, India.*
Sertraline hydrochloride (p.421·3).
Depression; mixed anxiety depressive states; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder.

Sertac *Andromaco, Chile.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder.

Sertacream *Geymonat, Ital.*
Sertaconazole nitrate (p.546·1).
Fungal skin infections.

Sertadepi *Keri, Hung.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder.

Sertaderm *Shire, Ital.*
Sertaconazole nitrate (p.546·1).
Fungal skin infections.

Sertadie *Geymonat, Ital.*
Sertaconazole nitrate (p.546·1).
Vaginal candidiasis.

Sertagen *Generics, Hung.*
Sertraline hdyrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder.

Sertagyn *Shire, Ital.*
Sertaconazole nitrate (p.546·1).
Vaginal candidiasis.

Sertahexal *Hexal, Pol.*
Sertraline hydrochloride (p.421·3).
Depression.

Sertal *Roemmers, Arg.*
Pargeverine (p.1761·1) or pargeverine hydrochloride (p.1761·1).
Smooth muscle spasm.

Sertal Compuesto *Roemmers, Arg.*
Pargeverine (p.1761·1) or pargeverine hydrochloride (p.1761·1); clonixin lysine (p.37·1).
Smooth muscle spasm.

Sertan *ICN, Hung.*
Primidone (p.503·2).
Epilepsy.

Serterol *Serral, Mex.†.*
Probucol (p.1377·1).
Hypercholesterolaemia.

Sertex *Psicofarma, Mex.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; post-traumatic stress disorder.

Sertidel *Serral, Mex.*
Diltiazem (p.1267·1).
Hypertension.

Sertidine
Note.This name is used for preparations of different composition.
Serral, Mex.
Famotidine (p.1730·1).
Peptic ulcer.

Chew, Thai.
Cimetidine (p.1716·2).
Mastocytosis; peptic ulcer; Zollinger-Ellison syndrome.

Sertinal *Bouzen, Arg.*
⊗ Sibutramine hydrochloride (p.2163·2).
Formerly contained phenylpropanolamine and caffeine.
Obesity.

Sertopic *CPH, Port.*
Sertaconazole nitrate (p.546·1).
Fungal skin infections; vulvovaginal candidiasis.

Sertra *TAD, Ger.*
Sertraline hydrochloride (p.421·3).
Depression.

Sertraniche *Niche, Irl.*
Sertraline hydrochloride (p.421·3).
Depression.

Sertrex *1A, Austria.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Sertrixen *Serral, Mex.*
Naproxen (p.92·3).
Inflammation; pain.

Sertrom *Serral, Mex.*
Roxithromycin (p.331·1).
Bacterial infections.

Sertwin *Zentiva, Hung.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder.

Sertzol *Ranbaxy, S.Afr.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder.

Serum Fizyolojik *Drogsan, Turk.; Merkez, Turk.*
Sodium chloride (p.1686·1).
Nasal congestion.

Serutan *Menley & James, USA.*
Psyllium seed (p.1737·1).
Constipation.

Servambutol *Sandoz, Thai.*
Ethambutol hydrochloride (p.274·1).
Tuberculosis.

Servamox
Sandoz, Mex.
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Sandoz, Thai.
Amoxicillin (p.202·2).
Bacterial infections.

Servamox CLV *Sandoz, Mex.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Servamox-F *Sandoz, Mex.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Servantax *Vannier, Arg.*
Sertraline (p.422·1).
Depression.

Servatrin *Pharmacare, S.Afr.*
⊗ Timolol maleate (p.1412·3); amiloride hydrochloride (p.1209·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Servazolin *Sandoz, Austria; Sandoz, Neth.*
Cefazolin sodium (p.222·1).
Bacterial infections.

Servetinal *Salusif, Port.†.*
Bismuth salicylate (p.1711·1); belladonna (p.2263·3); calcium carbonate (p.1714·1); magnesium hydroxide (p.1743·2); peppermint oil (p.1761·2); sodium bicarbonate (p.1673·2).
Gastric hyperacidity.

Servicef *Sandoz, Mex.*
Cefalexin (p.218·2).
Bacterial infections.

Serviclazide *Sandoz, Thai.*
Gliclazide (p.440·3).
Diabetes mellitus.

Serviclor *Sandoz, Cz.; Sandoz, Mex.; Sandoz, Pol.*
Cefaclor (p.217·2).
Bacterial infections.

Serviclox *Biochemie, Thai.†; Novartis, Thai.†.*
Cloxacillin sodium (p.256·1).
Bacterial infections.

Servidapsone *Biochemie, Thai.†; Novartis, Thai.†.*
Dapsone (p.261·2).
Dermatitis herpetiformis; leprosy.

Servidiclox *Biochemie, Thai.†; Novartis, Thai.†.*
Dicloxacillin sodium (p.265·2).
Bacterial infections.

Servidopa *Biochemie, Thai.†; Novartis, Thai.†.*
Methyldopa (p.1334·1).
Hypertension.

Servidoxyne *Sandoz, Thai.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Servidrat *Biochemie, Singapore†.*
Glucose; electrolytes (p.1672·2).
Diarrhoea; oral rehydration therapy.

Servidrat Low Sodium *Servipharm, Malaysia†.*
Glucose; sodium chloride; potassium chloride; citric acid; sodium bicarbonate (p.1672·2).
Diarrhoea; oral rehydration therapy.

Serviflox
Sandoz, Singapore.
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Novartis, Thai.†; Sandoz, Venez.
Ciprofloxacin (p.243·3).
Bacterial infections.

Servigenta *Sandoz, Mex.; Sandoz, Philipp.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Servin *Condrugs, Thai.*
Mianserin hydrochloride (p.408·1).
Depression.

Servipen-V *Biochemie, Thai.†; Novartis, Thai.†.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Servipep *Servipharm, Hong Kong†; Biochemie, Hung.†.*
Famotidine (p.1730·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Serviproxan *Sandoz, Thai.*
Naproxen sodium (p.92·3).
Gout; musculoskeletal and joint disorders; pain.

Serviradine *Sandoz, Mex.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Servispor *Biochemie, Hung.†; Sandoz, Philipp.*
Cefalexin (p.218·2).
Bacterial infections.

Servitrim *Sandoz, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Servitrocin *Sandoz, Thai.*
Erythromycin ethyl succinate (p.269·3) or erythromycin stearate (p.270·1).
Bacterial infections.

Servizol
Sandoz, Mex.
Metronidazole (p.837·1) or metronidazole benzoate (p.837·1).
Amoebiasis; anaerobic bacterial infections; giardiasis; trichomoniasis.

Sandoz, Philipp.
Metronidazole (p.837·1).
Amoebiasis; bacterial infections; giardiasis; trichomoniasis.

Serzone *BMS, Austral.†; BMS, Braz.†; BMS, Cz.†; BMS, Hong Kong†; BMS, Mex.†; BMS, NZ†; BMS, S.Afr.†; BMS, Singapore†; BMS, USA†.*
Nefazodone hydrochloride (p.412·1).
Depression.

Serzonil *BMS, Israel†.*
Nefazodone hydrochloride (p.412·1).
Depression.

Sesal *Ophtha, Denm.*
⊗ Antazoline hydrochloride (p.567·1); naphazoline hydrochloride (p.1565·2).
Allergic conjunctivitis.

Sesame Street *McNeil Consumer, USA.*
A range of vitamin preparations (p.1922·1).

Sesamoil *Gezzi, Arg.*
Bismuth salicylate (p.1711·1).
Diarrhoea; nausea.

Sesaren *Roemmers, Arg.; Roemmers, Chile; Roemmers, Venez.*
Venlafaxine hydrochloride (p.427·3).
Anxiety; depression; social anxiety disorder.

Sesden *Tanabe, Indon.; Tanabe, Jpn; Tanabe, Singapore†.*
Timepidium bromide (p.1777·1).
Premedication for examination of the gastrointestinal or urinary tract; smooth muscle spasm.

Sessoforte *Denk, Hong Kong.*
Vitamins; methyltestosterone; kola; damiana; yohimbine; strychnos; ephedra; testis extract (p.1922·1).
Tonic.

Sestrine *Beta, Arg.*
Repaglinide (p.457·2).
Diabetes mellitus.

Setacol *Hamilton, Austral.*
Hyoscine butylbromide (p.1734·1).
Gastrointestinal spasm.

Setakaf *Kurtsan, Turk.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Setaloft *Actavis, Cz.; Actavis, Pol.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Setamol *Reckitt Benckiser, Austral.†; Hovid, Hong Kong; Yeni, Turk.*
Paracetamol (p.108·1).
Fever; pain.

Setanol *Vilco, Gr.*
Norfloxacin (p.309·2).
Bacterial infections.

Setaratio *Ratiopharm, Pol.*
Sertraline hydrochloride (p.421·3).
Anxiety; depression; obsessive-compulsive disorder; post-traumatic stress disorder.

Setarin *Strand, Malaysia†.*
Miconazole nitrate (p.541·3).
Fungal skin infections.

Setarin H *Strand, Malaysia†.*
⊗ Miconazole (p.541·2); hydrocortisone acetate (p.1535·2).
Infected skin disorders.

Setatrep *Lemery, Mex.*
⊗ Deflazacort (p.1524·3).
Corticosteroid.

Setcillin *Strand, Malaysia†.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Setegis
EGIS, Hung.; Egis, Pol.
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Egis, Rus.
Terazosin (p.1410·3).
Benign prostatic hyperplasia; hypertension.

Sethro *Strand, Malaysia†.*
Erythromycin ethyl succinate (p.269·3) or erythromycin stearate (p.270·1).
Bacterial infections.

Setilin *Olgunsoy, Turk.*
Chlorhexidine (p.1635·2); cetrimide (p.1634·1).
Skin disinfection.

Setin
Note.This name is used for preparations of different composition.
Alliance, S.Afr.
Metoclopramide hydrochloride (p.1747·3).
Aid to gastrointestinal examination; gastrointestinal motility disorders; nausea and vomiting.

Siam Bheasach, Thai.
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Setiral *Toprak, Turk.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Setlers *Thornton & Ross, UK.*
Calcium carbonate (p.1714·1).
Dyspepsia; flatulence; heartburn; nausea.

Setlers Heartburn & Indigestion Liquid *Stafford-Miller, UK.*
Calcium carbonate (p.1714·1); sodium bicarbonate (p.1673·2); sodium alginate (p.2141·1).
Dyspepsia; gastro-oesophageal reflux; heartburn.

Setlers Windfree *GSK Consumer, Neth.*
Simeticone (p.1770·2).
Flatulence.

Setlinctus *Strand, Malaysia†.*
Codeine phosphate (p.37·2).
Coughs.

Setmenate *Strand, Malaysia†.*
Dimenhydrinate (p.576·2).
Ménière's disease; migraine; nausea and vomiting; vertigo.

Setmotil *Strand, Malaysia†.*
Diphenoxylate hydrochloride (p.1724·1).
Atropine sulfate (p.1219·3) is included in this preparation to discourage abuse.
Diarrhoea; ostomy management.

Setmoxil *Strand, Malaysia†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Setprodine *Raza, Hong Kong†.*
Pseudoephedrine hydrochloride (p.1571·2); triprolidine hydrochloride (p.592·3).
Allergic rhinitis; coughs; sinusitis; upper respiratory-tract congestion.

Setrilan *Essex, Ital.*
Spirapril hydrochloride (p.1399·3).
Hypertension.

Setriox *Selvi, Ital.*
Ceftriaxone sodium (p.237·1).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Gram-negative bacterial infections.

Setrodan *Pharmathen, Gr.*
Ondansetron (p.1756·3).
Nausea and vomiting induced by chemotherapy.

Setromol *Strand, Malaysia†.*
Paracetamol (p.108·1).
Fever; pain.

Setron
Note.This name is used for preparations of different composition.
Slovakofarma, Cz.†.
Ondansetron hydrochloride (p.1756·3).
Nausea and vomiting induced by cytotoxic therapy; postoperative nausea and vomiting.

Agis, Israel; Eczacibasi, Turk.
Granisetron (p.1733·1).
Nausea and vomiting induced by cytotoxic therapy or radiotherapy; postoperative nausea and vomiting.

Setrona *Ranbaxy, Austral.*
Sertraline hydrochloride (p.421·3).
Depression; premenstrual dysphoric disorder.

Setronges *Raza, Hong Kong†; Strand, Malaysia†.*
Cetylpyridinium chloride (p.1635·1); benzocaine (p.1854·1).
Mouth and throat disorders.

Setronil *Chemopharma, Chile.*
Citalopram hydrobromide (p.385·3).
Depression; panic attacks.

Setronon *Pliva, Cz.; Pliva Krakow, Pol.; Pliva, Rus.*
Ondansetron hydrochloride (p.1756·3).
Nausea and vomiting.

Setrosone *Strand, Malaysia†.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Setrovel *Novell, Indon.*
Tropisetron hydrochloride (p.1777·2).
Nausea and vomiting induced by cancer chemotherapy.

Setrozole *Strand, Malaysia†.*
Metronidazole (p.837·1).
Amoebiasis; trichomoniasis.

Setsolone *Strand, Malaysia†.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Setux *Sanofi-Aventis, Braz.*
Codeine resinate (p.38·3); phenyltoloxamine resinate (p.588·1).
Coughs.

Setux Expectorante *Sanofi-Aventis, Braz.*
Codeine resinate (p.38·3); guaifenesin (p.1561·3); phenyltoloxamine resinate (p.588·1).
Coughs.

Seudotabs *Parmed, USA.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Sevacol *Indeco, Arg.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Seven Seas *Merck, Hong Kong; Seven Seas, Hong Kong; Merck, Philipp.; Seven Seas, Singapore; Merck, Thai.; Abdi, Turk.; Seven Seas, UK.*
A range of tonics, dietary supplements, and multivitamin preparations (p.1922·1).

Seven Seas Active Sport *Seven Seas, Irl.*
Omega 3 nutrients; gamma linolenic acid; vitamin E; betacarotene; minerals; glucosamine sulphate; chondroitin sulfate; ginger; ginseng (p.1922·1).
Nutritional supplement.

Seven Seas JointCare *Seven Seas, Singapore.*
Glucosamine sulfate (p.2313·2); chondroitin sulfate (p.2280·3); fish oil (p.1362·2).
Degenerative joint disorders.

Seven Seas JointCare High Strength *Seven Seas, Singapore.*
Cod-liver oil (p.1935·2); fish oil (p.1362·2).
Joint disorders.

Seven Seas JointCare Max *Seven Seas, Singapore.*
Tablets, glucosamine sulfate (p.2313·2); capsules, fish oil (p.1362·2); fish collagen (p.2286·1).
Degenerative joint disorders.

Seven Seas Pulse *Abdi, Turk.*
Cod-liver oil (p.1935·2).
Hyperlipidaemias; ischaemic heart disease.

Sevenal
Valeant, Hung.
Phenobarbital (p.492·2).
Epilepsy.

Chinoin, Mex.†.
Phenobarbital sodium (p.492·2).
Epilepsy.

Sevenaletta *Valeant, Hung.*
Phenobarbital (p.492·2).
Epilepsy.

Several *Duncan, Arg.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Severin *Chinoin, Mex.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Severon *Profarma, Thai.†.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Sevinol *Schering-Plough, Belg.†.*
Fluphenazine hydrochloride (p.998·1).
Psychoses.

Sevium *Ni-The, Gr.*
Haloperidol (p.1000·2).
Huntington's chorea; psychoses; tics.

Sevlenyl *SJA, Gr.*
Carbocisteine (p.1553·2); sobrerol (p.1572·3).
Mucolytic.

Sevocris *Cristalia, Braz.*
Sevoflurane (p.1793·2).
General anaesthesia.

Sevoran *Abbott, Rus.*
Sevoflurane (p.1793·2).
General anaesthesia.

Sevorane *Abbott, Arg.; Abbott, Austral.; Abbott, Austria; Abbott, Belg.†; Abbott, Braz.; Abbott, Canad.; Abbott, Chile; Abbott, Cz.; Abbott, Denm.; Abbott, Fin.; Abbott, Fr.; Abbott, Ger.; Abbott, Gr.; Abbott, Hong Kong; Abbott, Hung.; Abbott, Indon.; Abbott, Irl.; Abbott, Israel; Abbott, Ital.; Abbott, Malaysia; Abbott, Mex.; Abbott, NZ; Abbott, Neth.; Abbott, Norw.; Abbott, Philipp.; Abbott, Pol.; Abbott, Port.; Abbott, Singapore; Abbott, Spain; Abbott, Swed.; Abbott, Switz.; Abbott, Thai.; Abbott, Turk.; Abbott, Venez.*
Sevoflurane (p.1793·2).
General anaesthesia.

Sevorex *CCS, Swed.*
Precipitated sulfur (p.1614·1); salicylic acid (p.1612·2).
Scalp disorders.

Sevredol *Mundipharma, Austral.; Mundipharma, Cz.; Mundipharma, Fr.; Mundipharma, Ger.; Extractum, Hung.; Mundipharma, Hung.; Napp, Irl.; Douglas, NZ; Mundipharma, Neth.; Norpharma, Pol.; Mundipharma, Port.; Mundipharma, Spain; Mundipharma, Switz.; Napp, UK.*
⊗ Morphine sulfate (p.86·3).
Pain.

Sevre-Long *Mundipharma, Switz.*
⊗ Morphine sulfate (p.86·3).
Pain.

Sexadien *Leo, Denm.†.*
Dienestrol (p.2093·3).
Vulvovaginal disorders associated with oestrogen deficiency.

SF Gel *Cypress, USA.*
Sodium fluoride (p.1962·2).
Dental caries prophylaxis.

SFC Lotion *Stiefel, USA.*
Stearyl alcohol (p.2033·1).
Skin cleanser.

Sfinac *Velka, Gr.*
Diclofenac sodium (p.44·3).
Inflammatory disorders.

SG 33 *Sigma, Arg.*
Magnesium oxide (p.1744·1).
Constipation; gastro-oesophageal reflux; hypomagnesaemia.

SG-Glutergen *Terramedic, Philipp.*
Vitamins; cholic acid; grain oil; hematoporphyrin hydrochloride; lecithin; linseed oil; magnesium glutamate; potassium chloride; ginseng; sunflower seed oil; troxerutin (p.1922·1).
Nutritional supplement.

SGM LLM *Sari Husada, Indon.*
Infant feed (p.1922·1).
Low-lactose feed.

Sguardi *Farmigea, Ital.*
Benzalkonium chloride (p.1629·1).
Eye disinfection.

SGX *Medisys, Philipp.*
⊗ Salbutamol sulfate (p.1131·3); guaifenesin (p.1561·3).
Respiratory-tract disorders associated with bronchospasm and excess mucus.

SH3 *Polifarma, Ital.*
Pyrethrin (p.2049·3).
Pediculosis.

SH-206 *Pharmascience, Canad.*
Acetic acid (p.2244·2); camphor (p.2273·2); lemon oil (p.2332·3); sodium lauril ether sulfate.
Pediculosis.

Shade
Note.This name is used for preparations of different composition.
Schering-Plough, USA.
Gel SPF 30: Octinoxate (p.1608·2); oxybenzone (p.1608·3); homosalate (p.1598·1).
Sunscreen.

Schering-Plough, USA.
Lotion SPF 30; stick SPF 30: Octinoxate (p.1608·2); oxybenzone (p.1608·3); homosalate (p.1598·1); octisalate (p.1608·2).
Sunscreen.

Schering-Plough, USA.

Octinoxate (p.1608·2); avobenzone (p.1589·3); oxybenzone (p.1608·3).
Sunscreen.

Shaklee Dandruff Control *Shaklee, Canad.†.*
Pyrithione zinc (p.1611·2).

Shaklee Lip Protection Stick *Shaklee, Canad.*
SPF 15: Padimate O (p.1609·1); oxybenzone (p.1608·3).
Sunscreen.

Shakuyaku-kanzo-to *Tsumura, Jpn.*
Liquorice; peony root.
Traditional Kampo medicine.

Shamday Antiforfora *Euroderm, Ital.†.*
Piroctone olamine (p.1610·1); urtica (p.2409·3).
Seborrhoeic dermatitis.

Shampoo Anticaspa *Beiersdorf, Chile.*
Climbazole (p.529·3); piroctone (p.1610·1).
Dandruff.

Shampoo SDE Tar *Essex, Ital.†.*
Coal tar (p.1616·2).
Scalp disorders.

Shampoo SDE Zinc *Essex, Ital.†.*
Pyrithione zinc (p.1611·2).
Seborrhoeic dermatitis.

Shampoo Tersa-Tar *Dermaclin, Mex.†.*
Coal tar (p.1616·2).
Scalp disorders.

Shampoo del Tio Nacho *Bustillos, Mex.*
Norway tar (p.1616·2); resorcinol (p.1612·1).
Scalp disorders; skin disorders.

Shampooing Anti-Pelliculaire *Atlas, Canad.*
Pyrithione zinc (p.1611·2).

Shampooing extra-doux *Widmer, Switz.*
Triclosan (p.1665·2).
Scalp disorders.

Shampooing Traitant Antipelliculaire *Ducray, Fr.†.*
Pyrithione zinc (p.1611·2).
Dandruff.

Shampoux *Qualiphar, Belg.*
Permethrin (p.2048·2); piperonyl butoxide (p.2049·1).
Pediculosis.

Shampoux Repel *Qualiphar, Belg.*
(N-Butyl-N-acetyl)-3-ethylaminopropionate (p.2043·1).
Pediculosis.

Shanvac-B *Shanta, India; Shantha, Philipp.*
A hepatitis B vaccine (surface antigen) (p.2215·2).
Active immunisation.

Sharko Inside *Sahabat, Indon.*
Shark cartilage (p.2277·3).
Angiogenesis inhibitor; inflammation; rheumatism.

Sharkoferrol *Alembic, India.*
Ferric ammonium citrate; calcium gluconate; malt extract; vitamins (p.1922·1).
Nutritional supplement.

Sharkomalt *Haffkine, India.*
Vitamin A (p.1971·2); vitamin D (p.1986·1); malt extract.
Vitamin A and D deficiency.

Sharkovit *Haffkine, India.*
Vitamin A (p.1971·2); vitamin D (p.1986·1).
Vitamin A and D deficiency.

Sharox
Fahrenheit, Indon.
Cefuroxime (p.238·2).
Bacterial infections.

Fahrenheit, Philipp.
Cefuroxime axetil (p.238·2) or cefuroxime sodium (p.238·2).
Bacterial infections.

Sheik *Durex, Canad.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Sheik Elite *Schmid, USA.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Sheko *Medipharma, Hong Kong†.*
Zinc oxide (p.1621·2); methyl salicylate (p.85·3).
Skin disorders.

Shellgel *Cytosol, USA.*
Sodium hyaluronate (p.2320·1).
Aid in ophthalmic surgery.

Shelrod-Plus *Medikon, Indon.*
Ibuprofen (p.64·2); paracetamol (p.108·1).
Fever; musculoskeletal and joint disorders.

Shelrofen *Medikon, Indon.*
Ibuprofen (p.64·2).
Pain.

Shemol *Grin, Mex.*
⊗ Timolol maleate (p.1412·3).
Glaucoma; ocular hypertension.

Shepard's *Dermik, USA.*
Emollient and moisturiser.

Shield *GSK, India.*
⊗ Lidocaine (p.1862·3); hydrocortisone acetate (p.1535·2); zinc oxide (p.1621·2); allantoin (p.1588·1).
Anorectal disorders.

Shields *Ansell, Canad.†.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Shii-ta-ker *Holistica, Fr.*
Lentinus edodes.
Immunostimulant.

Shilshul X *CTI, Israel.*
Loperamide (p.1741·3).
Diarrhoea.

Shinapen *Yung Shin, Philipp.*
Ampicillin sodium (p.204·1).
Bacterial infections.

Shin-Biofermin S *Takeda, Hong Kong.*
Bifidobacterium bifidum (p.2372·3); *Lactobacillus acidophilus* (p.2372·3); *Enterococcus faecalis* (p.2372·3).
Constipation; diarrhoea; meteorism.

Shinbit *Schering, Jpn.*
Nifekalant hydrochloride (p.1357·1).
Arrhythmias.

Shincef *Shin Poong, Philipp.; Unimex, Philipp.; Shin Poong, Singapore.*
Cefuroxime sodium (p.238·2).
Bacterial infections.

Shincort *YSP, Malaysia; Yung Shin, Singapore; Yung Shin, Thai.*
⊗ Triamcinolone acetonide (p.1544·3).
Corticosteroid.

Shine Bio-Cal *Yung Shin, Singapore.*
Lithothamnion calcareum; calcium; colecalciferol; magnesium; iodine; boron; selenium (p.1922·1).
Dietary supplement.

Shinfomycin *YSP, Malaysia.*
Cefoperazone sodium (p.227·1).
Bacterial infections.

Shinoxol *YSP, Malaysia; Yung Shin, Singapore.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with viscous mucus.

Shintamet *YSP, Malaysia; Yung Shin, Singapore.*
Cimetidine (p.1716·2).
Dyspepsia; gastro-oesophageal reflux; gastrointestinal hypersecretion; peptic ulcer; Zollinger-Ellison syndrome.

Shiomarin *Shionogi, Jpn.*
Latamoxef sodium (p.292·1).
Bacterial infections.

Shiseido Benefiance Daytime
Shiseido, Canad.
Cream SPF 15: Octinoxate (p.1608·2).
Formerly contained octinoxate and oxybenzone.
Sunscreen.

Shiseido, Canad.
Emulsion SPF 15: Octinoxate (p.1608·2).
Sunscreen.

Shiseido Skincare Day Essential *Shiseido, Canad.†.*
SPF 10: Avobenzone (p.1589·3); octinoxate (p.1608·2).
Sunscreen.

Shiseido Skincare Day Protective *Shiseido, Canad.†.*
SPF 15: Titanium dioxide (p.1617·3).
Sunscreen.

Shiseido Skincare Protective *Shiseido, Canad.†.*
Avobenzone (p.1589·3); octinoxate (p.1608·2).
Sunscreen.

Shiseido Sun Block Lip Treatment *Shiseido, Canad.†.*
Octinoxate (p.1608·2).
Sunscreen.

Shiseido Sun Block Stick *Shiseido, Canad.†.*
Octinoxate (p.1608·2); titanium dioxide (p.1617·3).
Sunscreen.

Shiseido Sun Protection *Shiseido, Canad.†.*
SPF 8: Octinoxate (p.1608·2).
Sunscreen.

Shiseido Sunblock *Shiseido, Canad.†.*
SPF 19: Octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Shiseido Sunblock Face Cream *Shiseido, Canad.†.*
Octinoxate (p.1608·2); oxybenzone (p.1608·3); ensulizole (p.1597·1); titanium dioxide (p.1617·3).
Sunscreen.

Shiseido Translucent Sun Block *Shiseido, Canad.†.*
Octinoxate (p.1608·2); oxybenzone (p.1608·3); titanium dioxide (p.1617·3).
Sunscreen.

Shiseido Vital-Perfection
Note.This name is used for preparations of different composition.
Shiseido, Canad.†.
Cream: Octinoxate (p.1608·2); oxybenzone (p.1608·3); titanium dioxide (p.1617·3).
Sunscreen.

Shiseido, Canad.†.
Stick: Octinoxate (p.1608·2).
Sunscreen.

Shiulon *Trima, Israel.*
⊗ Codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2); sodium benzoate (p.1630·2); sulfogaiacol (p.1573·2).
Coughs.

Shiwalax *Shiwa, Thai.†.*
Tolperisone hydrochloride (p.1899·3).
Musculoskeletal pain; parkinsonism.

Shokenchuto *Tsumura, Jpn.*
Cinnamon bark; peony root; jujube; liquorice; ginger.
Traditional Kampo medicine.

Shomakakkonto *Tsumura, Jpn.*
Pueraria root; peony root; cimicifuga rhizome; liquorice; ginger.
Traditional Kampo medicine.

Sho-saiko-to *Tsumura, Jpn.*
Bupleurum root; pinellia tuber; scutellaria root; jujube; ginseng; liquorice; ginger.
Traditional Kampo medicine.

Sho-seiryu-to *Tsumura, Jpn.*
Pinellia tuber; liquorice; cinnamon bark; schisandra fruit; asiasarum root; peony root; ephedra herb; ginger.
Traditional Kampo medicine.

Shrizine *SM, Philipp.*
Fluphenazine decanoate (p.998·1).
Schizophrenia.

Shuchibushi N *Tsumura, Jpn.*
Aconitum carmichaeli root.
Traditional Kampo medicine.

Shur-Seal *Milex, USA.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Si o No *Fresh Ones, Arg.†.*
Pregnancy test (p.2372·1).

Siaara *Heptafarma, Port.*
⊗ Losartan potassium (p.1326·1); hydrochlorothiazide (p.1307·3).
Cardiovascular risk reduction; hypertension.

Siadocin *Siam Bheasach, Thai.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Siafil *Rider, Chile.*
Sildenafil citrate (p.2193·1).
Erectile dysfunction.

Sialexin *Siam Bheasach, Thai.*
Cefalexin (p.218·2).
Bacterial infections.

Sialin *Sigmapharm, Austria.*
Carmellose sodium (p.2142·1); electrolytes (p.1667·1).
Saliva substitute.

Sialis *Ultratech, India†.*
Tadalafil (p.2196·2).
Erectile dysfunction.

Sialor *Pharmascience, Canad.; Zuoz, Venez.†.*
Anethole trithione (p.2258·1).
Dry mouth.

Siamdopa *Siam Bheasach, Thai.*
Methyldopa (p.1334·1).
Hypertension.

Siamformet *Siam Bheasach, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Siamidine *Siam Bheasach, Thai.*
Cimetidine (p.1716·2).
Gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer.

Siamik *Siam Bheasach, Thai.*
Amikacin sulfate (p.200·3).
Bacterial infections.

Sia-Mox *Siam Bheasach, Thai.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Siampicil *Siam Bheasach, Thai.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Siampraxol *Siam Bheasach, Thai.*
Alprazolam (p.960·1).
Anxiety; mixed anxiety depressive states.

Siarizine *Siam Bheasach, Thai.*
Cinnarizine (p.573·1).
Cerebrovascular disorders; migraine; motion sickness; peripheral vascular disorders; vestibular disorders.

Siaten *Italfarmaco, Spain.*
Zopiclone (p.1039·1).
Insomnia.

Sibectan *Vilar, Rus.*
Birch leaf (p.2266·3); milk thistle (p.1452·1); St John's wort (p.422·3); tanacetum.
Liver and biliary tract disorders.

Sibelium *Janssen-Cilag, Arg.; Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Pharmascience, Canad.; Janssen-Cilag, Chile; Janssen-Cilag, Cz.; Janssen-Cilag, Denm.; Janssen-Cilag, Fr.; Janssen-Cilag, Ger.; Janssen-Cilag, Gr.; Janssen, Hong Kong†; Janssen-Cilag, Hung.; Janssen-Cilag, Indon.; Janssen-Cilag, Irl.; Janssen-Cilag, Ital.; Janssen-Cilag, Malaysia; Janssen-Cilag, Mex.; Janssen-Cilag, Neth.; Janssen, Philipp.; Janssen-Cilag, Port.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Singapore†; Esteve, Spain; Janssen-Cilag, Switz.; Janssen-Cilag, Thai.; Janssen-Cilag, Turk.; Janssen-Cilag, Venez.*
Flunarizine hydrochloride (p.580·2).
Cerebral and peripheral vascular disorders; migraine; motion sickness; vertigo; vestibular disorders.

Sibelium Plus *Janssen-Cilag, Arg.*
Flunarizine hydrochloride (p.580·2); nicergoline (p.2352·1).
Migraine; vertigo.

Siberian *Rafarm, Gr.*
⊗ Enalapril (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Siberid *Pyridam, Indon.*
Flunarizine (p.580·3).
Cerebral and peripheral vascular disorders; migraine; vestibular disorders.

Sibet *Glenmark, India.*
Dexibuprofen (p.39·2).
Dental pain; dysmenorrhoea; osteoarthritis.

Sibet-C *IQFA, Mex.*
Metformin (p.453·3); glibenclamide (p.440·1).
Diabetes mellitus.

Sibicort *Orion, Fin.*
⊗ Hydrocortisone (p.1535·2); chlorhexidine gluconate (p.1635·3).
Infected skin disorders.

Sibilex *Rimsa, Mex.*
⊗ Ambroxol hydrochloride (p.1550·3); salbutamol sulfate (p.1131·3); loratadine (p.583·3).
Respiratory-tract disorders.

Sibital *Mersifarma, Indon.*
Phenobarbital sodium (p.492·2).
Epilepsy.

Siblima *Libbs, Braz.*
Gestodene (p.2105·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Siblix *Beta, Arg.*
Aripiprazole (p.962·3).
Bipolar disorder; schizophrenia.

Sibrovita *Permamed, Switz.*
Eucalyptus oil (p.2301·2); orange oil (p.2357·2); lemon oil (p.2332·3); myrtillus oil.
Bronchitis; sinusitis.

Sibudan *Teva Tuteur, Arg.*
Irinotecan (p.738·1).
Malignant neoplasms.

Sibu-Estirol *Bouzen, Arg.*
⊗ Sibutramine (p.2164·1).
Obesity.

Sibunar *Durascan, Denm.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Sibutral *Abbott, Fr.*
⊗ Sibutramine hydrochloride (p.2163·2).
Obesity.

Sibu-Tratobes *Columbia, Arg.*
⊗ Sibutramine hydrochloride (p.2163·2).
Obesity.

Sicadentol Plus
Note. This name is used for preparations of different composition.
Geminis, Arg.†.
Tablets: Naproxen (p.92·3).
Inflammation; pain.

Geminis, Arg.†.
Topical liquid: Procaine (p.1869·2); eugenol (p.2301·2).

Sicadol *Rider, Chile.*
Mefenamic acid (p.80·1).
Pain.

Sical *Rottapharm, Spain†.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; metastatic bone pain; osteoporosis; Paget's disease of bone.

Sicalan *Loeffler, Mex.*
Azithromycin (p.207·1).
Bacterial infections.

Sicaril *Sanofi-Aventis, Gr.*
Malathion (p.2046·1).
Head and crab lice; scabies.

Sicatem *Richmond, Arg.*
Cisplatin (p.698·2).
Malignant neoplasms.

Sicazine *Smith & Nephew, Fr.; Smith & Nephew, Port.*
Sulfadiazine silver (p.337·2).
Burns; ulcers; wounds.

Siccafluid *Sidus, Arg.; Thea, Fr.; Thea, Ital.; Thea, Neth.; Thea, Philipp.; Thea, Port.; Thea, Spain; Thea, Switz.; Pfizer, Venez.*
Carbomer 974P (p.2141·3).
Dry eyes; eye irritation.

Siccagent *Alcon, Belg.*
Povidone (p.2146·1).
Dry eyes.

Siccalix *Drossapharm, Switz.*
Sea salt (p.1686·1); dexpanthenol (p.2362·1).
Nasal dryness.

Siccapos *Ursapharm, Ger.; Biem, Turk.*
Carbomer 980 (p.2141·3).
Dry eyes.

Siccaprotect *Croma, Austria; Ursapharm, Cz.; Ursapharm, Ger.; Ursapharm, Switz.; Biem, Turk.*
Dexpanthenol (p.2362·1); polyvinyl alcohol (p.2145·3).
Dry eyes; eye irritation.

Sicca-Stulln *Stulln, Ger.*
Hypromellose (p.2144·2).
Dry eyes.

Sicco *AWD, Ger.†.*
⊗ Indapamide (p.1314·1).
Hypertension.

Siccoral
Note. This name is used for preparations of different composition.
Sanova, Austria.
Acetylcysteine (p.1548·2).
Respiratory-tract disorders associated with viscous mucus.

Drossapharm, Switz.
Sea salt (p.1686·1).
Mouth and throat disorders.

Sicef *Benedetti, Ital.*
Cefazolin sodium (p.222·1).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Siclaxim *Mersifarma, Indon.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Siclidon *Sanbe, Indon.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Siclot *Siam Bheasach, Thai.*
Ticlopidine hydrochloride (p.1411·2).
Diabetic retinopathy; intermittent claudication; maintenance of extracorporeal circulation; thromboembolism prophylaxis; unstable angina.

Sico Relax *Rottapharm, Spain†.*
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety; epilepsy; premedication; skeletal muscle spasticity; sleep disorders.

Sicobal *Siam Bheasach, Thai.†.*
Mecobalamin (p.1981·1).
Peripheral neuropathies.

Sicombyl *Christiaens, Belg.*
Salicylic acid (p.1612·2).
Hygiene of the umbilicus in neonates.

Sicon *Pharmacia, Venez.†.*
Simeticone (p.1770·2).
Flatulence.

Sicopax *Indeco, Arg.*
Paroxetine (p.414·2).
Depression.

Sic-Ophtal *Winzer, Ger.*
Hypromellose (p.2144·2).
Dry eyes.

Sicoplus *Columbia, Arg.*
Idebenone (p.367·1).
Cerebrovascular disorders.

Sicor *Sandoz, Hung.*
Simvastatin (p.1390·2).
Coronary artery disease; hyperlipidaemias.

Sicorten *Novartis Consumer, Austria; Novartis Consumer, Belg.†; Bioglan, Ger.†; Novartis, Hong Kong; Amdipharm, Neth.†; Novartis Consumer, Port.†; Sandoz, Spain; Novartis, Switz.; Novartis, Turk.*
⊗ Halometasone (p.1535·1).
Skin disorders.

Sicorten Plus *Riemser, Ger.; Novartis, Hong Kong†; Novartis, Israel†; Novartis Consumer, Port.†; Sandoz, Spain; Novartis, Switz.; Novartis, Venez.†.*
⊗ Halometasone (p.1535·1); triclosan (p.1665·2).
Infected skin disorders.

Sicotral *Indeco, Arg.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; social phobia.

Sicriptin *Serum Institute, India.*
Bromocriptine mesilate (p.798·1).
Acromegaly; amenorrhoea; female infertility; galactorrhoea; lactation inhibition; parkinsonism.

Sicrit *Wyeth, Chile†.*
Medroxyprogesterone acetate (p.2113·1).

Sicura3 *Esoform, Ital.†.*
Barrier preparation.

Sicura 3 *Esoform, Ital.*
Chlorhexidine gluconate (p.1635·3).
Dental caries prophylaxis.

Sicura3 Fisionorm *Esoform, Ital.*
Zinc oxide (p.1621·2).
Nappy rash.

Sicura3 Medical *Esoform, Ital.*
Chlorhexidine gluconate (p.1635·3); benzalkonium chloride (p.1629·1).
Skin disinfection.

Sidel *Liferpal, Mex.*
Nimesulide (p.95·3).
Pain; rheumatism.

Sidenar *Ivax, Arg.*
Lorazepam (p.1004·1).
Anxiety; behaviour disorders; neuroses.

Sideralce *Lafedar, Arg.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.

Siderblut
Note. This name is used for preparations of different composition.
Investi, Arg.
Controlled-release tablets; paediatric solution: Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Investi, Arg.
Oral drops: Iron polymaltose (p.1953·1).
Iron deficiency; iron-deficiency anaemia.

Siderblut Folic *Investi, Arg.*
Iron polymaltose (p.1953·1); cyanocobalamin (p.1980·2); folic acid (p.1940·1).
Iron and folic acid deficiency anaemia.

Siderfol *Raptakos, India.*
Ferrous fumarate (p.1938·3); folic acid; vitamin B ; vitamin B ; copper sulfate (p.1922·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Sideril *Senosiain, Mex.*
Trazodone (p.426·1).
Depression.

Sideroglobina *Pharmacia, Ital.†.*
Ferritransferrin.
Iron-deficiency anaemia.

Sideron *Itaca, Braz.†.*
Pentamidine (p.845·2).
Pneumocystis pneumonia.

Sidervim *Lafare, Ital.*
Ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Sidiadryl *Bernofarm, Indon.*
Diphenhydramine hydrochloride (p.577·2).
Allergic disorders.

Sidiadryl Expectorant *Bernofarm, Indon.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Cough.

Sidomal *Sanitas, Arg.*
Simeticone (p.1770·2); domperidone (p.1726·2); alprazolam (p.960·1).

Siduol *Eisai, Thai.*
Alpha tocoferil calcium succinate (p.1993·3); phytomenadione (p.1995·3); rutoside (p.2305·1); muramidase hydrochloride (p.2348·1); poloxamer 188 (p.1918·1).
Haemorrhoids.

Siduro *Ipex, Swed.*
Ketoprofen (p.73·1).
Musculoskeletal and joint disorders.

Sieral *Farmedia, Gr.*
Omeprazole (p.1753·1).
Acid aspiration; eradication of Helicobacter pylori in combination with antimicrobials; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Sies *Senosiain, Mex.*
⊗ Hidrosmin (p.2305·2).
Oedema; retinal or subconjunctival disorders.

Siesta-I *Welti, Switz.*
Anhydrous citric acid (p.2284·1); tartaric acid (p.2395·2); magnesium sulfate (p.1679·3); sodium bicarbonate (p.1673·2).
Constipation.

Sievert *Pliva, Ital.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Sifaclor *Siam Bheasach, Malaysia; Siam Bheasach, Thai.*
Cefaclor (p.217·2).
Bacterial infections.

Sifbem *Sinterapico, Braz.†.*
Mebendazole (p.148·3).
Worm infections.

Sifdel *Sinterapico, Braz.†.*
Deltamethrin (p.2040·1).
Pediculosis.

Sificetina *SIFI, Ital.*
Chloramphenicol (p.239·3).
Eye infections.

Sificrom *Craveri, Arg.†; SIFI, Ital.; SIFI, Singapore†.*
Sodium cromoglicate (p.1136·3).
Allergic eye disorders; conjunctivitis; keratoconjunctivitis.

Sifiviral *SIFI, Ital.†.*
Aciclovir (p.862·3).
Herpes simplex keratitis.

Si-Fixim *Svizera, India†.*
Cefixime (p.224·3).
Bacterial infections.

Siflex *Siam Bheasach, Thai.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Sifloks
Eczacibasi, Rus.
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Eczacibasi, Turk.
Ciprofloxacin (p.243·3).
Bacterial infections.

Sifloxan *Sinterapico, Braz.†.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Sifnolol *Sinterapico, Braz.†.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Sifpirona *Sinterapico, Braz.†.*
Dipyrone (p.49·2).
Fever; pain.

Sifpol *Sinterapico, Braz.†.*
Potassium iodide (p.2169·2).

Sifpryl *Sinterapico, Braz.†.*
Enalapril (p.1276·1).
Hypertension.

Siframin *Fresenius Kabi, Ital.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Sifrol *Boehringer Ingelheim, Arg.; Boehringer Ingelheim, Austral.; Boehringer Ingelheim, Austria; Boehringer Ingelheim, Braz.; Boehringer Ingelheim, Chile; Boehringer Ingelheim, Cz.; Boehringer Ingelheim, Denm.; Boehringer Ingelheim, Fin.; Boehringer Ingelheim, Fr.; Boehringer Ingelheim, Ger.; Boehringer Ingelheim, Indon.; Boehringer Ingelheim, Malaysia; Boehringer Ingelheim Promeco, Mex.; Boehringer Ingelheim, NZ; Boehringer Ingelheim, Neth.; Boehringer Ingelheim, Norw.; Boehringer Ingelheim, Philipp.; Boehringer Ingelheim, Port.; Boehringer Ingelheim, Singapore; Boehringer Ingelheim, Swed.; Boehringer Ingelheim, Switz.; Boehringer Ingelheim, Thai.*
Pramipexole hydrochloride (p.814·1).
Parkinsonism; restless legs syndrome.

Sifrol/Mirapex *Boehringer Ingelheim, Venez.*
Pramipexole hydrochloride (p.814·1).
Parkinsonism.

Siftrex *Sinterapico, Braz.†.*
Erythromycin (p.269·2).
Bacterial infections.

Siftromin *Sinterapico, Braz.†.*
Azithromycin (p.207·1).
Bacterial infections.

Sigabloc *Alpharma-Isis, Ger.†.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Sigabroxol *Alpharma-Isis, Ger.†.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders with increased or viscous mucus.

Sigacalm *Alpharma-Isis, Ger.†.*
Oxazepam (p.1014·2).
Anxiety; sleep disorders.

Sigacap Cor *Alpharma-Isis, Ger.†.*
Captopril (p.1239·2).
Heart failure; hypertension.

Sigacefal *Alpharma-Isis, Ger.†.*
Cefaclor (p.217·2).
Bacterial infections.

Sigacimet *Alpharma-Isis, Ger.†.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Sigacora *Alpharma-Isis, Ger.†.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris; heart failure; pulmonary hypertension.

Sigadoc *Alpharma-Isis, Ger.†.*
Indometacin (p.66·3).
Musculoskeletal, joint, and soft-tissue disorders; sports injuries.

Sigadoxin
Maver, Chile; Neves, Port.; Medika, Switz.†.
Doxycycline hyclate (p.267·1).
Bacterial infections.

Alpharma-Isis, Ger.†.
Doxycycline (p.267·1) or doxycycline hyclate (p.267·1).
Bacterial infections.

Sigafam *Rhein, Mex.†.*
Famotidine (p.1730·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Sigafenac *Alpharma-Isis, Ger.†.*
Diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Sigamopen *Alpharma-Isis, Ger.†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Sigamuc *Alpharma-Isis, Ger.†.*
Doxycycline hyclate (p.267·1); ambroxol hydrochloride (p.1550·3).
Bacterial infections of the respiratory tract.

Sigaperidol *Alpharma-Isis, Ger.†; Medika, Switz.†.*
Haloperidol (p.1000·2).
Anxiety; hyperactivity; pain; psychoses; vomiting.

Sigaprim *Alpharma-Isis, Ger.†; Medika, Switz.†.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Sigaprolol *Alpharma-Isis, Ger.†.*
⊗ Metoprolol tartrate (p.1338·1).
Arrhythmias; hypertension; ischaemic heart disease; migraine; myocardial infarction.

Sigapurol N *Medika, Switz.†.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; renal calculi.

Sigas *Polipharm, Thai.†.*
Simeticone (p.1770·2).
Flatulence.

Sigatricin *Trahan, Thai.*
Tyrothricin (p.358·2); benzocaine (p.1854·1); benzethonium chloride (p.1630·1).
Mouth and throat disorders.

Siglaton *Vamsler, Philipp.*
Vitamin and mineral preparation (p.1922·1).
Nutritional supplement.

Siglaton Plus *Vamsler, Philipp.*
Vitamin and mineral preparation with lysine hydrochloride (p.1922·1).
Nutritional supplement.

Sigma CE *Sigma, Arg.*
Vitamin C (p.1983·3); zinc gluconate (p.1999·2).
Vitamin C deficiency; zinc supplement.

Sigma Clav *Sigma, Braz.*
Amoxicillin (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Sigma Liquid Antacid *Sigma, Austral.†.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Dyspepsia; flatulence; heartburn.

Sigma Relief
Note. This name is used for preparations of different composition.
Sigma, Austral.†.
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3); sodium citrate (p.1673·3).
Cold and influenza symptoms; coughs.

Sigma, Hong Kong†.
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs; respiratory-tract congestion.

Sigma Relief Chest Rub *Sigma, Austral.†.*
Camphor (p.2273·2); menthol (p.2340·1).

Sigma Relief Junior *Sigma, Austral.†; Sigma, Hong Kong†.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); sodium citrate.
Cold and influenza symptoms; coughs; respiratory-tract congestion.

Sigmacal *Sigma, Arg.*
Calcium citrate (p.1675·3).
Calcium deficiency; osteoporosis.

Sigmacalcidol *Sigma, Braz.*
Alfacalcidol (p.1986·1).
Osteoporosis.

Sigmacalvit *Svizera, India.*
Calcium glubionate (p.1675·3); cyanocobalamin (p.1980·2); colecalciferol (p.1986·2).
Calcium deficiency; tetanus.

Sigmace Plus *Sigma, Arg.*
Vitamin C (p.1983·3); zinc gluconate (p.1999·2).
Vitamin C and zinc supplement.

Sigmachrome *Svizera, India.*
Carbazochrome salicylate (p.1058·2).
Haemorrhage.

Sigmacort *Sigma, Austral.; Sigma, Hong Kong.*
⊗ Hydrocortisone acetate (p.1535·2).
Skin disorders.

Sigmaderm *Svizera, India.*
⊗ Clotrimazole (p.530·1); beclometasone dipropionate (p.1516·2); gentamicin sulfate (p.282·1).
Infected skin disorders.

Sigmafem *Sigma, Arg.*
Soya phytoestrogens (p.1965·3); sage phytoestrogens (p.2382·3); angelica (p.2258·1); Siberian ginseng (p.2386·3); vitamin E (p.1992·2); magnesium (p.1678·3).
Dysmenorrhoea; hypercholesterolaemia; mastodynia; menopausal disorders; osteoporosis.

Sigmafen Free *Sigma, Arg.*
Soya isoflavones (p.2391·2); sage phytoestrogens (p.2382·3).
Menopausal disorders.

Sigmaflex *Sigma, Arg.*
Glucosamine sulfate (p.2313·2); chondroitin sulfate (p.2280·3); calcium carbonate (p.1714·1); phosphorus (p.2367·2); magnesium (p.1678·3).
Joint disorders.

Sigmalac *Sigma, Braz.*
Lactitol (p.1738·2).
Constipation; hepatic encephalopathy.

Sigmalin B_6 *Sigmapharm, Austria.*
Salicylamide (p.121·2); paracetamol (p.108·1); caffeine (p.1116·3); pyridoxine hydrochloride (p.1978·2).
Fever; pain.

Sigmalin B_6 forte *Sigmapharm, Austria.*
Salicylamide (p.121·2); paracetamol (p.108·1); dextropropoxyphene hydrochloride (p.40·1); caffeine (p.1116·3); pyridoxine hydrochloride (p.1978·2).
Fever; pain.

Sigmalin B_6 ohne Coffein *Sigmapharm, Austria.*
Salicylamide (p.121·2); paracetamol (p.108·1); pyridoxine hydrochloride (p.1978·2).
Fever; pain.

Sigman-Haustropfen *Sigmapharm, Austria.*
Peppermint oil (p.1761·2); caraway oil (p.2277·1); dexpanthenol (p.2362·1); chamomile flower (p.2279·3); condurango bark (p.2287·1); liquorice root (p.1740·3); absinthium (p.2244·1); gentian root (p.2310·3); bitter orange peel (p.2357·1).
Gastrointestinal and biliary-tract disorders.

Sigmar Lipo *Sigma, Arg.*
Chromium tripicolinate (p.1934·3).
Obesity.

Sigmart *Chugai, Jpn.*
Nicorandil (p.1349·1).
Angina pectoris.

Sigmasedan *Sigma, Arg.*
Passion flower (p.2363·2); valerian (p.2410·1).
Anxiety; gastrointestinal disorders; insomnia.

Sigmasol *Sigma, Arg.*
Bixa orellana; betacarotene (p.1930·3).
Tanning aid.

Sigmasporin *Sigma, Braz.; Julphar, UAE.*
Ciclosporin (p.1822·2).
Atopic eczema; nephrotic syndrome; psoriasis; rheumatoid arthritis; transplant rejection.

Sigmasporon *Helvetia, Cz.*
Ciclosporin (p.1822·2).
Atopic eczema; graft-versus host disease; nephrotic syndrome; organ transplant rejection; psoriasis; rheumatoid arthritis; uveitis.

Sigmatriol *Sigma, Braz.*
Calcitriol (p.1986·2).
Vitamin D supplement.

Sigmatrofic *Sigma, Arg.*
A range of tissue extracts (p.2337·3).

Sigmavital *Sigma, Arg.*
Amino acid, vitamin, mineral, and lipid preparation (p.1922·1).
Tonic.

Sigmaxin *Fawns & McAllan, Austral.*
Digoxin (p.1259·3).
Arrhythmias; heart failure.

Sigmetadine *Sigma, Austral.†.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Sigmus *Bausch & Lomb, Arg.*
Thioctic acid (p.2400·2).
Diabetic neuropathy.

Signal *Green Turtle Bay Vitamin Co., USA.*
Omega triglycerides (p.1922·1).
Tonic.

Signopam *Tarchomin, Hung.; Polfa Tarchomin, Pol.; Tarchomin, Rus.*
Temazepam (p.1030·1).
Premedication; sleep disorders.

Signum *Amnol, Ital.*
Maritime pine (p.2368·1); aesculus (p.2248·2); bromelains (p.2269·1); vitamin B substances (p.1922·1).
Respiratory-tract inflammation.

Sigtab-M *Roberts, USA.*
Multivitamin and mineral preparation (p.1922·1).

Siguent Hycor *Sigma, Austral.*
⊗ Hydrocortisone acetate (p.1535·2).
Inflammatory eye disorders.

Siguent Neomycin *Sigma, Austral.†.*
Neomycin sulfate (p.305·1).
Skin infections.

Siguon *Leovan, Gr.*
Roxithromycin (p.331·1).
Bacterial infections.

Siklocap *Kocak, Turk.*
Cycloserine (p.260·2).
Tuberculosis.

Siklomid *Sanovel, Turk.*
Cyclopentolate hydrochloride (p.1879·3).
Production of mydriasis and cycloplegia.

Sikloplejin *Abdi, Turk.*
Cyclopentolate hydrochloride (p.1879·3).
Production of mydriasis and cycloplegia.

Siklos *Addmedica, Cz.; Addmedica, Fr.; Addmedica, Port.*
Hydroxycarbamide (p.729·1).
Sickle-cell anaemia.

SIL-1000, -5000 *DORC, Neth.*
Silicone oil (p.2032·1).
Ophthalmic tamponade.

Silabat *Bernofarm, Indon.*
Guaifenesin (p.1561·3); paracetamol (p.108·1); chlorphenamine maleate (p.571·3); pseudoephedrine hydrochloride (p.1571·2).
Cold and influenza symptoms.

Silace *Tanta, Canad.; Silarx, USA.*
Docusate sodium (p.1725·1).
Constipation.

Silace-C *Silarx, USA†.*
Casanthranol (p.1715·1); docusate sodium (p.1725·1).
Constipation.

Silact *Sofar, Ital.*
Tilactase (p.2402·1).
Lactose intolerance.

Siladex *Konimex, Indon.*
Dextromethorphan hydrobromide (p.1555·2); doxylamine succinate (p.578·2); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; cough.

Siladryl *Silarx, USA.*
Diphenhydramine hydrochloride (p.577·2).
Hypersensitivity reactions.

Silafed *Silarx, USA.*
Pseudoephedrine hydrochloride (p.1571·2); triprolidine hydrochloride (p.592·3).
Upper respiratory-tract symptoms.

Silagra *Cipla, India.*
Sildenafil citrate (p.2193·1).
Erectile dysfunction.

Silain *Teva, Israel.*
Simeticone (p.1770·2); aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2); magnesium hydroxide (p.1743·2).
Flatulence; gastric hyperacidity.

Silamox *Prafa, Indon.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Sil-A-Mox *Silom, Thai.†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Silan *Smith & Nephew, Denm.*
Dimeticone (p.2032·1); zinc oxide (p.1621·2).
Dry skin; skin irritation.

Silapap *Silarx, USA.*
Paracetamol (p.108·1).
Fever; pain.

Silapo *Stada, Cz.; Stada, Port.*
⊗ Epoetin zeta (p.1061·1).
Anaemias; autologous blood transfusion.

Silarine *Vir, Spain.*
Silymarin (p.1452·2).
Toxic hepatitis.

Silartrin *Silesia, Chile†.*
Ibuprofen (p.64·2); dipyrone (p.49·2).
Aluminium hydroxide (p.1706·2) is included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Inflammation; musculoskeletal and joint disorders; pain.

Silato *Velka, Gr.*
Omeprazole (p.1753·1).
Peptic ulcer.

Silaxa *Temis, Arg.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation.

Silbecor *Biotech, S.Afr.*
Sulfadiazine silver (p.337·2).
Burns.

Silbephylline *Minerva (Μινέρβα), Gr.†.*
Diprophylline (p.1120·2).
Asthma; obstructive airways disease.

Silberne *Brady, Austria.*
Cascara (p.1715·2); rhubarb (p.1768·3); ox bile (p.2266·3).
Constipation.

Silcon *Faulding Consumer, Austral.†.*
Dimeticone (p.2032·1); wool fat (p.2033·2).
Barrier preparation.

Silcopen *Valmor, Venez.†.*
Benzathine benzylpenicillin (p.212·1); procaine benzylpenicillin (p.319·2); benzylpenicillin potassium (p.213·1).
Bacterial infections.

Silcor *Galderma, Arg.†.*
Calcitriol (p.1986·2).
Psoriasis.

Sildec-DM
Note. This name is used for preparations of different composition.
Silarx, USA.
Oral drops: Carbinoxamine maleate (p.570·2); pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Silarx, USA.
Syrup: Brompheniramine maleate (p.569·2); pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Sildefil *Pfizer, Arg.*
Sildenafil citrate (p.2193·1).
Erectile dysfunction.

Sildegra *Fako, Turk.*
Sildenafil citrate (p.2193·1).
Erectile dysfunction.

Silder *Viofar, Gr.†.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension.

Silegon *Teva, Hung.*
Milk thistle (p.1452·1).
Liver disorders.

Silence *Yung Shin, Hong Kong.*
Lorazepam (p.1004·1).
Anxiety.

Silencium
Note. This name is used for preparations of different composition.
Sanofi-Aventis, Braz.
Pastilles: Dextromethorphan (p.1555·2); benzocaine (p.1854·1).
Coughs.

Sanofi-Aventis, Braz.
Syrup: Dextromethorphan hydrobromide (p.1555·2); doxylamine succinate (p.578·2); sodium citrate (p.1673·3).
Coughs.

Silenil *Biofarm, Pol.*
St John's wort (p.422·3).
Depression.

Silentan *Krewel, Ger.†.*
Nefopam hydrochloride (p.94·2).
Pain.

Sileton *Silesia, Chile†.*
Vitamin and mineral preparation (p.1922·1).
Tonic.

Silettum *Jaldes, Fr.*
Lithothamnium calcareum; palmaria palmata; hydrolysed sesame protein; vitamin B substances (p.1922·1).
Hair disorders.

Silex *Darya-Varia, Indon.*
Guaifenesin (p.1561·3); thyme (p.2401·1); primula (p.2372·2); althaea (p.2253·3); drosera (p.2297·3); wild thyme (p.2415·3); eucalyptus oil (p.2301·2); anise oil (p.2258·2).
Cough.

Silfedrine *Silarx, USA.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Silflam *Silom, Thai.†.*
Diclofenac diethylamine (p.44·3).
Musculoskeletal, joint, and peri-articular disorders.

Silfox *Ivax, Arg.*
Diclofenac sodium (p.44·3).
Formerly contained rofecoxib.
Musculoskeletal and joint disorders; pain.

Silfox Flex *Ivax, Arg.*
Diclofenac sodium (p.44·3); pridinol mesilate (p.1898·1).
Musculoskeletal, joint, and peri-articular disorders.

Silgard *MSD, Cz.; MSD, Hung.; MSD, Pol.; MSD, Port.*
A human papillomavirus vaccine (HPV types 6, 11, 16, and 18) (p.2217·3).
Active immunisation.

Silgel *Nagor, UK.*
Silicone (p.2032·1).
Hypertrophic and keloid scars.

Silglos *Uniao Quimica, Braz.*
Sulfadiazine silver (p.337·2).
Skin infections.

Silhouette Duo *Homeocan, Canad.†.*
Homoeopathic preparation.

Silibene *Merckle, Ger.*
Milk thistle (p.1452·1).
Liver disorders.

Silic *Ego, NZ.*
Dimeticone (p.2032·1); glycerol (p.2314·2).
Barrier preparation; bed sores; eczema.

Silic 15 *Ego, Austral.; Ego, Hong Kong; Ego, Malaysia; Ego, Singapore.*
Dimeticone 350 (p.2032·1).
Barrier preparation; dry skin.

Silica L11 *Homeocan, Canad.†.*
Homoeopathic preparation.

Silica-OK *Wassen, UK.*
Silica; selenium; vitamins (p.1922·1).

Silicare *Orion, NZ†.*
Dimeticone (p.2032·1).
Barrier agent.

Silicea Complexe no 11 *Lehning, Fr.*
Homoeopathic preparation.

Silicic Complex *Procare, Austral.†.*
Equisetum (p.2299·3); silica (p.2146·2); calcium (p.1675·2); potassium (p.1684·2).
Brittle nails and hair; tissue repair.

Silicin *Greater Pharma, Thai.*
Cinnarizine (p.573·1).
Cerebrovascular disorders; migraine; motion sickness; peripheral vascular disorders; vestibular disorders.

Silicol *Szama, Arg.*
Barrier cream.
Dermatitis; nappy rash; skin irritation.

Silicon *Andromaco, Venez.†.*
Simeticone (p.1770·2).
Flatulence.

Silicsan *Rayere, Mex.*
Itraconazole (p.536·3).
Fungal infections.

Silicur *Hexal, Ger.*
Milk thistle (p.1452·1).
Liver disorders.

Silidermil
Note. This name is used for preparations of different composition.
Rottapharm, Spain.
Ointment: Dimeticone (p.2032·1); zinc oxide (p.1621·2).
Skin disorders.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Rottapharm, Spain†.
Topical powder: Cetylpyridinium chloride (p.1635·1); dimeticone (p.2032·1); zinc oxide (p.1621·2).
Skin disorders.

Silidral *Spedrog, Arg.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Silidral Plus *Spedrog, Arg.*
4 Tablets, alendronate sodium (p.1088·1); 28 tablets, calcium carbonate (p.1714·1).
Osteoporosis.

Silidron *GSK, Braz.*
Dimeticone (p.1770·2).
Flatulence.

Siligaz
Note. This name is used for preparations of different composition.
Bio-Sante, Canad.; Arkomedika, Fr.
Simeticone (p.1770·2).
Meteorism.

Prater, Chile.
Domperidone (p.1726·2).
Dyspepsia; gastroparesis; nausea and vomiting.

Silimalon *Nikkho, Braz.*
Methionine (p.1450·1); silymarin (p.1452·2).
Liver disorders.

Silimarin *Benedetti, Ital.*
Milk thistle (p.1452·1).
Liver disorders.

Silimarit *Bionorica, Ger.*
Milk thistle (p.1452·1).
Liver disorders.

Silimax *Filofarm, Pol.*
Silymarin (p.1452·2).
Liver disorders.

Silimazu *Farmasur, Spain†.*
Silymarin (p.1452·2).
Toxic hepatitis.

Sili-Met-San *Therabel, Belg.; UCB, Switz.†.*
Dimeticone (p.1770·2); calcium pantothenate (p.1959·3).
Aid to gastrointestinal radiographic examination; trapped gastrointestinal gas.

Silina *Bilim, Turk.*
Ampicillin (p.204·1).
Bacterial infections.

Silinove *Motima, Fr.*
Egg shell.
Dietary supplement; fragile hair and nails.

Siliprele *Herbaxt, Fr.*
Equisetum (p.2299·3).
Gastrointestinal and renal disorders.

Silirex *Lampugnani, Ital.*
Silymarin (p.1452·2).
Liver disorders.

Silisan *Merck, Ital.*
Simeticone (p.1770·2); calcium pantothenate (p.1959·3).
Gastrointestinal disorders associated with excess gas; preparation of the stomach for endoscopy and surgery.

Siliumbran *Biotech Naturis, Venez.*
Psyllium (p.1737·1).
Constipation.

Siliver *Farmasa, Braz.*
Milk thistle (p.1452·1).
Liver disorders.

Silkis *AB-Consult, Austria; Galderma, Belg.; Galderma, Braz.; Galderma, Chile; Galderma, Cz.; Galderma, Fin.; Galderma, Fr.; Galderma, Ger.; Lavipharm, Gr.; Galderma, Hong Kong; Galderma, Hung.; Galderma, Irl.; Galderma, Ital.; Galderma, Mex.; Galderma, Neth.; Galderma, Norw.; Galderma, Philipp.; Galderma, Pol.; Galderma, Port.; Galderma, Singapore; Galderma, Spain; Galderma, Switz.; Galderma, UK; Galderma, Venez.*
Calcitriol (p.1986·2).
Psoriasis.

Silky Smooth *Hovid, Malaysia.*
Glycosaminoglycans; tocotrienol.
Spider veins; varicose vains.

Silliver *Abbott, Ital.†.*
Silymarin (p.1452·2).
Liver disorders.

Sillix *Giuliani, Ital.†.*
Dried yeast (p.1998·3); vitamin B substances (p.1922·1).

Sillix C *Giuliani, Ital.†.*
Dried yeast (p.1998·3); vitamin B substances; vitamin C (p.1922·1).
Nutritional supplement.

Silmar *Hennig, Ger.†.*
Milk thistle (p.1452·1).
Liver disorders.

Silmycetin *Silom, Thai.*
Chloramphenicol (p.239·3).
Bacterial eye or ear infections.

Sil-Norboral *Silanes, Mex.*
Glibenclamide (p.440·1); metformin (p.453·3).
Diabetes mellitus.

Siloam *Medimar, Gr.*
Citalopram (p.385·3).
Depression.

Siloderm *Vardhaman, India.*
Dimeticone (p.2032·1); zinc oxide (p.1621·2); calamine (p.1591·2); cetrimide (p.1634·1).
Dermatitis.

Silogin *Diba, Mex.*
Levonorgestrel (p.2121·2).
Postcoital oral contraceptive.

Silol *Polon, Pol.*
Dimeticone (p.2032·1).
Barrier preparation.

Silomat
Note. This name is used for preparations of different composition.
Boehringer Ingelheim, Arg.†; Boehringer Ingelheim, Austria†; Boehringer Ingelheim, Belg.†; Boehringer Ingelheim, Braz.†; Boehringer Ingelheim, Chile†; Boehringer Ingelheim, Cz.†; Boehringer Ingelheim, Fin.†; Boehringer Ingelheim, Ger.†; Boehringer Ingelheim, Gr.†; Boehringer Ingelheim, Malaysia†; Boehringer Ingelheim, Port.†; Boehringer Ingelheim, Singapore†; Boehringer Ingelheim, Thai.†; Boehringer Ingelheim, Venez.†.
Clobutinol hydrochloride (p.1554·1).
Cough.

Boehringer Ingelheim, Fr.†.
Oral solution; tablets: Clobutinol hydrochloride (p.1554·1).
Coughs.

Boehringer Ingelheim, Fr.†.
Syrup: Clobutinol hydrochloride (p.1554·1); sodium benzoate (p.1630·2).
Coughs.

Silomat Compositum *Boehringer Ingelheim, Indon.; Boehringer Ingelheim, Venez.†.*
⊗ Clobutinol hydrochloride (p.1554·1); orciprenaline sulfate (p.1129·1).
Bronchospasm; cough.

Silomat DA *Boehringer Ingelheim, S.Afr.†.*
⊗ Clobutinol hydrochloride (p.1554·1); orciprenaline sulfate (p.1129·1).
Coughs.

Silomat DMP *Boehringer Ingelheim, Ger.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Silomat Plus *Boehringer Ingelheim, Braz.†.*
Clobutinol hydrochloride (p.1554·1); doxylamine succinate (p.578·2).
Coughs.

Silomat-Fher *Boehringer Ingelheim, Ital.†.*
Clobutinol hydrochloride (p.1554·1).
Coughs.

Silon *Smith & Nephew, Swed.*
Dimeticone (p.2032·1); zinc oxide (p.1621·2).
Barrier cream.

Silopect *Pyridam, Indon.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Silostar *Uriach, Spain.*
⊗ Nebivolol hydrochloride (p.1347·1).
Hypertension.

Silovir *Eczacibasi, Turk.*
Aciclovir (p.862·3).
Herpesvirus infections.

Silox-50 *Jean-Marie, Hong Kong.*
Aluminium hydroxide (p.1706·2); magnesium trisilicate (p.1744·1); simeticone (p.1770·2).
Flatulence; gastritis; gastrointestinal hyperacidity; heartburn.

Siloxan *Nycomed, Norw.*
Simeticone (p.1770·2).
Flatulence; postoperative intestinal gas retention.

Siloxogene *RPG, India.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Gastrointestinal hyperacidity.

Silphen *Silarx, USA.*
Diphenhydramine hydrochloride (p.577·2).

Silphen DM *Silarx, USA.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Silrelax *Silesia, Chile†.*
Chlormezanone (p.968·3); dipyrone (p.49·2).
Musculoskeletal and joint disorders; pain.

Siltussin
Note. This name is used for preparations of different composition.
Silom, Thai.
Guaifenesin (p.1561·3); ammonium chloride (p.1551·3); menthol (p.2340·1).
Coughs.

Silarx, USA.
Guaifenesin (p.1561·3).
Coughs.

Siltussin DM *Silarx, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Silubin
Grunenthal, Cz.†; Grunenthal, Switz.†.
Buformin hydrochloride (p.438·3).
Diabetes mellitus.

Andromaco, Spain†.
Buformin (p.438·2).
Diabetes mellitus.

Siludane *Darier, Mex.†.*
Ispaghula (p.1737·1).

Siludrox *Eurofarma, Braz.*
Dimeticone (p.1770·2); aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Flatulence; gastrointestinal hyperacidity.

Silueta Plus *Incaico, Arg.*
Carnitine (p.1932·2); fucus (p.2384·2); garcinia (p.2309·2); equisetum (p.2299·3).
Obesity.

Silum *Mersifarma, Indon.*
Flunarizine hydrochloride (p.580·2).
Cerebral and peripheral vascular disorders; migraine; vestibular disorders.

Silvadene *Aventis, Mex.; Eczacibasi, Turk.; Hoechst Marion Roussel, USA.*
Sulfadiazine silver (p.337·2).
Infected burns; infected ulcers and wounds.

Silvadiazin *Toprak, Turk.; Julphar, UAE.*
Sulfadiazine silver (p.337·2).
Burns; ulcers; wounds.

Silvamed *Kocak, Turk.*
Sulfadiazine silver (p.337·2).
Infected burns, ulcers and wounds.

Silvaysan *Sanum-Kehlbeck, Ger.*
Milk thistle (p.1452·1).
Liver disorders.

Silvazine *Smith & Nephew, Austral.; Smith & Nephew, NZ; Smith & Nephew, Singapore.*
Sulfadiazine silver (p.337·2); chlorhexidine gluconate (p.1635·3).
Prevention and treatment of infection in burns, ulcers, and wounds.

Silvederma *Asmopul, Arg.†; Expomedica, Port.; Aldo-Union, Rus.; Aldo, Spain; Medifarm, Venez.*
Sulfadiazine silver (p.337·2).
Bacterial skin infections; burns; ulcers; wounds.

Silvercef *Uno, Ital.†.*
Cefonicid sodium (p.226·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Silvercel *Johnson & Johnson, Ital.*
Hydroalginate dressing with silver (p.2140·3) (p.2387·1).
Infected wounds.

Silverdin *Deva, Turk.*
Sulfadiazine silver (p.337·2).
Infected burns, ulcers and wounds.

Silverdres *Deverge, Ital.*
Polyurethane dressing with silver (p.1611·1) (p.2387·1).
Burns; wounds.

Silverex *Crosslands, India.*
Sulfadiazine silver (p.337·2); chlorhexidine gluconate (p.1635·3).
Burns; leg ulcers; pressure sores.

Silverit *Proge, Ital.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Silverol *Abic, Israel; Abic-Teva, Thai.†.*
Sulfadiazine silver (p.337·2).
Infected burns; infected skin ulcers; infected wounds.

Silvertone *Resinag, Switz.*
Sulfadiazine silver (p.337·2).
Infected burns, wounds, and ulcers.

Silvespray *Casimiro & Moreira, Port.*
Sulfadiazine silver (p.337·2).
Burns, ulcers, wounds; skin infections.

Silvia Osteo *Alta Care, Ital.*
Calcium phosphate (p.1676·2); lithothamnium calcareum; vitamin B substances (p.1922·1).
Calcium supplement.

Silvin *ICM, Singapore.*
Sulfadiazine silver (p.337·2); chlorhexidine gluconate (p.1635·3).
Infected burns, leg ulcers and pressure sores.

Silybon *Micro, India.*
Silymarin (p.1452·2).
Liver disorders.

Silybum Complex *Blackmores, Austral.†.*
Milk thistle (p.1452·1); garlic (p.2309·2); taraxacum (p.2395·1); nicotinic acid (p.1957·3); sodium sulfate (p.1771·3).
Hypercholesterolaemia; liver and biliary-tract disorders.

Silygal *Ivax, Cz.*
Silymarin (p.1452·2).
Liver disorders.

Silyhexal *Hexal, Austria.*
Milk thistle (p.1452·1).
Liver disorders.

Silymarin Phytosome *Eagle, Austral.†.*
Milk thistle (p.1452·1).
Digestive disorders.

Sily-Sabona *Sabona, Ger.†.*
Milk thistle (p.1452·1).
Liver disorders.

Silzolin *Savio, Ital.†.*
Cefazolin sodium (p.222·1).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Sim *Galmed, Cz.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simaal Gel 2 *Schein, USA†.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Hyperacidity.

Simacort *Siam Bheasach, Thai.*
⊗ Triamcinolone (p.1544·2) or triamcinolone acetonide (p.1544·3).
Musculoskeletal, joint, and peri-articular disorders; skin disorders.

Simacron *Tempo Scan Pacific, Indon.*
Roxithromycin (p.331·1).
Bacterial infections.

Simagel
Note. This name is used for preparations of different composition.
Philopharm, Ger.
Almasilate (p.1705·1).
Gastrointestinal disorders.

Atlantic, Malaysia.
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Flatulence; gastric hyperacidity.

Simaglen *Unison, Hong Kong; Unison, Thai.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux; peptic ulcer; systemic mastocytosis; Zollinger-Ellison syndrome.

Simaphil *Philopharm, Ger.*
Magaldrate (p.1742·3).
Gastrointestinal disorders.

Simarc-2 *Fahrenheit, Indon.*
Warfarin sodium (p.1425·2).
Coronary occlusion; venous thrombosis.

Simaspen *Ranbaxy, S.Afr.*
Simvastatin (p.1390·2).
Coronary heart disease; hypercholesterolaemia.

Simator *Pinewood, Irl.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simatral *Ethica, Indon.*
Tramadol hydrochloride (p.130·3).
Pain.

Simbado *Lapi, Indon.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simbela *Belupo, Cz.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simbicort *AstraZeneca, Rus.*
⊗ Budesonide (p.1520·1); formoterol fumarate (p.1122·1).
Asthma.

Simbion *Merck, Chile.*
Vitamin and mineral preparation (p.1922·1).
Dietary supplement.

Simcard *Cipla, Hong Kong; Cipla, India; Cipla, Malaysia; Cipla-Medpro, S.Afr.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simcef *Erlimpex, Indon.*
Cefixime (p.224·3).
Bacterial infections.

Simchol *Otsira, India; Ikapharmindo, Indon.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simcone *TO-Chemicals, Thai.*
Simeticone (p.1770·2).
Flatulence.

Simcor
Note. This name is used for preparations of different composition.
Medikon, Indon.
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Abbott, USA.
Nicotinic acid (p.1957·3); simvastatin (p.1390·2).
Hypercholesterolaemia.

Simcora *Ecosol, Switz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

SimcorHexal *Hexal, Austria†.*
Simvastatin (p.1390·2).
Coronary heart disease; hypercholesterolaemia.

Simdax *Abbott, Arg.; Orion, Austria; Abbott, Cz.; Orion, Fin.; Abbott, Gr.; Abbott, Hong Kong; Abbott, Hung.; Abbott, Israel; Abbott, Ital.; Abbott, Mex.; Abbott, NZ; Abbott, Norw.; Abbott, Port.; Orion, Rus.; Abbott, Spain; Orion, Swed.; Abbott, Turk.*
Levosimendan (p.1324·3).
Heart failure.

Simeco
Note. This name is used for preparations of different composition.
Wyeth, Gr.; Wyeth, India.
Aluminium hydroxide (p.1706·2); simeticone (p.1770·2); magnesium hydroxide (p.1743·2).
Antacid; flatulence; gastrointestinal hyperacidity; peptic ulcer.

Wyeth, Hong Kong†; Sunthi Sepuri, Indon.
Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Flatulence; gastric hyperacidity; gastro-oesophageal reflux.

Wyeth, Philipp.; Whitehall, Thai.†.
Oral suspension: Aluminium hydroxide (p.1706·2); simeticone (p.1770·2); magnesium hydroxide (p.1743·2).
Flatulence; gastric hyperacidity.

Wyeth, Philipp.
Tablets: Simeticone (p.1770·2); hydrotalcite (p.1733·3); magnesium hydroxide (p.1743·2).
Flatulence; gastric hyperacidity.

Wyeth Consumer, Thai.; Wyeth, UK.
Tablets: Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Dyspepsia; flatulence; gastric hyperacidity.

Simeco Plus *Eurofarma, Braz.; Wyeth Consumer, Chile†.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); dimeticone (p.1770·2).
Flatulence; gastrointestinal hyperacidity; meteorism.

Simecon *Sanitas, Arg.; Chinta, Thai.*
Simeticone (p.1770·2).
Gastrointestinal disorders with excess gas; infant flatulence.

Simecon Antiacido *Sanitas, Arg.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Flatulence; gastrointestinal hyperacidity.

Simecrin *Crinos, Ital.*
Simeticone (p.1770·2).
Flatulence.

Simegel *Medipharma, Hong Kong†.*
Aluminium hydroxide (p.1706·2); magnesium trisilicate (p.1744·1); simeticone (p.1770·2).
Dyspepsia; flatulence; gastrointestinal hyperacidity; peptic ulcer.

Simelgat Plus *Munir, Turk.*
Magaldrate (p.1742·3); simeticone (p.1770·2).

Simepar
Mepha, Cz.; Mepha, Hong Kong; Mepha, Malaysia; Mepha, Singapore.
Silymarin (p.1452·2); vitamin B substances (p.1922·1).
Biliary-tract disorders; liver disorders; nutritional supplement.

Mepha, Switz.†.
Milk thistle (p.1452·1); vitamin B substances (p.1922·1).
Liver disorders.

Simestat *Simesa, Ital.*
Rosuvastatin calcium (p.1389·1).
Hypercholesterolaemia.

Simet *Jelfa, Pol.*
Simeticone (p.1770·2).
Excess gastrointestinal gas.

Simetac *Vida, Hong Kong.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer.

Simet-AF *Soma, Switz.†.*
Simeticone (p.1770·2).
Aid in gastrointestinal procedures; detergent intoxication; flatulence.

Simet-Al *Kato, Pol.†.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Gastric hyperacidity; heartburn; meteorism.

Simetic *Antonetto, Ital.*
Simeticone (p.1770·2).
Flatulence.

Simetrid *Nizpharm, Rus.*
⊗ Fluocinolone acetonide (p.1531·3); bismuth subgallate (p.1711·1); menthol (p.2340·1); trimecaine (p.1872·3).
Anorectal disorders.

Simetyl *M & H, Thai.*
Simeticone (p.1770·2).
Flatulence.

Simex *Hua, Thai.*
Cimetidine (p.1716·2).
Peptic ulcer; Zollinger-Ellison syndrome.

Simgal *Ivax, Cz.; Ivax, Pol.; Galena, Rus.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simicol *CTI, Israel; CTS, Rus.†.*
Simeticone (p.1770·2).
Flatulence; griping pain; infant colic.

Similac 60/40 *Ross, Israel.*
Low-mineral infant feed (p.1922·1).

Similac Advance HA *Abbott, Port.†.*
Infant feed (p.1922·1).
Milk protein allergy.

Similac Advance Hypoalergenica *Abbott, Venez.*
Infant feed (p.1922·1).

Similac Advance LF *Abbott, Indon.; Abbott, Mex.*
Infant feed (p.1922·1).
Lactose intolerance.

Similac Advance libre de lactosa *Abbott, Venez.*
Infant feed (p.1922·1).
Lactose intolerance.

Similac Advance Sin Lactosa *Abbott, Chile.*
Infant feed (p.1922·1).
Lactose intolerance.

Similac Isomil *Abbott, Israel.*
Infant feed (p.1922·1).
Cows milk protein sensitivity.

Similac Lactose Free *Ross, USA.*
Lactose-free infant feed (p.1922·1).
Lactose intolerance.

Similac LF *Abbott, Canad.; Abbott, Hong Kong; Syrio, Ital.; Abbott, Malaysia; Abbott, Thai.*
Lactose-free infant feed (p.1922·1).
Diarrhoea; lactose intolerance.

Similac Mama's Best *Abbott, Indon.*
Nutritional supplement for pregnancy and lactation (p.1922·1).

Similac PM 60/40 *Ross, USA.*
Low-mineral infant feed (p.1922·1).
Hypocalcaemia; renal impairment.

Similac RA *Syrio, Ital.*
Infant feed (p.1922·1).
Hypersensitivity.

Similasan I *Ocusoft, USA.*
Artificial tears.

Similia *Hochstetter, Chile†.*
Hamamelis (p.2318·2).
Haemorrhoids.

Similibus *Knop, Chile.*
Homoeopathic preparation.

Simirex *Sanofi-Aventis, Cz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simlo *Ipca, India; Ipca, Rus.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simoph Tears *Siam Bheasach, Thai.†.*
Hypromellose (p.2144·2) (p.1622·2).
Dry eye; wetting solution for hard contact lenses.

Simovil *MSD, Israel.*
Simvastatin (p.1390·2).
Coronary atherosclerosis; hypercholesterolaemia.

Simoxil *Infosint, Ital.†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Simoyiam *Siam Bheasach, Thai.*
Flunarizine hydrochloride (p.580·2).
Cerebrovascular disorders; migraine.

Simp *Esoform, Ital.*
Chlorhexidine gluconate (p.1635·3); benzalkonium chloride (p.1629·1).
Skin and wound disinfection.

Simperten *Laboratorios Chile, Chile.*
Losartan potassium (p.1326·1).
Hypertension.

Simperten-D *Laboratorios Chile, Chile.*
⊗ Losartan potassium (p.1326·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Simplamox *ISF, Ital.†.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Simplaqor *Novartis, Gr.; Sandoz, Mex.; Sandoz, Venez.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simple HCG *Brassora, Arg.*
Pregnancy test (p.2372·1).

Simplene *Smith & Nephew, S.Afr.*
⊗ Adrenaline (p.1203·2).
Open-angle glaucoma.

Simplet *Major, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Upper respiratory-tract symptoms.

Simplex *Ophtha, Norw.*
Liquid paraffin (p.2030·3); white soft paraffin (p.2031·2).
Sore and dry skin in the eyelid area.

Simplex-Fieberblasen *Nycomed, Austria.*
Aciclovir (p.862·3).
Herpes labialis.

Simplicity *Vita Health, Canad.†.*
Pregnancy test (p.2372·1).

Simplotan *Pfizer, Austral.; Pfizer, Ger.†; Pierre Fabre, Ger.†.*
Tinidazole (p.848·3).
Anaerobic bacterial infections; protozoal infections.

Simply Cough *McNeil Pharmaceutical, USA.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Simply Sleep *McNeil Consumer, Canad.; McNeil, USA.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Simply Stuffy *McNeil Pharmaceutical, USA.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Simpottantacinque *Esoform, Ital.*
⊗ Benzalkonium chloride (p.1629·1); chlorhexidine gluconate (p.1635·3); alcohol (p.1625·2).
Disinfection of skin, hands, and wounds.

Simprox *Areu, Spain†.*
Astemizole (p.567·2).
Hypersensitivity reactions.

Simpsons *Medico-Biological Laboratories, UK.*
Zinc stearate (p.2139·3); zinc oxide (p.1621·2); sublimed sulfur (p.1614·1); salicylic acid (p.1612·2).
Skin disorders.

Simratio *Ratiopharm, Pol.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simredin *Polfa Kutno, Pol.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simron Plus *SmithKline Beecham, USA.*
Vitamin B substances with vitamin C, iron, and folic acid (p.1922·1).

Simrose *Serum Institute, India.*
Evening primrose oil (p.2302·1).
Premenstrual syndrome.

SimStatin *AFT, NZ.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hyperlipidaemias.

Simstin *Biochemie, Austria†.*
Simvastatin (p.1390·2).
Coronary heart disease; hypercholesterolaemia.

Simtan *Clonmel, Irl.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simtec *CCM, Hong Kong; CCM, Malaysia.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; urticaria.

Simtin *Eurodrug, Hong Kong; Eurodrug, Malaysia; Eurodrug, Philipp.; Eurodrug, Singapore.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simuc *Cypress, USA.*
Phenylephrine hydrochloride (p.1568·1); guaifenesin (p.1561·3).
Cough; otitis media; upper respiratory-tract congestion.

Simucin *Siam Bheasach, Thai.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Simulcium G3 *Dermoteca, Port.*
Emollient and moisturiser.
Skin disorders.

Simulect *Novartis, Arg.; Novartis, Austral.; Novartis, Belg.; Novartis, Braz.; Novartis, Canad.; Novartis, Chile; Novartis, Cz.; Novartis, Denm.; Novartis, Fin.; Novartis, Fr.; Novartis, Ger.; Novartis, Gr.; Novartis, Hong Kong; Novartis, Hung.; Novartis, Irl.; Novartis, Israel; Novartis, Ital.; Novartis, Malaysia; Novartis, Mex.; Novartis, NZ; Novartis, Neth.; Novartis, Norw.; Novartis, Philipp.; Novartis, Pol.; Novartis, Port.; Novartis, Rus.; Novartis, S.Afr.; Novartis, Spain; Novartis, Swed.; Novartis, Switz.; Novartis, Thai.; Novartis, Turk.; Novartis, UK; Novartis, USA.*
Basiliximab (p.1821·2).
Renal transplant rejection.

Simultan
Note. This name is used for preparations of different composition.
Lazar, Arg.
Valsartan (p.1420·2).
Hypertension.

Andromaco, Chile.
Thioridazine hydrochloride (p.1031·2).
Childhood behaviour disorders; depression; psychoses.

Simultan D *Lazar, Arg.*
⊗ Valsartan (p.1420·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Simultec *Novartis, Venez.*
Basiliximab (p.1821·2).
Renal transplant rejection.

Simusol *Siam Bheasach, Thai.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with increased or viscous mucus.

Simva *Sandoz, Cz.; Basics, Ger.; Hennig, Ger.; Hexal, Ger.; TAD, Ger.; TAD, Neth.†.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

SimvaAPS *APS, Ger.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simvabell *Bellwether, Austral.*
Simvastatin (p.1390·2).

Simvabeta *Betapharm, Ger.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvacard *Zentiva, Cz.; AWD, Ger.; Zentiva, Pol.; Leciva, Rus.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvachol *Medicus, Gr.†; Polfa Grodzisk, Pol.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvacol *Teva, Hung.; APS, Port.*
Simvastatin (p.1390·2).
Coronary artery disease; hyperlipidaemias.

Simvacor *Lindopharm, Ger.; Kleva, Gr.; Unipharm, Israel; YSP, Malaysia; Polfarmex, Pol.; Pharma Dynamics, S.Afr.; Kleva, Singapore.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simvadoc *Docpharm, Ger.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvador *Discovery, UK.*
Simvastatin (p.1390·2).
Hypercholesterolaemia; secondary prevention of coronary heart disease.

Simvadura *Merck dura, Ger.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simvafour *Solvay, Belg.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simvagamma *Worwag, Ger.; Worwag, Hung.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simvahex *Hexal, Philipp.; Salutas, Philipp.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvahexal *Hexal, Austral.; Hexal, Pol.; Hexal, Rus.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvakol *Nobel, Turk.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simvalark *Leovan, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Simvalid *Polychronus, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Simvalimit *Grindex, Rus.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvalip *Mibe, Ger.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvaprol *Proel, Gr.*
Simvastatin (p.1390·2).

Simvar *Arrow, Austral.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simvarcana *Arcana, Austria.*
Simvastatin (p.1390·2).
Coronary heart disease; hypercholesterolaemia.

Simvasim *Fariberica, Port.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simvasine *Spirig, Switz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simvass *Rider, Chile.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simvast
Streuli, Switz.
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Julphar, UAE.
Simvastatin sodium (p.1394·1).
Atherosclerosis; hypercholesterolaemia.

Simvastad *Stada, Austria.*
Simvastatin (p.1390·2).
Coronary heart disease; hypercholesterolaemia.

Simvastamed *Ethimed, Belg.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simvasten *Spyfarma, Spain†.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Simvasterol *Polpharma, Pol.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvastin *Mepha, Switz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Simvastol *Gedeon Richter, Rus.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvastur *Cantabria, Spain†.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simvatin *Lannacher, Austria; Biospray, Gr.*
Simvastatin (p.1390·2).
Coronary heart disease; hypercholesterolaemia; hyperlipidaemias.

Simvax *Hexal, Cz.*
Simvastatin (p.1390·2).
Atherosclerosis; hypercholesterolaemia.

Simvaxon *Dexxon, Israel.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; coronary atherosclerosis; hypercholesterolaemia.

Simvep *Extractum, Hung.*
Simvastatin (p.1390·2).
Cardiovascular risk reduction; hypercholesterolaemia.

Simvor *Ranbaxy, Cz.; Ranbaxy, Hung.; Ranbaxy, Malaysia; Ranbaxy, Rus.; Ranbaxy, Singapore; Ranbaxy, Thai.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simvotin *Stancare, India; Ranbaxy, S.Afr.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Simzor *Gerard, Irl.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sin Colgen Kowa Kaze *Kowa, Jpn.*
⊗ Paracetamol (p.108·1); tranexamic acid (p.1080·3); ethenzamide (p.51·3); chlorphenamine maleate (p.571·3); tipepidine hibenzate (p.1574·2); methylephedrine hydrochloride (p.1564·3).
Cold symptoms.

Sin Mareo x 4 *Perez Gimenez, Spain.*
Dimenhydrinate (p.576·2); belladonna (p.2263·3).
Nausea; vertigo; vomiting.

Sin Q & P Gold *Kowa, Jpn.*
Vitamins (p.1922·1); deer antler velvet; oryzanol (p.2358·3); oxoamidine; caffeine (p.1116·3).
Tonic.

Sin Una Cool Liquid *Kowa, Jpn.*
Diphenhydramine hydrochloride (p.577·2); lidocaine (p.1862·3); levomenthol; dl-camphor (p.2273·2).
Skin irritation.

Sin-A Crud *Quimica y Farmacia, Mex.†.*
Paracetamol (p.108·1); caffeine (p.1116·3); aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); calcium carbonate (p.1714·1).
Symptoms of overindulgence with food or alcohol.

Sinac *Andromaco, Arg.*
Adapalene (p.1587·1).
Acne.

Sinacid *Rider, Chile.*
Myrtecaine laurilsulfate (p.1867·2); galactane sulfate; aluminium glycinate (p.1706·2).
Gastrointestinal disorders.

Si-Nade *GSK, S.Afr.*
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3).
Cold and influenza symptoms; eustachian tube congestion; sinusitis.

Sinadrin Plus *Reese, USA.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); dexbrompheniramine maleate (p.569·2).

Sinaf *Taro, Israel.*
⊗ Oxymetazoline hydrochloride (p.1567·2); phenylephrine hydrochloride (p.1568·1).
Nasal congestion.

Sinaflan *Akrikhin, Rus.; Nizpharm, Rus.*
⊗ Fluocinolone acetonide (p.1531·3).
Skin disorders.

Sin-A-Gen *Altana, Mex.*
Polysaccharide polysulfuric acid ester; nonoxinol (p.1917·2).
Vaginal contraceptive.

Sinakort-A *Ulagay, Turk.*
⊗ Triamcinolone acetonide (p.1544·3).
Corticosteroid.

Sinaler *Cassara, Arg.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; laryngitis; sinusitis.

Sinaler B *Cassara, Arg.*
⊗ Loratadine (p.583·3); betamethasone (p.1518·2).
Allergic rhinitis; allergic skin disorders; laryngitis; sinusitis.

Sinalfa *Abbott, Denm.; Abbott, Norw.; Abbott, Swed.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Sinalgia
Silesia, Chile†.
Fepradinol hydrochloride (p.60·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Hormona, Mex.
Fepradinol (p.60·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Sinalgico *Bernabo, Arg.*
Ketorolac (p.75·2) or ketorolac trometamol (p.74·2).
Pain.

Sin-Algin *Sanitas, Chile.*
Paracetamol (p.108·1); chlormezanone (p.968·3).
Musculoskeletal and joint disorders; pain.

Sinamida Cicatrizante *Gezzi, Arg.†.*
Ergocalciferol (p.1987·1); zinc oxide (p.1621·2).
Wounds.

Sinamida Econazol *Gezzi, Arg.*
Econazole nitrate (p.531·1).
Fungal skin and vaginal infections.

Sinamida Pies *Gezzi, Arg.*
Undecenoic acid (p.549·2); zinc undecenoate (p.549·3).
Fungal skin infections.

Sinamida Plus *Gezzi, Arg.*
Bifonazole (p.527·3).
Fungal skin infections.

Sinamida-D *Gezzi, Arg.†.*
Zinc oxide (p.1621·2).
Skin disorders.

Sinanem *Nucitec, Mex.*
Vitamin and mineral preparation (p.1922·1).

Sinapause *Organon, Chile; Organon, Mex.*
Estriol succinate (p.2101·1).
Genito-urinary tract disorders associated with oestrogen deficiency.

Sinapdin *Phyto Kemo, Indon.*
Cyproheptadine hydrochloride (p.575·1).
Allergic conjunctivitis; angioedema; rhinitis; urticaria.

Sinapet *Silesia, Chile†.*
⊗ Fenproporex hydrochloride (p.2157·1).
Obesity.

Sinapis nigra N Oligoplex *Madaus, Ger.*
Homoeopathic preparation.

Sinapisme Rigollot *SERP, Mon.*
Defatted black mustard paper (p.2349·1).
Respiratory-tract congestion.

Sinaplin *Rimsa, Mex.*
Ampicillin sodium (p.204·1) or ampicillin trihydrate (p.204·2).
Bacterial infections.

Sinapsan *Rodleben, Ger.; Vedim, Ger.*
Piracetam (p.368·2).
Organic brain disorders.

Sinaqua *Sofex, Port.†.*
Barrier preparation.

Sinarden *Vitae, Mex.*
Aciclovir (p.862·3).
Herpes labialis.

Sinarest
Note. This name is used for preparations of different composition.
Ciba, USA.
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Upper respiratory-tract symptoms.

Centaur, India.
Nasal drops: ⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Centaur, India.
Oral drops: Paracetamol (p.108·1); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Formerly contained paracetamol, pseudoephedrine hydrochloride, and chlorphenamine maleate.
Allergic rhinitis; cold and influenza symptoms; otitis media; sinusitis.

Centaur, India.
Syrup: Paracetamol (p.108·1); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Formerly contained paracetamol, pseudoephedrine hydrochloride, chlorphenamine maleate, sodium citrate, and menthol.
Allergic rhinitis; cold and influenza symptoms; otitis media; sinusitis.

Centaur, India.
Tablets: Paracetamol (p.108·1); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); caffeine (p.1116·3).
Formerly contained paracetamol, pseudoephedrine hydrochloride, chlorphenamine maleate, and caffeine.
Allergic rhinitis; cold and influenza symptoms; otitis media; sinusitis.

Sinarest Linctus *Centaur, India.*
Dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3); menthol (p.2340·1).
Coughs.

Sinarest Vapocaps *Centaur, India.*
Camphor (p.2273·2); chlorothymol (p.1640·1); cineole (p.2282·3); menthol (p.2340·1); terpineol (p.2396·1).
Cold symptoms; pharyngitis; sinusitis; upper respiratory-tract congestion.

Sinarest-PD *Centaur, India.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion; sinusitis.

Sinarona *Kener, Mex.*
Amiodarone hydrochloride (p.1210·2).
Angina pectoris; arrhythmias.

Sinartrol *Silesia, Chile†; Pharmanel, Gr.; SPA, Ital.*
Piroxicam cinnamate (p.118·2).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Sinasmal *Laboratorios Chile, Chile.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Sinaspril-Paracetamol *Bayer, Neth.*
Paracetamol (p.108·1).
Fever; pain.

Sinaxial
TRB, Arg.
Sialogangliosides (porcine).
Cerebral trauma; peripheral neuropathy.

TRB, Braz.
Polysiagoside (p.2309·1).
Cerebrovascular disorders.

Sincerum *Dallas, Arg.*
Sodium carbonate (p.2389·1); phenazone (p.116·1); neomycin sulfate (p.305·1); cetrimide (p.1634·1).
Ear disorders.

Sincerum Biotic *Dallas, Arg.*
⊗ Neomycin sulfate (p.305·1); dexamethasone (p.1526·1).
Infected ear disorders.

Sincerum Biotic L *Dallas, Arg.*
⊗ Neomycin sulfate (p.305·1); dexamethasone (p.1526·1); polymyxin B sulfate (p.317·3); lidocaine hydrochloride (p.1862·3).
Infected ear disorders.

Sincerum Dry *Dallas, Arg.*
Isopropyl alcohol (p.1650·3); glycerol (p.2314·2).
Removal of trapped ear water.

Sincon *CCS, Swed.*
Polyvinyl alcohol (p.2145·3).
Dry eyes.

Sincrivit *AGIPS, Ital.*
Multivitamin preparation (p.1922·1).

Sincrosa *Ares, Mex.*
Acarbose (p.436·2).
Diabetes mellitus.

Sincrover *CT, Ital.*
Betahistine hydrochloride (p.2265·1).
Ménière's disease.

Sindaxel *Sindan, Pol.*
Paclitaxel (p.759·1).
Breast cancer; non small-cell lung cancer; ovarian cancer.

Sindel *Liferpal, Mex.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Sindo *Nordin, Mex.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Sindol *Ahimsa, Arg.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Sindopa *Pacific, NZ.*
Carbidopa (p.803·1); levodopa (p.804·3).
Parkinsonism.

Sindrat *Brasterapica, Braz.†.*
Oral rehydration solution (p.1672·2).
Diarrhoea; oral rehydration therapy.

Sindrolen
Note. This name is used for preparations of different composition.
Temis, Arg.†.
Injection: ⊗ Piroxicam (p.117·3); dexamethasone sodium phosphate (p.1526·2); pyridoxine hydrochloride (p.1978·2); hydroxocobalamin (p.1980·3).
Inflammation; muscle spasm; neuritis.

Temis, Arg.†.
Topical gel: Piroxicam (p.117·3).
Inflammation.

Sindrolen Vitaminado *Temis, Arg.†.*
Piroxicam (p.117·3); paracetamol (p.108·1); vitamin B ; vitamin B .
Inflammation; pain.

Sindronat *Sindan, Pol.*
Clodronate disodium (p.1095·3).
Hypercalcaemia of malignancy; osteolysis of malignancy.

Sine-Aid IB *McNeil Consumer, USA.*
Pseudoephedrine (p.1571·2); ibuprofen (p.64·2).

Sine-Aid Maximum Strength *McNeil Consumer, USA.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Sinus headache.

Sineamin *Medifood, Ital.*
Protein-free and gluten-free food for special diets (p.1922·1).

Sinease *Schering-Plough, Austral.†.*
Loratadine (p.583·3); pseudoephedrine sulfate (p.1571·2).
Allergic rhinitis.

SinEccH *Alpine, Singapore.*
Arnica (p.2260·2).
Soft-tissue injuries.

Sinecod *Novartis Consumer, Belg.; Novartis Consumer, Cz.; Novartis, Gr.; Novartis Consumer, Hung.; Novartis Consumer, Neth.; Novartis, Philipp.; Novartis Consumer, Pol.; Novartis Consumer, Port.; Novartis Consumer, Rus.; Novartis Consumer, Switz.; Novartis, Thai.; Novartis, Turk.*
Butamirate citrate (p.1553·1).
Cough.

Sinecod Tosse Fluidificante *Novartis Consumer, Ital.*
Carbocisteine (p.1553·2).
Catarrh; coughs.

Sinecod Tosse Sedativo *Novartis Consumer, Ital.*
Butamirate citrate (p.1553·1).
Coughs.

Sinedal *Synpharma, Switz.†.*
Propyphenazone (p.119·3); paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Sinedol *Italmex, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Sinedol Ibuprofen *Hanseler, Switz.*
Ibuprofen lysine (p.64·2).
Fever; pain.

Sinedopa *Duopharma, Hong Kong.*
Carbidopa (p.803·1); levodopa (p.804·3).
Parkinsonism.

Sinegastrin *Novag, Mex.*
Cimetidine (p.1716·2).
Peptic ulcer.

Sinegrip *Unifarm, Ital.*
Paracetamol (p.108·1); sodium ascorbate (p.1984·1).
Cold and influenza symptoms; fever; pain.

Sinei *Steiner, Ger.*
Cimicifuga (p.2282·1).
Menopausal disorders.

Sinekin *Fabop, Arg.*
Biperiden (p.797·2).
Parkinsonism.

Sinemet *MSD, Arg.; MSD, Austral.; MSD, Austria; MSD, Belg.; MSD, Braz.; BMS, Canad.; MSD, Chile; MSD, Cz.; MSD, Denm.; MSD, Fin.; BMS, Fr.; Vianex (Βιανέξ), Gr.; MSD, Hong Kong; MSD, Hung.; BMS, Irl.; MSD, Israel; BMS, Ital.; MSD, Malaysia; MSD, Mex.; MSD, NZ; MSD, Neth.; MSD, Norw.; MSD, Philipp.; Pharmalink, Philipp.; MSD, Pol.; MSD, Port.; MSD, S.Afr.; MSD, Singapore; BMS, Spain; MSD, Swed.; MSD, Switz.; M & H, Thai.; MSD, Turk.; BMS, UK.; BMS, USA; MSD, Venez.*
Carbidopa (p.803·1); levodopa (p.804·3).
These ingredients can be described by the British Approved Name Co-careldopa.
Drug-induced extrapyramidal disorders; parkinsonism.

Sinemet-CR *IFET (ΙΦΕΤ), Gr.*
Carbidopa (p.803·1); levodopa (p.804·3).
Parkinsonism.

Sine-Off Maximum Strength Allergy/Sinus *SmithKline Beecham, USA.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract symptoms.

Sine-Off Maximum Strength No Drowsiness Formula *SmithKline Beecham Consumer, USA.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract symptoms.

Sine-Off Sinus/Cold *Hogil, USA.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Upper respiratory-tract disorders.

Sinepin *Marlborough Pharmaceuticals, UK.*
Doxepin (p.389·2).

Sinequan *Pfizer, Austral.; Pfizer, Austria; Pfizer, Belg.; Erfa, Canad.; Pfizer, Denm.; Pfizer, Gr.; Pfizer, Hong Kong; Pfizer, Irl.; Pfizer, Mex.; Pfizer, Neth.; Pfizer, Norw.; Pfizer, Pol.; Farmasierra, Spain; Pfizer, Thai.; Pfizer, UK†; Roerig, USA.*
Doxepin hydrochloride (p.389·1).
Anxiety; depression; mixed anxiety-depressive states.

Sinerbe *Plough, Port.*
Dexchlorpheniramine maleate (p.572·1); pseudoephedrine sulfate (p.1571·2); guaifenesin (p.1561·3).
Allergic respiratory-tract disorders; coughs.

Sinergen *Biosintetica, Braz.*
Amlodipine besilate (p.1214·1); enalapril maleate (p.1276·1).
Hypertension.

Sinergina *Faes, Spain.*
Phenytoin (p.495·2).
Epilepsy.

Sinergix *Rimsa, Mex.*
Ketorolac trometamol (p.74·2); tramadol hydrochloride (p.130·3).
Pain.

Sinertec *MSD, Ital.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Sinesmin *Best, Mex.*
Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Sinestic *Biofutura, Ital.; Grapharma, Neth.*
⊗ Budesonide (p.1520·1); formoterol fumarate (p.1122·1).
Asthma; obstructive airways disease.

Sinestron *Medix, Mex.†.*
Lorazepam (p.1004·1).
Anxiety; mixed anxiety depressive states.

Sinex
Note. This name is used for preparations of different composition.
Procter & Gamble, Mex.
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Richardson-Vicks, USA.
Phenylephrine hydrochloride (p.1568·1).
Nasal congestion.

Sinexsensi *Procter & Gamble, Port.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Sinezan *Esoform, Ital.*
Pyrethrum flower (p.2049·3); piperonyl butoxide (p.2049·1); diethyltoluamide (p.2041·1).
Insect repellent.

Sinfemix *Imuna, Cz.†.*
Food for special diets (p.1922·1).
Hyperphenylalaninaemia; phenylketonuria.

Sinfenal *Imuna, Cz.†.*
Food for special diets (p.1922·1).
Hyperphenylalaninaemia; phenylketonuria.

Sinfexina *Solara, Mex.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Sinfract *Euromex, Mex.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Sinfrontal *Muller Goppingen, Ger.*
Homoeopathic preparation.

Sinfung *Denver, Arg.*
Clotrimazole (p.530·1).
Fungal skin infections.

Singastril *Andromaco, Chile†.*
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer.

Singlauc *Bausch & Lomb, Arg.*
⊗ Carteolol hydrochloride (p.1241·1).
Glaucoma; ocular hypertension.

Singlet *SmithKline Beecham Consumer, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Upper respiratory-tract symptoms.

Singloben *Ares, Mex.*
Glipizide (p.441·3).
Diabetes mellitus.

Singril
Note. This name is used for preparations of different composition.
Offenbach, Mex.
Injection: Moroxydine hydrochloride (p.898·2); chlorphenamine (p.572·2); dipyrone (p.49·2).
Cold and influenza symptoms.

Offenbach, Mex.
Syrup: Moroxydine hydrochloride (p.898·2); phenylephrine (p.1568·1); chlorphenamine (p.572·2).
Influenza symptoms.

Singrilen *Offenbach, Mex.*
Moroxydine hydrochloride (p.898·2); paracetamol (p.108·1); phenylephrine (p.1568·1); chlorphenamine (p.572·2).
Cold and influenza symptoms.

Singrips *Confar, Port.*
Paracetamol (p.108·1).
Fever; pain.

Singulair *MSD, Arg.; MSD, Austral.; MSD, Austria; MSD, Belg.; MSD, Braz.; Merck Frosst, Canad.; MSD, Chile; MSD, Cz.; MSD, Denm.; MSD, Fin.; MSD-Chibret, Fr.; Dieckmann, Ger.; Vianex (Βιανέξ), Gr.; MSD, Hong Kong; MSD, Hung.; MSD, Irl.; MSD, Israel; MSD, Ital.; MSD, Malaysia; MSD, Mex.; MSD, NZ; MSD, Neth.; MSD, Norw.; MSD, Philipp.; MSD, Pol.; MSD, Port.; MSD, Rus.; MSD, S.Afr.; MSD, Singapore; MSD, Spain; MSD, Swed.; MSD, Switz.; MSD, Thai.; MSD, Turk.; MSD, UK; Merck, USA; MSD, Venez.*
Montelukast sodium (p.1126·2).
Allergic rhinitis; asthma.

Singulergy *MSD, Port.*
Montelukast sodium (p.1126·2).
Allergic rhinitis.

Sinhcloran *Vitae, Mex.*
Ranitidine (p.1766·1).
Peptic ulcer.

Sinhidron *Vitae, Mex.*
⊗ Chlortalidone (p.1243·3).

Sinif
Note. This name is used for preparations of different composition.
Valmor, Venez.
Injection: Ampicillin (p.204·1); sulbactam (p.335·1).
Bacterial infections.

Valmor, Venez.
Oral suspension; tablets: Sultamicillin (p.344·1).
Bacterial infections.

Siniphen Nouvelle formule *Singer, Switz.*
Paracetamol (p.108·1).
Fever; pain.

Sinket *Calox, Venez.*
Camphor (p.2273·2); menthol (p.2340·1); methyl salicylate (p.85·3).

Sinkron *Difass, Ital.*
Citicoline sodium (p.2283·3).
Cerebrovascular disorders; mental function disorders.

Sinlergia *Sanitas, Arg.†.*
Pseudoephedrine hydrochloride (p.1571·2); terfenadine (p.590·3).
Respiratory-tract disorders.

Sinlip *Gador, Arg.*
Rosuvastatin calcium (p.1389·1).
Hypercholesterolaemia.

Sinmaren *Schering, Spain†.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Sinmol *Maxfarma, Spain.*
Paracetamol (p.108·1).
Fever; pain.

Sinobid *Biospray, Gr.*
Norfloxacin (p.309·2).
Urinary-tract infections.

Sinobiotik *Galenium, Indon.*
⊗ Gentamicin sulfate (p.282·1); fluocinolone acetonide (p.1531·3).
Infected skin disorders.

Sinogan
Sanofi-Aventis, Chile; IFET (ΙΦΕΤ), Gr.; Sanofi-Aventis, Venez.
Levomepromazine (p.1002·3).
Anxiety; insomnia; nausea and vomiting; neuralgia; pain; premedication; psychoses; sedative.

Aventis, Mex.; Sanofi-Aventis, Spain.
Levomepromazine hydrochloride (p.1002·3) or levomepromazine maleate (p.1003·1).
Anxiety; depression; pain; psychoses; sleep disorders.

Sinografin *Squibb Diagnostics, USA.*
Meglumine amidotrizoate (p.1475·3); meglumine adipiodone (p.1475·2).
Contrast medium for hysterosalpingography.

Sinolip *Apotex, Philipp.*
Lisinopril (p.1325·2).
Hypertension; myocardial infarction.

Sinomarin *Omega, Fr.; Gerolymatos, Hong Kong; Genesis, Turk.*
Sea water (p.1686·1).
Nasal cleansing; nasal congestion.

Sinop *Craveri, Arg.†.*
Amlodipine (p.1214·2).
Angina pectoris; hypertension.

Sinophenin *Rodleben, Ger.†; IFET (ΙΦΕΤ), Gr.*
Promazine hydrochloride (p.1021·2).
Anxiety disorders; pain; pre- and postoperative sedative; pruritus; psychoses; sleep disorders; vomiting; withdrawal symptoms.

Sinopil *GSK, India.*
Lacidipine (p.1322·2).
Hypertension.

Sinopren *Ranbaxy, S.Afr.*
Lisinopril (p.1325·2).
Heart failure; hypertension; myocardial infarction.

Sinopril
Note. This name is used for preparations of different composition.
Mead Johnson, Gr.†.
Fosinopril (p.1292·1).
Hypertension.

Eczacibasi, Rus.
Lisinopril (p.1325·2).
Heart failure; hypertension.

Sinopryl *Eczacibasi, Turk.*
Lisinopril (p.1325·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Sinoral *Biolab, Malaysia†; Biolab, Thai.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Sinoretik *Eczacibasi, Turk.*
⊗ Lisinopril (p.1325·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Sinorezid *Eczacibasi, Rus.*
⊗ Lisinopril (p.1325·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Sinoric *Mersifarma, Indon.*
Allopurinol (p.552·2).
Hyperuricaemia.

Sinose *Salcura, UK.*
Himalayan rock salt; aloe (p.1588·2); eucalyptus (p.2301·2); hippophaes rhamnoides; manuka (p.2337·3); santalum spicatum; melaleuca oil (p.2338·2); chamomile (p.2279·3); mentha arvensis (p.2345·2); propolis (p.2373·3); urtica (p.2409·3).
Rhinitis.

Sinotar *Lane, UK.*
Althaea (p.2253·3); echinacea (p.2298·1); sambucus (p.2383·1).
Blocked sinuses; catarrh.

Sinova *Combiphar, Indon.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sinovial
Genevrier, Fr.; IBSA, Malaysia.
Sodium hyaluronate (p.2320·1).
Joint disorders; osteoarthritis.

IBSA, Switz.
Hyaluronic acid (p.2320·1).
Degenerative joint disorders.

Sinovula *Asche, Ger.†.*
Norethisterone (p.2119·3); ethinylestradiol (p.2101·3).
Combined oral contraceptive; menstrual disorders.

Sinoxis *Hosbon, Spain†.*
Buflomedil hydrochloride (p.1236·3).
Vascular disorders.

Sinozol *Best, Mex.*
Itraconazole (p.536·3).
Fungal infections.

Sinozzard *Cryopharma, Mex.*
Prazosin hydrochloride (p.1375·2).
Hypertension.

Sinpasmon *Sanitas, Chile.*
Pipenzolate bromide (p.1762·2); phenobarbital (p.492·2).
Gastrointestinal disorders.

Sinpebac *Grossman, Mex.*
Mupirocin (p.302·3).
Bacterial skin infections; infected burns, ulcers, and wounds.

Sinpet *Pharmacos Abug, Mex.*
⊗ Phentermine hydrochloride (p.2162·2).
Obesity.

Sinpor *Neves, Port.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Sinpro N *Worwag, Ger.*
Paracetamol (p.108·1).
Fever; pain.

Sinquan *Pfizer, Ger.†.*
Doxepin hydrochloride (p.389·1).
Anxiety; depression; sleep disorders; withdrawal syndromes.

Sinquane *Pfizer, Switz.*
Doxepin hydrochloride (p.389·1).
Anxiety disorders; depression.

Sinral *Bernofarm, Indon.*
Flunarizine (p.580·3).
Cerebral and peripheral vascular disorders; migraine; vestibular disorders.

Sinroncar *Millet-Franklin, Arg.*
Polysorbate 80 (p.1919·2).
Nasal hygiene.

Sinsia *Seoul Pharma, Singapore.*
Serrapeptase (p.2385·3).
Inflammation; respiratory-tract congestion.

Sintalgin *Solvay, Braz.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Sintamin *Fresenius Kabi, Ital.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Sintar *Medilusa, Port.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Sintaser *Serral, Mex.*
⊗ Propranolol (p.1381·1).
Hypertension.

Sintebron *Sintesina, Arg.*
⊗ Ephedrine (p.1558·1); guaifenesin (p.1561·3).
Coughs.

Sintecal *Menarini, Hung.*
Glimepiride (p.441·1).
Diabetes mellitus.

Sintegran *Sintesina, Arg.*
Metoclopramide (p.1747·3).
Nausea and vomiting.

Sintemicina *Sintesina, Arg.*
Mitomycin (p.752·1).
Malignant neoplasms.

Sintenyl *Sintetica, Switz.*
⊗ Fentanyl citrate (p.55·3).
Pain.

Sintepul *Sintesina, Arg.*
Gentamicin (p.284·2).
Bacterial infections.

Sinterol *Klonal, Arg.*
Ezetimibe (p.1284·3).
Hypercholesterolaemia.

Sinthrome *Alliance, UK.*
Acenocoumarol (p.1201·1).
Thromboembolic disorders.

Sintisone *Pfizer, Port.†; Pfizer, Venez.*
⊗ Prednisolone steaglate (p.1541·2).
Corticosteroid.

Sintocef *Boniscontro & Gazzone, Ital.*
Cefonicid sodium (p.226·2).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Gram-negative bacterial infections.

Sintoclar *Boniscontro & Gazzone, Ital.*
Citicoline (p.2283·3).
Parkinsonism.

Sintodian *Pharmacia, Ital.†.*
Droperidol (p.994·3).
Anaesthesia; psychoses.

Sintofenac *Sintofarma, Braz.†.*
Diclofenac sodium (p.44·3).

Sintoftona *SMB, Chile.*
⊗ Chloramphenicol (p.239·3); prednisolone acetate (p.1541·1).
Infected eye disorders.

Sintolatt *Lampugnani, Ital.*
Lactulose (p.1738·2).
Constipation.

Sintomicetina *Medley, Braz.*
Chloramphenicol (p.239·3).
Bacterial infections.

Sintomodulina *Italfarmaco, Ital.*
Thymopentin (p.2401·3).
Immunodeficiency.

Sintonal *Europharma, Spain.*
Brotizolam (p.965·2).
Insomnia.

Sintopen *Magis, Ital.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Sintoplus *PHT, Ital.*
Piperacillin sodium (p.315·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Sintopozid *Actavis, Hung.; Sindan, Pol.*
Etoposide (p.718·1).
Malignant neoplasms.

Sintotrat *Bracco, Ital.*
⊗ Hydrocortisone acetate (p.1535·2).
Skin irritation.

Sintozima *Solvay, Braz.*
Pancreatin (p.2360·1); metoclopramide hydrochloride (p.1747·3); bromelains (p.2269·1); dehydrocholic acid (p.2292·2); cellulase (p.2279·1); dimeticone (p.1770·2).
Digestive disorders.

Sintradon *Synthesis, Rus.*
Tramadol hydrochloride (p.130·3).
Pain.

Sintrocid *Collins, Mex.†.*
Levothyroxine (p.2173·2).
Hypothyroidism.

Sintrom *Novartis, Arg.; Novartis, Austria; Novartis, Belg.; Paladin, Canad.; Novartis, Fr.; Novartis, Gr.; Novartis, Israel; Novartis, Ital.; Novartis, Mex.; Novartis, Pol.; Novartis, Port.; Novartis, Spain; Novartis, Switz.*
Acenocoumarol (p.1201·1).
Thromboembolic disorders.

Sintrom Mitis *Novartis, Neth.*
Acenocoumarol (p.1201·1).
Thromboembolic disorders.

Sinuberase *Rudefsa, Mex.*
Lactic-acid-producing organisms (p.2372·3).
Diarrhoea; restoration of normal intestinal flora.

Sinuc *Hexal, Ger.*
Ivy (p.2328·1).
Bronchitis; catarrh.

Sinuclear
Note. This name is used for preparations of different composition.
Garec, S.Afr.
Capsules: Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3).
Upper respiratory-tract congestion.

Garec, S.Afr.
Paediatric syrup: Paracetamol (p.108·1); triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Cold and influenza symptoms; nasal congestion.

Sinucon *Salters, S.Afr.†.*
⊗ Paracetamol (p.108·1); ephedrine hydrochloride (p.1558·2); caffeine (p.1116·3); chlorphenamine maleate (p.571·3).
Cold and influenza symptoms; hay fever; sinus congestion.

Sinufed *Trima, Israel.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion; sinus congestion.

Sinufed Kid Day *Trima, Israel†.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal and sinus congestion.

Sinufed Kid Night *Trima, Israel†.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic disorders; nasal and sinus congestion.

Sinufed Timecelles *Roberts, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs and cold symptoms; nasal congestion.

Sinufin *Ivax, Mex.*
Amoxicillin trihydrate (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Sinu-Flu *Universal, S.Afr.†.*
Paracetamol (p.108·1); phenylephrine hydrochloride (p.1568·1); mepyramine maleate (p.585·2).
Cold and influenza symptoms.

Sinuforce *Bioforce, Switz.†.*
Homoeopathic preparation.

Sinuforte *Invar, Rus.*
Cyclamen europaeum.
Sinusitis.

Sinuforton
Note. This name is used for preparations of different composition.
Winthrop, Ger.
Capsules: Anise oil (p.2258·2); cowslip rhizome (p.2372·2); thyme (p.2401·1).
Upper respiratory-tract congestion.

Sanofi Synthelabo, Ger.†.
Oral drops: Anise oil (p.2258·2); eucalyptus oil (p.2301·2); thyme (p.2401·1).
Upper respiratory-tract congestion.

Winthrop, Ger.
Oral liquid: Cowslip rhizome (p.2372·2); thyme (p.2401·1).
Cold symptoms.

Sinugesic *Triomed, S.Afr.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Fever; pain; upper respiratory-tract congestion.

Sinulen *Medibrands, Israel.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Sinulin *Flordis, Austral.†.*
Gentian (p.2310·3); primrose.
Respiratory-tract infections; sinusitis.

Sinumax *Janssen-Cilag, S.Afr.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract congestion with fever and pain.

Sinumax Allergy Sinus *Janssen-Cilag, S.Afr.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Allergic rhinitis; cold symptoms.

Sinumax Co *Janssen-Cilag, S.Afr.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); codeine phosphate (p.37·2).
Fever; pain; upper respiratory-tract congestion.

Sinumax Cold & Flu Plus Cough *Janssen-Cilag, S.Afr.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3).
Cold and influenza symptoms.

Sinumax IB *Janssen-Cilag, S.Afr.*
Pseudoephedrine hydrochloride (p.1571·2); ibuprofen (p.64·2).
Cold and influenza symptoms; sinusitis.

Sinumed *Triomed, S.Afr.*
Pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract congestion.

Sinumine *Maxi, Thai.†.*
Carbinoxamine maleate (p.570·2).
Hypersensitivity reactions.

Sinupan *Ion, USA.*
Guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1).
Coughs and cold symptoms; nasal congestion.

Sinupas N *Pascoe, Ger.*
Homoeopathic preparation.

Sinupret *Austroplant, Austria; Bionorica, Cz.; Bionorica, Ger.; Bionorica, Hong Kong; Bionorica, Hung.; Bionorica, Indon.; Darya-Varia, Indon.; Bionorica, Philipp.; Pharmalink, Philipp.; Bionorica, Pol.; Bionorica, Rus.; Bionorica, Singapore; Bionorica, Switz.; Bionorica, Thai.*
Gentian root (p.2310·3); cowslip flower (p.2372·2); sorrel (p.2391·1); sambucus flower (p.2383·1); vervain (p.2413·3).
Respiratory-tract disorders; sinusitis.

Sinurit *Microsules, Arg.†.*
Roxithromycin (p.331·1).
Bacterial infections.

Sinus
Note. This name is used for preparations of different composition.
Homeocan, Canad.; Hylands, Canad.
Homoeopathic preparation.

Pasteur, Chile.
Sodium chloride (p.1686·1).
Nasal congestion.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Sinus Excedrin *BMS, USA.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Sinus Inhalaciones *Boots Healthcare, Spain.*
Camphor (p.2273·2); cineole (p.2282·3); peppermint oil (p.1761·2); pine silvestris oil (p.2368·2); menthol (p.2340·1); eucalyptus oil (p.2301·2).
Nasal congestion.

Sinus Pain & Nasal Congestion Relief *Vita Health, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).

Sinusaid *Sriprasit, Thai.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Sinusalia *Boiron, Canad.*
Homoeopathic preparation.

Sinuselect *Dreluso, Ger.*
Homoeopathic preparation.

Sinusitis Hevert SL *Hevert, Ger.*
Homoeopathic preparation.

Sinusitis-Weliplex *Weber & Weber, Ger.*
Homoeopathic preparation.

Sinuspax *Homeocan, Canad.; Lehning, Fr.*
Homoeopathic preparation.

Sinus-Relief *Major, USA.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Upper respiratory-tract symptoms.

Sinustat *Xixia, S.Afr.*
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3).
Cold and influenza symptoms.

Sinustop *Adcock Ingram Self Medication, S.Afr.*
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3); phenyltoloxamine citrate (p.588·1).
Cold and flu symptoms.

Sinustop with Codeine *Adcock Ingram Self Medication, S.Afr.*
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3); phenyltoloxamine citrate (p.588·1); codeine phosphate (p.37·2).
Cold and flu symptoms.

Sinustop Pro *Murdock, USA.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Sinustrat *Zurita, Braz.*
Luffa operculata; sodium chloride (p.1686·1).
Nasal congestion.

Sinustrat Solucao Natural *Zurita, Braz.*
Sodium chloride (p.1686·1).
Nasal congestion.

Sinustrat Vasoconstritor *Zurita, Braz.*
⊗ Sodium chloride (p.1686·1); naphazoline hydrochloride (p.1565·2).
Nasal congestion.

Sinusyx *Syxyl, Ger.*
Homoeopathic preparation.

Sinutab
Note.This name is used for preparations of different composition.
Elea, Arg.; Pfizer Consumer, Belg.
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Formerly contained paracetamol, phenylpropanolamine hydrochloride, and phenyltoloxamine citrate.
Influenza symptoms; rhinitis with headache and/or fever.

Pfizer, Braz.
Chlorphenamine maleate (p.571·3); aspirin (p.20·3); caffeine (p.1116·3).
Influenza symptoms.

Pfizer, Chile; Pfizer, Philipp.; Pfizer Consumer, S.Afr.
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3); phenyltoloxamine citrate (p.588·1).
Cold symptoms; nasal congestion; otitis; rhinitis; sinus headache; sinusitis.

Pfizer Consumer, Irl.†.
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3).
Allergic rhinitis; cold and influenza symptoms; sinusitis.

Pfizer, Venez.†.
Paracetamol (p.108·1); pseudoephedrine (p.1571·2); chlorphenamine (p.572·2).
Influenza symptoms.

Sinutab II *Janssen-Cilag, Port.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Sinusitis.

Sinutab Advance *Pfizer Consumer, Mex.*
Pseudoephedrine hydrochloride (p.1571·2); ibuprofen (p.64·2).
Upper respiratory-tract disorders.

Sinutab with Codeine
Note.This name is used for preparations of different composition.
Pfizer Consumer, Canad.
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); codeine phosphate (p.37·2).
Cold symptoms; nasal congestion.

Pfizer Consumer, S.Afr.
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3); phenyltoloxamine citrate (p.588·1); codeine phosphate (p.37·2).
Cold and influenza symptoms; sinus headache.

Sinutab Extra Strength
Note.This name is used for preparations of different composition.
Pfizer Consumer, Canad.
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Cold symptoms; nasal congestion.

Pfizer, Philipp.
Chlorphenamine maleate (p.571·3); paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3).
Cold and influenza symptoms; nasal congestion; sinus headache; sinusitis.

Sinutab Extra Strength Daytime/Nightime
Pfizer Consumer, Canad.
Tablets (Daytime), pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); tablets (Nightime), pseudoephedrine hydrochloride; paracetamol; diphenhydramine hydrochloride (p.577·2).
Cold symptoms; rhinitis; sinusitis.

Sinutab Extra Strenth (Daytime) *Pfizer Consumer, Canad.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; nasal congestion.

Sinutab Maximum Strength Sinus Allergy *Warner-Lambert, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Upper respiratory-tract symptoms.

Sinutab ND *Pfizer Consumer, S.Afr.*
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3).
Cold and influenza symptoms.

Sinutab Nightime *Pfizer Consumer, Canad.*
Paracetamol (p.108·1); diphenhydramine hydrochloride (p.577·2); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; nasal congestion.

Sinutab Non Drowsy *Pfizer Consumer, Canad.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Formerly known as Sinutab Sinus Non Drowsy.
Cold symptoms; nasal congestion.

Sinutab Non-Drying *Warner-Lambert, USA†.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs.

Sinutab NS *Pfizer, Philipp.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Nasal congestion.

Sinutab Regular *Pfizer Consumer, Canad.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Formerly known as Sinutab Sinus & Allergy.
Cold symptoms; nasal congestion.

Sinutab Sinus Allergy & Pain Relief *Johnson & Johnson, Austral.; Pfizer, NZ†.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Allergic rhinitis; cold symptoms; sinus headache; upper respiratory-tract disorders.

Sinutab Sinus (Daytime) Non Drowsy *Pfizer Consumer, Canad.†.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; nasal congestion.

Sinutab Sinus Maximum Strength *Pfizer Consumer, USA.*
Phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Formerly known as Sinutab Sinus Without Drowsiness Maximum Strength and contained pseudoephedrine hydrochloride and paracetamol.
Upper respiratory-tract symptoms.

Sinutab Sinus & Pain Relief *Johnson & Johnson, Austral.; Pfizer, NZ†.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms; sinus headache; upper respiratory-tract disorders.

Sinutab Without Drowsiness *Warner-Lambert, USA.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Upper respiratory-tract symptoms.

Sinutil
Note.This name is used for preparations of different composition.
Vincenti, Venez.
Oral drops: Paracetamol (p.108·1); chlorphenamine maleate (p.571·3).
Cold symptoms; post-vaccination symptoms; teething.

Vincenti, Venez.
Syrup: Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); caffeine (p.1116·3).
Cold symptoms.

SINUtuss DM *WE, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1).
Coughs.

Sinuvent PE *WE, USA.*
Phenylephrine hydrochloride (p.1568·1); guaifenesin (p.1561·3).
Upper respiratory-tract disorders.

Sinuzin *Biolab, Malaysia†.*
Chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Allergic rhinitis; cold and influenza symptoms; hay fever; respiratory-tract congestion.

Sinvacor *MSD, Ital.*
Simvastatin (p.1390·2).
Coronary atherosclerosis; hypercholesterolaemia.

Sinvalip *Sigma, Braz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sinvascor *Baldacci, Braz.*
Simvastatin (p.1390·2).
Atherosclerosis; hypercholesterolaemia.

Sinvastacor *Hexal, Braz.†.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sinvastamed *Cimed, Braz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sinvastil *Neo-Farmaceutica, Port.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Sinvastin *Pharlab, Braz.†.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sinvatrox *Legrand, Braz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sinvax *Geolab, Braz.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sinvaz *Cellofarm, Braz.†; Biofarma, Venez.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sinver *Valmor, Venez.*
Cinnarizine (p.573·1).
Vestibular disorders.

Siochrome
Note.This name is used for preparations of different composition.
David, India.
Injection: Carbazochrome (p.1058·2).
Haemorrhagic disorders.

David, India.
Tablets: Carbazochrome (p.1058·2); menadione sodium bisulfite (p.1995·3); vitamin C (p.1983·3); calcium hydrogen phosphate (p.1676·1).
Haemorrhagic disorders.

Sioconazol *Prati-Donaduzzi, Braz.†.*
Ketoconazole (p.539·1).
Fungal infections.

Siofor *Berlin-Chemie, Cz.; Berlin-Chemie, Ger.; Berlin-Chemie, Pol.; Berlin-Chemie, Rus.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Siokof-P *David, India.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); bromhexine hydrochloride (p.1552·2); ammonium chloride (p.1551·3); menthol (p.2340·1).
Coughs; respiratory-tract disorders associated with viscous mucus.

Sioneuron *David, India.*
Vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2); nicotinamide (p.1957·3); calcium pantothenate (p.1959·3) or dexpanthenol (p.2362·1).
Peripheral neuropathy.

Siopel *Bioglan, Irl.†; Bartlett, S.Afr.; Centrapharm, UK.*
Cetrimide (p.1634·1); dimeticone (p.2032·1).
Barrier cream; napkin rash.

Sioplex *David, India.*
Vitamin B substances; vitamin C (p.1922·1).
Vitamin B and C deficiency.

Sioplex Lysine *David, India.*
Vitamin B substances with lysine hydrochloride (p.1922·1).
Vitamin B deficiency.

Sioplex-Z *David, India.*
Multivitamin preparation with zinc (p.1922·1).
Vitamin B and C deficiency.

Sioril *David, India†.*
Oxyphenbutazone (p.107·3).
Ankylosing spondylitis.

Siozwo
Note.This name is used for preparations of different composition.
Febena, Ger.
Nasal ointment: ⊗ Naphazoline hydrochloride (p.1565·2); peppermint oil (p.1761·2).
Catarrh; nasal congestion; rhinitis.

Febena, Ger.
Nasal solution: Isotonic electrolyte solution (p.1667·1).
Nasal irrigation.

Siozwo Akut *Febena, Ger.†.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion; rhinitis.

Siozwo Allerg *Febena, Ger.†.*
Sodium cromoglicate (p.1136·3).
Rhinitis.

Siozwo Sana *Febena, Ger.*
Dexpanthenol (p.2362·1).
Nasal disorders.

Sipam *Siam Bheasach, Thai.*
Diazepam (p.986·3).
Anxiety; insomnia; neuroses; skeletal muscle spasm.

Sipar *Duncan, Arg.*
Pantoprazole (p.1760·1).
Peptic ulcer.

Siparox *Loeffler, Mex.*
Bismuth salicylate (p.1711·1).
Gastrointestinal disorders.

Sipcar *Bernabo, Arg.*
Bromazepam (p.964·3).
Anxiety.

Sipental *Siam Bheasach, Thai.*
Pentoxifylline (p.1367·2).
Cerebral, ocular, and peripheral vascular disorders.

Siphene *Serum Institute, India.*
⊗ Clomifene citrate (p.2086·1).
Female infertility.

Sipiel *Rafarm, Gr.*
Ceftazidime (p.234·1).
Bacterial infections.

Sipirac *Chemopharma, Chile.*
Diclofenac diethylamine (p.44·3) or diclofenac sodium (p.44·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Sipraktin *Ulagay, Turk.*
Cyproheptadine hydrochloride (p.575·1).
Hypersensitivity reactions; migraine.

Sipralexa *Lundbeck, Belg.*
Escitalopram oxalate (p.391·1).
Depression; panic disorder.

Siprion *Orion, Fin.†.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Siprobel *Nobel, Turk.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Siprofen *Labima, Belg.†.*
Ibuprofen (p.64·2).
Fever; pain.

Siprogut *Bilim, Turk.*
Ciprofloxacin (p.243·3).
Bacterial eye infections.

Siprosan *Drogsan, Turk.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Siqualine *BMS, Mex.*
Fluphenazine (p.998·1).

Siqualone
BMS, Denm.
Fluphenazine hydrochloride (p.998·1).
Psychoses.

BMS, Fin.; BMS, Norw.
Fluphenazine decanoate (p.998·1).
Anxiety; psychoses; senile agitation.

BMS, Swed.
Fluphenazine decanoate (p.998·1) or fluphenazine hydrochloride (p.998·1).
Psychoses.

Siquial *Merck, Mex.*
Fluoxetine hydrochloride (p.391·2).
Bulimia nervosa; depression; obsessive-compulsive disorder.

Siquil *Sarabhai Piramal, India.*
Triflupromazine hydrochloride (p.1035·1).
Anxiety; nausea and vomiting; psychiatric disorders.

Sir. Ephedrin *Leiras, Fin.*
⊗ Ephedrine hydrochloride (p.1558·2); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Siraliden *Medana, Pol.*
Nitrofurantoin (p.308·1).
Bacterial infections of the urinary tract.

Siramid *Mersifarma, Indon.*
Pyrazinamide (p.320·2).
Tuberculosis.

Siran *Temmler, Ger.†; Temmler, Israel.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Siranin *Gedeon Richter, Cz.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Sirben *Uniao Quimica, Braz.*
Mebendazole (p.148·3).
Worm infections.

Sirdalud *Novartis, Arg.; Novartis, Austria; Novartis, Belg.; Novartis, Braz.; Novartis, Chile; Novartis, Cz.; Novartis, Denm.; Novartis, Fin.; Novartis, Ger.; Novartis, Gr.; Novartis, Hung.; Novartis, India; Novartis, Indon.; Novartis, Ital.; Novartis, Mex.; Novartis, Neth.; Novartis, Philipp.; Novartis, Pol.; Novartis, Port.; Novartis, Rus.; Novartis, Spain; Novartis, Switz.; Novartis, Thai.; Novartis, Turk.; Novartis, Venez.*
Tizanidine hydrochloride (p.1898·2).
Skeletal muscle spasm; spasticity.

Sirec *Ethica, Indon.*
Yohimbine (p.2200·3); muira-puama; arginine (p.1928·2); ginseng (p.2312·1); honey (p.1948·2); tribulus terrestris (p.2404·1).
Tonic.

Sirepar *Gedeon Richter, Hung.†; Gedeon Richter, Rus.; Gedeon Richter, Thai.*
Liver extract (p.2337·3).
Liver disorders.

Siridone *Chemopharma, Chile.*
Cinnarizine (p.573·1).
Cerebral and peripheral vascular disorders; migraine; vestibular disorders.

Sirigen *Angelini, Ital.*
Benzalkonium chloride (p.1629·1).
Disinfection of wounds and burns.

Sirio *Chiesi, Ital.*
Melevodopa hydrochloride (p.808·3); carbidopa (p.803·1).
Parkinsonism.

Sirmiogel *Altana, Ital.†.*
Thermal water; hyaluronic acid (p.2320·1); ursolic acid.
Nasal congestion.

Sirodina *Clariana, Spain†.*
Pyridoxine (p.1979·1); sulpiride (p.1028·3).
Nervous disorders; vertigo.

Siroflex *Raldex, Gr.*
Butamirate (p.1553·1).
Cough.

Sirop Cocillana Codeine *Atlas, Canad.*
Codeine phosphate (p.37·2); cocillana (p.1554·3); euphorbia (p.2301·3); senega (p.1572·3); squill (p.1573·1); wild lettuce (p.2415·2).

Sirop Cocillana Compose *Atlas, Canad.*
Cocillana (p.1554·3); euphorbia (p.2301·3); senega (p.1572·3); squill (p.1573·1); wild lettuce (p.2415·2).

Sirop Expectorant *Technilab, Canad.†.*
Guaifenesin (p.1561·3).

Sirop Passi-Par *Parsenn, Switz.†.*
Passion flower (p.2363·2); crataegus (p.2289·1).
Anxiety; insomnia.

Sirop pectoral contre la toux S *Hanseler, Switz.*
Codeine phosphate (p.37·2); drosera (p.2297·3); hyoscyamus (p.2323·3); liquorice (p.1740·3); cowslip (p.2372·2).
Coughs.

Sirop pour le sommeil *Zeller, Switz.†.*
Valerian (p.2410·1).
Sleep disorders.

Sirop S contre la toux et la bronchite *Hanseler, Switz.*
Codeine phosphate (p.37·2); drosera (p.2297·3); hyoscyamus (p.2323·3); liquorice (p.1740·3) primula root (p.2372·2).
Coughs.

Sirop Teyssedre *Bailleul, Fr.*
Alimemazine tartrate (p.566·2).
Formerly contained calcium bromide, cloral hydrate, and calamint.
Allergic disorders; coughs; insomnia.

Sirop des Vosges Expectorant *GSK Sante, Fr.†.*
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

Sirop des Vosges Toux Seche *GSK Sante, Fr.*
Pholcodine (p.1570·2).
Coughs.

Siropar *Adeka, Turk.*
Piperazine hydrate (p.153·1).
Ascariasis; oxyuriasis.

Siros *Janssen-Cilag, Ger.*
Itraconazole (p.536·3).
Vulvovaginal candidiasis.

Sirotamicin BG *Maigal, Arg.*
⊗ Betamethasone valerate (p.1519·1); gentamicin (p.284·2).

Sirotamicin HC *Maigal, Arg.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Siroxyl *Melisana, Belg.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders associated with retention of bronchial secretions.

Sirtal *Sanofi Synthelabo, Austria; Merck dura, Ger.*
Carbamazepine (p.471·3).
Alcohol withdrawal syndrome; bipolar disorder; diabetes insipidus; diabetic neuropathy; epilepsy; glossopharyngeal neuralgia; mania; multiple sclerosis; trigeminal neuralgia.

Sirtap *SoSe, Ital.*
Ceftriaxone sodium (p.237·1).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Gram-negative bacterial infections.

Siruc *Denver, Arg.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Sirupus Pini Compositus *Herbapol Wroclaw, Pol.*
Calcium lactate (p.1676·1); greater celandine (p.2317·1); codeine phosphate (p.37·2); fennel (p.2302·3); pine silvestris (p.2368·2).
Cough and associated respiratory-tract disorders.

Sirupus Tussipini *Hasco-Lek, Pol.*
Calcium lactate (p.1676·1); greater celandine (p.2317·1); codeine phosphate (p.37·2); fennel (p.2302·3); pine silvestris (p.2368·2).
Cough; respiratory-tract congestion.

Sirupus Tussipini D *Hasco-Lek, Pol.*
Calcium lactate (p.1676·1); greater celandine (p.2317·1); fennel (p.2302·3); pine silvestris (p.2368·2).
Cough; respiratory-tract congestion.

Sisare *Organon, Ger.*
11 Tablets, estradiol valerate (p.2097·3); 10 tablets, estradiol valerate; medroxyprogesterone acetate (p.2113·1).
Menopausal disorders.

Sisare 28 *Organon, Ger.*
White tablets, estradiol valerate (p.2097·3); blue tablets, estradiol valerate; medroxyprogesterone acetate (p.2113·1); pink tablets, estradiol valerate.
Menopausal disorders.

Sisare mono *Organon, Ger.*
Estradiol (p.2097·2).
Menopausal disorders.

Sisoptin *Themis Chemicals, India.*
Sisomicin sulfate (p.332·1).
Bacterial infections.

Sispres *Ulkar, Turk.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Sistalcin *Merck, Venez.*
Pramiverine hydrochloride (p.2372·1).
Smooth muscle spasm.

Sistalcin Compositum *Merck, Venez.*
Pramiverine (p.2372·1); dipyrone (p.49·2).
Smooth muscle spasm and pain.

Sistalgina *Mepro, Chile†.*
Pramiverine (p.2372·1); dipyrone (p.49·2).
Smooth muscle spasm and pain.

Sistenol *Dexa, Indon.*
Paracetamol (p.108·1); acetylcysteine (p.1548·2).
Fever; pain; respiratory-tract congestion.

Sistral *Ulagay, Turk.*
Chlorphenoxamine hydrochloride (p.572·3).
Hypersensitivity reactions; pruritus.

Sita *Schwarz, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sitem *Inpa, Gr.*
Phenothrin (p.2048·3).
Head, body, and crab lice.

Siterin *UCB, Fin.*
Cetirizine hydrochloride (p.570·3).
Hypersensitivity reactions.

Siterone *Rex, NZ.*
Cyproterone acetate (p.2088·2).
Androgen-dependent alopecia, acne, hirsutism, and seborrhoea in females; hypersexuality in males; prostatic cancer.

Siticon *Pharmasant, Thai.*
Simeticone (p.1770·2).
Excess gastrointestinal gas.

Siticox *Sarabhai Piramal, India.*
Rifampicin (p.325·3).
Tuberculosis.

Siticox-INH *Sarabhai Piramal, India.*
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

Sitinir *Best, Mex.*
Loratadine (p.583·3).
Hypersensitivity reactions.

Sition *Maver, Chile.*
Meloxicam (p.80·3).

Sito-Lande *Sanofi Synthelabo, Ger.†.*
Sitosterol (p.1373·2).
Hyperlipidaemias.

Sitosterin *Schwarz, Ger.*
Phytosterol (p.1373·2).
Benign prostatic hyperplasia.

Sitrac *BPL-Meizler, Braz.†.*
Atracurium besilate (p.1902·1).
Competitive neuromuscular blocker.

Sitraks *Sanofi Synthelabo, Turk.*
Levamisole (p.147·2).
Ascariasis; trichostrongyliasis.

Sitrex PD *Vindex, USA.*
Phenylephrine hydrochloride (p.1568·1); guaifenesin (p.1561·3).
Upper respiratory-tract disorders.

Sitriol *Alphapharm, Austral.*
Calcitriol (p.1986·2).
Hypocalcaemia; osteoporosis.

Sitro *Interbat, Indon.*
Roxithromycin (p.331·1).
Bacterial infections.

Sitrox *Biotenk, Arg.*
Azithromycin (p.207·1).
Bacterial infections.

Sitzmarks
Dominguez, Arg.
Radio-opaque markers.
Investigation of gastrointestinal motility.

Konsyl, USA.
Radio-opaque polyvinyl chloride.
Contrast medium for gastrointestinal radiography.

Sival-B *Remek, Gr.*
⊗ Codeine (p.37·2); ephedrine (p.1558·1).
Cough.

Sivastin *Vitapan, Braz.†; Sigma-Tau, Ital.*
Simvastatin (p.1390·2).
Atherosclerosis; hypercholesterolaemia; ischaemic heart disease.

Sivatin *Rowex, Irl.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Siverol *Biomedis, Philipp.*
Tramadol hydrochloride (p.130·3).
Pain.

Sivinar *Anpharm (Ανφαρμ), Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Sivlor *Sidus, Arg.†.*
Lovastatin (p.1328·2).
Hypercholesterolaemia.

Sivylar *Ranbaxy, Thai.*
Silymarin (p.1452·2).
Carbon tetrachloride poisoning; liver disorders; mushroom poisoning.

Six Din *Senosiain, Mex.*
Conjugated oestrogens (p.2087·2).
Menopausal disorders; osteoporosis.

Sixacina *Rider, Chile.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; urticaria.

Sixol *Biomep, Mex.*
Colchicine (p.556·1).
Gout.

Siyafen *Gunsa, Turk.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Sizopin *Sun, India.*
Clozapine (p.981·1).
Psychoses associated with parkinsonism; schizophrenia.

Sizoril *Meprofarm, Indon.*
Clozapine (p.981·1).
Schizophrenia.

Sizorisp *Ipca, India†.*
Risperidone (p.1024·2).
Schizophrenia.

SJ Liniment *International Dermatologicals, Canad.*
Methyl salicylate (p.85·3); menthol (p.2340·1); ammonium hydroxide (p.2256·1); coal tar (p.1616·2).

Skab 2 *Pentamedical, Ital.*
Benzyl benzoate (p.2036·1); St John's wort oil (p.423·2); benzyl alcohol (p.1631·3); enoxolone (p.50·1); terpineol (p.2396·1).
Skin cleanser.

Skabicid *Avenat, Cz.†.*
Lindane (p.2045·3).
Scabies.

Skaelud *Propharma, Denm.*
Pyrithione zinc (p.1611·2).
Pityriasis versicolor; seborrhoeic dermatitis.

Skarflex *Pentamedical, Ital.*
Pelvetia canaliculata (p.2384·2); tocoferil acetate (p.1992·3); onion (p.2356·3).
Prevention of scarring.

Skeeter Stik *Triton, USA.*
Lidocaine (p.1862·3); phenol (p.1656·1).
Skin disorders.

Skelan
Note. This name is used for preparations of different composition.
Biomedis, Philipp.
Ibuprofen (p.64·2).
Inflammation; pain.

Great Eastern, Thai.; Therapharma, Thai.
Ibuprofen (p.64·2); paracetamol (p.108·1).
Pain.

Skelan IB *Biomedis, Thai.; Great Eastern, Thai.*
Ibuprofen (p.64·2).
Gout; musculoskeletal, joint, and peri-articular disorders; pain.

Skelaxin *King, USA.*
Metaxalone (p.1897·3).
Painful musculoskeletal conditions.

Skelid *Mayne, Austral.; Sanofi Synthelabo, Austria; Sanofi-Aventis, Belg.; Sanofi Synthelabo, Fin.†; Sanofi-Aventis, Fr.; Sanofi Synthelabo, Ger.; Sanofi-Aventis, Hung.; Sanofi Synthelabo, Neth.; Sanofi-Aventis, Port.; Sanofi-Aventis, Spain; Sanofi Synthelabo, Swed.†; Sanofi Synthelabo, Switz.; Sanofi Synthelabo, UK; Sanofi Winthrop, USA.*
Tiludronate disodium (p.1106·1).
Paget's disease of bone.

Skema
Note. This name is used for preparations of different composition.
Pentamedical, Ital.
Cream: Zinc oxide (p.1621·2); titanium dioxide (p.1617·3).
Sunscreen.

Pentamedical, Ital.
Lotion: Octinoxate (p.1608·2); avobenzone (p.1589·3).
Sunscreen.

Skenan *UPSA, Cz.†; BMS, Fr.; Upsa, Ital.†; UPSA, Neth.; Ethypharm, Port.; BMS, Spain.*
⊗ Morphine sulfate (p.86·3).
Pain.

Skiacol *Alcon, Fr.*
Cyclopentolate hydrochloride (p.1879·3).
Production of cycloplegia and mydriasis.

Skiatropine *Bausch & Lomb, Switz.†.*
Atropine sulfate (p.1219·3).
Eye disorders; production of mydriasis and cycloplegia.

Skid *Artesan, Cz.†; Winthrop, Ger.*
Minocycline hydrochloride (p.300·3).
Bacterial infections.

Skilax *Almirall, Spain.*
Sodium picosulfate (p.1771·1).
Constipation.

Skilone *Corsa, Indon.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1).
Infected skin disorders.

Skin Des *Promedico, Israel.*
Isopropyl alcohol (p.1650·3); 1,3-butanediol.
Skin disinfection.

Skin Bond Cement *Smith & Nephew, Austral.†.*
Appliance adhesive.

Skin C *Dispolab, Chile†.*
Emollient containing vitamin C (p.1983·3).

Skin Cap *Volta, Chile.*
Pyrithione zinc (p.1611·2).
Dandruff; seborrhoeic dermatitis.

Skin Care *Dossier, Neth.*
Homoeopathic preparation.

Skin Care Nutrients *Lifeplan, UK.*
Vitamins; minerals; bioflavonoids; cysteine; lecithin; choline; inositol (p.1922·1).
Dietary supplement.

Skin Cleanser & Deodorizer *National Care, Canad.†.*
Benzethonium chloride (p.1630·1).
Skin hygiene in incontinent patients.

Skin Cleansing *Cantassium Co., UK.*
Lappa (p.2330·3); senna (p.1769·2); fumitory (p.2307·2); clivers (p.2284·3).

Skin Clear
Note. This name is used for preparations of different composition.
Potter's, UK.
Ointment: Starch (p.1968·1); sublimed sulfur (p.1614·1); zinc oxide (p.1621·2); melaleuca oil (p.2338·2).
Skin disorders.

Potter's, UK.
Tablets: Echinacea root (p.2298·1).
Skin disorders.

Skin Cure *Young Again Nutrients, USA.*
Pyrithione zinc (p.1611·2).
Skin disorders.

Skin Dry *Darier, Mex.*
Aluminium tetrachlorohydrate (p.1588·3).
Hyperhidrosis.

Skin Eruptions Mixture *Potter's, UK.*
Iris versicolor (p.2327·1); lappa root (p.2330·3); yellow dock (p.2416·3); sarsaparilla (p.2383·3); buchu (p.2269·3); cascara (p.1715·2).
Skin disorders.

Skin Hair & Nails *Natural Life, Arg.*
Vitamins; calcium; iron (p.1922·1).
Dietary supplement.

Skin Healing Cream *Brauer, Austral.†.*
Calendula (p.2273·1); St John's wort (p.422·3).
Bruised fingers and toes; cuts and abrasions; insect bites; skin irritation.

Skin Nail *Aclae, Fr.*
Quassia (p.2377·1); denatonium benzoate (p.2292·3).
Nail disorders.

Skin Prep *Smith & Nephew, Austral.†.*
Film dressing.

Skin Repair *Pfizer, Hong Kong; Rosken, Hong Kong; Pharmacare, Singapore.*
Dimethicone (p.2032·1).
Cracked and dry skin; dermatitis; eczema.

Skin Sec
Note. This name is used for preparations of different composition.
Darrow, Braz.
Moisturiser.

Darrow, Braz.
Lotion; SPF 15: Octinoxate (p.1608·2); octocrilene (p.1608·3); oxybenzone (p.1608·3).
Moisturiser; sunscreen.

Skin Shield *Del, USA.*
Dyclonine hydrochloride (p.1861·1); benzethonium chloride (p.1630·1).
Liquid bandage.

Skin So Soft Antibacterial *Avon, Canad.†.*
Lotion: Triclosan (p.1665·2).

Skin Sol P *Maigal, Arg.†.*
Titanium dioxide (p.1617·3).
Sunscreen.

Skin Sol T *Maigal, Arg.*
SPF 35: Octinoxate (p.1608·2); titanium dioxide (p.1617·3); octisalate (p.1608·2).
Sunscreen.

Skinal *Sandoz, Indon.*
⊗ Betamethasone dipropionate (p.1518·3); gentamicin sulfate (p.282·1).
Infected skin disorders.

Skinat *Teofarma, Ital.*
Collagen (p.2286·1).
Prevention of scarring.

Skincalm *Reckitt Benckiser, NZ.*
⊗ Hydrocortisone acetate (p.1535·2).
Skin disorders.

Skin-Cap *Catalysis, Arg.; Invar, Rus.*
Pyrithione zinc (p.1611·2).
Dandruff; seborrhoea; skin disorders.

Skinderm A *Maigal, Arg.*
Vitamin A (p.1971·2).
Skin disorders.

Skinderm CL *Maigal, Arg.*
Collagen (p.2286·1).

Skinderm R *Maigal, Arg.*
Collagen (p.2286·1); elastin (p.2286·1); rosa mosqueta.

Skinderm SIL *Maigal, Arg.*
Silicones (p.2032·1).

Skindure *March, Thai.*
Miconazole nitrate (p.541·3).
Fungal skin and nail infections.

Skinfect *Bangkok Lab & Cosmetic, Thai.*
Gentamicin sulfate (p.282·1).
Bacterial skin infections.

Skinman Asept *Ecolab, Ger.*
Propyl alcohol (p.1660·2).
Hand disinfection.

Skinman Soft *Ecolab, Ger.*
Isopropyl alcohol (p.1650·3); benzalkonium chloride (p.1629·1); undecenoic acid (p.549·2).
Skin disinfection.

Skinocyclin *Intendis, Ger.*
Minocycline hydrochloride (p.300·3).
Acne.

Skinoderm *Pharma Clal, Israel.*
Azelaic acid (p.1589·3).
Acne.

Skinola-Fett *Medika, Switz.*
Bath additive.
Dry skin disorders.

Skinoren *Schering, Austral.; Schering, Austria; Schering, Belg.; Intendis, Cz.; Intendis, Denm.; Schering, Fin.; Intendis, Fr.; Intendis, Ger.; Schering, Gr.; Schering, Hong Kong; Intendis, Hung.; Schering, Indon.; Schering, Irl.; Intendis, Ital.; Bayer Schering, Malaysia; CSL, NZ; Intendis, Norw.; Schering, Philipp.; Intendis, Pol.; Intendis, Port.; Schering, Rus.; Schering, S.Afr.; Intendis, Singapore; Intendis, Spain; Schering, Swed.; Schering, Switz.; Schering, Thai.; Schering, Turk.; Valeant, UK.*
Azelaic acid (p.1589·3).
Acne; melasma; rosacea; seborrhoeic dermatitis; skin pigmentation disorders.

Skinovit *Roi Surya, Indon.*
Tretinoin (p.1618·1).
Acne.

Skinsept *Ecolab, Austria.*
⊗ Alcohol (p.1625·2); isopropyl alcohol (p.1650·3).
Skin disinfection.

Skinsept F *Ecolab, Ger.*
Isopropyl alcohol (p.1650·3); chlorhexidine gluconate (p.1635·3); hydrogen peroxide (p.1647·3).
Skin disinfection.

Skinsept G *Ecolab, Ger.*
⊗ Alcohol (p.1625·2); isopropyl alcohol (p.1650·3).
Skin disinfection.

Skinsept mucosa *Ecolab, Austria; Temmentec, Cz.†; Ecolab, Ger.*
⊗ Alcohol (p.1625·2); hydrogen peroxide 30% (p.1648·1); chlorhexidine gluconate (p.1635·3).
Mucous membrane disinfection.

Skintex
Note. This name is used for preparations of different composition.
Galenium, Indon.
Zinc undecenoate (p.549·3); salicylic acid (p.1612·2); formaldehyde (p.1644·1); boric acid (p.2268·1); thymol (p.1664·3); panthenol (p.2362·1).
Fungal skin infections.

Lloyd, Aimee, UK.
Chloroxylenol (p.1640·2); camphor (p.2273·2).
Skin disorders.

SkinVit *Pharmadass, UK.*
Multivitamin, mineral, and amino-acid preparation (p.1922·1).

Skizon *Hexpharm, Indon.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Skleremo *Elvetium, Arg.†.*
Chrome alum (p.2280·3); glycerol (p.2314·2).
Varices.

Sklerofibrat *Merckle, Ger.†.*
Bezafibrate (p.1232·1).
Hyperlipidaemias.

Sklerosol N *Febena, Ger.†.*
Colloidal silicon dioxide (p.2146·3).
Hair and nail disorders.

Sklerovenol N *Febena, Ger.†.*
Aesculus (p.2248·2).
Soft-tissue inflammation; venous insufficiency.

Sklerovitol *Lannacher, Austria.*
Nicotinoylprocaine hydrochloride; vitamin B substances (p.1922·1); rutoside (p.2305·1).
Peripheral vascular disorders; reduced mental and physical capacity in the elderly; tonic.

Skopolin *Tems, Turk.*
Hyoscine butylbromide (p.1734·1); dipyrone (p.49·2).

Skudal *White, Arg.†.*
Meloxicam (p.80·3).
Musculoskeletal and joint disorders.

SL B12 *Dominguez, Arg.*
Cyanocobalamin (p.1980·2).
Vitamin B12 deficiency.

Slap *Temis, Arg.*
Aspartame (p.1930·1).
Sugar substitute.

Sleep Aid
Note. This name is used for preparations of different composition.
Tanta, Canad.; Galpharm, UK.
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Perrigo, Israel.
Doxylamine succinate (p.578·2).
Insomnia.

Sleep & Insomnia Relief *Brauer, Austral.*
Homoeopathic preparation.

Sleepeaze *Galpharm, UK.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Sleep-Ettes D *Reese, USA.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Sleep-Eze D *Medtech, Canad.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Sleep-Eze V Natural *Medtech, Canad.*
Valerian (p.2410·1).
Sleep disorders.

Sleepeze-PM *SA Druggists Self Med, S.Afr.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Sleepia *Pfizer, Austria†; Pfizer, Ger.†; Pfizer Consumer, Switz.†.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Sleepwell 2-nite *Rugby, USA.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Slepan *Staufen, Ger.†.*
Homoeopathic preparation.

Slezovy Kvet *Megafyt-R, Cz.*
Mallow flower (p.2337·2).
Upper respiratory-tract inflammation.

Slim Caps *Amino, Switz.*
Phenylpropanolamine hydrochloride (p.1569·3).
Obesity.

Slim 'n Trim *Adcock Ingram Consumer, S.Afr.*
⊗ Cathine hydrochloride (p.2152·2).
Obesity.

Slim-D *Biofarma, Mex.*
Carnitine (p.1932·2); garcinia cambogia (p.2309·2); chromium (p.1934·3).
Obesity.

Slimmer *Baif, Ital.*
Piscidia erythrina; fucus vesiculosus; ananas sativa; equisetum arvense; betula alba; ononis spinosa; centella asiatica; orthosiphon stamineus; ruscus aculeatus; lespedeza capitata (p.1922·1).
Nutritional supplement.

Slimum *Ferrier, Fr.*
Homoeopathic preparation.

Slip-iZZZ *Ikapharmindo, Indon.*
Valerian (p.2410·1); passion flower (p.2363·2); calcium; magnesium.
Sleep disorders.

Slippery Elm Stomach Tablets *Potter's, UK.*
Slippery elm bark (p.2388·2); cinnamon oil (p.2283·2); anise oil (p.2258·2); peppermint oil (p.1761·2).
Dyspepsia; flatulence.

Slit One *Alk-Scherax, Ger.*
Allergen extracts (p.2250·2).
Allergen immunotherapy.

Sloan *Chefaro, Ital.*
Capsicum oleoresin (p.2276·2); glycol monosalicylate (p.62·3); white camphor oil (p.2273·3); pine oil (p.2368·2); menthol (p.2340·1); eucalyptus oil (p.2301·2); benzyl nicotinate (p.28·1).
Musculoskeletal, joint, and soft-tissue pain.

Sloan's Heat Rub *Pfizer Consumer, S.Afr.*
Capsicum oleoresin (p.2276·2); methyl salicylate (p.85·3); methyl nicotinate (p.85·3).
Musculoskeletal pain.

Sloan's Liniment *CCM, Indon.*
Capsicum oleoresin (p.2276·2); camphor oil (p.2273·3); pine oil (p.2368·2); methyl salicylate (p.85·3); turpentine oil (p.2406·3).
Musculoskeletal, joint, and soft-tissue pain; neuralgia.

Sloan's Liniment Rub *Pfizer Consumer, S.Afr.*
Methyl salicylate (p.85·3); camphor (p.2273·2); capsicum oleoresin (p.2276·2); turpentine oil (p.2406·3).
Musculoskeletal pain.

Slo-Bid *Aventis, Mex.†; Rhone-Poulenc Rorer, USA.*
Theophylline (p.1140·1).
Obstructive airways disease.

Slofedipine *Winthrop, UK.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Slofenac *Sterwin, UK.*
Diclofenac sodium (p.44·3).

Slo-Indo *Generics, UK.*
Indometacin (p.66·3).
Inflammation; pain.

Slo-Morph *Helsinn Birex, Irl.†.*
⊗ Morphine sulfate (p.86·3).
Pain.

Slo-Niacin *Upsher-Smith, USA.*
Nicotinic acid (p.1957·3).
Hyperlipidaemia (adjunct); nicotinic acid deficiency; pellagra.

Slo-Phyllin *Merck, Irl.; Merck, UK; Rhone-Poulenc Rorer, USA.*
Theophylline (p.1140·1).
Asthma; bronchitis; bronchospasm; obstructive airways disease.

Slo-Phyllin GG *Rhone-Poulenc Rorer, USA†.*
Theophylline (p.1140·1); guaifenesin (p.1561·3).
Asthma; bronchospasm.

Slo-Pro *Generics, UK.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety; gastrointestinal bleeding; hypertension; hyperthyroidism; migraine; tremor.

Slo-Salt-K *Mission Pharmacal, USA†.*
Sodium chloride (p.1686·1); potassium chloride (p.1684·3).
Dehydration; heat prostration; sodium depletion; volume depletion.

Slo-Theo *Ethypharm, Hong Kong.*
Theophylline (p.1140·1).
Obstructive airways disease.

Slovalgin *Zentiva, Cz.*
⊗ Morphine sulfate (p.86·3).
Pain.

Slow Deralin *Abic, Israel.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; hypertension; hyperthyroidism; migraine; tremor.

Slow Fe with Folic Acid *Novartis Consumer, USA.*
Dried ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Iron and folic acid deficiency.

Slow Release Mega C *Vitaglow, Austral.†.*
Calcium ascorbate (p.1984·1); ascorbic acid (p.1983·3).
Bruising; cold and influenza symptoms; maintenance of oral health; vitamin supplement; wounds.

Slow Release Mega Multi *Vitaglow, Austral.†.*
Multivitamin and mineral preparation (p.1922·1).

Slow-Fe *Novartis Consumer, Canad.; Novartis Consumer, Israel; Novartis Consumer, UK†; Novartis Consumer, USA.*
Dried ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Slow-Fe Folic *Novartis Consumer, Canad.; Novartis Consumer, Israel; Novartis Consumer, UK†.*
Dried ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Iron and folic acid deficiency in pregnancy and lactation.

Slow-K *Novartis, Austral.; Novartis, Canad.; Novartis, Chile; Novartis, Hong Kong; Novartis, Irl.; Novartis, Israel; Novartis, Malaysia; Novartis, NZ; Novartis, Neth.; Novartis, S.Afr.; Alliance, UK; Summit, USA†.*
Potassium chloride (p.1684·3).
Hypokalaemia; potassium deficiency; potassium supplement.

Slow-Lopresor *Novartis, Belg.; Novartis, NZ.*
⊗ Metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; migraine; myocardial infarction.

Slow-Mag *Wellspring, Canad.†; Curtis, Pol.; Merck, S.Afr.; Purdue, USA.*
Magnesium chloride (p.1679·1).
Magnesium deficiency; magnesium supplement.

Slow-Mag B_6 *Curtis, Pol.*
Magnesium chloride (p.1679·1); pyridoxine (p.1979·1).
Magnesium and vitamin B deficiency.

Slow-Sodium *Novartis, Austral.; HK Pharma, UK.*
Sodium chloride (p.1686·1).
Hyponatraemia.

Slow-Trasicor *Novartis, Canad.†; Novartis, NZ†; Novartis, Switz.; Amdipharm, UK.*
⊗ Oxprenolol hydrochloride (p.1365·1).
Angina pectoris; anxiety; arrhythmias; hypertension.

Slow-Trasitensine *Novartis, Switz.*
⊗ Oxprenolol hydrochloride (p.1365·1); chlortalidone (p.1243·3).
Hypertension.

Slozem *Merck, UK.*
Diltiazem hydrochloride (p.1265·1).
Angina pectoris; hypertension.

SLT *C & M, USA†.*
Coal tar (p.1616·2); salicylic acid (p.1612·2); lactic acid (p.2329·3).
Seborrhoea.

Slumber *Seven Seas, UK.*
Lupulus (p.2335·2); piscidia (p.2328·1); passion flower (p.2363·2); wild lettuce (p.2415·2).
Insomnia.

SM-33 *Bayer Consumer, Austral.*
Salicylic acid (p.1612·2); lidocaine (p.1862·3); tannic acid (p.2394·3); menthol (p.2340·1); thymol (p.1664·3); glycerol (p.2314·2); alcohol.
Teething pain.

SM-33 Adult Formula *Bayer Consumer, Austral.*
Lidocaine (p.1862·3); salicylic acid (p.1612·2); tannins; alcohol.
Mouth ulcers; oral abrasions.

SMA AR *Wyeth, Mex.*
Infant feed (p.1922·1).
Gastro-oesophageal reflux.

SMA High Energy *SMA Nutrition, Irl.*
Infant feed (p.1922·1).
Growth failure; malabsorption; malnutrition.

SMA LF *SMA Nutrition, Irl.*
Infant feed (p.1922·1).
Lactose intolerance.

SMA Sin Lactosa *Wyeth, Mex.*
Infant feed (p.1922·1).
Lactose intolerance.

SMA Staydown *SMA Nutrition, Irl.; SMA Nutrition, UK.*
Infant feed (p.1922·1).
Gastro-oesophageal reflux; regurgitation.

Smaril *Coup, Gr.*
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

SmartDose *Pro-Med, Austria; Codan Triplus, Swed.†.*
Sodium chloride (p.1686·1).
Diluent for intravenous injections.

Smartfish *Synco, Hong Kong.*
Omega-3 marine triglycerides (p.1362·2).
Dietary supplement.

SmartSet GHV *DePuy, Ger.*
Gentamicin sulfate (p.282·1); methylmethacrylate methylacrylate copolymer (p.2343·3).
Bone cement in orthopaedic surgery.

SmartSet HV *DePuy, Ger.*
Methylmethacrylate methylacrylate copolymer (p.2343·3).
Bone cement in orthopaedic surgery.

Smecta *Beaufour-Ipsen, Cz.; Beaufour, Fr.; Ipsen, Gr.; Beaufour-Ipsen, Hong Kong; Beaufour-Ipsen, Hung.; Beaufour-Ipsen, Malaysia; Beaufour Ipsen, Pol.; Beaufour-Ipsen, Rus.; Beaufour-Ipsen, Singapore; Ipsen, Thai.*
Diosmectin (p.1771·1).
Abdominal discomfort; colitis; diarrhoea; dyspepsia; flatulence; gastro-oesophageal reflux; gastrointestinal pain; irritable bowel syndrome; meteorism; peptic ulcer.

Smilitene *Rafarm, Gr.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

SMOFlipid *Fresenius Kabi, Austria; Fresenius Kabi, Cz.; Fresenius Kabi, Denm.; Fresenius Kabi, Ger.; Fresenius Kabi, Gr.; Fresenius Kabi, Hung.; Fresenius Kabi, Neth.; Fresenius Kabi, Norw.; Fresenius Kabi, Pol.; Fresenius Kabi, Swed.; Fresenius Kabi, UK.*
Soya oil (p.1965·3); medium-chain triglycerides (p.1956·3); olive oil (p.2356·2); fish oil (p.1362·1).
Contains egg phospholipids.
Lipid infusion for parenteral nutrition.

Smok Quits *Eagle, Austral.†.*
Homoeopathic preparation.

Smoke-Eze *Brauer, Austral.*
Homoeopathic preparation.

Smokeless *Inibsa, Spain.*
⊗ Lobeline sulfate (p.2157·2).
Aid to smoking withdrawal.

Smoking Withdrawal Support *Homeocan, Canad.†.*
Homoeopathic preparation.

Smudal *Rafarm, Gr.*
Diosmin (p.2304·2); hesperidin (p.2304·3).
Vascular disorders.

SMZ-TMP *Apothecon, USA.*
Co-trimoxazole (p.258·1).

Snake Venom Detection *CSL, Austral.*
A range of snake venoms (tiger snake, brown snake, black snake, death adder, taipan) and controls.
Detection and identification of snake venom at bite site, in urine and in blood.

Snell Cell *Wassen, Ital.*
Kola (p.2416·1); guarana (p.2416·1); maté (p.2416·1); garcinia cambogia (p.2309·2); coleus; aesculus (p.2248·2).
Cellulitis.

Snell Patch *Gobbi, Arg.*
Hava tonka; ginkgo biloba (p.2311·1); ivy (p.2328·1); melilot (p.2339·2).
Cellulite.

Snell Progress *Gobbi, Arg.*
Hava tonka; ginkgo biloba (p.2311·1); melilot (p.2339·2).
Cellulite.

Snella *Wierhom, Arg.*
Soya isoflavones (p.2391·2); vitamin D (p.1986·1); vitamin E (p.1992·2).
Menopausal disorders.

Snella Vag *Wierhom, Arg.*
Aloe vera (p.1588·2); vitamin E (p.1992·2).
Vaginal lubricant.

Snell'it *Wassen, Ital.*
Apple vinegar; inulin (p.2326·3).

Snelvit *Grin, Mex.*
Zeaxanthin (p.1999·1); lutein (p.1954·3).
Ocular antoxidant.

Snif *Eurofarma, Braz.; One Pharma, Philipp.*
Sodium chloride (p.1686·1).
Nasal congestion; nasal dryness.

Sniffle Care *Dossier, Neth.*
Homoeopathic preparation.

Snip *Medochemie, Hong Kong†.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms.

Snizee *Metz, Philipp.*
Phenylephrine hydrochloride (p.1568·1); brompheniramine maleate (p.569·2).
Allergic rhinitis; cold symptoms.

Sno Pro *Scientific Hospital Supplies, Irl.*
Low-protein, low-phenylalanine food for special diets (p.1922·1).
Disorders of amino-acid metabolism; milk substitute.

Sno Strips *Akorn, USA†.*
Test for tear production.

Sno Tears *Chauvin, Irl.; Bausch & Lomb, UK.*
Polyvinyl alcohol (p.2145·3).
Dry eyes.

Snoffocin *Seven Stars, Thai.*
Norfloxacin (p.309·2).
Bacterial infections.

Snooze Fast *BDI, USA.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Sno-Pro *Nutricia, Ital.*
Food for special diets (p.1922·1).
Phenylketonuria; renal failure.

Snor-Away
Note.This name is used for preparations of different composition.
Douglas, Austral.†.
Olive oil (p.2356·2); sunflower oil (p.1970·3); almond oil (p.2252·2); sesame oil (p.2386·1); vitamins.
Snoring.

Munro, UK.
Almond oil (p.2252·2); olive oil (p.2356·2); peppermint oil (p.1761·2); sesame oil (p.2386·1); sunflower oil (p.1970·3); vitamins.
Snoring.

Snore Calm *BSSAA, UK.*
Euphrasia officinalis (p.2301·3).
Snoring.

Snore Eze *Brauer, Austral.*
Homoeopathic preparation.

Snore No More *Homeocan, Canad.*
Homoeopathic preparation.

Snore Stop *Nutravite, Canad.*
Homoeopathic preparation.

Snoreeze *Passion for Life, Singapore†.*
Glycerol; olive oil; peppermint oil; soya lecithin; sunflower oil; sweet almond oil; sesame oil; vitamin E; vitamin B (p.1922·1).
Snoring.

Snore-No-More *Anben, Israel.*
Polysaccharides; phosphate; sodium chloride (p.1686·1).
Nasal dryness; snoring.

Snorenz *Enzpharma, NZ.*
Peppermint oil (p.1761·2); olive oil (p.2356·2); sunflower oil (p.1970·3); sesame oil (p.2386·1); almond oil (p.2252·2); vitamins E and B (p.1922·1).
Snoring.

Snorestop *Key Sun, Austral.*
⊗ Homoeopathic preparation.

Snovitel *Akrikhin, Rus.*
Zolpidem tartrate (p.1037·3).

Snow Brand *Snow Brand, Hong Kong.*
A range of preparations for enteral nutrition (p.1922·1).

Snowfire *Pickles, UK.*
Benzoin (p.2394·2); citronella (p.2284·2); thyme oil (p.2401·2); lemon thyme; clove oil (p.2285·1); cade oil (p.1616·1).
Chapped hands; chilblains.

SNP *Quatromed, S.Afr.*
Sodium nitroprusside (p.1397·1).
Hypertension; production of controlled hypotension during surgery.

Snufflebabe *Orthodontiki (Ορθοδοντικη), Gr.†; Ransom, UK.*
Eucalyptus oil (p.2301·2); menthol (p.2340·1); thyme oil (p.2401·2).
Common cold; upper respiratory-tract congestion.

Snufflebabe Cradle Cap *Ransom, UK.*
Salicylic acid (p.1612·2).
Cradle cap.

Snup *Stada, Ger.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Catarrh; rhinitis.

Snuzaid *Woods, Austral.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Soaclens *Alcon, Austral.; Alcon, Canad.†; Alcon, NZ; Alcon, USA.*
Wetting and storage solution for hard contact lenses (including gas permeable) (p.1622·2).

Soam *Edol, Port.*
Emollient.

Soapelle *Darrow, Braz.*
Liquid soap: Triclosan (p.1665·2); aloe vera (p.1588·2).
Skin disinfection.

Soapex
Note.This name is used for preparations of different composition.
Galderma, Braz.
Liquid soap: Triclosan (p.1665·2).
Skin disinfection.

Galderma, Braz.
Shampoo: Piroctone olamine (p.1610·1).
Seborrhoeic dermatitis.

Galderma, Braz.
Soap: Triclosan (p.1665·2); triclocarban (p.1665·2).
Skin disinfection.

Sobee Plus *Mead Johnson, Indon.*
Infant feed (p.1922·1).
Milk intolerance.

Sobelin
Note.This name is used for preparations of different composition.
Pharmacia, Ger.
Clindamycin hydrochloride (p.251·1), clindamycin palmitate hydrochloride (p.251·1), or clindamycin phosphate (p.251·2).
Bacterial infections.

TO-Chemicals, Thai.
Flunarizine (p.580·3).
Cerebrovascular disorders; migraine; motion sickness; peripheral vascular disorders; vestibular disorders.

Sobrein *Biomedica-Chemica, Gr.*
Carbocisteine (p.1553·2); sobrerol (p.1572·3).
Mucolytic.

Sobrepin *Farmasa, Braz.; Bayer, Ital.; Tedec Meiji, Spain.*
Sobrerol (p.1572·3).
Respiratory-tract congestion.

Sobrepina *Baldacci, Port.*
Nimodipine (p.1357·2).
Cerebral ischaemia; cerebral vasospasm following subarachnoid haemorrhage.

Sobrial *Merck, S.Afr.†.*
Acamprosate calcium (p.958·3).
Alcoholism.

Sobril *Pfizer, Norw.; Pfizer, Swed.*
Oxazepam (p.1014·2).
Alcohol withdrawal syndrome; anxiety disorders; insomnia; non-psychotic mental disorders; premedication.

Sobrium *Ranbaxy, Malaysia.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Sobrius *Fada, Arg.*
Heparin sodium (p.1301·2).
Thromboembolic disorders.

Socalm *Ranbaxy, India.*
Quetiapine fumarate (p.1022·2).
Bipolar disorder; schizophrenia.

Socef *Soho, Indon.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Socian *Sanofi-Aventis, Braz.; Sanofi-Aventis, Chile; Sanofi-Aventis, Port.*
Amisulpride (p.961·1).
Psychoses.

Socid *Soho, Indon.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Soclaf *Soho, Indon.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Soclor *Soho, Indon.*
Cefaclor (p.217·2).
Bacterial infections.

Socloxin *Olan-Kemed, Thai.*
Cloxacillin sodium (p.256·1).
Bacterial infections.

Socosep *Cetus, Arg.*
Ketoconazole (p.539·1).
Fungal infections.

Sodanton *Slovakofarma, Cz.†.*
Phenytoin (p.495·2).
Epilepsy; neuralgia; neuropathy.

Sodemethin *Vilco, Gr.†.*
Glyceryl trinitrate (p.1296·2).
Angina pectoris; heart failure.

Soden *DHA, Hong Kong; DHA, Singapore.*
Naproxen sodium (p.92·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Soderm *Dermapharm, Ger.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Soderm Plus *Dermapharm, Ger.*
⊗ Betamethasone dipropionate (p.1518·3); salicylic acid (p.1612·2).
Skin disorders.

Soderma *Soho, Indon.*
⊗ Desoximetasone (p.1525·2).
Skin disorders.

Sodexx Cimetidine *Kwizda, Austria.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux.

Sodexx Famotidine *Kwizda, Austria.*
Famotidine (p.1730·1).
Heartburn.

Sodibic *Aspen, Austral.*
Sodium bicarbonate (p.1673·2).
Bicarbonate replacement in renal failure.

Sodilen *Motima, Fr.*
Pollen (p.2370·2).
Antoxidant.

Sodilin *Collins, Mex.*
Procaine benzylpenicillin (p.319·2).
Bacterial infections.

Sodime *Soho, Indon.*
Ceftazidime (p.234·1).
Bacterial infections.

Sodiofolin *Medac, Austria; Medac, Port.; Medac, UK.*
Sodium folinate (p.1944·1).
Adjunct to fluorouracil in colorectal cancer; reduction of folic acid antagonist toxicity; reduction of methotrexate toxicity.

Sodiopen *Reig Jofre, Spain.*
Benzylpenicillin sodium (p.213·1).
Bacterial infections.

Sodioral con Inulina *CaDiGroup, Ital.*
Oral rehydration solution with inulin (p.1672·2).
Diarrhoea.

Sodiparin *Baxter Immuno, Arg.*
Heparin sodium (p.1301·2).
Thromboembolic disorders.

Sodipen *Antibioticos, Mex.*
Benzylpenicillin sodium (p.213·1).
Bacterial infections.

Sodipental *Pisa, Mex.*
Thiopental sodium (p.1795·2).
Convulsions; general anaesthesia; increased intracranial pressure in neurosurgery.

Sodip-phylline *Sanofi, Switz.†.*
Theophylline (p.1140·1).
Obstructive airways disease.

Sodipryl retard *Sanofi, Switz.*
Naftidrofuryl oxalate (p.1346·2).
Peripheral and cerebral vascular disease.

Sodium Sulamyd *Schering, Canad.†; Schering, USA.*
Sulfacetamide sodium (p.335·3).
Eye infections.

Sodix *Geolab, Braz.*
Diclofenac sodium (p.44·3).
Inflammation; pain.

Sodixen *Rayere, Mex.*
Naproxen sodium (p.92·3).
Fever; musculoskeletal and joint disorders; pain.

Sodol Compound *Major, USA.*
Aspirin (p.20·3); carisoprodol (p.1894·1).
Musculoskeletal pain.

Sodolac *Sofex, Port.*
Etodolac (p.52·2).
Gout; musculoskeletal, joint, and peri-articular disorders; pain.

Sodorant
Note.This name is used for preparations of different composition.
Stiefel, Arg.
Cream: Guaiazulene (p.2317·3); aluminium chlorohydrate (p.1588·3); triclocarban (p.1665·2).
Hyperhidrosis.

Stiefel, Arg.
Deodorant bar: Triclocarban (p.1665·2).
Hyperhidrosis.

Stiefel, Arg.
Deodorant roll-on; topical spray: Aluminium chlorohydrate (p.1588·3).
Hyperhidrosis.

Sodox *Pentamedical, Ital.*
Melon; vitamin C; vitamin E (p.1922·1).
Dietary supplement.

Sofarcid *Sofar, Ital.*
Cefonicid sodium (p.226·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Sofargen *Sofar, Ital.*
Sulfadiazine silver (p.337·2).
Bacterial skin infections; burns; wounds.

Sofasin *Faran, Gr.*
Norfloxacin (p.309·2).
Urinary-tract infections.

Sofden *Soho, Indon.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Sofderm *Cipla, India.*
Aloe vera (p.1588·2) vitamin E (p.1992·2).

Sofelin *Galenus, Gr.*
Fluoxetine (p.397·3).
Depression.

Sofenol *C & M, USA†.*
Emollient and moisturiser.

Soffodex *Dexxon, Israel.*
Dibasic sodium phosphate (p.1682·3); monobasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Soficlor *Xepa-Soul Pattinson, Hong Kong; Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
Cefaclor (p.217·2).
Bacterial infections.

Sofidrox *Xepa-Soul Pattinson, Hong Kong†; Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
Cefadroxil (p.218·1).
Bacterial infections.

Sofilex *Xepa-Soul Pattinson, Hong Kong; Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
Cefalexin (p.218·2).
Bacterial infections.

Sofix *Soho, Indon.*
Cefixime (p.224·3).
Bacterial infections.

Soflax
Note.This name is used for preparations of different composition.
Douglas, Austral.
Senna (p.1769·2); docusate sodium (p.1725·1).
Constipation.

Pharmascience, Canad.
Docusate sodium (p.1725·1).
Constipation.

Cipla-Medpro, S.Afr.
Senna (p.1769·2).
Constipation.

Julphar, UAE.
Lactulose (p.1738·2).
Constipation; hepatic encephalopathy.

Sof-lax *Fleet, USA.*
Docusate sodium (p.1725·1).
Stool softener.

Soflax EX *Pharmascience, Canad.*
Bisacodyl (p.1710·1).
Constipation.

Sofloran *Pisa, Mex.*
Isoflurane (p.1785·3).
General anaesthesia.

Sofracort
Aventis, Canad.
⊗ Framycetin sulfate (p.279·1); gramicidin (p.286·1); dexamethasone (p.1526·1).
Ear disorders; eye disorders.

Aventis, India.
⊗ Framycetin sulfate (p.279·1); dexamethasone sodium metasulfobenzoate (p.1526·2); gramicidin (p.286·1).
Infected eye disorders.

Sofradex
Note.This name is used for preparations of different composition.
Sanofi-Aventis, Austral.; Aventis, Hong Kong; Sanofi-Aventis, Indon.; Sanofi-Aventis, Irl.; Aventis, NZ; Aventis, Norw.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Aventis, Thai.
⊗ Dexamethasone (p.1526·1); framycetin sulfate (p.279·1); gramicidin (p.286·1).
Infected eye and ear disorders.

Aventis, Cz.†; Aventis, Denm.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Malaysia; Aventis, Neth.; Aventis, Switz.; Florizel, UK.
⊗ Dexamethasone sodium metasulfobenzoate (p.1526·2); framycetin sulfate (p.279·1); gramicidin (p.286·1).
Infected eye and ear disorders.

Hub, India.
⊗ Dexamethasone acetate (p.1526·1); framycetin sulfate (p.279·1).
Skin disorders.

Sofradex-F *Hub, India.*
⊗ Dexamethasone acetate (p.1526·1); framycetin sulfate (p.279·1); clotrimazole (p.530·1).
Skin disorders.

Sofraline *Melisana, Belg.*
⊗ Framycetin sulfate (p.279·1); naphazoline nitrate (p.1565·2).
Respiratory-tract disorders.

Soframycin
Note.This name is used for preparations of different composition.
Aventis, India; Aventis, Switz.
Framycetin sulfate (p.279·1).
Bacterial eye infections; burns; otitis externa; skin infections.

Sanofi-Aventis, Irl.; Sanofi-Aventis, UK†.
Eye drops: Framycetin sulfate (p.279·1).
Bacterial eye infections.

Erfa, Canad.; Aventis, S.Afr.
eye drops; Eye ointment: Framycetin sulfate (p.279·1).
Bacterial eye infections.

Aventis, NZ.
Eye/ear drops; eye/ear ointment: Framycetin sulfate (p.279·1).
Bacterial eye and ear infections.

Sanofi-Aventis, Austral.
Eye/ear preparations: Framycetin sulfate (p.279·1).
Bacterial eye and ear infections.

Erfa, Canad.
Nasal spray: Framycetin sulfate (p.279·1); gramicidin (p.286·1); phenylephrine hydrochloride (p.1568·1).
Bacterial nasal infections; nasal congestion.

Sanofi-Aventis, Austral.; Erfa, Canad.; Aventis, Irl.†; Aventis, NZ.
Ointment: Framycetin sulfate (p.279·1); gramicidin (p.286·1).
Bacterial skin infections.

Soframycine *Melisana, Belg.*
Framycetin sulfate (p.279·1).
Bacterial nose and throat infections.

Sofrasolone *Melisana, Belg.*
⊗ Prednisolone acetate (p.1541·1); framycetin sulfate (p.279·1); naphazoline nitrate (p.1565·2).
Allergy or infections of the upper respiratory tract.

Sofra-Tull *Aventis, Austria; Aventis, Ger.†.*
Framycetin sulfate (p.279·1).
Burns; skin infections; ulcers; wounds.

Sofra-Tull sine *Aventis, Ger.*
White soft paraffin (p.2031·2); wool fat (p.2033·2).
Wounds.

Sofra-Tulle *Sanofi-Aventis, Austral.; Erfa, Canad.; Aventis, Fin.†; Aventis, Hong Kong†; Aventis, India; Sanofi-Aventis, Indon.; Aventis, Israel†; Aventis, Malaysia†; Aventis, Norw.†; Aventis, S.Afr.; Aventis, Singapore†; Aventis, Switz.†; Aventis, Thai.; Aventis, UK.*
Framycetin sulfate (p.279·1).
Burns; medicated dressing; skin infections; ulcers; wounds.

Sofrodol *Cantabria, Spain.*
Tramadol (p.132·1).
Pain.

Sof-Sof *CTS, Israel†.*
Phenothrin (p.2048·3).
Pediculosis.

Sof-T *Gynetics, Singapore†.*
Copper-wound plastic (p.1935·2).
Intra-uterine contraceptive device.

Soft Corn *SSL, Pol.*
Salicylic acid (p.1612·2).
Calluses; corns.

Soft Kilnits *Andromaco, Chile†.*
Acetic acid (p.2244·2).
Pediculosis.

Soft Lips *Mentholatum, Canad.†.*
SPF 17: Octinoxate (p.1608·2); oxybenzone (p.1608·3); padimate O (p.1609·1).
Sunscreen.

Soft Lips Crystal Ice *Mentholatum, Canad.*
Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

† This preparation may no longer be actively marketed
⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Soft Lips French Vanilla *Mentholatum, Canad.*
SPF 20: Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Soft Lips Sparkle *Mentholatum, Canad.†.*
SPF 10: Octinoxate (p.1608·2).
Sunscreen.

Soft Lips Tints *Mentholatum, Canad.*
Octinoxate (p.1608·2); octisalate (p.1608·2).
Sunscreen.

Soft Lips Ultra *Mentholatum, Canad.†.*
SPF 30: Avobenzone (p.1589·3); octinoxate (p.1608·2); octisalate (p.1608·2).
Sunscreen.

Soft Mate *Barnes Hind, NZ†; Pilkington Barnes-Hind, USA.*
A range of solutions for soft contact lenses (p.1622·2).

Soft Mate Consept *Pilkington Barnes-Hind, USA.*
Hydrogen peroxide (p.1647·3) (p.1622·2).
Disinfecting solution for soft contact lenses.

Soft Mate Enzyme Plus Cleaner *Pilkington Barnes-Hind, USA.*
Subtilisin A (p.2393·3) (p.1622·2).
Cleansing solution for soft contact lenses.

Soft U Derm *Galenium, Indon.*
⊗ Urea (p.1620·2).
Dry skin disorders.

Softa Man *Braun, Ger.; Braun, Ital.*
⊗ Alcohol (p.1625·2); propyl alcohol (p.1660·2).
Hand disinfection.

Softab *Alcon, S.Afr.*
Troclosene sodium (p.1665·3)(p.1622·2).
Disinfectant for soft contact lenses.

Sof-Tact *Abbott Diabetes Care, Canad.*
Test for glucose in blood (p.2314·1).

Softa-Man
Note. This name is used for preparations of different composition.
Braun, Cz.
⊗ Alcohol (p.1625·2); isopropyl alcohol (p.1650·3).
Hand disinfection.
Braun, Neth.
⊗ Alcohol (p.1625·2); propyl alcohol (p.1660·2).
Hand disinfection.
Braun, Switz.
Isopropyl alcohol (p.1650·3); propyl alcohol (p.1660·2).
Hand disinfection.

Softasept *Braun, Port.*
⊗ Alcohol (p.1625·2); isopropyl alcohol (p.1650·3).
Skin disinfection.

Softasept N *Braun, Ger.; Braun, Switz.*
⊗ Alcohol (p.1625·2); isopropyl alcohol (p.1650·3).
Skin disinfection.

Softene *Melisana, Belg.*
Docusate sodium (p.1725·1); bisacodyl (p.1710·1).
Constipation.

Softeron *Aristo, India.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); vitamin B (p.1980·2).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron and docusate sodium (p.1725·1) is included to reduce the constipating effects of iron.

Softeron-Z *Aristo, India.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); dried yeast (p.1998·3).
Docusate sodium (p.1725·1) is included in this preparation to reduce the constipating effects of iron.

Softixol *Schering-Plough, Mex.†.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with viscous mucus.

Softwear
Note. This name is used for preparations of different composition.
Ciba Vision, Canad.
Sodium chloride (p.1686·1) (p.1622·2).
Rinsing and storage solution for soft contact lenses.
Ciba Vision, NZ.
Rinsing solution for contact lenses (p.1622·2).

Sogilen *Pfizer, Spain.*
Cabergoline (p.802·1).
Parkinsonism.

Sogoon *Steiner, Ger.*
Devil's claw root (p.39·1).
Joint disorders.

Sohobal *Soho, Indon.*
Mecobalamin (p.1981·1).
Peripheral neuropathy.

Sohobion *Soho, Indon.*
Vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Neuralgia; neuritis; vitamin B deficiency.

Sohoflam *Soho, Indon.*
Nimesulide (p.95·3).
Inflammation; osteoarthritis; pain; peri-articular disorders.

Soholin *Soho, Indon.*
Citicoline (p.2283·3).
Cerebrovascular disorders; head injury; hemiplegia.

Sohopect *Soho, Indon.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Sohotin *Soho, Indon.*
Loratadine (p.583·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders; urticaria.

Soijatutteli *Valio, Fin.†.*
Infant feed (p.1922·1).
Cow's milk allergy; lactose intolerance.

Soin Autobronzant *Clarins, Canad.*
SPF 15: Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Formerly contained avobenzone, octinoxate, octisalate, and oxybenzone.
Sunscreen.

Sojadiol *Sojar, Arg.*
Leciflavone (p.2391·2).
Menopausal disorders; oestrogen deficiency.

Sojar Folico *Sojar, Arg.*
Folic acid (p.1940·1).
Folic acid supplement.

Sojar Men *Sojar, Arg.*
Soya isoflavones (p.2391·2).
Dietary supplement.

Sojar Plus-Calcio *Sojar, Arg.*
Soya protein (p.1965·3); calcium (p.1675·2); soya isoflavones (p.2391·2).
Dietary supplement.

Sojar Pro *Sojar, Arg.*
Soya protein (p.1965·3).
Dietary supplement.

Sojarlech *Sojar, Arg.†.*
Soya protein; vitamins; minerals (p.1922·1).
Dietary supplement.

Sojasterol *Sojar, Arg.†.*
Phytosterols (p.1373·1); isoflavones (p.2391·2); alpha tocopherol (p.1992·2); lecithin (p.2332·2).
Hypercholesterolaemia.

Sojourn *Meridian, USA.*
Sevoflurane (p.1793·2).
General anaesthesia.

Sojyam *Baldacci, Ital.†.*
Yam; soya bean (p.1965·3).
Nutritional supplement for menopausal women.

Sokol *Biofarma, Turk.*
Liquid paraffin (p.2030·3).
Constipation.

Sol Bronce Vital *AM, Arg.*
Betacarotene (p.1930·3); canthaxanthin (p.1470·2).
Tanning aid.

Solac *Soho, Indon.*
Lactulose (p.1738·2).
Constipation; hepatic encephalopathy.

Solacap *SAT, Spain†.*
Fluconazole (p.532·1).
Fungal infections.

Solacid *Dey's, India.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); magnesium trisilicate (p.1744·1); simeticone (p.1770·2).
Flatulence; gastrointestinal hyperacidity.

Solacil *Microsules, Arg.*
Ergotamine tartrate (p.620·1); caffeine (p.1116·3); dipyrone (p.49·2).
Migraine.

Solacy *Grimberg, Fr.*
Cystine (p.1937·1); sulfur (p.1614·1); vitamin A acetate (p.1973·1); yeast (p.1998·3).
Upper respiratory-tract disorders.

Solage *Galderma, Canad.†; Galderma, USA.*
Mequinol (p.1604·2); tretinoin (p.1618·1).
Sun-induced skin hyperpigmentation.

Solaguttae *Emonta, Austria.*
St John's wort (p.422·3).
Depression; irritability; nervous disorders.

Solamin *Fresenius Kabi, Ital.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Solaneuron *Solas, Indon.*
Thiamine hydrochloride (p.1976·1); pyridoxine hydrochloride (p.1978·2); vitamin B (p.1980·2).
Migraine; nausea and vomiting in pregnancy; nervous system disorders; vitamin B deficiency.

Solan-M *Winzer, Ger.*
Vitamin A palmitate (p.1973·1).
Eye disorders.

Solans *Soho, Indon.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Solantal *Fujisawa, Jpn†.*
Tiaramide hydrochloride (p.129·3).
Inflammation; pain.

Solapsor *Ysatfabrik, Ger.†.*
Dulcamara (p.2298·1).
Eczema.

Solaquin
Note. This name is used for preparations of different composition.
Valeant, Braz.; Valeant, Mex.
Hydroquinone (p.1598·2); padimate O (p.1609·1); octinoxate (p.1608·2); oxybenzone (p.1608·3).
Skin hyperpigmentation.
Valeant, Hong Kong; Valeant, Singapore; Crawford, UK; ICN, USA.
Hydroquinone (p.1598·2).
Skin hyperpigmentation.

Solaquin Forte
Note. This name is used for preparations of different composition.
Valeant, Arg.
Hydroquinone (p.1598·2); padimate O (p.1609·1); dioxybenzone (p.1594·2).
Skin hyperpigmentation.
Valeant, Canad.†.
Hydroquinone (p.1598·2); padimate (p.1609·1); dioxybenzone (p.1594·2); oxybenzone (p.1608·3).
Skin hyperpigmentation.
ICN, USA.
Cream: Hydroquinone (p.1598·2); padimate O (p.1609·1); dioxybenzone (p.1594·2); oxybenzone (p.1608·3).
Skin hyperpigmentation.
ICN, Malaysia.
SPF 17: Hydroquinone (p.1598·2) with sunscreens.
Skin hyperpigmentation.
ICN, USA.
Topical gel: Hydroquinone (p.1598·2); padimate O (p.1609·1); dioxybenzone (p.1594·2).
Skin hyperpigmentation.

Solar Block *Mentholatum, Austral.†.*
Octinoxate (p.1608·2); avobenzone (p.1589·3); enzacamene (p.1597·1); octocrilene (p.1608·3).
Sunscreen.

Solar Block Baby *Mentholatum, Austral.†.*
Octinoxate (p.1608·2); enzacamene (p.1597·1); zinc oxide (p.1621·2).
Sunscreen.

Solar Block Surf/Sport *Mentholatum, Austral.†.*
Octinoxate (p.1608·2); avobenzone (p.1589·3); enzacamene (p.1597·1); octocrilene (p.1608·3); octil triazone (p.1608·1).
Sunscreen.

Solaraze *CSL, Austral.; Shire, Denm.; Meda, Fin.; Shire, Fr.; Shire, Ger.; Shire, Irl.; Shire, Ital.; Shire, Norw.; Shire, Port.; Meda, Swed.; Shire, UK; Skye, USA.*
Diclofenac sodium (p.44·3).
Actinic keratoses.

Solarcaine
Note. This name is used for preparations of different composition.
Mantecorp, Braz.
Benzocaine (p.1854·1).
Local anaesthesia.
Schering-Plough, Canad.; Schering-Plough, USA.
Benzocaine (p.1854·1); triclosan (p.1665·2).
Local anaesthesia; skin pain or irritation; sunburn.
Vifor, Switz.
Lidocaine (p.1862·3).
Minor skin lesions and burns.
Balmar, NZ.
Lotion: Benzocaine (p.1854·1); camphor (p.2273·2); menthol (p.2340·1); triclosan (p.1665·2).
Sunburn.
Schering-Plough, UK†.
Topical gel: Aloe vera (p.1588·2); lidocaine (p.1862·3).
Cuts; insect bites; sunburn.
Balmar, NZ.
Topical spray: Benzocaine (p.1854·1).
Local anaesthesia; skin irritation.
Schering-Plough, UK.
Topical spray: Benzocaine (p.1854·1); triclosan (p.1665·2).
Minor skin injuries; sunburn.

Solarcaine Aloe Extra Burn Relief *Schering-Plough, USA.*
Lidocaine (p.1862·3); aloe vera (p.1588·2).
Local anaesthesia.

Solarcaine Aloe Vera *Balmar, NZ.*
Aloe vera (p.1588·2).
Minor burns; skin irritation; sunburn.

Solarcaine Aloe Vera Gel *Essex, Chile.*
Lidocaine hydrochloride (p.1862·3); aloe vera (p.1588·2).
Sunburn.

Solarcaine Lidocaine *Schering-Plough, Canad.*
Lidocaine (p.1862·3) or lidocaine hydrochloride (p.1862·3).
Burns; sunburn; wounds.

Solarcaine Spray Aerosol *Essex, Chile.*
Isopropyl alcohol (p.1650·3); triclosan (p.1665·2); benzocaine (p.1854·1).
Skin irritation.

Solarcaine Stop Itch *Schering-Plough, Canad.*
Papain (p.2362·3).
Skin pain and irritation.

Solardril Composto *Bunker, Braz.*
Calamine (p.1591·2); diphenhydramine hydrochloride (p.577·2); camphor (p.2273·2).

Solare *Galenium, Indon.*
SPF 15; SPF 30: Oxybenzone (p.1608·3); octinoxate (p.1608·2).
Sunscreen.

Solaren *Herbapol Pruszkow, Pol.*
Turmeric (p.1473·2).
Biliary-tract disorders.

Solarex
Note. This name is used for preparations of different composition.
Schering-Plough, Venez.†.
Gel SPF 30: Octinoxate (p.1608·2); homosalate (p.1598·1); oxybenzone (p.1608·3).
Sunscreen.
Schering-Plough, Venez.†.
Lotion SPF 30: Octinoxate (p.1608·2); homosalate (p.1598·1); oxybenzone (p.1608·3); octisalate (p.1608·2).
Sunscreen.

Solarisol *Solara, Mex.*
Fluconazole (p.532·1).
Fungal infections.

Solarsal *Arex, Venez.†.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Nasal congestion.

Solart *Pfizer, Ital.†.*
Acemetacin (p.15·1).
Musculoskeletal and joint disorders.

Solatran *GSK, Belg.†; GSK, S.Afr.; Doetsch, Grether, Switz.*
Ketazolam (p.1002·2).
Anxiety; nervous disorders; skeletal muscle spasm.

Solaurit *Thursday, Austral.†.*
Homoeopathic preparation.

Solavert *Arrow, Austral.*
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Solaxin *Eisai, Hong Kong; Eisai, Indon.*
Chlorzoxazone (p.1894·3).
Skeletal muscle spasm.

Solaze *Solvang, Philipp.*
Cloxacillin sodium (p.256·1).
Staphylococcal infections.

SolBar
Note. This name is used for preparations of different composition.
Person & Covey, USA.
SPF 15: Octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.
Dispolab, Chile†; Person & Covey, USA.
SPF 30; SPF 50: Oxybenzone (p.1608·3); octocrilene (p.1608·3); octinoxate (p.1608·2).
Sunscreen.
Person & Covey, Canad.†.
SPF 50: Octocrilene (p.1608·3); octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Solblastin *Hospira, Port.*
Vinblastine sulfate (p.785·3).
Malignant neoplasms.

Solcer *Solara, Mex.*
Omeprazole sodium (p.1753·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Solcibrol *Solfran, Mex.*
Ambroxol (p.1550·3); amoxicillin (p.202·2).
Respiratory-tract infections.

Solciclina *Solfran, Mex.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Solclin *Solfran, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Solcode *Reckitt Benckiser, Austral.*
Aspirin (p.20·3); codeine phosphate (p.37·2).
Fever; pain.

Solcoderm *Solco, Hong Kong; ICN, Malaysia†; ICN, Rus.; Valeant, Switz.*
Nitric acid (p.2355·1); acetic acid (p.2244·2); oxalic acid (p.2359·2); lactic acid (p.2329·3); copper nitrate trihydrate (p.1936·1).
Anogenital warts; benign skin growths; keratoses; naevi; verrucas; warts.

Solco-Derman *Valeant, Ger.*
Glacial acetic acid (p.2244·2); oxalic acid (p.2359·2); nitric acid (p.2355·1); lactic acid (p.2329·3); copper nitrate (p.1936·1).
Anogenital warts; keratoses; verrucas.

Solcogyn *Solco, Cz.†; ICN, Pol.; Valeant, Switz.*
Nitric acid (p.2355·1); acetic acid (p.2244·2); oxalic acid dihydrate (p.2359·2); zinc nitrate.
Benign cervical lesions; cervical and uterine disorders.

SolcoKerasal *ICN, Pol.*
⊗ Salicylic acid (p.1612·2); urea (p.1620·2).
Keratinisation disorders.

Solcoseryl *Valeant, Arg.; ICN, Austria; Valeant, Cz.; Solco, Hong Kong; Pharos, Indon.; Solco, Indon.; Taiho, Jpn; Valeant, Malaysia; ICN, Neth.†; Valeant, Philipp.; ICN, Pol.; ICN, Rus.; Valeant, Singapore; Diafarm, Spain; Valeant, Switz.; ICN, Thai.*
Protein-free calf blood extract (p.2337·3).
Abrasions; burns; cerebral and peripheral vascular disorders; eye injury; frostbite; mouth and throat disorders; peptic ulcer; radiation-induced skin damage; skin grafts; skin ulceration; soft-tissue disorders; ulcers; wounds.

Solcoseryl Dentaire *Valeant, Switz.*
Protein-free calf blood extract (p.2337·3); lauromacrogol 400 (p.1916·1).
Mouth disorders.

Solcoseryl Dental *Kamp, Arg.†; ICN, Austria; Valeant, Ger.; Solco, Hong Kong; Pharos, Indon.; Solco, Indon.; Valeant, Malaysia; Valeant, Philipp.; ICN, Rus.; Valeant, Singapore; ICN, Thai.; Solco, Thai.*
Protein-free calf blood extract (p.2337·3); lauromacrogol 400 (p.1916·1).
Dental adhesive; mouth and gum disorders.

Solcosplen *Strathmann, Ger.†.*
Calf spleen extract (p.2337·3).
Menopausal disorders.

Solcosplen C *Strathmann, Ger.*
Cimicifuga (p.2282·1).
Menopausal disorders.

Solco-Trichovac *Valeant, Cz.†.*
Lactobacillus acidophilus (p.2372·3).
Vaginal infections.

SolcoTrichovac *Solco, Rus.; Valeant, Switz.*
Lactobacillus rhamnosus (p.2372·3); *Lactobacillus vaginalis*; *Lactobacillus fermentum* (p.2372·3); *Lactobacillus salivarius*.
Bacterial vaginosis; trichomoniasis; vaginal infections.

SolcoTrichovac Lyophilisat *Valeant, Switz.*
Lactobacillus acidophilus (p.2372·3).
Vaginal infections.

Solco-Urovac *Solco, Cz.†.*
Escherichia coli; *Proteus mirabilis*; *Proteus morganii*; *Klebsiella pneumoniae*; *Enterococcus faecalis* (p.2372·3).
Urinary-tract infections.

Solcovagin *ICN, Rus.*
Nitric acid (p.2355·1); acetic acid (p.2244·2); oxalic acid (p.2359·2); zinc nitrate.
Vaginal disorders.

Soldactone *Continental Pharma, Belg.; Pfizer, Neth.; Pharmacia, Norw.†; Pfizer, Switz.*
⊗ Potassium canrenoate (p.1374·1).
Hyperaldosteronism; hypokalaemia; liver cirrhosis with ascites and oedema; oedema.

Soldermil *Edol, Port.*
SPF 15: A range of sunscreens.

Soldermil Ecran Total *Edol, Port.†.*
SPF 24: Zinc oxide (p.1621·2); titanium dioxide (p.1617·3).
Sunscreen.

Soldesam *Farmacologico Milanese, Ital.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Soldesanil *Diapit, Gr.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Soldextam *Solas, Indon.*
⊗ Dexamethasone (p.1526·1); dexchlorpheniramine maleate (p.572·1).
Allergic disorders.

Soldrin
Note.This name is used for preparations of different composition.
Andromaco, Chile.
Tiabendazole (p.156·2).
Worm infections.

Pisa, Mex.
Ear drops: ⊗ Hydrocortisone (p.1535·2); chloramphenicol (p.239·3); benzocaine (p.1854·1).
Otitis externa.

Pisa, Mex.
Eye drops: ⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1).
Infected eye disorders.

Solecin *Echo, Ital.*
⊗ Soya lecithin (p.2332·2); wheat germ (p.2415·1); gelatin (p.1072·1); glycerol (p.2314·2); betacarotene (p.1930·3).
Nutritional supplement.

Soledum *Cassella-med, Cz.†; Cassella-med, Ger.*
Cineole (p.2282·3).
Bronchitis; respiratory-tract disorders; sinusitis.

Soledum Balsam *Cassella-med, Ger.*
Cineole (p.2282·3).
Respiratory-tract disorders.

Soledum Hustensaft *Cassella-med, Ger.*
Thyme (p.2401·1).
Bronchitis; catarrh; coughs.

Soledum Hustentropfen *Cassella-med, Ger.*
Thyme (p.2401·1).
Bronchitis; catarrh; coughs.

Soledum med *Cassella-med, Ger.†.*
Chamomile oil (p.2279·3).
Nasal congestion; rhinitis.

Soleil Ecran *Osler, Fr.†.*
SPF 20; SPF 30: Octinoxate (p.1608·2); titanium dioxide (p.1617·3); avobenzone (p.1589·3).
Sunscreen.

Soleil Expert Sun Care *Lancome, Canad.*
SPF 15: Avobenzone (p.1589·3); octocrilene (p.1608·3); octisalate (p.1608·2).
Formerly known as UV Expert and contained avobenzone, octinoxate, and octisalate.
Sunscreen.

Solemil *Neckerman, Braz.†.*
Neomycin sulfate (p.305·1); benzethonium chloride (p.1630·1); vitamin A (p.1971·2); vitamin D (p.1986·1).
Skin infections.

Solenil *Fortbenton, Arg.*
SPF 15; SPF 4; SPF 8: Octinoxate (p.1608·2); benzophenones.
Sunscreen.

Solenil Pantalla Fisica *Fortbenton, Arg.*
Octinoxate (p.1608·2); benzophenone; titanium dioxide (p.1617·3).
Sunscreen.

Solenil Post Solar *Fortbenton, Arg.*
Aloe vera (p.1588·2); vitamin E (p.1992·2).

Solesmin *Cipla, Cz.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Soleton *Cryopharma, Mex.*
Zaltoprofen (p.133·2).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Solevita *Permamed, Switz.*
St John's wort (p.422·3).
Agitation; depression; sleep disorders.

Solex A15 *Dermol, USA†.*
Padimate O (p.1609·1); oxybenzone (p.1608·3).
Sunscreen.

Solexa *Pfizer, Austria; Pfizer, Ital.†; Pfizer, Neth.; Medinfar, Port.*
Celecoxib (p.34·2).
Ankylosing spondylitis; osteoarthritis; rheumatoid arthritis.

Solfa *Takeda, Jpn.*
Amlexanox (p.1115·2).
Allergic rhinitis; asthma.

Solfac *Bayer, Ital.*
Cyfluthrin (p.2039·2).
Insecticide.

Solfen *Antigen, Irl.†.*
Ibuprofen (p.64·2).
Fever; pain.

Solfidin *Rontag, Arg.*
Clonazepam (p.478·2).
Epilepsy; panic attacks.

Solfranicol *Solfran, Mex.*
Chloramphenicol (p.239·3); tetracycline (p.347·1).
Bacterial infections.

Solfurol *Solfran, Mex.*
Furazolidone (p.834·3); clioquinol (p.254·1).
Diarrhoea.

Solganal *Schering, Canad.†; Schering-Plough, Israel; Schering, USA.*
Aurothioglucose (p.26·2).
Rheumatoid arthritis.

Solgenta *Oftalmi, Venez.*
Gentamicin sulfate (p.282·1).
Bacterial eye infections.

Solgol *BMS, Ger.; Sanofi-Aventis, Spain.*
⊗ Nadolol (p.1345·2).
Angina pectoris; arrhythmias; hypertension; migraine.

Solhidrol *Solara, Mex.*
⊗ Hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Solia
Note.This name is used for preparations of different composition.
Unison, Thai.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Prasco, USA.
21 Tablets, ethinylestradiol (p.2101·3); desogestrel (p.2093·2); 7 tablets, inert.
Combined oral contraceptive.

Solian *Sanofi-Aventis, Austral.; Sanofi Synthelabo, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Cz.; Sanofi Synthelabo, Denm.; Sanofi-Aventis, Fr.; Sanofi Synthelabo, Ger.; Sanofi-Aventis, Gr.; Sanofi Synthelabo, Hong Kong; Sanofi-Aventis, Irl.; Synthelabo, Israel; Sanofi-Aventis, Ital.; Sanofi Synthelabo, Mex.; Sanofi-Aventis, NZ; Sanofi Synthelabo, Norw.; Sanofi Synthelabo, Philipp.; Sanofi-Aventis, Pol.; Sanofi-Aventis, Rus.; Sanofi Synthelabo, S.Afr.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Sanofi Synthelabo, Switz.; Sanofi Synthelabo, Turk.; Sanofi Synthelabo, UK.*
Amisulpride (p.961·1).
Depression; psychoses.

Solibay *Bayer, Mex.†.*
Bezafibrate (p.1232·1).
Hyperlipidaemias.

Solibone *Quimica y Farmacia, Mex.*
Calcium carbonate (p.1714·1).
Calcium supplement; osteomalacia; osteoporosis; rickets; tetany.

Solicam *SMB, Belg.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders; pain.

Solidago Hevert Complex *Hevert, Ger.*
Homoeopathic preparation.

Solidagoren mono *Klein, Ger.*
Solidaga virgaurea (p.2391·1).
Urinary-tract disorders.

Solidagoren N *Klein, Ger.*
Solidago virgaurea (p.2391·1); potentilla anserina; equisetum (p.2299·3).
Urinary-tract disorders.

Solidagosan N *Hanosan, Ger.*
Homoeopathic preparation.

Solidon *Adelco, Gr.*
Chlorpromazine hydrochloride (p.969·2).
Agitation; psychoses.

Solimed *Farmedia, Gr.*
Salicylic acid (p.1612·2).
Skin disorders.

Solin *Saval, Chile.*
Lidocaine hydrochloride (p.1862·3).
Pain during injection.

Solinase *Yamanouchi, Jpn†.*
Pamiteplase (p.1365·3).

Solinfec *Ifars, Indon.*
Ketoconazole (p.539·1).
Fungal skin infections.

Solinitrina *Almirall, Spain.*
Glyceryl trinitrate (p.1296·2).
Angina pectoris; heart failure; induction of hypotension in surgery; myocardial infarction; pulmonary oedema.

Solipred *Solara, Mex.*
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Soliris *Alexion, Cz.; Alexion, Fr.; Alexion, Port.; Alexion, UK; Alexion, USA.*
Eculizumab (p.2298·3).
Paroxysmal nocturnal haemoglobinuria.

Solivito N *Fresenius Kabi, Irl.; Fresenius Kabi, UK.*
Multivitamin preparation (p.1922·1).
Parenteral nutrition.

Sol-Jod *Ecobi, Ital.†.*
Iodine (p.2169·2).
Oral antisepsis.

Solkan *Solfran, Mex.*
Kanamycin (p.291·3).
Bacterial infections.

Sollival *Sirval, Ital.*
Emollient.

Solmag *Ecosol, Switz.†.*
Magnesium aspartate (p.1679·1).
Arrhythmias; magnesium deficiency; magnesium supplement.

Solmavin *Mavi, Mex.*
Itraconazole (p.536·3).
Fungal infections.

Solmucaine *IBSA, Switz.*
Acetylcysteine (p.1548·2); tyrothricin (p.358·2); lidocaine hydrochloride (p.1862·3).
Upper respiratory-tract disorders with viscous mucus.

Solmucalm *IBSA, Switz.*
Acetylcysteine (p.1548·2); chlorphenamine maleate (p.571·3).
Coughs.

Solmucol *IBSA, Cz.; Genevrier, Fr.; IBSA, Hong Kong; IBSA, Hung.; Fidia, Ital.; IBSA, Neth.; IBSA, Philipp.; Sonix, Philipp.; Pharmacare, S.Afr.; Genevrier, Singapore†; Bioiberica, Spain†; IBSA, Switz.*
Acetylcysteine (p.1548·2).
Eye disorders; paracetamol overdosage; prevention of urinary-tract toxicity induced by cyclophosphamide or ifosfamide; respiratory-tract congestion.

Solmux *Westmont, Hong Kong; Medifarma, Indon.; UAP, Indon.; United Laboratories, Philipp.; Great Eastern, Thai.; Pediatrica, Thai.; Westmont, Thai.*
Carbocisteine (p.1553·2).
Cough; otitis media; respiratory-tract congestion; sinusitis.

Solmux-Broncho (Reformulated) *United Laboratories, Philipp.*
⊗ Salbutamol (p.1131·2); carbocisteine (p.1553·2).
Cough associated with viscous mucus.

Solnasin *Polpharma, Pol.*
Sodium chloride (p.1686·1).
Nasal congestion.

Soloc *Goldshield, UK†.*
⊗ Bisoprolol fumarate (p.1234·1).
Angina pectoris; hypertension.

Solocalm *Bernabo, Arg.*
Piroxicam (p.117·3) or piroxicam betadex (p.117·3).
Gout; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Solocalm Plus
Note.This name is used for preparations of different composition.
Bernabo, Arg.
Injection: ⊗ Piroxicam (p.117·3); trometamol (p.2405·1); pyridoxine hydrochloride; dexamethasone (p.1526·1).
Musculoskeletal, joint and peri-articular disorders.

Bernabo, Arg.
Tablets: ⊗ Piroxicam (p.117·3); carisoprodol (p.1894·1); dexamethasone (p.1526·1); pyridoxine hydrochloride.
Musculoskeletal, joint, and peri-articular disorders.

Solocalm-B *Bernabo, Arg.*
Piroxicam (p.117·3); thiamine hydrochloride; pyridoxine hydrochloride; cyanocobalamin.
Inflammation; neuritis.

Solocalm-Flex *Bernabo, Arg.*
Piroxicam (p.117·3); carisoprodol (p.1894·1).
Musculoskeletal and joint disorders.

Solo-care *Ciba Vision, Austral.; Ciba Vision, Braz.*
Cleansing, rinsing, disinfecting and storing solution for soft contact lenses (p.1622·2).

Solocare *Ciba Vision, NZ†.*
Cleaning, disinfecting, rinsing, and storage solution for soft contact lenses (p.1622·2).

Solo-care Aqua *Ciba Vision, Canad.*
Cleansing, rinsing, disinfecting, and storage solution for soft contact lenses (p.1622·2).

Solo-care Hard *Ciba Vision, Canad.†.*
Cleansing, rinsing, conditioning, storage, and wetting solution for hard and gas permeable contact lenses (p.1622·2).

Solodyn *Medicis, USA.*
Minocycline hydrochloride (p.300·3).
Acne.

Solof *Farmaceutica H, Mex.*
Diclofenac sodium (p.44·3).
Inflammation and pain following eye surgery; inflammatory eye disorders; inhibition of miosis during cataract surgery; prevention of cystoid macular oedema.

Sol-O-Flex *Inmunolab, Arg.*
Povidone (p.2146·1).
Dry eyes.

Solokinase *Otsira, India.*
Urokinase (p.1420·1).
Thromboembolic disorders.

Solomet *Orion, Fin.*
⊗ Methylprednisolone (p.1538·1), methylprednisolone acetate (p.1538·2), or methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Solomet c bupivacain hydrochlorid *Orion, Fin.*
⊗ Methylprednisolone acetate (p.1538·2); bupivacaine hydrochloride (p.1854·3).
Musculoskeletal, joint, and peri-articular disorders.

Solomycin *Ipca, India.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Solon *Taisho, Jpn.*
Sofalcone (p.1772·1).
Gastritis; peptic ulcer.

Solone *Fawns & McAllan, Austral.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Solosa *Sanofi-Aventis, Gr.; Guidotti, Ital.; Aventis, Philipp.*
Glimepiride (p.441·1).
Diabetes mellitus.

Solosin *Aventis, Ger.*
Theophylline (p.1140·1).
Obstructive airways disease.

SoloSite *Smith & Nephew, Austral.*
Carmellose sodium (p.2142·1); allantoin (p.1588·1).
Wounds.

Solosprin *Zydus, India.*
Isosorbide mononitrate (p.1318·3); aspirin (p.20·3).
Angina pectoris; myocardial infarction.

Solotrate *Zydus Cadila, Thai.*
Isosorbide mononitrate (p.1318·3).
Ischaemic heart disease; pulmonary hypertension.

Solotrim *Hexal, Austria.*
Trimethoprim (p.355·2).
Bacterial infections.

Solotron *General Nutrition, Canad.*
Multivitamin and mineral preparation (p.1922·1).

Solotuss *Hawthorn, USA.*
Pentoxyverine tannate (p.1567·3).
Cough.

Solovite *Solgar, UK.*
Multivitamin and mineral preparation (p.1922·1).

Solox *Douglas, NZ.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Solpadeine *GSK Consumer, Cz.; GSK Consumer, Hung.†; GSK Consumer, Irl.; GSK Consumer, Pol.; GSK Consumer, Rus.*
Paracetamol (p.108·1); caffeine (p.1116·3); codeine phosphate (p.37·2).
Cold and influenza symptoms; fever; pain.

Solpadeine Headache *GSK Consumer, UK.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Solpadeine Max *GSK Consumer, UK.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
These ingredients can be described by the British Approved Name Co-codamol.
Fever; pain.

Solpadeine Migraine *GSK, UK.*
Ibuprofen (p.64·2); codeine (p.37·2).
Migraine.

Solpadeine Plus *GSK Consumer, UK.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3).
Fever; pain.

Solpadol *Sanofi-Aventis, Irl.; Sanofi-Aventis, Neth.; Sanofi-Aventis, UK.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
These ingredients can be described by the British Approved Name Co-codamol 30/500.
Pain.

Solpaflex
Note.This name is used for preparations of different composition.
GSK, Cz.; SmithKline Beecham, Denm.†; GSK Consumer, Hung.; GSK Consumer, Rus.
Ibuprofen (p.64·2).
Fever; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

GSK Consumer, UK.
Ibuprofen (p.64·2); codeine phosphate (p.37·2).
Fever; pain.

Solpat *Parggon, Mex.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Solpenox *Solas, Indon.*
Amoxicillin (p.202·2).
Bacterial infections.

Solphride *Solvang, Philipp.*
Cefradine (p.233·1).
Bacterial infections.

Solphyllex *Adcock Ingram, S.Afr.*
Theophylline (p.1140·1); etofylline (p.1121·1); diphenylpyraline hydrochloride (p.578·2); ammonium chloride (p.1551·3); sodium citrate (p.1673·3).
Coughs.

Solphyllin *Adcock Ingram, S.Afr.*
Theophylline (p.1140·1); etofylline (p.1121·1).
Obstructive airways disease.

Solpic *Medical, Port.†.*
Mepyramine maleate (p.585·2); calamine (p.1591·2); benzocaine (p.1854·1).
Skin irritation.

Solplem *Essenpharma, Philipp.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders.

Solplex 40 *Fresenius Kabi, Ital.†.*
⊗ Dextran 40 (p.1059·1) in sodium chloride.
Peripheral arteriopathy; plasma volume expansion.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Solplex 70 *Fresenius Kabi, Ital.†.*
⊗ Dextran 70 (p.1059·3) in sodium chloride.
Plasma volume expansion; thrombosis prophylaxis.

Solprene *Farmigea, Ital.*
⊗ Prednisolone sodium phosphate (p.1541·2); neomycin sulfate (p.305·1).
Infected eye disorders.

Solpres *Biotech, Venez.*
Quinapril hydrochloride (p.1382·2).
Heart failure; hypertension.

Solprin
Reckitt Benckiser, Austral.
Aspirin (p.20·3).
Fever; inhibition of platelet aggregation; pain.

Reckitt Benckiser, NZ.
Calcium aspirin (p.23·3).
Inflammation; pain.

Solsavit *Solfran, Mex.*
Vitamin B ; vitamin B (p.1922·1).
Anaemias; neuritis.

Soltacina *Solara, Mex.*
Indometacin (p.66·3).
Gout; inflammation; musculoskeletal, joint, periarticular, and soft-tissue disorders; pain.

Soltadol *Solara, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Soltamox *Rosemont, UK; Cytogen, USA.*
⊗ Tamoxifen citrate (p.772·3).
Anovulatory infertility; breast cancer.

Soltice *Oakhurst, USA.*
Methyl salicylate (p.85·3); camphor (p.2273·2); menthol (p.2340·1); eucalyptus oil (p.2301·2).
Muscle, joint, and soft-tissue pain; neuralgia.

Soltin *Oftalmi, Venez.*
⊗ Chlorphenamine maleate (p.571·3); naphazoline hydrochloride (p.1565·2).
Allergic conjunctivitis.

Soltric *ICN, Mex.†.*
Mebendazole (p.148·3).
Worm infections.

Soltrictor con Lagrifilm *Allergan, Mex.*
⊗ Naphazoline hydrochloride (p.1565·2); polyvinyl alcohol (p.2145·3).
Eye irritation.

Soltrim
Note.This name is used for preparations of different composition.
Bruluart, Mex.
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Almirall, Spain.
Sulfamethoxazole lysine (p.341·3); trimethoprim (p.355·2).
Bacterial infections; pneumocystis pneumonia.

Soltrimox *Richmond, Arg.*
Ceftriaxone (p.238·1).
Bacterial infections.

Solubacter *Boots Healthcare, Fr.*
Triclocarban (p.1665·2).
Disinfection of skin and mucous membranes.

Solubeol *Azevedos, Port.†.*
Cypress oil (p.2291·2); eucalyptus oil (p.2301·2); hyssop oil (p.2323·3); lavender oil (p.2331·2); pine silvestris oil (p.2368·2).
Respiratory-tract disorders.

Solubilax *Rafarm, Gr.*
Cefotaxime (p.229·1).
Bacterial infections.

Solu-Biloptin *Schering, UK†.*
Calcium iopodate (p.1484·3).
Contrast medium for biliary-tract radiography.

Solubitrat *Sanova, Austria.*
Birch leaf (p.2266·3); solidago virgaurea (p.2391·1); java tea (p.2328·2).
Urinary-tract disorders.

Solucao Aminon *JP, Braz.†.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Solucao Aminorin *JP, Braz.†.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Solucaps *Medix, Mex.*
⊗ Mazindol (p.2157·3).
Obesity.

Solucel
Note.This name is used for preparations of different composition.
Stiefel, Spain.
Benzoyl peroxide (p.1590·2).
Acne.

Sanofi-Aventis, Venez.
Colloidal infusion.
Extracorporeal circulation; plasma volume expansion.

Solu-Celestan *Aesca, Austria.*
⊗ Betamethasone disodium phosphate (p.1518·3).
Corticosteroid.

Solucer *Fortbenton, Arg.*
Trolamine polypeptide oleate-condensate (p.2405·1).
Ear wax removal.

Soluchrom *Cooperation Pharmaceutique, Fr.*
Merbromin sodium (p.1652·1).
Skin, burn and wound disinfection.

Solucion Detergente *Reccius, Chile.*
Sodium lauril ether sulfate (p.2138·3).

Solucion DP *Pisa, Mex.†.*
Glucose; sodium chloride; calcium chloride; magnesium chloride; sodium lactate (p.1670·3).
Peritoneal dialysis.

Solucion Fisio *Cinfa, Spain.*
Sodium chloride (p.1686·1).
Nasal congestion.

Solucion De Lugol *Volta, Chile†.*
Iodine (p.2169·2); sodium iodide (p.2169·2).
Disinfection.

Solucion Oral *Naf, Arg.*
Electrolytes (p.1667·1); xylitol (p.1998·2); hypromellose (p.2144·2).
Dry mouth.

Solucion Schoum *Expanscience, Spain.*
Boldo (p.2267·2); fumitory (p.2307·2); hamamelis (p.2318·2); melissa (p.2339·3); rhubarb (p.1768·3); piscidia (p.2328·1); peppermint oil (p.1761·2); hydrastis (p.2321·3); ethyl alcohol; glycerol.
Hepatobiliary disorders.

Solucis *Pharma-Marketing, Hung.; Aesculapius, Ital.*
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

Soluclear *Vivax Optipharm, Venez.*
⊗ Pheniramine maleate (p.587·3); naphazoline hydrochloride (p.1565·2).
Inflammatory eye disorders.

Solu-Cortef *Pfizer, Austral.; Pfizer, Belg.; Pharmacia, Braz.†; Pfizer, Canad.; Pfizer, Chile; Pharmacia, Cz.†; Pfizer, Denm.; Pfizer, Fin.; Pfizer, Gr.; Pfizer, Hong Kong; Pfizer, Hung.; Pfizer, Irl.; Pharmacia, Israel; Pharmacia, Ital.; Pfizer, Malaysia; Pharmacia, NZ; Pfizer, Neth.; Pfizer, Norw.; Pfizer, Philipp.; Pfizer, Port.; Pfizer, Rus.†; Pharmacia, S.Afr.; Pfizer, Singapore; Pfizer, Swed.; Pfizer, Switz.; Pfizer, Thai.; Pharmacia, UK; Upjohn, USA; Pfizer, Venez.*
⊗ Hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Solu-Crom *Sabex, Canad.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis.

Solu-Dacortin *Merck, Austria.*
⊗ Prednisolone sodium succinate (p.1541·2).
Corticosteroid.

Soludacortin *Bracco, Ital.†.*
⊗ Prednisolone sodium succinate (p.1541·2).
Corticosteroid.

Solu-Dacortina *Merck, Port.*
⊗ Prednisolone sodium succinate (p.1541·2).
Corticosteroid.

Solu-Dacortine *Merck, Belg.†; Merck, Switz.†.*
⊗ Prednisolone sodium succinate (p.1541·2).
Corticosteroid.

Soludactone *Pfizer, Fr.*
⊗ Potassium canrenoate (p.1374·1).
Ascites; hyperaldosteronism; hypokalaemia; oedema.

Soludamin *Kleva, Gr.*
Levocarnitine (p.1932·2).
Carnitine deficiency; myocardial ischaemia.

Solu-Decortin H *Merck, Cz.†; Merck, Ger.*
⊗ Prednisolone sodium succinate (p.1541·2).
Corticosteroid.

Soluderme *Schering-Plough, Port.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Soludor *Lehning, Fr.*
Homoeopathic preparation.

Soludril Antiussivum *Pierre Fabre, Belg.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Soludril Expectorans *Pierre Fabre, Belg.*
Carbocisteine (p.1553·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Solufen *Winthrop, Fr.; Azevedos, Port.*
Ibuprofen (p.64·2).
Fever; pain.

Solufilina *BOI, Spain.*
Etamiphylline hydrochloride (p.1120·3).
Angina pectoris; heart failure; myocardial infarction; obstructive airways disease.

Solufos *Busto, Spain.*
Fosfomycin calcium (p.278·2) or fosfomycin sodium (p.278·2).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Solugastril *Pfizer, Austria; Pfizer Consumer, Ger.*
Aluminium hydroxide (p.1706·2); calcium carbonate (p.1714·1).
Duodenitis; dyspepsia; gastritis; gastro-oesophageal reflux; peptic ulcer.

Solugel
Note.This name is used for preparations of different composition.
Stiefel, Arg.; Stiefel, Braz.; Stiefel, Canad.; Stiefel, Chile; Stiefel, Mex.; Stiefel, Venez.†.
Benzoyl peroxide (p.1590·2).
Acne.

Johnson & Johnson, Austral.
Hydrogel dressing.
Burns; wounds.

Solu-Hex *Intra, Venez.*
Hexachlorophene (p.1646·1).
Disinfection.

Solukapton *Strallhofer, Austria.*
Aspirin (p.20·3); caffeine (p.1116·3).
Fever; pain.

Solulexin *Duopharma, Hong Kong.*
Cefalexin (p.218·2).
Bacterial infections.

Solulip *Pharmanik (Φαρμανικ), Gr.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Solum Ol *Wala, Ger.*
Aesculus (p.2248·2); equisetum (p.2299·3); lavender oil (p.2331·2); solum uliginosum.
Musculoskeletal and joint disorders; neuralgia.

Solumag
Note.This name is used for preparations of different composition.
Kolassa, Austria; Boehringer Ingelheim, Fr.†; Intermed, Gr.; Geymonat, Ital.
Magnesium pidolate (p.1679·3).
Anxiety related hyperventilation; dysmenorrhoea; eclampsia and other obstetric disorders; magnesium deficiency; nervous hyperexcitability associated with magnesium deficiency; premature labour.

Hexal, S.Afr.
Magnesium oxide (p.1744·1).
Magnesium deficiency.

Solu-Medrol
Pfizer, Arg.; Pfizer, Austral.; Pfizer, Austria; Pfizer, Belg.; Pfizer, Braz.; Pfizer, Canad.; Pfizer, Chile; Pfizer, Cz.; Pfizer, Denm.; Pfizer, Fin.; Pfizer, Hong Kong; Pfizer, Hung.; Pharmacia, India; Pfizer, Indon.; Pharmacia, Israel; Pharmacia, Ital.; Pfizer, Malaysia; Pfizer, Mex.; Pfizer, NZ; Pfizer, Neth.; Pfizer, Norw.; Pfizer, Philipp.; Pfizer, Pol.; Pfizer, Port.; Pfizer, Rus.; Pharmacia, S.Afr.; Pfizer, Singapore; Pfizer, Swed.; Pfizer, Switz.; Pfizer, Thai.; Pfizer, USA; Pfizer, Venez.
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Pfizer, Fr.
⊗ Methylprednisolone hydrogen succinate (p.1538·2).
Corticosteroid.

Pfizer, Gr.
⊗ Methylprednisolone hydrogen succinate (p.1538·2) or methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Solu-Medrone *Pharmacia, Irl.; Pfizer, UK.*
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Solumerin *Ariston, Arg.*
Benzethonium chloride (p.1630·1); tyrothricin (p.358·2); cetylpyridinium chloride (p.1635·1); butimerin.
Burns; mouth disorders; skin infections; ulcers; wounds.

Solumidazol *Diba, Mex.*
Metronidazole (p.837·1) or metronidazole benzoate (p.837·1).
Amoebiasis; giardiasis; trichomoniasis.

Solu-Moderin *Pfizer, Spain.*
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Solumol *C & M, USA.*
Vehicle for topical preparations.

Soluna *Elea, Arg.*
Quinestrol (p.2128·1); etynodiol diacetate (p.2103·2).
Combined oral contraceptive; dysmenorrhoea.

Solunac *Systopic, India.*
Diclofenac (p.44·2).
Gout; musculoskeletal and joint disorders.

Solunovar Compuesto *Vincenti, Venez.*
Benzydamine hydrochloride (p.27·3); cetylpyridinium chloride (p.1635·1).
Mouth disorders.

Solupen N *Winzer, Ger.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Rhinitis; sinusitis.

Solupred
Note.This name is used for preparations of different composition.
Ingens, Arg.
⊗ Prednisolone (p.1540·3); phenylephrine (p.1568·1).
Eye disorders.

Sanofi-Aventis, Fr.
⊗ Prednisolone metasulfobenzoate sodium (p.1541·1).
Corticosteroid.

Solu-Pred
Note. A similar name is used for preparations of different composition (see above).
Cellofarm, Braz.†.
⊗ Methylprednisolone (p.1538·1).
Corticosteroid.

Solupren *Bergamo, Braz.*
⊗ Methylprednisolone sodium succinate (p.1538·2).
Corticosteroid.

Soluprick *ALK, Port.*
Histamine hydrochloride (p.2319·2) (p.2250·2).
Diagnosis of hypersensitivity.

Soluprick SQ *ALK, Cz.; ALK, Denm.; ALK, Fin.; ALK, Neth.; ALK, Swed.*
Allergen extracts (p.2250·2).
Diagnosis of hypersensitivity.

Solural *Antibioticos, Mex.*
Sodium chloride; potassium chloride; calcium chloride; magnesium chloride; sodium lactate; glucose (p.1672·2).
Oral rehydration therapy.

Solurex *Hyrex, USA†.*
⊗ Dexamethasone acetate (p.1526·1) or dexamethasone sodium phosphate (p.1526·2).
Corticosteroid.

Soluric *Unipharma, Gr.*
Allopurinol (p.552·2).
Gout; hyperuricaemia associated with cancer chemotherapy; kidney stones.

Solurin *JP, Braz.†.*
Electrolytes (p.1670·3).
Haemodialysis solution.

Solurrinol *Teofarma, Spain.*
Potassium chlorate (p.2371·3); sodium bicarbonate (p.1673·2); sodium chloride (p.1686·1).
Nasal congestion.

Solus *Lifeplan, UK.*
Multivitamin, mineral, and nutritional preparation (p.1922·1).

Solusprin *Bioresearch, Spain†.*
Lysine aspirin (p.79·1).
Fever; musculoskeletal, joint and peri-articular disorders; pain; thromboembolism prophylaxis.

Soluston *Rafa, Israel†.*
Chenodeoxycholic acid (p.2280·1).
Cholesterol gallstones.

Solustrep
Note.This name is used for preparations of different composition.
Bergamo, Braz.
Streptokinase (p.1402·3).
Thromboembolic disorders.

Caps, S.Afr.
Streptomycin sulfate (p.333·3).
Tuberculosis.

Solustres *Finadiet, Arg.*
Tetracycline hydrochloride (p.347·2); papain (p.2362·3).
Bacterial infections.

Solutan
Note.This name is used for preparations of different composition.
Galena, Cz.†.
⊗ Ephedrine hydrochloride (p.1558·2); tolu balsam (p.1574·2); sodium iodide (p.2169·2); fennel oil (p.2303·1); procaine hydrochloride (p.1869·1); hyoscyamine (p.1736·1); quillaia saponin (p.1920·1); bitter almond.
Obstructive airways disease.

Galena, Rus.
⊗ Belladonna (p.2263·3); dill oil (p.2293·3); saponin (p.1920·1); procaine hydrochloride (p.1869·1); ephedrine hydrochloride (p.1558·2); sodium iodide (p.2169·2); tolu balsam (p.1574·2); bitter almond water.

Soluteb *Mentiterm, Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

Solutina *Alcon, Mex.*
⊗ Pheniramine maleate (p.587·3); naphazoline hydrochloride (p.1565·2).
Conjunctivitis.

Solutio Cordes *Ichthyol, Ger.*
Ictasol (p.1599·1).
Scalp disorders.

Solutio Cordes Dexa N *Ichthyol, Ger.*
⊗ Dexamethasone (p.1526·1).
Scalp disorders.

Solutio Thomas cum Procaino *Ardeapharma, Cz.*
Magnesium chloride (p.1679·1); potassium chloride (p.1684·3); procaine hydrochloride (p.1869·1).
Cardioplegia.

Solution Antiseptique Stella *Lohmann, Belg.†.*
⊗ Alcohol (p.1625·2); ether (p.2023·2).
Skin and instrument disinfection.

Solution Stago Diluee *Pharmadeveloppement, Fr.*
Boldo (p.2267·2); chamomile (p.2279·3); kinkeliba (p.2329·2); solidago (p.2391·1).
Digestive disorders.

Solutrast *Altana, Ger.*
Iopamidol (p.1483·3).
Radiographic contrast medium.

Solutrat *Sandoz, Arg.*
Ursodeoxycholic acid (p.2408·1).
Gallstones.

Solutricine Expectorant *Sanofi-Aventis, Fr.†.*
Carbocisteine (p.1553·2).
Respiratory-tract congestion.

Solutricine Maux de Gorge
Note.This name is used for preparations of different composition.
Sanofi-Aventis, Fr.
Lozenges: Tetracaine hydrochloride (p.1871·3).
Formerly contained tyrothricin and tetracaine hydrochloride.
Mouth and throat disorders.

Sanofi-Aventis, Fr.
Pastilles: Biclotymol (p.1632·1).
Formerly known as Solutricine Vitamine C and contained tyrothricin and ascorbic acid.
Mouth and throat infections.

Sanofi-Aventis, Fr.
Throat spray: Tetracaine hydrochloride (p.1871·3); hexamidine isetionate (p.1646·3).
Mouth and throat disorders.

Soluver *Dermtek, Canad.*
Salicylic acid (p.1612·2).
Verrucas.

Soluver Plus *Dermtek, Canad.*
Salicylic acid (p.1612·2).
Warts.

Soluvit *Fresenius Kabi, Denm.; Fresenius Kabi, Fin.; Fresenius Kabi, Fr.; Fresenius Kabi, Gr.; Fresenius Kabi, Ital.; Fresenius Kabi, Norw.; Fresenius Kabi, S.Afr.; Fresenius Kabi, Spain; Fresenius Kabi, Swed.; Spefar, Venez.*
Multivitamin preparation (p.1922·1).
Parenteral nutrition.

Soluvit N *Fresenius Kabi, Chile; Fresenius Kabi, Cz.; Baxter, Ger.; Fresenius Kabi, Hong Kong; Fresenius Kabi, Hung.; Pharmacia Upjohn,*

Israel; Fresenius Kabi, Malaysia; Fresenius Kabi, NZ; Fresenius Kabi, Neth.; Fresenius Kabi, Pol.; Fresenius Kabi, Port.; Fresenius Kabi, Singapore†; Fresenius Kabi, Switz.; Fresenius Kabi, Thai.; Fresenius Kabi, Turk.
Multivitamin preparation (p.1922·1).
Parenteral nutrition.

Soluvit Neu *Fresenius Kabi, Austria.*
Multivitamin preparation (p.1922·1).
Parenteral nutrition.

Soluvit Novum *Fresenius, Belg.*
Multivitamin preparation (p.1922·1).
Parenteral nutrition.

Soluvite *Pharmics, USA.*
Multivitamin preparation with fluoride (p.1962·2)(p.1922·1).
Dental caries prophylaxis; dietary supplement.

Solu-Volon A *Dermapharm, Austria.*
⊗ Triamcinolone acetonide dipotassium phosphate (p.1545·1).
Corticosteroid.

Soluwax *Hoe, Malaysia; Hoe, Singapore.*
Docusate sodium (p.1725·1).
Ear wax removal.

Soluzione Darrow *Diaco, Ital.*
Electrolyte infusion (p.1667·1).
Infantile diarrhoea.

Soluzione Schoum *Sanofi-Aventis, Ital.*
Fumitory (p.2307·2); ononis (p.2357·1); piscidia (p.2328·1).
Painful spasm of the urinary and biliary tracts.

Soluzyme *Lupin, India.*
Trypsin (p.2405·3); chymotrypsin (p.2281·3).
Inflammation; oedema.

Solv-Ac T *Acemed, Hung.†.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Solvanol *Medipharm, Chile.*
⊗ Clobutinol hydrochloride (p.1554·1); orciprenaline sulfate (p.1129·1); ammonium chloride (p.1551·3).
Coughs.

Solvazinc *Provalis, Irl.; koGen, UK.*
Zinc sulfate (p.1999·2).
Zinc deficiency.

Solve Dandruff *Redken, Canad.*
Pyrithione zinc (p.1611·2).
Scalp disorders.

SolvEasy *Ego, Austral.*
Terbinafine hydrochloride (p.546·3).
Fungal skin infections.

Solvente Indoloro *Fada, Arg.; Monserrat, Arg.; Northia, Arg.; Veinfar, Arg.*
Lidocaine (p.1862·3) or lidocaine hydrochloride (p.1862·3).
Pain during injection.

Solvertyl *ICN, Pol.*
Ranitidine (p.1766·1).
Acid aspiration; excess gastric acidity; peptic ulcer.

Solvetan *GSK, Gr.*
Ceftazidime (p.234·1).
Bacterial infections.

Solvex
Note.This name is used for preparations of different composition.
Merz, Ger.
Reboxetine mesilate (p.420·3).
Depression.

Teva, Israel.
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract congestion.

Solvex Liquido Fungicida *Schering, Arg.†.*
Benzoic acid (p.1630·2); salicylic acid (p.1612·2); chlorothymol (p.1640·1).
Fungal skin infections.

Solvezink *AstraZeneca, Ger.†; Stern, Ger.†; AstraZeneca, Norw.; AstraZeneca, Swed.*
Zinc sulfate (p.1999·2).
Acne; acrodermatitis enteropathica; ulcers; wounds; zinc deficiency.

Solviflu *Boots Healthcare, Ital.*
Ibuprofen (p.64·2); pseudoephedrine hydrochloride (p.1571·2).
Cold and influenza symptoms.

Solvin
Note.This name is used for preparations of different composition.
Mexin, India.
Bromhexine hydrochloride (p.1552·2); phenylpropanolamine hydrochloride (p.1569·3).
Formerly contained bromhexine hydrochloride and pseudoephedrine hydrochloride.
Cold symptoms, cough; sinusitis.

Loren, Mex.†.
Povidone-iodine (p.1659·2).
Oral hygiene; skin disinfection.

Solvinex *Meprofarm, Indon.*
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders.

Solving *MDM, Ital.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Solvipect *Nycomed, Norw.*
Guaifenesin (p.1561·3); liquorice (p.1740·3).
Coughs.

Solvipect comp *Nycomed, Norw.*
Guaifenesin (p.1561·3); liquorice (p.1740·3); ethylmorphine hydrochloride (p.52·2).
Coughs.

Solvisol *Solfran, Mex.*
Multivitamin preparation (p.1922·1).

Solvita Baby *Solas, Indon.*
Vitamins; lysine hydrochloride; sodium fluoride; docosahexaenoic acid; omega-3; omega-6 (p.1922·1).
Nutritional supplement.

Solvita Plus *Solas, Indon.*
Vitamins; lysine hydrochloride; calcium pantothenate; calcium gluconate (p.1922·1).
Vitamin and calcium supplement.

Solvium *Chefaro, Port.; Chefaro, Spain.*
Ibuprofen (p.64·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Solvobil
Note.This name is used for preparations of different composition.
Farmasa, Braz.
Cynara (p.2291·2); boldo (p.2267·2); cascara (p.1715·2); belladonna (p.2263·3); peppermint leaf (p.1761·2); juniper oil (p.2328·3).
Liver disorders.

Silesia, Chile.
Ursodeoxycholic acid (p.2408·1).
Gallstones.

Recordati, Ital.
Sodium cholate (p.2266·3); nicotinamide (p.1957·3); boldo (p.2267·2); cascara (p.1715·2).
Constipation.

Solvolan *KRKA, Cz.; KRKA, Hung.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with increased or viscous mucus.

Solvolin *Drossapharm, Switz.*
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders with viscous mucus.

Solvopret
Note.This name is used for preparations of different composition.
Bionorica, Austria.
Gentian (p.2310·3); primula flower (p.2372·2); rumex (p.2391·1); sambucus (p.2383·1); verbena.
Catarrh.

Bionorica, Thai.; Pharmalink, Thai.
Thyme (p.2401·1); ivy (p.2328·1).
Bronchitis.

Solvopret TP *Bionorica, Thai.; Pharmalink, Thai.*
Thyme (p.2401·1); primrose root (p.2372·2).
Bronchitis.

Solvoxine *Solvang, Philipp.*
Oxytocin (p.2015·2).
Labour induction; lactation promotion; missed abortion; postpartum bleeding.

Solyptol
Note.This name is used for preparations of different composition.
Faulding, Austral.†.
Cream: Benzalkonium chloride (p.1629·1); allantoin (p.1588·1).
Abrasions; burns; cuts; insect bites.

Faulding, Austral.†.
Soap: Triclosan (Irgasan) (p.1665·2).

Faulding, Austral.†.
Topical liquid: Pine oil (p.2368·2); chloroxylenol (p.1640·2).
Abrasions; cuts; insect bites.

Som *Satori, Fr.†.*
A range of nutritional supplements (p.1922·1).

Soma *Carter Horner, Canad.†; Wallace, USA.*
Carisoprodol (p.1894·1).
Musculoskeletal pain.

Soma Complex *Teofarma, Ital.†.*
Carisoprodol (p.1894·1); dipyrone (p.49·2).
Musculoskeletal and joint pain and spasm.

Soma Compound *Medpointe, USA†.*
Carisoprodol (p.1894·1); aspirin (p.20·3).
Musculoskeletal disorders.

Soma Compound with Codeine *Medpointe, USA†.*
Carisoprodol (p.1894·1); aspirin (p.20·3); codeine phosphate (p.37·2).
Musculoskeletal disorders.

Somabion *Medicus, Gr.*
Somatostatin acetate (p.1809·2).
Upper gastrointestinal tract haemorrhage.

Somac
Note.This name is used for preparations of different composition.
Altana, Austral.; Pfizer, Fin.; Pfizer, NZ; Altana, Norw.
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Belmac, Spain.
Citalopram hydrobromide (p.385·3).
Depression; obsessive-compulsive disorder; panic disorder.

Somacid *Collins, Mex.*
Carisoprodol (p.1894·1).
Skeletal muscle spasm.

Somac-MA *Altana, Austral.*
Tablets, pantoprazole sodium (Somac) (p.1760·1); capsules, amoxicillin trihydrate (Amoxil) (p.202·2); tablets, metronidazole (Flagyl) (p.837·1).
Peptic ulcer.

Somadril *Alpharma, Denm.†; Alpharma, Norw.†; Alpharma, Swed.†.*
Carisoprodol (p.1894·1).
Pain; skeletal muscle spasm.

Somadril Comp *Alpharma, Fin.†; Alpharma, Swed.†.*
Carisoprodol (p.1894·1); paracetamol (p.108·1); caffeine (p.1116·3).
Musculoskeletal and joint disorders; pain.

Somadril Compound *Actavis, Indon.*
Carisoprodol (p.1894·1); paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

Somaflam *Wallace, India.*
Carisoprodol (p.1894·1); ibuprofen (p.64·2).
Inflammation; pain; skeletal muscle spasm.

Somaflex *Cosmopharm, Gr.†.*
Etidronate disodium (p.1097·1).
Osteoporosis; Paget's disease of bone.

Somagerol *Riemser, Ger.*
Lorazepam (p.1004·1).
Anxiety disorders; premedication; sleep disorders.

Somalgen *Bago, Arg.*
Talniflumate (p.1573·2).
Inflammation.

Somalgesic *Church, Mex.*
Naproxen (p.92·3); carisoprodol (p.1894·1).
Musculoskeletal, joint, and peri-articular disorders.

Somalgin *Sigma, Braz.*
Aspirin (p.20·3).
Aluminium glycinate (p.1706·2) and magnesium carbonate (p.1743·1) are included in this preparation in an attempt to limit adverse effects on the gastrointestinal mucosa.
Fever; inflammation; pain; thrombosis prophylaxis.

Somalium *Ache, Braz.*
Bromazepam (p.964·3).
Anxiety; insomnia.

Somanol + Ethanol *Braun, Fin.*
⊗ Sorbitol (p.1965·1); mannitol (p.1330·2); alcohol (p.1625·2).
Urological irrigation.

Somapam *Pacific, NZ†.*
Temazepam (p.1030·1).
Insomnia; premedication.

Somaplus *Cazi, Braz.*
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety; epilepsy; insomnia; premedication; sedative; skeletal muscle spasm.

Somarexin *Lalco, Canad.*
Vitamin B substances and iron (p.1922·1).

Somarexin & C *Lalco, Canad.*
Vitamin B substances, vitamin C, calcium, and iron (p.1922·1).

Somargen *Vocate, Gr.*
Somatostatin (p.1809·1).

Somaritin *Anpharm (Ανφαρμ), Gr.*
Somatostatin (p.1809·1).

Somasedan *Quesada, Arg.*
Bromazepam (p.964·3); clebopride (p.1722·1); simeticone (p.1770·2).

Somastin
Faran, Gr.
Somatostatin (p.1809·1).
Upper gastrointestinal tract haemorrhage.

Serum Institute, India.
Somatostatin acetate (p.1809·2).
Diabetic ketoacidosis; gastrointestinal haemorrhage; pancreatic, biliary, and intestinal fistulae; postoperative complications following pancreatic surgery.

Somatin *Torrex, Austria; Torrex, Hung.†.*
Somatostatin acetate (p.1809·2).
Gastro-endocrine tumours; gastrointestinal haemorrhage; intestinal and pancreatic fistulae; prevention of complications following pancreatic surgery.

Somatolan *Lannacher, Austria.*
Somatostatin acetate (p.1809·2).
Gastrointestinal haemorrhage; prevention of complications following pancreatic surgery.

Somatoline *Manetti Roberts, Ital.*
Levothyroxine (p.2173·2); aescin (p.2248·2).
Adipose states with cellulite.

Somatosan *Dem, Turk.*
Somatostatin acetate (p.1809·2).
Gastrointestinal haemorrhage.

Somatran *Andromaco, Chile.*
Sumatriptan (p.625·2).
Migraine.

Somatrel *Ferring, Denm.†.*
⊗ Somatorelin acetate (p.1808·3).
Test for growth hormone deficiency.

Somatron *Volchem, Ital.*
-Arginine (p.1928·2); -ornithine (p.1959·2).
Nutritional supplement.

Somatrop *Biosintetica, Braz.*
⊗ Somatropin (p.1799·3).
Growth hormone deficiency.

Somatulina *Ipsen, Port.; Ipsen, Spain.*
Lanreotide acetate (p.1803·1).
Acromegaly; carcinoid syndrome; neuroendocrine tumours.

Somatuline *Sidus, Arg.; Ipsen, Austral.; Richter, Austria; Ipsen, Belg.; Biosintetica, Braz.†; Ipsen, Cz.; Ipsen, Fin.; Beaufour, Fr.; Ipsen, Ger.; Ipsen, Gr.; Beaufour-Ipsen, Hong Kong; Beaufour-Ipsen, Hung.; Ipsen, Irl.; Pharma Biotech, Israel; Ipsen, Neth.; Beaufour Ipsen, Pol.; Beaufour-Ipsen, Rus.; Beaufour-Ipsen, Singapore; Ipsen, Swed.; Ipsen, Switz.; Ipsen, UK; Tercica, USA.*
Lanreotide acetate (p.1803·1).
Acromegaly; carcinoid syndrome; carcinoid tumours; neuroendocrine tumours; thyrotrophic adenoma.

Somatyl *Teofarma, Ital.*
Betaine sodium aspartate (p.2265·2).
Digestive disorders.

Somavert *Pfizer, Arg.; Pfizer, Belg.; Pfizer, Braz.; Pfizer, Cz.; Pharmacia, Denm.; Pfizer, Fin.; Pfizer, Fr.; Pfizer, Ger.; Pfizer, Gr.; Pfizer, Irl.; Pfizer, Ital.; Pfizer, Neth.; Pfizer, Norw.; Pfizer, Port.; Pfizer, Spain; Pfizer, Swed.; Pfizer, UK; Pharmacia, USA.*
Pegvisomant (p.1807·1).
Acromegaly.

Somazina
Temis, Arg.; Ferrer-Novag, Mex.; CPH, Port.
Citicoline sodium (p.2283·3).
Cerebrovascular disorders.

Solvay, Braz.; Ferrer, Spain; Ferrer, Thai.; Leti, Venez.
Citicoline (p.2283·3).
Asthenia; cerebral ischaemia; head injury; mental function impairment; stroke.

Andromaco, Chile.
Citicoline (p.2283·3) or citicoline sodium (p.2283·3).
Cerebral oedema; cerebral trauma; cerebrovascular disorders; dyskinesia; mental function impairment; parkinsonism.

Somazine *Patriot, Philipp.*
Citicoline (p.2283·3).
Cerebral insufficiency.

Somergan *Elmor, Venez.*
Lindane (p.2045·3).
Pediculosis; scabies.

Somerol *Soho, Indon.*
⊗ Methylprednisolone (p.1538·1).
Corticosteroid.

Somese *Pfizer, Chile; Pfizer, Malaysia; Pfizer, Venez.*
Triazolam (p.1033·2).
Insomnia.

Somiaton *Serono, Spain†.*
Somatostatin acetate (p.1809·2).
Pancreatic fistulae; variceal haemorrhage.

Somidem *Alphapharm, Austral.; Duopharma, Malaysia.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Somin *YSP, Malaysia; Yung Shin, Singapore.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Sominex
Note.This name is used for preparations of different composition.
EMS, Braz.
Passion flower (p.2363·2); crataegus (p.2289·1); valerian (p.2410·1).
Sedative.

GSK Consumer, Canad.; SmithKline Beecham Consumer, USA.
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Prater, Chile.
Valerian (p.2410·1).
Sleep disorders.

Thornton & Ross, UK.
Promethazine hydrochloride (p.588·2).
Insomnia.

Sominex Herbal *Thornton & Ross, UK.*
Lupulus (p.2335·2); valerian (p.2410·1); passion flower (p.2363·2).
Insomnia.

Sominex Pain Relief *SmithKline Beecham Consumer, USA.*
Diphenhydramine hydrochloride (p.577·2); paracetamol (p.108·1).
Insomnia.

Somit *Gador, Arg.*
Zolpidem (p.1038·2).
Insomnia.

Somnal *Stada, Austria.*
Zopiclone (p.1039·1).
Insomnia.

Somnatrol *Abbott, Arg.†.*
Estazolam (p.995·1).
Insomnia.

Somnidoron *Weleda, Fr.*
Homoeopathic preparation.

Somnil
Note.This name is used for preparations of different composition.
Tecnofarma, Chile.
Zolpidem tartrate (p.1037·3).
Insomnia.

SA Druggists Self Med, S.Afr.
Doxylamine succinate (p.578·2).
Insomnia.

Somnipax *Bago, Chile†.*
Zaleplon (p.1035·3).
Sleep disorders.

Somnipron *Sanitas, Chile.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Somnite *Norgine, Irl.†; Norgine, UK.*
Nitrazepam (p.1011·2).
Insomnia.

Somnium *Fresenius Kabi, Austria†; Vifor, Switz.*
Lorazepam (p.1004·1); diphenhydramine hydrochloride (p.577·2).
Sleep disorders.

Somno *Saval, Chile.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Somnol *Grindeks, Hung.; Grindex, Rus.*
Zopiclone (p.1039·1).
Insomnia.

† This preparation may no longer be actively marketed
⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Somnor *Orion, Fin.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Somnosan *Hormosan, Ger.*
Zopiclone (p.1039·1).
Sleep disorders.

Somnote *Breckenridge, USA.*
Cloral hydrate (p.979·1).
Sedative.

Somnovit *Teofarma, Spain.*
Loprazolam (p.1003·3).
Insomnia.

Somnubene *Ratiopharm, Austria.*
Flunitrazepam (p.996·2).
Sleep disorders.

Somnuvis S *Truw, Ger.†.*
Valerian (p.2410·1); lupulus (p.2335·2); passion flower (p.2363·2); kava (p.2328·3).
Nervous disorders; sleep disorders.

Somnwell *Huntley, UK.*
Cloral betaine (p.979·1).
Insomnia.

Somoblon *Vannier, Arg.†.*
Codergocrine mesilate (p.363·3).
Cerebrovascular disorders.

Somol *Maver, Chile.*
Diphenhydramine hydrochloride (p.577·2).
Insomnia.

Somonal *Juste, Spain.*
Somatostatin acetate (p.1809·2).
Pancreatic fistulae; variceal haemorrhage.

Sompraz *Sun, India.*
Esomeprazole (p.1729·3).
Gastro-oesophageal reflux; peptic ulcer.

Somsanit *Kohler, Ger.*
Sodium oxybate (p.1794·2).
General anaesthesia.

Sonadryl *Allergan, Arg.*
Pilocarpine nitrate (p.1884·3).
Glaucoma; ocular hypertension.

Sonalent *Aledicine, Gr.*
Azelaic acid (p.1589·3).
Acne.

Sonap *Sriprasit, Thai.*
Naproxen sodium (p.92·3).
Gout; musculoskeletal, joint, and peri-articular disorders; pain.

Sonapax *Jelfa, Rus.*
Thioridazine (p.1031·2).

Sonata *Wyeth Lederle, Austria; Wyeth, Belg.; Wyeth, Braz.; Wyeth, Cz.; Wyeth, Denm.; Wyeth, Fin.; Wyeth, Ger.; Wyeth, Gr.; Wyeth, Hung.; Wyeth, Irl.; Wyeth Lederle, Ital.; Wyeth, Mex.†; Wyeth, Neth.; Meda, Port.; Biohorm, Spain; Wyeth, Swed.; Wyeth, Switz.; Wyeth, UK†; King, USA.*
Zaleplon (p.1035·3).
Insomnia.

Sondalis *Nestle, Fr.; Nestle Clinical, Irl.; Nestle, Ital.†; Nestle, UK†.*
A range of preparations for enteral nutrition (p.1922·1).
Now known as Clinutren Junior in the *UK*.

Sondex-Of *Sons, Mex.*
⊗ Neomycin sulfate (p.305·1); dexamethasone sodium phosphate (p.1526·2).
Infected eye disorders.

Sondinal *Zuoz, Venez.†.*
Phenylephrine (p.1568·1); carbinoxamine (p.570·2).

Sone *Fawns & McAllan, Austral.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Sonebon *Sigma, Braz.*
Nitrazepam (p.1011·2).
Epilepsy; insomnia.

Soneriper *Pharmasant, Thai.*
Tolperisone hydrochloride (p.1899·3).
Obliterative vascular disorders; parkinsonism; skeletal muscle spasm.

Soneryl *Concord, UK.*
Butobarbital (p.967·2).
Insomnia.

Sonexa-C *Aristopharma, Hong Kong.*
⊗ Chloramphenicol (p.239·3); dexamethasone sodium phosphate (p.1526·2).
Bacterial eye infections with inflammation.

Songar *Valeas, Ital.*
Triazolam (p.1033·2).
Insomnia.

Songha *Kwizda, Austria; Boehringer Ingelheim, Belg.; Boehringer Ingelheim, Port.†.*
Valerian (p.2410·1); melissa (p.2339·3).
Anxiety disorders; insomnia; nervous disorders.

Songha Night *Pharmaton, Cz.†; Pharmaton, Israel; Pharmaton, Switz.*
Valerian (p.2410·1); melissa (p.2339·3).
Insomnia; nervous disorders.

Sonhare *Boehringer Ingelheim, Braz.*
Valerian (p.2410·1); melissa (p.2339·3).
Sedative.

Sonicor *GMP, Indon.*
⊗ Methylprednisolone (p.1538·1).
Oral corticosteroid.

Sonicur *Solvay, Spain.*
Anethole trithione (p.2258·1).
Dry mouth.

Sonidal *Alet, Gr.*
⊗ Budesonide (p.1520·1).
Skin disorders.

Sonidar *Julphar, UAE.*
⊗ Budesonide (p.1520·1).
Asthma.

Sonide *Gufic, India.*
Sodium nitroprusside (p.1397·1).
Hypertension; mitral regurgitation.

Sonifilan *Kaken, Jpn.*
Sizofiran (p.770·2).
Radiotherapy enhancement for uterine cervical cancer.

Sonigen *GMP, Indon.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1).
Infected skin disorders.

Sonin
Note. This name is used for preparations of different composition.
Sinterapico, Braz.†.
Pimethixene maleate (p.588·1).
Respiratory-tract disorders in children.

Merck, Ger.
Loprazolam (p.1003·3).
Sleep disorders.

Sonnenbrandspray *Jacoby, Austria.*
Homoeopathic preparation.

Sonodor *Vitafarma, Spain.*
Diphenhydramine hydrochloride (p.577·2).
Hypersensitivity reactions; insomnia.

Sonofit *Arkochim, Spain†.*
Crataegus (p.2289·1); eschscholtzia californica; passion flower (p.2363·2).
Insomnia; nervous disorders.

Sonol *Elanda, Pol.*
Menthol (p.2340·1); salicylic acid (p.1612·2); thymol (p.1664·3).
Herpesvirus infections.

Sonoprel *Makiz-Pharma, Rus.*
⊗ Tablets, indapamide (p.1314·1); tablets, cilazapril (p.1244·3).
Hypertension.

Sonoripan *Marjan, Braz.*
Valerian (p.2410·1).
Sedative.

SonoRx *Bracco, USA.*
Simeticone coated cellulose (p.1770·2).
Adjunct in ultrasound imaging.

SonoVue *Bracco, Austria; Altana, Belg.; Bracco, Cz.; Bracco, Denm.; Astra Tech, Fin.; Altana, Fr.; Gerolymatos, Gr.; Bracco, Ital.; Bracco, Neth.; Bracco, Norw.; Bracco, Port.; Astra Tech, Swed.; Bracco, Switz.; Bracco, UK.*
Sulfur hexafluoride (p.1489·1).
Ultrasound contrast medium.

Sonridor *GSK, Braz.*
Paracetamol (p.108·1).
Fever; pain.

Sonridor Caf *GSK, Braz.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

Sonrisal *GSK, Braz.*
Aspirin (p.20·3); sodium carbonate anhydrous (p.2389·1); sodium bicarbonate (p.1673·2); citric acid (p.2284·1).
Dyspepsia; pain.

Sons *Sons, Mex.*
Difenidol (p.1723·2).
Nausea and vomiting.

Sons Piral *Sons, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Sons Vit *Sons, Mex.*
Multivitamin preparation (p.1922·1).

Soolan *Julphar, UAE.*
Chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); guaifenesin (p.1561·3).
Coughs and cold symptoms.

Soorphenesin *Kade, Ger.†.*
Chlorphenesin (p.529·2).
Fungal and bacterial infections of the vagina.

Sootha *Nelson, UK.*
Homoeopathic preparation.

Soothaderm *Pharmakon, USA.*
Mepyramine maleate (p.585·2); benzocaine (p.1854·1); zinc oxide (p.1621·2).
Pruritus.

Soothake Toothache Gel *Ransom, UK.*
Clove oil (p.2285·1).
Toothache.

Soothake Toothache Tincture *Pickles, UK.*
Clove oil (p.2285·1); lidocaine (p.1862·3).

Soothe *Alimera, USA.*
Polysorbate 80 (p.1919·2); Restoryl (Drakeol-15 and Drakeol-35).
Dry eyes.

Soothe Aid *Zee, Canad.*
Hexylresorcinol (p.1647·1).

Soothe & Cool *Medline, USA.*
Dimeticone (p.2032·1); zinc oxide (p.1621·2).
Nappy rash.

Soothe XP *Bausch & Lomb, USA.*
Liquid paraffin (p.2030·3); light liquid paraffin (p.2031·1); polysorbate 80 (p.1919·2).
Dry eyes.

Soothelip *Bayer, Irl.†; Bayer Consumer, UK.*
Aciclovir (p.862·3).
Herpes labialis.

Soothe'n Heal *Mentholatum, Austral.*
Hydrous wool fat (p.2033·3); glycerol (p.2314·2); benzyl alcohol (p.1631·3).
Dry skin.

Soothers Triple Action *Ernest Jackson, UK.*
Hexylresorcinol (p.1647·1).
Sore throat.

Soothex *Jamieson, Canad.†.*
Allantoin (p.1588·1).

Soothing Eye Wash *Bausch & Lomb, Philipp.*
Boric acid (p.2268·1); borax (p.2268·1); sodium chloride (p.1686·1).
Eye irritation; eye wash.

Soothing Ice Rub *Scott, Canad.*
Menthol (p.2340·1).

Soothol *Ayrton, UK.*
Cajuput oil (p.2271·2); rosemary oil (p.2381·3); arachis oil (p.2259·1).
Ear wax removal.

Soov Bite *Ego, Austral.; Ego, Hong Kong; Ego, Malaysia; Ego, NZ; Ego, Singapore.*
Lidocaine hydrochloride (p.1862·3); cetrimide (p.1634·1); menthol (p.2340·1).
Insect bites; pruritus; stings.

Soov Burn *Ego, Austral.; Ego, NZ.*
Lidocaine hydrochloride (p.1862·3); cetrimide (p.1634·1).
Minor burns; minor cuts; sunburn.

Soov Cream *Ego, Austral.; Ego, Hong Kong; Ego, NZ; Ego, Singapore.*
Lidocaine hydrochloride (p.1862·3); cetrimide (p.1634·1); chlorhexidine gluconate (p.1635·3).
Abrasions; burns; haemorrhoids; sunburn.

Soov Gel *Ego, NZ.*
Lidocaine hydrochloride (p.1862·3); cetrimide (p.1634·1).
Insect bites; stings.

Soov Prickly Heat
Ego, Austral.; Ego, Singapore†.
Salicylic acid (p.1612·2); zinc oxide (p.1621·2); light liquid paraffin (p.2031·1).
Heat rash.

Ego, Hong Kong; Ego, Malaysia†.
Salicylic acid (p.1612·2); zinc oxide (p.1621·2); liquid paraffin (p.2030·3).
Heat rash.

Sopain-Plus *Medichrom, Gr.*
Muramidase (p.2348·1); papain (p.2362·3); bacitracin (p.210·3).
Oral antiseptic.

Sopa-K *Pharmanik (Φαρμανικ), Gr.*
Potassium gluconate (p.1684·3).
Hypokalaemia; potassium depletion.

Sopalamin 3B *Melisana, Belg.; Farmanic, Gr.*
Vitamin B substances (p.1922·1).
Alcoholism; neurogenic pain; vitamin B deficiency.

Sopalamine 3B *Technilab, Canad.†.*
Vitamin B substances (p.1922·1).
Vitamin B deficiency.

Sopalamine 3B Plus C *Technilab, Canad.†.*
Multivitamin preparation (p.1922·1).

Sopax *Zimaia, Port.*
Nordazepam (p.1012·1).
Anxiety.

Sopental *Continental Ethicals, S.Afr.*
Pentobarbital sodium (p.1016·1).
Insomnia; sedative.

Sophidone *BMS, Fr.*
⊗ Hydromorphone hydrochloride (p.63·2).
Pain.

Sophipren *Sophia, Mex.; Elmor, Venez.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory eye disorders.

Sophivir *Sophia, Mex.*
Aciclovir (p.862·3).
Herpes simplex keratitis.

Sophixin *Sophia, Mex.; Elmor, Venez.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial eye infections.

Sophtal
Note. This name is used for preparations of different composition.
Alcon, Fr.
Eye drops: Salicylic acid (p.1612·2).
Eye irritation.

Alcon, Fr.
Eye lotion: Salicylic acid (p.1612·2); borax (p.2268·1); rose water.
Eye irritation.

Sophtal-POS N *Ursapharm, Cz.; Ursapharm, Ger.*
Salicylic acid (p.1612·2).
Eye irritation; inflammatory eye disorders.

Sopirom *Soho, Indon.*
Cefpirome (p.231·3).
Bacterial infections.

Sopodorm *ICN, Pol.*
Midazolam (p.1007·3).
General anaesthesia; premedication; sedation in artificially ventilated patients.

Sopolcort N *Jelfa, Rus.*
⊗ Hydrocortisone hydrogen succinate (p.1535·3).
Corticosteroid.

Soporin *Herbamed, Switz.*
Valerian (p.2410·1); passion flower (p.2363·2); lupulus (p.2335·2); melissa (p.2339·3).
Sleep disorders.

Sopral *Sopharma, Rus.†.*
Omeprazole (p.1753·1).

Sopralan *Mersifarma, Indon.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Sopras *UCB, Neth.; UCB, Spain.*
Levocetirizine hydrochloride (p.583·2).
Allergic conjunctivitis; allergic rhinitis; urticaria.

Soprazon *Kleva, Gr.*
Itraconazole (p.536·3).
Fungal infections.

Soprol *Wyeth Lederle, Fr.†; Helsinn Birex, Irl.*
⊗ Bisoprolol fumarate (p.1234·1).
Angina pectoris; hypertension.

Soprost *Soho, Indon.*
Saw palmetto (p.2192·3); cucurbita (p.2290·2); zinc picolinate (p.2001·1).
Benign prostatic hyperplasia.

Soproxen *Berlin Pharm, Singapore; Berlin Pharm, Thai.*
Naproxen sodium (p.92·3).
Gout; musculoskeletal, joint, and soft-tissue inflammation; pain.

Sopulmin *Scharper, Ital.*
Sobrerol (p.1572·3).
Respiratory-tract disorders.

Soquette *Barnes Hind, Arg.*
Polyvinyl alcohol (p.2145·3); benzalkonium chloride (p.1629·1) (p.1622·2).
Wetting and storage solution for contact lenses.

Soraderm *Stafford-Miller, Norw.†.*
Coal tar (p.1616·2).
Psoriasis; seborrhoeic dermatitis.

Soragel *ICM, Singapore.*
Choline salicylate (p.36·3); cetylpyridinium chloride (p.1635·1).
Denture irritation; mouth disorders; teething.

Soral *Help, Gr.*
Tenoxicam (p.128·2).
Gout; inflammation; osteoarthritis; pain; rheumatoid arthritis; spondyloarthropathies.

Soramin *Darrow, Braz.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Sorbalgon *Hartmann, Fr.*
Calcium alginate (p.1058·1).
Ulcers; wounds.

Sorbangil *Pfizer, Norw.; Pfizer, Swed.*
Isosorbide dinitrate (p.1317·3).
Angina pectoris; heart failure.

Sorbenor *Casen Fleet, Spain.*
Arginine aspartate (p.1928·2).
Tonic.

Sorbexyl *Aledicine, Gr.*
Carbocisteine (p.1553·2); sobrerol (p.1572·3).
Mucolytic.

Sorbicet *Bouzen, Arg.*
Cetrimide (p.1634·1).
Disinfection.

Sorbiclis *SIT, Ital.*
Sorbitol (p.1965·1); docusate sodium (p.1725·1).
Constipation.

Sorbidilat *AstraZeneca, Switz.*
Isosorbide dinitrate (p.1317·3).
Angina pectoris; heart failure.

Sorbidin *Alphapharm, Austral.; Merck, Indon.; Alphapharm, Malaysia†; Merck, Malaysia†; Merck, Thai.*
Isosorbide dinitrate (p.1317·3).
Angina pectoris; heart failure; ischaemic heart disease.

Sorbidon Hydrate *Gordon, USA†.*
Emollient.
Dry skin; hyperkeratosis.

Sorbifer *Egis, Cz.; EGIS, Hung.; Multicare, Philipp.; Egis, Pol.; Egis, Rus.*
Ferrous sulfate (p.1939·3).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron supplement; iron-deficiency anaemia.

Sorbilax *Pfizer, Austral.*
Sorbitol (p.1965·1).
Constipation.

Sorbiline *Franco-Indian, India.*
Tricholine citrate (p.1934·2); sorbitol (p.1965·1).
Biliary and liver disorders.

Sorbimon *Ratiopharm, Cz.; Ratiopharm, Hung.†.*
Isosorbide mononitrate (p.1318·3).
Angina pectoris; heart failure.

Sorbisterit *Fresenius Medical, Austria; Pentafarma, Chile; Fresenius Medical, Cz.†; Fresenius Medical, Ger.; Fresenius Medical, Neth.; Fresenius Medical, Switz.*
Calcium polystyrene sulfonate (p.1438·2).
Hyperkalaemia.

Sorbitrate *Nicholas Piramal, India; Zeneca, USA†.*
Isosorbide dinitrate (p.1317·3).
Angina pectoris.

Sorbon *Unipharm, Israel.*
Buspirone hydrochloride (p.965·3).
Anxiety disorders.

Sorbonit Lek, Pol.
Isosorbide dinitrate (p.1317·3).
Angina pectoris; heart failure.

Sorbsan Seton Scholl, Austral.†; Coffey, Irl.; Braun, Ital.†; Braun, Port.†; Maersk, UK.
Calcium alginate (p.1058·1).
Burns; ulcers; wounds.

Sorcal
Note. This name is used for preparations of different composition.
Wyeth, Braz.
Calcium polystyrene sulfonate (p.1438·2).
Hyperkalaemia.

Polipharm, Thai.†.
Calcium carbonate (p.1714·1).
Calcium supplement.

Sore Mouth Gel Boots, Thai.
Lidocaine (p.1862·3); cetylpyridinium chloride (p.1635·1); menthol (p.2340·1); cineole (p.2282·3).
Oral pain.

Sore Throat Hylands, Canad.
Homoeopathic preparation.

Sore Throat Chewing Gum Or-Dov, Austral.†.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); vitamin C (p.1983·3).
Sore throat.

Sore Throat L39 Homeocan, Canad.
Homoeopathic preparation.

Sore Throat Lozenges Sutton, Canad.
Benzocaine (p.1854·1); menthol (p.2340·1).

Sorebral Condrugs, Thai.
Cinnarizine (p.573·1).
Cerebrovascular disorders; migraine; peripheral vascular disorders; vestibular disorders.

Soredine Cooper (Κοπερ), Gr.†.
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Soren Daewon, Hong Kong†.
Naproxen sodium (p.92·3).
Gout; musculoskeletal, joint, and peri-articular disorders; pain.

Sorest Ranbaxy, India.
Fluvoxamine maleate (p.399·3).
Depression; obsessive-compulsive disorder.

Soriacur Medica, Arg.†.
Coal tar (p.1616·2).
Psoriasis.

Sorial Fortbenton, Arg.
Coal tar (p.1616·2).
Psoriasis.

Soriatane Roche, Canad.; Roche, Fr.; Stiefel, USA.
Acitretin (p.1586·1).
Keratinisation disorders; lichen planus; psoriasis.

Soridermal Mintlab, Chile.
Ketoconazole (p.539·1).
Fungal skin infections.

Sorine Ache, Braz.
Sodium chloride (p.1686·1).
Nasal congestion.

Sorine Adulto Ache, Braz.
⊗ Sodium chloride (p.1686·1); naphazoline hydrochloride (p.1565·2).
Nasal congestion.

Sorine Pediatrico Ache, Braz.
Sodium chloride (p.1686·1).
Formerly known as Sorine Infantil.
Nasal congestion.

Sorini Asia Pharma, Philipp.
Nimesulide (p.95·3).
Inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Sorlex Genesis, Philipp.
Cefalexin (p.218·2).
Bacterial infections.

Sorliv Ipca, India.
Sorbitol (p.1965·1); tricholine citrate (p.1934·2).
Liver disorders.

Sormodren Abbott, Austria; Abbott, Ger.; Teofarma, Ital.; Abbott, Turk.
Bornaprine hydrochloride (p.797·3).
Drug-induced extrapyramidal disorders; hyperhidrosis; parkinsonism.

Sormon Gerard, Irl.
Isosorbide mononitrate (p.1318·3).
Angina pectoris.

Sornil Utopian, Thai.
Isosorbide dinitrate (p.1317·3).
Angina pectoris.

Soro de Manutencao H Labesfal, Port.†.
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Soro Nasal Osorio de Moraes, Braz.†.
Sodium chloride (p.1686·1).
Nasal congestion.

Sorol Citrate Dismed, S.Afr.
Sodium chloride; potassium chloride; sodium citrate; glucose (p.1672·2).
Diarrhoea; oral rehydration therapy.

Soroliv Teuto, Braz.
Sodium chloride (p.1686·1).
Nasal congestion.

Soroneo Neo Quimica, Braz.
Sodium chloride (p.1686·1).
Nasal congestion; nasal hygiene.

Soropon Axxess, Canad.
Tyrothricin (p.358·2); trolamine polypeptide cocoate condensate (p.2405·1).
Scalp disorders.

Sorot Petrasch, Austria; Ravensberg, Ger.
Dequalinium chloride (p.1641·3).
Mouth and throat infections.

Sorov Soho, Indon.
Spiramycin (p.333·1).
Bacterial infections.

Sorsis
Note. This name is used for preparations of different composition.
Fortbenton, Arg.
Cream: ⊗ Coal tar (p.1616·2); triamcinolone (p.1544·2).
Skin disorders.

Fortbenton, Arg.
Shampoo: Salicylic acid (p.1612·2); coal tar (p.1616·2).
Dandruff; seborrhoea.

Sorsis Beta Fortbenton, Arg.
⊗ Salicylic acid (p.1612·2); betamethasone (p.1518·2); coal tar (p.1616·2).
Skin disorders.

Sortal Biotech, Venez.
Losartan potassium (p.1326·1).
Hypertension.

Sortis Pfizer, Austria; Pfizer, Cz.; Godecke, Ger.; Parke, Davis, Ger.; Pfizer, Ger.; Pfizer, Hung.; Parke, Davis, Pol.; Pfizer, Port.; Pfizer, Switz.
Atorvastatin calcium (p.1218·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Sosefen SoSe, Ital.
Ketotifen fumarate (p.582·2).
Allergic rhinitis.

Sosefluss SoSe, Ital.
Heparin calcium (p.1301·2).
Thromboembolic disorders.

Sosegon
Yamanouchi, Jpn†; Sanofi-Aventis, Spain.
⊗ Pentazocine hydrochloride (p.112·2).
Pain.

Sanofi Synthelabo, Port.†.
⊗ Pentazocine hydrochloride (p.112·2) or pentazocine lactate (p.112·3).
Pain.

Sanofi Synthelabo, Thai.†.
⊗ Pentazocine lactate (p.112·3).
Pain.

Sosenol Adcock Ingram, S.Afr.
⊗ Pentazocine (p.112·2).
Pain.

Sosmin Santa, Gr.
Pravastatin (p.1375·1).
Hyperlipidaemias.

Sostac Laboratorios Chile, Chile.
Fluoxetine (p.397·3).
Depression.

Sostatin Faran, Gr.
Ketoconazole (p.539·1).
Fungal infections.

Sostel Richmond, Arg.
Paroxetine (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Sostenon Organon, Mex.
⊗ Testosterone propionate (p.2130·1); testosterone phenylpropionate (p.2130·1); testosterone isocaproate (p.2130·1); testosterone decanoate (p.2130·1).
Androgen deficiency; male hypogonadism; osteoporosis.

Sostilar Pfizer, Belg.
Cabergoline (p.802·1).
Hyperprolactinaemia.

Sostril
Note. This name is used for preparations of different composition.
GSK, Ger.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; gastrointestinal hyperacidity; peptic ulcer; Zollinger-Ellison syndrome.

Vargas, Venez.
Albendazole (p.139·2).
Worm infections.

Sota ABZ, Ger.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sota Lich Winthrop, Ger.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotab Douglas, Austral.†.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotabet Gea, Denm.†; Gea, Swed.†.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotabeta Betapharm, Ger.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotacor Investi, Arg.; BMS, Austral.; BMS, Austria; BMS, Braz.; Bristol, Canad.†; BMS, Denm.; BMS, Fin.; BMS, Hong Kong; BMS, Irl.; BMS, Israel†; BMS, Jpn†; BMS, Malaysia; BMS, NZ; BMS, Neth.; BMS, Norw.; BMS, S.Afr.; BMS, Singapore; BMS, Swed.; BMS, UK.
⊗ Sotalol hydrochloride (p.1398·2).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Sotagamma Worwag, Ger.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotahexal Hexal, Austral.; Hexal, Austria; Hexal, Cz.; Hexal, Ger.; Sandoz, Hung.; Hexal, NZ; Hexal, Pol.; Hexal, Rus.; Hexal, S.Afr.
⊗ Sotalol hydrochloride (p.1398·2).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; myocardial infarction.

Sotalex BMS, Belg.; BMS, Cz.; BMS, Fr.; BMS, Ger.; BMS, Hung.; BMS, Ital.; BMS, Philipp.; BMS, Rus.; BMS, Switz.
⊗ Sotalol hydrochloride (p.1398·2).
Angina pectoris; anxiety; arrhythmias; essential tremor; hypertension; hyperthyroidism; myocardial infarction.

Sotalin Ratiopharm, Fin.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotalodoc Docpharm, Ger.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotamed S Med, Austria.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotanorm Medicopharm, Austria.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotaper BMS, Mex.
⊗ Sotalol (p.1399·1).
Arrhythmias; hypertension.

Sotapor BMS, Spain.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sota-Puren Alpharma-Isis, Ger.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotarit Ilsan, Turk.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotaryt Azupharma, Ger.†.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sota-saar MIP, Ger.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotastad Stada, Austria; Stada, Ger.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotatic Fahrenheit, Indon.
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal disorders.

Sotazide BMS, S.Afr.
⊗ Sotalol hydrochloride (p.1398·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Sotaziden N BMS, Ger.
⊗ Nadolol (p.1345·2); bendroflumethiazide (p.1224·1).
Hypertension.

Sotens Soho, Indon.
Noni; garlic (p.2309·2); nicotinamide (p.1957·3).
Tonic.

Sotilen Medochemie, Hong Kong†; Medochemie, Thai.
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Sotoger Gerard, Irl.
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Sotomycin Bros, Gr.
Clindamycin phosphate (p.251·2).
Acne.

Sotovastin Bros, Gr.
Simvastatin (p.1390·2).
Hyperlipidaemias.

Sotovon Bros, Gr.
Citalopram (p.385·3).
Depression.

Sotradecol Elkins-Sinn, USA.
Sodium tetradecyl sulfate (p.2139·2).
Varicose veins.

Sotret Ranbaxy, Hung.; Ranbaxy, Thai.; Ranbaxy, USA.
Isotretinoin (p.1599·2).
Acne.

Sotrexe Ranbaxy, Mex.
Isotretinoin (p.1599·2).
Acne.

Sotropil Soho, Indon.
Piracetam (p.368·2).
Cerebral trauma; mental function impairment.

Soufrane Sanofi-Aventis OTC, Fr.
Thenoate sodium (p.351·1).
Nasopharyngeal infections.

Soufrol Gebro, Switz.
Mesulphen (p.1604·3).
Bath additive; musculoskeletal and joint disorders; skin disorders.

Soufrol TP Gebro, Switz.†.
Medicinal mud; sulfur (p.1614·1).
Musculoskeletal and joint disorders.

Sove Ipca, India.
Zolpidem tartrate (p.1037·3).
Insomnia.

Sovel Novartis, Ger.†.
Norethisterone acetate (p.2119·3).
Menstrual disorders.

Soventol
Note. This name is used for preparations of different composition.
Abbott, Austria; Rentschler, Ger.; Vianex (Βιανεξ), Gr.†; Oramon, Neth.; Oramon, Pol.
Bamipine lactate (p.568·3).
Allergic disorders; burns; frostbite; insect stings; jellyfish stings; pruritus; skin irritation; sunburn; urticaria.

Nicholas Piramal, India†.
Bamipine lactate (p.568·3); ammonium chloride (p.1551·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Bronchitis; coughs.

Soventol HC Rentschler, Ger.
⊗ Hydrocortisone acetate (p.1535·2).
Skin disorders.

Soviclor Collins, Mex.
Aciclovir (p.862·3).
Herpesvirus infections.

Sovipan Novis, Gr.
Aceclofenac (p.14·3).
Ankylosing spondylitis; inflammation; osteoarthritis; pain; rheumatoid arthritis.

Soxacol Cusi, Venez.†.
Sulfafurazole (p.338·3).
Bacterial eye infections.

Soxietas Soho, Indon.
Alprazolam (p.960·1).
Anxiety; panic disorder.

Soxsup Richmond, Arg.
Oxybutynin hydrochloride (p.2190·3).
Bladder instability.

Soy 50 Gross, Braz.
Soya isoflavones (p.2391·2).

Soy Forte with Black Cohosh Cenovis, Austral.†.
Soya (p.1965·3); cimicifuga (p.2282·1); calcium hydrogen phosphate (p.1676·1); colecalciferol (p.1986·2); magnesium oxide (p.1744·1).
Menopausal disorders; osteoporosis.

Soya Diet Support, Braz.†.
A range of soya-based preparations for enteral nutrition (p.1922·1).

Soya Meno Medana, Pol.
Soya (p.1965·3).
Menopausal disorders.

Soyac Support, Braz.†.
Soy protein preparation for enteral nutrition (p.1922·1).

Soyacal Grifols, Arg.; Grifols, Cz.; Grifols, Ger.; Grifols, Ital.†; Green Cross, Philipp.; Labesfal, Port.; Grifols, Spain.
Soya oil (p.1965·3).
Contains egg phospholipids.
Lipid infusion for parenteral nutrition.

Soyal FDC, India†.
Food for special diets (p.1922·1).
Lactose intolerance; milk intolerance.

Soyalac Nutricia-Loma Lindar, USA.
Lactose-free soy protein infant feed (p.1922·1).

Soyaloid Serral, Mex.
Soya flour (p.1965·3); povidone (p.2146·1).
Bath additive; skin disorders.

Soyaloid Apruri Serral, Mex.
Soya flour (p.1965·3); pramocaine hydrochloride (p.1868·1); zinc acetate (p.1999·1).
Skin disorders.

Soyaven Delicias, Mex.
Food for special diets (p.1922·1).
Food allergies; lactose and cow's milk intolerance.

Soydex Darier, Mex.
Soya flour (p.1965·3); povidone (p.2146·1).
Bath additive; skin disorders.

Soyfem Biofarm, Pol.
Soya (p.1965·3).
Menopausal disorders.

Soyfemme Ache, Braz.
Soya isoflavones (p.2391·2).
Menopausal disorders.

Soymen Irmed, Ital.
Soya (p.1965·3); vitamins (p.1922·1).
Menopausal disorders.

Soymen Gel Irmed, Ital.
Soya isoflavones (p.2391·2).
Vaginal dryness.

SoyPlus Lifeplan, UK.
Soya isoflavones (p.2391·2); folic acid (p.1940·1).
Dietary supplement.

SP95 DHN, Fr.
Protein and vitamin preparation (p.1922·1).
Nutritional supplement.

SP 54 Bene-Chemie, Hong Kong†; Bene, Hung.; Bene, Malaysia.
Pentosan polysulfate sodium (p.1367·1).
Soft-tissue disorders; thromboembolic disorders; thrombosis prophylaxis.

SP Cream Curacel, Austral.†.
⊗ Melaleuca oil (p.2338·2); salicylic acid (p.1612·2); solanum lycopersicum leaf; urea (p.1620·2).
Keratoses; sunspots; warts.

SP Troches Meiji, Indon.; Meiji, Malaysia; Meiji, Singapore.
Dequalinium chloride (p.1641·3).
Mouth and throat disorders.

Spablock Masa, Thai.
Drotaverine hydrochloride (p.2298·1).
Postoperative pain; smooth muscle spasm.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Spabucol *Phoinix Pharm (Φοινιξ Φαρμ), Gr.†.*
Cisapride (p.1720·3).
Gastrointestinal motility disorders.

Spacovin *Biopharm, Rus.; MJ Biopharm, Thai.*
Drotaverine hydrochloride (p.2298·1).
Smooth muscle spasm.

Spacyl *Proel, Gr.†.*
Acetylcysteine (p.1548·2).
Mucolytic.

Spagall *Sanova, Austria.*
p,α-Dimethylbenzyl alcohol nicotinate (p.2294·2); naphthylacetic acid (p.2350·2); caroverine (p.2277·3).
Hepatobiliary disorders.

Spagulax *Biodiphar, Belg.; Almirall, Fr.*
Ispaghula (p.1737·1).
Constipation.

Spagulax au Citrate de Potassium *Almirall, Fr.*
Ispaghula (p.1737·1); potassium citrate (p.1673·2).
Constipation.

Spagulax K *Biodiphar, Belg.*
Ispaghula (p.1737·1); potassium citrate (p.1673·2); potassium bicarbonate (p.1673·1).
Constipation.

Spagulax Mucilage *Almirall, Fr.*
Ispaghula (p.1737·1).
Constipation.

Spagulax Sorbitol *Biodiphar, Belg.*
Ispaghula (p.1737·1); sorbitol (p.1965·1).
Constipation.

Spagulax au Sorbitol *Almirall, Fr.*
Ispaghula (p.1737·1); sorbitol (p.1965·1).
Constipation.

Spagymun *Spagyros, Switz.*
Echinacea angustifolia flowers and roots; echinacea purpura flowers and roots (p.2298·1); eupatorium perfoliatum.
Immune stimulant.

Spagyrom *Spagyros, Switz.*
Echinacea angustifolia flowers and roots; echinacea purpura flowers and roots (p.2298·1); clove oil (p.2285·1); cinnamon oil (p.2283·2); juniper oil (p.2328·3); lavender oil (p.2331·2); chamomile oil (p.2279·3); peppermint oil (p.1761·2); rosemary oil (p.2381·3); savory oil (p.2394·3); thyme oil (p.2401·2).
Common cold; mouth and throat disorders.

Spai *INTES, Ital.*
Sodium chloride; potassium chloride; calcium chloride; magnesium chloride; sodium acetate; sodium citrate (p.1667·1).
Adjunct in otorhinolaryngeal procedures; cleaning solution for contact lens; ocular irrigation.

Spalda Sabal *Leo, Cz.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Spalox *Umeda, Thai.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spalt
Note. This name is used for preparations of different composition.
Sanova, Austria†.
Phenazone salicylate (p.116·1); salicylamide (p.121·2); caffeine (p.1116·3).
Pain.
Whitehall-Much, Ger.
Ibuprofen (p.64·2).
Fever; pain.
Santa, Turk.
Paracetamol (p.108·1); benzyl mandelate (p.2264·3); caffeine (p.1116·3).
Fever; pain.

Spalt N *Wyeth Consumer, Neth.*
Phenazone (p.116·1); paracetamol (p.108·1); caffeine (p.1116·3).
Pain.

Spalt Schmerz-Gel *Whitehall-Much, Ger.†.*
Diisopropanolamine felbinac (p.54·3).
Musculoskeletal, joint, and soft-tissue disorders.

Spalt Schmerztabletten *Whitehall-Much, Ger.†.*
Aspirin (p.20·3); paracetamol (p.108·1).
Pain.

Spamilan *Anpharm, Pol.*
Buspirone hydrochloride (p.965·3).
Anxiety.

Spamus *T Man, Thai.†.*
Tolperisone hydrochloride (p.1899·3).
Parkinsonism; skeletal muscle spasm.

Span C *Freeda, USA.*
Citrus bioflavonoids complex (p.2304·1); ascorbic acid (p.1983·3).
Capillary bleeding.

Span Plex *Collins, Mex.*
Calcium pantothenate (p.1959·3).
Vitamin supplement.

Spancef *Medikon, Indon.*
Cefixime (p.224·3).
Bacterial infections.

Spanidin *Kayaku, Cz.; Kayaku, Jpn.*
Gusperimus hydrochloride (p.1834·3).
Renal transplant rejection.

Spanish Tummy Mixture *Potter's, UK.*
Blackberry root bark; catechu (p.2278·2).
Diarrhoea.

Span-K *Aspen, Austral.; Aspen, Hong Kong; Aspen, NZ.*
Potassium chloride (p.1684·3).
Potassium deficiency.

Spanor *Bailleul, Fr.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Spara *Dainippon, Jpn.*
Sparfloxacin (p.332·1).
Bacterial infections.

Sparaplaie *Urgo, Fr.*
Benzalkonium chloride (p.1629·1).
Wounds.

Sparax *Utopian, Thai.*
Drotaverine hydrochloride (p.2298·1).
Postoperative pain; smooth muscle spasm.

Sparbact *Ipca, India.*
Sparfloxacin (p.332·1).
Bacterial infections.

Sparcip *Cipla, India.*
Sparfloxacin (p.332·1).
Respiratory-tract infections.

Spardac *Cadila, India.*
Sparfloxacin (p.332·1).
Bacterial infections.

Spardrops *Cipla, India.*
Sparfloxacin (p.332·1).
Bacterial eye infections.

Sparflo *Reddy, Rus.*
Sparfloxacin (p.332·1).
Bacterial infections.

Sparine *Wyeth Lederle, Denm.†; Meda, Fin.†; Wyeth, Gr.†; Akromed, S.Afr.*
Promazine hydrochloride (p.1021·2).
Agitation; alcohol withdrawal syndrome; anxiety; disturbed behaviour; hiccup; nausea; pain; premedication; psychoses; sedative; vomiting.

Sparkal *Gea, Denm.; Sandoz, Fin.; Hexal, Swed.*
⊗ Amiloride hydrochloride (p.1209·2); hydrochlorothiazide (p.1307·3).
Hypertension; liver cirrhosis with ascites; oedema.

Sparkles *Lafayette, USA.*
Sodium bicarbonate (p.1673·2); citric acid (p.2284·1); simeticone (p.1770·2).
Adjunct in endoscopy; flatulence.

Sparkling White Eye Drops *Adcock Ingram, S.Afr.*
⊗ Oxymetazoline hydrochloride (p.1567·2).
Allergic eye inflammation.

Sparksol *Viatris, Ital.†.*
Amino-acid preparation with vitamin B (p.1922·1).

Sparos *Pharos, Indon.*
Sparfloxacin (p.332·1).
Bacterial infections of the respiratory tract.

Sparquin *Aristo, India.*
Sparfloxacin (p.332·1).
Bacterial infections.

Sparta *Pharmasant, Thai.*
Drotaverine hydrochloride (p.2298·1).
Smooth muscle spasm.

Spartiol *Klein, Ger.*
Sarothamnus scoparius (p.2384·2).
Arrhythmias.

Spartocine *UCB, Belg.†; UCB, Fin.*
Ferrous aspartate (p.1938·2).
Iron deficiency; iron-deficiency anaemias.

Spartocine N *UCB, Ger.†.*
Ferrous aspartate (p.1938·2).
Iron-deficiency anaemia.

Sparvista *Cadila, India.*
Sparfloxacin (p.332·1).
Bacterial infections.

Sparx *Wockhardt, India.*
Sparfloxacin (p.332·1).
Bacterial infections.

Spascopan *Bangkok Lab & Cosmetic, Thai.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spascupreel *Heel, Ger.*
Homoeopathic preparation.

Spascupreel S *Heel, Cz.*
Homoeopathic preparation.

Spasdic *Medicine Products, Thai.*
Flavoxate hydrochloride (p.2190·1).
Urinary-tract disorders.

Spasdon *Ad-Drugstel, Philipp.*
Dicycloverine hydrochloride (p.1722·3).
Gastrointestinal spasm.

Spasen *FIRMA, Ital.*
Otilonium bromide (p.2359·1).
Gastrointestinal pain and spasm.

Spasen Somatico *FIRMA, Ital.*
Otilonium bromide (p.2359·1); diazepam (p.986·3).
Gastrointestinal pain and spasm.

Spasfon *Therabel, Belg.; Cephalon, Fr.; Rafarm, Gr.*
Phloroglucinol (p.2366·3); trimethylphloroglucinol (p.2366·3).
Smooth muscle spasm.

Spasfon-Lyoc *Cephalon, Fr.*
Phloroglucinol (p.2366·3).
Smooth muscle spasm.

Spasgan *Wockhardt, Rus.*
Fenpiverinium bromide (p.2303·2); dipyrone (p.49·2); pitofenone hydrochloride (p.2369·2).

Spasgone *Chew, Thai.*
Paracetamol (p.108·1); hyoscine butylbromide (p.1734·1).
Smooth muscle spasm with pain.

Spasgone-H *Chew, Thai.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spashi *GMP, Indon.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spashi Plus *GMP, Indon.*
Hyoscine butylbromide (p.1734·1); paracetamol (p.108·1).
Smooth muscle spasm.

Spaslic *Berlico Mulia, Indon.*
Dipyrone (p.49·2); papaverine hydrochloride (p.2191·3); hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spasma *Stella, Belg.†.*
⊗ Morphine hydrochloride (p.86·3); hyoscine hydrobromide (p.1734·1).
Biliary and renal colic; pain; premedication.

Spasmag
Note. This name is used for preparations of different composition.
Grimberg, Fr.
Capsules; dispersible tablets; oral solution: Magnesium sulfate (p.1679·3); dried yeast (p.1998·3).
Magnesium deficiency.
Grimberg, Fr.
Injection: Magnesium sulfate (p.1679·3).
Eclampsia; magnesium deficiency; torsades de pointes.

Spasmal *Prafa, Indon.*
Dipyrone (p.49·2); belladonna (p.2263·3); papaverine hydrochloride (p.2191·3).
Smooth muscle spasm.

Spasmalgan *Apogepha, Ger.*
Denaverine hydrochloride.
Smooth muscle spasm.

Spasmalgin *Sam-On, Israel.*
Atropine sulfate (p.1219·3); papaverine hydrochloride (p.2191·3); paracetamol (p.108·1); codeine phosphate (p.37·2).
Smooth muscle spasm.

Spasmalgon *Sopharma, Pol.; Balkanpharma, Rus.; Sopharma, Rus.*
Fenpiverinium bromide (p.2303·2); dipyrone (p.49·2); pitofenone hydrochloride (p.2369·2).
Fever; migraine; musculoskeletal and joint pain; pain; smooth muscle spasm.

Spasmalin *Torrent, Rus.*
Fenpiverinium bromide (p.2303·2); dipyrone (p.49·2); pitofenone hydrochloride (p.2369·2).
Pain.

Spasman *Merckle, Ger.†.*
Demelverine hydrochloride (p.2292·3); trihexyphenidyl hydrochloride (p.820·2).
Smooth muscle spasm.

Spasman scop *Merckle, Ger.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spasmed *ProMed, Cz.*
Trospium chloride (p.2198·3).
Bladder hyperactivity.

Spasmend *Adcock Ingram, S.Afr.*
Paracetamol (p.108·1); mephenesin (p.1897·2).
Pain; skeletal muscle spasm.

Spasmeridan *UCB, Ital.*
Diazepam (p.986·3); hyoscine methobromide (p.1734·1).
Gastrointestinal pain and spasm.

Spasmex
Note. This name is used for preparations of different composition.
Biol, Arg.; Rider, Chile; ProMed, Cz.; Pfleger, Ger.; Pfleger, Israel; Pfleger, Rus.; Er-Kim, Turk.
Trospium chloride (p.2198·3).
Bladder hyperactivity; bladder instability; nocturnal enuresis; smooth muscle spasms; urinary incontinence.
Scharper, Ital.
Injection: Phloroglucinol (p.2366·3).
Painful spasm of the biliary and urinary tracts.
Scharper, Ital.
Suppositories; tablets: Phloroglucinol (p.2366·3); trimethylphloroglucinol (p.2366·3).
Painful spasm of the biliary and urinary tracts.

Spasmhalt *Pendopharm, Canad.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); methocarbamol (p.1897·3).

Spasmhalt-ASA *Pendopharm, Canad.*
Aspirin (p.20·3); codeine phosphate (p.37·2); methocarbamol (p.1897·3).

Spasminal *Hexpharm, Indon.*
Dipyrone (p.49·2); belladonna (p.2263·3); papaverine hydrochloride (p.2191·3).
Smooth muscle spasm.

Spasmine
Note. This name is used for preparations of different composition.
Norgine, Belg.
Alverine citrate (p.1708·1).
Irritable bowel syndrome.
Jolly-Jatel, Fr.
Valerian (p.2410·1); crataegus (p.2289·1).
Insomnia; nervous disorders.

Spasmium
Note. This name is used for preparations of different composition.
Sanova, Austria.
Caroverine (p.2277·3) or caroverine hydrochloride (p.2277·3).
Smooth muscle spasm; tinnitus.
Soho, Indon.
Alverine citrate (p.1708·1); chlordiazepoxide hydrochloride (p.968·2).
Peptic ulcer; smooth muscle pain and spasm.

Spasmium comp *Sanova, Austria.*
Caroverine (p.2277·3); metamizole calcium (p.49·3).
Painful smooth muscle spasm.

Spasmo Claim *Apomedica, Austria.*
Turmeric (p.1473·2); benzyl mandelate (p.2264·3); *p*,α-dimethylbenzyl alcohol (p.2294·2); peppermint oil (p.1761·2); caraway oil (p.2277·1); fennel oil (p.2303·1); lemon oil (p.2332·3); camphor (p.2273·2); thymol (p.1664·3); guaiazulene (p.2317·3).
Gastrointestinal disorders.

spasmo gallo sanol *Sanol, Ger.†.*
Greater celandine (p.2317·1); turmeric (p.1473·2).
Biliary and gastrointestinal spasm.

spasmo gallo sanol N *Sanol, Ger.; Schwarz, Ger.*
Peppermint oil (p.1761·2).
Formerly known as spasmo gallo sanol mint.
Gastrointestinal and biliary-tract spasm.

Spasmo Inalgon Neu *Fresenius Kabi, Austria.*
Dipyrone (p.49·2).
Painful smooth muscle spasm.

Spasmo-Apotel *Unipharma, Gr.*
Paracetamol (p.108·1); hyoscine butylbromide (p.1734·1).
Pain; spasmolytic.

Spasmo-Barbamin *Streuli, Switz.†.*
Propyphenazone (p.119·3); adiphenine hydrochloride (p.2248·1); diphenhydramine hydrochloride (p.577·2).
Painful smooth muscle spasm.

Spasmo-Barbamine compositum *Streuli, Switz.†.*
Propyphenazone (p.119·3); adiphenine hydrochloride (p.2248·1); diphenhydramine hydrochloride (p.577·2); codeine phosphate (p.37·2).
Painful smooth muscle spasm.

Spasmo-Canulase *Novartis, Philipp.; Novartis Consumer, S.Afr.; Novartis Consumer, Switz.*
Metixene hydrochloride (p.811·3); dimeticone (p.1770·2); pancreatin (p.2360·1); cellulase (p.2279·1); pepsin (p.2365·1); glutamic acid hydrochloride (p.1947·1); sodium dehydrocholate (p.2292·2).
Abdominal cramps associated with flatulence; dyspepsia; irritable bowel syndrome; meteorism.

Spasmo-Cibalgin *Novartis Consumer, Switz.†.*
Propyphenazone (p.119·3); drofenine hydrochloride (p.1727·3).
Painful smooth muscle spasm.

Spasmo-Cibalgin comp *Novartis Consumer, Switz.†.*
Propyphenazone (p.119·3); drofenine hydrochloride (p.1727·3); codeine phosphate (p.37·2).
Painful smooth muscle spasm.

Spasmo-Cibalgin S *Novartis, Ger.†.*
Propyphenazone (p.119·3); drofenine hydrochloride (p.1727·3).
Smooth muscle spasm.

Spasmo-Cibalgina *Novartis, Ital.†.*
Propyphenazone (p.119·3); drofenine hydrochloride (p.1727·3).
Painful smooth muscle spasm.

Spasmocip *Cipla, India.*
Dextropropoxyphene (p.40·1); paracetamol (p.108·1).
Pain.

Spasmocip Plus *Cipla, India.*
Dextropropoxyphene (p.40·1); paracetamol (p.108·1); dicycloverine hydrochloride (p.1722·3).
Muscle spasm; pain.

Spasmocor *Viatris, Austria.*
Glyceryl trinitrate (p.1296·2); pentaerithrityl tetranitrate (p.1366·3); nicotinic acid (p.1957·3); benzyl mandelate (p.2264·3).
Angina pectoris; heart failure; peripheral vascular spasm.

Spasmoctyl *Menarini, Arg.; Guidotti, Spain.*
Otilonium bromide (p.2359·1).
Gastrointestinal spasm; irritable bowel syndrome.

Spasmocyclon *3M, Ger.†.*
Cyclandelate (p.1254·1).
Cerebrovascular disorders; migraine; vestibular disorders.

Spasmodex *Crinex, Fr.†.*
Dihexyverine hydrochloride (p.1723·3).
Gastrointestinal disorders.

Spasmodil *ABC, Ital.*
Pipethanate ethobromide (p.1762·2).
Gastrointestinal spasm and hypermotility; premedication for endoscopy and radiography; urinary and biliary spasm and dyskinesia.

Spasmofen *Meda, Swed.*
⊗ Hyoscine methonitrate (p.1734·2); papaverine hydrochloride (p.2191·3); morphine hydrochloride (p.86·3); noscapine hydrochloride (p.1566·3); codeine hydrochloride (p.37·2).
Pain; smooth muscle spasm.

Spasmofides S *Fides, Ger.†.*
Homoeopathic preparation.

Spasmoflexon *Aristo, India†.*
Paracetamol (p.108·1); dicycloverine hydrochloride (p.1722·3).

Spasmogel *Alliance, S.Afr.*
Dicycloverine hydrochloride (p.1722·3); light magnesium oxide (p.1744·1); aluminium hydroxide (p.1706·2).
Dyspepsia; flatulence; gastritis; gastro-oesophageal reflux; heartburn; peptic ulcer.

Spasmoject F *Syxyl, Ger.*
Homoeopathic preparation.

Spasmol *Farmstandart, Rus.*
Drotaverine hydrochloride (p.2298·1).
Smooth muscle spasm.

Spasmolina *Synteza, Pol.*
Alverine citrate (p.1708·1).
Smooth muscle spasm.

Spasmolit *Meprofarm, Indon.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spasmoliv *Xepa-Soul Pattinson, Malaysia†; Xepa-Soul Pattinson, Singapore.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spasmolyt *Madaus, Austria; Madaus, Ger.*
Trospium chloride (p.2198·3).
Bladder function disorders; smooth muscle spasm.

Spasmo-Lyt *Madaus, Denm.; Meda, Fin.; Madaus, Thai.*
Trospium chloride (p.2198·3).
Bladder function disorders.

Spasmomen *Menarini, Belg.; Menarini, Cz.; Menarini, Hong Kong; Berlin-Chemie, Hung.; Menarini, Hung.; Dexa, Indon.; Menarini, Indon.; Menarini, Ital.; Menarini, Port.*
Otilonium bromide (p.2359·1).
Gastrointestinal spasm; irritable bowel syndrome; irritable colon; premedication for gastrointestinal procedures; smooth muscle spasm.

Spasmomen Somatico *Menarini, Ital.*
Otilonium bromide (p.2359·1); diazepam (p.986·3).
Gastrointestinal spasm.

Spasmo-Mucosolvan *Boehringer Ingelheim, Ger.*
⊗ Clenbuterol hydrochloride (p.1120·1); ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders.

Spasmonal
Note. This name is used for preparations of different composition.
Trenker, Belg.†.
Mebeverine hydrochloride (p.1744·2).
Irritable bowel syndrome.

Norgine, Hong Kong; Norgine, Irl.; Norgine, Malaysia†; Norgine, Singapore; Norgine, Thai.; Norgine, UK.
Alverine citrate (p.1708·1).
Diverticular disease; dysmenorrhoea; irritable bowel syndrome; smooth muscle spasm.

Spasmonal Fibre *Norgine, UK†.*
Sterculia (p.1772·1); alverine citrate (p.1708·1).
Hypertonic colon; irritable bowel syndrome.

Spasmo-Nervogastrol *Sanofi Synthelabo, Ger.†.*
Butinoline phosphate (p.2271·1); calcium carbonate (p.1714·1); bismuth subnitrate (p.1711·2).
Gastrointestinal disorders.

Spasmonil
Note. This name is used for preparations of different composition.
Cipla, India.
Injection: Dicycloverine hydrochloride (p.1722·3).
Smooth muscle spasm.

Cipla, India.
Oral drops: Dicycloverine hydrochloride (p.1722·3); dimeticone (p.1770·2).
Smooth muscle spasm.

Cipla, India.
Tablets: Dicycloverine hydrochloride (p.1722·3); paracetamol (p.108·1).
Smooth muscle pain and spasm.

Spasmonil Forte *Cipla, India.*
Mefenamic acid (p.80·1); paracetamol (p.108·1).
Smooth muscle pain and spasm.

Spasmonil Plus *Cipla, India.*
Dicycloverine hydrochloride (p.1722·3); mefenamic acid (p.80·1).
Smooth muscle pain and spasm.

Spasmopan *Zentiva, Cz.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); pitofenone hydrochloride (p.2369·2); fenpiverinium bromide (p.2303·2).
Painful smooth muscle spasm.

Spasmo-Panalgine *Atabay, Turk.*
Paracetamol (p.108·1); allobarbital (p.959·3); adiphenine hydrochloride (p.2248·1).
Fever; pain.

Spasmophen *Polfa Pabianice, Pol.*
Oxyphenonium bromide (p.1759·2).
Gastrointestinal spasm; peptic ulcer.

Spasmoplex *Madaus, Port.*
Trospium chloride (p.2198·3).
Urinary incontinence.

Spasmoplus
Note. This name is used for preparations of different composition.
Novartis, Austria; Novartis, Belg.†.
Propyphenazone (p.119·3); drofenine hydrochloride (p.1727·3); codeine phosphate (p.37·2).
Painful smooth muscle spasm.

Novartis, Ital.
Propyphenazone (p.119·3); codeine phosphate (p.37·2).
Pain.

Spasmopriv
Note. This name is used for preparations of different composition.
Winthrop, Fr.
Mebeverine hydrochloride (p.1744·2).
Gastrointestinal and biliary-tract spasm.

Senosiain, Mex.; Eurodrug, Singapore; Eurodrug, Thai.
Fenoverine (p.2303·2).
Irritable bowel syndrome; smooth muscle spasm.

Spasmo-Proxyvon
Note. This name is used for preparations of different composition.
Wockhardt, India.
Capsules: Dicycloverine hydrochloride (p.1722·3); dextropropoxyphene hydrochloride (p.40·1); paracetamol (p.108·1).
Smooth muscle spasm.

Wockhardt, India.
Injection: Dicycloverine (p.1723·1).
Smooth muscle spasm.

Spasmo-Proxyvon Forte *Wockhardt, India.*
Dicycloverine (p.1723·1); diclofenac sodium (p.44·3).
Smooth muscle spasm.

Spasmorelax *Lindopharm, Ger.*
Tetrazepam (p.1031·1).
Skeletal muscle spasm.

Spasmo-Rhoival TC *Madaus, Ger.*
Trospium chloride (p.2198·3).
Bladder function disorders.

Spasmosan *Scanpharm, Philipp.*
Hyoscine butylbromide (p.1734·1).
Diagnostic aid in radiology and endoscopy; smooth muscle spasm.

Spasmosedine *DB, Fr.†.*
Crataegus (p.2289·1).
Formerly contained crataegus and phenobarbital.
Cardiac disorders; nervous disorders.

Spasmosol *Streuli, Switz.*
⊗ Morphine hydrochloride (p.86·3); codeine hydrochloride (p.37·2); noscapine hydrochloride (p.1566·3); atropine sulfate (p.1219·3); papaverine hydrochloride (p.2191·3).
Pain.

Spasmo-Solugastril *Pfizer, Austria; Pharmacia, Ger.†.*
Aluminium hydroxide (p.1706·2); butinoline phosphate (p.2271·1); calcium carbonate (p.1714·1).
Gastrointestinal cramp and acid pain; gastrointestinal disorders.

Spasmosyx F *Syxyl, Ger.*
Homoeopathic preparation.

Spasmotropin *Legrand, Braz.*
Dipyrone (p.49·2); papaverine hydrochloride (p.2191·3); homatropine methylbromide (p.1881·3).
Smooth muscle spasm.

Spasmo-Urgenin *Madaus, Austria; Neo-Farmaceutica, Port.†; Byk Madaus, S.Afr.†; Madaus, Spain; Madaus, Thai.*
Trospium chloride (p.2198·3); echinacea (p.2298·1); saw palmetto (p.2192·3).
Genito-urinary tract spasm and pain; prostatic hyperplasia; prostatitis.

Spasmo-Urgenin TC *Madaus, Ger.*
Trospium chloride (p.2198·3).
Bladder function disorders.

Spasmo-Urgenine Neo *Madaus, Switz.*
Trospium chloride (p.2198·3).
Urinary-tract disorders.

Spasmoveralgin Neo *Slovakofarma, Cz.†.*
⊗ Propyphenazone (p.119·3); phenobarbital (p.492·2); papaverine hydrochloride (p.2191·3); codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2); atropine methobromide (p.1219·2).
Smooth muscle spasm.

Spasmowern *Wernigerode, Ger.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Spasmoxyl *Berner, Fin.†.*
Oxybutynin hydrochloride (p.2190·3).
Bladder function disorders.

Spasrax *Overseas, India.*
Chlordiazepoxide (p.968·1); clidinium bromide (p.1722·1).
Colitis; dyspepsia; gastritis; irritable bowel disorder; peptic ulcer.

Spassirex *Winthrop, Fr.*
Phloroglucinol (p.2366·3).
Smooth muscle pain and spasm.

Spasticol *Farmina, Pol.*
Belladonna (p.2263·3); papaverine hydrochloride (p.2191·3).
Smooth muscle spasm.

Spasticone *Farmaline, Thai.*
Dicycloverine hydrochloride (p.1722·3); simeticone (p.1770·2).
Colic; gastrointestinal spasm.

Spastrex *Propan, S.Afr.†.*
Oxyphenonium bromide (p.1759·2).
Gastrointestinal and urinary-tract spasm.

Spasuret *Pierre Fabre, Ger.*
Flavoxate hydrochloride (p.2190·1).
Urinary-tract disorders.

Spasuri *Pharmasant, Thai.*
Flavoxate hydrochloride (p.2190·1).
Urinary-tract disorders.

Spasyt *TAD, Ger.*
Oxybutynin hydrochloride (p.2190·3).
Bladder instability; urinary incontinence.

Spatab *Sriprasit, Thai.†.*
Hyoscine butylbromide (p.1734·1).
Gastrointestinal and urinary-tract disorders; smooth muscle spasm.

Spatam *Myung In, Singapore.*
Acetylcysteine (p.1548·2).
Respiratory-tract congestion.

Spatanil *Farmanic, Gr.*
Cetirizine hydrochloride (p.570·3).

Spatix *Bioprogress, Ital.†.*
Suleparoid (p.1406·3).
Vascular disorders with a risk of thrombosis.

Spaxim *Sandoz, Indon.*
Cefixime (p.224·3).
Bacterial infections.

Spaziron *Farmamust, Gr.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis; allergic rhinitis.

Spazmol *Deva, Turk.*
Hyoscine butylbromide (p.1734·1).

Spazmol Plus *Deva, Turk.*
Hyoscine butylbromide (p.1734·1); paracetamol (p.108·1).

Spazmo-Valibrin *Mulda, Turk.*
Diazepam (p.986·3); oxyphencyclimine hydrochloride (p.1759·2).

Spazol *Siam Bheasach, Thai.*
Itraconazole (p.536·3).
Fungal infections.

Spazoverin *Shreya, Rus.*
Drotaverine hydrochloride (p.2298·1).

Speciafoldine *Sanofi-Aventis OTC, Fr.*
Folic acid (p.1940·1).
Nutritional deficiency; prevention of neural tube disorders.

Specialflex *Braun, Ital.*
Amino-acid, electrolyte, and glucose infusion (p.1922·1).
Parenteral nutrition.

Specicef-N *Specifar (Σπεσιφαρ), Gr.*
Cefatrizine propylene glycol (p.221·3).
Bacterial infections.

Speci-Chol *Pekana, Ger.†.*
Homoeopathic preparation.

Species Carvi comp *Weleda, Austria†.*
Aniseed (p.2258·2); urtica (p.2409·3); fennel (p.2302·3); caraway (p.2276·3).
Flatulence; gastrointestinal cramp.

Species Cholagogae Planta *Leros, Cz.*
Elecampane (p.1558·1); rhubarb (p.1768·3); agrimony (p.2249·2); marrubium (p.1564·1); raspberry leaf (p.2378·2).
Biliary-tract disorders.

Species Diureticae Planta *Leros, Cz.†.*
Birch leaf (p.2266·3); parsley root (p.2363·2); equisetum (p.2299·3); rubus fruticosus; ononis (p.2357·1).
Diuretic.

Species nervinae *Kwizda, Austria.*
St John's wort (p.422·3); valerian (p.2410·1); melissa leaf (p.2339·3); peppermint leaf (p.1761·2).
Anxiety disorders; sleep disorders.

Species Nervinae Planta *Leros, Cz.*
Chamomile (p.2279·3); St John's wort (p.422·3); melissa (p.2339·3); peppermint leaf (p.1761·2); lupulus (p.2335·2); valerian (p.2410·1).
Anxiety; insomnia; neurasthenia.

Species Pectorales Planta *Leros, Cz.*
Verbascum (p.2413·3); fennel (p.2302·3); liquorice (p.1740·3); peppermint leaf (p.1761·2); plantain (p.2379·1); althaea (p.2253·3); coltsfoot leaf (p.1555·1).
Respiratory-tract disorders.

Species Urologicae Planta *Leros, Cz.*
Birch leaf (p.2266·3); bearberry (p.2263·3); ononis (p.2357·1); parsley root (p.2363·2); knotgrass (p.2329·2); sambucus (p.2383·1); urtica (p.2409·3); achillea (p.2245·2).
Urinary-tract inflammation.

Specific Nerve Pain Remedy *Group, S.Afr.*
⊗ Oral liquid, salicylamide (p.121·2); caffeine (p.1116·3); alcohol (p.1625·2); tablets, aspirin (p.20·3).
Fever; pain.

Specifthir *Specifar (Σπεσιφαρ), Gr.†.*
Malathion (p.2046·1).
Head and crab lice; scabies.

Specilid *Alet, Gr.*
Nimesulide (p.95·3).
Inflammation; musculoskeletal disorders; pain.

Specinor *Specifar (Σπεσιφαρ), Gr.*
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; gastrointestinal ulcer.

Spec-Pen-V-K *Specpharm, S.Afr.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Spectazole *Ortho Dermatological, USA.*
Econazole nitrate (p.531·1).
Fungal skin infections.

Spectin *Cipla, India.*
Spectinomycin hydrochloride (p.332·3).
Bacterial infections.

Spectolab *Multilab, Braz.*
Potassium iodide (p.2169·2); guaifenesin (p.1561·3); menthol (p.2340·1).
Coughs.

Spec-Topistin *Specpharm, S.Afr.*
Ciprofloxacin lactate (p.243·3).
Bacterial infections.

Spectra *Solus, India.*
Doxepin (p.389·2).
Depression.

Spectraban
Note. This name is used for preparations of different composition.
Stiefel, Braz.†.
Aminobenzoic acid (p.1589·1).
Sunscreen.

Stiefel, Chile†.
Oxybenzone (p.1608·3); octinoxate (p.1608·2); homosalate (p.1598·1).
Sunscreen.

Stiefel, Braz.
Gel SPF 20; spray SPF 20: Oxybenzone (p.1608·3); homosalate (p.1598·1); octinoxate (p.1608·2).
Sunscreen.

Stiefel, Braz.
Lotion; stick: Padimate O (p.1609·1); avobenzone (p.1589·3).
Sunscreen.

Stiefel, Arg.
SPF 18: Dioxybenzone (p.1594·2); octinoxate (p.1608·2).
Sunscreen.

Stiefel, Mex.
SPF 18; SPF 20: Oxybenzone (p.1608·3); homosalate (p.1598·1); octinoxate (p.1608·2).
Sunscreen.

Stiefel, Thai.
SPF 19: Zinc oxide (p.1621·2).
Sunscreen.

Stiefel, Arg.
SPF 20: Oxybenzone (p.1608·3); homosalate (p.1598·1); octinoxate (p.1608·2).
Sunscreen.

Stiefel, UK†.
SPF 25: Padimate O (p.1609·1); aminobenzoic acid (p.1589·1).
Sunscreen.

Stiefel, Malaysia.
SPF 60: Zinc oxide (p.1621·2); octinoxate (p.1608·2); enzacamene (p.1597·1); avobenzone (p.1589·3).
Sunscreen.

Spectraban 19 *Stiefel, Philipp.*
Zinc oxide (p.1621·2).
Sunscreen.

Spectraban 55 *Stiefel, Chile; Stiefel, Mex.*
SPF 55: Oxybenzone (p.1608·3); octinoxate (p.1608·2); sulisobenzone (p.1614·3); titanium dioxide (p.1617·3).
Sunscreen.

Spectraban 60
Stiefel, Hong Kong.
Avobenzone (p.1589·3); enzacamene (p.1597·1); octinoxate (p.1608·2); zinc oxide (p.1621·2).
Sunscreen.

Sunscreen.

Spectracef *GSK, Gr.; Bayer, Mex.; GSK, Port.; GSK, Spain; Purdue, USA.*
Cefditoren pivoxil (p.223·2).
Bacterial infections.

Spectracil *Alliance, S.Afr.*
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Spectramox *Alliance, S.Afr.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Spectrapain *Alliance, S.Afr.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Pain.

Spectrapain Forte *Alliance, S.Afr.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3); meprobamate (p.1006·2).
Pain and associated tension.

Spectrasone *Alliance, S.Afr.*
Erythromycin estolate (p.269·3).
Bacterial infections.

Spectratet *Schwulst, S.Afr.*
Oxytetracycline hydrochloride (p.312·3).
Bacterial infections.

Spectrem *Armoxindo, Indon.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Spectrim *Alliance, S.Afr.; TO-Chemicals, Thai.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Spectro Derm *GSK Consumer, Canad.*
Skin cleanser.
Cleansing of abraded and irritated skin.

Spectro Gluvs *Block, Canad.†.*
Barrier cream.

Spectro Gram *GSK Consumer, Canad.*
Chlorhexidine gluconate (p.1635·3).
Disinfection of skin and hands.

Spectro Jel *GSK Consumer, Canad.; Recsei, USA.*
Skin cleanser.

Spectro Tar
Note. This name is used for preparations of different composition.
Spectropharm, Canad.†.
Shampoo: Chlorhexidine gluconate (p.1635·3); coal tar (p.1616·2).
Scalp disorders.

Spectropharm, Canad.†.
Skin wash: Coal tar (p.1616·2).
Eczema; psoriasis.

Spectrocef *Epifarma, Ital.*
Cefotaxime sodium (p.228·1).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Spectrocin *Iquinosa, Spain†.*
Gramicidin (p.286·1); neomycin sulfate (p.305·1).
Infected burns; infected wounds; skin infections; superficial eye infections.

Spectrocin Plus *Numark, USA†.*
Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3); bacitracin (p.210·3); lidocaine (p.1862·3).
Bacterial skin infections.

Spectrocycline *Westmont, Indon.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Spectroflex *Baxter, Mex.†.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Spectroxyl *Ecosol, Switz.*
Amoxicillin (p.202·2).
Bacterial infections.

Spectrum
Note. This name is used for preparations of different composition.
Sigma-Tau, Ital.
Ceftazidime (p.234·1).
Bacterial infections.

Johnson & Johnson Medical, UK.
⊗ Alcohol (p.1625·2); quaternary ammonium compounds.
Formerly contained alcohol, chlorhexidine gluconate, and quaternary ammonium compounds.
Surface disinfection.

Spedamyl *Help, Gr.*
Alfuzosin hydrochloride (p.2183·1).
Benign prostatic hyperplasia.

Spedifen
Zambon, Fr.; Zambon, Hung.
Ibuprofen (p.64·2).
Fever; musculoskeletal, joint, and peri-articular disorders; pain.

Zambon, Hong Kong; Zambon, Indon.; Zambon, Malaysia; Zambon, Switz.
Ibuprofen arginine (p.65·2).
Fever; inflammation; musculoskeletal and joint disorders; pain; soft-tissue injury.

Spediol *Med-One, Gr.†.*
Buflomedil hydrochloride (p.1236·3).
Peripheral vascular disorders.

Spedralgin sans codeine *Democal, Switz.†.*
Paracetamol (p.108·1); phenazone (p.116·1); propyphenazone (p.119·3); caffeine (p.1116·3).
Fever; pain.

Spegic *Dynamic, Philipp.*
Mefenamic acid (p.80·1).
Pain.

Spektracef *Abdi, Turk.*
Cefditoren pivoxil (p.223·2).
Bacterial infections.

Spektramox *AstraZeneca, Denm.; AstraZeneca, Fin.†; AstraZeneca, Swed.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Spel *Silesia, Chile.*
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Speman *Himalaya, Rus.*
Orchis mascula (p.2357·3); hygrophila auriculata; lactuca serriola; dolichos pruriens; suvarnavang; argyreia speciosa; tribulus terrestris (p.2404·1); leptadenia reticulata; parmelia perlata.
Benign prostatic hyperplasia; male infertility.

Speman Forte *Himalaya, Rus.*
Orchis mascula (p.2357·3); asteracantha longifolia seed; lactuca serriola; itchy velvet bean seed; suvarnavang; argyreia speciosa; tribulus terrestris (p.2404·1); leptadenia reticulata stalk; parmelia perlata; rauwolfia serpentina (p.1387·1).
Sexual function disorders in men.

Spencer's Bronchitis *McGloin, Austral.†.*
Ammonium chloride (p.1551·3); codeine phosphate (p.37·2); phenylpropanolamine hydrochloride (p.1569·3).
Cold symptoms; throat irritation.

Spenglersan *Apotheke Roten Krebs, Austria.*
A range of homoeopathic bacterial antigens.

Spenglersan Kolloid *Meckel, Ger.*
Homoeopathic preparation.

Speridan *Actavis, Pol.; Actavis, Rus.*
Risperidone (p.1024·2).
Schizophrenia and other psychoses.

Speridol *Sandoz, Gr.*
⊗ Bisoprolol (p.1234·2).
Hypertension.

Spermatex *Shreya, Rus.*
Benzalkonium chloride (p.1629·1).
Contraceptive.

Spersacarpin *OmniVision, Ger.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; reversal of mydriasis.

Spersacarpine *Novartis Ophthalmics, Hong Kong†; Novartis Ophthalmics, Malaysia†; OmniVision, Switz.*
Pilocarpine hydrochloride (p.1884·3).
Glaucoma; ocular hypertension.

Spersacet *Novartis Ophthalmics, Hong Kong†; Novartis, Switz.†.*
Sulfacetamide sodium (p.335·3).
Bacterial eye infections; dacryocystitis.

Spersacet C *Restan, S.Afr.†; Novartis, Switz.†.*
Sulfacetamide sodium (p.335·3); chloramphenicol (p.239·3).
Bacterial eye infections; lachrymo-nasal irrigation.

Spersadex *OmniVision, Ger.; Novartis, Hong Kong†; OmniVision, Norw.; Adcock Ingram, S.Afr.; OmniVision, Switz.; Novartis, Turk.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Inflammatory eye and ear disorders.

Spersadex Comp *Novartis, Chile†; Novartis, Denm.; Novartis Ophthalmics, Ger.†; Novartis, Hong Kong; Novartis Ophthalmics, Hung.†; Novartis, Indon.; Novartis, Malaysia†; Adcock Ingram, S.Afr.; Novartis Ophthalmics, Singapore†; Novartis, Switz.*
⊗ Dexamethasone sodium phosphate (p.1526·2); chloramphenicol (p.239·3).
Infected eye disorders.

Spersadex Compositum *Novartis Ophthalmics, Cz.*
⊗ Dexamethasone sodium phosphate (p.1526·2); chloramphenicol (p.239·3).
Inflammatory eye infections.

Spersadex Compound *Novartis, Philipp.*
⊗ Dexamethasone sodium phosphate (p.1526·2); chloramphenicol (p.239·3).
Inflammatory eye disorders.

Spersadex med kloramfenikol *Novartis, Norw.*
⊗ Dexamethasone sodium phosphate (p.1526·2); chloramphenicol (p.239·3).
Inflammatory eye infections.

Spersadexolin *Novartis Ophthalmics, Ger.†.*
⊗ Dexamethasone sodium phosphate (p.1526·2); chloramphenicol (p.239·3); tetryzoline hydrochloride (p.1574·1).
Eye disorders.

Spersadexoline
Novartis, Gr.†; Novartis, Thai.
⊗ Chloramphenicol (p.239·3); dexamethasone (p.1526·1); tetryzoline hydrochloride (p.1574·1).
Bacterial eye infections with inflammation.

Novartis Ophthalmics, Hong Kong†; Novartis, Malaysia; Adcock Ingram, S.Afr.; Novartis Ophthalmics, Singapore†; Novartis, Switz.†.
⊗ Dexamethasone sodium phosphate (p.1526·2); chloramphenicol (p.239·3); tetryzoline hydrochloride (p.1574·1).
Bacterial eye infections with inflammation.

Spersallerg *Novartis, Chile; Novartis Ophthalmics, Cz.; Novartis, Ger.; Novartis, Gr.; Novartis, Hong Kong; Novartis Ophthalmics, Hung.; Novartis, Malaysia; Novartis, Norw.; Novartis, Philipp.; Novartis, Pol.; Novartis, Rus.; Adcock Ingram, S.Afr.; Novartis Ophthalmics, Singapore; Novartis, Switz.; Novartis, Thai.*
⊗ Antazoline hydrochloride (p.567·1); tetryzoline hydrochloride (p.1574·1).
Allergic conjunctivitis; hay fever.

Spersamide *Adcock Ingram, S.Afr.*
Sulfacetamide sodium (p.335·3).
Eye infections.

Spersanicol *Novartis Ophthalmics, Hong Kong†; Novartis, Indon.; Novartis Ophthalmics, Malaysia†; Adcock Ingram, S.Afr.; Novartis Ophthalmics, Singapore†; Novartis, Switz.†.*
Chloramphenicol (p.239·3).
Bacterial eye infections; lachrymo-nasal irrigation.

Spersapolymyxin *OmniVision, Switz.; Novartis, Thai.*
Polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1).
Bacterial eye infections.

Spersatear *Adcock Ingram, S.Afr.*
Hypromellose (p.2144·2).
Dry eyes.

Sperti *Wyeth, Venez.†.*
Shark-liver oil (p.2386·1).
Haemorrhoids.

Sperti Plus Preparacion H *Wyeth Consumer, Arg.*
Shark-liver oil (p.2386·1); phenylephrine hydrochloride (p.1568·1).
Haemorrhoids.

Sperti Praparation H
Note. This name is used for preparations of different composition.
Whitehall-Much, Ger.†.
Yeast (p.1998·3); shark-liver oil (p.2386·1).
Haemorrhoids.

Wyeth Lederle, Austria†.
Rectal gel: Hamamelis (p.2318·2).
Haemorrhoids.

Wyeth Lederle, Austria.
Rectal ointment; suppositories: Yeast (p.1998·3); shark-liver oil (p.2386·1).
Haemorrhoids.

Sperti Preparacao H *Home, Port.*
Yeast (p.1998·3); shark-liver oil (p.2386·1).
Anorectal disorders.

Sperti Preparacion H *Wyeth-Whitehall, Arg.†.*
Shark-liver oil (p.2386·1).
Haemorrhoids.

Sperti Preparacion H Clear Gel *Wyeth Consumer, Chile†.*
Hamamelis (p.2318·2).
Haemorrhoids.

Sperti Preparation H *Wyeth Consumer, Chile; Wyeth Consumer, Neth.; Whitehall-Robins, Switz.*
Yeast (p.1998·3); shark-liver oil (p.2386·1).
Anorectal disorders; haemorrhoids.

Spesicor *Leiras, Fin.*
⊗ Metoprolol succinate (p.1338·1) or metoprolol tartrate (p.1338·1).
Angina pectoris; arrhythmias; heart failure; hypertension; hyperthyroidism; migraine; myocardial infarction.

Speton *Temmler, Port.†.*
Halazone (p.1646·1).

SPF 15 For Body *Shaklee, Canad.†.*
SPF 15: Octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Spherex *Pharmacia, Ger.*
Amilomer 25-45 (p.2255·3).
Adjuvant to antineoplastics in liver cancer.

Spherulin *ALK, USA.*
Coccidioidin (p.2285·2).
Skin test for coccidioidomycosis.

Sphingogel *LED, Fr.†.*
Phytosphingosine; mandelic acid (p.296·3); malic acid (p.2337·1); citric acid (p.2284·1); salicylic acid (p.1612·2).
Acne.

S.P.H.P. *Cantassium Co., UK.*
Prostate gland (p.2337·3); spinal cord (p.2337·3); calcium hypophosphite (p.1677·1); nicotinamide (p.1957·3); lecithin (p.2332·2); wheat germ (p.2415·1); kola (p.2416·1); vitamin A (p.1971·2); vitamin D (p.1986·1).

Spidifen *Zambon, Belg.; Zambon, Neth.; Zambon, Port.*
Ibuprofen arginine (p.65·2).
Fever; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Spidox *Phoinix Pharm (Φοινιξ Φαρμ), Gr.*
Nitrendipine (p.1358·2).
Hypertension.

Spidufen *Zambon, Braz.*
Ibuprofen arginine (p.65·2).
Inflammation; pain.

Spifen *Zambon, Fr.*
Ibuprofen (p.64·2).
Fever; pain.

Spigelon *Peithner, Austria.*
Homoeopathic preparation.

Spigrow for Boys *Phoenix, Philipp.*
Notoginseng; spirulina; atractylodis macrocephalae; lycium; pseudostellariae; carthamus (p.1922·1).
Nutritional supplement.

Spigrow for Girls *Phoenix, Philipp.*
Notoginseng; spirulina; dong quai; rehmannia; paeonia alba; chuanxiong (p.1922·1).
Nutritional supplement.

Spinefe *FHC, Port.*
⊗ Ephedrine hydrochloride (p.1558·2).
Hypotension in anaesthesia.

Spir *Pierre Fabre, Fr.†.*
⊗ Beclometasone dipropionate (p.1516·2).
Asthma.

Spirabiotic *Kimia, Indon.*
Spiramycin (p.333·1).
Bacterial infections.

Spiracin *TO-Chemicals, Thai.*
Spiramycin (p.333·1).
Bacterial infections.

Spiractin *Alphapharm, Austral.; Pharmacare, S.Afr.*
⊗ Spironolactone (p.1400·1).
Heart failure; hepatic cirrhosis with ascites or oedema; hirsutism in females; hyperaldosteronism; hypertension; nephrotic syndrome; oedema.

Spiradan *Kalbe, Indon.*
Spiramycin (p.333·1).
Bacterial infections.

Spiralgine *Spirig, Switz.*
Mefenamic acid (p.80·1).
Fever; inflammation; pain.

Spiranter *Interbat, Indon.*
Spiramycin (p.333·1).
Bacterial infections.

Spiraphan *Kattwiga, Ger.*
Homoeopathic preparation.

Spirasin *Sanbe, Indon.*
Spiramycin (p.333·1).
Bacterial infections.

Spiraxin *Bama, Spain.*
Rifaximin (p.330·1).
Gastrointestinal infections; hepatic encephalopathy.

Spirbon *Fresenius Kabi, Austria.*
⊗ Chlorphenoxamine hydrochloride (p.572·3); ephedrine hydrochloride (p.1558·2); emetine hydrochloride (p.833·3).
Respiratory-tract disorders.

Spiresis *Orion, Fin.*
⊗ Spironolactone (p.1400·1).
Hyperaldosteronism; hypertension; liver cirrhosis with ascites; oedema.

Spirial
Note. This name is used for preparations of different composition.
SVR, Ital.
Aluminium chlorohydrate (p.1588·3).
Hyperhidrosis.

SVR, Fr.
Cream: Aluminium chlorohydrate (p.1588·3).
Hyperhidrosis.

SVR, Fr.
Roll-on deodorant: Aluminium chlorohydrate (p.1588·3); triethyl citrate (p.2404·1); allantoin (p.1588·1).
Hyperhidrosis.

Spiricort *Spirig, Switz.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Spiridazide *SIT, Ital.*
⊗ Spironolactone (p.1400·1); hydrochlorothiazide (p.1307·3).
Hyperaldosteronism.

Spirillon *Worwag, Ger.†.*
Mineral (p.1667·1) and trace element (p.1922·1) preparation.

Spirit Salicyl *Floris, Israel.*
⊗ Salicylic acid (p.1612·2); alcohol (p.1625·2).
Acne; keratinisation disorders.

Spirit Whitfield *Floris, Israel.*
Salicylic acid (p.1612·2); benzoic acid (p.1630·2).
Fungal skin infections.

Spiritus Contra Tussim Drops *Weleda, S.Afr.*
Angelica (p.2258·1); clove (p.2284·3); cinnamon (p.2283·1); coriander (p.2288·1); melissa (p.2339·3); nutmeg (p.2355·2); lemon oil (p.2332·3); cherry-laurel.
Coughs.

Spiriva *Boehringer Ingelheim, Arg.; Boehringer Ingelheim, Austral.; Boehringer Ingelheim, Austria; Boehringer Ingelheim, Belg.; Boehringer Ingelheim, Braz.; Boehringer Ingelheim, Canad.; Boehringer Ingelheim, Chile; Boehringer Ingelheim, Cz.; Boehringer Ingelheim, Denm.; Boehringer Ingelheim, Fin.; Boehringer Ingelheim, Fr.; Boehringer Ingelheim, Ger.; Boehringer Ingelheim, Gr.; Boehringer Ingelheim, Hong Kong; Pfizer, Hong Kong; Boehringer Ingelheim, Hung.; Boehringer Ingelheim, Indon.; Pfizer, Indon.; Boehringer Ingelheim, Irl.; Boehringer Ingelheim, Israel; Boehringer Ingelheim, Ital.; Boehringer Ingelheim, Jpn; Boehringer Ingelheim, Malaysia; Boehringer Ingelheim Promeco, Mex.; Boehringer Ingelheim, NZ; Boehringer Ingelheim, Neth.; Boehringer Ingelheim, Norw.; Pfizer, Norw.; Boehringer Ingelheim, Philipp.; Boehringer Ingelheim, Pol.; Boehringer Ingelheim, Port.; Boehringer Ingelheim, Rus.; Boehringer Ingelheim, S.Afr.; Boehringer Ingelheim, Singapore; Boehringer Ingelheim, Spain; Boehringer Ingelheim, Swed.; Pfizer, Swed.; Boehringer Ingelheim, Switz.; Boehringer Ingelheim, Thai.; Pfizer, Thai.; Boehringer Ingelheim, Turk.; Boehringer Ingelheim, UK; Boehringer Ingelheim, USA; Pfizer, USA; Boehringer Ingelheim, Venez.*
Tiotropium bromide (p.1148·3).
Obstructive airways disease.

Spirix *Nycomed, Denm.; Leiras, Fin.; Nycomed, Norw.; Nycomed, Swed.*
⊗ Spironolactone (p.1400·1).
Ascites; hyperaldosteronism; hypertension; liver cirrhosis with ascites; oedema.

Spiro *CT, Ger.*
⊗ Spironolactone (p.1400·1).
Ascites; hyperaldosteronism; oedema.

Spiro comp *Ratiopharm, Ger.*
⊗ Spironolactone (p.1400·1); furosemide (p.1292·1).
Ascites; hyperaldosteronism; liver cirrhosis; nephrotic syndrome; oedema.

Spiro Compositum *Merckle, Cz.†.*
⊗ Spironolactone (p.1400·1); furosemide (p.1292·1).
Ascites; hyperaldosteronism; liver cirrhosis; nephrotic syndrome; oedema.

Spirobene *Ratiopharm, Austria.*
⊗ Spironolactone (p.1400·1).
Hyperaldosteronism; hypertension; oedema.

Spirobeta *Betapharm, Ger.*
⊗ Spironolactone (p.1400·1).
Ascites; hyperaldosteronism; oedema.

Spirocort *AstraZeneca, Arg.; AstraZeneca, Denm.; Simesa, Ital.*
⊗ Budesonide (p.1520·1).
Asthma; bronchitis; nasal polyps; rhinitis.

Spiroctan *Biolab Sanus, Braz.; Ferlux, Fr.; Roche, Venez.†.*
⊗ Spironolactone (p.1400·1).
Adjuvant in myasthenia; hyperaldosteronism; hypertension; oedema.

Spiroctazine *Ferlux, Fr.*
⊗ Spironolactone (p.1400·1); altizide (p.1209·1).
Hypertension; oedema.

Spiro-D *Winthrop, Ger.*
⊗ Spironolactone (p.1400·1); furosemide (p.1292·1).
Ascites; hyperaldosteronism; oedema.

Spiroderm *Pharmacia, Ital.†.*
⊗ Spironolactone (p.1400·1).
Acne.

Spirofur *Bruno, Ital.*
⊗ Spironolactone (p.1400·1); furosemide (p.1292·1).
Hypertension; oedema.

Spirogamma *Worwag, Ger.*
⊗ Spironolactone (p.1400·1).
Ascites; hyperaldosteronism; oedema.

Spirohexal *Hexal, Austria.*
⊗ Spironolactone (p.1400·1).
Hyperaldosteronism; hypertension; oedema.

Spiroject *Syxyl, Ger.†.*
Homoeopathic preparation.

Spirola *Kalbe, Indon.*
⊗ Spironolactone (p.1400·1).
Aldosteronism; hypertension; hypokalaemia; oedema.

Spirolang *SIT, Ital.*
⊗ Spironolactone (p.1400·1).
Hyperaldosteronism; hypertension.

Spirolept *Thea, Fr.; Pro Vaccine, Switz.*
An inactivated leptospirosis vaccine (p.2221·1).
Active immunisation.

Spirolone *Berk, Cz.†; APS, Hung.†.*
⊗ Spironolactone (p.1400·1).
Heart failure; hyperaldosteronism; hypertension; liver cirrhosis with ascites; nephrotic syndrome; oedema.

Spirometon *Belmac, Spain.*
⊗ Bendroflumethiazide (p.1224·1); spironolactone (p.1400·1).
Hypertension; oedema.

Spiromide *RPG, India.*
⊗ Furosemide (p.1292·1); spironolactone (p.1400·1).
Hypertension; oedema.

Spiromix *Boniscontro & Gazzone, Ital.*
Spiramycin (p.333·1).
Bacterial infections.

Spiron
Note. This name is used for preparations of different composition.
Andromaco, Chile.
Risperidone (p.1024·2).
Schizophrenia.

Orion, Denm.; Ratiopharm, Hung.
⊗ Spironolactone (p.1400·1).
Hepatic cirrhosis with ascites; hyperaldosteronism; oedema.

Spironex *PP Lab, Thai.†.*
⊗ Spironolactone (p.1400·1).
Ascites; hypertension; oedema; primary aldosteronism.

Spirono *Genericon, Austria; Alpharma-Isis, Ger.*
⊗ Spironolactone (p.1400·1).
Hyperaldosteronism; hypertension; liver cirrhosis with ascites and oedema; oedema.

Spirono comp *Genericon, Austria.*
⊗ Spironolactone (p.1400·1); furosemide (p.1292·1).
Hyperaldosteronism; oedema.

Spironol *Pharbita, Israel; Polfa Grodzisk, Pol.*
⊗ Spironolactone (p.1400·1).
Hepatic cirrhosis; hyperaldosteronism; hypertension; hypokalaemia; oedema.

Spironolacton Plus *Heumann, Ger.†.*
⊗ Spironolactone (p.1400·1) furosemide (p.1292·1).
Ascites; oedema.

Spironone *Dexo, Fr.*
⊗ Spironolactone (p.1400·1).
Adjuvant in myasthenia; hyperaldosteronism; hypertension; oedema.

Spironothiazid *Desma, Ger.*
⊗ Spironolactone (p.1400·1); hydrochlorothiazide (p.1307·3).
Ascites; hyperaldosteronism; hypertension; oedema.

Spiropent *Boehringer Ingelheim, Austria; Boehringer Ingelheim, Cz.; Boehringer Ingelheim, Ger.; Boehringer Ingelheim, Gr.; Boehringer Ingelheim, Hung.; Boehringer Ingelheim, Indon.; Boehringer Ingelheim, Ital.; Teijin, Jpn; Boehringer Ingelheim Promeco, Mex.; Boehringer Ingelheim, Philipp.; Boehringer Ingelheim, Spain†.*
⊗ Clenbuterol hydrochloride (p.1120·1).
Asthma; bronchitis; bronchospasm; emphysema; obstructive airways disease; stress urinary incontinence.

Spiroscand *Enapharm, Swed.†.*
⊗ Spironolactone (p.1400·1).
Hyperaldosteronism; hypertension; liver cirrhosis with ascites; oedema.

Spirosine *Faran, Gr.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Spirospare *Ashbourne, UK†.*
⊗ Spironolactone (p.1400·1).
Ascites; heart failure; nephrotic syndrome; oedema; primary hyperaldosteronism.

Spirostada comp *Stada, Ger.†.*
⊗ Spironolactone (p.1400·1); bendroflumethiazide (p.1224·1).
Ascites; hyperaldosteronism; hypertension; oedema.

Spirotone *Pacific, NZ.*
⊗ Spironolactone (p.1400·1).
Aldosteronism; heart failure; hepatic cirrhosis with ascites; hirsutism; hypertension; hypokalaemia; nephrotic syndrome; oedema.

Spirotop *Topgen, Belg.*
⊗ Spironolactone (p.1400·1).
Cirrhosis with ascites; heart failure; hyperaldosteronism; hypertension.

Spirox *Copernico, Ital.*
Piroxicam (p.117·3).
Musculoskeletal and joint disorders.

Spirsa *Alter, Spain†.*
Chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Cold and influenza symptoms.

Spirumate *Anugerah Pharmindo, Indon.*
Spirulina (p.2392·1).
Immunostimulant.

Spitacid *Ecolab, Ger.*
⊗ Alcohol (p.1625·2); isopropyl alcohol (p.1650·3); benzyl alcohol (p.1631·3).
Hand disinfection.

Spitaderm *Paragerm, Fr.†; Paragerm, Indon.; Ecolab, Ital.; Ecolab, Neth.*
Isopropyl alcohol (p.1650·3); chlorhexidine gluconate (p.1635·3); hydrogen peroxide (p.1647·3).
Skin disinfection.

Spitalen *Erfa, Belg.†.*
Virginiamycin (p.361·2); neomycin sulfate (p.305·1).
Bacterial infections.

Spitomin *EGIS, Hung.*
Buspirone hydrochloride (p.965·3).
Anxiety disorders; depression; sedative.

Spizef *Grunenthal, Austria; Grunenthal, Ger.*
Cefotiam hydrochloride (p.230·1).
Bacterial infections.

SPL *Delmont, USA.*
Two strains of lysed *Staphylococcus aureus* in solution (p.2239·3).
Staphylococcal infection.

Splendil *AstraZeneca, Braz.; AstraZeneca, Chile; AstraZeneca, Jpn†.*
Felodipine (p.1285·3).
Angina pectoris; hypertension.

Splenocarbine *Lesourd, Fr.*
Activated charcoal (p.1435·2).
Gastrointestinal disorders.

Splentir *Unipharma, Gr.*
Aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Spm-OK *Marfarma, Ital.*
Vitamins; magnesium; zinc; borage oil; griffonia simplicifolia; agnus castus (p.1922·1).
Nutritional supplement.

Spofagnost *Galena, Cz.†; Ivax, Cz.†.*
Glucose (p.1945·3).
Test of glucose tolerance.

Spofalyt-Kalium *Galena, Cz.†.*
Potassium chloride (p.1684·3).
Hypokalaemia.

Spofaplast *Chemopharma, Cz.*
Salicylic acid (p.1612·2).
Calluses; corns.

Spofax *Zentiva, Cz.*
Carmellose calcium (p.2142·1); bismuth subgallate (p.1711·1); cinchocaine hydrochloride (p.1857·3).
Haemorrhoids.

Spolera *OTW, Ger.*
Acmella ciliata.
Soft-tissue injuries.

SpondylAT *Altmann, Ger.*
Thorium-X chloride.
Ankylosing spondylitis.

Spondylon
Note. This name is used for preparations of different composition.
Riemser, Ger.
Capsules: Ketoprofen (p.73·1).
Gout; inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Riemser, Ger.
Embrocation: Methyl nicotinate (p.85·3); camphor (p.2273·2).
Muscular and neuromuscular disorders.

Spondylonal *ICN, Ger.†.*
Multivitamin preparation (p.1922·1).

Spondyvit *Valeant, Ger.*
d-Alpha tocoferil acetate (p.1992·3).
Vitamin E deficiency.

Spongostan *Johnson & Johnson, Ger.; Johnson & Johnson, Ital.*
⊗ Gelatin (p.1072·1).
Haemorrhage.

Sponif *Slovakofarma, Cz.†.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Sponsin *Farmasan, Ger.*
Codergocrine mesilate (p.363·3).
Adjuvant for mental function disorders; cervical disc syndrome; hypertension.

Sponwiga *Kattwiga, Ger.†.*
Homoeopathic preparation.

Spophyllin *Zentiva, Cz.*
Theophylline (p.1140·1).
Obstructive airways disease.

Sporacid
Note. This name is used for preparations of different composition.
Ferron, Indon.
Itraconazole (p.536·3).
Fungal infections.

IMS, Ital.†.
Glutaral (p.1645·2).
Instrument disinfection.

Sporahexal *Hexal, Austral.*
Cefalexin (p.218·2).
Bacterial infections.

Sporal *Janssen-Cilag, Thai.*
Itraconazole (p.536·3).
Fungal infections.

Sporal mono *Muller Goppingen, Ger.*
Valerian (p.2410·1).
Nervous disorders; sleep disorders.

Sporanox *Janssen-Cilag, Arg.; Janssen-Cilag, Austral.; Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Ortho, Canad.; Janssen-Cilag, Chile; Janssen-Cilag, Cz.; Janssen-Cilag, Denm.; Janssen-Cilag, Fin.; Cipharmed, Fr.; Janssen-Cilag, Gr.; Janssen, Hong Kong; Janssen-Cilag, Indon.; Janssen-Cilag, Irl.; Janssen-Cilag, Israel; Janssen-Cilag, Ital.; Janssen-Cilag, Malaysia; Janssen-Cilag, Mex.; Janssen-Cilag, NZ; Janssen-Cilag, Norw.; Janssen, Philipp.; Janssen, Port.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Singapore; Janssen-Cilag, Spain; Janssen-Cilag, Swed.; Janssen-Cilag, Switz.; Janssen-Cilag, UK; Janssen, USA; Janssen-Cilag, Venez.*
Itraconazole (p.536·3).
Fungal infections.

Sporasec *Janssen-Cilag, Mex.; Janssen-Cilag, Venez.*
Itraconazole (p.536·3); secnidazole (p.846·3).
Vulvovaginal infections.

Sporaxyl *Bangkok Lab & Cosmetic, Thai.*
Ketoconazole (p.539·1).
Fungal skin infections.

Sporcid *Fresenius Kabi, Ger.*
Glutaral (p.1645·2); formaldehyde (p.1644·2).
Instrument disinfection.

Sporend *Mugi, Indon.*
Miconazole nitrate (p.541·3).
Fungal skin and nail infections.

Sporetik *Sanbe, Indon.*
Cefixime (p.224·3).
Bacterial infections.

Sporex
Note. This name is used for preparations of different composition.
Tempo Scan Pacific, Indon.
Ketoconazole (p.539·1).
Fungal skin infections.

IMS, Ital.†.
Glutaral (p.1645·2).
Instrument disinfection.

Toprak, Turk.
Itraconazole (p.536·3).
Fungal infections.

Sporfen *Medinfar, Port.*
Ibuprofen (p.64·2).
Fever; pain.

Sporicef *Ranbaxy, Thai.*
Cefalexin (p.218·2).
Bacterial infections.

Sporicidin *IMS, Ital.*
Glutaral-phenate complex (p.1645·3).
Instrument and surface disinfection.

Sporidex *Ozone, Cz.; Ranbaxy, India; Ranbaxy, Malaysia; Ranbaxy, Philipp.; Ranbaxy, Singapore; Ranbaxy, Thai.*
Cefalexin (p.218·2).
Bacterial infections.

Sporidox Plus *IMS, Ital.*
Peracetic acid (p.1655·2).
Instrument disinfection.

Sporiline *Schering-Plough, Fr.†.*
Tolnaftate (p.548·3).
Fungal skin infections.

Sporinex *Medochemie, Thai.*
Tinidazole (p.848·3).
Amoebiasis; giardiasis; trichomoniasis.

Sporizole *Target, Gr.*
Itraconazole (p.536·3).
Fungal infections.

Sporlab *Biolab, Thai.*
Itraconazole (p.536·3).
Fungal infections.

Sporlac *Uni-Sankyo, India.*
Lactobacillus sporogenes (p.2372·3).
Antibiotic-associated diarrhoea; moniliasis.

Spornar *Charoen, Thai.*
Itraconazole (p.536·3).
Fungal infections.

Sporostatin *Mantecorp, Braz.*
Griseofulvin (p.535·2).
Fungal infections.

Sporoxyl *Bangkok Lab & Cosmetic, Thai.*
Ketoconazole (p.539·1).
Fungal infections.

Sport 30 Sunblock *Tanning Research, Canad.*
SPF 30: Octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Sportenine *Boiron, Canad.†; Boiron, Fr.*
Homoeopathic preparation.

Sportino *Harras-Curarina, Ger.*
Heparin sodium (p.1301·2).
Soft-tissue injury; superficial vascular disorders.

Sportino Akut *Harras-Curarina, Austria†; Harras-Curarina, Ger.*
Glycol salicylate (p.62·3); arnica (p.2260·2).
Musculoskeletal, joint, and soft-tissue disorders.

Sportium *Lyron, Switz.*
Heparin sodium (p.1301·2); allantoin (p.1588·1); dexpanthenol (p.2362·1).
Soft-tissue injuries; venous insufficiency.

Sports Ice Bruising Relief *Brauer, Austral.*
Arnica (p.2260·2).
Soft-tissue injury.

Sports Ice Joint & Muscle *Brauer, Austral.*
Homoeopathic preparation.

Sports Multi *Cenovis, Austral.†.*
Multivitamin and mineral preparation (p.1922·1).

Sportscreme *Thompson, USA.*
Trolamine salicylate (p.132·3).
Muscle, joint, and soft-tissue pain; neuralgia.

Sportscreme Ice *Thompson, USA.*
Menthol (p.2340·1).
Muscle, joint, and soft-tissue pain; neuralgia.

Sportsmega *Cantassium Co., UK.*
Multivitamin and mineral preparation (p.1922·1).

Sportupac M *Terra-Bio, Ger.*
Aesculus (p.2248·2); aescin (p.2248·2).
Bruising.

Sportusal *Permamed, Switz.*
Lauromacrogol 400 (p.1916·1); dimethyl sulfoxide (p.2022·1); heparin sodium (p.1301·2); glycol salicylate (p.62·3); dexpanthenol (p.2362·1).
Soft-tissue trauma; superficial thrombophlebitis; varices.

Sportusal Spray sine heparino *Permamed, Switz.*
Lauromacrogol 400 (p.1916·1); dimethyl sulfoxide (p.2022·1); glycol salicylate (p.62·3); dexpanthenol (p.2362·1); menthol (p.2340·1); camphor (p.2273·2).
Musculoskeletal, joint, and soft-tissue disorders.

Spotof *CCD, Fr.*
Tranexamic acid (p.1080·3).
Haemorrhage.

Spotoway *Health & Diet Food Co., UK.*
Chlorhexidine (p.1635·2).
Skin irritation and spots.

Spozol *Delta, Braz.*
Itraconazole (p.536·3).
Fungal infections.

Spralyn *Salus, Mex.*
Sodium cromoglicate (p.1136·3).
Asthma.

Spray Anti-Septico *Johnson & Johnson, Braz.*
Lidocaine hydrochloride (p.1862·3); benzethonium chloride (p.1630·1).

Spray du Marcheur *Laphi, Fr.*
Irgasan (p.1665·2); triclocarban (p.1665·2).
Foot hygiene.

Spray Mint *Kivema, Israel.*
Menthol (p.2340·1); sorbitol (p.1965·1).
Nasal dryness.

Spray nasal comp pour adultes *Spirig, Switz.*
⊗ Naphazoline nitrate (p.1565·2); phenylephrine (p.1568·1).
Nasal congestion.

Spray nasal pour enfants *Spirig, Switz.*
Phenylephrine (p.1568·1).
Nasal congestion; rhinitis.

Spray de Proteccion Total *Pierre Fabre Dermo-Cosmetique, Arg.†.*
Titanium dioxide (p.1617·3); cinnamate.
Sunscreen.

Spray Solaire Bronzage Securite *Clarins, Canad.†.*
SPF 15: Octocrilene (p.1608·3); octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Spraydil *SMB, Belg.*
Phenylephrine hydrochloride (p.1568·1).
Rhinitis.

Spray-on Bande *Eagle, Austral.†.*
Copovidone (p.2146·1).
Plastic skin preparation for colostomies and ileostomies.

Spray-Pax *Omega, Fr.; Pharmygiene, Rus.*
Pyrethrum (p.2049·3); piperonyl butoxide (p.2049·1).
Pediculosis.

Spray-Tish *Boehringer Ingelheim, Austral.*
⊗ Tramazoline hydrochloride (p.1574·3).
Nasal congestion.

Spray-Tish Menthol *Boehringer Ingelheim, Austral.*
⊗ Tramazoline hydrochloride (p.1574·3); menthol (p.2340·1); cineole (p.2282·3); camphor (p.2273·2).
Nasal congestion.

Sprayzoin *Geritrex, USA.*
Benzoin compound tincture.
Skin disorders.

Sprediol *Stroder, Ital.*
Estradiol (p.2097·2).
Menopausal disorders.

Spregal
Note. This name is used for preparations of different composition.
Omega, Fr.; Olvos, Gr.; Pharmygiene, Neth.; Pharmygiene, Rus.; Medpro, S.Afr.
Esdepallethrine (p.2042·3); piperonyl butoxide (p.2049·1).
Scabies.

Wolff, Ger.
Bioallethrin (p.2036·2); piperonyl butoxide (p.2049·1).
Scabies.

Spren *Sigma, Austral.†.*
Aspirin (p.20·3).
Fever; inhibition of platelet aggregation; pain.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Spreor *Inava, Fr.†*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Sprilon *Smith & Nephew, Irl.; Ayrton, UK.*
Dimeticone (p.2032·1); zinc oxide (p.1621·2).
Barrier preparation; eczema; pressure sores; skin fissures; skin ulcers.

Sprimeo *Novartis, Cz.*
Aliskiren (p.1207·1).
Hypertension.

Sprinsol *Fortune, Hong Kong†.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Sprintec *Barr, USA.*
21 Tablets, ethinylestradiol (p.2101·3); norgestimate (p.2121·1); 7 tablets, inert.
Combined oral contraceptive.

Sprycel *BMS, Arg.; BMS, Austral.; BMS, Cz.; BMS, Fr.; BMS, Gr.; BMS, Hung.; BMS, Indon.; BMS, Malaysia; BMS, NZ; BMS, UK; BMS, USA.*
Dasatinib (p.708·2).
Acute lymphoblastic leukaemia; chronic myeloid leukaemia.

SPS *Carolina, USA.*
Sodium polystyrene sulfonate (p.1465·1).
Hyperkalaemia.

Sputopur *Teva, Hung.*
Acetylcysteine (p.1548·2).
Respiratory-tract disorders with increased or viscous mucus.

Spyrocon *Interbat, Indon.*
Itraconazole (p.536·3).
Fungal infections.

Squam
Note. This name is used for preparations of different composition.
Gador, Arg.
Dental gel: Etidronate disodium (p.1097·1); sodium fluoride (p.1962·2); sodium monofluorophosphate (p.1964·3).
Dental caries prevention.
Gador, Arg.
Toothpaste: Etidronate disodium (p.1097·1); calcium pyrophosphate; sodium fluoride (p.1962·2).
Dental caries prevention.

Squamasol *Ichthyol, Austria; Ichthyol, Ger.*
Salicylic acid (p.1612·2).
Scalp disorders.

Squa-med
Note. This name is used for preparations of different composition.
Phoenix, Hung.
⊗ Pyrithione zinc (p.1611·2); disodium sulfosuccinated undecenoic acid monoethanolamide (p.549·3); urea (p.1620·2).
Scalp disorders.
Permamed, Switz.
Pyrithione zinc (p.1611·2); sodium undecylamide MEA-sulfosuccinate.
Formerly contained pyrithione zinc, sodium undecylamide MEA-sulfosuccinate, and urea.
Scalp disorders.

Squaphane *Biorga, Fr.*
Malic acid (p.2337·1); climbazole (p.529·3); miconazole (p.541·2); cade oil (p.1616·1).
Dandruff.

Squaphane E *Biorga, Fr.*
Climbazole (p.529·3); miconazole (p.541·2); cade oil (p.1616·1); levomenol (p.2333·3).
Dandruff.

Squaphane Masque-Creme *Biorga, Fr.*
Climbazole (p.529·3); miconazole (p.541·2); salicylic acid (p.1612·2); cade oil (p.1616·1); ichthammol (p.1599·1).
Scalp disorders.

Squaphane P *Biorga, Fr.*
Climbazole (p.529·3); miconazole (p.541·2); salicylic acid (p.1612·2); cade oil (p.1616·1); melaleuca oil (p.2338·2).
Dandruff.

Squaphane S *Biorga, Fr.*
Climbazole (p.529·3); miconazole (p.541·2); salicylic acid (p.1612·2); cade oil (p.1616·1); resorcinol (p.1612·1).
Scalp disorders.

Squibb-B Complex *BMS, Indon.*
Vitamin B substances (p.1922·1).
Vitamin B deficiency.

SRC Expectorant *Edwards, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3); hydrocodone tartrate (p.63·1).
Coughs.

SRE Serocytol *Serolab, Switz.*
An immunoglobulin (equine).
Infections.

Srilane *Merck, Belg.; Merck-Lipha, Fr.; Merck-Lipha, Hong Kong†.*
Idrocilamide (p.1897·2).
Pain in peri-articular and soft-tissue disorders; skeletal muscle spasm; superficial phlebitis.

SRM-Rhotard *Alliance, S.Afr.; Amarin, Singapore†.*
⊗ Morphine sulfate (p.86·3).
Pain.

SRO *Rivero, Arg.*
Sodium chloride; potassium chloride; sodium citrate; glucose (p.1672·2).
Oral rehydration.

Sronyx *Watson, USA.*
21 Tablets, ethinylestradiol (p.2101·3); levonorgestrel (p.2121·2); 7 tablets, inert.
Combined oral contraceptive.

SSD *Abbott, Canad.†; Par, USA.*
Sulfadiazine silver (p.337·2).
Burns; wounds.

SSKI *Upsher-Smith, USA.*
Potassium iodide (p.2169·2).
Respiratory-tract disorders.

SSP *Eurolab, Arg.*
Range of dietary supplements (p.1922·1).

SST *Intsel, Fr.; Medac, UK.*
Sorbitol (p.1965·1); macrogol (p.2336·1); malic acid (p.2337·1); sodium citrate (p.1673·3).
Dry mouth.

SSZ *Gufic, India.*
Sulfadiazine silver (p.337·2).
Fungal corneal infections.

ST-52 *Baxter Oncology, Fr.†.*
Fosfestrol sodium (p.2105·1).
Prostatic cancer.

ST 37 *Numark, USA.*
Hexylresorcinol (p.1647·1).
Antiseptic.

St Bonifatius-Tee *Kolassa, Austria.*
Equisetum (p.2299·3); citrus aurantium (p.2357·1); tilia flower (p.2402·2); boldo leaf (p.2267·2); juniper wood (p.2328·2).
Formerly contained equisetum, frangula bark, senna leaf, valerian root, citrus aurantium, tilia flower, boldo leaf, juniper wood, and rhubarb.
Biliary-tract disorders; diuretic.

S-T Forte 2 *Scot-Tussin, USA.*
Chlorphenamine maleate (p.571·3); hydrocodone tartrate (p.63·1).
Coughs and cold symptoms.

St. Jakobs-Balsam *Cheplapharm, Ger.*
Zinc oxide (p.1621·2).
Wounds.

St James Balm *Medico-Biological Laboratories, UK.*
⊗ Zinc oxide (p.1621·2); ichthammol (p.1599·1); salicylic acid (p.1612·2); urea (p.1620·2).
Skin disorders.

St Johnswort Compound *Potter's, UK.*
Juniper oil (p.2328·3); St John's wort (p.422·3); salix (p.121·3); cimicifuga (p.2282·1); skullcap (p.2388·2).
Sciatica.

St. Joseph Adult Chewable *Schering-Plough, USA.*
Aspirin (p.20·3).

St Luke's Oil *British Dispensary, Thai.*
Methyl salicylate (p.85·3); menthol (p.2340·1); camphor (p.2273·2); thyme oil (p.2401·2).
Muscle pain; soft-tissue injury.

St Luke's Sports Oil *British Dispensary, Thai.*
Methyl salicylate (p.85·3); menthol (p.2340·1); camphor (p.2273·2); eucalyptus oil (p.2301·2).
Muscle pain; soft-tissue injury.

St Mary's Thistle Plus *Eagle, Austral.*
Milk thistle (p.1452·1); myrtillus (p.2349·3); taraxacum (p.2395·1).
Liver tonic; peripheral vascular disorders; psoriasis.

Staaldruppels *Lennon, S.Afr.*
Ferric chloride (p.2303·3).
Iron-deficiency anaemias; minor haemorrhage.

Stabactam *Fahrenheit, Indon.*
Sulbactam sodium (p.335·1); cefoperazone sodium (p.227·1).
Bacterial infections.

Stabicilline *Vifor, Switz.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Stabilanol *Pharmathen, Gr.*
Fluconazole (p.532·1).
Fungal infections.

Stabimed *Braun, Ger.*
Cocopropylene-diamine.
Instrument disinfection.

Stabisol *Berlin-Chemie, Rus.*
⊗ Hetastarch (p.1065·1).
Haemodilution; hypovolaemia; shock.

Stabixin *Fahrenheit, Indon.*
Cefoperazone sodium (p.227·1).
Bacterial infections.

Stablon
Servier, Arg.; Serdia, India; Servier, Indon.; Servier, Malaysia; Servier, Philipp.; Servier, Singapore.
Tianeptine (p.424·1).
Depression; mixed anxiety depressive states.
Servier, Austria; Servier, Braz.; Ardix, Fr.; Servier, Mex.; Servier, Port.; Servier, Thai.; Servier, Turk.; Servier, Venez.
Tianeptine sodium (p.423·3).
Anxiety; depression; mixed anxiety depressive states.

Stacare *Nufarindo, Indon.*
Lycopene (p.2335·2); selenium (p.1961·1); zinc (p.1999·1).
Prostate disorders.

Stacer *Atral, Port.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Stacin *Macrophar, Thai.*
Erythromycin (p.269·2).
Bacterial infections.

Stada Gurgellosung *Stada, Ger.†.*
Dequalinium chloride (p.1641·3).
Mouth disorders.

Stada K *Stada, Hong Kong.*
Ketoconazole (p.539·1).
Dandruff.

Stada Uno *Stada, Singapore; Stada, Thai.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension; ischaemic heart disease.

Stadaglicin *Stada, Cz.†; Stada, Hong Kong; Stada, Hung.†; Stada, Malaysia.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis; allergic rhinitis.

Stadalax *Stada, Cz.; Stada, Ger.†; Stada, Hung.*
Bisacodyl (p.1710·1).
Bowel evacuation; constipation.

Stadamet *Stada, Cz.; Stada, Hung.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Stadapress *Stada, Cz.*
⊗ Quinapril hydrochloride (p.1382·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Stadaquel *Stada, Cz.*
Quetiapine fumarate (p.1022·2).
Bipolar disorder; schizophrenia.

Stadelant *Chrispa (Χρισπα), Gr.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Stadenace *Stada, Philipp.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension; left-ventricular dysfunction.

Stadium *Sanfer, Mex.; Menarini, Neth.*
Dexketoprofen trometamol (p.73·1).
Pain.

Stadol *BMS, Canad.†; BMS, Chile†; BMS, Mex.; BMS, Philipp.; BMS, Rus.; Apothecon, USA.*
Butorphanol tartrate (p.32·1).
Pain; premedication.

Stadovir *Stada, Austria.*
Aciclovir (p.862·3).
Herpes labialis.

Stadyl *Medipharma, Hong Kong†.*
⊗ Codeine phosphate (p.37·2); ephedrine hydrochloride (p.1558·2); chlorphenamine maleate (p.571·3); ammonium chloride (p.1551·3).
Cold and influenza symptoms.

Stafal *Sevapharma, Cz.*
Antistaphylococcal phages (p.2239·3).
Staphylococcal infections.

Stafcil *Aurobindo, Philipp.*
Oxacillin sodium (p.311·3).
Bacterial infections.

Staficilin N *BMS, Braz.*
Oxacillin sodium (p.311·3).
Bacterial infections.

Staficort *Verisfield, Gr.*
⊗ Betamethasone valerate (p.1519·1); fusidic acid (p.279·3).
Infected skin disorders.

Stafilon *AGIPS, Ital.*
Methacycline hydrochloride (p.298·2).
Bacterial infections.

Stafine *Kocak, Turk.*
Sodium fusidate (p.279·3).
Staphylococcal infections.

Staflex *Magna, USA.*
Phenyltoloxamine citrate (p.588·1); paracetamol (p.108·1).
Pain.

Staflocil *Orion, Fin.*
Cloxacillin sodium (p.256·1).
Bacterial infections.

Stafloxin *Westmont, Philipp.*
Flucloxacillin magnesium (p.277·1) or flucloxacillin sodium (p.277·1).
Bacterial infections.

Staforin *Kalbe, Indon.*
Cefadroxil (p.218·1).
Bacterial infections.

Stafoxil *Yamanouchi, Neth.†.*
Flucloxacillin sodium (p.277·1).
Bacterial infections.

Stagesic *Huckaby, USA.*
Hydrocodone tartrate (p.63·1); paracetamol (p.108·1).
Pain.

Stagid *Merck-Lipha, Fr.; Merck, Port.*
Metformin embonate (p.453·3).
Diabetes mellitus.

Stago N *Uhlmann-Eyraud, Switz.†.*
Greater celandine (p.2317·1); turmeric (p.1473·2); cynara (p.2291·2); boldo (p.2267·2).
Biliary-tract disorders.

Stahist *Huckaby, USA.*
Pseudoephedrine hydrochloride (p.1571·2); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); hyoscyamine sulfate (p.1736·1); hyoscine hydrobromide (p.1734·1); atropine sulfate (p.1219·3).
Formerly contained phenylpropanolamine hydrochloride, phenylephrine hydrochloride, chlorphenamine maleate, hyoscyamine sulfate, hyoscine hydrobromide, and atropine sulfate.
Upper respiratory-tract symptoms.

Stalcare *Epifarma, Ital.*
Domperidone (p.1726·2).
Gastrointestinal disorders.

Stalene *Unison, Hong Kong; Unison, Malaysia; Unison, Singapore; Unison, Thai.*
Fluconazole (p.532·1).
Fungal infections.

Staleth *Stadmed, India.*
Lithium carbonate (p.401·3).
Bipolar disorder; hypomania; mania.

Stalev *Novartis, Philipp.*
Levodopa (p.804·3); carbidopa (p.803·1); entacapone (p.804·1).
Parkinsonism.

Stalevo *Novartis, Arg.; Novartis, Austral.; Novartis, Belg.; Novartis, Braz.; Novartis, Chile; Orion, Cz.; Orion, Denm.; Orion, Fin.; Novartis, Fr.; Orion, Ger.; Novartis, Gr.; Novartis, Hong Kong; Orion, Hung.; Novartis, Indon.; Orion, Irl.; Novartis, Israel; Novartis, Ital.; Novartis, Malaysia; Novartis, Mex.; Orion, Neth.; Orion, Norw.; Orion, Pol.; Orion, Port.; Orion, Rus.; Novartis, Singapore; Novartis, Spain; Orion, Swed.; Novartis, Switz.; Novartis, Thai.; Novartis, Turk.; Orion, UK; Novartis, USA; Novartis, Venez.*
Levodopa (p.804·3); carbidopa (p.803·1); entacapone (p.804·1).
Parkinsonism.

Staloral
Stallergenes, Cz.; Stallergenes, Ger.; Stallergenes, Ital.; Stallergenes, Pol.
Allergen extracts (p.2250·2).
Allergen immunotherapy; hyposensitisation.
Trimedal, Switz.
Pollen allergen extracts (p.2370·2)(p.2250·2).
Allergen immunotherapy.

Stamar *LKM, Arg.*
Stavudine (p.907·1).
HIV infection.

Stamaril *Sanofi Pasteur, Arg.; Aventis Pasteur, Austral.; Sanofi Pasteur, Belg.; Sanofi Pasteur, Chile; Sanofi Pasteur, Cz.; Sanofi Pasteur, Denm.; Sanofi Pasteur, Fin.; Sanofi Pasteur, Fr.; Sanofi Pasteur, Ger.; Sanofi Pasteur, Irl.; Sanofi Pasteur, Ital.; Aventis Pasteur, Malaysia†; Aventis, NZ; Sanofi Pasteur, Neth.; Sanofi Pasteur, Norw.; Aventis Pasteur, Pol.; Sanofi Pasteur, Port.; Aventis, S.Afr.; Sanofi Pasteur, Singapore; Sanofi Pasteur, Swed.; Sanofi Pasteur, Switz.; Aventis Pasteur, Turk.; Aventis Pasteur, UK; Zuoz, Venez.†.*
A yellow fever vaccine (17D strain) (p.2243·2).
Active immunisation.

Stamifen *Finmedical, Ital.*
Ketotifen fumarate (p.582·2).
Allergic rhinitis.

Stamin *Faran, Gr.*
Piracetam (p.368·2).
Mental function disorders.

Stamina *Chi Sheng, Thai.*
Vitamin B substances with glucose (p.1922·1).

Stamino *Tropica Mas, Indon.*
Glutamine (p.1947·2); echinacea (p.2298·1); ascorbic acid (p.1983·3).
Immunostimulant.

Stamlo *Biofarma, Venez.†.*
Amlodipine besilate (p.1214·1).
Angina pectoris; heart failure; hypertension.

Stamoist E *Huckaby, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs.

Stamonevrol *Biostam (Βιοσταμ), Gr.*
Sulpiride (p.1028·3).
Psychoses.

Stamyl *Konsuma, Venez.*
Pancreatin (p.2360·1); hemicellulase (p.2279·1); ox bile (p.2266·3); simeticone (p.1770·2).
Digestive disorders.

Stanalin *Erlimpex, Indon.*
Mefenamic acid (p.80·1).
Fever; pain.

Stanback Headache *GSK Consumer, USA.*
Aspirin (p.20·3); salicylamide (p.121·2); caffeine (p.1116·3).
Pain.

Stancef *Biomedis, Philipp.*
Cefazolin sodium (p.222·1).
Bacterial infections.

Standacillin
Sandoz, Austria; Biochemie, Cz.†.
Ampicillin sodium (p.204·1) or ampicillin trihydrate (p.204·2).
Bacterial infections.
Sandoz, Hung.; Sandoz, Malaysia.
Ampicillin sodium (p.204·1).
Bacterial infections.
Biochemie, Indon.; Sandoz, Singapore.
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Standard III *Aguettant, Fr.†.*
Electrolyte preparation (p.1667·1).
Parenteral nutrition.

Standard XXI *Bioquimico, Arg.*
Benzyl alcohol (p.1631·3); diethyltoluamide (p.2041·1); ethyl butylacetylaminopropionate (p.2043·1).
Pediculosis.

Stangyl *Aventis, Ger.*
Trimipramine maleate (p.426·3) or trimipramine mesilate (p.426·3).
Anxiety; depression.

Stanhexidine *Omega, Canad.*
Chlorhexidine gluconate (p.1635·3).

Stanidine *Apotex, Philipp.; Pharma 3, Philipp.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hyperlipidaemias.

Stanilo *Pharmacia, Ger.*
Spectinomycin hydrochloride (p.332·3).
Gonorrhoea.

Stanol *Body Research, Thai.†.*
⊗ Stanozolol (p.2129·1).
Anabolic; hereditary angioedema.

Stanza *Hexpharm, Indon.*
Mefenamic acid (p.80·1).
Fever; pain.

Staphlex
Alphapharm, Malaysia; Pacific, NZ.
Flucloxacillin sodium (p.277·1).
Gram-positive bacterial infections.

Merck, Singapore; Pacific, Singapore.
Flucloxacillin (p.277·1).
Bacterial infections.

Staphycid
Trenker, Belg.
Flucloxacillin magnesium (p.277·1) or flucloxacillin sodium (p.277·1).
Staphylococcal and streptococcal infections.

Trenker, Thai.
Flucloxacillin (p.277·1).
Bacterial infections.

Staphyclox *Norma (Νορμα), Gr.*
Cloxacillin sodium (p.256·1).
Bacterial infections.

Staphylex
Alphapharm, Austral.
Flucloxacillin sodium (p.277·1).
Gram-positive coccal infections.

GSK, Ger.
Flucloxacillin magnesium (p.277·1) or flucloxacillin sodium (p.277·1).
Bacterial infections.

Staphypan *Berna, Switz.†.*
Staphylococci.
Staphylococcal infections.

Starasid *Kayaku, Jpn.*
Cytarabine ocfosfate (p.706·1).
Malignant neoplasms.

Starazolin *Polpharma, Pol.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Conjunctivitis.

Starcef
Note. This name is used for preparations of different composition.
Dexa, Indon.
Cefixime (p.224·3).
Bacterial infections.

FIRMA, Ital.
Ceftazidime (p.234·1).
Gram-negative bacterial infections.

Starclaf *Pharos, Indon.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Starezin *Aledicine, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Starform *Novartis, Braz.; Novartis, Venez.*
Tablets, nateglinide (p.455·2); tablets, metformin hydrochloride (p.453·2).
Diabetes mellitus.

Staril *BMS, UK.*
Fosinopril sodium (p.1291·3).
Heart failure; hypertension.

Starkid *Protidiet, Fr.†.*
Nutritional supplement for children (p.1922·1).

Starlix *Novartis, Arg.; Novartis, Braz.; Novartis, Canad.; Novartis, Chile; Novartis, Cz.; Novartis, Denm.†; Novartis, Fin.; Merck, Ger.; Novartis, Ger.; Novartis, Gr.; Novartis, Hong Kong†; Novartis, Hung.; Novartis, Indon.; Novartis, Irl.; Novartis, Malaysia; Novartis, Mex.; Novartis, NZ†; Novartis, Neth.; Novartis, Norw.; Novartis, Philipp.; Novartis, Port.; Novartis, Rus.; Novartis, S.Afr.; Novartis, Singapore; Novartis, Spain; Novartis, Swed.; Novartis, Switz.; Novartis, Turk.; Novartis, UK; Novartis, USA; Novartis, Venez.*
Nateglinide (p.455·2).
Diabetes mellitus.

Starmelox *Minerva (Μινερβα), Gr.*
Meloxicam (p.80·3).
Inflammatory disorders.

StarMuno
Note. This name is used for preparations of different composition.
Kalbe, Indon.
Caplet: Echinacea angustifolia extract (Polinacea) (p.2298·1); black elderberry (p.2383·1); zinc picolinate (p.2001·1); ascorbic acid (p.1983·3).
Immunostimulant.

Kalbe, Indon.
Syrup: Echinacea angustifolia extract (Polinacea) (p.2298·1) black elderberry (p.1983·3); zinc picolinate (p.2001·1).
Immunostimulant.

Starnoc *Servier, Canad.*
Zaleplon (p.1035·3).
Insomnia.

Starogyn *Leiras, Fin.*
Broxyquinoline (p.215·3).
Vaginal infections.

Star-Otic *Stellar, USA.*
Glacial acetic acid (p.2244·2); aluminium acetate (p.2255·1); boric acid (p.2268·1).
Ear infection.

Starox *Grunenthal, Chile†.*
Gatifloxacin (p.281·1).
Bacterial infections.

Star-Pen *Sandoz, Austria.*
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Starsis *Astellas, Jpn.*
Nateglinide (p.455·2).
Diabetes mellitus.

Start NP *ICN, Arg.†.*
⊗ Gentamicin sulfate (p.282·1); hydrocortisone acetate (p.1535·2); ketoconazole (p.539·1).
Infected skin disorders.

Startonyl *Torrex, Austria; Seber, Port.*
Citicoline (p.2283·3).
Cerebrovascular disorders; head injury.

Starval *Ranbaxy, India.*
Valsartan (p.1420·2).
Hypertension; myocardial infarction.

Starxon *Interbat, Indon.*
Ceftriaxone (p.238·1).
Bacterial infections.

Stas
Note. This name is used for preparations of different composition.
Stada, Cz.†.
Cetylpyridinium chloride (p.1635·1); dequalinium chloride (p.1641·3).
Mouth and throat disorders.

Faran, Gr.
Itraconazole (p.536·3).
Fungal infections.

stas Erkaltungssalbe *Stada, Ger.†.*
Camphor (p.2273·2); eucalyptus oil (p.2301·2); pine needle oil (p.2368·2).
Cold symptoms.

stas Erkaltungssalbe mild *Stada, Ger.†.*
Eucalyptus oil (p.2301·2); pine needle oil (p.2368·2).
Cold symptoms.

stas Nasentropfen, Nasenspray *Stada, Ger.†.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion; rhinitis.

stas-Hustenloser *Stada, Ger.†.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with increased or viscous mucus.

stas-Hustenstiller N *Stada, Ger.†.*
Clobutinol hydrochloride (p.1554·1).
Coughs.

Stasiva *Pharmanel, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Stat-Crit *Wampole, USA.*
Test for haematocrit/haemoglobin measurement.

Statex *Pharmascience, Canad.†; Pharmascience, Singapore.*
⊗ Morphine sulfate (p.86·3).
Pain.

Staticin *Westwood-Squibb, Canad.†; Westwood, USA†.*
Erythromycin (p.269·2).
Acne.

Staticum *Uriach, Spain.*
Glisentide (p.442·1).
Diabetes mellitus.

Statifil *Tiefenbacher, Neth.*
Pravastatin sodium (p.1374·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Statiflex G *Braun, Switz.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Statinal *Alet, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Statinclyne *Cazi, Braz.†.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Statinum *Medichrom, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Stativer *Iapharm, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Statosan *Sanus, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Statrol *Alcon, Belg.; Alcon, Cz.†; Alkon (Αλκον), Gr.†; Alcon, Philipp.*
Neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Staurodorm
Sanova, Austria.
Flurazepam hydrochloride (p.999·1).
Sleep disorders.

Madaus, Belg.
Flurazepam (p.999·1).
Insomnia.

Staurodorm Neu *Dolorgiet, Ger.*
Flurazepam (p.999·1).
Sleep disorders.

Stavacin *Biol, Arg.*
Staphylococcus aureus.
Staphylococcal infections.

Staveran *Polpharma, Pol.*
Verapamil hydrochloride (p.1421·1).
Arrhythmias; hypertension; ischaemic heart disease.

Stavid *Hovid, Malaysia.*
Simvastatin (p.1390·2).
Atherosclerosis; cardiovascular risk reduction; hypercholesterolaemia.

Stavir *Cipla, India; Cipla-Medpro, S.Afr.; Cipla, Venez.*
Stavudine (p.907·1).
HIV infection.

Stavit *Nufarindo, Indon.*
Vitamin B ; vitamin B ; vitamin B (p.1922·1).
Vitamin B deficiency.

Stavubergen *Paylos, Arg.*
Stavudine (p.907·1).
HIV infection.

Stay Alert *Apothecary, USA.*
Caffeine (p.1116·3).
Fatigue.

Staybla *Ono, Jpn.*
Imidafenacin (p.2190·2).
Bladder hyperactivity.

Stay-Wet 3 *Sherman, USA.*
Cleansing, wetting, and soaking solution for gas permeable contact lenses (p.1622·2).

Stay-Wet 4 *Sherman, USA.*
Wetting solutions for hard contact lenses (p.1622·2).

Stazepine *Polpharma, Hung.*
Carbamazepine (p.471·3).
Alcohol withdrawal syndrome; bipolar disorder; epilepsy; trigeminal neuralgia.

Stazol *Bernofarm, Indon.*
Cilostazol (p.1245·2).
Peripheral vascular disorders; stroke prophylaxis.

Stazor *Adipharm, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

STD *Intramed, S.Afr.*
Sodium tetradecyl sulfate (p.2139·2).
Varicose veins.

Stecort-NM *Stancare, India.*
⊗ Beclometasone dipropionate (p.1516·2); neomycin sulfate (p.305·1); miconazole nitrate (p.541·3).
Infected skin lesions.

Stediril
Note. This name is used for preparations of different composition.
Wyeth, Cz.†; Wyeth, Fr.; Wyeth, Ger.†.
Norgestrel (p.2121·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive; endometriosis; menstrual disorders.

Wyeth, Neth.; Wyeth, Pol.
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Stediril 30 *Wyeth, Belg.; Wyeth, Ger.†; Wyeth, Switz.*
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3). 28-Day packs also contain 7 inert tablets.
Combined oral contraceptive.

Stediril D *Wyeth Lederle, Austria; Wyeth Lederle, Belg.†; Wyeth, Ger.†; Wyeth, Switz.*
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive; endometriosis; menstrual disorders.

Stedon *Adelco, Gr.*
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety disorders; premedication; skeletal muscle spasm; sleep disorders; status epilepticus; tetanus.

Steerometz *Metz, Philipp.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Stefolant *SJA, Gr.*
Ambroxol hydrochloride (p.1550·3).
Respiratory disorders associated with viscous mucus.

Steicardin N *Steigerwald, Ger.*
Homoeopathic preparation.

Steicorton *Steigerwald, Ger.†.*
Crataegus (p.2289·1).
Heart failure.

Steinaclox *Medichrom, Gr.*
Norfloxacin (p.309·2).
Urinary-tract infections.

Steiprostat *Steigerwald, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Steirocall N *Steierl, Ger.*
Homoeopathic preparation.

Steiroderm *Steierl, Ger.*
Homoeopathic preparation.

Steiroplex *Steierl, Ger.*
Homoeopathic preparation.

Steitraz *Landsteiner, Mex.*
Itraconazole (p.536·3).
Fungal infections.

Stelabid *GSK, Canad.†; Armstrong, Mex.*
Isopropamide iodide (p.1736·3); trifluoperazine hydrochloride (p.1034·2).
Gastrointestinal disorders.

Stelapar *Schering-Plough, Arg.; GSK, Braz.†.*
Trifluoperazine hydrochloride (p.1034·2); tranylcypromine sulfate (p.424·1).
Mixed anxiety depressive states; psychoses.

Stelatopia *Interbat, Indon.*
A range of cleansing and moisturising preparations.

Stelax *Arrow, Austral.; Arrow, Hong Kong.*
Baclofen (p.1888·1).
Multiple sclerosis; muscle spasm or spasticity.

Stelazine *Schering-Plough, Arg.; Link, Austral.; GSK, Braz.; Vianex (Βιανέξ), Gr.; GSK, Indon.; Pharos, Indon.; Goldshield, Irl.; Armstrong, Mex.; Boucher & Muir, NZ; Pharmafrica, S.Afr.; Goldshield, UK.*
Trifluoperazine hydrochloride (p.1034·2).
Agitation; alcoholism; anxiety; anxiety and associated depression; behaviour disorders; bipolar disorder; nausea and vomiting; neuroses; psychoses; schizophrenia.

Stelea *Elea, Arg.†.*
Stavudine (p.907·1).
HIV infection.

Stelium *Ni-The, Gr.*
Trifluoperazine hydrochloride (p.1034·2).
Psychoses.

Stella *Alpharma, Fin.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Stellatropine *Lohmann, Belg.*
Atropine sulfate (p.1219·3).
Arrhythmias; cholinesterase inhibitor intoxication; premedication.

Stellorphinad *Lohmann, Belg.*
⊗ Morphine hydrochloride (p.86·3).
Acute pulmonary oedema; pain; premedication.

Stellorphine *Lohmann, Belg.*
⊗ Morphine hydrochloride (p.86·3).
Acute pulmonary oedema; pain; premedication.

Stelminal *Coup, Gr.*
Amitriptyline hydrochloride (p.376·1).
Depression.

Stelpon *Sandoz, Indon.*
Mefenamic acid (p.80·1).
Fever; menorrhagia; pain.

Stemeral *Pharmanik (Φαρμανικ), Gr.*
Minoxidil (p.1342·1).
Alopecia androgenetica.

Stemetil
Aventis, Austral.; Sanofi-Aventis, Irl.; Sanofi-Aventis, NZ.
Prochlorperazine (p.1020·1), prochlorperazine maleate (p.1020·1), or prochlorperazine mesilate (p.1020·1).
Anxiety; Menière's disease; migraine; nausea; psychoses; vertigo; vestibular disorders; vomiting.

Aventis, Canad.; Aventis, S.Afr.
Prochlorperazine mesilate (p.1020·1).
Anxiety; migraine; nausea; psychoses; vestibular disorders; vomiting.

Aventis, Denm.; Sanofi-Aventis, Fin.; Teofarma, Ital.; Aventis, Norw.; Aventis, Swed.
Prochlorperazine (p.1020·1) or prochlorperazine maleate (p.1020·1).
Adjunct to analgesia; alcohol and opioid withdrawal syndromes; anxiety; migraine; nausea; neuroses; paranoid state; psychoses; schizophrenia; vertigo; vestibular disorders; vomiting.

Aventis, Hong Kong; Sanofi-Aventis, Malaysia†; Castlemead, UK.
Prochlorperazine maleate (p.1020·1) or prochlorperazine mesilate (p.1020·1).
Anxiety; mania; migraine; psychoses; schizophrenia; vestibular disorders.

Nicholas Piramal, India; Aventis, Neth.; Sanofi-Aventis, Singapore.
Prochlorperazine (p.1020·1).
Anxiety; migraine; nausea; psychoses; vestibular disorders; vomiting.

Aventis, Thai.
Prochlorperazine maleate (p.1020·1).
Alcohol and opioid withdrawal syndromes; anxiety; Ménière's disease; nausea and vomiting; schizophrenia; vertigo.

Stemgen *Amgen, Austral.; Amgen, Canad.; Amgen, NZ.*
Ancestim (p.1054·1).
Mobilisation of autologous peripheral blood progenitor cells.

Stemiz *Cadila, India†.*
Astemizole (p.567·2).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders.

Stemzine *Aventis, Austral.*
Prochlorperazine maleate (p.1020·1).
Nausea and vomiting; psychoses; vertigo.

Sten *Atlantis, Mex.*
⊗ Prasterone (p.2124·2); testosterone propionate (p.2130·1); testosterone cipionate (p.2129·3).
Androgenic; breast cancer; erectile dysfunction; hypogonadism; loss of libido in females.

Stenirol *Guardian, Indon.*
⊗ Methylprednisolone (p.1538·1).
Oral corticosteroid.

Stenobronchial *Giovanardi, Ital.*
Sulfogaiacol (p.1573·2); wild thyme (p.2415·3); tolu balsam (p.1574·2).
Coughs, catarrh.

Stenocrat *Schwabe, Ger.†.*
Ammi visnaga fruit (p.2256·1); crataegus leaves, flowers, and fruit (p.2289·1).
Angina pectoris.

Stenocrat mono *Schwabe, Ger.*
Crataegus (p.2289·1).
Heart failure.

Stenoptin *Teofarma, Ger.†.*
Verapamil hydrochloride (p.1421·1); isosorbide dinitrate (p.1317·3).
Angina pectoris; myocardial infarction.

Stenosara *Ibefar, Braz.†.*
Vitamin B substances; minerals (p.1922·1).

Stenox *Atlantis, Mex.*
⊗ Fluoxymesterone (p.2103·3).
Androgenic; erectile dysfunction; hypogonadism.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Steocalcin *Christiaens, Belg.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteolysis; osteoporosis; Paget's disease of bone; reflex sympathetic dystrophy.

Steocar *Christiaens, Belg.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement; osteoporosis.

Steocin *SoSe, Gr.; SoSe, Ital.†.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone.

Steopor *Otto, Indon.*
Calcium phosphate (p.1676·2); calcium carbonate (p.1714·1); colecalciferol (p.1986·2); vitamin C; vitamin B ; vitamin K ; magnesium; copper; manganese; zinc (p.1922·1).
Calcium supplement; osteoporosis.

Steovit D3 *Christiaens, Belg.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Step 2 *Candioli, Ital.*
Extract of *Triticum aestivum* (p.2415·1).
Aid to removal of lice eggs.

Stephadilat-S *Bros, Gr.*
Fluoxetine hydrochloride (p.391·2).
Depression; obsessive-compulsive disorder; panic disorder.

Steradent *Reckitt Benckiser, India.*
Sodium perborate (p.1662·1).
Denture cleanser.

Sterades *Galderma, Ital.*
⊗ Desonide (p.1525·1).
Skin disorders.

Steramin *Formenti, Ital.†.*
Benzalkonium chloride (p.1629·1).
Disinfection of wounds, burns, and mucous membranes.

Steramina G *Formenti, Ital.*
Benzalkonium chloride (p.1629·1).
Disinfection of wounds, burns, vagina, hands, instruments, surfaces, and skin.

Steranios *Anios, Fr.*
Glutaral (p.1645·2).
Instrument disinfection.

Sterapred *Merz, USA.*
⊗ Prednisone (p.1542·3).
Corticosteroid.

Sterax *Galderma, Belg.†; Galderma, Chile†; Galderma, Switz.†.*
⊗ Desonide (p.1525·1).
Skin disorders.

Ster-Dex *Novartis, Fr.*
⊗ Oxytetracycline (p.312·2); dexamethasone (p.1526·1).
Eye disorders.

Sterets *SSL, UK.*
Isopropyl alcohol (p.1650·3).
Skin disinfection.

Sterets H
Seton, Israel.
Isopropyl alcohol (p.1650·3); chlorhexidine gluconate (p.1635·3).
Skin disinfection.

SSL, UK.
Isopropyl alcohol (p.1650·3); chlorhexidine acetate (p.1635·2).
Skin disinfection.

Sterex *International Dermatologicals, Canad.*
Coal tar (p.1616·2); salicylic acid (p.1612·2); sulfur (p.1614·1).
Scalp disorders.

Sterex Plus *International Dermatologicals, Canad.*
⊗ Coal tar (p.1616·2); hydrocortisone (p.1535·2); salicylic acid (p.1612·2); sulfur (p.1614·1).

Sterginox *Novofarm (Νοβοφαρμ), Gr.*
Itraconazole (p.536·3).
Fungal infections.

Stericef *Ipca, India†; Ipca, Rus.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Stericlens *Pharmachem, UK.*
Sodium chloride (p.1686·1).
Wound irrigation.

Steridine *Xeragen, S.Afr.*
Povidone-iodine (p.1659·2).
Burns; mouth and throat infections; skin infections; wounds.

Steridol *Biocure, Ital.†.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1).
Disinfection.

Steridrolo *Molteni, Ital.*
Tosylchloramide sodium (p.1665·1).
Disinfection of wounds, burns, and external genitals.

Steridrolo a rapida idrolisi *Molteni, Ital.†.*
Halazone (p.1646·1).
Water purification.

Sterigel *SSL, UK.*
Hemicellulose (p.2143·1).
Ulcers; wounds.

Sterigin *Merck, Austria.*
Estradiol (p.2097·2).
Menopausal disorders; osteoporosis.

Sterigynon *Arcana, Austria.*
Cyproterone acetate (p.2088·2); ethinylestradiol (p.2101·3).
Acne and hirsutism in women; oral contraceptive in women with androgen-associated symptoms.

Steril Zeta
Note. This name is used for preparations of different composition.
Zeta, Ital.
Cream: Triclosan (p.1665·2); usnic acid (p.2409·3); hamamelis (p.2318·2); cod-liver oil (p.1935·2).
Disinfection of burns and wounds.

Zeta, Ital.
Topical powder: Triclosan (p.1665·2); usnic acid (p.2409·3); zinc oxide (p.1621·2); zinc stearate (p.2139·3).
Disinfection of burns and wounds.

Sterilene
Note. This name is used for preparations of different composition.
Gifrer Barbezat, Fr.
Cetrimide (p.1634·1).
Skin and wound disinfection.

Amsa, Ital.
Cetrimonium tosilate (p.1635·1).
Vaginal disinfection.

Sterillium *Rivadis, Fr.†; Bode, Ger.; Pharma-Chemie, Gr.; Bode, Neth.; Beiersdorf, Switz.†.*
Mecetronium etilsulfate (p.1652·1); isopropyl alcohol (p.1650·3); propyl alcohol (p.1660·2).
Hand disinfection; skin disinfection.

Sterillium Virugard *Bode, Ger.*
⊗ Alcohol (p.1625·2).
Hand disinfection.

Sterilon
Boots Healthcare, Belg.
Chlorhexidine gluconate (p.1635·3) or chlorhexidine hydrochloride (p.1635·3).
Disinfection of skin and wounds; skin disorders.

Boots Healthcare, Neth.
Chlorhexidine gluconate (p.1635·3).
Skin disinfection; wounds.

Sterimar *United Medical, Braz.†; Mepro, Chile; Fumouze, Fr.; Veron, Ger.†; Fumouze, Hong Kong; Intra Pharma, Irl.; Fumouze, Israel; Baldacci, Ital.; Fumouze, Malaysia; Church, Mex.; Viatris, Port.†; Fumouze, Singapore; Doetsch, Grether, Switz.†; GSK, Turk.; Carter-Wallace, UK.*
Sea water (p.1686·1).
Nasal cleansing; nasal congestion; nasal dryness; nasal hygiene; nasal irrigation.

Sterimar Cu *Baldacci, Ital.*
Sea water (p.1686·1); copper (p.1935·2).
Nasal cleansing.

Sterimar Mn *Baldacci, Ital.*
Sea water (p.1686·1); manganese (p.1956·1).
Nasal irrigation.

Sterimycine *Novartis, Fr.†.*
Kanamycin sulfate (p.291·2); polymyxin B sulfate (p.317·3).
Eye infections.

Steri-Neb Cromogen *Galena, Cz.†.*
Sodium cromoglicate (p.1136·3).
Asthma.

Steri-Neb Salamol
Galena, Cz.†; Ivax, Irl.
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Norton, Pol.
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Sterinor *Heumann, Ger.†.*
Co-tetroxazine (p.257·3).
Bacterial infections.

Steripaste *Medlock Medical, UK.*
Zinc oxide (p.1621·2).
Ulcers.

Steripet *GE, Port.*
Fluorine-18 labelled fludeoxyglucose (p.2053·3).
Radionuclide for detection of malignant neoplasms by positron emission tomography.

Steripod *Medlock Medical, UK.*
Sodium chloride (p.1686·1).
Irrigation solution.

Steripod Chlorhexidine Gluconate *SSL, UK.*
Chlorhexidine gluconate (p.1635·3).
Formerly known as Steripod Pink.
Skin disinfection.

Steripod Chlorhexidine Gluconate with Cetrimide *SSL, UK†.*
Chlorhexidine gluconate (p.1635·3); cetrimide (p.1634·1).
Skin disinfection.

Steri/Sol *Pfizer Consumer, Canad.*
Hexetidine (p.1647·1).
Mouth and throat disorders.

Sterisol Fermentmycin *Intramed, S.Afr.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Sterisol Peridiasol *Intramed, S.Afr.*
Glucose; sodium chloride; sodium lactate; calcium chloride; magnesium chloride (p.1670·3).
Peritoneal dialysis.

Steriwipe *Helapet, UK.*
Isopropyl alcohol (p.1650·3).
Surface disinfection.

Sterizol *Vendiz, Philipp.*
Sulfadiazine silver (p.337·2).
Burns; leg ulcers.

Sterko *Biovena, Pol.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Sterlane *Pharmadeveloppement, Fr.*
Lauryloxypropyl-β-aminobutyric acid; dodecylamino-propyl-β-aminobutyric acid; miristalkonium chloride (p.1653·3).
Skin cleansing; skin infections.

Stern Biene Fenchelsirup *Altana, Ger.†.*
Fennel oil (p.2303·1).
Upper respiratory-tract disorders associated with viscous mucus.

Sterocort *Taro, Israel.*
⊗ Triamcinolone (p.1544·2).
Corticosteroid.

Steroderm
Note. This name is used for preparations of different composition.
Medikon, Indon.
⊗ Hydrocortisone acetate (p.1535·2).
Skin disorders.

Vendiz, Philipp.
⊗ Betamethasone valerate (p.1519·1).
Skin disorders.

Sterodex *Fischer, Israel.*
⊗ Dexamethasone sodium phosphate (p.1526·2).
Inflammatory eye disorders.

Sterodome *Faran, Gr.†.*
Etidronate disodium (p.1097·1).
Osteoporosis; Paget's disease of bone.

Sterofrin *Alcon, Austral.*
⊗ Prednisolone acetate (p.1541·1).
Inflammatory and allergic eye disorders.

Sterofundin *Braun, Austria; Braun, Ger.; Braun, Hung.; Braun, Pol.*
A range of electrolyte infusions with or without glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Sterofundin BG *Braun, Ger.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Sterofundin HEG *Braun, Ger.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Sterofundin M *Braun, Neth.*
Electrolyte infusion (p.1667·1) with malic acid (p.2337·1).
Acidosis.

Sterofundin VG *Braun, Ger.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Sterogyl
Note. This name is used for preparations of different composition.
Spedrog, Arg.
Colecalciferol (p.1986·2).
Osteoporosis; vitamin D deficiency.

DB, Fr.; IFET (ΙΦΕΤ), Gr.
Ergocalciferol (p.1987·1).
Vitamin D deficiency.

Sterolone *Francia, Ital.*
⊗ Fluocinolone acetonide (p.1531·3).
Skin disorders.

Steromien *Aspen, S.Afr.†.*
⊗ Betamethasone (p.1518·2).
Corticosteroid.

Steron *West-Coast, Thai.*
Norethisterone (p.2119·3).
Benign breast disorders; endometriosis; menstrual disorders; postponement of menstruation.

Steronase Aq *Aventis, Israel.*
⊗ Triamcinolone acetonide (p.1544·3).
Allergic rhinitis.

Steronide *Galderma, Braz.†.*
⊗ Desonide (p.1525·1).
Skin disorders.

Steropotassium *Sterop, Belg.*
Potassium chloride (p.1684·3).
Hypokalaemia.

Steroprim *Sterop, Belg.†.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sterosan *Lachifarma, Ital.*
Benzalkonium chloride (p.1629·1); orthophenylphenol (p.1655·1).
Skin, wound, and burn disinfection.

Steros-Anal *BMS, Austria; BMS, Ger.†.*
⊗ Triamcinolone acetonide (p.1544·3); lidocaine hydrochloride (p.1862·3).
Anorectal disorders.

Sterosone *Pharmaniaga, Malaysia†; Raza, Malaysia†.*
⊗ Prednisolone (p.1540·3).
Corticosteroid.

Sterostatine *Sterop, Belg.†.*
Nystatin (p.543·2).
Fungal infections.

Sterovag *SecFarm, Pol.*
⊗ Chloroxylenol (p.1640·2); formosulfathiazole (p.278·1); urea (p.1620·2).
Vulvovaginal disorders.

Sterozinil *Aesculapius, Ital.*
⊗ Gentamicin sulfate (p.282·1); betamethasone valerate (p.1519·1).
Infected skin disorders.

Sterylip *Sanofarm, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Ster-Zac
Note. This name is used for preparations of different composition.
Medlock Medical, UK.
Bath additive: Triclosan (p.1665·2).
Skin disinfection.

SSL, UK†.
Skin cleanser: Hexachlorophene (p.1646·1).
Skin disinfection.

Stesiron *Alpharma, Denm.†; Alpharma, Fin.†; Alpharma, Norw.†.*
Buspirone hydrochloride (p.965·3).
Alcoholism; anxiety.

Stesolid *Chemomedica, Austria; Alpharma, Cz.; Alpharma, Denm.; Alpharma, Fin.; Alpharma-Isis, Ger.; Remek, Gr.; Alpharma, Hong Kong; Alpharma, Hung.; Actavis, Indon.; Alpharma, Irl.; CTI, Israel; CSL, NZ; Dumex, NZ; Alpharma, Neth.; Alpharma, Norw.; Actavis, Port.; Actavis, Singapore; Ipsen, Spain; Alpharma, Swed.; Team Medica, Switz.; Dumex-Alpharma, Thai.†; Alpharma, UK.*
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety; convulsions; eclampsia; epilepsy; febrile convulsions; insomnia; neuroses; premedication; sedative; skeletal muscle spasm; spasticity; status epilepticus; tetanus; withdrawal syndromes.

Stevencillin *Rafarm, Gr.*
Amoxicillin (p.202·2).
Bacterial infections.

Steviadulri *Tanki, Arg.*
Stevia rebaudiana (p.1969·1).
Sugar substitute for diabetics.

Sthamizide *Filadams, Philipp.*
Ethambutol hydrochloride (p.274·1); isoniazid (p.288·1).
Pyridoxine hydrochloride (p.1978·2) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Sthenorex *Pharmygiene, Fr.†.*
Fenugreek (p.2303·3); pollen (p.2370·2).
Anorexia.

Stibenyl *Pharmanel, Gr.*
Ramipril (p.1385·3).
Hypertension.

Stibenyl HCT *Pharmanel, Gr.*
⊗ Ramipril (p.1385·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Stibium Comp *Weleda, S.Afr.*
Hamamelis (p.2318·2); aesculus (p.2248·2); stibium met.
Anorectal disorders.

Stick Ecran Total *Vichy, Canad.*
SPF 25: Octinoxate (p.1608·2); titanium dioxide (p.1617·3).
Sunscreen.

Stick Labial de Proteccion Total *Pierre Fabre Dermo-Cosmetique, Arg.†.*
Titanium dioxide (p.1617·3); cinnamate.
Sunscreen.

Stiedex *Stiefel, UK†.*
⊗ Desoximetasone (p.1525·2); salicylic acid (p.1612·2).
Skin and scalp disorders.

Stiedex LP *Stiefel, UK†.*
⊗ Desoximetasone (p.1525·2).
Skin disorders.

Stiefcortil *Stiefel, Arg.; Stiefel, Braz.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Stiefel Acne Gel *Stiefel, Cz.*
Isotretinoin (p.1599·2).
Acne.

Stiefotrex *Gabriel, Gr.*
Isotretinoin (p.1599·2).
Acne.

Stiemazol *Stiefel, S.Afr.*
Clotrimazole (p.530·1).
Fungal skin infections.

Stiemycin *Stiefel, Arg.; Stiefel, Braz.; Stiefel, Hong Kong; Stiefel, Irl.; Stiefel, Malaysia; Stiefel, Mex.; Stiefel, NZ; Stiefel, Neth.; Stiefel, Philipp.; Stiefel, S.Afr.; Stiefel, Singapore; Stiefel, Thai.; Stiefel, UK.*
Erythromycin (p.269·2).
Acne; bacterial skin infections.

Stiemycine *Sanova, Austria; Stiefel, Ger.; Qualicare, Switz.†.*
Erythromycin (p.269·2).
Acne.

Stieprox *Stiefel, Arg.; Stiefel, Austral.; Sanova, Austria; Stiefel, Canad.; Stiefel, Cz.; Stiefel, Denm.; Stiefel, Fin.; Gabriel, Gr.; Stiefel, Hong Kong; Stiefel, Irl.; Stiefel, Malaysia; Stiefel, NZ; Stiefel, Norw.; Stiefel, Philipp.; Stiefel, Pol.; Stiefel, Singapore; Stiefel, Thai.*
Ciclopirox olamine (p.529·2).
Dandruff; scalp pruritus; seborrhoeic dermatitis.

Stieproxal *Stiefel, Arg.*
Ciclopirox olamine (p.529·2); salicylic acid (p.1612·2).
Scalp disorders.

Stieva-A *Stiefel, Austral.; Stiefel, Canad.; Stiefel, Chile; Stiefel, Hong Kong; Stiefel, Malaysia; Stiefel, Mex.; Stiefel, Philipp.; Stiefel, Singapore; Stiefel, Thai.*
Tretinoin (p.1618·1).
Acne; photoageing of the skin.

Stievamycin *Stiefel, Arg.; Stiefel, Canad.; Stiefel, Chile; Stiefel, Mex.*
Tretinoin (p.1618·1); erythromycin (p.269·2).
Acne.

Stigmicarpin *Bros, Gr.*
Nimodipine (p.1357·2).
Neurological deficit following subarachnoid haemorrhage.

Stigmosan *Pharmamagist, Hung.*
Neostigmine metilsulfate (p.631·3).
Gastrointestinal motility disorders; myasthenia gravis; postoperative urinary retention; reversal of competitive neuromuscular blockade.

Stilamin *Serono, Arg.†; Serono, Braz.; Serono, Canad.; Serono, Cz.†; Vianex (Βιανέξ), Gr.; Serono, Hong Kong; Serono, Hung.†; Serum Institute, India†; DKSH, Indon.; Serono, Indon.; Serono, Ital.; Serono, Malaysia; Serono, Mex.†; Serono, Neth.†; Serono, Port.†; Serono, S.Afr.; Serono, Singapore; Serono, Switz.; Serono, Thai.; Serono, Turk.; Serono, Venez.*
Somatostatin acetate (p.1809·2).
Biliary, pancreatic, and intestinal fistulae; diabetic ketoacidosis; diarrhoea; gastrointestinal and pancreatic cancers; gastrointestinal haemorrhage; growth hormone deficiency; hormone-dependent tumours; pancreatitis; postoperative complications following pancreatic surgery; rheumatoid arthritis; short-bowel syndrome; variceal haemorrhage.

Stilaze *Sandipro, Belg.*
Lormetazepam (p.1005·2).
Insomnia.

Stildem *Arrow, Austral.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Stilene *Omega, Belg.*
Dipropylene glycol salicylate (p.62·3); capsicum oleoresin (p.2276·2).
Musculoskeletal, joint, nerve, and soft-tissue pain.

Stileran *Combiphar, Indon.*
Dipyrone (p.49·2); vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Pain.

Stilex
Note. This name is used for preparations of different composition.
Farmanic, Gr.
Butamirate citrate (p.1553·1).
Cough.

Abdi, Turk.
Mepyramine maleate (p.585·2); lidocaine hydrochloride (p.1862·3); dexpanthenol (p.2362·1).
Skin disorders.

Vifor, Switz.
Cream: Mepyramine maleate (p.585·2); lidocaine hydrochloride (p.1862·3); calcium levulinate (p.1676·2); menthol (p.2340·1).
Minor burns; skin disorders.

Vifor, Switz.
Fluigel; topical gel; topical spray: Mepyramine maleate (p.585·2); lidocaine hydrochloride (p.1862·3); dexpanthenol (p.2362·1).
Minor burns; skin disorders.

Stilgrip *Hertz, Braz.*
Chlorphenamine (p.572·2); phenylephrine (p.1568·1); paracetamol (p.108·1).
Cold and influenza symptoms.

Stiliden *Lifepharma, Ital.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Stilizan *Frik, Turk.*
Trifluoperazine hydrochloride (p.1034·2).
Agitation; anxiety; behaviour disorders; nausea and vomiting; psychoses.

Still *Allergan, Braz.; Allergan, Mex.*
Diclofenac sodium (p.44·3).
Inflammatory eye disorders; inhibition of miosis during cataract surgery.

Stilla *Teva, Israel.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Eye irritation.

Stilla Decongestionante *Angelini, Ital.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Eye irritation.

Stilla Delicato *Angelini, Ital.*
Benzalkonium chloride (p.1629·1).
Eye disinfection; eye irritation.

Stillacor *Wolff, Ger.*
β-Acetyldigoxin (p.1201·2).
Arrhythmias; heart failure.

Stillargol *Mayoly-Spindler, Fr.*
Silver protein (p.2387·3).
Eye infections.

Stillergy *Angelini, Ital.*
⊗ Tetryzoline hydrochloride (p.1574·1); pheniramine maleate (p.587·3).
Eye irritation and congestion.

Stilnoct *Sanofi-Aventis, Belg.; Sanofi Synthelabo, Cz.; Sanofi Synthelabo, Denm.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Irl.; Sanofi Synthelabo, Neth.; Sanofi Synthelabo, Norw.; Sanofi Synthelabo, Swed.; Sanofi Synthelabo, UK.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Stilnox *Sanofi-Aventis, Austral.; Sanofi-Aventis, Braz.; Sanofi-Aventis, Cz.; Sanofi-Aventis, Fr.; Sanofi Synthelabo, Ger.; Sanofi-Aventis, Gr.; Sanofi Synthelabo, Hong Kong; Sanofi-Aventis, Hung.; Sanofi-Aventis, Indon.; Synthelabo, Israel; Sanofi-Aventis, Ital.; Sanofi-Aventis, Malaysia; Sanofi Synthelabo, Mex.; Sanofi Synthelabo, Philipp.; Sanofi-Aventis, Pol.; Sanofi-Aventis, Port.; Sanofi Synthelabo, S.Afr.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Sanofi Synthelabo, Switz.; Sanofi Synthelabo, Thai.; Sanofi-Aventis, Venez.*
Zolpidem tartrate (p.1037·3).
Anxiety; insomnia.

Stilomagic *Antipiol, Ital.†.*
Ammonia (p.2256·1); hamamelis (p.2318·2); almond oil (p.2252·2).
Insect repellent.

Stiloz *Glenmark, India†.*
Cilostazol (p.1245·2).
Intermittent claudication.

Stilpane
Note. This name is used for preparations of different composition.
Pharmacare, S.Afr.
Capsules: Paracetamol (p.108·1); codeine phosphate (p.37·2); meprobamate (p.1006·2).
Pain and associated tension.

Pharmacare, S.Afr.
Syrup: Paracetamol (p.108·1); codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2).
Formerly contained paracetamol, codeine phosphate, promethazine hydrochloride, and camphorated opium tincture.
Fever; pain.

Pharmacare, S.Afr.
Tablets: Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3); meprobamate (p.1006·2).
Pain and associated tension.

Stilpidem *Quality, Hong Kong.*
Zolpidem (p.1038·2).
Insomnia.

Stilux *EMS, Braz.*
⊗ Naphazoline hydrochloride (p.1565·2); zinc sulfate (p.1999·2).
Eye disorders.

Stimate *CSL Behring, USA.*
Desmopressin acetate (p.2185·3).
Haemophilia A; von Willebrand's disease.

Stimilfar *Lusofarmaco, Port.†.*
Piracetam (p.368·2); vincamine (p.2414·1).

Stimol *Biocodex, Fr.; Casana, Indon.; Biocodex, Rus.; Perez Gimenez, Spain.*
Citrulline malate (p.1935·1).
Asthenia; tonic.

Stimolfit *Body Spring, Ital.*
Senna (p.1769·2); rhubarb (p.1768·3); cascara (p.1715·2); peppermint leaf (p.1761·2); threonine (p.1971·1); inositol (p.2325·2).
Gastrointestinal disorders.

Stimox *Solas, Indon.*
Echinacea (p.2298·1); vitamins; bovine colostrum (p.2208·1); phyllanty.
Immunomodulator.

Stimtes *Lilly, Ital.†.*
Collagen (bovine) (p.2286·1).
Skin ulcers; wounds.

Stimu-ACTH *Ferring, Fr.*
⊗ Corticorelin triflutate (p.1523·2).
Diagnosis of adrenocortical dysfunction.

Stimubral *Lusofarmaco, Port.†.*
Piracetam (p.368·2).

Stimu-GH *Ferring, Fr.*
⊗ Somatorelin acetate (p.1808·3).
Diagnosis of hypothalamic-pituitary dysfunction.

Stimulance *Nutricia, Fr.; Nutricia, Ital.; Baxter, NZ; Nutricia, NZ; Nutricia, Port.†.*
Dietary fibre supplement (p.1712·3).

Stimulex *Cipan, Port.*
Vitamin B substances (p.1922·1).
Tonic; vitamin B deficiency.

Stimu-LH *Ferring, Fr.*
⊗ Gonadorelin (p.2106·2).
Diagnosis of hypothalamic-pituitary-gonadal dysfunction.

Stimulit *Fahrenheit, Indon.*
Cisapride (p.1720·3).
Gastrointestinal motility disorders.

Stimulnerv *Columbia, Arg.*
Ginseng; glucurolactone; phosphorylcolamine; potassium aspartate; magnesium aspartate; vitamin B (p.1922·1).
Tonic.

Stimuloton *Egis, Cz.; Egis, Hong Kong; EGIS, Hung.; Egis, Pol.; Egis, Rus.*
Sertraline hydrochloride (p.421·3).
Anxiety; depression; obsessive-compulsive disorder; panic disorder; post-traumatic stress disorder; social phobia.

Stimunal
Note. This name is used for preparations of different composition.
Poirier, Fr.
Capsules; syrup: Vitamin and mineral preparation (p.1922·1).

Poirier, Fr.
Spray: Zinc gluconate; copper gluconate; manganese gluconate; ascorbic acid; pyridoxine hydrochloride; calendula officinalis.
Cleansing of nose, mouth, and throat.

Stimuno *Dexa, Indon.*
Phyllanthus niruri.
Immunomodulator.

Stimuplexe *Lehning, Fr.*
Cobalt gluconate; manganese glycerophosphate; zinc gluconate; copper gluconate; lysine hydrochloride; phosphoric acid (p.1922·1).
Asthenia.

Stimu-TSH *Ferring, Fr.*
Protirelin (p.2175·3).
Diagnosis of hypothalamic-pituitary-thyroid dysfunction.

Stimycine *Stiefel, Belg.; Stiefel, Fr.*
Erythromycin (p.269·2).
Acne.

Sting-Eze *Wisconsin Pharmacal, USA.*
Diphenhydramine hydrochloride (p.577·2); camphor (p.2273·2); phenol (p.1656·1); benzocaine (p.1854·1); cineole (p.2282·3).
Pruritus.

Sting-Kill *Randob, USA.*
Benzocaine (p.1854·1); menthol (p.2340·1).
Insect bites and stings; minor skin irritation.

Stingose *Johnson & Johnson, Austral.; Hamilton, Hong Kong; Johnson & Johnson, NZ; Eden, S.Afr.†; Thornton & Ross, UK.*
Aluminium sulfate (p.2255·1).
Bites and stings.

Stioxyl *Sylak, Swed.†.*
Benzoyl peroxide (p.1590·2).
Acne.

Stipo *Repha, Ger.†.*
⊗ Thuja; lycopodium; lemna min.; pulsatilla; mezereum; kal. bichrom.; hydrastis; benzocaine (p.1854·1); ephedrine hydrochloride (p.1558·2); naphazoline hydrochloride (p.1565·2).
Nasal disorders.

Stiprox *Stiefel, Braz.; Stiefel, Chile; Stiefel, Fr.; Stiefel, Ital.; Stiefel, Mex.*
Ciclopirox olamine (p.529·2).
Dandruff; fungal skin infections; seborrhoeic dermatitis.

Stiproxal *Stiefel, Fr.*
Ciclopirox olamine (p.529·2); salicylic acid (p.1612·2).
Dandruff.

Stivate *Stiefel, Thai.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Stixenil *Alter, Ital.*
Bisacodyl (p.1710·1).
Constipation.

Stocof *Chew, Thai.*
Guaifenesin (p.1561·3); chlorphenamine maleate (p.571·3); terpin hydrate (p.1573·3).
Coughs; nasal congestion.

Stocrin *MSD, Arg.; MSD, Austral.; MSD, Austria; MSD, Belg.; MSD, Braz.; MSD, Chile; MSD, Cz.; MSD, Denm.; MSD, Fin.; Vianex (Βιανέξ), Gr.; MSD, Hong Kong; MSD, Hung.; MSD, Israel; MSD, Malaysia; MSD, Mex.; MSD, NZ; MSD, Neth.; MSD, Norw.; MSD, Pol.; MSD, Port.; MSD, Rus.; MSD, S.Afr.; MSD, Singapore; MSD, Swed.; MSD, Switz.; MSD, Thai.; MSD, Venez.*
Efavirenz (p.872·3).
HIV infection.

Stodal
Note. This name is used for preparations of different composition.
Key Sun, Austral.†; Boiron, Canad.; Boiron, Fr.
Homoeopathic preparation.

Boiron, Cz.; Boiron, Port.
Anemone pulsatilla; rumex crispus; bryonia dioica; ipeca; spongia tosta; sticta pulmonaria; antimonium tartaricum; myocarde; coccus cacti; drosera; tolu balsam (p.1574·2); senega (p.1572·3).
Coughs.

Stoffwechseltee N *Abtswinder, Cz.†.*
Birch leaf (p.2266·3); equisetum (p.2299·3); urtica (p.2409·3); ononis (p.2357·1); solidago (p.2391·1); fennel (p.2302·3); rose fruit (p.2381·2); peppermint leaf (p.1761·2); liquorice (p.1740·3).
Fluid retention.

Stofilan *Christiaens, Belg.; Lek, Hong Kong.*
Codergocrine mesilate (p.363·3).
Cerebral and peripheral circulatory disorders; hypertension; mental function impairment; migraine and other vascular headache.

Stogar *UCB, Jpn.*
Lafutidine (p.1739·2).
Peptic ulcer.

STOI-X *Apomedica, Austria.*
Selenium disulfide (p.1613·1).
Dandruff.

Stolax *Sanbe, Indon.*
Bisacodyl (p.1710·1).
Bowel evacuation; constipation.

Stolina *Almirall, Spain.*
Cyproheptadine cyclamate (p.575·2); amino acids and cyanocobalamin (p.1922·1).
Anorexia; tonic; weight loss.

Stomaax *Theralab, Canad.†.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Gastrointestinal disorders.

Stomaax Plus *Atlas, Canad.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Gastrointestinal disorders.

Stomabococin *Bock, Ger.†.*
Homoeopathic preparation.

Stomac
Note. This name is used for preparations of different composition.
Greater Pharma, Thai.
Oral liquid: Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Gastric hyperacidity; gastritis; peptic ulcer.

Greater Pharma, Thai.
Tablets: Aluminium hydroxide (p.1706·2); magnesium trisilicate (p.1744·1); atropine sulfate (p.1219·3); peppermint oil (p.1761·2).
Gastric hyperacidity; gastritis; peptic ulcer.

Stomacain *Combiphar, Indon.*
Aluminium hydroxide-magnesium carbonate-calcium carbonate coprecipitate (p.1707·2) (p.1714·1).
Dyspepsia; gastric hyperacidity; gastritis; peptic ulcer.

Stomacer *Sandoz, Indon.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Stomach Calm *Brauer, Austral.*
Homoeopathic preparation.

Stomach Mixture *Potter's, UK.*
Bismuth and ammonium citrate (p.1712·1); taraxacum (p.2395·1); gentian root (p.2310·3); compound rhubarb tincture (p.1768·3).
Dyspepsia.

Stomachysat N *Ysatfabrik, Ger.†.*
Absinthium (p.2244·1); achillea (p.2245·2); gnaphalium dioicum; peppermint leaf (p.1761·2).
Gastrointestinal disorders.

Stomacine *Plan, Switz.*
Pepsin (p.2365·1); condurango (p.2287·1); cardamom (p.2277·1); quassia (p.2377·1).
Digestive disorders; flatulence; loss of appetite; meteorism.

Stomadon *Soho, Indon.*
Belladonna (p.2263·3); peppermint oil (p.1761·2); aluminium magnesium silicate (p.2141·2).
Gastric hyperacidity; peptic ulcer.

Stoma-Gastreu S R5 *Reckeweg, Ger.*
Homoeopathic preparation.

Stomagel *Darya-Varia, Indon.*
Calcium carbonate (p.1714·1); magnesium trisilicate (p.1744·1); silicone emulsion SE-2; bentonite (p.2141·2).
Dyspepsia; flatulence; gastric hyperacidity; gastritis; heartburn; peptic ulcer.

Stomahesive
Note. This name is used for preparations of different composition.
Convatec, Fr.
Barrier paste.
Fistulae; stoma care.

Convatec, Austral.
Topical paste: Butyl monoester polymer with ethanol.
Colostomies and ileostomies.

BMS, NZ.
Topical paste; topical powder: ⊗ Carmellose sodium (p.2142·1); gelatin (p.1072·1); pectin (p.2145·2).
Stoma care.

BMS, NZ†; Convatec, UK.
Topical wafer: ⊗ Carmellose sodium (p.2142·1); gelatin (p.1072·1); pectin (p.2145·2); polyisobutylene.
Stoma care.

Convatec, Austral.†.
Wafer: ⊗ Carmellose sodium (p.2142·1); gelatin (p.1072·1); pectin (p.2145·2); polyisobutylene.
Colostomies and ileostomies.

Stomakon *Biolab Sanus, Braz.†.*
Cimetidine (p.1716·2).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Stomaran *Leros, Cz.*
Calamus (p.2271·3); angelica (p.2258·1); chamomile (p.2279·3); centaury (p.2279·1); St John's wort (p.422·3); agrimony (p.2249·2); peppermint leaf (p.1761·2); rubus fruticosus; fennel (p.2302·3).
Digestive disorders; reduced appetite.

Stomargil *Motima, Fr.*
Myrtillus (p.2349·3); argile verte (illite); vegetable carbon (p.1473·3); cinnamon oil (p.2283·2); melissa oil (p.2339·3).
Aid to digestion.

Stomasal Med *Mauermann, Ger.†.*
Aluminium hydroxide (p.1706·2); magnesium oxide (p.1744·1); lupulus (p.2335·2); peppermint leaf (p.1761·2); agrimony (p.2249·2); calamus (p.2271·3); chlorophyllin (p.1471·1).
Gastrointestinal disorders.

Stomatidine *Bosnalijek, Rus.*
Hexetidine (p.1647·1).
Mouth and throat disorders.

Stomatosan *Slovakofarma, Cz.†.*
Clove (p.2284·3); comfrey (p.2286·3); thyme (p.2401·1); achillea (p.2245·2); tormentil (p.2403·2); sage (p.2382·3); vervain (p.2413·3); alliaria; prunella.
Oral inflammation.

Stomatosol *Elanda, Pol.*
Arnica (p.2260·2); oak (p.2355·3); tormentil (p.2403·2).
Mouth disorders.

Stomec *Medicine Products, Thai.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Stomedine *GSK Sante, Fr.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux; gastrointestinal hyperacidity.

Stomet *Valda, Ital.*
Cimetidine (p.1716·2).
Gastrointestinal hyperacidity.

Stomffler *Loeffler, Mex.*
Metronidazole benzoate (p.837·1).
Anaerobic bacterial infections; protozoal infections.

Stomffler Plus *Loeffler, Mex.*
Metronidazole benzoate (p.837·1); diiodohydroxyquinoline (p.832·1).
Amoebiasis.

Stomigen *Steiner, Ger.†.*
Magnesium hydroxide (p.1743·2); calcium carbonate (p.1714·1).
Gastrointestinal hyperacidity; peptic ulcer.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Stomygen
Note. This name is used for preparations of different composition.
Stomygen, Ital.
Mouth spray: Cetylpyridinium chloride (p.1635·1).
Halitosis.

Stomygen, Ital.
Mouthwash: Sodium monofluorophosphate (p.1964·3); cetylpyridinium chloride (p.1635·1).
Oral hygiene.

Stongel *Cazi, Braz.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Gastric hyperacidity.

Stop *Oral-B, USA.*
Stannous fluoride (p.1967·3).
Dental caries prophylaxis.

Stop X *Apex, Indon.*
Camphor (p.2273·2); menthol (p.2340·1); methyl salicylate (p.85·3); eugenol (p.2301·2); benzyl nicotinate (p.28·1).
Musculoskeletal and joint pain; neuralgia.

Stop Cold *Darya-Varia, Indon.; Pharos, Indon.*
Paracetamol (p.108·1); phenylpropanolamine hydrochloride (p.1569·3); triprolidine hydrochloride (p.592·3); guaifenesin (p.1561·3); ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Stop Espinilla Normaderm *Capilares, Spain.*
Benzoyl peroxide (p.1590·2).
Acne.

Stop Hemo *Brothier, Fr.; Avgerinos, Gr.†.*
Calcium alginate (p.1058·1).
Burns; haemostatic; skin disorders; wounds.

Stop Itch
Note. A similar name is used for preparations of different composition (see Stopitch, below).
Dermatech, Austral.; Schering-Plough, Canad.†; Balmar, NZ.
Papain (p.2362·3).
Insect bites; jelly fish stings; minor burns; skin irritation; skin rashes.

Stopain
Note. This name is used for preparations of different composition.
Chew, Thai.
Cream: Methyl salicylate (p.85·3); menthol (p.2340·1); eugenol (p.2301·2); thymol (p.1664·3); eucalyptus oil (p.2301·2); turpentine oil (p.2406·3).
Musculoskeletal pain.

Chew, Thai.
Topical gel: Menthol (p.2340·1).
Musculoskeletal pain.

Stopaler *LKM, Arg.*
Cetirizine (p.571·1).
Hypersensitivity reactions.

Stop-Allerg *Genop, S.Afr.*
Sodium cromoglicate (p.1136·3).
Formerly known as Vistacrom.
Allergic conjunctivitis.

Stopangin
Note. This name is used for preparations of different composition.
Ivax, Rus.
Hexetidine (p.1647·1); methyl salicylate (p.85·3); anise oil (p.2258·2); eucalyptus oil (p.2301·2); neroli oil (p.2351·1); sassafras oil (p.2383·3); peppermint oil (p.1761·2); menthol (p.2340·1).
Mouth and throat disorders.

Galena, Cz.; Ivax, Cz.
Gargle: Hexetidine (p.1647·1); anise oil (p.2258·2); eucalyptus oil (p.2301·2); menthol (p.2340·1); methyl salicylate (p.85·3); sassafras oil (p.2383·3); peppermint oil (p.1761·2); clove oil (p.2285·1).
Mouth and throat disorders.

Galena, Cz.; Ivax, Cz.
Throat spray: Hexetidine (p.1647·1); anise oil (p.2258·2); eucalyptus oil (p.2301·2); neroli oil (p.2351·1); sassafras oil (p.2383·3); peppermint oil (p.1761·2).
Mouth and throat disorders.

Stoparen *Anfarm, Gr.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Stopayne
Note. This name is used for preparations of different composition.
Adcock Ingram, S.Afr.
Capsules; tablets: Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3); meprobamate (p.1006·2).
Fever; pain.

Adcock Ingram, S.Afr.
Syrup: Paracetamol (p.108·1); codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2).
Fever; pain.

StopBleed *Ransom, UK.*
Micro-dispersed oxidised cellulose (p.1075·1).
Minor cuts and grazes.

Stopcold *UCB, Spain.*
Cetirizine hydrochloride (p.570·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Stopen *Berman, Mex.*
Di-iodo-kaolin-pectin-sulfa.
Diarrhoea; gastrointestinal infections.

Stoperan *US Pharmacia, Pol.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Stopex *Medical, Port.†.*
Sulfathiazole (p.343·2).
Vaginal infections.

Stopit *Rafa, Israel.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Stopitch
Note. A similar name is used for preparations of different composition (see Stop Itch, above).
Adcock Ingram, S.Afr.
⊗ Hydrocortisone acetate (p.1535·2).
Skin disorders.

Stop-Itch Plus *Dermatech, Singapore.*
Papain (p.2362·3); hamamelis (p.2318·2); sodium pidolate (p.1614·1).
Insect bites; jelly fish stings; minor burns; rashes; scratches; sunburn.

Stoplip *Apotex, Hung.*
Lovastatin (p.1328·2).
Hypercholesterolaemia.

Stop-Mag *Medikon, Indon.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Flatulence; gastric hyperacidity.

Stopmun *Medikon, Indon.*
Dimenhydrinate (p.576·2); pyridoxine hydrochloride (p.1978·2).
Nausea and vomiting.

Stoppot *Parafarm, Pol.*
Methenamine (p.298·3).
Foot hyperhidrosis.

Stoptoss *Delta, Braz.*
Ammonium chloride (p.1551·3); diphenhydramine hydrochloride (p.577·2).
Cough.

Stoptussin *Ivax, Cz.; Galena, Rus.*
Butamirate citrate (p.1553·1); guaifenesin (p.1561·3).
Cough.

Stoptussin-Fito *Galena, Rus.*
Plantago (p.2379·1); thyme (p.2401·1); wild thyme (p.2415·3).
Cough.

Stopvom *Cadila, India.*
Domperidone (p.1726·2).
Nausea and vomiting.

Storvas *Ranbaxy, Malaysia.*
Atorvastatin calcium (p.1218·3).
Hypercholesterolaemia.

Stovalid N *Cesra, Ger.†.*
Peppermint leaf (p.1761·2); absinthium (p.2244·1); fennel (p.2302·3); chamomile (p.2279·3); aniseed (p.2258·2); caraway (p.2276·3); angelica root (p.2258·1); calamus root (p.2271·3); gentian root (p.2310·3).
Appetite loss; dyspepsia.

Stoxil *Dermatech, Austral.*
Idoxuridine (p.881·2).
Herpes simplex infections of the skin and mucous membranes.

STpase *Cadila, India.*
Streptokinase (p.1402·3).
Thromboembolic disorders.

Strafortin *Strathmann, Ger.†.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Osteoporosis.

Strains Cream *Nelson, UK.*
Homoeopathic preparation.

Stranoval *Teofarma, Ital.*
⊗ Betamethasone valerate (p.1519·1); dextran sulfate (p.2293·1).
Peripheral vascular disorders; soft-tissue disorders.

Stratasin *Landsteiner, Mex.*
Indometacin (p.66·3).
Gout; inflammation; musculoskeletal, joint, and periarticular disorders; pain.

Strath Gouttes contre la toux *Bio-Strath, Switz.*
Thyme (p.2401·1); cowslip (p.2372·2); yeast lysate.
Coughs.

Strath Gouttes pour le coeur *Bio-Strath, Switz.*
Crataegus (p.2289·1); passion flower (p.2363·2); yeast lysate.
Cardiac disorders.

Strath Gouttes pour le foie et la bile *Bio-Strath, Switz.*
Thistle seed; cynara (p.2291·2); mint leaf; yeast lysate.
Digestive system disorders.

Strath Gouttes pour l'estomac *Bio-Strath, Switz.*
Chamomile (p.2279·3); liquorice (p.1740·3); gentian (p.2310·3); yeast lysate.
Digestive-system disorders; loss of appetite.

Strath Gouttes pour les muqueuses *Bio-Strath, Switz.*
Sage (p.2382·3); chamomile (p.2279·3); yeast lysate.
Mouth and throat inflammation.

Strath Gouttes pour le nerfs et contre l'insomnie *Bio-Strath, Switz.*
Valerian (p.2410·1); passion flower (p.2363·2); mint leaf; yeast lysate.
Nervous disorders; sleep disorders.

Strath Gouttes pour les reins et la vessie *Bio-Strath, Switz.*
Bearberry (p.2263·3); taraxacum (p.2395·1); yeast lysate.
Urinary-tract disorders.

Strath Gouttes pour les veines *Bio-Strath, Switz.*
Aesculus (p.2248·2); cowslip (p.2372·2); yeast lysate.
Venous insufficiency.

Strath Gouttes Rhumatisme *Bio-Strath, Switz.*
Salix (p.121·3); cowslip (p.2372·2); yeast lysate.
Musculoskeletal and joint disorders.

Strattera *Lilly, Arg.; Lilly, Austral.; Lilly, Belg.; Lilly, Canad.; Lilly, Chile; Lilly, Cz.; Lilly, Ger.; Lilly, Gr.; Lilly, Hong Kong; Lilly, Malaysia; Lilly, Mex.; Lilly, NZ; Lilly, Neth.; Lilly, Norw.; Lilly, Philipp.; Lilly, Port.; Lilly, Rus.; Lilly, S.Afr.; Lilly, Singapore; Lilly, Thai.; Lilly, UK; Lilly, USA.*
Atomoxetine hydrochloride (p.2151·1).
Attention deficit hyperactivity disorder.

Strediazin c Atapulguita
Note. This name is used for preparations of different composition.
Rowe-Fleming, Venez.†.
Oral suspension: Attapulgite (p.1709·1); pectin (p.2145·2); aluminium hydroxide (p.1706·2).
Diarrhoea.

Rowe-Fleming, Venez.†.
Tablets: Attapulgite (p.1709·1); pectin (p.2145·2).
Diarrhoea.

Strefen *Reckitt Benckiser, Fr.; Crookes Healthcare, UK.*
Flurbiprofen (p.61·2).
Sore throat.

Strength *Potter's, UK.*
Damiana (p.2292·1); kola (p.2416·1); saw palmetto (p.2192·3).
Tonic.

Strepfen *Reckitt Benckiser, Austral.; Reckitt Benckiser, Cz.; Reckitt Benckiser, Hung.; Boots Healthcare, NZ; Reckitt Benckiser, Port.; Boots, Rus.*
Flurbiprofen (p.61·2).
Sore throat.

Strepsils
Note. This name is used for preparations of different composition.
Reckitt & Colman, Austral.; Boots Healthcare, Belg.; Reckitt Benckiser, Canad.; Reckitt Benckiser, Cz.; Boots, Denm.; Boots, Fin.; Boots Healthcare, Fr.; Vianex (Βιανέξ), Gr.; Boots, Hong Kong; Reckitt Benckiser, Hung.; Boots Healthcare, Irl.; Boots, Israel; Reckitt Benckiser, Malaysia; Boots Healthcare, NZ; Boots Healthcare, Neth.; Reckitt Benckiser, Pol.; Boots, Rus.; Boots Healthcare, S.Afr.; Reckitt Benckiser, Singapore; Boots Healthcare, Spain; Novartis, Swed.; Abdi, Turk.; Crookes Healthcare, UK.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3).
Sore throat.

Boots, Philipp.
Gargle: Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); chloroxylenol (p.1640·2).
Sore throat.

Boots, Philipp.
Lozenges: Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3).
Sore throat.

Strepsils Anesthetic Formula *Reckitt Benckiser, Canad.*
Hexylresorcinol (p.1647·1).
Sore throat.

Strepsils Butter Menthol Capsicum *Boots, Thai.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3).
Mouth and throat disorders.

Strepsils C *Abdi, Turk.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); vitamin C (p.1983·3).
Sore throat.

Strepsils Cherry *Reckitt Benckiser, Canad.†.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); menthol (p.2340·1).
Nasal congestion; sore throat.

Strepsils Chesty Cough
Note. This name is used for preparations of different composition.
Boots Healthcare, Austral.†.
Guaifenesin (p.1561·3).
Cough.

Reckitt Benckiser, Malaysia; Boots, Thai.
Ambroxol hydrochloride (p.1550·3).
Cough.

Strepsils Cough *Boots Healthcare, NZ.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Strepsils Cough Lozenge *Reckitt Benckiser, Malaysia.*
Liquorice (p.1740·3); ocimum sanctum; adhatoda; piper longum; ginger (p.1732·3).
Cough; sore throat.

Strepsils Cough Relief *Reckitt & Colman, Austral.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Strepsils Cough Syrup *Reckitt Benckiser, Malaysia.*
Adhatoda; ocimum sanctum; liquorice (p.1740·3); hedychium spicatum; ginger (p.1732·3); piper longum.
Cough; respiratory-tract congestion; sore throat.

Strepsils Dry Cough *Boots Healthcare, Austral.†; Boots Healthcare, NZ; Boots, Thai.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Strepsils Dual Action
Boots, Hong Kong; Reckitt Benckiser, Malaysia; Reckitt Benckiser, Singapore.
Amylmetacresol (p.1628·3); dichlorobenzyl alcohol (p.1642·1); lidocaine hydrochloride (p.1862·3).
Sore throat.

Boots Healthcare, Irl.
Amylmetacresol (p.1628·3); dichlorobenzyl alcohol (p.1642·1); lidocaine (p.1862·3) or lidocaine hydrochloride (p.1862·3).
Sore throat.

Strepsils Echinacea Defence *Boots Healthcare, NZ.*
Ascorbic acid (p.1983·3); echinacea (p.2298·1).
Cold symptoms.

Strepsils Eucalyptus Menthol *Boots Healthcare, S.Afr.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); menthol (p.2340·1).
Sore throat.

Strepsils Extra *Reckitt & Colman, Austral.; Boots Healthcare, Irl.; Crookes Healthcare, UK.*
Hexylresorcinol (p.1647·1).
Sore throat.

Strepsils Intensive *Boots Healthcare, Irl.; Reckitt Benckiser, Pol.*
Flurbiprofen (p.61·2).
Formerly known as Strepsils DoloIntensive in *Pol.*
Sore throat.

Strepsils Lidocaina *Boots Healthcare, Spain.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); lidocaine (p.1862·3).
Formerly known as Strepsils con Anestesico.
Mouth and throat disorders.

Strepsils Lidocaine *Boots, Fr.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); lidocaine hydrochloride (p.1862·3).
Mouth disorders; sore throat.

Strepsils + Lidocaine *Boots Healthcare, Belg.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); lidocaine (p.1862·3) or lidocaine hydrochloride (p.1862·3).
Mouth disorders; sore throat.

Strepsils Menthol *Boots Healthcare, Belg.; Boots, Fin.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); menthol (p.2340·1).
Mouth disorders; nasal congestion; sore throat.

Strepsils Menthol a Eucalyptus *Reckitt Benckiser, Cz.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); menthol (p.2340·1); eucalyptus oil (p.2301·2).
Sore throat.

Strepsils Menthol en Eucalyptus *Boots Healthcare, Neth.*
Amylmetacresol (p.1628·3); dichlorobenzyl alcohol (p.1642·1); menthol (p.2340·1); eucalyptus oil (p.2301·2).
Sore throat.

Strepsils Menthol and Eucalyptus *Reckitt Benckiser, Hung.*
Amylmetacresol (p.1628·3); dichlorobenzyl alcohol (p.1642·1); menthol (p.2340·1); eucalyptus oil (p.2301·2).
Sore throat.

Strepsils with Menthol and Eucalyptus *Boots, Israel.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); menthol (p.2340·1); eucalyptus oil(p.2301·2).
Sore throat.

Strepsils Mentollu *Abdi, Turk.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); menthol (p.2340·1).
Sore throat.

Strepsils Miel-Citron *Boots Healthcare, Fr.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3).
Sore throat.

Strepsils Orange-C *Boots Healthcare, S.Afr.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); ascorbic acid (p.1983·3); menthol (p.2340·1).
Sore throat.

Strepsils Pain Relief *Reckitt Benckiser, Malaysia; Reckitt Benckiser, Singapore.*
Hexylresorcinol (p.1647·1).
Sore throat.

Strepsils Plus
Reckitt & Colman, Austral.; Reckitt Benckiser, Hung.; Boots, Israel; Boots, Rus.; Boots Healthcare, S.Afr.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); lidocaine hydrochloride (p.1862·3).
Sore throat.

Reckitt Benckiser, Cz.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); lidocaine (p.1862·3) or lidocaine hydrochloride (p.1862·3).
Sore throat.

Strepsils Plus Anaesthetic *Boots Healthcare, NZ; Boots, Thai.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); lidocaine hydrochloride (p.1862·3).
Sore throat.

Strepsils +Plus Anaesthetic *Boots Healthcare, Irl.*
Amylmetacresol (p.1628·3); dichlorobenzyl alcohol (p.1642·1); lidocaine hydrochloride (p.1862·3) or lidocaine (p.1862·3).
Sore throat.

Strepsils Plus Vit C *Boots, Thai.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); vitamin C (p.1983·3).
Sore throat.

Strepsils Sinaasappel en Vitamine C *Boots Healthcare, Neth.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); ascorbic acid (p.1983·3).
Sore throat.

Strepsils Soothing Honey & Lemon *Boots Healthcare, S.Afr.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3).
Sore throat.

Strepsils Sugar Free *Boots, Thai.*
Amylmetacresol (p.1628·3); dichlorobenzyl alcohol (p.1642·1).
Sore throat.

Strepsils Vit C *Boots Healthcare, Belg.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); ascorbic acid (p.1983·3); sodium ascorbate (p.1984·1).
Mouth disorders; sore throat.

Strepsils Vitamin C
Reckitt Benckiser, Cz.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); sodium ascorbate (p.1984·1).
Sore throat.

Reckitt Benckiser, Hung.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); ascorbic acid (p.1983·3); sodium ascorbate (p.1984·1).
Sore throat.

Boots Healthcare, Irl.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); vitamin C (p.1983·3).
Sore throat.

Strepsils with Vitamin C
Boots, Israel; Boots Healthcare, NZ.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); vitamin C (p.1983·3).
Sore throat.

Crookes Healthcare, UK.
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); sodium ascorbate (p.1984·1).
Sore throat.

Strepsils con Vitamina C *Boots Healthcare, Spain.*
Sodium ascorbate (p.1984·1); ascorbic acid (p.1983·3); dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3).
Sore throat.

Strepsils Vitamine C *Boots Healthcare, Fr.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3); ascorbic acid (p.1983·3); sodium ascorbate (p.1984·1).
Sore throat.

Strepsils Zinc Cold Relief *Reckitt & Colman, Austral.*
Zinc gluconate (p.1999·2); sodium ascorbate (p.1984·1); ascorbic acid (p.1983·3).
Cold symptoms.

Strepsils Zinc Defence *Boots Healthcare, NZ; Crookes Healthcare, UK†.*
Ascorbic acid (p.1983·3); zinc gluconate (p.1999·2).
Cold symptoms.

Strepsilspray Lidocaine *Boots Healthcare, Fr.*
Amylmetacresol (p.1628·3); dichlorobenzyl alcohol (p.1642·1); lidocaine (p.1862·3).
Mouth disorders; sore throat.

Strepsinol *Reckitt Benckiser, Cz.*
Hexylresorcinol (p.1647·1).
Mouth and throat disorders.

Streptase *Aventis Behring, Arg.; Aventis, Austral.; Aventis, Austria; ZLB, Belg.; CSL, Braz.; CSL Behring, Canad.; Sanofi-Aventis, Chile†; CSL, Cz.; ZLB, Denm.; ZLB, Fin.; ZLB, Fr.; ZLB, Ger.; IFET (ΙΦΕΤ), Gr.; ZLB Behring, Hong Kong; CSL, Hung.; Aventis, India; Dexa, Indon.; ZLB, Indon.; Aventis, Irl.†; Aventis Behring, Israel; Aventis, Ital.†; Aventis, Malaysia†; ZLB Behring, Mex.; Healthcare Logistics, NZ; ZLB, Neth.; ZLB, Norw.; Aventis Behring, Pol.; CSL, Port.; Aventis, S.Afr.; ZLB, Spain; ZLB, Swed.; ZLB, Switz.; Aventis, Thai.; Aventis Behring, UK; Aventis, USA; Sanofi-Aventis, Venez.*
Streptokinase (p.1402·3).
Myocardial infarction; thromboembolic disorders.

Strepto *General Drugs, Thai.*
Streptomycin sulfate (p.333·3).
Bacterial infections including tuberculosis.

Strepto-Erbazide *Mac, India†.*
Streptomycin sulfate (p.333·3); methaniazide sodium (p.298·3).
Tuberculosis.

Strepto-Fatol *Fatol, Cz.; Fatol, Ger.*
Streptomycin sulfate (p.333·3).
Bacterial infections including tuberculosis.

Strepto-Hefa *Riemser, Ger.; Wernigerode, Ger.*
Streptomycin sulfate (p.333·3).
Bacterial infections including tuberculosis.

Streptokin *Cristalia, Braz.*
Streptokinase (p.1402·3).
Thromboembolic disorders.

Streptomagma
Note. This name is used for preparations of different composition.
Wyeth, Turk.
Attapulgite (p.1709·1); pectin (p.2145·2).

Wyeth Lederle, Ital.
Oral suspension: Dried aluminium hydroxide (p.1706·2); heavy kaolin (p.1738·1); pectin (p.2145·2).
Diarrhoea.

Vargas, Venez.
Oral suspension: Attapulgite (p.1709·1).
Diarrhoea.

Wyeth Lederle, Ital.
Tablets: Activated attapulgite (p.1709·1); pectin (p.2145·2); dried aluminium hydroxide (p.1706·2).
Diarrhoea.

Vargas, Venez.
Tablets: Attapulgite (p.1709·1); pectin (p.2145·2).
Diarrhoea.

Streptonase *Blausiegel, Braz.*
Streptokinase (p.1402·3).
Thromboembolic disorders.

Streptopur *Sanofi Pasteur, Ital.*
A pneumococcal vaccine (23-valent) (p.2231·2).
Active immunisation.

Streptosil L PMC *Fher, Ital.*
Benzalkonium chloride (p.1629·1).
Skin disinfection.

Streptosil con Neomicina-Fher *Boehringer Ingelheim, Ital.*
Neomycin sulfate (p.305·1); sulfathiazole (p.343·2).
Bacterial skin infections.

Streptozyme *Wampole, USA.*
Test for streptococcal extracellular antigens in blood, plasma, and serum.

Streptuss *Boots, Philipp.; Boots Healthcare, Spain.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Streptuss kriebelhoest *Boots Healthcare, Neth.†.*
Noscapine hydrochloride (p.1566·3).
Cough.

Streptuss vastzittende hoest *Boots Healthcare, Neth.†.*
Bromhexine hydrochloride (p.1552·2).
Cough.

Streptuss-AX *Boots, Thai.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with increased or viscous mucus.

Stresam *Biocodex, Fr.*
Etifoxine hydrochloride (p.996·1).
Anxiety.

Stresnil *Aristo, India.*
Melatonin (p.2338·3); alprazolam (p.960·1).
Sleep disorders.

Stress *Homeocan, Canad.*
Homoeopathic preparation.

Stress 600 *Nion, USA.*
Multivitamin and mineral preparation (p.1922·1).

Stress B Complex *GFR, Canad.; Pharmetics, Canad.; Moore, USA.*
A range of vitamin and mineral preparations (p.1922·1).

Stress Formula *Wampole, Canad.; Nature's Bounty, USA.*
A range of vitamin preparations with or without minerals (p.1922·1).
Nutritional supplement.

Stress Formula B Compound plus Vitamin C *Quest, Canad.†.*
Vitamin B substances and vitamin C (p.1922·1).

Stress Formula c/Zinc *Natural Life, Arg.*
Vitamins; copper; zinc (p.1922·1).

Stress L72 *Homeocan, Canad.*
Homoeopathic preparation.

Stress Plex C *Jamieson, Canad.*
Vitamin B substances, vitamin C, and zinc (p.1922·1).

Stress Tab *Shoppers Drug Mart, Canad.†.*
Vitamin B substances and vitamin C (p.1922·1).

Stress Tab with Iron *Shoppers Drug Mart, Canad.†.*
Multivitamin preparation with iron (p.1922·1).

Stress Tab with Zinc *Shoppers Drug Mart, Canad.†.*
Multivitamin preparation with zinc (p.1922·1).

Stressan *Teuto, Braz.*
Vitamin and mineral preparation (p.1922·1).

Stresscaps *Wyeth, India.*
Vitamin B substances with vitamin C (p.1922·1).

Stressease *Jamieson, Canad.*
Multivitamin and mineral preparation (p.1922·1).

Stressen *Medosan, Ital.*
Amino-acid and vitamin preparation (p.1922·1).
Tonic.

Stressigal *Anfarm, Gr.*
Buspirone hydrochloride (p.965·3).
Anxiety.

Stressless
Note. This name is used for preparations of different composition.
Faran, Gr.
Fluoxetine hydrochloride (p.391·2).
Depression.

Dendron, UK.
Lupulus (p.2335·2); skullcap (p.2388·2); valerian (p.2410·1); vervain (p.2413·3).
Stress.

Stressliv *Cifarma, Braz.*
A multivitamin and mineral preparation (p.1922·1).

Stresson *Nutricia, Austral.†; Support, Braz.†; Nutricia, Fin.†; Nutricia, Irl.†; Nutricia, Ital.†; Baxter, NZ; Nutricia, NZ; Nutricia, Turk.*
Preparations for enteral nutrition (p.1922·1).

Stresson Multifibra *Nutricia, Port.†.*
Preparation for enteral nutrition (p.1922·1).

Stresstabs *Wyeth-Whitehall, Arg.; Wyeth Consumer, Braz.; Wyeth Consumer, Canad.; Wyeth Consumer, Hong Kong†; Wyeth Consumer, Mex.; Wyeth, Philipp.; Wyeth Consumer, Port.†; Wyeth Consumer, Thai.; Lederle, USA.*
A range of vitamin preparations with or without minerals (p.1922·1).
Nutritional supplement; tonic.

Stresstabs with Zinc *Lederle, Israel.*
Multivitamin preparation with copper and zinc (p.1922·1).

Stresstabs + Zinc *Lederle, Cz.†.*
Multivitamin and mineral preparation (p.1922·1).

Stresstein *Sandoz Nutrition, USA.*
Preparation for enteral nutrition (p.1922·1).
Stress.

Striacol *Solara, Mex.*
Pravastatin sodium (p.1374·3).
Hypercholesterolaemia.

Striadyne *Genopharm, Fr.*
Adenosine triphosphate, disodium salt (p.2247·3).
Arrhythmias.

Striafissan *Cana, Gr.†.*
Benzyl nicotinate (p.28·1); vitamins A, E, F.
Stretch marks prophylaxis.

Strialisin *MDM, Ital.*
Thiocolchicoside (p.1898·2).
Neuromuscular pain; parkinsonism; spasticity.

Striant *CytoChemia, Ger.; Ardana, Irl.; Ardana, Neth.; Ardana, Port.; Ardana, UK; Columbia, USA.*
⊗ Testosterone (p.2129·3).
Male hypogonadism; testosterone deficiency.

Striatal *Tecnifar, Port.*
α-Dihydroergocryptine mesilate (p.364·2).
Parkinsonism.

Striaton *Abbott, Ger.*
Levodopa (p.804·3); carbidopa (p.803·1).
Parkinsonism.

Stricef *Biofarma, Venez.*
Cefalexin (p.218·2).
Bacterial infections.

Stricort *Biofarma, Venez.*
⊗ Hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Strictus *Fada, Arg.†.*
Chlorhexidine (p.1635·2).
Disinfection.

Stri-Dex Antibacterial Cleansing *Sterling, USA.*
Triclosan (p.1665·2).

Stri-Dex Clear *Sterling, USA.*
Salicylic acid (p.1612·2).

Stri-Dex Face Wash *Sterling Health, USA.*
Triclosan (p.1665·2).
Skin cleanser.

Stri-Dex Pads *Glenbrook, USA.*
⊗ Salicylic acid (p.1612·2); alcohol (p.1625·2).
Acne.

Strimox *Biofarma, Venez.*
Amoxicillin (p.202·2).
Bacterial infections.

Stringan *Strallhofer, Austria.*
Polyphloretin phosphate; phenylephrine (p.1568·1).
Nasal congestion.

Strix *Ferrosan, Rus.*
Myrtillus (p.2349·3); betacarotene (p.1930·3).
Eye disorders.

Strixone *Lapreven, Venez.*
Ceftriaxone (p.238·1).
Bacterial infections.

Strizole *Solara, Mex.*
Ketoconazole (p.539·1).
Fungal infections.

Strocain
Note. This name is used for preparations of different composition.
Eisai, Hong Kong; Eisai, Singapore; Eisai, Thai.
Oxetacaine (p.1867·2); polymigel.
Gastrointestinal disorders.

Eisai, Jpn.
Oxetacaine (p.1867·2).
Gastrointestinal disorders.

Strocain P *Eisai, Indon.*
Polymigel.
Abdominal pain; bloating; gastric hyperacidity; nausea.

Strodival *Meda, Ger.*
Ouabain (p.1364·2).
Arrhythmias; heart failure.

Strogen *Strathmann, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Strogen Uno *Strathmann, Hung.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Stromag *Guardian, Indon.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).
Gastric hyperacidity; peptic ulcer.

Stromba *IFET (ΙΦΕΤ), Gr.; Sanofi Synthelabo, Irl.†.*
⊗ Stanozolol (p.2129·1).
Anabolic; angioedema; cutaneous vasculitis; osteoporosis; Raynaud's syndrome; scleroderma; thromboembolic disorders.

Stromectol *MSD, Austral.; MSD-Chibret, Fr.; Maruho, Jpn; MSD, NZ; MSD, Neth.; Merck, USA.*
Ivermectin (p.145·2).
Lymphatic filariasis; onchocerciasis; scabies; strongyloidiasis.

Stromic *Strathmann, Ger.*
Solidago virgaurea (p.2391·1).
Urinary-tract disorders.

Stronazon *Alpharma, UK.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

StrongStart *Savage, USA.*
Multivitamin and mineral preparation (p.1922·1).

Strongus *Franconpharm, Ger.†.*
Garlic (p.2309·2).
Hyperlipidaemia.

Strophantab *Fides, Ger.†.*
Homoeopathic preparation.

Strophanthin-Herztabletten compositum *Cosmochema, Ger.†.*
Homoeopathic preparation.

Strophanthus *Phytomed, Switz.*
Homoeopathic preparation.

Strophanthus comp *Heel, Ger.*
Homoeopathic preparation.

Strotan *Strathmann, Ger.*
Agnus castus (p.2249·1).
Mastalgia; menstrual disorders.

StroVac *Strathmann, Ger.*
Escherichia coli; *Morganella morganii*; *Proteus mirabilis*; *Klebsiella pneumoniae*; *Enterococcus faecalis* (p.2372·3).
Urinary-tract infections.

Strovite *Everett, USA.*
A range of vitamin and mineral preparations (p.1922·1).

Strox *Dabur, India†.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Strubelin *Phoinix Pharm (Φοινιξ Φαρμ), Gr.*
Ambroxol hydrochloride (p.1550·3).
Respiratory disorders associated with viscous mucus.

StructoKabiven *Fresenius Kabi, Austria; Fresenius Kabi, Cz.; Fresenius Kabi, Denm.; Fresenius Kabi, Fin.; Fresenius Kabi, Fr.; Fresenius Kabi, Ger.; Fresenius Kabi, Gr.; Fresenius Kabi, Hong Kong; Fresenius Kabi, Neth.; Fresenius Kabi, Norw.; Fresenius Kabi, Port.; Fresenius Kabi, Spain; Fresenius Kabi, Swed.; Fresenius Kabi, Switz.; Fresenius Kabi, UK.*
Amino-acids, glucose, and lipid infusion with or without electrolytes (p.1922·1).
Contains egg phospholipids.
Parenteral nutrition.

Structolipid
Fresenius Kabi, Austria; Fresenius Kabi, Fin.; Fresenius Kabi, Hung.; Fresenius Kabi, Ital.; Fresenius Kabi, Neth.; Fresenius Kabi, Port.; Fresenius Kabi, Spain; Fresenius Kabi, Swed.; Fresenius Kabi, Switz.; Fresenius Kabi, UK.
Triglycerides from coconut oil (p.1956·3) and soya oil (p.1965·3).
Contains egg phospholipids.
Lipid infusion for parenteral nutrition.

Fresenius Kabi, Cz.; Fresenius Kabi, Denm.; Fresenius Kabi, Gr.; Pharmaco, NZ; Fresenius Kabi, Norw.; Fresenius Kabi, Thai.
Triglycerides (p.1956·3).
Contains egg phospholipids.
Lipid infusion for parenteral nutrition;.

Structolipide *Fresenius Kabi, Fr.*
Triglycerides from coconut oil (p.1956·3) and soya oil (p.1965·3).
Contains egg lecithin.
Lipid infusion for parenteral nutrition.

Structum *Pierre Fabre, Arg.; Pierre Fabre, Fr.; Pierre Fabre, Mex.; Pierre Fabre, Rus.; Robapharm, Switz.*
Chondroitin sulfate sodium (p.2280·3).
Degenerative joint diseases; osteoarthritis.

Strumazol *Christiaens, Belg.; Organon, Neth.; Organon, Philipp.*
Thiamazole (p.2176·3).
Hyperthyroidism.

Strumeel *Biotecnoquimica, Venez.*
Spongia tosta; calcium jodatum; fucus vesiculosus.
Homeopathic preparation.

Strumex *Robugen, Ger.†.*
Sodium iodide (p.2169·2).
Iodine-deficiency disorders.

Stryphnasal *Truw, Ger.†.*
⊗ Adrenalone hydrochloride (p.2248·2).
Epistaxis.

Stryphnasal N *Truw, Ger.*
Bismuth subgallate (p.1711·1).
Epistaxis.

Stryphnon *Sanova, Denm.†.*
⊗ Adrenalone hydrochloride (p.2248·2).
Haemorrhage.

St-Tissues *Bode, Ger.*
Isopropyl alcohol (p.1650·3); propyl alcohol (p.1660·2); mecetronium etilsulfate (p.1652·1).
Surface disinfection.

Stuart Formula *J&J-Merck, USA.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).

Stuart Prenatal *Integrity, USA.*
Multivitamin and mineral preparation with folic acid and iron (p.1922·1).
Dietary supplement in pregnancy.

Stuartnatal 1+1 *Wyeth-Ayerst, USA.*
Multivitamin and mineral preparation with iron and folic acid (p.1922·1).
Dietary supplement in pregnancy.

Stuartnatal Plus *Integrity, USA.*
Multivitamin and mineral preparation (p.1922·1).

Stud *Pound International, UK.*
Lidocaine (p.1862·3).
Premature ejaculation.

Stud 100 *Key, Austral.; Trupharm, Israel.*
Lidocaine (p.1862·3).
Premature ejaculation.

Stugerina *Hexal, Braz.†.*
Cinnarizine (p.573·1).
Vertigo.

Stugeron *Janssen-Cilag, Arg.; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Cilag, Chile; Gedeon Richter, Cz.; Janssen-Cilag, Gr.; Janssen, Hong Kong; Gedeon Richter, Hung.; Ethnor, India; Janssen-Cilag, Indon.; Janssen-Cilag, Irl.; Janssen-Cilag, Ital.; Janssen-Cilag, Malaysia; Janssen-Cilag, Mex.; Janssen, Philipp.; Janssen, Port.; Gedeon Richter, Rus.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Singapore†; Esteve, Spain; Janssen-Cilag, Switz.; Janssen-Cilag, Thai.; Janssen-Cilag, UK; Johnson & Johnson MSD Consumer, UK; Janssen-Cilag, Venez.*
Cinnarizine (p.573·1).
Cerebral, peripheral and ocular vascular disorders; migraine; motion sickness; nausea and vomiting; vascular headaches; vertigo; vestibular disorders.

Stugin *Bangkok Lab & Cosmetic, Thai.*
Cinnarizine (p.573·1).
Cerebral and peripheral vascular disorders; migraine; motion sickness; vestibular disorders.

Stuidruppels *Lennon, S.Afr.*
Valerian (p.2410·1); cassia oil (p.2278·1); nutmeg oil (p.2355·3); rosemary oil (p.2381·3); spike lavender oil (p.2392·1); asafetida (p.2261·3).
Colic; flatulence.

Stullmaton *Stulln, Ger.†.*
Centaury (p.2279·1); arnica (p.2260·2); melissa (p.2339·3); chamomile (p.2279·3); absinthium (p.2244·1); spruce tips; trace elements.
Gastrointestinal disorders.

Stunarone *Janssen-Cilag, Israel.*
Cinnarizine (p.573·1).
Vestibular disorders.

Stuno *Milano, Thai.*
Cinnarizine (p.573·1).
Cerebral and peripheral vascular disorders; migraine; motion sickness; vestibular disorders.

Stutgeron *Janssen-Cilag, Austria.*
Cinnarizine (p.573·1).
Cerebral and peripheral vascular disorders; vestibular disorders.

STV *Ivax, Arg.*
Stavudine (p.907·1).
HIV infection.

Stye *Del, USA.*
White soft paraffin (p.2031·2); liquid paraffin (p.2030·3).
Formerly contained yellow mercuric oxide.
Dry eyes.

stypro *Curasan, Ger.*
⊗ Gelatin (p.1072·1).
Haemostatic.

Styptanon
Organon, Austria.
Estriol sodium succinate (p.2101·1).
Capillary haemorrhage.

Organon, Braz.
Estriol succinate (p.2101·1).
Haemorrhage; thrombocytopenia.

Styptin *German Remedies, India.*
Norethisterone acetate (p.2119·3).
Endometriosis; mastalgia; menstrual disorders; postponement of menstruation.

Stypto-Caine *Pedinol, USA.*
Aluminium chloride (p.1588·2); tetracaine (p.1871·2); hydroxyquinoline sulfate (p.2323·1).
Bleeding in minor wounds.

Styptocid
Note. This name is used for preparations of different composition.
Stadmed, India.
Injection: Carbazochrome (p.1058·2).
Haemorrhagic disorders.

Stadmed, India.
Tablets: Carbazochrome (p.1058·2); menadione sodium bisulfite (p.1995·3); rutoside (p.2305·1); vitamin C (p.1983·3); vitamin D (p.1986·1); calcium hydrogen phosphate (p.1676·1).
Haemorrhagic disorders.

Styptocip *Cipla, India†.*
Carbazochrome (p.1058·2); menadione sodium bisulfite (p.1995·3); ascorbic acid (p.1983·3); rutoside (p.2305·1); calcium hydrogen phosphate (p.1676·1).

Styptysat *Ysatfabrik, Ger.*
Shepherd's purse (p.2386·2).
Haemorrhagic disorders.

Suadian *Intendis, Ital.*
Naftifine hydrochloride (p.542·3).
Fungal skin and nail infections.

Sual *Del Bel, Arg.*
Bladderwrack (p.2384·2).
Dietary supplement.

Sualim *D & M, Chile.*
Soap substitute.

Suavederm *Greenpharma, Braz.*
Zinc (p.1999·1); calcitriol (p.1986·2); vitamin A (p.1971·2); triclosan (p.1665·2).

Suavene *Remexa, Mex.*
⊗ Avena (p.2262·1); urea (p.1620·2); calendula (p.2273·1); chamomile (p.2279·3).
Skin disorders.

Suavigel *D & M, Chile.*
Levomenol (p.2333·3); enoxolone (p.50·1).
Emollient.

Suavisan *Medical, Arg.†.*
Hexylresorcinol (p.1647·1); benzocaine (p.1854·1); tyrothricin (p.358·2).
Mouth and throat disorders.

Suavisan N *Medical, Arg.*
Hexylresorcinol (p.1647·1); neomycin (p.305·1); benzocaine (p.1854·1).
Mouth and throat disorders.

Suavisol *Barnes Hind, Arg.*
Cleansing solution for soft contact lenses (p.1622·2).

Suavit Calcio *Dinafarma, Braz.†.*
Vitamin B ; ergocalciferol; calcium chloride (p.1922·1).
Nutritional supplement.

Suaviter *Quidnovi, Ital.*
Aspartame (p.1930·1).
Sugar substitute.

Suavithiol *Lersan, Arg.*
⊗ Naphazoline hydrochloride (p.1565·2); chlorphenamine maleate (p.571·3).
Eye disorders.

Suavuret *Organon, Spain.*
Ethinylestradiol (p.2101·3); desogestrel (p.2093·2).
Combined oral contraceptive.

Sub Tensin *Altana, Spain.*
Nitrendipine (p.1358·2).
Hypertension.

Subamycin *Dey's, India.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Subcutin N *Ritsert, Ger.*
Benzocaine (p.1854·1).
Mouth and throat disorders.

Subcuvia *Baxter, Austria; Baxter, Belg.; Baxter, Cz.; Baxter, Denm.; Baxter, Fin.; Baxter, Fr.; Baxter BioScience, Ger.; Baxter, Gr.; Baxter, Neth.; Baxter, Pol.; Baxter, Port.; Baxter, Swed.; Baxter BioScience, Turk.; Baxter BioScience, UK.*
A normal immunoglobulin (p.2225·3).
Hypogammaglobulinaemia; idiopathic thrombocytopenic purpura; immunodeficiency; passive immunisation.

Subdue *Novartis Nutrition, Canad.†; Mead Johnson, NZ†.*
Preparation for enteral nutrition (p.1922·1).
Inflammatory bowel disease; malabsorption disorders.

Subelan *Pharmavita, Chile.*
Venlafaxine hydrochloride (p.427·3).
Anxiety; depression.

Subgam *BPL, UK.*
A normal immunoglobulin (p.2225·3).
Hypogammaglobulinaemia.

Subitene *Unifarm, Ital.*
Ibuprofen sodium (p.65·2).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Subitol *Toprak, Turk.*
Oxolamine phosphate (p.1567·1).
Coughs.

Sublimaze *Janssen-Cilag, Arg.; Janssen-Cilag, Austral.; Janssen-Cilag, Irl.; Janssen-Cilag, NZ; Janssen, Philipp.; Janssen-Cilag, S.Afr.; Janssen-Cilag, UK; Janssen, USA.*
⊗ Fentanyl citrate (p.55·3).
Adjunct to general anaesthesia; analgesia in anaesthesia; neuroleptanalgesia; pain; premedication.

Sublivac *Hal, Ger.*
Allergen extracts of pollen (p.2370·2), house dust mites (p.2251·1), and skin (p.2251·1) (p.2250·2).
Allergen immunotherapy.

Sublivac B.E.S.T. *Hal, Neth.†.*
Allergen extracts (glycerolinated) (p.2250·2).
Allergen immunotherapy.

Suboffen *Offenbach, Mex.†.*
Pseudoephedrine (p.1571·2).
Nasal congestion.

Suboxone *Schering-Plough, Cz.; Schering-Plough, Fr.; Schering-Plough, Malaysia; Reckitt Benckiser, NZ; Schering-Plough, Port.; Schering-Plough, UK; Reckitt Benckiser, USA.*
⊗ Buprenorphine hydrochloride (p.29·1).
Naloxone hydrochloride (p.1453·2) is included in this preparation to discourage abuse.
Opioid withdrawal syndrome.

Subreum *Altana, Austria; Altana, Ger.; OM, Port.†.*
Immunoactive fraction of *Escherichia coli*.
Chronic polyarthritis; rheumatoid arthritis.

Subroxine *Substipharm, Fr.*
Roxithromycin (p.331·1).
Bacterial infections.

Substitol *Mundipharma, Austria.*
⊗ Morphine sulfate (p.86·3).
Substitution therapy in opiate dependence.

Subsyde *Raptakos, Thai.*
Diclofenac sodium (p.44·3).
Gout; musculoskeletal and joint disorders; pain.

Subutex *Reckitt Benckiser, Austral.; Aesca, Austria; Schering-Plough, Belg.; Schering-Plough, Cz.; Schering-Plough, Denm.; Schering-Plough, Fin.; Schering-Plough, Fr.; Essex, Ger.; Schering-Plough, Gr.; Schering-Plough, Hong Kong; Schering-Plough, Indon.; Schering-Plough, Israel; Essex, Ital.; Schering-Plough, Malaysia†; Schering-Plough, Norw.; Schering-Plough, Port.; Schering-Plough, S.Afr.; Schering-Plough, Singapore†; Schering-Plough, Spain; Schering-Plough, Swed.; Essex, Switz.; Schering-Plough, UK; Reckitt Benckiser, USA.*
⊗ Buprenorphine hydrochloride (p.29·1).
Opioid withdrawal syndrome.

Sucadermil *Edol, Port.*
Salicylic acid (p.1612·2); sulfur (p.1614·1); cade oil (p.1616·1).
Skin disorders.

Sucari *Jean-Marie, Hong Kong.*
Sucralfate (p.1772·2).
Gastritis; peptic ulcer.

Sucaryl
Note. This name is used for preparations of different composition.
Abbott, Austral.; Abbott, NZ.
Calcium cyclamate (p.1936·3) or sodium cyclamate (p.1936·3); saccharin sodium (p.1960·3).
Sugar substitute; sweetening agent.

Abbott, Braz.; Abbott, Canad.†.
Sodium cyclamate (p.1936·3).
Sugar substitute.

Rider, Chile†; Abbott, Fr.
Sodium cyclamate (p.1936·3); saccharin sodium (p.1960·3).
Sugar substitute.

Merisant, Arg.
Oral liq: Glucose (p.1945·3); sodium cyclamate (p.1936·3); saccharin sodium (p.1960·3).
Sugar substitute.

Merisant, Arg.
Oral powder: Calcium cyclamate (p.1936·3); saccharin sodium (p.1960·3); sucrose (p.1969·2).
Sugar substitute.

Merisant, Arg.
Tablets: Aspartame (p.1930·1); saccharin (p.1960·2).
Sugar substitute.

Successia *Wyeth Lederle, Fr.†.*
16 Tablets, estradiol (p.2097·2); 12 tablets, estradiol; gestodene (p.2105·2).
Menopausal disorders; osteoporosis.

Succi *Scott-Cassara, Arg.†.*
Suxamethonium (p.1912·1).
Depolarising neuromuscular blocker.

Succicaptal *SERB, Fr.*
Succimer (p.1466·2).
Mercury and lead poisoning.

Succinolin *Amino, Switz.*
Suxamethonium chloride (p.1909·3).
Depolarising neuromuscular blocker.

Succinyl *Taro, Israel; Asta Medica, Malaysia†; Pharmalink, Thai.; Sidefarma, Thai.*
Suxamethonium chloride (p.1909·3).
Depolarising neuromuscular blocker.

Succitrat *Ariston, Braz.*
Suxamethonium chloride (p.1909·3).
Depolarising neuromuscular blocker.

Succnil Colin *Uniao Quimica, Braz.*
Suxamethonium chloride (p.1909·3).
Depolarising neuromuscular blocker.

Succus Cineraria Maritima *Walker Pharmacal, USA.*
Homoeopathic preparation.

Sucedal *Pharma Investi, Chile.*
Zolpidem tartrate (p.1037·3).
Sleep disorders.

Sucee *Biolab, Thai.*
Cyproterone acetate (p.2088·2); ethinylestradiol (p.2101·3).
Androgen-dependent acne, alopecia, and hirsutism in females; oral contraceptive in women with androgenic symptoms.

Suclear *HPP, Hong Kong.*
Gliclazide (p.440·3).
Diabetes mellitus.

Sucontral *Harras-Curarina, Ger.*
Coutarea latiflora (p.2288·3).
Diabetes mellitus.

Sucrabest *Combustin, Ger.*
Sucralfate (p.1772·2).
Peptic ulcer.

Sucrafen *LSP, Thai.†.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sucrafilm *Sigma, Braz.*
Sucralfate (p.1772·2).
Peptic ulcer.

Sucrager *Nutrifar, Ital.†.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sucraid *Orphan Medical, USA.*
Sacrosidase (p.2382·2).
Sucrase deficiency.

Sucral *Bioprogress, Ital.†; Ranbaxy, Thai.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sucralan *Lannacher, Austria; Lannacher, Cz.*
Sucralfate (p.1772·2).
Gastro-oesophageal reflux; peptic ulcer.

Sucralbene *Ratiopharm, Austria.*
Sucralfate (p.1772·2).
Gastro-oesophageal reflux; peptic ulcer.

Sucralfin *Sanofi-Aventis, Ital.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sucralmax *Quesada, Arg.*
Sucralfate (p.1772·2).
Peptic ulcer.

Sucralose *Julphar, UAE.*
Sucralfate (p.1772·2).
Gastro-oesophageal reflux; peptic ulcer.

Sucralstad *Stada, Austria†.*
Sucralfate (p.1772·2).
Gastro-oesophageal reflux; peptic ulcer.

Sucralum *Inibsa, Port.†.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sucramal *Sanofi-Aventis, Ital.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sucramed *S Med, Austria.*
Sucralfate (p.1772·2).
Gastro-oesophageal reflux; peptic ulcer.

Sucranorm *ACME, Philipp.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Sucraphil *Philopharm, Ger.†.*
Sucralfate (p.1772·2).
Gastro-oesophageal reflux; peptic ulcer.

Sucrase *Zydus, India.*
Sucralfate (p.1772·2).
Gastritis; peptic ulcer.

Sucrate *Lamda (Λαμδα), Gr.†; Lisapharma, Ital.; Lisapharma, Thai.†.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sucrato *Armstrong, Mex.*
Tripotassium dicitratobismuthate (p.1711·2).
Dyspepsia; peptic ulcer.

Sucredulcor *Pierre Fabre Sante, Fr.†.*
Saccharin (p.1960·2).
Sugar substitute.

Sucrets
Note. This name is used for preparations of different composition.
Heritage, Canad.
Dyclonine hydrochloride (p.1861·1).
Sore throat.

SmithKline Beecham, Israel†.
Hexylresorcinol (p.1647·1).
Sore throat.

Sucrets Childrens Formula *Insight, USA.*
Dyclonine hydrochloride (p.1861·1).
Formerly known as Sucrets Childrens Sore Throat.
Sore throat.

Sucrets Children's Formula *SmithKline Beecham, Israel†.*
Dyclonine hydrochloride (p.1861·1).
Sore throat.

Sucrets Complete *Insight, USA.*
Dyclonine hydrochloride (p.1861·1); menthol (p.2340·1).
Sore throat.

Sucrets Cough Control *Heritage, Canad.*
Dextromethorphan hydrobromide (p.1555·2).
Sore throat.

Sucrets Defense Kids Formula *Insight, USA.*
Vitamin C (p.1983·3); zinc (p.1999·1); glutathione (p.1448·1).
Sore throat.

Sucrets DM *Insight, USA.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Sucrets Extra Strength *Heritage, Canad.*
Hexylresorcinol (p.1647·1).
Sore throat.

Sucrets Herbal *Insight, USA.*
Menthol (p.2340·1); pectin (p.2145·2).
Sore throat.

Sucrets for Kids *Heritage, Canad.*
Dyclonine hydrochloride (p.1861·1).

Sucrets Maximum Strength *SmithKline Beecham, Israel†.*
Dyclonine hydrochloride (p.1861·1).
Sore throat.

Sucrets Maximum Strength Sore Throat *Insight, USA.*
Dyclonine hydrochloride (p.1861·1); menthol (p.2340·1).
Sore throat.

Sucrets Original Formula Sore Throat Original Mint *Insight, USA.*
Hexylresorcinol (p.1647·1).
Sore throat.

Sucrets Original Formula Sore Throat Wild Cherry *Insight, USA.*
Dyclonine hydrochloride (p.1861·1).
Sore throat.

Sucrets Throat Spray *Insight, USA.*
Dyclonine hydrochloride (p.1861·1).
Sore throat.

Sucrin *Rafa, Israel.*
Sodium cyclamate (p.1936·3); saccharin sodium (p.1960·3).
Sugar substitute.

Sucron *Terramedic, Philipp.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Sucroril *Sofar, Ital.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sucrox *Biocontrol, Arg.*
Iron sucrose (p.1953·2).
Iron-deficiency anaemia.

Sucryl *Rafarm, Gr.*
Glimepiride (p.441·1).
Diabetes mellitus.

Suczulen mono *Abbott, Ger.†.*
Liquorice (p.1740·3).
Peptic ulcer.

Sudafed *Pfizer Consumer, Austral.; GSK, Fr.; GSK, India; GSK, Indon.; Pfizer Consumer, Irl.; GSK, Mex.; GSK, Pol.; Janssen-Cilag, Port.; GSK, Singapore; GSK, Turk.; Warner-Lambert, USA.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion; rhinitis; sinusitis; upper respiratory-tract congestion.

Sudafed for Children *Pfizer, NZ†.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Sudafed Cold & Cough
Note. This name is used for preparations of different composition.
Pfizer Consumer, Canad.
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); paracetamol (p.108·1).
Coughs and cold symptoms.

Warner-Lambert, USA.
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); paracetamol (p.108·1); guaifenesin (p.1561·3).
Coughs and cold symptoms.

Sudafed Cold & Flu *Pfizer Consumer, Canad.*
Paracetamol (p.108·1); dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); pseudoephedrine hydrochloride (p.1571·2).
Coughs and cold symptoms.

Sudafed Cold & Sinus *Warner-Lambert, USA.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Nasal congestion.

Sudafed Day/Nightime Relief *Johnson & Johnson, NZ.*
Day tablets, pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); night tablets, pseudoephedrine hydrochloride; paracetamol; triprolidine hydrochloride (p.592·3).
Cold and influenza symptoms.

Sudafed Decongestant *Pfizer Consumer, Canad.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Sudafed Ekspektoran *GSK, Turk.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin.
Upper respiratory-tract congestion.

Sudafed Expectorant *GSK, Hong Kong†; GSK, Indon.; GSK, S.Afr.†; GSK, Singapore.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs; upper respiratory-tract congestion.

Sudafed Head Cold & Sinus *Pfizer Consumer, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Cold symptoms; sinus pain.

Sudafed 12 Hour Relief *Johnson & Johnson, NZ.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Sudafed Inhalant Oil *Pfizer Consumer, UK.*
Eucalyptus oil (p.2301·2); menthol (p.2340·1); peppermint oil (p.1761·2).
Nasal congestion.

Sudafed Non-Drying Sinus *Warner-Lambert, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs and cold symptoms.

Sudafed PE *Johnson & Johnson, Austral.; Pfizer Consumer, USA.*
Phenylephrine hydrochloride (p.1568·1).
Nasal congestion; sinus congestion.

Sudafed PE Multi-Symptom Cold & Cough *Pfizer, USA.*
Phenylephrine hydrochloride (p.1568·1); dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); paracetamol (p.108·1).
Upper respiratory-tract disorders.

Sudafed PE Nighttime Cold *Pfizer Consumer, USA.*
Phenylephrine hydrochloride (p.1568·1); diphenhydramine hydrochloride (p.577·2); paracetamol (p.108·1).
Upper respiratory-tract disorders.

Sudafed PE Sinus Allergy & Pain Relief *Johnson & Johnson, Austral.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Allergic rhinitis; nasal congestion; sinusitis.

Sudafed PE Sinus and Allergy and Pain Relief *Pfizer, NZ.*
Phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3); paracetamol (p.108·1).
Hay fever; hypersensitivity reactions; nasal congestion; sinus pain.

Sudafed PE Sinus Day & Night *Johnson & Johnson, Austral.*
Day tablets, phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1); night tablets, phenylephrine hydrochloride; paracetamol; chlorphenamine maleate (p.571·3).
Sinusitis.

Sudafed PE Sinus Day and Night Relief *Pfizer, NZ.*
Day tablets, phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1); night tablets, phenylephrine hydrochloride; paracetamol; chlorphenamine maleate (p.571·3).
Sinus pain.

Sudafed PE Sinus Headache *Pfizer Consumer, USA.*
Phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Upper respiratory-tract disorders.

Sudafed PE Sinus Pain Relief *Johnson & Johnson, Austral.*
Phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Nasal congestion; sinusitis.

Sudafed PE Sinus and Pain Relief *Pfizer, NZ.*
Phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1).
Nasal congestion; sinus pain.

Sudafed Plus
Note. This name is used for preparations of different composition.
Pfizer Consumer, UK.
Pseudoephedrine hydrochloride (p.1571·2); triprolidine hydrochloride (p.592·3).
Allergic rhinitis.

Wellcome, USA.
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

Sudafed Severe Cold *Warner-Lambert, USA.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); paracetamol (p.108·1).
Coughs and cold symptoms.

Sudafed Sinus
Note. This name is used for preparations of different composition.
GSK, S.Afr.
Pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract congestion.

Warner-Lambert, USA.
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Nasal congestion.

Sudafed Sinus Advance *Pfizer Consumer, Canad.*
Pseudoephedrine hydrochloride (p.1571·2); ibuprofen (p.64·2).
Cold symptoms; sinusitis.

Sudafed Sinus & Allergy *Pfizer Consumer, USA.*
Pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Formerly known as Sudafed Cold & Allergy.

Sudafed Sinus & Anti-inflammatory Pain Relief *Johnson & Johnson, Austral.*
Pseudoephedrine hydrochloride (p.1571·2); ibuprofen (p.64·2).
Formerly known as Sudafed Congestion & Sinus Pain Relief.

Sudafed Sinus Day & Night Relief *Johnson & Johnson, Austral.*
Day tablets, pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); night tablets, pseudoephedrine hydrochloride; paracetamol; triprolidine hydrochloride (p.592·3).
Formerly known as Sudafed Daytime/Nightime Relief.

Sudafed Sinus & Nasal Decongestant *Johnson & Johnson, Austral.; Johnson & Johnson, NZ.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal and sinus congestion; nasal congestion.

Sudafed Sinus Pain *GSK, S.Afr.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2).
Cold and influenza symptoms.

Sudafed Sinus Pain & Allergy Relief *Johnson & Johnson, Austral.; Johnson & Johnson, NZ.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); triprolidine hydrochloride (p.592·3).
Allergic rhinitis; nasal congestion; sinus disorders; sinus pain.

Sudafed Sinus Pain Relief *Johnson & Johnson, Austral.; Johnson & Johnson, NZ.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Nasal congestion; sinus pain and congestion.

Sudagesic *GSK, S.Afr.†.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Cold and influenza symptoms.

Sudal *Atley, USA†.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs.

Sudarub *Pfizer Consumer, UK.*
Menthol (p.2340·1); eucalyptus (p.2301·2); camphor (p.2273·2).
Respiratory-tract congestion.

Sudevil Vita *Altana, Arg.*
Cyproheptadine hydrochloride (p.575·1); vitamins.
Reduced appetite.

Sudhinol *Rextar, India.*
Dextropropoxyphene (p.40·1); paracetamol (p.108·1).
Pain.

Sudinet *Aurora, Gr.*
Nimesulide (p.95·3).
Inflammatory disorders.

Sudis *Andromaco, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Sudocrem *Tosara, UK.*
Zinc oxide (p.1621·2); benzyl benzoate (p.2036·1); benzyl cinnamate (p.2264·2); benzyl alcohol (p.1631·3).
Nappy rash; skin irritation; wounds.

Sudomyl *PSM, NZ.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion.

Sudosian *Asian Pharm, Thai.†.*
Pseudoephedrine hydrochloride (p.1571·2).
Nasal congestion; obstructive airways disease; rhinitis.

Suero Antiofidico Polivalente *Biol, Arg.*
Viper venom antiserum (*Crotalus durissus, Bothrops alternatus, Bothrops neuwiedii*) (p.2238·2).
Passive immunisation.

Suero Fisiologico *Rider, Chile†; Braun, Spain; Cinfa, Spain†.*
Sodium chloride (p.1686·1).
Diluent for parenteral administration of drugs; fluid and electrolyte disorders; nasal congestion.

Suero Fisiologico Isoton *Braun, Spain.*
Sodium chloride (p.1686·1).
Fluid and electrolyte disorders.

Suero Glucosado Isotonico *Braun, Spain.*
Glucose (p.1945·3).
Carbohydrate source.

Suero Glucosalino *Braun, Spain.*
Glucose (p.1945·3); sodium chloride (p.1686·1).
Carbohydrate source; fluid and electrolyte disorders.

Suero Potassico Bieffe ME *Bieffe, Spain†.*
Potassium chloride (p.1684·3); sodium chloride (p.1686·1).
Diabetic ketoacidosis; hypokalaemia.

Suero Ringer Braun *Braun, Spain.*
Electrolyte infusion (p.1667·1).
Fluid and electrolyte depletion.

Sueroral *Casen Fleet, Spain.*
Glucose; potassium chloride; sodium citrate; sodium chloride (p.1672·2).
Diarrhoea; oral rehydration therapy; vomiting.

Sufed *TO-Chemicals, Thai.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; cold symptoms; nasal congestion.

Sufenta *Janssen-Cilag, Arg.; Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Ortho, Canad.; Janssen-Cilag, Chile; Janssen-Cilag, Cz.; Janssen-Cilag, Denm.; Janssen-Cilag, Fin.; Janssen-Cilag, Fr.; Janssen-Cilag, Ger.; Janssen-Cilag, Indon.; Janssen-Cilag, Malaysia†; Janssen-Cilag, Neth.; Janssen-Cilag, Norw.; Janssen, Port.; Janssen-Cilag, S.Afr.; Janssen-Cilag, Swed.; Janssen-Cilag, Switz.; Janssen-Cilag, Turk.; Taylor, USA†.*
⊗ Sufentanil citrate (p.125·1).
Analgesia in anaesthesia; general anaesthesia; pain; sedative.

Suffisance *Plumbland, Arg.*
Sulfur (p.1614·1); salicylic acid (p.1612·2); resorcinol (p.1612·1).
Acne.

Sufil *Elfar, Spain.*
Mebendazole (p.148·3).
Worm infections.

Sufisal *Silanes, Mex.*
Pentoxifylline (p.1367·2).
Vascular disorders.

Sufortan *Sanfer, Mex.*
Penicillamine (p.1456·2).
Cystinuria; heavy-metal poisoning; rheumatoid arthritis; Wilson's disease.

Sufralem *Solvay, Port.†.*
Anethole trithione (p.2258·1).
Dry eyes; dry mouth.

Sufrexal
Janssen-Cilag, Belg.; Janssen-Cilag, Port.†; Janssen-Cilag, Thai.†.
Ketanserin tartrate (p.1320·2).
Hypertension.

Janssen-Cilag, Mex.
Ketanserin (p.1320·2).
Anal fissures; burns; cervical ulcers; skin ulcers; wounds.

Sufrexal P *Janssen-Cilag, Mex.*
Ketanserin (p.1320·2); benzocaine (p.1854·1).
Anal fissures.

Sugafor *Megahealth, Chile.*
Sucralose (p.1969·1).
Sugar substitute.

Suganril *Sarabhai Piramal, India.*
Piroxicam (p.117·3).
Gout; musculoskeletal and joint disorders.

Sugar *Uno, Ital.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sugar Bloc *Cantassium Co., UK.*
Gymnema silvestre; chromium orotate (p.2358·3).
Diet aid.

Sugarbil *Novag, Spain.*
Cyclobutyrol sodium (p.2290·3); magnesium sulfate (p.1679·3); sorbitol (p.1965·1).
Constipation; hepatobiliary disorders.

Sugarfree *Cadila, Rus.*
Aspartame (p.1930·1).
Sugar substitute.

Sugarless C *Cenovis, Austral.*
Ascorbic acid (p.1983·3); sodium ascorbate (p.1984·1).
Vitamin C supplement.

Sugast *Selvi, Ital.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sugiran *Pensa, Spain.*
Alprostadil alfadex (p.2183·3).
Peripheral vascular disease.

Sugril *Siam Bheasach, Thai.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Suguan *Aventis, Ital.†.*
Glibenclamide (p.440·1); phenformin hydrochloride (p.455·3).
Diabetes mellitus.

Suguan M *Sanofi-Aventis, Ital.*
Glibenclamide (p.440·1); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Suifac *Sandoz, Mex.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Suiflox *Sandoz, Mex.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Suimel *Oriental, Arg.*
Saccharin sodium (p.1960·3); glucose (p.1945·3); cyclamate.
Sugar substitute.

Suipen *Sandoz, Mex.*
Procaine benzylpenicillin (p.319·2); benzylpenicillin sodium (p.213·1).
Bacterial infections.

Sukar-Sin
Note. This name is used for preparations of different composition.
Laboratorios Chile, Chile.
Liquid: Sodium cyclamate (p.1936·3); saccharin sodium (p.1960·3).
Sugar substitute.

Laboratorios Chile, Chile.
Tablets: Saccharin sodium (p.1960·3).
Sugar substitute.

Sukcee *Indian Drugs, India.*
Ascorbic acid (p.1983·3); sodium ascorbate (p.1984·1).
Adjunct in wounds and infections; scurvy.

Sukepar *Biochimico, Braz.†.*
Liver extract (p.2337·3).
Liver disorders.

Sukolin *Orion, Fin.*
Suxamethonium chloride (p.1909·3).
Depolarising neuromuscular blocker.

Sukontrol *Rafarm, Gr.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Sul 10 *Grin, Mex.*
Sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Suladrin *Catarinense, Braz.*
Sulfadiazine (p.336·2).
Bacterial infections.

Sulam
Note. This name is used for preparations of different composition.
Siam Bheasach, Thai.
Injection: Sulbactam sodium (p.335·1); ampicillin sodium (p.204·1).
Bacterial infections.

Siam Bheasach, Thai.
Tablets: Sultamicillin tosilate (p.344·1).
Bacterial infections.

Sulamid *Baldacci, Ital.*
Amisulpride (p.961·1).
Depression.

Sulamp *Galeno, Venez.*
Sultamicillin (p.344·1).
Bacterial infections.

Sular *Bayer, Belg.; Bayhealth, Spain; Horizon, USA.*
Nisoldipine (p.1358·1).
Angina pectoris; hypertension.

Sularyn *Arlex, Mex.*
Sulfadiazine (p.336·2).
Bacterial infections.

Sulazine *Chatfield Laboratories, UK.*
Sulfasalazine (p.1773·2).
Inflammatory bowel disease; rheumatoid arthritis.

Sulbacef *Biochem, India.*
Sulbactam sodium (p.335·1); cefoperazone sodium (p.227·1).
Bacterial infections.

Sulbacin
Note. This name is used for preparations of different composition.
Unichem, India.
Injection: Sulbactam (p.335·1); ampicillin (p.204·1).
Bacterial infections.

Unichem, Malaysia.
Injection: Ampicillin sodium (p.204·1); sulbactam sodium (p.335·1).
Bacterial infections.

Unichem, India; Unichem, Malaysia.
Tablets: Sultamicillin tosilate (p.344·1).
Bacterial infections.

Sulbacta *Olan-Kemed, Thai.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sulbacter *Cellofarm, Braz.†.*
Ampicillin (p.204·1); sulbactam (p.335·1).
Bacterial infections.

Sulbaksit *Tum, Turk.*
Sulbactam (p.335·1); ampicillin (p.204·1).
Bacterial infections.

Sulbamox
Note. This name is used for preparations of different composition.
Farmasa, Braz.
Amoxicillin trihydrate (p.202·2); pivsulbactam (p.335·1).
Bacterial infections.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Bago, Chile.
Amoxicillin sodium (p.202·2) or amoxicillin trihydrate (p.202·2); pivsulbactam (p.335·1) or sulbactam sodium (p.335·1).
Bacterial infections.

Sulcain *Shinyaku, Hong Kong†; Shinyaku, Jpn; Shinyaku, Singapore†; Shinyaku, Thai.†.*
Ethyl *p*-piperidinoacetylaminobenzoate (p.1861·2); magcerin.
Gastric pain; gastritis; nausea; pyrosis.

Sulcef *Medochemie, Rus.; Siam Bheasach, Thai.*
Sulbactam sodium (p.335·1); cefoperazone sodium (p.227·1).
Bacterial infections.

Sulcid
Note.This name is used for preparations of different composition.
Ulagay, Turk.
Injection: Ampicillin sodium (p.204·1); sulbactam sodium (p.335·1).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Ulagay, Turk.
Oral suspension; tablets: Sultamicillin (p.344·1).
Bacterial infections.

Sulcoline *Teva Tuteur, Arg.*
Vinorelbine (p.789·2).
Malignant neoplasms.

Sulcolon *Bernofarm, Indon.*
Sulfasalazine (p.1773·2).
Ankylosing spondylitis; rheumatoid arthritis; seronegative spondylarthritis; ulcerative colitis.

Sulcran *Silesia, Chile.*
Sucralfate (p.1772·2).
Peptic ulcer.

Sulcrate *Axcan, Canad.*
Sucralfate (p.1772·2).
Gastrointestinal haemorrhage; peptic ulcer.

Sulderm *Innoderm, Philipp.*
Sulfur (p.1614·1).
Acne; scabies; seborrhoeic dermatitis.

Suldiamin *Fortbenton, Arg.†.*
Sulfur (p.1614·1).
Seborrhoea.

Suldox *Actavis, Indon.*
Pyrimethamine (p.610·2); sulfadoxine (p.338·1).
Malaria.

Sulen *Farmacologico Milanese, Ital.†.*
Sulindac (p.126·3).
Gout; musculoskeletal, joint, and peri-articular disorders.

Suleo-M *SSL, UK†.*
Malathion (p.2046·1).
Pediculosis.

Sulexon *Ranbaxy, Spain.*
Diclofenac sodium (p.44·3).
Gout; musculoskeletal, joint and peri-articular disorders; pain.

Sulf-10 *Novartis Ophthalmics, USA.*
Sulfacetamide sodium (p.335·3).
Eye infections.

Sulfa 10 *Meda, Belg.*
Sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Sulfa Cloran *Grin, Mex.*
Chloramphenicol (p.239·3); sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Sulfa Hidro *Grin, Mex.*
⊗ Hydrocortisone acetate (p.1535·2); sulfacetamide sodium (p.335·3).
Infected eye disorders.

Sulfac *Ocusoft, USA.*
Sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Sulfacet *Oftalmi, Venez.*
Sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Sulfacetam *Medical, Spain†.*
Sulfacetamide sodium (p.335·3).
Eye infections.

Sulfacet-R *Dermik, Canad.; Dermik, USA.*
Sulfacetamide sodium (p.335·3); colloidal sulfur (p.1614·1).
Acne; bacterial folliculitis; rosacea; seborrhoeic dermatitis.

Sulfachloramphenicol *Novartis, Gr.*
Chloramphenicol (p.239·3); sulfacetamide sodium (p.335·3).
Eye infections.

Sulfacid *Fischer, Israel.*
Sulfacetamide sodium (p.335·3).
Eye infections.

Sulfacollyre *Sterop, Belg.†.*
Sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Sulfacort *Oftalmi, Venez.*
⊗ Sulfacetamide sodium (p.335·3); prednisolone acetate (p.1541·1).
Infected eye disorders.

Sulfacyl *Synthesis, Rus.†.*
Sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Sulfaderm *Kinder, Braz.*
Sulfadiazine silver (p.337·2).

Sulfadiazina de Plata *Denver, Arg.; Richet, Arg.*
Sulfadiazine silver (p.337·2); vitamin A (p.1971·2); lidocaine (p.1862·3).

Sulfadiazinac *Catarinense, Braz.†.*
Sulfadiazine (p.336·2).
Bacterial infections.

Sulfagrand *Ahimsa, Arg.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sulfamide *Medical Ophthalmics, USA.*
⊗ Prednisolone acetate (p.1541·1); sulfacetamide sodium (p.335·3).
Infected eye disorders.

Sulfamylon *Bertek, USA.*
Mafenide acetate (p.296·2).
Burns.

Sulfanicole *Cooper (Κοπερ), Gr.*
Chloramphenicol (p.239·3); sulfacetamide sodium (p.335·3).
Eye infections.

Sulfanoral T *Sidus, Arg.*
Tyrothricin (p.358·2); cresol (p.1641·1); benzocaine (p.1854·1).
Mouth and throat disorders.

Sulfaplat *Lafedar, Arg.*
Sulfadiazine silver (p.337·2); vitamin A palmitate (p.1973·1); lidocaine (p.1862·3).

Sulfarhin *Santa, Turk.*
⊗ Ephedrine hydrochloride (p.1558·2); naphazoline hydrochloride (p.1565·2); menthol (p.2340·1); cineole (p.2282·3); antazoline (p.567·1).
Nasal congestion.

Sulfarinol *Galenus, Pol.*
⊗ Naphazoline nitrate (p.1565·2); sulfathiazole (p.343·2).
Nasal congestion.

Sulfarlem *Eurogenerics, Belg.; Solvay, Belg.†; EG, Fr.; Noristan, S.Afr.†; Solvay, Switz.*
Anethole trithione (p.2258·1).
Biliary-tract disorders; dry eye; dry mouth; dyspepsia; liver disorders; saliva deficiency.

Sulfa-Sedemol *Melisana, Belg.*
Sulfanilamide camsilate (p.343·1); phenol (p.1656·1); borax (p.2268·1); althaea (p.2253·3); poppy capsule (p.1571·1); sodium fluoride (p.1962·2); cloral hydrate (p.979·1).
Mouth and throat disorders.

Sulfasil *Purna, Belg.*
Sulfadiazine silver (p.337·2).
Burns.

Sulfatina *Geyer, Braz.†.*
Atropine sulfate (p.1219·3).

Sulfato Ferroso Composto *Legrand, Braz.*
Ferrous sulfate (p.1939·3); thiamine nitrate (p.1976·2); copper sulfate (p.1935·3).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Sulfatofer
Note.This name is used for preparations of different composition.
Neo Quimica, Braz.†.
Oral drops; oral liquid: Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Neo Quimica, Braz.†.
Tablets: Ferrous sulfate (p.1939·3); copper sulfate (p.1935·3); thiamine hydrochloride (p.1976·1); riboflavin (p.1977·2).
Anaemias.

Sulfatral *LA, Arg.*
Sulfadiazine (p.336·2).
Bacterial skin infections.

Sulfatral-Cerio *LA, Arg.†.*
Sulfadiazine (p.336·2); cerous nitrate (p.1593·1).
Bacterial skin infections.

Sulfatril *Hua, Thai.*
Sulfadiazine (p.336·2); sulfadimidine (p.338·1); sulfamerazine (p.339·3).
Bacterial infections.

Sulfatrim
Note.This name is used for preparations of different composition.
Sanofi Synthelabo, Turk.
Trimethoprim (p.355·2); sulfadiazine (p.336·2).
Rheumatic fever prophylaxis; toxoplasmosis.

Schein, USA.
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Sulfawal *Novag, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sulfer Plus *Delta, Braz.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Sulfergan Composto *Legrand, Braz.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Sulferro *Fontovit, Braz.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Sulferrol *Bunker, Braz.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Sulfestrep *Pisa, Mex.*
Streptomycin (p.333·3).
Bacterial infections.

Sulfex *Xepa-Soul Pattinson, Hong Kong.*
Sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Sulfile
Monsanto, Ital.†.
⊗ Arginine timonacicate (p.1928·3).
Liver disorders.

Angelfarma, Port.
⊗ Arginine tidiacicate (p.1928·3).
Liver disorders.

Sulfinav *LKM, Arg.*
Efavirenz (p.872·3).
HIV infection.

Sulfinona *Basi, Port.†.*
Sulfinpyrazone (p.559·2).

Sulfintestin Neomicina *Normon, Spain.*
Dihydrostreptomycin sulfate (p.266·1); formosulfathiazole (p.278·1); neomycin sulfate (p.305·1).
Gastrointestinal infections.

Sulfitrat *Teuto, Braz.†.*
Sulfiram (p.2050·3).

Sulfoam *Doak, USA.*
Sulfur (p.1614·1).
Formerly contained salicylic acid.
Dandruff; seborrhoea.

Sulfobarina *Rowe-Fleming, Venez.†.*
Barium sulfate (p.1477·2).
Radiographic contrast medium.

Sulfoid Trimetho *Valdecasas, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sulfoil *C & M, USA†.*
Soap-free skin cleanser.

Sulfolax *Major, USA.*
Docusate calcium (p.1724·3).
Constipation.

Sulfometh *Hua, Thai.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sulfona *Zimaia, Port.; Orsade, Spain.*
Dapsone (p.261·2).
Leprosy.

Sulfo-Olbad Cordes *Ichthyol, Ger.†.*
Shale oil; soya oil (p.1965·3).
Bath additive; skin disorders.

Sulfopino *Schoning-Berlin, Ger.†.*
Colloidal sulfur (p.1614·1).
Bath additive; joint disorders; neuralgia; skin disorders.

Sulforcin *Healthpoint, USA.*
Sulfur (p.1614·1); resorcinol (p.1612·1).
Acne.

Sulfort *Arlex, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sulfo-Salicyl *Life, Israel.*
Salicylic acid (p.1612·2); sulfur (p.1614·1); Dead Sea minerals.
Psoriasis; seborrhoea.

Sulfo-Schwefelbad *Strallhofer, Austria.*
Sulfur (p.1614·1); sodium hydroxide (p.2389·3).
Musculoskeletal and joint disorders; skin disorders.

Sulfotrim *Gea, Denm.†; Hexal, Neth.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Sulfoxyl *Stiefel, USA.*
Benzoyl peroxide (p.1590·2); sulfur (p.1614·1).
Acne.

Sulfredox *Rubiepharm, Ger.†.*
Aluminium sodium silicate (p.1707·3); sulfur (p.1614·1); calcium carbonate (p.1714·1); sodium ascorbate; trace elements.
Digestive system disorders.

Sulfur Complexe no 12 *Lehning, Fr.*
Homoeopathic preparation.

Sulfur Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Sulfurell *Sanorell, Ger.*
Homoeopathic preparation.

Sulfuretten *Stulln, Ger.†.*
Sulfur (p.1614·1); sodium thiosulfate (p.1466·1).
Dermatoses; lead, arsenic, or mercury poisoning; metabolic disorders.

Sulfuryl
Note.This name is used for preparations of different composition.
Legras, Fr.
Bath additive: Sulfurated aluminium sodium silicate (p.1707·3); precipitated sulfur (p.1614·1).
Arthroses; skin disorders.

Legras, Fr.
Chewable tablets; inhalation tablets: Sulfurated aluminium sodium silicate (p.1707·3).
Respiratory-tract congestion.

Legras, Fr.
Soap: Sulfurated aluminium sodium silicate (p.1707·3); precipitated sulfur (p.1614·1).
Skin disorders.

Sulgan 99
Note.This name is used for preparations of different composition.
Klosterfrau, Austria.
Ointment; suppositories: Ethyl linoleate (p.2308·2); ethyl linolenate; benzocaine (p.1854·1); dichlorobenzyl alcohol (p.1642·1); aluminium chlorohydrate (p.1588·3); hamamelis (p.2318·2); camphor (p.2273·2); menthol (p.2340·1); zinc oxide (p.1621·2).
Anorectal disorders.

Klosterfrau, Austria.
Rectal wipes: Benzocaine (p.1854·1); dichlorobenzyl alcohol (p.1642·1); hamamelis (p.2318·2); chamomile water (p.2279·3); camphor (p.2273·2); menthol (p.2340·1).
Anorectal disorders.

Sulgan N
Note.This name is used for preparations of different composition.
Doetsch, Grether, Switz.
Ointment; suppositories: Ethyl linoleate (p.2308·2); ethyl linolenate; lidocaine (p.1862·3) or lidocaine hydrochloride (p.1862·3); dichlorobenzyl alcohol (p.1642·1); camphor (p.2273·2); menthol (p.2340·1); triclosan (p.1665·2).
Anorectal disorders.

Doetsch, Grether, Switz.
Wipes: Dichlorobenzyl alcohol (p.1642·1); lidocaine hydrochloride (p.1862·3); camphor (p.2273·2); menthol (p.2340·1).
Anorectal disorders.

Sulidamor *Damor, Ital.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Sulide *TAD, Ital.*
Nimesulide (p.95·3).
Pain.

Sulidek *Wermar, Mex.*
Nimesulide (p.95·3).
Fever; inflammation; pain.

Sulidin *Embil, Turk.*
Nimesulide (p.95·3).
Musculoskeletal and joint pain.

Sulidor *Quiraus, Port.*
Nimesulide (p.95·3).
Peri-articular disorders.

Sulifur *Ivax, Mex.*
Sulindac (p.126·3).
Pain; rheumatism.

Sulimed *Decafarma, Port.*
Nimesulide (p.95·3).
Osteoarthritis; pain.

Sulindal *Chibret, Spain.*
Sulindac (p.126·3).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Sulix *Rider, Chile.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Sulkine *Zambon, Spain†.*
Levosulpiride (p.1028·3).
Dyspepsia.

Sullivan *Medhaus, Philipp.*
Amoxicillin trihydrate (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Sulmasque *C & M, USA.*
Sulfur (p.1614·1).
Acne.

Sulmetin *Sanofi Synthelabo, Spain†.*
Magnesium sulfate (p.1679·3).
Procaine hydrochloride (p.1869·1) is included in the intramuscular injection to alleviate the pain of injection.
Convulsions; tachycardia; vertigo.

Sulmetin Papaver *Sanofi-Aventis, Spain.*
Atropine methobromide (p.1219·2); magnesium sulfate (p.1679·3); papaverine hydrochloride (p.2191·3); propyphenazone (p.119·3).
Pain; smooth muscle spasm.

Sulmetin Papaverina
Note.This name is used for preparations of different composition.
Sanofi Synthelabo, Spain†.
Injection: Magnesium sulfate (p.1679·3); papaverine hydrochloride (p.2191·3).
Procaine hydrochloride (p.1869·1) is included in the intramuscular injection to alleviate the pain of injection.
Convulsions; hypertension; smooth muscle spasm; tachycardia.

Sanofi Synthelabo, Spain†.
Tablets: Atropine methobromide (p.1219·2); magnesium gluconate (p.1679·2); papaverine hydrochloride (p.2191·3); propyphenazone (p.119·3).
Pain due to smooth muscle spasm.

Sulmycin *Aesca, Austria; Essex, Ger.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Sulmycin mit Celestan-V *Essex, Ger.*
⊗ Gentamicin sulfate (p.282·1); betamethasone valerate (p.1519·1).
Infected skin disorders.

Sulmyn *Sons, Mex.*
Kanamycin (p.291·3).
Bacterial infections.

Sulned *Pizzard, Mex.*
Neomycin (p.305·1); polymyxin B (p.318·2); gramicidin (p.286·1).
Bacterial eye infections.

Sulnil *Allergan, Braz.*
Chloramphenicol (p.239·3); sulfacetamide sodium (p.335·3).
Bacterial eye infections.

Sulobil *Atlantis, Mex.*
Chenodeoxycholic acid (p.2280·1).
Cholesterol gallstones.

Sulocten *Microsules, Arg.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Sulodil *Viofar, Gr.*
Buflomedil hydrochloride (p.1236·3).
Peripheral vascular disorders.

Sulorane *Baxter, Israel.*
Desflurane (p.1781·3).
General anaesthesia.

Sulotil *Recalcine, Chile.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Sulp *Hexal, Ger.†.*
Sulpiride (p.1028·3).
Depression; schizophrenia; vestibular disorders.

Sulpan *Sanofi-Aventis, Braz.*
Sulpiride (p.1028·3); bromazepam (p.964·3).
Depression.

Sulperason *Pfizer, Rus.*
Cefoperazone sodium (p.227·1); sulbactam sodium (p.335·1).
Bacterial infections.

Sulperazon
Note.This name is used for preparations of different composition.
Pfizer, Arg.†; Pfizer, Cz.; Pfizer, Hong Kong; Pfizer, Indon.; Pfizer, Malaysia; Pfizer, Pol.; Pfizer, Thai.; Pfizer, Venez.
Sulbactam sodium (p.335·1); cefoperazone sodium (p.227·1).
Bacterial infections.

Pfizer, Chile; Pfizer, Turk.
Sulbactam (p.335·1); cefoperazone (p.227·2).
Lidocaine (p.1862·3) may be included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Pfizer, Jpn†.
Ampicillin sodium (p.204·1); sulbactam sodium (p.335·1).
Bacterial infections.

Sulperazone *Pfizer, Philipp.*
Cefoperazone sodium (p.227·1); sulbactam sodium (p.335·1).
Bacterial infections.

Sulphargin *Tallinn, Rus.*
Sulfadiazine silver (p.337·2).
Burns; ulcers; wounds.

Sulpho-Lac *Doak, USA.*
Sulfur (p.1614·1); zinc sulfate (p.1999·2).
Acne.

Sulpilan *Labomed, Chile.*
Sulpiride (p.1028·3).
Depression; psychoses.

Sulpir *Sanofi Synthelabo, Turk.*
Sulpiride (p.1028·3).
Schizophrenia.

Sulpirol *Hexal, Cz.*
Sulpiride (p.1028·3).
Depression; schizophrenia; vertigo.

Sulpitil *Pfizer, UK†.*
Sulpiride (p.1028·3).
Schizophrenia.

Sulpivert *Hennig, Ger.*
Sulpiride (p.1028·3).
Depression; schizophrenia; vestibular disorders.

Sulpor *Rosemont, UK.*
Sulpiride (p.1028·3).
Schizophrenia.

Sulprim *Prafa, Indon.; Berman, Mex.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sulquipen *Bohm, Spain.*
Cefalexin (p.218·2).
Bacterial infections.

Sultamat *Atabay, Turk.*
Sultamicillin (p.344·1).
Bacterial infections.

Sultamicina *Spefar, Venez.†.*
Sultamicillin (p.344·1).
Bacterial infections.

Sultamilan *Alian, Venez.*
Sultamicillin (p.344·1).
Bacterial infections.

Sultanol *GSK, Austria; GSK, Ger.; Schwarz, Ger.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Sultasid
Note.This name is used for preparations of different composition.
Toprak, Turk.
Injection: Ampicillin sodium (p.204·1); sulbactam sodium (p.335·1).
Bacterial infections.

Toprak, Turk.
Oral suspension; tablets: Sultamicillin (p.344·1).
Bacterial infections.

Sultasin *Synthesis, Rus.*
Ampicillin sodium (p.204·1); sulbactam sodium (p.335·1).
Bacterial infections.

Sultax *Ipca, India.*
Cefotaxime sodium (p.228·1); sulbactam sodium (p.335·1).
Bacterial infections.

Sulterline *TP, Thai.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Sultibac *Biofarma, Turk.*
Sultamicillin (p.344·1).
Bacterial infections.

Sultiprim *Keyerson, Mex.†.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sulton *Geymonat, Ital.*
Calcium folinate (p.1943·3).
Anaemias; antidote to folic acid antagonists; reduction of aminopterin and methotrexate toxicity.

Sultrimmix *Bernofarm, Indon.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sultrin *Janssen-Cilag, Belg.†; Janssen-Cilag, Gr.; Janssen-Cilag, Irl.†; Cilag, Philipp.; Janssen-Cilag, Port.†; Janssen-Cilag, S.Afr.; Janssen-Cilag, UK†; Ortho McNeil, USA.*
Sulfabenzamide (p.335·2); sulfacetamide (p.335·3); sulfathiazole (p.343·2).
Bacterial vaginitis and cervicitis.

Sultrona *Cryopharma, Mex.*
Conjugated oestrogens (p.2087·2).
Menopausal disorders; osteoporosis.

Sultroquin *Farcoral, Mex.†.*
Clioquinol (p.254·1); homatropine (p.1881·2); phthalylsulfathiazole (p.315·1).
Gastrointestinal disorders.

Sulvi *Grin, Mex.*
⊗ Naphazoline hydrochloride (p.1565·2); sulfacetamide sodium (p.335·3).
Infected eye disorders.

Suma-B *Chinoin, Mex.*
Thiamine hydrochloride (p.1976·1); pyridoxine hydrochloride (p.1978·2); hydroxocobalamin (p.1980·3).
Megaloblastic anaemia; neuritis; neuropathy; vitamin B deficiency.

Sumacal *Sherwood, USA.*
Glucose polymers (p.1922·1).
Carbohydrate source.

Sumaclina *Alodial, Port.†.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Sumagesic *Medifarma, Indon.*
Paracetamol (p.108·1).
Fever; pain.

Sumagran *Pacific, NZ.*
Sumatriptan succinate (p.625·2).
Migraine.

Sumal *Purissimus, Arg.*
⊗ Bendroflumethiazide (p.1224·1); homatropine methylbromide (p.1881·3); dipyrone (p.49·2).
Premenstrual syndrome.

Sumamed *Pliva, Cz.; Pliva, Hung.; Pliva Krakow, Pol.; Pliva, Rus.*
Azithromycin (p.207·1).
Bacterial infections.

Sumamigren *Polpharma, Cz.; Polpharma, Pol.*
Sumatriptan succinate (p.625·2).
Migraine.

Sumapen
Note.This name is used for preparations of different composition.
Medichem, Philipp.
Phenoxymethylpenicillin potassium (p.314·2).
Bacterial infections.

Great Eastern, Thai.; Westmont, Thai.
Ampicillin trihydrate (p.204·2).
Bacterial infections.

Sumario *Rafarm, Gr.*
Pilocarpine hydrochloride (p.1884·3).
Xerostomia.

Sumatab *Alphapharm, Austral.*
Sumatriptan succinate (p.625·2).
Migraine.

Sumatran *Fako, Turk.*
Sumatriptan (p.625·2).
Cluster headache; migraine.

Sumax *Libbs, Braz.*
Sumatriptan succinate (p.625·2).
Migraine.

Sumedium *Milano, Thai.*
Phenazopyridine hydrochloride (p.116·2).
Urinary-tract pain.

Sumenan *Spedrog, Arg.*
Zolpidem tartrate (p.1037·3).
Insomnia.

Sumetrolim *Egis, Cz.; EGIS, Hung.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; protozoal infections.

Sumial *Icaro, Spain.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; arrhythmias; gastrointestinal haemorrhage; hypertension; hyperthyroidism; migraine; myocardial infarction; obstructive cardiomyopathy; phaeochromocytoma; tremor.

Sumidin *Pharmaland, Thai.*
Serrapeptase (p.2385·3).
Inflammation; oedema; respiratory-tract congestion.

Sumiferon *Sumitomo, Jpn.*
Interferon alfa (p.885·1).
Hepatitis B and C; malignant neoplasms; myelopathy; subacute sclerosing panencephalitis.

Sumigra
Sandoz, Cz.
Sumatriptan succinate (p.625·2).
Migraine.

Sandoz, Pol.
Sumatriptan (p.625·2).
Migraine.

Sumigrene *Sigma-Tau, Ital.†.*
Sumatriptan succinate (p.625·2).
Cluster headache; migraine.

Suminat *Sun, India.*
Sumatriptan succinate (p.625·2).
Migraine.

Sumir *Craveri, Arg.†.*
Azithromycin (p.207·1).
Bacterial infections.

Sumitrex *Bajamed, Mex.*
Sumatriptan (p.625·2).
Migraine.

Summavac *Cassara, Arg.*
A range of bacterial and fungal allergen extracts (p.2250·2).
Hypersensitivity reactions.

Summavit *Bioprogress, Ital.†.*
Multivitamin preparation (p.1922·1).

Summavit ME *Armstrong, Arg.†.*
Vitamin and mineral preparation (p.1922·1).

Summers Eve *Fleet, Singapore†; De Witt, UK; Fleet, USA.*
A range of feminine hygiene preparations.

Summers Eve Anti-Itch *Fleet, USA.*
Pramocaine hydrochloride (p.1868·1); glycerol (p.2314·2).
Vaginal itching.

Summers Eve Disposable
Note.This name is used for preparations of different composition.
Fleet, Austral.†.
Fresh Scent: Phenol (p.1656·1).
Vaginal cleanser.

Fleet, USA.
Solution: Vinegar (p.2244·2).
Vaginal disorders.

Fleet, Austral.
Vinegar and Water: Vinegar (p.2244·2).
Vaginal cleanser.

Summers Eve Feminine
Note.This name is used for preparations of different composition.
Fleet, Austral.
Bath additive; topical liquid; topical spray: Soap substitute.
Vaginal hygiene.

Fleet, Austral.
Topical powder: Octoxinol 9 (p.1917·3); benzethonium chloride (p.1630·1).
Intertrigo; vaginal irritation.

Summer's Eve Hierbas *Rider, Chile†.*
Citric acid (p.2284·1); sodium benzoate (p.1630·2); sodium citrate (p.1673·3); octoxinol 9 (p.1917·3).
Vaginal hygiene.

Summers Eve Medicated *Fleet, Malaysia; Fleet, USA.*
Povidone-iodine (p.1659·2).
Vaginal disorders.

Summers Eve Post-Menstrual *Fleet, USA.*
Sodium laurilsulfate (p.2138·3); monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3); sodium chloride (p.1686·1); edetic acid (p.1445·1).
Vaginal disorders.

Summer's Eve Vinagre y Agua *Rider, Chile†.*
Vinegar (p.2244·2); benzoic acid (p.1630·2).
Vaginal hygiene.

Sumo *Interbelle, Arg.*
Phenothrin (p.2048·3).
Pediculosis.

Sumo Full Contact *Elea, Arg.*
Cyclopentaxyloxane (p.2032·1); dimeticone (p.2032·1).
Pediculosis.

Sumopen *Cofasa, Venez.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Sumoxil *Medichem, Philipp.*
Amoxicillin sodium (p.202·2) or amoxicillin trihydrate (p.202·2).
Bacterial infections.

Sumycin *Apothecon, USA.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Sun Defense Lip Block *Norman, Canad.†.*
SPF 15: Octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Sun Defense Sunblock *Norman, Canad.*
SPF 25: Octinoxate (p.1608·2); homosalate (p.1598·1); octisalate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Sun Defense Sunscreen *Norman, Canad.†.*
SPF 8: Octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Sun Kids *Avon, Canad.*
SPF 30: Avobenzone (p.1589·3); octinoxate (p.1608·2); octisalate (p.1608·2); oxybenzone (p.1608·3); homosalate (p.1598·1).
Formerly contained avobenzone, octinoxate, octisalate, and oxybenzone.
Sunscreen.

Sun Lip Balm *Avon, Canad.*
SPF 15: Octinoxate (p.1608·2); oxybenzone (p.1608·3).

Sunscreen.

Ego, Hong Kong; Ego, Malaysia; Ego, Singapore.
SPF 100+: Octinoxate (p.1608·2); oxybenzone (p.1608·3); titanium dioxide (p.1617·3); enzacamene (p.1597·1); avobenzone (p.1589·3); ensulizole (p.1597·1).
Sunscreen.

Sunspot *Sunspot, Austral.*
Salicylic acid (p.1612·2).
Actinic keratoses; hard skin.

Sunstop
Note. This name is used for preparations of different composition.
UAS, Philipp.
SPF 16: Octinoxate (p.1608·2); oxybenzone (p.1608·3); avobenzone (p.1589·3).
Sunscreen.

UAS, Philipp.
SPF 30+: Zinc oxide (p.1621·2); octinoxate (p.1608·2); oxybenzone (p.1608·3).
Sunscreen.

Suntrim *Macrophar, Thai.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Sunvasc *Sunward, Malaysia.*
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Sunvite Multiple *Sundown, Venez.†.*
Vitamin and mineral preparation (p.1922·1).

Sunya *Stragen, Cz.; Stragen, UK.*
Ethinylestradiol (p.2101·3); gestodene (p.2105·2).
Combined oral contraceptive.

Suopinchon *Siu Guan, Malaysia.*
⊗ Furosemide (p.1292·1).
Hypertension; oedema.

Supa Biocal Vitahealth *Herbal Revival, Malaysia†; Swiss Bio, Malaysia†.*
Calcium citrate (p.1675·3); microcrystalline hydroxyapatite (p.2323·1).
Dietary supplement.

Supa C *Vitaplex, Austral.†.*
Calcium ascorbate (p.1984·1).
Vitamin C deficiency.

Supa Formula 3 Plus *Scherer, Malaysia†; Swiss Bio, Malaysia†.*
Multivitamin and mineral preparation with choline, inositol, linoleic acid, and methionine (p.1922·1).
Dietary supplement.

Supa-Boost *Vitaplex, Austral.†.*
Multivitamin and mineral preparation with rutoside (p.1922·1).

Supacef *GSK, India.*
Cefuroxime (p.238·2) or cefuroxime sodium (p.238·2).
Bacterial infections.

Supadol *Whitehall, Fr.†.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Pain.

Supartz *Smith & Nephew, UK†; Smith & Nephew, USA.*
Sodium hyaluronate (p.2320·1).
Osteoarthritis of the knee; synovial fluid replacement.

Super Antioxidant Plus *Lifeplan, UK.*
Vitamins; minerals; fish oil; starflower oil; garlic oil (p.1922·1).
Antoxidant preparation.

Super Anti-Oxydant Formula *Equilibre Attitude, Fr.†.*
Nutritional supplement (p.1922·1).

Super B *Bullivants, Austral.*
Vitamin B substances with ascorbic acid (p.1922·1).
Dietary supplement.

Super B1 *Christo, Hong Kong.*
Thiamine hydrochloride (p.1976·1).
Vitamin B supplement.

Super B Complex *Sisu, Canad.*
Vitamin B substances (p.1922·1).
Nutritional supplement.

Super B Plus *Vitaglow, Austral.†.*
Vitamin B substances; vitamin C; lysine hydrochloride; magnesium oxide; potassium sulfate; zinc amino acid chelate (p.1922·1).
Dietary supplement; tonic.

Super B Stress *Roche Consumer, Austral.†.*
Vitamin B substances; vitamin C; minerals; passion flower (p.1922·1).
Dietary supplement.

Super Banish *Smith & Nephew, Austral.†.*
Silver nitrate (p.2387·2); ethylene thiourea.
Ostomy deodorant.

Super Beta Prostate *Young Again Products, USA.*
Sitosterol (p.1373·2); minerals (p.1922·1).
Dietary supplement.

Super C *Quest, Canad.*
Ascorbic acid (p.1983·3).

Super Cal-C Bio *Eagle, Austral.*
Calcium ascorbate (p.1984·1); bioflavonoids (p.2304·1).
Vitamin C deficiency.

Super City Block *Clinique, Canad.*
SPF 25: Titanium dioxide (p.1617·3).
Sunscreen.

Super Corega *GSK, Braz.*
Denture fixative.

Super Cough *Medipharma, Hong Kong†.*
⊗ Ephedrine hydrochloride (p.1558·2); codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2).
Cold and influenza symptoms.

Super Cromer Orto *Normon, Spain.*
Merbromin (p.1652·1).
Wound disinfection.

Super D Perles *Roberts, USA.*
Vitamins A and D (p.1922·1).

Super Daily *Lee-Adams, Canad.*
Multivitamin and mineral preparation (p.1922·1).

Super Energex Plus *Sante Naturelle, Canad.*
Vitamin B substances, minerals, kola, and liver extract (p.1922·1).

Super 28 Formula *Reese, USA.*
Multivitamin, mineral, and herbal preparation (p.1922·1).

Super GLA *Cantassium Co., UK.*
Gamma linolenic acid (from vegetable oils) (p.2308·2).

Super Hi Potency *Nion, USA.*
Multivitamin and mineral preparation (p.1922·1).

Super Ivy Dry *Ivy Corp, USA.*
Zinc acetate (p.1999·1); benzyl alcohol (p.1631·3).
Minor skin irritation.

Super Kids *Swiss Herbal, Canad.*
Multivitamin and mineral preparation (p.1922·1).

Super Mega B+C *Quest, UK.*
Vitamin B substances; vitamin C (p.1922·1).

Super Once A Day *Quest, Canad.; Quest, UK.*
Multivitamin and mineral preparation (p.1922·1).

Super Quints *Freeda, USA.*
Vitamin B substances (p.1922·1).

Super Soluble Duocal *Nutricia, Ital.*
Low-electrolyte, protein-free carbohydrate preparation for special diets (p.1922·1).

Super Soluble Maxipro HBV *Scientific Hospital Supplies, Austral.†.*
Preparation for enteral nutrition (p.1922·1).
Hypoproteinaemia.

Super Stress Mega B plus Vitamin C *Quest, Canad.*
Vitamin B substances and vitamin C (p.1922·1).

Super Sustagen *Mead Johnson, Venez.*
Preparation for enteral nutrition (p.1922·1).

Super Tetra *Darya-Varia, Indon.; Pharos, Indon.*
Tetracycline phosphate (p.347·2).
Bacterial infections.

Super Vikaps *Reese, USA.*
Multivitamin and mineral preparation (p.1922·1).

Super Vita Vim *Jamieson, Canad.; Jamieson, Hong Kong.*
Multivitamin and mineral preparation (p.1922·1).

Superace *BMS, Gr.*
⊗ Captopril (p.1239·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Superal *Liferpal, Mex.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); chlorphenamine maleate (p.571·3).
Upper respiratory-tract disorders.

Superal Ex *Liferpal, Mex.*
Pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1); dextromethorphan hydrobromide (p.1555·2).
Respiratory-tract disorders.

Superal Jarabe *Liferpal, Mex.*
Pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); chlorphenamine maleate (p.571·3).
Respiratory-tract disorders.

Superamin *Vianex (Βιανέξ), Gr.*
Levocarnitine (p.1932·2).
Carnitine deficiency; myocardial ischaemia.

Superan *Sanofi-Aventis, Braz.*
Alizapride hydrochloride (p.1704·3).
Nausea and vomiting.

Superanabolon *Spofa, Cz.*
⊗ Nandrolone phenylpropionate (p.2118·3).
Anabolic; metastatic breast cancer; osteoporosis.

Superantioxidante *Natural Life, Arg.*
Betacarotene; vitamin C; vitamin E; selenium (p.1922·1).
Antoxidant preparation.

Supercad *Faran, Gr.*
Meloxicam (p.80·3).
Inflammatory disorders.

Supercod *Vivax, Venez.*
Cod-liver oil (p.1935·2).
Dietary supplement.

Superdophilus *Natren, USA.*
Lactobacillus acidophilus (p.2372·3).
Dietary supplement.

SuperEPA *Advanced Nutritional Technology, USA.*
Omega-3 marine triglycerides (p.1362·2).
Dietary supplement.

Superfade
Note.This name is used for preparations of different composition.
Sunspot, Austral.
Hydroquinone (p.1598·2); salicylic acid (p.1612·2); dexpanthenol (p.2362·1); padimate O (p.1609·1); vitamin E.
Skin hyperpigmentation.

Sunspot, Hong Kong.
Hydroquinone (p.1598·2); salicylic acid (p.1612·2).
Skin hyperpigmentation.

Superhist *Eurofarma, Braz.*
Dexchlorpheniramine maleate (p.572·1); aspirin (p.20·3); caffeine (p.1116·3); phenylephrine hydrochloride (p.1568·1).
Formerly contained chlorphenamine maleate, ascorbic acid, aspirin, and caffeine.
Cold and influenza symptoms.

Superlipid *Almirall, Spain†.*
Probucol (p.1377·1).
Hyperlipidaemias.

Supero *Lifepharma, Ital.*
Cefuroxime sodium (p.238·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Superol *Chefaro, Neth.*
Hydroxyquinoline sulfate (p.2323·1).
Burns; sore throat; wounds.

Superoxylase *Lero, Fr.*
Bioflavonoids; vitamin C; zinc; vitamin E; betacarotene; carotenoids; manganese; selenium; yeast (p.1922·1).
Antoxidant preparation.

Superpep *Hermes, Ger.*
Dimenhydrinate (p.576·2).
Motion sickness; nausea; vertigo; vomiting.

Superplex-T *Major, USA.*
Vitamin B substances with vitamin C (p.1922·1).

Superpyrin *Medicamenta, Cz.*
Aloxiprin (p.18·3).
Fever; pain.

SuperSkin *CliniMed, UK.*
Enbucrilate (p.2290·2).
Barrier preparation.

Super-Tabs *SA Druggists Self Med, S.Afr.*
Yellow phenolphthalein (p.1762·1).
Constipation.

Supertar *ICN, Arg.†.*
Coal tar (p.1616·2).
Scalp disorders.

Supertendin *UCB, Ger.*
⊗ Dexamethasone acetate (p.1526·1); lidocaine hydrochloride (p.1862·3).
Formerly known as Supertendin-Depot.
Musculoskeletal, joint, and peri-articular disorders; neuritis.

Supertendin 2000 N *Thiemann, Ger.†.*
⊗ Dexamethasone (p.1526·1); lidocaine hydrochloride (p.1862·3).
Neuralgia; neuritis; painful inflammatory musculoskeletal and joint disorders.

Supertonic *Diafarm, Spain.*
Amino-acid preparation with cyanocobalamin (p.1922·1).
Tonic.

Supervax *Cassara, Arg.*
A hepatitis B vaccine (p.2215·2).
Active immunisation.

Supervit *New Pharma, Venez.*
Vitamin and mineral preparation (p.1922·1).

Supervitaminico *ISA, Arg.*
Vitamins; magnesium; guarana (p.1922·1).
Formerly known as Herbaccion Supervitaminico.

Supeudol *Sandoz, Canad.*
⊗ Oxycodone hydrochloride (p.106·2).
Pain.

Suphera *Hawthorn, USA.*
Sulfur (p.1614·1); sulfacetamide sodium (p.335·3).
Acne; rosacea; seborrhoeic dermatitis.

Supirocin *Glenmark, India; Glenmark, Singapore.*
Mupirocin (p.302·3).
Bacterial skin infections; burns; wounds.

Supirocin-B *Glenmark, India.*
⊗ Mupirocin (p.302·3); betamethasone dipropionate (p.1518·3).
Infected skin disorders.

Suplac *Biolab, Singapore†; Biolab, Thai.*
Bromocriptine mesilate (p.798·1).
Amenorrhoea; galactorrhoea; lactation inhibition; male and female infertility.

Suplan *Hebron, Braz.†.*
Glucose; vitamins; minerals (p.1922·1).
Nutritional supplement.

Suplar *Schwarz, Pol.*
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Suplasyn *Bioniche, Canad.; Chiesi, Fr.; Merckle, Ger.; Dipa, Indon.; Premier, Irl.; Devries, Israel; Bioniche Teoranta, Singapore; Robapharm, Switz.; Pliva, UK.*
Sodium hyaluronate (p.2320·1).
Osteoarthritis; synovial fluid replacement.

Supledin *Luper, Braz.†.*
Multivitamin preparation with or without minerals (p.1922·1).

Suplena *Abbott, Arg.†; Abbott, Austral.; Abbott, Cz.†; Abbott, Hong Kong; Abbott, Irl.; Abbott, Israel; Ross, Israel; Abbott, Mex.; Abbott, NZ; Abbott, Philipp.; Abbott, Singapore; Abbott, Turk.; Abbott Nutrition, UK; Abbott Nutrition, USA.*
Preparation for enteral nutrition in renal failure (p.1922·1).

Suplentin *Pasteur, Philipp.*
Amoxicillin sodium (p.202·2) or amoxicillin trihydrate (p.202·2); clavulanic acid (p.250·2) or potassium clavulanate (p.250·2).
Bacterial infections.

Suplevit *EMS, Braz.; Riva, Canad.*
Multivitamin and mineral preparation (p.1922·1).

Supligol *Lazar, Arg.†.*
⊗ Estradiol cipionate (p.2097·2); testosterone enantate (p.2130·1).
Menopausal disorders; osteoporosis.

Supligol NF *Lazar, Arg.*
⊗ Prasterone enantate (p.2124·2); estradiol valerate (p.2097·3).
Menopausal disorders.

Supo Gliz *Perez Gimenez, Spain.*
Glycerol (p.2314·2).
Constipation.

Supofen *Basi, Port.*
Paracetamol (p.108·1).
Fever; pain.

Supositorio Hamamelis Composto *Simoes, Braz.†.*
Hamamelis (p.2318·2); aesculus (p.2248·2); lidocaine hydrochloride (p.1862·3).
Haemorrhoids.

Supositorios Senosiain *Senosiain, Mex.*
Glycerol (p.2314·2).
Constipation.

Supotron *Remedina, Gr.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Supoviol *Andromaco, Chile.*
Nonoxinol 9 (p.1917·2).
Vaginal contraceptive.

Supplemin-C *Metro, Philipp.*
Vitamin B substances; vitamin C; lysine (p.1922·1).
Nutritional supplement.

Suppletive *Dermoteca, Port.*
Moisturiser.
Dry skin.

Supplex *Cedar Health, UK.*
Green-lipped mussel (p.2317·2).
Joint disorders.

Supplin *Sandoz, Hung.; Sandoz, Indon.*
Metronidazole (p.837·1).
Anaerobic bacterial infections; protozoal infections.

Suppomaline *Solvay, Fr.*
Belladonna (p.2263·3); codeine phosphate (p.37·2); caffeine (p.1116·3); paracetamol (p.108·1).
Fever; pain.

Support Formula *Quest, Canad.*
Vitamin B substances; vitamin E; chromium; inositol; ubidecarenone (p.1922·1).

Supportan *Fresenius Kabi, Chile; Fresenius Kabi, Cz.†; Fresenius Kabi, Ital.; Fresenius Kabi, Malaysia†; Fresenius Kabi, Philipp.; Fresenius Kabi, Pol.; Fresenius Kabi, Port.†; Fresenius Kabi, Switz.†; Fresenius Kabi, Turk.*
Preparation for enteral nutrition (p.1922·1).

Suppositoires contre les hemorroides *Weleda, Switz.†.*
Aesculus (p.2248·2); hamamelis (p.2318·2); antimony.
Haemorrhoids.

Supprelin *Indevus, USA.*
⊗ Histrelin acetate (p.2109·2).
Precocious puberty.

Supra *Valeant, Mex.*
Lidamidine hydrochloride (p.1740·2).
Gastrointestinal disorders.

Supra Flu *Kimia, Indon.*
Paracetamol (p.108·1); guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Cough; influenza symptoms.

Supraalox *Sanofi-Aventis, Spain.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Dyspepsia; peptic ulcer.

Suprabion *Merck, Venez.*
Pyridoxine hydrochloride (p.1978·2).

Supracain *Zentiva, Cz.*
⊗ Articaine hydrochloride (p.1854·1).
Adrenaline hydrochloride (p.1203·3) is included in this preparation as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Supracalm *Tecnofarma, Chile.*
Paracetamol (p.108·1).
Fever; pain.

Supracam *Raffo, Arg.*
Pantoprazole sodium (p.1760·1).
Gastro-oesophageal reflux; peptic ulcer.

Supracefa *Helm, Port.*
Cefatrizine propylene glycol (p.221·3).
Bacterial infections.

Suprachlor *Meprofarm, Indon.*
Chloramphenicol (p.239·3).
Bacterial infections.

Supracid *Viatris, Austria.*
⊗ Spironolactone (p.1400·1); hydrochlorothiazide (p.1307·3).
Hyperaldosteronism; hypertension; oedema.

Supracof *Loeffler, Mex.*
Benzonatate (p.1552·1).
Coughs.

Supracombin *Grunenthal, Cz.†; Grunenthal, Ger.†; Grunenthal, Switz.†.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Supracordin *Denk, Cz.†.*
Nifedipine (p.1350·1).
Hypertension; ischaemic heart disease; migraine; Raynaud's syndrome.

Supracortin 3 *Boots, Thai.†; Hermal, Thai.†.*
⊗ Fluprednidene acetate (p.1533·1); neomycin sulfate (p.305·1); cloxiquine (p.530·3).
Infected skin disorders.

Supracream *Boots, Thai.†; Hermal, Thai.†.*
Emollient barrier cream.
Dry skin; nappy rash.

Supracyclin *Grunenthal, Austria; Grunenthal, Ger.; Grunenthal, Pol.*
Doxycycline (p.267·1).
Bacterial infections.

Supracycline *Grunenthal, Switz.*
Doxycycline (p.267·1).
Bacterial infections.

Supradol *Liomont, Mex.*
Ketorolac trometamol (p.74·2).
Pain.

Supradyn *Bayer Consumer, Arg.; Bayer Consumer, Austral.; Bayer, Austria; Roche, Braz.; Bayer, Chile; Bayer, Cz.†; Bayer, Hong Kong; Bayer, Hung.; Piramal, India; Roche, Israel; Bayer, Ital.; Roche, Mex.†; Roche, NZ†; Bayer, Pol.; Bayer, Port.; Bayer Consumer, Rus.; Bayer, Singapore; Bayer, Switz.; Roche, Thai.; Roche, Turk.; Roche Consumer, UK; Roche, Venez.†.*
A range of vitamin preparations with or without minerals (p.1922·1).
Dietary supplement.

Supradyn Ginseng *Bayer, Chile.*
Vitamins; minerals; ginseng; rutoside (p.1922·1).
Dietary supplement.

Supradyn Vital *Bayer, Fr.*
Multivitamin and mineral preparation with ginseng (p.1922·1).

Supradyn Vital 50+ *Bayer, Switz.*
Multivitamin and mineral preparation with ginseng (p.1922·1)(p.2312·1).

Supradyne *Bayer, Fr.*
Multivitamin and mineral preparation (p.1922·1).

Suprafen *Genbay, Turk.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Suprafenid *Meprofarm, Indon.*
Ketoprofen (p.73·1).
Musculoskeletal, joint, and peri-articular disorders.

† This preparation may no longer be actively marketed ⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Suprafol *Investi, Arg.*
Folic acid (p.1940·1).
Folic acid deficiency; megaloblastic anaemia; prevention of neural tube defects in pregnancy.

Supragesic
Note. This name is used for preparations of different composition.
Beta, Arg.
Dextropropoxyphene hydrochloride (p.40·1) or dextropropoxyphene napsilate (p.40·1) ibuprofen (p.64·2) or ibuprofen lysine (p.64·2).
Pain.

Pharmaceutical Enterprises, S.Afr.
Capsules: Paracetamol (p.108·1); codeine phosphate (p.37·2); caffeine (p.1116·3); meprobamate (p.1006·2).
Pain.

Pharmaceutical Enterprises, S.Afr.
Syrup: Paracetamol (p.108·1); codeine phosphate (p.37·2).
Fever; pain.

Suprahyal *Zodiac, Braz.; Tecnofarma, Chile; Asofarma, Mex.; Nolver, Venez.*
Sodium hyaluronate (p.2320·1).
Osteoarthritis; rheumatoid arthritis.

Supralan *Siam Bheasach, Thai.*
⊗ Fluocinolone acetonide (p.1531·3).
Skin disorders.

Supralan-N *Siam Bheasach, Thai.*
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Supraler *Panalab, Arg.*
Levocetirizine hydrochloride (p.583·2).
Allergic rhinitis; allergic skin disorders; pruritus.

Supralip *Solvay, Port.; Fournier, Thai.; Fournier, UK.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Supramol *Sam-On, Israel†.*
Paracetamol (p.108·1).
Fever; pain.

Supramox
Grunenthal, Austria; Meprofarm, Indon.
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Grunenthal, Switz.†.
Amoxicillin (p.202·2).
Bacterial infections.

Supramycin *Grunenthal, Ger.†.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Supran *Teva, Israel.*
Cefixime (p.224·3).
Bacterial infections.

Supranal *Dexa, Indon.*
Dipyrone (p.49·2); caffeine (p.1116·3); thiamine nitrate (p.1976·2).
Pain.

Suprane *Baxter Immuno, Arg.; Baxter, Austral.; Baxter, Austria; Baxter, Canad.; Baxter, Cz.; Baxter, Denm.; Baxter, Fin.; Baxter, Ger.; Baxter, Gr.; Baxter, Hong Kong; Baxter, Hung.; Kalbe, Indon.; Baxter, Ital.; Baxter, Malaysia; Baxter, Mex.†; Baxter, NZ; Baxter, Neth.; Baxter, Philipp.; Baxter, Pol.; Baxter, Port.; AstraZeneca, S.Afr.; Baxter, Spain; Baxter, Swed.; Baxter, Switz.; Baxter, Thai.; Baxter Anaesthesia, UK; Ohmeda, USA; Baxter, Venez.†.*
Desflurane (p.1781·3).
General anaesthesia.

Supranettes *Alcon, Venez.†.*
Calendula (p.2273·1); hamamelis (p.2318·2).
Eyelid cleanser.

Supranettes Naturalag *Alcon, Mex.*
Calendula (p.2273·1); hamamelis (p.2318·2).
Skin hygiene.

Supraneuron *Bayer, Philipp.*
Vitamin B (p.1976·3); vitamin B (p.1979·1); vitamin B (p.1980·2).
Alcohol withdrawal syndrome; movement disorders; nausea and vomiting; neuritis; vitamin B deficiency.

Supranitrin *Gap, Gr.*
Glyceryl trinitrate (p.1296·2).
Angina pectoris; heart failure.

Suprapen *GSK, S.Afr.*
Amoxicillin trihydrate (p.202·2); flucloxacillin sodium (p.277·1).
Bacterial infections.

Supraproct-S *Julphar, UAE.*
⊗ Betamethasone valerate (p.1519·1); cinchocaine hydrochloride (p.1857·3).
Anorectal disorders.

Suprarenin *Aventis, Austria; Aventis, Ger.*
⊗ Adrenaline hydrochloride (p.1203·3).
Adjunct to local anaesthesia; anaphylactic shock; circulatory collapse; hypersensitivity reactions; shock.

Suprasec *Janssen-Cilag, Arg.*
Loperamide (p.1741·3).
Diarrhoea.

Suprasma *Dexa, Indon.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Suprasorb *Lohmann, Fr.*
Polyurethane foam dressing (p.1611·1).
Wounds.

Supprasten *Gross, Braz.†.*
⊗ Suprarenal cortex (p.1543·3); ascorbic acid (p.1983·3); pentetrazol (p.2162·1).
Impaired mental function.

Suprastin *EGIS, Hung.; Egis, Rus.*
Chloropyramine hydrochloride (p.571·3).
Hypersensitivity reactions.

Supratonin *Grunenthal, Ger.*
⊗ Amezinium metilsulfate (p.1209·2).
Hypotension.

Supra-Vir *Trima, Israel.*
Aciclovir (p.862·3).
Herpesvirus infections.

Supraviran *Grunenthal, Cz.†; Grunenthal, Ger.*
Aciclovir (p.862·3) or aciclovir sodium (p.862·3).
Herpesvirus infections.

Supravit *Roche, Turk.*
Multivitamin preparation (p.1922·1).

Supravital *Liferpal, Mex.*
Royal jelly (p.2382·1); garlic (p.2309·2).
Dietary supplement.

Supravit-C *Su-Heung, Philipp.*
Ascorbic acid (p.1983·3).
Nutritional supplement; vitamin C deficiency.

Supravite *Nobel, Canad.*
Vitamin B substances and iron (p.1922·1).

Suprax *Aventis, Canad.; Gedeon Richter, Cz.; Astellas, Ger.; Gedeon Richter, Hung.; Sanofi-Aventis, Irl.; Wyeth Lederle, Ital.; Hikma, Rus.; Eczacibasi, Turk.; Aventis, UK; Lupin, USA.*
Cefixime (p.224·3).
Bacterial infections.

Suprazen *Medi-Rx, Philipp.*
Mefenamic acid (p.80·1).
Pain.

Suprazid *Armoxindo, Indon.*
Isoniazid (p.288·1).
Vitamin B (p.1979·1) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Suprecur *Aventis, Austria; Aventis, Cz.†; Aventis, Denm.; Sanofi-Aventis, Fin.; Galen, Ger.; Aventis, Hong Kong; Sanofi-Aventis, Irl.; Mochida, Jpn; Aventis, Neth.†; Aventis, Norw.; Aventis, Swed.; Aventis, Turk.; Aventis, UK.*
⊗ Buserelin acetate (p.2083·2).
Endometriosis; ovarian stimulation for in-vitro fertilisation; precocious puberty; prostatic cancer; uterine fibroids.

Suprefact
Aventis, Arg.; Aventis, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Braz.; Aventis, Canad.; Aventis, Cz.†; Aventis, Denm.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Fr.; Sanofi-Aventis, Gr.; Sanofi-Aventis, Hung.; Sanofi-Aventis, Irl.; Sanofi-Aventis, Ital.; Sanofi-Aventis, Malaysia; Aventis, Mex.; Aventis, NZ; Aventis, Neth.; Aventis, Norw.; Sanofi-Aventis, Port.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Aventis, Swed.; Aventis, Switz.; Aventis, Thai.; Aventis, Turk.; Aventis, UK.
⊗ Buserelin acetate (p.2083·2).
Breast cancer; endometriosis; ovulation induction; precocious puberty; prostatic cancer; uterine fibroids.

Aventis, Israel.
⊗ Buserelin (p.2083·2) or buserelin acetate (p.2083·2).
Endometriosis; ovulation induction; prostatic cancer; uterine fibroids.

Suprekof *Kramer, Philipp.*
Guaifenesin (p.1561·3).
Cough.

Suprekof DM *Kramer, Philipp.*
Dextromethorphan hydrobromide (p.1555·2).
Cough.

Suprelip *BMS, Cz.*
Fenofibrate (p.1286·2).
Hyperlipidaemias.

Suprema *Biolab Sanus, Braz.*
Norethisterone acetate (p.2119·3); estradiol (p.2097·2).
Menopausal disorders.

Supremase *Pentafarma, Port.*
Fluconazole (p.532·1).
Fungal infections.

Supremin *Pliva Krakow, Pol.*
Butamirate citrate (p.1553·1).
Cough.

Supremunn *Ivax, Mex.*
Ciclosporin (p.1822·2).
Atopic eczema; Crohn's disease; nephrotic syndrome; rheumatoid arthritis; transplant rejection; uveitis.

Suprenil *Ulagay, Turk.*
⊗ Sulfacetamide sodium (p.335·3); prednisolone acetate (p.1541·1); phenylephrine hydrochloride (p.1568·1).
Infected eye disorders.

Supres *Merck Frosst, Canad.†.*
⊗ Methyldopa (p.1334·1); chlorothiazide (p.1243·1).
Hypertension.

Supresol *Mayne, Ital.*
⊗ Methylprednisolone sodium succinate (p.1538·2).
Parenteral corticosteroid.

Supressin *Pfizer, Austria.*
Doxazosin mesilate (p.1275·1).
Benign prostatic hyperplasia; hypertension.

Suprex *Terramedic, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Suprim *Hovid, Singapore.*
Co-trimoxazole (p.258·1).
Bacterial infections; protozoal infections.

Suprima-Broncho *Shreya, Rus.*
Adhatoda; liquorice (p.1740·3); turmeric (p.1473·2); ocimum sanctum; ginger (p.1732·3); solanum xanthocarpum piper longum; cardamom (p.2277·1).
Respiratory-tract disorders.

Suprima-Kof *Shreya, Rus.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders with viscous mucus.

Suprimal
Note. This name is used for preparations of different composition.
Temis, Arg.
Mesalazine (p.1745·1).
Inflammatory bowel disease.

IPS, Neth.
Meclozine hydrochloride (p.584·3).
Motion sickness.

Suprima-Lor *Shreya, Rus.*
Dichlorobenzyl alcohol (p.1642·1); amylmetacresol (p.1628·3).
Mouth and throat disorders.

Suprima-Nos *Shreya, Rus.*
⊗ Xylometazoline hydrochloride (p.1575·1).
Nasal congestion.

Suprima-Plus *Shreya, Rus.*
Camphor (p.2273·2); menthol (p.2340·1); eucalyptus oil (p.2301·2); thymol (p.1664·3); turpentine oil (p.2406·3).
Catarrh; musculoskeletal and joint disorders.

Suprimox *Rexcel, India.*
Amoxicillin (p.202·2); cloxacillin (p.256·1).
Bacterial infections.

Suprin *Degorts, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Supristol *Noristan, S.Afr.†.*
Co-trifamole (p.257·3).
Bacterial infections.

Suprium *Sanofi-Aventis, Fin.*
Sulpiride (p.1028·3).
Depression; psychoses.

Suprivent *Cadila, India.*
⊗ Salbutamol sulfate (p.1131·3); bromhexine hydrochloride (p.1552·2); guaifenesin (p.1561·3); menthol (p.2340·1).
Coughs.

Suprivent-A *Cadila, India.*
⊗ Salbutamol sulfate (p.1131·3); guaifenesin (p.1561·3); ambroxol (p.1550·3); menthol (p.2340·1).
Coughs.

Supro *Soprolin, Fr.*
Silicon (p.2032·1); magnesium (p.1678·3); boron; zinc (p.1999·1); aluminium (p.2254·1).
Foot deodorant.

Suprotide *Fresenius Kabi, Ital.*
Nutritional supplement (p.1922·1).

Suracton *Actipharm, Switz.†.*
Minerals; pyridoxine hydrochloride (p.1978·2).
Tonic.

Sural *Sanofi-Aventis, Cz.; Extractum, Hung.; Sanofi-Aventis, Hung.*
Ethambutol hydrochloride (p.274·1).
Tuberculosis.

Suralgan *Monsanto, Ital.†.*
Tiaprofenic acid (p.129·2).
Inflammation; pain.

Surazem *Pfizer, Neth.*
Diltiazem hydrochloride (p.1265·1).
Hypertension.

Surbex
Abbott, Canad.; Abbott, Malaysia.
Vitamin B substances with ascorbic acid (p.1922·1).
Nutritional supplement; vitamin supplement.

Abbott, USA.
A range of vitamin preparations (p.1922·1).

Surbex with C *Abbott, Hong Kong; Abbott, Singapore†.*
Vitamin B substances with vitamin C (p.1922·1).
Vitamin B and C deficiencies.

Surbex plus Iron *Abbott, Canad.*
Vitamin B substances with ascorbic acid and ferrous sulfate (p.1922·1).
Nutritional supplement.

Surbex plus Zinc *Abbott, Canad.*
Vitamin B substances with ascorbic acid and zinc sulfate (p.1922·1).
Nutritional supplement.

Surbex T *Abbott, Hong Kong; Abbott, India; Abbott, Singapore; Abbott, Thai.†.*
Vitamin B substances with vitamin C (p.1922·1).
Vitamin B and C deficiencies.

Surbex with Zinc *Abbott, Hong Kong†; Abbott, Malaysia; Abbott, Singapore.*
Multivitamin preparation with zinc (p.1922·1).
Nutritional supplement.

Surbex-T *Abbott, Indon.*
Vitamin B substances; ascorbic acid (p.1922·1).
Vitamin B and C supplement.

Surbronc *Boehringer Ingelheim, Belg.; Boehringer Ingelheim, Fr.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Surbu-Gen-T *Goldline, USA.*
Vitamin B substances with vitamin C (p.1922·1).

Sure Step *Johnson & Johnson Medical, Arg.*
Test for glucose (p.2314·1).

SureLac *Caraco, USA.*
Tilactase (p.2402·1).
Lactose intolerance.

Sure-Lax *Chefaro, UK.*
Senna (p.1769·2).
Constipation.

Sure-Lax (Herbal) *Chefaro, UK.*
Aloes (p.1705·2); fennel (p.2302·3); valerian (p.2410·1); cnicus benedictus (p.2285·2).
Constipation.

Surelen *Bayer, Fr.*
Pyridoxine hydrochloride; adenosine phosphate; potassium aspartate; nicotinamide; ascorbic acid (p.1922·1).
Tonic.

Sureptil *Sanofi-Aventis, Braz.*
Cinnarizine (p.573·1); heptaminol acefyllinate (p.1123·2).
Vascular disorders.

Sureskin *Euromedex, Fr.*
Carmellose sodium (p.2142·1).
Burns; ulcers; wounds.

Suretin *Allergan, Mex.*
Tazarotene (p.1617·1).
Acne; psoriasis.

Surfactal *Boehringer Ingelheim, Ital.*
Ambroxol hydrochloride (p.1550·3).
Neonatal surfactant deficiency; prevention of bronchopulmonary complications following surgery.

Surfactante B *Richet, Arg.*
Bovine pulmonary surfactant (p.2375·3).

Surfacten *Mitsubishi, Jpn.*
Bovine pulmonary extract (p.2375·3).
Respiratory distress syndrome.

Surfactil *Farmion, Braz.†.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Surfak
Aventis, Canad.†.
Docusate sodium (p.1725·1).
Constipation.

Upjohn, USA.
Docusate calcium (p.1724·3).
Constipation.

Surfanios *Anios, Fr.*
Hydrochlorides of amino acids; didecyldimethylammonium chloride (p.1642·2).
Surface disinfection.

Surfaz
Note. This name is used for preparations of different composition.
Franco-Indian, India.
Cream; topical solution; vaginal tablets: Clotrimazole (p.530·1).
Balanitis; fungal skin and vaginal infections.

Franco-Indian, India.
Ear drops: Clotrimazole (p.530·1); lidocaine (p.1862·3).
Fungal ear infections.

Surfaz-SN *Franco-Indian, India.*
⊗ Clotrimazole (p.530·1); betamethasone dipropionate (p.1518·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Surfol *Stiefel, USA.*
Emollient.

Surfolase *Pharmacia, Ital.; Lepori, Port.†.*
Ambroxol acefyllinate (p.1114·2).
Obstructive airways disease.

Surfont *Ardeypharm, Ger.*
Mebendazole (p.148·3).
Worm infections.

Surfortan *IPRAD, Fr.*
Lysine; potassium phosphate; pyridoxine hydrochloride (p.1922·1).
Tonic.

Surgam
Sanofi-Aventis, Austral.; Aventis, Canad.; Zentiva, Cz.; Grunenthal, Fr.; Aventis, Ger.; Sanofi-Aventis, Hung.; Aventis, Irl.; Aventis, NZ; Aventis, Neth.; Roussel, Pol.; Sanofi-Aventis, Port.; Aventis, S.Afr.; Aventis, Thai.†; Aventis, Turk.; Sanofi-Aventis, UK.
Tiaprofenic acid (p.129·2).
Gout; inflammation; musculoskeletal, joint, periarticular, and soft-tissue disorders; oedema; pain.

Aventis, Mex.
Tiaprofenic acid (p.129·2) or tiaprofenic acid trometamol salt (p.129·3).
Gout; inflammation; musculoskeletal, joint, and periarticular disorders; pain.

Surgamyl *Aventis, Denm.; Sanofi-Aventis, Fin.; Scharper, Ital.*
Tiaprofenic acid (p.129·2).
Lidocaine (p.1862·3) may be included in the intramuscular injection to alleviate the pain of injection.
Inflammation; musculoskeletal and joint disorders; pain.

Surge *SA Druggists Self Med, S.Afr.*
Yellow phenolphthalein (p.1762·1).
Constipation.

Surgel *Ulmer, USA.*
Carmellose sodium (p.2142·1); propylene glycol (p.2374·1); glycerol (p.2314·2).
Vaginal lubricant.

Surgestone *Sanofi-Aventis, Fr.; Sanofi-Aventis, Port.*
Promegestone (p.2127·3).
Fibroids; mastalgia; menopausal disorders; menstrual disorders.

Surgicel *Ethicon, Fr.; Johnson & Johnson Medical, USA.*
Oxidised cellulose (p.1075·1).
Haemorrhage.

Surgicoll *GfE, Ger.†.*
Collagen (p.2286·1).
Haemorrhage.

Surgi-Gel *Orion, NZ.*
Lubricating gel.

Surgras Physiologique *Roche-Posay, Arg.†; Roche-Posay, Braz.†.*
Soap substitute.

Suril *Ibirn, Ital.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Sur-Lax *Jean-Marie, Hong Kong.*
Sodium picosulfate (p.1771·1).
Constipation; stool softener.

Surlid *Aventis, Denm.; Sanofi-Aventis, Fin.; Aventis, Swed.*
Roxithromycin (p.331·1).
Bacterial infections.

Surmenalit *Faes, Spain.*
Sulbutiamine (p.1976·1).
Vitamin B1 deficiency.

Surmontil
Aspen, Austral.; Nicholas Piramal, India†; Aventis, Israel; Aventis, S.Afr.; Aventis, Venez.†.
Trimipramine (p.426·2).
Agitation; anxiety; depression; dumping syndrome; insomnia; lypotaemia; mixed anxiety depressive states; neuroses; pain.

Aventis, Canad.†; Aventis, Denm.; Sanofi-Aventis, Fin.; Aventis, Hong Kong; Sanofi-Aventis, Irl.; Healthcare Logistics, NZ; Aventis, Neth.†; Aventis, Norw.; Patriot, Philipp.; Vitoria, Port.; Sanofi-Aventis, Spain; Aventis, Swed.; Aventis, UK; Barr, USA; Duramed, USA.
Trimipramine maleate (p.426·3).
Anxiety; depression; insomnia; irritable bowel syndrome.

Sanofi-Aventis, Fr.; Aventis, Switz.
Trimipramine maleate (p.426·3) or trimipramine mesilate (p.426·3).
Depression; pain.

Sanofi-Aventis, Ital.
Trimipramine (p.426·2) or trimipramine maleate (p.426·3).
Depression.

Surnox *Sanofi-Aventis, Spain.*
Ofloxacin hydrochloride (p.310·2).
Bacterial infections.

Suronit *Degorts, Mex.*
Nitrofurantoin (p.308·1).
Urinary-tract infections.

Surpas
Note. A similar name is used for preparations of different composition (see below).
Sandoz, Indon.
Amoxicillin (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Surpass
Note. A similar name is used for preparations of different composition (see above).
Wrigley, USA.
Calcium carbonate (p.1714·1).
Dyspepsia; heartburn.

Surplex *Seng, Thai.*
Vitamin B substances; ascorbic acid (p.1922·1).
Intravenous vitamin supplement.

Surquina *Innotech, Fr.*
Quinine hydrochloride (p.612·3).
Malaria.

Sursum *Abiogen, Ital.*
Alpha tocopherol (p.1992·2).
Vitamin E deficiency.

Survanta *Abbott, Arg.; Abbott, Austral.; Abbott, Austria; Abbott, Belg.; Abbott, Braz.; Abbott, Canad.; Abbott, Chile; Abbott, Cz.; Abbott, Fr.; Abbott, Ger.; Abbott, Gr.; Abbott, Hong Kong; Abbott, Hung.; Abbott, Indon.; Abbott, Malaysia; Abbott, Mex.; Abbott, NZ; Abbott, Neth.; Abbott, Philipp.; Abbott, Pol.; Abbott, S.Afr.; Abbott, Singapore; Abbott, Spain; Abbott, Switz.; Abbott, Thai.; Abbott, UK; Ross, USA; Abbott, Venez.*
Beractant (p.2375·3).
Neonatal respiratory distress syndrome.

Survanta-Vent *Abbott, Norw.; Abbott, Swed.†.*
Beractant (p.2375·3).
Neonatal respiratory distress syndrome.

Survector *Servier, Braz.†; Teravix, Port.†.*
Amineptine hydrochloride (p.375·3).
Depression.

Survimed *Fresenius Kabi, Cz.†; Fresenius Kabi, Irl.; Fresenius Kabi, Ital.; Fresenius Kabi, Pol.; Fresenius Kabi, Port.†; Fresenius Kabi, Switz.†; Fresenius Kabi, UK.*
Preparation for enteral nutrition (p.1922·1).

Survimed Renal *Diamedica, Venez.†.*
Preparation for enteral nutrition (p.1922·1).

Survon-T *Sandoz, Indon.*
Vitamin B substances; ascorbic acid (p.1922·1).
Vitamin B and C supplement.

Susano *Halsey, USA.*
Atropine sulfate (p.1219·3); hyoscine hydrobromide (p.1734·1); hyoscyamine hydrobromide (p.1736·1) or hyoscyamine sulfate (p.1736·1); phenobarbital (p.492·2).
Gastrointestinal disorders.

Suscard *Forest, Irl.; AstraZeneca, Swed.; Forest Laboratories, UK.*
Glyceryl trinitrate (p.1296·2).
Angina pectoris; heart failure.

Suspensio Visnevski cum Pice Liquida Herbacos *Herbacos, Cz.*
Bismuth tribromphenate (p.1712·1); tar (p.1616·2); castor oil (p.2278·1).
Skin disorders.

Suspension Antiacida *Denver, Arg.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Antacid.

Suspension Antiacida con Simeticona *Denver, Arg.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2).

Sustac
Note. This name is used for preparations of different composition.
Pfizer, Arg.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

KRKA, Hung.; Forest, Irl.; KRKA, Rus.; Forest Laboratories, UK†.
Glyceryl trinitrate (p.1296·2).
Angina pectoris; heart failure.

Sustacal *Novartis, Braz.; Mead Johnson, Indon.; Mead Johnson, Israel; Mead Johnson Nutritionals, USA.*
Preparation for enteral nutrition (p.1922·1).

Sustagen *BMS, Arg.; Novartis Consumer, Austral.; Mead Johnson, Braz.; Mead Johnson, Chile; Mead Johnson, Hong Kong†; Mead Johnson, Indon.; Mead Johnson, NZ; Mead Johnson, Philipp.; Mead Johnson Nutritionals, Thai.†; Mead Johnson Nutritionals, USA; Mead Johnson, Venez.*
Preparation for enteral nutrition (p.1922·1).

Sustain
Note. This name is used for preparations of different composition.
Support, Braz.†.
Preparation for enteral nutrition (p.1922·1).

Zee, USA.
Sodium chloride; calcium carbonate; potassium chloride (p.1667·1).

Sustained Release C *Blackmores, Austral.*
Vitamin C (p.1983·3); bioflavonoids (p.2304·1); hesperidin (p.2304·3); rose fruit (p.2381·2); rutoside (p.2305·1).
Formerly known as Sustained Release Buffered C.
Vitamin C supplement.

Sustaire *Pfizer, USA†.*
Theophylline (p.1140·1).
Asthma; bronchospastic disorders.

Sustanon *Organon, Cz.; Organon, Hong Kong; Organon, Ital.; Pharmaco, NZ.*
⊗ Testosterone propionate (p.2130·1); testosterone phenylpropionate (p.2130·1); testosterone isocaproate (p.2130·1); testosterone decanoate (p.2130·1).
Androgen deficiency; male hypogonadism; masculinisation in gender reassignment of females; osteoporosis in males.

Sustanon 100 *Organon, Austral.; Organon, India; Organon, Irl.; Organon, Neth.; Organon, UK.*
⊗ Testosterone propionate (p.2130·1); testosterone phenylpropionate (p.2130·1); testosterone isocaproate (p.2130·1).
Androgen deficiency; female breast cancer; male hypogonadism; male osteoporosis; testosterone deficiency.

Sustanon 250 *Organon, Arg.; Organon, Austral.; Organon, Belg.; Organon, Fin.; Organon, India; Organon, Indon.; Organon, Irl.; Organon, Israel; Organon, Malaysia; Organon, Neth.; Donmed, S.Afr.; Organon, Singapore; Organon, Turk.; Organon, UK.*
⊗ Testosterone propionate (p.2130·1); testosterone phenylpropionate (p.2130·1); testosterone isocaproate (p.2130·1); testosterone decanoate (p.2130·1).
Androgen deficiency; delayed puberty; female breast cancer; male hypogonadism; male infertility; male osteoporosis; supportive therapy for female-to-male transsexuals; testosterone deficiency.

Sustemial *Malesci, Ital.*
Ferrous gluconate (p.1939·1).
Anaemias; iron deficiency.

Sustenan *Organon, Chile.*
⊗ Testosterone undecylate (p.2130·2).
Male hypogonadism; osteoporosis.

Sustenan 250 *Organon, Chile.*
⊗ Testosterone propionate (p.2130·1); testosterone phenylpropionate (p.2130·1); testosterone isocaproate (p.2130·1); testosterone decanoate (p.2130·1).
Male hypogonadism; osteoporosis.

Sustenium *Menarini, Ital.*
Fosfocreatinine disodium (p.2307·1).
Muscle disorders.

Sustenon 250 *Organon, Port.*
⊗ Testosterone propionate (p.2130·1); testosterone phenylpropionate (p.2130·1); testosterone isocaproate (p.2130·1); testosterone decanoate (p.2130·1).
Male hypogonadism; osteoporosis.

Sustiva *BMS, Canad.; BMS, Cz.; BMS, Fr.; BMS, Ger.; BMS, Irl.; BMS, Ital.; BMS, Neth.; BMS, Port.; BMS, Spain; BMS, UK; BMS, USA.*
Efavirenz (p.872·3).
HIV infection.

Sustonit *Polfa Warszawa, Pol.; Polfa, Rus.*
Glyceryl trinitrate (p.1296·2).
Angina pectoris.

Sustrate *BMS, Braz.*
Propatylnitrate (p.1380·2).
Angina pectoris.

Sustress Plus *Sankyo, Braz.†.*
Vitamin and mineral preparation (p.1922·1).

Sutac *Sriprasit, Thai.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders.

SuTan *Cypress, USA.*
Pseudoephedrine tannate (p.1572·1); dexchlorpheniramine tannate (p.572·2).
Allergic rhinitis.

SuTan DM *Cypress, USA.*
Pseudoephedrine tannate (p.1572·1); dextromethorphan tannate (p.1556·1); dexchlorpheniramine tannate (p.572·2).
Allergic rhinitis; cold symptoms; cough.

Sutent *Pfizer, Arg.; Pfizer, Austral.; Pfizer, Braz.; Pfizer, Cz.; Pfizer, Fr.; Pfizer, Gr.; Pfizer, Hung.; Pfizer, Malaysia; Pfizer, NZ; Pfizer, Port.; Pfizer, UK; Pfizer, USA.*
Sunitinib malate (p.771·3).
Gastrointestinal stromal tumours; renal cell carcinoma.

Sutif *Farma Lepori, Spain.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Sutin *Loren, Mex.†.*
Vitamin A (p.1971·2); colecalciferol (p.1986·2); cod-liver oil (p.1935·2); benzalkonium chloride (p.1629·1); zinc oxide (p.1621·2).
Keratinisation disorders.

Sutrico *LKM, Arg.*
⊗ Finasteride (p.2188·3).
Alopecia.

Sutrico Tar *LKM, Arg.*
Coal tar (p.1616·2).
Scalp disorders.

Sutril *Novag, Spain.*
⊗ Torasemide sodium (p.1416·1).
Hypertension; oedema.

Sutriptan *Verisfield, Gr.*
Sumatriptan (p.625·2).
Migraine.

Su-Tuss DM *Cypress, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Coughs.

Su-Tuss HD *Cypress, USA.*
Hydrocodone tartrate (p.63·1); pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).

Suvalan *GSK, Austral.*
Sumatriptan succinate (p.625·2).
Migraine.

Suveal *Densmore, Fr.*
A range of vitamin and mineral preparations (p.1922·1).

Suvenyl *Chugai, Jpn.*
Sodium hyaluronate (p.2320·1).
Knee pain associated with rheumatoid arthritis or osteoarthritis.

Suvit *Cofasa, Venez.*
Vitamin B substances (p.1922·1).

Suxidina *Seid, Spain.*
Aspergillus oryzae; dimeticone (p.1770·2); metoclopramide hydrochloride (p.1747·3); oxazepam hemisuccinate (p.1014·3).
Aerophagia; digestive disorders; meteorism.

Suxilep *Jenapharm, Cz.†; Wernigerode, Cz.†; Jenapharm, Ger.; Jenapharm, Rus.*
Ethosuximide (p.479·3).
Absence seizures.

Suxinutin *Pfizer, Austria; Pfizer, Chile; Pfizer, Fin.; Parke, Davis, Ger.†; Pfizer, Hung.†; Pfizer, Swed.; Pfizer, Switz.†.*
Ethosuximide (p.479·3).
Epilepsy.

Suyodil *Continentales, Mex.*
Clioquinol (p.254·1); kaolin (p.1738·1); pectin (p.2145·2).
Diarrhoea.

Svedocain *Inibsa, Spain.*
Bupivacaine hydrochloride (p.1854·3).
Local anaesthesia.

Sveltanet *Ferakon, Gr.*
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Svir *Cristalia, Braz.†.*
Saquinavir (p.906·1).
HIV infection.

Sviroxit *Rafarm, Gr.*
Etidronate disodium (p.1097·1).
Osteoporosis; Paget's disease of bone.

Svitalark *Leovan, Gr.*
Buspirone hydrochloride (p.965·3).
Anxiety.

SVM-Polypac-A *More, Philipp.*
2 Tablets, ethambutol hydrochloride (p.274·1); isoniazid (p.288·1); 1 capsule, rifampicin (p.325·3); 3 tablets, pyrazinamide (p.320·2).
Pyridoxine hydrochloride (p.1978·2) is included in the ethambutol and isoniazid tablets for the prophylaxis of peripheral neuropathy.
Tuberculosis.

SVR 50B *SVR, Fr.*
SPF 50: Titanium dioxide (p.1617·3); zinc oxide (p.1621·2).
Sunscreen.

SVR 30 B, 60 B, and 100 B *SVR, Fr.*
SPF 30, 60, and 100: Bisoctrizole (p.1591·2); a cinnamate derivative; a dibenzoylmethane derivative; octil triazone (p.1608·1); enzacamene (p.1597·1); titanium dioxide (p.1617·3); zinc oxide (p.1621·2); thermophe-rol.
Sunscreen.

SVR Creme Antimoustique *SVR, Fr.†.*
Dimethyl phthalate (p.2041·3); metatoluamide.
Insect repellent.

Svudin *Cristalia, Braz.†.*
Stavudine (p.907·1).
HIV infection.

Swarm *Pickles, UK.*
Hamamelis (p.2318·2); dibrompropamidine isetionate (p.1642·1); calamine (p.1591·2).
Insect bites and stings.

Sweatosan N *Novartis Consumer, Ger.*
Sage (p.2382·3).
Hyperhidrosis.

Swecon *YSP, Malaysia.*
Hydrotalcite (p.1733·3).
Gastric hyperacidity; gastritis; peptic ulcer.

Sween Cream *Coloplast, USA.*
Barrier cream.

Sweet 'n Low *Dietary Foods, UK.*
Acesulfame potassium (p.1928·1); aspartame (p.1930·1).
Sugar substitute.

Sweet 'n' Low *Biogalenic, Venez.†.*
Aspartame (p.1930·1); acesulfame (p.1928·1).
Sugar substitute.

Sweeta C *Combiphar, Indon.*
Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Sweetcee *Chew, Thai.*
Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Swiff *Berlin Pharm, Thai.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Swim-Ear *Metapharma, Canad.†; Co-Pharma, UK; Fougera, USA.*
Isopropyl alcohol (p.1650·3); glycerol (p.2314·2).
Ear disorders; removal of trapped ear water.

Swiss Herb Cough Drops *Ricola, Canad.*
Althaea (p.2253·3); burnet (p.2270·3); horehound (p.1564·1); mallow (p.2337·2); menthol (p.2340·1); parsley piert (p.2363·2); peppermint oil (p.1761·2); plantago cordata; thyme (p.2401·1); veronica officinalis with or without ascorbic acid (p.1983·3).

Swiss One *Swiss Herbal, Canad.*
Multivitamin and mineral preparation (p.1922·1).

Swiss-Kal SR *Byk Madaus, S.Afr.†.*
Potassium chloride (p.1684·3).

SX-22 *Sigma, Arg.*
Vitamins; echinacea (p.2298·1); caffeic acid; phytosterols (p.1373·1); linolenic acid; oleic acid; palmitic acid; inulin; cichoric acid; betaine; triterpenes (p.1922·1).
Infections.

Syberian *Biofarm, Pol.*
Siberian ginseng (p.2386·3).
Tonic.

Sy-Clinomel *Baxter, Mex.†.*
A range of amino-acid, glucose, and lipid (from soya oil (p.1965·3)) infusions (p.1922·1).
Contains egg phospholipids.
Parenteral nutrition.

Sycot *Stadmed, India.*
Trifluoperazine hydrochloride (p.1034·2); trihexyphenidyl hydrochloride (p.820·2).
Schizophrenia.

Sydepres *Rotexmedica, Philipp.*
Fluphenazine decanoate (p.998·1).
Psychoses.

Sydnopharm *Sopharma, Rus.*
Molsidomine (p.1343·3).
Angina pectoris.

Sydolil *Rhein, Mex.*
Ergotamine tartrate (p.620·1); caffeine (p.1116·3); aspirin (p.20·3).
Headache including migraine.

Sygen *TRB, Braz.*
Monosialoganglioside sodium (p.2309·1); electrolytes.
Cerebrovascular disorders.

Sykofen *Silom, Thai.*
Ketotifen fumarate (p.582·2).
Asthma; bronchitis; hypersensitivity reactions.

Sylador *Sanofi-Aventis, Braz.*
Tramadol hydrochloride (p.130·3).
Pain.

Sylicaps *Herbapol Lublin, Pol.*
Milk thistle (p.1452·1).
Liver disorders.

Sylicynar *Herbapol Poznan, Pol.*
Cynara (p.2291·2); silymarin (p.1452·2).
Atherosclerosis; liver disorders.

Sylimarol *Herbapol Pruszkow, Pol.*
Milk thistle (p.1452·1).
Liver disorders.

Syliverin *Aflofarm, Pol.*
Silymarin (p.1452·2).
Liver disorders.

Sylivit *Herbapol Poznan, Pol.*
Milk thistle (p.1452·1); vitamins.
Liver disorders.

Sylk *Sylk, UK.*
Vaginal lubricant.

Syllact *Wallace, USA.*
Ispaghula (p.1737·1).
Constipation.

Syltrifil *Filadams, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Symadal M *Chauvin ankerpharm, Ger.*
Dimethicone 200 (p.2032·1).
Barrier preparation.

Symax *Capellon, USA.*
Hyoscyamine sulfate (p.1736·1).
Control of gastrointestinal secretions; cystitis; gastrointestinal spasm; heart block; parkinsonism; renal colic; rhinitis.

Symbial *Galderma, Neth.*
⊗ Urea (p.1620·2); sodium chloride (p.1686·1).
Skin disorders.

Symbicord *AstraZeneca, S.Afr.*
⊗ Budesonide (p.1520·1); formoterol fumarate (p.1122·1).
Asthma.

Symbicort *AstraZeneca, Arg.; AstraZeneca, Austral.; AstraZeneca, Austria; AstraZeneca, Belg.; AstraZeneca, Braz.; AstraZeneca, Canad.; AstraZeneca, Chile; AstraZeneca, Cz.; AstraZeneca, Denm.; AstraZeneca, Fin.; AstraZeneca, Fr.; AstraZeneca, Ger.; Promed, Ger.; Stern, Ger.; AstraZeneca, Gr.; AstraZeneca, Hong Kong; AstraZeneca, Hung.; AstraZeneca, Indon.; AstraZeneca, Irl.; AstraZeneca, Israel; AstraZeneca, Ital.; AstraZeneca, Malaysia; AstraZeneca, Mex.; AstraZeneca, NZ; AstraZeneca, Neth.; AstraZeneca, Norw.; AstraZeneca, Philipp.; AstraZeneca, Pol.; AstraZeneca, Port.; AstraZeneca, Singapore; AstraZeneca, Spain; AstraZeneca, Swed.; AstraZeneca, Switz.; AstraZeneca, Thai.; AstraZeneca, Turk.; AstraZeneca, UK; AstraZeneca, USA; AstraZeneca, Venez.*
⊗ Budesonide (p.1520·1); formoterol fumarate (p.1122·1).
Asthma; obstructive airways disease.

Symbioflor 1 *Symbiopharm, Ger.; SymbioPharm, Hung.*
Cells and autolysate of *Enterococcus faecalis* (p.2372·3).
Gastrointestinal disorders; upper respiratory-tract infections.

Symbioflor 2 *Symbiopharm, Ger.; SymbioPharm, Hung.*
Cells and autolysate of *Escherichia coli*.
Gastrointestinal disorders.

Symbioflor E. coli *Peithner, Austria.*
Live cells and autolysate of *Escherichia coli*.
Formerly known as Symbioflor II.
Gastrointestinal disorders; infections.

Symbioflor Enterococcus *Peithner, Austria.*
Live cells and autolysate of *Enterococcus faecalis* (p.2372·3).
Formerly known as Symbioflor I.
Gastrointestinal disorders; infections.

Symbioflor-Antigen *Symbiopharm, Ger.†.*
Escherichia coli.
Immunotherapy.

Symbion *Merck, Venez.*
Vitamin and mineral preparation (p.1922·1).

Symbiotik *Cadila, India.*
Amoxicillin trihydrate (p.202·2); cloxacillin sodium (p.256·1); *Lactobacillus sporogenes* (p.2372·3).
Bacterial infections.

Symbyax *Lilly, Arg.†; Lilly, Chile; Lilly, Mex.; Lilly, USA.*
Olanzapine (p.1012·1); fluoxetine hydrochloride (p.391·2).
Bipolar disorder.

Symfona *Medichemie, Switz.*
Ginkgo biloba (p.2311·1).
Cerebrovascular disorders.

Symglic *SymPhar, Pol.*
Glimepiride (p.441·1).
Diabetes mellitus.

Symla *SymPhar, Neth.*
Lamotrigine (p.485·1).
Epilepsy.

Symlin *Amylin, USA.*
Pramlintide acetate (p.457·1).
Diabetes mellitus.

Symmetrel *Novartis, Austral.; BMS, Canad.; Novartis, Gr.; Novartis, Hong Kong†; Novartis, Irl.; Novartis, NZ; Novartis, Neth.; Novartis, S.Afr.; Novartis, Singapore; Novartis, Switz.; Alliance, UK; Endo, USA; Novartis, Venez.†.*
Amantadine hydrochloride (p.792·3).
Drug-induced extrapyramidal disorders; herpes zoster; influenza A; parkinsonism.

Symoron *Astellas, Neth.*
⊗ Methadone hydrochloride (p.82·3).
Opioid addiction; pain.

Symoxyl *Sarabhai Piramal, India.*
Amoxicillin (p.202·2) or amoxicillin trihydrate (p.202·2).
Bacterial infections.

Symoxyl-LB *Sarabhai Piramal, India.*
Amoxicillin trihydrate (p.202·2); lactic acid bacillus (p.2372·3).
Bacterial infections.

Sympal *Berlin-Chemie, Ger.*
Dexketoprofen trometamol (p.73·1).
Pain.

Sympalept *Streuli, Switz.*
⊗ Oxedrine tartrate (p.1364·3).
Circulatory disorders; hypotension.

Sympaneurol *Sanofi-Aventis, Fr.*
Crataegus (p.2289·1); passion flower (p.2363·2); valerian (p.2410·1).
Formerly contained phenobarbital, crataegus, passion flower, and valerian.
Nervous disorders; sleep disorders.

Sympathomim *Extractum, Hung.*
⊗ Oxedrine tartrate (p.1364·3).
Hypotension.

Sympathyl *Innotech, Fr.*
Crataegus (p.2289·1); eschscholtzia californica; magnesium oxide (p.1744·1).
Nervous disorders; sleep disorders.

Sympatol *Kwizda, Austria; Boehringer Ingelheim, Ital.*
⊗ Oxedrine tartrate (p.1364·3).
Hypotension.

Sympavagol *Novartis Sante, Fr.*
Passion flower (p.2363·2); crataegus (p.2289·1).
Nervous disorders; sleep disorders.

Symphocal *Teva, Israel.*
Oxolamine citrate (p.1567·1).
Coughs.

Symphytum Ro-Plex (Rowo-776) *Pharmakon, Ger.†.*
Homoeopathic preparation.

Symphytum-Komplex *Woelm, Ger.†.*
Homoeopathic preparation.

Symptofed *Adcock Ingram, S.Afr.*
Pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract congestion.

Synacol CF *Roberts, USA.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Coughs.

Synacort *Syntex, USA.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Synacthen
Novartis, Austral.; Novartis, Austria; Novartis, Chile; Novartis, Israel; Novartis, Venez.
⊗ Tetracosactide or tetracosactide zinc phosphate complex (p.1543·3).
Adrenocorticotrophic hormone; diagnosis of adrenocortical insufficiency; hypsarrhythmia; infantile spasms; multiple sclerosis.

Novartis, Belg.; Novartis, Cz.†; Novartis, Denm.; Novartis, Ger.; Novartis, Irl.; Novartis, Ital.; Novartis, Neth.; Novartis, Port.; Novartis, Rus.; Novartis, Swed.; Novartis, Switz.; Alliance, UK.
⊗ Tetracosactide hexa-acetate (p.1544·1).
Adrenocorticotrophic hormone; diagnosis of adrenocortical insufficiency.

Novartis, NZ.
⊗ Tetracosactide hexa-acetate (p.1544·1) or tetracosactide hexa-acetate zinc phosphate complex (p.1544·1).
Adrenocorticotrophic hormone; diagnosis of adrenocortical insufficiency.

Synacthen Depot
Novartis, Canad.; Novartis, Rus.; Novartis, Turk.
⊗ Tetracosactide zinc hydroxide complex (p.1543·3).
Adrenocorticotrophic hormone; diagnosis of adrenocortical insufficiency.

Novartis, Ger.; Novartis, S.Afr.; Novartis, Switz.; Alliance, UK.
⊗ Tetracosactide hexa-acetate (p.1544·1).
Formerly known as Synacthen Retard in *Switz.*
Adrenocorticotrophic hormone; diagnosis of adrenocortical insufficiency.

Synacthene *Novartis, Fr.; IFET (ΙΦΕΤ), Gr.*
⊗ Tetracosactide (p.1543·3).
Adrenocorticotrophic hormone; diagnosis of adrenocortical insufficiency; infantile spasms; multiple sclerosis.

Synadrenol *Keyerson, Mex.†.*
⊗ Metoprolol (p.1338·1).
Hypertension.

Syn-A-Gen *Vifor, Switz.*
Nonoxinol 9 (p.1917·2).
Contraceptive.

Synagis *Abbott, Arg.; Abbott, Austral.; Abbott, Belg.; Abbott, Braz.; Abbott, Canad.; Abbott, Chile; Abbott, Cz.; Abbott, Denm.; Abbott, Fin.; Abbott, Fr.; Abbott, Ger.; Abbott, Gr.; Med Immune, Hong Kong; Abbott, Hung.; Abbott, Irl.; Abbott, Ital.; Abbott, Malaysia; Abbott, Mex.; Abbott, NZ; Abbott, Neth.; Abbott, Norw.; Abbott, Pol.; Abbott, Port.; Abbott, S.Afr.; Abbott, Singapore†; Abbott, Spain; Abbott, Swed.; Abbott, Switz.; Abbott, Turk.; Abbott, UK; Medimmune, USA; Abbott, Venez.*
Palivizumab (p.2235·3).
Respiratory syncytial virus infection.

Synalar *Grunenthal, Austria; Astellas, Belg.; Medicis, Canad.; AstraZeneca, Cz.†; Bioglan, Denm.; Jolly-Jatel, Fr.†; Minerva (Μινερβα), Gr.; CS, Hong Kong; Bioglan, Hung.†; Bioglan, Irl.†; Bioglan, Malaysia†; Syntex, Mex.; AFT, NZ; Bioglan, Norw.; Stiefel, Philipp.; Lusomedicamenta, Port.; Bartlett, S.Afr.; Astellas, Spain; Bioglan, Swed.; Grunenthal, Switz.; Sanofi Synthelabo, Thai.; GP, UK; Medicis, USA.*
⊗ Fluocinolone acetonide (p.1531·3).
Skin disorders.

Synalar Bi-Otic *Astellas, Belg.; Yamanouchi, Neth.†.*
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Inflammatory ear infections.

Synalar C *Bioglan, Irl.†; Syntex, Mex.; Bartlett, S.Afr.; GP, UK.*
⊗ Fluocinolone acetonide (p.1531·3); clioquinol (p.254·1).
Infected skin disorders.

Synalar med Chinoform *Bioglan, Denm.; Bioglan, Norw.*
⊗ Fluocinolone acetonide (p.1531·3); clioquinol (p.254·1).
Infected skin disorders.

Synalar N
Note. This name is used for preparations of different composition.
Grunenthal, Austria; CS, Hong Kong; Bioglan, Hung.†; Bioglan, Irl.†; Bioglan, Malaysia†; Lusomedicamenta, Port.; Bartlett, S.Afr.; Grunenthal, Switz.; Sanofi Synthelabo, Thai.; GP, UK.
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Syntex, Mex.
⊗ Fluocinolone acetonide (p.1531·3); polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); phenylephrine hydrochloride (p.1568·1).
Nasal and sinus disorders.

Synalar Nasal *Astellas, Spain.*
⊗ Phenylephrine hydrochloride (p.1568·1); fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Nasal congestion and infection.

Synalar Neo *Syntex, Mex.*
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Synalar Neomicina *Astellas, Spain.*
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Synalar O *Syntex, Mex.*
⊗ Fluocinolone acetonide (p.1531·3); polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1); lidocaine hydrochloride (p.1862·3).
Otitis externa.

Synalar Oftalmico *Syntex, Mex.*
⊗ Fluocinolone acetonide (p.1531·3); polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1).
Infected eye disorders.

Synalar Otic *Stiefel, Philipp.*
⊗ Fluocinolone acetonide (p.1531·3); polymyxin B sulfate (p.317·3); neomycin sulfate (p.305·1).
Otitis externa.

Synalar Otico *Astellas, Spain.*
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Ear disorders.

Synalar Rectal *Lusomedicamenta, Port.; Astellas, Spain.*
⊗ Bismuth subgallate (p.1711·1); fluocinolone acetonide (p.1531·3); lidocaine hydrochloride (p.1862·3); menthol (p.2340·1).
Anorectal disorders.

Synalar Rectal Simple *Astellas, Spain.*
⊗ Fluocinolone acetonide (p.1531·3).
Anorectal disorders.

Synaleve *Adcock Ingram, S.Afr.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); meprobamate (p.1006·2).
Pain and associated tension.

Synalgo *Geymonat, Ital.*
Naproxen aminobutanol (p.93·3).
Gout; musculoskeletal and joint disorders; neuralgia; sciatica.

Synalgos-DC *Leitner, USA.*
Dihydrocodeine tartrate (p.48·1); aspirin (p.20·3); caffeine (p.1116·3).
Pain.

Synalotic *Astellas, Spain.*
⊗ Fluocinolone acetonide (p.1531·3); ciprofloxacin hydrochloride (p.243·3).
Otitis externa.

Synap *Adcock Ingram, S.Afr.*
Paracetamol (p.108·1); dextropropoxyphene napsilate (p.40·1); diphenhydramine hydrochloride (p.577·2); caffeine (p.1116·3).
Pain.

Synapausa *Organon, Port.†.*
Estriol succinate (p.2101·1).
Oestrogen deficiency.

Synapause *Donmed, S.Afr.*
Estriol (p.2101·1).
Oestrogen deficiency.

Synapause E *Organon, Ger.*
Estriol (p.2101·1).
Menopausal disorders.

Synapause-E$_3$ *Organon, Neth.*
Estriol (p.2101·1).
Adjunct in cervical smear tests; menopausal disorders; oestrogen deficiency.

Synaprosyn *Roche, Venez.†.*
Naproxen (p.92·3).
Inflammation; musculoskeletal and joint disorders; pain.

Synarel *Pfizer, Austral.; Pfizer, Braz.; Pfizer, Canad.; Pfizer, Cz.; Pfizer, Fr.; Pharmacia, Hong Kong†; Pharmacia, Hung.†; Pfizer, Irl.; Pharmacia, Israel; Pfizer, Mex.†; Pharmacia, NZ†; Pfizer, Neth.; Pharmacia, Pol.; Pharmacia, S.Afr.; Pfizer, Spain; Ali, Turk.; Pfizer, UK; Searle, USA.*
⊗ Nafarelin acetate (p.2117·3).
Endometriosis; female infertility; ovulation stimulation for in-vitro fertilisation; precocious puberty; uterine fibroids.

Synarela *Pfizer, Denm.; Pfizer, Fin.; Pharmacia, Ger.; Pfizer, Norw.; Pfizer, Swed.*
⊗ Nafarelin acetate (p.2117·3).
Endometriosis; ovarian stimulation for in-vitro fertilisation; uterine fibroids.

Synarome *Faran, Gr.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Synastone *Auden McKenzie, UK.*
⊗ Methadone hydrochloride (p.82·3).
Opioid withdrawal syndrome.

Synax *Biofarma, Turk.*
Naproxen sodium (p.92·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Synbetamine *Synco, Hong Kong.*
⊗ Betamethasone (p.1518·2); dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions; inflammatory eye disorders.

Synbio *Kalbe, Indon.*
Lactobacillus acidophilus (p.2372·3); *Bifidobacterium longum* (p.2372·3); fructo oligosaccharides.
Digestive disorders.

Synbion *Synco, Hong Kong.*
vitamin B ; vitamin B ; vitamin B (p.1922·1).
Vitamin B deficiency.

SynBiotics-3 *NutraCea, USA.*
Bifidobacterium longum (p.2372·3); *Lactobacillus rhamnosus* (p.2372·3); *Lactobacillus plantarum*; *Saccharomyces boulardii* (p.2372·3).

Synbrozil *Synco, Hong Kong.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Syncarpin-N *Winzer, Ger.†.*
Pilocarpine hydrochloride (p.1884·3); neostigmine bromide (p.631·3).
Glaucoma; reversal of mydriasis.

Synchlolim *Atlantic, Thai.*
Chloramphenicol sodium succinate (p.240·1).
Bacterial infections.

Synchloramin *Synco, Hong Kong.*
Dexchlorpheniramine maleate (p.572·1).
Hypersensitivity reactions.

Synchrocell *Dermoteca, Port.*
Acediosmin; aescin (p.2248·2); acetyl glucosamine (p.2313·2); glucuronic acid (p.2314·1).
Cellulite.

Synchro-Levels *Alphrema, Ital.*
Vitamin, amno-acid, mineral, and fatty acid preparation (p.1922·1).

Synchrorose *Dermoteca, Port.*
Silymarin (p.1452·2); acetyl glucosamine (p.2313·2); *dl*-alpha tocoferil acetate (p.1992·3); hyaluronic acid (p.2320·1).
High skin coloration.

Synchrovit *Dermoteca, Port.*
Vitamin A palmitate (p.1973·1); alpha tocoferil acetate (p.1992·3); acetyl glucosamine (p.2313·2); glucuronic acid (p.2314·1); hyaluronic acid (p.2320·1).
High skin coloration.

Synclar *Cipla, Hong Kong; Cipla, India.*
Clarithromycin (p.248·2).
Bacterial infections.

Synclovir *Synco, Hong Kong.*
Aciclovir (p.862·3).
Herpes simplex infections.

Syncloxil *Jumont, Philipp.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Synco-CFN *Synco, Hong Kong.*
⊗ Clotrimazole (p.530·1); fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Syncofit *Synco, Hong Kong.*
Triprolidine hydrochloride (p.592·3); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract congestion.

Syncoforte *Synco, Hong Kong.*
Vitamin B substances (p.1922·1).
Vitamin B deficiencies.

Syncomet *Synco, Hong Kong.*
Cimetidine (p.1716·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Syncoquin *Synco, Hong Kong.*
Chloroquine phosphate (p.599·3).
Amoebic hepatitis; lupus erythematosus; malaria; rheumatoid arthritis.

Syncortyl *Sanofi-Aventis, Fr.*
Desoxycortone acetate (p.1525·3).
Mineralocorticoid deficiency.

Syncro *Fontovit, Braz.*
Vitamin and mineral preparation (p.1922·1).

Syncumar *Valeant, Hung.; ICN, Pol.*
Acenocoumarol (p.1201·1).
Thromboembolic disorders.

Syndol
Note. This name is used for preparations of different composition.
Roche, Chile.
Ketorolac trometamol (p.74·2).
Pain.

SSL, Irl.; Adcock Ingram, S.Afr.; SSL, UK.
Paracetamol (p.108·1); codeine phosphate (p.37·2); doxylamine succinate (p.578·2); caffeine (p.1116·3).
Pain.

Bilim, Turk.
Naproxen sodium (p.92·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Syndopa *Sun, India; Sun, Rus.; Sun, Thai.*
Levodopa (p.804·3); carbidopa (p.803·1).
Parkinsonism.

Syneclav *Coronet, Indon.*
Amoxicillin (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Synedil *Erempharma, Fr.*
Sulpiride (p.1028·3).
Anxiety; behaviour disorders in children; psychoses.

Synemol *Medicis, USA.*
⊗ Fluocinolone acetonide (p.1531·3).
Skin disorders.

Syneolona *Synco, Hong Kong.*
⊗ Fluocinolone acetonide (p.1531·3); neomycin sulfate (p.305·1).
Infected skin disorders.

Syneophylline *Synco, Hong Kong.*
Diprophylline (p.1120·2).
Obstructive airways disease.

Synera *Ferndale, USA.*
Lidocaine (p.1862·3); tetracaine (p.1871·2).
Local anaesthesia.

Synerbiol *Nutergia, Fr.*
Marine fish oil (p.1362·2).
Nutritional supplement.

Synercid
Aventis, Arg.†; Aspen, Austral.; Aventis, Austria; Aventis, Fin.†; Nordic, Fr.; Aventis, Ger.†; Aventis, Irl.; Aventis, Israel; Healthcare Logistics, NZ; Aventis, Neth.; Aventis, Pol.; Sanofi-Aventis, Spain; Aventis, Swed.†; Nordic, UK.
Quinupristin mesilate (p.322·1); dalfopristin mesilate (p.322·1).
Bacterial infections.
Sanofi-Aventis, Braz.; Monarch, Canad.; Monarch, Cz.; Sanofi-Aventis, Gr.; Monarch, Hung.; Sanofi-Aventis, Ital.; Aventis, Mex.†; Monarch, Port.; Aventis, S.Afr.†; Aventis, Switz.†; Monarch, USA.
Quinupristin (p.322·3); dalfopristin (p.322·3).
Bacterial infections.

Synerga *Laves, Ger.*
Cell-free lysate of *Escherichia coli*.
Allergies.

Synergistic Selenium *Quest, Canad.*
Selenium, vitamin C, and vitamin E (p.1922·1).

Synergomycin *Abbott, Ger.†.*
Erythromycin ethyl succinate (p.269·3); bromhexine hydrochloride (p.1552·2).
Bacterial infections of the respiratory tract.

Synergon *Merck-Lipha, Fr.; Biofarma, Turk.*
Progesterone (p.2125·1); estrone (p.2101·2).
Amenorrhoea; menopausal disorders.

Synergy Defense *Awareness, Canad.*
Amylase; protease; cellulase; lactase; diastase; invertase.
Digestive aid.

Syner-Kinase *Syner-Med, UK.*
Urokinase (p.1420·1).
Thromboembolic disorders.

Synermed *Vitalink, Philipp.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Synermox *Douglas, NZ.*
Amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Synerpril *MSD, Austria; MSD, Denm.; MSD, Swed.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Synespramid *Ultra, Mex.*
Metoclopramide hydrochloride (p.1747·3).
Gastrointestinal motility disorders; nausea and vomiting.

Syneudon *Krewel, Ger.*
Amitriptyline hydrochloride (p.376·1).
Depression.

Synfase *Pfizer, Norw.; Pfizer, Swed.*
Norethisterone (p.2119·3); ethinylestradiol (p.2101·3). 28-Day packs also contains 7 inert tablets.
Triphasic oral contraceptive.

Synflex *Altimed, Canad.†; Roche, Hong Kong†; Darya-Varia, Indon.; Syntex, Indon.; Roche, Irl.; Recordati, Ital.; Roche, Malaysia; Roche, NZ; Roche, S.Afr.; Roche, Thai.; Roche, UK.*
Naproxen sodium (p.92·3).
Gout; inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Syngasy *Ultra, Mex.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Syngel *Will-Pharma, Belg.*
Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2); magnesium hydroxide (p.1743·2); magnesium trisilicate (p.1744·1); lidocaine hydrochloride (p.1862·3).
Gastritis; gastro-oesophageal reflux.

Synglarin *Chibret, Port.*
Montelukast sodium (p.1126·2).
Allergic rhinitis.

Syngynon *Jenapharm, Ger.†.*
Hydroxyprogesterone caproate (p.2110·3); estradiol benzoate (p.2097·2).
Menstrual disorders.

Synitidine *Synco, Hong Kong.*
Ranitidine hydrochloride (p.1766·1).
Dyspepsia; gastro-oesophageal reflux; oesophagitis; peptic ulcer; Zollinger-Ellison syndrome.

Synizoral *Synco, Hong Kong.*
Ketoconazole (p.539·1).
Fungal infections.

Synkapton *Strallhofer, Austria.*
Ergotamine tartrate (p.620·1); dimenhydrinate (p.576·2); caffeine (p.1116·3).
Migraine and other vascular headaches.

Synmethasone *Synco, Hong Kong.*
⊗ Betamethasone (p.1518·2).
Corticosteroid.

Synobel *Yamanouchi, Spain†.*
⊗ Clioquinol (p.254·1); fluocinolone acetonide (p.1531·3).
Infected skin disorders.

Synocrom
Italchimici, Ital.
Sodium hyaluronate (p.2320·1).
Knee disorders.
Dee, UK.
Hyaluronic acid (p.2320·1).
Joint disorders.

Synodium *Synco, Hong Kong.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Synol *Filadams, Philipp.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; uric acid nephropathy.

Synostep *Ultra, Mex.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Syn-O-Vits *Osoth, Thai.*
Multivitamin preparation with lysine (p.1922·1).

Synoxicam *Synco, Hong Kong.*
Piroxicam (p.117·3).
Gout; inflammation; musculoskeletal and joint disorders; pain.

Synparyn *Ultra, Mex.*
Albendazole (p.139·2).
Worm infections.

Synphase *Pharmacia, Hong Kong†; Pharmacia, UK.*
Ethinylestradiol (p.2101·3); norethisterone (p.2119·3).
Triphasic oral contraceptive.

Synphasec *Grunenthal, Ger.*
Ethinylestradiol (p.2101·3); norethisterone (p.2119·3).
Triphasic oral contraceptive.

Synphasic *Pharmacia, Austral.; Pfizer, Canad.; Pfizer, NZ.*
Ethinylestradiol (p.2101·3); norethisterone (p.2119·3). 28-Day packs also contain 7 inert tablets.
Triphasic oral contraceptive.

Synpitan *Deva, Turk.*
Oxytocin (p.2015·2).
Caesarean section; incomplete abortion; labour induction; postpartum haemorrhage.

Synrelin *Pfizer, Arg.*
⊗ Nafarelin acetate (p.2117·3).
Endometriosis; female infertility; precocious puberty; uterine fibroids.

Synrelina *Pfizer, Switz.*
⊗ Nafarelin acetate (p.2117·3).
Endometriosis.

Syntaris *Docpharma, Belg.; Roche, Cz.; Dermapharm, Ger.; Roche, Irl.†; Recordati, Ital.; Ivax, Neth.; Roche, Switz.†; Ivax, UK.*
⊗ Flunisolide (p.1531·1).
Allergic rhinitis.

Syntarpen *Polfa Tarchomin, Pol.*
Cloxacillin sodium (p.256·1).
Staphylococcal infections.

Syntemax *Pascual, Philipp.*
⊗ Dexamethasone sodium phosphate (p.1526·2); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Infected ear disorders.

Syntemucol *Synteza, Pol.*
Acetylcysteine (p.1548·2).
Respiratory-tract congestion.

Syntest *Breckenridge, USA.*
⊗ Esterified oestrogens (p.2097·1); methyltestosterone (p.2117·1).
Menopausal disorders.

Syntestan *Teofarma, Ger.*
⊗ Cloprednol (p.1523·1).
Asthma; polyarthritis.

Synthamin *Baxter, Austral.; Baxter, Ger.; Baxter, Irl.; Baxter, NZ; Baxter, Spain; Baxter, Switz.; Baxter, UK.*
Amino-acid infusion with or without electrolytes and glucose (p.1922·1).
Parenteral nutrition.

Synthocilin *Pharmaceutical Co, India.*
Ampicillin sodium (p.204·1) or ampicillin trihydrate (p.204·2).
Bacterial infections.

Synthol
Note.This name is used for preparations of different composition.
Eumedica, Belg.
Cloral hydrate (p.979·1); menthol (p.2340·1); resorcinol (p.1612·1); veratrol.
Skin and mucous membrane disorders.
GSK Sante, Fr.
Menthol (p.2340·1); resorcinol (p.1612·1); salicylic acid (p.1612·2); veratrol.
Formerly contained cloral hydrate, menthol, resorcinol, salicylic acid, and veratrol.
Insect stings; mouth and throat disorders; soft-tissue trauma.

Synthomanet *Remedina, Gr.*
Ranitidine hydrochloride (p.1766·1).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Synthomycin *Nizpharm, Rus.*
Chloramphenicol (p.239·3).
Bacterial infections.

Synthomycine *Abic, Israel; Rekah, Israel; Teva, Israel.*
Chloramphenicol (p.239·3) or chloramphenicol sodium succinate (p.240·1).
Bacterial infections.

Synthroid *Abbott, Braz.; Abbott, Canad.; Abbott, USA.*
Levothyroxine sodium (p.2171·2).
Hypothyroidism; thyroid-stimulating hormone suppression.

Synti *Medochemie, Malaysia†.*
Dequalinium chloride (p.1641·3).
Mouth and throat disorders.

Syntocinon *Novartis, Arg.; Novartis, Austral.; Novartis, Austria; Novartis, Belg.; Novartis, Braz.; Novartis, Chile; Novartis, Denm.; Novartis, Fin.; Novartis, Fr.; Novartis, Ger.; Novartis, Hong Kong; Novartis, India; Novartis, Indon.; Novartis, Irl.; Novartis, Ital.; Novartis, Malaysia; Sandoz, Mex.; Novartis, NZ; Novartis, Neth.; Novartis, Norw.; Novartis, Philipp.; Novartis, Port.; Novartis, S.Afr.; Novartis, Singapore; Novartis, Spain; Novartis, Swed.; Novartis, Switz.; Alliance, UK; Novartis, Venez.*
Oxytocin (p.2015·2).
Caesarean section; incomplete abortion; induction and maintenance of labour; lactation induction; lochiometra; mastitis; missed abortion; postpartum haemorrhage; postpartum uterine atony; termination of pregnancy; third-stage labour induction.

Syntoclox *Codal Synto, Thai.*
Cloxacillin sodium (p.256·1).
Bacterial infections.

Syntometrin *Novartis, Ger.†.*
Methylergometrine maleate (p.2011·1); oxytocin (p.2015·2).
Delivery of the placenta; postpartum haemorrhage.

Syntometrine *Novartis, Austral.; Novartis, Hong Kong†; Novartis, Irl.; Novartis, Malaysia; Novartis, NZ; Novartis, S.Afr.; Alliance, UK.*
Ergometrine maleate (p.2009·2); oxytocin (p.2015·2).
Management of third-stage labour; postpartum haemorrhage.

Syntonol *Codal Synto, Thai.*
⊗ Propranolol hydrochloride (p.1380·3).
Angina pectoris; anxiety; arrhythmias; hypertension; phaeochromocytoma; tremor.

Syntophyllin *BB, Cz.; Zentiva, Cz.*
Aminophylline (p.1114·2).
Obstructive airways disease.

Syntopic *Vendiz, Philipp.*
⊗ Fluocinolone acetonide (p.1531·3).
Skin disorders.

Syntostigmin *BB, Cz.; Zentiva, Cz.*
Neostigmine bromide (p.631·3) or neostigmine metilsulfate (p.631·3).
Decreased gastrointestinal motility; glaucoma; myasthenia gravis; reversal of competitive neuromuscular blockade; urinary retention.

Synum C *Biosyn, Ger.†.*
Ascorbic acid (p.1983·3).
Methaemoglobinaemia; vitamin C deficiency.

Synvisc *Gobbi, Arg.; Genzyme, Austral.; Novartis, Braz.; Genzyme, Canad.; Novartis, Chile; Genzyme, Fr.; Wyeth, Ger.; Nicholas Piramal, India; Biomatrix, Israel†; Genzyme, Ital.; Genzyme, Malaysia; Novartis, Mex.; Bayer, NZ; Genzyme, Pol.; Genzyme, Singapore; Medhouse, Swed.; Genzyme, Switz.; Genzyme Biosurgery, Thai.; Wyeth, Turk.; Biomatrix, UK; Wyeth-Ayerst, USA; Novartis, Venez.*
Hylan G-F 20 (p.2320·2).
Degenerative joint disorders; osteoarthritis; synovial fluid replacement.

Synvomin *Synco, Hong Kong.*
Promethazine teoclate (p.588·3).
Nausea and vomiting.

Syprine *Aton, USA.*
Trientine dihydrochloride (p.1467·3).
Wilson's disease.

Syprol *Rosemont, UK.*
⊗ Propranolol hydrochloride (p.1380·3).

Syracol CF *Roberts, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Coughs.

Syraprim *Galen, Mex.†.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Syrea *Medac, Ger.*
Hydroxycarbamide (p.729·1).
Chronic myeloid leukaemia; essential thrombocythaemia; polycythaemia vera.

Syrop Prawoslazowy Zlozony *Gemi, Pol.*
⊗ Althaea (p.2253·3); ephedrine hydrochloride (p.1558·2).
Respiratory-tract infections.

Syrop Sosnowy Zlozony *Aflofarm, Pol.; Herbapol Lublin, Pol.*
Calcium lactate; greater celandine; codeine phosphate (p.37·2); pimpinella anisum; pinus silvestris.
Cough and associated respiratory-tract disorders.

Syrup DM *Therapex, Canad.*
Dextromethorphan hydrobromide (p.1555·2).

Syrup DM-D *Therapex, Canad.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2).

Syrup DM-D-E *Therapex, Canad.*
Dextromethorphan hydrobromide (p.1555·2); pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).

Syrup DM-E *Therapex, Canad.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).

Syruped *Brel, Philipp.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Corticosteroid.

Syrvite *Barre-National, USA; Major, USA; Moore, USA.*
Multivitamin preparation (p.1922·1).

Syscan *Torrent, India; Torrent, Philipp.; Torrent, Rus.*
Fluconazole (p.532·1).
Fungal infections.

Syscor *Bayer, Austria; Bayer, Belg.; AstraZeneca, Braz.; Bayer, Cz.†; Bayer, Fin.; Bayer, Gr.; Bayer, Ital.; Bayer, NZ; Zeneca, S.Afr.†; Bayhealth, Spain; AstraZeneca, Switz.†; Forest Laboratories, UK.*
Nisoldipine (p.1358·1).
Angina pectoris; heart failure; hypertension.

Systabon *Merck, Indon.*
Pramiverine hydrochloride (p.2372·1).
Post-operative pain; smooth muscle spasm.

Systaflam *Systopic, India.*
Chlorzoxazone (p.1894·3); diclofenac sodium (p.44·3); paracetamol (p.108·1).
Skeletal muscle spasm and pain.

Systane
Note.This name is used for preparations of different composition.
Alcon, Arg.; Alcon, Canad.; Alcon, Chile; Alcon, Fr.; Alcon, Hong Kong; Alcon, Ital.; Alcon, Malaysia; Alcon, Mex.; Alcon, Philipp.; Alcon, Singapore; Alcon, Thai.; Alcon, Venez.
Macrogol 400 (p.2336·3); propylene glycol (p.2374·1).
Dry eyes; eye irritation.
Alcon, Ger.; Alcon, Irl.; Alcon, UK.
Hydroxypropyl guar.
Dry eyes; eye irritation.

Systen *Janssen-Cilag, Austria; Janssen-Cilag, Belg.; Janssen-Cilag, Braz.; Janssen-Cilag, Cz.; Janssen-Cilag, Fr.; Janssen-Cilag, Hung.†; Janssen-Cilag, Ital.; Janssen-Cilag, Mex.; Janssen-Cilag, Neth.; Janssen-Cilag, Pol.; Janssen-Cilag, Switz.*
Estradiol (p.2097·2).
Menopausal disorders; oestrogen deficiency; osteoporosis.

Systen Conti *Janssen-Cilag, Braz.; Janssen-Cilag, Cz.; Janssen-Cilag, Gr.; Janssen-Cilag, Pol.; Janssen-Cilag, Switz.*
Estradiol (p.2097·2); norethisterone acetate (p.2119·3).
Menopausal disorders; osteoporosis.

Systen Sequi *Janssen-Cilag, Braz.; Janssen-Cilag, Cz.; Janssen-Cilag, Gr.; Janssen-Cilag, Pol.; Janssen-Cilag, Switz.*
4 Patches, estradiol (p.2097·2); 4 patches, estradiol; norethisterone acetate (p.2119·3).
Menopausal disorders; osteoporosis.

Systepin *Klinge, Irl.†.*
Nifedipine (p.1350·1).
Hypertension; ischaemic heart disease.

Systilan *Biomedica-Chemica, Gr.†.*
Cisapride (p.1720·3).
Gastrointestinal motility disorders.

Systogen *Infusia, Cz.†.*
Carboxycellulose calcium; cellulose (p.2143·1).
Exudative wounds and ulcers.

Systral *Viatris, Ger.; Asta Medica, Hong Kong†; Asta Medica, Indon.; Transfarma, Philipp.; Sidefarma, Port.; Meda, Thai.; Pharmalink, Thai.; Ulagay, Turk.*
Chlorphenoxamine hydrochloride (p.572·3).
Allergic skin disorders; burns; eczema; frostbite; insect bites; pruritus; skin irritation; stings; sunburn; urticaria.

Systral C *Viatris, Ger.†.*
Chlorphenoxamine hydrochloride (p.572·3); caffeine (p.1116·3).
Hypersensitivity reactions.

Systral Hydrocort *Viatris, Ger.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Sytron *Link, UK.*
Sodium feredetate (p.1962·1).
Iron-deficiency anaemia.

Syu *Anglo-French Drugs, India.*
Nutritional supplement (p.1922·1).

Syviman N *Muller Goppingen, Ger.†.*
Comfrey (p.2286·3); mistletoe (p.2345·3).
Joint disorders.

Syxal *Syxyl, Ger.†.*
St John's wort (p.422·3).
Depression.

Szorbit *Human, Hung.†.*
Sorbitol (p.1965·1).
Carbohydrate source.

T-1 *Osoth, Thai.*
⊗ Triamcinolone acetonide (p.1544·3).
Oral lesions.

T-3
Note. A similar name is used for preparations of different composition (see below).
Unipharma, Gr.
Liothyronine sodium (p.2174·1).
Hypothyroidism.

T3
Note. A similar name is used for preparations of different composition (see above).
Hoe, Singapore.
Triclosan (p.1665·2); melaleuca oil (p.2338·2).
Acne.

T4 *Montpellier, Arg.*
Levothyroxine sodium (p.2171·2).
Hypothyroidism; thyroid cancer; thyroiditis.

T-4 *Unipharma, Gr.*
Levothyroxine sodium (p.2171·2).
Hypothyroidism.

T5 *MC, Ital.†*
Glutaral (p.1645·2).
Instrument disinfection.

T3 Acne *Hoe, Malaysia.*
Triclosan (p.1665·2); melaleuca oil (p.2338·2).
Acne.

T3 Actin *Hoe, Malaysia.*
Tretinoin (p.1618·1).
Acne.

T. Polio *Aventis Pasteur, Fr.†.*
A tetanus and poliomyelitis (inactivated) vaccine (p.2241·1).
Active immunisation.

TA Baume *Bencard, Ger.*
Allergen extracts of tree pollen (p.2370·2)(p.2250·2).
Allergen immunotherapy.

TA Graser *Bencard, Ger.*
Allergen extracts of grass pollen (p.2370·2)(p.2250·2).
Allergen immunotherapy.

TA MIX *Bencard, Ger.*
Allergen extracts of mixed pollens (p.2370·2)(p.2250·2).
Allergen immunotherapy.

TA Osoth *Osoth, Thai.*
⊗ Triamcinolone acetonide (p.1544·3).
Skin disorders.

Tabalon *Teofarma, Ger.; Aventis, Mex.*
Ibuprofen (p.64·2).
Fever; gout; inflammation; musculoskeletal, joint, and soft-tissue disorders; pain.

Tabarell *Sanorell, Ger.*
Homoeopathic preparation.

Tabas *Meprofarm, Indon.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Tab-A-Vite *Major, USA.*
A range of vitamin preparations (p.1922·1).

Tabcin *Bayer, Austria.*
Ibuprofen (p.64·2).
Pain.

Tabcin Alergia *Bayer Consumer, Arg.*
Loratadine (p.583·3).
Hypersensitivity reactions.

Tabcin Antigripal *Bayer Consumer, Arg.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Formerly contained paracetamol, butetamate citrate, caffeine, and phenylephrine hydrochloride.
Cold and influenza symptoms.

Tabcin Caliente Descongestivo NF *Bayer Consumer, Arg.*
Paracetamol (p.108·1); phenylephrine hydrochloride (p.1568·1).
Cold and influenza symptoms.

Tabcin Compuesto *Bayer Consumer, Arg.*
Chlorphenamine maleate (p.571·3); pseudoephedrine hydrochloride (p.1571·2); paracetamol (p.108·1).
Cold and influenza symptoms.

Tabcin Expectorante *Bayer, Arg.†.*
Ambroxol hydrochloride (p.1550·3).
Coughs.

Tabcin Impakt *Bayer, Pol.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); dextromethorphan hydrobromide (p.1555·2); doxylamine succinate (p.578·2).
Cold and influenza symptoms.

Tabcin Trend *Bayer, Pol.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Cold and influenza symptoms.

Taben 450 *Wassen, Ital.†.*
Magnesium; potassium; sodium; taurine (p.1922·1).
Nutritional supplement.

Taberil *Pharmacypria, Gr.*
Paroxetine (p.414·2).
Depression.

Tabex *Sopharma, Bulg.; Pharmachim, Hung.†; Sopharma, Pol.; Sopharma, Rus.*
Cytisine (p.2291·3).
Aid to smoking withdrawal; nicotine dependence.

Tabine *BPL-Meizler, Braz.†; Korea United, Philipp.*
Cytarabine (p.705·1).
Malignant neoplasms.

Tabletas Antiacidas *Pasteur, Chile.*
Magnesium hydroxide (p.1743·2).
Gastric hyperacidity.

Tabletas Phillips *GSK, Chile.*
Calcium carbonate (p.1714·1); aluminium hydroxide-sorbitol complex (p.1706·2) (p.1965·1); magnesium hydroxide (p.1743·2).
Gastric hyperacidity.

Tabletas Quimpe *Quimpe, Spain.*
⊗ Atropine methonitrate (p.1219·3); codeine phosphate (p.37·2); diphenhydramine hydrochloride (p.577·2); ephedrine hydrochloride (p.1558·2); phenazone (p.116·1); propyphenazone (p.119·3).
Upper respiratory-tract disorders.

Tabletes Valda *Canonne, Braz.†.*
Menthol (p.2340·1); cineole (p.2282·3); terpineol (p.2396·1); thymol (p.1664·3).
Mouth and throat disorders.

Tabletki Przeciw Grypie *Cyntfarm, Pol.*
Aspirin (p.20·3); caffeine (p.1116·3).
Cold and influenza symptoms.

Tabletki Przeciw Niestrawnosci *Labofarm, Pol.*
Caraway (p.2276·3); frangula bark (p.1732·2); peppermint (p.1761·2); milk thistle (p.1452·1); taraxacum (p.2395·1).
Digestive disorders.

Tabletki Tonizujace *Labofarm, Pol.*
Crataegus (p.2289·1); motherwort; melilotus.
Cardiac disorders.

Tabletki Uspokajajace *Labofarm, Pol.*
Lupulus (p.2335·2); motherwort; melissa; valerian (p.2410·1).
Insomnia; nervous disorders.

Tablibut *Andromaco, Venez.†.*
Cetylpyridinium chloride (p.1635·1).
Sore throat.

Tabloid *GSK, USA.*
Tioguanine (p.779·1).
Acute myeloid leukaemia.

Tabonuco *Vargas, Venez.*
⊗ Ipecacuanha (p.1562·3); ephedrine hydrochloride (p.1558·2); sodium benzoate (p.1630·2).
Respiratory-tract congestion.

Tabotamp *Johnson & Johnson, Ger.; Johnson & Johnson, Ital.*
Oxidised cellulose (p.1075·1).
Surgical haemorrhage.

Tabphyn *ProStrakan, UK.*
Tamsulosin hydrochloride (p.2197·1).

Tabrin *Sanofi-Aventis, Gr.*
Ofloxacin (p.310·2) or ofloxacin hydrochloride (p.310·2).
Bacterial infections.

Tabritis *Potter's, UK.*
Sambucus (p.2383·1); achillea (p.2245·2); prickly ash bark (p.2417·1); lappa (p.2330·3); clivers (p.2284·3); poplar bark (p.2371·1); bearberry (p.2263·3); senna (p.1769·2).
Musculoskeletal and joint disorders.

Tabrol *Aristo, India.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia.

Tabulan *Biotech, Venez.*
Captopril (p.1239·2).
Heart failure; hypertension.

Tabulettae Laxantes *ICN, Pol.*
Aloes (p.1705·2); althaea (p.2253·3); caraway (p.2276·3); frangula bark (p.1732·2).
Constipation; dyspepsia.

Tac *Parnell, USA.*
⊗ Triamcinolone acetonide (p.1544·3).
Corticosteroid.

TAC Esofago *Bracco, Ital.*
Barium sulfate (p.1477·2).
Contrast medium for computerised tomography of the oesophagus.

Tacardia *Penn, Arg.*
Losartan (p.1327·2).
Hypertension.

Tacardia D *Penn, Arg.*
⊗ Losartan (p.1327·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Tace *Gynopharm, Chile.*
Levonorgestrel (p.2121·2).
Post-coital oral contraceptive.

Tacef *Vianex (Βιανέξ), Gr.†.*
Cefmenoxime hydrochloride (p.225·2).
Bacterial infections.

Tacex *Probiomed, Mex.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Tachidol *Angelini, Ital.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Fever; pain.

Tachiflu *Angelini, Ital.*
Paracetamol (p.108·1); ascorbic acid (p.1983·3).
Fever; influenza symptoms; pain.

Tachifludec *Angelini, Ital.*
Paracetamol (p.108·1); ascorbic acid (p.1983·3); phenylephrine hydrochloride (p.1568·1).
Fever; influenza symptoms; pain.

Tachinotte *Angelini, Ital.*
Paracetamol (p.108·1); promethazine hydrochloride (p.588·2); dextromethorphan hydrobromide (p.1555·2).
Cold and influenza symptoms; coughs.

Tachipirin *Elmor, Venez.*
Paracetamol (p.108·1).
Fever; pain.

Tachipirina *Angelini, Ital.*
Paracetamol (p.108·1).
Fever; pain.

Tachmalcor *Dresden, Cz.; AWD, Ger.*
Detajmium bitartrate (p.1257·2).
Arrhythmias.

TachoComb *Nycomed, Austria; Hafslund Nycomed, Cz.†; Nycomed, Ger.†; Nycomed, Hong Kong; Nycomed, Hung.†; Nycomed, Rus.; Nycomed, Thai.†.*
Equine collagen (p.2286·1); human fibrinogen (p.1070·1); bovine thrombin (p.1080·1); bovine aprotinin (p.1055·1).
Exudation; haemorrhage.

Tacholiquin *Sigmapharm, Austria; Bene, Ger.*
Tyloxapol (p.1921·3).
Respiratory-tract disorders associated with increased or viscous mucus.

TachoSil
Nycomed, Austria; Nycomed, Cz.; Nycomed, Denm.; Leiras, Fin.; Nycomed, Fr.; Nycomed, Ger.; Nycomed, Ital.; Nycomed, Neth.; Nycomed, Norw.; Nycomed, Port.; Nycomed, Spain; Nycomed, Swed.; Nycomed, Switz.; Nycomed Amersham, UK.
Fibrinogen (p.1070·1); thrombin (p.1080·1);
On contact with physiological fluids this forms a fibrin glue (p.1069·3).
Haemorrhage.

Tachotop N *Nycomed, Ger.†.*
Collagen (p.2286·1).
Haemorrhage.

Tachydaron *AWD, Ger.†.*
Amiodarone hydrochloride (p.1210·2).
Arrhythmias.

Tachynerg Campher Herzsalbe *Eberth, Ger.*
Benzyl nicotinate (p.28·1); camphor (p.2273·2).
Cardiac disorders.

Tachystin *Chauvin Ankerpharm, Cz.; Chauvin ankerpharm, Ger.; Chauvin Ankerpharm, Hung.; Chauvin, Rus.*
Dihydrotachysterol (p.1986·3).
Hypocalcaemia; hypoparathyroidism; osteomalacia; pseudohypoparathyroidism; tetany.

Tacicul *Denver, Arg.*
Losartan potassium (p.1326·1).
Hypertension.

Tacidine *Alphapharm, Austral.*
Nizatidine (p.1751·2).
Gastro-oesophageal reflux; peptic ulcer.

Tacigen *Krugher, Ital.*
Gentamicin sulfate (p.282·1).
Infected skin disorders.

Tacines *Denver, Arg.*
⊗ Ciprofloxacin (p.243·3); dexamethasone (p.1526·1).
Infected eye disorders.

Tacinol *Polipharm, Thai.*
⊗ Triamcinolone acetonide (p.1544·3).
Skin disorders.

Tacirel *Servier, Port.*
Trimetazidine hydrochloride (p.1419·2).
Angina pectoris.

Taclar *Polfa Tarchomin, Pol.*
Clarithromycin (p.248·2).
Bacterial infections; peptic ulcer.

Taclipaxol *Biochimico, Braz.†.*
Paclitaxel (p.759·1).
Malignant neoplasms.

Taclix *Cellofarm, Braz.†.*
Paclitaxel (p.759·1).
Ovarian cancer.

Taclonex *Warner Chilcott, USA.*
⊗ Calcipotriol (p.1591·3); betamethasone dipropionate (p.1518·3).
Psoriasis.

Taclorpil *Spefar, Venez.†.*
Trifluoperazine hydrochloride (p.1034·2).
Anxiety; psychoses; vomiting.

Tacna *LKM, Arg.*
Terbinafine (p.546·3).
Fungal infections.

Tacraf *Panalab, Arg.*
Tacrolimus (p.1843·1).
Atopic eczema.

Tacrinal *Biosintetica, Braz.†.*
Tacrine hydrochloride (p.370·2).
Alzheimer's disease.

Tacroinmun *LKM, Arg.*
Tacrolimus (p.1843·1).

Tacron
Note. This name is used for preparations of different composition.
Korea United, Singapore†.
Ticlopidine hydrochloride (p.1411·2).
Atherosclerosis; peripheral vascular disease.

Farmasierra, Spain.
Naproxen (p.92·3).
Fever; gout; musculoskeletal and joint disorders; pain.

Tacro-Tic *Cinetic, Arg.*
Tacrolimus (p.1843·1).
Atopic eczema.

Tacroz *Glenmark, India†.*
Tacrolimus (p.1843·1).
Atopic eczema.

Tacryl *Abigo, Denm.†.*
Methdilazine (p.585·3).
Hay fever; rhinitis; urticaria.

tactu-mobil *Feldhoff, Ger.*
Camphor (p.2273·2); eucalyptus oil (p.2301·2); turpentine oil (p.2406·3).
Musculoskeletal and joint disorders.

tactu-nerval *Feldhoff, Ger.†.*
⊗ Bovine testicular extract (p.2129·3); bovine placental extract (p.2337·3).
Musculoskeletal disorders; nervous disorders.

TAD
Biomedica, Hong Kong.
Glutathione (p.1448·1).
Alcohol, drug, or organophosphorus poisoning; liver disorders; radiation injury.

Biomedica, Ital.
Glutathione sodium (p.1448·1).
Prophylaxis of neuropathy induced by cisplatin analogues.

Tadacip *Cipla, India.*
Tadalafil (p.2196·2).
Erectile dysfunction.

Tadalin *Munir, Turk.*
Sodium cyclamate (p.1936·3).
Sugar substitute.

Tadegan *Tarbis, Spain.*
⊗ Torasemide (p.1415·3).
Hypertension; oedema.

Tadenan *Roche, Austria; Fournier, Cz.; Fournier, Fr.; Fournier, Gr.; Fournier, Hung.†; Fournier, Ital.; Fournier, Philipp.; Fournier, Pol.; Fournier, Port.†; Fournier, Rus.; Fournier, Switz.; Fournier, Thai.*
Pygeum africanum (p.2192·3).
Benign prostatic hyperplasia; prostatic adenoma.

Tadenom *Aventis, Mex.*
Pygeum africanum (p.2192·3).
Benign prostatic hyperplasia.

Tadex *Orion, Fin.; Atafarm, Turk.*
⊗ Tamoxifen citrate (p.772·3).
Anovulatory infertility; breast cancer.

Tadim *Allertec, Gr.*
Colistimethate sodium (p.256·3).
Cystic fibrosis.

Tadinar-C *Arlex, Mex.*
Loratadine (p.583·3); ambroxol (p.1550·3).
Respiratory-tract disorders.

Tadol *Pharmacodane, Denm.*
Tramadol hydrochloride (p.130·3).
Pain.

Tadolak *Saba, Turk.*
Etodolac (p.52·2).
Osteoarthritis; rheumatoid arthritis.

Tafen *Lek, Cz.; Lek, Pol.; Lek, Rus.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis; nasal polyps; obstructive airways disease.

Tafenil *Asofarma, Mex.*
Flutamide (p.725·1).
Prostatic cancer.

Tafil *Pfizer, Denm.; Pharmacia, Ger.; Pfizer, Mex.; Pfizer, Venez.*
Alprazolam (p.960·1).
Alcohol withdrawal syndrome; anxiety; mixed anxiety depressive states; panic disorder.

Tafirol *Sidus, Arg.; Asofarma, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Tafirol AC *Asofarma, Mex.*
Paracetamol (p.108·1); diclofenac potassium (p.44·3).
Fever; inflammation; pain.

Tafirol Artro *Sidus, Arg.*
Paracetamol (p.108·1); diclofenac potassium (p.44·3).
Musculoskeletal and joint disorders.

Tafirol Flex *Asofarma, Mex.*
Paracetamol (p.108·1); chlorzoxazone (p.1894·3).
Muscle spasm; pain.

Tafloc *Pharmacare, S.Afr.*
Ofloxacin (p.310·2).
Bacterial infections.

Taflosin *Menarini, Cz.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Taflox *Fariberica, Port.†.*
Norfloxacin (p.309·2).
Bacterial infections.

Tafocex *Pliva, Ital.*
Cefotaxime sodium (p.228·1).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Tafoxam *Biopharm, Philipp.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Tafril *Polfa Tarchomin, Pol.*
Cefradine (p.233·1) or cefradine with L-arginine.
Bacterial infections.

Tafrom *Cipla, India.*
Cefpirome sulfate (p.231·3).
Bacterial infections.

Tagadine *Duopharma, Hong Kong†.*
Cimetidine (p.1716·2).
Gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Tagal *Probiomed, Mex.*
Ceftazidime (p.234·1).
Bacterial infections.

Tagaliv *Teuto, Braz.*
Cimetidine (p.1716·2).
Peptic ulcer.

Tagamet
Key, Arg.†; GSK, Austral.; Vianex (Βιανέξ), Gr.; GSK, Hong Kong; GSK, Indon.; GSK, Irl.; GSK, Israel; GSK, Malaysia; GSK, Mex.; GSK, Neth.; GSK, Norw.; GSK, Philipp.; Smith Kline & French, Port.; GSK, Singapore; GSK, Spain; SmithKline Beecham, Switz.†; GSK, Thai.†; Chemidex, UK; GSK, UK.
Cimetidine (p.1716·2).
Acid aspiration; dyspepsia; gastric hyperacidity; gastritis; gastro-oesophageal reflux; gastrointestinal haemorrhage; pancreatic insufficiency; peptic ulcer; scleroderma oesophagitis; short-bowel syndrome; Zollinger-Ellison syndrome.

GSK, Belg.; GSK, Canad.†; Axcan, Fr.; GSK, Ger.; GSK, Ital.; GSK, S.Afr.; GSK, Swed.; GSK, USA.
Cimetidine (p.1716·2) or cimetidine hydrochloride (p.1716·3).
Acid aspiration; adjunct in cystic fibrosis; anaphylactic shock; gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

GSK, Braz.
Cimetidine hydrochloride (p.1716·3).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

TAGG *Eagle, Austral.†.*
Benzalkonium chloride (p.1629·1); lauromacrogol 400 (p.1916·1).
Deodorant detergent for ostomies.

Tagonis *GSK, Ger.*
Paroxetine hydrochloride (p.414·2).
Anxiety; depression; obsessive-compulsive disorder; panic attacks; post-traumatic stress disorder; social phobia.

Tagren *KRKA, Cz.*
Ticlopidine hydrochloride (p.1411·2).
Thromboembolic disorders.

Taguinol *Spyfarma, Spain.*
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Taharmayim *Medentech, Israel.*
Troclosene sodium (p.1665·3).
Water purification.

Taharsept *Medentech, Israel.*
Troclosene sodium (p.1665·3).
Instrument, surface, and equipment disinfection.

Tahartaf *Medentech, Israel.*
Troclosene sodium (p.1665·3).
Equipment disinfection.

Tahor *Pfizer, Fr.*
Atorvastatin calcium (p.1218·3).
Cardiovascular risk reduction; hypercholesterolaemia.

Tai Ginseng N *Poehlmann, Ger.*
Ginseng; crataegus; vitamins (p.1922·1).
Tonic.

Taido *Cetem, Fr.*
Glycerol (p.2314·2); honey (p.1948·2); collagen (p.2286·1).
Vaginal lubricant.

Taigalor *Nycomed, Ital.*
Lornoxicam (p.77·3).
Inflammation; pain.

Taingel *Cabassi, Ital.*
Royal jelly; pollen; ginseng; eleutherococcus (p.1922·1).
Nutritional supplement.

Tainol *Elmor, Venez.†.*
Paracetamol (p.108·1); caffeine (p.1116·3); dihydroergotamine mesilate (p.618·2).
Headache.

Tairal *Rottapharm, Spain.*
Famotidine (p.1730·1).
Gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Takadol *Expanscience, Fr.*
Tramadol hydrochloride (p.130·3).
Pain.

Takata *Madariaga, Spain.*
Senna (p.1769·2).
Formerly contained aloin, belladonna, and phenolphthalein.
Constipation.

Takecef *Sofar, Ital.*
Cefaclor (p.217·2).
Bacterial infections.

Takelin *Mersifarma, Indon.*
Citicoline (p.2283·3).
Cerebrovascular disorders; head injury.

Takepron *Takeda, Hong Kong; Takeda, Jpn.*
Lansoprazole (p.1739·2).
Dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Takesulin *Takeda, Jpn.*
Cefsulodin sodium (p.233·3).
Mepivacaine hydrochloride (p.1866·3) is included in the intramuscular injection to alleviate the pain of injection.
Pseudomonal infections.

Taketiam *Takeda, Fr.*
Cefotiam hexetil hydrochloride (p.230·1).
Bacterial infections.

Takigrip *Farma Lepori, Spain†.*
Ibuprofen sodium (p.65·2).
Fever; gout; musculoskeletal, joint, and peri-articular disorders; pain.

Takil *Marjan, Braz.*
Tinidazole (p.848·3); tioconazole (p.548·2).
Vaginal infections.

Takiprina *Lepori, Port.*
Paracetamol (p.108·1).
Fever; pain.

Takomen *Inquifave, Venez.†.*
⊗ Bumetanide (p.1237·1).
Diuretic.

Taks *Codal Synto, Malaysia†; Codal Synto, Thai.*
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal and joint disorders.

Takus *Pharmacia, Ger.*
Ceruletide tris(diethylamine) (p.2279·2).
Diagnostic agent; paralytic ileus; postoperative atony.

Talacen *Sanofi Winthrop, USA.*
⊗ Pentazocine hydrochloride (p.112·2); paracetamol (p.108·1).
Pain.

Talam *Arrow, Austral.*
Citalopram hydrobromide (p.385·3).
Depression.

Talasa NF *Andromaco, Arg.*
Butamirate citrate (p.1553·1).
Coughs.

Talavir *Sigma-Tau, Ital.*
Valaciclovir hydrochloride (p.911·1).
Herpes zoster infections.

Talcef *Ipca, India†; Ipca, Rus.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Talcid *Bayer, Austria; Bayer, Cz.; Bayer, Ger.; Bayer, Gr.; Bayer, Hung.; Bayer, Israel†; Bayer, Mex.; Bayer, Neth.; Bayer, Pol.; Bayer, Rus.; Bayer, Spain; Bayer, Turk.*
Hydrotalcite (p.1733·3).
Antacid; dyspepsia; gastric hyperacidity; gastritis; gastro-oesophageal reflux; heartburn; peptic ulcer.

Talcilina *Ronnet, Arg.*
Azithromycin (p.207·1).
Bacterial infections.

Talco Alivio *Simoes, Braz.†.*
Purified talc (p.1615·2); starch (p.1968·1); zinc oxide (p.1621·2); salol (p.122·1); boric acid (p.2268·1); sulfur (p.1614·1); menthol (p.2340·1); camphor (p.2273·2); salicylic acid (p.1612·2).
Pruritus.

Talema *Biotech, Venez.*
Diazepam (p.986·3).
Aggression; anxiety; delirium tremens; epilepsy; mania.

Talerc *Boehringer Ingelheim, Braz.*
Epinastine hydrochloride (p.579·3).
Hypersensitivity reactions.

Taleum *EGIS, Hung.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis; allergic rhinitis; asthma.

Talflex *Bago, Chile.*
Ketoprofen (p.73·1).
Gout; inflammation; musculoskeletal, joint peri-articular, and soft-tissue disorders; pain.

Talgan *Anpharm (Ανφαρμ), Gr.*
⊗ Budesonide (p.1520·1).
Allergic rhinitis; skin disorders.

Talgesil *Duopharma, Malaysia.*
⊗ Fentanyl (p.55·3).
Analgesia during anaesthesia; general anaesthesia; premedication.

Talgo *Ern, Spain.*
Paracetamol (p.108·1).
Fever; pain.

Talicix *Alter, Spain.*
Clarithromycin (p.248·2).
Bacterial infections.

Talidat *Merck, Austria; Bolder, Cz.; Cheplapharm, Ger.; Merck, Neth.; Merck, Port.†.*
Hydrotalcite (p.1733·3).
Dyspepsia; gastric hyperacidity; heartburn.

Talion
Note. This name is used for preparations of different composition.
Tanabe, Jpn.
Bepotastine besilate (p.569·1).
Allergic rhinitis; pruritus; urticaria.

Herbapol Krakow, Pol.
Taraxacum (p.2395·1).
Digestive disorders; liver and biliary-tract disorders.

Talirax *Demo, Gr.†.*
⊗ Fluorometholone (p.1532·3).
Inflammatory eye disorders.

Taliviform *Pharmacos, Mex.†.*
Clioquinol (p.254·1); papaverine (p.2191·3).
Diarrhoea.

Talizer *Serral, Mex.*
Thalidomide (p.2397·1).
Adjunct in HIV infection; leprosy.

Talliton *Egis, Cz.; EGIS, Hung.; Egis, Rus.*
⊗ Carvedilol (p.1241·3).
Angina pectoris; heart failure; hypertension.

Talnur *Sandoz, Arg.*
⊗ Fentanyl (p.55·3).
Pain.

Talofen *Fournier, Ital.*
Promazine hydrochloride (p.1021·2).
Anxiety; intractable hiccup; pain; psychoses; vomiting.

Talofilina *Novartis, Braz.*
Theophylline (p.1140·1).
Obstructive airways disease.

Talohexal *Hexal, Austral.*
Citalopram hydrobromide (p.385·3).
Depression.

Taloken *Kendrick, Mex.*
Ceftazidime (p.234·1).
Bacterial infections.

Talol *Saval, Chile.*
Allopurinol (p.552·2).
Gout; hyperuricaemia; renal calculi.

Talomil *Adcock Ingram, S.Afr.†.*
Citalopram hydrobromide (p.385·3).
Depression; panic disorder.

Talopram *Alvia (Αλβια), Gr.*
Citalopram (p.385·3).
Depression.

Talopron *Biomedica-Chemica, Gr.*
Citalopram (p.385·3).
Depression.

Talotren *Novartis, Turk.*
Theophylline (p.1140·1).
Obstructive airways disease.

Talowin
Note. This name is used for preparations of different composition.
Costec, Arg.
Cream: Aloe vera (p.1588·2); dexpanthenol (p.2362·1).
Emollient.

Costec, Arg.
Shampoo: Chloroxylenol (p.1640·2).
Dandruff; seborrhoea.

Taloxa *Aesca, Austria; Schering-Plough, Belg.; Schering-Plough, Cz.†; Schering-Plough, Fr.; Essex, Ger.; Schering-Plough, Hung.; Schering-Plough, Ital.; Schering-Plough, Neth.; Schering-Plough, Norw.; Schering-Plough, Port.; Schering-Plough, Swed.; Essex, Switz.*
Felbamate (p.481·1).
Epilepsy; Lennox-Gastaut syndrome.

Talozin *Adeka, Turk.*
⊗ Sotalol hydrochloride (p.1398·2).
Arrhythmias.

Talpramin *Psicofarma, Mex.*
Imipramine hydrochloride (p.400·3).
Anxiety; depression; hyperhidrosis of the hands; myoclonus; nocturnal enuresis; pain; parasomnias; urinary incontinence.

Talquistina *Lesvi, Spain.*
Calamine (p.1591·2).
Insect bites; pruritus.

Talseclin *BMS, Chile†.*
Tetracycline (p.347·1); amphotericin b (p.523·2).
Fungal vulvovaginal infections; trichomoniasis.

Talso *Sanofi Synthelabo, Ger.; Winthrop, Ger.*
Saw palmetto (p.2192·3).
Benign prostatic hyperplasia.

Talsutin *BMS, Braz.; BMS, Hong Kong; BMS, Indon.; BMS, Malaysia†; BMS, Venez.†.*
Tetracycline hydrochloride (p.347·2); amphotericin B (p.523·2).
Bacterial and fungal vaginal infections.

Taludon *Sigma, Braz.†.*
Phenytoin (p.495·2); glutamic acid (p.1947·1).
Epilepsy.

Taluron *Geolab, Braz.†.*
⊗ Chlortalidone (p.1243·3).
Hypertension; oedema.

Talusin *Abbott, Ger.; Abbott, Pol.*
Proscillaridin (p.1382·1).
Heart failure.

Taluvian *Abbott, Gr.†; Abbott, Ital.†; Armstrong, Mex.; Esteve, Spain†.*
Apomorphine hydrochloride (p.795·1).
Erectile dysfunction.

Talval *Lipha, Switz.*
Idrocilamide (p.1897·2).
Musculoskeletal and joint disorders.

Talvosilen *Sigmapharm, Austria; Bene, Cz.; Bene, Ger.; Bene, Hung.; Bene, Pol.; Milupa, Switz.†.*
Codeine phosphate (p.37·2); paracetamol (p.108·1).
Pain.

Talwin
Hospira, Canad.; Sanofi Synthelabo, Canad.
⊗ Pentazocine hydrochloride (p.112·2) or pentazocine lactate (p.112·3).
Adjunct to general anaesthesia; pain; premedication.

Abbott, Israel†; Hospira, Ital.; Sanofi Winthrop, USA.
⊗ Pentazocine lactate (p.112·3).
Pain; premedication.

Talwin Compound *Sanofi Winthrop, USA†.*
⊗ Pentazocine hydrochloride (p.112·2); aspirin (p.20·3).
Pain.

Talwin NX *Sanofi Winthrop, Israel†; Sanofi Winthrop, USA.*
⊗ Pentazocine hydrochloride (p.112·2).
Naloxone hydrochloride (p.1453·2) is included in this preparation to discourage abuse.
Pain.

Talzic *Elmor, Venez.*
Cetirizine hydrochloride (p.570·3).
Hypersensitivity reactions.

Tam *Alacan, Spain.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Tamagon *Medochemie, Hong Kong; Medochemie, Malaysia†.*
Terfenadine (p.590·3).
Allergic rhinitis; allergic skin disorders; hypersensitivity reactions.

Tamalis *Uriach, Cz.*
Rupatadine fumarate (p.590·2).
Allergic rhinitis; urticaria.

Tamaril *Marjan, Braz.*
Senna (p.1769·2); tamarind (p.1775·3); cassia pulp (p.1715·3); liquorice (p.1740·3); coriander (p.2288·1).
Constipation.

Tamarine
Note. This name is used for preparations of different composition.
GSK, Arg.†.
Tamarind (p.1775·3); anthraquinone glycosides.
Constipation.

GSK, Chile.
Senna (p.1769·2); tamarind (p.1775·3); prune (p.1765·1); apple.
Constipation.

GSK Sante, Fr.
Tamarind (p.1775·3); senna (p.1769·2).
Constipation.

Wyeth Consumer, Ital.
Tamarind (p.1775·3); cassia (p.1715·3); senna (p.1769·2); coriander (p.2288·1); liquorice (p.1740·3).
Constipation.

Barrenne, Braz.
Capsules: Tamarind (p.1775·3); cassia (p.1715·3); senna (p.1769·2); coriander (p.2288·1).
Constipation.

Barrenne, Braz.
Oral gel: Tamarind (p.1775·3); cassia pulp (p.1715·3); senna (p.1769·2); coriander (p.2288·1); liquorice (p.1740·3).
Constipation.

Tamarix *Hebron, Braz.†.*
Tamarind (p.1775·3); cassia pulp (p.1715·3); senna (p.1769·2); coriander (p.2288·1); liquorice (p.1740·3).
Constipation.

Tamax *Fresenius Kabi, Austria.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer; endometrial cancer.

Tambac *Cadila, India.*
Cefpodoxime proxetil (p.232·1).
Bacterial infections.

Tambocor *Sidus, Arg.†; 3M, Austral.; 3M, Belg.; 3M, Canad.; 3M, Chile; 3M, Cz.; 3M, Denm.; 3M, Fin.; 3M, Ger.; IFET (ΙΦΕΤ), Gr.; 3M, Hong Kong; 3M, Irl.; 3M, Israel; 3M, Malaysia; 3M, Mex.; 3M, NZ; 3M, Neth.; 3M, Norw.; 3M, Philipp.; 3M, S.Afr.; 3M, Singapore; 3M, Swed.; 3M, Switz.; 3M, Thai.; 3M, UK; Graceway, USA.*
Flecainide acetate (p.1288·1).
Arrhythmias.

Tambutec *Tecnofarma, Mex.*
Ethambutol (p.275·2).
Tuberculosis.

Tamcocin *Pyridam, Indon.*
Lincomycin hydrochloride (p.293·2).
Bacterial infections.

Tamec *Ecosol, Switz.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamex *Serral, Mex.*
⊗ Loratadine (p.583·3); betamethasone (p.1518·2).
Hypersensitivity reactions.

Tamexin *Ratiopharm, Fin.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamictor *Avansor, Fin.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamifen *Medochemie, Cz.†; Medochemie, Hong Kong†; Medochemie, Rus.*
⊗ Tamoxifen citrate (p.772·3).
Anovulatory infertility; breast cancer; endometrial cancer; mastalgia.

Tamiflu *Roche, Arg.; Roche, Austral.; Roche, Austria; Roche, Belg.; Roche, Braz.; Roche, Canad.; Roche, Chile; Roche, Cz.; Roche, Denm.; Roche, Fin.; Roche, Fr.; Roche, Ger.; Roche, Gr.; Roche, Hong Kong; Roche, Hung.; Roche, Irl.; Roche, Israel; Roche, Ital.; Chugai, Jpn; Roche, Malaysia; Roche, NZ; Roche, Neth.; Roche, Norw.; Roche, Philipp.; Roche, Pol.; Roche, Port.; Roche, S.Afr.; Roche, Singapore; Roche, Swed.; Roche, Switz.; Roche, Thai.; Roche, Turk.; Roche, UK; Roche, USA.*
Oseltamivir phosphate (p.900·2).
Influenza.

Tamigen *Solfran, Mex.*
Gentamicin (p.284·2).
Bacterial infections.

Tamik *IPRAD, Fr.; Marcofina, Hong Kong†.*
Dihydroergotamine mesilate (p.618·2).
Migraine; orthostatic hypotension; venous insufficiency.

Tamilan *Gador, Arg.†.*
⊗ Magnesium pemoline (p.2161·3).
Fatigue; mental function impairment.

Tamin *MSD, Spain.*
Famotidine (p.1730·1).
Gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Taminol *Medicus, Gr.*
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency.

Tamipro *Jelfa, Cz.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamiram *Eurofarma, Braz.*
Levofloxacin (p.292·2).
Bacterial infections.

Tamisa *Eurofarma, Braz.*
Ethinylestradiol (p.2101·3); gestodene (p.2105·2).
Combined oral contraceptive.

Tamixan *Andromaco, Venez.†.*
Mebendazole (p.148·3).
Worm infections.

Tamixol *Indeco, Arg.*
Pentoxifylline (p.1367·2).

Tamizam *Zambon, Belg.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer; endometrial cancer.

Tamoa *Biotech, Venez.*
Pyrantel embonate (p.155·1).
Worm infections.

Tamodex *Biochem, India†.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Tamofen *Hexal, Arg.†; Schering, Austria†; Aventis, Canad.; Aventis, Denm.†; Leiras, Fin.; Kalbe, Indon.; Pharmacia, Irl.†; Rhodia, Israel; Douglas, NZ; Schering, Singapore; Douglas, Thai.†; TTN, Thai.†; Er-Kim, Turk.*
⊗ Tamoxifen citrate (p.772·3).
Anovulatory infertility; breast cancer; endometrial cancer.

Tamofene *Aventis, Fr.†.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamokadin *Kade, Ger.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamol *Ilsan, Turk.*
Paracetamol (p.108·1).
Fever; pain.

Tamolan *Olan-Kemed, Thai.*
Tramadol hydrochloride (p.130·3).
Pain.

Tamolem *Laboratorios Chile, Chile†.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer; endometrial cancer.

Tamooex *BPL-Meizler, Braz.†.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamopham *Phamos, Ger.†.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamophar *Julphar, UAE.*
⊗ Tamoxifen citrate (p.772·3).
Anovulatory infertility; breast cancer.

Tamoplex *Nycomed, Austria; Teva, Belg.; Asta Oncologia, Braz.†; Teva, Cz.; Detsaves (Ντετσαβες), Gr.; Pharmachemie, Indon.; Pharmachemie, Malaysia; Pharmachemie, Philipp.; Pharmachemie, S.Afr.; Pharmachemie, Thai.; Teva, Thai.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer; endometrial cancer.

Tamosin *Sigma, Austral.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamox *Cristalia, Braz.†; 1A, Ger.; ABZ, Ger.; Gry, Ger.; Teva, Ger.; Rowex, Irl.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamoxan *Kener, Mex.†; Tecnimede, Port.*
⊗ Tamoxifen citrate (p.772·3).

Tamoxasta *Baxter Oncology, Ger.†.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamoxen *Douglas, Austral.; CTI, Israel.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamoxene *Lisapharma, Ital.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamoxi *Generics, Israel.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamoximerck *Merck dura, Ger.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamoxin *Eurofarma, Braz.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamoxis *Bioprofarma, Arg.*
⊗ Tamoxifen (p.775·1).
Breast cancer.

Tamoxistad *Stada, Ger.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tamoxsta *Baxter, Philipp.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer; endometrial cancer.

Tamper *Gap, Gr.*
Cimetidine (p.1716·2).
Conditions where gastric acid reduction is beneficial; gastric hypersecretion including Zollinger-Ellison syndrome; peptic ulcer.

Tampo *TNP, Thai.†.*
Co-trimoxazole (p.258·1).
Bacterial infections.

Tamposit N *Scheffler, Ger.†.*
Lauromacrogol 400 (p.1916·1) zinc oxide (p.1621·2); bismuth subnitrate (p.1711·2).
Anorectal disorders.

Tampositorien H *Scheffler, Ger.†.*
Hamamelis (p.2318·2).
Anorectal disorders.

Tampositorien mit Belladonna *Provita, Austria.*
Belladonna (p.2263·3); guaiazulene (p.2317·3); hamamelis (p.2318·2).
Anorectal disorders.

Tamsec *Walmark, Cz.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamsil *Arrow, Austral.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Tamsol *Gedeon Richter, Hung.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamsu *Rowex, Irl.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamsudil *Actavis, Hung.; Actavis, Pol.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamsugen *Generics, Hung.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

TamsuLek *Lek, Pol.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamsulon *Zodiac, Braz.; Nolver, Venez.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamsumin *Ratiopharm, Fin.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamsuna *Sandoz, Arg.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamurox *Ranbaxy, Cz.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tamyl *Ci & Di, Ital.†.*
Cefatrizine propylene glycol (p.221·3).
Bacterial infections.

Tanac
Note.This name is used for preparations of different composition.
Del, USA.
Lipstick: Benzocaine (p.1854·1); benzalkonium chloride (p.1629·1); tannic acid (p.2394·3).
Sore lips.

Del, Canad.†; Del, USA.
Topical gel: Allantoin (p.1588·1); dyclonine hydrochloride (p.1861·1).
Herpes labialis.

Del, Canad.
Topical liquid: Benzocaine (p.1854·1); benzalkonium chloride (p.1629·1); tannic acid (p.2394·3).

Del, USA.
Topical liquid: Benzocaine (p.1854·1); benzalkonium chloride (p.1629·1).
Mouth ulcers; sore gums.

Tanac Dual Core *Del, USA.*
Benzocaine (p.1854·1); tannic acid (p.2394·3); allantoin (p.1588·1); benzalkonium chloride (p.1629·1); padimate O (p.1609·1).
Oral lesions.

Tanacain *Ipsen, Gr.*
Ginkgo biloba (p.2311·1).
Vascular disorders.

Tanacet *Herbal Laboratories, Canad.; Herbal Laboratories, UK.*
Feverfew (p.622·2).
Migraine.

Tanaceto *Herbarium, Braz.*
Feverfew (p.622·2).
Migraine.

Tanadopa *Tanabe, Jpn†.*
Docarpamine (p.1272·3).
Heart failure.

Tanafed DMX *First Horizon, USA.*
Dextromethorphan tannate (p.1556·1); dexchlorpheniramine tannate (p.572·2); pseudoephedrine tannate (p.1572·1).
Upper respiratory-tract disorders.

Tanafed DP *First Horizon, USA.*
Pseudoephedrine tannate (p.1572·1); dexchlorpheniramine tannate (p.572·2).
Upper respiratory-tract disorders.

Tanagel *Durban, Spain.*
Belladonna (p.2263·3); gelatin tannate (p.2394·3); opium (p.105·1).
Colitis; diarrhoea; gastroenteritis.

Tanagel Papeles *Durban, Spain.*
Gelatin tannate (p.2394·3).
Diarrhoea.

TanaHist PD *Larken, USA.*
Chlorphenamine tannate (p.572·2).

Tanakan *Phoenix, Arg.; Ipsen, Belg.; Abbott, Braz.; Ipsen, Cz.; Beaufour, Fr.; Beaufour-Ipsen, Hong Kong; Beaufour-Ipsen, Hung.; Beaufour-Ipsen, Malaysia; Farmasa, Mex.†; Beaufour Ipsen, Pol.; Beaufour-Ipsen, Rus.; Beaufour-Ipsen, Singapore; Ipsen, Thai.; Mecom, Turk.; Leti, Venez.*
Ginkgo biloba (p.2311·1).
Cerebral and peripheral vascular disorders; cerebral ischaemia; deafness; dizziness; mental function impairment; tinnitus; vascular ear and eye disorders; venous insufficiency; vertigo; vestibular disorders.

Tanakene *Ipsen, Spain; Intersan, Switz.*
Ginkgo biloba (p.2311·1).
Cerebral and peripheral vascular disorders; mental function disorders.

Tanalone *Labima, Belg.*
Albumin tannate (p.1704·2); pectin (p.2145·2).
Diarrhoea.

Tanamof *Amhof, Arg.*
Latanoprost (p.1882·1).
Ocular hypertension.

Tanap *Ingers, Cz.*
Trandolapril (p.1416·2).
Heart failure; hypertension; left-ventricular dysfunction following myocardial infarction.

Tanapress *Tanabe, Indon.*
Imidapril hydrochloride (p.1313·3).
Hypertension.

Tanasid *Pfizer Consumer, Spain†.*
Aluminium hydroxide (p.1706·2); sodium carbonate (p.2389·1).
Gastrointestinal hyperacidity.

Tanatril *Craveri, Arg.; Gerot, Austria; Solvay, Cz.; Algol, Fin.; Beaufour, Fr.; Kwizda, Ger.; Gerolimatos (Γερολυματος), Gr.; Tanabe, Hong Kong; Elder, India; Tanabe, Jpn; Tanabe, Malaysia; Jelfa, Pol.; Delta, Port.†; Tanabe, Singapore; Tanabe, Thai.; Trinity, UK.*
Imidapril hydrochloride (p.1313·3).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Tanavat *Microsules, Arg.*
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Tancilina *Raymos, Arg.†.*
Tetracycline (p.347·1).
Bacterial infections.

Tandax *Sandoz, Mex.*
Naproxen sodium (p.92·3).
Inflammation; pain.

Tandem *US Pharmaceutical, USA.*
Ferrous fumarate (p.1938·3); polysaccharide-iron complex (p.1960·2).
Iron deficiency.

Tandem DHA *US Pharmaceutical, USA.*
Vitamins; iron; docosahexaenoic acid; eicosapentaenoic acid (p.1922·1).

Tandem F *US Pharmaceutical, USA.*
Iron (p.1949·1); folic acid (p.1940·1).

Tandem OB *US Pharmaceutical, USA.*
Vitamins; minerals (p.1922·1).

Tandem Plus *US Pharmaceutical, USA.*
Vitamins; minerals (p.1922·1).

Tandemact *Takeda, Cz.; Takeda, Fr.; Takeda, Port.*
Glimepiride (p.441·1); pioglitazone hydrochloride (p.456·1).
Diabetes mellitus.

Tandene *Bunker, Braz.*
Carisoprodol (p.1894·1); diclofenac sodium (p.44·3); paracetamol (p.108·1); caffeine (p.1116·3).
Smooth muscle spasm.

Tanderalgin *Delta, Braz.*
Carisoprodol (p.1894·1); caffeine (p.1116·3); diclofenac sodium (p.44·3); paracetamol (p.108·1).

Tanderon *Pharmaland, Thai.*
Tolperisone hydrochloride (p.1899·3).
Skeletal muscle spasm.

Tandial *Solfran, Mex.†.*
Diazepam (p.986·3).

Tandiur *Raymos, Arg.*
⊗ Hydrochlorothiazide (p.1307·3).

Tandix *Azevedos, Port.*
⊗ Indapamide (p.1314·1).
Hypertension.

Tandpyndruppels *Lennon, S.Afr.*
Camphor oil (p.2273·3); opium (p.105·1); capsicum (p.2276·2); chloroform spirit; chloroform (p.1781·1); camphor (p.2273·2); catechu (p.2278·2).
Toothache.

Tandrexin *Sintofarma, Braz.†.*
Ampicillin (p.204·1).
Bacterial infections.

Tandriflan *Uniao Quimica, Braz.*
Paracetamol (p.108·1); carisoprodol (p.1894·1); diclofenac sodium (p.44·3); caffeine (p.1116·3).

Tandrilax *Ache, Braz.*
Paracetamol (p.108·1); carisoprodol (p.1894·1); diclofenac sodium (p.44·3); caffeine (p.1116·3).
Skeletal muscle spasm.

TanDur DM *Proethic, USA.*
Dextromethorphan tannate (p.1556·1); dexchlorpheniramine tannate (p.572·2); pseudoephedrine tannate (p.1572·1).
Upper respiratory-tract disorders.

Tanezox *Microsules, Arg.*
Azithromycin (p.207·1).
Bacterial infections.

Tanfedin *Roemmers Rowe, Venez.*
Carbamazepine (p.471·3).
Epilepsy; trigeminal neuralgia.

Tanflex *Combiphar, Indon.; Abdi, Turk.*
Benzydamine hydrochloride (p.27·3).
Mouth and throat disorders.

Tanganil *Pierre Fabre, Fr.*
Acetylleucine (p.2245·1).
Vertigo.

Tangenol *Bucca, Spain†.*
Eugenol (p.2301·2); procaine hydrochloride (p.1869·1); tannic acid (p.2394·3).
Dental disorders.

Tangyn *Choongwae, Philipp.; Unimex, Philipp.*
Gentamicin sulfate (p.282·1).
Bacterial infections.

Tanidina *Robert, Spain.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Tanilas *Ipsen, Gr.*
Macrogol (p.2336·1).
Constipation.

Taninal *Herbapol Wroclaw, Pol.*
Albumin tannate (p.1704·2).
Diarrhoea; dyspepsia; food poisoning.

Tanizona *Offenbach, Mex.*
Naproxen (p.92·3).
Inflammation.

Tanko-Buskas *Fako, Turk.*
Hyoscine butylbromide (p.1734·1); medazepam (p.1006·1).

Tannacomp *Nordmark, Cz.†; Rentschler, Ger.*
Albumin tannate (p.1704·2); ethacridine lactate (p.1625·1).
Diarrhoea.

Tannalbin *Medicopharm, Austria; Rentschler, Ger.; Oramon, Neth.†.*
Albumin tannate (p.1704·2).
Diarrhoea.

Tannic-12 *Cypress, USA.*
Pentoxyverine tannate (p.1567·3); chlorphenamine tannate (p.572·2).
Coughs.

Tannidin Plus *GD, Ital.*
Betacarotene (p.1930·3); selenium (p.1961·1); vitamin E (p.1992·2).
Antoxidant.

Tannisol *GD, Ital.*
Betacarotene (p.1930·3).
Sunscreen.

Tanno-Hermal
Note.This name is used for preparations of different composition.
Boots Healthcare, Ital.
Barrier preparation.

Boots Healthcare, Switz.
Talc (p.1615·2); zinc oxide (p.1621·2); tannic acid (p.2394·3).
Skin disorders.

Tannolact *Galderma, Ger.*
Condensation product of urea-sodium cresolsulfonic acid.
Hyperhidrosis; skin disorders.

Tannolil *Li-il, Ger.†.*
Tannic acid (p.2394·3); aluminium sulfate (p.2255·1).
Haemorrhoids; hyperhidrosis; skin irritation.

Tannopon *Orion, Fin.*
Opium (p.105·1); belladonna (p.2263·3); bismuth salicylate (p.1711·1); albumin tannate (p.1704·2).
Diarrhoea.

Tannosynt
Note.This name is used for preparations of different composition.
Hermal, Austria; Boots Healthcare, Switz.
2,6-Bis-N’ (2-hydroxy-3-sulfo (5-methyl-)benzyl)-ureidomethyl-phenol(ev. p-cresol) disodium.
Burns; skin disorders.

Hermal, Ger.
Tannic acid (p.2394·3).
Burns; hyperhidrosis; skin disorders.

Tanol *Akdeniz, Turk.*
Calamine (p.1591·2); zinc oxide (p.1621·2); diphenhydramine hydrochloride (p.577·2); menthol (p.2340·1).
Pruritus.

Tanoral *Parmed, USA.*
Phenylephrine tannate (p.1568·3); chlorphenamine tannate (p.572·2); mepyramine tannate (p.585·2).
Upper respiratory-tract symptoms.

Tanrix *GSK, Ital.†.*
An adsorbed tetanus vaccine (p.2240·1).
Active immunisation.

Tanser *VP, Spain.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Tansiloprost *Finadiet, Arg.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

Tansinel *ACME, Philipp.*
Omeprazole (p.1753·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Tanston *Pfizer, Chile.*
Mefenamic acid (p.80·1).
Inflammation; pain.

Tantafed *Tanta, Canad.*
Pseudoephedrine hydrochloride (p.1571·2).

Tantaphen *Tanta, Canad.*
Paracetamol (p.108·1).
Fever; pain.

Tantum
Note.This name is used for preparations of different composition.
CSC, Austria; 3M, Canad.; Medicom, Cz.; Faran, Gr.; Angelini, Indon.; Soho, Indon.; Angelini, Ital.; Chefaro, Neth.; Angelini, Pol.; Lepori, Port.; Santa, Turk.; Elmor, Venez.
Benzydamine hydrochloride (p.27·3).
Gynaecological disorders; inflammation; mouth and throat disorders; musculoskeletal pain and inflammation; oedema; peri-articular and soft-tissue disorders; peripheral venous insufficiency; phlebitis; thrombophlebitis; vaginitis; venous insufficiency.

Farma Lepori, Spain.
Cream; gel; ointment: Benzydamine hydrochloride (p.27·3).
Peri-articular and soft-tissue disorders.

Farma Lepori, Spain.
Throat spray: Benzydamine hydrochloride (p.27·3); hexamidine di-isetionate (p.1646·3).
Mouth and throat disorders.

Tantum Activ Gola *Angelini, Ital.*
Flurbiprofen (p.61·2).
Mouth and throat disorders.

Tantum Rosa *CSC, Ger.; CSC, Hung.; Lepori, Port.*
Benzydamine hydrochloride (p.27·3).
Vulvovaginal infections.

Tantum Rose *Angelini, Rus.*
Benzydamine hydrochloride (p.27·3).
Vulvovaginal disorders.

Tantum Verde
Note. This name is used for preparations of different composition.
CSC, Ger.; CSC, Hung.; Angelini, Rus.; Farma Lepori, Spain; Elmor, Venez.
Benzydamine hydrochloride (p.27·3).
Mouth and throat inflammation.

Lepori, Port.
Mouthwash: Benzydamine hydrochloride (p.27·3).
Mouth and throat inflammation.

Lepori, Port.
Pastilles: Benzydamine hydrochloride (p.27·3); benzocaine (p.1854·1).
Mouth and throat pain and inflammation.

Lepori, Port.
Pastilles (sugar-free): Benzydamine hydrochloride (p.27·3).
Mouth and throat pain and inflammation.

Tantumar *CSC, Austria.*
Benzydamine hydrochloride (p.27·3).
Mouth and throat disorders; soft-tissue injury.

Tanvimil *Raymos, Arg.*
A range of vitamin preparations with or without minerals (p.1922·1).

Tanvimil Ginseng *Raymos, Arg.*
Vitamins; minerals; ginseng (p.1922·1).

Tanvimil Isoflavonas
Note. This name is used for preparations of different composition.
Raymos, Arg.
Cream: Soya isoflavones (p.2391·2).
Moisturiser.

Raymos, Arg.
Tablets: Soya isoflavones; alpha tocopherol; lecithin (p.1922·1).
Dietary supplement.

Tanvimil Isoflavonas Caclcio D3 *Raymos, Arg.*
Soya isoflavones; calcium citrate; colecalciferol (p.1922·1).
Dietary supplement.

Tanyl *Taro, Israel; Intramed, S.Afr.*
⊗ Fentanyl citrate (p.55·3).
Adjunct to general anaesthesia; pain; premedication.

Tanyz *KRKA, Cz.; KRKA, Hung.; KRKA, Pol.*
Tamsulosin hydrochloride (p.2197·1).
Benign prostatic hyperplasia.

TAO *Pfizer, USA†.*
Troleandomycin (p.357·1).
Bacterial infections.

Tapal-2 *GSK, Chile†.*
⊗ Aspirin (p.20·3); caffeine (p.1116·3); cinnamedrine hydrochloride (p.2283·1).
Menstrual disorders.

Tapanol *Republic, USA†.*
Paracetamol (p.108·1).
Fever; pain.

Tapazol *Lilly, Braz.; Lilly, Mex.; Lilly, Venez.*
Thiamazole (p.2176·3).
Hyperthyroidism.

Tapazole *Paladin, Canad.; Teofarma, Ital.; Pharmalink, Philipp.; Dista, Switz.†; Lilly, Thai.; Lilly, USA.*
Thiamazole (p.2176·3).
Hyperthyroidism.

Taponoto *Teofarma, Spain.*
Potassium carbonate.
Removal of ear wax.

Taporin *Probiomed, Mex.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Taprocil *Plus, Gr.*
Citalopram (p.385·3).
Depression.

Taprodex *Provit, Mex.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Tapros *Takeda, Indon.*
⊗ Leuprorelin (p.2111·1).
Endometriosis; prostatic cancer.

Tapsin Analgesico *Maver, Chile.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Tapsin 2 Analgesico *Maver, Chile.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Tapsin Compuesto *Maver, Chile.*
Paracetamol (p.108·1); noscapine hydrochloride (p.1566·3); caffeine (p.1116·3); sodium ascorbate (p.1984·1).
Cold and influenza symptoms.

Tapsin Compuesto con Clorfenamina *Maver, Chile.*
Paracetamol (p.108·1); noscapine hydrochloride (p.1566·3); caffeine (p.1116·3); sodium ascorbate (p.1984·1); chlorphenamine maleate (p.571·3).
Cold and influenza symptoms.

Tapsin Compuesto Dia/Noche Plus *Maver, Chile.*
Day sachet, paracetamol (p.108·1); noscapine hydrochloride (p.1566·3); caffeine (p.1116·3); sodium ascorbate (p.1984·1); night sachet, paracetamol; noscapine hydrochloride; caffeine; sodium ascorbate; chlorphenamine maleate (p.571·3).
Cold and influenza symptoms.

Tapsin Compuesto DN *Maver, Chile.*
Day capsules, paracetamol (p.108·1); caffeine (p.1116·3); noscapine hydrochloride (p.1566·3); ascorbic acid (p.1983·3); night capsules, paracetamol; caffeine; noscapine hydrochloride; ascorbic acid; chlorphenamine maleate (p.571·3).
Cold symptoms.

Tapsin Infantil *Maver, Chile.*
Paracetamol (p.108·1).
Fever; pain.

Tapsin Limonada Dia *Maver, Chile†.*
Paracetamol (p.108·1); caffeine (p.1116·3); noscapine hydrochloride (p.1566·3); ascorbic acid (p.1983·3).
Influenza symptoms.

Tapsin Limonada D.N. *Maver, Chile†.*
Day sachets, paracetamol (p.108·1); caffeine (p.1116·3); noscapine hydrochloride (p.1566·3); ascorbic acid (p.1983·3); night sachets, paracetamol; caffeine; noscapine hydrochloride; ascorbic acid; chlorphenamine maleate (p.571·3).
Influenza symptoms.

Tapsin Limonada Noche *Maver, Chile†.*
Paracetamol (p.108·1); caffeine (p.1116·3); noscapine hydrochloride (p.1566·3); ascorbic acid (p.1983·3); chlorphenamine maleate (p.571·3).
Influenza symptoms.

Tapsin Nocturno *Maver, Chile.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3).

Tapsin Periodo Menstrual *Maver, Chile.*
⊗ Paracetamol (p.108·1); pamabrom (p.1365·3); mepyramine maleate (p.585·2).
Menstrual disorders.

Tapsin SC *Maver, Chile.*
Paracetamol (p.108·1).
Fever; pain.

Tapzol con Neomicina *Rayere, Mex.†.*
Kaolin (p.1738·1); pectin (p.2145·2); neomycin (p.305·1).
Diarrhoea.

Tar Isdin Champu *Isdin, Spain.*
Coal tar (p.1616·2).
Scalp disorders.

Tar Isdin Plus *Isdin, Spain†.*
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Scalp disorders.

Tara *Polipharm, Thai.*
Miconazole nitrate (p.541·3).
Fungal skin, hair, and nail infections.

Taradyl *Roche, Belg.*
Ketorolac trometamol (p.74·2).
Pain.

Taraleon *Zilly, Ger.†.*
Taraxacum (p.2395·1).
Biliary-tract disorders; diuretic; dyspepsia; loss of appetite.

Taranis LeucinAde *DHN, Fr.*
Food for special diets (p.1922·1).
Formerly known as LeucinAde.
Leucinosis.

Taranis Phenylade *DHN, Fr.*
Food for special diets (p.1922·1).
Formerly known as Phenylade (.
Phenylketonuria.

Taraphilic *Medco, USA.*
Coal tar (p.1616·2).
Skin disorders.

Tara-Plus *Polipharm, Thai.*
⊗ Miconazole nitrate (p.541·3); triamcinolone acetonide (p.1544·3).
Fungal skin and nail infections.

Tarassaco (Specie Composta) *Dynacren, Ital.†.*
Taraxacum (p.2395·1); silymarin (p.1452·2); zedoary; peppermint leaf (p.1761·2); caraway (p.2276·3).
Biliary disorders; herbal tea.

Taraten *Polipharm, Thai.*
Clotrimazole (p.530·1).
Fungal skin infections.

Taraxacum Compuesto *Hochstetter, Chile†.*
Homoeopathic preparation.

Taraxacum Med Complex *Dynamit, Austria.*
Homoeopathic preparation.

Taraxin *TO-Chemicals, Thai.*
Hydroxyzine hydrochloride (p.581·2).
Allergic skin disorders; pruritus; sedative.

Tarband *Seton Scholl, Austral.†.*
Coal tar (p.1616·2); zinc oxide (p.1621·2).
Leg ulcers; medicated bandage; skin disorders.

Tarcefandol *Polfa Tarchomin, Pol.*
Cefamandole (p.220·3).
Bacterial infections.

Tarcefoksym
Polfa Tarchomin, Pol.
Cefotaxime sodium (p.228·1).
Bacterial infections.

Tarchomin, Rus.
Cefotaxime (p.229·1).
Bacterial infections.

Tarceva
Roche, Arg.; Roche, Austral.; Roche, Belg.; Roche, Canad.; Roche, Chile; Roche, Cz.; Roche, Fin.; Roche, Ger.; Roche, Gr.; Roche, Hong Kong; Roche, Hung.; Roche, Irl.; Roche, Malaysia; Roche, Mex.; Roche, NZ; Roche, Neth.; Roche, Philipp.; Roche, Pol.; Roche, Port.; Roche, Rus.; Roche, Singapore; Roche, Swed.; Roche, Switz.; Roche, UK; Genentech, USA.
Erlotinib hydrochloride (p.717·1).
Non-small cell lung cancer; pancreatic cancer.

Roche, Fr.; Roche, Israel.
Erlotinib (p.717·2).
Non-small cell lung cancer.

Tarcevis *Polfa Tarchomin, Pol.†.*
Cefetamet pivoxil (p.224·3).
Bacterial infections.

Tardan *Odan, Canad.*
Salicylic acid (p.1612·2); coal tar (p.1616·2).
Scalp disorders.

Tarden *Mecom, Turk.*
Atorvastatin (p.1219·1).
Hypercholesterolaemia.

Tardigal *Lilly, Ger.†.*
Digitoxin (p.1259·1).
Heart failure.

Tardocillin *Infectopharm, Ger.*
Benzathine benzylpenicillin (p.212·1).
Tolycaine hydrochloride (p.1872·2) is included in this preparation to alleviate the pain of injection.
Long-term treatment of rheumatic fever.

Tardyferon *Germania, Austria; Pierre Fabre, Cz.; Pierre Fabre, Fr.; Pierre Fabre, Ger.; Pharmafabre (Φαρμαφαμπρ), Gr.; Gedeon Richter, Hung.; Pierre Fabre, Pol.; Pierre Fabre, Port.; Pierre Fabre, Rus.; Pierre Fabre, Spain; Robapharm, Switz.; Pierre Fabre, Turk.*
Ferrous sulfate (p.1939·3); with or without mucoproteose.
Ascorbic acid (p.1983·3) may be included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Tardyferon B_9 *Pierre Fabre, Fr.; Pierre Fabre, Singapore†.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1); with or without mucoproteose.
Ascorbic acid (p.1983·3) may be included in this preparation to increase the absorption and availability of iron.
Iron and folic acid deficiency.

Tardyferon-Fol *Germania, Austria; Pierre Fabre, Cz.; Pierre Fabre, Ger.; Gedeon Richter, Hung.; Pierre Fabre, Mex.; Pierre Fabre, Pol.; Pierre Fabre, Port.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1); with or without mucoproteose.
Ascorbic acid (p.1983·3) may be included in this preparation to increase the absorption and availability of iron.
Iron and folic acid deficiency; iron-deficiency anaemia.

Tardyl *Extractum, Hung.†.*
Amobarbital (p.961·3); glutethimide (p.1000·1); promethazine hydrochloride (p.588·2).
Anxiety disorders; sleep disorders.

Tareg *Biosintetica, Braz.†; Novartis, Chile; Novartis, Fr.; Novartis, Ital.; Jaba Recordati, Port.; Novartis, S.Afr.*
Valsartan (p.1420·2).
Heart failure; hypertension; myocardial infarction.

Tareg-D *Novartis, Chile.*
⊗ Valsartan (p.1420·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Taremis *Krolton, Arg.*
Metronidazole (p.837·1).

Tarfazolin *Polfa Tarchomin, Pol.*
Cefazolin sodium (p.222·1).
Bacterial infections.

Tarflex *Stiefel, Braz.*
Coal tar (p.1616·2).
Skin disorders.

Targel
Note. This name is used for preparations of different composition.
Lagos, Arg.; Odan, Canad.
Coal tar (p.1616·2).
Psoriasis; scalp disorders.

Organifar, Venez.†.
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Antacid; peptic ulcer.

Targel SA *Odan, Canad.*
Coal tar solution (p.1616·2); salicylic acid (p.1612·2).
Psoriasis.

Target
Note. This name is used for preparations of different composition.
Wyeth Lederle, Austria†.
Felbinac (p.54·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Lisapharma, Hong Kong; Lisapharma, Ital.; Lisapharma, Malaysia.
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Targifor *Sanofi-Aventis, Braz.*
Arginine aspartate (p.1928·2).
Nutritional supplement.

Targifor C *Sanofi-Aventis, Braz.*
Arginine aspartate (p.1928·2); ascorbic acid (p.1983·3).
Nutritional supplement.

Targobone *Biomet, Ger.*
Collagen (bovine) (p.2286·1); teicoplanin (p.344·3).
Bone defects.

Targocid *Aventis, Arg.; Aventis, Austral.; Aventis, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Braz.; Sanofi-Aventis, Chile; Sanofi-Aventis, Cz.; Aventis, Denm.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Fr.; Aventis, Ger.; Vianex (Βιανεξ), Gr.; Aventis, Hong Kong; Sanofi-Aventis, Hung.; Aventis, India; Sanofi-Aventis, Indon.; Sanofi-Aventis, Irl.; Aventis, Israel; Astellas, Jpn; Sanofi-Aventis, Malaysia; Aventis, Mex.; Aventis, NZ; Aventis, Neth.; Aventis, Norw.; Aventis, Pol.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Aventis, Swed.; Aventis, Switz.; Aventis, Thai.; Aventis, Turk.; Aventis, UK; Sanofi-Aventis, Venez.*
Teicoplanin (p.344·3).
Gram-positive bacterial infections.

Targosid *Lepetit, Ital.; Sanofi-Aventis, Port.*
Teicoplanin (p.344·3).
Gram-positive bacterial infections.

Targretin *Bioprofarma, Arg.; Andromaco, Chile; Eisai, Cz.; Ligand, Denm.; Zeneus, Fr.; Zeneus, Ger.; Galenica, Gr.; Ligand, Hung.; Zeneus, Irl.; Sigma-Tau, Ital.; Ligand, Neth.; Ferrer, Port.; Ferrer, Spain; Cephalon, UK; Eisai, USA.*
Bexarotene (p.686·1).
Cutaneous T-cell lymphoma.

Targus *Abbott, Braz.*
Flurbiprofen (p.61·2).
Gout; musculoskeletal and joint disorders; pain.

Taricin *Akrikhin, Rus.*
Ofloxacin (p.310·2).
Bacterial infections.

Tariflox *Cipla, India; Lapi, Indon.*
Ofloxacin (p.310·2).
Bacterial infections.

Tariflox Plus *Cipla, India.*
Ofloxacin (p.310·2); ornidazole (p.843·1).
Bacterial infections.

Tarimyl *Leti, Venez.*
Atorvastatin calcium (p.1218·3).
Hypercholesterolaemia.

Tarivid
Aventis, Austria; Sanofi-Aventis, Belg.; Aventis, Cz.; Aventis, Ger.; Gedeon Richter, Hung.; Sanofi-Aventis, Hung.; Aventis, India; Sanofi-Aventis, Irl.; Aventis, Neth.; Aventis, Norw.; Sanofi-Aventis, Port.; Aventis, S.Afr.; Aventis, UK.
Ofloxacin (p.310·2) or ofloxacin hydrochloride (p.310·2).
Bacterial infections.

Aventis, Denm.; Sanofi-Aventis, Fin.; Daiichi, Hong Kong; Santen, Hong Kong; Aventis, Israel; Daiichi, Jpn; Santen, Jpn; Daiichi, Malaysia; Sanofi-Aventis, Pol.; Sanofi-Aventis, Rus.; Daiichi, Singapore; Aventis, Swed.; Aventis, Switz.; Daiichi, Thai.; Aventis, Turk.
Ofloxacin (p.310·2).
Bacterial infections.

Daiichi, Indon.; Kalbe, Indon.
Ear drops; tablets: Ofloxacin (p.310·2).
Bacterial infections.

Ferron, Indon.; Santen, Indon.
Eye drops: Ofloxacin (p.310·2).
Eye infections.

Tarjen *Samakeephaesaj, Thai.†.*
Diclofenac sodium (p.44·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Tarjena *Union Drug, Thai.*
Diclofenac sodium (p.44·3).
Gout; musculoskeletal and joint disorders.

Tarka *Abbott, Arg.†; Abbott, Austral.; Abbott, Austria; Abbott, Canad.; Abbott, Cz.; Abbott, Denm.; Abbott, Fin.†; Abbott, Fr.; Abbott, Ger.; Abbott, Gr.; Abbott, Hung.; Abbott, Indon.; Abbott, Ital.; Abbott, Mex.; Abbott, Neth.; Abbott, Philipp.; Abbott, Pol.; Abbott, Port.; Abbott, Rus.; Abbott, S.Afr.; Abbott, Spain; Abbott, Swed.; Abbott, Switz.; Abbott, Turk.; Abbott, UK; Abbott, USA; Abbott, Venez.*
Verapamil hydrochloride (p.1421·1); trandolapril (p.1416·2).
Hypertension.

Tarlene *Medco, USA.*
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Seborrhoea.

Tarmed *Stiefel, Chile; Stiefel, Ger.; Gabriel, Gr.; Stiefel, Mex.; Stiefel, Port.; Stiefel, Spain.*
Coal tar (p.1616·2).
Chronic eczema; psoriasis; scalp disorders; seborrhoeic dermatitis.

Tarnasol *Liconsa, Port.*
Losartan potassium (p.1326·1).
Diabetic nephropathy; heart failure; hypertension; stroke prophylaxis.

Taro Gel
Note. This name is used for preparations of different composition.
Taro, Canad.†; AFT, NZ†.
Sterile lubricating jelly.

Taro, Israel.
Propylene glycol (p.2374·1); glycerol (p.2314·2).
Lubricating gel.

Tarocidin *Taro, Israel.*
Chloramphenicol (p.239·3); polymyxin B sulfate (p.317·3).
Blepharitis; conjunctivitis.

Tarocidin D *Taro, Israel.*
⊗ Chloramphenicol (p.239·3); polymyxin B sulfate (p.317·3); dexamethasone sodium phosphate (p.1526·2).
Blepharitis; conjunctivitis.

Taroctyl *Taro, Israel.*
Chlorpromazine hydrochloride (p.969·2).
Psychiatric disorders; vomiting.

Tarodent *Taro, Israel.*
Chlorhexidine gluconate (p.1635·3).
Mouth disorders.

Tarodex *Taro, Israel.*
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Taroflox *Sanofi-Aventis, Cz.*
Ofloxacin (p.310·2).
Bacterial infections.

Taromentin *Polfa Tarchomin, Pol.*
Amoxicillin sodium (p.202·2) or amoxicillin trihydrate (p.202·2); potassium clavulanate (p.250·2).
Bacterial infections.

Taron *Biotech, Venez.*
Albendazole (p.139·2).
Worm infections.

Tarontal *Sanofi-Aventis, Gr.; Bernofarm, Indon.*
Pentoxifylline (p.1367·2).
Cerebral and peripheral vascular disorders; vascular eye disorders.

Tarophed *Taro, Israel.*
Pseudoephedrine hydrochloride (p.1571·2).
Aural and nasal congestion.

Taro-Sone *Taro, Canad.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Tarsime *Polfa Tarchomin, Pol.*
Cefuroxime sodium (p.238·2).
Bacterial infections.

Tarsum *Summers, USA.*
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Seborrhoea.

Tartar Control Listerine *Pfizer Consumer, UK.*
Zinc chloride (p.1999·1).
Tooth tartar.

Tartar Control Listerine Antiseptic *Pfizer Consumer, S.Afr.*
Thymol (p.1664·3); zinc chloride (p.1999·1).
Mouth and throat disorders; oral hygiene.

Tartephedreel *Peithner, Austria.*
Homoeopathic preparation.

Tartriakson *Polfa Tarchomin, Pol.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Tarvexol *Sandoz, Arg.; Novartis, Braz.*
Paclitaxel (p.759·1).
Breast cancer; ovarian cancer.

Tarytar *Stiefel, Chile†.*
Cade oil (p.1616·1); tar (p.1616·2); arachis oil (p.2259·1); coal tar (p.1616·2).
Scalp disorders.

Tarzol *Unipharm, Mex.*
Omeprazole (p.1753·1).
Peptic ulcer.

Tasakal *Offenbach, Mex.†.*
Sodium dibunate (p.1573·1); guaifenesin (p.1561·3); homatropine methylbromide (p.1881·3).
Coughs.

Tasedan *Hormona, Mex.*
Estazolam (p.995·1).
Insomnia; premedication.

Tasep *IPS, Spain.*
Cefazolin sodium (p.222·1).
Bacterial infections.

Tasigna *Novartis, Cz.; Novartis, Port.; Novartis, Switz.; Novartis, UK; Novartis, USA.*
Nilotinib hydrochloride (p.756·1).
Chronic myeloid leukaemia.

Tasker *Doctum, Gr.*
Cetirizine (p.571·1).
Hypersensitivity disorders.

Tasmacyclin Akne *Gebro, Switz.*
Doxycycline (p.267·1).
Acne.

Tasmaderm *Gebro, Switz.*
Motretinide (p.1608·1).
Acne.

Tasmar *Valeant, Arg.; Roche, Austria; Pharma Logistics, Belg.; Valeant, Braz.; Roche, Chile; Valeant, Cz.; Valeant, Denm.; Valeant, Fin.; ICN, Fr.; Valeant, Ger.; Valeant, Gr.; Roche, Hong Kong†; Valeant, Hung.; Valeant, Irl.; ICN, Ital.; Valeant, Mex.; Pacific, NZ; Valeant, Neth.; Valeant, Philipp.; Valeant, Pol.; Roche, Port.; Roche, Rus.; Roche, S.Afr.; Valeant, Spain; Roche, Swed.; Valeant, Switz.; Valeant, UK; Roche, USA.*
Tolcapone (p.819·2).
Parkinsonism.

Tasonade *Sanofarm, Gr.*
Citalopram (p.385·3).
Depression.

Tasovak *Kendrick, Mex.*
Piperacillin (p.315·2); tazobactam (p.344·3).
Bacterial infections.

Tatig *Bioindustria, Ital.*
Sertraline hydrochloride (p.421·3).
Depression; obsessive-compulsive disorder; panic disorder.

Tationil *Roche, Ital.*
Glutathione sodium (p.1448·1).
Prevention of cisplatin-induced neuropathy.

Tau Kit *Isomed, Spain.*
⊗ Carbon-13 labelled urea (p.2277·1).
Test for gastrointestinal Helicobacter pylori infection.

Taucaron *Roemmers, Venez.*
Meloxicam (p.80·3).
Inflammation; musculoskeletal and joint disorders; pain.

Taucor *Sigma-Tau, Spain.*
Lovastatin (p.1328·2).
Atherosclerosis; hypercholesterolaemia.

Taufone *Synthesis, Rus.†.*
Taurine (p.2395·2).

Tauglicolo
Note. This name is used for preparations of different composition.
SIT, Ital.
Bromhexine hydrochloride (p.1552·2); sulfogaiacol (p.1573·2).
Respiratory-tract congestion.
Siam Bheasach, Thai.
Bromhexine hydrochloride (p.1552·2); guaifenesin (p.1561·3).
Respiratory-tract disorders associated with increased or viscous mucus.

Tauliz *Sanofi-Aventis, Ital.*
⊗ Piretanide (p.1372·3).
Hypertension; oedema.

Taural *Roemmers, Arg.*
Ranitidine (p.1766·1) or ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastritis; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Tauramin *Grifols, Spain.*
Amino-acid infusion (p.1922·1).
Parenteral nutrition.

Taurargin *Baldacci, Braz.*
Arginine; taurine; ditetraethylammonium phosphate (p.1922·1).
Nutritional supplement.

Tauredon *Altana, Austria; Nycomed, Cz.; Altana, Ger.; IFET (ΙΦΕΤ), Gr.; Altana, Hung.†; Altana, Neth.; Altana, Port.; Altana, Switz.*
Sodium aurothiomalate (p.122·2).
Juvenile idiopathic arthritis; psoriatic arthritis; rheumatoid arthritis.

Taurex *Medica Pedia, Philipp.*
Taurine (p.2395·2).
Nutritional supplement.

Tauro *Teofarma, Ital.*
Tauroursodeoxycholic acid (p.2408·2).
Gallstones.

Taurobetina *Zambon, Spain†.*
Adenosine phosphate dipotassium (p.2247·3); cyanocobalamin (p.1980·2); pyridoxine hydrochloride (p.1978·2); uridine phosphate (p.2408·1); taurine (p.2395·2).
Neuromuscular metabolic disorders.

Taurolin *Chemomedica, Austria; Boehringer Ingelheim, Ger.; DeVriMed, Neth.; Geistlich, Switz.*
Taurolidine (p.344·2).
Bacterial infections.

Tautax *Veropharm, Rus.*
Docetaxel (p.710·3).
Breast cancer; head and neck cancer; non-small-cell lung cancer; ovarian cancer.

Tautoss *Sigma-Tau, Spain.*
Levodropropizine (p.1557·3).
Coughs.

Tau-Tux *Sigma-Tau, Ital.*
Levodropropizine (p.1557·3).
Coughs.

Tauval *Sigma-Tau, Spain†.*
Valerian (p.2410·1).
Anxiety; insomnia.

Tauxib *Addenda, Ital.*
Etoricoxib (p.53·1).
Gout; osteoarthritis; rheumatoid arthritis.

Tauxolo *SIT, Ital.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Tavacor *Savio, Ital.*
Lovastatin (p.1328·2).
Hypercholesterolaemia.

Tavag *Germandre, Fr.*
Sodium phosphate (p.1682·3); lactose (p.1954·1).
Maintenance of vaginal pH.

Tavanic *Aventis, Arg.; Aventis, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Braz.; Sanofi-Aventis, Chile; Sanofi-Aventis, Cz.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Fr.; Aventis, Ger.; Sanofi-Aventis, Gr.; Sanofi-Aventis, Hung.; Aventis, India; Sanofi-Aventis, Irl.; Aventis, Israel; Sanofi-Aventis, Ital.; Aventis, Mex.; Aventis, Neth.; Sanofi-Aventis, Port.; Sanofi-Aventis, Rus.; Aventis, S.Afr.; Sanofi-Aventis, Spain; Aventis, Swed.; Aventis, Switz.; Aventis, Turk.; Aventis, UK; Sanofi-Aventis, Venez.*
Levofloxacin (p.292·2).
Bacterial infections.

Tavan-SP 54 *Aventis, S.Afr.*
Pentosan polysulfate sodium (p.1367·1).
Hyperlipidaemias; thromboembolic disorders.

Tavegil *Novartis Consumer, Ger.; Novartis Consumer, Ital.†; Novartis Consumer, Neth.; Novartis Consumer, Spain; Novartis Consumer, UK.*
Clemastine fumarate (p.573·2).
Allergic conjunctivitis; allergic rhinitis; hypersensitivity reactions; insect bites; insect stings; pruritus; sunburn.

Tavegyl *Novartis, Austria; Novartis, Cz.; Novartis, Denm.; Novartis, Indon.; Novartis, Philipp.; Novartis Consumer, Port.; Novartis Consumer, Rus.; Novartis Consumer, S.Afr.; Novartis, Swed.; Novartis Consumer, Switz.; Novartis, Turk.*
Clemastine fumarate (p.573·2).
Allergic rhinitis; allergic skin disorders; anaphylaxis; eczema; hypersensitivity reactions; insect bites and stings; pruritus; urticaria.

Taver *Medochemie, Malaysia; Medochemie, Thai.*
Carbamazepine (p.471·3).
Epilepsy; glossopharyngeal neuralgia; trigeminal neuralgia.

Tavexyl *Rayere, Mex.*
Loratadine (p.583·3); ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders.

Tavidan
Note. This name is used for preparations of different composition.
Baldacci, Ital.
Suleparoid (p.1406·3).
Thrombosis prophylaxis.
Stada, Thai.†.
Fenoverine (p.2303·2).
Smooth muscle spasm and pain.

Tavinex *Hexa, Arg.*
Tyrothricin (p.358·2); benzocaine (p.1854·1).
Mouth and throat disorders.

Tavinex Antigripal *Hexa, Arg.*
Paracetamol (p.108·1); butetamate citrate (p.1553·1); caffeine (p.1116·3); phenylephrine hydrochloride (p.1568·1).
Cold and influenza symptoms.

Tavinex Expectorante *Hexa, Arg.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders with viscous mucus.

Tavinex Expectotabs *Hexa, Arg.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders with viscous mucus.

Tavipec *Montavit, Austria; Montavit, Thai.*
Spike lavender oil (p.2392·1).
Coughs; respiratory-tract disorders.

Tavist *Novartis Consumer, Canad.; Novartis, Mex.; Wander, Philipp.; Novartis Consumer, Port.*
Clemastine fumarate (p.573·2).
Allergic rhinitis; allergic skin disorders; cold symptoms; hypersensitivity reactions; insect bites and stings; pruritus; urticaria.

Tavist Allergy *Novartis, USA.*
Clemastine fumarate (p.573·2).
Formerly known as Tavist-1.
Allergic rhinitis.

Tavist ND *Novartis, USA.*
Loratadine (p.583·3).
Allergic rhinitis; urticaria.

Tavist-D *Novartis, Mex.†.*
Clemastine fumarate (p.573·2); phenylpropanolamine hydrochloride (p.1569·3).
Allergic rhinitis; nasal congestion.

Tavitan *DCF, Port.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Tavolax nouvelle formule *Vifor, Switz.*
Bisacodyl (p.1710·1).
Bowel evacuation; constipation.

Tavonin *Flordis, Austral.†; VSM, Belg.; VSM, Neth.*
Ginkgo biloba (p.2311·1).
Age-related mental function disorders; dementia; peripheral vascular disorders.

Tavor
Note. This name is used for preparations of different composition.
Tecnofarma, Chile.
Fluconazole (p.532·1).
Fungal infections.
Wyeth, Cz.†; Wyeth, Ger.; Wyeth, Gr.; Wyeth Lederle, Ital.
Lorazepam (p.1004·1).
Anxiety; epilepsy; insomnia; premedication; psychoses; psychosomatic disorders; status epilepticus.
Asofarma, Mex.
Oxybutynin chloride (p.2190·3).
Neurogenic bladder.
Gentek, Venez.
Simvastatin (p.1390·2).
Hypercholesterolaemia.

Tavu *Pfizer, Port.*
⊗ Timolol maleate (p.1412·3); latanoprost (p.1882·1).
Glaucoma; ocular hypertension.

Taxagon *Ivax, Arg.*
Trazodone hydrochloride (p.424·3).
Depression.

Taxcef *Ranbaxy, Cz.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Taxegram *Sanbe, Indon.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Taxen *Sandoz, Indon.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Taxenan *Mavi, Mex.*
Naproxen (p.92·3); paracetamol (p.108·1).
Formerly contained naproxen.
Fever; pain.

Taxfeno *Raffo, Arg.*
⊗ Tamoxifen (p.775·1).

Taxibon *Farma, Venez.†.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Taxifur *Ivax, Mex.*
Ceftazidime (p.234·1).
Bacterial infections.

Taxilan
Note. This name is used for preparations of different composition.
Bergamo, Braz.
Paclitaxel (p.759·1).
Breast cancer; non-small cell lung cancer; ovarian cancer.
Lundbeck, Ger.
Perazine dimalonate (p.1016·2).
Psychoses.

Taxima *Prodotti, Braz.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Taximax *Nufarindo, Indon.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Taxime *Pharmatex, Ital.*
Cefotaxime sodium (p.228·1).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Taxobine *Stada, Port.*
Paclitaxel (p.759·1).

Taxocef *Toprak, Turk.*
Cefotaxime sodium (p.228·1).
Bacterial infections.

Taxocris *LKM, Arg.*
Paclitaxel (p.759·1).
Malignant neoplasms.

Taxodiol *Tecnofarma, Chile.*
Paclitaxel (p.759·1).
Ovarian cancer.

Taxofen *Blausiegel, Braz.*
⊗ Tamoxifen (p.775·1).
Breast cancer.

Taxogen *Genepharm, Gr.*
Paclitaxel (p.759·1).
Malignant neoplasms.

Taxol *BMS, Arg.; BMS, Austral.; BMS, Austria; BMS, Belg.; BMS, Braz.; BMS, Canad.; BMS, Cz.; BMS, Denm.; BMS, Fin.; BMS, Fr.; BMS, Ger.; BMS, Gr.; BMS, Hong Kong; BMS, Hung.; BMS, Indon.; BMS, Irl.; BMS, Israel†; BMS, Ital.; BMS, Jpn; BMS, Malaysia; BMS, NZ; BMS, Neth.; BMS, Norw.; BMS, Philipp.; BMS, Pol.; BMS, Port.; BMS, Rus.; BMS, S.Afr.; BMS, Singapore; BMS, Spain; BMS, Swed.; BMS, Switz.; BMS, Thai.; BMS, Turk.; BMS, UK; BMS Oncology, USA.*
Paclitaxel (p.759·1).
Breast cancer; gastric cancer; Kaposi's sarcoma; non-small cell lung cancer; ovarian cancer; testicular cancer.

Taxoprol *Proel, Gr.*
Paclitaxel (p.759·1).
Malignant neoplasms.

Taxotere *Aventis, Arg.; Aventis, Austral.; Aventis, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Braz.; Aventis, Canad.; Sanofi-Aventis, Chile; Aventis, Cz.; Aventis, Denm.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Fr.; Aventis, Ger.; Sanofi-Aventis, Gr.; Aventis, Hong Kong; Sanofi-Aventis, Hung.; Sanofi-Aventis, Indon.; Sanofi-Aventis, Irl.; Aventis, Israel; Sanofi-Aventis, Ital.; Sanofi-Aventis, Jpn; Sanofi-Aventis, Malaysia; Aventis, Mex.; Aventis, NZ; Aventis, Neth.; Aventis, Norw.; Aventis, Philipp.; Aventis, Pol.; Aventis, Port.; Sanofi-Aventis, Rus.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Aventis, Swed.; Aventis, Switz.; Aventis, Thai.; Aventis, Turk.; Sanofi-Aventis, UK; Sanofi-Aventis, USA; Sanofi-Aventis, Venez.*
Docetaxel (p.710·3).
Breast cancer; gastric cancer; head and neck cancer; non-small cell lung cancer; ovarian cancer; prostatic cancer.

Taxus
Note. This name is used for preparations of different composition.
Beta, Arg.
Calcium carbonate (p.1714·1); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.
Tecnofarma, Chile; Asofarma, Mex.; Nolver, Venez.
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Taxyl *Solfran, Mex.*
⊗ Dexamethasone (p.1526·1).
Corticosteroid.

Taycovit *Ivax, Arg.*
Paclitaxel (p.759·1).
Breast cancer; ovarian cancer.

Tayderm *Acos, Ital.*
Zinc oxide (p.1621·2).
Skin disorders.

Tazac *Aspen, Austral.*
Nizatidine (p.1751·2).
Gastro-oesophageal reflux; peptic ulcer.

Tazact *Cipla, India.*
Tazobactam sodium (p.344·2); piperacillin (p.315·2).
Bacterial infections.

Tazalux *Sandoz, Neth.*
Ceftazidime (p.234·1).
Bacterial infections.

Tazamel *Clonmel, Irl.*
Mirtazapine (p.409·2).
Depression.

Tazamol *Polfa Tarchomin, Pol.*
Paracetamol (p.108·1).
Fever; pain.

Tazepam *Tarchomin, Rus.*
Oxazepam (p.1014·2).
Anxiety.

Tazepen *Elpen (Ελπεν), Gr.*
Piperacillin (p.315·2); tazobactam (p.344·3).
Bacterial infections.

Tazepin *Climax, Braz.†.*
Ranitidine hydrochloride (p.1766·1).
Peptic ulcer.

Tazicef *Shin Poong, Philipp.; Hospira, USA.*
Ceftazidime (p.234·1).
Bacterial infections.

Tazidan *Alkem, Philipp.*
Ceftazidime (p.234·1).
Bacterial infections.

Tazidem Orchid, Philipp.
Ceftazidime (p.234·1).
Bacterial infections.

Tazidif Fidia, Ital.
Ceftazidime (p.234·1).
Gram-negative bacterial infections.

Tazidime Lilly, Canad.†; Lilly, USA.
Ceftazidime (p.234·1).
Bacterial infections.

Tazidron Meditrina, Gr.
Piperacillin (p.315·2); tazobactam (p.344·3).
Bacterial infections.

Taziject Sandoz, S.Afr.
Ceftazidime (p.234·1).
Bacterial infections.

Taziken Kendrick, Mex.†.
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease; premature labour.

Tazobac Wyeth, Ger.; Wyeth Lederle, Ital.; Sanofi Pasteur, Port.; Wyeth, Switz.
Piperacillin sodium (p.315·2); tazobactam sodium (p.344·2).
Lidocaine hydrochloride (p.1862·3) may be included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Tazobax Generix, S.Afr.
Piperacillin (p.315·2); tazobactam (p.344·3).
Bacterial infections.

Tazobion Medicus, Gr.
Piperacillin (p.315·2); tazobactam (p.344·3).
Bacterial infections.

Tazocel Wyeth, Spain.
Piperacillin sodium (p.315·2); tazobactam sodium (p.344·2).
Bacterial infections.

Tazocilline Wyeth, Fr.
Piperacillin sodium (p.315·2); tazobactam sodium (p.344·2).
Bacterial infections.

Tazocin Wyeth, Austral.; Wyeth, Belg.; Wyeth, Braz.; Wyeth, Canad.; Wyeth, Cz.; Wyeth, Denm.; Wyeth, Fin.; Wyeth, Gr.; Wyeth, Hong Kong; Wyeth, Hung.; Wyeth, Indon.; Wyeth, Irl.; Lederle, Israel; Wyeth Lederle, Ital.; Wyeth, Malaysia; Wyeth, Mex.; Wyeth, NZ; Wyeth, Neth.; Wyeth, Norw.; Wyeth, Philipp.; Wyeth, Pol.; Wyeth, S.Afr.; Wyeth, Singapore; Wyeth, Swed.; Wyeth-Ayerst, Thai.; Wyeth, Turk.; Wyeth, UK.
Piperacillin sodium (p.315·2); tazobactam sodium (p.344·2).
Lidocaine hydrochloride (p.1862·3) may be included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Tazofast Ipca, India.
Tazobactam sodium (p.344·2); piperacillin (p.315·2).
Bacterial infections.

Tazonam Wyeth, Arg.; Wyeth Lederle, Austria; Wyeth, Chile.
Piperacillin sodium (p.315·2); tazobactam sodium (p.344·2).
Bacterial infections.

Tazopen Biochem, India.
Tazobactam sodium (p.344·2); piperacillin sodium (p.315·2).
Bacterial infections.

Tazopril Wyeth, Venez.
Piperacillin sodium (p.315·2); tazobactam sodium (p.344·2).
Bacterial infections.

Tazorac Allergan, Canad.; Pierre Fabre, Cz.; Allergan, USA.
Tazarotene (p.1617·1).
Acne; photo-ageing of the skin; psoriasis.

Tazorex Demo, Gr.
Piperacillin (p.315·2); tazobactam (p.344·3).
Bacterial infections.

Tazoxil Haller, Braz.†.
Piperacillin sodium (p.315·2); tazobactam sodium (p.344·2).
Bacterial infections.

Tazpen
Cellofarm, Braz.†.
Piperacillin (p.315·2); tazobactam (p.344·3).
Bacterial infections.

Biofarma, Venez.
Piperacillin sodium (p.315·2); tazobactam sodium (p.344·2).
Bacterial infections.

Tazret Glenmark, India†.
Tazarotene (p.1617·1).
Acne; psoriasis.

Taztia Andrx, USA.
Diltiazem hydrochloride (p.1265·1).
Hypertension.

Tazumara Bayer Schering, Cz.
Fludarabine phosphate (p.721·1).
Chronic lymphocytic leukaemia.

Tazusin Efarmes, Spain†.
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

TB Vit 6 Meprofarm, Indon.
Isoniazid (p.288·1).
Vitamin B (p.1979·1) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

TB ZET Meprofarm, Indon.
Pyrazinamide (p.320·2).
Tuberculosis.

TBR/X Ximena Polanco, Chile.
Homoeopathic preparation.

3TC GSK, Arg.; GSK, Austral.; GSK, Canad.; GSK, Hong Kong; GSK, Indon.; GSK, Malaysia; GSK, Mex.; GSK, NZ; GSK, S.Afr.; GSK, Switz.
Lamivudine (p.895·1).
HIV infection.

3TC Complex GSK, Arg.
Lamivudine (p.895·1); zidovudine (p.913·3).
HIV infection.

3TC/AZT Elea, Arg.
Lamivudine (p.895·1); zidovudine (p.913·3).
HIV infection.

3TC/Epivir GSK, Chile.
Lamivudine (p.895·1).
HIV infection.

3TC-HBV GSK, Indon.
Lamivudine (p.895·1).
Chronic hepatitis B.

TCP
Note. This name is used for preparations of different composition.
Pfizer Consumer, S.Afr.
Halogenated phenols; phenol (p.1656·1); sodium salicylate (p.124·2).
Burns; disinfection; insect bites; mouth and throat infections; wounds.

Chefaro, UK.
Cream: Chloroxylenol (p.1640·2); triclosan (p.1665·2); halogenated phenols; phenol (p.1656·1); sodium salicylate (p.124·2).
Minor skin disorders; skin disinfection.

Chefaro, UK.
Liquid: Halogenated phenols; phenol (p.1656·1).
Formerly contained halogenated phenols, phenol, and sodium salicylate.
Minor skin disorders; mouth ulcers; sore throat.

Chefaro, UK.
Lozenges: Hexylresorcinol (p.1647·1).
Sore throat.

Chefaro, UK.
Ointment: Iodine (p.2169·2); phenol (p.1656·1); sodium salicylate (p.124·2); methyl salicylate (p.85·3); precipitated sulfur (p.1614·1); tannic acid (p.2394·3); camphor (p.2273·2); salicylic acid (p.1612·2).
Haemorrhoids; minor skin disorders; pruritus.

TD Leti, Spain.
A diphtheria and tetanus vaccine (p.2210·1).
Active immunisation.

Td Adsorbed Sanofi Pasteur, Canad.
An adsorbed diphtheria and tetanus vaccine (p.2210·1).
Active immunisation.

TD Spray Iso Mack Pfizer, Ger.
Isosorbide dinitrate (p.1317·3).
Ischaemic heart disease.

Td-Impfstoff Sanofi Pasteur, Ger.
An adsorbed diphtheria and tetanus vaccine (p.2210·1).
Active immunisation of older children and adults.

TDL Patriot, Philipp.
Tramadol hydrochloride (p.130·3).
Pain.

Td-Polio Sanofi Pasteur, Canad.
An adsorbed diphtheria, tetanus, and inactivated poliomyelitis vaccine (p.2212·2).
Active immunisation.

Td-pur Grunenthal, Austria; Chiron Vaccines, Ger.
An adsorbed diphtheria and tetanus vaccine (p.2210·1).
Active immunisation of older children and adults.

Td-Rix GSK, Ger.
An adsorbed diphtheria and tetanus vaccine (p.2210·1).
Active immunisation of older children and adults.

Td-Virelon Chiron Vaccines, Ger.; Berna, Switz.
A diphtheria, tetanus, and poliomyelitis vaccine (p.2212·2).
Active immunisation.

Te Anatoxal Berna, Hong Kong; Berna, Malaysia†; Berna, NZ; Berna, Philipp.; Berna, Singapore†; Berna, Thai.; Berna, USA.
An adsorbed tetanus vaccine (p.2240·1).
Active immunisation.

Te Laxante Valma, Chile.
Senna (p.1769·2); rosa mosqueta; boldo (p.2267·2); baylahuen; spearmint (p.2391·3).
Constipation.

Tea Test Asofarma, Arg.
Pregnancy test (p.2372·1).

Tea Tree & Witch Hazel Cream Lane, UK.
Hamamelis (p.2318·2); eucalyptus oil (p.2301·2); methyl salicylate (p.85·3); camphor (p.2273·2); melaleuca oil (p.2338·2); zinc oxide (p.1621·2).
Skin disorders.

Tealep Raffo, Arg.
⊗ Finasteride (p.2188·3).
Benign prostatic hyperplasia.

Tealine Arkomedika, Fr.†.
Java tea (p.2328·2); green tea (p.2416·1).
Slimming aid.

Tear drops
Note. A similar name is used for preparations of different composition (see below).
Faran, Gr.†.
Carbomer (p.2141·3).
Dry eye.

Teardrops
Note. A similar name is used for preparations of different composition (see above).
Novartis Ophthalmics, Canad.
Polyvinyl alcohol (p.2145·3); povidone (p.2146·1).
Dry eyes.

TearGard Lee, USA.
Hyetellose (p.2143·3).
Artificial tears.

Teargel Novartis Ophthalmics, Arg.†; Adcock Ingram, S.Afr.
Carbomer (p.2141·3).
Dry eyes.

Tear-Gel Novartis Ophthalmics, Canad.
Carbomer 980 (p.2141·3).
Dry eyes.

Teargen Goldline, USA.
Artificial tear solution.
Dry eyes.

Tearisol Novartis Ophthalmics, USA.
Hypromellose (p.2144·2).
Dry eyes.

Tears Sanbe, Indon.
⊗ Dextran 70 (p.1059·3); hypromellose (p.2144·2).
Dry eyes; eye irritation.

Tears Again
Note. This name is used for preparations of different composition.
Optima, Ger.
Soya lecithin (p.2332·2); vitamin A palmitate (p.1973·1); alpha tocopherol (p.1992·2).
Dry eyes; eye irritation.

Ocusoft, USA.
Eye drops: Polyvinyl alcohol (p.2145·3).
Dry eyes.

Ocusoft, USA.
Eye drops: Carmellose sodium (p.2142·1).
Dry eyes.

Ocusoft, USA.
Eye ointment: White soft paraffin (p.2031·2); liquid paraffin (p.2030·3).
Dry eyes.

Tears Again MC Ocusoft, USA.
Hypromellose (p.2144·2).
Dry eyes.

Tears Encore Vision, Canad.
Polysorbate 80 (p.1919·2).
Dry eyes.

Tears Humectante Alcon Cusi, Spain.
⊗ Dextran 70 (p.1059·3); hypromellose (p.2144·2).
Dry eyes.

Tears Lubricante Alcon Cusi, Spain†.
Wool fat (p.2033·2); white soft paraffin (p.2031·2).
Dry eyes.

Tears Naturale
Note. This name is used for preparations of different composition.
Alcon, Arg.; Alcon, Austral.; Alcon, Belg.; Alcon, Canad.; Alcon, Chile; Alcon, Cz.; Alcon, Gr.; Alcon, Hung.; Alcon, Irl.; Alcon, Israel; Alcon, Malaysia; Alcon, Mex.; Alcon, NZ; Alcon, Norw.; Alcon, Philipp.; Alcon, Pol.; Alcon, Port.†; Alcon, Rus.; Alcon, S.Afr.; Alcon, Singapore; Alcon, Switz.; Alcon, Thai.; Alcon, Turk.; Alcon, UK; Alcon, USA.
⊗ Dextran 70 (p.1059·3); hypromellose (p.2144·2).
Dry eyes; eye irritation.

Alcon, Austria.
Carbomer 974P (p.2141·3).
Dry eyes.

Alcon, Hong Kong.
Duasorb water-soluble polymeric system.
Dry eyes.

Tears Naturale II Alcon, Indon.
⊗ Dextran 70 (p.1059·3); hypromellose (p.2144·2).
Dry eyes.

Tears Naturale Forte Alcon, Canad.; Alcon, Hong Kong.
⊗ Dextran 70 (p.1059·3); glycerol (p.2314·2); hypromellose (p.2144·2).
Dry eyes; eye irritation.

Tears Naturale PM Alcon, Canad.
White soft paraffin (p.2031·2); liquid paraffin (p.2030·3); wool fat (p.2033·2).
Dry eyes.

Tears Plus Allergan, Austral.; Allergan, Canad.; Allergan, NZ†; Allergan, Neth.; Allergan, S.Afr.; Allergan, Switz.†; Allergan, USA.
Polyvinyl alcohol (p.2145·3); povidone (p.2146·1).
Dry eyes.

Tears Renewed
Note. This name is used for preparations of different composition.
Akorn, USA.
Eye drops: ⊗ Dextran 70 (p.1059·3); hypromellose (p.2144·2).
Dry eyes.

Akorn, USA.
Eye ointment: White soft paraffin (p.2031·2); light liquid paraffin (p.2031·1).
Dry eyes.

Teatrois DB, Fr.
Tiratricol (p.2177·3).
Thyroid disorders.

Tebamide G & W, USA†.
Trimethobenzamide hydrochloride (p.592·2).
Nausea and vomiting.

Tebantin Gedeon Richter, Rus.
Gabapentin (p.482·3).
Epilepsy; neuropathic pain.

Tebegran Collins, Mex.
Sumatriptan succinate (p.625·2).
Migraine.

tebesium Riemser, Ger.; Wernigerode, Ger.
Isoniazid (p.288·1).
Pyridoxine hydrochloride (p.1978·2) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

tebesium Duo Riemser, Ger.; Wernigerode, Ger.
Rifampicin (p.325·3); isoniazid (p.288·1).
Tuberculosis.

tebesium Trio Riemser, Ger.; Wernigerode, Ger.
Rifampicin (p.325·3); isoniazid (p.288·1); pyrazinamide (p.320·2).
Tuberculosis.

tebesium-s Riemser, Ger.; Wernigerode, Ger.
Isoniazid (p.288·1).
Tuberculosis.

Tebetane Compuesto Elfar, Spain.
Alanine (p.1928·1); glycine (p.1947·3); glutamic acid (p.1947·1); pygeum africanum (p.2192·3).
Prostatic disorders.

Tebis Plus H Teva, Cz.
⊗ Bisoprolol fumarate (p.1234·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Tebloc Lafare, Ital.†.
Loperamide hydrochloride (p.1741·1).
Diarrhoea.

Tebofortan Austroplant, Austria; ASI, Hung.
Ginkgo biloba (p.2311·1).
Cerebral and peripheral vascular disorders; mental function impairment; vestibular disorders.

Tebofortin Schwabe, Switz.†.
Ginkgo biloba (p.2311·1).
Mental function impairment; vertigo.

Tebokan
Note. This name is used for preparations of different composition.
Grunenthal, Chile†; Austroplant, Cz.; Schwabe, Cz.; Vianex (Βιανέξ), Gr.; Pharmalink, Philipp.; Schwabe, Philipp.; Schwabe, Switz.; Leti, Venez.
Ginkgo biloba (p.2311·1).
Cerebral and peripheral vascular disorders; intermittent claudication; mental function impairment; vascular disorders.

Abdi, Turk.
Ginkgolides (p.2311·3).
Dementia; peripheral vascular disorders.

Tebonin Austroplant, Austria; Nycomed, Braz.; Schwabe, Ger.; ASI, Hung.†; Farmasa, Mex.; Schwabe, Singapore.
Ginkgo biloba (p.2311·1).
Cerebral and peripheral vascular disorders; intermittent claudication; mental function impairment; tinnitus; vertigo; vestibular disorders.

Teboven Farmasa, Mex.
Troxerutin (p.2305·1).
Venous insufficiency.

Te-Br Provit, Mex.
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tebraxin Bracco, Ital.
Rufloxacin hydrochloride (p.331·3).
Bacterial infections.

Tebrazid Continental Pharma, Belg.; Valeant, Canad.
Pyrazinamide (p.320·2).
Tuberculosis.

Tebruxim Bruluagsa, Mex.
Cefotaxime sodium (p.228·1).
Bacterial infections.

Tecam Vargas, Venez.†.
Tenoxicam (p.128·2).
Inflammation; musculoskeletal and joint disorders; pain.

Teceeme Nutricia-Bago, Arg.
Medium-chain triglycerides (p.1956·3).
Nutritional supplement.

Tecelac Biotest, Ger.†; Pisa, Mex.; Biotest, Pol.
Antithymocyte globulin (p.1817·3).
Transplant rejection.

Teceos CIS, Neth.
Technetium-99m (p.2055·3) butedronate.
Bone scanning.

Tecfazolina Openfar, Spain.
Cefazolin sodium (p.222·1).
Lidocaine (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.

Tecflu Columbia, Mex.
Fluorouracil (p.722·2).
Malignant neoplasms.

TechneScan DMSA Mallinckrodt, Cz.; Mallinckrodt, Neth.
Technetium-99m succimer (p.2055·3).
Radionuclide imaging of the kidney.

TechneScan DTPA Mallinckrodt, Cz.; Mallinckrodt, Neth.; Mallinckrodt, Port.
Technetium-99m trisodium calcium pentetate (p.2055·3).
Radionuclide imaging of the kidney, lungs, and gastrointestinal tract.

TechneScan HDP BSM, Austria; Mallinckrodt, Cz.; Mallinckrodt, Neth.; Mallinckrodt, Port.; Tyco, Spain; Mallinckrodt, USA.
Technetium-99m disodium oxidronate (p.2055·3).
Bone scintigraphy.

TechneScan HIG Mallinckrodt, Cz.
Technetium-99m labelled immunoglobulin G (p.2055·3).
Localisation of arthritis.

TechneScan HSA Mallinckrodt, Cz.; Mallinckrodt, Neth.
⊗ Technetium-99m labelled albumin (p.2055·3).
Blood circulation studies; radionuclide imaging of the heart.

TechneScan LyoMAA *BSM, Austria; Mallinckrodt, Neth.*
⊗ Technetium 99-m labelled albumin macroaggregates (p.2055·3).
Diagnostic agent; lung scintigraphy; venoscintigraphy.

TechneScan Lyomaa *Mallinckrodt, Cz.; Tyco, Spain.*
⊗ Technetium-99m labelled albumin macroaggregates (p.2055·3).
Diagnostic agent; lung perfusion studies; vein scintigraphy.

TechneScan MAG3 *BSM, Austria; Mallinckrodt, Cz.; Tyco, Ital.; Mallinckrodt, Neth.; Mallinckrodt, Port.; Tyco, Spain.*
Technetium-99m betiatide (p.2055·3).
Radionuclide investigation of renal function.

TechneScan PYP *Mallinckrodt, Cz.; Mallinckrodt, Neth.*
Technetium-99m pyrophosphate (p.2055·3).
Labelling of erythrocytes for use in blood pool scintigraphy and detection of gastrointestinal bleeding.

TechneScan Q12 *Mallinckrodt, Cz.†.*
Technetium-99m trifosmin/furomin (p.2055·3).
Cardiac imaging.

Techniques Anti-Dandruff *Avon, Canad.†.*
Pyrithione zinc (p.1611·2).
Scalp disorders.

Techxafort *Pharmatechnica, Philipp.*
Isoniazid (p.288·1).
Pyridoxine hydrochloride (p.1978·2) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Tecipul *Mochida, Jpn.*
Setiptiline maleate (p.422·3).
Depression.

Teclizima *Reuffer, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Tecnid *Ativus, Braz.*
Secnidazole (p.846·3).
Bacterial infections; protozoal infections.

Tecnocarb *Zodiac, Braz.*
Carboplatin (p.693·1).
Malignant neoplasms.

Tecnocris *Zodiac, Braz.*
Vincristine sulfate (p.787·1).
Malignant neoplasms.

Tecnofen *Columbia, Mex.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tecnoflut *Zodiac, Braz.*
Flutamide (p.725·1).
Prostatic cancer.

Tecnofox *Tecnimede, Port.*
Levocloperastine fendizoate (p.1554·3).
Cough.

Tecnolip *Tecnifar, Port.*
Lovastatin (p.1328·2).
Atherosclerosis; hypercholesterolaemia.

Tecnomax
Note. This name is used for preparations of different composition.
Raffo, Arg.
Sildenafil citrate (p.2193·1).
Erectile dysfunction.

Zodiac, Braz.
Epirubicin hydrochloride (p.716·1).

Tecnomet *Zodiac, Braz.*
Methotrexate (p.745·2).
Malignant neoplasms; rheumatoid arthritis.

Tecnomicina *Zodiac, Braz.*
Bleomycin sulfate (p.687·1).
Malignant neoplasms.

Tecnoplatin *Zodiac, Braz.; Columbia, Mex.*
Cisplatin (p.698·2).
Malignant neoplasms.

Tecnosal *Tecnifar, Port.*
Triflusal (p.1418·3).
Thrombosis prophylaxis.

Tecnotax *Zodiac, Braz.*
⊗ Tamoxifen citrate (p.772·3).
Breast cancer.

Tecnotecan *Zodiac, Braz.*
Irinotecan hydrochloride (p.737·1).
Malignant neoplasms.

Tecnovorin *Zodiac, Braz.*
Calcium folinate (p.1943·3).
Adjunct to fluorouracil in colorectal cancer; antidote to folic acid antagonists; megaloblastic anaemias.

Tecol *Biotech, Venez.†.*
Omeprazole (p.1753·1).
Peptic ulcer; Zollinger-Ellison syndrome.

Teconam *Asian Pharm, Thai.*
Tenoxicam (p.128·2).
Gout; musculoskeletal and joint disorders.

Tecprazin *Tecnofarma, Mex.*
Praziquantel (p.153·3).
Parasitic infections.

Tecta *Altana, Mex.*
Pantoprazole magnesium (p.1760·2).
Acid aspiration; dyspepsia; gastritis; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Teczem *Hoechst Marion Roussel, USA.*
Enalapril maleate (p.1276·1); diltiazem malate (p.1267·1).
Hypertension.

Teczine *Crosslands, India.*
Levocetirizine (p.583·2).
Allergic rhinitis; urticaria.

Teddy-C *Community Pharmacy, Thai.†.*
Ascorbic acid (p.1983·3).
Vitamin C deficiency.

Tedicumar *Estedi, Spain.*
Warfarin sodium (p.1425·2).
Thromboembolic disorders.

Tedifebrin *Estedi, Spain.*
Ibuprofen (p.64·2).
Fever; gout; musculoskeletal, joint, and peri-articular disorders; pain.

Tediprima *Estedi, Spain.*
Trimethoprim (p.355·2).
Genito-urinary infections.

Tedipulmo *Estedi, Spain.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Tedivax *GSK, Belg.*
An adsorbed diphtheria and tetanus vaccine (p.2210·1).
Active immunisation.

Tedol *Edol, Port.*
Ketoconazole (p.539·1).
Fungal infections.

Tedrigen *Goldline, USA.*
⊗ Theophylline (p.1140·1); ephedrine hydrochloride (p.1558·2); phenobarbital (p.492·2).
Bronchospasm.

Teedex *Rice Steele, Irl.*
Paracetamol (p.108·1); diphenhydramine hydrochloride (p.577·2).
Fever; pain.

Teejel *Meda, Belg.; SSL, Irl.; Rafa, Israel.*
Choline salicylate (p.36·3).
Gum and mouth pain; oral lesions; teething.

Teen Derm *Fouchard, Chile†; Roemmers-Klinos, Venez.†.*
Glycolic acid (p.1598·1).

Teenstick *Arkopharma, UK.*
Clove oil (p.2285·1); geranium oil (p.2311·1); palmarosa oil; melaleuca oil (p.2338·2); ylang ylang oil (p.2416·3); Dixeol.
Acne.

Teer-Linola-Fett *Wolff, Ger.*
Coal tar (p.1616·2).
Skin disorders.

Teer-Linola-Fett N *Wolff, Cz.†.*
Coal tar (p.1616·2).
Skin disorders.

Teeth Tough *Vitamed, Israel.*
Sodium fluoride (p.1962·2).
Dental caries prophylaxis.

Teetha *Nelson, UK.*
Homoeopathic preparation.
Formerly known as Teething Granules.

Teething *Hylands, Canad.*
Homoeopathic preparation.

Teething Relief *Brauer, Austral.*
Homoeopathic preparation.

Tefaclor *TO-Chemicals, Thai.†.*
Cefaclor (p.217·2).
Bacterial infections.

Tefamin *Recordati, Ital.*
Aminophylline (p.1114·2) or theophylline (p.1140·1).
Asthma; bronchospasm.

Tefavinca *Bohm, Spain.*
Vincamine (p.2414·1).
Cerebral trauma; cerebrovascular disorders; circulatory disorders of the eye, ear, nose, and throat; vestibular disorders.

Tefilin *Hermal, Ger.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tefine *Herbacos, Cz.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Tefirax *G Pharm, Fr.*
Raffinose; levomenol (p.2333·3).
Pruritus; skin irritation.

Teflan *Uniao Quimica, Braz.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Teflut *Blausiegel, Braz.*
Flutamide (p.725·1).
Prostatic cancer.

Tefor *Organon, Turk.*
Levothyroxine sodium (p.2171·2).
Hypothyroidism.

Tefudex *Korea United, Philipp.*
Tegafur (p.776·1); uracil (p.2407·3).
Malignant neoplasms.

Tega *Pharmacia, Venez.†.*
Thiamine hydrochloride; riboflavin; nicotinamide; pyridoxine hydrochloride; hydroxocobalamin (p.1922·1).
Liver disorders.

Tegagen
3M, Arg.†.
Calcium alginate (p.1058·1).
Ulcers; wounds.

3M, Canad.†.
Calcium-sodium alginate (p.1058·1)(p.2141·1).
Wounds.

Tegarod *Cinetic, Arg.*
Tegaserod maleate (p.1776·1).
Irritable bowel syndrome.

Tegasir *Andromaco, Chile.*
Tegaserod maleate (p.1776·1).
Irritable bowel syndrome in females.

Tegasorb
Note. This name is used for preparations of different composition.
Novartis, Arg.†.
Hydrocolloid dressing.
Burns; ulcers; wounds.

3M, Canad.
⊗ Pectin (p.2145·2); gelatin (p.1072·1); and/or carmellose (p.2142·1).
Wounds.

Tegeline *Lab Francais du Fractionnement, Fr.; Er-Kim, Turk.*
A normal immunoglobulin (p.2225·3).
Guillain-Barré syndrome; hypogammaglobulinaemia; idiopathic thrombocytopenic purpura; Kawasaki disease; passive immunisation; retinochoroiditis.

Tegens *Sanofi-Aventis OTC, Ital.; Sanofi-Aventis, Port.*
Myrtillus (p.2349·3).
Capillary disorders; venous insufficiency.

Tegibs *Torrent, India.*
Tegaserod maleate (p.1776·1).
Irritable bowel syndrome in women.

Tegod *Cipla, India.*
Tegaserod maleate (p.1776·1).
Irritable bowel syndrome in women.

Tegreen *Pharmanex, USA.*
Green tea (p.2416·1).
Dietary supplement.

Tegretal *Novartis, Chile; Novartis, Ger.*
Carbamazepine (p.471·3).
Alcohol withdrawal syndrome; bipolar disorder; diabetic neuropathy; epilepsy; multiple sclerosis; neuralgia.

Tegretard *Cristalia, Braz.*
Carbamazepine (p.471·3).
Alcohol withdrawal syndrome; epilepsy; neuralgias.

Tegretol *Novartis, Arg.; Novartis, Austral.; Novartis, Austria; Novartis, Belg.; Novartis, Braz.; Novartis, Canad.; Novartis, Cz.; Novartis, Denm.; Novartis, Fin.; Novartis, Fr.; Novartis, Gr.; Novartis, Hong Kong; Novartis, Hung.; Novartis, Indon.; Novartis, Irl.; Novartis, Israel; Novartis, Ital.; Novartis, Malaysia; Novartis, Mex.; Novartis, NZ; Novartis, Neth.; Novartis, Norw.; Novartis, Philipp.; Novartis, Pol.; Novartis, Port.; Novartis, Rus.; Novartis, S.Afr.; Novartis, Singapore; Novartis, Spain; Novartis, Swed.; Novartis, Switz.; Novartis, Thai.; Novartis, Turk.; Novartis, UK; Novartis, USA; Novartis, Venez.*
Carbamazepine (p.471·3).
Alcohol withdrawal syndrome; bipolar disorder; depression; diabetes insipidus; diabetic neuropathy; epilepsy; glossopharyngeal neuralgia; mania; neuropathic pain; polydipsia; polyuria; status epilepticus; trigeminal neuralgia.

Tegrex *Neo Quimica, Braz.*
Carbamazepine (p.471·3).
Epilepsy.

Tegrezin *Cazi, Braz.*
Carbamazepine (p.471·3).
Epilepsy.

Tegrin *Reedco, USA.*
Coal tar (p.1616·2).
Skin disorders.

Tegrin-HC *Block, USA.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Tegrital *Novartis, India.*
Carbamazepine (p.471·3).
Bipolar disorder; epilepsy; trigeminal neuralgia.

Teguphen *Lupin, India†.*
Terfenadine (p.590·3); guaifenesin (p.1561·3); phenylephrine hydrochloride (p.1568·1).
Coughs.

Teicon *Ariston, Braz.*
Teicoplanin (p.344·3).
Gram-positive bacterial infections.

Teiconin *Biochimico, Braz.†.*
Teicoplanin (p.344·3).
Bacterial infections.

Teicox *Richmond, Arg.*
Teicoplanin (p.344·3).
Bacterial infections.

Teicozid *Bergamo, Braz.*
Teicoplanin (p.344·3).
Bacterial infections.

Teiklonal *Klonal, Arg.*
Teicoplanin (p.344·3).
Bacterial infections.

Tejel *Johnson & Johnson, Spain.*
Coal tar (p.1616·2).
Scalp disorders.

Tejuntivo *Iquinosa, Spain.*
Oxaceprol (p.2359·1).
Musculoskeletal, joint, and peri-articular disorders; osteoporosis; soft-tissue injury.

Tekarin *Med-One, Gr.*
Vidarabine (p.912·2).
Herpesvirus infections.

Tekaval *Asofarma, Arg.†.*
Valproate semisodium (p.508·2).
Epilepsy.

Tekdent *Leti, Venez.†.*
Strontium chloride (p.2393·1).
Hypersensitive teeth.

Tekfema *Rivero, Arg.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation.

Tekmisin *Sanli, Turk.*
Troleandomycin (p.357·1).
Streptococcal and pneumococcal infections.

Tekturna
Novartis, Cz.; Novartis, Port.
Aliskiren (p.1207·1).
Hypertension.

Novartis, USA.
Aliskiren fumarate (p.1206·3).
Hypertension.

Teladar *Dermol, USA†.*
⊗ Betamethasone dipropionate (p.1518·3).
Skin disorders.

Telament *Adcock Ingram Consumer, S.Afr.*
Simeticone (p.1770·2).
Gripe; infant colic.

Telarix *Help, Gr.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; pruritus.

Telaroid *Cetus, Arg.*
Meloxicam (p.80·3).
Inflammation.

Telbibur N *Fatol, Ger.†.*
Cyanocobalamin (p.1980·2); nicotinamide (p.1957·3); pyridoxine hydrochloride (p.1978·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Liver disorders.

Teldane *Aventis, Mex.†.*
Terfenadine (p.590·3).
Allergic rhinitis; allergic skin disorders.

Teldane D *Aventis, Mex.†.*
Terfenadine (p.590·3); pseudoephedrine (p.1571·2).
Allergic rhinitis.

Teldanex *Aventis, Denm.†; Aventis, Norw.†; Aventis, Swed.†.*
Terfenadine (p.590·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders; hypersensitivity reactions; urticaria.

Teldrin *SmithKline Beecham Consumer, USA.*
Chlorphenamine maleate (p.571·3).
Hypersensitivity reactions.

Telebrix
Codali, Belg.; Guerbet, Braz.†; Tyco, Canad.; Guerbet, Hung.; Guerbet, Israel.
Meglumine ioxitalamate (p.1487·1) and/or sodium ioxitalamate (p.1487·2).
Radiographic contrast medium.

Rudefsa, Mex.
Meglumine ioxitalamate (p.1487·1).
Radiographic contrast medium.

Telebrix 12 *Guerbet, Fr.; Guerbet, Neth.; Martins & Fernandes, Port.; Guerbet, Switz.*
Sodium ioxitalamate (p.1487·2).
Radiographic contrast medium.

Telebrix 30 *Temis, Arg.; Rider, Chile; Guerbet, Cz.; Guerbet, Fr.; Guerbet, Neth.; Martins & Fernandes, Port.; Guerbet, Switz.; Quifoven, Venez.*
Meglumine ioxitalamate (p.1487·1).
Radiographic contrast medium.

Telebrix 35 *Rider, Chile; Guerbet, Cz.; Guerbet, Fr.; Guerbet, Neth.; Martins & Fernandes, Port.; Guerbet, Switz.; Quifoven, Venez.*
Sodium ioxitalamate (p.1487·2); meglumine ioxitalamate (p.1487·1).
Radiographic contrast medium.

Telebrix 38 *Temis, Arg.*
Meglumine ioxitalamate (p.1487·1); sodium ioxitalamate (p.1487·2).
Radiographic contrast medium.

Telebrix Coronario *Temis, Arg.*
Meglumine ioxitalamate (p.1487·1); sodium ioxitalamate (p.1487·2).
Radiographic contrast medium.

Telebrix Gastro *Codali, Belg.; Guerbet, Cz.; Guerbet, Fr.; Guerbet, Ger.; R+N, Gr.; Guerbet, Hung.; Guerbet, Israel; Guerbet, Neth.; Martins & Fernandes, Port.; Guerbet, Switz.*
Meglumine ioxitalamate (p.1487·1).
Contrast medium for gastrointestinal radiography.

Telebrix Hystero *Temis, Arg.; Codali, Belg.; Guerbet, Fr.; R+N, Gr.†; Guerbet, Neth.; Martins & Fernandes, Port.; Guerbet, Switz.; Quifoven, Venez.*
Meglumine ioxitalamate (p.1487·1).
Contrast medium for hysterosalpingography.

Telebrix N 180 and 300 *Guerbet, Ger.*
Meglumine ioxitalamate (p.1487·1).
Contrast medium for urinary-tract radiography.

Telectol *Obolenskoe, Rus.*
Vinpocetine (p.2414·2).
Cerebrovascular disorders; menopausal disorders; vascular eye disorders; vestibular disorders.

Teledol *Casasco, Arg.*
Ketorolac trometamol (p.74·2).
Pain.

Telen *Yamanouchi, Ger.†.*
Tripotassium dicitratobismuthate (p.1711·2).
Duodenal ulcer.

Telergon II *Medicalfarm, Ital.*
Royal jelly (p.2382·1).
Nutritional supplement.

Tele-Stulln *Stulln, Ger.*
⊗ Naphazoline hydrochloride (p.1565·2) or naphazoline nitrate (p.1565·2).
Blepharitis; conjunctivitis.

Telexin *Biofarma, Braz.†*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Telfast *Aventis, Austral.; Aventis, Austria; Sanofi-Aventis, Belg.; Sanofi-Aventis, Cz.; Aventis, Denm.; Sanofi-Aventis, Fin.; Sanofi-Aventis, Fr.; Aventis, Ger.; Procter & Gamble, Ger.; Aventis, Hong Kong; Sanofi-Aventis, Hung.; Sanofi-Aventis, Indon.; Sanofi-Aventis, Irl.; Aventis, Israel; Lepetit, Ital.; Sanofi-Aventis, Malaysia; Aventis, NZ; Aventis, Neth.; Aventis, Norw.; Aventis, Philipp.; Sanofi-Aventis, Pol.; Sanofi-Aventis, Port.; Aventis, Rus.; Aventis, S.Afr.; Sanofi-Aventis, Singapore; Sanofi-Aventis, Spain; Aventis, Swed.; Aventis, Switz.; Aventis, Thai.; Aventis, Turk.; Aventis, UK.*
Fexofenadine hydrochloride (p.579·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders; atopic asthma; urticaria.

Telfast Decongestant *Aventis, Austral.; Aventis, NZ†.*
Fexofenadine hydrochloride (p.579·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; nasal congestion.

Telfast Plus *Sanofi-Aventis, Indon.*
Fexofenadine hydrochloride (p.579·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Telfast-D *Aventis, Hong Kong; Sanofi-Aventis, Malaysia; Sanofi-Aventis, Singapore.*
Fexofenadine hydrochloride (p.579·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis.

Telma *Glenmark, India.*
Telmisartan (p.1409·2).
Hypertension.

Telma-H *Glenmark, India†.*
⊗ Telmisartan (p.1409·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Telmitin *Nakornpatana, Thai.*
Niclosamide (p.151·1).
Cestode infections.

Telmox *Sandoz, Arg.*
Amoxicillin (p.202·2).
Bacterial infections.

Telnase *Aventis, Austral.; Aventis, NZ.*
⊗ Triamcinolone acetonide (p.1544·3).
Allergic rhinitis.

Telo *Uriach, Spain.*
Cefditoren pivoxil (p.223·2).
Bacterial infections.

Telo Cypro *Relax, Ital.†.*
Copper wire (p.1935·2).
Headache; insomnia; muscle spasm; musculoskeletal and joint disorders; pain.

Telos *Nycomed, Ger.*
Lornoxicam (p.77·3).
Osteoarthritis; rheumatoid arthritis.

Telpres *Nicholas Piramal, India.*
Telmisartan (p.1409·2).
Hypertension.

Telpres-H *Nicholas Piramal, India.*
⊗ Telmisartan (p.1409·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Telset *Medipharm, Chile.*
Tioconazole (p.548·2).
Fungal and Gram-positive bacterial skin infections.

Telsimox *Ad-Drugstel, Philipp.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Telsomet *Spefar, Venez.†.*
Diazepam (p.986·3).
Anxiety; epilepsy; skeletal muscle spasm.

Teltonal *Hexal, Ger.*
Devil's claw root (p.39·1).
Joint disorders.

Telugren *Royal, Chile.*
Clotrimazole (p.530·1).
Fungal skin infections.

Telugren Plus *Royal, Chile.*
⊗ Clotrimazole (p.530·1); dexamethasone acetate (p.1526·1).
Fungal and Gram-positive bacterial skin infections with inflammation.

Teluron *Schering, Jpn.*
Terguride (p.819·2).
Galactorrhoea; hyperprolactinaemia; suppression of lactation.

Telus *Elvetium, Arg.†.*
Ranitidine (p.1766·1).
Peptic ulcer.

Telviran *EGIS, Hung.*
Aciclovir (p.862·3).
Herpesvirus infections.

Telvodin *Ivax, Arg.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Telzer *GSK, Mex.*
Fosamprenavir calcium (p.877·1).
HIV infection.

Telzir *GSK, Arg.; GSK, Austral.; GSK, Belg.; GSK, Canad.; GSK, Cz.; GSK, Denm.; GSK, Fin.; GSK, Fr.; GSK, Ger.; GSK, Gr.; GSK, Hung.; GSK, Irl.; GSK, Ital.; GSK, Neth.; GSK, Norw.; GSK, Pol.; GSK, Port.; GSK, Spain; GSK, Swed.; GSK, Switz.; GSK, UK.*
Fosamprenavir calcium (p.877·1).
HIV infection.

Temaco *Nakornpatana, Thai.*
Theophylline (p.1140·1).
Obstructive airways disease.

Temaze *Alphapharm, Austral.*
Temazepam (p.1030·1).
Insomnia.

Temazep *CT, Ger.*
Temazepam (p.1030·1).
Sleep disorders.

Temerit *Menarini, Fr.*
⊗ Nebivolol (p.1347·1).
Heart failure; hypertension.

Temesta *Wyeth Lederle, Austria; Wyeth, Belg.; Wyeth, Denm.; Wyeth, Fin.; Biodim, Fr.; Wyeth, Neth.; Wyeth, Swed.; Wyeth, Switz.*
Lorazepam (p.1004·1).
Alcohol withdrawal syndrome; anxiety; insomnia; mixed anxiety depressive states; nausea and vomiting; premedication; sedative; status epilepticus.

Temetex *Teofarma, Ital.; Roche, Turk.*
⊗ Diflucortolone valerate (p.1529·2).
Skin disorders.

Temgesic
Kirby, Arg.†; Reckitt Benckiser, Austral.; Aesca, Austria; Schering-Plough, Belg.; Schering-Plough, Cz.; Schering-Plough, Denm.; Schering-Plough, Fin.; Schering-Plough, Fr.; Essex, Ger.; Schering-Plough, Hong Kong; Reckitt Benckiser, Irl.; Schering-Plough, Ital.; Schering-Plough, Malaysia†; Schering-Plough, Mex.; Reckitt Benckiser, NZ; Schering-Plough, Neth.; Schering-Plough, Norw.; Schering-Plough, S.Afr.; Schering-Plough, Singapore†; Schering-Plough, Swed.; Essex, Switz.; Schering-Plough, Thai.†; Schering-Plough, UK.
⊗ Buprenorphine hydrochloride (p.29·1).
Pain.

Mantecorp, Braz.
⊗ Buprenorphine (p.29·1) or buprenorphine hydrochloride (p.29·1).
Pain.

Temic *Uno, Ital.*
Cimetidine (p.1716·2).
Gastric hyperacidity; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Temigran *Teva, Israel.*
Ergotamine tartrate (p.620·1); chlorcyclizine (p.571·2); caffeine (p.1116·3); codeine phosphate (p.37·2).
Vascular headache.

Temisartan *Temis, Arg.*
Losartan potassium (p.1326·1).

Temistac *Temis, Arg.*
Meglumine amidotrizoate (p.1475·3); sodium amidotrizoate (p.1475·3).
Radiographic contrast medium.

Temodal *Schering-Plough, Arg.†; Schering-Plough, Austral.; Schering-Plough, Austria; Schering-Plough, Belg.; Schering-Plough, Braz.; Schering, Canad.; Schering-Plough, Chile; Schering-Plough, Cz.; SP, Denm.; Schering-Plough, Fin.; Schering-Plough, Fr.; Essex, Ger.; Schering-Plough, Gr.; Schering-Plough, Hong Kong; Schering-Plough, Hung.; Schering-Plough, Indon.; Schering-Plough, Irl.; Schering-Plough, Israel; Schering-Plough, Ital.; Schering-Plough, Malaysia; Schering-Plough, Mex.; Schering-Plough, NZ; Schering-Plough, Neth.; Schering-Plough, Norw.; Schering-Plough, Philipp.; Schering-Plough, Pol.; Schering-Plough, Port.; Schering-Plough, Rus.; Schering-Plough, S.Afr.; Schering-Plough, Singapore; Schering-Plough, Spain; Schering-Plough, Swed.; Essex, Switz.; Schering-Plough, Thai.; Schering-Plough, Turk.; Schering-Plough, UK; Schering-Plough, Venez.*
Temozolomide (p.776·3).
Malignant glioma; malignant melanoma.

Temodar *Schering, USA.*
Temozolomide (p.776·3).
Anaplastic astrocytoma; glioblastoma multiforme.

Temovate *PharmaDerm, USA.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Temoxol *Schering-Plough, S.Afr.†.*
Temozolomide (p.776·3).
Malignant glioma; metastatic malignant melanoma.

Temp Tab *National Vitamin, USA.*
Sodium chloride (p.1686·1); potassium chloride (p.1684·3).
Electrolyte disorders.

Tempain *Blooming Fields, Philipp.*
Paracetamol (p.108·1).
Fever; pain.

Tempalgin *Pharmachim, Rus.*
Dipyrone (p.49·2); triacetonamine tosilate (p.1033·2).
Fever; pain.

Tempanginol *Balkanpharma, Rus.*
Dipyrone (p.49·2); triacetonamine tosilate (p.1033·2).
Fever; pain.

Temperal *Allen, Mex.; Diviser Aquilea, Spain†.*
Paracetamol (p.108·1).
Fever; pain.

Temperax *Bago, Chile.*
Citalopram hydrobromide (p.385·3).
Depression.

Tempil *Temmler, Ger.†.*
Ibuprofen (p.64·2).
Fever; pain.

Tempil N *Temmler, Ger.*
⊗ Diphenylpyraline hydrochloride (p.578·2); metamfepramone hydrochloride (p.2343·1); aspirin (p.20·3).
Cold symptoms.

Tempire *Collins, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Templadol *Andromaco, Chile.*
Mefenamic acid (p.80·1).
Pain.

Tempo
Note. This name is used for preparations of different composition.
Akdeniz, Turk.
Paracetamol (p.108·1).
Fever; pain.

Thompson, USA.
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); simeticone (p.1770·2); calcium carbonate (p.1714·1).
Hyperacidity.

Tempofin *Collins, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Tempolax *Hommel, Ger.*
Bisacodyl (p.1710·1).
Bowel evacuation; constipation.

Tempo-Rinolo *Aventis, Ital.†.*
Phenylpropanolamine hydrochloride (p.1569·3); chlorphenamine maleate (p.571·3).
Nasal congestion.

Temporol *Orion, Irl.†.*
Carbamazepine (p.471·3).
Epilepsy; trigeminal neuralgia.

Tempra
Note. This name is used for preparations of different composition.
Mead Johnson Nutritionals, Canad.; BMS, Indon.; BMS, Philipp.; Mead Johnson Nutritionals, Thai.; Mead Johnson Nutritionals, USA; BMS, Venez.
Paracetamol (p.108·1).
Fever; pain.

BMS, Mex.
Chewable tablets; oral drops; suppositories; syrup; tablets: Paracetamol (p.108·1).
Fever; pain.

BMS, Mex.†.
Injection: Propacetamol hydrochloride (p.119·2).
Fever; pain.

Tempra CD *BMS, Mex.†.*
Paracetamol (p.108·1); codeine phosphate (p.37·2).
Pain.

Tempra MF *BMS, Mex.†.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Tempragrip
Note. This name is used for preparations of different composition.
BMS, Venez.
Oral granules: Paracetamol (p.108·1); pheniramine maleate (p.587·3).
Formerly contained paracetamol and chlorphenamine.

BMS, Venez.
Tablets: Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Influenza symptoms.

Tempragrip Dia y Noche *BMS, Venez.*
Day tablets, paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); night tablets, paracetamol; pseudoephedrine hydrochloride; chlorphenamine maleate (p.571·3).
Influenza symptoms.

Tempraplus *BMS, Venez.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Tempre *Collins, Mex.†.*
Paracetamol (p.108·1).
Fever; pain.

Temprin *Continentales, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Temrevac-HB *Vaxines, Philipp.*
A hepatitis B vaccine (recombinant) (p.2215·2).
Active immunisation.

Temserin *Vianex (Βιανεξ), Gr.*
⊗ Timolol maleate (p.1412·3).
Glaucoma.

Temsofen *Tems, Turk.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Temtabs *Fawns & McAllan, Austral.*
Temazepam (p.1030·1).
Insomnia.

Temzzard *Pizzard, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Tenace *Combiphar, Indon.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Tenacid *Sigma-Tau, Ital.*
Imipenem (p.286·3); cilastatin sodium (p.243·1).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Tenadin *Opco, Denm.†.*
Terfenadine (p.590·3).
Allergic conjunctivitis; allergic rhinitis; hay fever; urticaria.

Tenadren *Sigma, Braz.*
⊗ Propranolol hydrochloride (p.1380·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Tenadrin *Hua, Thai.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3); sodium citrate (p.1673·3); menthol (p.2340·1).
Coughs; nasal congestion.

Tenag *Marjan, Braz.*
Agnus castus (p.2249·1).

Tenalgin *Vida, Port.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Tenapril *Dexa, Indon.*
Ramipril (p.1385·3).
Heart failure; hypertension.

Tenaron *Sandoz, Arg.; Pharma Investi, Chile.*
Meloxicam (p.80·3).
Inflammation; musculoskeletal, joint, peri-articular, and soft-tissue disorders; pain.

Tenasil *Homeofarm, Pol.*
Terbinafine hydrochloride (p.546·3).
Fungal skin infections.

Tenavit *Marjan, Braz.*
Folic acid; pyridoxine hydrochloride; cyanocobalamin (p.1922·1).

Tenax *Siam Bheasach, Thai.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Tenaxum
Servier, Cz.; EGIS, Hung.
Rilmenidine phosphate (p.1388·3).
Hypertension.

Servier, Pol.
Rilmenidine (p.1388·3).
Hypertension.

Tenazide *Combiphar, Indon.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Tenblok *Kimia, Indon.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Ten-Bloka *Pharmacare, S.Afr.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension.

Tencas *Casasco, Arg.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension; left-ventricular dysfunction.

Tencas D *Casasco, Arg.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Tencef *Tedec Meiji, Port.; Tedec Meiji, Spain.*
Cefminox sodium (p.226·1).
Bacterial infections.

Tencet *Hauck, USA.*
Paracetamol (p.108·1); butalbital (p.967·2); caffeine (p.1116·3).
Formerly known as G-1.
Pain.

Tenchlor *Pharmacare, S.Afr.; Berk, UK.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
These ingredients can be described by the British Approved Name Co-tenidone.
Hypertension.

Tencilan *Finadiet, Arg.*
Dipotassium clorazepate (p.980·1).
Anxiety.

Tencon *International Ethical, USA.*
Paracetamol (p.108·1); butalbital (p.967·2).

Tendan *Lamda (Λαμδα), Gr.†.*
Buspirone hydrochloride (p.965·3).
Anxiety disorders.

Tenderdol *Vifor, Switz.*
Choline salicylate (p.36·3); cetalkonium chloride (p.1634·1); levomenol (p.2333·3).
Mouth disorders.

TenderWet *IVF, Switz.†.*
Xanthan gum (p.2147·2).
Wounds.

Tendigrip *Pietrasanta, Ital.*
Zinc oxide (p.1621·2).

Tendolon *Elpen (Ελπεν), Gr.*
Calcitonin (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone.

Tendox *Chefaro, Neth.*
Benzoyl peroxide (p.1590·2).
Acne.

Tendrin *Pisa, Mex.*
⊗ Ephedrine (p.1558·1).

Tendro *Tentan, Switz.*
Hamamelis (p.2318·2); euphrasia (p.2301·3); dexpanthenol (p.2362·1).
Dry eyes; eye irritation.

Tenecha *Drovepat, Venez.†.*
Pyrantel embonate (p.155·1).
Worm infections.

Teneretic *AstraZeneca, Ger.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Tenervan *Rafarm, Gr.*
Amoxicillin (p.202·2); clavulanic acid (p.250·2).
Bacterial infections.

Tenescan *Maver, Mex.*
Clotrimazole (p.530·1).
Fungal infections.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Tenex *Reddy, USA.*
Guanfacine hydrochloride (p.1301·1).
Hypertension.

Tenibex *Lemery, Mex.*
Albendazole (p.139·2).
Worm infections.

Tenidon *Gerard, Denm.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Tenif *AstraZeneca, Belg.; AstraZeneca, UK.*
⊗ Atenolol (p.1217·3); nifedipine (p.1350·1).
Angina pectoris; hypertension.

Teniken *Kener, Mex.*
Praziquantel (p.153·3).
Parasitic infections.

Tenitran *Pfizer, Ital.†.*
Tenitramine (p.1410·2).
Angina pectoris; heart failure.

Tenitrat *Catarinense, Braz.*
Devil's claw root (p.39·1).
Inflammation.

Teniverme *Basi, Port.*
Flubendazole (p.145·1).
Worm infections.

Ten-K *Summit, USA.*
Potassium chloride (p.1684·3).
Hypokalaemia; potassium depletion.

Tenkdol *Biotenk, Arg.*
Ketorolac trometamol (p.74·2).
Pain.

Tenliv *Ativus, Braz.*
Feverfew (p.622·2).
Migraine.

Teno *Ipca, India.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension.

Tenobio *Biofarma, Braz.†.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Tenoblock *Leiras, Fin.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; myocardial infarction.

Tenocam *Eurofarma, Braz.†; M & H, Thai.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Tenocard *Klonal, Arg.*
Nimodipine (p.1357·2).

Tenochek
Ipca, India.
⊗ Atenolol (p.1217·3); amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Ipca, Rus.
⊗ Atenolol (p.1217·3); amlodipine (p.1214·2).
Angina pectoris; hypertension.

Tenoclor *Nicholas Piramal, India.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Tenocor *Merck, Thai.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Tenofax *Sandoz, Indon.*
Captopril (p.1239·2).
Heart failure; hypertension.

Tenofed *Ipca, India.*
⊗ Atenolol (p.1217·3); nifedipine (p.1350·1).
Angina pectoris; hypertension.

Tenoftal
Note.This name is used for preparations of different composition.
Klonal, Arg.†.
⊗ Carteolol hydrochloride (p.1241·1).
Glaucoma.

Teuto, Braz.
⊗ Timolol maleate (p.1412·3).
Glaucoma.

Tenoksan *Drogsan, Turk.*
Tenoxicam (p.128·2).
Musculoskeletal and joint disorders.

Tenoktil *Eczacibasi, Turk.*
Tenoxicam (p.128·2).
Musculoskeletal and joint disorders.

Tenol *Masa, Thai.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Tenolin *Technilab, Canad.†.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension.

Tenoloc *Zentiva, Cz.*
⊗ Celiprolol hydrochloride (p.1242·2).
Angina pectoris; hypertension.

Tenolol *Ipca, India; Ipca, Rus.; IPCA, Singapore; Siam Bheasach, Thai.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Tenolol-AM *Ipca, India.*
⊗ Atenolol (p.1217·3); amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Tenolol-D *Ipca, India†.*
⊗ Atenolol (p.1217·3); indapamide (p.1314·1).
Hypertension.

Tenolone *Lusofarmaco, Ital.†.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Tenomax *Boniscontro & Gazzone, Ital.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Tenopres *Sidus, Arg.†.*
Losartan potassium (p.1326·1).
Hypertension.

Tenopres D *Sidus, Arg.†.*
⊗ Losartan potassium (p.1326·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Tenoprin *Ratiopharm, Fin.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; myocardial infarction.

Tenopt *Sigma, Austral.*
⊗ Timolol maleate (p.1412·3).
Glaucoma; ocular hypertension.

Tenor-Bloc *Intas, Philipp.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension.

Tenordate *AstraZeneca, Fr.*
⊗ Nifedipine (p.1350·1); atenolol (p.1217·3).
Hypertension.

Tenoret *AstraZeneca, Hong Kong; AstraZeneca, Indon.; AstraZeneca, Irl.; AstraZeneca, Malaysia; AstraZeneca, Singapore; AstraZeneca, Thai.†; AstraZeneca, UK.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
These ingredients can be described by the British Approved Name Co-tenidone.
Hypertension.

Tenoretic *AstraZeneca, Austria; AstraZeneca, Belg.; AstraZeneca, Braz.; AstraZeneca, Canad.; AstraZeneca, Chile†; AstraZeneca, Cz.; Pfizer, Denm.; AstraZeneca, Fr.; Cana, Gr.; AstraZeneca, Hong Kong; AstraZeneca, Indon.; AstraZeneca, Irl.; AstraZeneca, Ital.; AstraZeneca, Malaysia; AstraZeneca, Mex.; AstraZeneca, Neth.; AstraZeneca, Philipp.; AstraZeneca, Port.; AstraZeneca, S.Afr.; AstraZeneca, Singapore; AstraZeneca, Spain; AstraZeneca, Switz.; AstraZeneca, Thai.†; Abdi, Turk.; AstraZeneca, UK; AstraZeneca, USA; AstraZeneca, Venez.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
These ingredients can be described by the British Approved Name Co-tenidone.
Hypertension.

Tenoric *Ipca, India; Ipca, Rus.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Tenormin *AstraZeneca, Austral.; AstraZeneca, Austria; AstraZeneca, Belg.; AstraZeneca, Canad.; AstraZeneca, Chile†; AstraZeneca, Cz.; Pfizer, Denm.; AstraZeneca, Ger.; Cana, Gr.; AstraZeneca, Hong Kong; Nicholas Piramal, India; AstraZeneca, Indon.; AstraZeneca, Irl.; AstraZeneca, Ital.; AstraZeneca, Malaysia; AstraZeneca, Mex.; AstraZeneca, Neth.; Pfizer, Norw.; AstraZeneca, Philipp.; AstraZeneca, Port.; AstraZeneca, S.Afr.; AstraZeneca, Singapore; AstraZeneca, Spain; Pfizer, Swed.; AstraZeneca, Switz.; AstraZeneca, Thai.; AstraZeneca, UK; AstraZeneca, USA; AstraZeneca, Venez.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; hyperthyroidism; migraine; myocardial infarction.

Tenormine *AstraZeneca, Fr.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Tenorox *Oxford Laboratories, Rus.*
⊗ Atenolol (p.1217·3); chlortalidone (p.1243·3).
Hypertension.

Tenostat *Apotex, Philipp.; Pharma 3, Philipp.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension.

Tenotec *Ache, Braz.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Tenovate *GSK, India.*
⊗ Clobetasol propionate (p.1522·2).
Skin disorders.

Tenovate G *GSK, India.*
⊗ Clobetasol propionate (p.1522·2); gentamicin sulfate (p.282·1).
Infected skin disorders.

Tenovate M *GSK, India.*
⊗ Clobetasol propionate (p.1522·2); miconazole nitrate (p.541·3).
Infected skin disorders.

Tenox
Note.This name is used for preparations of different composition.
Orion, Fin.; Orion, Irl.
Temazepam (p.1030·1).
Anxiety; insomnia; premedication.

Lamda (Λαμδα), Gr.†; Charoen, Thai.; Biofarma, Turk.
Tenoxicam (p.128·2).
Gout; inflammatory disorders; musculoskeletal, joint, and peri-articular disorders.

KRKA, Hung.; KRKA, Pol.
Amlodipine maleate (p.1214·2).
Angina pectoris; hypertension.

Tenoxen *Biosintetica, Braz.†.*
Tenoxicam (p.128·2).
Musculoskeletal, joint, and peri-articular disorders.

Tenoxil *Olan-Kemed, Thai.*
Tenoxicam (p.128·2).
Musculoskeletal, joint, and peri-articular disorders.

Tenoxin *Roemmers-Klinos, Venez.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Tenoxol *Boniscontro & Gazzone, Ital.*
Neltenexine (p.1566·1).
Respiratory-tract disorders.

Tenpril *Lisapharma, Ital.*
Captopril (p.1239·2).
Heart failure; hypertension.

Ten-Quat *Esoform, Ital.*
Benzalkonium chloride (p.1629·1).
Surface disinfection.

Tens *Unilfarma, Port.; Boehringer Ingelheim, Venez.†.*
Lacidipine (p.1322·2).
Hypertension.

Tensaar *Kimia, Indon.*
Losartan potassium (p.1326·1).
Hypertension.

Tensadiur *Savio, Ital.*
⊗ Benazepril hydrochloride (p.1223·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Tensaldin *Delta, Braz.*
⊗ Caffeine (p.1116·3); isometheptene hydrochloride (p.2327·1) or isometheptene mucate (p.2327·2); dipyrone (p.49·2).
Migraine.

Tensaliv *Neo Quimica, Braz.*
Amlodipine besilate (p.1214·1).
Hypertension.

Tensamin *Zentiva, Cz.*
Dopamine hydrochloride (p.1273·2).
Heart failure; hypovolaemia; shock.

Tensamon *Sanitas, Chile.*
Cyclobenzaprine hydrochloride (p.1895·2).
Musculoskeletal disorders.

Tensan *Arcana, Austria.*
Nilvadipine (p.1357·1).
Hypertension.

Tensanil *Savio, Ital.*
Benazepril hydrochloride (p.1223·2).
Heart failure; hypertension.

Tensazol *Tecnifar, Port.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension; ischaemic heart disease; myocardial infarction; unstable angina pectoris.

Tenserpil *Gentek, Venez.†.*
Losartan potassium (p.1326·1).
Hypertension.

Tensiane *Greenpharma, Braz.*
Cimicifuga (p.2282·1).

Tensiben *Soria Natural, Spain†.*
Olive oil (p.2356·2); crataegus (p.2289·1); betula alba (p.2266·3).
Arrhythmias; hypertension.

Tensibloc *Towa, Philipp.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Tensicap *Sanbe, Indon.*
Captopril (p.1239·2).
Heart failure; hypertension.

Tensidif *Medifarm, Turk.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Tensidol *Kenyaku, Thai.†.*
Haloperidol (p.1000·2).
Anxiety; psychiatric disorders.

Tensig *Sigma, Austral.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Tensigal *Ivax, Cz.*
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Tensikey *Inkeysa, Spain.*
Lisinopril (p.1325·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Tensikey Complex *Inkeysa, Spain.*
⊗ Lisinopril (p.1325·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Tensil *Best, Mex.*
Captopril (p.1239·2).
Diabetic nephropathy; heart failure; hypertension.

Tensilol *LA, Arg.*
⊗ Atenolol (p.1217·3).
Hypertension.

Tensilon *ICN, USA.*
Edrophonium chloride (p.630·3).
Diagnosis of myasthenia gravis; reversal of competitive neuromuscular blockade.

Tensimin *Unique, India†; Pasteur, Philipp.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension; myocardial infarction.

Tensinor *Abdi, Turk.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Tensinorm *Medikon, Indon.*
⊗ Atenolol (p.1217·3).
Angina pectoris; hypertension; myocardial infarction.

Tensiocap *Giscard, Arg.*
Pilocarpine (p.1884·3).

Tensiocomplet *Medea, Spain.*
⊗ Hydralazine hydrochloride (p.1305·3); hydrochlorothiazide (p.1307·3); reserpine (p.1387·3).
Hypertension.

Tensiomax *Bago, Chile.*
Cyclobenzaprine hydrochloride (p.1895·2).
Skeletal muscle spasm.

Tensiomin *Egis, Cz.; UCB, Ger.; Egis, Hong Kong; EGIS, Hung.; Egis, Thai.†.*
Captopril (p.1239·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Tensiomin-Cor *UCB, Ger.*
Captopril (p.1239·2).
Heart failure; hypertension.

Tensionorme *Lisapharm, Fr.*
⊗ Bendroflumethiazide (p.1224·1); reserpine (p.1387·3).
Hypertension.

Tensioval *Sanval, Braz.*
Methyldopa (p.1334·1).
Hypertension.

Tensipine *Genus, UK.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Tensiplex *Francia, Ital.†.*
Vinburnine phosphate (p.2414·1).
Cerebrovascular disorders; mental function impairment.

Tensispes *Alet, Gr.*
Buspirone hydrochloride (p.965·3).
Anxiety.

Tensiton *Infusia, Cz.†.*
⊗ Dextran 70 (p.1059·3) in sodium chloride.
Hypovolaemia.

Tensium
Note.This name is used for preparations of different composition.
Baliarda, Arg.
Alprazolam (p.960·1).
Alcohol withdrawal syndrome; anxiety; mixed anxiety depressive states; panic attacks.

DDSA Pharmaceuticals, UK.
Diazepam (p.986·3).
Alcohol withdrawal syndrome; anxiety; epilepsy; insomnia; premedication; skeletal muscle spasm.

Tensium Gastric *Baliarda, Arg.*
Alprazolam (p.960·1); domperidone (p.1726·2); simeticone (p.1770·2).
Gastrointestinal disorders.

Tensival *Solvay, Port.*
⊗ Eprosartan mesilate (p.1281·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Tensivask *Dexa, Indon.*
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.

Tenso Stop *Esteve, Spain.*
Fosinopril sodium (p.1291·3).
Heart failure; hypertension.

Tenso Stop Plus *Esteve, Spain.*
⊗ Fosinopril sodium (p.1291·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Tensobon *Schwarz, Ger.; Coronet, Indon.*
Captopril (p.1239·2).
Diabetic nephropathy; heart failure; hypertension.

Tensobon comp *Schwarz, Ger.; Upsamedica, Switz.*
⊗ Captopril (p.1239·2); hydrochlorothiazide (p.1307·3).
Heart failure; hypertension.

Tensocardil *Esteve, Spain.*
Fosinopril sodium (p.1291·3).
Heart failure; hypertension.

Tensodin *Ativus, Braz.*
Amlodipine besilate (p.1214·1).
Hypertension.

Tensodox *Recalcine, Chile.*
Cyclobenzaprine hydrochloride (p.1895·2).
Skeletal muscle spasm.

Tensofar *Pharma Investi, Chile.*
Nitrendipine (p.1358·2).
Hypertension.

Tensoflux *Hennig, Ger.*
⊗ Bendroflumethiazide (p.1224·1); amiloride hydrochloride (p.1209·2).
Ascites; hypertension; oedema; renal calculi.

Tensogard *BMS, Ital.*
Fosinopril sodium (p.1291·3).
Heart failure; hypertension.

Tensogradal *Almirall, Spain.*
Nitrendipine (p.1358·2).
Hypertension.

Tensoliv *Laboratorios Chile, Chile.*
Chlordiazepoxide (p.968·1); clidinium bromide (p.1722·1).
Irritable colon.

Tensolve *Pharmacare, S.Afr.*
Paracetamol (p.108·1); diphenhydramine hydrochloride (p.577·2); codeine phosphate (p.37·2); caffeine (p.1116·3).
Pain.

Tensomax *Leti, Venez.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Tensonit *Ivax, Arg.*
Olmesartan medoxomil (p.1361·1).
Hypertension.

Tensopin *Leti, Venez.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Tensoprel *Rubio, Singapore†; Rubio, Spain.*
Captopril (p.1239·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Tensopril
Note.This name is used for preparations of different composition.
Ivax, Arg.; MSD, Israel.
Lisinopril (p.1325·2).
Heart failure; hypertension.
Ivax, Irl.†; Irex, Port.†; Ivax, UK.
Captopril (p.1239·2).
Heart failure; hypertension.

Tensopril D *Ivax, Arg.*
⊗ Lisinopril (p.1325·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Tensopyn *Mirren, S.Afr.*
Paracetamol (p.108·1); codeine phosphate (p.37·2); doxylamine succinate (p.578·2); caffeine (p.1116·3).
Pain and associated tension.

Tensoril *Apotex, Philipp.; Pharma 3, Philipp.*
Captopril (p.1239·2).
Heart failure; hypertension.

Tensostad *Stada, Ger.*
Captopril (p.1239·2).
Heart failure; hypertension.

Tensotec
Lavipharm, Gr.†.
Moexipril (p.1343·3).
Hypertension.
Ranbaxy, Malaysia†; Schwarz, Malaysia†; Neo-Farmaceutica, Port.
Moexipril hydrochloride (p.1343·2).
Hypertension.

Tensotin *Julphar, UAE.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension.

Tensozide *BMS, Ital.*
⊗ Fosinopril sodium (p.1291·3); hydrochlorothiazide (p.1307·3).
Hypertension.

Tenstaten *Ipsen, Cz.†; Beaufour, Fr.*
⊗ Cicletanine hydrochloride (p.1244·3).
Hypertension.

Tenston
Note.This name is used for preparations of different composition.
Adcock Ingram, S.Afr.
Sustained-release capsules; sustained-release tablets: Paracetamol (p.108·1); caffeine (p.1116·3); codeine phosphate (p.37·2); meprobamate (p.1006·2).
Fever; pain.
Adcock Ingram, S.Afr.
Syrup: Promethazine hydrochloride (p.588·2); paracetamol (p.108·1); codeine phosphate (p.37·2).
Fever; pain.
Adcock Ingram, S.Afr.
Tablets: Aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3); codeine phosphate (p.37·2); meprobamate (p.1006·2).
Fever; pain.

Tensulan *Marjan, Braz.*
Vitamin preparation (p.1922·1).

Tensuril *Cristalia, Braz.*
Diazoxide (p.1257·3).
Hypertension; hypoglycaemia.

Tentepanil *Medinova (Μεντινοβα), Gr.*
Tenoxicam (p.128·2).
Inflammatory disorders.

Tentex *Himalaya, Rus.*
Abelmoschus moschatus; withania somnifera; argyreia speciosa; dolichos pruriens; trivanga bhasma; shilajeet (mineral pitch); saffron (p.1472·3); nux vomica (p.2355·3); makardhwaj; orchis mascula (p.2357·3); anacyclus pyrethrum; sida cordifolia; bombax ceiba; black pepper (p.2364·3).
Erectile dysfunction.

Tentil *Rafarm, Gr.*
Potassium iodide (p.2169·2); sodium iodide (p.2169·2).
Glaucoma.

Tentrini *Nutricia, Austral.†; Support, Braz.†; Nutricia, Fin.; Nutricia, Fr.; Nutricia, Irl.; Nutricia, Ital.; Nutricia, Port.; Nutricia Clinical, UK.*
A range of preparations for enteral nutrition (p.1922·1).

Tenturdiyot *Aroma, Turk.; Cagdas, Turk.; Drogsan, Turk.; Merkez, Turk.; Oro, Turk.*
Iodine (p.2169·2); sodium iodide (p.2169·2).
Minor cuts and abrasions.

Tenualax *Bago, Arg.*
Lactulose (p.1738·2).
Constipation; gastrointestinal enteropathy; hepatic encephalopathy.

Tenuate *Aventis, Austral.; Aventis, Canad.; Aventis, USA†.*
⊗ Diethylpropion hydrochloride (p.2154·3).
Obesity.

Tenuate Dospan *Aventis, NZ; Adcock Ingram, S.Afr.*
⊗ Diethylpropion hydrochloride (p.2154·3).
Obesity.

Tenutan *PannonPharma, Hung.*
Doxycycline hyclate (p.267·1).
Bacterial infections.

Tenutex *Bioglan, Swed.*
Disulfiram (p.2296·2); benzyl benzoate (p.2036·1).
Pediculosis; scabies.

Tenvasc *Interbial, Port.*
Cilnidipine (p.1245·2).

Tenvatil *Drugtech, Chile.*
Trihexyphenidyl hydrochloride (p.820·2).
Parkinsonism.

Tenvic *Investi, Arg.*
Iron polymaltose (p.1953·1); cyanocobalamin (p.1980·2); folic acid (p.1940·1).
Iron and folic acid deficiency.

Tenxil *Unison, Thai.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Teobag *Eczacibasi-Baxter, Turk.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teobid *Farma, Venez.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teoden *Biosintetica, Braz.†.*
⊗ Salbutamol (p.1131·2).
Obstructive airways disease.

Teodosis *Welt, Arg.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teofedril *Pfizer, Venez.†.*
⊗ Theophylline (p.1140·1); ephedrine hydrochloride (p.1558·2); phenobarbital (p.492·2).
Asthma.

Teofilab *Multilab, Braz.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teofylamin *Medic, Denm.; SAD, Denm.*
Aminophylline (p.1114·2).
Obstructive airways disease.

Teofyllamin *Ipex, Swed.*
Aminophylline (p.1114·2).
Asthma; neonatal apnoea; pulmonary oedema.

Teogrand *Ahimsa, Arg.*
Ranitidine (p.1766·1).
Peptic ulcer.

Teokap *Nobel, Turk.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teolixir *Biogalenica, Spain.*
Theophylline (p.1140·1).
Heart failure; obstructive airways disease; paroxysmal dyspnoea.

Teolixir Compositum *Biogalenica, Spain.*
⊗ Guaifenesin (p.1561·3); prednisolone (p.1540·3); theophylline (p.1140·1).
Obstructive airways disease.

Teolong *Abbott, Braz.; Knoll, Mex.†.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teomuc *Biolab Sanus, Braz.*
Ambroxol theophyllinate (p.1114·2).
Respiratory-tract disorders.

Teonibsa *Inibsa, Port.†.*
Theophylline (p.1140·1).
Heart failure; obstructive airways disease; pulmonary oedema.

Teophyl *IQB, Braz.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teoptic *Novartis, Irl.; Novartis, Neth.; Restan, S.Afr.; Novartis, UK.*
⊗ Carteolol hydrochloride (p.1241·1).
Glaucoma; ocular hypertension.

Teoremac *Sanfer, Mex.*
Glucametacin (p.62·2).
Fever; inflammation; pain.

Teoremin *Asta Medica, Braz.*
Glucametacin (p.62·2).
Musculoskeletal, joint, and peri-articular disorders.

Teosal *Dexa, Indon.*
⊗ Salbutamol sulfate (p.1131·3); theophylline (p.1140·1).
Obstructive airways disease.

Teosel *Biosel, Turk.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teosona *Phoenix, Arg.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teosona Sol *Phoenix, Arg.*
Theophylline (p.1140·1); theophylline monoethanolamine (p.1146·3).
Obstructive airways disease.

Teoston *Ariston, Braz.*
Theophylline (p.1140·1).
Asthma; bronchodilator.

Teotard *KRKA, Cz.†; KRKA, Rus.*
Theophylline (p.1140·1).
Obstructive airways disease.

Teovent
Note.This name is used for preparations of different composition.
Schering-Plough, Port.†.
Theophylline (p.1140·1).
Asthma.
Recip, Swed.
Choline theophyllinate (p.1119·3).
Obstructive airways disease.

Tepanil *Norma (Νορμα), Gr.†.*
Nitrendipine (p.1358·2).
Hypertension.

Tepavil *Almirall, Spain.*
Sulpiride (p.1028·3).
Anxiety; psychoses; vertigo.

Tepaxin *Takeda, Indon.*
Cefalexin (p.218·2).
Bacterial infections.

Tepazepam *Gentek, Venez.†.*
Sulpiride (p.1028·3); diazepam (p.986·3).
Anxiety; depression.

Tepazepan *Almirall, Spain.*
Diazepam (p.986·3); pyridoxine (p.1979·1); sulpiride (p.1028·3).
Anxiety; neurosis; psychoses; psychosomatic disorders.

Teperin *Extractum, Hung.*
Amitriptyline hydrochloride (p.376·1).
Bipolar disorder; depression; neuropathies.

Tepilta *ICN, Austria; Valeant, Ger.*
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); oxetacaine (p.1867·2).
Dyspepsia; gastritis; gastro-oesophageal reflux; heartburn; hiatus hernia; peptic ulcer.

Tepox Cal *Stada, Spain.*
Calcium pidolate (p.1676·3).
Calcium deficiency; osteoporosis.

Tepox Cal D *Stada, Spain.*
Calcium pidolate (p.1676·3); colecalciferol (p.1986·2).
Calcium and vitamin D deficiency; osteoporosis.

Teprix *Gramon, Arg.*
Ibuprofen (p.64·2).
Fever; inflammation; pain.

Tequin *BMS, Arg.†; BMS, Austral.; BMS, Braz.; BMS, Canad.; BMS, Malaysia†; BMS, Mex.; BMS, NZ; BMS, Philipp.; BMS, S.Afr.; BMS, Singapore†; BMS, Thai.†; BMS, USA†.*
Gatifloxacin (p.281·1).
Bacterial infections.

Tequinol *Otto, Indon.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Tera *TAD, Ger.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia.

Terablock *Pfleger, Ger.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia.

Terace Zinc *Konsuma, Venez.*
Ascorbic acid (p.1983·3); zinc sulfate (p.1999·2).
Vitamin C deficiency.

Teraciton *Ariston, Braz.†.*
Tetracycline (p.347·1).
Bacterial infections.

Teraclox *Ivax, Mex.*
Cefaclor (p.217·2).
Bacterial infections.

Teradal *Organifar, Venez.†.*
⊗ Spironolactone (p.1400·1).
Diuretic.

Teradi *GMP, Indon.*
Attapulgite (p.1709·1).
Diarrhoea.

Teradin *Yeni, Turk.*
Terfenadine (p.590·3).
Allergic rhinitis; urticaria.

Teradyl *Hua, Thai.*
Codeine phosphate (p.37·2); promethazine hydrochloride (p.588·2).
Coughs.

Terafin *Fako, Turk.*
Terbinafine (p.546·3).
Fungal infections of the skin and nails.

Teraflem *Konsuma, Venez.*
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract congestion.

Terafluss *Madaus, Ital.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Tera-Gel *Geritrex, USA.*
Coal tar (p.1616·2).
Scalp disorders.

Teragran
BMS, Chile†.
Multivitamin and iron preparation (p.1922·1).
Dietary supplement in children.
BMS, Mex.
Vitamin and mineral preparation (p.1922·1).

Teragran JR *BMS, Braz.*
Multivitamin preparation (p.1922·1).

Teragran M *BMS, Braz.; BMS, Chile†.*
Multivitamin and mineral preparation (p.1922·1).

Teragrip
Note.This name is used for preparations of different composition.
Konsuma, Venez.
Capsules; oral granules (adult): Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); caffeine (p.1116·3).
Cold symptoms.
Konsuma, Venez.
Oral drops; paediatric oral granules; syrup: Paracetamol (p.108·1); chlorphenamine maleate (p.571·3).
Cold symptoms.

Teragrip D *Konsuma, Venez.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); pseudoephedrine hydrochloride (p.1571·2).
Formerly known as Teragrip Plus.
Cold symptoms.

Teragrip Forte Dia *Konsuma, Venez.*
Paracetamol (p.108·1); pseudoephedrine (p.1571·2) or pseudoephedrine hydrochloride (p.1571·2).
Cold symptoms.

Teragrip Forte Dia/Forte Noche *Konsuma, Venez.*
Day tablets, paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); night tablets, paracetamol; chlorphenamine maleate (p.571·3).
Cold symptoms.

Teragrip Forte Noche *Konsuma, Venez.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3).
Cold symptoms.

Teragrip Plus *Konsuma, Venez.†.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3); caffeine (p.1116·3).
Cold symptoms.

Teragripem *Konsuma, Venez.*
Paracetamol (p.108·1); chlorphenamine maleate (p.571·3).
Cold symptoms.

Terak *Akorn, USA.*
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial eye infections.

Teralithe *Sanofi-Aventis, Fr.*
Lithium carbonate (p.401·3).
Bipolar disorder; psychoses.

Teramic *Andromaco, Chile.*
Itraconazole (p.536·3).
Fungal infections.

Teramoxyl *Terramedic, Philipp.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Teranar *Apogepha, Ger.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia.

Teranex *Innoderm, Philipp.*
Glycolic acid (p.1598·1).
Skin cleansing.

Terap *Sanitas, Chile.*
Midazolam maleate (p.1007·3).
Insomnia; premedication.

Terapova *Ivax, Mex.*
Conjugated oestrogens (p.2087·2).
Menopausal disorders; osteoporosis.

Teraprost *Malesci, Ital.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia.

Teraquin *Fortbenton, Arg.*
Levofloxacin (p.292·2).
Bacterial infections.

Terasep *Fada, Arg.*
Cefotaxime (p.229·1).
Bacterial infections.

Teraside *Krugher, Ital.*
Thiocolchicoside (p.1898·2).
Neuromuscular pain; parkinsonism; spasticity.

Terasin *YSP, Malaysia.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Terasma *Medikon, Indon.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Terasma Expectorant *Medikon, Indon.*
⊗ Terbutaline sulfate (p.1138·3); guaifenesin (p.1561·3).
Obstructive airways disease.

Teratos *Konsuma, Venez.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3).
Cough.

Teraumon *Smaller, Spain.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Terazid *Madaus, Ger.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia.

Terazoflo *Gry, Ger.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia.

Terazol *Janssen-Ortho, Canad.; Janssen-Cilag, S.Afr.; Ortho McNeil, USA.*
Terconazole (p.548·1).
Vulvovaginal candidiasis.

Terazosabb *Abbott, Belg.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Terbac *Syntex, Mex.*
Ceftriaxone sodium (p.237·1).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Terbafin
Kleva, Gr.
Terbinafine (p.546·3).
Fungal skin infections.
Pacific, NZ.
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Terbasmin *Euro Registratie, Neth.; AstraZeneca, Spain; Ern, Spain.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Terbasmin Expectorante *Ern, Spain.*
⊗ Guaifenesin (p.1561·3); terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Terbenol *Bernabo, Arg.*
Diosmin (p.2304·2).
Capillary fragility; venous insufficiency.

Terbenol Duo *Bernabo, Arg.*
Diosmin (p.2304·2); hesperidin (p.2304·3).
Haemorrhoids; venous insufficiency.

Terbicil *Pharmacare, S.Afr.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Terbi-Derm *Cinetic, Arg.*
Terbinafine (p.546·3).
Fungal infections.

Terbiderm *Dermapharm, Ger.; Dermapharm, Neth.; Richter, Pol.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Terbifil *Ecosol, Switz.*
Terbinafine hydrochloride (p.546·3).
Fungal skin, nail, and scalp infections.

Terbifin *Cipla, Hong Kong; Cipla, India.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Terbigalen *Galen, Ger.*
Terbinafine hydrochloride (p.546·3).
Fungal nail and skin infections.

Terbigen *Generics, Hung.*
Terbinafine hydrochloride (p.546·3).
Fungal infections.

TerbiGen *Generics, Pol.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Terbigram *Lavipharm, Gr.*
Terbinafine hydrochloride (p.546·3).
Fungal skin infections.

Terbihexal *Hexal, Cz.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Terbin *Gabriel, Gr.; Eczacibasi, Turk.*
Terbinafine (p.546·3).
Fungal infections of the skin and nails.

Terbinavita *Perivita, Neth.*
Terbinafine hydrochloride (p.546·3).
Fungal skin infections.

Terbinox *Unique, Rus.*
Terbinafine (p.546·3) or terbinafine hydrochloride (p.546·3).
Fungal infections.

Terbiox *Rivero, Arg.*
Teicoplanin (p.344·3).
Gram-positive bacterial infections.

Terbiprol *Proel, Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

Terbisil
Gedeon Richter, Cz.; Gedeon Richter, Hung.; Richter, Pol.; Santa, Turk.
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.
Gedeon Richter, Rus.
Terbinafine (p.546·3).
Fungal skin and nail infections.

Terbiskin *Biospray, Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

Terbisol *Phoinix Pharm (Φοινιξ Φαρμ), Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

Terbistad *Stada, Cz.*
Terbinafine hydrochloride (p.546·3).
Fungal skin infections.

Terbosil *Silom, Thai.†.*
⊗ Terbutaline sulfate (p.1138·3); guaifenesin (p.1561·3).
Coughs; obstructive airways disease.

Terbron *Biolab, Hong Kong; Biolab, Malaysia†; Biolab, Thai.†.*
⊗ Terbutaline sulfate (p.1138·3).
Asthma; obstructive airways disease.

Terbron Expectorant *Biolab, Thai.†.*
⊗ Terbutaline sulfate (p.1138·3); guaifenesin (p.1561·3).
Obstructive airways disease.

Terbuken *Kener, Mex.*
⊗ Terbutaline sulfate (p.1138·3).

Terbul *Teofarma, Ger.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Terbulin *Vitamed, Israel; IG, Malaysia†; Medidata, Malaysia†; Medichem, Philipp.; Great Eastern, Thai.; Westmont, Thai.*
⊗ Terbutaline sulfate (p.1138·3).
Asthma; obstructive airways disease; premature labour.

Terbuno *Milano, Thai.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Terbuta *Christo, Hong Kong.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Terbutil *Uniao Quimica, Braz.*
⊗ Terbutaline sulfate (p.1138·3).
Asthma.

Terbuturmant *Dermapharm, Ger.†.*
⊗ Terbutaline sulfate (p.1138·3).
Obstructive airways disease.

Tercef *Balkanpharma, Rus.*
Ceftriaxone (p.238·1).
Bacterial infections.

Tercian
Sanofi-Aventis, Fr.
Cyamemazine (p.985·3) or cyamemazine tartrate (p.985·3).
Aggression; anxiety; depression; psychoses.
Vitoria, Port.
Cyamemazine tartrate (p.985·3).
Anxiety; depression; psychoses; withdrawal syndromes.

Terco-C *Hua, Thai.*
Codeine phosphate (p.37·2); guaifenesin (p.1561·3); terpin hydrate (p.1573·3).
Coughs.

Terco-D *Hua, Thai.*
Dextromethorphan hydrobromide (p.1555·2); guaifenesin (p.1561·3); terpin hydrate (p.1573·3).
Coughs.

Terekol *Panalab, Arg.*
Terbinafine hydrochloride (p.546·3).
Fungal skin, hair, and nail infections.

Terelit *Farmasan, Ger.†.*
Doxycycline hyclate (p.267·1); ambroxol hydrochloride (p.1550·3).
Respiratory-tract infections associated with increased or viscous mucus.

Tereonsit *Hautel, Arg.†.*
Sage (p.2382·3); trolamine (p.2405·1).

Terfacef *Sanbe, Indon.*
Ceftriaxone (p.238·1).
Bacterial infections.

Terfamex *Medix, Mex.*
⊗ Phentermine hydrochloride (p.2162·2).
Obesity.

Terfanil *Cafar, Venez.†.*
Terfenadine (p.590·3).
Hypersensitivity reactions.

Terfedura *Merck dura, Ger.†.*
Terfenadine (p.590·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders.

Terfemax *Temis, Arg.†.*
Terfenadine (p.590·3).
Hypersensitivity reactions.

Terfemundin *Mundipharma, Ger.†.*
Terfenadine (p.590·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders.

Terfenadina DG *Phoenix, Arg.†.*
Terfenadine (p.590·3); pseudoephedrine hydrochloride (p.1571·2).
Allergic rhinitis; otitis media; sinusitis.

Terfex *Mediderm, Chile; Vivax Gynopharm, Venez.*
Terbinafine hydrochloride (p.546·3).
Fungal infections.

Terfimed *ProMed, Cz.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Terfin
Note. This name is used for preparations of different composition.
Elea, Arg.; Teva, Hung.
Terbinafine hydrochloride (p.546·3).
Fungal skin infections.
Pharmacodane, Denm.†; Interbat, Indon.
Terfenadine (p.590·3).
Allergic conjunctivitis; allergic rhinitis; allergic skin disorders; urticaria.

Terfinil *Biomedica-Chemica, Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

Terfinor *Alet, Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

Terflurazine *Lennon, S.Afr.*
Trifluoperazine hydrochloride (p.1034·2).
Delirium tremens; mania; schizophrenia.

Terfungin *Tiefenbacher, Neth.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Tergal *Norton, Cz.†.*
Terfenadine (p.590·3).
Hypersensitivity reactions.

Tergecef *Astellas, Philipp.; Medichem, Philipp.*
Cefixime (p.224·3).
Bacterial infections.

Tergecin *Fujisawa, Philipp.; Medichem, Philipp.*
Ceftizoxime (p.236·3).
Bacterial infections.

Tergil *MM, India.*
⊗ Terbutaline sulfate (p.1138·3); guaifenesin (p.1561·3).
Obstructive airways disease.

Tergil-T *MM, India.*
⊗ Terbutaline sulfate (p.1138·3); theophylline (p.1140·1).
Obstructive airways disease.

Tergynan
Note. This name is used for preparations of different composition.
Bouchara, Fr.
Metronidazole (p.837·1); neomycin sulfate (p.305·1); nystatin (p.543·2).
Formerly contained ternidazole, neomycin sulfate, nystatin, and prednisolone metasulfobenzoate sodium.
Vaginitis.
Bouchara, Rus.
⊗ Ternidazole (p.848·2); neomycin sulfate (p.305·1); nystatin (p.543·2); prednisolone (p.1540·3).
Vaginitis.

Terican *Landsteiner, Mex.*
Irinotecan hydrochloride (p.737·1).
Colorectal cancer.

Tericin AT *Ativus, Braz.*
Tetracycline hydrochloride (p.347·2); amphotericin B (p.523·2).
Bacterial and fungal vulvovaginal infections.

Teridin *KRKA, Cz.†.*
Terfenadine (p.590·3).
Hypersensitivity reactions.

Teril *Alphapharm, Austral.; Alphapharm, Hong Kong; Merck, Indon.; Taro, Israel; Pacific, NZ; Taro, UK†; Taro, USA.*
Carbamazepine (p.471·3).
Alcohol withdrawal syndrome; bipolar disorder; diabetes insipidus; diabetic neuropathy; epilepsy; neuralgias; polydipsia; polyuria.

Terioxan *Shin Poong, Philipp.*
Ofloxacin (p.310·2).
Bacterial infections.

Teripol *Landsteiner, Mex.*
Teicoplanin (p.344·3).
Gram-positive bacterial infections.

Terivalidin *Gerot, Austria; Aventis, S.Afr.*
Terizidone (p.347·1).
Bacterial infections; tuberculosis.

Terizidex *Collect, Braz.*
Terizidone (p.347·1).
Tuberculosis.

Terizin *Seoul Pharma, Singapore.*
Cetirizine hydrochloride (p.570·3).
Allergic conjunctivitis; allergic rhinitis; urticaria.

Terkur *Orva, Turk.*
Aluminium chlorohydrate (p.1588·3).
Hyperhidrosis.

Terloc
Ivax, Arg.
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.
Laboratorios Chile, Chile.
Amlodipine (p.1214·2).
Angina pectoris; hypertension.

Terloc Duo *Ivax, Arg.*
Amlodipine besilate (p.1214·1); benazepril (p.1223·3).
Hypertension.

Terlomexin *Effik, Fr.*
Fenticonazole nitrate (p.531·3).
Candidiasis.

Termacet *Toprak, Turk.*
Paracetamol (p.108·1).
Fever; pain.

Termalgin *Novartis, Spain.*
Paracetamol (p.108·1).
Fever; pain.

Termalgin Codeina *Novartis, Spain.*
Codeine phosphate (p.37·2); paracetamol (p.108·1).
Pain.

Termalgine *Novartis, Turk.*
Paracetamol (p.108·1).
Fever; pain.

Termalgine Plus *Novartis, Turk.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Termasil *Hasco-Lek, Pol.*
Salix purpurea (p.121·3); sambucus nigra (p.2383·1); tilia (p.2402·2); verbascum (p.2413·3).
Fever.

Termicef *Nufarindo, Indon.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Termicon *Farmstandart, Rus.*
Terbinafine (p.546·3) or terbinafine hydrochloride (p.546·3).
Fungal skin, mucous membrane, and nail infections.

Termin C *Terramedic, Philipp.*
Vitamin preparation with iron (p.1922·1).
Nutritional supplement.

Termisil *Genepharm, Gr.; Ferron, Indon.*
Terbinafine (p.546·3).
Fungal skin infections.

Termizol *Ivax, Mex.*
Ketoconazole (p.539·1).
Fungal infections.

Termocatil *Gelos, Spain.*
Paracetamol (p.108·1).
Fever; pain.

Termofren *Roemmers, Arg.*
Paracetamol (p.108·1).
Fever; pain.

Termogrip *Ronnet, Arg.*
Paracetamol (p.108·1); pseudoephedrine sulfate (p.1571·2); bromhexine hydrochloride (p.1552·2).
Cold and influenza symptoms.

Termogripe C
Luper, Braz.†.
Syrup: Chlorphenamine maleate (p.571·3); caffeine (p.1116·3); salicylamide (p.121·2); ascorbic acid (p.1983·3).
Cold and influenza symptoms.
Luper, Braz.†.
Tablets: Green tablets, chlorphenamine maleate (p.571·3); caffeine (p.1116·3); salicylamide (p.121·2); yellow tablets, ascorbic acid (p.1983·3).
Cold and influenza symptoms.

Termol *Uniao Quimica, Braz.*
Paracetamol (p.108·1).
Fever; pain.

Termonal *Sanval, Braz.*
Dipyrone (p.49·2).
Fever; pain.

Termonil *Liferpal, Mex.*
Dipyrone (p.49·2).
Fever; pain.

Termo-Niofen *Megahealth, Chile.*
Ibuprofen (p.64·2); paracetamol (p.108·1).
Fever; pain.

Termo-Ped *Stiefel, Braz.†.*
Paracetamol (p.108·1).
Fever; pain.

Termopirona *Neo Quimica, Braz.*
Dipyrone (p.49·2).
Fever; pain.

Termoprin *Cazi, Braz.*
Dipyrone (p.49·2).
Fever; pain.

Termorex *Konimex, Indon.*
Paracetamol (p.108·1).
Fever; pain.

Termorex Plus *Konimex, Indon.*
Paracetamol (p.108·1); pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3); chlorphenamine maleate (p.571·3).
Influenza symptoms.

Termosan *Dom, Spain.*
Camphor (p.2273·2); capsicum oleoresin (p.2276·2); methyl salicylate (p.85·3); salicylic acid (p.1612·2); turpentine oil (p.2406·3); menthol (p.2340·1); lavender oil (p.2331·2); thyme oil (p.2401·2); eucalyptus oil (p.2301·2).
Muscle pain; soft-tissue disorders; upper respiratory-tract disorders.

Termotrin *Loren, Mex.†.*
Paracetamol (p.108·1).
Fever; pain.

Termox *Solvang, Philipp.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Ternadin *Dunar, Spain.*
Terfenadine (p.590·3).
Hypersensitivity reactions.

Ternaf *Rowex, Irl.*
Terbinafine hydrochloride (p.546·3).
Fungal skin and nail infections.

Ternel *Medinova (Μεντινοβα), Gr.*
Diltiazem (p.1267·1).
Angina pectoris; hypertension.

Ternelax *Wander, Philipp.*
Tizanidine hydrochloride (p.1898·2).
Skeletal muscle spasm; spasticity.

Ternex *Tripharma, Turk.*
Benzydamine hydrochloride (p.27·3).
Mouth and throat pain and inflammation; musculoskeletal and joint pain.

Ternolol *Hovid, Hong Kong; Hovid, Malaysia†; Hovid, Singapore†.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Ternovag *Novag, Mex.*
Levodopa (p.804·3); carbidopa (p.803·1).
Parkinsonism.

Terocaps *Medix, Mex.*
Garcinia cambogia (p.2309·2).
Obesity.

Terodul *Degorts, Mex.*
Ranitidine hydrochloride (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Terol *Cipla, India.*
Tolterodine tartrate (p.2198·1).
Urinary-tract disorders.

Terolinal *Chrispa (Χρισπα), Gr.*
Lisinopril (p.1325·2).
Hypertension.

Terolut *Solvay, Fin.*
Dydrogesterone (p.2096·2).
Endometriosis; menopausal disorders; menstrual disorders.

Teromol *Aldo, Spain.*
Theophylline (p.1140·1).
Heart failure; obstructive airways disease.

Teronac *ICN, Hung.†; Novartis, Indon.; Novartis, Singapore; Novartis, Switz.†.*
⊗ Mazindol (p.2157·3).
Obesity.

Terost *Ativus, Braz.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Terostrant *Chrispa (Χρισπα), Gr.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Teroxina *Bruluagsa, Mex.*
Cefadroxil (p.218·1).
Bacterial infections.

Terozid *Terramedic, Philipp.*
Isoniazid (p.288·1).
Pyridoxine hydrochloride (p.1978·2) is included in this preparation for the prophylaxis of peripheral neuropathy.
Tuberculosis.

Terpect
Note.This name is used for preparations of different composition.
Themis Chemicals, India.
Syrup: ⊗ Terbutaline sulfate (p.1138·3); bromhexine hydrochloride (p.1552·2); guaifenesin (p.1561·3); menthol (p.2340·1).
Obstructive airways disease.
Themis Chemicals, India.
Tablets: ⊗ Terbutaline sulfate (p.1138·3); bromhexine hydrochloride (p.1552·2); guaifenesin (p.1561·3).
Obstructive airways disease.

Terphylate *Overseas, India.*
⊗ Terbutaline sulfate (p.1138·3); bromhexine hydrochloride (p.1552·2); guaifenesin (p.1561·3); menthol (p.2340·1).
Coughs.

Terphylin *Themis Chemicals, India.*
⊗ Terbutaline sulfate (p.1138·3); etofylline (p.1121·1).
Obstructive airways disease.

Terpichol *Herbapol Wroclaw, Pol.*
Borneol (p.2268·3); camphene (p.2273·2); cineole (p.2282·3); menthol (p.2340·1); menthone (p.2340·2); α-pinene (p.2368·3); β-pinene (p.2368·3).
Hepatobiliary disorders.

Terplex *Biomep, Mex.*
Fluconazole (p.532·1).
Fungal infections.

Terpone *Rosa-Phytopharma, Fr.*
Terpin (p.1573·3); Siberian fir oil; niaouli oil (p.2351·3); eucalyptus oil (p.2301·2).
Respiratory-tract disorders.

Terponil *Vitafarma, Spain.*
Oxidised terpenes; terpin (p.1573·3).
Respiratory-tract disorders.

Terposen *Vir, Spain.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Terra-Cortril
Note.This name is used for preparations of different composition.
Pfizer, Arg.
⊗ Oxytetracycline (p.312·2) or oxytetracycline hydrochloride (p.312·3); hydrocortisone (p.1535·2).
Infected skin disorders.
Pfizer, Belg.; Pfizer, Braz.; Pfizer, Fin.; Pfizer, Gr.; Pfizer, Indon.; Pfizer, Norw.
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone (p.1535·2).
Infected skin disorders.
Pfizer, Indon.
⊗ Oxytetracycline (p.312·2); hydrocortisone (p.1535·2).
Infected eye disorders.
Pfizer, USA; Pfizer, Venez.†.
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2).
Infected eye, ear, and skin disorders.
Pfizer, S.Afr.
Eye/ear drops; eye/ear ointment: ⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Ear infections; eye infections.
Farmasierra, Spain.
Eye/ear ointment: ⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Eye or ear disorders.
Pfizer, S.Afr.; Farmasierra, Spain.
Ointment: ⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2).
Infected skin disorders.
Pfizer, UK†.
Ointment: ⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone (p.1535·2).
Infected skin disorders.

Terracortril
Note.This name is used for preparations of different composition.
Pfizer, Swed.
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone (p.1535·2).
Infected skin disorders; otitis externa.
Mann, Ger.†.
Cream; ointment; topical spray: ⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone (p.1535·2); polymyxin B sulfate (p.317·3).
Burns; infected skin disorders; wounds.
Mann, Ger.†.
Eye drops; eye ointment: ⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Eye disorders.
Pfizer, Switz.†.
Eye/ear drops: ⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Infected ear and eye disorders.
Pfizer, Switz.†.
Ointment; topical spray: ⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone (p.1535·2); polymyxin B sulfate (p.317·3).
Infected skin disorders.

Terra-Cortril Gel Steraject met polymyxine-B *Pfizer, Neth.†.*
⊗ Oxytetracycline calcium (p.312·3); hydrocortisone (p.1535·2); polymyxin B sulfate (p.317·3).
Sinusitis.

Terracortril med polymyxin B *Pfizer, Swed.*
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Infected ear and eye disorders; otitis externa.

Terra-Cortril met polymyxine-B *Pfizer, Neth.*
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Blepharitis squamosa; inflammatory ear infections.

Terracortril N *Mann, Ger.*
⊗ Betamethasone sodium phosphate (p.1518·3); gentamicin sulfate (p.282·1).
Infected and inflammatory eye disorders.

Terra-Cortril Nistatina *Pfizer, Arg.†.*
⊗ Oxytetracycline calcium (p.312·3) or oxytetracycline hydrochloride (p.312·3); hydrocortisone (p.1535·2); nystatin (p.543·2).
Infected skin disorders.

Terra-Cortril P *Pfizer, Fin.*
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Infected ear disorders; infected eye disorders.

Terra-Cortril Polymyxin B *Pfizer, Norw.*
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Ear disorders.

Terra-Cortril + Polymyxine B *Pfizer, Belg.*
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2); polymyxin B sulfate (p.317·3).
Infected inflammatory ear or eye disorders.

Terrados *Pfizer, Mex.*
Oxytetracycline (p.312·2).
Acne; rosacea.

Terraferron *Terramedic, Philipp.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1); vitamin B substances (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Folic acid and vitamin B deficiency; iron deficiency; iron-deficiency anaemia.

Terrafor *Terrafor, Fr.*
Octalite.
Digestive disorders.

Terrakal *Offenbach, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Terramicina
Note.This name is used for preparations of different composition.
Pfizer, Arg.; Pfizer, Venez.
Oxytetracycline (p.312·2).
Bacterial infections.
Pfizer, Braz.
Oxytetracycline (p.312·2) or oxytetracycline hydrochloride (p.312·3).
Lidocaine (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.
Pfizer, Mex.
Capsules; injection; tablets: Oxytetracycline (p.312·2) or oxytetracycline hydrochloride (p.312·3).
Lidocaine (p.1862·3) is included in the injection to alleviate the pain of injection.
Bacterial infections.
Farmasierra, Spain.
Capsules; eye ointment; tablets: Oxytetracycline (p.312·2) or oxytetracycline hydrochloride (p.312·3).
Bacterial infections.
Pfizer, Mex.
Ointment: Oxytetracycline (p.312·2); polymyxin B sulfate (p.317·3).
Bacterial skin infections.
Farmasierra, Spain.
Ointment: Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Skin infections.

Terramicina c/Polimixina *Pfizer, Braz.*
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial eye infections; bacterial skin infections.

Terramicina con Polimixina B
Pfizer, Arg.†.
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial skin infections.
Pfizer, Venez.
Oxytetracycline (p.312·2); polymyxin B (p.318·2).
Bacterial eye and skin infections.

Terramycin
Note.This name is used for preparations of different composition.
Mann, Ger.†; Pfizer, Malaysia; Pfizer, Philipp.; Pfizer, Turk.
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial eye and skin infections.
Pfizer, India; Pfizer, Indon.
Oxytetracycline hydrochloride (p.312·3).
Lidocaine hydrochloride (p.1862·3) may be included in the injection to alleviate the pain of injection.
Bacterial infections.
Pfizer, Israel.
Oxytetracycline (p.312·2) or oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial infections of the eye or skin.
Pfizer, Gr.; Pfizer, Singapore†; Pfizer, USA†.
Capsules: Oxytetracycline hydrochloride (p.312·3).
Bacterial infections.
Pfizer, S.Afr.†; Pfizer, Singapore.
Eye ointment: Oxytetracycline (p.312·2); polymyxin B sulfate (p.317·3).
Bacterial eye infections.
Pfizer, Thai.
Eye ointment; ointment: Oxytetracycline (p.312·2) or oxytetracycline hydrochloride (p.312·3); polymyxin B (p.318·2) or polymyxin B sulfate (p.317·3).
Eye infections; infected skin disorders.
Pfizer, USA†.
Injection: Oxytetracycline (p.312·2).
Lidocaine (p.1862·3) is included in this preparation to alleviate the pain of injection.
Bacterial infections.
Pfizer, S.Afr.
Ointment: Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Skin infections.
Pfizer, Gr.
Ointment; topical powder: Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Formerly known as Terramycin with Polymyxin.
Skin infections.

Terramycin N *Mann, Ger.*
Gentamicin sulfate (p.282·1).
Bacterial eye infections.

Terramycin Plus *Pfizer, Philipp.*
Polymyxin B sulfate (p.317·3); bacitracin zinc (p.210·3); neomycin sulfate (p.305·1).
Skin infections.

Terramycin Poly
Note.This name is used for preparations of different composition.
Pfizer, Indon.
Eye ointment: Oxytetracycline (p.312·2); polymyxin B (p.318·2).
Eye infections.
Pfizer, Indon.
Ointment: Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Skin infections.

Terramycin Polymyxin B *Pfizer, Denm.; Pfizer, Norw.; Pfizer, Swed.*
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial skin and eye infections.

Terramycin with Polymyxin B *Pfizer, Hong Kong; Pfizer, USA.*
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial eye and skin infections.

Terramycin SF *Pfizer, India.*
Oxytetracycline hydrochloride (p.312·3); vitamin B substances (p.1975·1).
Bacterial infections.

Terramycine + Polymyxine B *Pfizer, Belg.*
Oxytetracycline hydrochloride (p.312·3); polymyxin B sulfate (p.317·3).
Bacterial infections.

Terranumonyl *Columbia, Mex.†.*
Tetracycline (p.347·1).
Bacterial infections.

Terrasil *Silom, Thai.†.*
Oxytetracycline (p.312·2); polymyxin B sulfate (p.317·3).
Eye infections.

Terrell *Minrad, USA.*
Isoflurane (p.1785·3).
General anaesthesia.

Terricil *Edol, Port.*
Oxytetracycline hydrochloride (p.312·3).
Bacterial eye infections.

Tersaken *Kener, Mex.†.*
Zinc (p.1999·1).

Tersaseptic
Note.This name is used for preparations of different composition.
Trans Canaderm, Canad.
Triclosan (p.1665·2).
Skin cleanser; skin disorders.
Dermaclin, Mex.†; Doak, USA.
Soap substitute.
Acne.

Tersa-Tar *Trans Canaderm, Canad.*
Coal tar (p.1616·2).
Psoriasis; seborrhoea.

Tersif *Baliarda, Arg.*
Lisinopril (p.1325·2).
Diabetic nephropathy; heart failure; hypertension; myocardial infarction.

Tersigan *Boehringer Ingelheim, Jpn.*
Oxitropium bromide (p.1129·2).

Tersigat *3M, Fr.†; Boehringer Ingelheim, Venez.†.*
Oxitropium bromide (p.1129·2).
Asthma; obstructive airways disease.

Tersoderm Anticaspa *Defuen, Arg.†.*
Biotin (p.1931·3); undecenoic acid diethanolamide (p.549·3); piroctone olamine (p.1610·1); jojoba oil.
Scalp disorders.

Tersoderm Cabellos Grasos *Defuen, Arg.†.*
Biotin; sulfur (p.1614·1); undecenoic acid amide; triclosan (p.1665·2); coconut oil (p.2029·2).
Scalp disorders.

Tersoderm Plus *Defuen, Arg.†.*
Ketoconazole (p.539·1).
Dandruff; seborrhoeic dermatitis.

Tertensif *Servier, Cz.; Servier, Pol.; Danval, Spain.*
⊗ Indapamide (p.1314·1).
Hypertension; oedema.

Tertroxin *Sigma, Austral.; GSK, Cz.†; GSK, NZ; Aspen, S.Afr.; GSK, Thai.†; Goldshield, UK†; GSK, Venez.†.*
Liothyronine sodium (p.2174·1).
Now known as Liothyronine Sodium Tablets in the UK.
Hyperthyroidism; hypothyroidism; myxoedema.

Tervalon
Note.This name is used for preparations of different composition.
Lazar, Arg.
Amlodipine besilate (p.1214·1).
Angina pectoris; hypertension.
Zentiva, Hung.
Losartan potassium (p.1326·1).
Heart failure; hypertension.

Terveson *Doctum, Gr.*
Lovastatin (p.1328·2).
Hypercholesterolaemia.

Terysol *SM, Venez.*
⊗ Furosemide (p.1292·1).
Hypercalcaemia; hypertension; oedema; oliguria.

Terzine *Seven Stars, Thai.*
Cetirizine hydrochloride (p.570·3).
Allergic rhinitis; allergic skin disorders.

Terzolin *McNeil, Ger.; Janssen-Cilag, Switz.*
Ketoconazole (p.539·1).
Pityriasis versicolor; scalp disorders; seborrhoeic dermatitis.

Tesacof *Novartis, Mex.*
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract congestion.

Tesalin *Zeller, Switz.*
Butterbur (p.2271·1).
Hayfever.

Tesalitos *Novartis, Mex.*
Camphor (p.2273·2); menthol (p.2340·1); eucalyptus oil (p.2301·2).
Cold symptoms; coughs.

Tesalon *Novartis, Mex.*
Benzonatate (p.1552·1).
Coughs.

Tesavel *MSD, Cz.; MSD, Port.*
Sitagliptin (p.460·2).
Diabetes mellitus.

Tesical *Sintesina, Arg.*
Mebendazole (p.148·3).
Worm infections.

Tesin *Hexal, Pol.*
Terazosin hydrochloride (p.1410·2).
Benign prostatic hyperplasia; hypertension.

Teslac *BMS, Chile†; BMS Oncology, USA†.*
⊗ Testolactone (p.778·2).
Breast cancer.

Teslascan *Nycomed, Austria; Amersham, Belg.; GE, Cz.; Amersham, Denm.†; Amersham, Fin.†; Amersham, Fr.; Amersham, Ger.; Amersham, Gr.; Amersham Health, Hung.; Amersham, Ital.; GE Healthcare, NZ; GE Healthcare, Neth.; Amersham, Norw.; GE, Port.; Amersham, Spain; Amersham, Swed.; Amersham, Switz.; Nycomed Amersham, UK; Nycomed, USA.*
Mangafodipir trisodium (p.1487·2).
Contrast medium for magnetic resonance imaging.

Tesofan-J *Ivax, Mex.*
Diphenhydramine (p.577·1); dextromethorphan (p.1555·2).
Cold symptoms; coughs.

Tesol *Vianex (Βιανέξ), Gr.†.*
⊗ Dorzolamide (p.1880·3); timolol (p.1413·1).
Glaucoma.

Tesopalmed Forte cum Yohimbine *Trima, Israel.*
⊗ Yohimbine hydrochloride (p.2200·2); strychnine nitrate (p.2393·2).
Erectile dysfunction.

Tesopen *Collins, Mex.*
Benzonatate (p.1552·1).
Coughs.

Tesoprel *UCB, Ger.*
Bromperidol (p.965·1) or bromperidol lactate (p.965·2).
Schizophrenia.

Tesoren *Galeno, Venez.†.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Tess
Note.This name is used for preparations of different composition.
Biolab Sanus, Braz.
Cyproterone acetate (p.2088·2); ethinylestradiol (p.2101·3).
Combined oral contraceptive.

Troikaa, India.
⊗ Triamcinolone acetonide (p.1544·3).
Oral lesions and inflammation.

Tessalon *Forest Pharmaceuticals, USA.*
Benzonatate (p.1552·1).
Coughs.

Tessamag con Codeina *Vargas, Venez.*
Ipecacuanha (p.1562·3); codeine phosphate (p.37·2).
Cough.

Tessifol *Zimaia, Port.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Test Pack Plus *Abbott, Chile†; Abbott, UK.*
Pregnancy test (p.2372·1).

Testanon 25 *Organon, India.*
⊗ Testosterone propionate (p.2130·1).
Androgen deficiency; osteoporosis.

Testanon 50 *Organon, India.*
⊗ Testosterone phenylpropionate (p.2130·1).
Androgen deficiency; osteoporosis.

Tes-Tape *Lilly, Austral.†.*
Test for glucose in urine (p.2314·1).

testasa e *Chefaro, Ger.†.*
Yohimbe extract.
Male sexual exhaustion.

Testerell *Sanorell, Ger.*
Homoeopathic preparation.

Testex *Q Pharma, Spain.*
⊗ Testosterone cipionate (p.2129·3) or testosterone propionate (p.2130·1).
Aplastic anaemia; endometriosis; female breast cancer; lactation inhibition; male hypogonadism and androgen deficiency; menopausal disorders; osteoporosis.

Testim *Ipsen, Belg.; Ipsen, Fin.; Ipsen, Ger.; Ipsen, Gr.; Ipsen, Irl.; Ipsen, Ital.; Ipsen, Neth.; Ipsen, Port.; Ipsen, Spain; Ipsen, Swed.; Ipsen, UK; Auxilium, USA.*
⊗ Testosterone (p.2129·3).
Male hypogonadism.

Testisan *Mintlab, Chile.*
Phthalylsulfathiazole (p.315·1); nifuroxazide (p.307·2).

Testocaps *Organon, Belg.; Organon, Chile.*
⊗ Testosterone undecylate (p.2130·2).
Male hypogonadism; osteoporosis.

Testoderm *Ferring, Austria; Ferring, Switz.†; Alza, USA†.*
⊗ Testosterone (p.2129·3).
Hypogonadism.

Testo-Enant *Geymonat, Ital.*
⊗ Testosterone enantate (p.2130·1).
Androgenic; breast cancer; fibroids.

Testofran *Faria, Braz.†.*
Yohimbine (p.2200·3); vitamin B ; vitamin E; calcium inositohexaphosphate; magnesium inositohexaphosphate; magnesium stearate.
Erectile dysfunction.

Testogel *Schering, Austral.; Besins, Denm.; Schering, Fin.; Jenapharm, Ger.; Schering, Irl.; Schering, Ital.; Besins, Neth.; Besins, Norw.; Besins, Port.; Schering, Spain; Schering, Swed.; Schering, Switz.; Schering, UK.*
⊗ Testosterone (p.2129·3).
Male hypogonadism.

Testonus *Profarb, Braz.†.*
⊗ Methyltestosterone (p.2117·1); vitamin B ; vitamin E.
Breast cancer in females; cryptorchidism; delayed puberty in males; erectile dysfunction; hypogonadism in males.

Testopatch *Pierre Fabre, Cz.; Pierre Fabre, Fr.; Pierre Fabre, Port.*
⊗ Testosterone (p.2129·3).
Male hypogonadism.

Testopel *Bartor Pharmacal, USA.*
⊗ Testosterone (p.2129·3).
Androgen deficiency; delayed puberty.

Testoprim-D *Tocogino, Mex.*
⊗ Testosterone (p.2129·3).
Androgenic.

Testosterone Implants *Organon, UK.*
⊗ Testosterone (p.2129·3).
Male hypogonadism.

Testosteronum Prolongatum *Jelfa, Pol.*
⊗ Testosterone enantate (p.2130·1).
Breast cancer; endometrial cancer; male hypogonadism.

Testotard *Chephasaar, Ger.†.*
Flutamide (p.725·1).
Prostatic cancer.

Testoviron
Schering, Gr.
⊗ Testosterone enantate (p.2130·1).
Androgen deficiency; aplastic anaemia; breast cancer; male hypogonadism.

Schering, Ital.
⊗ Testosterone enantate (p.2130·1); testosterone propionate (p.2130·1).
Androgenic; breast cancer.

Testoviron 100 *Schering, Thai.†.*
⊗ Testosterone propionate (p.2130·1); testosterone enantate (p.2130·1).
Erectile dysfunction; male hypogonadism; male menopause.

Testoviron 250 *Schering, Austria.*
⊗ Testosterone enantate (p.2130·1).
Aplastic anaemia in men; erectile dysfunction; female breast cancer; male hypogonadism.

Testoviron Depot
Schering, Hong Kong; Schering, Israel; Schering, Neth.†; Bayer, Port.; Schering, Swed.; Schering, Switz.; Schering, Thai.
⊗ Testosterone enantate (p.2130·1).
Formerly known as Testoviron 250 in *Thai*.
Androgen deficiency in males; aplastic anaemia; breast cancer; endometrial cancer; erectile dysfunction; male hypogonadism; male impotence; male infertility.

German Remedies, India.
⊗ Testosterone propionate (p.2130·1); testosterone enantate (p.2130·1).
Androgen deficiency; aplastic anaemia; breast cancer; male hypogonadism.

Testoviron Depot 50 *Schering, Ger.†.*
⊗ Testosterone enantate (p.2130·1); testosterone propionate (p.2130·1).
Hypogonadism in men.

Testoviron Depot 100 *Schering, Arg.; Schering, Ger.†; Schering, Spain.*
⊗ Testosterone enantate (p.2130·1); testosterone propionate (p.2130·1).
Aplastic anaemia; breast cancer; endometrial cancer; hepatic cirrhosis; lactation inhibition; male hypogonadism; male infertility; osteoporosis.

Testoviron Depot 135 *Schering, Denm.*
⊗ Testosterone enantate (p.2130·1); testosterone propionate (p.2130·1).
Breast cancer; male hypogonadism.

Testoviron Depot 250 *Schering, Arg.; Schering, Denm.; Jenapharm, Ger.; Schering, Ger.; Schering, Spain.*
⊗ Testosterone enantate (p.2130·1).
Aplastic anaemia; breast cancer; endometrial cancer; hepatic cirrhosis; lactation inhibition; male hypogonadism; male infertility; osteoporosis.

Testovis *SIT, Ital.*
⊗ Testosterone propionate (p.2130·1).
Androgenic; breast disorders; fibroids; menstrual disorders.

Testpack hCG-Urine *Abbott, Irl.*
Pregnancy test (p.2372·1).

TestPack Plus hCG-Urine *Abbott, USA.*
Pregnancy test (p.2372·1).

Testred *Valeant, USA.*
⊗ Methyltestosterone (p.2117·1).
Androgen replacement therapy; breast cancer.

Teta Extra *Fresenius Kabi, Ger.*
Didecyldimethylammonium chloride (p.1642·2); polihexanide (p.1658·2).
Surface disinfection.

Tetabulin *Baxter Immuno, Arg.; Baxter, Austria; Immuno, Austria; Baxter, Cz.; Immuno, Hong Kong†; Baxter, Irl.; Baxter, Ital.; Baxter, Pol.; Baxter BioScience, UK†.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetabuline *Baxter, Belg.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetacid *Interpharm, Austria.*
Famotidine (p.1730·1).
Gastric hyperacidity; gastro-oesophageal reflux; heartburn.

Tetagam *ZLB, Austria; CSL, Port.; NBI, S.Afr.; ZLB, Switz.; Sanofi Pasteur, Thai.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetagam N *ZLB, Ger.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetagam P *Dexa, Indon.; ZLB, Indon.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetagamma *Hardis, Ital.†.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetagamma P *ZLB, Spain.*
An tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetagam-P *ZLB, Gr.; Zydus, India; ZLB Behring, Philipp.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetaglobuline *Aventis Pasteur, Cz.†; Pasteur Merieux, Israel.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetagrip *Sanofi Pasteur, Fr.*
A tetanus and influenza vaccine (p.2241·1).
Active immunisation.

Tetalin *Pharmasant, Thai.*
⊗ Atenolol (p.1217·3).
Angina pectoris; arrhythmias; hypertension; myocardial infarction.

Tetamun SSW *SmithKline Beecham, Ger.†.*
A tetanus vaccine (p.2240·1).
Active immunisation.

Tetamyn *Bioclon, Mex.*
A tetanus vaccine (p.2240·1).
Active immunisation.

Tetanea *Aventis Pasteur, Philipp.; Aventis Pasteur, Turk.*
A tetanus immunoglobulin (equine) (p.2239·3).
Passive immunisation.

Tetanobulin *Immuno, Braz.†; Baxter BioScience, Ger.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetanogamma *CSL, Braz.; ZLB Behring, Mex.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetanol *Elea, Arg.; Grunenthal, Austria; Chiron Vaccines, Ger.; Novartis Vaccines, Hung.; Aventis, Mex.*
An adsorbed tetanus vaccine (p.2240·1).
Active immunisation.

Tetanos Quick Stick *Ingen, Fr.†.*
Test for tetanus antibodies.

Tetanus-Gamma *Kedrion, Ital.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

TetaQuin *Sanquin, Neth.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Teta-S *Fresenius Kabi, Ger.*
Didecylmethylalkoxiammonium propionate; cocospropylenediamineguanidinium diacetate; polihexanide (p.1658·2).
Surface disinfection.

Tetatox *Berna, Ital.†.*
An adsorbed tetanus vaccine (p.2240·1).
Active immunisation.

Tetavax *Sanofi Pasteur, Arg.; Aventis Pasteur, Braz.†; Sanofi Pasteur, Chile; Aventis Pasteur, Cz.; Sanofi Pasteur, Hong Kong; Sanofi Pasteur, Malaysia†; Aventis Pasteur, Neth.†; Sanofi Pasteur, Norw.; Aventis Pasteur, Philipp.; Aventis, S.Afr.; Sanofi Pasteur, Thai.; Aventis Pasteur, Turk.*
An adsorbed tetanus vaccine (p.2240·1).
Active immunisation.

Tetaven *Baxter, Ital.†.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetesept
Note.This name is used for preparations of different composition.
Merz, Pol.
Ascorbic acid (p.1983·3); cetylpyridinium chloride (p.1635·1); dequalinium chloride (p.1641·3).
Mouth and throat disorders.

Kolassa, Austria.
⊗ Dequalinium chloride (p.1641·3); cetylpyridinium chloride (p.1635·1); hesperidin methyl chalcone (p.2305·2); ascorbic acid (p.1983·3).
Bacterial infections of the mouth and throat.

Tetesept Angidin *Merz, Cz.†.*
Dequalinium chloride (p.1641·3); cetylpyridinium chloride (p.1635·1); ascorbic acid (p.1983·3).
Mouth and throat disorders.

Tetesept Badekonzentrat Erkaltungs Bad N *Tetesept, Ger.†.*
Eucalyptus oil (p.2301·2); turpentine oil (p.2406·3); thyme oil (p.2401·2); pine needle oil (p.2368·2); camphor (p.2273·2).
Bath additive; cold symptoms; neuralgia; peripheral vascular disorders; rheumatism.

Tetesept Badekonzentrat Rheuma Bad *Tetesept, Ger.†.*
Glycol salicylate (p.62·3); methyl nicotinate (p.85·3); eucalyptus oil (p.2301·2); rosemary oil (p.2381·3); camphor (p.2273·2).
Bath additive; circulatory disorders; musculoskeletal and joint disorders.

Tetesept Bademedizin Erkaltungs Intensiv Bad N *Tetesept, Ger.†.*
Eucalyptus oil (p.2301·2); Norway spruce oil; thyme oil (p.2401·2).
Bath additive; cold symptoms.

Tetesept Erkaltungs *Tetesept, Ger.*
Thyme (p.2401·1).
Respiratory-tract disorders.

Tetesept Erkaltungs Balsam N mentholfrei *Tetesept, Ger.*
Eucalyptus oil (p.2301·2); pine needle oil (p.2368·2); camphor (p.2273·2).
Respiratory-tract disorders.

Tetesept Hals-activ *Tetesept, Ger.*
Usnea barbata (p.2409·3).
Mouth and throat disorders.

Tetesept Husten Saft *Tetesept, Ger.*
Ribwort plantain (p.2379·1).
Respiratory-tract congestion.

Tetesept Husten Tropfen *Tetesept, Ger.*
Ribwort plantain (p.2379·1).
Cold symptoms; mouth and throat inflammation.

Tethexal *Hexal, Ger.†.*
Tetrazepam (p.1031·1).
Skeletal muscle tension and spasticity.

Tetig *Teva, Hung.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Tetinox *Silanes, Mex.*
A tetanus vaccine (p.2240·1).
Active immunisation.

Tetmosol *AstraZeneca, Braz.; Nicholas Piramal, India; AstraZeneca, Mex.†; AstraZeneca, S.Afr.; AstraZeneca, Singapore†.*
Sulfiram (p.2050·3).
Scabies.

Tetra
Sanbe, Indon.; Nevzat, Turk.
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Atlantis, Mex.
Tetracycline (p.347·1).
Bacterial infections.

Tetra Central *Pharmasant, Thai.†.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetra Hubber *Valeant, Spain†.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetrabact *Cipla, India.*
Tetracycline (p.347·1).
Bacterial infections.

Tetraben *Cazi, Braz.*
Tetracycline (p.347·1).
Bacterial skin infections.

Tetrac *Zwitter, Gr.*
Tetracycline hydrochloride (p.347·2).
Acne.

Tetracem *Crown, S.Afr.†.*
Oxytetracycline (p.312·2).
Bacterial infections.

Tetrachel *Berk, Cz.†.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetracilil *Greenpharma, Braz.*
Tetracycline (p.347·1).
Bacterial infections.

Tetracina *Bunker, Braz.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetraclin *Teuto, Braz.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetracoq *Aventis Pasteur, Belg.†; Aventis Pasteur, Braz.†; Vianex (Βιανέξ), Gr.; Pasteur Merieux, Israel; Aventis Pasteur, Malaysia†; Aventis Pasteur, Philipp.; Aventis Pasteur, Pol.†; Aventis Pasteur, Thai.†; Aventis Pasteur, Turk.*
A diphtheria, tetanus, pertussis, and poliomyelitis vaccine (p.2211·3).
Active immunisation.

Tetract-HIB *Aventis Pasteur, Braz.†; Sanofi Pasteur, Chile; Sanofi Pasteur, Cz.; Sanofi Pasteur, Indon.; Pasteur Merieux, Israel; Sanofi Pasteur, Malaysia†; Aventis Pasteur, Philipp.; Sanofi Pasteur, Singapore; Sanofi Pasteur, Spain†; Sanofi Pasteur, Thai.; Aventis Pasteur, Turk.*
A diphtheria, tetanus, pertussis, and haemophilus influenzae conjugate vaccine (p.2211·1).
Active immunisation.

Tetraderm *Teuto, Braz.*
⊗ Betamethasone valerate (p.1519·1); gentamicin sulfate (p.282·1); tolnaftate (p.548·3); clioquinol (p.254·1).
Infected skin disorders.

Tetradin *Caldeira & Metelo, Port.*
Disulfiram (p.2296·2).
Chronic alcoholism; nickel dermatitis.

Tetradox
Note.This name is used for preparations of different composition.
Richmond, Arg.
Paracetamol (p.108·1).
Fever; pain.

Ranbaxy, Singapore; Ranbaxy, Thai.
Doxycycline hyclate (p.267·1).
Bacterial infections.

Fako, Turk.
Doxycycline (p.267·1).
Bacterial infections; malaria; oral herpes simplex infections.

Tetragel *Multilab, Braz.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetra-Gelomyrtol *Sanova, Austria; Pohl, Ger.*
Oxytetracycline hydrochloride (p.312·3); myrtol (p.2349·3).
Bronchitis; sinusitis.

Tetragynon *Schering, Denm.†; Schering, Fr.†; Schering, Ger.†; Schering, Norw.†; Bayer, Port.; Schering, Switz.*
Levonorgestrel (p.2121·2); ethinylestradiol (p.2101·3).
Postcoital oral contraceptive.

Tetrahelmin *Luper, Braz.†.*
Mebendazole (p.148·3).
Worm infections.

Tetrakain *Novartis Ophthalmics, Swed.*
Tetracaine hydrochloride (p.1871·3).
Local anaesthesia.

Tetralet *Fako, Turk.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetralgin *Craveri, Arg.*
Ergotamine (p.621·3); caffeine (p.1116·3); chlorphenamine (p.572·2); dipyrone (p.49·2); metoclopramide (p.1747·3).
Migraine.

Tetralgin APC *Craveri, Arg.*
Aspirin (p.20·3); paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Tetralgin Novo *Craveri, Arg.*
Ergotamine (p.621·3); caffeine (p.1116·3); chlorphenamine (p.572·2); dipyrone (p.49·2); domperidone (p.1726·2).
Migraine.

Tetralim *Vana, Thai.†.*
Tetracycline phosphate complex (p.347·2).
Bacterial infections.

Tetralisal *Galderma, Mex.*
Lymecycline (p.296·1).
Acne.

Tetralution *Merckle, Ger.†.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetralysal
Galderma, Arg.; AB-Consult, Austria; Galderma, Belg.; Galderma, Braz.; Galderma, Denm.; Galderma, Fin.; Galderma, Fr.; Galderma, Hong Kong; Galderma, Hung.; Galderma, Irl.; Galderma, Ital.; Healthcare Logistics, NZ; Galderma, Norw.; Galderma, Philipp.; Galderma, S.Afr.; Galderma, Swed.; Galderma, Switz.; Galderma, UK; Galderma, Venez.
Lymecycline (p.296·1).
Acne; bacterial infections.

Galderma, Pol.
Lymecycline hydrochloride.
Acne; rosacea.

Tetram *Biotech, Venez.†.*
Terfenadine (p.590·3).
Hypersensitivity reactions.

Tetra-Mag *Cypress, USA.*
Magnesium salicylate (p.79·2); phenyltoloxamine citrate (p.588·1).

Tetramax *Luper, Braz.†.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetramdura *Merck dura, Ger.*
Tetrazepam (p.1031·1).
Skeletal muscle spasm.

Tetramel *Aspen, S.Afr.†.*
Oxytetracycline hydrochloride (p.312·3).
Bacterial infections.

Tetramicin *EMS, Braz.†.*
Tetracycline hydrochloride (p.347·2) or tetracycline phosphate complex (p.347·2).
Bacterial infections.

Tetramil *Farmigea, Ital.*
⊗ Tetryzoline hydrochloride (p.1574·1); pheniramine maleate (p.587·3).
Conjunctivitis; eye irritation and congestion.

Tetramin *Adeka, Turk.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetramizotil *Osorio de Moraes, Braz.†.*
Tetramisole (p.156·2).
Nematode infections.

Tetran *Wagner, Hung.*
Oxytetracycline hydrochloride (p.312·3).
Bacterial infections.

Tetrana *Atlantic, Thai.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetran-Hydrocortison *Wagner, Hung.*
⊗ Oxytetracycline hydrochloride (p.312·3); hydrocortisone acetate (p.1535·2).
Infected skin disorders.

Tetrano *Milano, Thai.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetrapar *Parggon, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Tetrapres *Precimex, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Tetrapulmo
Note. This name is used for preparations of different composition.
Medley, Braz.
Capsules; syrup: Sodium camsilate (p.2388·3); chlorphenamine maleate (p.571·3); dipyrone (p.49·2); guaifenesin (p.1561·3); terpin hydrate (p.1573·3).
Cold and influenza symptoms.

Medley, Braz.
Injection: Dipyrone (p.49·2); chlorphenamine maleate (p.571·3); guaifenesin (p.1561·3); cineole (p.2282·3); niaouli oil (p.2351·3); sodium camsilate (p.2388·3). Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Cold and influenza symptoms.

Tetraratio *Ratiopharm, Pol.*
Tetrazepam (p.1031·1).
Painful skeletal muscle spasm.

Tetrarco *Armoxindo, Indon.*
Tetracycline hydrochloride (p.347·2).
Skin infections.

Tetra-saar *MIP, Ger.*
Tetrazepam (p.1031·1).
Skeletal muscle tension and spasticity.

Tetrasine *Optopics, USA†.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Minor eye irritation.

Tetrasine Extra *Optopics, USA†.*
⊗ Tetryzoline hydrochloride (p.1574·1); macrogol 400 (p.2336·1).
Minor eye irritation.

Tetraspan *Braun, Cz.; Braun, Hung.; Braun, Port.*
⊗ An etherified starch (p.1065·1) in electrolytes.
Plasma volume expansion; shock.

Tetraspir *Globo, Braz.†.*
Tetracycline (p.347·1).
Bacterial infections.

Tetravac *Aventis Pasteur, Austria; Sanofi Pasteur, Belg.; Sanofi Pasteur, Fin.; Sanofi Pasteur, Fr.; Aventis Pasteur, Ger.†; Vianex (Βιανέξ), Gr.; Sanofi Pasteur, Irl.; Sanofi Pasteur, Ital.; Sanofi Pasteur, Port.; Sanofi Pasteur, Swed.; Sanofi Pasteur, Switz.*
A diphtheria, tetanus, acelllular pertussis, and poliomyelitis vaccine (p.2211·3).
Active immunisation.

Tetraxil *Delta, Braz.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tetraxim *Sanofi Pasteur, Hung.; Sanofi Pasteur, Malaysia; Aventis Pasteur, Philipp.*
A diphtheria, tetanus, pertussis, and poliomyelitis vaccine (p.2211·3).
Active immunisation.

Tetraxin *Sanofi Pasteur, Thai.*
A diphtheria, tetanus, pertussis, and poliomyelitis vaccine (p.2211·3).
Active immunisation.

Tetrazep *CT, Ger.*
Tetrazepam (p.1031·1).
Skeletal muscle tension and spasticity.

Tetra-Zil *Arlex, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Tetrazol *Grin, Mex.*
⊗ Tetryzoline (p.1574·1).
Dry eyes.

Tetrerba *Pfizer, Mex.†.*
Tetracycline (p.347·1).
Bacterial infections.

Tetrex
BMS, Austral.; BMS, S.Afr.
Tetracycline hydrochloride (p.347·2).
Adjunct in intestinal amoebiasis; bacterial infections.

BMS, Braz.; Bristol, USA.
Tetracycline phosphate complex (p.347·2).
Bacterial infections.

Hormona, Mex.
Tetracycline (p.347·1).
Bacterial infections.

Tetrex-F *BMS, S.Afr.*
Tetracycline hydrochloride (p.347·2); nystatin (p.543·2).
Bacterial infections; candidiasis.

Tetrib *Ibfarma, Braz.†.*
Tetracycline (p.347·1).
Bacterial infections.

Tetrilin *MIP, Ger.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Nasal congestion.

Tetrim *IQFA, Mex.*
Tetracycline (p.347·1).
Bacterial infections.

Tetrin *Interbat, Indon.*
Tetracycline phosphate (p.347·2).
Bacterial infections.

Tetrisal *MIP, Ger.*
Sodium chloride (p.1686·1).
Dry nose; nasal congestion.

Tetroid *Ache, Braz.*
Levothyroxine sodium (p.2171·2).
Hypothyroidism.

Tetryvil *Hasco-Lek, Pol.*
⊗ Tetryzoline hydrochloride (p.1574·1).
Nasal congestion; rhinitis; sinusitis.

Tet-Tox *CSL, Austral.; CSL, NZ.*
An adsorbed tetanus vaccine (p.2240·1).
Active immunisation.

Tetuman *Berna, Hong Kong†; Berna, Malaysia†; Berna, Port.†; Berna, Spain†; Berna, Switz.; Berna, Thai.†; Berna, Turk.*
A tetanus immunoglobulin (p.2239·3).
Passive immunisation.

Teufelskralle *CT, Ger.; Merck dura, Ger.; Ratiopharm, Ger.; Stada, Ger.*
Devil's claw root (p.39·1).
Joint disorders.

Teutocilin *Teuto, Braz.†.*
Oxacillin sodium (p.311·3).
Bacterial infections.

Teutoformin *Teuto, Braz.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Teutomicin *Teuto, Braz.*
Neomycin sulfate (p.305·1); bacitracin zinc (p.210·3).

Teutoss *Teuto, Braz.†.*
⊗ Potassium iodide (p.2169·2); ephedrine hydrochloride (p.1558·2); belladonna (p.2263·3); stramonium (p.2392·3).
Respiratory-tract congestion.

Teutovit-E *Teuto, Braz.*
Tocoferil acetate (p.1992·3).

Teutrin *Teuto, Braz.*
Co-trimoxazole (p.258·1).
Bacterial infections; pneumocystis pneumonia; protozoal infections.

Tevacutan *Teva, Israel.*
⊗ Clotrimazole (p.530·1); dexamethasone (p.1526·1); neomycin sulfate (p.305·1).
Infected skin disorders.

Tevacycline *Teva, Israel.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Tevaderm *Teva, Israel.*
⊗ Isoconazole nitrate (p.536·2); diflucortolone valerate (p.1529·2).
Infected skin disorders.

Tevanate *Gry, Ger.; Gerolymatos, Gr.; Teva, Rus.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Tevapirin *Teva, Israel.*
Aspirin (p.20·3).
Thrombosis prophylaxis.

Tevax *GSK, Belg.†.*
An adsorbed tetanus vaccine (p.2240·1).
Active immunisation.

Teveten *Solvay, Austral.; Solvay, Austria; Solvay, Belg.; Solvay, Canad.; Solvay, Cz.; Solvay, Denm.; Solvay, Fin.; Solvay, Fr.; Procter & Gamble, Ger.; Solvay, Ger.; Solvay, Gr.; Solvay, Hong Kong; Solvay, Hung.; Solvay, Irl.; Solvay, Neth.; Solvay, Norw.; Solvay, Philipp.; Solvay, Pol.; Solvay, Port.; Solvay, Rus.; Solvay, S.Afr.; Solvay, Swed.; Solvay, Switz.; Solvay, Thai.; Solvay, UK; KOS, USA.*
Eprosartan mesilate (p.1281·1).
Hypertension.

Teveten Comp *Solvay, Denm.; Solvay, Fin.; Solvay, Norw.; Solvay, Swed.*
⊗ Eprosartan mesilate (p.1281·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Teveten HCT *Abbott, USA.*
⊗ Eprosartan mesilate (p.1281·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Teveten Plus *Solvay, Austral.; Solvay, Austria; Solvay, Belg.; Solvay, Canad.; Procter & Gamble, Ger.; Solvay, Ger.; Solvay, Gr.; Solvay, Hong Kong; Solvay, Irl.; Solvay, Neth.; Solvay, Philipp.; Solvay, Port.; Solvay, Rus.; Solvay, Switz.*
⊗ Eprosartan mesilate (p.1281·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Teveten Plus H *Solvay, Cz.*
⊗ Eprosartan mesilate (p.1281·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Tevetens *Solvay, Spain.*
Eprosartan mesilate (p.1281·1).
Hypertension.

Tevetens Plus *Solvay, Spain.*
⊗ Eprosartan mesilate (p.1281·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Tevetenz *Solvay, Ital.*
Eprosartan mesilate (p.1281·1).
Hypertension.

Tevoril *Proel, Gr.*
Ambroxol hydrochloride (p.1550·3).
Respiratory disorders associated with viscous mucus.

Tevox *Actavis, Indon.*
Levofloxacin (p.292·2).
Bacterial infections.

Tev-Tropin *Gate, USA.*
⊗ Somatropin (p.1799·3).
Growth hormone deficiency.

Texa *Pharma Dynamics, S.Afr.*
Cetirizine hydrochloride (p.570·3).
Hypersensitivity reactions; pruritus.

Texacort *JSJ, USA.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Texate *Columbia, Mex.*
Methotrexate (p.745·2).
Malignant neoplasms.

Texicam *Deutsche, Chile†.*
Tenoxicam (p.128·2).
Inflammation; musculoskeletal and joint disorders.

Texis *Atlantis, Mex.*
Azithromycin (p.207·1).
Bacterial infections.

Texodil *Grunenthal, Fr.*
Cefotiam hexetil hydrochloride (p.230·1).
Bacterial infections of the respiratory-tract.

Texot *Filaxis, Arg.*
Docetaxel (p.710·3).
Malignant neoplasms.

Texoven *Tecnofarma, Mex.*
Benzonatate (p.1552·1).
Coughs.

Texx *Krewel, Ger.*
St John's wort (p.422·3).
Anxiety; depression.

Teylor *Dom, Spain.*
Simvastatin (p.1390·2).
Hyperlipidaemias; secondary prophylaxis of ischaemic heart disease.

TFT *SofLens, S.Afr.*
Trifluridine (p.910·3).
Herpes simplex keratitis.

TFT Ophtiole *Tramedico, Neth.*
Trifluridine (p.910·3).
Viral eye infections.

TFT-Thilo *Liba, Turk.*
Trifluridine (p.910·3).
Herpes simplex eye infections.

T/Gel
Note. This name is used for preparations of different composition.
Neutrogena, Fr.
Salicylic acid (p.1612·2); piroctone olamine (p.1610·1).
Scalp and hair disorders.

Neutrogena, Israel; Johnson & Johnson, UK.
Coal tar (p.1616·2).
Scalp disorders.

T-Gen *Goldline, USA†.*
Trimethobenzamide hydrochloride (p.592·2).
Nausea and vomiting.

T-Gesic *Williams, USA.*
Paracetamol (p.108·1); hydrocodone tartrate (p.63·1).
Pain.

THA *Woods, Austral.*
Tacrine hydrochloride (p.370·2).
Postoperative respiratory stimulant; reversal of competitive neuromuscular blockade.

Thacapzol *Recip, Swed.*
Thiamazole (p.2176·3).
Hyperthyroidism.

Thaden *Pharmacare, S.Afr.*
Dosulepin hydrochloride (p.388·2).
Depression; mixed anxiety depressive states.

Thais *Besins, Fr.*
Estradiol (p.2097·2).
Menopausal disorders.

Thalamag *IPRAD, Fr.*
Magnesium oxide (p.1744·1); sea water.
Magnesium supplement.

Thalamag fer B$_9$ *IPRAD, Fr.*
Magnesium oxide; sea water; ferrous sulfate; folic acid (p.1922·1).
Tonic.

Thalgo Tonic *Thalgo, Fr.*
Spirulina (p.2392·1); magnesium (p.1678·3); ginseng (p.2312·1); vitamins (p.1922·1).
Tonic.

Thalitone *Monarch, USA.*
⊗ Chlortalidone (p.1243·3).
Hypertension; oedema.

Thalix *Dabur, India.*
Thalidomide (p.2397·1).
Erythema nodosum leprosum; multiple myeloma.

Thalizide *Ipca, India.*
⊗ Chlortalidone (p.1243·3).
Hypertension.

Thalomid *Celgene, USA.*
Thalidomide (p.2397·1).
Erythema nodosum leprosum; multiple myeloma.

Tham *Abbott, Austral.; Kohler, Ger.*
⊗ Trometamol (p.2405·1).
Metabolic acidosis.

Thamesol *Diaco, Ital.*
⊗ Trometamol (p.2405·1).
Metabolic acidosis.

Thankgod *Panacea, India.*
Euphorbia (p.2301·3).
Haemorrhoids.

Thateron *Faran, Gr.*
Terbinafine (p.546·3).
Fungal skin infections.

t/h-basan *Sandoz, Switz.*
⊗ Triamterene (p.1417·2); hydrochlorothiazide (p.1307·3).
Hypertension; oedema.

The a l'avoine sauvage de Vollmer *Dunner, Switz.*
Avena (p.2262·1); urtica (p.2409·3); St John's wort (p.422·3); alchemilla alpinae.
Nervous disorders.

The Chambard-Tee *Brady, Austria.*
Senna leaf (p.1769·2); althaea leaf (p.2253·3); peppermint leaf (p.1761·2); melissa leaf (p.2339·3); hyssopus officinalis (p.2323·3); anthyllidis flower; calendula (p.2273·1); cyanae flower.
Constipation.

The Ginseng King *Medicalfarm, Ital.*
Fish milk; fish brain extract; cod-liver extract; myrtillus; acacia honey; fructose; ginseng (p.1922·1).
Nutritional supplement.

The Guard Seichojo *Kowa, Jpn.*
Bacillus natto; lactic-acid-producing organisms (p.2372·3); dimeticone (p.1770·2); swertia; cinnamon bark (p.2283·1); fennel (p.2302·3); methiosulfonium chloride (p.2343·3); magnesium carbonate (p.1743·1); calcium carbonate (p.1714·1).
Carminative; flatulence.

The Salvat *Leros, Cz.*
Boldo (p.2267·2); marrubium (p.1564·1); agrimony (p.2249·2); taraxacum (p.2395·1); frangula bark (p.1732·2); chamomile (p.2279·3); peppermint leaf (p.1761·2).
Liver and biliary-tract disorders.

Theanorf *Thea, Ital.*
Norfloxacin (p.309·2).
Bacterial eye infections.

Thecort *Guardian, Indon.*
⊗ Miconazole nitrate (p.541·3); hydrocortisone (p.1535·2).
Infected skin disorders.

Theinol *Bailly, Fr.*
Paracetamol (p.108·1); caffeine (p.1116·3).
Fever; pain.

Thelban *Biolab, Malaysia†.*
Albendazole (p.139·2).
Worm infections.

Thelin *CSL Biotherapies, Austral.; Encysive, Cz.; Encysive, Fr.; Encysive, Port.; Encysive, UK.*
Sitaxentan sodium (p.1396·3).
Pulmonary hypertension.

Thelmox *Remedica, Malaysia.*
Mebendazole (p.148·3).
Worm infections.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Themibutol *Themis Chemicals, India.*
Ethambutol hydrochloride (p.274·1).
Tuberculosis.

Thenil *Interbat, Indon.*
Tenoxicam (p.128·2).
Gout; musculoskeletal, joint, and peri-articular disorders.

Theo *CT, Ger.*
Theophylline (p.1140·1) or theophylline sodium glycinate (p.1146·3).
Obstructive airways disease.

Theo-2 *SMB, Belg.*
Theophylline (p.1140·1).
Obstructive airways disease.

Theo-24 *Pharmacia, Ital.; UCB, USA.*
Theophylline (p.1140·1).
Obstructive airways disease.

Theo Max *Desarrollo, Spain†.*
Theophylline (p.1140·1).
Heart failure; obstructive airways disease; paroxysmal dyspnoea.

Theo PA *GSK, India.*
Theophylline (p.1140·1).
Bronchospasm.

Theo-Asthalin *Cipla, India.*
⊗ Salbutamol sulfate (p.1131·3); theophylline (p.1140·1).
Obstructive airways disease.

Theobid *Cipla, India.*
Theophylline (p.1140·1).
Obstructive airways disease.

Theobric *Remidex, India.*
⊗ Terbutaline sulfate (p.1138·3); theophylline (p.1140·1).
Asthma; bronchitis.

Theobron *Interbat, Indon.*
Theophylline (p.1140·1).
Obstructive airways disease.

Theo-Bros *Bros, Gr.*
Theophylline (p.1140·1).
Asthma; neonatal apnoea and bradycardia; obstructive airways disease.

Theochodil *GMP, Indon.*
⊗ Ephedrine hydrochloride (p.1558·2); theophylline (p.1140·1).
Asthma; bronchitis.

Theochron *Forest Pharmaceuticals, USA.*
Theophylline (p.1140·1).
Asthma; reversible bronchospasm in chronic bronchitis and emphysema.

Theoclear *Central Pharmaceuticals, USA†.*
Theophylline (p.1140·1).
Asthma; bronchospasm.

Theoday *Cipla, India.*
Theophylline (p.1140·1).
Obstructive airways disease.

Theodrine *Rugby, USA.*
