Inflammation; musculoskeletal and joint disorders; pain.

Fenaplus-MR *Modi-Mundipharma, India.*
Diclofenac sodium (p.44·3); paracetamol (p.108·1); chlorzoxazone (p.1894·3).
Painful muscle spasm; premenstrual syndrome.

Fenardin *Schwarz, Pol.*
Fenofibrate (p.1286·2).
Hypercholesterolaemia.

Fenaren
Mundipharma, Austria; Bernofarm, Indon.
Diclofenac sodium (p.44·3).
Inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Uniao Quimica, Braz.
Diclofenac diethylamine (p.44·3), diclofenac sodium (p.44·3), or diclofenac resinate (p.46·1).
Gout; inflammation; musculoskeletal, joint, and peri-articular disorders; pain.

Fenarol-S *Sanofi Synthelabo, Chile†.*
Chlorzoxazone (p.1894·3).
Musculoskeletal spasm.

Fenason *Unison, Hong Kong†.*
Terfenadine (p.590·3).
Allergic conjunctivitis; allergic rhinitis; asthma.

Fenaspec *Pharmaspec, Philipp.*
Diclofenac sodium (p.44·3).
Fever; gout; inflammation; musculoskeletal and joint disorders; pain.

Fenatrop *Gador, Arg.*
Trimebutine maleate (p.2404·3).
Gastrointestinal spasm.

Fenatrop-A *Gador, Arg.*
Trimebutine maleate (p.2404·3); bromazepam (p.964·3).
Gastrointestinal disorders.

Fenavel *Novell, Indon.*
Diclofenac sodium (p.44·3).
Gout; musculoskeletal and joint disorders; postoperative pain.

Fenax *Andromaco, Chile.*
Fexofenadine hydrochloride (p.579·3).
Allergic rhinitis.

Fenazid *Pharmsintez, Rus.*
Isoniazid ferrous sulfate dihydrate complex.
Tuberculosis.

Fenazil *Sella, Ital.*
Promethazine hydrochloride (p.588·2).
Allergic skin reactions.

Fenazin *Synco, Hong Kong.*
Promethazine hydrochloride (p.588·2).
Hypersensitivity reactions; nausea and vomiting; sedative.

Iron-deficiency anaemia.

Fercobre *Andromaco, Venez.†.*
Ferric ammonium citrate (p.1938·1); copper gluconate (p.1935·3).
Anaemias.

Fercobre B-12 *Andromaco, Venez.†.*
Ferric ammonium citrate (p.1938·1); vitamin B (p.1980·2).
Anaemias.

Fercor *Corsalud, Venez.†.*
Ferrous fumarate (p.1938·3); vitamin B (p.1980·2).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Fercovit *Andromaco, Chile†.*
Ferrous fumarate; calcium carbonate; magnesium oxide; vitamins (p.1922·1).
Dietary supplement.

Ferdek *Ranbaxy, Thai.*
Ferrous fumarate (p.1938·3).
Iron-deficiency anaemia.

Ferdromaco *Andromaco, Arg.*
Ferrous succinate (p.1939·2).
Succinic acid is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Ferganic *Roemmers Osmoph, Venez.*
Iron protein.
Anaemias.

Ferganic Folic *Roemmers Osmoph, Venez.*
Iron protein; folic acid (p.1940·1).
Anaemia in pregnancy and lactation.

Fer-gen-sol *Goldline, USA.*
Ferrous sulfate (p.1939·3).
Iron deficiency anaemia.

Fergesol *IAE, Philipp.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1).
Iron or folic acid deficiency.

Ferglobin *Pharmacare, Philipp.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Fergon *Sanofi Synthelabo, Austral.†; ICN, NZ†; Winthrop Consumer, USA.*
Ferrous gluconate (p.1939·1).
Iron deficiency; iron-deficiency anaemia.

Fericip
Note. This name is used for preparations of different composition.
Cipla, India.
Capsules; chewable tablets: Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Iron and folic acid deficiency.

Cipla, India.
Oral drops; syrup: Iron polymaltose (p.1953·1).
Iron deficiency.

Ferid *Uniao Quimica, Braz.*
Neomycin sulfate (p.305·1); bacitracin zinc (p.210·3).
Bacterial skin infections.

Feridex *Temis, Arg.†; Advanced Magnetics, Israel†; Eiken, Jpn; Berlex, USA.*
Ferumoxides (p.1478·1).
Contrast medium for magnetic resonance imaging of the liver.

Ferifer *Streger, Mex.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Ferig *CT, Ital.*
Ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Ferin *Collins, Mex.†.*
Vitamin preparation with iron (p.1922·1).

Ferinject *Vifor, Cz.; Vifor, Switz.; Syner-Med, UK.*
Ferric carboxymaltose (p.1938·1).
Iron deficiency.

Fer-In-Sol *BMS, Arg.; Mead Johnson, Braz.; Mead Johnson Nutritionals, Canad.; BMS, Gr.†; BMS, Irl.; Mead Johnson, Ital.; BMS, Mex.; Mead Johnson, Philipp.; Mead Johnson Nutritionals, Thai.; Mead Johnson Nutritionals, USA; BMS, Venez.*
Ferrous sulfate (p.1939·3).
Formerly known as Enfalac Fer-In-Sol in *Canad.*
Iron deficiency; iron supplement; iron-deficiency anaemia.

Ferinsol *Mead Johnson, Chile.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Fer-Iron *Rugby, USA†.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemias.

Feritrin *Dexa, Indon.*
Iron polymaltose (p.1953·1); vitamin B substances; vitamin D; calcium lactate; copper sulfate; potassium iodide (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia; nutritional supplement.

Ferium *Pasteur, Chile.*
Iron polymaltose (p.1953·1).
Iron deficiency; iron-deficiency anaemia.

Feriv *GES, Spain.*
Iron sucrose (p.1953·2).
Iron-deficiency anaemia.

Ferlactis *AGIPS, Ital.†.*
Lactococcus lactis (p.2372·3).
Gastrointestinal disorders.

Ferlatum *Lifepharma, Ital.; Italfarmaco, Rus.*
Iron succinyl-protein complex (p.1953·2).
Iron deficiency; iron-deficiency anaemia.

Ferlea *Elea, Arg.†.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Ferlette *Essenpharma, Philipp.*
Buclizine hydrochloride (p.570·1); ferrous fumarate; lysine hydrochloride; vitamin B substances (p.1922·1).
Appetite stimulant; tonic.

Ferlex *Arlex, Mex.*
Amoxicillin (p.202·2); ambroxol (p.1550·3).
Respiratory-tract infections.

Ferli-6 *Continental Pharma, Thai.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); pyridoxine hydrochloride (p.1978·2).
Anaemia; vitamin and iron supplement.

Ferlin
Note. This name is used for preparations of different composition.
Medifarma, Indon.; Pediatrica, Indon.
Iron (p.1949·1); vitamin B substances (p.1922·1).
Nutritional supplement.

Pediatrica, Philipp.
Oral drops: Ferrous sulfate (p.1939·3); folic acid (p.1940·1); vitamin B substances (p.1922·1).
Iron-deficiency anaemia.

Pediatrica, Philipp.
Syrup: Ferrous sulfate (p.1939·3); vitamin B substances (p.1922·1).
Iron-deficiency anaemia.

Ferlixir *Aspen, S.Afr.†.*
Multivitamin and mineral preparation (p.1922·1).

Ferlixit *Sanofi-Aventis, Ital.*
Sodium ferric gluconate complex (p.1962·2).
Anaemias; iron deficiency.

Ferlor AF *Loren, Mex.†.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1).
Folic-acid deficiency; iron deficiency.

Fermalac Vaginal
Note. This name is used for preparations of different composition.
Rosell, Canad.
Lactobacillus acidophilus (p.2372·3); *Lactobacillus bulgaricus* (p.2372·3); *Streptococcus lactis* (p.2372·3).
Adjunct in treatment of vaginal infections.

Rosell, Cz.
Lactobacillus rhamnosus (p.2372·3); *Lactobacillus delbrueckii* subs. *bulgaricus* (p.2372·3); *Streptococcus salivarius* subs. *thermophilus* (p.2372·3).
Maintenance of normal vaginal flora.

Fermasian *Asian Pharm, Thai.*
Ferrous fumarate (p.1938·3).
Iron-deficiency anaemia.

Fermate *Kenyaku, Thai.*
Ferrous fumarate (p.1938·3).
Iron-deficiency anaemia.

Fermathron *Biomet, Austral.†; UCB, Ger.; Biomet Merck, UK.*
Sodium hyaluronate (p.2320·1).
Degenerative disorders of the knee and other joints.

Fermavisc *OmniVision, Switz.*
Sodium hyaluronate (p.2320·1) (p.1622·2).
Contact lens lubricant.

Fermed *Bajamed, Mex.*
Cefaclor (p.217·2).
Bacterial infections.

Fermento duodenal
Note. This name is used for preparations of different composition.
Hommel, Ger.
Pancreatin (p.2360·1).
Formerly contained pancreatin and dimethicone.
Digestive enzyme deficiency disorders.

Pfizer, Switz.†.
Pancreatin (p.2360·1); dimeticone (p.1770·2).
Digestive disorders.

Fermentol *Church & Dwight, Canad.*
Pepsin (p.2365·1).
Dyspepsia without hyperacidity; oral vehicle.

Fermenturto-Lio *Teknofarma, Ital.*
Lactobacillus bulgaricus (p.2372·3); *Lactobacillus casei* (p.2372·3).
Gastrointestinal disorders.

Fermetone Composto *Lepori, Port.*
Bile extract (p.2266·2); simeticone (p.1770·2); hemicellulase (p.2279·1); pancreatin (p.2360·1).
Digestive disorders.

Fermil *Arrow, Austral.*
⊗ Clomifene citrate (p.2086·1).
Female infertility.

Fernadin *Liferpal, Mex.*
Ferrous fumarate (p.1938·3).
Anaemias.

Ferodan *Odan, Canad.*
Ferrous sulfate (p.1939·3).
Anaemias.

Ferofate *Jaapharm, Canad.*
Ferrous sulfate (p.1939·3).

Fero-Folic *Teofarma, Gr.; Adcock Ingram, S.Afr.; Abbott, Switz.; Abbott, USA.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) or sodium ascorbate (p.1984·1) may be included in this preparation to increase the absorption and availability of iron.
Iron and folic acid deficiency.

Ferofort *Kalbe, Indon.*
Iron carbonyl (p.1950·3); vitamin B substances; zinc; lysine hydrochloride (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Feroglobin
Vitabiotics, Hong Kong.
Iron, vitamin B, and mineral preparation (p.1922·1).
Anaemias.

Vitabiotics, UK.
Capsules: Vitamin B substances; folic acid; iron; copper; zinc (p.1922·1).

Vitabiotics, UK.
Oral liquid: Vitamin B substances; vitamin C; minerals; honey; malt; lysine (p.1922·1).

Feroglobin B_{12} *Vitabiotics, Cz.*
Vitamin B substances; iron; copper; zinc (p.1922·1).

Feroglobin-B12 *Vitabiotics, Hung.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); vitamin B (p.1980·2).
Anaemias.

Fero-Grad *Pharma Logistics, Belg.; Abbott, Canad.; Adcock Ingram, S.Afr.; Abbott, USA.*
Ferrous sulfate (p.1939·3).
Ascorbic acid (p.1983·3) or sodium ascorbate (p.1984·1) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Fero-Grad vitamine C *Teofarma, Fr.*
Ferrous sulfate (p.1939·3).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Fero-Gradumet
Pharma Logistics, Belg.; Abbott, Spain.
Ferrous sulfate (p.1939·3).
Anaemias; iron deficiency.

Abbott, Neth.
Dried ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Ferol *Ronava, Venez.*
Ferrous fumarate (p.1938·3).
Iron-deficiency anaemia.

Feromiel *Herbaxt, Fr.*
Honey (p.1948·2); iron pidolate.
Nutritional supplement.

Feron *Toray, Jpn.*
Interferon beta (p.891·2).
Hepatitis; malignant neoplasms.

Ferona *Sidus, Arg.*
⊗ Fluoxymesterone (p.2103·3); yohimbine hydrochloride (p.2200·2); caffeine (p.1116·3); lysine hydrochloride; vitamins; minerals.
Male impotence.

Ferosal
Note. This name is used for preparations of different composition.
Ad-Drugstel, Philipp.
Capsules: Ferrous fumarate (p.1938·3); vitamin B substances (p.1922·1).
Iron deficiency; iron-deficiency anaemia.

Ad-Drugstel, Philipp.
oral drops: Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Ad-Drugstel, Philipp.
Syrup: Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Iron deficiency; iron-deficiency anaemia.

Ferosix *Pharmasant, Thai.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); pyridoxine hydrochloride (p.1978·2).
Iron-deficiency anaemia.

Ferotrinsic *Rugby, USA.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); intrinsic factor (p.2326·3); vitamin B substances (p.1980·2).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Ferplex *Bago, Arg.; Italfarmaco, Cz.; Italfarmaco, Ital.; Italfarmaco, Pol.; Italfarmaco, Spain; Abdi, Turk.*
Iron succinyl-protein complex (p.1953·2).
Iron deficiency; iron-deficiency anaemia.

Ferplex Fol *Abdi, Turk.*
Iron succinyl-protein complex (p.1953·2); folic acid (p.1940·1).
Iron and folic acid deficiency in pregnancy.

Ferplus-B *Chew, Thai.*
Ferrous fumarate (p.1938·3); vitamins; minerals (p.1922·1).
Iron-deficiency anaemia; vitamin deficiency.

Ferquifa B_{12} *Merck, Port.†.*
Ferrous citrate; copper sulfate; liver extract; folic acid; cyanocobalamin (p.1922·1).
Anaemias.

Ferradol *Pfizer, India.*
Ferric ammonium citrate (p.1938·1); vitamins (p.1922·1).
Tonic.

Ferralet Plus *Mission Pharmacal, USA†.*
Ferrous gluconate (p.1939·1); folic acid (p.1940·1); vitamin B substances (p.1980·2).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemias.

Ferranem *Chemopharma, Chile.*
Ferrous sulfate (p.1939·3); cyanocobalamin (p.1980·2); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability or iron.
Iron-deficiency anaemia.

Ferranim *Sanitas, Chile.*
Ferrous fumarate (p.1938·3); vitamin B (p.1980·2); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability or iron.
Iron deficiency; iron-deficiency anaemia.

Ferranin *Altana, Arg.*
Iron polymaltose (p.1953·1).
Iron-deficiency anaemia.

Ferranin Complex *Altana, Arg.*
Iron polymaltose (p.1953·1); cyanocobalamin (p.1980·2) or hydroxocobalamin (p.1980·3); folic acid (p.1940·1).
Anaemias.

Ferranina *Altana, Mex.*
Iron polymaltose (p.1953·1).
Iron deficiency; iron-deficiency anaemia.

Ferranina Complex *Altana, Mex.*
Iron polymaltose (p.1953·1); vitamin B substances; vitamin C (p.1922·1).
Anaemias; nutritional supplement.

Ferranina Fol *Altana, Mex.*
Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Iron-deficiency anaemias.

Ferrascorbin
Note. This name is used for preparations of different composition.
Streuli, Switz.
Oral drops: Ferrous chloride (p.1938·2).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Streuli, Switz.
Tablets: Ferrous chloride (p.1938·2); ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Ferremon *San Carlo, Ital.†.*
Iron succinyl-protein complex (p.1953·2).
Anaemias; iron deficiency.

Ferretab *Lannacher, Austria.*
Ferrous fumarate (p.1938·3).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency anaemias.

Ferretab Comp
Lannacher, Austria.
Ferrous fumarate (p.1938·3); sodium folate (p.1941·2).
Iron and folic acid deficiency.

Lannacher, Rus.
Ferrous fumarate (p.1938·3); folic acid (p.1940·1).
Iron-deficiency anaemia.

Ferretab Compositum *Lannacher, Cz.*
Ferrous fumarate (p.1938·3); sodium folate (p.1941·2).
Iron deficiency; iron-deficiency anaemia.

Ferretab Compuesto *Biol, Arg.*
Ferrous fumarate (p.1938·3); sodium folate (p.1941·2).
Iron and folic acid deficiency.

Ferretts *Pharmics, USA.*
Ferrous fumarate (p.1938·3).

Ferrex *Breckenridge, USA.*
Polysaccharide-iron complex (p.1960·2).
Iron-deficiency anaemia.

Ferrex Forte *Breckenridge, USA.*
Polysaccharide-iron complex (p.1960·2); folic acid (p.1940·1); cyanocobalamin (p.1980·2).
Iron-deficiency anaemia.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Ferrex Forte Plus *Breckenridge, USA†.*
Iron (p.1960·2); vitamin B (p.1980·2); folic acid (p.1940·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Ferrex PC *Breckenridge, USA.*
Multivitamin and mineral preparation with polysaccharide-iron complex (p.1960·2) (p.1922·1).
Nutritional supplement.

Ferrex Plus *Breckenridge, USA.*
Iron (p.1960·2).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency.

Ferricol
Note.This name is used for preparations of different composition.
Richmond, Arg.
Ferrous sulfate (p.1939·3).

Columbia, Mex.
Iron amino acid chelate (p.1950·3); folic acid (p.1940·1).
Iron supplement; iron-deficiency anaemia.

Ferricrine *Bioprofarma, Arg.*
Iron sucrose (p.1953·2).
Iron-deficiency anaemia.

Ferricure *Trenker, Belg.*
Polysaccharide-iron complex (p.1960·2).
Iron-deficiency anaemia.

Ferridal *Parggon, Mex.*
Paracetamol (p.108·1).
Fever; pain.

Ferri-Emina *Lafare, Ital.†.*
Sodium ferric gluconate complex (p.1962·2).
Anaemias; iron deficiency.

Ferrifol *CTI, Israel.*
Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Anaemias.

Ferrigot *Pasteur, Chile.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Ferrimed
Note.This name is used for preparations of different composition.
Altana Madaus, S.Afr.
Capsules: Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Iron deficiency; iron-deficiency anaemia.

Altana Madaus, S.Afr.
Injection; syrup: Iron polymaltose (p.1953·1).
Iron deficiency; iron-deficiency anaemia.

Ferrimed DS *Altana Madaus, S.Afr.*
Iron polymaltose (p.1953·1).
Iron deficiency; iron-deficiency anaemia.

Ferrini *Ativus, Braz.*
Iron amino acid chelate (p.1950·3).
Iron-deficiency anaemia.

Ferrini Folico *Ativus, Braz.*
Iron amino acid chelate (p.1950·3); folic acid (p.1940·1).
Iron and folic acid deficiency.

Ferrous gluconate (p.1939·1).
Iron-deficiency anaemia.

Aroma, Turk.
Ferric ammonium citrate (p.1938·1).
Iron deficiency; iron-deficiency anaemia.

Ferro Complex *Pharmafar, Ital.*
Ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in some dosage forms to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Ferro Drops L *Pharmacare, S.Afr.*
Ferrous lactate (p.1939·2).
Iron-deficiency anaemias.

Ferro F-500 Gradumet *Abbott, Chile†.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability or iron.
Iron and folate deficiency.

Ferro Folic *Abbott, Arg.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron and folic acid deficiency.

Ferro Folico *Armstrong, Mex.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron and folic acid deficiency.

Ferro Grin *Grin, Mex.*
Ferrous fumarate (p.1938·3); vitamin B substances (p.1922·1).
Anaemias.

Ferro Sanol *Sanol, Ger.; Specifar, Gr.; CEPA, Spain; Adeka, Turk.*
Ferrous glycine sulfate (p.1939·1).
Iron deficiency; iron-deficiency anaemia.

Ferro Sanol B *Adeka, Turk.*
Ferrous glycine sulfate (p.1939·1); vitamin B substances (p.1922·1).
Iron deficiency; iron-deficiency anaemia.

Ferro sanol comp *Sanol, Ger.*
Ferrous glycine sulfate (p.1939·1); folic acid (p.1940·1); cyanocobalamin (p.1980·2).
Iron and vitamin B deficiency; iron-deficiency anaemia.

Ferro sanol duodenal *Sanol, Ger.; Schwarz, Ger.*
Ferrous glycine sulfate (p.1939·1).
Iron deficiency; iron-deficiency anaemia.

Ferro sanol gyn *Sanol, Ger.; Schwarz, Ger.*
Ferrous glycine sulfate (p.1939·1); folic acid (p.1940·1).
Iron and folic acid deficiency.

Ferro Vitaminico *Laboratorios Chile, Chile.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); pyridoxine hydrochloride (p.1978·2).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability or iron.
Iron-deficiency anaemia.

Ferric ammonium citrate (p.1938·1); vitamin B substances; copper sulfate (p.1922·1).
Iron deficiency; iron-deficiency anaemia.

Ferro-Be-Sian *Asian Pharm, Thai.*
Ferrous gluconate (p.1939·1); vitamins (p.1922·1).
Iron-deficiency anaemia.

Ferrobest *Phoinix Pharm (Φοινιξ Φαρμ), Gr.*
Iron polymaltose (p.1953·1).
Iron-deficiency anaemia.

Ferrobet *Montavit, Austria.*
Ferrous fumarate (p.1938·3).
Iron deficiency anaemias.

Ferrocal *Rekah, Israel.*
Calcium ferrous citrate (p.1932·1).
Iron-deficiency anaemia.

Ferrocap F *Consolidated Chemicals, Irl.†.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1).
Anaemia during pregnancy.

Ferro-C-Calcium *Cheplapharm, Ger.*
Ferrous gluconate (p.1939·1); calcium gluconate (p.1675·3); ascorbic acid (p.1983·3).
Iron and calcium deficiency.

Ferroce *Alian, Venez.*
Ferrous fumarate (p.1938·3).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Ferroce con B12 *Alian, Venez.*
Ferrous sulfate (p.1939·3); vitamin B (p.1980·2).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Ferrocebrina

Ferrocomplex *Farmalab, Braz.*
Ferrous sulfate (p.1939·3); vitamin B substances; panthenol; liver extract (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Ferrocur *Schering, Spain.*
Iron succinyl-protein complex (p.1953·2).
Iron-deficiency anaemia.

Ferrocutid *Labocor, Port.†.*
Ferrous glycine sulfate (p.1939·1).
Iron deficiency; iron-deficiency anaemia.

Ferrocyte *Eisai, Malaysia; Eisai, Singapore; Eisai, Thai.*
Ferrous sodium citrate (p.1950·3).
Iron-deficiency anaemia.

Ferrodix *Duopharm, Ger.†.*
Ferrous fumarate (p.1938·3); ferric sodium citrate (p.1950·3); ferrous gluconate (p.1939·1).
Iron-deficiency anaemia.

Ferro-Dok *Major, USA.*
Ferrous fumarate (p.1938·3).
Docusate sodium (p.1725·1) is included in this preparation to reduce the constipating effects of iron.
Iron-deficiency anaemias.

Ferro-Folgamma *Worwag, Cz.; Worwag, Ger.; Worwag, Hung.; Worwag, Rus.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1); cyanocobalamin (p.1980·2).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias; iron and vitamin deficiency.

Ferro-Folic *Abbott, Venez.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Ferrofolin *Schering, Ital.*
Iron succinyl-protein complex (p.1953·2); calcium folinate (p.1943·3).
Anaemias; folic acid deficiency; iron deficiency.

Ferro-Folsan *Desma, Ger.; Solvay, Port.†.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Iron and folic acid deficiency.

Ferro-Folsan Plus *Solvay, Philipp.*
Dried ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Anaemias; iron deficiency.

Ferrogamma *Worwag, Ger.*
Ferrous sulfate (p.1939·3).
Iron deficiency.

Ferrogels Forte *Cypress, USA.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); cyanocobalamin (p.1980·2).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron and folate deficiency.

Ferrograd
Abbott, Irl.; Teofarma, UK.
Dried ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Teofarma, Ital.; EU, Neth.; Eureco, Neth.; Euro Registratie, Neth.
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Ferrograd C
Abbott, Austral.; Abbott, Austria; Abbott, Irl.; Teofarma, UK.
Dried ferrous sulfate (p.1939·3).
Sodium ascorbate (p.1984·1) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron supplement; iron-deficiency anaemia.

Teofarma, Ital.; Abbott, NZ.
Ferrous sulfate (p.1939·3).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Ferrograd Fol *Abbott, Austria.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Iron and folic acid deficiency.

Ferrograd Folic *Abbott, Cz.†; Teofarma, Hung.; Abbott, Irl.; Abbott, Israel; Teofarma, Ital.; Abbott, NZ; Abbott, Pol.; Teofarma, UK.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) may be included in this preparation to increase the absorption and availability of iron.
Anaemias; iron and folic acid deficiency in pregnancy.

Ferrograd Folico *Teofarma, Port.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1).
Iron and folic acid deficiency in pregnancy.

Ferro-Gradumet
Abbott, Austral.; Teofarma, Hung.; Abbott, Israel; Abbott, NZ.
Dried ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Abbott, Austria; ICN, Cz.†; Abbott, Pol.; Teofarma, Port.; Abbott, Rus.; Abbott, Switz.
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Ferrogyn *SoSe, Ital.*
Ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Ferroin *Pisa, Mex.†.*
Iron dextran (p.1951·1).
Anaemias.

FERROinfant N *Rubiepharm, Ger.†.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemias.

FERROinfant Neu *Rubiepharm, Ger.†.*
Iron sucrose (p.1953·2).
Iron deficiency; iron-deficiency anaemias.

Ferrokapsul *Strathmann, Ger.†.*
Ferrous fumarate (p.1938·3).
Iron deficiency; iron-deficiency anaemias.

Ferrokatabios *SIT, Ital.†.*
Multivitamin preparation with iron (p.1922·1).

Ferroklinge *Ariston, Braz.†.*
Ferrous fumarate (p.1938·3).
Succinic acid is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Ferrol-Cal *YSP, Malaysia†.*
Ascorbic acid; calcium carbonate; ferrous fumarate; magnesium carbonate; vitamin E (p.1922·1).
Vitamin and mineral supplement.

Ferroliver *SM, Venez.*
Ferrous fumarate (p.1938·3); vitamin B ; vitamin B ; copper sulfate (p.1922·1).
Iron-deficiency anaemia.

Ferrologic *Fresenius Medical, Cz.*
Iron sucrose (p.1953·2).
Iron deficiency.

Ferromalt *Knop, Chile.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Ferromas *Mertens, Arg.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Ferromax *Weifa, Norw.*
Ferrous sulfate (p.1939·3).
Iron deficiency; iron-deficiency anaemia.

Ferrometion *Northia, Arg.*
Ferrous sulfate (p.1939·3).
Iron deficiency.

Ferromia *Eisai, Indon.; Eisai, Jpn.*
Ferrous sodium citrate (p.1950·3).
Iron-deficiency anaemia.

Ferromina *Provita, Ital.†.*
Ferrous gluconate; vitamin C; magnesium stearate; folic acid; vitamin B (p.1922·1).
Nutritional supplement.

Ferromyn S *AstraZeneca, Swed.*
Ferrous succinate (p.1939·2).
Iron deficiency; iron-deficiency anaemia.

Ferronal *CTS, Rus.*
Ferrous gluconate (p.1939·1).
Iron-deficiency anaemia.

Ferronat *Ivax, Cz.; Zentiva, Cz.*
Ferrous fumarate (p.1938·3).
Iron deficiency; iron-deficiency anaemia.

Ferro-Nes *Nes, Israel.*
Ferrous gluconate (p.1939·1).
Iron deficiency.

Ferronil *Teuto, Braz.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Ferronorm *Medifarm, Venez.*
Ferrous fumarate (p.1938·3); vitamin B substances; zinc; copper (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Ferroper *Organifar, Venez.†.*
Ferrous gluconate (p.1939·1).
Iron-deficiency anaemia.

Ferroplex
Note.This name is used for preparations of different composition.
Cimed, Braz.
Ferrous sulfate (p.1939·3); cyanocobalamin (p.1980·2); folic acid (p.1940·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

JRalph, Philipp.
Ferrous fumarate (p.1938·3); vitamin B substances; cobalt sulfate; calcium gluconate (p.1922·1).
Anaemias; vitamin B deficiency.

Biogal, Rus.
Ferrous sulfate (p.1939·3).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.

Ferroplex-frangula *ERA, Denm.*
Ferrous tartrate (p.1940·1); frangula bark (p.1732·2).
Iron deficiency.

Ferropro *Medicine Products, Thai.*
Ferrous fumarate (p.1938·3); vitamins; calcium phosphate (p.1922·1).
Iron-deficiency anaemia.

Ferroprol *Proel, Gr.*
Iron sucrose (p.1953·2).
Iron-deficiency anaemia.

Ferroprotina *Faes, Spain.*
Ferritin (p.1938·1).
Iron-deficiency anaemia.

Ferrosanol duodenal *Schwarz, Switz.*
Ferrous glycine sulfate (p.1939·1).
Iron deficiency; iron-deficiency anaemia.

Ferrosig *Sigma, Austral.; Zuellig, NZ.*
Iron polymaltose (p.1953·1).
Iron-deficiency anaemia.

Ferrosmate *Blue Sky, Philipp.*
Sodium feredetate (p.1962·1).
Iron supplement.

Ferrosol *Prodotti, Braz.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Ferrosprint *Pharmacia, Ital.*
Sodium ferric gluconate complex (p.1962·2).
Anaemias.

Ferrostrane *Teofarma, Fr.*
Sodium feredetate (p.1962·1).
Iron deficiency; iron-deficiency anaemia.

Ferrotab *Antigen, Irl.†.*
Dried ferrous sulfate (p.1939·3); copper sulfate (p.1935·3); manganese sulfate (p.1956·2).
Iron-deficiency anaemia.

Ferrotabs *Thaipharmed, Thai.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Ferrotemp *Medix, Mex.*
Ferrous fumarate (p.1938·3); thiamine hydrochloride (p.1976·1).
Iron-deficiency anaemia.

Ferro-Terapina *Degorts, Mex.*
Ferrous fumarate (p.1938·3).
Iron-deficiency anaemia.

Ferrotonico *Neo Quimica, Braz.†.*
Ferrous sulfate (p.1939·3); phosphoric acid; aloes; myrrh; cinnamon; nutmeg.
Tonic.

Ferrotonico B12
Note. This name is used for preparations of different composition.
Neo Quimica, Braz.†.
Oral solution: Ferrous sulfate (p.1939·3); vitamin B substances (p.1922·1).
Sodium ascorbate (p.1984·1) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Neo Quimica, Braz.†.
Tablets: Ferrous sulfate (p.1939·3); folic acid (p.1940·1); vitamin B substances (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Ferrototal *Sanval, Braz.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

Ferrotrat *Medley, Braz.*
Ferrous sulfate (p.1939·3); folic acid (p.1940·1); vitamin B (p.1980·2).
Iron deficiency; iron-deficiency anaemia.

Ferrotrat B12 *Medley, Braz.†.*
Ferric ammonium citrate (p.1938·1); vitamin B ; liver extract; stomach extract; carnitine hydrochloride; lysine; sodium glycerophosphate; manganese sulfate; copper sulfate (p.1922·1).
Anaemias.

Ferrotrat B12 Plus *Medley, Braz.*
Ferric ammonium citrate (p.1938·1); cyanocobalamin; carnitine hydrochloride; lysine hydrochloride; manganese sulfate; copper sulfate; sodium hypophosphite (p.1922·1).
Iron-deficiency anaemia; reduced appetite.

Ferro-Tre *Mediolanum, Ital.*
Iron acetyltransferrin.
Iron-deficiency anaemias.

Ferrotron
Note. This name is used for preparations of different composition.
Ariston, Braz.†.
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemia.

VAAS, Ital.
Amino-acid preparation with vitamins and minerals (p.1922·1).
Nutritional supplement.

Ferrous Sulphate Compound *Pharmacare, S.Afr.; Pharmagen, S.Afr.*
Ferrous sulfate (p.1939·3); manganese sulfate (p.1956·2); copper sulfate (p.1935·3).
Iron-deficiency anaemia.

Ferrovin *Rafarm, Gr.*
Iron sucrose (p.1953·2).
Iron-deficiency anaemia.

Ferrovin-Chinaeisenwein *Pharmonta, Austria.*
Ferric ammonium citrate (p.1938·1); manganese hypophosphite; cinchona bark (p.2282·3); citrus aurantium (p.2357·1).
Anaemias; iron deficiency; tonic.

Ferrovir *Technomedservis, Rus.*
Sodium deoxyribonucleate-iron complex.
HIV infection.

Ferrovit *Mega Lifesciences, Malaysia.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); vitamin B (p.1980·2).
Anaemias.

Ferro-Vital *Eczacibasi, Turk.*
Ferrous gluconate (p.1939·1); folic acid (p.1940·1); vitamin B substances (p.1922·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron deficiency; iron-deficiency anaemia.

Ferrum
Lek, Cz.
Iron polymaltose (p.1953·1) or iron sucrose (p.1953·2).
Iron deficiency.

Hausmann, Irl.
Iron polymaltose (p.1953·1).
Iron-deficiency anaemia.

Ferrum Complexe no 29 *Lehning, Fr.*
Homoeopathic preparation.

Ferrum Fol *Ferraz, Lynce, Port.*
Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Iron and folic acid deficiency.

Ferrum Fol Hausmann *Nycomed, Gr.*
Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Iron and folic acid deficiency in pregnancy.

Ferrum Fort Hausmann *Abdi, Turk.*
Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Iron and folic acid deficiency in pregnancy.

Ferrum H *Baxter, Austral.; Aspen, NZ.*
Iron polymaltose (p.1953·1).
Iron-deficiency anaemia.

Ferrum Hausmann
Note. This name is used for preparations of different composition.
Richter, Austria; Nycomed, Gr.; Vifor, Hong Kong; Ferraz, Lynce, Port.; Vifor, Singapore; Abdi, Turk.
Iron polymaltose (p.1953·1).
Iron deficiency; iron-deficiency anaemia.

Astellas, Ger.
Ferrous fumarate (p.1938·3) or iron polymaltose (p.1953·1).
Iron deficiency; iron-deficiency anaemia.

Geymonat, Ital.
Iron sucrose (p.1953·2).
Iron-deficiency anaemia.

Vifor International, Switz.
Ferrous fumarate (p.1938·3) or iron dextran (p.1951·1).
Iron deficiency; iron-deficiency anaemia.

Ferrum Homaccord *Heel, Cz.*
Homoeopathic preparation.

Ferrum Lek *Lek, Pol.; Lek, Rus.*
Iron polymaltose (p.1953·1).
Iron deficiency; iron supplement; iron-deficiency anaemia.

Ferrum Phos Comp *Weleda, S.Afr.*
Homoeopathic preparation.

Ferrum phosphoricum comp *Weleda, Ger.*
Homoeopathic preparation.

Ferrum Sandoz *Novartis Consumer, Spain.*
Ferrous gluconate (p.1939·1).
Iron-deficiency anaemia.

Ferrum Verla *Verla, Ger.*
Ferrous gluconate (p.1939·1).
Iron deficiency.

Ferrum-Quarz *Weleda, Austria.*
Ferrous sulfate (p.1939·3); quartz.
Migraine and related vascular headaches; tonic.

Ferrumvit *Vitermat, Braz.†.*
Iron chelate (p.1949·1); folic acid (p.1940·1).
Anaemias.

Fersaday *Goldshield, UK.*
Ferrous fumarate (p.1938·3).
Iron deficiency.

Fersamal *Goldshield, UK.*
Ferrous fumarate (p.1938·3).
Iron deficiency.

Fertell *Genosis, UK.*
Fertility test (p.2372·1).

Fertifol *Lifepharma, Ital.*
Folic acid (p.1940·1).
Prevention of neural-tube defects.

Fertilan *Codal Synto, Hong Kong.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility.

Fertilin *Unipharm, Turk.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility.

Fertility Day *Blausiegel, Braz.; Maver, Mex.*
Pregnancy test (p.2372·1).

Fertilix *Fortbenton, Arg.*
Acetylcarnitine hydrochloride (p.1932·2); levocarnitine (p.1932·2).

Fertilphen *Landson, Indon.*
⊗ Clomifene citrate (p.2086·1).
Male and female infertility.

Fertin *Interbat, Indon.*
⊗ Clomifene citrate (p.2086·1).
Male and female infertility.

Fertinex *Serono, USA.*
⊗ Urofollitropin (p.2136·3).
Female infertility.

Fertinorm *Serono, Canad.†.*
⊗ Urofollitropin (p.2136·3).
Anovulatory infertility.

Fertnon *Cifarma, Braz.*
Ethinylestradiol (p.2101·3); gestodene (p.2105·2).
Combined oral contraceptive.

Fertodur *Schering, Mex.†; Schering, Turk.*
⊗ Cyclofenil (p.2088·1).
Anovulatory infertility.

Fertomcidina-U *Theriaca, Ital.*
Magnesium glycerophosphate (p.1679·2); salicylic acid (p.1612·2); sodium iodide (p.2169·2); ammonium bromide (p.2269·2).
Wound disinfection.

Fertomid *Cipla, India; Cipla-Medpro, S.Afr.*
⊗ Clomifene citrate (p.2086·1).
Anovulatory infertility.

Ferval *Valdecasas, Mex.*
Ferrous fumarate (p.1938·3).
Iron supplement; iron-deficiency anaemia.

Fervex
Note. This name is used for preparations of different composition.
Hertz, Braz.
Paracetamol (p.108·1).
Fever; pain.

UPSA Conseil, Fr.; BMS, Hung.; BMS, Pol.
Pheniramine maleate (p.587·3); paracetamol (p.108·1); ascorbic acid (p.1983·3).
Cold and influenza symptoms; upper respiratory-tract disorders.

Andromaco, Mex.
Diclofenac sodium (p.44·3).
Musculoskeletal, joint, peri-articular, and soft-tissue disorders.

Pharmavit, Cz.†.
Effervescent tablets; tablets: Ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders associated with increased or viscous mucus.

BMS, Cz.
Granules: Paracetamol (p.108·1); pheniramine maleate (p.587·3); ascorbic acid (p.1983·3).
Upper respiratory-tract disorders.

Fervical *Garant, Ital.†.*
Calcium carbonate (p.1714·1).
Calcium deficiency; calcium supplement.

Fervit
Note. This name is used for preparations of different composition.
Bushnell, India†.
Ferrous fumarate (p.1938·3); vitamin B (p.1980·2); folic acid (p.1940·1); vitamin C (p.1983·3).
Anaemias.

Vitoria, Port.
Iron succinyl-protein complex (p.1953·2).
Iron deficiency; iron-deficiency anaemias.

Ferxal *Silanes, Mex.*
Iron succinyl-protein complex (p.1953·2).
Iron deficiency; iron-deficiency anaemia.

Ferybar *Pinewood, Irl.*
Liver extract; vitamin B substances; minerals (p.1922·1).
Vitamin and mineral supplement.

Ferzobat *Interbat, Indon.*
Cefoperazone sodium (p.227·1).
Bacterial infections.

Fesanol *Organifar, Venez.†.*
⊗ Naphazoline nitrate (p.1565·2); mepyramine maleate (p.585·2).

Fesema *Etex, Chile.*
⊗ Salbutamol (p.1131·2) or salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Fesofor *SmithKline Beecham, S.Afr.*
Ferrous sulfate (p.1939·3).
Iron-deficiency anaemias.

Fesovit
Note. This name is used for preparations of different composition.
GSK, India.
Capsules: Folic acid (p.1940·1); vitamin B substances (p.1922·1); dried ferrous sulfate (p.1939·3).
Iron-deficiency anaemia; tonic.

GSK, India.
Elixir: Vitamin B substances (p.1922·1); dried ferrous sulfate (p.1939·3).
Nutritional supplement.

Fess *Paedpharm, Austral.*
Sodium chloride (p.1686·1).
Nasal congestion; sinusitis.

Festal *Aventis, Rus.*
Pancreatin (p.2360·1); bovine bile (p.2266·3); hemicellulase (p.2279·1).
Pancreatic insufficiency.

⊗ Fluprednidene (p.1533·1); miconazole (p.541·2).
Infected skin disorders.

Fosen *Fahrenheit, Indon.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Fosfacid *Collins, Mex.*
Alendronate sodium (p.1088·1).
Osteoporosis.

Fosfacol *Sanitas, Arg.*
Sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Fosfafarma *Varifarma, Arg.*
Dibasic sodium phosphate (p.1682·3).
Bowel evacuation.

Fosfalugel *Astellas, Ital.*
Aluminium phosphate (p.1707·3).
Gastric hyperacidity.

Fosfarsile Forte
Note. This name is used for preparations of different composition.
Fitobucaneve, Ital.
Oral liquid: Royal jelly (p.2382·1); propolis (p.2373·3); selenium (p.1961·1); ginseng (p.2312·1).
Nutritional supplement.

Fitobucaneve, Ital.
Tablets: Glucose (p.1945·3); royal jelly (p.2382·1); ginseng (p.2312·1).
Nutritional supplement.

Fosfarsile Junior *Fitobucaneve, Ital.*
Royal jelly (p.2382·1); vitamins (p.1922·1); phosphorus proteinate; cod-liver oil (p.1935·2).
Nutritional supplement.

Fosfaserin *Amnol, Ital.*
Phosphatidylserine; glutamine; vitamin B substances; lecithin; caffeine; ginseng; ginkgo biloba (p.1922·1).
Mental function disorders; nutritional supplement.

Fosfaseron *Itaca, Braz.†.*
Cyclophosphamide (p.702·1).
Malignant neoplasms.

Fosfatan *Farmavy, Braz.†.*
Thiamine hydrochloride; magnesium glycerophosphate; calcium glycerophosphate; sodium glycerophosphate; guarana; kola; cinchona bark; nux vomica (p.1922·1).
Tonic.

Fosfitone *Fada, Arg.*
Suxamethonium (p.1912·1).
Depolarising neuromuscular blocker.

Fosfo Plus *FAMA, Ital.*
Glutamine (p.1947·2); -phosphoserine (p.2367·1); cyanocobalamin (p.1980·2).
Tonic.

Fosfo-Acutil *Montpellier, Arg.†.*
-Asparagine; glutamine or -acetyl- -glutamine; pyridoxine hydrochloride; -phosphorylserine (p.1922·1).
Tonic.

Fosfoadital *Gobbi, Arg.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Fosfobarigraf *Justesa Imagen, Arg.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Fosfobion *Sicomed, Rus.†.*
Adenosine triphosphate sodium (p.2247·3).

Fosfocaps *Sigma, Braz.*
Amino-acid, vitamin, and mineral preparation (p.1922·1).

Fosfocil *Senosiain, Mex.*
Fosfomycin calcium (p.278·2) or fosfomycin sodium (p.278·2).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Fosfocin *Crinos, Ital.*
Fosfomycin calcium (p.278·2) or fosfomycin sodium (p.278·2).
Bacterial infections.

Fosfocina *Ern, Spain.*
Fosfomycin calcium (p.278·2) or fosfomycin disodium (p.278·2).
Lidocaine hydrochloride (p.1862·3) is included in the intramuscular injection to alleviate the pain of injection.
Bacterial infections.

Fosfocine *Sanofi-Aventis, Fr.*
Fosfomycin sodium (p.278·2).
Bacterial infections.

Fosfocrisolo *Zambon, Ital.*
Sodium aurotiosulfate (p.124·2).
Rheumatoid arthritis.

Fosfo-Dom *Dominguez, Arg.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation; constipation.

Fosfoevac *Bohm, Spain.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation.

Fosfoglutina B6 *Baldacci, Port.†.*
Calcium pidolate; glutamine; tetraethylamonium phosphate; pyridoxine hydrochloride (p.1922·1).
Mental function impairment.

Fosfoguaiacol *Ogna, Ital.*
Guaiacol (p.1561·2); eucalyptus (p.2301·2).
Respiratory congestion.

Fosfokalsiyum *Munir, Turk.*
Calcium gluconate (p.1675·3); calcium lactate (p.1676·1); calcium phosphate (p.1676·2); colecalciferol (p.1986·2).
Calcium and vitamin D supplement.

Fosfolax *Coup, Gr.*
Dibasic sodium phosphate (p.1682·3); monobasic sodium phosphate (p.1682·3).
Laxative.

Fosfomik *Finadiet, Arg.*
Terazosin (p.1410·3).
Benign prostatic hyperplasia; hypertension.

Fosfor *Consolidated Chemicals, Irl.; Ayrton, UK.*
Phosphorylcolamine.
Nutritional supplement; tonic.

Fosforal *Etifar, Venez.*
Vitamin preparation (p.1922·1).

Fosforilasi *Polifarma, Ital.*
Cocarboxylase (p.1975·2); riboflavin sodium phosphate (p.1977·3); pyridoxal phosphate (p.1978·2); nicotinamide (p.1957·3).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Neuritis; toxicosis.

Fosfosoda *Casen Fleet, Spain.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Bowel evacuation.

Fosfo-Soda Fleet *Bergamon, Ital.*
Monobasic sodium phosphate (p.1682·3); dibasic sodium phosphate (p.1682·3).
Constipation.

Fosfostilben *Labinca, Arg.†.*
Fosfestrol (p.2104·3).

Fosfoutipi Vitaminico *Terapeutico, Ital.†.*
Uridine triphosphate (p.2408·1); cyanocobalamin (p.1980·2); thiamine hydrochloride (p.1976·1).
Peripheral neuropathies.

Fosfovita *Temis, Arg.*
Lecithin; phenylalanine; vitamin B substances (p.1922·1).
Nutritional supplement.

Fosfree *Mission Pharmacal, USA.*
Multivitamin preparation with iron and calcium (p.1922·1).
Calcium supplement; nocturnal leg cramping.

Fosgluten Reforzado *Alter, Spain.*
Calcium magnesium fytate; vitamin B substances; glutamine (p.1922·1).
Tonic.

Fosgluten Super Reforcado *Alter, Port.*
Glutamine; vitamin B substances (p.1922·1).
Tonic.

Fosicard *Actavis, Rus.*
Fosinopril sodium (p.1291·3).
Heart failure; hypertension.

Socobom, Belg.; Delta, Singapore†.
Ranitidine (p.1766·1).
Gastro-oesophageal reflux; peptic ulcer.

Johnson & Johnson, Braz.
Simeticone (p.1770·2); aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2).
Flatulence; gastrointestinal hyperacidity.

Medifarma, Indon.
Aluminium hydroxide-magnesium carbonate co-dried gel (p.1707·2); simeticone (p.1770·2).
Bloating; flatulence; gastric hyperacidity; gastric pain; gastritis; heartburn; nausea; peptic ulcer.

Gastranil *Lafage, Arg.†.*
Bismuth hydroxide (p.1712·1); papaverine (p.2191·3); kaolin (p.1738·1); magnesium trisilicate (p.1744·1); titanium dioxide (p.1617·3).
Gastrointestinal disorders.

Gastranin Zdrovit *Natur Produkt, Pol.*
Ranitidine (p.1766·1).
Dyspepsia.

Gastrarctin N *Serum-Werk Bernburg, Ger.*
Colloidal silver (p.2387·3); chamomile flowers (p.2279·3); peppermint leaf (p.1761·2).
Gastrointestinal disorders.

Gastrat *Ibfarma, Braz.†.*
Ranitidine (p.1766·1).
Peptic ulcer.

Gastrax *Asche, Ger.†.*
Nizatidine (p.1751·2).
Peptic ulcer.

Gastrazol *Megat, Venez.*
Lansoprazole (p.1739·2).
Peptic ulcer.

Gastrec *Tecnofarma, Mex.*
Ranitidine (p.1766·1).
Peptic ulcer.

Gastrex
Note.This name is used for preparations of different composition.
Simoes, Braz.†.
Aluminium hydroxide (p.1706·2); magnesium hydroxide (p.1743·2); calcium carbonate (p.1714·1).
Gastric hyperacidity.

OM, Port.
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Gastrial *Sanofi Synthelabo, Arg.*
Ranitidine (p.1766·1).
Acid aspiration; gastro-oesophageal reflux; gastrointestinal haemorrhage; peptic ulcer; Zollinger-Ellison syndrome.

Gastrib *Ibfarma, Braz.†.*
Omeprazole (p.1753·1).
Peptic ulcer.

Gastribien *Cinfa, Spain†.*
Aluminium hydroxide (p.1706·2); magnesium trisilicate (p.1744·1).
Dyspepsia; peptic ulcer.

Gastricalm *OJG, Belg.*
Magaldrate (p.1742·3).
Gastrointestinal disorders associated with hyperacidity.

Gastricard
Note.This name is used for preparations of different composition.

Bioquimico, Arg.
Bismuth subnitrate (p.1711·2); magnesium carbonate (p.1743·1).
Gastrointestinal disorders.

Heumann, Ger.†.
Pirenzepine hydrochloride (p.1762·3).
Dyspepsia; gastritis; peptic ulcer.

Gastride
Note. This name is used for preparations of different composition.
Laboratorios Chile, Chile.
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Standard, Philipp.
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm; vomiting.

Gastridin
Note. This name is used for preparations of different composition.
Bernabo, Arg.
Clebopride (p.1722·1).

Interbat, Indon.; Hexal, Mex.
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

MSD, Ital.
Famotidine (p.1730·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Gastridina *Medibial, Port.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Gastridin-E *Bernabo, Arg.*
Gastric capsules, clebopride malate (p.1722·1); pepsin (p.2365·1); simeticone (p.1770·2); enteric capsules, pancreatin (p.2360·1); amylase (p.2256·3); lipase (p.2360·3); cellulase (p.2279·1).
Gastrointestinal disorders.

Gastridol *Medichrom, Gr.†.*
Cisapride (p.1720·3).
Gastric motility disorders.

Gastrifam *Helsinn, Port.†.*
Famotidine (p.1730·1).
Dyspepsia; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Gastrifom *Tanta, Canad.*
Aluminium hydroxide (p.1706·2); alginic acid (p.2140·3).

Gastril *Duopharma, Hong Kong†.*
Ranitidine hydrochloride (p.1766·1).
Acid aspiration; dyspepsia; gastrointestinal haemorrhage; peptic ulcer.

Gastriloc *Verheilen, Philipp.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

gastri-loges *Loges, Ger.*
Homoeopathic preparation.
Formerly known as gastri-L 90 N.

Gastrimet *Raffo, Arg.†.*
Mosapride (p.1750·3); cisapride (p.1720·3); dimeticone (p.1770·2).
Gastrointestinal disorders.

Gastrimet Enzimatico *Raffo, Arg.†.*
Cisapride (p.1720·3); simeticone (p.1770·2); pancreatin (p.2360·1).
Gastrointestinal disorders.

Gastrimut *Normon, Spain.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Gastrinal
Note. This name is used for preparations of different composition.
Meprofarm, Indon.
Aluminium hydroxide (p.1706·2); magnesium trisilicate (p.1744·1); simeticone (p.1770·2).
Gastric hyperacidity; gastritis; gastro-oesophageal reflux; hiatus hernia; peptic ulcer.

Lek, Pol.
Dihydroxyaluminum sodium carbonate (p.1723·3).
Gastric hyperacidity; gastritis; peptic ulcer.

Gastrin-Do *Grasler, Ger.*
Homoeopathic preparation.

Gastrion *Lesvi, Spain.*
Famotidine (p.1730·1).
Gastric hyperacidity; gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Gastripan
Note. This name is used for preparations of different composition.
Ratiopharm, Austria.
Aluminium glycinate (p.1706·2); almasilate (p.1705·1); liquorice (p.1740·3); ethaverine hydrochloride (p.2299·3).
Gastrointestinal disorders.

Merckle, Ger.
Magaldrate (p.1742·3).
Gastric hyperacidity; heartburn; peptic ulcer.

Gastriphar *Teva, Belg.*
Sodium alginate (p.2141·1); calcium carbonate (p.1714·1); sodium bicarbonate (p.1673·2).
Gastric hyperacidity; gastro-oesophageal reflux.

Gastriselect N *Dreluso, Ger.*
Homoeopathic preparation.
Gastriselect formerly contained nux. vom., alumina, aescul., plumb. acet., and colocynt.

Gastritol *Klein, Ger.*
Potentilla anserina; absinthium (p.2244·1); cnicus benedictus (p.2285·2); liquorice (p.1740·3); angelica (p.2258·1); chamomile (p.2279·3); St John's wort (p.422·3).

Glimepiride (p.441·1).
Diabetes mellitus.

Glimulin-MF *Glenmark, India†.*
Glimepiride (p.441·1); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glinate *Glenmark, India.*
Nateglinide (p.455·2).
Diabetes mellitus.

Glindia *Gedeon Richter, Hung.*
Glimepiride (p.441·1).
Diabetes mellitus.

Glineon *Dovalle, Braz.†.*
Potassium aspartate; magnesium aspartate; fructose; ascorbic acid (p.1922·1).

Glinil *Cipla, India.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glinil M *Cipla, India.*
Glibenclamide (p.440·1); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glinor *Ratiopharm, Fin.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis; allergic rhinitis.

Glinorboral *Silanes, Mex.*
Glibenclamide (p.440·1); phenformin (p.437·2).
Diabetes mellitus.

Glinormax *Polfa Kutno, Pol.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glinux 70/30 *Probiomed, Mex.*
⊗ Human insulin (p.443·2).
Diabetes mellitus.

Glinux-N *Probiomed, Mex.*
⊗ Human insulin (p.443·2).
Diabetes mellitus.

Gliolan *Medac, Port.*
Aminolevulinic acid hydrochloride (p.679·2).
Location of malignant glioma.

Glionil *Neo Quimica, Braz.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Gliosartan *Bago, Arg.*
Telmisartan (p.1409·2).
Hypertension.

Gliosartan Plus *Bago, Arg.*
⊗ Telmisartan (p.1409·2); hydrochlorothiazide (p.1307·3).
Hypertension.

Glioten *Bago, Arg.; Bago, Braz.; Bago, Chile; Armstrong, Mex.*
Enalapril maleate (p.1276·1).
Heart failure; hypertension.

Gliotenzide *Bago, Arg.; Bago, Braz.; Armstrong, Mex.; Bago, Singapore.*
⊗ Enalapril maleate (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Glipal *Farmanic, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Glipar *Degorts, Mex.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glipep *Hospira, Port.*
Vancomycin hydrochloride (p.358·3).
Pseudomembranous colitis associated with antibiotics; staphylococcal infections.

Globuman Hepatite A *Berna, Port.†.*
A hepatitis A immunoglobulin (p.2214·1).
Passive immunisation.

Globuren *Dompe Biotec, Ital.†.*
⊗ Epoetin alfa (p.1061·1).
Anaemias; autologous blood transfusions.

Gloceda *Medgenix, Belg.†.*
Codeine (p.37·2).
Formerly contained erysimin, aconite, belladonna, euphorbia, drosera, cherry-laurel, and codeine phosphate.
Coughs.

Glocure-Opta *Pascual, Philipp.*
⊗ Timolol maleate (p.1412·3).
Ocular hypertension and glaucoma following cataract surgery.

Glocyp *GMP, Indon.*
Cyproheptadine hydrochloride (p.575·1).
Allergic disorders.

Glofil *Cypros, USA.*
Iodine-125 (p.2054·2) as sodium iotalamate.
Evaluation of glomerular filtration rate.

Glomethyl *Lucas Djaja, Indon.*
Methylergometrine maleate (p.2011·1).
Uterine haemorrhage.

Glonoin Complex N *Coradol, Ger.†.*
Homoeopathic preparation.
Glonoin formerly contained glonoinum, nux. vom., aconitum, arnica, ambra, sumbulus mosch., latrodect. mact., convallaria maj., ignatia, chlorophyllin, fruct. crataeg., and flor. cacti grandiflor.

Glonoinum *Boiron, Cz.*
Homoeopathic preparation.

Glopir *Gap, Gr.*
Nifedipine (p.1350·1).
Angina pectoris; hypertension.

Glorixone *Medicus, Gr.*
Ceftriaxone sodium (p.237·1).
Bacterial infections.

Gloros *New Research, Ital.*
Ferrous gluconate (p.1939·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Gloryskin *Medimar, Gr.*
Bifonazole (p.527·3).
Fungal skin infections.

Glossaliv *Sigma, Braz.*
Vitamin A (p.1971·2); vitamin D (p.1986·1); zinc oxide (p.1621·2); dogfish liver oil.
Skin disorders.

Glossderm
Note. This name is used for preparations of different composition.
Columbia, Arg.†.
Vitamin A (p.1971·2); vitamin D (p.1986·1); allantoin (p.1588·1).

Columbia, Mex.
Cod-liver oil (p.1935·2); benzalkonium chloride (p.1629·1); zinc oxide (p.1621·2); allantoin (p.1588·1).

Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Chemopharma, Chile.
Glimepiride (p.441·1).
Diabetes mellitus.

Glucometer *Bayer, Austral.†; Bayer Diagnostici, Ital.†.*
Test for glucose in blood (p.2314·1).
For use with Glucometer Elite blood glucose meter.

Glucometer Elite *Bayer Diagnostics, Irl.; Bayer, NZ†.*
Test for glucose in blood (p.2314·1).
For use with Glucometer Elite blood glucose meter.

Glucometer Esprit *Bayer, NZ†.*
Test for glucose in blood (p.2314·1).
For use with Glucometer Esprit blood glucose meter.

Glucomide *Merck, Ital.*
Metformin hydrochloride (p.453·2); glibenclamide (p.440·1).
Diabetes mellitus.

Glucomin *Stada, Austria; Dexcel, Israel.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glucomol *Allergan, India.*
⊗ Timolol maleate (p.1412·3).
Glaucoma; ocular hypertension.

Glucomore *Hayes, Israel.*
Glucose polymers (p.1922·1).
High-calorie supplement.

Gluconase *Therapharma, Philipp.*
Acarbose (p.436·2).
Diabetes mellitus.

Gluconeodesum *Biokhimik, Rus.*
Povidone (p.2146·1); glucose (p.1945·3).
Gastrointestinal infections; liver disorders.

Gluconic *Nicholas, Indon.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Gluconil
Note. This name is used for preparations of different composition.
Biolab, Philipp.
Gliclazide (p.440·3).
Diabetes mellitus.

Utopian, Thai.
Glibenclamide (p.440·1).
Diabetes mellitus.

Glucono *Pharmahof, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Gluconol *Biopharm, Chile.*
Nateglinide (p.455·2).
Diabetes mellitus.

Gluconorm *Roche, Braz.; Novo Nordisk, Canad.*
Repaglinide (p.457·2).
Diabetes mellitus.

Gluconormine *Streuli, Switz.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Diabetes mellitus.

Glucopirida *Biotenk, Arg.*
Glimepiride (p.441·1).
Diabetes mellitus.

Glucoplasmal *Braun, Austria; Braun, Ger.; Braun, Hung.†; Braun, Spain.*
Amino-acid, glucose, and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Glucoplurisalina *Fresenius Kabi, Spain.*
Electrolyte infusion with glucose (p.1667·1).
Fluid and electrolyte depletion.

Glucopolielectrol *Baxter, Spain.*
Electrolyte infusion with glucose (p.1922·1).
Fluid and electrolyte depletion.

Glucopotasico *Bieffe, Spain.*
Potassium chloride infusion (p.1684·3) with glucose (p.1945·3).
Fluid and electrolyte depletion.

Glucoprime *Interhealthcare, Philipp.; Sunward, Philipp.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glucor *Bayer, Fr.*
Acarbose (p.436·2).
Diabetes mellitus.

Glucored *Coronet, Indon.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glucoremed *Lichtenstein, Ger.†.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glucoreumin *Zambon, Braz.*
Glucosamine sulfate (p.2313·2).
Osteoarthritis.

Gluco-Rite *Agis, Israel.*
Glipizide (p.441·3).
Diabetes mellitus.

Gluco-S *MD, Singapore†; Standard Chem & Pharm, Thai.*
Glucosamine sulfate (p.2313·2).
Joint and cartilage disorders.

Glucosa *Bangkok Lab & Cosmetic, Thai.*
Glucosamine sulfate (p.2313·2).
Degenerative joint disorders.

Glucosada *Grifols, Port.*
Glucose (p.1945·3).
Carbohydrate source; fluid depletion.

Glucosado *Braun, Port.*
Glucose (p.1945·3).
Carbohydrate source; fluid depletion.

Glucosalin *Baxter, Switz.; Bioren, Switz.*
Anhydrous glucose (p.1945·3); sodium chloride (p.1686·1).
Carbohydrate source; fluid and electrolyte disorders.

Glucosalina *Braun, Spain; Fresenius Kabi, Spain; Grifols, Spain.*
Sodium chloride infusion (p.1686·1) with glucose (p.1945·3).
Fluid and electrolyte depletion.

Glucosaline *ACS Dobfar, Switz.; Braun, Switz.*
Anhydrous glucose (p.1945·3) or glucose monohydrate (p.1945·3); sodium chloride (p.1686·1).
Carbohydrate source; fluid and electrolyte disorders.

Glucosalino *Braun, Port.; Baxter, Spain; Bieffe, Spain; Braun, Spain; Ern, Spain.*
Sodium chloride infusion (p.1686·1) with glucose (p.1945·3).
Fluid and electrolyte depletion.

Gluco-Salzlosung *Baxter, Austria.*
Glucose (p.1945·3); sodium chloride (p.1686·1).
Fluid and electrolyte disorders.

GlucOsamax *Health Perception, UK.*
Tablet 1, dimethyl sulfone (p.2294·1); rose fruit (p.2381·2); omega-3 (p.1362·1); tablet 2, glucosamine sulfate (p.2313·2); chondroitin sulfate (p.2280·3).
Joint disorders.

Glucosamil *Verisfield, Gr.*
Glucosamine (p.2313·2).
Osteoarthritis.

Glucosamine Joint & Muscle Cream with MSM *Nutravite, Canad.†.*
Evening primrose oil (p.2302·1); glucosamine sulfate (p.2313·2); grape seed oil (p.2316·3); methylsulfonylmethane (p.2294·1).

Glucosan *Ortho, Ital.†.*
Test for glucose in blood (p.2314·1).

GlucoSelene *Wassen, UK.*
Glucosamine sulfate; selenium; vitamins (p.1922·1).

Glucoseral *Streuli, Switz.*
Electrolyte infusion with glucose (p.1667·1).
Fluid and electrolyte disorders; parenteral nutrition.

Glucosine *Recip, Port.; Recip, Swed.*
Glucosamine sulfate sodium chloride (p.2313·2).
Osteoarthritis.

Glucosmon *Altana, Spain.*
Glucose (p.1945·3).
Carbohydrate source; hypoglycaemia.

Glucost *Pascual, Philipp.*
Sodium; potassium; chloride; citrate; glucose (p.1672·2).
Oral rehydration.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Glucostabil *Gedeon Richter, Rus.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glucostad *Stada, Austria.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glucosteril
Fresenius Kabi, Austria.
Glucose (p.1945·3).
Carbohydrate source; fluid depletion.

Baxter, Fin.; Fresenius Kabi, Ger.; Fresenius Kabi, Port.; Fresenius Kabi, Rus.
Glucose monohydrate (p.1945·3).
Carbohydrate source; fluid depletion; hypoglycaemia.

Glucostix *Bayer, Arg.; Bayer, Austral.; Bayer Diagnostics, Irl.; Bayer Diagnostici, Ital.†; Bayer Diagnostics, Mex.†; Bayer, NZ†; Bayer, Port.; Bayer Diagnostics, UK†; Bayer, USA.*
Test for glucose in blood (p.2314·1).

Glucotec *Maver, Mex.*
Metformin (p.453·3); glibenclamide (p.440·1).
Diabetes mellitus.

Glucotem *Temis, Arg.*
Glucose monohydrate (p.1945·3).
Hypoglycaemia.

Glucotide *Bayer, Arg.†; Bayer Diagnostics, Fr.†; Bayer Diagnostics, Irl.; Bayer Diagnostics, Mex.†; Bayer Diagnostics, UK†.*
Test for glucose in blood (p.2314·1).

Glucotika *Ikapharmindo, Indon.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glucotim *Centaur, India.*
⊗ Timolol maleate (p.1412·3).
Glaucoma.

Glucotouch *Lifescan, Port.†.*
Test for glucose in blood (p.2314·1).

Glucotrace *MDS, Neth.*
Fluorine-18 labelled fludeoxyglucose (p.2053·3).
Contrast agent for positron-emission tomography.

Glucotrend *Roche, Arg.†; Roche Diagnostics, Fr.†; Roche Diagnostics, Ital.†.*
Test for glucose in blood (p.2314·1).

Glucotrin VL *Altana, Arg.*
Chondroitin sulfate sodium (p.2280·3); glucosamine sulfate (p.2313·2).
Degenerative joint disorders.

Glucotrol *Pfizer, Cz.†; Pfizer, Hong Kong; Pfizer, Indon.; Pfizer, Turk.; Pfizer, USA.*
Glipizide (p.441·3).
Diabetes mellitus.

Chinoin, Mex.
Glibenclamide (p.440·1).
Diabetes mellitus.

Glucoven infant
Note. A similar name is used for preparations of different composition (see above).
Fresenius Kabi, Ger.
Carbohydrate and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Glucovitan Ginseng *Elvetium, Arg.†.*
Ginseng; thiamine hydrochloride; pyridoxine hydrochloride; cyanocobalamin; magnesium glycerophosphate (p.1922·1).
Tonic.

Glucozide *Unison, Hong Kong; Unison, Malaysia; Unison, Singapore; Unison, Thai.*
Gliclazide (p.440·3).
Diabetes mellitus.

Gluctam *EGIS, Hung.*
Gliclazide (p.440·3).
Diabetes mellitus.

Gludepatic *Fahrenheit, Indon.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Gludex *Montpellier, Arg.*
Rosiglitazone maleate (p.458·2).
Diabetes mellitus.

Gludex Plus *Montpellier, Arg.*
Rosiglitazone maleate (p.458·2); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Gludiase *Kyowa, Jpn.*
Glybuzole (p.442·3).
Diabetes mellitus.

Gludon *Merck, Port.*
Glimepiride (p.441·1).
Diabetes mellitus.

Glufan *Rovi, Port.; Rovi, Spain.*
Glucosamine hydrochloride (p.2313·2).
Arthroses; osteoarthritis.

Glufer-C *Nakornpatana, Thai.*
Ferrous gluconate (p.1939·1); manganese sulfate; copper sulfate (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia.

Glufor *Pyridam, Indon.; CTI, Israel.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Gluformin *Pliva, Cz.; Pliva, Hung.; Pliva Krakow, Pol.; Condrugs, Thai.; Biotek, Turk.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glukacel *Braun, Norw.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Glukaut *Sanitas, Chile.*
Metformin hydrochloride (p.453·2); glibenclamide (p.440·1).
Diabetes mellitus.

Glukenil *Lazar, Arg.*
Repaglinide (p.457·2).
Diabetes mellitus.

Gluketur *Nicholas Piramal, India†.*
Test for glucose and ketones in urine.

Gluketurtest *Roche Diagnostics, Ital.†.*
Test for glucose and ketone bodies in urine.

Glukofen *Ilsan, Turk.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glukolos *Sanbe, Indon.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glukolyt *Kohler, Ger.†.*
Carbohydrate and electrolyte infusion (p.1922·1).
Carbohydrate source; fluid depletion.

Glukoreduct *Sanofi Synthelabo, Ger.†.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glukos-El *Braun, Swed.*
Carbohydrate and electrolyte infusion (p.1922·1).
Parenteral nutrition.

Glukotest *Roche, Arg.†; Roche, Chile†.*
Test for glucose in urine (p.2314·1).

Glukovital *Wolff, Ger.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glukurtest *Roche Diagnostics, Ital.†.*
Test for glucose in urine (p.2314·1).

Glulo *Eisai, Indon.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glumal *Kyowa, Jpn.*
Aceglutamide aluminium (p.1704·1).
Peptic ulcer.

Glumeff *Tiefenbacher, Neth.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glumet *Raza, Hong Kong; Cipla, India; Pharmaniaga, Malaysia; Imperial, Philipp.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glucosamine sulfate (p.2313·2).
Degenerative joint disorders.

Glusamon *Mediapharm, Gr.*
Glucosamine (p.2313·2).
Osteoarthritis.

Glustar *Galeno, Venez.*
Atorvastatin calcium (p.1218·3).
Hypercholesterolaemia.

Glustin *Takeda, Cz.; Takeda, Neth.; Takeda, Port.*
Pioglitazone hydrochloride (p.456·1).
Diabetes mellitus.

Glustress *Pond's, Thai.†.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Gluta Complex *UCB, Ital.†.*
Cobamamide (p.1980·2); amino acids (p.1922·1).
Tonic.

Glutabasal *Leti, Venez.*
Amino acids; vitamin B substances; minerals; glucose (p.1922·1).
Tonic.

Glutabloc *Umeda, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glutacalcio *Biofarma, Mex.*
Glutamic acid; calcium; thiamine (p.1922·1).
Dietary supplement.

Gluta-calcium *Medichrom, Gr.†.*
Calcium carbonate (p.1714·1); calcium lactate (p.1676·1); vitamin C (p.1983·3).
Breast-feeding; osteoporosis; pregnancy.

Glutacerebro *AFOM, Ital.†.*
Glutamine (p.1947·2).
Mental function impairment.

Glutacyl Vitaminado *Sanitas, Chile.*
Monosodium glutamate (p.2347·3); pyridoxine hydrochloride (p.1978·2); glutamic acid (p.1947·1).
Mental function impairment.

Glutaferro *Medix, Spain.*
Ferrous glycine sulfate (p.1939·1).
Anaemias.

Glutafin *Nutricia, Irl.; Nutricia, Ital.; Nutricia Dietary, UK.*
A range of gluten-free foods (p.1922·1).
Gluten-sensitive enteropathy.

Glutafos C *Carnot, Mex.*
Vitamin and mineral preparation (p.1922·1).

Glutallen *Allen, Mex.*
Vitamin and mineral preparation (p.1922·1).

Glutamin *Verla, Ger.*
Glutamic acid (p.1947·1).
Tonic.

Glutamin Fosforo *SIT, Ital.*
Glutamine (p.1947·2); -phosphoserine (p.2367·1); cyanocobalamin (p.1980·2).
Mental function impairment.

Glutanil *Bioprogress, Ital.†.*
Reduced glutathione sodium (p.1448·1).
Alcohol and drug poisoning; radiation trauma.

Glutapak *Victus, Venez.*
Glutamine (p.1947·2); maltodextrin (p.1955·3).
Glutamine supplement.

Glutapak-R *Victus, Venez.*
Glutamine (p.1947·2); maltodextrin (p.1955·3); *Lactobacillus reuteri* (p.2372·3).
Diarrhoea; malabsorption.

Glutaphos *Pascual, Philipp.*
Calcium hydrogen phosphate (p.1676·1); glutamic acid (p.1947·1); thiamine hydrochloride (p.1976·1); vitamin B (p.1980·2).
Mental function stimulant.

Glutarex *Ross, USA.*
A range of lysine- and tryptophan-free preparations for enteral nutrition including an infant feed (p.1922·1).
Glutaric aciduria type I.

Glutargin *Terapeutico, Ital.†.*
Arginine glutamate (p.1928·2); arginine aspartate (p.1928·2).
Liver disorders.

Glutaridon XLYS, Try *SHS, Fr.*
Food for special diets (p.1922·1).
Glutaric aciduria.

Glutarol *Dermal Laboratories, Irl.; Dermal Laboratories, UK.*
Glutaral (p.1645·2).
Warts.

Glutarsin E
Note.This name is used for preparations of different composition.
Berlin-Chemie, Ger.†.
Glutamic acid (p.1947·1); arginine hydrochloride (p.1928·2); potassium hydroxide (p.2371·3); sodium hydroxide (p.2389·3).
Hyperammonaemia.

Berlin-Chemie, Hung.
Glutamic acid (p.1947·1); arginine hydrochloride (p.1928·2) with electrolytes.
Hyperammonaemia.

Glutasedan *Northia, Arg.†.*
Diazepam (p.986·3).
Anxiety; muscle spasm.

Glutasey *Alacan, Spain.*
Simvastatin (p.1390·2).
Hyperlipidaemias; secondary prophylaxis of ischaemic heart disease.

Glutasorb *Hormel, Hong Kong.*
A glutamine-rich preparation for enteral nutrition (p.1922·1).

Glutathin *Mochida, Jpn.*
Glutathione (p.1448·1).
Liver disorders.

Glu-tathion *Toyo, Hong Kong.*
Glutathione (p.1448·1).
Drug poisoning; dyspepsia in children; hypersensitivity reactions; hypertension of pregnancy; leucopenia; liver disorders; skin pigmentation disorders.

Glutaven *Teofarma, Ital.*
Glutamine (p.1947·2).
Mental function impairment.

Glutavigon *Delta, Braz.*
Calcium phosphate; calcium glycerophosphate; glutamic acid; vitamin B substances (p.1922·1).

Gluthion *CT, Ital.*
Reduced glutathione sodium (p.1448·1).
Chemotherapy-induced neuropathy.

Gluti-Agil mono *Riemser, Ger.*
Glutamic acid (p.1947·1).
Tonic.

Glutilage *Beacons, Singapore.*
Glucosamine sulfate (p.2313·2).
Joint and cartilage disorders.

Glutilage Plus *Beacons, Singapore.*
Glucosamine sulfate (p.2313·2); chondroitin sulfate (p.2280·3).
Joint and cartilage disorders.

Glutisal *Ravensberg, Ger.†.*
Salicylamide (p.121·2); ethenzamide (p.51·3).
Fever; gout; pain.

Glutofac *Kenwood, Hong Kong; Kenwood, USA.*
Multivitamin and mineral preparation (p.1922·1).

Glutose *Paddock, USA.*
Glucose (p.1945·3).
Hypoglycaemia.

Glutoxim *HPB, Rus.*
Glutathione disodium (p.1448·1).
Hepatitis B and C; immunodeficiency; ionising radiation trauma; tuberculosis; urinary-tract disorders; viral infections.

Glutrex *Cipla, India†.*
Glutaral (p.1645·2).
Disinfection.

Glutril *ICN, Austria; CSP, Fr.; ICN, Ger.†; Valeant, Switz.; Onko, Turk.*
Glibornuride (p.440·3).
Diabetes mellitus.

Gluvas *Dexa, Indon.*
Glimepiride (p.441·1).
Diabetes mellitus.

Gluxine *Recip, Norw.*
Glucosamine sulfate sodium chloride (p.2313·2).
Osteoarthritis.

Gluzo *Pharmasant, Thai.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Gluzolyte *Pharmasant, Thai.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Gly Derm Super Sunblock *ICN, Canad.†.*
Meradimate (p.1604·2); octinoxate (p.1608·2); octisalate (p.1608·2); titanium dioxide (p.1617·3).
Sunscreen.

Gly Thymol *DHA, Hong Kong.*
Glycerol (p.2314·2); methyl salicylate (p.85·3); thymol (p.1664·3); menthol (p.2340·1); borax (p.2268·1); sodium salicylate (p.124·2); sodium benzoate (p.1630·2).
Aphthous ulcer; oral hygiene; sore throat.

Glyade *Alphapharm, Austral.; Alphapharm, Malaysia.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glyamid *Actavis, Indon.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glybofen *Liptis, USA.*
Glibenclamide (p.440·1); metformin (p.453·3).
Diabetes mellitus.

Glybovin *Otsira, India.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glycafor *Actavis, Indon.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glycare
Note.This name is used for preparations of different composition.
Kafetzis, Gr.
Glycerol (p.2314·2).
Bowel evacuation.

Roi Surya, Indon.
Glycolic acid (p.1598·1).
Skin ageing.

Glycelax *Casen Fleet, Port.*
Glycerol (p.2314·2).
Constipation.

Glycemin *Siam Bheasach, Thai.*
Chlorpropamide (p.438·3).
Diabetes mellitus.

Glyceol *Chugai, Hong Kong; Chugai, Jpn; Siam Bheasach, Thai.*
Glycerol (p.2314·2) with fructose and sodium chloride.
Cerebral oedema; ocular hypertension; raised intracranial pressure.

Glycerosteril *Fresenius Kabi, Ger.; Fresenius Kabi, Thai.†.*
Glycerol (p.2314·2).
Cerebral oedema.

Glyceryl-T *Rugby, USA.*
Theophylline (p.1140·1); guaifenesin (p.1561·3).
Bronchospasm.

Glycifer *Nycomed, Denm.*
Ferrous glycine sulfate (p.1939·1).
Iron deficiency.

Glycigon *Aristo, India.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glycigon-M *Aristo, India.*
Gliclazide (p.440·3); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glycilax *Engelhard, Ger.*
Glycerol (p.2314·2).
Constipation.

Glycinorm *Ipca, India.*
Gliclazide (p.440·3).
Diabetes mellitus.

Glycinorm M *Ipca, India.*
Gliclazide (p.440·3); metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glyciphage *Franco-Indian, India.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glyco-A *Roemmers-Klinos, Venez.†.*
Glycolic acid (p.1598·1).
Sunlight-induced skin damage.

Glycocortison *Novartis Ophthalmics, Ger.†.*
⊗ Hydrocortisone acetate (p.1535·2).
Eye disorders.

Glycocortisone H *Ciba Vision, Switz.†.*
⊗ Hydrocortisone acetate (p.1535·2) in glucose.
Corneal disorders.

Glycodin *Alembic, Rus.*
Dextromethorphan hydrobromide (p.1555·2); terpin hydrate (p.1573·3); levomenthol.
Respiratory-tract disorders with cough.

Glycofed *Pal-Pak, USA.*
Pseudoephedrine hydrochloride (p.1571·2); guaifenesin (p.1561·3).
Coughs.

glycolande N *Sanofi Synthelabo, Ger.†.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glycolate *Pharmasant, Thai.*
Guaifenesin (p.1561·3).
Coughs.

GlycoLax *Kremers-Urban, USA.*
Macrogol 3350 (p.2336·3).
Bowel evacuation.

Glycomet *USV, Singapore.*
Metformin hydrochloride (p.453·2).
Diabetes mellitus.

Glycomin *Pharmacare, S.Afr.*
Glibenclamide (p.440·1).
Diabetes mellitus.

Glycon
Note. This name is used for preparations of different composition.
Farmalab, Braz.
Potassium iodide (p.2169·2); ammonium benzoate; tolu balsam (p.1574·2).
Respiratory-tract congestion.

Iron polymaltose (p.1953·1); folic acid (p.1940·1).
Iron and folic acid deficiency in pregnancy.

Hemagene Tailleur *Elerte, Fr.*
Ibuprofen (p.64·2).
Fever; pain.

Hema-K *Taiwan Biotech, Philipp.*
Phytomenadione (p.1995·3).
Anticoagulant-induced prothrombin deficiency; haemorrhagic disease of the newborn; hypoprothrombinaemia.

Hemamina *Byk Gulden, Mex.†.*
Vitamin preparation (p.1922·1).

Hemapep *SA Druggists Self Med, S.Afr.*
Potassium chloride; sodium chloride; calcium carbonate; glucose (p.1672·2).
Oral rehydration therapy.

Hemapo *Kalbe, Indon.*
⊗ Epoetin alfa (p.1061·1).
Anaemia in renal failure.

Hemarate *BioFemme, Philipp.; Biomedis, Thai.; Great Eastern, Thai.*
Ferrous fumarate (p.1938·3); vitamins (p.1922·1).
Iron-deficiency anaemia; vitamin B deficiency.

Hemarate CE *Biomedis, Indon.; Medifarma, Indon.*
Ferrous fumarate (p.1938·3); vitamin B substances; vitamin E (p.1922·1).
Ascorbic acid (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Iron-deficiency anaemia; vitamin B deficiency.

Hemarexin *Sabex, Canad.; Sandoz, Canad.*
Vitamin B substances; sodium glycerophosphate (p.1922·1).

Hemarexin + C *Sandoz, Canad.*
Vitamin preparation (p.1922·1).

Hemaspan *Sanofi Winthrop, USA†.*
Ferrous fumarate (p.1938·3).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.

Docusate sodium (p.1725·1) is included in this preparation to reduce the constipating effects of iron.
Iron-deficiency anaemias.

Hemastix *Bayer, Austral.†; Bayer Diagnostics, Fr.; Bayer Diagnostics, Irl.; Bayer Diagnostici, Ital.; Bayer Diagnostics, UK; Bayer, USA.*
Test for blood in urine.

Hematest *Bayer, Austral.†; Bayer Diagnostics, Mex.†; Bayer, USA.*
Test for occult blood in faeces.

Hematiase B12 *Gross, Braz.*
Liver extract (p.2337·3); gastric mucosa extract (p.2337·3); ferric ammonium citrate (p.1938·1); cyanocobalamin (p.1980·2).
Anaemias; iron-deficiency.

Hematinic
Note. This name is used for preparations of different composition.
Solgar, UK.
Liver (desiccated) (p.2337·3); vitamin B (p.1980·2); iron (p.1949·1); calcium ascorbate (p.1984·1); folic acid (p.1940·1).
Dietary supplement.

Cypress, USA.
Ferrous fumarate (p.1938·3); folic acid (p.1940·1).
Anaemias.

Hematinic Plus *Cypress, USA.*
Ferrous fumarate (p.1938·3); folic acid (p.1940·1); vitamin B substances; minerals (p.1922·1).
Vitamin C (p.1983·3) is included in this preparation to increase the absorption and availability of iron.
Anaemias.

Hematiron *Ibefar, Braz.†.*
Lysine hydrochloride; vitamin B substances; ferric ammonium citrate; copper sulfate; liver extract; gastric mucosa extract (p.1922·1).
Nutritional supplement.

Hematofer *Prati-Donaduzzi, Braz.†.*
Ferrous sulfate (p.1939·3).

Hematon *Defuen, Arg.†.*
Ferrous fumarate (p.1938·3); copper; vitamin B substances; intrinsic factor; liver extract (p.1922·1).
Anaemias.

Hematrine *Novartis, India.*
Ferrous succinate (p.1939·2); vitamins (p.1922·1).
Anaemias; nutritional supplement; tonic.

Hemaviton Brain Nutrient *Bode, Indon.; Tempo Scan Pacific, Indon.*
Ginkgo biloba (p.2311·1); ginseng (p.2312·1); vitamins A, C, and E; zinc; selenium (p.1922·1).

Acetylcysteine (p.1548·2).
Respiratory-tract congestion.

Hustensaft Weleda *Weleda, Austria.*
Herbal and homoeopathic preparation.

Hustenstiller
Note. This name is used for preparations of different composition.
Ratiopharm, Ger.†.
Clobutinol hydrochloride (p.1554·1).
Coughs.

Ratiopharm, Ger.
Dextromethorphan hydrobromide (p.1555·2).
Coughs.

Hustentabs *Ratiopharm, Ger.†.*
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Hustentropfen Nr 24 *Doskar, Austria.*
Homoeopathic preparation.

Husties *Eu Rho, Ger.†.*
Thyme (p.2401·1).
Catarrh; coughs.

Hustosol *Pharmeso, Switz.†.*
Bromhexine hydrochloride (p.1552·2).
Respiratory-tract disorders associated with increased or viscous mucus.

Hutrope *Lilly, Arg.; Lilly, Chile.*
⊗ Somatropin (p.1799·3).
Growth disorders in renal failure; growth hormone deficiency; Turner's syndrome.

Hvit *D & M, Chile.*
Biotin (p.1931·3).
Dietary supplement.

HVM *Scherer, Singapore†.*
Multivitamin and mineral preparation (p.1922·1).

Hyabak
Thea, Fr.; Farmila, Ital.; Spectrum, UK..
Sodium hyaluronate (p.2320·1) (p.1622·2).
Contact lens care; contact lens lubricant; dry eyes; eye irritation.

Hya-ject *Ormed, Ger.*
Sodium hyaluronate (p.2320·1).
Joint disorders.

Hyal *LG Life Sciences, Malaysia; Shin Poong, Malaysia.*
Sodium hyaluronate (p.2320·1).
Adjunct in eye procedures; osteoarthritis of the knee; shoulder periarthritis.

Hyalart *TRB, Arg.†; Tropon, Ger.; Faran, Gr.; SPA, Ital.; Grunenthal, Port.; Chiesi, Spain.*
Sodium hyaluronate (p.2320·1).
Joint disorders; osteoarthritis.

Hyalase *Sanofi-Aventis, Austral.; IFET (ΙΦΕΤ), Gr.; CP, Israel; Artex, NZ; Xixia, S.Afr.; CP Pharmaceuticals, UK.*
Hyaluronidase (p.2321·1).
Enhancement of absorption of intramuscular and subcutaneous injections; enhancement of local anaesthesia; extravasation; haematoma; hypodermoclysis; oedema; promote tissue fluid and blood resorption.

Hyalcrom *Biocumed, Arg.*
⊗ Sodium cromoglicate (p.1136·3); naphazoline hydrochloride (p.1565·2); hyaluronic acid (p.2320·1).
Eye disorders.

Hyalcrom NF
Biocumed, Arg.
Ketotifen (p.582·2); hyaluronic acid (p.2320·1).
Eye disorders.

Bausch & Lomb, Mex.
Ketotifen fumarate (p.582·2); sodium hyaluronate (p.2320·1).
Allergic conjunctivitis.

Hyal-Drop *Chauvin, Fr.; Bausch & Lomb, Switz.*
Sodium hyaluronate (p.2320·1) (p.1622·2).
Contact lens lubrication; dry eyes.

Hyalein *Santen, Jpn.*
Sodium hyaluronate (p.2320·1).
Keratoconjunctival disorders.

Hyalgan *Kolassa, Austria; Wolfs, Belg.; Medexus, Canad.; Silesia, Chile; Fidia, Cz.; Nycomed, Denm.; Leiras, Fin.; Expanscience, Fr.; Fidia, Hong Kong; CSC, Hung.; Combiphar, Indon.; Fidia, Indon.; Shire, Irl.; Fidia, Ital.; Fidia, Malaysia; Fidia, Pol.; TRB, Singapore; Bioiberica, Spain; Nycomed, Swed.; Chemedica, Thai.; Fidia, Thai.; Bilim, Turk.; Shire, UK; Sanofi Winthrop, USA; Leti, Venez.*
Sodium hyaluronate (p.2320·1).
Orthopaedic surgery; osteoarthritis and other degenerative joint disorders.

Hyalistil *SIFI, Ital.*
Sodium hyaluronate (p.2320·1).
Dry eyes.

Hyalix *Roemmers Medihe, Venez.*
Moisturiser.

Hyalofemme *Bivea, Fr.*
Hyaluronic acid (p.2320·1).
Vaginal dryness.

Hyalofill
Convatec, Canad.†.
Hyaluronic acid (p.2320·1).
Wounds.

Convatec, Fr.; Convatec, Port.†; Convatec, UK.
Hyaff (p.2320·2).
Ulcers; wounds.

Hyalogran *Convatec, Fr.*
Sodium alginate (p.2141·1); Hyaff (p.2320·2).
Ulcers; wounds.

Hyalox *Sophia, Mex.*
⊗ Oxymetazoline hydrochloride (p.1567·2); sodium hyaluronate (p.2320·1).
Eye irritation.

Hyalozima *Apsen, Braz.*
Hyaluronidase (p.2321·1).
Enhancement of absorption of intramuscular and subcutaneous injections; reduction of extravasation.

Hyal-System *Merz, Ger.†.*
Sodium hyaluronate (p.2320·1).
Skin regeneration.

Hyalubrix *Tropon, Ger.*
Sodium hyaluronate (p.2320·1).
Synovial fluid replacement.

Hyaludermin *TRB, Braz.*
Sodium hyaluronate (p.2320·1).
Ulcers; wounds.

Hyalugel *Expanscience, Fr.*
Hyaluronic acid (p.2320·1).
Gum inflammation or injury.

Hyaluron *Maigal, Arg.*
Coal tar (p.1616·2); salicylic acid (p.1612·2); boric acid (p.2268·1).
Scalp disorders.

Hyanac *Biocumed, Arg.†.*
Diclofenac sodium (p.44·3); sodium hyaluronate (p.2320·1).
Eye disorders.

Hyanit N *Strathmann, Ger.*
⊗ Urea (p.1620·2).
Dry skin disorders.

Hya-Ophtal *Winzer, Ger.†.*
Sodium hyaluronate (p.2320·1).
Aid in eye surgery.

Hyarhinol *Chauvin, Fr.*
Sodium hyaluronate (p.2320·1); electrolytes.
Nasal dryness.

Hyasa *Sevapharma, Cz.†.*
Hyaluronidase (p.2321·1).
Adjuvant in local anaesthesia; adjuvant to increase absorption and dispersion of drugs; haematoma; oedema; reduction of extravasation.

Hyase *Human, Hung.†.*
Hyaluronidase (p.2321·1).
Enhancement of local anaesthesia injections; haematoma; hypodermoclysis; oedema.

Hyasol *Biocumed, Arg.; Bausch & Lomb, Mex.*
Sodium hyaluronate (p.2320·1).
Dry eyes; eye irritation.

Hyason *Organon, Neth.*
Hyaluronidase (p.2321·1).
Adjunct to local anaesthesia of the eye.

Hyate:C *Porton, Israel; Ipsen, UK; Speywood, USA†.*
A porcine factor VIII:C preparation (p.1067·1).
Haemophilia in patients with antibodies to human factor VIII.

Hybloc *Pacific, NZ.*
⊗ Labetalol hydrochloride (p.1321·1).
Hypertension.

Hybolin *Hyrex, USA.*
⊗ Nandrolone phenylpropionate (p.2118·3) or nandrolone decanoate (p.2118·2).
Anaemia in renal disease; breast cancer.

Hybridil *Roche, Austria.*
⊗ Carvedilol (p.1241·3).
Angina pectoris; heart failure; hypertension.

Hybutin *Jean-Marie, Philipp.*
Vitamin B (p.1976·3); vitamin B (p.1980·2); vitamin B (p.1979·1).
Neuralgia; neuritis; neuropathy; vitamin B deficiency.

Hybutyl *Pharmaland, Thai.*
Hyoscine butylbromide (p.1734·1).
Smooth muscle spasm.

Hycamptin *GSK, Turk.*
Topotecan hydrochloride (p.780·1).
Ovarian cancer.

Hycamtin *GSK, Arg.; GSK, Austral.; GSK, Austria; GSK, Belg.; GSK, Braz.; GSK, Canad.; GSK, Chile; GSK, Cz.; GSK, Denm.; GSK, Fin.; GSK, Fr.; GSK, Ger.; GSK, Gr.; GSK, Hong Kong; GSK, Hung.; GSK, Irl.; GSK, Israel; GSK, Ital.; GSK, Neth.; GSK, Norw.; GSK, Pol.; GSK, Port.; GSK, Rus.; GSK, S.Afr.; GSK, Singapore; GSK, Spain; GSK, Swed.; GSK, Switz.; GSK, Thai.; GSK, UK; GSK, USA; GSK, Venez.†.*
Topotecan hydrochloride (p.780·1).
Cervical cancer; ovarian cancer; small-cell lung cancer.

Hycemia *Guardian, Indon.*
Allopurinol (p.552·2).
Gout.

Hyceral *Condrugs, Thai.*
Codergocrine mesilate (p.363·3).
Mental function impairment; peripheral vascular disorders.

Hycet *Xanodyne, USA.*
Hydrocodone tartrate (p.63·1); paracetamol (p.108·1).
Pain.

Hychlozide *Pharmasant, Thai.*
⊗ Hydrochlorothiazide (p.1307·3).
Hypertension; oedema.

Hycibex *Pharmed, India.*
Vitamin B substances (p.1975·1).
Vitamin B deficiency.

Hycocin *Rekah, Israel.*
⊗ Hydrocortisone acetate (p.1535·2); neomycin sulfate (p.305·1).
Infected eye, ear, and nose disorders.

HycoClear Tuss *Ethex, USA.*
Hydrocodone tartrate (p.63·1); guaifenesin (p.1561·3).
Coughs.

Hycodan
Note. This name is used for preparations of different composition.
BMS, Canad.
Hydrocodone tartrate (p.63·1).
Coughs.

Endo, USA.
Hydrocodone tartrate (p.63·1); homatropine methylbromide (p.1881·3).
Coughs.

Hycolloid Ultra Thin *Geritrex, USA.*
Hydrocolloid dressing.
Wounds.

Hycomine *BMS, Canad.*
Hydrocodone tartrate (p.63·1); mepyramine maleate (p.585·2); phenylephrine hydrochloride (p.1568·1); ammonium chloride (p.1551·3).
Coughs; upper respiratory-tract congestion.

Hycomine Compound *Endo, USA.*
Hydrocodone tartrate (p.63·1); chlorphenamine maleate (p.571·3); phenylephrine hydrochloride (p.1568·1); paracetamol (p.108·1); caffeine (p.1116·3).
Coughs and cold symptoms.

Hycomycin *Teva, Israel.*
⊗ Hydrocortisone acetate (p.1535·2); neomycin sulfate (p.305·1).
Infected skin disorders.

Hycor *Sigma, Austral.*
⊗ Hydrocortisone (p.1535·2) or hydrocortisone acetate (p.1535·2).
Inflammatory eye disorders.

Hycort *Valeant, Canad.*
⊗ Hydrocortisone (p.1535·2).
Inflammatory diseases of the gastrointestinal tract.

Hycortil *Rotexmedica, Philipp.*
⊗ Hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Hycortin *Medipharma, Hong Kong†.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Hycosan *Bausch & Lomb, UK.*
Hyaluronic acid (p.2320·1).
Dry eyes.

HycoSan5 *Pharma Medica, Switz.*
Sodium hyaluronate (p.2320·1) (p.1622·2).
Contact lens lubrication.

Hycotuss *Endo, USA.*
Hydrocodone tartrate (p.63·1); guaifenesin (p.1561·3).
Coughs.

Hydab *Dabur, India; Dabur, Philipp.*
Hydroxycarbamide (p.729·1).
Beta-thalassaemia; malignant neoplasms; psoriasis; radiosensitiser; sickle cell disease.

Hydac *Aventis, Denm.†; Sanofi-Aventis, Fin.*
Felodipine (p.1285·3).
Hypertension.

Hydal *Mundipharma, Austria.*
⊗ Hydromorphone hydrochloride (p.63·2).
Pain.

Hydantin *Orion, Fin.*
Phenytoin (p.495·2).
Epilepsy.

Hydase *PrimaPharm, USA.*
Hyaluronidase (p.2321·1).
Adjunct in urography; hypodermoclysis; to increase the absorption and dispersion of injected drugs.

Hydeltrasol *MSD, USA†.*
⊗ Prednisolone sodium phosphate (p.1541·2).
Corticosteroid.

Hyderan *Organifar, Venez.†.*
Codergocrine mesilate (p.363·3).
Cerebrovascular disorders; mental function impairment.

Hyderax *HLB, Arg.*
Hydroxyzine hydrochloride (p.581·2).
Anxiety; premedication; pruritus.

Hydergin *Novartis, Austria; Novartis, Fin.; Novartis, Ger.; Novartis, Indon.; Novartis, Swed.*
Codergocrine mesilate (p.363·3).
Cerebral and peripheral vascular disorders; cervical syndrome; hypertension; mental function impairment; migraine and other vascular headache; shock.

Hydergina *Novartis, Arg.; Novartis, Chile†; Novartis, Ital.; Novartis, Mex.; Novartis, Spain; Novartis, Venez.†.*
Codergocrine mesilate (p.363·3).
Cerebral and peripheral vascular disorders; hypertension; mental function impairment; migraine and other vascular headache; vascular disorders.

Hydroxocobalamin (p.1980·3).
Schilling test; vitamin B deficiency.

Hydrocutan *Dermapharm, Ger.*
⊗ Hydrocortisone (p.1535·2) or hydrocortisone acetate (p.1535·2).
Corticosteroid.

Hydrocutan mild *Dermapharm, Ger.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Hydroderm
Note.This name is used for preparations of different composition.
Aesca, Austria.
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Pacific, NZ.
Dewaxed oil-soluble lanolin fraction (p.2033·2); liquid paraffin (p.2030·3).
Dry skin disorders; pruritus.

ICM, Singapore.
⊗ Hydrocortisone acetate (p.1535·2).
Skin disorders.

Hydroderm HC *Karrer, Ger.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Hydroderm-C *ICM, Singapore.*
⊗ Hydrocortisone acetate (p.1535·2); clioquinol (p.254·1).
Infected skin disorders.

Hydrodermed *Karrer, Ger.*
Erythromycin (p.269·2).
Acne.

Hydrodexan *Hermal, Ger.*
⊗ Hydrocortisone (p.1535·2); urea (p.1620·2).
Skin and scalp disorders.

HydroDiuril *Merck Frosst, Canad.†; Merck, USA.*
⊗ Hydrochlorothiazide (p.1307·3).
Hypertension; oedema.

Hydrofer-3 *Mediapharm, Gr.*
Iron polymaltose (p.1953·1).
Iron-deficiency anaemia.

Hydrofluoric Acid Antidote *Malaysia Chemist, Singapore†.*
Calcium gluconate (p.1675·3).
Hydrofluoric acid burns.

Hydroflux *Unipharma, Gr.*
⊗ Furosemide (p.1292·1).
Heart failure; hypertension; oedema; oliguria due to renal failure.

Hydroform *Stiefel, Austral.*
⊗ Hydrocortisone (p.1535·2); clioquinol (p.254·1).
Skin disorders.

Hydro-Funga *Vida, Hong Kong.*
⊗ Miconazole nitrate (p.541·3); hydrocortisone (p.1535·2).
Fungal skin infections with inflammation.

Hydrofusin *Remek, Gr.*
⊗ Fusidic acid (p.279·3); hydrocortisone (p.1535·2).
Infected skin disorders.

Hydrogalen *Galen, Ger.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Hydrogesic *Edwards, USA.*
Hydrocodone tartrate (p.63·1); paracetamol (p.108·1).
Pain.

Hydro-GP *Cypress, USA.*
Hydrocodone tartrate (p.63·1); phenylephrine hydrochloride (p.1568·1); guaifenesin (p.1561·3).
Allergic rhinitis; cold symptoms; coughs.

Hydrol *Janssen-Cilag, S.Afr.*
Potassium chloride; sodium chloride; sodium citrate; glucose (p.1672·2).
Oral rehydration therapy.

Hydrolac *Milk Industries, Israel.*
Protein hydrolysate (p.1922·1).
Nutritional supplement.

Hydrolan *Orion, Fin.*
Emollient.
Dry skin disorders.

Hydro-Less *Aspen, S.Afr.*
⊗ Indapamide (p.1314·1).
Hypertension.

Hydrolipidique *Uriage, Fr.†.*
Emollient.
Dry skin.

Hydro-long *Lichtenstein, Ger.†.*
⊗ Chlortalidone (p.1243·3).
Diabetes insipidus; hypertension; oedema.

Hydrolotion *Pacific Biosciences, Singapore†; Spirig, Singapore†.*
Emollient and moisturiser.

Hydromax *Forder, Arg.†.*
Moisturiser.

Hydromedin *MSD, Ger.†.*
⊗ Sodium etacrynate (p.1283·2).
Ascites; oedema.

Hydromet

MSD, Braz.; Vianex (Βιανέξ), Gr.†.
⊗ Hydrochlorothiazide (p.1307·3); methyldopa (p.1334·1).
Hypertension.

Barre-National, USA.
Hydrocodone tartrate (p.63·1); homatropine methylbromide (p.1881·3).
Coughs.

Hydromol
Note.This name is used for preparations of different composition.
Quinoderm, Irl.†.
Cream: Sodium pidolate (p.1614·1); arachis oil (p.2259·1); isopropyl myristate (p.2029·3); liquid paraffin (p.2030·3); sodium lactate (p.1673·3).
Dry skin.

Alliance, UK.
Cream: Isopropyl myristate (p.2029·3); liquid paraffin (p.2030·3); sodium pidolate (p.1614·1); sodium lactate (p.1673·3).
Dry skin conditions.

Quinoderm, Hong Kong†; Alliance, UK.
Emollient: Light liquid paraffin (p.2031·1); isopropyl myristate (p.2029·3).
Dry skin; dry skin conditions.

Alliance, UK.
Ointment: Yellow soft paraffin (p.2031·3); emulsifying wax (p.2029·2).
Dry skin; soap substitute.

Quinoderm, Irl.†.
Topical solution: Light liquid paraffin (p.2031·1); isopropyl myristate (p.2029·3).
Dry skin.

Hydromorph *Purdue, Canad.*
⊗ Hydromorphone hydrochloride (p.63·2).
Pain.

Hydromycin *PP Lab, Thai.†.*
Tetracycline hydrochloride (p.347·2).
Bacterial infections.

Hydron CP *Cypress, USA.*
Hydrocodone tartrate (p.63·1); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Allergic rhinitis; cold symptoms; coughs.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Hydron EX *Cypress, USA.*
Hydrocodone tartrate (p.63·1); sulfogaiacol (p.1573·2).
Coughs.

Hydron KGS *Cypress, USA.*
Hydrocodone tartrate (p.63·1); sulfogaiacol (p.1573·2).
Coughs.

Hydron PSC *Cypress, USA.*
Hydrocodone tartrate (p.63·1); pseudoephedrine hydrochloride (p.1571·2); chlorphenamine maleate (p.571·3).
Coughs; hay fever; respiratory-tract congestion.

Hy-Drop *Bausch & Lomb, Ital.*
Sodium hyaluronate (p.2320·1).
Dry eyes.

Hydropane *Halsey, USA.*
Hydrocodone tartrate (p.63·1); homatropine methylbromide (p.1881·3).
Coughs.

Hydropel *C & M, USA.*
Topical barrier preparation.

Hydrophed *Rugby, USA.*
⊗ Theophylline (p.1140·1); ephedrine sulfate (p.1558·2); hydroxyzine hydrochloride (p.581·2).
Bronchospasm.

Hydrophil *Omega, Canad.*
⊗ Urea (p.1620·2); white soft paraffin (p.2031·2).
Dry skin.

Hydrophilic *Rugby, USA.*
Vehicle for topical preparations.

Hydropres *Merck, USA.*
⊗ Hydrochlorothiazide (p.1307·3); reserpine (p.1387·3).
Hypertension.

Hydroquin *Sun, Thai.*
Hydroxychloroquine sulfate (p.604·2).
Juvenile arthritis; lupus erythematosus; rheumatoid arthritis.

Hydros G *Chaix et du Marais, Fr.†.*
Glucose, sodium chloride, and potassium chloride infusion (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Hydrosan *Wabosan, Austria.*
⊗ Chlortalidone (p.1243·3).
Heart failure; hypertension; oedema.

Hydro-Serp *Rugby, USA†.*
⊗ Hydrochlorothiazide (p.1307·3); reserpine (p.1387·3).
Hypertension.

Multivitamin preparation (p.1922·1).

Hydrosol Polyvitamine BON *Bouchara-Recordati, Fr.†.*
Multivitamin preparation (p.1922·1).

Hydrosone
Rougier, Canad.
⊗ Hydrocortisone (p.1535·2).

Christo, Hong Kong.
⊗ Hydrocortisone acetate (p.1535·2).
Skin disorders.

Hydrospor *Vendiz, Philipp.*
⊗ Hydrocortisone acetate (p.1535·2); neomycin sulfate (p.305·1); polymyxin B sulfate (p.317·3).
Ear infections.

Hydrotab *Actavis, UK.*
Malic acid (p.2337·1); sodium fluoride (p.1962·2).
Dry mouth.

Hydrotopic *Vendiz, Philipp.*
⊗ Hydrocortisone (p.1535·2) or hydrocortisone sodium succinate (p.1536·1).
Corticosteroid.

Hydrotricine *Sanofi-Aventis, Ital.; Vitoria, Port.; Unipharm, Turk.*
Tyrothricin (p.358·2).
Bacterial stomatitis; mouth and throat infections.

Hydrotrix *Kolassa, Austria; Medice, Ger.*
⊗ Furosemide (p.1292·1); triamterene (p.1417·2).
Heart failure; hypertension; oedema.

Hydro-Tussin DM *Ethex, USA.*
Guaifenesin (p.1561·3); dextromethorphan hydrobromide (p.1555·2).
Coughs and cold symptoms.

Hydro-Tussin HD *Ethex, USA.*
Guaifenesin (p.1561·3); hydrocodone tartrate (p.63·1); pseudoephedrine hydrochloride (p.1571·2).
Coughs and cold symptoms.

Hydro-Tussin HG *Ethex, USA.*
Hydrocodone tartrate (p.63·1); guaifenesin (p.1561·3).
Cough.

HydroVal *Taro, Canad.*
⊗ Hydrocortisone valerate (p.1536·1).
Skin disorders.

Hydro-Wolff *Wolff, Ger.†.*
⊗ Hydrocortisone (p.1535·2).
Skin disorders.

Hydroxin *Shiwa, Thai.†.*
Hydroxyzine hydrochloride (p.581·2).
Anxiety; hypersensitivity reactions.

Hydroxy-Cal *Sisu, Canad.†.*
Vitamin C and minerals (p.1922·1).

Hydrozide *Atlantic, Hong Kong; Atlantic, Malaysia; Atlantic, Singapore; Atlantic, Thai.*
⊗ Hydrochlorothiazide (p.1307·3).
Diuretic; hypertension; oedema.

Hydrozide Plus *Progress, Thai.*
⊗ Hydrochlorothiazide (p.1307·3); amiloride hydrochloride (p.1209·2).
Hepatic cirrhosis with ascites; hypertension; oedema.

Hydrozole *Stiefel, Austral.*
⊗ Hydrocortisone (p.1535·2); clotrimazole (p.530·1).
Skin disorders.

Hydryllin *Ali, Turk.*
Diphenhydramine hydrochloride (p.577·2); ammonium chloride (p.1551·3).
Respiratory-tract congestion.

Hyfac soin keratolytique *Biorga, Fr.†.*
Glycolic acid (p.1598·1); alpha hydroxy acid ester; piroctone olamine (p.1610·1).
Skin disorders.

Hyflex
Note. This name is used for preparations of different composition.
Laboratorios Chile, Chile.
Meloxicam (p.80·3).
Musculoskeletal and joint disorders.

Breckenridge, USA.
Paracetamol (p.108·1); phenyltoloxamine citrate (p.588·1).
Pain.

Povidone-iodine (p.1659·2).
Disinfection of skin, burns, wounds, and instruments; infected skin, mouth, and throat disorders.

EMS, Braz.
Iodine (p.2169·2).
Skin infections.

Polinac, Venez.†.
Methyl salicylate (p.85·3); camphor (p.2273·2); menthol (p.2340·1); chloroform (p.1781·1); balsam fioraventi.
Musculoskeletal and joint disorders.

Iodex Clasico *GSK, Mex.*
Iodine (p.2169·2); methyl salicylate (p.85·3).
Musculoskeletal and joint pain.

Iodex Cristal *GSK, Mex.*
Methyl salicylate (p.85·3); menthol (p.2340·1); camphor (p.2273·2); cineole (p.2282·3).
Cold symptoms; musculoskeletal pain.

Iodex with Methyl Salicylate *Lee, USA.*
Iodine (p.2169·2); methyl salicylate (p.85·3).
Muscle, joint, and soft-tissue pain; neuralgia.

Iodex com Salicilato de Metila *EMS, Braz.*
Iodine (p.2169·2); methyl salicylate (p.85·3).
Musculoskeletal and joint disorders.

Iodex con Salicilato de Metilo *Polinac, Venez.*
Iodine (p.2169·2); methyl salicylate (p.85·3).
Musculoskeletal and joint disorders.

Iodiflor *Floris, Israel.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Iodina *Orravan, Spain.*
Povidone-iodine (p.1659·2).
Skin, wound, and burn disinfection.

Iodisis *Prisfar, Port.†.*
Iodine (p.2169·2).
Mouth and throat infections and inflammation.

Iodispray *Floris, Israel.*
Povidone-iodine (p.1659·2).
Burn and wound disinfection.

Iodoasept *ICN, Arg.†.*
Povidone-iodine (p.1659·2).
Eye disinfection.

Iodocaine *Sedabel, Braz.†.*
Lidocaine hydrochloride (p.1862·3); povidone (p.1659·2).
Skin infections.

Iodocollyre *Cooper (Κοπερ), Gr.*
Sodium iodide (p.2169·2); calcium chloride (p.1675·2).
Glaucoma.

Iodoflex *Smith & Nephew, Irl.; Smith & Nephew, Singapore; Smith & Nephew Healthcare, UK.*
Cadexomer-iodine (p.1633·3).
Ulcers; wounds.

Iodolab *Labesfal, Port.*
Povidone-iodine (p.1659·2).
Disinfection.

Iodomarin *Berlin-Chemie, Rus.*
Potassium iodide (p.2169·2).
Iodine-deficiency disorders.

Iodomax *Lafedar, Arg.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Iodomine *Lacefa, Arg.†.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Iodopen *American Pharmaceutical, USA.*
Sodium iodide (p.2169·2).
Additive for intravenous total parenteral nutrition solutions.

Iodophil Viscous *FDC, India†.*
Sodium acetrizoate.
Hysterosalpingography.

Iodopulmin *Neckerman, Braz.†.*
Potassium iodide (p.2169·2); pepilamine maleate; ipecacuanha (p.1562·3); sodium benzoate (p.1630·2); guaifenesin (p.1561·3).
Coughs.

Iodosan Clorexidina *GSK Consumer, Ital.*
Chlorhexidine gluconate (p.1635·3).
Dental hygiene.

Iodosorb *Smith & Nephew, Austral.†; Lannacher, Austria; Smith & Nephew, Canad.; Smith & Nephew, Denm.; Smith & Nephew, Fin.; Smith & Nephew, Fr.†; Smith & Nephew, Ger.†; Organon (Οργανον), Gr.; Smith & Nephew, Ital.; Smith & Nephew, Neth.; Smith & Nephew, Singapore; Smith & Nephew, Spain†; Smith & Nephew, Swed.; Smith & Nephew, Switz.; Smith & Nephew Healthcare, UK.*
Cadexomer-iodine (p.1633·3).
Ulcers; wounds.

Iodosteril *IMS, Ital.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Iodoten *Sanitas, Ital.*
Povidone-iodine (p.1659·2).
Wound disinfection.

Iodotiazol *Ferro, Arg.†.*
Sulfathiazole sodium (p.343·3); sulfanilamide (p.343·1) benzocaine (p.1854·1); iodine (p.2169·2); potassium iodide (p.2169·2).
Mouth and throat disorders.

Iodotope *Squibb Diagnostics, USA.*
Iodine-131 (p.2054·3) as sodium iodide.
Hyperthyroidism; thyroid cancer.

Iodo-Vit *Vitamed, Israel.*
Povidone-iodine (p.1659·2).
Skin and wound disinfection.

Iodoxyd *Nizpharm, Rus.*
Povidone-iodine (p.1659·2).
Vaginal infections.

Iofed *Iomed, USA.*
Brompheniramine maleate (p.569·2); pseudoephedrine hydrochloride (p.1571·2).
Upper respiratory-tract symptoms.

Ioiro *Regional Health, NZ.*
Ioidol.
Radiographic contrast medium.

Iol *Quimioterapica, Braz.†.*
⊗ Potassium iodide (p.2169·2); guaifenesin (p.1561·3); sodium benzoate (p.1630·2); lobelia (p.2157·2).
Coughs.

Iolin *Quimioterapica, Braz.†.*
⊗ Potassium iodide (p.2169·2); lobelia (p.2157·2).
Coughs.

Iomeron *Regional Health, Austral.; Bracco, Austria; Altana, Belg.; Bracco, Cz.; Bracco, Denm.; Astra Tech, Fin.; Altana, Fr.; Gerolymatos, Gr.; Bracco, Hung.; Merck, Irl.†; Bracco, Israel; Bracco, Ital.; Eisai, Jpn; Regional Health, NZ; Altana, Neth.; Bracco, Norw.; Bracco, Port.; Rovi, Spain; Astra Tech, Swed.; Bracco, Switz.; Bracco, UK.*
Iomeprol (p.1483·2).
Radiographic contrast medium.

Ionamin *Aventis, Canad.; Pfizer, Malaysia†; Pfizer, Singapore†; Celltech, USA.*
⊗ Phentermine (as an ion-exchange resin complex) (p.2162·2).
Obesity.

Ionamine *Celltech, Switz.†.*
⊗ Phentermine (as an ion-exchange resin complex) (p.2162·2).
Obesity.

Ionarthrol *Picot, Fr.†.*
Copper gluconate (p.1935·3).
Joint disorders; viral infections.

Ionax Astringent *Healthpoint, USA.*
Salicylic acid (p.1612·2); allantoin (p.1588·1).
Acne.

Ionax Foam *Healthpoint, USA.*
Skin cleanser.

Ionax P *Galderma, Fr.; Galderma, Spain†.*
Piroctone olamine (p.1610·1); salicylic acid (p.1612·2).
Dandruff; scalp disorders.

Ionax Scrub *Galderma, Arg.; Galderma, Austral.†; Galderma, Braz.; Galderma, Chile; Galderma, Fr.; Galderma, Hong Kong†; Galderma, Irl.†; Galderma, Malaysia; Galderma, Mex.; Galderma, Philipp.; Galderma, Singapore; Healthpoint, USA; Galderma, Venez.*
Polyethylene granules (abrasive) (p.1585·3).
Acne; seborrhoea; skin cleanser.

Ionax T *Galderma, India.*
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Scalp disorders.

Ionet *Cetus, Arg.*
Loperamide (p.1741·3).
Diarrhoea.

Ionik *Obolenskoe, Rus.*
⊗ Indapamide (p.1314·1).
Hypertension.

Ionil
Note.This name is used for preparations of different composition.
Galderma, Austral.; Biosintetica, Braz.; Galderma, Mex.†; Galderma, Philipp.; Healthpoint, USA.
Salicylic acid (p.1612·2).
Dandruff; scalp disorders; seborrhoea; seborrheic dermatitis.

Lavipharm, Gr.
Coal tar (p.1616·2).
Chronic eczema; psoriasis; seborrhoeic dermatitis.

Galderma, Spain†.
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Scalp disorders.

Ionil Champu *Galderma, Spain.*
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Scalp disorders.

Ionil P *Galderma, Port.†.*
Piroctone olamine (p.1610·1); salicylic acid (p.1612·2).
Scalp disorders.

Ionil Plus *Galderma, Mex.; Healthpoint, USA.*
Salicylic acid (p.1612·2).
Dandruff; scalp psoriasis; seborrhoeic dermatitis.

Ionil Rinse *Galderma, Austral.; Galderma, NZ†.*
Hydrolised collagen proteins (p.2286·1).
Dry brittle hair.

Ionil-T *Galderma, Arg.; Galderma, Austral.; Biosintetica, Braz.; Galderma, Chile; Galderma, Hong Kong; Galderma, Irl.†; Galderma, Mex.;*

Galderma, NZ; Galderma, Philipp.; Galderma, Singapore; Galderma, Thai.†; Healthpoint, USA.
Coal tar (p.1616·2); salicylic acid (p.1612·2).
Dandruff; psoriasis; scalp disorders; seborrhoeic dermatitis.

Ionil-T Plus *Galderma, Arg.†; Galderma, Austral.†; Biosintetica, Braz.†; Galderma, Mex.; Healthpoint, USA.*
Coal tar (Owentar II) (p.1616·2).
Scalp disorders; scalp psoriasis; seborrhoeic dermatitis.

Ionimag *Madaus, Fr.†.*
Magnesium lactate (p.1679·2).
Magnesium deficiency.

Ionitan *Aguettant, Fr.†.*
Electrolyte infusion (p.1667·1).
Parenteral nutrition.

Ionosol-T *Hospira, USA.*
Electrolyte infusion with glucose (p.1667·1).
Carbohydrate source; fluid and electrolyte disorders.

Ionosteril *Fresenius Kabi, Port.; Fresenius Kabi, Rus.*
Electrolyte infusion with or without glucose (p.1667·1).
Fluid and electrolyte disorders; plasma substitute.

Ion-O-Trate *Abbott, Philipp.*
Potassium chloride (p.1684·3).
Potassium supplement.

Ion-Sol *Berman, Mex.†.*
Electrolytes (p.1667·1).
Electrolyte imbalance.

Ionsys *Janssen-Cilag, Cz.; Janssen-Cilag, Fr.; Janssen-Cilag, Port.; Janssen-Cilag, UK; Ortho McNeil, USA.*
⊗ Fentanyl hydrochloride (p.56·1).
Pain.

Ionyl *Pharmadeveloppement, Fr.*
Phosphoric acid (p.2367·1); sodium glycerophosphate (p.2315·2); magnesium glycerophosphate (p.1679·2); manganese glycerophosphate (p.2315·2).
Tonic.

Iopamiro *Bracco, Cz.†; Bracco, Denm.; Gerolymatos, Gr.; Bracco, Hung.; Bracco, Israel; Bracco, Ital.; Regional Health, NZ; Dagra, Neth.; Bracco, Norw.; Rovi, Port.; Rovi, Spain; Astra Tech, Swed.; Bracco, Switz.*
Iopamidol (p.1483·3).
Radiographic contrast medium.

Iopamiron *Schering, Arg.; Schering, Braz.; Schering, Fr.; Schering, Venez.*
Iopamidol (p.1483·3).
Radiographic contrast medium.

Iopanchol *Genepharm, Gr.*
Sodium cromoglicate (p.1136·3).
Allergic conjunctivitis.

Iopasen *Senese, Ital.*
Iopamidol (p.1483·3).
Radiographic contrast medium.

Iophen *Rugby, USA.*
Iodinated glycerol (p.1562·2).
Coughs.

Iopidine *Alcon, Arg.†; Alcon, Austral.; Alcon, Austria; Alcon, Belg.; Alcon, Braz.†; Alcon, Canad.; Alcon, Chile†; Alcon, Cz.†; Alcon, Denm.; Alcon, Fin.; Alcon, Fr.; Alcon, Ger.; Alcon, Gr.; Alcon, Hong Kong; Alcon, Irl.; Alcon, Israel; Alcon, Ital.; Alcon, Jpn†; Alcon, Malaysia†; Alcon, Mex.; Alcon, NZ†; Alcon, Neth.; Alcon, Norw.; Alcon, Port.; Alcon, S.Afr.; Alcon, Singapore; Alcon, Swed.; Alcon, Switz.; Alcon, Turk.; Alcon, UK; Alcon, USA; Alcon, Venez.†.*
Apraclonidine hydrochloride (p.1877·3).
Control of intra-ocular pressure following eye surgery; glaucoma; ocular hypertension.

Iopimax *Alcon Cusi, Spain.*
Apraclonidine hydrochloride (p.1877·3).
Glaucoma; prevention of ocular hypertension in laser surgery.

Iopotoss *Globo, Braz.†.*
Potassium iodide (p.2169·2).

Iopovidona *SM, Venez.†.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Iopox *Denver, Arg.*
Povidone-iodine (p.1659·2).
Skin disinfection.

Ior T3 *Bago, Chile†.*
Muromonab-CD3 (p.1835·2).
Renal transplant rejection.

Ior-T3 *Pisa, Mex.*
Muromonab-CD3 (p.1835·2).
Renal transplant rejection.

Iosal II *Iomed, USA.*
Pseudoephedrine (p.1571·2); guaifenesin (p.1561·3).
Coughs.

Iosalide *Astellas, Ital.*
Josamycin (p.291·1) or josamycin propionate (p.291·1).
Bacterial infections.

Iosopan *Goldline, USA.*
Magaldrate (p.1742·3).
Hyperacidity.

Iosopan Plus *Goldline, USA.*
Magaldrate (p.1742·3); simeticone (p.1770·2).
Hyperacidity.

Iotussin HC *Iomed, USA.*
Hydrocodone tartrate (p.63·1); phenylephrine hydrochloride (p.1568·1); chlorphenamine maleate (p.571·3).
Upper respiratory-tract symptoms.

IP-6 *Sigma, Arg.*
Nicotinamide (p.1957·3); chromium (p.1934·3); picolinic acid; vitamin C (p.1983·3).
Hyperglycaemia; hyperlipidaemias; vascular occlusive disorders.

Ipacef *IPA, Ital.†.*
Cefuroxime sodium (p.238·2).
Gram-negative bacterial infections.

Ipacid *IPA, Ital.†.*
Cefonicid sodium (p.226·2).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Ipacillin *Ipca, India†.*
Ampicillin (p.204·1).
Bacterial infections.

Ipagastril *IPA, Ital.†.*
Sucralfate (p.1772·2).
Gastritis; gastro-oesophageal reflux; peptic ulcer.

Ipalat *Cofasa, Venez.*
Clotrimazole (p.530·1).
Fungal skin infections.

Ipamicina *IPA, Ital.†.*
Tablets: Fosfomycin calcium (p.278·2).
Bacterial infections.

Ipamide *Dabur, India.*
Ifosfamide (p.731·3).
Malignant neoplasms.

Ipamide with Mesna *Dabur, India.*
Ifosfamide (p.731·3); mesna (p.1449·2).
Malignant neoplasms.

Ipamix *Visufarma, Ital.*
⊗ Indapamide (p.1314·1).
Hypertension.

Ipasin *Vifor, Switz.*
Crataegus (p.2289·1); aesculus (p.2248·2).
Cardiac disorders.

Ipaton *Egis, Cz.; EGIS, Hung.*
Ticlopidine hydrochloride (p.1411·2).
Maintenance of extracorporeal circulation; stroke prophylaxis; thromboembolism prophylaxis.

Ipatox *IPA, Ital.†.*
Reduced glutathione sodium (p.1448·1).
Alcohol and drug poisoning; radiation trauma.

Ipatrizina *IPA, Ital.†.*
Cefatrizine propylene glycol (p.221·3).
Bacterial infections.

Ipaviran *NCSN, Ital.*
Aciclovir (p.862·3).
Herpesvirus infections.

Ipavit *IPA, Ital.†.*
Vitamin B substances with calcium folinate (p.1922·1)(p.1943·3).

Ipazone *IPA, Ital.†.*
Cefoperazone sodium (p.227·1).
Lidocaine hydrochloride (p.1862·3) is included in this preparation to alleviate the pain of injection.
Gram-negative bacterial infections.

Ipcacin Kid *Ipca, India.*
Rifampicin (p.325·3); isoniazid (p.288·1); vitamin B (p.1979·1).
Tuberculosis.

Ipcamox *Nat Druggists, S.Afr.*
Amoxicillin trihydrate (p.202·2).
Bacterial infections.

Ipcaquin *Ipca, India†.*
Amodiaquine (p.597·2).
Malaria.

Ipcavite *Ipca, India†.*
Multivitamin preparation (p.1922·1).

Ipcazide *Ipca, India.*
Isoniazid (p.288·1); vitamin B (p.1979·1).
Tuberculosis.

IPD *Taiho, Jpn.*
Suplatast tosilate (p.1138·2).
Allergic rhinitis; asthma; atopic eczema.

Ipeca
Note. This name is used for preparations of different composition.
Orion, Fin.†.
Ipecacuanha (p.1562·3).
Poisoning.

Amino, Switz.†.
⊗ Emetine hydrochloride (p.833·3); ethylmorphine hydrochloride (p.52·2); ephedrine hydrochloride (p.1558·2); codeine phosphate (p.37·2); cherry-laurel water; tolu balsam (p.1574·2).
Respiratory-tract disorders.

Ipecarin *Galena, Cz.†; Ivax, Cz.†.*
⊗ Codeine hydrochloride (p.37·2); emetine hydrochloride (p.833·3); ephedrine hydrochloride (p.1558·2); liquorice (p.1740·3); pilocarpine hydrochloride (p.1884·3).
Coughs; respiratory-tract disorders.

Ipecavom *Elpen (Ελπεν), Gr.*
Ipecacuanha (p.1562·3).
Induction of vomiting in poisoning.

Ipecol *Simoes, Braz.†.*
Noscapine (p.1566·2); sodium benzoate (p.1630·2); sulfogaiacol (p.1573·2); tolu balsam (p.1574·2); ipecacuanha (p.1562·3).
Coughs.

Ipental *Ipca, India†; Ipca, Rus.*
Pancreatin (p.2360·1); ox bile (p.2266·2); hemicellulase (p.2279·1).
Pancreatic insufficiency.

Ipenxin *Farmaceutica H, Mex.*
Benzathine benzylpenicillin (p.212·1).
Bacterial infections.

IperClean *UCB, Ital.*
Sodium chloride (p.1686·1); sodium bicarbonate (p.1673·2); monobasic sodium phosphate (p.1682·3).
Nasal hygiene.

Ipercortis *AGIPS, Ital.*
⊗ Triamcinolone (p.1544·2).
Corticosteroid.

Iperdix *Servier, Hong Kong.*
Rilmenidine phosphate (p.1388·3).
Hypertension.

Iperisan *Marjan, Braz.*
St John's wort (p.422·3).
Depression.

Iperplasin *CSC, Austria; Medinfar, Port.*
Mepartricin (p.541·1).
Benign prostatic hyperplasia.

Iperten *Torrex, Austria; Chiesi, Fr.; Chiesi, Ital.*
Manidipine hydrochloride (p.1330·2).
Hypertension.

Iperton *Kleva, Gr.*
⊗ Enalapril (p.1276·1); hydrochlorothiazide (p.1307·3).
Hypertension.

Ipertrofan *SPA, Cz.; SPA, Ital.; Pascual, Philipp.; SPA, Philipp.; SPA, Pol.; Prospa, Port.*
Mepartricin (p.541·1).
Benign prostatic hyperplasia; oral candidiasis.

Ipesandrine *Novartis Consumer, Port.*
⊗ Dextromethorphan hydrobromide (p.1555·2); ephedrine hydrochloride (p.1558·2).
Coughs.

Iphox *Korea United, Philipp.*
Ifosfamide (p.731·3).
Malignant neoplasms.

Ipibiofen *IPI, Indon.*
Thiamphenicol (p.351·1).
Bacterial infections.

Ipirasa *Esteve, Spain.*
Omeprazole (p.1753·1).
Gastro-oesophageal reflux; peptic ulcer; Zollinger-Ellison syndrome.

Iplex *Insmed, USA†.*
⊗ Mecasermin rinfabate (p.1807·3).
Growth failure in children.

Ipnolor *Krugher, Ital.*
Lormetazepam (p.1005·2).
Insomnia.

Ipnopen *Recalcine, Chile.*
Flunitrazepam (p.996·2).
Insomnia.

Ipnovel *Roche, Ital.*
Midazolam hydrochloride (p.1007·3).
General anaesthesia; premedication; sedative.

Ipoazotal *SIT, Ital.†.*
Arginine hydrochloride (p.1928·2); ornithine hydrochloride (p.1959·2); citrulline (p.1935·1).
Hyperammonaemia.

Ipoazotal Complex *SIT, Ital.*
Arginine hydrochloride (p.1928·2); ornithine hydrochloride (p.1959·2); citrulline (p.1935·1); acetylaspartic acid; aceglumic acid; calcium oxoglurate.
Hyperammonaemia.

Ipocalcin *Salus, Ital.†.*
Calcitonin (salmon) (p.1093·1).
Hypercalcaemia; osteoporosis; Paget's disease of bone; reflex sympathetic dystrophy.

Ipocol
Note. This name is used for preparations of different composition.
Lagap, Switz.
Colestyramine (p.1252·3).
Biliary-tract disorders; hypercholesterolaemia.

Sandoz, UK.
Mesalazine (p.1745·1).
Ulcerative colitis.

Ipogras *Laboratorios Chile, Chile.*
⊗ Sibutramine (p.2164·1).
Obesity.

Ipol *Aventis Pasteur, Austral.; MSD, NZ; Sanofi Pasteur, USA.*
An inactivated poliomyelitis vaccine (p.2232·1).
Active immunisation.

Ipolab *Benedetti, Ital.*
⊗ Labetalol hydrochloride (p.1321·1).
Hypertension.

Ipolipid *Medochemie, Cz.†; Medochemie, Hong Kong; Medochemie, Malaysia; Medochemie, Rus.; Medochemie, Singapore.*
Gemfibrozil (p.1295·3).
Hyperlipidaemias.

Ipomex *Ivax, Arg.*
⊗ Sibutramine hydrochloride (p.2163·2).
Obesity.

Iporel *Jelfa, Pol.*
Clonidine hydrochloride (p.1247·1).
Hypertension.

Ippi Verde *Ecolab, Ital.*
Triclosan (Irgasan DP 300) (p.1665·2).
Skin and hand disinfection.

Ipra *Pacific, NZ†.*
Ipratropium bromide (p.1124·1).
Obstructive airways disease.

Iprabon *Zambon, Braz.*
Ipratropium bromide (p.1124·1).
Obstructive airways disease.

Iprabron *Prieto, Arg.*
Ipratropium bromide (p.1124·1).
Obstructive airways disease.

Ipradol
Nycomed, Austria.
⊗ Hexoprenaline hydrochloride (p.1123·2) or hexoprenaline sulfate (p.1123·2).
Obstructive airways disease.

Nycomed, Hong Kong.
⊗ Hexoprenaline (p.1123·2).
Obstructive airways disease.

Nycomed, Hung.†; Intramed, S.Afr.; Nycomed, Thai.†.
⊗ Hexoprenaline sulfate (p.1123·2).
Obstructive airways disease; premature labour; prevention of uterine contractions.

Ipradual *Prieto, Arg.*
⊗ Ipratropium bromide (p.1124·1); fenoterol (p.1121·1).
Obstructive airways disease.

Iprafen *Chiesi, Ital.*
⊗ Fenoterol hydrobromide (p.1121·1); ipratropium bromide (p.1124·1).
Obstructive airways disease.

Ipragocce *Proge, Ital.†.*
Benzalkonium chloride (p.1629·1); hypromellose (p.2144·2).
Eye disinfection; eye irritation.

Ipral *BMS, Irl.†.*
Trimethoprim (p.355·2).
Bacterial urinary- and respiratory-tract infections.

Ipralin *Biogalenic, Venez.*
⊗ Ipratropium bromide (p.1124·1); salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Ipramid *Farmedia, Gr.*
Simvastatin (p.1390·2).
Hyperlipidaemias.

Ipramol *Ivax, Irl.; Ivax, Malaysia; Ivax, UK.*
⊗ Ipratropium bromide (p.1124·1); salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Ipran *Drugtech, Chile.*
Escitalopram (p.391·1).
Depression.

Ipranase *Cipla, India.*
Ipratropium bromide (p.1124·1).
Nasal congestion.

Ipraneo *Neo Quimica, Braz.*
Ipratropium bromide (p.1124·1).
Obstructive airways disease.

Iprasalb *Prieto, Arg.*
⊗ Ipratropium bromide (p.1124·1); salbutamol (p.1131·2).
Obstructive airways disease.

Ipratrin *Alphapharm, Austral.*
Ipratropium bromide (p.1124·1).
Obstructive airways disease.

Ipravent *Pfizer, Austral.; Apotex, Hong Kong†; Cipla, India.*
Ipratropium bromide (p.1124·1).
Obstructive airways disease.

Ipraxa *Ivax, Neth.*
Ipratropium bromide (p.1124·1).
Obstructive airways disease.

Ipren *Nycomed, Denm.; Pfizer, Swed.*
Ibuprofen (p.64·2).
Fever; inflammation; musculoskeletal and joint disorders; pain.

Ipres *Schwarz, Pol.*
⊗ Indapamide (p.1314·1).
Hypertension.

Ipri V *Vannier, Arg.*
Vitamin E acetate; vitamin C; betacarotene (p.1922·1).
Antoxidant preparation.

Ipriosten *Pharmacia, Arg.†.*
Ipriflavone (p.1100·1).
Osteoporosis.

Iprivask *Aventis, USA.*
Desirudin (p.1257·1).
Deep-vein thrombosis prophylaxis following hip replacement.

Iproben *Mepha, Switz.*
Ibuprofen (p.64·2).
Fever; pain.

Iprogel *Mepha, Switz.†.*
Ibuprofen (p.64·2).
Musculoskeletal, joint, peri-articular and soft-tissue pain and inflammation.

Iprolan *Hexal, Philipp.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Ipromax *Ildong, Philipp.; Integra, Philipp.*
Ciprofloxacin hydrochloride (p.243·3).
Bacterial infections.

Iprosten *Takeda, Ital.†.*
Ipriflavone (p.1100·1).
Osteoporosis.

Iprox *Novell, Indon.*
Ibuprofen (p.64·2).
Fever; musculoskeletal and joint disorders; pain.

Iproxin *Plusandex, Venez.*
Ciprofloxacin (p.243·3).
Bacterial infections.

Ipsatol *Orion, Fin.*
Biperiden hydrochloride (p.797·2).
Drug-induced extrapyramidal disorders; parkinsonism.

Ipsilon *Nova Argentia, Arg.; Nikkho, Braz.*
Aminocaproic acid (p.1053·2).
Fibrinolytic haemorrhage.

Ipso Urea *Difa, Ital.*
⊗ Urea (p.1620·2); ammonium lactate (p.1589·2); lactic acid (p.2329·3).
Dry skin conditions.

Mefloquine hydrochloride (p.605·3).
Malaria.

Larinate *Ipca, India.*
Artesunate (p.598·2).
Malaria.

Laringex *Cazi, Braz.*
Cetylpyridinium chloride (p.1635·1).
Formerly contained tyrothricin, cetrimonium bromide, and lidocaine.
Mouth and throat disorders.

Larintil *Brasmedica, Braz.†.*
Tyrothricin (p.358·2); neomycin sulfate (p.305·1); benzocaine (p.1854·1).
Mouth and throat disorders.

Larither *Ipca, India.*
Artemether (p.598·1).
Malaria.

Larithro *Verisfield, Gr.*
Clarithromycin (p.248·2).
Bacterial infections.

Laritol *Maver, Mex.*
Loratadine (p.583·3).
Allergic rhinitis; allergic skin disorders; urticaria.

Laritol D *Maver, Mex.*
Loratadine (p.583·3); pseudoephedrine (p.1571·2).

Laritol Ex *Maver, Mex.*
Loratadine (p.583·3); ambroxol hydrochloride (p.1550·3).
Respiratory-tract disorders.

Laritol G *Maver, Mex.*
Paracetamol (p.108·1); pseudoephedrine (p.1571·2); loratadine (p.583·3).

Larixin *Taisho, Jpn.*
Cefalexin (p.218·2).
Bacterial infections.

Larizin *Hizon, Philipp.; Pharmatrix, Philipp.*
Clarithromycin (p.248·2).
Bacterial infections.

Larjancaina *Veinfar, Arg.*
⊗ Lidocaine (p.1862·3).
Adrenaline (p.1203·2) is included in some injections as a vasoconstrictor to diminish absorption and localise the effect of the local anaesthetic.
Local anaesthesia.

Larjanfilina *Veinfar, Arg.*
Aminophylline (p.1114·2).
Obstructive airways disease.

Larmabak *Sidus, Arg.; Pfizer, Chile; Thea, Fr.; Pharmex (Φαρμεξ), Gr.†; Thea, Hong Kong; Thea, Philipp.; Pfizer, Singapore; Pfizer, Venez.*
Sodium chloride (p.1686·1).
Dry eyes; eye wash.

Larmadex *Schering, Arg.*
⊗ Goserelin acetate (p.2108·2).
Breast cancer; endometriosis; prostatic cancer; uterine fibroids.

Larmax *Andromaco, Chile†.*
Loratadine (p.583·3).
Allergic skin disorders; rhinitis.

Larmax D *Andromaco, Chile.*
Loratadine (p.583·3); pseudoephedrine hydrochloride (p.1571·2).
Rhinitis.

Larmecran *Thea, Fr.*
Povidone (p.2146·1) (p.1622·2).
Contact lens lubricant; dry eyes.

Larmes Artificielles *Tonipharm, Fr.†.*
Sodium chloride (p.1686·1).
Dry eyes.

Larodopa *Roche, USA†.*
Levodopa (p.804·3).
Parkinsonism.

Laromin *Kleva, Gr.*
Clarithromycin (p.248·2).
Bacterial infections.

Laroscorbine *Bayer, Fr.*
Ascorbic acid (p.1983·3).
Asthenia; vitamin C deficiency.

Larotabe *Bayer Consumer, Arg.; Bayer, Chile.*
Betacarotene; vitamin C; vitamin E; minerals (p.1922·1).
Antoxidant preparation.

Laroxyl *Roche, Fr.; Roche, Ital.; Roche, Turk.*
Amitriptyline hydrochloride (p.376·1).
Depression; headache; migraine; nocturnal enuresis; pain.

Larpose *Cipla, India.*
Lorazepam (p.1004·1).
Anxiety; insomnia; premedication.

Larry *Unison, Hong Kong; Unison, Malaysia; Unison, Thai.*
Ketoconazole (p.539·1).
Dandruff; pityriasis versicolor; seborrhoeic dermatitis.

Lars *Duncan, Arg.*
Cefalexin (p.218·2).
Bacterial infections.

Larsen *Hexa, Arg.*
⊗ Tobramycin (p.354·1); dexamethasone (p.1526·1).
Infected eye disorders.

Larsimal *Poen, Arg.*
⊗ Fluorometholone (p.1532·3); tetryzoline (p.1574·1).
Inflammatory eye disorders.

LarvE *SMTL, UK.*
Sterile larvae of *Lucilia sericata* (p.1604·1).
Infected or necrotic wounds.

Larvitan *Cimed, Braz.*
Amino-acid, vitamin, and mineral preparation (p.1922·1).

Larydol *Dolisos, Canad.*
Homoeopathic preparation.

Larylin *Andromaco, Chile†.*
Dequalinium chloride (p.1641·3).
Mouth and throat infections.

Larylin Husten-Loser Pastillen *Cheplapharm, Ger.*
Ambroxol hydrochloride (p.1550·3).
Respiratory disorders associated with viscid or excessive mucus.

Larylin Husten-Loser Saft *Merck, Ger.†.*
Ambroxol hydrochloride (p.1550·3).
Respiratory disorders associated with viscid or excessive mucus.

Larylin Husten-Stiller *Cheplapharm, Ger.*
Dropropizine (p.1557·3).
Coughs.

Laryngarsol *Sanofi-Aventis, Belg.*
Lozenges: Dequalinium chloride (p.1641·3).
Mouth and throat disorders.

Laryng-O-Jet *Celltech, UK.*
Lidocaine hydrochloride (p.1862·3).
Local anaesthesia.

Laryngomedin N *Artegodan, Ger.*
Hexamidine isetionate (p.1646·3).
Mouth and throat disorders.

† This preparation may no longer be actively marketed

⊗ Contains a substance whose use may be restricted in certain sports (see p.vii)

Laryngsan *Opfermann, Ger.*
Camphor (p.2273·2); peppermint oil (p.1761·2).
Cold and influenza symptoms; laryngitis; pharyngitis.

Lary-Phary *Dr P, Ger.*
Carmellose (p.2142·1); sodium chloride; magnesium chloride (p.1667·1).
Dry mouth; mouth and throat lubricant.

Larypront *Mack, Cz.†.*
Muramidase hydrochloride (p.2348·1); dequalinium chloride (p.1641·3).
Mouth and throat disorders.

Lasa *Grunenthal, Port.*
Famotidine (p.1730·1).
Gastric hyperacidity.

Lasa Con Codeina *Ipsen, Spain.*
Chlorphenamine maleate (p.571·3); codeine phosphate (p.37·2); pseudoephedrine hydrochloride (p.1571·2).
Coughs; nasal congestion.

Lasain *Inibsa, Spain.*
Metamizole magnesium (p.49·3).
Fever; pain.

Lasal *Lapi, Indon.*
⊗ Salbutamol sulfate (p.1131·3).
Obstructive airways disease.

Lasal Expectorant *Lapi, Indon.*
⊗ Salbutamol sulfate (p.1131·3); guaifenesin (p.1561·3).
Obstructive airways disease.

Lasalar-Y *Alpharma, Mex.*
⊗ Fluocinolone acetonide (p.1531·3); clioquinol (p.254·1).
Infected skin disorders.

Lasalar-Y Simple *Alpharma, Mex.*
Clioquinol (p.254·1).
Skin infections.

Lasapride *ITF, Gr.†.*
Cisapride (p.1720·3).
Gastric motility disorders.

Lasazin *Leovan, Gr.*
Nimesulide (p.95·3).
Inflammatory disorders.

Laser *Princeps, Ital.*
Naproxen (p.92·3).
Gout; musculoskeletal and joint disorders; neuralgia.

Laservis *Chemedica, Ger.; Chemedica, Malaysia†; Chemedica, Switz.*
Sodium hyaluronate (p.2320·1).
Adjunct in ocular procedures.

Lasgan *Lapi, Indon.*
Lansoprazole (p.1739·2).
Gastro-oesophageal reflux; peptic ulcer.

Lasikal *Borg, UK.*
⊗ Furosemide (p.1292·1); potassium chloride (p.1684·3).
Oedema.

Lasilacton *Aventis, Arg.; Aventis, Austria; Aventis, Mex.*
⊗ Furosemide (p.1292·1); spironolactone (p.1400·1).
Ascites; hyperaldosteronism; oedema.

Lasilactona *Sanofi-Aventis, Braz.*
⊗ Furosemide (p.1292·1); spironolactone (p.1400·1).
Hypertension; oedema.

Sodium picosulfate (p.1771·1).
Constipation.

Lasolvan *Boehringer Ingelheim, Rus.*
Ambroxol hydrochloride (p.1550·3).
Respiratory-tract congestion.

Lasonil
Note. This name is used for preparations of different composition.
Bayer Consumer, Austral.; Bayer, Austria; Bayer, Belg.; Bayer, Ital.†; Bayer, NZ; Bayer, Neth.; Bayer, Port.; Bayer, Turk.; Bayer Consumer, UK†.
A heparinoid (p.1305·2).
Formerly contained a heparinoid and hyaluronidase.
Bruising; ecchymoses; haematoma; soft-tissue injury; sports injuries; sprains; thrombophlebitis; varicose ulcers; venous disorders.

Bayer, Spain†.
A heparinoid (p.1305·2); hyaluronidase (p.2321·1).
Soft-tissue disorders; thrombophlebitis; varicose veins.

Lasonil CM *Bayer, Ital.*
Ketoprofen (p.73·1).
Musculoskeletal, joint, and soft-tissue pain and inflammation.

Lasonil N *Bayer, Ger.†; Bayer, Gr.*
A heparinoid (p.1305·2).
Soft-tissue injury; superficial venous disorders.

Lasoride *Aventis, Irl.†; Sanofi-Aventis, UK†.*
⊗ Furosemide (p.1292·1); amiloride hydrochloride (p.1209·2).
These ingredients can be described by the British Approved Name Co-amilofruse.
Oedema.

Lasoven *Bayer, Ital.†.*
A heparinoid (p.1305·2).
Venous insufficiency.

L-Asp *Pharmacia, Arg.†.*
Asparaginase (p.682·1).
Acute leukaemias.

Laspal *Sanofi-Aventis, Pol.*
Lysine aspirin (p.79·1).
Fever; pain.

Laspar *Bodene, S.Afr.*
Asparaginase (p.682·1).
Lymphoblastic leukaemias.

LAsprin *Cipla, Hong Kong.*
Aspirin (p.20·3).
Thromboembolic disorders.

Lassadermil *Edol, Port.*
Zinc oxide (p.1621·2).
Minor burns and wounds; skin disorders.
